VOL. XIII, NO. 137. PRINCE RUPERT, B. C., TUESDAY, JUNE 13, 1922. Yesterday's Circulation 1502 Street Sales 358. PRICE FIVE CENTS

Fielding Announces Budget Changes

IMPRISONMENT ONLY PUNISHMENT FOR ILLEGAL LIQUOR SELLING

Several Important Changes Are Made in Budget and it Is Expected Government Safe

OTTAWA, June 13.—Hon. W. S. Fielding, minister of finance, announced in the House of Commons last night that several changes had been made in the budget provisions.

The confectionary tax will not apply to goods ready for sale in cartons priced at less than ten cents.

The soft drink tax is broadened to take in fountain sales but the tax is reduced from ten cents to five cents.

The tax on ale, beer, porter, stout is now set at 12½ cents a gallon.

The cigarette tax is reduced to \$7.50 a thousand.

The stamp tax is amended to make it two cents on all amounts up to \$50 and two cents on every fifty dollars until two dollars is reached, which is the maximum tax. All receipts over ten dollars are taxable two cents and the giving of receipts is made compulsory.

The tax on cheap cigars is reduced and on expensive cigars increased, while medium priced cigars remains as before.

Automobiles are taxed five per cent up to \$1,200 sales and ten per cent on autos priced higher than that amount. Sales made up to May 23 and delivered before July 1 are exempt from the new taxation.

**NO BLUE SUNDAYS
IN VICTORIA SINCE
JUDGE JAY SAYS SO**

VICTORIA, June 13.—Magistrate Jay in the police court yesterday dismissed charges brought against three persons charged with violation of the Lords Day Act on the ground that the Shops Regulation Act overrides the Lords Day Act.

This means that the blue law Sundays in Victoria are at an end.

Vote Likely Tonight

The stage is set for the vote tonight on the modified budget. Further debate on it will probably occur and may occupy the greater part of today's sitting. Hon. A. K. McLean being scheduled to open the speech making.

The changes made in the budget and their effect on tonight's vote have been the subject of wide comment. There are features in the changes which are welcomed by the Progressives such as the modification in the tax on autos and the addition of freezers to the free list as far as sales tax is concerned. Others such as the change in regulations in regard to countries with depreciated currency and the limitation placed on the stamps on checks and money orders will probably be received by Conservatives with approval but it is doubtful if the changes are sufficient to induce the Progressives and Conservatives to vote as a body with the government on the main budget motion. The impression prevails that the government will get sufficient support to secure a safe majority.

**COUGAR IS SHOT
ON NAAS RIVER**

First Animal of This Species to Be Taken in Recollection of Pioneers or Indians.

A letter received in the city by W. E. Collison, Indian Agent for the Naas River, from his brother, Max Collison, fisheries overseer at Arrandale, tells of the first cougar being shot in the Naas River country. Peter Calder, a native, recently shot one of these animals which measured 6 feet 6 inches from tip of tail to tip of nose. It is the first cougar ever to be shot in the district in the recollection of the Indians or of Mr. Collison, who himself is a native son.

NATIONAL DEFENSE

Bill Is Passed by Commons After Meighen's Criticism.

OTTAWA, June 13.—The Senate amendments to the bill creating a department of national defense was concurred in by the House of Commons after Meighen had criticized the bill as superfluous.

**SETTLEMENT
IRISH CRISIS**

People and Press Confident Matter is Disposed of Satisfactorily.

LONDON, June 13.—The calmness with which both Parliament and press have received the postponement until Thursday of Right Hon. Winston Churchill's statement on the Irish situation is taken as a general indication of the general confidence that after successive crises practically all difficulties have been smoothed away and the draft of the Irish constitution brought into harmony with the Anglo-Irish treaty. The arrival of Collins here today is expected to mark the sealing of the final understanding.

**HAZELTON MEN ARE
FINED FOR SETTING
FIRE TO FORESTS**

The local forestry office has received word that a prosecution at Hazelton for setting a fire without a permit against Messrs. Watson, Karki and S. Sanders before Magistrate Mulvaney resulted in the imposition of a fine of ten dollars against each of the offenders.

The department complains that there is great carelessness in regard to setting fires. Most of the recent trouble has been the result of carelessness and prosecutions have been necessary. This is the first in the north but others are likely to follow.

WESTERN INTERNATIONAL
Calgary, 3; Edmonton, 4.

**ENGLISH ENGINEERS
RETURNING TO WORK;
FOURTEEN WEEKS OUT**

Accept Terms Offered by Employers for Settlement of Lockout.

LONDON, June 13.—By a vote of 76,478 against 34,423, the Amalgamated Engineering Union voted for the acceptance of the employers proposals for the settlement of the lockout in the engineering industries, which has been in effect for fourteen weeks.

**COST OF FINISHING
STREET SURFACING**

Ald. Dybhavn Calls For an Estimate from the City Engineer—Is Exceeding Original Estimate.

The city engineer has been instructed by the city council to prepare and submit to the finance committee as soon as possible an estimate on the cost of completing the Section 1 resurfacing program.

Ald. Dybhavn, chairman of the finance committee, in moving a resolution to this effect at last night's council meeting, said that it was quite evident the money at first contemplated would not complete the work and more funds would be necessary to finish it. The finance committee and the council should know, Ald. Montgomery seconded the motion which was carried without discussion.

**BRITISH TROOPS IN
TURKEY MASSACRED
NEAR DARDANELLES**

ATHENS, June 13.—Twelve British soldiers have been massacred by Kemalists Turks who raided a weak British detachment near the Dardanelles on Sunday.

**FROST ON PRAIRIES
DURING LAST WEEK**

Mail advices to hand show that there was frost at various points on the prairies at the end of last week. Ten degrees of frost was reported from Vegreville and Lloydminster and four degrees at Red Deer. There was two degrees at The Pas and five at Russell. Many other points showed the thermometer hovering around the freezing mark and dropping slightly before it. Saskatchewan was almost free of frost but not quite Alberta suffered most. The chief damage was to garden crops.

**PRESBYTERIANS WILL
MEET AT PORT ARTHUR**

TORONTO, June 13.—The Presbyterian General Assembly before closing decided that next year they would meet at Port Arthur, Ontario. While not a large city this is one of the most central points in Canada.

**WILL TAKE
UP QUESTION
DAILY MAILS**

Committee Being Appointed by Board of Trade to Prepare Data.

DAWSON CHAIRMAN.

Would Make Prince Rupert Distributing Centre for Northern B. C.

To make this city a mail distributing city for the northern part of British Columbia is the aim of the Board of Trade as expressed at the meeting of the council held yesterday afternoon.

President Ome appointed F. G. Dawson chairman of a committee to be named later to prepare the brief in regard to it and other matters for Prince Rupert to be presented to the ministers of the crown on their forthcoming visit to Prince Rupert.

The matter came up following the reading of the letter of the postmaster general to Fred Stork which had been forwarded to the board. This stated in substance that the daily mail could not be established just now because of the excessive cost. It would increase the present loss on the section between Prince Rupert and Edmonton by about \$70,000 or by giving a baggage car service the loss would be about \$21,000. In either case the loss added to the present loss of \$27,000 a year would make a burden too heavy for the department to bear under present conditions, especially at a time when expenses throughout the country are being cut down.

During the discussion following the reading of the letter the opinion was expressed that the minister did not seem to quite understand what it was we were asking for. It was to make all the mails for northern British Columbia come here instead of to Vancouver and be distributed from here. This was the natural distributing point for northern B. C. and the Yukon. It was suggested that correspondence would not be as effective as a personal interview and it was therefore decided to leave the matter until the ministers come. It was expected that Postmaster General Murphy would be in the party and the matter could then be discussed with him.

**UNEMPLOYMENT
BY PROVINCES**

Number is Decreasing Rapidly Say Officials.

OTTAWA, June 13.—Estimates on the unemployed covering eight of the nine provinces up to Saturday, June 10, show what labor officials consider a remarkable decrease in the number of men out of work. Following are the figures:

Ontario	10,811
New Brunswick	500
Nova Scotia	7,800
Quebec	9,500
Manitoba	1,865
Alberta	4,225
British Columbia	7,362
Saskatchewan	4,772
Total	43,144

**BIG PLANE IS
NOT COMING TO
PRINCE RUPERT**

Len Bell, of Railway Employees' Investment and Industrial Association, is in City.

Len Bell, president of the Railway Employees' Investment and Industrial Association, which is bringing the big steel J.L.-6 plane to go into the transportation business from Hazelton to points north, arrived in the city on last night's train and will return east tonight to Hazelton and Terrace where he has business.

Mr. Bell reports that the plane is laid up in Edmonton on account of an undercarriage wheel having been broken. It had been planned to be in Hazelton yesterday but it is necessary to send to New York for the damaged part and it will be probably a couple of weeks before the machine can reach Hazelton. Mr. Bell says that the machine is not coming to Prince Rupert nor is it going to the Yukon. There is plenty of work north of Hazelton taking prospectors and others into the Omineca, Ingineca and Manson Creek countries and already four parties are waiting to be taken into the latter point. On account of winds and rain it would be taking a pretty big chance to bring a machine of the description of this one to Prince Rupert.

The machine is of the J.L.-6 model, has a speed of from 130 to 165 miles per hour and can carry seven passengers and 2200 pounds of freight. It cost \$26,000 and has a 207 h.p. motor.

**DR. YEN IS NEW
PREMIER CHINA**

LONDON, June 13.—A dispatch says that Dr. Yen, former foreign minister has been appointed Premier of China.

**PILOTAGE PASSES
HOUSE OF COMMONS**

Exemption Provided for Foreign Ships Under Reciprocal Plan.

OTTAWA, June 13.—The House of Commons have passed the third reading to the bill authorizing the exemption of pilotage dues to vessels giving similar privilege to Canada. The bill also regularizes the present exemption of fishing vessels from pilotage, which exemption has been questioned from time to time.

GOOD ROADS

VICTORIA, June 13.—The first day's session was occupied by technical experts on problems peculiar to the prairies.

**REPORT IS MADE
ON FIRE RISKS**

Fire Chief and Building Inspector Submit Results of Inspection to Council.

Reports from D. H. McDonald, fire chief, and H. L. Landrey, assistant engineer, regarding fire risks in the city were received by the city council last night. The former was referred to the utilities committee and the latter to the Board of Works.

The fire chief reported that all public buildings in Section 1 had been inspected. In cases where the fire regulations were not being complied with, the matter had been taken up with the owners. Twenty-seven notices calling for alterations and repairs to chimneys, fire escapes and other points had been sent out in the month of May.

Construction Not Right.

The building inspector's report indicated that the construction of several buildings inspected had not come up to the requirements in that there should be no board partitions without plaster or basements without metal laths. The most expeditious way by which to handle the situation might be through government. Such premises as the Western Hotel, Inlander Rooms, Houston Hotel, King George Hotel, Bayview Hotel, Pacific Rooms, Dominion Hotel, Grandview Hotel, West End Rooms, Java Cafe, Steele Block, and St. Louis Rooms were mentioned in the report.

Not Drastic.

Ald. Kelly said that the officials were now freed of responsibility since they had made their report and brought the matters to the attention of the council, whose duty it was to now formulate a policy. Ald. Collart, who originally called for the reports, thought they should not be too drastic if conditions were sufficiently good to prevent fire.

**UNEMPLOYMENT
PRACTICALLY
ALL OVER NOW**

Local Employment Office Has to Send South For Men for Anyox and Railway.

Although there are still 40 men registered at the Provincial Government Labor Bureau as unemployed, James Campbell, agent, reported this morning that the condition of unemployment has practically disappeared from the district. These men registered, it is understood, have mostly received work outside of the medium of the office and have not reported.

At the week-end, Mr. Campbell received orders from Anyox for 40 men for dam construction and 50 laborers for the railroad. Ten men were sent from here for Anyox on Sunday night and the remaining 30 have been sent for from Vancouver. The entire railway order was transferred to Vancouver.

The situation here has been gradually improving of late and, besides the big orders from Anyox and the railway, there have been a number of odd jobs about town.

**COMMITTEES FOR
FAIR SELECTED**

F. G. Dawson Announces Names of Those in Charge of Various Departments.

The following Fair committees for the year 1922 have been selected by F. G. Dawson, president of the Northern B. C. Agricultural and Industrial Association:

Finance—G. C. Mills (chairman), M. McLauchlan and John McRae.

Building and Grounds—W. E. Thompson (chairman), H. Pattinson and Ald. J. H. Kelly.

Exhibits—R. E. Benson (chairman), W. J. Kirkpatrick and Ald. T. Silversides.

Sports and Attractions—D. G. Stuart (chairman), W. E. Thompson and R. E. Benson.

Advertising—M. M. McLauchlan (chairman), R. E. Benson and Ald. J. H. Kelly.

Indian Bands—F. G. Dawson (chairman) and J. F. Venables (chairman)—John McRae, (chairman), C. C. Mills and H. Pattinson.

Prizes—J. F. Venables (chairman), D. G. Stuart, W. J. Kirkpatrick (additional), Mrs. John McRae, Mrs. Thomas McClymont, Mrs. W. D. Vance, Miss Stevens and H. L. Campbell.

FISH ARRIVALS

One Hundred and Forty-four Thousand Pounds was Marketed Today.

One hundred and forty-four thousand pounds of halibut was marketed at the Fish Exchange this morning as follows:

Bringold, 14,000 pounds, and Selma, 10,000, sold to the Booth Fisheries Canadian Co. at 8½c and 4c.

Happy, 11,000 pounds, and Glacier, 11,000 pounds, sold to the Royal Fish Co. at 8c and 4c.

Vivian, 6500 pounds, sold to the Canadian Fish and Gold Storage Co. at 6c and 3c.

Joe Baker, 3000 pounds, sold to the Atlin Fisheries at 6.5c and 3c.

Scandia, 85,000 pounds, sold to the Canadian Fish and Gold Storage Co. at 7c and 3c.

BIRTHS.

There was born to Mr. and Mrs. J. A. Brown, of Port Essington, a daughter, at the General Hospital on June 12.

A son was born to Mr. and Mrs. W. A. Lineham, of the Lawyer Island light, at the General Hospital on June 8.

A daughter was born to Mr. and Mrs. Knute Olson, of Terrace, at the General Hospital yesterday.

A son was born to Mr. and Mrs. Francis Piper, of Atlin Ave., at the General Hospital today.

**MYFAWNY IS BEING
REPAIRED AT SEAL
COVE MARINE WAYS**

The provincial police boat Myfawny, which is to be transferred from this district to Vancouver, is now on the Seal Cove Marine Ways for cleaning, painting and overhauling before commencing the voyage south at an early date.

It is not known definitely yet when the Walla, which is to replace the Myfawny, will arrive from Vancouver. She will be manned by two men coming north who will return south with the Myfawny.

NOVEMBER 1914

Tuesday, June 13, 1922.

Daily Mail For Northern B.C.

While it is somewhat of a disappointment to be refused the establishment of a daily mail service between this city and Edmonton, this does not mean that we shall not eventually get the service.

We can fully understand the position of the postal department in wishing to make the service pay. We agree with them that the service must eventually carry itself financially.

The daily mail is bound to come here soon. Let us for a short time bend our energies to getting the important things that will bring business and then we shall have no difficulty in securing the daily mail service.

Who Owns Canada? Being Discussed.

Do Canadians own Canada or is it owned by the people of the United States? That is worrying people in some parts of the country. The matter has been discussed at Ottawa and it has been shown that the United States people own anything from 34 per cent to over 50 per cent of the invested capital.

An important consideration in the revived tariff discussions in Canada is the rapidly growing proportion of Canadian business and manufacturing owned by American capital. The Trade and Commerce Department of the Dominion has just published an analysis showing that 34 per cent of the capital of Canadian manufacturing establishments is owned by citizens of the United States; 56 per cent by Canadians; 9 per cent by persons living in Great Britain; and 1 per cent by residents of other countries.

Canadians Also Invest in States.

While Americans are turning their attention to the development of the resources of Canada some Canadians are sending their money to the States for investment. We continually hear of Canadians having an interest in mines, factories, oil wells, railways and other industries to the south of the boundary and to a small extent in Alaska.

What we need in Canada is still more American capital to develop our natural resources. It is best that we do it ourselves, but as Canadians do not seem anxious to undertake the work, the next best thing is to have our neighbors come over and help us. This they are doing.

Why Not British Some Are Asking?

Why do not the British come here and spend their money? The answer is that they do so but get little return. The average Britisher does not understand the Canadian. He takes local enthusiasm for an expression of fact and is often undecayed at great expense.

While we appreciate the interest taken in the country by those who invest money and fail, yet we know, as everybody knows, that it is the successful industry which helps the country, therefore we want to see every industry succeed.

ROYAL YEAST CAKES
Canadian Made
A fresh, rosy complexion indicates perfect health. To secure this in most cases all that is necessary is to take one to three Royal Yeast Cakes a day for a few weeks.

WHAT CAUSES HEADACHES?

"Fruit-a-lives" Prevents Auto-intoxication.

Auto-intoxication means self-poisoning. Many people suffer from partial constipation or insufficient action of the bowels. Waste matter which should pass out of the body every day, remains and poisons the blood.

As a result, there is Headache, Indigestion, disturbed Stomach, Pain in the Back, Rheumatism and Eczema and other skin diseases.

"Fruit-a-lives" will always relieve Auto-intoxication as these tablets, made from fruit juices, act gently on the bowels, kidneys and skin and keep the blood pure and rich.

SUITCASES TRUNKS CLUB BAGS

Large Stock on hand. Prices very low.

J. F. MAGUIRE Next the Prince Rupert Hotel

Ten Years Ago in Prince Rupert

June 13, 1912.

The board of license commissioners met yesterday and renewed the liquor licenses of eight hotels but cancelled those of both existing bottle shops. Wholesale licenses were granted to C. T. Partington for the Beaver Lignor Co. and W. S. Marshall for the Northern B. C. Liquor Co.

Thirty-five citizens attended the meeting held last night in the Presbyterian Hall in support of the by-laws which are shortly to be put to a plebiscite. Mayor Newton and several aldermen were also present.

Prince Rupert is gradually growing greater on the horizon of the world's commerce as a fishing centre, says J. M. Musson, Dominion Government Trade Commissioner of Leeds, England.

The Man in the Moon SAYS:-

"I'll tell the world" said the radio operator as he commenced a broadcasting service.

THE Optimist says it can be done, the Pessimist says it can't be done and the Peptomist says "I've done it."

PESSIMISM is all right for a few hours once or twice a year, but not oftener.

WHY be pessimistic when there are so many possibilities for the future.

SHAKESPEARE tells about the frost, the killing frost. Here we talk about the southeast wind.

IT would be easy enough to make streets in Prince Rupert if the crushed rock and tar mixer could be obtained.

THERE is always a fly in the glass of milk or dirt in the bottom.

IT would be easy enough to hit a tax with a hammer if your thumb were not in the way.

THE speed of the boat depends on the speed of the motive power.

YOU can ride on an ostrich but you cannot get off on a lark.

ONE thing that won't get you anywhere is swearing at the condition of Third Avenue. It may yet be worse before it's better.

The charge of vagrancy against S. A. Anderson was withdrawn in the police court yesterday afternoon, the preliminary objection of W. O. Fulton, solicitor for the defence, that the man had been wrongfully arrested without a warrant being sustained by Magistrate McClymont.

TERRACE IS GROWING FAST

P. W. Anderson, Road Superintendent, Says More Land Than Ever Being Taken Up Now

STRAWBERRY FAILURE ACTS AN INCENTIVE

"More land is being taken up around Terrace this year than ever before in the history of the place," says P. W. Anderson, provincial government road superintendent, who returned to the city on Saturday evening after having spent the past week in the strawberry district and around Kitwanga. Mr. Anderson reports that clearing is going on everywhere and new houses are springing up all around. It seems to be the most thriving community in the country.

The very fact that the strawberry crop is going to be a failure this year is causing a greater incentive along other lines such as mixed farming and the growing of grain. Mr. Anderson declares.

Forest Fires Out

There have been a lot of forest fires around Terrace and Kitwanga lately but recent rains, together with effective fire fighting, have resulted in all being out now. The roads around Terrace are in excellent shape and are about as good as are to be found anywhere in the province. The tractor which was recently put in there by the provincial government is doing good work.

CURIOUS TOWING CASE IN COURT GOES AGAINST KELLY CO.

The owners of the Tug Commodore have been successful in a suit against the T. Kelley Logging Co., which engaged the tug to tow three Davis rafts from Queen Charlotte Islands last November. Owing to bad weather the tug laid in harbor at the Queen Charlottes for six weeks, during which time the owners were drawing \$300 a day for services the tug did not render. The sum of \$10,000 had already been paid and the suit was to recover the balance of \$803.

There was a counter claim for the sum of \$16,958 estimated to have been lost by the logging company owing to the failure to deliver the logs, sale of which was lost. This counter claim was disallowed.

There was a mass of evidence against Captain Johnson of the tug, but Mr. Justice McDonald refused to accept it and gave judgment accordingly.

It is expected that the case will be appealed.

ELEVATION LEVELS OF VARIOUS POINTS IN PRINCE RUPERT

Noel Ogilvie, of the Dominion government geodetic survey, who visited Prince Rupert with a party some two years ago, in reporting to City Engineer F. J. Whittaker, has given the following elevations for various bench marks in the city:

- Concrete floor on government wharf, 17.47 feet above sea level.
Court House subway at Market Place, 54.992 feet.
City Hall, ground floor, 129.-671 feet.
Bank of Montreal, ground floor, 123.625.
Railway track near garbage wharf, 17.908 feet.

SMITHERS

Rev. Mortimer Lees commenced his pastorate at the Smithers Methodist Church on Sunday evening last, having arrived from Vancouver on the morning train.

There was a good deal of damage to the forests and farm buildings in the recent forest fires in this vicinity. East of Telkwa the farm buildings of Belknap and Slater were destroyed as were those of Mr. McMaster near Doughty. Joe MacLough, of Driftwood Creek, lost his barn. The district around Smithers was all aflame and the

fires were driven by the wind to the mountain tops. Smithers had a scare east of town but the blaze was put out before there was loss to property.

The Pound Bylaw has gone into effect in Smithers and in future all stray dogs and animals without a brass permit will be gathered in by I. A. Arnold, the pound-keeper.

D. D. Rolston has arrived here from Vancouver to establish a hardware business. Mr. Rolston has been a resident of the province for many years and is well known on the coast.

The school house at Tehesinuk Lake, near Burns Lake, was destroyed by forest fire last week.

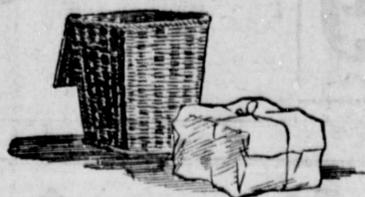

John Short, of Burns Lake, died last Wednesday at the Smithers Hospital, aged 62 years. Mrs. A. Craggs, of Prince Rupert, is a daughter of the deceased.

We Take the Washing of All the Family

That's what our Family Laundry Service means—all the washing of the family.

No laundress to bother with; no muss or fuss about the house—you simply call us. This is what we do—

We take your bundle—household linens, children's clothes, your own—all that normally make up the family washing.

We launder everything conscientiously and thoroughly by our modern methods, in mild, purifying suds, and clean, sparkling, rainsoft water.

We iron the flatwork, finishing it as nicely and daintily as you would yourself, and fold it smoothly and exactly.

Other pieces, like hosiery and underwear, we dry in a purifying, sanitary way that makes them ready to put on.

The few remaining garments, like your house dresses and the children's blouses we leave for you to finish at your leisure—DRYING, however, such as need it.

We do all the heavy work, leaving to you only the ironing of a few of the lighter pieces.

You'll be pleased, too, with the real reasonableness of the cost.

Phone—and have us put you on our list. Our representative will call promptly.

Thomas J. Shaw, of Brule, Alberta, arrived in the city on last night's train and is registered at the Hotel Prince Rupert.

The city council is calling for tenders for 4,000 feet of fibre conduit for the telephone department. The estimated cost is about \$1,000.

The tender of Albert & McCaffery of \$88 for nine doors and six sashes to be used at Shawatlans Lake was accepted by the city council last night. Other tenders were: J. L. Blain, \$133; E. H. Shockley, \$107.35.

The claim of O. Stegavig against the city for \$67.60, hospital and medical fees caused by his child falling through a plank roadway and being hurt, has not been granted, a report from the Board of Works to this effect being accepted by the council last night.

In view of the fact that the sidewalk is located on private property, the Board of Works has reported to the city council that nothing can be done with regard to the repairing of the sidewalk leading from Fraser Street to Borden past the Viereck residence. A petition was received at last week's council meeting from George D. Tite and others that repairs be made.

The report of the city clerk regarding roadway petitioned for by residents of Alfred Street has again been laid on the table. Mr. Woods reported further last night that he had interviewed the provincial government while in the south and had been told that an estimate of the cost would be required before the government could go any further. Accordingly an estimate is to be called for from the city engineer.

The city council has endorsed the invitation sent by the local Oddfellows Lodge to the Grand Lodge requesting that next year's convention be held in Prince Rupert. The 1922 convention is now in progress in Victoria, Harry Love and J. S. Irvine being the delegates from here. The local lodge is also seeking endorsement for its invitation from the Board of Trade and the Trades and Labor Council.

While the steamer Prince is on her next trip south she will vary her routine slightly going to Seattle direct instead of to Victoria and there picking up a party of 147 New York Shriners and taking them to Victoria where they will spend a day and then taking them to Vancouver. The steamer will then resume her schedule as usual. She will leave Prince Rupert at 10 p.m. on June 18 instead of at midnight, arriving in Vancouver at 9 a.m. on June 20.

Dance at the Auditorium Friday, 16th. Westholme Orchestra. 140.

Mr. D. McGregor reached the city on last night's train from Terrace.

K. Chambers and M. Goose, Naas River cannerymen, reached the city yesterday and are registered at the Hotel Prince Rupert.

James L. Lee's handsome new bungalow on Eleventh Ave. beyond McGlymont Park is now nearing completion. It is one of the prettiest residences in the city and has many attractive features such as pebbled verandah pillars and abundance of windows as well as a concrete foundation. In readiness for moving into the home at an early date, Mr. Lee is clearing up the grounds and planting a garden.

Improves flavor of cereals and fruits

K. Chambers and M. Goose, Naas River cannerymen, reached the city yesterday and are registered at the Hotel Prince Rupert.

James L. Lee's handsome new bungalow on Eleventh Ave. beyond McGlymont Park is now nearing completion. It is one of the prettiest residences in the city and has many attractive features such as pebbled verandah pillars and abundance of windows as well as a concrete foundation. In readiness for moving into the home at an early date, Mr. Lee is clearing up the grounds and planting a garden.

The Ketchikan baseball club is not to be brought to Prince Rupert for the Dominion Day Celebration. A wire was received in the city yesterday from the Alaskan town asking if arrangements could be made for the usual First and Fourth of July series and asking for an answer today as arrangements were pending with Anxox if they did not come here. Harry Breen, secretary of the local baseball club, is wiring north tonight intimating that the bringing of the team here this year cannot be entertained.

ALD. PERRY FINDS SOME SMELLS ARE NOT OF SWEETEST

Unsanitary conditions and evil odors, especially in the neighborhood of the Ark on McBride Street and, to a lesser degree, near the west end of Hays Creek Bridge, are again bothering Ald. Perry. He was going along the other night and he found the smell to be even abnoxious. Accordingly the Seal Cove alderman drew the matter to the attention of the health committee and the city engineer last night.

NEW YORK DEATH LIST IS GROWING

NEW YORK, June 13.—The death list, resulting from a cyclone that swished and swirled its way through New York and suburbs on Sunday night continues to grow. The known dead now total forty with sixteen persons reported missing.

LUMBER MILL WILL BEGIN CUTTING MONDAY

PRINCE GEORGE, June 13.—Next Monday, June 19, is the date set for starting of operations at the mill at Giscombe. All financial arrangements have been concluded and the saws will soon be buzzing merrily. The new company is known as Giscombe Spruce Mills, Ltd.

LASHES FOR BOY.

WINNIPEG, June 13.—One year in jail and 10 lashes was the sentence meted out to Alvin Swire, 18-year-old farm hand at Morden, Man., by Mr. Justice Galt in assize court. Swire pleaded guilty Wednesday morning to a charge of criminal assault.

FAIR PRIZE LIST BEING PREPARED

Committee Met Last Night and Made Such Alterations as Are Necessary for Year.

The prize committee of the exhibition board met last night in the Fair Office for the purpose of rearranging the prize list and making such alterations as are necessary for the year. A new section was put in for boat models and some extensions were also made to the fruit classes. Some other changes of minor nature were made and a few deletions were decided upon.

Jack Venables, secretary, is now working on the prize list and it is hoped to have all material prepared and the book out by July 1.

The members of the prize committee who attended last night's meeting were J. Venables (chairman), D. C. Stuart, W. J. Kirkpatrick, Mrs. John McRae, Mrs. Thomas McGlymont, Miss Stephens and Mrs. W. D. Vance.

HUGH WHITTAKER COMING TO MAKE AN EXAMINATION

Provincial Government Delegates Him to Inspect Booth Memorial School.

The Department of Public Works of the provincial government has delegated Hugh Whittaker, the departmental architect, to make an inspection of the Booth Memorial School in compliance with the request of the local school board. Mr. Whittaker will come here soon to go over the building with A. M. Jeffers, the Alberta expert, whose services the board is seeking to obtain. Advice to this effect has been received by W. D. Vance, secretary of the school in a communication from P. Philip, chief engineer of the public works department.

No reply has yet been received by the board from Mr. Jeffers who was wired last week for his terms and the possibility of his coming here. Mr. Vance is dispatching another telegram to him today. It is understood that he has been out of Edmonton.

BRINGING UP FATHER

DISCUSSION ON CITY UTILITIES

Alderman Perry Not Satisfied with Present Condition of Affairs.

FINANCING IMPROVEMENTS.
Perry States Mayor Does Not Understand the Issue.

A letter from J. Muirhead, provincial inspector of electrical energy, recommending overhauling and alterations at the city steam plant and also overhauling of telephone and light pole lines to bring them in compliance with provincial regulations, was received by the city council last night and referred to the utilities committee for report.

Ald. Perry suggested that the communication be referred to the joint committee of the utilities and finance committees for report. The utilities committee, he said, already had a program for work this year for which finances were required. A conference of the two committees was still being delayed, ostensibly waiting for a report on finances from George Borie, auditor. In view of the program already planned, the dry dock matter and these recommendations from the government he thought there should be an early conference of the two committees so that they could be given an idea of how they stand financially.

Not Very Serious.
Ald. Dybhavn moved and Ald. Montgomery seconded that the letter go to the utilities committee for report. Some discussion followed as to whether the work involved in the report was maintenance or capital expenditure, opinions differing.

Ald. Dybhavn stated that he did not take the report very seriously. He would suggest that the utilities committee deal with it and only consider such alterations as were most necessary at this time. Bylaws provided that 20 percent of the net revenue of the utilities could be used for extensions and improvements of the system. He thought the council might give the utilities committee this leeway right now. The time was not right for the putting of money bylaws for such work as changing the pole line. What was necessary should be attended to and he thought authority to use this money would go a long way towards the execution of the utilities committee program. Twenty percent of last year's gross receipts would come to about \$14,000.

Program Involves \$46,000.
Ald. Perry wanted to know how they would arrive at the 20 percent. Would it be available after the deficit on the water system had been covered by the surplus on light? This suggestion made an understanding between the two committees even more desirable. A program involving expenditure of \$46,000 was planned for this year. All that the committee asked was to be allowed to reach a decision and agreement over finances. At the present time there was a haze over the negotiations. If the surplus of the utilities had been used in the past for maintenance instead of being transferred to general fund it would have been a better policy. All construction for a number of years had been paid out of the earnings of the system.

The question of a joint meeting of the finance and utilities committee was again brought up by Ald. Perry before adjournment. He asked when this meet-

ing might be expected.
Ald. Dybhavn replied that he had no idea when Mr. Borie would have his report out and he did not think that the issue could be dealt with until such time as he had it ready for submission. He was prepared to meet the utilities committee at any time.

Being Held Up.
Ald. Perry declared that the program of the utilities committee was being held up pending the joint meeting and it was not his intention to call or attend another meeting of the committee until a decision between the two committees was reached.

Ald. Dybhavn expressed surprise at Ald. Perry's attitude. The question of raising money would not be settled by a joint meeting. He suggested one way by which the utilities committee might have \$12,000 or \$15,000 and, in the meantime, that was the only way out that he could see. If the council concurred this money might be made available for the committee right away.

Friction in Departments.
Ald. Perry declared that there was friction between the water and light departments. There were important points which could be settled at a joint meeting. The general feeling was that an insidious attempt was being made to put the utilities on the rocks and cripple its operation. If the questions could not be settled they had better quit.

"Such a suggestion surprises me and it is not fair to any member of the council," said Ald. Dybhavn. "I think Ald. Perry should have more justification before he throws out such suggestions."
"I will shoot a little more each meeting until I get action," said Ald. Perry. "I might shock Ald. Dybhavn next time."
"We all know that general fund has nothing to lend this year," said Ald. Dybhavn. "I would be glad to meet the utilities committee at any time but at no time do I take cognizance of Ald. Perry's threats. I have heard them before."

Ald. Silversides thought there was too much discussion in the council by which nothing was being gained. The most satisfactory plan would be to bring the whole matter before the council in committee of the whole instead of a meeting of the two committees.

Treated as Joke.
"The whole matter seems to be treated as a joke," said Ald. Perry. "And I am going to make a statement right here which you can repudiate if you like. It is my impression that you, Mr. Mayor, do not understand anything about this issue or you would not sit back without calling a joint meeting. Week after week you attend the meetings of the Board of Works but not the utilities. The least you could do would be change the times of the meetings so you could attend both. The situation is not vitally understood or else you would be glad to have a joint meeting. I am not going to come here week after week and have the matter treated as a huge joke."
The mayor stated that, as far as he could see, the situation of the utilities had been fully explained and there was no use of a joint meeting. If it was a matter of policy to be changed, then that was a question for the whole council to deal with.

The discussion then ceased with the putting of the motion to adjourn.

Elephant Brand.
"He speaks of my adabaster brow. I don't understand him."
"He means your ivory dome, girlie."—Judge.

ONLY ONE SHIP.

An American doughboy, captive to a Boche officer, was questioned.
"How many of you American soldiers are there on this side of the Atlantic?" queried the German.
"Oh! About three million of us."
"It must have taken a lot of ships we knew nothing about to bring all of you over, didn't it?"
"Oh, no; only one ship brought us over."
"Only one! Impossible! And what one was that?"
"The Lusitania."—Judge.

HALIFAX EXPLOSION WRECKED HER NERVES

The reader will, no doubt, remember when a few years ago there was a collision in the Halifax, N. S., Harbor and one of the munition ships was blown up, causing great loss of life and laying a large portion of the city in ruins, and causing a great deal of suffering and distress among the inhabitants.
Mrs. Winfield Hill, now of Windsor, N. S., was living in Halifax at that time and went through this trying experience and the shock wrecked her nerves. She writes as follows:—"I was living in Halifax at the time of the explosion, and it wrecked my nerves so that I could not do my housework. I would take such nervous spells I would be under the doctor's care."
"I saw Milburn's Heart and Nerve Pills advertised, so I took two boxes, and they helped me so much I took six more, and now I am completely relieved. I can recommend them to anyone suffering from heart and nerve trouble."
MILBURN'S HEART AND NERVE PILLS
as the best remedy to tone up the entire nervous system and strengthen the weakened organs. Milburn's Heart and Nerve Pills are the original heart and nerve food, having been on the market for the past 27 years. Price, 50c a box at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

MORE DANGER ON LAND THAN IN AIR

PARIS, June 13. — There was less danger of death, in the late war, to officers who fought in the air than to those who combatted on the earth. French statistics show that 29 per cent of infantry officers were killed, while only 24 per cent of aviation officers lost their lives.
The fatalities among officers in general, as compared to enlisted men in all branches were nearly equal, being 19 per cent for the former and 18.5 per cent for the latter.
The percentage of losses by age show that the 20-year-old soldiers, both officers and men, suffered the most.
Here the death list was 29.2 per cent, while men from 45 to 50 years old lost in killed between 3 per cent and 5 per cent of their numbers.

A POINT IN DOUBT.

"Leonidas," said Mrs. Meek-ton, "I must give you credit for one thing. In all our married life you have never spoken an unkind word to me."
"No, Henrietta."
"And what I'm wondering is whether to give you credit for a lovely disposition or mere lack of courage."—Washington Star.

FRENCH APACHES ARE NOT ALLOWED TO USE DUELLING DEFENCE

PARIS, June 13.—The ancient privilege of the French nobility to settle their quarrels by duel has been denied to the Apaches of Paris by a decision Wednesday in the trial of Maurice Pintaux, "Maurice the Terror," for having killed Charles Allemange, "Charles the Assassin," in a duel over Louise Bastie, "Lou Lou the Cunning." "The Terror" was sentenced to two years in prison; two witnesses were sentenced to the same term, and a third to six months.

The trial gained considerable attention throughout France because of the contention of the defence that the duel, though fought by the Apaches, was carried out in the regulation manner. In proof of the contention the principals and witnesses of the most famous duels in recent years, as well as experts in the code of duelling, were called to testify.

The state seemed to recognize the verity of the defence and the prosecutor admitted that he did not believe that the "Terror" intended to kill his adversary. However, he demanded that the prisoner be condemned if the state did not wish to give the Apaches "letters de noblesse." The jury returned a verdict in keeping with his wishes.

LABOR CANDIDATES MANITOBA ELECTIONS

Two to Be Chosen in Winnipeg Nominated by Unions.

WINNIPEG, June 13.—International labor organizations are to select the two candidates to contest seats in Winnipeg at the forthcoming provincial elections. Each union in the city will nominate the men it desires to place in the field as the representative of the organized labor movement, after which a referendum will be held.

James Winning, secretary of the union labor committee of 45 appointed at the meeting of trade unionists in the Labor temple, has sent a circular letter to all international labor unions in Winnipeg, requesting them to send in by June 16 the names of candidates they wish to run. Immediately after receipt of the nominees, the committee will hold a referendum of trade unionists to decide on the two candidates to be placed in the field.

The committee regards this procedure as the best means of bringing our candidates who have the endorsement of the organized labor movement, declares Mr. Winning. It is expected many names will be brought forth for the trade unionists to select from.

REPRESENTATIVE OF BIG ENGLISH MINING COMPANY IS COMING

C. A. Banks, of Seluqua Gold Mining Co., of the Rand, Will be in Stewart Soon.

C. A. Banks, of the Seluqua Gold Mining Co., of the Rand, South Africa, is expected in the city next Saturday on the Prince Rupert en route to Stewart where his company plans to resume operations this year on the B. C. silver mine. Mr. Banks has just returned from a trip to England where the powerful company which he represents has its headquarters. An active program on the B. C. is understood, will be carried out this season.

SEASON'S SCHEDULES FOR JUVENILE AND JUNIOR BALL LEAGUES

The season's schedules for the Junior and Juvenile Baseball Leagues were handed out this morning by W. J. Cash, manager of the leagues. They are as follows:

- Junior League. May 31—White Sox vs. Tims, (played).
- June 7—Boy Scouts vs. White Sox, (played).
- June 14—Tims vs. Boy Scouts.
- June 21—White Sox vs. Tims.
- June 28—Boy Scouts vs. White Sox.
- July 5—Tims vs. Boy Scouts.
- July 12—White Sox vs. Tims.
- July 19—Boy Scouts vs. White Sox.
- July 26—Tims vs. Boy Scouts.
- Juvenile League. June 6—Boy Scouts vs. Midgets, (played).
- June 8—Midgets vs. Falcons, (played).
- June 13—Falcons vs. Boy Scouts.
- June 15—Boy Scouts vs. Midgets.
- June 20—Midgets vs. Falcons.
- June 22—Falcons vs. Boy Scouts.
- June 27—Boy Scouts vs. Midgets.
- June 29—Midgets vs. Falcons.
- July 4—Falcons vs. Boy Scouts.

Sport Chat

England and Scotland will clash tonight in a Senior Football League fixture when the Sons of England and the Gallies take their places on opposite ends of the Aeropolis Grounds to do battle with the piskin. The Scots are reported to be in fine fettle and are confident that they will score their first victory of the season on this occasion. The Sons, though somewhat weakened with the loss of Wearmouth, have some new blood to offer and are not a bit downhearted about their ability to withhold the Scottish onslaught. If they win they will jump into second place in the standing with one point over the Grotto. A victory for the Gallies will still leave them in the cellar with two points to their credit and one behind the Sons. Mr. Mercer will be the referee of the match.

Trout fishing ever presents new novelties. Local piscators have learned a lot about the habits of the finny beauties already and they are learning more all the time. There are so many things to be considered. First one must find the place but that is a comparatively easy matter around Prince Rupert. Then it must be decided what is the best bait with which to beguile the victims. An important factor is also getting on to the best time. Some say early morning and others late evening but it seems that, in certain seasons of the year, almost any time will do. However, the days are so long just now that it is a long stretch from dawn to twilight.

A Prince Rupert angler has just made the startling discovery that the local trout eats a mid-night lunch and is very hungry just about that time. In fact, if you waylay him while he is on

in traps would have to be thrown away.

Mr. Jackson suggested that all unprimed skins be sent to the Game Board just as heavier skins are.

Such an order would entail a hardship on the trapper as 25 to 30 per cent. of the furs handled in British Columbia are not strictly primed. Ernest Whitaker, fur dealer of Vancouver, said.

Mr. Manson pointed out that there are few regulations which do not work a hardship on someone.

"What we have got to strive for is reasonable regulation that will be in the interests of the industry," he went on. "There is no use putting up to the game warden what the game warden can't do. It is in your interests that we are working."

Mr. Jackson said the burden of proof that unprimed skins were taken within season should be placed on the man caught with them.

Mr. Whitaker suggested that the royalty be taken off ermine, as it amounts to only a couple of hundred dollars a year. The trouble is, he explained, that many of these delicate furs are ruined by the steaming and stamping.

J. Y. Copeman and agriculturists were before the board, dealing with the way game birds are destroying the crop of farmers.

Members of the board in attendance besides Chairman Jackson are: J. F. Guimont, of Cranbrook; W. G. McMyrn, of Victoria; Thomas B. Booth, of Nanaimo; W. Williams, of Prince George and F. R. Butler, secretary.

CINDER WALK TO BE BUILT SECOND AVE.

A cinder walk costing about \$145 is to be put in by the city on Second Avenue between Eighth Street and the Junction of First, Second and Third Avenues. A petition asking for such a walk was presented to the council recently and at last night's meeting there was a recommendation from the Board of Works that it be built. The city engineer also had an alternate plan for a cinder and asphalt walk costing \$142.25 but as there were not sufficient signa-

tures to the petition to undertake the work under local improvement, the Board of Works did not recommend its adoption.

MITCHELL ALBERT IN COAL BUSINESS

Former Local Resident Builds Dock at Vancouver and Will Sell Island Coal

New coal docks and bunkers are under construction on Vancouver Harbor, between the Canadian National terminal and the end of Gore Avenue, says the Vancouver World. Misak Aivazoff, prominent contractor and financial man, and associates will handle Vancouver Island coal from this depot.

Mr. Aivazoff has secured control of 100 feet of waterfront immediately east of the Grand Trunk Pacific docks. Gangs of men are at work there completing dock construction, which will afford room for the development of one of the biggest coal and builders' supply businesses on the Pacific coast.

Investment of \$50,000 is the initial outlay of Mr. Aivazoff upon dockage alone. Coal from the Wellington mines will be handled by the new company. Mr. Aivazoff will personally manage the business.

ASK REAPPOINTMENT BOILER INSPECTOR AT PRINCE RUPERT

At the meeting of the Board of Trade council held yesterday afternoon it was decided to ask the Dominion Government to appoint a boiler inspector at this port for the purpose of expediting work in connection with this department of the service. It was explained that the dry dock had been delayed in work through not having an inspector resident here. If there were such an official, the marine underwriters would often take his advice in regard to repairs on boats. There was such an official formerly and they would be simply asking that he be re-appointed.

It was decided to wire the member asking that the matter be laid before the department with a view to action.

GAME BOARD AND FUR TRADE

Says He Will Enforce Law and Do What Is Best Interest of Province.

VANCOUVER, June 13.—With Mr. Jackson, K.C., M.P.P., as honorary chairman, members of the B. C. Game Conservation Board and the Hon. A. M. Manning, Attorney-General, were told by dealers that the transient and transient trapper were most menaces to the fur industry of the Province. The Board is considering new regulations.

Mr. Manson spoke of the great loss to the Province of the fur trade and said that as long as he is Attorney-General the laws of regulations would be enforced.

"Transient fur buyers can come up and violate the laws and get away with it," said C. H. Manning, of the Hudson's Bay company.

The transient trapper who is to stake in the country is the most enemy we have," said Mr. E. Little, of Little Bros. fur sale Agency, Vancouver.

Jump in and Take Cream. It was also explained that established fur dealers have to maintain their posts throughout the country and help out trappers and others through the lean seasons, but when the furs begin to come in, the outsiders with interest in the country jump in.

It was pointed out that most transient trappers are careful to do nothing is done to decrease game in their district, but dealers come in and care for nothing.

After a long discussion it was the opinion of the conference that control of the fur trade should be worked through the fur laws.

Interests Identical. It was explained that British Columbia fur dealers are organized and they were asked to send to the Board regulations that they think should be.

This association is going to do the fur business in this country where it belongs," said Mr. French.

The interests of the Province are their interests," said Mr. Manson. "That is the right way to look at it. We want to accomplish what is in the best interests of the industry."

Unprimed Skin Policy. During the discussion on pelting with regard to unprimed skins, Mr. French urged that it should be made illegal for a dealer to have any unprimed skins in his possession.

Mr. Whitaker said this would mean great economic loss as thousands of such skins taken

IS OPPOSING TARIFF WALL

Senator Jones Objects to High Duties of Retaliation Nature

WASHINGTON, June 13.—(By Canadian Press)—Progress of the discussion of the tariff bill is serving to bring out more and more clearly the fact that there is a strong Senate opposition to building up an unduly high tariff wall between the United States and Canada. This Senate opposition unquestionably reflects a powerful public sentiment of the same nature.

Those who object to building high the tariff wall between this country and the Dominion are democrats and some of the more moderate republican protectionists. For that matter, they declare danger exists in the high rates generally carried in the pending bill.

They perceive the danger of a large curtailment of trade between this nation and Canada and of closer trade relations between Canada and Latin America at the expense of the United States. Moreover although there has been surprisingly little attention given it here, they perceive that high tariffs by this country against Canada will drive Canada into closer preferential trade relationship with the United Kingdom and the rest of the British Empire to the detriment of United States trade.

Important Protests

The high tariff republican leaders in the Senate, it is true, are paying little heed to expostulation against high rates. They are bent on driving the tariff bill through substantially as it came from the finance committee. Nevertheless, the importance of the protests now being made cannot be overlooked. The feeling is growing stronger here all the time that the operation of the proposed new tariff law will have

SYNOPSIS OF LAND ACT AMENDMENTS

Minimum price of first-class and second class to be \$25 an acre.

Pre-emption now confined to surveyed lands only.

Records will be granted covering any land suitable for agricultural purposes and which is not timber land.

Partnership pre-emptions abolished, but parties of not more than four may now acquire adjacent pre-emption with joint residence, but each making necessary improvements on respective claims.

Pre-emptors must occupy claims for five years and make improvements to value of \$10 per acre, including clearing and cultivation of at least one acre before receiving Crown Grant.

Where pre-emptor in occupation because of illness, or other cause, is granted 12 months for improvement and transfer his claim.

Records without permanent residence may be issued, provided applicant makes improvements to extent of \$50 per annum and records same each year. Failure to make improvements or record same will operate as forfeiture. Title cannot be obtained in less than five years, and improvements of \$100 per acre, including clearing and cultivated, and residence of at least 2 years are required.

Pre-emptors holding Crown Grant may reconvey another pre-emption, if he requires land in conjunction with his farm, without actual occupation, provided statutory improvements made and residence maintained on Crown granted land.

Unsurveyed areas, not exceeding 20 acres, may be leased as homesteads. Title to be obtained after fulfilling residential and improvement conditions.

For grazing and industrial purposes areas exceeding 500 acres may be purchased by one person, or by a partnership, or by a corporation, or by a trust, or by a company, or by a syndicate, or by a group of persons, or by a partnership, or by a corporation, or by a trust, or by a company, or by a syndicate, or by a group of persons.

Natural hay meadows inaccessible to stock may be purchased conditionally upon construction of a road to them. Rebate of one-half of cost of road, not exceeding half of purchase price, is made.

PRE-EMPTORS' FREE GRANTS ACT. The scope of this Act is enlarged to include all persons joining and serving with His Majesty's Forces. The use with which the heirs or devisees of a deceased pre-emptor may apply for title under the Act is extended from one year from the death of such person, as formerly, until one year after the conclusion of the great war. This privilege is also made retroactive.

No fees relating to pre-emptions are due or payable by soldiers on pre-emptions recorded after June 26, 1918. Cases are reunited for five years.

Provision for return of moneys accrued, due and been paid since August 1, 1914, on account of payments, fees or taxes on soldiers' pre-emptions.

Interest on agreements to purchase town or city lots held by members of Allied Forces, or dependents acquired direct or indirect, remitted from enlistment to March 31, 1920.

SUB-PURCHASERS OF CROWN LANDS. Provision made for issuance of Crown grants to sub-purchasers of Crown Lands, acquiring rights from purchasers who failed to complete purchase, involving forfeiture, fulfillment of conditions of purchase, interest and taxes. Where sub-purchaser does not claim whole of original parcel, purchase price due and taxes may be distributed proportionately over whole area. Applications must be made by May 1, 1920.

GRAZING. Grazing Act, 1919, for systematic development of livestock industry provided for grazing districts and range administration under Commissioner. Annual grazing permits issued based on numbers range, priority for purchase listed owners. Stock-owners may form Associations for range management. Free, or partially free, permits for tented, campers or travellers, up to ten heads.

HEADS That Ache and Pain

It is hard to drag along with a head that aches and pains all the time. In nine cases out of ten, persistent headaches are due to poisoned blood, the blood being rendered impure through some derangement of the stomach, liver or bowels, but no matter which organ is to blame the cause must be removed before permanent relief can be obtained.

BURDOCK BLOOD BITTERS

which has been on the market for the past forty-five years, removes the cause of the headache by starting the organs of elimination acting freely, and when the impurities are carried off from the system, purified blood circulates in the brain cells, and the aches and pains vanish.

Miss Clara Murphy, Centre Dummer, Ont., writes:—"My system was greatly run down and my blood out of order. I suffered a great deal from severe pains in my head which made me feel very miserable. After having tried other remedies I purchased a bottle of Burdock Blood Bitters, and was very glad to notice a decided improvement in my health. I took another bottle and it has done me an enormous amount of good. I have recommended it to some of my friends who were in a similar condition and they all say it is a wonderful remedy."

B. B. B. is manufactured only by The T. Millburn Co., Limited, Toronto, Ont.

a profound reaction and that the new law will be short-lived. In fact, many believe it will cause a political upheaval and defeat the republican party, although that is a question which it is too early to answer.

The tariff debate has brought up repeatedly the question of competition with Canada on this item of the bill. The objectors to high rates have found occasion frequently to protest. Senator Jones of New Mexico recently in objecting to high duties proposed by the finance committee on flourspar and answering allegations of serious Canadian competition, pointed out that as a matter of fact in Canada there was produced on the whole no more flourspar than was consumed. This led him to make the following general observations on Canadian importations and trade relations with Canada:

"We have heard a great deal here about some imports from Canada and about duty upon the Canadian commodities which are being brought into this country. I want to suggest to Senators that this is no time for the United States to build a tariff wall merely for the purpose of retaliation. That has cropped out in the consideration of this bill a number of times. Even on limestone a high tariff is asked simply because on the western coast there is one concern which may export some limestone to the United States, and the reason given for the request for the duty was simply as a matter of retaliation, because Canada has a tariff upon the importation of limestone there; and so with other commodities.

"Canada reaches from one ocean to the other. Her conditions are varied, very much as they are in the United States; but this is no time to build up a tariff wall for the sake of retaliation against what Canada has done. On the other hand, it seems to me that we should try to bring about a better feeling, a more reciprocal condition between this country and Canada."

"Yes, your head."—New York Evening World.

"SOFT FINISH" STATISTICS

A great many ladies took advantage of our special price on "Soft Finish" laundry last week. That they were satisfied is evident by the number who have sent again.

As we placed no limit on the size of the bundle, it is interesting to note, that the largest did not exceed 40 pounds, that the ordinary charge, Soft Finish, varied from \$1.15 to \$3.45, and that the average bundle did not exceed \$2.00 in price.

We noted also that washing from our regular patrons finished in much better condition than work which had previously been done at home or elsewhere—another argument in favor of patronizing the laundry where scientific processes are followed.

A trial will convince you.

KIWANIANS MEET IN TORONTO THIS YEAR

TORONTO, June 13.—For the first time in the history of Kiwanis the annual convention this year of the Kiwanis International Clubs will be held in Canada. Toronto being the meeting place and the dates being June 19, 20, 21 and 22. It is expected that close to 10,000 members and delegates will be in attendance. They will come from points all over the United States and Canada, from as far west as California and Prince Rupert and from distant points in the east. The delegates are drawn largely from leading industries and business concerns, many of them holding important executive positions. It will not only be the first Canadian convention of Kiwanians, but it is anticipated that it will be the largest and best in the history of the organization, which is now in its seventh year.

PRINCE GEORGE

The central executive of the Farmers' Institute of Prince George district had its annual meeting at Vanderhoof recently and the following officers were elected: President, Samuel Cocker; First Vice-president, John Henderson; Second Vice-president, Dr. Bamford; Secretary, W. P. Ozilvie. There were contests for all offices.

A party under Provincial Constable Gordon left here last week to bring out Joe McDoughna, prospector, who is lying seriously ill at a remote spot in the upper reaches of Willow River.

The Ladies' Auxiliary of St. Michael's church held a very successful concert in the Rex Theatre on Thursday evening. There was fine program with a strong array of talent presented.

Mrs. Charles E. McElroy, formerly a resident of South Fort George and lately of Victoria, is the guest of Mrs. Albert Johnson. Mrs. McElroy will reside here for the summer.

For Naas River Canneries, Friday a.m.

WELL PAID.

The foreman was badly in need of some extra workers, and not getting many applicants, he stopped a husky darkey on the street and asked him if he wanted a good job.

"What is you all a-paying boss?"

"Oh, I'll pay you all you are worth."

"No, sah, indeed! No! I se a-getting moah dan dat now."

SYMPATHY MINUS.

Hub (at breakfast)—I've got a bad head this morning.

Wife—I'm sorry, dear. I do hope you'll be able to shake it off.—Pearson's Weekly.
