PRICE FIVE CENTS

Steamer is in Distress Off Flattery SINN FEIN ARMY OF 4,000 WAS READY MARCH ON LONDONDERRY

British Will Protect People of Northern Ireland; Forces to be Increased if Necessary

LONDON, Feb. 10.—Announcement was made by Premier Lloyd George in the House of Commons that he had notified Michael Collins, head of the provisional government, that the kidnappings in Ireland showed the necessity for the presence of British troops in Ulster. He also announced that the Northern Irish Parliament had been assured that the number of British troops would be increased to any amount necessary for the protection of the inhabitants.

The situation created by the kidnapping in Ulster continues to bear a grave aspect. The Northern Irish Parliament had not up to this afternoon received any intimation of the release of the prisoners taken in the recent raids and had no authentic information as to their whereabouts.

Army Ready to March.

STRABANE, Feb. 10.—Four thousand armed men with 300 motor cars assembled at Donegal Tuesday night ready to advance on Londonderry, when news of the reprieve of the three men under sentence of death there was received. The men then dispersed.

Irish Republican officers at Clones, County Monaghan, are credited with saying more Unionists will be kidnapped if the detention of Sinn Fein prisoners is continued.

Four special officers were arrested by Irish Republicans today. The four Donegal Unionists kidnapped Wednesday were released Wednesday.

IRISH RAILWAY STRIKERS SEIZE ALL THE TRAINS

CORK, Feb. 10.—Dissatisfied with the terms of settlement of the Irish railway strike, a group of workmen marched into the Cork station today, seizing it and all trains. Up to the middle of the afternoon no opposition had been offered.

MUST KILL OFF STORK IF KEEP DOWN THE COST

Increase in School Population Causes Increase in Estimates for Year.

"If you want to hold down the cost of education in this town you will have to kill off the stork," declared L. W. Palmore at the meeting of the board of school trustees last night. The expression was provoked when it was mentioned that the estimates for this year amounted in all to \$78,000 as against \$63,000 last year. It was explained that most of the increase was due to the provision for extra teachers consequent in the increase of the school population. The heating and upkeep of the new schools also enters into the calculations. In addition to the sum asked for general estimates there was an extraordinary estimate amounting to \$8,855 for school grounds, improvement and other new work.

NO POSTPONEMENT GENOA CONFERENCE

LONDON, Feb. 10.—It is authoritatively stated here that Britain has agreed that there will be no postponement of the proposed Genoa economic conference until the request for postponement emanates from Rome.

FRAUD CASE AT TORONTO

Financial Men Convicted of Conspiracy to Defraud Their Creditors.

TORONTO, Feb. 10.—Nathan Brenner and Meyer Brenner, father and son, were found guilty yesterday by a jury of conspiracy to defraud the creditors of Nathan Brenner & Co., an insolvent financial corporation, of \$700,000. Sentence will be given today.

ACTING MINISTERS ON DUTY VICTORIA

Dr. McLean Taking Care of Premier's and Attorney-General's Departments.

VICTORIA, Feb. 10.—Hon. J. D. McLean, minister of education and provincial secretary, will be acting premier and acting attorney general while Premier Oliver and Attorney-General A. M. Manson are in Ottawa. Hon. William Sloan, minister of mines and fisheries, is acting minister of public works until the return of Hon. Dr. W. H. Sutherland from Revelstoke.

AMALGAMATED RETURNED MEN

Major Taylor, Portage la Prairie Chairman, C. M. McNeill, Ottawa, Secretary.

WINNIPEG, Feb. 10.—Major F. C. Taylor, K.C., D.S.O., M.L.A., of Portage la Prairie, was yesterday elected chairman of the first Dominion Council of the Dominion Veterans' Alliance, the election following close on the amalgamation conference. C. M. McNeill, of Ottawa, is the secretary-treasurer. The advisory council, consisting of one representative of each returned men's organization, includes Major M. J. Crehan, of the Army and Navy Veterans' Association, Vancouver.

PROTEST IS WITHDRAWN

Martin O'Reilly Lodged Second Application in Supreme Court Yesterday.

Notice was yesterday lodged by Martin O'Reilly at the office of the District Registrar of the Supreme Court of Canada asking to withdraw the petition for the annulment of the recent Federal election in Skeena constituency which he laid some time ago. The grounds for the latest notice are that the petition was nugatory and of no effect having been filed before the return was made by the returning officer and before the issue of the Canada Gazette formally announcing the election results. Another ground is that Alfred Stork, who was later declared elected, was not a party to the petition.

The original petition was lodged by Mr. O'Reilly early in January and was later assented to by R. W. Cameron and Col. G. W. Peck, the respondents. The application for withdrawal will go before the Supreme Court and the judge will decide whether the later application be granted and the proceedings cease or whether the original petition be accepted and the annulment of the election be allowed.

EXQUISITE BEAUTY

"Way Down East" Is One of Griffiths' Wonder Pictures.

D. W. Griffith's new art wonder picture spectacle, "Way Down East," is to be seen at the Westholme Theatre tonight. Taken from the Lottie Blair Parker play of the same title it is the sensation of the current theatrical year. Nothing like it has ever been dreamed of in the theatre before and its record is the most astonishing thing of the kind known to date.

The simple tale of the original play with its pastoral background, its plain people and its quaint humors, has been enlarged upon to such an extent that not only a new drama has been woven about the love story of Anna Moore and David Bartlett but a new form of art in which to express the theme is evolved. Murmurs of delight greet its scenes of exquisite beauty in a pictorial sense, hearty laughter accompanies the foolish antics and the simple drollery of its relieving characters and a soul stirring interest rushes with its unfolding to a climax the like of which was never known on any stage in the world until Griffith broke loose with his blinding storm and ice jam on the river which is the tour de force of "Way Down East" and has aroused so much comment that it is breaking records in every city where it is being presented.

RETURNING OFFICER.

VICTORIA, Feb. 10.—A. B. Hill has been appointed returning officer for the Revelstoke by-election caused by the selection of Hon. Dr. W. H. Sutherland as the new Minister of Public Works.

P. C. LARKIN
The man who will represent Canada in London.

GANDHI ARREST BEEN ORDERED

Leader of Hostile Movement in India to Have Activities Stopped.

LONDON, Feb. 10.—The Indian Government has ordered the immediate arrest of Mahatma Gandhi, the non-co-operationist leader of India, according to an announcement made here this morning in the Daily Sketch.

Gandhi has been a source of worry to the Government of India for some time and has been especially active in connection with hostile demonstrations or lack of demonstration in connection with the visit of the Prince of Wales to that country.

FUR BUYER FINED FOR HAVING FURS IN HIS POSSESSION

Crown Establishes That J. Wolfe Did Not Have License Required Under the Game Act.

J. Wolfe, fur buyer, was found guilty yesterday afternoon by Judge Young of having beaver furs illegally in his possession and was fined \$150, with the option of three months' imprisonment at Okalla prison farm. Wolfe had been up before on the same charge but he was dismissed at that time by Stipendiary Magistrate McMullin. The crown entered an appeal and at the second trial proved that the accused did not have a license required by the Game Act. The witnesses were R. J. Franklin and Frank R. Butler, game wardens from Hazelton. W. E. Fisher appeared for the crown. Wolfe was not present in court and it is understood that he is in Vancouver.

Steamer Bessie Dollar Badly Damaged in Storm on Pacific; Steward Killed; Captain Hurt

VANCOUVER, Feb. 10.—The steamship Bessie Dollar, 790 miles from Cape Flattery, has been badly damaged in a storm. Her bridge is gone, a steward was killed and Captain M. Ridley, the master of the vessel, is injured, according to a radio message. The steamers Melville S. Dollar and Polar Bear are standing by. Yesterday the ship was reported as turning back to Victoria.

The Bessie Dollar left here on January 29 with a lumber, grain and general cargo for Oriental ports. Her registered tonnage is 3798.

The steward who was killed was a Chinaman named Wing

LARKIN IS NEW COMMISSIONER

To Represent Canada in London in Succession to Sir George Perley.

OTTAWA, Feb. 10.—P. C. Larkin of Toronto has been officially appointed High Commissioner to London succeeding Sir George Perley who recently resigned. Mr. Larkin will have sole charge of the Canadian Government activities in London including that of pensions and establishment formerly administered separately. P. C. Larkin has been for years known as the tea king of Canada. He was among the first to introduce Ceylon tea to the Canadian market and is now head of the Salada Tea Company. He was for seventeen years a trustee of the Toronto General Hospital, fifteen years of which he was vice-chairman. He is a very wealthy man and has been prominent in many works of charity.

Mr. Larkin was a close personal friend of Sir Wilfrid Laurier and he is quite as cordial with Premier Mackenzie King as he was with the old leader. It was reported that Mr. Larkin was one of the first to be sent for by Premier-elect King after the general election of December 6, and indeed he is sometimes described as the "Colonel House of Canadian politics." He is a big man mentally and physically and has a wide knowledge of literature and the arts.

FIRST ELECTION HELD SMITHERS

J. R. McIntyre, N. P. Moran and George Wright Are Elected Commissioners.

SMITHERS, Feb. 10.—The first municipal election here for the choosing of commissioners under the Villages Act was held yesterday and resulted in J. R. McIntyre, N. P. Moran and George Wright being elected. There was a good deal of interest in the contest and there were six candidates.

The detailed result of the voting was as follows:
J. R. McIntyre, 50.
N. P. Moran, 40.
George Wright, 32.
L. B. Warner, 20.
C. H. Hankinson, 20.
J. S. Kennedy, 9.

The first three were elected, the council consisting of that number. Mr. McIntyre is a railway engineer and Mr. Moran is proprietor of the Empress News Co. Mr. Wright is a comparative newcomer to the town.

Snowslide at Kwinitza Holds Trains Two Days Fifty Miles East Here

On account of a big snowslide at Kwinitza, fifty miles east of this city, Canadian National train No. 4, eastbound, which pulled out on Wednesday evening, is still at Kwinitza, and train No. 3, westbound, which was due here at 7:15 last evening, is at Pacific. Both trains are awaiting the clearing out of the slide which has come down over the tracks 300 feet long and 30 feet deep. It is expected at the superintendent's office that the trains will get through some time today. A train was sent out early this afternoon with men and equipment to assist in the work. Thirty men were taken off city relief work and sent out on this train to dig out the snow.

The slide came down on Wednesday and, with the incessant winds blowing off the Skeena River for the past two days, has been packed until it is now almost as solid as earth. The train can neither move forward nor back. Nothing definite as to the time of arrival of last night's train has been given out, all being dependent on the clearing of the slide. The railway telegraph line was also affected by the same trouble.

The delegates to Ottawa are on the outbound train.

HALIBUT BOATS COATED IN ICE FINANCES WERE IN WORSE SHAPE THAN EXPECTED

Picturesque Scene at Fish Docks This Morning—Cold Weather and Ice Gales.

If one's sense of feeling does not perceive the wintry north-west blast that has been sweeping over the city for the past day or so, a trip down to the fish docks to see some of the halibut schooners that have arrived from the banks during the past twenty-four hours would make it plain to the visual sense. Six vessels arrived since yesterday and some of them certainly bear evidence of the buffeting of the spray which has been frozen to decks, cabins and masts by the icy gales. The Tatoosh was coated with six inches of ice from stem to stern and over all. The Reliance No. 1 and the Kaien were most picturesque. It took the latter schooner 36 hours to come in from North Island, fighting with the gale all the way.

None of the boats which arrived this morning have yet sold their catches, there having been no auction this morning on account of the railway tie-up. The vessels arriving in port since yesterday were as follows:
Tatoosh, 12,000 pounds; Reliance No. 1, 13,000 pounds; Fisher, 15,000 pounds; Rosespil, 9,000 pounds; Kaien, 12,000 pounds; and Grayling, 10,000 pounds.

There were a number of snapshots at the waterfront this morning getting pictures of the boats with their coll but beautiful colorings.

Archbishop Du Vernet, who is recognized throughout Canada as a leading psychologist, will give a lecture free to all on the Psychology of Memory in St. Andrew's Church on Wednesday, February 15 at 8 p.m. Success in life depends largely upon a right use of memory. How to remember is one of the secrets that Psychology makes known.

CANADIAN CLUB HOLDS ANNUAL MEETING TONIGHT

The annual meeting of the Canadian Club will be held tonight at 8 o'clock in the Court House. Business: election of officers. All interested in the objects and aims of the club are invited to attend.

Merchants' Bank Losses Estimated at Over Twelve Million Dollars.

MONTREAL, Feb. 10.—When the shareholders of the Merchants' Bank voted on Wednesday for absorption by the Bank of Montreal, the majority were under the impression that the bank had lost \$8,000,000. It developed yesterday, on analysis of the various statements, that the bank estimates its losses at \$12,298,000 in addition to \$7,950,000 which was written off the reserve fund. The directors had previously provided \$4,138,000 to cover a loss of \$3,400,000 on the account of Thornton Davidson Co. and about \$950,000 of other bad debts.

CONSTITUTION FOR PALESTINE

Commissioner and Executive Council Elected by People to Manage Affairs.

LONDON, Feb. 10.—The new government for Palestine will consist of a high commissioner and executive council of 25. All males over 25 years of age will be entitled to vote.

Appeal against the government of the high commissioner is to be permitted to the League of Nations if the representative group is dissatisfied.

GORDON GOES TO CONFERENCE

Sir Charles Will Represent Canada at Genoa and May be Second Delegate.

OTTAWA, Feb. 10.—Sir Chas. Gordon, head of the Dominion Textile Company and a prominent financial expert, will represent Canada at the Genoa economic conference.

Professor Montpelit of Montreal has been invited to make a second delegate but it is not yet settled whether he will go or not.

Charges Against Officials
Can Not Be Published.

The Daily News can not publish charges against officials. These should be sent to the proper quarters for investigation and not to a newspaper. We can give space to the discussion of public questions, but when it comes to discussing the personnel of the police, fire or of any other public servants it is beyond the province of newspaper discussion. When a charge is brought officially before the police commissioners or any other administrative body in the city it then becomes public property.

A correspondent writes in regard to the drug business in this city and takes exception to the statement that the use of "dope" is on the decline. He also talks about blind pigs and says the city is full of them.

The letter of Captain Freeman on the other hand gives this paper a breeze and we do not mind that. In answer to his letter we would say that we do not wish to preach morality but all we want is a decent city. If Captain Freeman is as wise as we think him, he knows the horrible effects of the use of drugs, whether it be opium, cocaine, morphine, heroin or any of the other decoctions that drag men down. Had he frequented a police court, as newspaper men often have to do, he would know something of the baneful effects of these drugs. He would realize that it is better a revolver should be put to a boy's head and his brains blown out than that he should be taught to use drugs. Women use drugs a great deal, and they will commit almost any crime to satisfy the craving for them. The police know about this. It requires no high sense of morality to feel horror at the whole business. It does not need a preacher to draw attention to it. The thing is self-evident. The Daily News is not looking for evil in the lives of its neighbors. We are living in a frontier town and we do not make any pretensions, but we are probably just as good as those who live in the more cultured centres. But because we are broad-minded and not too easily offended by the foibles of our neighbors is no reason why we should stand idly by and see our children ruined by the drug habit. Ketchikan is having a clean up and the cities to the south are bestirring themselves. It is time that we took stock of our position, and it will become a man who takes an interest in the community, as Captain Freeman professes to do, to try to belittle an effort to prevent the ruining of the young people by a nefarious traffic.

Old Country Suffers
From Drug Evil.

Here is what the editor of the Victoria Daily Times in a recent issue said of the drug traffic and the remedy he would apply:

"Perusal of the Old Country newspapers from time to time provides all the proof that is necessary to indicate that this continent is by no means alone in its perplexity over an increasing illicit drug traffic. What has developed into a regular 'dope' orgy seems to have taken hold of the Anglo-Saxon people during the last few years to an extent that would have been considered impossible two decades ago. And the tragic part of the business is furnished by the obvious difficulty in dealing with it. The ordinary thief or burglar in spite of all his cunning is a child in swaddling clothes compared with the drug addict. Official regulations have been tightened from time to time and every conceivable method of direction has been pressed into service without much effect. There remains little else but the 'cat' and long terms of imprisonment for the professional drug peddler. Fines have no terror and are promptly paid out of the huge profits that are piled up."

Sunday Observance
Matter of Business.

The police commissioners did well at their meeting last night to resent the interference of Dr. Huestis in the matter of Sabbath observance in this city. He is paid to go around the country and stir up the people to what he considers a better observance of Sunday. That is all right. He can preach all he likes, but when he takes a hand in presuming to dictate to the commissioners what action they shall take, it is bound to be resented.

People of Prince Rupert are not a law-breaking people. They are wonderfully amenable to law and order but, we take it, they do not want restrictions laid on them. There is no one suffering from the way in which Sunday is spent here. No group of employees are being hurt or their health undermined. Very few people work, and they do not have to unless they wish. At any rate the local people understand the local conditions and will resent any interference by the secretary of the Lord's Day Alliance or anybody else. The difficulty with reformers is that they give too much attention to non-essentials and too little to the things which really count. There are plenty of abuses to right which would really benefit the community, and the efforts of Dr. Huestis would be better expended in dealing with those than in trying to dictate to us what we shall do on Sunday.

One Dollar a Week

By regularly deducting one dollar a week from your earnings and depositing it regularly in a Savings Bank Account, you will soon accumulate a substantial balance without missing the money deposited. In five years, with interest at 3% compounded semi-annually, you will have \$280.26. In ten years your balance will be \$605.54.

IN this painful malady nothing soothes and heals like herbal Zam-Buk. It speedily relieves the dull, gnawing pain and intense irritation, reduces swelling and inflammation and stops the bleeding.

Read the following proof!

"Eight years I was a victim to blind itching piles," says Mr. G. Lee, 36, Seaside St., Toronto. "I had tried almost everything in the way of ordinary ointments before I got Zam-Buk. This super-balm speedily relieved the terrible itching, and caused the protrusions to completely disappear. Piles have not troubled me for six months now."

Mrs. E. Boxall, 95, Scott Street, St. Thomas, Ont., writes: "I am glad to endorse the remarkable pain-soothing and healing qualities of Zam-Buk. Being for months a constant sufferer from bleeding piles, I derived no permanent relief until I got Zam-Buk. All other piles sufferers should try this wonderful herbal balm." Use Zam-Buk also for abscesses, chaps, cold-sores, eczema, cuts, burns, scalds, ringworm, ulcers, poisoned wounds, and all sores and injuries. 50c. box, 3 for \$1.25.

MANSON WAS
NOT OPPOSED

Up to Yesterday No Opposition
Candidate Was in Sight in
Omineca Constituency.

SMITHERS, Feb. 9.—Prominent Conservatives have been here for a few days in an effort to get a candidate to oppose Hon. Alex. M. Manson, but so far they have nothing to report. They seem to be determined that Manson must be opposed as the whole structure of the opposition for the next few elections depends upon the showing they make in Omineca.

The personal prestige of the Attorney general discourages opposition candidates and Mr. Manson's supporters are confident to the point of advising him to go to Ottawa and leave the by-election in the hands of his supporters. He has gone there to serve his constituency and the general opinion expressed here is that his confidence in the people here will not be betrayed. Any opposition candidate would make such a poor showing that it would do the party much more harm than good to contest the constituency.

DRUG BUSINESS IS
MOSTLY HARD WORK

C. H. Orme Tells of Change
Which Has Taken Place in
His Profession in Few
Years

"The profession of chemist and druggist has changed wonderfully since the day when I first entered it as an apprentice," said C. H. Orme, at the Rotary Club luncheon yesterday afternoon. "In those days the druggist made everything he sold. Today the goods are put up by big pharmaceutical houses and are much better. Still it is a day and night and every day of the week business."

Mr. Orme said that three years ago he returned to the old town down east and visited the shop where he learned the business and there as everywhere else the bottles and vials had gone and in their place was merchandise. It was a great change. "The drug business is mostly hard work," declared Mr. Orme.

HON. WM. SLOAN
TALKS MINING

Refers to Splendid Showing Made
by This District in His Annual
Survey.

GRANBY AND PREMIER.

In his annual survey of the British Columbia Mining industry, the minister of mines, Hon. William Sloan says in part:

"There are several outstanding features in connection with the 1921 history of the industry. One is the record of the Sullivan Mine at Kimberley, which is strikingly reflected in the statistics relative to the output of lead and zinc; another the splendid performance of the Hidden Creek Mine and the Anyox Smelter, which is shown in the volume of the copper production; and a third in the development in the Salmon River Valley, Portland Canal, of a gold and silver producer of first importance. The contribution of this property to the precious metals produced by British Columbia for the first time gives an indication of what may be expected from mineral holdings being opened up in this comparatively new northern mining section.

"Reports of an optimistic character are given of the Northwestern Mineral Survey District, which comprises the Mining Divisions of Bella Coola, Skeena, Queen Charlotte, Naas River, Portland Canal, Stikine, Liard, and Atlin. The first three are on the Coast and the latter behind what is known as the 'Alaska strip.' Included in the area are properties of Salmon River, Bear River, Alice Arm and Anyox.

Tonnage Increase.

"It is estimated that the increase in tonnage mined will amount to about 75,000 tons. The gold output, exclusive of placer, which will just about equal last year, will show an increase of approximately 30,000 oz., or about 60 per cent. greater than last year. This is due to the gold production of the Premier Gold Mining Company. The silver yield for this year will be about 1,500,000 oz., or about 125,000 oz. greater than last. This is due entirely to the output of the Premier Mine. The Premier's output of silver will be over 1,000,000 oz. alone. The copper production will exceed that of last year by nearly 9,000,000 lbs., an increase of about 33 per cent., and due altogether to the Granby Company at Anyox.

"Notwithstanding the deflation of the prices of metals, the total value of the three metals produced in this district (gold, silver and copper) will be greater than last year. In fact, taking quantities, not values, into consideration, this year's will be the greatest ever made in this district."

SENATE MAY
REJECT TREATY

Disarmament Proposal Likely to
Pass but Four Power Pact
in Danger.

WASHINGTON, Feb. 9.—(By Canadian Press)—Speculation continues to be active here as to whether the U. S. Senate will ratify the treaties and agreements which will be submitted to it following the conference on armaments.

Although the Senate Republican leaders have repeatedly predicted that such treaties and agreements would be ratified, the situation in fact is one of uncertainty. The Four Power Treaty, which in one sense is intended to replace the Anglo-Japanese alliance, cannot be said to be certain of ratification and the treaty which is expected to cover the Chinese may meet antagonism unless it is fairly satisfactory to China. For some weeks there has been a growing current of talk that Japanese diplomacy was winning out with respect to the Far East. Much will depend on whether this can be demonstrated when the conference is over and its work is rounded up. If the Senate is distinctly of the impression that the Japanese have secured a victory and weakened the U. S. in the Pacific and the Far East, it will go hard with the treaties.

Sentiment Changes.

Since the return of Senator Hiram Johnson to Washington,

after a trip to California to sound sentiment, it is noticeable that opposition to the four power pact has been stiffening up. Senator Johnson maintains that what sentiment in the west is adverse to the four power treaty based largely on the feeling that Japan has outmaneuvered the United States as to Far Eastern matters. Senators Borah and Johnson of the Republican side are leading the opposition. They are co-operating with a group of the pro-Wilson Democrats.

It is generally assumed that the disarmament agreement, or rather the agreement to limit naval armaments will go through the Senate without serious opposition. But that does not indicate the outcome as to the Four Power Treaty and as to the expected treaty covering China.

Ten Years Ago
in Prince Rupert

February 10, 1912.

The Daily News reproduces a picture of Kaien Island which was recently taken by P. Lorenzen from the summit of Mount Mofse. It is the first picture of its kind that has ever been taken.

City Engineer Davis reports to the council that the work of laying the pipe line between Woodworth Lake and Aeropolis Hill should be pressed on with all speed. The engineer has just returned from a visit to Vancouver and Victoria and Seattle in connection with city business.

This is a splendid instrument both from the standpoint of Tone Reproduction and Good Appearance. It is equipped with a universal tone arm that plays all makes of records, and also a wooden tone chamber. Being a cabinet instrument, it has a place for keeping the records. It is sold at a moderate price. We have no hesitation in saying it is the best moderately-priced phonograph on the market—really unusual value for the money.

From the Finest Dairy Cows

St. Charles Milk comes from the finest dairy cows, milk that is selected wisely and carefully.

It is right before it goes into the can, that is why it is right afterwards in your home.

It is pure, rich, country milk from which most of the natural moisture has been removed—and nothing added.

Milk of double richness—sterilized to ensure its purity—milk in its most convenient household form for every cooking and table use.

It has been evaporated to the consistency of cream—that is why you must add an equal part of water if you desire to use it as ordinary milk.

On cereals, fruits, puddings, etc., use St. Charles as it comes to you. Use it for all milk and cream cookery.

It is the finest FRESH milk obtainable.

At your grocer's in "a size for every need". Let him send you a few tins to-day.

FARRIS JOINS FIRM VANCOUVER LAWYERS

VANCOUVER, Feb. 9.—Hon. J. W. deB. Farris, K.C., has got back into private practice and opened new offices on the fourteenth floor of the Standard Bank Building.

"It's just plain Mr. Farris now without the 'honorable' tagged on, if you please," said Mr. Farris. "I'm very glad to be back again in private practice."

A sign on the door announces that the name of Mr. Farris' firm is now Farris, Farris, Emerson, Stultz and Sloan.

The second Farris is Wendell R. Farris who was made a King's Counsel last week and who is a brother of the former attorney general.

The Sloan in the firm is Gordon Sloan, son of the Hon. William Sloan, Minister of Mines in the British Columbia Government. Mr. Sloan studied law in Victoria with Elliott, MacLean & Shandley. He was called to the bar last year and went to Vancouver to practice.

BRINGING UP FATHER

SCHOOL TANK
FOR SWIMMING

Sum Is Placed in Estimates Which May Be Applied to Purpose if Thought Advisable.

At the meeting of the school board last night the trustees decided to include in the estimates for playground, apparatus and swimming tank an amount sufficient to pay half the cost of the tank in the basement of the new school provided the Rotary Club was still prepared to go ahead and carry out their share of the project. It was clearly laid down by the member that no action would be taken except after a complete investigation by men competent to form an opinion and estimates of cost had been secured confirmatory of those already supplied by the Rotary Club.

Some members of the board expressed the opinion that the City Council had not given the proposal mature consideration. The main object of the tank was to teach the children to swim but possibly it might be used in the evenings by adults and the cost of upkeep could be met by making a charge.

Not Give Up Scheme.

Dr. Kergin said he did not think they should give up this scheme. If they did not take the offer of the Rotary Club now, the club would turn its efforts in some other direction and anything done would have to be carried out in future without their help.

L. W. Patmore was doubtful of the wisdom of trying to carry it through when the city council was opposed to it. Finally it was decided to include in the estimates a sum sufficient to cover it, which might be spent for playgrounds or apparatus in the playground provided it was decided that the plan was not feasible.

WHIST LEAGUE

Elks Defeated Sons of England by 6 to 3 in Postponed Game Last Night.

WANDERERS LOW IN
BRIDGE TOURNAMENT

Prince Rupert Won Last Night by 1760 and Are Ahead on Aggregate by 7753.

The Prince Rupert Club defeated the Wanderers by a margin of 1760 points in the fourth interclub bridge tournament last evening, putting themselves ahead on the aggregate to date by 7753 points.

The games were played in the Wanderers Club and the following players took part:

Prince Rupert—W. H. Tobey, J. H. Pillsbury, S. K. Campbell, Geo. Bryant, H. O. Crewe, H. B. Babinington, E. C. Gibbons, J. Scott, George D. Tite, A. L. Holthby, G. W. Nickerson and D. E. Morrison. Wanderers—G. P. Tinker, H. E. Wearmouth, J. Hutchinson, R. H. Shockley, W. O. Fulton, J. Greer, T. B. Hooper, Dr. J. P. Gede, G. P. Armstrong and H. M. D. Lambie.

BILLIARD LEAGUE.

The Elks won the fifth game from the Sons of England in the Trail Club shield tournament last evening when B. Morgan defeated J. Farquhar by a score of 200 to 167. The total so far in the tournament stands: Elks, 4,000; Sons of England, 799. The sixth game between C. Balagno (Elks) and George Hill (Sons of England) has not yet been played.

SINGING IN SCHOOLS

One of the resolutions passed by the local school board provides for the compulsory teaching of singing in the local schools after September 1923. That gives the school teachers a year and a half to fit themselves for teaching it.

Until such time as the local staff have had an opportunity to take up a singing course in readiness for the teaching of singing to the pupils, the board will probably make other arrangements.

Sport Chat

The Anyox Community League is putting on a big smoker in the Recreation Hall at the smelter town tonight. There are ten big hunts set down and the chief one will be a six round contest between George Corkle, formerly of this city and now of the Anyox mine, and John Morgan of Ladysmith. Corkle's prowess is well known here and it is understood that he is to be pitted against a man who will compel him to extend himself. It is expected that news of the bout will be received here tomorrow morning.

An invitation has been extended by Anyox to the local Elks' basketball team. Senior League champions, to go North on Sunday night with the Elks' installing officers to play two contests with a select team from that town. The local boys are anxious to go to try out their skill with the smelter down and it is now being endeavored to make suitable arrangements for the trip. The only difficulty is that of transportation for by steamship service it would be impossible for the locals to return before next Thursday night. If a special boat can be secured the trip will likely be made.

Intermediate Basketball League scoring records to date—W. Mitchell (C), 123; E. Mackintosh (C), 79; C. M. Blythe (S), 55; F. Morrison (S), 52; H. Frizzell (C), 51; H. Astori (C), 45; E. Smith (S), 44; S. Bazzett-Jones (E), 37; E. W. Davies (E), 33; T. Halverson (S), 31; G. Blythe (E), 26; W. Blythe (C) and G. Mitchell (C), 23; U. E. LaCasse (C), and W. C. Oliver (C), 20; T. Moloney (C), 18; W. F. Robegee (C), 17; R. Davidson (E), 16; W. D. Smith (E), 15; A. Astori (C), 13; W. Kergin (C), R. Smith (C), R. Macdonald (S), 10; L. Astori (C), 9; D. Graham (S), 8; G. Hill (E), and D. F. Robinson (S), 6; H. A. Charlton (S), 5; W. Gray (S), and J. R. Mitchell (C), 4; H. L. Campbell and G. Shaw (E), 2; D. J. Farrell (C), 1.

Junior League—G. Blythe (D), 60; J. Kelly (TT), 47; M. Rudenich (TT), 45; W. Lambie (D), 44; W. Cavalier (KE), 30; D. Frizzell (KE), 21; R. Little (KE) and W. Kergin (TT), 18; C. Clapp (TT), 17; A. Mitchell (KE), 15; T. Fraser (DD), 7; F. Kergin (TT), 6; E. Maclean (KE), 4; J. Martin (TT), R. Jacobson (DD), G. Hill (DD), D. Gurvich (DD), 2; J. McNulty (KE), 1.

JUNIOR BILLIARDS

Grotto Team Takes Big Lead Over Elks in Five Games Played Out of Six.

Five games in the Junior Billiard League tournament between the Elks and the Grotto were played last night and resulted in the latter team taking the lead by a score of 747 to 636, having lost but one game, and that by a narrow margin. The individual scores were as follows:

L. Astori (Elks), 144; Joe Beasley (Grotto), 150; N. Pringle, 101; B. Barrie, 150; Ed Smith, 150; B. Blackhall, 147; B. Smith, 135; J. Hynd, 150; G. Shaw, 136; George Hill, 150. The remaining game, between H. Astori and Bill Beasley, is to be played tonight.

PROPOSES TO PUT
PRINCE RUPERT ON
A BETTER "FOOTING"

Shoe Man Says Foot Comfort Service Will Do It.

Prominent physicians claim that nine of every ten people have some form of foot trouble. Large employers ascribe to this fact that most workers "show up" perceptibly toward the middle of the afternoon. The Family Shoe Store management agrees that this is very true, and proposes to demonstrate that it also is needless, or, as he puts it, "worse than needless."

His authority for this is Dr. Wm. M. Scholl, the well-known foot specialist, whose methods and appliances for relieving foot troubles and correcting the cause are in use throughout the world. Wood pavements and other present day conditions cause callosities, corns, stiffness, burning sensations and other discomforts. Dr. Scholl has proved that when the bones in the feet are properly supported by appliances of moderately springy metal they gradually resume their normal position and function.

Special Demonstration.
For the first three days of next week there will be a special demonstration of Dr. Scholl's foot comfort appliances at the Family Shoe Store on Third Avenue. This will be conducted by a graduate Practitioner (foot comfort expert), whose training was received under Dr. Scholl. He offers without charge to thoroughly examine the feet of men, women and children of all ages through the hose, locate the seat of the trouble, describe the nature of the discomfort and demonstrate the means of correcting the cause.

There may be something you want. See the classified column

IN THE SUPREME COURT OF BRITISH COLUMBIA.

In the matter of the Dominion Controversial Elections Act and being Chapter 7 of the Revised Statutes of Canada, 1906, and Amending Acts, in the matter of an Election of a Member of the House of Commons for the Electoral District of Skeena situated in the Province of British Columbia, which said Election was held on the 6th day of December, 1921, in which Martin O'Reilly is Petitioner and Cyrus Wesley Peck and Robert W. Cameron, Respondents, presented the 16th day of January, 1922.

NOTICE is hereby given that the above Petitioner has on the 9th day of February, 1922, lodged at the office of the District Registrar of the Supreme Court of British Columbia at Prince Rupert, in the Province of British Columbia, notice of an application to withdraw the petition on the following grounds:

That the petition is nugatory and of no effect having been filed before a return should have been made by the Returning Officer and before the date of the issue of the certificate of election in which the notice of the candidate in question was first published and that no return of such election had been made to the Chief Electoral Officer on the date of the filing of such petition.

That the Candidate Alfred Stark, who was later declared elected and returned as such by the Returning Officer, is not a party to the petition.

DATED this 9th day of February, 1922.
MARTIN O'REILLY,
Petitioner.

Listen!

Have you heard about Peps? Peps is a scientific preparation put up in pastille form, which provides an entirely new and effective treatment for coughs, colds, chest and throat troubles.

Peps contains certain medicinal ingredients, which, when placed upon the tongue, immediately turn into vapor, and are breathed down the air passages to the lungs. On their journey, they soothe the inflamed and irritated membranes of the bronchial tubes, the delicate walls of the air passages, and finally enter and carry relief and healing to the lungs.

In a word, while no liquid or solid can get to the lungs and air passages, Peps fumes get there direct, and at once commence healing.

FREE TRIAL Cut out this article, write across it the name and date of this paper, and mail it (with 1c. stamp to pay return postage) to Peps Co., Toronto. A free trial packet will be sent you. All druggists and stores sell Peps, 50c. box.

Peps

REVISION COURT MADE PROGRESS

Heavy Case of G.T.P. and Dependent Ones Still Remain.

NEW REDUCTIONS HAVE BEEN MADE SO FAR

Of the 57 appeals entered at the civil court of revision this year all with the exception of one were disposed of by the end of yesterday's session. The court adjourned shortly after 5 o'clock to meet again at the call of the chair.

In most of the cases the assessment was sustained and in only three were reductions made. The blanket appeal of the executor of the Thorsch estate, presented at the court by B. O. Oughton, of Fisher & Oughton, was thrown out and the assessment sustained. The most of yesterday afternoon and all of yesterday morning was spent on the matter. Mr. Oughton addressing the court at length taking up the list lot by lot.

The reductions made were as follows:

Lot 31, Block 16, Section 1, from \$1930 to \$1750; J. C. McEwan appearing for the owner. Lots 25 to 30 inclusive, Block 1, Section 1, from \$1540 each to \$1100 each; J. C. McLennan, representing Westernhaver & Baker, appeared for Lot 30 and reduction in this case being made, the other assessments are dropped to equalize.

Violet Park, Section 7, from \$1700 to \$9,000. Theo. Collett appearing for the owner.

Remaining Cases.

The following cases remain to be disposed of: Grand Trunk Pacific Railway, blanket appeal on all properties; Grand Trunk Pacific Development Co., blanket appeal on all properties.

Albert & McCaffery, Lots 2, 3 and 4, Waterfront Block F., Section 1, appeal for reduction in valuation.

Akerberg & Thomson, Lot 1, Waterfront Block F., Section 1, appeal for reduction in valuation.

J. M. Peregrine, Lots 15 and 16, Block 15, Section 5, appeal for reduction in valuation.

Of the remaining cases the appeal of the Grand Trunk Pacific Railway and the Grand Trunk Pacific Development Co. are the most important and it will likely take several days to dispose of them as they are very extensive covering large properties all over the city and on the waterfront. The cases of Albert & McCaffery and Akerberg & Thomson are dependent on the decisions that will be made by the railway cases.

The hearing of the Grand Trunk appeals started yesterday afternoon with the presentation of the case by T. G. Watson, railway tax commissioner.

Mitchell Albert, of Vancouver and A. C. McDougall, of Calgary, members of the contracting firm of Albert, McCaffery, McDougall & McNeill, which is building the provincial government court house here, returned last night on the Prince Rupert. They have been here a week making a general inspection of the work which is progressing to their satisfaction.

TEACHERS SET OWN SALARIES

No More Individual Applications to the School Board For Increases to Be Made.

The school teachers here will in future set their own salaries. These will be in accordance with a new schedule just drawn up along the line of the Vancouver schedule. It provides for payment according to length of service and the class of work undertaken.

Should any teacher be dissatisfied with her grading or with the salary she is getting she will take the matter up with the local teachers' association who will recommend either that the salary remain as at present or that it be advanced. The recommendation is left with the teaching staff. That prevents any lobbying of trustees and gets rid of the idea that one teacher is preferred over another.

The method was recommended by Principal Campbell and accepted with alacrity by the trustees last night.

The present schedule of salaries had been drawn for two years and its life had expired. The teachers at their meeting had recommended the adoption of the principle in use at Vancouver and this was accepted by the board. It makes very little difference to the salaries as at present, but a few teachers who are getting slightly more than the schedule will not get an advance when the next move up comes.

GARDEN HOSE KEPT A FIRE FROM SPREADING

Mrs. Ferguson Kept Down Blaze at Seal Cove Until Brigade Arrived.

Mrs. Ferguson of Seal Cove, who lives near the school, was a heroine last night at the school board meeting when it was heard that she had plied the garden hose on the incipient blaze at that school building and kept the fire from spreading until the fire brigade arrived.

The fire resulted from a heated chimney which spread to the floor of the building and might have caused the loss of the building had not the lady in question done her bit by keeping it from spreading. As it was the damage was not more than about \$400, which is being repaired today.

SCHOOL ATTENDANCE SHOWS AN INCREASE

There Were 69 More at School Last Month Than in December.

At the meeting of the school board held last night, the report of Principal Campbell showed that the attendance at the schools last month was 69 higher than for the previous month. This was largely the result of new pupils coming in. Boys predominate in the matter of numbers, for there are 389 boys

THE COUGH with that Ticklish Sensation

A little tickling in the throat; now and then a dry, hacking cough; you think it is not bad enough to bother about, but every hack makes a breach in the system, strains the lungs and prepares the way for more serious trouble.

How many people have lost a good night's rest by that nasty, tickling, irritating sensation in the throat? The dry, harsh cough keeps you awake, and when you get up in the morning you feel as if you had had no rest at all.

DR. WOOD'S NORWAY PINE SYRUP is just the remedy you require to stop that irritating, tickling cough on account of its soothing, healing and expectorant properties.

Mrs. P. Johnson, Port Alberni, B. C., writes:—"I have suffered for years, off and on, with a tickling cough. I could not sleep nights and had to sit up in bed to get relief. In fact, I coughed so I used to vomit. I tried different doctors' prescriptions until I heard of Dr. Wood's Norway Pine Syrup. I tried it and found great relief after I had taken the first bottle and have not been troubled since. I shall always keep it in the house."

Be sure and get "Dr. Wood's" when you ask for it. Price, 35c and 60c a bottle; put up only by The T. M. Munn Co., Limited, Toronto, Ont.

and 365 girls attending the schools.

Mr. Campbell also reported that the playfield was almost ready for use and the board were asked to put in basketball rings, which they immediately authorized.

LORD'S DAY ACT NOT ACTED UPON

Letter From Dr. C. H. Huestis Filed by Police Commissioners Last Night.

The enforcement of the Lord's Day Act in this city was brought up before the police commission last night in a letter from Dr. C. H. Huestis, secretary of the Lord's Day Alliance, but the matter received short shrift at the hands of that body. The letter was in the form of an enquiry asking if anything had been done following Dr. Huestis' visit here about a year ago.

Commissioner Macdonald said he did not wish to see the Lord's day desecrated, but at the same time he did not want to see outside organizations such as this "butting into" the city's business. He felt that if such legislation as was suggested was needed it could be taken up by the board from time to time as was necessary. If the citizens requested that the act be put into effect then he would support it.

The city clerk intimated that the act could not be put into force unless the police commission requested it.

Mayor Rochester stated that there was much to be said in favor of the act, also there was a good deal to be said against it. If it was put into force practically every business in the city would have to close on Sunday. It did not seem an opportune time to act on it.

On motion of Commissioner Macdonald, seconded by Commissioner Shoreley, the letter was ordered filed.

ON MAKING OF A NEWSPAPER

Rotary Club Hears Some of Difficulties Encountered by Editors.

"There must be an outlet for the ill humor on the public," said H. F. Pullen in a talk on newspaper making at the Rotary Club luncheon yesterday afternoon. The mayor and council are always fair game and so are the members of Parliament or the Legislature. There are others also at whom it is always right and fair to grumble and in the list may be found the local newspapers. They do a public service if only in providing something for the people to grumble at.

"Public service should be the first aim of the newspaperman," continued the speaker. "The best public service the newspaper can give is to give the news of the day. It is the aim of every good newspaperman to give all the news that is worth while. It looks like an easy matter, to give the news, but there are difficulties. Telegraphic news is not so bad, for all that is necessary is to put the telegrams into printable shape, write heads and see that the grammatical construction is all right. With local news, however, it is different. It is sometimes impossible to tell exactly the truth about a tea or a concert or a wedding. Life is much too short to attempt to criticize for instance the singing of a young lady of local fame."

Facts Injurious. Sometimes it was very difficult to publish such news as that coming from the police court. Every man convicted there had a mother or sister or daughter who would suffer as a result of the publication of the fact that the man was a criminal, yet in the public interest the facts had to be given to the world through the medium of the newspaper. It was almost the only deterrent to crime as the imposition of a fine had little effect on the man who was making big profits from his criminal actions.

Besides giving public service it was the province of a newspaper to make a living for the publisher. While this was often a slim one, there had to be a margin of profit else they could not continue to give service to the public.

Desirable Reforms. The third purpose of the average newspaper was to influence public opinion in order to aid in bringing about desirable reforms. The newspaper was found in line with almost every good cause and by means of featuring and suggestion could forward them. This was sometimes spoken of as "moulding public opinion" although the expression is not a happy one. Sometimes newspapers were used to serve personal ends but happily such cases were few. Occasionally they were used to forward the political aspirations of the proprietor, but as a rule the average newspaper considered the public interest.

It was not an unusual thing

for a newspaper in its zeal for a cause to defeat the very object sought, for people "got their backs up" and refused to be influenced but rather went in the opposite direction.

Three Departments. A newspaper was roughly speaking divided into three departments, business, editorial and typographical. In the business department was the circulation section and the advertising section. Much depended on the circulation manager whether the newspaper reached the people or not.

In the advertising section of the newspaper there was always trouble over what should be considered to be advertising and what news. Advance notice of all events were in a general way looked on as advertising and should be paid for whereas after the event was past it became news and an account of it was published without cost. It was difficult to make people see that and it was difficult to make them understand that the cause they represented was not any more worthy of free advertising than a dozen other causes which had to pay for their advertising.

Opinions of Editor. In the editorial department of a newspaper there was, in addition to the section devoted to happenings, another devoted to opinions. People like to read the opinions of the editor on various topics and this was the reason they had an editorial column in which the opinions of the editor were expressed. This was of course the department which was likely to cause controversy. On a large newspaper a great deal of attention was given to the leaders and one or more men gave their whole time to it. On a small paper, on the other hand, the leaders were written either after the day's work was finished and the editor was tired or else in the rush of the morning and people were dropping into the office to see him on other matters. The wonder was not that the editorials were so bad but that they were so good.

The opinion was expressed by the speaker that on the whole the average newspaper tried to serve the public in the best way it could.

At the school board meeting last night Miss Minus was given a month's sick leave and her place will be filled by Superintendent Campbell.

COST OF NEW SCHOOL REACHES \$213,355

Final Payment of Bills in Connection With Booth Memorial Structure.

The cost of the Booth Memorial School has been \$3355 over the amount provided for its erection, according to a report made to the school board last night, when the bills were ordered paid and a sum sufficient to cover the cost was placed in the estimates for this year. There was another thousand dollars added also for small expenses which might have to be covered before the building would be quite complete. Up to the present there has been paid out \$210,000, making the total cost to date \$213,355, in addition to the discount on the bonds which was covered by a second bylaw.

The waterproofing of the interior of the building was discussed and its possible efficiency. Architect Potter said he would guarantee that the work would be effective if he could get the bricks dry enough to put it on so that it would not peel.

JANUARY WAS QUIET MONTH POLICE WORK

Only Nine Cases in Court Resulting in Eight Convictions—Fines Totalled \$232.

The month of January was an exceptionally quiet one in the city as far as the police department was concerned, according to the report of Chief W. H. Vickers which was submitted to the commission at the regular monthly meeting last evening. There were nine cases in the police court which resulted in eight convictions and one dismissal. Six cases came under the Moderation Act. Fines collected totalled \$232 and the payroll was \$1,316.60, besides the usual quota of accounts. Two petty thefts had been reported. Bread and coal weights had been found correct. At the end of January there were two prisoners serving time in the lock-up.

In connection with the accounts a bill from Fisher &

The Kidneys

The office man and the outdoor worker suffer alike from derangements of the kidneys.

Backaches and headaches are among the symptoms. In some cases Bright's disease soon develops, others suffer from high blood pressure until hardening of the arteries sets in.

In order to forestall painful and fatal diseases prompt action should be taken at the first sign of trouble.

Mr. A. D. MacKinnon, Kirkwood, Inverness county, N.S., writes:

"I can highly recommend Dr. Chase's Kidney-Liver Pills to all suffering from weak kidneys. I suffered from kidney disease for a long time. I may also say that for three years I was nearly always troubled with headaches, and no treatment seemed to do more than afford temporary relief. I was finally told of Dr. Chase's Kidney-Liver Pills, and after using a few boxes was completely relieved. I have also used Dr. Chase's Ointment with the best results, and never fail to recommend these wonderful remedies."

Dr. Chase's Kidney-Liver Pills, one pill a dose, 25c a box, all dealers, or Edman-on, Bates & Co., Limited, Toronto.

Oughton for \$75 for services rendered was left over until more particulars could be obtained. The account was considered too high.

The chief was asked to have his estimates for the year ready by February 28.

In the Letter Box

THAT DRUG RING.

Editor Daily News:—One of the Ten Commandments is "Thou shalt not bear false witness." In your editorial of yesterday you state:

"For years there has been a drug ring in Prince Rupert. How do you know? If you know it is not your duty as a self-respecting, law-abiding Canadian to lay your evidence before the proper authorities?"

There is a law backing up each of those old Ten Commandments. I would suggest that the police should in the interests of that high morality of which you preach make you prove your statements.

HOOMES K. FREEMAN.
N.B.—I have stated before "the most immoral people in the world are highly moral people who see only evil in the lives and acts of their neighbors." We are none of us so very good, and very few are very bad.—H. K.F.

The Man in the Moon SAYS:

WHAT we all want to know is, how high will our taxes be this year?

THE next important thing to know is, where is the money coming to pay them?

A MAN came to the editor's office last evening looking for the Man in the Moon. He said he wanted to know who perpetrated that incinerator verse atrocity so he could be lynched. There was no lynching.

AMONG the things that won't get you anywhere is speculating as to where the incinerator is to be located.

ANOTHER thing that won't get you far is trying to take an auto ride when your radiator is frozen.

REVENGE IS SWEET.

Ex-Doughboy—Did you ever get even with the second foot since the war?

Ex-Buddy (now a plumber)—I'll say so. I fixed some pipes in his cellar—The American Legion Weekly.

EX-CONSTABLE ASKS FOR REINSTATEMENT

W. S. Ackroyd Appeared in Person Before Police Commission Last Evening.

W. S. Ackroyd appeared in person at last night's meeting of the police commission and applied for reinstatement on the force. He was informed that at the present time there was no vacancy and none seemed likely. The application was not received with much sympathy by Mayor Rochester and Commissioner Macdonald, the former saying that, as far as he was concerned, the police force was a sealed book to Mr. Ackroyd. Mr. Macdonald stated that he did not take kindly to the application now. On a former occasion he had overcome obstacles to have Mr. Ackroyd given a position on the force.

A recent case of another policeman who had been in difficulty was referred to by Mr. Ackroyd, Commissioner Macdonald said that the case had been investigated in a public meeting of the commission and the informants had failed to turn up, so the constable had been reinstated. Mr. Ackroyd said he had also investigated the case, Mr. Macdonald replying that if he had any evidence to bring before the commission they would be glad to reopen the matter.

Mr. Ackroyd also took occasion to refer to the press saying that there had been nothing bad enough they could say about him and that the good was overlooked. The mayor requested the press to give Mr. Ackroyd fair treatment.

TAKE NOTICE that after the publication of this notice for one month the Lakeview Hot Springs Limited will apply to have its name changed to the Lakeview Hot Springs Holding Company Limited.

DATED this 27th day of January, A.D. 1922.

WILLIAMS, MANSON & GONZALES,
Solicitors for Lakeview Hot Springs Limited.

Was Troubled With Her Liver for over 4 months

When the liver becomes slow, sluggish and torpid it is not working properly and does not supply sufficient bile to thoroughly act on the bowels and carry off the waste products of the system, hence the bowels become clogged up, the bile gets into the blood, constipation sets in and liver troubles follow, among which are sick or bilious headaches, heartburn, water brash, jaundice, floating specks before the eyes, pain under the right shoulder, coated tongue, bad breath, yellow eyes, etc.

MILBURN'S LAXA-LIVER PILLS

quickly remove the secretions, clear away the effete and waste matter by acting directly on the liver, and making the bile pass through the bowels instead of allowing it to get into the blood.

Mrs. Alice Mehl, Napanee, Ont., writes:—"I was very badly run down for over four months. I tried several remedies, but got no relief. One day my husband brought me home a vial of Milburn's Laxa-Liver Pills, and before I had used half of it I was much better. I only used two vials and I am a different person today."

"I can safely recommend Laxa-Liver Pills to anyone troubled with liver trouble."

Price, 25c a vial at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

This wide awake store is constantly seeking out new ways of giving you a service that is all the word implies

At a considerable expense, we have engaged the services of Dr. Scholl's Foot Expert, who will be here on—

Monday and Tuesday, Feb. 13 and 14, all day from 8:30 to 6 p.m.
Also Wednesday, February 15, 8:30 a.m. to 4 p.m.

This expert will work with our regular Practitioner and suggest to you, after examining your feet, the quickest and most economical way of having foot efficiency.

Anyone can sell you a pair of shoes. Whether they are just the shoes required for your feet, whether they are stylish and, at the same time, comfortable, involves the question of service.

If you suffer from any foot ailments, from a tiny corn to the most aggravated case of flat foot, you are sure to find immediate relief and permanent correction by taking advantage of this opportunity. Delay only aggravates foot troubles. Make it a point to take advantage of this opportunity.

Foot Examination Free
Not necessary to remove hose

Men, women and children of all ages are cordially invited to the free demonstration on the above dates. Don't delay if you have any foot trouble at all. Give this expert a chance to examine your feet.
