Germany May Get International Loan

SEVERAL LOSE LIVES AND PROPERTY DAMAGED BY TORNADO

Condition of Germany Causes Much Uneasiness Throughout European Countries Today

LONDON, July 11.—Premier Poincaré of France will be invited to London for a discussion with Premier Lloyd George on the reparations question as it is affected by the present conditions in Germany. Great Britain and France are in close communication concerning Germany's financial position, which came before the British cabinet meeting today.

PARIS, July 11.—A moratorium on Germany's cash payments for the remainder of the year is thought in circles close to the reparations commission to be quite probable as a result of a conference today between German representatives and all the members of the reparations commission in formal session.

NEW YORK, July 11.—Despite the alarming reports from Berlin and other European capitals, international bankers here expressed confidence that the great international loan will be made for Germany's rehabilitation, says the Wall Street Journal.

BODY OF HINDU LAD IS FOUND

Four Countrymen Held Pending an Investigation at North Vancouver

NORTH VANCOUVER, July 11.—The body of Hukma Singh, a fifteen year old Hindu boy, has been found in the bush. Four Hindus, including the uncle, whose home the boy visited, are being held by the police pending an investigation, but no specific charges have been laid against them.

OCEAN FALLS MAN DROWNED

Percy O'Neill Entered Water Right After Eating, Heart Failure Ensued.

OCEAN FALLS, July 11.—Percy O'Neill, a well known young man and sportsman of Ocean Falls was drowned while swimming yesterday.

O'Neill entered the water right after eating and it is supposed his death was due to heart failure. His mother is a resident of Vancouver.

CITY COUNCIL READY DO WORK APPORTIONED AT MCCLYMONT PARK

Providing the other societies go ahead with their allotted portions of the scheme outlined for the improvement of McClymont Park as a playground, the city council will do the share set down for it in the recent ladies' petition, namely the providing of swings, lavatory, drinking fountain and supervision. A recommendation to this effect from the Board of Works was last night adopted by the council. The work will cost the city something less than \$75 and it is the Board of Work's present plan to have the supervision in the hands of the police. It was made clear that the doing of the work by the city would be dependent on the other societies doing theirs. The Rotary Club is called upon to put in a concrete wading basin, Knights of Columbus, sand bins, etc., tester-totters.

USE OF UTILITIES IS ON INCREASE

Both Light and Phone Departments Have More Accounts This Year Than Last.

A report from the utilities committee giving a comparative statement of light and telephone accounts for this year and last was received by the city council last night. An increase in the number of telephones is taken as an indication that the population is larger and both reports refute the rumor that there had been decreases in the services. The figures received were as follows:

Light Accounts.
Jan. 1, 1921—1513 accounts.
July 1, 1921—1572 accounts.
Jan. 1, 1922, 1629 accounts.
July 1, 1922—1603 accounts.
Phone Accounts.
Jan. 1, 1921—1291 accounts.
July 1, 1921, 1269 accounts.
Jan. 1, 1922—1321 accounts.
July 1, 1922, 1321 accounts.

NO TRADE FOR BABE RUTH CONTEMPLATED

CHICAGO, July 11.—The rumor that the White Sox are negotiating for a trade with New York for Babe Ruth is denied by Grabiner, manager for the White Sox, who says nothing of the sort is contemplated.

CHILD KILLED

Ran in Front of Auto; Driver Charged Manslaughter

VANCOUVER, July 11.—Preoccupied with dodging a street car, eight year old Aileen Richardson, 1143 Burrard Street, was instantly killed when struck by an auto. J. S. Stratton, driver of the car, is held on a technical charge of manslaughter.

CANADIAN CLAIMS ARE BEING DELAYED AND GERMANY SIDESTEPS

Canadian Officials Going to Europe to Expedite Settlements Settlements

F. C. WADE, K. C.

Ottawa, July 11.—The departure of Thomas Mulvey and O. M. Biggar for Europe reveals that the Canadian Government is seeking to expedite payment by Germany of the war claims of Canadian citizens. Only \$465,000 has been paid to date out of a total of \$8,752,085 claimed against German debtors.

The rumor says that any clerk in the German clearing office failing to make every technical objection to payment of Canadian claims is fired from the job. The complaints of Canadians will be placed before the mixed tribunal handling the claims.

DEMOLITION OF OLD PHOENIX THEATRE IS LAID OVER A WEEK

The motion by Ald. Collart and Ald. Dykhvay calling for the city to demolish the Phoenix Theatre following the failure of the owners to do so was presented at last night's council meeting, and on motion of Ald. McLeod, seconded by Ald. Kerr, was laid on the table for a week. While Ald. Collart was decidedly of the opinion that the city should take action, the mayor felt that further time might be allowed for M. Stephens, the agent, and Maurice Bondeau, the owner, to take their own steps of either repairing or demolishing it.

SALMONBELLIES ARE AGAIN VICTORS OVER VANCOUVER AT LACROSSE

NEW WESTMINSTER, July 11.—The salmon bellies of this city defeated Vancouver Terminally by a score of four to nothing in the Minto Cup lacrosse game here on Monday.

FISH ARRIVALS

Eighty-Eight Thousand Pounds of Halibut Was Marketed This Morning

Eighty-eight thousand pounds of halibut was marketed at the Fish Exchange this morning, the arrivals and sales being as follows:

Pioneer, 24,000 pounds, at 10c and 5c; Flattery, 5,000 pounds at 12.5c and 5c; Marguerite, 4,500 pounds at 12.5c and 5c; and Nuba, 6,000 pounds, sold to the Canadian Fish and Gold Storage Co.

Venus, 14,000 pounds, and Peggy, 40,000 pounds, sold to the Booth Fisheries Canadian Co. at 13.5c and 5c.

Pair of Jacks, 25,000 pounds, sold to Atlin Fisheries at 13.4 and 5c.

Ethel June, 3,000 pounds, sold to Sinclair Fisheries at 12.7c and 5c.

MEMBERS OF PARLIAMENT MAY BE HERE

Invitations to British Legislators to Join Montreal Board of Trade

VISIT PRINCE RUPERT

Associated Chambers of Commerce of Great Britain Are Invited

Invitations to join the Trans-Canada tour in September of the Montreal Board of Trade which, as previously announced by the Daily News, will take in Prince Rupert on September 24, have been issued to members of the Imperial parliament and representatives of the Associated Chambers of Commerce of Great Britain and the Federation of British Industries.

"The board believes it can make no more important contribution to the interests of the Dominion and Empire than by helping to bring East and West together and by affording members of the Imperial Parliament an opportunity of seeing Canada and meeting representative Canadians," W. M. Birks, president of the Board, states in a foreword to the official program which has just been issued.

150 to 200 Persons

From 150 to 200 persons are expected to form the party. Members of the board may be accompanied by members of their families including women over sixteen years of age. In their itinerary the travellers will cover 7,290 miles, visiting all the principal cities and noted beauty spots of the Dominion.

Leaving Montreal on September 1, the party will travel to Toronto and from there, by steamer, up the Great Lakes to Port Arthur. Then train will be taken and stops will be made westbound at Kenora, Winnipeg, Regina, Moose Jaw, Bassano, Calgary, Banff, Lake Louise, Glacier, Arrow Head, West Robson, the Okanagan valley towns, and Vancouver.

North to Rupert

Visits will be paid to Victoria and Prince Rupert, various mining and ranching centres of British Columbia and to Mount Robson, the highest peak of the Canadian Rockies.

On the return journey a day will be spent at Jasper Park. The homeward route followed will be through Edmonton, Winnipeg, Cochrane and the famous Porcupine and Cobalt gold and silver mining country. The party will arrive back in Montreal on September 30.

This will be the first occasion for members of the Imperial Parliament to tour Canada in a body.

STEADY IMPROVEMENT IN SKEENA FISHING

Large Number of Sockeye Being Taken With Average of 50 to Boat.

There is a steady improvement in the sockeye fishing on the Skeena River. Reports as to the number of fish taken to the boat differ considerably, varying from 35 to 50 with the latter figure predominating.

The next two weeks should see the run increasing, as the first usually come in on the big tides.

INSURGENTS IN IRELAND ARE ACTIVE

DUBLIN, July 11.—Republicans have been exceptionally busy in County Donegal. In addition to an attempt to destroy the bridge across the Lennon River they blew up the Gibborn bridge, thus cutting off traffic in West Donegal. The bridge was a quarter of a mile long.

Reports of the wrecking of railway lines by insurgents indicate that the present plan of campaign of the republicans is to prevent the movement of Free State troops.

NATIONAL RAILWAYS DIRECTORATE TO SOON BE ANNOUNCED OTTAWA

Prominent Names Being Mentioned in Connection With Positions

OTTAWA, July 11.—The personnel of the directorate of the Canadian National Railways is still engaging the attention of the minister of railways, who, as soon as Premier Mackenzie King returns, will discuss the matter with him. The names of many prominent men are being canvassed in connection with the positions and it is a good guess that Hon. George P. Graham will be chairman of the board with a strong support.

FISHING SCHOONER HENRIETTA MAY BE LOST EAST COAST

BOSTON, July 11.—Edward Hines, member of the crew of the fishing schooner Henrietta, which was lost in the fog a week ago when trawling in South Channel, turned up today in Boston aboard the ship DeCosta. The fate of the Henrietta is not definitely established.

ARABS OPPOSED TO BRITISH MANDATE

Accuse British Violating Pledges to Those Who Fought For Them

LONDON, July 11.—The Arabs have issued a manifesto accusing the British Government of violating its pledges to the Arabs after the latter had fought for the British.

The manifesto was issued by the Arab's delegation in London which opposes the British mandate in Palestine.

JOE LYNCH IS CHAMPION AGAIN

Wins by Technical Knockout From Johnny Buff at New York.

NEW YORK, July 11.—Joe Lynch of New York regained the world bantamweight title from Johnny Buff by a technical knockout in the fourteenth round of a fifteen round bout here last night. The champion was groggy in the fourteenth and he was overcome by smashing blows from Lynch.

Terrible Tornado Sweeps South Dakota and Nebraska Property Damage \$3,000,000

OMAHA, July 11.—Three persons were killed and at least two others were injured, probably fatally, when storms and a tornado swept parts of South Dakota and Nebraska on Saturday, Sunday and Monday. Hundreds of buildings were destroyed and the total property damage may reach three million dollars. Crops suffered considerably.

HON. DR. SUTHERLAND

MINISTERS ARE IN CITY AGAIN

Have Seen Mining Camps of North and Are Going to See Interior Agricultural Areas.

The provincial government ministerial party returned to the city on the Chelohiss this morning at 7 o'clock after having visited Stewart, Alice Arm and Anyox. Tonight they will go out on the passenger train making their first stop at Terrace after which they will visit Hazelton. From there the party will go in automobiles as far East as possible personally visiting the various settlements and towns on the way. They will return south by way of the Canadian National overland route and expect to be back in Vancouver by July 19.

On Sunday, at Stewart, the ministers and officials were taken for a drive as far as Bitter Creek. Met by Bert Kergin's launch, Awake, at Point Ramsden they went up Observatory Inlet to Alice Arm after which they visited Anyox and were shown through the smelter, coke plant and other departments of the Granby Co.'s mining industry.

Not Exaggerated.

The ministers were surprised with what they saw in the north and to those of them who had not seen the mining camps of Cassiar before their visit brought forth revelations. They realize that what the local members have said of the north is not exaggerated and are expecting to be further surprised when they get into the central interior agricultural areas.

AGREEMENT FOR POWER SUPPLY

Council Approves Plan of Utilities Committee for Reciprocal Supply.

The agreement proposed by the utilities committee for a connection with the dry dock which will afford reciprocal electrical supply between the city and plant was approved by the city council last night and is to be submitted to the Grand Trunk Pacific Development Co. for ratification, power being given to the mayor and city clerk to complete it.

The agreement, as reported last week, will provide for the dry dock to be supplied with electrical energy from the city lines and will place the dry dock power plant at the use of the city in case of emergency. Reciprocal rates have been agreed upon, the company will pay part of the cost of installation of the line and a payment of \$50 for every time the piers are raised has been agreed upon.

DAILY EDITION

Tuesday, July 11, 1922.

**Keeping In Touch
With The Ministers.**

The visit of the ministers of the Crown at Victoria and the agent-general in London to this district is of decided benefit to the place in that they will have first hand impressions of it and its importance. They were given a good opportunity of looking over the city and its industries and of getting the fullest information. They were also kept informed on the need of a road to the interior and the desirability of starting that road immediately. While the minister of public works is impressed with the need of work beginning here soon, he also sees the necessities in the farming districts, and naturally Mr. Barrow, as minister of agriculture, has an eye to the development of the industry in which he is particularly interested.

With the aim of the Government to place the farming industry on a sound basis we are in full accord. We agree that the trunk roads of the interior should be better than they are at present and that many new roads are needed. Too much attention cannot be given the farming districts. Still there is a duty to Prince Rupert. We have been stalled off for a long time and just as we thought we were wearing down the opposition of the minister of public works to going ahead with the work, another minister is appointed in that department and we have to go over the work again. However, as was pointed out at the dinner Saturday night, there are two live and insistent representatives of the north at Victoria and with their aid we may hope to have that road commenced this coming winter.

What we want is the first section of the road built. There are already surveys of it. The construction is simple and there is seldom snow on the ground there in winter. To build to Galloway Rapids would be a comparatively easy matter and would let Prince Rupert people know that the Government is in earnest in this matter of road construction.

**Six Thousand People
Without Any Road.**

Was there ever a city of six thousand population, the terminus of a transcontinental railway and a city with every prospect of a great commercial future without a single foot of road leading out of it over which an automobile or even a wagon can be driven. There never was, so far as we have heard. There have been smaller towns, places with little future prospect of development. That too was in the days when motor transportation was not much in vogue. Today people are all buying cars. We are spending a lot of money on the city streets to keep up with the trend of the times and what we are asking is that the Provincial Government back us up and make a beginning this year on the road to the interior.

**Not Asking Anything
In Way Of Favors.**

We are not asking a favor from the Government when we ask for a road. Much of the income of the province comes from the timber lands of the north country. We are sending money south and not getting back as much as we send. While we realize there is a funded debt to pay and expenses of government to carry on, yet we also realize that there is a tendency to spend money in the south rather than in the north just as is done in California.

Some time ago there was a movement on foot to have northern British Columbia formed into a separate province. This would possibly be for the benefit of the north, but if we get fair treatment from Victoria there is no reason for any change. Rather than to have a separate government formed, we ask the ministers to look favorably on our needs here and make it possible for north and south to work together in harmony. No one recognizes better than do we, the immense work the minister of public works has to do and the difficulties he has to overcome, but we claim that we have now waited long enough. It has come to a time when there will have to be a show down. Prince Rupert is becoming impatient at the delay and is wondering how long this agitation will have to be kept up before action is taken. As we mentioned before, we are not asking for very much. What we want is to have the road started and built as far as Galloway Rapids. When we get there we can then talk about the next section.

The Price of Tea.

due to under-production and largely increased consumption has risen to the highest level in years. To maintain "SALADA" Quality in our popular Brown Label Blend we have been forced to advance the price to 65c per pound. However, prices of

**SECTION FIVE
GRADING PLAN
IS MODIFIED**

**City Council Decides to Grade
to 14 Foot Width and Put in
4' 6" Sidewalks.**

As a result of last week's meeting of the city council in committee, the plan for the grading and surfacing of certain parts of Fourth and Fifth Avenues and Dunsmuir Street and Agnew Place, in Section Five, and the putting in of sidewalks has been considerably modified. A report from the committee was received by the council last night and accepted, the city engineer being instructed to submit estimates and plans on the new basis.

The original report for the grading and surfacing of the streets affected to a width of 16 feet has been rescinded and the width of 14 substituted. Instead of 6 foot sidewalks there will be 4 foot 6 inch ones. The grading of Fourth Avenue East of Dunsmuir Street, was also included in the scheme and part of Fifth Avenue West of Agnew Place is to be cut and graded to provide rock for the filling of Agnew Place.

The original report for the grading and surfacing of the streets affected to a width of 16 feet has been rescinded and the width of 14 substituted. **Ten Years Ago
in Prince Rupert**

July 11, 1912.

The city council last night made a grant of \$100 to the fund for the reception of Premier McBride next week. The mosquito fleet, gaily decorated, will meet the Princess May and J. S. Gray and W. L. Barker are to arrange for the presence of a band.

Mr. McNeill, a representative of the Prince Rupert Hydro-Electric Co. addressed the city council last night asking for a 40-year franchise for the supply of light and power to the city. A motion was passed asking Mr. McNeill to submit his proposition in writing.

The future of Prince Rupert is linked up with the prosperity of the Orient. That was the burden of an address given before the Canadian Club today by Dr. Chang Kang Jen, Chinese consul at Vancouver. The speaker said that this port had the advantage of being 600 miles nearer the Orient than any other on the Pacific Coast and it should be able to compete. He advised the establishment of Canadian consular service and banks in China. Judge Young presided.

**The Man in the Moon
SAYS—**

PRINCE RUPERT is full of sinners judging by the number of people who spend their Sundays on the water.

IT'S a great and glorious feeling to be a sinner once in a while.

MANITOBA people are filling in the time between seeding and harvest by attending election meetings.

WHY can't somebody invent a method of making motor fuel from muskeg. Then we could all get rich by the lightning route.

IT'S easy to find out what horsepower a motor will develop when placed in a motorboat but there is no way of reckoning the power developed in cranking the motor when it refuses to start.

THE most objectionable person in the world to an auto driver is the traffic cop.

THE most objectionable person in the world to an editor is the man or woman who wastes his time.

21:52 p.m., 6.5 feet.

**HEAD OF TOM LEE
COMPANY RETURNS**

**Thinks Prince Rupert Should
Deal Direct with Orient and
Have Goods Come Here.**

That there should be a big trade between China and Canada by way of Prince Rupert is the opinion of a local Chinese merchant, Hun Jan Hwo, head of the Tom Lee Co., Second Avenue, who has just returned from an extended visit to the Orient. He says China is producing goods that Canadians habitually use and she needs the lumber both rough and manufactured, that is produced here. A large business should be worked up and much of it should be shipped by way of this port.

Mr. Hun, or as he is better known here, Tom Lee, visited Japanese ports, Shanghai, Hong Kong, Canton and many other centres. He says business is good in Canton. The city is being improved, streets widened and many English speaking people are developing industries there. He thinks the present political trouble will not continue long. The factions will get together.

While in China, Tom Lee shipped 32 car loads of Chinese eggs to the United States. These were fine fresh eggs of the best quality. There were 700 cases to the car load and 30 dozen eggs to the case which gives about a quarter of a million eggs to the car load or eight million eggs in all. The Chinese are also beginning to grow fruit for canning. Pineapple and other fruits will be shipped this year and the business seems likely to have great opportunities.

Tom Lee left here in January 1921 and has been combining business and pleasure. He came here direct from Hong Kong.

**TELEPHONE AND LIGHT
EXTENSIONS PASSED**

**Report of Utilities Committee
Involving Extra Expenditure
Of \$6300 Is Adopted
by Council.**

The reports of the superintendent of utilities and the utilities committee recommending construction and reconstruction of the light and telephone systems which will amount to an expenditure of \$6300 over the ordinary cost of maintenance for the year were adopted by the city council last night. The cost involved is mainly made up of a list of tenders for materials which were accepted. The surplus account of the light department last year, which has been made available and is about \$12,000, will cover the work of the department.

The tenders accepted were as follows:

Wire cable—Parkin & Ward, \$63.10 and \$50.20 per hundred feet.

Messenger cable—Parkin & Ward, \$9.90 per hundred pounds.

Crooseted Fire Conduit—

CITY REFUSES ASSENT WORK BOOTH SCHOOL

Files Request of School Board That Money Be Provided for Work.

A letter from the School Board asking the city council to provide the \$15,000 necessary for the execution of the repairs to the Booth Memorial School was recommended by Architects Jeffers and Whittaker and asking that the council give the board authority to go ahead with the work was last night received and filed by the council.

Ald. Montgomery said that he had first been opposed to the doing of the work without a by-law and he was still opposed to that principle. He did not think the council could give the school board authority to go ahead.

Ald. Kerr said the council had asked for an investigation but no reply had been made. If the matter was to be whitewashed he did not want to enter into it at all. The people who had been connected with the construction of the building were gradually leaving town.

Ald. Perry thought that as the council had given the board encouragement to go ahead he did not think it was proper that a technical obstruction should now be put in their way.

Not First Time.

Ald. Collart stated that it would not be the first time the council had spent money before putting a by-law. The matter should be left with the school board since they had agreed to finance it.

City Solicitor Hooper said the School Act gave the authorities power to cover unforeseen expenditures from general fund. The council had passed a resolution asking him to advise the school board regarding an enquiry but he had not thought the time ripe for that yet. Therefore he had not made his report to the school yet. It would take only a short time to do so.

Ald. Perry said that it would seem from Ald. Montgomery's remarks that his whole object in putting anything in the way of the school board was so that an enquiry might take place. The School Board had asked the city council to take steps towards an enquiry. They had been frank and he thought it was up to the council to be frank as well. It would be breaking faith with the school board if the council failed to furnish the money. He would not help to put any difficulty in the way of the board for he wanted to see his own children going to the school again and so must also Ald. Montgomery.

Breaking Faith.

Mayor Rochester said that by taking the course suggested by the council, it seemed to him, would be breaking faith with the people. There was no guarantee that \$15,000 would put the school in shape. The people should be given a chance to vote on it.

"I don't want my children to go back to that school and I hope to God they don't have to," declared Ald. Montgomery. "I am afraid to send them there and there are many more like me. This white wash is not going to make the school safe I am satisfied. The sum of \$15,000 will not cover it half. I consider that the school board has broken faith with the general public and if we finance under these conditions we will also be breaking faith. I want an investigation and they don't want

one. I want to see what has happened to the money that has already been buried there. If you want to persist in this it is up to you but I oppose, not the permanent repairs to the school, but temporary repairs. I am not satisfied with the last report. It has tried to shun the points. Would any practical man expect that the floors could be reinforced for \$1,000? It is something damnable."

Arguments Childish.

Ald. Perry thought such arguments childish. If Ald. Montgomery had wanted to pull the report of the architects to pieces, why not he done so when they were here? They had the opinion of Ald. Montgomery as against the opinions of Architects Whittaker and Jeffers. He thought the school board was sincere in its request.

The report was then ordered received and filed.

Ralph Harrap has been elected to fill the vacancy on the Exhibition Board caused by the resignation of H. Pattinson, who has left the city. Mr. Harrap left for the interior on last night's train. On behalf of the association he will attend the farmer's picnic at Round Lake on Thursday and on Saturday he will be present at the semi-annual convention of the Northern Interior Co-operative Association at Houston. Mr. Harrap will also do general advertising and organization work while in the interior.

AN ANTI-CHRISTIAN MOVEMENT IN CHINA

Energetic Propaganda Commenced Against Foreigners With Minor Outbreaks

AMOY, China, July 11.—The religious world of the Far East is stirred by an anti-Christian movement which started early in May among the students of private and government schools throughout the country. These young people term Christianity a superstition and harmful to the people, taking away reverence for ancestors and freedom of thought and action.

The new movement has begun an energetic propaganda, which in turn has brought Christian leaders to the front, many of whom look upon the movement with grave misgivings, not knowing what will be the outcome. Others think it is simply the result of a desire to organize something, and that the best means of defeating it is to ignore it.

Unconscious Tools

Conditions provoking the organization of such a movement are said by Christian leaders to be the rapid progress of Christianity in China, taken together with much talk and advertising of the recent World's Christian Student Conference and other conferences of a like nature held in this country. The students are declared to be unconscious tools in the hands of leaders who are seeking favorable conditions for the breaking up of organized society and the working of Communistic ideas.

The leaders of this anti-Christian movement are Dr. Tsai Yen-pet, Chancellor of the Peking National University; Wang Chao-min, secretary to Dr. Sun Yat-sen, and Chen Tu-siu, who is a Socialist. Sub-organizations will no doubt spring up. A Free Love Society has already been formed among the students of Amoy University.

Anti-Foreign

Considering the possibility of an anti-foreign movement resulting, the local Consular bodies have taken up the matter with the Commissioner of Foreign Affairs who, however, pronounces himself unable to give any promise of protection in case of persecution. Already in a few places minor outbreaks of a hostile nature against mission work have been reported, in spite of the claim by leaders of the movement that the purpose is to be nothing more than passive resistance.

CAMPING PARTY OFF TO PORT SIMPSON

Rev. G. G. Hacker Takes 27 Boys and Girls Over to Spend a Fortnight Camping.

Rev. G. G. Hacker left this morning for Port Simpson on the Chelohsin in charge of a party of 27. Trail Rangers and Canadian girls in Training who are to spend a fortnight camping there. W. B. Cornish has gone to assist Mr. Hacker in the supervision of the camp and Miss Vienna Calderone is to be in charge of the girls. The old hotel at the village has been secured for the housing of the party.

Regular daily routine of drill interspersed amply with rest and recreation will be taken up. Cooperation and self-reliance to be emphasized. Dr. Guest, of Port Simpson, will give lectures on first-aid and other subjects.

LACROSSE GAME NOW ORGANIZED

Prince Rupert Lacrosse Association Formally Launched Last Night.

STORK DONATES CUP

George Tite, President; Harry Lipsett, Vice, and S. W. Taylor, Secretary.

The Prince Rupert Lacrosse Association, the first organization of this sport in the city, was formally launched at a well attended meeting of players and fans held last night in the Sons of Canada rooms. The donation of a cup by Fred Stork, M. P. was announced and it was decided to call the trophy the "Fred Stork Cup" and that it be held for annual competition by the association. The play for the trophy will start on July 19 and entries of teams are to be in by July 17. It was moved and seconded that a reply be sent to Mr. Stork thanking him for the trophy. Harry Lipsett presided last night and Harry A. Breen acted as secretary. Permanent officers for the year were elected as follows:

Honorary President, Fred Stork, M.P.; Hon. Vice President, Hon. A. M. Manson; President, George Tite; Vice President, H. P. Lipsett; Secretary-Treasurer, S. W. Taylor.

Executive Committee, Officers and T. B. Hooper, H. A. Breen and Jos. Scott, Jr. Each club will also have a delegate to the executive. An account for the Association is to be opened in the Royal Bank.

GIL'S WINNERS OVER GROTTO

Eighth Inning Rally Last Night Upset the Leaders Hopes 10 to 9.

After having considered the evening's honors on ice up till the end of the seventh inning, the Grotto Intermediate baseball team fell victim to one of those eleventh hour rallies on the part of Gil's last night and lost the game in the tenth frame by a score of 10 to 9. The game was, on the whole, one of the best Intermediate League exhibitions of the season. Gil's played good snappy ball throughout and the Grotto also did well although at times they seemed to fall behind their opponents in vigor and pep.

The Grotto opened the scoring in the first and made one run, Gil's coming through with three in their half. The second and third innings were productive of no scoring but in the fourth and the fifth the Grotto made three and four respectively and seemed well away. Nothing was tallied in the sixth and seventh but in the eighth Gil's got several good hits, including a home run by Bazzett-Jones, and when the side was down they made five runs, equalizing the score to 8 all. In the ninth each side scored once and the extra time had to be given. Grotto went down 1, 2, 3, in the tenth and Willie Lambie, brought in by McDaniell's sacrifice, crossed the plate for Gil's winning run. Jimmie Ross made a home run for the Grotto in the fifth. George Hill injured his finger in the eighth and swapped his position behind the bat with Barrie from second.

Fair Attendance.
There was only a fair attendance but what they made up for in enthusiasm especially around the eighth. J. McLean was balls and strikes umpire and Jack Hatchett, bases. The lineups were as follows:

Grotto—Barrie, 2b; S. Butters, cf; R. Gilmore, ss; G. Hill, c; S. Handenschild, 3b; J. Foss, rf; Metowan, 1b; Clapp, lf; Warren, p.

Gil's—Sherman, ss; Mitechell, 2b; Bazzett-Jones, 1b; J. Mitchell, 3b; J. Hamilton, c; Smith, lf; Lambie, rf; McDaniell, cf; Montgomery, p.

Score by innings:

Grotto ... 1 0 0 3 4 0 0 0 1 0—9

Gil's ... 3 0 0 0 0 0 5 1 1—10

Sport Chat

Owing to the fact that there was not a sufficient number present at the annual meeting of the Prince Rupert Swimming Club to form a quorum that organization may be said to be out of existence this year. Therefore, as matters stand now, there will be no more improvements at the Salt Lakes done nor will the usual gala be held this year under its auspices. In spite of this, the club, early in the season, repaired the cement dam at this end and the work done by the provincial government on the trail has been of great value. Officers, or rather ex-officers, of the club state that any further action will be up to the general public so if anything is to be done further this season a move will have to be made quickly.

It seems regrettable that there should be no organization in charge of affairs at the Salt Lakes, especially in view of the fact that so many swimmers patronize the lakes. While the need of an organization may not have been felt very keenly so far this season, because things are pretty well in shape, thanks to the efforts of the faithful few in previous years, once things get into disrepair and improvements are really wanted it will be necessary to have an organization again to undertake them. People should remember that it takes work to afford pleasure and they should be willing to do their share to that end. It is at least easy enough to attend a general meeting so that the organization may be kept on.

Tonight's football game between the Sons of Canada and the Sons of England may decide the league championship or it may tie the race up in a very interesting manner. It all depends on which side wins. If the Canucks win their worries will be over and they will have the honors on ice with a safe one-point lead whatever may happen subsequently. On the other hand, if the Englishmen win they will be tied at the top with the Canadians, and the Grotto would also still have its chance at the championship. For the Canadian Sons it is important to be in winning form tonight for if they lose now things would be too close to be comfortable. Needless to say both teams will enter the lists keen on victory and, that being the case with so much at stake, the game will be of more than usual interest to the fans.

The lineup for the Sons of Canada in tonight's game against the Sons of England in the Senior Football League will be as follows: H. Frizzell; V. Menzies and H. Menzies; W. G. Anderson, W. Davis and J. Mitchell; S. Mark, E. Tait, J. E. Mark, E. Warren and U. U. La Gasse.

The Board of Control of the football association met last night and decided upon a replay of the disputed Dominion Day Cup final between the Callies and the Sons of Canada. The date of the replay will be set by the executive of the association.

LYNCHINGS IN UNITED STATES

Horrible Crimes Committed Against Negroes Who Charged with Offences.

Since the 1st of May eight negroes have been lynched in the Southern States of the United States. Four of them were burnt alive while crowds looked on. Such lynchings are common happenings in certain States, but this epidemic of them, crowded into a few weeks and coinciding with consideration by the Senate of a Federal anti-lynching bill, has focused national attention to an unusual degree upon a form of such crime which is habitual in this country and is unknown elsewhere, says the Manchester Guardian special correspondent at New York.

Three negroes were burned at the same state in a little Texas town on May 6. One of them was guilty of an assault upon a 17-year-old white girl, and he is said to have implicated the other two in his confession. They, however, even while the flames were searing them, steadfastly pleaded their innocence. When the three were dead their charred bodies were soaked with oil and burned to ashes. Two days later another negro who had been charged with the same crime was found hanging from a tree near the scene of the triple lynching.

Was Tortured.

Shortly after the police discovered evidence which seemed to incite the assault to a white man, on May 18 a fifteen-year-old negro boy was tortured over a slow fire while 2,000 men watched and cheered. Finally he

Was Burned.
