Curious Epidemic Starts in Montreal

PRESIDENT HANNA ANNOUNCES LOSS ON CANADIAN STEAMERS

EDITORIAL EXHIBITION MEETING.

The annual meeting of the Exhibition Association is to be held in the city hall tonight. It is the most important meeting of one of the most important organizations in the city and should be well attended. It is the time when the officers for the year are chosen and when criticisms and suggestions are invited.

The annual fall fair is an established institution and means a great deal to the city. It is one of the best advertising events of the year and should be supported by every citizen who is interested in the progress of the place.

The fall fair should develop steadily as the city grows. In order that this may take place it is desirable that there shall be general interest taken in the event and especially at the annual meeting. Everyone is qualified to attend and everyone is invited.

SITUATION IN MALABAR IMPROVING

Expected to Reduce to Peace Time Garrison Middle of Next Month.

DELHI, Jan. 24.—The situation in the Malabar district, where an uprising broke out in August last, is progressing favorably and it is hoped it will be possible to reduce the military forces to a peace time garrison strength by the middle of February. The number of Moplahs killed in the fighting which has taken place was 266, the wounded numbered 1625, captured 5688, and voluntarily surrendered 38,256.

FUNERAL TO BE TOMORROW

Tentative Plans for Interment of Late Pope Benedict.

ROME, Jan. 24.—The interment of Pope Benedict has been fixed tentatively for tomorrow, the usual period of lying in state being curtailed because of the prelates wish, his body not to be embalmed.

EMPEROR'S CHILDREN ARE TO JOIN PARENTS

PARIS, Jan. 24.—The children of former Empress Zita and former Emperor Charles are to be allowed to pass through Paris whenever they leave Switzerland to join their parents on the Island of Madeira, it is unofficially announced.

NOTICE TO DOG OWNERS

All 1922 dog licences are due and payable at the City Police Station. Dogs without licences after February 28th, 1922, will be impounded.

W. H. VICKERS,
Chief of Police.

No Use for Messiahs In Soviet Russia so Monk Serves Term

REVAL, Jan. 24.—Russian Soviet authorities, according to Petrograd papers, ended abruptly the career of a monk who claimed to be the second Messiah and attempted to follow in the footsteps of the notorious Murrian monk, Rasputin. The imposter was sent to prison for three years and four months.

COPENHAGEN, Jan. 24.—Karelian troops, in their fight against the Soviet armies, recaptured the town of Kinasjervi and are now advancing on the south front, according to Helsingfors despatches.

VISCOUNT LASCELLES WILL BE MADE PEER BEFORE HIS WEDDING

LONDON, Jan. 24.—It is expected that Viscount Lascelles will be raised to the peerage before he weds Princess Mary late in February. At present he is a commoner, his being only a courtesy title. He possesses no hereditary distinction except his Distinguished Service Order.

The guard of honor outside the church on the wedding day will be furnished by the Royal Scots, of which the Viscount is a colonel. The Grenadier Guards, Viscount Lascelles' former regiment, will also be prominently represented.

NO IMPROVEMENT IN LABOR SITUATION

J. M. Campbell Has 230 Unemployed Registered at His Bureau—175 on Civic Relief.

There are 230 unemployed registered at the office of J. M. Campbell, provincial government employment agent. As there are a number of men constantly moving in and out of the city this number remains about stationary every week, new ones coming in taking the places of those who have gone out. Mr. Campbell reports that 175 men are now finding employment on municipal relief work which is going on in various parts of the city.

If the Granby Company goes ahead with its building plans and the Buckley mill on Graham Island reopens there will be quite a number of the local men absorbed but, so far, nothing definite as to the commencement of such work has been received. There is practically no call from the outside for labor and very little in the city as all the men having jobs are holding close to them.

THINK MISSING MAN WENT NORTH; POLICE SEARCHING TODAY

Constables Saint and Martin, of the provincial police, were at Digby Island this morning searching for traces of Angus McAskell, the engineer from the Marine Depot, who disappeared last Friday night. A man named McKay reported that he had seen McAskell at the old homeless herring plant at 6:30 on Sunday night and had brought him across to town on his small boat. It is inferred from what the missing man said at that time that he intended going north on a launch.

MIDDLEWEIGHT CHAMPION BOUT

Mike McTigue and Johnny Wilson to Meet in Montreal on March 17.

NEW YORK, Jan. 24.—Joe Jacobs, manager of Mike McTigue, the middleweight boxing champion of Canada, announces that arrangements are being made for a bout between Johnny Wilson, the middleweight champion of the world, and the Canadian champion. The match is to take place at Montreal on March 17.

WISCONSIN WRESTLER MADE GOOD SHOWING AGAINST WORLD CHAMP

George Hill Stood Up to Zbyszko Last Night for Over Hour and Then Had Collar Bone Broken.

APPLETON, Wis., Jan. 24.—George Hill, the local wrestler, received a broken collar bone last night in a match with Stanislaus Zbyszko, the world's champion. Hill was thrown with a flying mare hold after wrestling with the burly Russian for an hour and five minutes.

BABE ARCHER, BANTAM CHAMPION OF ARMY, TO BOX PETE HERMAN

PORTLAND, Jan. 24.—Babe Archer, the former bantamweight boxing champion of the United States Expeditionary Forces, who meets Danny Edwards here tonight, will have a fifteen round bout with Pete Herman, the former bantamweight champion of the world, at New Orleans on February 20.

RELIEF VESSEL LEAVES STATES

Steamer Aquarius Carried Grain and Other Food for Starving Russians.

PHILADELPHIA, Jan. 24.—Steamer Aquarius, the first of the Russian relief vessels to leave port, sailed today for a Russian port with a full cargo of grain and other foodstuffs.

The people of the United States have subscribed liberally to the Russian relief fund and a number of shipments will be made. No money will be sent, but food and clothing will be shipped over as rapidly as possible.

WOMAN CATCHES PRIZE TUNA FISH OF THE YEAR.

Mrs. Keith Spaulding of Pasadena, photographed with the giant tuna fish, weighing 155½ pounds, which she caught off Santa Catalina Island, Cal. The fish was the largest of its kind landed this past season, and it required two hours and forty-one minutes to subdue it. Capt. Walker of her fishing boat is shown in the picture, but, aside from assisting to haul the fish aboard, he had no part in landing the monster.

EPIDEMIC OF NOSE BLEED AT MONTREAL

Children Under Twelve Attacked When Blood Pours From Nostrils.

MONTREAL, Jan. 24.—Physicians here are worried over what appears to be the beginning of an extraordinary epidemic of nose bleed among children under twelve. The victims are attacked usually at night when blood pours from their nostrils, requiring the services of a physician.

It is believed the strange disease is a form of influenza.

BODY OF VISCOUNT BRYCE TO BE CREMATED

Funeral to Be Private One on Thursday Next.

LONDON, Jan. 24.—The funeral of the late Viscount Bryce, former ambassador from the court of St. James to Washington, will take place on Thursday and will be strictly private. The body will be cremated.

SENSATIONAL FEUDS RENEW IN ITALY

Fascisti and Communists Fighting Again in Several Centres—Strike is Declared.

LONDON, Jan. 24.—Renewed conflicts between the Fascisti sect and the Communists in several provincial centres of Italy are reported today. Rome despatches say that a number of strikes have been declared.

NAVY IS YET GREAT FACTOR

Lord Lee of Farnham Urges Co-operation Throughout the Empire.

MODEST CONTRIBUTION.

MONTREAL, Jan. 24.—Speaking at the University Club, Lord Lee of Farnham, first lord of the admiralty, one of the members of the British delegation to the arms conference at Washington, suggested it would be a profound mistake for anyone in Canada to assume they have no concern in the British navy and added that there was need for co-operation in the British Empire. The navy in every part of the Empire still remains almost as vital as before the Washington conference. He hoped that the very modest contribution to the Imperial navy defense at the Imperial conference last summer would be honored by the successors of the Government which had made the offer.

CROWN SOLICITOR AT FERMOY KIDNAPPED

FERMOY, Ireland, Jan. 24.—Crown solicitor Carroll has been kidnapped, presumably because he was connected with the opening of the quarter sessions court set for today.

MOPLAH LEADER WAS KILLED

CALICUT, India, Jan. 24.—The Moplah rebel chief Boraskunnath Hadji, who tried to establish a Moplah kingdom last year was shot and killed with six other rebels.

Canadian Merchant Marine Operated at a Loss During The Year Just Completed

TORONTO, Jan. 24.—The Canadian Government Merchant Marine has been operated at a loss during the year 1921, according to a statement given out by D. B. Hanna, president of the Canadian National Railways.

OTTAWA, Jan. 24.—The intimation of President Hanna that the Canadian Government Merchant Marine was operated at a loss last year follows the general expectations. The year, it is pointed out, was a poor one for tramp boats.

CAPTAIN NOEL ON LAST TRIP

Popular Pioneer Union Line Skipper Going to Pilot Work in South.

Captain J. E. Noel, the well known and popular skipper of the Union steamer Venture, in port today, is this trip bidding farewell to his host of friends on the northern route for this is to be his last voyage with the company and on his arrival in Vancouver he is to take up new duties as a pilot. It is understood that he is to be connected with Captain H. L. Robertson and Captain H. E. Johnson in the new pilotage group that has been formed in the south.

Captain Noel, though a young man in years, is one of the veteran navigators of the northern coast and his twenty years service with the Union company goes back to the days before Prince Rupert was on the map, when Port Essington was the chief port of call on the northern coast. Cannery people and the travelling and shipping public from Portland Canal to Vancouver count Captain Noel as one of their best and most obliging friends and while his genial appearance on the bridge of the north coast vessels will be missed, all will join in congratulations to him on achieving a more important post and will extend to him best wishes for success in the new venture.

POLICE CHARGE ON UNEMPLOYED

LONDON, Jan. 24.—Over 2,000 unemployed demonstrated today in the neighborhood of West Bromwich police court where five of their leaders were being charged with intimidation. Traffic was held up for several hours when the police charged the crowd with their batons and injured several.

LIBERAL MEMBERS MEET IN VICTORIA

Monday's Forecast is the Appointment of Omineca Member as Attorney General.

VICTORIA, Jan. 23.—Liberal members of the Legislature were in caucus today and all were in attendance except Mr. Ramsay of Vancouver who is in California. The conference will continue Tuesday.

The opinion is expressed here that A. M. Manson will be appointed attorney general while Hon. J. D. McLean will get the portfolio of education and provincial secretary.

Advertise in the Daily News.

INDEPENDENT LIBERALS ARE AFTER PREMIER

Viscount Grey and Mr. Asquith Chief Speakers at Meeting in London.

LONDON, Jan. 24.—The Independent Liberals met here last night and in the course of the addresses declared their opposition to Premier Lloyd George who was recently chosen president of the National Liberal Council. The principal speakers were Viscount Grey and Mr. Asquith.

The meeting was something in the way of a protest at the recent big conference of Liberals when 2700 delegates met and chose Lloyd George as president and Winston Churchill as secretary of the new national council.

FRANCE WOULD JOIN BRITAIN

New Premier Suggests Mutual Military and Defensive Agreement.

PARIS, Jan. 24.—Premier Poincare has instructed Ambassador Saint-Aulaire at London to continue the conversations regarding the proposed French-British pact with the object of extending the pact for 25 years and making it a mutual reciprocal military-protection agreement.

INFANT FOUND WITH BRUISES ON HEAD IN SNOW, SASKATOON

SASKATOON, Jan. 24.—George Kowbell, a farmer of Lanigan, Sask., is held here with his daughter Lillian, aged 16, charged with causing the death of an infant born to Lillian and found with bruises on its head in a snow bank.

FAIR ASSOCIATION ANNUAL MEETING AT CITY HALL TONIGHT

The annual meeting of the Northern British Columbia Agricultural and Industrial Association will be held this evening in the City Hall at 8 o'clock. Every member is requested to be present for the purpose of making this year's Fair better than ever.

Storms and Intense Cold in East.

On the prairies they have been having a cold snap, so cold that unless dressed in furs the average person would freeze. In the neighborhood of the Great Lakes there has been a terrific storm that has tied up transportation. Another terrific storm has been raging off the south coast of Ireland. When we consider our own climate on the British Columbia coast, even with its occasional gale, we must feel that we are favored above most places. During an unusually cold winter the thermometer has kept a considerable distance from zero, and during most of the time when it was frosty there was only a few degrees of frost registered. People object to Prince Rupert climate, but it is difficult to heat it when taken the year round.

Usk Depends on Lumber Business.

Usk depends on its lumber business and for that reason is very much concerned about freight rates. Along with other mills, those at Usk closed down when the freight rates were raised. Shipping lumber became an impossibility under those conditions. While there has been a slight mitigation of the condition which caused the shutdown, the rates are still too high, the lumbermen say, and the mill men are reluctant about opening up. As the condition of the market and of the industry seems to have something to do with the rates set, the lumber trade should have consideration.

Another matter which Usk mentions is the establishment of an assembly dock here for lumber. If there were such an institution the mills of the interior could join with the mills on the coast to make up shipments for the overseas business. Spruce and cedar could be shipped to the orient, where the demand is good.

The matter of an assembly dock needs careful planning and the matter of costs will be a powerful factor, but an attempt should certainly be made in the near future to arrange for the building of such a dock here for the sake of the shipping business which it would bring. The matter has already been taken up by the railroad men. It was the head of the traffic department that first suggested it here and he seemed quite alive to the situation.

Co-operation With the Interior.

Says the Prince George Citizen:
"Between Prince Rupert and Prince George, the two prospective cities of Central British Columbia, there lie many interests in common. A closer co-operation between these cities for the development of the whole country tributary to the C. N. R. between the mountains and the coast would produce good results. It is time that the communities linked together by the old G. T. P. began to assert their advantages and to realize that they have a right to expect a better return for the revenue which they contribute to the provincial government than they are receiving."

"Prince Rupert lies nearly 500 miles nearer to the Orient than Vancouver, and yet Prince Rupert is only a beacon on the shipping route to Oriental ports. The grade of the G. T. P., which can not be competed with in this important factor in railroad operation by any other road on the American continent, taken in conjunction with the fact that on every round trip to the Orient 1000 miles could be cut off the sea route, should make Prince Rupert in time the great port for oriental exports in North America. The question of the time that will be consumed until this freight and passenger route comes into its own is a matter for speculation. The fact remains that public opinion, reflected through the press and the deliberations of the public bodies interested in these economic and material factors in the development of the old G. T. P. territory through Central B. C. will, if it is long, loud and insistent enough, eventually deflect traffic for the Orient to the route that it should travel."

"The misnomer applied to this section of the province, that of 'Northern British Columbia,' is something that should not be tolerated today. Prince Rupert and Prince George are only about half way between the north and south boundaries of British Columbia. They are regarded as a long way north by Southern British Columbia, which knows very little about the territory, but concentrated effort on the part of the people, the press and the public organizations of this whole territory could do much to establish the values of the big things that will make for logical development in this territory."

Northern or Central B. C.

It is all very well for Prince George to urge the use of the phrase "Central B. C." instead of "Northern B. C." when speaking of the district of which it is the centre, but so far as Prince Rupert is concerned it is no more in Central British Columbia than is the city of Nelson. One is on the south, the other on the west. Prince Rupert is in western British Columbia and it is close to the Alaskan boundary, which, generally speaking, is to the northward. For that reason Prince Rupert is in the north of the western part of the province, or perhaps it would be better to say, north of the British Columbia coastline.

WHAT CAUSES HEADACHES?

"Fruit-a-tives" Prevents Auto-intoxication

Auto-intoxication means self-poisoning. Many people suffer from periodical Constipation or insufficient action of the bowels. Waste matter which should pass out of the body every day, remains and poisons the blood.

As a result, there is Headaches, Indigestion, disturbed Stomach, Pain in the back, Rheumatism and Eczema and other skin diseases.

"Fruit-a-tives" will always relieve Auto-intoxication as these tablets, made from fruit juices, act gently on the bowels, kidneys and skin and keep the blood pure and rich.

50c a box, 6 for \$2.50, trial size 25c. At dealers or sent postpaid by Fruit-a-tives Limited, Ottawa.

J. F. MAGUIRE

Next the Prince Rupert Hotel

Ten Years Ago in Prince Rupert

January 24, 1912.

S. A. Tallender and his son, Hector, perished last night within a foot of safety when the tug "Glen Rosa," in which they were sleeping, caught with her mooring ropes on the piles of the Rupert Marine Ironworks wharf and sank as the tide rose. The bodies have not been recovered.

The Woodworth Lake hydro-electric project was discussed at last night's council meeting but was left over until the Mayor and the finance committee have visited the bank to ascertain the exact condition of municipal finances.

M. G. Mustard, Joseph H. Swift, A. G. Thatcher and E. A. Mann have applied for the position of city purchasing agent.

VANDERHOOF

The people of the Stuart Lake district have sent a petition to the provincial government asking for a new bridge at or near the present ferry location on the Fort St. James-Vanderhoof road.

Vanderhoof won both hockey games with Burns Lake last week by scores of 2 to 1 and 4 to 2. The locals also divided a two game series with Smithers on their tour.

Mr. and Mrs. J. N. Dezell entertained about twenty-five friends at a card party and dance last Thursday night.

The ladies of the G.W.V.A. auxiliary are preparing for a big St. Valentine's Day social and dance to be held on February 13.

STEWART

The annual meeting of the Stewart Citizens' Association was held last week, President H. W. M. Rolston presiding. Reports showed that valuable work had been done during the year and that the organization was in healthy financial condition. W. W. Rush is the new secretary and Edgar Harris has been elected to the executive succeeding Walter Broad, resigned.

The outlook for mining in this district for the coming year was never brighter. The Premier Mine is breaking shipping records and the eyes of the mining world are on Portland Canal.

Pat Daly left on the Prince John on Saturday for New York where it is his intention to raise sufficient capital to place the New Alaska Mine on a permanent basis.

The Bank of Montreal is building new premises here on Fifth Street. The building will be a frame one of two storeys and will be ready for occupation about April 1. Lawrence & Workman have the contract.

CAPT. ROBERSON IS AT HEAD OF PILOT CONCERN

Capt. Barney Johnson is Secretary of New Organization to Compete with Old.

Word has been received here that Capt. H. L. Roberson of this city to head a new pilotage body at Vancouver with Capt. Barney Johnson as secretary. In making the announcement the Victoria Colonist says:

Formation of a second pilot body to compete, from February 1, with the B. C. Pilotage Association, as announced in a despatch from Vancouver, comes as a surprise to shipping circles in Victoria. The present association is well organized, with eight or nine pilots and two pilot boats stationed at Victoria, and a similar organization at Vancouver. From the two ports pilots are supplied for any point on the coasting of the Province. The members are practically to a man men whom the steamship companies using these waters know and trust, men with years of experience guiding ships into British Columbia harbors. It is a bold organization that sets up to compete with them.

Four Pilots.

The new body, according to the information from Vancouver, will start with four men, the names of two of whom are not yet to be announced. Captain H. L. Roberson, master of the Grand Trunk steamer Prince Rupert until a few weeks ago, when he resigned, will be head of the new concern, and Capt. B. L. Johnson will be secretary. Another member, says the despatch, will be Capt. Percy Shadford, of Victoria. Inclusion of Capt. Shadford in the new organization seems peculiar, and may be in error, as he is a member of the B. C. Pilotage Association and actively engaged in work for them. Yesterday afternoon he took the C.G. M.M. steamer Canadian Winner out from Esquimalt, going up to Port Alberni with her last night.

Capt. B. L. Johnson was in pre-war days a Victoria pilot. On his return from overseas, and the organization of the coast pilots under the control of the Dominion Government he was appointed by the Government to their control, but resigned some time later to engage in private business. The Government later gave up its organization, the pilots then organizing independently as the B. C. Pilotage Association.

RAILWAY REPORT SHOWS DEVELOPMENT CENTRE OF PROVINCE

Fish Trade Improved Very Considerably Over Previous Year.

In the annual statement sent out by the Canadian National Railway in regard to its business and improvements is the following paragraph in regard to Central British Columbia:

"In British Columbia, particularly in the central portion which lies between Tete Jaune Pass and Prince Rupert, considerable development has taken place. Mixed farming is now being carried on to a great extent, together with fruit production. In order to get a fair idea, it will be interesting to know that no less than 32 new schools have been established in that portion of British Columbia during the last three years. Where there is a community in which ten children desire education, the province sees to it that educational facilities are provided. The usual products of farming, consisting of grains, vegetables, live stock, etc., are to be found in Central British Columbia, and the climate, owing to the fact that the territory is west of the Rockies, is more moderate than many portions of our great West. The demand for minerals has not been very great latterly, but nevertheless systematic prospecting and testing of ore bodies is being carried on generally throughout the coast range more particularly. The lumber industry is receiving a fair amount of attention, and with the prospects in view of a great demand for building material, which is bound to come before very long, the numerous mills along the Canadian National Railways throughout British Columbia will no doubt be in a position to supply requirements."

THE ROYAL BANK OF CANADA

EDMONTON WANTS CAR REPAIRS MADE IN SHOPS THERE

EDMONTON, Jan. 23.—In the hope that the Canadian National railway will give aid toward providing relief to the situation of unemployment, especially among returned veterans, Comrade Poole, head of the industrial department of the G.W.V.A., has taken up the question with railway superintendents to have all cars repaired locally instead of sending them east for treatment.

Mr. Poole thinks that car repairing here would provide considerable work for the unemployed. He does not believe that it is either right or just that railway cars in need of repair should be sent to Winnipeg or further east to be put in order.

The G.W.V.A. representative will endeavor to obtain the support of the Edmonton board of trade in this request and will also see government officials in the hope of getting backing from government quarters.

St. Charles Milk Was First!

St. Charles Milk has always been the highest grade evaporated milk, properly sterilized. Long before the government established its present milk standard St. Charles established its own, and that the highest.

St. Charles Milk "with the cream left in" is not ordinary milk. It is full of fine, rich, nourishing butter fat cream, richer than milk as it comes from the cow, for Borden's remove most of the natural moisture.

When you use St. Charles for cooking or on your table you may be sure you are using the best. That's why more people buy St. Charles than any other.

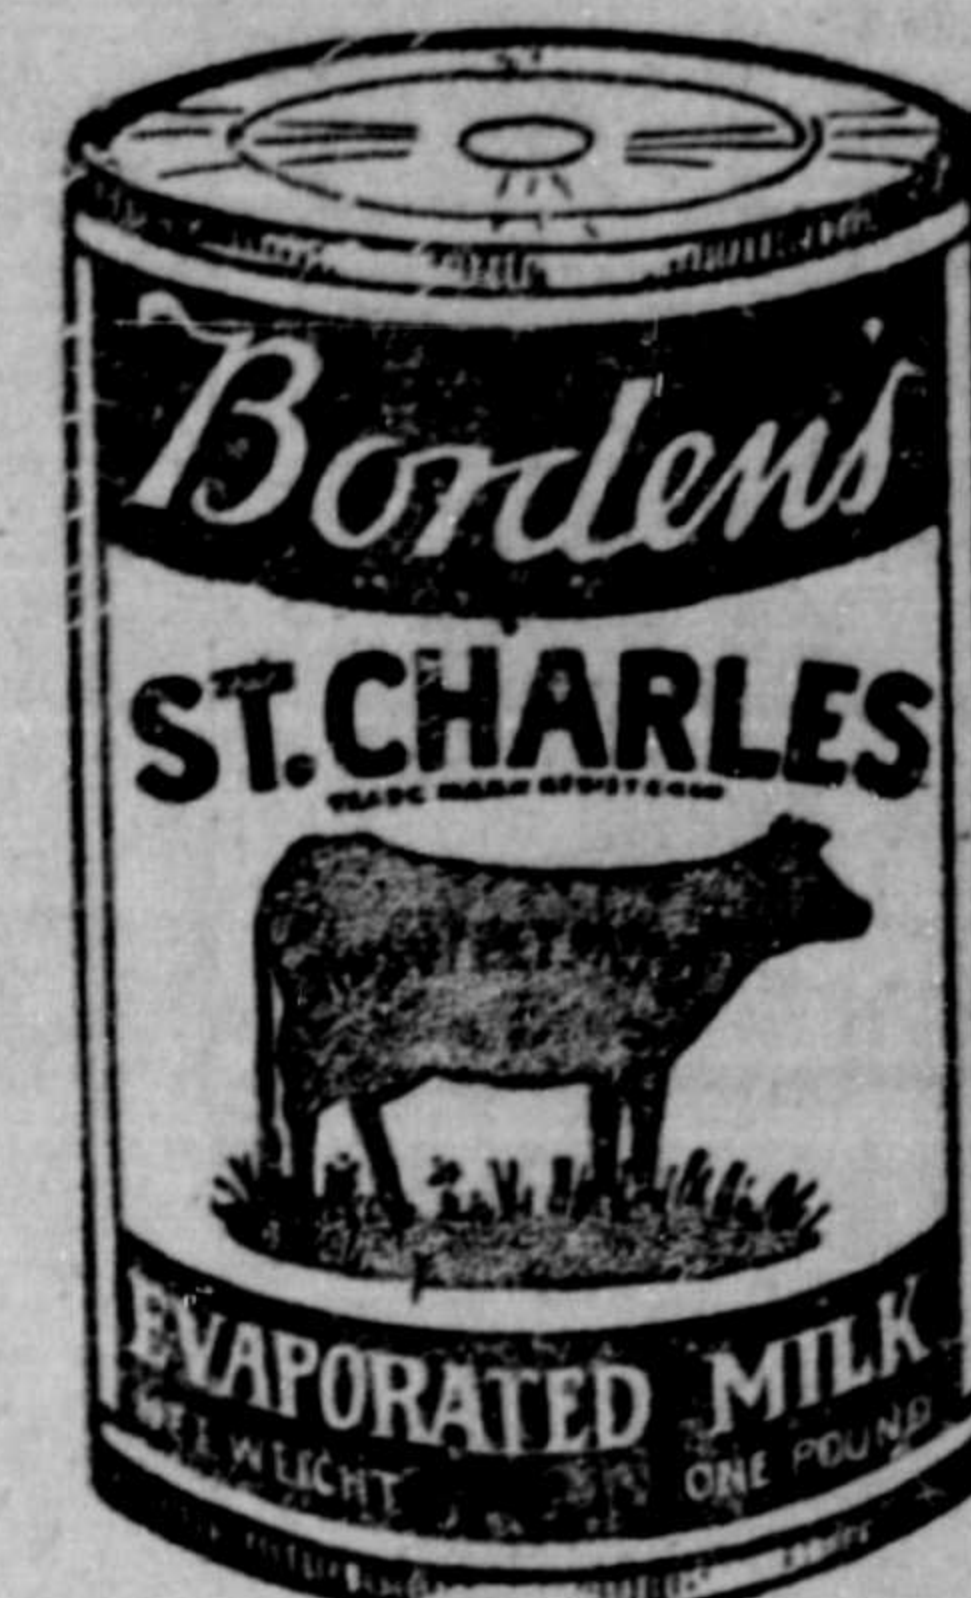

Then there is no waste. It will last indefinitely before being opened, and with proper care for days afterwards.

Your grocer is a Borden Milkman. Let him send your first supply today. We are sure you will never use any other milk.

CONTROL OF ALASKA UNDER DISCUSSION

Development of Timber and
Other Resources of Importance
to Canada.

WASHINGTON, Jan. 24.—(By Canadian Press)—A first-class controversy has developed in the Harding cabinet growing out of efforts of the Interior Department, headed by Secretary Fall, to get control of the government of Alaska.

Secretary of Agriculture Wallace, who has control of the forest service, headed by Col. W. B. Greeley, is resisting the effort of the Interior Department. The plan of Secretary Fall is to have Congress provide for a development board which would be a local commission under direction of the Secretary of Interior. The board or commission would virtually be the Alaskan government and, what is of special interest, it would control all of the natural resources of Alaska, including timber, coal, gold and other resources.

Secretary Wallace and the Forestry Service are fighting the proposition tooth and nail. They have developed great plans for use of the timber in Alaska—plans which combine use with conservation—and they regard the Fall plan as one favored by those persons and interests who want to exploit Alaska without regard to conservation.

Already, Secretary Wallace is working for establishment of pulp and paper mills in Alaska to use the timber on the enormous forest reserves. He has data to show that this timber can be so handled as to furnish a third of the paper supply of the United States as a permanent proposition. This involves, of course, such methods of handling the timber as to prevent indiscriminate slashing down of trees and to permit growth of young trees along with the use of those which are mature.

Not New Question.

It is not unlikely the controversy over control of Alaska will become a serious political affair for the administration. It is certain that it will unless a way is found to settle it. About ten years ago, the Ballinger-Pinchot controversy concerning natural resources in Alaska, in which

Gifford Pinchot, friend of Roosevelt, alleged the Interior Department, then headed by Secretary Ballinger, was taking a course regarding Alaska which would benefit great financial interests but hurt the territory, proved disastrous in its political results for the Taft administration. It is noticeable that today Secretary Wallace is a conservationist whose views are much like those of Pinchot, while Secretary Fall is unfriendly to such views.

How the controversy is settled and what policies are pursued with respect to Alaska timber and other resources is of obvious importance to Canada. Agricultural Department officials look ahead to vigorous development of Alaska, combined with conservation and to making Alaska before long one of the states of the Union.

FISH ARRIVALS

Seventy-five Thousand Pounds
Marketed Here and 70,000
Goes on to Seattle.

Seventy-five thousand pounds of halibut was bought by local fish concerns at the Exchange this morning and 70,000 pounds, not getting a high enough offer, cleared for Seattle. There were six boats posted on the board and the average price was around 11c.

The following were the arrivals: Anna J., 16,000 pounds; Daly, 18,000 pounds; and Tahona, 17,000 pounds, sold to the Pacific Fisheries at 11c and 5c. Defence, 13,000 pounds, and Cape Clear, 12,000 pounds, sold to the Canadian Fish and Cold Storage Co. at 11c and 5c.

The Alaska offered 8c and 1c for her 70,000 pound catch was not satisfied and cleared for Seattle.

The M. M. Christopher, 8,000 pounds, arrived at noon and has not yet sold.

DESERT SEWING FOR MOVIES IN SOUTH

WASHINGTON, Jan. 24.—California women are deserting sewing machines for the movies. It would appear from figures announced by the Census Bureau. Since 1910, it is stated, the number of dressmakers and seamstresses in California has dropped from 14,114 to 10,672. During the same period the number of "actresses and show women" increased from 2,167 to 3,995.

BURGLAR DISCOVERED SLEEPING IN BATHTUB WITH TOWELS AND SOAP

NEW YORK, Jan. 24.—(Canadian Press)—Adolph Gisterer, alias William Hauck, who is held on a charge of being implicated in a string of burglaries, explained to the police, when they located him after long search, that he was a hard man to find because his place of residence was a bathtub. He spent the greater part of the daytime in branches of the public library, and at night crawled surreptitiously into the basement of an old apartment house in 79th Street and went to roost in an old bath. When arrested he was carrying his entire household effects—a bath towel, which was strapped around his waist, and a cake of soap. He had been in the habit of bathing where he slept.

FOOTBALL RESULTS

8 a.m.
DIGBY ISLAND—Raining fresh southeast wind; barometer, 29.64; temperature, 32; sea rough; 8 p.m. spoke steamer Victoria, Ketchikan for Seattle, 85 miles south of Ketchikan southbound; 8 p.m. spoke steamer Harold Dollar, 1000 miles from Victoria, inbound.

BULL HARBOR—Overcast, light southeast wind; barometer, 30.12; temperature, 38; sea smooth; 10 p.m. spoke steamer North-western 295 miles from Seattle at 8 p.m. northbound.

DEAD TREE POINT—Cloudy; light southeast wind; barometer, 30.16; temperature, 35; sea smooth.

Noon.
DIGBY ISLAND—Raining, S. E. gale; barometer, 29.64; temperature, 34; sea heavy; noon. Venture in southbound.

BULL HARBOR—Cloudy, fresh southeast wind; barometer 30.08; temperature, 40; sea moderate; 7:40 a.m., spoke Yoani Maru, bound for Seattle, no position given.

DEAD TREE POINT—Raining; fresh southeast wind; barometer, 30.14; temperature, 36; sea moderate.

GIFTS THAT LAST

ELECTRICITY IN SWEDEN

High Power Line Passes Through
Centre of Country and Is in
Operation.

STOCKHOLM, Jan. 23.—The first section of a high-power electric line which is designed to pass through the centre of Sweden from north to south has just been completed and is now in operation.

The section connects the high-power electric station at Trollhättan Falls, in central Sweden, to the city of Västerås, one of Sweden's most important manufacturing centers. It cost more than 10,000,000 kroner (about \$2,500,000).

The large waterfalls of north and central Sweden will be utilized to provide the power for the central power line when completed. This is intended to enable Sweden not only to run its trains with electric power but also to electrify the big industrial plants of the country.

It is expected in that way to greatly decrease if not entirely to eliminate the use of coal.

ALASKA HOMESTEADING.

WASHINGTON, Jan. 24.—The Senate passed the House bill providing for entry by homesteaders on mineral lands in Alaska. The measure provides for a reservation in the title of the land, however, so that if at any time after the entry is made coal, oil or gas is found, the government shall retain its royalty rights.

Children

who have once had Zam-Buk applied never forget how it soothes and heals their hurts. Wise mothers never use anything else. A touch of herbal Zam-Buk—a bandage made of almost any clean rag—no more tears or worry. Zam-Buk is so pure and so refined that it provides the ideal healer for every sort of wound, abrasion or soreness.

Ask For

Mrs. J. E. Bierwirth, of Carnduff, Sask., writes:—"My little boy cut off the end of his finger and it seemed a case for a doctor. However, I applied Zam-Buk to stop the pain and bleeding and it gave the child such relief that I continued the treatment. Using nothing but Zam-Buk, I dressed the finger each day, and the wound healed perfectly."

BRINGING UP FATHER

PUBLIC OWNERS OF RAILWAYS

Government Will Make Effort to Reduce Huge Deficits on Canadian National.

The question what the Government will do with the railways has been under discussion in the East. The Financial Post among others has taken the matter up and gets an interview with an unnamed cabinet minister who is said to have declared that no immediate decision will be reached or can be reached as to whether the railways shall continue under government control and operation or whether they will be turned over to some private corporation. Referring to the suggestion made during the campaign by a Liberal candidate that he would advise selling the National Railways for \$1 to some private group, this member of the Cabinet observed that he did not believe any private syndicate could be induced to accept the railways as a gift at \$1 but instead would require to be guaranteed something like \$25,000,000 a year for a number of years to provide against recurring deficits.

Government Policy.

The Government's policy, it is understood, will be to endeavor to rehabilitate the National Railways by co-ordinating the different systems, avoiding duplications where possible, amalgamating to some extent, but partially only, the management of the C.N.R. and G.T.P. lines, and endeavoring thus to reduce gradually the huge burden of deficits. Only when this is accomplished, and a private group can feel that the superior efficiency of private operation is likely to bring to an end the deficiency between earnings and expenditure and funded charges, would the Government be able to interest any private parties over the National Railways.

P. R. SYSTEM FOR MANITOBA

Extension to All Constituencies to Be Sought at Present Session Legislature.

Extension of proportional representation from the Winnipeg constituency, in the provincial house, to all Manitoba, will be sought at the present session of the legislature, it has been learned on the authority of members of the government.

The transferable vote, it is said, will result in a much clearer expression of opinion by the electors, as shown in the members sent to the house.

Minority Vote.

In the present legislature there are numerous members who were elected by a minority vote, or who won their seat in a three-cornered fight in which the two opposing candidates polled a much heavier vote than the winning candidate. It is pointed out, if the transferable ballot were provided, the second preference would change the complexion of the representation entirely in many instances.

There is every expectation, government members said, that a bill providing for this change will be carried this year. The labor group is pledged to the principle of the transferable ballot, in its platform. The farmers' party is also in favor of the innovation, although some of the farmer members elected may oppose the measure.

NICHOLAS MADSEN FUNERAL TODAY

Interment in Fairview Cemetery, Rev. Canon Rix Officiating—Longshoremen's Union in Charge.

The funeral of the late Nicholas Madsen, who died on Saturday morning, took place this afternoon from Hayner Bros. Undertaking Parlor, Rev. Canon G. A. Rix officiating. There was a service at the parlors and interment was made in Fairview Cemetery. The Longshoremen's Union was in charge of arrangements and the pallbearers were George Waugh, C. Swanson, J. Allen, B. Perkins, C. Carlson and George Owens. There was a large attendance at the obsequies.

CITY TENDERS

Bids Received for Supply of Four Transformers—Referred Utilities Committee.

Tenders for two 3 K.V.A. and two K.V.A. transformers were received by the city council last night and referred to the Utilities Committee with power to act. The bids were as follows: Prince Rupert Supply Co., 3 K.V.A., \$880 each; 5 K.V.A. \$115 each. Northern Electric, \$72.90 and \$104.40. Canadian General Electric, \$72.75 and \$97.25, less 2 per cent for cash. Frank Darling & Co. (Vancouver), \$70.35 and \$93.

LEAGUE HOCKEY

HER CLASS.

The mistress was rather alarmed over her new girl's sudden illness until the latter explained matters. "You see, mum," she said, "I wasn't feeling well and I went to the closet, and there was a bottle marked, 'Three drops for an infant, six for an adult, and a teaspoonful for an emetic.' I knew I wasn't an infant. I wasn't sure about an adult, so I thought I must be an emetic and I took a spoonful."—Boston Transcript.

Heart Would Beat like a TRIP HAMMER

Heart trouble has of late years become very prevalent. Sometimes a pain catches you in the region of the heart, now and then your heart skips beats, palpitations, throbs, or beats with such rapidity and violence you think it is going to burst.

You have weak and dizzy spells, sinking sensations, are nervous, irritable and depressed, and if you attempt to walk upstairs or any distance you get all out of breath.

We know of no remedy that will do so much to make the heart regain strength and vigor, regulate its beat and restore it to a healthy normal condition as will MILBURN'S HEART AND NERVE PILLS.

Mrs. Chadwick, Delhi, Ont., writes:—"I had palpitation of the heart, and the least exercise, such as going upstairs or up a hill, my heart would beat like a trip hammer and at times I was dizzy-headed and had a sinking sensation as if my time were near."

"A friend suggested I try Milburn's Heart and Nerve Pills, so I procured three boxes, and by the time the first one was used I began to improve. In all I took six boxes, and now although in my 66th year I feel like a young girl; no dizziness or heart-thumping, and can walk miles without fatigue. At time of my sickness I weighed 120 pounds, now I weigh 150."

Price, 50c a box at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

Sport Chat

The Sons of Canada and Elks are to meet again tonight in a Senior Basketball League fixture at the Agricultural Hall and another hot and closely contested game, like the last few these teams have been indulging in, is expected. There are five more fixtures between the two clubs on the season's time-table and it will only be necessary for the Elks to win two of them to be the champions and win the Gilhuly Cup. If they win only one the series will be tied. It will, therefore be up to the Sons to be on their toes if they are to retain the trophy which they now hold. The Colts, champions, and the Sons of Canada, runners-up in the Intermediate League, also play tonight and also the King Edwards and Tiny Tins in the Junior League. Altogether it should be an attractive program.

The individual scoring records to date in the Senior League are as follows: C. G. Clementson (E), 164; W. G. Anderson (SOC), 60; A. A. Ensson (E), 34; E. J. Smith (E), 28; C. M. Blythe (SOC), 23; C. Dickenson (E), 22; J. Shakespeare (SOC), 16; L. V. Lane and H. Menzies (SOC), 14; H. Frizzell (SOC), 10; W. Blythe (E); R. Stuart (SOC), E. Mackintosh (E), 6; W. R. Martin (E), 4; H. B. Scott (SOC), 2.

Intermediate League.—W. Mitchell (C), 89; C. M. Blythe (SOC), 55; E. Mackintosh (C), 48; H. Astori (KC), 43; E. J. Smith (SOC), 34; H. Frizzell (C), 33; F. Morrison (SOC), 30; S. Bazzett-Jones (E), 25; E. W. Davies (E), 23; U. U. LaGasse (KC), 20; T. Moloney (KC), 14; W. D. Smith (E), A. Astori (KC), and T. Halverson (SOC), 13; G. Mitchell (C), and W. Blythe (KC), 12; W. F. Mitchell (C), 4; H. L. Campbell and G. Shaw (E), 2; D. J. Farrell (KC), 1.

Ladies League.—Miss S. Calderone (ML), 48; Miss A. Kelly (M), 26; Mrs. N. Mobley (T), 25; Miss L. Parker (M), 24; Miss V. Shockey (M), 20; Miss P. Tremayne (M), 14; Mrs. T. Moloney and Miss R. Moloney (C), 12; Miss M. Graham (ML), 10; Mrs. M. Sherman (T), 8; Miss L. Ross (T) and Miss A. Stephens (ML), 6; Mrs. F. McDaniels (T), 3; Mrs. E. Young (T), Miss A. Rorvik (C), Miss G. Johnstone (T), Miss L. Fisher (ML), Miss M. Harvey (ML), and Miss M. Sims (M), 2.

WANDERERS HAVE BIG LEAD OVER SCOTS IN FOUR BILLIARD GAMES

The Wanderers have a lead of 135 points over the St. Andrews' as a result of the four games of the Trail Shield billiard tournament played last evening. The remaining two games, Col. S. P. McMorris vs. Robertson and R. H. Shockey vs. R. Davie, will be played this evening. The total so far is Wanderers, 783; St. Andrews', 648.

The games last night resulted as follows:

J. W. Scott (Wanderers), 200; J. Andrews (St. Andrews'), 132.

W. J. Nelson, 183; J. A. Allen, 200.

W. J. Hemmings, 200; S. D. Macdonald, 137.

F. Stephens, 200; A. Kinghorn, 179.

WHAT'S IN A NAME?

In this case, it means that we are unusually qualified to take care of the linen entrusted to us for laundering.

Being a member of the Laundryowner's National Association, and having at our disposal the expert advice of the Mellon Institute of Industrial Research, Pittsburgh, Pa., we make the claim with the full knowledge that we are up to date in every particular of our business. This institute has one of the largest and best equipped laboratories in the world for the purpose of scientific research, and the National Association has seen fit to establish therein their department of Chemical Engineering. From this source bulletins are issued to us regularly, giving the results of numerous scientific experiments with supplies and methods, and advising us the very best known methods for laundering without injury to the fabric.

Experiments and tests are continually carried on, always with the conservation of the material uppermost in the mind of the scientists, and no formula or cleaning agent is tolerated for use unless it conforms strictly to their standard.

Don't you think a name may mean something after all?

Also, don't you think we are better qualified to take care of your laundering than those who do not have the benefit of the expert advice? We ask you to consider this when you are about to send out your next bundle of laundry.

A phone call will place this service at your disposal. CANADIAN STEAM LAUNDRY. Launderers and Dry Cleaners. Phone 8. adt.

APPLICATIONS FOR GRAZING PERMITS UNDER GRAZING ACT 1918.

Applications for permits to graze stock on the Crown range within the Grazing District of the Province of British Columbia during the grazing season of 1932 must be filed with the District Forester at Williams Lake, Cranbrook, Prince George, Kamloops, Nelson, Prince Rupert, Vancouver, Victoria, or with the Forester of the Department of Lands, Victoria, B. C., on or before March 31, 1932.

Blank forms upon which to submit applications may be obtained from the District Foresters at the above named places, or from the Department of Lands, Victoria.

The grazing of livestock on the Crown range without permit constitutes trespass prohibited by law.

G. R. SAGEN, Deputy Minister of Lands, Department of Lands, Victoria, B. C., January 9, 1932.

ANNUAL REPORT OF FIRE CHIEF

During the Year \$225,000 Worth of Property Involved—Damage \$6,595.26 Covered by Insurance.

Out of \$225,000 worth of property involved in fires, there was a total of but \$6,595.26 damage, fully covered by insurance; in the city during the year 1928, according to the annual report of the fire chief which was presented to the city council last night. There were 60 alarms rung in to the department and the causes of the various fires included rubbish, chimney, electric iron, coal oil lamp, defective stove pipe, grass, brick furnace, gas boat, smoke scare, overheated furnaces, coal oil stove, automobile and overheated stove fires. During the year 9,000 feet of water hose, 600 feet of chemical hose and 200 gallons of chemicals had been used. The total expenditure of the department, including wages and various supplies, had been \$18,378.36. Twenty-six inspections of buildings had been made and fire alarm boxes, given regular inspection, had all been in good working order.

The chief noted in his report that there had been considerable improvement in the streets during the year and he hoped it would be carried on. Eighteen new hydrants had been put in and the work of the department had been thus facilitated. He recommended the extension of water mains and the provision of more hydrants in Westview where the number of residences was constantly increasing.

Equipment on Hand.
The equipment of the department on hand at the end of the year included two Seagrave trucks, one Ford combination truck, gas masks and two emergency hose reels, one at Third Avenue and Seventh Street, the other at Eighth Avenue and Conrad Street. There was 2,750 feet of rubber hose in reserve, some of which had been in use since 1911.

The chief formally thanked the fire committee and the mayor for co-operation during the year, the fire department for faithful service which had made such a creditable report possible and the police department for assistance on all occasions.

Speaking to the report, Mayor Rochester said it was a very creditable one and showed that the work of the department had been splendid and the apparatus was in good shape and improving all the time.

Longer Ladder.
Ald. Collier said that at a recent fire he had noticed that a 21-foot ladder had been used. This was not large enough and would not suffice in the fighting of fire which might break out on some of the larger buildings in the city. He moved that estimates be secured for a 45-foot ladder and that the building inspector and fire chief be instructed to make a thorough inspection of all downtown buildings.

In regard to the 45-foot ladder, the mayor stated that this matter had already been taken up and the purchasing agent had called for estimates. The motion regarding inspections was seconded by Ald. Montgomery and carried.

The report was referred to the Board of Works to take up the matter of extension of the water mains in Westview.

CITY IS OFFERED WATERFRONT BLOCK ASSESSMENT VALUE

Akerberg & Thompson Will Sell Lease and Buildings for Sum of \$25,000.

Akerberg & Thompson Co. have offered to sell to the city their 20 year lease on Lot 1, Waterfront block F, and the buildings on it for \$25,000, the city assessment valuation. The offer was received at last night's council meeting and was referred to the Finance Committee for report.

Mayor Rochester said he doubted if the company was entitled to sell the property which they did not own. If the city could get a title to it he would be in favor of buying but, as it was, he felt that it was merely a forerunner of the approaching Court of Revision.

RESUME OF THE RECOUNT

Rulings of Judge Given As a Guidance in Future Cases.

In connection with the recent recount, at which the press was not present, a resume of the proceedings has been secured, which will be a guide in future elections. The rulings of the judge were made on well established precedent with the exception of number 5:

1. Ballots which did not bear the initials of the deputy returning officer on the back were allowed.
2. Ballots marked on the back with an "X" but with no mark on the face of the ballot were refused.
3. Ballots marked with three or more "X" opposite the name of one candidate were allowed.
4. Ballots marked with ink or indelible pencil instead of black lead pencil were allowed.
5. Ballots marked with a red cross made by red pencil were refused. No authority for this ruling was given except on the ground of possible identification.
6. Ballots marked with an "X" on front of ballot opposite candidate's name and also bearing an "X" on back of ballot were allowed.
7. Ballots not printed or prepared by the returning officer and not bearing returning officer's stamp were refused on the ground that they were not proper ballots and contrary to Election Act.
8. Ballots prepared in part by the returning officer but completed on a typewriter, not bearing the printer's certificate on the back were refused under the Dominion Election Act on the ground that they were not uniform, did not bear the printer's certificate and were not printed.
9. Ballots with an "X" in the white space before the candidate's name or over the candidate's name were allowed under the Dominion Election Act.
10. Ballots with "X" opposite both candidate's names were refused on account of uncertainty.
11. Ballots with the name of the candidate written on the face of the ballot were refused because of the possibility of identification and as showing no attempt to vote in accordance with the Dominion Election Act.

FUNERAL OF LATE JOSEPH GRIFFITH

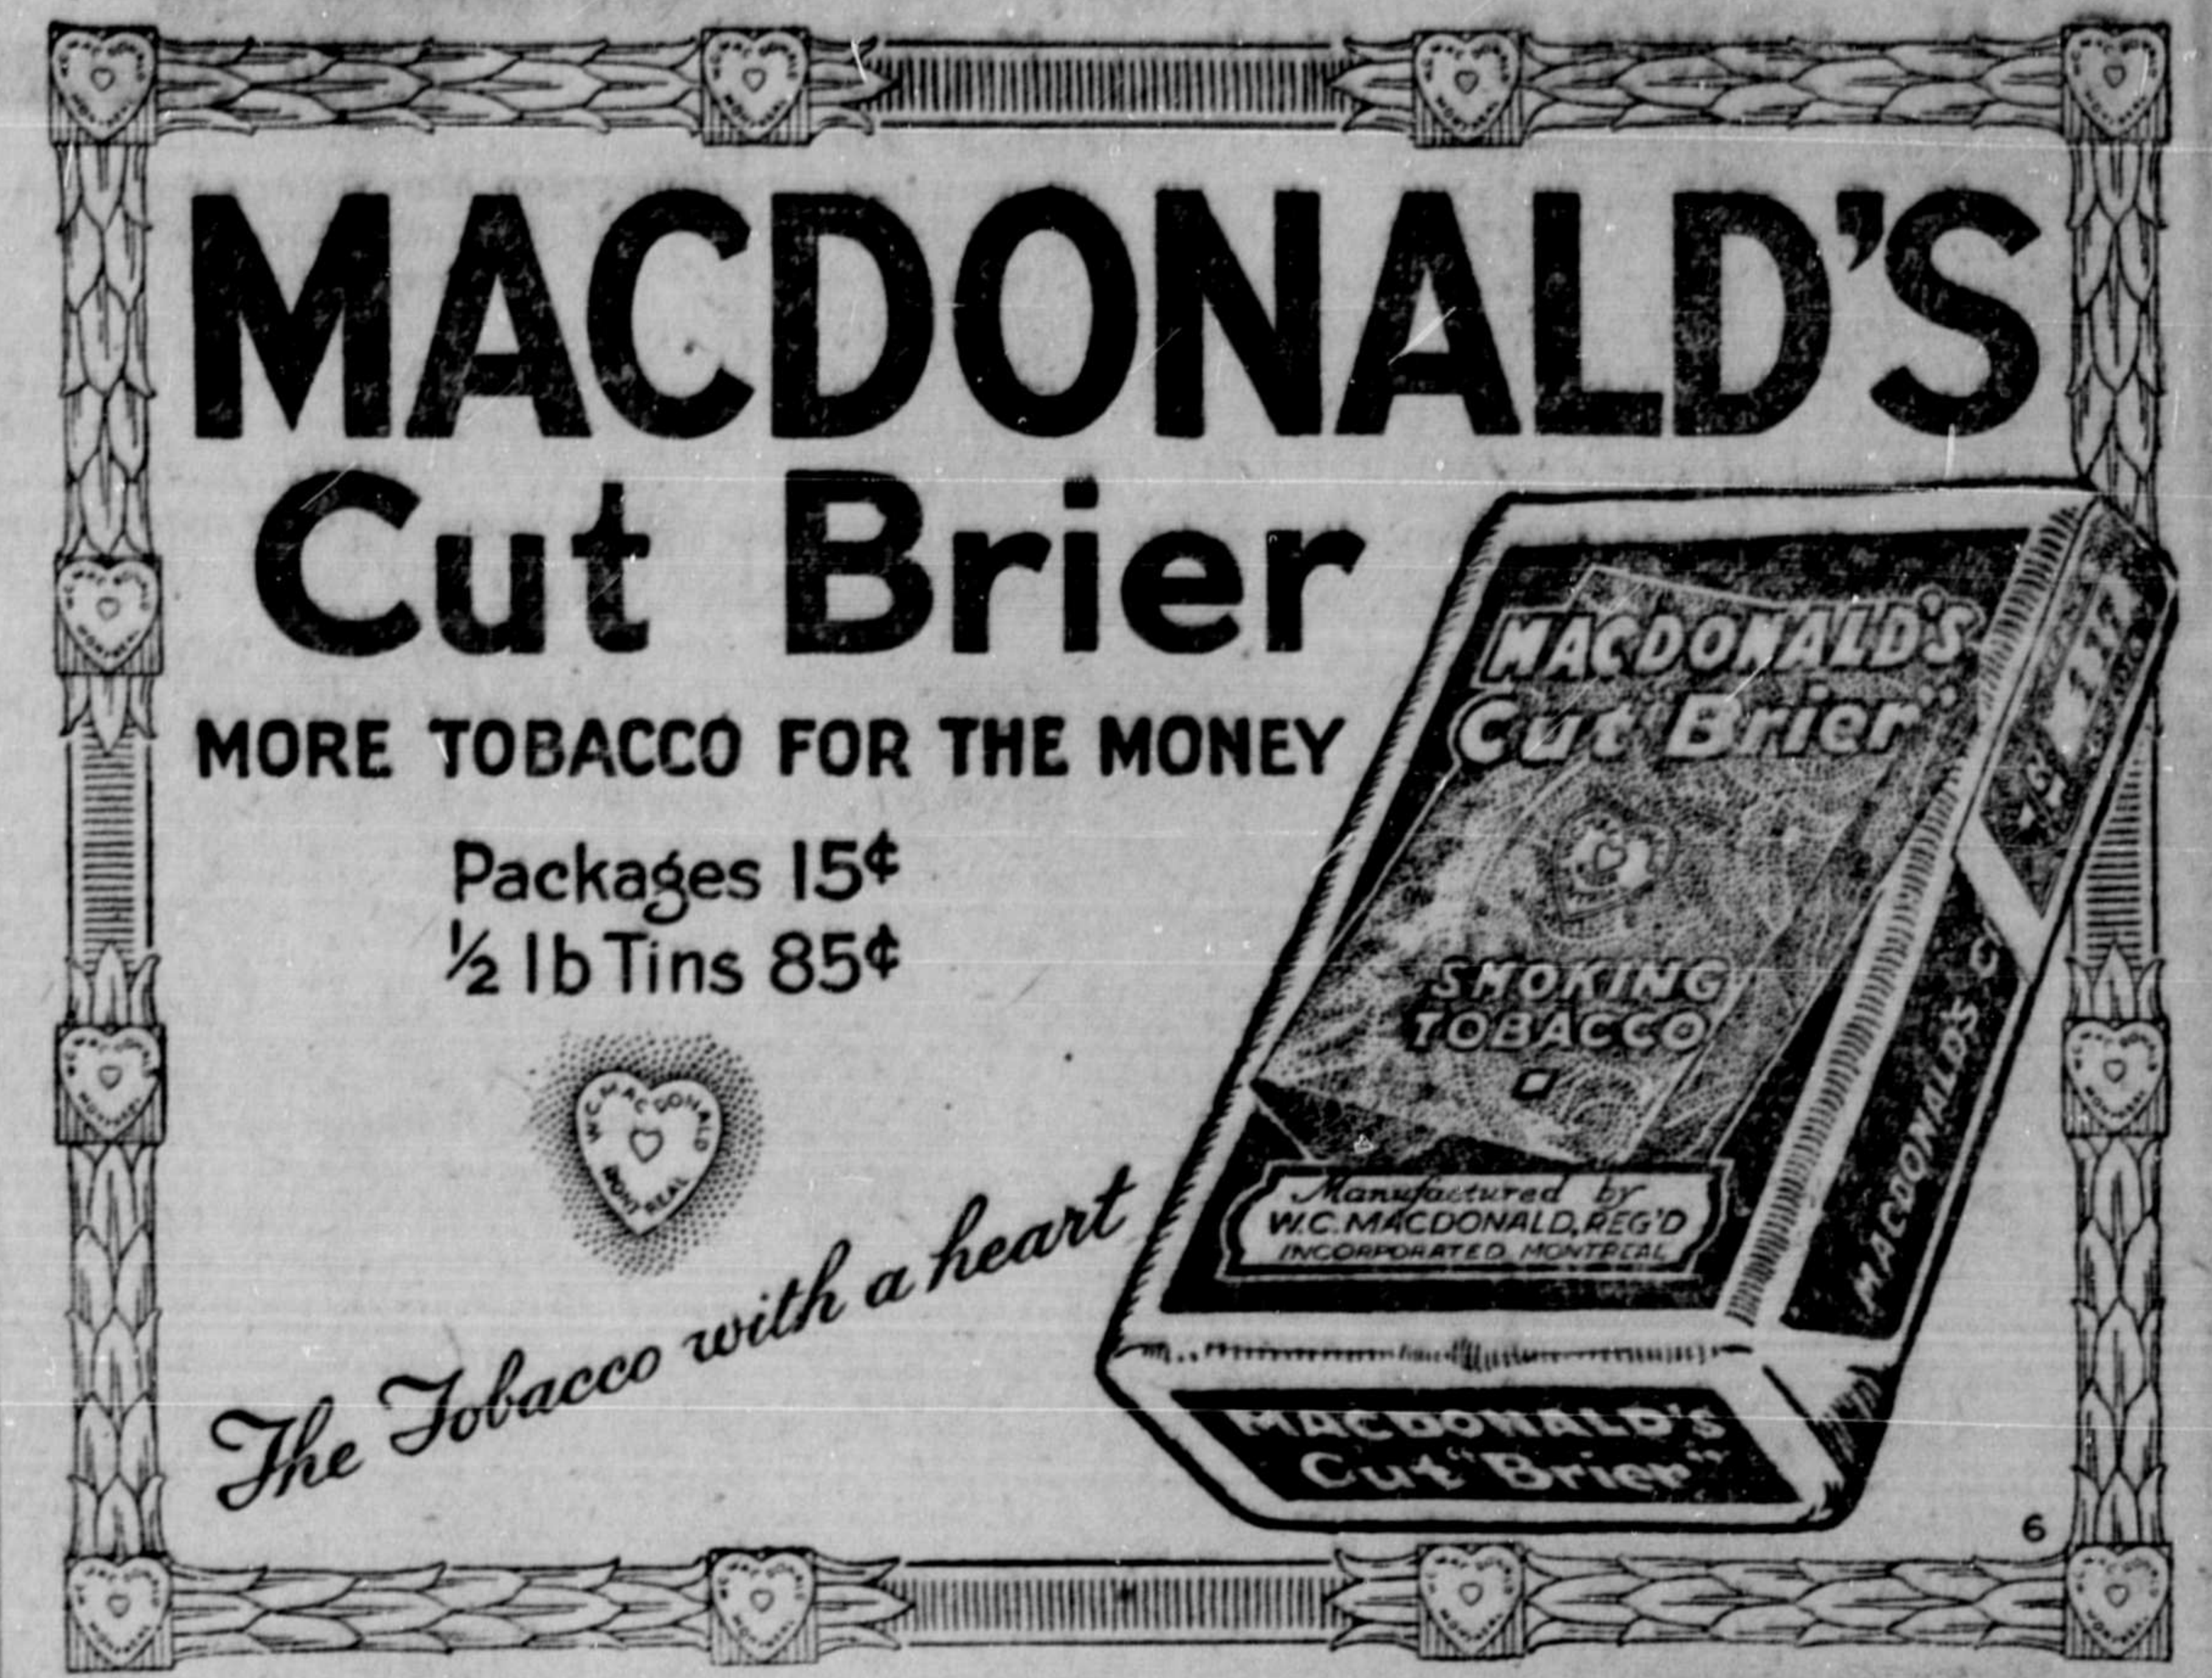

Well Known Railwayman Passed Away at Home of Daughter Early Sunday Morning.

The funeral of the late Joseph Griffith, whose death occurred at 5:45 Sunday morning at the home of his daughter, Mrs. A. S. Dunbar, Clapp Apartments, took place this afternoon from the B. C. Undertakers' Parlors, interment being made in Fairview Cemetery. Rev. Dr. H. R. Grant officiated and there was a large attendance of friends to pay their

NIGHT COUGH

CHESTs torn and made sore by an incessant night cough, are comforted and strengthened by Peps. When placed in the mouth, Peps dissolve away into powerful healing and germicidal vapours that are breathed straight to the lungs. Harmful germs in the throat are immediately destroyed, soreness and inflammation in the bronchial tubes is soothed away, obstructions are softened and got rid of. In Peps you have the benefits of pine-forest treatment at home. Take them for a cough, cold or a chill, for gripple, sore throat, infectious colds and bronchitis.

last respects to the deceased who was widely known in the city. The pallbearers were Joseph Greer, Andrew Abbott, Peter Johnson, William Sweeney, Joseph Williams and Robert Halpern.

The late Mr. Griffith was 71 years of age and was a native of St. Catharines, Ontario. He had been in the city for the past ten years, the most of which time he spent in the employ of the Grand Trunk Pacific and Canadian National Railways. Prior to coming here he was at Winnipeg as a conductor on the Canadian Pacific Railway. He was formerly a member of the Royal Arch Chapter, A. F. & A. M., Duluth, and also belonged to the Brotherhood of Railway Conductors.

Mr. Griffith is survived by his widow and one daughter, Mrs. A. S. Dunbar, both of whom reside in Prince Rupert.

There were floral tributes at the funeral from Mr. and Mrs. Jack Venables, Mrs. E. Stilwell, Mrs. R. J. D. Smith, Mr. and Mrs. J. Pitts, L. J. Marren, Tyee Lodge No. 66, A. F. & A. M., Lipsett & Cunningham, Tsimpsaan Lodge, A. F. & A. M., Kaiten Chapter, Royal Arch Masons, Mr. and Mrs. D. H. McDonald, Mr. and Mrs. P. J. McCormick, Mr. and Mrs. J. Ryan, Mr. and Mrs. T. Mooney, Miss Ryan, Mr. and Mrs. J. M. Farley and Mr. and Mrs. George McNeil.

CITY MUST PAY SINKING FUNDS

Head of Victoria City Administration Discusses Financial Difficulty.

Victoria city has a deficit of \$350,000 and the new mayor and council are looking for ways and means of carrying on and liquidating that debt. It was the debt which they had incurred which made the last mayor and council put up such a strenuous fight for provincial aid to municipalities. A Victoria paper discussing it says:

Proposals to introduce taxation of improvements in Victoria are almost certain to be brought before the City Council before it has got through its present financial difficulties, stated Mayor William Marchant yesterday, but he will strenuously oppose such a movement.

"Not only will I advise the Council against acting favorably on any plan to tax improvements but I will vote against it and use every means in my power to defeat it," said the Mayor with emphasis.

Mayor Marchant said that with an improvement tax in effect the city could probably add something like \$100,000 to its annual income, but he was convinced that property owners were already bearing too heavy a load.

Oppose Land Tax Increase.
"I shall resolutely oppose any attempt to increase the tax on land," said the Mayor. "I shall also oppose any suggestions of a sales tax or income tax, because these fields have already been combed clean by the Provincial and Federal Governments. I feel that the only way to ease our load and pay our obligations is to cut down on our present expenditure and perhaps increase

some of the service charges now being levied. I am determined that the present City Council shall pay its way. The city is today saddled with a deficit of \$350,000 which has been accumulated by previous administrations. We cannot attempt to pay that all off, and I am not sure whether we shall be able to pay back the sinking funds that were diverted in 1920, but I know that the present Council will not divert any of its funds, no matter what may be the situation.

There is a proposal afoot to reduce salaries in all city departments including the schools.

The Man in the Moon SAYS:

MARY had a little house
The rent was rather high
And every day the landlord called
Poor Mary heaved a sigh.

THERE was a rent in Mary's house
It made her very sore.
For everytime she went abroad,
Another rent she tore.

"Oh hang the rent and landlord's too,"
Quoth Mary in a passion,
"I skimp my clothes, I mend my hose,
But cannot keep in fashion."

THE most useful thing there is about a man is his Saturday pay check.

IN these days of cash business, it is difficult to get credit for good intentions.

YOU can never tell a woman's age by the clothes she wears.

THERE was a young couple that figured on the cost of a cradle as part of the marriage expense, but that was a long, long time ago.

NOW that people are setting out to economize, let me suggest that we all try not to waste words.

SISTERS are all right, says Jimmie, especially the other fellow's sisters.

No one minds a person knowing it all, but when it comes to having him tell it all, that is another story.

GETS DIVORCE AND \$1000 DAMAGES

Edmonton Man Brings Successful Suit Against Wife and Co-Respondent.

EDMONTON, Jan. 23.—In divorce proceedings in the supreme civil court brought by Egbert Grant Winfrey against his wife Erma Jane and Arthur H. Clute who he names as co-defendant and asks for damages in the sum of \$15,920 the plaintiff was awarded \$1,000 of his claim against Clute and granted the divorce pending the production of the proper marriage certificate.

The plaintiff resides at Edmonton, his wife resides at Whitecourt and the co-defendant resides at Rochford according to the claim for divorce which also states that in the year 1920 Mrs. Winfrey left her husband and went to reside with the co-defendant, it being charged that Clute was the cause of the alienation of the wife's affections and induced her to leave her home. The usual statutory offences were alleged to have taken place.

Denied Offense.

The action was defended before Mr. Justice Walsh, the wife denying adultery and the co-defendant also appearing in the case took the same stand. He also declared that he was not guilty of inducing the wife to leave her home nor did he alienate her affections.

The plaintiff in the case alleged that he spent \$545 in traveling expenses in looking for his wife after she had left home. He also stated that the time lost from his work in this pursuit was worth \$375. He therefore claimed this amount together with \$15,000 general damages from the co-defendant Clute.

The Award.

At the conclusion of the case Mr. Justice Walsh awarded the plaintiff \$1,000 damages against Clute and indicated that on the production of the marriage certificate the decree nisi would be granted.

DRAMATIC SCENES IN FARMER MEETING; FOUNDER DEPOSED

CALGARY, Jan. 23.—Unprecedented scenes of a dramatic character were enacted in the meeting of the U.F.A. here when the convention after a two hour fight of the warmest kind adopted resolution numbered one on

HEADS That Ache and Pain

It is hard to drag along with a head that aches and pains all the time.

In some cases out of ten, persistent headaches are due to poisoned blood, the blood being rendered impure through some derangement of the stomach, liver or bowels, but no matter which organ is to blame the cause must be removed before permanent relief can be obtained.

BURDOCK BLOOD BITTERS which has been on the market for the past forty-five years, removes the cause of the headache by starting the organs of elimination acting freely, and when the impurities are carried off from the system, purified blood circulates in the brain cells, and the aches and pains vanish.

Miss Clara Murphy, Centre Summer, Ont., writes:—"My system was greatly run down and my blood out of order. I suffered a great deal from severe pains in my head which made me feel very miserable. After having tried other remedies I purchased a bottle of Burdock Blood Bitters, and was very glad to notice a decided improvement in my health. I took another bottle and it has done me an enormous amount of good. I have recommended it to some of my friends who were in a similar condition and they all say it is a wonderful remedy."

The Kidneys

The office man and the outdoor worker suffer alike from derangements of the kidneys.

Backaches and headaches are among the symptoms. In some cases Bright's disease soon develops, others suffer from high blood pressure until hardening of the arteries sets in.

In order to forestall painful and fatal diseases prompt action should be taken at the first sign of trouble.

Mr. A. D. MacKinnon, Kirkwood, Inverness county, N.S., writes:

"I can highly recommend Dr. Chase's Kidney-Liver Pills to all suffering from weak kidneys. I suffered from kidney disease for a long time. I may also say that for three years I was nearly always troubled with headaches, and no treatment seemed to do more than afford temporary relief. I was finally told of Dr. Chase's Kidney-Liver Pills, and after using a few boxes was completely relieved. I have also used Dr. Chase's Ointment with the best results, and never fail to recommend these wonderful remedies."

Dr. Chase's Kidney-Liver Pills, one pill a dose, 25c a box, all dealers, or Edmonton, Bates & Co., Limited, Toronto.

the list which recalled Rice Sheppard from his position on the executive board of the association for alleged disloyalty to the organization and breaches of the constitution for opposing D. W. Warner, U.F.A. candidate in the recent election contest in Strathcona.

Although the vote eventually went strongly against Mr. Sheppard, even more than three-fifths majority required, he conducted a valiant fight in his own defence and the warmth displayed by speakers during the turmoil prevailing on many occasions showed that he had many friends in the house, besides a large number who shouted for British fair play.

Mr. Sheppard claims to be the founder of the United Farmers of Alberta.

HAZELTON

Mining operations started at the Silver Standard last week. Considerable time was taken thawing out pipes before the taking out of ore was started on Thursday.

No less than half a dozen deaths have occurred during the past week or so at Hazelton on account of the influenza.

J. D. Galloway, district mining engineer, will attend the convention of the Mining Institute at Vancouver commencing on February 13.

Mr. and Mrs. A. A. Gannon and family have returned from a visit to Francois Lake.

PRINCE GEORGE

The first action of the new city council here was to clip \$100 per year off the salary of the mayor and wipe out the aldermanic indemnities altogether.

Chief of Police Alex. Sinclair has resigned from the local city force, his resignation to take effect February 16. It is understood he has accepted a better position.

A. J. Raleigh, of Prince Rupert, travelling freight agent for the C.N.R., visited Prince George last week. He was enthusiastic as to business prospects for the coming season.

The official opening of the new Prince George public school took place last Saturday afternoon, Mayor Johnson giving the opening address.

Mr. and Mrs. E. E. Carleton entertained a number of friends at the Alexandra Hotel last Tuesday night, the occasion being the celebration of their wedding anniversary.

WOMAN HAS NEITHER BRAINS NOR SOUL

So Believe Mohammedans But Emancipation Is Coming in Palestine.

HAIFA, Palestine, Jan. 21.—The movement for the emancipation of the women of Palestine from their social yoke has just received a new impetus by an exhibition of woman's handicraft held here, with results far greater than any hoped for by its most ardent supporters.

New Idea.

The idea of woman in industry is a new one in this land. Before the great war woman was considered a burden. Her place was the jail-like home from the confinement of which she would dare leave only by special permission from her lord and master, the husband. This was especially true among the more ignorant of the Mohammedans who believed that woman had neither brains nor soul and must be treated as an animal. The fact that she was bought and sold instead of being married for love added great strength to that belief.

Today all this is changed. Women are not only demanding, but are also receiving equal rights in the home. To the utter consternation of men, they have thrown to the winds custom and tradition and have embarked upon fields tabooed a few years ago. They have definitely entered industry and are as a result relieved in part of the economic dependence which kept them subjugated for centuries.

Fine Exhibits.

The exhibition which was the first of its kind in Palestine was opened by the High Commissioner, Sir Herbert Samuel. In the course of his speech he praised the women of Palestine for the part they are playing in the upbuilding of the country.

The exhibits which were all hand-made, consisted chiefly of pottery, lace and embroidery. Basket making was perhaps the most interesting of all articles on display.

It is believed that with proper advertising, markets could be found and a great demand created for some of the things which the country women in Palestine are capable of making.

Advertising is often expensive, but it is nothing like as expensive as an empty store and idle clerks.
