## Another Industry for Prince Rupert UNEMPLOYMENT NOT LIKEY TO BE SERIOUS COMING WINTER

### Employment Prospects Good for the Coming Winter say Delegates Ottawa Conference

OTTAWA, Sept. 6.—Optimistic reports were presented by all provincial representatives at the Dominion conference on unemployment at the opening session here yesterday. There were present representatives of all the provinces except Prince Edward Island and an optimistic note prevailed throughout. J. D. McIvren, deputy minister of labor in British Columbia, speaking on behalf of the Pacific province, said that conditions were about normal today but about 4,000 men had gone to the prairies and would be returning just when the industrial activities were inclined to slacken. However all the representatives sounded an optimistic note for the coming winter. Hon. James Murdock, federal minister of labor, said Canadians do not exercise enough self-help. God helped those who helped themselves. He objected to the system of doles. The Government had been imposed on in the past by unreasonable demands to the extent of the union rates of pay for unemployment relief. This should be firmly rejected. The federal government should not be asked to go further in unemployment relief than it did last winter.

**UNEMPLOYMENT MUCH RELIEVED**  
Good Report Made at Conference by R. A. Rigg, of Dominion Service Bureau.  
OTTAWA, Sept. 6.—This morning's proceedings of the National conference on unemployment opened with a statement on the situation by R. A. Rigg, director of the Employment Service of Canada. According to the reports of employers and labor organizations there has been a slight improvement in employment during July. On September 1 there were 190 unemployed in Nova Scotia and 1800 in New Brunswick. There is very little unemployment in Quebec while Ontario orders for farm help, bush men and railway construction workers exceed the supply of men. Manitoba expects very little unemployment this winter and in Alberta there will be no unemployment for single men. A shipment of 4700 harvesters from British Columbia has practically absorbed the available supply of that province. After every other possible source has been exhausted, Rigg said, importations from the United States might be necessary.

**GREEKS KILL MANY TURKS**  
Report Says That Turkish Lost 10,000 Killed and Wounded Asia Minor Fighting Yesterday.  
ATHENS, Sept. 6.—Fresh attacks by the Turk Nationalists have been repulsed by the Greeks who inflicted several casualties on the Kemalists according to an official communique issued last night which says that the enemy's offensive towards Akardas met with stubborn resistance from the Greek troops which repulsed fresh attacks. The number of Turks killed and wounded exceeded ten thousand. The Turkish forces retired in order destroying communications. The report says that massacres and persecution of the Christians in the evacuated districts continues.

**DOG FISH OIL PLANT PLANNED**  
Proposal to Establish One on Skidegate Inlet to Employ 200 Men.  
VICTORIA, Sept. 6.—A. T. Hankey, a Victoria barrister, told the fisheries commission that British Columbia interests plan to start a plant at Skidegate Inlet on the Queen Charlottes to extract dog fish oil in large quantities provided the Government permitted the company to use traps to catch the dog fish. They could not secure enough fish without traps. The first plant established, Mr. Hankey said, would employ 200 men.

**ALLIES TO TAKE HAND IN ASIA MINOR TROUBLES**  
SMYRNA, Sept. 6.—It is estimated that 15,000 refugees of every nationality have collected here. Everybody is being urged to assist the Allied consuls who have decided to ask the Anglo-French police to keep order. It is reported that Allied troops will land tomorrow.

**NOVELIST HERE**  
Douglas Durkin, Author of Popular Books, Paying Flying Visit to City.  
Douglas Durkin, a member of the staff of Columbia University, but better known to Canadians as author of the novels "Lobstick Trail" and "The Heart of Cherry McHain," is in the city today gathering information and local color for use in connection with future fiction stories. He is a frequent contributor to American and Canadian magazines and intends to localize some of his fiction in the north. Mr. Durkin goes east on the train this evening.

**CANADIANS HONORED GENEVA BY BEING ON COMMITTEES**  
GENEVA, Sept. 6.—Hon. W. S. Fielding, Canadian representative to the meeting of the League of Nations was elected chairman of the committee on social and general questions and also a member of the committee on armaments. Hon. Ernest Lapointe and Hon. P. C. Larkin, Canadian high commissioner in London, are also on international committees of the conference.

**TRACE OF EXPLORERS LOST IN 1919 SAID FOUND DICKSON ID.**  
CHRISTIANIA, Sept. 9.—The Petrograd geological committee has informed the Norwegian foreign office that it has received advices from Dickson Island north of Siberia of the finding of diaries and other belongings of Knudsen and Tessem, two members of the Amundsen North Pole expedition, who were last seen during explorations in the winter of 1919.

**HATFIELD BRINGS RAIN IN TORRENTS**  
ROME, Sept. 6.—Hatfield the rainmaker is become quite a hero here. He set to work at the request of the Government and within a few days an immense downpour of rain came. The intense heat was dissipated and immediately Hatfield was acclaimed as the hero of the hour. So great was his success that the Government offered to purchase his secret process. Yet even here there are some doubting Thomases who wonder if the rain would have come had Hatfield remained in the United States.

**Manager of B.C. Canneries Says Must Close Canneries If Japanese Are Excluded**  
VICTORIA, Sept. 6.—British Columbia canners will be compelled to close their plants if Japanese are eliminated from the fishing industry in this province, B. C. Moss, general manager of the B.C. Canneries with head office at Victoria, told the fisheries commission which opened here today. Mr. Moss said that W. A. Found, commissioner of fisheries, went back to Ottawa last fall convinced after comparing the catches along the Skeena River that without Japanese the canneries could not be operated. Mr. Moss said that the canneries had been unremunerative during the last few years and they were not in a position to stand further experiments in replacing Japs with whites. Mr. Moss said that certainly his own cannery would prefer to close down rather than attempt to operate at a loss, something which was bound to ensue if the Japanese were removed. The Japs would compete with the whites in some other line anyway, he said.

**Reduced Runs**  
Provincial Commissioner of Fisheries, J. P. Babcock, presented a lengthy report leading up to the conclusion that reduced runs in northern waters showed alarming decrease. Spawning and consequent runs would be destroyed unless the fisheries were given increased protection. He did not think artificial propagation adequate to meet the situation.

**ASKS LEAGUE MAKE PEACE**  
Lord Roberts Cecil Wonders Why No Intervention in Asia Minor.  
GENEVA, Sept. 6.—Earl Balfour of England, Gabriel Bonifant of France, Senor Gomez of Portugal, Palmer Branting of Sweden, Amelio Cabanas of Spain and Dr. Nincitch of Jugoslavia were elected as six vice-presidents of the League of Nations by the assembly. Under the rules the debate on the work of the league reopened by Lord Robert Cecil of England, representing South Africa. He asked why the League of Nations could not intervene between Turkey and Greece and halt the bloodshed in Asia Minor.

**MAYOR ROCHESTER GOING TO KAMLOOPS**  
To Attend Municipalities Convention—Will press for 2 Year Aldermanic Term—1923 Convention for Prince Rupert.  
The mayor is to attend the convention of the Union of B. C. Municipalities and the Good Roads League which will be held at Kamloops commencing October 4. At the convention he will press, on behalf of the city and with the council's endorsement, for the changing of the term of service for one half of the aldermen elected each year from one year to two. He will also extend, on behalf of the city, an invitation to have the 1923 convention of the Union held in Prince Rupert. Resolutions embodying these points were passed by the city council last night. Suggestions were also put forward regarding unemployment relief and the remission of all automobile taxes collected here by the provincial government in view of the fact that there are no government highways leading out of the city.

**GUARANTEE STEEL BONDS**  
British Government Takes Quick Action For B.C. Company  
VANCOUVER, Sept. 6.—Imperial Government is ready to guarantee one third of the bonds of new Coast Range Steel Corporation to the extent of \$800,000 or at the present rate of exchange approximately \$5,500,000, according to a cable received from the British Columbia Agent General, F. C. Wade, in London. A similar guarantee is expected from the Dominion Government at once and the Provincial Government has already promised a similar third if the other two came through.

**MINISTER'S VISIT DELAYED BY ILLNESS**  
Hon. W. C. Kennedy May Have to Go South For Time to Recuperate  
Although no definite word has been received here regarding the visit of Hon. W. C. Kennedy, minister of railways in the federal cabinet, local officials of the Liberal party do not believe that the visit will materialize for some months, says the Vancouver World. Hon. Mr. Kennedy was expected here early in September, but word has now been received that he is in hospital, and that he will not be around again for at least two weeks. Private advices state that he will probably have to go to Virginia or some other southern state to recuperate, following his illness and it is not thought that he can arrive here this year. However, it is stated that officials of the department will be sent here to co-operate with the public works department and look over the existing facilities and needs of this port, and that Mr. Kennedy will be here on the first available opportunity. No word has been received relative to the return visit of Hon. Charles Stewart, minister of the interior, but it is pointed out that he has only just returned to Ottawa and that it is hardly likely that he will come west again for a month or two.

**ALLIED FORCES ASIATIC TURKEY**  
British, American and Italian Warships Sent to Greek Waters  
CONSTANTINOPLE, Sept. 6.—British, American and Italian warships have been sent to Greek waters to protect nationals of those countries in Asia Minor where Greek territory is rapidly being invaded by the Turks. It is expected that Allied forces will be landed in Asiatic Turkey to protect Nationals and maintain order.

**IRREGULAR OFFICER KILLED IN IRELAND**  
DUBLIN, Sept. 6.—The leader of the irregulars, Daniel Shinnock, holding the rank of brigadier adjutant, was killed in a skirmish yesterday on the Cork-Limerick border.

**EDITOR GETS FIRST TICKET FOR FLIGHT IN BELL'S SEAPLANE**  
The editor of the Daily News got the first ticket issued by the Exhibition Association for a flight in the seaplane Hazelton which is to be here for the fair. It is expected the plane will be here a day or two before the opening of the fair so that there may be no disappointment at its non-arrival.

**Haysport II is Being Outfitted Trawl for Dogfish and Provide Material for Fertilizer Plant**  
Another attempt is to be made to commercialize the dog fish which is so abundant on this coast and at the same time to establish a permanent all the year round industry at this place. The power schooner Haysport II, has been purchased from the McNulty interests by the Goulson Brothers of Queen Charlotte Islands and formerly of Victoria, tow boat owners and contractors, who are outfitting her as a trawler for the purpose of securing supplies of dog fish for the Rupert Marine Products Limited, now owned by George Bushby of Victoria, who is giving it his personal superintendence. With the fishing season practically over the supply of fish offal is running short and before long the reduction plant at Tucks Inlet must either close or operate with a minimum production. The plant requires from fifty to sixty tons a day in order to keep it in operation at a fair capacity, and this it is proposed to supply by the Haysport. The vessel will be ready to go into commission within two or three weeks and will keep on the job all winter. She will not bring her catches to port, but will deliver the fish at scows which will be anchored in one of the bays at Stephens Island. These large scows will be towed to and fro by the two tug boats, Delta and P.R.T. No. 1, the former owned by the Goulsons and the latter by the reduction company. As far as possible a daily service will be maintained between the city and the fishing grounds. Market The Fish While the dog fish and other fish refuse will be taken to the fertilizer plant, the good fish will be marketed here. Many fishermen will also dispose of their waste fish to the company at the scows instead of, as hitherto, throwing it overboard. Many fishermen will use the scows as carriers, preventing the waste of time, in bringing their fish to market. Ice will be carried on the scows so that the fishermen may get a supply. The Haysport II, was formerly operated in the halibut fisheries by the Deep Sea Fisheries. She was found to be unwieldy for that business and for some time has been laid up. Now she will again be put to a useful purpose. Mr. Bushby took over the reduction plant in the early summer through the foreclosing of a mortgage and since that time has been giving it personal supervision and it is his intention to make it a paying industry that will not only benefit himself but also the community. The establishment of the new industry will be another step toward developing the manufactures and export business which will eventually make this a shipping port. Plenty of Fish The men who have been operating the Cold Storage trawlers say that there are always quantities of dog fish taken in connection with their hauls of flat fish. This will now be utilized instead of being thrown away. During the summer the fisheries department made some tests in gill netting at Petrol Island. While not very many salmon were taken it is understood that a great many dog fish were caught in the nets. These indications show that there is a plentiful supply of the fish required and that if it can be handled cheaply enough the supply will be large. Species of Shark The dog fish is a species of shark. It is not to any extent used for food purposes on this coast although on the Atlantic it is caught by fishermen and sold on the New York market under a different name. After being skinned it is put up in attractive form and is esteemed as a luxury, no one suspecting that the fish they are eating is shark. However, on this coast the dog fish are a nuisance. There has been no market for them, hence they are always thrown back into the water. While other fish have tended to decrease, the dog fish have increased until the fishermen have found them a great nuisance. They are very tenacious of life and will live out of water much longer than most fish.

**NEW TAXES IN VICTORIA CITY**  
Rentals, Business and Income to Bear Part of Civic Burden.  
VICTORIA, Sept. 6.—The city council last night endorsed the report of the special committee that the basis of taxation in the city be broadened to relieve the land. Instead of placing all the burden on land it is proposed to procure revenue through taxes on rentals, business and incomes.

**TAKE BODIES FROM MINE**  
Tragic Scenes Enacted at Pit Mouth in England  
WHITEHAVEN, Eng., Sept. 6.—Twenty-five bodies were removed today from the coal pit in which 40 men were entombed by an explosion yesterday. Heavy falls of rock and the presence of much gas is hampering the rescue squads and it is feared the pit will have to be sealed. Tragic scenes are being enacted at the pithead where women relatives of the entombed miners are gathered.

**LIBERAL CONVENTION SEPTEMBER 28 AND 29**  
Nelson is Chosen as Place of Meeting For Party Delegates  
VANCOUVER, Sept. 6.—The executive meeting of the Liberal Association ended here yesterday by Premier Oliver fixing the date for the holding of a provincial Liberal convention at Nelson as September 28 and 29.

**NEWFOUNDLAND SHORE FISHERIES A FAILURE**  
SYDNEY, Sept. 6.—The complete failure of the shore fisheries on the northeast coast of Newfoundland this season is threatening people of the district with starvation next winter according to reports received here. Reports describe fishing there as the worst in 25 years.

**Honor To Men Who Start New Industries.**

The men who are progressive and who start new industries are the ones who are of benefit to a community. Sometimes they make good and sometimes they fail but at any rate they try. Were it not for the men and women who try and who are willing to take a chance, there would be an end to all development.

Today we are able to announce the commencement of a new industry here, that of fishing for dog fish to be used in the reduction work at Tacks Inlet for the manufacture of fertilizer. Hitherto the industry has been carried on during the summer only. If the new industry is successful the plant will operate continuously as long as the supply of offal fish is forthcoming. Mr. Bushby is to be congratulated on his efforts. What we have been needing here for some time has been men who would do things instead of grumbling because times were dull. If Mr. Bushby can conduct the new business enterprise successfully he will set an example to others to launch out into other lines of endeavor.

**Herring Enough To Supply The World.**

William Duff, chairman of the fisheries commission, in an interview at Nanaimo stated that there was enough herring on this coast to supply the world and he hoped the commission would be able to make recommendations that would be of assistance in establishing the fishing industry on a permanent basis on this coast.

During the session of the commission here, it was stated that herring of first quality could be secured here by the use of either drift nets or seines. With the use of seines much of the catch had to be used for manufacture of fertilizer but with drift nets only fish suitable for curing were caught. The fish were taken during the summer months and were then far superior to any taken during the winter runs.

The development of the herring and cod fishing industry here is one of the developments to be expected in the near future. The main thing for those contemplating such a move is to make thorough investigation in regard to method of curing, supply of fish, and marketing. So many enterprises are commenced by people who do not secure proper information before commencing and who thus discredit the business and the possibilities.

**Wrong Tack For City To Take.**

It has been suggested that the city should ask for remission of automobile taxes because there are no government highways leading out of the city. To do this would be a step in the wrong direction. One of the chief arguments we have had in favor of getting the work started has been that our auto taxes were being spent elsewhere. The better plan would be to secure the commencement of work on the construction of a road leading out of the city.

It is understood that the government plans call for the commencement of the work next year. This year it was found necessary to spend all the appropriations in the farming districts where it would bring the greatest returns. Hon. T. D. Pattullo has had the matter up already and it is understood will make recommendations to the provincial cabinet in regard to work during the coming season. This would be much better than asking for remission of the taxes.

**CHEMICAL SOCIETY IN SESSION TODAY**

Discusses Elimination of Knocking in Engines; Kelp as a Medicine

PITTSBURGH, Pa., Sept. 6.

Seaweed kelp, automobile engines, and just plain milk were the widely different subjects discussed at the opening day of the American Chemical Society convention now being held here.

On the platform before the delegates, where usually symphony orchestras perform, a motor engine afflicted with "knocking" played the chief overture of the day, while chemists listened, as intently as opera lovers do to "Carmen," to the effect of the introduction of a chemical compound, invented by Thomas Madgley, Jr., and T. A. Boyd, of Dayton, on the "knocking" discords.

"Chemicals whose action is similar to those known as 'catalysts,' even if present only in the most minute quantities," said Mr. Boyd, "can eliminate to a great degree the knocking which is most injurious to engines." The gasoline symphony played on cylinders was to prove his contention.

Seaweed kelp, which contains iodine and other elements common in sea water and believed to be beneficial in preventing goitre, was explained to be a necessary part of the diet of those who live

so far inland as to be deprived of sea food in quantities.

**Kelp Industry**

J. W. Turndine, whose activities resulted in the establishment of the kelp industry on the Pacific coast, introduced the seaweed kelp in its new role to the chemists. "The new form," he said, "admits of cheap preparation and preservation, and is easily available for the afflicted people of all countries."

Housewives' uncertainty as to the youth or age of the contents of the bottle found with the newspaper on the porch each morning is the reason for the prominent part of milk in today's meeting. "Methylene blue," a dye, is cleverer and more sure than the nose in detecting the age of milk," said Minnie F. Dressler, who demonstrated the action of the dye in discoloring old milk and remaining perfectly clear in new. Seven other dyes may be used with equal success, the scientists say.

**ASSESSMENT IS CRITICIZED IN PRIVATE REPORT**

Ald. Montgomery Alleges Gross Inequalities and Recommends Reduction of Expenditures

A report from Ald. Montgomery dealing with assessment matters was received by the city council last night and laid on the table until such time as the assessment question for next year comes up. The report of the alderman stated that he had evolved a system of maps with notations of assessed values whereby comparisons could be easily made. The use of these maps Ald. Montgomery recommended for the use of the court of revision.

**Inequalities**

Charges of inequitable assessments were laid in the report, it being stated that the outside properties were being assessed to the disadvantage of the close in property. Taking 1917 as a basis, it was stated that some valuations had been decreased 600 per cent; since then while there had also been increases of 100 per cent. Some lots were paying 100 per cent more taxes while others were paying 50 per cent less. Section 5 had been given the largest reductions in five years, the highest valued property in that section being the corner of Fifth Street and Third Avenue on which Gil's Cigar Store stood. Inequality was here alleged, the alderman opining that the Sixth Street and Third Avenue corner was a more valuable one. The report referred to valuations in Section 5, one particular lot being valued at \$900, while the one directly across the street was placed at \$20. He was satisfied that the roll was crowded with such inequalities. It was also recommended that a competent assessor be appointed to make the 1923 assessment.

Speaking to the report, Ald. Dybbavn said he would like to know who Ald. Montgomery would select as a competent man to take over the assessor's duties. The finance committee was always ready to receive the advice of other members of the council and their assistance would be greatly appreciated in the assessment problems.

**No Strings on Assessor**

Ald. Montgomery said that he had no definite person in view at this time, but he was sure that there were men in town capable of the task. The most important requirement was that there should be no strings on the assessor. If the present system was continued he did not look brightly for the future. Outside property would have to cave in with the burden of taxation as some inside property was even doing already. The size of the city did not warrant present expenditure and the city should get down to brass tacks and live as a city of 6,000 population should instead of as a city with 30,000. The present situation of a high assessment and a millage rate up to the limit was not satisfactory or prosperous.

Ald. Colliart agreed with Ald. Montgomery that taxes were too big and expenditures too great. He would favor the making of the assessment by members of the city hall staff who should be familiar with the situation and in a better position to take over the duties than any outsider.

**CAR SLIPPED BACK OVER CLIFF INTO NIAGARA CATARACT**

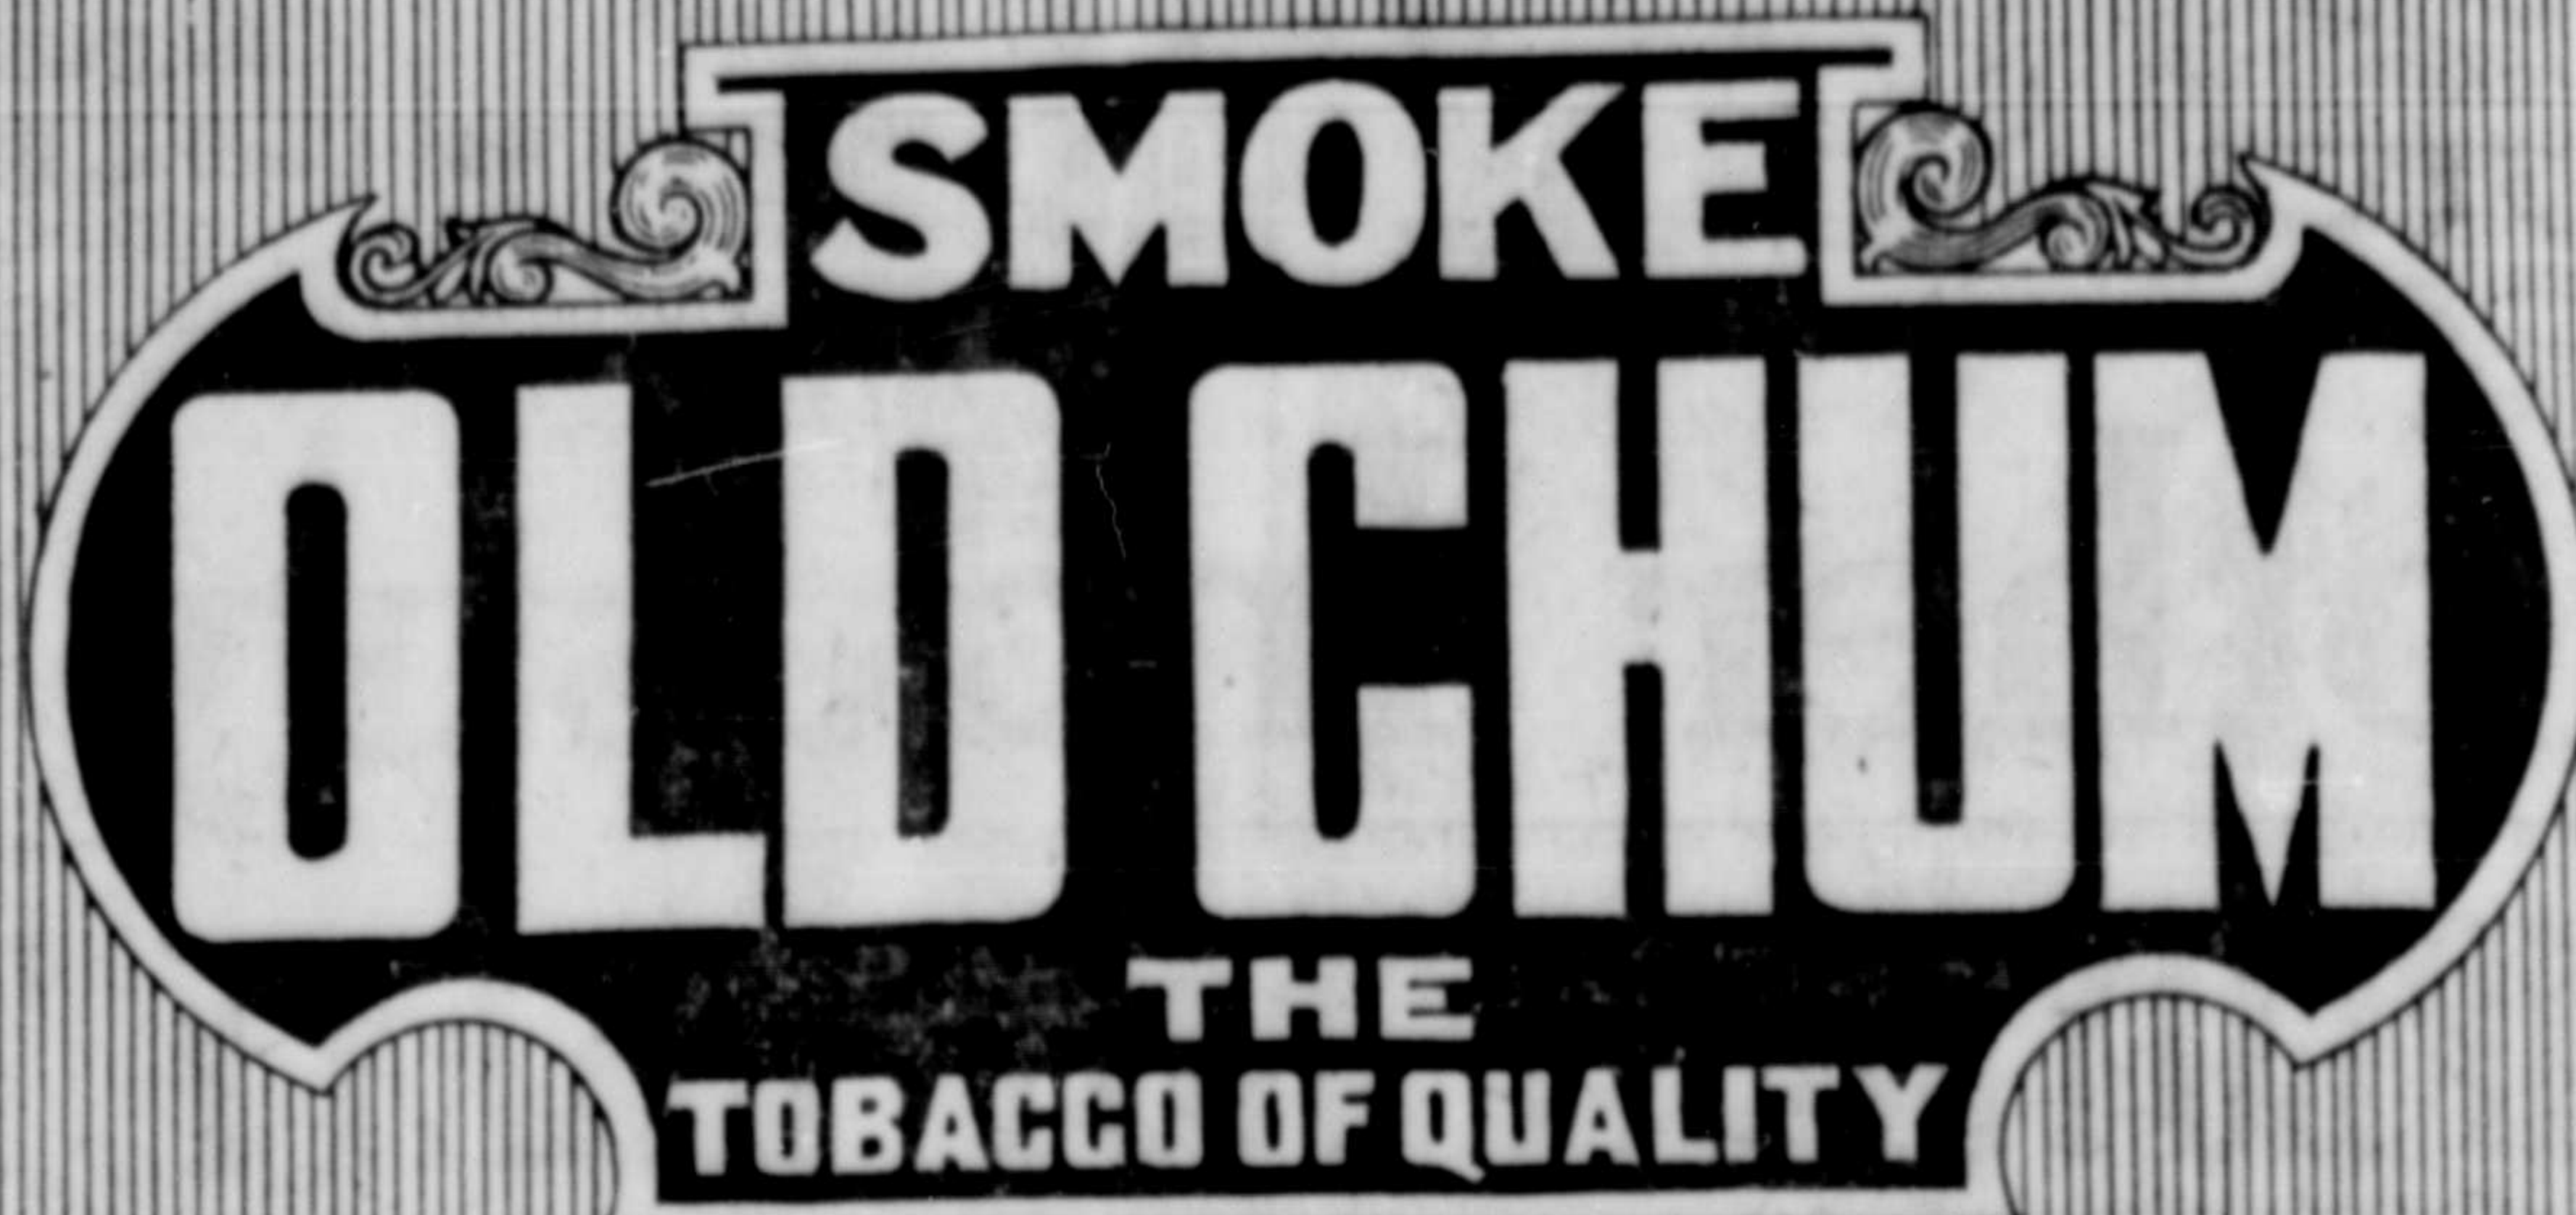

BUFFALO, Sept. 5. — An auto parked at the head of the cliff just below Niagara Falls slipped backwards and rolled over the cliff 200 feet into the maelstrom at the foot of the cataract. Mrs. Agatha Miller, who was seated in the car, was dashed to pieces.

**AMERICAN EXCHANGE**

NEW YORK, Sept. 5.—A novel reason for the favorable situation of Canadian exchange is suggested by the Herald commenting on the fact that the Canadian dollar is now virtually at par in the New York market, the Herald says:

"The most prominent cause for the rise in the Canadian exchange is the amount of money sent over the border by American bootleggers."

**FISH ARRIVALS AND SALES SINCE MONDAY**

The following were the transactions at the Fish Exchange on Monday and Tuesday:

**Monday's Sales**

Bringgold, 14,000 pounds, at 14.7c and 7.5c; Cape Clear, 8,000 pounds, at 14.5c and 7c; Forward, 1,000 pounds, at 14.5c and 7c, to the Canadian Fish and Cold Storage Co.  
Uranus, 11,000 pounds, at 14.6c and 7c; All, 11,000 pounds, at 14.7c and 7.5c, to the Royal Fish Co.

Reliance, 13,000 pounds, at 14.5c and 7c, to the Atlin Fisheries.

Senator, 20,000 pounds, at 14.4c and 7c, to the Booth Fisheries Canadian Co.

Viola, 3,000 pounds, at 14.5c and 7c, to the Atlin Fisheries.

**Tuesday's Sales**

Pair of Jacks, 13,000 pounds, at 14.9c and 7.5c; Lillian M., 3,000 pounds, at 14.9c and 7.5c, to the Booth Fisheries Co.

Emblem, 3,000 pounds, at 14.5c and 7.5c; Joe Baker, 3,000 pounds, at 14.8c and 7.5c; Guilford, 2,000 pounds, at 14.6c and 7.5c; Crescent, 10,000 pounds, at 14.8c and 7.5c; Reliance, 9,000 pounds, at 14.8c and 7.5c; Sumner, 15,000

pounds, at 14.8c and 7.5c; Annie May, 3,000 pounds, at 14.5c and 7.5c, to the Canadian Fish and Cold Storage Co.  
Anna J., 25,000 pounds, at 15.2c and 7.5c, to Atlin Fisheries.

Kodiak, 25,000 pounds, at 14.9c and 7.5c, to Pacific Fisheries.

Cape Spencer, 12,000 pounds, at 15c and 7.5c; Groth, 9,000 pounds, at 14.9c and 7.5c; Dolphin, 11,000 pounds, at 14.9c and 7.5c, to the Royal Fish Co.

**Ten Years Ago in Prince Rupert**

L. E. McFarlane, the municipal sanitary inspector, and his bride formerly Miss Hughes of the local hospital staff, arrived from the south on the Camosun this morning. They were recently married in Vancouver and will take up their residence at their new home on Sixth Avenue East.

Sir George Doughty was the speaker of the evening at the Canadian Club banquet last night. He struck a note of sturdy imperialism and predicted that Prince Rupert's great fishing industry would furnish men for the Imperial army and navy. Judge Young presided.

**To Holders of Five Year 5 1/2 per cent Canada's Victory Bonds**

Issued in 1917 and Maturing 1st December, 1922.

**CONVERSION PROPOSALS**

THE MINISTER OF FINANCE offers to holders of these bonds who desire to continue their investment in Dominion of Canada securities the privilege of exchanging the maturing bonds for new bonds bearing 5 1/2 per cent interest, payable half yearly, of either of the following classes:—

- (a) Five year bonds, dated 1st November, 1922, to mature 1st November, 1927.
- (b) Ten year bonds, dated 1st November, 1922, to mature 1st November, 1932.

While the maturing bonds will carry interest to 1st December, 1922, the new bonds will commence to earn interest from 1st November, 1922, GIVING A BONUS OF A FULL MONTH'S INTEREST TO THOSE AVAILING THEMSELVES OF THE CONVERSION PRIVILEGE.

This offer is made to holders of the maturing bonds and is not open to other investors. The bonds to be issued under this proposal will be substantially of the same character as those which are maturing, except that the exemption from taxation does not apply to the new issue.

Dated at Ottawa, 8th August, 1922.

Holders of the maturing bonds who wish to avail themselves of this conversion privilege should take their bonds AS EARLY AS POSSIBLE, BUT NOT LATER THAN SEPTEMBER 30th, to a Branch of any Chartered Bank in Canada and receive in exchange an official receipt for the bonds surrendered, containing an undertaking to deliver the corresponding bonds of the new issue.

Holders of maturing fully registered bonds, interest payable by cheque from Ottawa, will receive their December 1 interest cheque as usual. Holders of coupon bonds will detach and retain the last unexpired coupon before surrendering the bond itself for conversion purposes.

The surrendered bonds will be forwarded by banks to the Minister of Finance at Ottawa, where they will be exchanged for bonds of the new issue, in fully registered, or coupon registered or coupon bearer form carrying interest payable 1st May and 1st November of each year of the duration of the loan, the first interest payment accruing and payable 1st May, 1923. Bonds of the new issue will be sent to the banks for delivery immediately after the receipt of the surrendered bonds.

The bonds of the maturing issue which are not converted under this proposal will be paid off in cash on the 1st December, 1922.

W. S. FIELDING, Minister of Finance.

# REMINGTON PORTABLE

This is the only portable typewriter made that has a standard keyboard. It is built throughout of Remington materials, by Remington workmen, in a Remington factory.

In speed, lightness of touch, strength, and in the surpassing quality of its work it is a true Remington. For personal use the REMINGTON PORTABLE is ideal.

Peaches and Prunes arriving this week. Price and quality right. City Market. 1f

**OUR FAMOUS STOVE COAL** is, if anything, better this year. Consumers Coal Co., Ltd. Phone 7. 1f

Mrs. W. G. Murray and family returned this morning after having spent a month's holiday at Vancouver.

Mrs. Percy Carr arrived from Vancouver today on the Prince George enroute to Burns Lake to join her husband who is provincial constable at that point.

Morris Condon returned on the Prince George this morning from a business trip to Victoria and Vancouver. Mr. Condon reports that times are looking much better in Vancouver now.

Tenders for a 1300 gallon oil tank for the light department were opened by the city council last night and referred to the utilities committee for report. The bids were: Rowe's Sheet Metal Works, \$266; Atlas Boiler Works, \$402.25.

A letter from A. H. McPherson asking for the use of city pipe with which to drain lots on Eighth Avenue West on which he proposes building a \$1200 residence was referred by the city council last night to the Board of Works for report.

Miss Grant, the new librarian is expected to arrive on Saturday next. As the building occupied by the public works department will not be vacated for some weeks, the preparatory work in connection with the organization of the library will be carried out in a temporary location.

A request from the Board of Trade asking assistance from the city in sum of \$150 for the entertainment of the Montreal Board of Trade visitors when they arrive in the city on September 23 was referred last night by the council to the finance committee with power to act.

A circular letter from F. Wright, manager of the Municipal Publishing Co., Montreal, dealing with the threatened coal shortage and recommending for the city's use a Welsh coal which would cost \$10.50 per ton landed at Montreal was received by the city council last night and filed for future reference.

Mayor Rochester has received from Y. Nakano, the Japanese vice-consul, a copy of a special edition of the Japan Advertiser published on the occasion of the Prince of Wales to the "Flower Kingdom." It is a beautifully produced publication and a credit to the printing trade and journalistic taste. The Japan Advertiser is published in Tokyo by an English firm of publishers.

A report from the fire chief recommending the purchase of new solid tires for No. 1 fire truck was presented by the utilities committee to the council last night. The recommendation was adopted and the wheels will be sent to Vancouver to be fitted. The chief also reported that certain hotels and apartment houses in the city had complied with the regulations in the installation of fire escapes.

A report from the city solicitor stating that it was beyond the jurisdiction of the council to prevent Orientals from working in clubs was received and filed by the council last night. The report was called for following a resolution being presented excluding Orientals from clubs under the city's new bylaw. The city solicitor also reported that the provincial government had no power to authorize the council to pass such legislation.

### PRETTY CHURCH WEDDING HERE

**Miss Kathleen Grant Becomes Bride of Roland Alden Harlow.**

One of the prettiest and most interesting weddings of the season was solemnized last night at 6:30 o'clock in the First Presbyterian Church when Kathleen, elder daughter of Dr. and Mrs. H. R. Grant, of this city, was united in marriage to Roland Alden Harlow, son of Capt. and Mrs. Harlow, of Bangor, Maine. The ceremony was performed by the bride's father and the church was crowded to the doors, the assembly attesting to the large measure of popularity which the contracting couple hold amid a wide circle of friends.

The seating capacity of the church had entirely been filled some time before the time set for the ceremony. Mrs. Jarvis McLeod sang the opening solo "O Promise Me," after which Mrs. Grant, the mother of the bride, and Miss Lorraine Grant, her sister, attended by intimate friends of the family took their seats beside the altar. The bride entered the church on the arm of E. G. Dawson, an old friend of the family, who gave her away as the Wedding March from Lohengrin was played by Miss Lorna Tite. The service was then spoken by Dr. Grant, who wore the full clerical robes including the Geneva gown and Doctor of Divinity's hood of gold and blue. A wedding hymn was sung by the full choir, which was in attendance, and during the signing of the register, Mrs. L. O. Larsen sang "Because."

**Prince Rupert Flowers.**  
The bride was most becomingly attired in a suit of navy duvelyn with a roll brim of coral satin broadened in silver. She carried a bouquet of beautiful pink roses grown in Prince Rupert. Her bridesmaid, Miss Etanda Marsh, wore navy blue georgette with a black picture hat and carried a bouquet of Dorothy Perkins roses. Mrs. Grant, the bride's mother, was becomingly gowned in black Canton crepe with touches of musketeer blue with black picture hat trimmed with blue ospreys. Archie L. Grant, the bride's brother, attended the groom and S. Bazzett-Jones and Lionel Holtby were the ushers.

The church was tastefully decorated with masses of sweet peas, asters, gladioli and potted plants, the principal feature being a large floral bell, designed and mounted by William Millar, which hung suspended from the ceiling, the rope ending in a true lovers' knot. It was under this bell that the ceremony took place.

The church choir, of which Mrs. Harlow had been a member for the past year, presented her with a silver vase and the congregation's gift was a handsome solid mahogany clock.

**Informal Reception.**  
Following the wedding, many of the friends adjourned to the Manse where an informal reception took place. The toast to the bride was proposed by E. G. Dawson and responded to by the groom in a few fitting remarks. Congratulatory telegrams from the bride's uncle, C. Stewart Langill, of Winnipeg, Fred Stork, M.P., and Rev. and Mrs. T. J. Marsh, of Terrace, were also read. The cutting of the wedding cake then took place.

Shortly afterwards, Mr. and Mrs. Harlow left for the station where they boarded the evening eastbound train to spend a honeymoon in Edmonton, Winnipeg, Chicago and other Eastern points. A large crowd of friends was here again assembled to give them a fitting and enthusiastic send-off. On their return to Prince Rupert, Mr. and Mrs. Harlow will take up their home in their new bungalow on Fourth Avenue East.

Mrs. Harlow is one of the most popular members of the city's younger set and has resided here since coming with her parents in 1914. She attended the High Schools here and later spent three years at the University of B. C. where she took a leading part in musical affairs. For the past year she has been at home.

**Groom an Engineer.**  
Mr. Harlow is also a popular pioneer of Prince Rupert having been connected as an engineer with the Grand Trunk Pacific Railway since before its completion. He served overseas with the engineering department of the United States Army and, on his return, was appointed road-master of the western end of the line, which position he now holds.

All Prince Rupert will join in extending best wishes to the latest bride and groom.

### BRINGING UP FATHER

By George McManus

Mrs. Harlow left for the station where they boarded the evening eastbound train to spend a honeymoon in Edmonton, Winnipeg, Chicago and other Eastern points. A large crowd of friends was here again assembled to give them a fitting and enthusiastic send-off. On their return to Prince Rupert, Mr. and Mrs. Harlow will take up their home in their new bungalow on Fourth Avenue East.

Mrs. Harlow is one of the most popular members of the city's younger set and has resided here since coming with her parents in 1914. She attended the High Schools here and later spent three years at the University of B. C. where she took a leading part in musical affairs. For the past year she has been at home.

**Groom an Engineer.**  
Mr. Harlow is also a popular pioneer of Prince Rupert having been connected as an engineer with the Grand Trunk Pacific Railway since before its completion. He served overseas with the engineering department of the United States Army and, on his return, was appointed road-master of the western end of the line, which position he now holds.

All Prince Rupert will join in extending best wishes to the latest bride and groom.

**CHANGED PROPOSED STREET SURFACING**  
Certain Eliminations and substitutions Recommended—Further report is asked for by Council.

A report from the Board of Works recommending changes in the Section 4 street surfacing plans was presented to the city council last night and referred back to the committee for more definite report.

The report proposes the elimination of First Avenue from Second Street to Manson Way, McBride Street from Second Avenue to First Avenue, Second Street from First Avenue to the overhead and Sixth Street from Third Avenue to Fraser Street from the scheme and the substituting of Third Avenue from McBride street to the Gow Bay Road and Fulton Street from the fire hall to Fifth Avenue.

There was a general discussion of the progress of the work, the city engineer, in reply to questions, stating that only half speed was being made with the delivery of the Smith Island rock and the completion of the work was dependent on that. The contractors had stated that they would be through with their deliveries in two months. One reason for the delay was that only one scow was being used. The engineer stated that the

contractors had at no time come up to the requirements of their contract in the speed of deliveries.

### The Man in the Moon SAYS—

THERE is still time to make a few more prophesies in regard to the kind of winter we are likely to have.

IF you have nothing better to talk about, try the weather for a change.

ONE man who had been told about Prince Rupert being noted for change, came here and lost all his.

A MAN once went to Vancouver for a change and rest. It was rough crossing the Sound on the northbound trip and on his arrival here he told his friends that the Vancouver people got the change and the sea got the rest.

IT'S easy to teach children good manners as long as you don't let them mix with men.

A LOCAL drygoods salesman says the fall hose for ladies are so thin you can read the serial number on the bank roll.

THAT'S all right, but the principle draws too much interest.

IN spite of the fact that everyone has a bath tub, there are still people who use perfume.

### NO EXTRA PAY BUT OVERTIME WILL BE PAID FOR ELECTIONS

Ald. Collart's resolution calling for the conducting of civic elections and money bylaw voting by city officials without pay was passed by the city council last night after it had been amended to provide for the furnishing of meals for officials so engaged and the payment for overtime incurred on straight time rates.

There was a general discussion in the course of which it was stated that it had cost 25c a vote for the recent money-by-law polling. Ald. Collart and Ald. Montgomery objected to city officials drawing two salaries but Ald. McLeod thought that they should, at least, be paid overtime. The latter view prevailed and the resolution was so amended without dissension.

### DRUMTOCHTY CHANGED SINCE MC LAREN'S DAY

Difficult to Find Setting for Bonnie Brier Bush in Scotland.

Modern improvements have hit Scotland, much to the disgust of the American motion picture directors who are now there making pictures for American distribution. Donald Crisp, who produced "The Bonnie Brier Bush," for Paramount, in England, made a trip through Scotland hunting locations. He particularly wanted to find a few little cottages with thatched roofs, to be used as the backgrounds of his production.

But Mr. Crisp found that time has wrought changes in Scotland's villages. The Scotch peasant of Drumtochty days may have thatched his roof with straw, but the modern Scot is much more practical, if less picturesque. He prefers corrugated iron, and Mr. Crisp was obliged to motor several hundred miles before he found what he wanted. At last he discovered the Drumtochty of his dreams near Killin on Loch Tay, thatched roofs, brier bushes and all. Two hundred persons take part in the village scenes in the production.

### STEWART

W. R. McDonnell, who has gone into the transfer business with H. Hogan at Hyder, brought in recently the finest automobile ever seen in the district, a Cadillac eight-passenger.

J. M. Collison and H. T. Collison were in town last week on their way with a party to the Meziaden Lake spawning grounds to make an annual inspection.

W. R. (Billy) Smith, an old timer of Stewart, is revisiting the district.

E. W. Marentette, who was temporarily in charge of the Bank of Montreal here, returned to Prince Rupert last Sunday.

### PORT SIMPSON

Dr. Sager, medical officer in charge of the Port Simpson General Hospital has just left for a visit in England, his home land. He expects to return about the last of April or May 1933. He is accompanied by his family.

Dr. Friend, lately come from Ontario, will be in charge of the hospital here during the absence of Dr. Sager.

Mrs. Large, widow of the late Dr. Large, after spending some months at Bella Bella, is here for a short visit. Dr. and Mrs. Large labored long and faithfully for the welfare of the north. Mrs. Large and her two small children will return soon to Toronto, where her two sons are taking a medical course.

Work on the erection of the new girls' home is progressing and it is hoped will be ready for occupancy before Christmas.

The last contingent of the summer holidayers has departed and the general hope expressed is that they will come again.

### HERRING ENOUGH TO SUPPLY WORLD

So Says William Duff at Sitting of Fisheries Commission at Nanaimo.

During the final sitting of the fisheries commission at Nanaimo, William Duff, chairman of the commission spoke most optimistically of the future development of the industry on this coast. He said:

"As a result of the sittings of the Commission it is expected that an excellent idea concerning the whole fishery situation along the British Columbia Coast will be obtained. Fishing on this coast is capable of great development and it is hoped that the information gained by the Commission may be of assistance to those engaged in the industry. Proper encouragement and regulations are necessary. Herring, cod and halibut fishing are capable of great development during the next few years, as there are enough herring in Northern waters to supply the whole world with fish. It is a big and valuable industry and should be encouraged to the limit. Fishing can only be indulged in during certain months of the year, and for this reason the establishment of settlements where residents earn a living by farming and fishing should be encouraged. Some of the most flourishing settlements on the Atlantic Coast are founded on this principle."

Mr. Duff is interested in large fishing companies on the Atlantic and is a firm believer in the future of the fishing industry in British Columbia.

# CONTRACT LET FOR GRADING

C. Lundquist Successful Tenderer for Section 5 Work—City Will do Culverts and Sidewalks.

The tender of \$22,019.05 of C. Lundquist & Co. for rock and gully work and the estimate of \$3,696 by the city engineer for building of sidewalks and culverts in connection with the Section 5 street grading program were accepted by the city council last night on recommendation of the Board of Works. The work is to be completed within four months. The figures cover the entire work with the exception of such contingencies as lowering of water mains and sewers, taking out of present sidewalks and culverts, payment to the Sisters of St. Joseph for work already done and advertising which will be extra.

# BIDS RECEIVED BY CITY FOR FIRE HOSE

Tenders for the supply of 500 feet of 2 1/2 inch fire hose were received by the city council last night and referred to the utility committee for report. The bids were as follows: Rose & McNulty—Paragon, \$1.50 per foot; Red Cross, \$1.40; Trojan, \$1.20; Empire, \$1.10; Dominion Rubber System Pacific, \$1.01; Keystone, \$1.50; Roney, \$1.49; Safety, \$1.15; Star's Hardware—(total 500 feet), Paragon, \$866.30; Red Cross, \$808.90; Trojan, \$695.65; Empire, \$578.90; Thompson Hardware—Dunlop, \$1.50; Imperial, \$1.40; Niagara, \$1.45; Cataract, \$1.20; Globe, \$1.15; Prince Rupert Supply Co.—Goodyear, \$1.50; Reliable, \$1.45; Magnet, \$1.70; Surety, \$1.20; Duplex, \$1.10; Benown, \$1.15; Goodyear Tire Co.—Same as Prince Rupert Supply Co. Archie Grant, son of Dr. and Mrs. H. R. Grant, leaves tomorrow evening for Winnipeg where he will enter the Gillespie Elevator Co. managed by his uncle, C. Stewart Langill, to learn the business.

# Bishop of Newark Urges Church to Keep in Touch With Problems of People

PORTLAND, Ore., Sept. 6.—"The church cannot countenance violent methods, or an unfair day's pay or unfair day's work, or the breaking of agreements, but it must never lose its interest, nor forget its obligation in the Master's name, for the multitude in the hard place of life," said the Rt. Rev. Edwin S. Lines, D.D., Bishop of Newark, in his convention sermon here today at the opening session of the 47th triennial General Convention of the Episcopal Church in the United States. "The church must be able to give voice to the aspirations and hopes and desires of this multitude for something better in life for themselves and their children. Out from unspoiled homes are to come those who shall maintain the life of the church and the service of religion.

"The church has stood for charity and relief and mercy," continued Bishop Lines. "Emphasis must be put on social justice and fellowship and the Golden Rule upon duties rather than rights. No one can see the way in which our great cities have grown up with their homes of luxury and extravagance, waste and selfish comfort at one end, and mean streets and comfortless houses and indecent conditions at the other end of the town, without feeling that it is semi-paganism rather than Christianity.

**Against Injustice** "The church must make its own cause of the unprivileged people, those who are in hard places in life, of those upon whom the existing social and industrial order presses heavily, while it must stand against injustice and unfairness on both sides.

"I wonder not that the world is in revolt against the old and existing order, whether it be in society or industry or in customs and manner of living. It is largely a revolt against suppression and worn out customs and traditions and it had to come in a world which was settling down under the impression that money making and selfish prosperity and pleasure seeking are the main things in life. It is a subject for rejoicing that an increasing number of intelligent business men are endeavoring in a Christian way to solve industrial difficulties, see-

and vital, must make its journey and fill out the mission given by the Master.

**Prohibition** In concluding his sermon, Bishop Lines referred briefly to the subject of prohibition. He said in part:

"I recognize the right to differences of opinion and expression of the same as regards the wisdom of placing this subject in the fundamental law of the land. But there it is by the action of 46 of the 48 states, approved as other amendments have been, and a self-respecting people will see that it is obeyed. The minority have not forced their will upon the majority. If final action was quickly taken, that is the way our people act when they have been long making up their minds and have decided that a great evil must end. What a great jurist called the most insolent business in the land, had warnings enough and heeded them not. I do not argue about prohibition, but plead for obedience to the law, and if adjustments must come when time has determined public opinion, let them not be settled by those who are interested in the sale of strong drink, by those who put individual desires over against numberless lives and homes ruined by strong drink, forgetting that the restriction of personal liberty, willingly for the common good, is one of the finest traits of Christian character and the condition of the progress of civilization."

# GROTTO DEFEAT SONS OF CANADA

Tobaccoists Eliminate Canadians From Exhibition Soccer Series

In a game featured by loose playing and in which the Sons of Canada were the most out of form, the Grotto last night won the first play-off of the Exhibition football series by a score of 3 to 2.

The Tobaccoists scored easily through Kirby within three minutes of the opening. About 20 minutes later Stanley Marks equalized for the Sons, E. Warren scoring the second for the Canadians shortly after off a corner kick by S. Marks. Just before half time P. McGowan went through and scored the Grotto's second, tying the score at the end of the period 2 all. Both Sons of Canada goals were due to the looseness of the Grotto defence Mercer being given no chance to save either time.

In the second half the play on either side was very loose until P. McGowan scored again from a long shot from the centre of the field, which caught Scott entirely napping. Things livened up then and the two teams went at it hammer and tongs but nothing further resulted the darkness spoiling the play and the scoring chances. About ten minutes before the final whistle, Jimmie Marks made a close try and came near tying things up again when the leather just hit the cross bar.

The Grotto was given the best service by McGowan, Mercer, Barrie and Butters, but the Sons of Canada players, with the exception of Stanley Marks, were all out of their usual form. Several drastic changes in the line-up may have been partly responsible for this condition. Notable among the changes were the putting of H. Menzies to the right forward position and the shifting of Vic Menzies in the half back line.

The teams lined up as follows: Sons of Canada—Scott; Anderson and V. Menzies; G. Mitchell, W. Davis, J. Mitchell; S. Marks, Long, J. Marks, Warren and H. Menzies.

Grotto—Mercer; H. Hamilton and B. Barrie; P. McGowan, A. Roy and J. Currie; George Hill, J. Campbell, G. Waugh, Kirby and S. Butters.

W. McCulloch was referee and A. Clapperton and D. Howe, linesmen.

# Sport Chat

There was no speed boat race on the program of the Labor Day celebration this year although two local boats were in the water ready to go. They were George Frizzell's, Miss Rupert II, and R. E. Benson's Poinsettia. The latter craft with her automobile engine has been buzzing around the harbor for the most of the summer with more

The Tobacco with a heart

# CIGARETTES

or less success and her owner proudly says that she is capable of great speed if coaxed sufficiently. Mr. Frizzell just got his boat in the water for the first time this year on Monday.

For the benefit of those who do not know already, it might be explained that the Miss Rupert II is none other than Kenny Rood's Miss Chief of last year. Mr. Frizzell has taken the boat over and has installed a 40-hp Emerson speed engine in her. While she is, by no means, a prepossessing looking craft George says there is lots of speed in her and to prevent her from taking to the air altogether he has loaded an extra bunch of water ballast in the forward end of her hull.

With the Miss Rupert II now in the field, the prospects are looking definite for a competition at Fair time between her and the Anyox speedster, Wayward Girl and that there must be a race whether the Fair Association puts it on or not. The new trophy put up by Mrs. H. S. Munro, owner of the Wayward Girl, is already in the hands of the Exhibition Board.

# ANYOX COMING TO PLAY BALL

Three Games Series Arranged for Fair Week—Afternoons of Sept. 12, 13 and 14.

The Anyox Baseball Club has accepted the guarantee of expenses offered by the Fair Association for a series with the local club during the Exhibition next week. Three games will be played on the afternoons of September 12, 13 and 14. Arrangements were closed yesterday afternoon with the receipt of a letter from Anyox following a week's negotiations.

## Doughnuts and Crullers

**DOUGHNUTS!** There is nothing more wholesome and delightful than doughnuts or crullers rightly made. Their rich, golden color and appetizing aroma will create an appetite quicker than anything else in the world.

Here are the famous Dr. Price doughnut and cruller recipes:

(All measurements for all materials are level.)

**DOUGHNUTS**

- 3 tablespoons shortening
- 1/2 cup sugar
- 1 egg
- 1/2 cup milk
- 1/2 teaspoon nutmeg
- 1/2 teaspoon salt
- 3 cups flour
- 4 teaspoons Dr. Price's Baking Powder

Cream shortening; add sugar and well-beaten egg; stir in milk; add nutmeg, salt, flour and baking powder which have been sifted together and enough additional flour to make dough stiff enough to roll. Roll out on floured board to about 1/4 inch thick; cut out. Fry in deep fat hot enough to brown a piece of bread in 60 seconds. Drain on unglazed paper and sprinkle with powdered sugar.

**CRULLERS**

- 4 tablespoons shortening
- 1 cup sugar
- 2 eggs
- 3 cups flour
- 1 teaspoon cinnamon
- 1/2 teaspoon salt
- 3 teaspoons Dr. Price's Baking Powder
- 1/2 cup milk

Cream shortening; add sugar gradually and beaten eggs; sift together flour, cinnamon, salt and baking powder; add one-half and mix well; add milk and remainder of dry ingredients to make soft dough. Roll out on floured board to about 1/4 inch thick and cut into strips about 4 inches long and 1/2 inch wide; roll in hands and twist each strip and bring ends together. Fry in deep hot fat. Drain and roll in powdered sugar.

**DR. PRICE'S CREAM Baking Powder**

### MISS KNIGHT LEADS POPULARITY CONTEST

Miss Rose Moffat a Good Second With Mrs. McDaniels Third

With the end of the Exhibition popularity contest but three days off, Miss Thelma Knight, of Prince Rupert, still leads by a long margin which, during the past week or so, has been so increased that she now has nearly three times as many votes as her nearest competitor, Miss Rose Moffat, of Anyox. The campaign closes at 10 p.m. on Saturday night, September 9.

The standings to date:

Miss Thelma Knight	17,797,000
Miss Rose Moffat	(Anyox) 6,581,000
Mrs. B. McDaniels	3,259,000
Miss Grace Green	(Anyox) 1,796,000
Mrs. Bert McEvoy	760,000
Miss Ward (Masset)	455,000
Mrs. Grieve	424,000
Miss Gertrude Owen (Francis Lake)	135,000
Miss Waitie (Hazelton)	60,000
Miss Onolee Grieg (Terrace)	60,000

### MANY PRIZES SHOT FOR LAST SUNDAY

Chas. Lemon Wins Two; W. Brown, W. Bass, and Howard White, the Others

Five prizes were contended for at the McNichol Creek rifle range on Sunday by members of the North B.C. Rifle Association.

William Brown won the association's \$5 prize for high score of the day his total being 91. Charles Lemon won the second prize valued at \$2.50, donated by R. W. Cameron, with a score of 86 and also the McMordie spoon for the day, Brown's handicap being 11.

In the second class, W. Brass won the first \$3 prize given by Bryant & Co., and Howard White the second prize, a box of candy presented by James Killas.

The scores for the day were as follows:

W. B. Brown	31	29	31	91
C. Lemon	32	24	30	86
W. Davis	29	29	26	84
M. M. Lamb	27	27	25	79
R. W. Cameron	32	25	20	77

### BEER CASE AGAINST GEORGE JAMES ON IN POLICE COURT TODAY

The case against George James, proprietor of the St. James Hotel, charged with unlawfully purchasing two barrels of Cascade Beer, is proceeding in the police court today. The hearing opened at 10 o'clock this morning, evidence for the prosecution being taken and the defence witnesses then being proceeded with.

The witnesses this morning were Mayor Rochester, who laid the information and who gave evidence as to having seen the barrels being delivered, Sergeant McGluechy, who seized the barrels and W. J. Wakefield, who delivered them, James gave evidence on his own behalf and William Millar, liquor vendor, and Arthur Cover, beer inspector are now on the stand.

Milton Gonzales, of Williams & Gonzales, appear for the defence.

### ALICE ARM MINE SHIPS HIGH GRADE

The S.S. Marmion was at Alice Arm on Saturday last and loaded about fifty tons of high grade ore from the Esperanza mine, says the Alice Arm Herald. The ore is being shipped to the Tacoma smelter and was all in sacks.

Work of mining ore is still proceeding at the Esperanza and the mine is looking very promising.

### DEATH SENTENCE

MOSCOW, Sept. 6. — Fifty-five persons have been sentenced to death in South Russia upon conviction for counter revolutionary activities, the newspaper Parvia announces.

Prosperous advertising means regular continuous advertising.

### REBEKAH LODGE HAS OFFICIAL VISITOR

Miss George, of Victoria Grand President of the Rebekah Lodge of B. C., paid an official visit to the local lodge last night. Regular lodge work including initiation took place and refreshments were served.

Miss George, who arrived from the south Monday, will leave tonight for Smithers and Prince George to visit the lodges at those points. She will return south by way of the C. N.R. overland route.

### BIBLE IS CROWDED OUT OF LIVES OF PEOPLE SAYS LADY

Declaring that the Bible was being crowded out of the lives of the people individually and that the nations of today were beginning to consider it a non-essential factor, also that the great need of today was to have Jesus Christ come into the home, Mrs. Eleanor Fry delivered a powerful address in the Empress Theatre Sunday evening to a large audience.

Mrs. Fry believes in Bible education for children and that if men and women today had more of the Bible in their lives there would be less dishonesty and immorality.

Mrs. Fry spoke appreciatively of Prince Rupert and said she had never been in a place which afforded more sights of real beauty, but with all the grandeur of nature, there was a noticeable lack of spiritual tone in church circles.

In the afternoon she made a plea to return to the old-time religion with apostolic power. She asked all to unite with her in an effort to bring about a revival which would not be confined to one church alone, but would sweep the whole city.

The boy musician, Hugh J. McAlister, presided at the piano during the song service and also delighted the audience with a couple of solos. Pastor W. J. Scherk announced that the meetings would continue for two weeks longer.
