The government also had a majority of 30 when the House turned down a Liberal motion criticizing the financial and tariff policy of the ministry, the vote being 60 to 30.

HIS FATE MYSTERY

Police Have No Definite Clues as Yet in Case of Napoleon Labelle of Georgetown

Mystery still surrounds the disappearance of Napoleon Labelle, aged pensioner resident of Georgetown, who became missing from his cabin there between October 28 and November 2. The provincial police have completed an exhaustive 10-day search of the vicinity and have found no trace, alive or dead, of the missing man. Numerous people have been questioned and a number of statements taken but, apparently, no definite clues as to Labelle's whereabouts or fate have been forthcoming.

The police will make no statement so far on the matter other than that "something appears to have happened" to Labelle. Labelle's cabin is reported to have been well found with provisions which he bought in Prince Rupert shortly before his disappearance. These have apparently, been cleaned out of the cabin.

Fascists Now Have Only 195 Members as Against 230 in Last Reichstag—Communists Capture 100 and Nationalists, 51—Von Papen in Control

BERLIN, Nov. 7.—The voters of Germany inflicted a decisive defeat upon Adolph Hitler and his Fascists in Sunday's general election but they failed to lift the huge political question mark which has hung over five such elections this year. Whereas Hitler commanded two hundred and thirty seats in the Reichstag chosen July 31, he failed to muster more than 195 yesterday, a loss of 35. What little drift there was went to the extreme left or the extreme right, the Communists taking 100 seats as against 89 in the previous house and the Nationalists 51 against their former 37.

Pattullo Will Visit Rupert on Coming Sunday

Word has been received in the city that T. D. Pattullo, leader of the British Columbia Liberal party and leader of the opposition in the Legislature, is planning to leave Vancouver for Prince Rupert next Friday. It is presumed that he will reach his old home town Sunday evening on the Cardena.

The Junker Chancellor, Franz von Papen, remains at the helm with the support of President Paul von Hindenburg. The Nationalist gain was as nothing towards controlling the Reichstag but left von Papen hope that he might bargain for a Reichstag-tolerated government.

There will be 582 seats in the new Reichstag.

PROTEST MEETING

Local Workers Express Indignation at Treatment Being Accorded "Class War" Prisoners

At a largely attended mass meeting of working class organizations in the Moose Hall last night, a resolution was passed protesting at the action of the federal government in its treatment of "class war" prisoners and asking that a halt be called to deportation of workers because of their activity in labor organizations.

The meeting was presided over by Aid. George B. Casey and a number of speakers expressed their views on the present economic system which, it was declared, was decadent and due for collapse. Workers and farmers of the country could not much longer endure their present lot, it was declared.

The meeting accorded a vote of thanks to the Loyal Order of Moose for donating the hall for the purpose of the meeting.

THE PACT RATIFIED

The Anglo-Canadian trade pact was ratified last week by both the British and Canadian Parliaments and is now law. It was the final consummation of the arrangements made at the Imperial Economic Conference and is an experiment that will be watched with great interest. Canadians generally will try to help make it successful, we feel sure. Should it prove beneficial, as everyone hopes it will, it will be adopted as a principle in this country, in spite of the opposition that has been shown to it during its passage through each of the Parliaments. It may have weaknesses, as it doubtless has, but, if it is beneficial, Canadians will be for it. Whatever else it may do, it should make our neighbors look on us with greater respect than in the past and consider well before putting in force any hostile measures.

CANADIAN PORTS

One measure that should please Prince Rupert people is the provision that grain cannot take advantage of the six cents a bushel rebate if it is shipped into foreign elevators and then reshipped to Britain. That should tend to increase shipments through Canadian ports and especially through British Columbia.

While Prince Rupert is at present in the shade in regard to grain shipments, the port will not always remain that way. The sun will shine again in the north and wheat will be taken in quantities through the elevator at this port. The six cent advantage should hasten the day when this happens. Possibly it may help us this season.

BOOTH WON IN SOCCER

Borden Street School on Short End of Two to Nil Score

Borden and Booth met on Saturday afternoon to play their regular game in the Junior Football League. Booth winning two to nil. Borden won the toss and, with the advantage of wind and rain, soon attacked the Booth goal. In spite of repeated efforts from the Borden forwards who were greatly assisted by Veitch at centre-half, the Borden team could not score. Eby brought the play near the Borden goal and McMeekin centred well but Unwin stopped the attack. Unfortunately, the Borden defence left McLeod free and he beat the Borden goal-keeper with a fine shot. Nice play by O'Neill, Irvine and Houston brought another attack on the Booth goal but Nelson and Ritchie were strong and Borden could not get through. The half-

THE ANSWER Canadians Must Give

The new Dominion of Canada bonds now being offered to the Canadian public constitute more than an investment opportunity. They represent also an opportunity to strengthen Canada's high credit.

The citizens of other countries have recently given similar offerings immediate response. Last Thursday, for example, the British public within a few hours subscribed to approximately \$1,000,000,000 of new British bonds yielding the investor less than 3 1/2%.

The new Dominion of Canada bonds provide a long term yield of 4 1/2%. They are backed by the resources of the Dominion. No better investment for your savings can be found.

The world is watching and it is a matter of national importance that Canadian investors give a prompt and resolute response. Canadians can thus show again that they are fully able to meet their country's financial needs. They can thus demonstrate again their confidence and faith in Canada. They can thus strengthen the high credit Canada has gained throughout the world.

Buy these Bonds today

As an investment—as a national duty—as an answer to the challenge of the hour—send your order now. Any recognized bond dealer, or any branch in Canada of any chartered bank, will give you complete information and application forms.

NEW TEAM FEATURED

Claudette Colbert and Edmund Lowe Co-Starred in Comedy, "Misleading Lady"

The first of the week attraction on the screen of the Capitol Theatre here, the talking picture edition of the stage hit, "Misleading Lady," co-stars Edmund Lowe, who has a strong way with women, and Claudette Colbert, who has a sly and but equally effective way with men. Stuart Erwin, George Meeker, Selena Royle, Robert Strange and William Gargan are among those accorded conspicuous supporting parts.

Miss Colbert, a celebrated actress whom luxury has reduced to a state of bored tolerance, plays Lowe, an explorer and adventurer indifferent to feminine wiles, for a dupe to make him propose in order to win a wager. He retaliates by kidnapping her and breaking her spirit with the help of chains and an escaped lunatic played by Stuart Erwin. Before the final scene discloses an all's happy conclusion, a reporter, two drunks with a mystery they never quite spill, an avenging lover and two other visitors from the asylum are involved in complications which transpire in a mountain rendezvous far from law and order, telegraph or railway.

The picture has plenty of romance and tense moments and is a great comedy.
