Premier Mackenzie King Thinks Less Interference is Better

GEORGES CARPENTIER RETIRING FROM RING

Paris Little Impressed With Report—Various Criticisms Made of European Heavy-weight Champ.

PARIS, Aug. 31.—It is understood that Georges Carpentier will retire definitely from the ring within six or eight months. The report creates only mild interest in Paris where fight fans charge him with snobbishness. One newspaper suggests that Georges may be automatically retired in the bouts with Battling Siki and winner of the Beckett Moran bout.

PRINCE GEORGE TEAMSTER FACES MURDER CHARGE

Joe Thibault Dies Following Al-tortation Last Friday with Joe Ross Which Resulted in Striking

PRINCE GEORGE, Aug. 31.—Joe Ross, formerly pound keeper here and more recently employed by the city as a teamster, will stand trial on a charge of murder as the result of the death last week of Joe Thibault, the present poundkeeper. It is charged that Ross killed Thibault near the city material shed on Friday morning last following an altercation over crop damage done by stray cattle. Witnesses testify that after the quarrel Thibault started to go away but Ross followed him and struck him over the head with a piece of scantling. Death was due to shock and hemorrhage, the blow received on Thibault's head having been sufficient to fracture his skull on both sides. A jury sitting before Governor Guerd rendered a verdict to the effect that Thibault came to his death as a result of the blow delivered by Ross. Deceased never regained consciousness after having collapsed following the blow.

MAY WITHDRAW FROM REPARATIONS TODAY

German Offer Not Satisfactory and France May Take Action.

PARIS, Aug. 30.—(delayed) The feeling is expressed in preparation circles this afternoon that the French government would withdraw its delegates to the reparations commission preparatory to important action on the German indemnity question. This belief arose from the fact that the German delegates had advanced no new proposals acceptable to France. The Germans presented their case this morning and said the offer represented their limit. The commission expects to act by noon Thursday.

THREE MURDERED AT CANTON, OHIO

CANTON, Ohio, Aug. 31.—Mrs. Fred Burns, 27; Frank Burns, her husband; and Mrs. Mary Noland, 23, were murdered yesterday morning by an unknown man. The murderer lay in wait for his victims and struck them down with an iron as they entered the house. He escaped.

DRASTIC CUT LIQUOR PRICE

Wines Get Large Reduction to Encourage Use of Light Beverages

VICTORIA, Aug. 31.—The government's new scale of liquor prices becoming effective on Friday of this week, shows reductions of from ten cents to a dollar a bottle. The decrease in revenue as a result is estimated at three-quarters of a million dollars based on last year's sales. On the fourteen brands of Scotch whiskey there is a reduction of 75 cents a quart. Five others are reduced from \$1.50 to \$3.75, and two brands from \$1.50 to \$3.50. All brands of rye have been cut sharply.

Wine prices have been drastically slashed. The Attorney General declared this should result in the use of more light stuff and less hard. The decreases amount to as much as \$4 a gallon in some cases.

No reduction was made in the price of beer, the new taxes including any change there. Pure grain alcohol is cut from \$24 to \$27.50 to \$9.00.

DEAD FISHERMAN WAS WIDOWER AND 42 YEARS OF AGE

Old Sather, the fisherman of the schooner *Norwen*, who died yesterday afternoon in the General Hospital from heart failure, was 42 years of age and was a widower without children. He was a native of Norway and his aged father still lives in the Old Country. There were no relatives in this country. Sather resided in New Westminster where he was better known than here. The funeral will take place tomorrow from the B.C. Undertakers' parlors.

DOLLAR AT PAR

Canadian Money Yesterday Placed on Equality With American

NEW YORK, Aug. 31.—The Canadian dollar touched par yesterday for the first time since August, 115. During the last few years it has been at a discount at one time going as low as 20 percent and about a year ago it touched 18 percent.

The principal reason for the steady decrease in exchange of the past two months is because of the improved trade balance of Canada owing to the extensive purchases of Canadian wheat by the United States and the virtual shutting off of coal shipments to the Dominion because of the strike.

SOLUTION OF BIG PROBLEM

PARIS, Aug. 31.—The Allied reparations commission has decided to accept the Belgian compromise on the German moratorium proposition as a solution of the present crisis. A formal vote will be taken this afternoon. The British, Italians, and Belgians are unequivocally in favor of this settlement. The attitude of the French members is not yet known.

While Vienna Awaits Relief From League of Nations, the Jugo Slavic Forces Gather

VIENNA, Aug. 31.—Reports of the concentration of Hungarian troops on the western border of Austria are officially confirmed. Newspapers say these gatherings are due to uprisings which have occurred in Bergenland. It is reported that the Jugo-Slavic troops are growing in strength on the Austrian frontier, while Vienna awaits the verdict of the League of Nations in regard to the Austrian appeal for aid in the present financial and economic crisis. High tension is in evidence on all sides. Lloyds have refused applications for riot insurance at any price.

BERLIN, Aug. 31.—The cabinet decided to reject the demands of the reparations commission in Paris for gold guarantees as a condition of granting a moratorium to Germany by the allies.

RESCUERS ARE NEAR TRAPPED MEN IN MINE

One Hundred Feet Divides Rescuers From Entombed Men in Argonaut Mine

JACKSON, Calif., Aug. 31.—One hundred feet of rock and earth this afternoon separated the rescue party which is working in the underground depths of the Kennedy Mine from the entrance to the 4,800 foot level of the Argonaut Mine where it is believed 43 miners entombed in the burning mine since last Sunday midnight are trapped. The rescuers are working desperately. It is believed that the only hope of finding the men alive lies in their being in the air pockets of the lower levels formed by the bulkheads which the men have had the presence of mind to construct to ward off the gas fumes.

ALD. PERRY IS TO LEAVE CITY

Popular Pioneer Citizen Notified Today of Transfer in Indian Department Service

WILL SOON RESIGN FROM CITY COUNCIL

Ald. C. C. Perry, Indian Agent for the Skeena River district, is to be transferred to Vancouver to take over a new agency that has been created there by the Department of Indian Affairs. Word to this effect was received by Mr. Perry this morning from Ottawa. While there is, as yet, no definite instructions as to the exact date that the transfer is to take effect, Mr. Perry expects word to leave for his new post at an early date, probably within a few weeks. The Vancouver agency, which will be a very important one on account of a number of large problems which have developed recently, has been created through the division of New Westminster district into two.

Ald. Perry's resignation will necessitate his resigning from the city council, the resignation to be submitted as soon as definite word as to the date of his transfer is received.

A pioneer of this district and ever one of the city's most zealous and public spirited citizens, it is news that Mr. Perry is to leave will be a matter of regret to the community generally, although the move will be a promotion in the service. Mr. Perry first took up the work of the Indian department starting the Queen Charlotte Agency in 1909. In 1910 he took over the Naas River agency with headquarters at Metlakatla coming not long after to Prince Rupert where he has been ever since. For a short period in 1909 Mr. Perry was in the pulpit of the local Methodist church. He has been on the aldermanic board for the past four years and his popularity has been attested to on the leading position he, on most occasions, took at the polls. In 1919 he was president of the Northern B.C. Agricultural Association. He also has taken an active part in numerous other public and semi-public fields.

Canadian Dollar Touches Par Value.

Once more a Canadian dollar is as good as an American. Brothers, we are equals once more and can do business as man to man without any handicap on either side. Possibly there may be variations from this until conditions become more settled but the despatches say that yesterday for the first time since 1915 a Canadian dollar is worth an American dollar in New York. We have regained our financial self respect and can hold our heads as high as the other fellow.

Difference Between Rut And Grave.

The difference between a rut and a grave is simply a matter of depth. That was an apt epigram used by Samuel Grathwell at the Chautauqua lecture last night. It means a whole lot. Keep on making your rut deeper and eventually it becomes a grave. That was the inference. The person in a grave is a dead one and quite useless.

We all tend to get into our own little ruts and especially as we get older is there a danger of making the rut so deep that it becomes a financial, mental and spiritual grave. This is a pretty good time to climb out before it is too late.

Preparations For Biggest Exhibition.

Preparations are being made for the biggest Exhibition on record commencing September 12. Judging by the present prospects it looks as if all previous efforts would be excelled. Outside places are taking a much greater interest in the event than has ever been the case heretofore, the railway is co-operating in granting special fare and a third rates and the number of side attractions is greater than ever. Added to that will be the opportunity of taking a flier in Len Bell's sea plane. Taken all in all the prospects are good. All that will be needed will be for the weather man to be kind in order to make the affair a complete success.

Immigration Is Problem Of Day.

The question of securing immigration to this country is one of the problems with which the Dominion Government is wrestling. There are some who would like to see all barriers lowered and thousands of people of all classes and conditions allowed to come here. On the other hand there is a danger of lowering the standard of living by too free admission of people from the slums of Europe. What we want in Canada is an industrious white population made up of people who can qualify as citizens and who can assimilate with the rest of the people.

Canada has immense tracts of uncultivated lands. The people in the crowded countries wish to go on those lands. It would be not only selfish but absolutely immoral to prevent them coming. To play the dog in the manger would not be good for Canada. Immigration under reasonable restrictions would be the proper thing without doubt.

Moulders Of Public Opinion.

Any person who sets himself up as a moulder of public opinion whether he be a leader writer or a letter writer has mistaken his calling. There is no such person on the staff of the Daily News. The people of this city like to read opinions almost as much as they like to read the news. That is why this column is written nearly every day. The comment is an incident in the day's work of one of the staff. No small newspaper can afford to give much time to the expression of editorial opinion. The news is the important thing in any newspaper and especially so in the small town. Of one thing readers may be assured, however, and that is that the opinion is an honest one based on the information to hand. That the leaders are appreciated and read with interest is made clear from the numerous discussions in regard to the subjects mentioned therein.

MAKE PREPARATIONS FOR RECEPTION TO MONTREAL VISITORS

Two Hundred Members of Board of Trade and British M.P.'s Expected

A preliminary meeting of the council of the Board of Trade was held yesterday afternoon in the Police Court for the purpose of considering what steps should be taken to entertain the members of the Montreal Board of Trade members when they arrive here on September 23. It is expected there will be about two hundred there in the party. They are travelling to Vancouver in a special train and a special train will meet them here on their arrival. In the party will be about thirty members of parliament and of Old Country boards of trade who are joining the Montrealeers on the tour.

It was decided to leave the matter with the entertainment committee of the board to take up with the mayor and council and make tentative plans to be elaborated later, when further information in regard to the party is forthcoming.

Ten Years Ago in Prince Rupert

August 31, 1912

Mr. and Mrs. William Agnew, of Victoria, entertained many of the city's leading society people at a bridge party given in the home of their son, A. W. Agnew, McBride Street, last night. The prize winners were, at auction bridge, Mrs. A. J. Morris and Miss Balfour, Travis Lucas and H. P. Wilson. Mrs. F. J. Ritchie, Mrs. Hubert Ward, Mrs. Bullock Webster, J. C. McLennan, A. E. McMaster and R. L. McIntosh were also prize winners.

Mr. Poole and Mr. Overmere, of the U.S. Steel corporation, were arrivals on the Prince Rupert this morning. They are here in connection with steel contracts for the dry dock construction.

The waterfront was busy yesterday afternoon when four big steamers, Prince Albert, Prince John, Camosun and Princess Mary, were tied up at the Grand Trunk Pacific dock.

Ten Years Hence in Prince Rupert

August 31, 1932.

A real race was seen for a few minutes this morning when two trans-Pacific airboats flashed over the waters of the harbor in a race for the landing at Tuck's Inlet. The Europa, the big phosphor-bronze craft from London and Paris was an hour late, and flying high above the cloudbank. Near Lucy Island, the Singapore and China local was noticed far below. Both boats put on a spurt to reach the landing first. The London vessel won, but her landing was dangerously fast. The Safety Commissioner has endorsed her pilot's ticket for the second time.

J. H. Pillsbury returned on the Montreal morning express with another bunch of orders. The most important is for fifty more 500 ton fliers to be built right away for the Patagonia Service, duplicating last week's order. Another shift will be put on at the Dry Dock plant, this making the sixth four hour shift. The machines at the local shops will work 24 hours a day from now on.

Tony Christian's tender was accepted at a special session of the board of works last evening for the enlarging of the present Arcade between McBride and Zanardi. The new bore will be 1,000 feet wide by fifty feet high, and when completed, space concessions will be balloted for. Already applications are in for more than double the space available. It is expected that seventy-five thousand people will find amusement in the new Arcade, which will relieve the extreme congestion on the holiday wet days in the present one. Sixty days is allowed for the completion of the work.

City Manager Montgomery stated this morning that he was able to secure a premium of 10 per cent on the last issue of city

The next two weeks should see the greatest bargains in preserving fruits that ever were offered in Rupert. Conditions were never so favorable for cheap fruits for preserving as today. Why Fresh Roasted?

Why does the local baker buy his flour in bulk and bake bread, pies and cakes daily? Why does the butcher slice his dried beef and bacon as they are called for instead of buying them ready sliced? Why does the local fruit store or peanut man roast peanuts daily in- stead of getting a month's supply at a time or three month's supply? We might go on indefinitely asking such questions, but why multiply the evidence? The answer in each case is the same. The shorter time that elapses between the finishing process mentioned and delivery to the user the most satisfaction with the product.

DIARRHOEA is Dangerous To Teething Babies DURING HOT WEATHER

Hot weather is a dangerous time for the babies when cutting their teeth, and all mothers should watch very closely for any sign of diarrhoea, dysentery, cholera infantum or any other bowel trouble.

There is no remedy so safe and effective for diarrhoea as Dr. Fowler's Extract of Wild Strawberry, and all mothers who have used it speak of it with the greatest of confidence.

Mrs. James E. Green, Vermilion, Alta., writes under date of Aug. 18th, 1921 as follows:—"A week ago my baby boy, just one year and four months old, started cutting two stomach teeth, and was so sick he couldn't eat or sleep, and had the diarrhoea most terribly bad; his rectum was raw and bleeding, but after giving him Dr. Fowler's Extract of Wild Strawberry regularly for three days he was as well as any boy could be. I wouldn't be without your grand remedy for untold gold."

An interesting feature of the Labor Day programme will be a guessing competition for married ladies, who must be accompanied by their families. The lady guessing the correct, or nearest correct, number of paid admissions to the field sports will be adjudged the winner. Two prizes will be given, the first prize being half a ton of coal and the second prize to the value of \$5.00. Guesses will be written on cards and dropped in a sealed box at the pay box entrance. The time limit for guessing will be between one and two o'clock. At two o'clock the box will be opened and the guesses will be examined.

TRAM SERVICE FROM VICTORIA TO SOOKE CANADIAN NATIONAL

VICTORIA, Aug. 31.—According to a letter received by Hon. F. B. Carvell, K.C., chairman of the Board of Railway Commissioners of Canada, under date of August 17, it is the definite intention of the Canadian National Railway authorities to institute a motor car service upon the island line between Victoria and Sooke Harbor in the very near future. Alastair Fraser, General Solicitor of the Canadian National Railways, states that he has received information from the vice-president that this service will be commenced in the "latter part of September, when the first car will be available for the purpose." In addition to this passenger service it is anticipated that there will be additional steam train service in operation in connection with the lumber industry and that this service will be available for the movement of freight as well.

A WHIRLWIND OF ELOQUENCE

Lecturer at Chautauqua Last Evening Humorous, Vivacious and Presented Homely Truths

Rolling forth epigrams, humorous anecdotes and homely truths at the rate of over a mile a minute Samuel Grathwell told the people who attended the first Chautauqua meeting last night how to get by their hoodoo and incidentally entertained them for an hour in a unique manner.

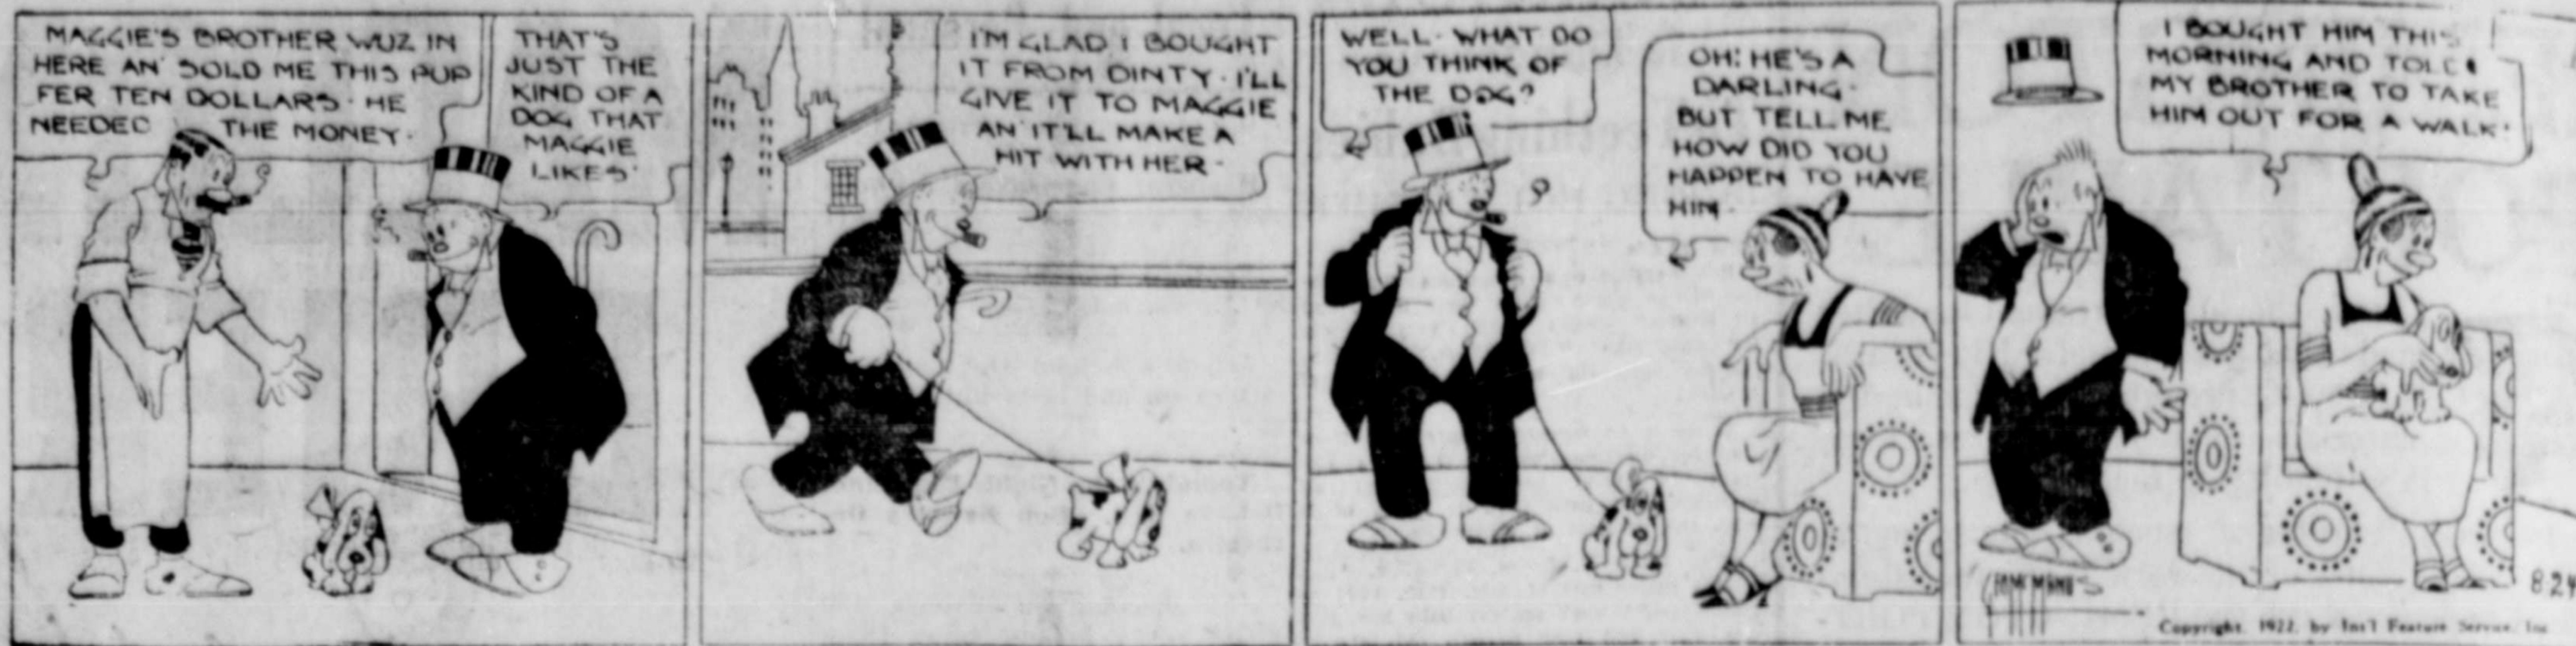

Mr. Grathwell is a second Billy Sunday, but with more refinement and with a better voice. He does not stand on the chairs or go through other grotesque antics, but he does keep his audience on tiptoe all the time while he takes, falls out of many of them and tells them things about themselves. "Getting by Your Hoodoo" is rather an incident in the oration and yet it crops up all through. Listening to Grathwell reminds one of taking sugar coated pills only the pills do not make you laugh and forget the world like Grathwell's medicine.

Born in Slum

To listen to Samuel Grathwell is a tonic. He told how he got by his own hoodoo. He was born in a slum, brought up in a slum where he lived with the rest of the family in one room that cost them three dollars a month. He educated himself, graduated from the Leland Stanford University, and today he is here telling us to get busy and help ourselves. He says that the best way to get past your hoodoo is to help yourself. Everyone has a chance in life and will find it if he does not devote his time to knocking. There is something spiritually wrong with the person who does that. When things go wrong, he says, do not blame it to fate. A man is a factor in his failures as well as his successes. He gets out of life what he puts into it. Every person should pull for the community or else pack up and pull out. "If you can't pull for a place don't roost on it," is his motto.

Mr. Grathwell urged the young men who were doing nothing in their spare time to get an educa-

tion. The man who did not do that was lacking in sand. The crowd, like coffee grounds, was always at the bottom. The reason young men did not succeed was because they refused to pay the price. He urged them not to get into a rut, saying that the only difference between a rut and the grave was a matter of depth.

Courage of Convictions

The speaker went on to say that undue sensitiveness was one of the hoodoos that kept many back. He urged men and women to have the courage of their convictions. The girl who married a man to reform him thinking he was a diamond in the rough, usually found that he was mostly rough. He made a plan for the children. He asked what Prince Rupert was doing for the little ones in the way of playgrounds.

Finally he spoke of the necessity of being alive. All the dead ones were not in the grave. Many of them were walking around. He closed with an eloquent reference to the French stand at Verdun when the army there said "They shall not pass," and meant it.

Mr. Grathwell lectures again on Saturday evening, his subject being "Tinkers and Thinkers."

MONTGOMERY REPLIES

Editor News,

In answer to your editorial which condemns me for suggesting a leak in the hospital, this remark was made on the information received that last year it cost the city taxpayer almost three mills to finance that institution and at the end of the year it was helplessly involved. This year they wish the city to subscribe over \$19,000. A few years ago the hospital was able to get along equally as well with a donation from the city under \$5,000. As an Alderman I have a right to express my views on such questions.

Apparently I have hurt you by my remarks for such, I have no regrets. Your suggestion that I should resign, I am sorry but I cannot take that order, because the result of the vote on the school by-law proves that you, Mr. Editor, as a moulder of public opinion, cannot be taken seriously.

Compares With School

Your reference to D. G. Stewart and associates on the hospi-

tal board as being beyond reproach, in my mind our school trustees, led by Dr. Kergin, are on a par with those gentlemen and they have been in charge of the erection of a school costing \$250,000, which leaks and shakes and cannot be considered anything but a liability to the city instead of an asset. When I ventured to criticize their work, one of their members told me I had found a mare's nest and had been listening to rumors and it was none of my business—just the same abusive advice which you have given me.

If every out-spoken member of our public bodies could be silenced by such editorials, it would be a great advantage to a few and detriment to many. It is very often the case that shrewd, close business men, in their own business, when intrusted with public affairs become lax and indulge in reckless expenditure of public moneys.

Burden on City

The hospital has become such a burden on the city, I personally would welcome the Sisters hospital institute to take control of this institution, therefore guaranteeing a service second to none on the continent. They would turn the present deficit into a surplus and relieve the overburdened tax payer.

A. D. MONTGOMERY.

PLEASING ENDING TO TALMADGE PHOTOPLAY

Reading faith that believes in a man who has lost faith in himself is the dominant note of "The Redemption." Norma Talmadge's latest First National picture that is to be shown tonight at the Westholme. The scenario was made from Andrew Soular's story, "The Principle."

The story makes no pretense of preaching a moral. It's pure entertainment blended by a delightful character delineation. Norma decides to reform the evil Englishman who is badly hitting the pros of every crook on the island she reckons the cost and wins. The man in Clifford Standish reverts himself, but at the crucial moment there comes a summons back to England. Ginger returns with him as his wife, and the surroundings are sentimental and she sees her husband slipping back into the ways of spiritual sloth. It is not light and the climax brings a conclusion that is different but still pleasing.

EASILY GUESSED.

Brown: Are you going to the shore or country for four days?

Black: Well, you can make a guess. My wife prefers the country. — Portland Express.

Sport Chat

League leaders and tail-enders meet tonight when the Sons of Canada and the Sons of England engage in a Stuart Shield fixture at the Acropolis Hill grounds tonight. If the Canucks win they will have a clear lead of two games over the Gallies in the standing while a victory for the Old Country Sons would tie the Canadians and Scots at the top and the Englishmen and Grotto at the bottom.

The game tomorrow night will be the last of the Stuart Shield series until after the Exhibition. The next game will be the Gilluly Cup final between the Gallies and the Sons of England at the Trades and Labor Celebration next Monday with the Exhibition semi-finals following between September 1 and 12 with the final on one of the Fair Days. There are four more games yet to be played in the Stuart Shield competition, dates for which will be announced later.

It looks as if either Anyox or Ocean Falls baseballers will go to the bat with the Prince Rupert team in the Exhibition baseball series. The Prince George idea has been abandoned and also Smithers leaving only the copper makers or the paper makers. Arrangements are now under way to bring either one of these two to the city. Either should give good competition to the locals and provide, through the series, a very attractive sporting feature.

Tut Jackson, who was knocked out by Harry Wills after two minutes and five seconds of fighting in the third round of a scheduled fifteen round bout at New York on Tuesday night, suffered in this battle the first knockout of his career, his own record containing a string of 40 knockouts including Sam Langford. Later dispatches received regarding the battle indicate that Jackson was laid low by a hard swinging right to the kidney. Wills showed prodigious strength throughout in punching and was superior all the way through.

MUSICAL PART OF ENTERTAINMENT WAS VERY MUCH ENJOYED

The Going-Epperson-Bell Co. who gave the musical part of the program at the Westholme Theatre last night in connection with the Chautauqua were given a very good reception. Two of the ladies sang and played the piano and the third gave some excellent imitations of birdsong. The entertainment was strictly first class and was much enjoyed by the audience.

GUSTAVO WON OVER OLSEN

Last Night's Match Was Spent in Exhibition of Lively Wrestling

EACH MAN GOT FALL IN HANDICAP AFFAIR

Forcing his opponent to give in to a toe-hold after 44 minutes of first class speedy wrestling, Ad. Gustavo, middleweight champion wrestler of South America, last night defeated Jack Olsen, Pacific Coast heavy-weight, in a handicap match. The exhibition was all that could have been desired from a spectator's standpoint and will, no doubt, firmly establish wrestling as a favored sport in Prince Rupert. Every one of the fans who filled the Empress to near capacity were fully satisfied that they had been given their money's worth with a clean and hotly contested match.

The winner was, without a doubt, the popular favorite for he has been in the city for

Winner over Jack Olsen

several weeks and has established himself in favor as a good clean athlete. Also on account of the fact that he was some 25 pounds or so lighter than his opponent his cause was popular from the straight sporting standpoint. Perhaps, Olsen's extra weight was not as much advantage to him as was generally conceded. Certainly, of the two, Gustavo was the faster and his agility got him out of some holds that a larger man might have found difficult to extricate himself from. Gustavo was also in the pink of condition and is several years the junior of Olsen. While, through the difference in weight, Gustavo found it difficult to convert some of his holds into the required three seconds, Olsen's action was not as quick and he found it difficult to get a lasting advantage over the other man whose energetic squirming and ability to stand the many toe holds he received during the match was a feature. In fact, it was almost a battle of toe holds. Olsen, it was plain, did not like

these while Gustavo did not seem to suffer so much with them. Olsen applied them on him many times but it was not through them that he won the first fall of the evening when, after 27 minutes wrestling, he floored Gustavo with a head and scissor and single wrist lock following a near strangle hold between Olsen's legs.

Handicap Conceded

On the main event being called, Gustavo drew attention to the fact that Olsen had at least 25 pounds over him and was really out of the light heavy-weight limit between 160 and 175 pounds. His own weight was 165 and Olsen's in the neighborhood of 200 so he asked for a handicap. Olsen showed real good sportsmanship in agreeing to throw Gustavo twice in an hour and a half. It was apparent, however, that Olsen did not figure he was going to be thrown at all.

Snappy Wrestling

Olsen got the first hold but Gustavo showed his lightness and agility to advantage and slipped out of the headlock. Each man then got a toe hold which held them to the mat for several minutes before both were broken. This was followed by Gustavo's headlock which almost had Olsen at his mercy and caused him to extend himself for all he was worth to clear. Gustavo continued very elusive and converted Olsen's headlock into one for himself to be followed by a toe hold which was very easy to be seen Olsen did not relish at all. It was close wrestling throughout with neither man having little advantage until Olsen, after 27 minutes, pinned Gustavo down with a head and scissors and single wrist lock following close upon what looked very much like a strangle hold. Olsen worked hard and did not display the same lasting power as featured Gustavo's work.

The men sparred hammer and tongs after the ten minutes rest but when they finally got down to the mat again it was clear that Gustavo was as fresh as ever and he had the best of the advantages getting a good deal of rest while holding Olsen under him, altogether the latter

was continually plying his heavy painful toe holds. Gustavo, by the same means, was able to hold Olsen helpless a great deal of the time and got several very near falls. After 17 minutes, Olsen, held half on his side and half on his back with one of these, tapped the mat for the count of three, conceding victory to his lighter and more youthful opponent.

The Preliminaries

The preliminaries between Battling Dido Gurvich and Kid John Chenoski was a lively bout, the two youngsters going to it hammer and tongs for the four two minute rounds. The hitting was free and open and there were no clinches, neither boy being afraid to open into the other. O. K. Nelson, referee, could do nothing else than call it a draw. Spiro Gurvich and Nick Chenoski were the seconds.

The second preliminary between Eddie Craggs and Ralph Smith proved interesting enough and the performance of the latter surprised many. Craggs was perhaps a little the faster of the two but his method of launching into his opponent briefly and then crouching down and covering up his head as tight as a clam did not give a great deal of opportunity to his opponent. In the third and fourth rounds the boys mixed it pretty hard but it was hard for Smith to find an opening though with a better follow-up and a faster lead in he might have been able to accomplish something. Jas. McAleenan, referee, called a draw—the popular and only decision. Howard Frizzell and George Mansell were the seconds.

Good Entertainment

The three events made a good evening's entertainment and a credit to the management of the promoters, Jack Judge and Roi Barnes. Especially did the wrestling go down strong with the local fans and it is understood another appearance of Gustavo with a man nearer his own weight is being planned. Such would no doubt be popular and should draw a full house if it can be arranged. Last night's affair was a financial success. Jack Olsen returns south on the Prince George tonight but Ad. Gustavo is remaining in the city. It is possible he may be the principal in a Fair Week event.

DEAN INGE IS RAISING RE

Many Recent Sermon Preached in St. Paul's Cathedral

LETTER TO THE TIMES

All Were Stark Mad Together in Recent War Says the Preacher

The declarations of Dean Inge, made from the pulpit of St. Paul's Cathedral, that "Now it seemed to most people that they" (the nations which engaged in the war) "were all stark mad together," has aroused intense resentment says the London Times. Following are some of the letters of protest received by that paper:

T. B. McLEOD OF U.S.

Though an alien from the commonwealth of Israel, yet as one whose sympathies were with the Allies from the moment the first gun was fired, in the late war, and who, moreover, acted a small part in stirring out of its drowsed the duped conscience of the American people, I am tempted to offer a word of comment on the recent utterances of Dean Inge, to the effect that most people now consider that the nations which engaged in the great struggle in behalf of liberty and civilization were "stark mad."

Not only was Germany mad, according to the Dean, but all peoples who were impelled to resist her arrogant and atrocious assault on the peace of the world were mad. Even the people of the United States, in coming at the eleventh hour to the help of the Lord against the mighty, gave evidence of her insanity.

Resents Indictment

This writer must, in the name of the country of which he is proud to be a citizen, repent and repel the indictment of the Dean as an unjust and a cruel aspersion.

To be told by a representative Churchman, whose business it is to direct the lives and mould the thinking of the people, that the supreme and exhaustive effort made by the nations in behalf of a righteous cause, the heroic sacrifice of life offered at the altar of devotion to truth and freedom and honor, the free-will expenditure of blood and treasure were, after all, but the uncontrollable outbreak of insane passion, is a heavy tax on the patience and faith of those of us who from infancy have been taught to regard the clergy with trust and reverence.

Menace to Peace

Surely a preacher should pause and weigh carefully his words before he denounces as candidates for Bedlam the men who are appointed to be executors of the nation's will, the thousands upon thousands of people who chose poverty for themselves and their children; the brave mothers who gave their sons and wept because they had not more to give; the wives who gave up their husbands in behalf of a cause they held sacred, and to rid the world of a moral monster that had become an intolerable menace to its peace.

Brave, gallant, noble, sound, sane souls were they who fought and won the greatest battles of the ages, and wrote on the Statute book of civilization that savage aggressiveness must come to an end; and wrote it so indubitably that no reflux wave of barbarism can ever wash it out.

"CITY OF LONDON"

I have been waiting for a pen more eloquent than mine to comment on the amazing sermon preached by the Dean of St. Paul's to the delegates to the International Peace Conference. It would be lamentable if the delegates in particular, and the world in general, were to imagine that the Dean represented any serious body of British opinion in the views he expressed on the responsibility for the war.

He is reported to have said that "they need not now apportion the guilt" and that "now it seemed to most people" that the nations which engaged in the war "were all stark mad together." What is the truth? In the undisputed records of official documents, Germany has been convicted, in the eyes of all unbiased men, of the guilt for the origin of the war; and all the efforts of her politicians and professors have failed to shake the verdict. Has the Dean never heard of the tortuous diplomacy of the German Foreign Office, or, indeed, of the "scrap of paper"? Did the bestialities of the Germans in Belgium and France make no impression on his mind? Has he forgotten the murder of women and children on the high seas, the sinking of hospital ships with their helpless victims, and the bombardments of open towns from sea and air? Is he still so blind that he fails to see that the war was an inevitable struggle between two conflicting systems of life?

Deplorable Taste

It would be kinder, perhaps, to pass over the deplorable taste of his reference to "one of a pair of gamblers who has won," but it is permissible to remind him of the constant and deliberate evasions by the Ger-

mans since the Peace of the penalties imposed upon them for their wrongdoing.

The whole sermon, indeed, is little short of an insult to the gallant youth of this country and of the Allied countries who died for an ideal.

If they were "all stark mad together," the Dean can surely thank God for the madness which saved him and his kind from the moral cataclysm and material servitude of a German victory.

CANADIAN VIEW

May I add a word on the Canadian view of the matter.

It was my fortune to minister to a Canadian church and to have considerable intercourse with Canadian people during the final days of the great struggle. I found one sentiment prevailing. I preached to a Canadian congregation on the great day of thanksgiving for peace. Mothers who knew not what had become of their sons—surely the saddest of human grief—fathers who proudly bore their maimed sons into the building, widows, orphans, all were there. Had I uttered such sentiments as those expressed by the Dean, I should have been driven from the pulpit. On the great issue the Canadian people were and are one. A brutal, aggressive, mad militarism had to be broken.

Their proudest boast today is that in laying it low their sons bore their full share.

AUSTRALIAN FORCE

The utterance of Dean Inge seems to me (an Australian Imperial Force officer) to be an outrage from all points of view, but especially from the religious aspect. Was not the war to demonstrate one of the greatest spiritual principles—namely, that might is not right? Had Germany conquered it would have been one of the greatest triumphs for materialism the world has ever seen. And yet we have a minister of the Church of England stating that we were "all stark mad together."

I trust that Dean Inge will make an ample apology, or, failing that, that some action be taken by the Church in the matter.
