# Defeat Of Irish Rebels Is Complete

## LARGE SPECIAL PARTY PRAIRIE TOURISTS VISITS CITY TODAY

### Last Stronghold of Republicanism Falls in Ireland

DUBLIN, July 6.—The last stronghold of the republican insurgents fell on Wednesday when Charles Burgess, one of the principal leaders, was captured as he walked from the burning house with a revolver in his hand. Refusing to surrender he was fired on by Free State troops and wounded in the leg.

Rumor has it that De Valera has been wounded and captured too, but this is unconfirmed.

Most of O'Connell Street, formerly Sackville Street, has been burned down and destruction as well as loss of life has been very great in the last few days fighting.

It is rumored the hierarchy has agreed to act as mediators between the two southern parties, with a view to bringing about a permanent settlement.

#### Big Casualty List

DUBLIN, July 6.—The casualty list from yesterday's fighting shows one killed and sixteen wounded. In a forecast for the day's fighting in Dublin casualties are given as 61 dead and 259 wounded, not including four snipers shot dead in Marlborough Street and the wounded taken prisoner from the republicans' stronghold on Sackville Street. The material loss to citizens is heavy, the value of buildings destroyed being estimated at between £3,000,000 and £4,000,000.

### BAD ACCIDENT NEW YORK SUB

One Hundred and Fifty People Overcome in Street Railway Explosion

NEW YORK, July 6.—About 150 persons were overcome with smoke today when a Jerome Ave. express on the east side subway caught fire. Dozens of ambulances were summoned from nearly every hospital in the city and Mayor Ryan arrived to direct rescue work. The accident happened 75 feet underground when fire started in the motor-man's box. There was a flash of flame and the smoke swept through the crowded train. Fire ladders were dropped through gratings and unconscious women were lifted to the street. The injured were stretched out on the sidewalks for several blocks and police reserves had to be rushed to the scene to control the crowds of spectators.

### LADY WILSON IS OFFERED SEAT IN BRITISH COMMONS

LONDON, July 6.—The Times states that Lady Wilson, widow of Field Marshal Sir Henry Wilson, who was recently assassinated, has been invited to stand as Unionist candidate for parliament in Northdown, her late husband's constituency.

### MUTINY IN PAPAL GUARD OF HONOR

Rebels Cry "Long Live The Pope and Death to the Commandant!"

LONDON, July 6.—A Central News despatch from Rome says that gendarmes serving in an honorary capacity in policing the Vatican mutinied this morning crying: "Long Live the Pope and Death to the Commandant!" They were disarmed.

### GRAIN CROP IS LOOKING WELL

Reports From All Parts of Alberta Indicate That Rains Beneficial.

EDMONTON, July 6.—Rains which have fallen fairly generally over the province during the past few days have materially improved the situation with respect to crop conditions, and have saved the grain from actual drought in several districts.

The feeling in the province at this date is one of optimism and the indications are for the harvesting of a very fair crop states the fifth report of the department of agriculture.

In some districts prior to these rains the grain had begun to burn, and in one or two sections farmers were actually plowing up crops. The rains of June 29 and 29, however, brought needed moisture.

Precipitation during these rains totalled from one-third to an inch and one-third. The rains have been accompanied by cool weather.

DUBLIN, July 6.—A call to arms was issued today by the Free State Government in a proclamation opening the way for enlistment of those who last week were declined by the Government because it felt confident of the ability of the army to meet and defeat any attack made upon it.

### IRISH CALL MEN TO ARMS

Proclamation Paves Way For Enlistment of Those Formerly Declined

WHEAT is appearing in the shot blade in some districts and generally speaking this grain will be short in straw. Other grains are in fairly good shape. From 30 to 50 per cent of the rye is being cut for feed, owing to the probability of a shortage in hay crops, and the likelihood of a short price for this grain in the fall. Alfalfa is being cut in the south and is showing fairly heavy fields.

The grasshopper menace is practically under control in all districts, and the loss will be very light from this cause, although farmers are urged to continue their efforts for the next few weeks.

### MISS GRANT ACCEPTS LIBRARIAN POSITION

Is Preparing List of Books for Purchase by Local Board.

Rev. G. G. Hacke has received from Miss Grant of Victoria acceptance of her appointment as librarian for Prince Rupert commencing September 1. She is already preparing a list of books the purchase of which will be recommended by the local board and which will soon be received here.

The Ladies Music Club is also making a recommendation and it is understood recommendations will be received from the Trades and Labor Council.

Don't cross the bridge till you come to it. It is a proverb old, and of excellent wit.—Longfellow.

### COMMUNICATION FROM DUBLIN TO BELFAST IS RESTORED AGAIN

BELFAST, July 6.—Railway communication between Dublin and Belfast was re-established today. Passengers from the north are allowed to enter Dublin without permits but passes must be obtained if persons desire to leave Dublin again.

### NEW TENDER BEING SOUGHT REBUILDING CROSBY GIRLS' HOME

Indian Agent G. G. Perry received advice yesterday from the Women's Missionary Society of the Methodist Church, Toronto, that new tender on revised specifications was being sought from T. Gosnell, of Port Simpson, for the rebuilding of the Crosby Girls' Home. The building is to be a two-story frame and brick structure with a concrete foundation and will provide boarding accommodation for 20 girls. It will not be as large as the old one which was destroyed a couple of years ago by fire.

The Ladies Music Club is also making a recommendation and it is understood recommendations will be received from the Trades and Labor Council.

WICHITA, Kansas, July 6.—A bout between Jack Dempsey, world's heavyweight boxing champion, and Jess Willard, former holder of the title, is virtually assured to take place before October 1.

Ray Archer, Willard's manager, made this announcement today after a conference with Jack Kearns, Dempsey's manager, and Frank Flourney, Tex Rickard's representative.

Neptune, 9,000 pounds, and Norne, 11,000 pounds, sold to the Atlin Fisheries at 11.7c and 5c.

## Good Fishing Improves Prospects.

The improvement in the fish run on the Skeena River and the wonderful early run on the Nass improves the local autumn prospects. Many here do not realize the benefit the salmon fisheries are to the city. If the run is a large one the fishermen have plenty of money to spend and they spend a lot of it here. The result is generally beneficial.

It is much too early yet to prophesy in regard to the sockeye run. It is now well on and the salmon are being caught in large numbers. There seems every indication that the run will be heavy but it is not assured until the fish are in the river.

## Visitors Here Enjoying Themselves.

The Canadian National Railway officials are to be congratulated on the success of the conducted excursion party that is at present in the city. The visitors are loud in praise of the courtesy and efficiency of the officials and the excellent arrangements and they declare that it will be the best possible advertisement the Canadian National could have. The people in the East have been taught to look upon the railway as second rate, but a few trips such as that being conducted will tend to erase the idea from their minds and place the local line on the number one roster.

## Co-operate With Railway In Entertaining.

While the visitors are in care of the railway company it will be for the benefit of the people of the city to co-operate in every possible way in making it pleasant for visitors who come to Prince Rupert. Outside of the inherent courtesy of the West, there is a civic and personal benefit to be derived from having the visitors stay here some time. Anything we can do as citizens or as public or semi-public organizations should not be neglected at any time.

Many of the visitors were pleased with the city and its surroundings and with the wonderful trip up the Skeena River. They say they had never seen anything to equal it. One regret they expressed was that they had been kept rather long at some uninteresting places and the visit to Jasper Park and Prince Rupert had not been lengthened.

## Talking Politics In Southern Cities.

It was an interesting despatch that was published in this paper yesterday in regard to the position of Vancouver and Victoria in relation to the Dominion Government. The members for those cities are among the leaders of the opposition and as a result they do not have the ear of the Government or at any rate they feel they are outsiders. The people feel that too. On the other hand the member for Prince Rupert is not only a supporter of the Government but a close personal friend of some of the ministers and has a great deal of influence in matters of policy. From this we are hoping great things for this port.

## Who Will Be The Provincial Leader?

Very soon the Conservatives will meet to appoint a provincial leader. At present that leader is W. J. Bowser, former premier. Mr. Bowser is not a magnetic personality although he is undoubtedly a clever speaker and a practiced politician and parliamentarian. He lacks the power over the people that Sir Richard McBride always possessed. Because of this lack the people are talking of a change in leadership and the two ex-ministers, H. H. Stevens of Vancouver and Simon Fraser Tolmie of Victoria are the most freely mentioned in connection with the position. Either would make good leaders but whether they would do any better than does Mr. Bowser is a question that no one can answer until it's tried.

IT is a curious fact that newspapermen are never held up and deprived of valuables. There is a reason.

VANCOUVER and Victoria are beginning to realize their position and would sacrifice anything to be in Prince Rupert's advantageous position with the Government.

THEY would give up either Steveston or Tolmie for the sake of a stand in with the powers.

THE head lines for the next few weeks might be easily "Fighting Continues in Ireland."

THE florist suggests "say it with flowers." To the fond pa would suggest "say it with shoes," just like they do at a wedding only keep the shoes on.

## SAYS BRITISH RULE BENEFICIAL TO IRELAND

Member of Parliament for Tyrone and Fermanagh Visiting Canada.

EDMONTON, July 6.—"For the last forty years, the policy of the British government has been beneficial all along the line," said Hon. Wm. Gote, guest of honor at the regular luncheon meeting of the Canadian Club here, in speaking of the present trouble in Ireland.

Hon. William Gote represents South Tyrone in the British House of Commons and is also the representative of Tyrone and Fermanagh in the new Ulster parliament.

Loans made by the British government to the Irish people were spoken of by Mr. Gote in his address. Before the war Great Britain loaned to Ireland £120,000,000 at a rate of three and one half per cent and this sum is used in taking over the ownership of the land for the people at a low rental. The speaker eulogized Great Britain for the fact that although she was sorely pressed during the war in financial matters, the rate of interest in regard to the Irish loan was not raised. The establishment of cottages for the workmen of Ireland was also commented on by Mr. Gote. Three quarters of these cottages are occupied by Sinn Feiners according to estimates and the rental is extremely low, being practically thirty-six cents per week.

Mr. Gote has been travelling through Canada addressing public meetings and stated that he became more favorably impressed with the country as he continued his tour.

## EXTERIOR OF COURT HOUSE IS FINISHED

Plastering and Laying of Floors Inside Now Going—Ready October 1.

With the exception of one curb, all the exterior work on the new provincial government buildings at the Market Place is completed. Work of finishing floors and plastering in the interior is now going ahead with dispatch and certain rooms on the second floor already have quite a finished appearance. Part of the decorative stone in the court room is already placed on the ceiling giving an idea of what handsome quarters are being provided for the halls of justice. The judge's room is an especially commodious chamber being fitted up in the name of comfort, a fireplace being a feature. The registrar of title's office, public works' offices and district mining engineer's offices, also on this floor, are well on to completion. As the work of interior finishing is being done from the second floor down, the work on the first floor is not nearly as far advanced as above. There is much work to be done still in the interior of the building, this including a large part of the plastering, laying of floors and putting in of marble on the stairways. It is expected that the very earliest date at which the offices may be moved to the new building will be October 1.

## Sub-Contractors

Blythe Bros. have the contract for the plastering of the building. Silversides Bros. have the labor contract for glazing and painting. Plate glass imported from England is being used in the windows throughout and the woodwork comes nearly completed needed only to be varnished after it is set in place.

## DANCE IN HONOR VISITING PARTY

Tourists Entertained by Local People at Agricultural Hall Last Evening

There was a wonderful mixing of the East and the West at the dance given last night to welcome the visiting party, many of them school teachers, that arrived last night and was entertained at a dance in the Agricultural Hall. About three hundred people were there and all were permeated with the one idea, that of enjoying the moment.

While the train was late, the visitors went direct to Acropolis Hill where they found the dance already in progress, the home people having commenced dancing an hour or two before. They were welcomed by the Prince Rupert folks and at once took part in the dances. Many said it was the most interesting and enjoyable evening since they left home.

## Six Piece Orchestra

The music was provided by a six piece orchestra which proved very satisfactory and was the subject of much favorable remark by visitors and Prince Rupert people. The floor was in excellent condition and the airy spaces of the agricultural hall just suited the warm evening.

Ice cream was sold in the hall. Most of the success of the evening was due to the untiring efforts of Fred Roherge who took the arrangements in hand and carried them through to successful completion. He was aided by the secretary of the board of trade and at the dance J. F. Maguire undertook the duties of master of ceremonies.

## LITTLE INDICATION OF MANITOBA VOTE

Struggle Is Between Organized Farmers and Provincial Liberals.

WINNIPEG, July 6.—There is little yet to indicate how the polling will go on July 18 in this province. All preparations for taking the vote are well in hand and the promise is that it will be one of the largest yet polled.

As to how it will come out, does not seem clear. The farmers are going into the fray as a party but there are all sorts of confusing issues and no one will be able to guess the result until the vote is counted. The

### WINNIPEG BUILDING

June Was Biggest Month of the Season in Value of Permits Issued

WINNIPEG, July 6.—With June as the biggest month of the season in building activities, the total of building work has jumped \$104,000 ahead of the first six months of 1921, an aggregate of \$4,034,800 in permits having been issued to date.

In June \$1,221,100 worth of building was authorized under permits issued by E. H. Rodgers, city building inspector, whereas May's total was \$1,106,650. In June, 1921, \$826,800 was authorized, and the total permits for the first six months of last year were \$3,084,050.

Home building, which has constituted a large part of the whole year's building, took an extra spurt in June, when permits were taken out for 144 houses above \$1,500 in value. The highest priced house to be constructed is valued at \$13,000, but several people are investing between \$9,000 and \$10,000 in new homes. Two new schools, the Finn Exchange building and several stores have added considerably to June's building program also. The largest undertaking recorded within the last two days is construction of a church on Baswood valued at \$10,000. The church is being erected by the Greek orthodox congregation and will be located between Portage and Wolseley.

It is better to wear out than to rust out.—Bishop Cumberland.

**BRINGING UP FATHER****PRESBYTERIAN ANNUAL PICNIC**

Held Yesterday Afternoon at Digby Island—300 Children and Parents Were Out.

About 300 happy children and their parents spent yesterday afternoon at the Presbyterian Sunday School picnic at Parizeau Point, Digby Island. The many boats started to leave the Prince Rupert Rowing and Yachting Club at 2:30 in the afternoon and all were home again by 9 in the evening. Games and races were the order of entertainment and bounteous refreshments were also provided to the especial delectation of the kiddies. The managers of the church, J. W. McKinley, F. G. Dawson, George Munro, Jarvis McLeod, John Currie, James G. Steen, J. L. Christie and D. C. McRae, comprised the committee in charge. George Murnie managed the races assisted by George Bryant and D. G. McRae, and the winners of the various events were as follows:

Girls, under 5—Helen McNaughton; 2 J. Delgarino. Boys, under 5—Lloyd Greer, Floyd Eby. Girls, 6 and 7—Joan Arthur, M. B. Fuller. Boys, 6 and 7—Jack McRae, Bruce McLeod. Girls, under 8—Garfield McKinley; Jack McRae. Girls, under 10—May Clarke, Marjorie Ritchie. Boys, under 10—James Stewart, Garfield McKinley. Girls, under 12—Christina McLeod, Kathleen Morrison. Boys, under 13—Ernest Green; Douglas Stalker. Married Ladies—Mrs. A. Hunter; Mrs. J. L. Christie.

The following boats took the picnickers to the Island: George Bryant's Barla; J. G. Brady's, Asolondo; Alex McRae's Lois M.; John Currie's Donnie Mac; Douglas Stork's Sunbeam; F. R. Havens' and D. C. McRae's launches.

**PROFESSOR SMITH DISMISSED FROM WESLEY COLLEGE**

Takes Exception to Reasons Given for Relieving Him of His Duties.

WINNIPEG, July 6.—Professor W. G. Smith, of the philosophy and sociology departments of Wesley College, has been dismissed by a majority vote by the board of directors of the college on the ground of insubordination.

The professor announces that he intends to fight the action of the board, declaring that the charge preferred against him is "unmitigated falsehood."

Action by the board follows a dispute of long standing between Professor Smith and President H. H. Riddell, which resulted in an open breach at the Methodist conference held recently in Winnipeg, when the professor told the delegates that "moral conditions among students at the college were not what they should be."

**ACTORS HAVE HARD TIME IN ENGLAND**

Many Out of Employment Owing to Lack of Attendance at Theatres

LONDON, July 6.—Thousands of actors and actresses in England are out of work. The hot summer, the closing down recently of six London playhouses, and

the exodus of the theatre-going public to the seashore have been the main factors. In their efforts to keep the wolf from the door, men and women of the histrioic art have accepted small parts in cinema productions.

An endeavor is being made to relieve the situation by the formation of a kind of co-operative theatrical company for the benefit of the workless actors and actresses. Those taking part receive \$15 a week. "East Lynne" was the first play given, but after a four-weeks' season it was found that the company had lost \$250, after paying artists' salaries, so the venture went on the shoals.

**BABY SHOW WILL BE CONDUCTED IN NEW IMPROVED MANNER**

A great improvement in the conducting of the Baby Show in connection with this year's exhibition is planned by the Fair Board. The system of examination and judging used in the Better Babies' Contest of the Provincial Exhibition is to be adopted. This provides for a thorough examination of the babies by a physician on points. All physical points, including measurements and proportions, will be taken down and charts and certificates will be provided for the parents. The former weight and beauty classifications are not to be followed but instead the best babies of different ages will be selected, all points being taken into consideration.

There will be four classes as follows: Under six months; six months to twelve months; twelve months to twenty-four months; twenty-four months to thirty-six months.

**HOTEL ARRIVALS.**

Yesterday's arrivals at the Hotel Prince Rupert included W. McLean, J. F. Collins, Robert Thompson, R. Booth, A. A. Fairnie, W. H. B. Sharpe, R. H. Quinn, Mr. and Mrs. G. S. Thicke, F. J. Grover, E. WINDSOR, July 6.—Three school teachers of Sandwich were charged with assault on a girl pupil whom they whipped and who in the struggle lost a bit of skin from her nose. The magistrate in dismissing the case declared that discipline must be maintained and that there was no evidence of brutal treatment.

"The girl's actions were wilfully disobedient," he said. "Discipline must prevail in our schools. I have raised several children of my own, and one of them was taught by Miss Foster, one of those accused."

The basis of the case were assessed to the complainant, the girl's father.

## PLAYGROUNDS ARE DISCUSSED

Advantages of System Outlined by Organizers of Movement.

Prince Rupert women are making another effort towards the establishing of a municipal playground and the organizers have selected McClymont Park as the most suitable site for its location. Representations have already been made to the city council to this end and benevolent public service organizations in the city are also being approached.

The organizers feel that municipal recreation in Prince Rupert is not adequately provided for and that the demand of the 900 children in the city are not being met. Nowhere, they say, could a livelier spot be found than McClymont Park with its natural gifts of slope of ground, trees, stream and convenient location.

It is felt that by the adding of such apparatus as sand-bins, swings, teeter-totters and wading pool that the minimum requirements of child's play may be met. Drinking fountains and supervision is solicited from the city.

### Benefits Derived.

Such a playground, it is suggested, would do away with street play and the morals that might be developed are summarized as follows:

1. Health, by spontaneous outdoor exercise.
2. Purity of mind, by keeping the child active in wholesome surroundings.
3. Co-operation, by teaching the child to give and take assistance thus showing the value of concerted action.
4. Honesty, by causing the child to repudiate any success that does not come by fair play.
5. Ambition, by teaching the child that leadership is the result of successful endeavor.
6. Self-confidence, by giving the child some responsibility in the games.
7. Imagination, by filling the child with enthusiasm.
8. Justice, by teaching the child to have consideration for those who are physically or mentally weaker.

### Points Discouraged.

Playgrounds diminish:

1. Idleness by constant employment.
2. Exclusiveness by several playing together.
3. Unfairness by true sportsmanship.
4. Selfishness by encouraging the child to help others.
5. Temptation by keeping the child off the streets.
6. Social barriers by bringing children of all classes together.
7. Reformatories by giving the child active work to do thus forming instead of reforming character.

It is pointed out that the fact that other cities, where finances are no more flourishing than they are here, are investing thousands, even millions, in their playgrounds, shows that the problem can be solved. Detroit in 1919 invested ten million dollars in bonds for its playgrounds. Four hundred and sixty-five million cities maintain 4,293 playgrounds under paid leadership and employ over 10,000 workers with expenditures amounting to \$7,200,000.

## Sport Chat

Now that the special Dominion Day events have been played, the baseball and football leagues are getting down to the regular season time-tables again.

The Intermediate baseball league has its next fixture set down for next Monday evening between Grotto and Gil's, the two leading teams in the league.

Tonight the Callies and Grotto

are scheduled to meet in the Senior Football League. If the Callies continue to show the form they exhibited on Dominion Day against the Sons of Canada they should have a mighty good chance of scoring their first league victory of the season.

In any case, a good match is assured and the fans will likely be out in force.

Then the Senior baseballers have a match tomorrow night with the meeting of the Sons of Canada and the Knights of Columbus. Mid-season finds the Senior Baseball league contest

perhaps the most interesting of all especially since all three

teams are on even footing in the standing at .500. Great interest and good games are assured for the remainder of the schedule.

Attention has been drawn to the fact that many anglers, especially during the past few days, have been bringing in trout under the size limit which is eight inches rather than six as is generally understood. A lot of trout were caught last weekend but it is said that many of them were smaller than the law allows. Catching and keeping the little fellows is not considered sportsmanlike and the Game Act also provides penalties for those who do. This should be remembered by all the followers of the piscatorial art.

3. Unfairness by true sportsmanship.

4. Selfishness by encouraging the child to help others.

5. Temptation by keeping the child off the streets.

6. Social barriers by bringing children of all classes together.

7. Reformatories by giving the child active work to do thus forming instead of reforming character.

It is pointed out that the fact that other cities, where finances are no more flourishing than they are here, are investing thousands, even millions, in their playgrounds, shows that the problem can be solved. Detroit in 1919 invested ten million dollars in bonds for its playgrounds. Four hundred and sixty-five million cities maintain 4,293 playgrounds under paid leadership and employ over 10,000 workers with expenditures amounting to \$7,200,000.

Continuing, he says: "From London to Peru, from New York to Tokio, you will hear the ritual chanted of '55-30-40-game.' All nations have entered the lists to play for lawn tennis supremacy. At the moment America holds the highest post, for players from the United States won the Davis Cup, and one of them, Long, lean 'Bill' Tilden, is champion of the world. But the other countries are hot on the trail, and America may find it hard to hold what she possesses at present."

In connection with the Davis Cup competition, the supremacy of the United States will be challenged this year by Japan, Australasia, Spain and Great Britain.

Although there seems to be no hope of this country winning back the cup this year, no British player is so pessimistic as to say Great Britain's tennis star is set forever.

## BAPTISTS HAVE LARGE PICNIC

Most Enjoyable Time Spent,  
Games and Races Employing  
Time at Digby Island.

The Baptist Sunday School held their annual picnic at Digby Island yesterday and were favored with ideal weather. There was a splendid attendance, 250 being present.

The first boat left Prince Rupert at 10:30 and on its arrival at Digby games were started which were enjoyed by both old and young. At 12:30 lunch was served by the ladies and afterwards games were enjoyed until the arrival of the afternoon boat when W. Vaughan Davies took photographs of the gathering on the hospital grounds.

A rather interesting skipping contest took place between Nurse Mary McLennan and J. G. Johnston, superintendent of the school for a box of chocolates or a box of cigars, Mr. Johnston winning the cigars.

Sports commenced at 3:30, the races being run on the bridge and the prize winners being as follows:

1. Little lots—1 Phyllis Hamblin, 2 Freda Mussalem.
2. Primary girls 5 and 6 years—1 Ellen Hampton, 2 Jenny Johnston.
3. Primary boys of 5 and 6 years—1 Stephen Armor, 2 Kilburn L. Lamb.
4. Primary girls, 7 and over—

1 Daisy Adams, 2 Margaret Musalem.

5. Primary boys, 7 and over—

1 Bertie Adams, 2 Clouston Johnston.

6. Mrs. Newell's Class—1 Marie Mussalem, 2 Mabel Ivenson.

7. A. L. Box's Class—1 Harold Hillard, 2 Jacob Mussalem.

8. Helping Hands, Miss Dawson's Class—1 Dorothy Sievert Marjory Meuse.

9. Trail Rangers, T. H. Linney's Class—1 John Martin, 2 Arthur Phillips.

10. Willing Workers, Rev. W. Redman's class—1 Hannah Easton, 2 Clara Nickerson.

11. Tuxis Boys, Rev. W. W. Wright's Class—1 Herbert Dalby, 2 Howard Hibberd.

12. Girls not in school, Junior—1 Hilda Barnes, 2 Dolly Derry.

13. Girls Senior—1 Rena Scherck, 2 Gladys Nicholson.

14. Boys not in school—John Erickson.

15. Skipping—Marie Mussalem, 2 Marjory Meuse.

16. Three Legged Race—1 Freddy McDonald and John Martin, 2 Howard Hibberd and Herbert Dalby.

17. Pin Contest 50 yard dash—1 John Martin, 2 Mary McLennan, 18 Fat Lady's race—1 Mrs. Hibberd, 2 Mrs. Mussalem.

19. Single Ladies' race—1 Miss Mary McLennan, 2 Miss Weller.

20. Married Ladies' race—1 Mrs. Gay, 2 Mrs. Hibberd.

21. Men's race—1 C. H. Elkins, 2 Mr. Adams.

Supper was served at 5:30 by the ladies and this was followed by ice cream, the first boat leaving for home at 7 and the last at 9. The day was most enjoyable and there was not a dull moment throughout.

## For Baby's Woollens

The little woolly garments for Baby must be kept soft or they will irritate the tender skin. Washed in Lux soaps, Baby's woollens will keep beautifully soft and fluffy. The thin satin-like flakes of Lux are made by our own exclusive process, and dissolve instantly into a lather as harmless as pure water itself.

Just dip Baby's clothes into a bowlful of the rich Lux soap—rinse them, squeeze out the surplus water and hang to dry.

There is nothing like Lux. Sold only in sealed packages—dust-proof!

ITALIANS MIGRATE TO MANY COUNTRIES

ROME, July 6.—Three hundred thousand yearly was once the average number of Italian immigrants to the United States. Since Washington has taken restrictive immigration measures, however, this exodus has had to seek other fields.

In March of this year 10,120 went to France; 5,244 to Belgium, and a total of 4,710 to Luxembourg, Germany, Austria, Hungary, Czechoslovakia, Yugoslavia and the Balkans. During the same month only 4,837 Italians emigrated to both North and South America, the United States getting 967.

Plans are on foot to send 25,000 to Russia to work in the coal mines of the river Don.

## DIAMONDS EXPORTED FROM RUSSIA DURING PAST FEW YEARS

REVAL, Estonia, July 6.—Diamonds have been pouring out of Russia during the last two years in such quantities that individuals interested in jewel transactions assert that the land of the Soviets has been pretty well drained of the sparkling gems. Most of them have found their way to London, Paris and Berlin.

The underground diamond trade has been carried on in a most mysterious manner, ever since Russia's troubles began, the transactions baffling even the famous Cheka, or secret political police. Strenuous efforts on behalf of the Soviet authorities to break up the diamond smuggling business have been made almost from the beginning, but despite the watchfulness of the customs authorities, the police and even the army, the trade has thrived and within Russia there is common talk of various individuals who have made fortunes in it.

Soviet authorities accuse "diplomatic smugglers," some of whom have been arrested from time to time, as being one of the main sources of trouble, the Soviets contending that certain couriers have been taking diamonds out of the country systematically on every trip. Diplomatic couriers are exempt from search at the frontiers.

Dealers say it is still possible to purchase diamonds in Odessa, Petrograd, Moscow and other cities, at a "bargain" rate, compared with American prices, but that most of the stones on the market are far from being of the first water variety.
