DAILY EDITION **THURSDAY, Aug. 10, 1922.**

Closer Trade Relations With States.

Mackenzie King, Premier of Canada, has declared in favor of a reciprocity arrangement with the United States just as soon as that country is ready, according to a report of Mr. King's speech at Lemington. That was the old Laurier policy and the one on which the former Liberal premier met his Waterloo. It was at that time perverted by the opposition leaders and opposition press into a loyalty campaign. The British flag was waved as it had never been waved before in order to save the "infant industries" of the Dominion and to prevent the country passing into the hands of the United States. The people were misled by the cry and more than that they were ready for a change because the Laurier party had been in power for a number of years.

The present premier has declared that there must be import duties to provide revenue with which to pay off the war debt and to carry on the business of the country. He is no scaremonger and will not hand over the country to be destroyed by any fiscal enemy. If he had any such tendency there are strong men in the cabinet who will keep the government in a stable condition. At the same time any closer trade relations with the United States will benefit Canada as a whole. We are now beginning to see the results of the policy of high tariff in regard to the fish business. Prince Rupert stands to gain by any policy of reciprocity in natural products.

Must Pay Bills If We Are To Be Nation.

If Canada is to be a nation she must pay her debts. Up to the present time there has been no effort made to square income with expenditures. Since the early part of the war we have been steadily running into debt and every year has seen the financial problem loom larger than the one preceding.

The present government on taking hold of affairs at Ottawa found a bad financial mess. They had to start to work to clean up and to do this it was necessary to levy more taxes. Unfortunately the extra levy came at a time when there was financial depression and it is difficult to pay the bills. Today we are feeling the pressure. Very soon, however, we shall be in better shape and under normal conditions we shall not feel the taxes as much as we do at present. It needed a strong government at Ottawa with courage to meet the obligations. Owing to the railway situation we are still not in a sound financial condition but the duty of the new board of directors will be to make the railways pay their way. When they do this we shall be once more solvent.

Many Would Like To See A Smash.

There are in this country as in others many who would like to see a financial smash. They are usually the ne'er do wells of the country, the people who do not like work. They would like to see turmoil hoping that under the changed condition they would come to the top. They argue that things cannot be worse with them and it might be better. Today there are not as many of that type as there were a few years ago, but there are a great many yet and always will be. They are not satisfied with the gradual evolution of industry but would upset the present system and replace it with chaos. Such people are always growling about taxes and oppression. They would like to see the monetary system debased as it is in Russia and would prefer an autocracy of the Lenin type to the present representative system of government. To such the sane people of the community must be always strongly opposed. While we all admit that economic conditions are not as they might be, we have to move slowly, trying out carefully each reform and gradually evolving a system of government that will be fair to all and will grant special privileges to none.

FORMER RESIDENT TAKES LEADING PART IN THEATRICAL CO.

Princess Theatre Taken Over by Victoria Man Who Will Use Only Local Talent.

VICTORIA, Aug. 10.—L. Bullock-Webster, formerly of Prince Rupert, takes one of the leading parts in a dramatic sketch and opera which opened here last evening in the old Princess Theatre which has been renovated and leased by R. N. Hincks. It is announced that it is to be the home of "potted opera" and has been renamed "The Playhouse."

Mr. Hincks, who is an old-time resident of Victoria, is a professional actor but all the entertainers are local people, many of whom have been trained by Mr. Hincks and Mr. Bullock-Webster.

The entertainment opened with a few concerted numbers. Then came the dramatic sketch and finally "The Toreador" in shortened form.

FINE BIG YACHT IS COMING UP COAST ON CRUISE TO ALASKA

The private yacht "Casiana," belonging to E. L. Dohoney, old time oil operator and prospector and head of the well known Mexican Petroleum Co. and its equally famous holding company, the Pan American Petroleum and Transport Company, operating the second largest fleet of oil tankers in the world, was at Bella Bella yesterday on her way up the coast on a cruise which will include Alaska ports and other places possibly including Prince Rupert. Besides Mr. Dohoney there is a party from Los Angeles and other coast cities on board the "Casiana." Captain McGillivray of Seattle, is pilot and this is the first time the boat has been in Canadian waters.

The "Casiana," which was the source of much comment while lying at anchor in the stream in Vancouver, has been operating in the Gulf of Mexico for the past seven years, and has been used by the Dohoney interest as a home of refuge for their managers during the periodical revolutions in Mexico. She is 287 feet over all with a 36-ft. beam and was built at Scott's at Greenock, on the Clyde. Her 2500-h. p. oilburning engine gives her a cruising radius of 6,000 miles at cruising speed. She flies the colors of the Atlantic and Columbia yacht clubs. She is one of the largest steam yachts in the world and is said by shipping men to be one of the finest appointed vessels of her class afloat.

The Dohoney party has no set schedule or course. "It is a straight holiday and is the first time we have had the yacht on the Pacific," said Mr. Dohoney. "However, we like it well enough to think of coming again next year if all goes well. We are just going where we feel like going, and making no set journey."

HOLES ARE THERE TO PROVE THE STORY

HAVERHILL, Mass., Aug. 10. (Canadian Press).—The Chucks were raising particular Cain on Bill Evans' farm out on the Whittier Road, and they were canny woodchucks, too—susceptible neither to traps nor choice brands of deadly poison—and Bill was at his wits' end—for a time.

Then he conceived an idea and trekked for the pepper pot. Liberally Farmer Bill peppered the immediate vicinity of the entrance to each woodchuck hole he could find. Result—Eight woodchucks lying outside their homes next morning with their necks broken.

They had sneezed themselves to death, according to Farmer Bill. Take it or leave it, he said.

Ten Years Ago in Prince Rupert

A. W. Smithers, chairman of the G. T. P. Railway, E. J. Chamberlain, president, and General Manager Donaldson are planning a trip next month from Edmonton to Prince Rupert on a personal inspection tour over construction.
Rev. F. W. Kerr, Presbyterian minister, announces that next Sunday he will preach on the question "Is There a Hell?" advanced by the International Bible Students.
The Women's Auxiliary of St. Andrew's Church has elected the following officers: President, Mrs. Du Vernet; Vice President, Mrs. McCoskie; Second Vice President, Mrs. M. J. Hobin; Secretary, Mrs. R. L. McIntosh; Treasurer, Mrs. Keene; Leaflet Editor, Mrs. Ford, B.A.; Secretary-Treasurer Babies' Branch, Mrs. W. E. Collison; Secretary-Treasurer Juniors' Branch, Miss Du Vernet; Secretary-Treasurer of Girls' Branch, Miss Enoch. Mrs. Marsh gave an address at the annual meeting yesterday and a luncheon in the Bayview Hotel followed.

The Man in the Moon SAYS:

ANYOX Ball Team
Came here to win
They played a good game
But lost all their tin.
The local all stars
Were giants at play
They went just one better
And carried the day.
When a visiting team
Would make us the goat
They'd better buy tickets
For Billy on the boat.
ONE of the things we do not have to worry about is the franchise of the street car company or the deficit of the municipal tram company.
AMONG the things that keep people worrying may be politely mentioned the repayment of the loan floated to pay the taxes.
WE have opened a savings account where we intend to place to our credit all the debts we owe.
THERE never was such a dry

Rev. T. J. Marsh arrived last night from Terrace and is registered at the Hotel Prince Rupert.

A. W. Macdonald returned to the city on the Prince George yesterday afternoon after spending a vacation in the south.

Dr. and Mrs. A. H. Bayne arrived on last night's train from Lakelse, where they have been sojourning at their summer home.

F. Key, Imperial Oil Co. inspector, arrived from the south yesterday and is spending a few days in the city inspecting the local plant.

Pete Benzik appeared in the police court this morning, charged with assault by threatening to choke his wife. He was bound over to keep the peace for six months.

Mr. and Mrs. Paul Aivazoff are definitely expected to arrive from Vancouver on the Prince Rupert on Saturday. Since their marriage in New York they have been coming west by easy stages.

Six hundred tons of Nanaimo Wellington coal has been landed at our wharf. We are anxious to deliver it at your house or store. Phone 116 or 564 for prices. Albert & McCaffery, Ltd.

Rev. and Mrs. G. E. Howard, of Sitka, arrived in the city on the Princess Alice last evening and took the train East for Montreal. They are making the round trip to the Quebec city as a holiday tour.

The wedding took place recently in Vancouver of Mrs. B. F. Lyne and Charles Macdonald McKinnon. Mr. and Mrs. McKinnon have taken up their residence at Vanarsdol where the groom is a school teacher.

Miss Helen Randall, registrar of trained nurses for the province, will arrive in the city by the Prince Rupert on Saturday on her annual visit to the local hospital. She will also visit Port Simpson and Hazelton and perhaps Anyox.

Mrs. Phil McDonald, who has been at Cordova, Alaska, for the past six months visiting with her sister who is ill, is expected home this week. Mrs. McDonald returns from the north via the outside steamer passage and Seattle.

Mrs. H. S. Parker and her daughter, Miss Leona, expect to leave about the last of the month for the south. After visiting for a while with friends in Victoria, they will return to Vancouver where Miss Parker will attend the King George High school for the coming season.

The Granby launch Azurite returned early this morning to Anyox with the party of baseball players and fans, James Hazlett, who came down with them, is staying over in the city for a few days. H. F. Kergin, M.J.A., who was one of the most ardent of the visiting supporters returned north on the Azurite.

SWORDFISH INDUSTRY RIVALS STEEL WORKS

Million Pounds Expected to Be Sent to States This Season.

HALIFAX, N. S., Aug. 10.—Swordfishing out of Cape Breton ports bids fair to becoming a temporary rival as an industry of the steel manufacture in Sydney, according to the Sydney Post in an article forecasting record breaking shipments of swordfish to Boston during the season now commencing. Last season the shipments from Louisburg to Boston, alone, amounted to well over a million pounds and this volume will likely be far exceeded during the present season if the expectations of fish buyers, in Cape Breton from New England, are fulfilled. It has been said that the people who engage in the swordfisheries in Cape Breton outnumber those employed by the steel plants. The fish are caught, cleaned, iced, boxed and shipped in a special fleet of refrigerator cars by the most direct route to Boston. Louisburg is the starting point of the Nova Scotia fleet of one hundred sail boats which go after the swordfish this season, but there will be many other craft engaged in the fishery including a few from American ports.

Nova Scotia fishermen have during the past few years made Cape Breton ports their headquarters, as it has been found that the fish strike that coast in larger quantities than in any other locality during the migration from the southern banks. The first kill is generally made the latter part of July in the waters between Sealharbour and Guoin Island. The season lasts about five weeks then the fish disappear and are seen no more until next season when they commence to run off the American coast. Already American fishermen have made large catches and in four days, July 10 to 14, 31,000 fish weighing on an average of 250 pounds each, were landed at the Boston wharves. A steady market for this enormous catch was found at 13 cents a pound on board ship.

It's a wise little husband who humors his large wife.

This is true at any show—the late arrival disturbs a row.

The Natural Wealth of Canada

Forests

IN the past three years Canada exported forest products to the amount of \$660,000,000, and there are still left great forests of Douglas fir, pine and spruce pulp wood—enough, if carefully preserved, to supply a great trade throughout an indefinite future. For more than a century the Bank of Montreal has been co-operating in the development of Canada's trade in forest products.

Star Prince Rupert Team Wins Well Earned Victory in Snappy Baseball Game

Prince Rupert baseball players to a man acquitted themselves in the best of style last evening and defeated the smart visiting Anyox aggregation by a score of 5 to 4.

The Anyox men having come heralded with so many good reports, players and fans alike were on their toes and, after it got fairly started, it was indeed anybody's game.

Prince Rupert—Farquhar, 3b; Curtis, c; Easson, 2b; Anderson, ss; V. Menzies, 1b; Douglas, cf; Scott, rf; Frizzell, lf; Eady, p.

Rupert's Inning.

Downs struck out for Anyox in the sixth, Campbell got first on Anderson's error, McIntyre was put out at first and Greenwell got his base when Anderson let a grounder by.

Opened in Drizzle.

Opening in a drizzle which developed later into a deluge, one Anyox after was put out, the other getting first, McIntyre struck out but Greenwell followed up with his home run which he would never have made if foot racing did not run in the family.

Three Short Innings.

The seventh inning was a brief affair. For Anyox, Mealey was put out at first on Anderson's assist, Draudsen struck out and Whittaker's sizzler to the left was neatly taken by Farquhar.

Anderson's Double Play.

In the third, Greenwell got second though Farquhar made a nice catch overthrowing the ball to first, Moran popped out to short and Anderson made an easy double play putting Green-

MAY PRAY IN PUBLIC.

PORTLAND, Ore., Aug. 10.—(By Canadian Press)—Praying in public is not an offense against the civil service, the commission has ruled in reinstating George Winters, veteran employee of the City Park Bureau, who was discharged several weeks ago because he persisted in praying aloud as a preliminary to opening his lunch pail.

TIBETAN WOMEN MARRY FAMILY

Is Chosen by Eldest Brother for All the Rest—Progress Paralyzed.

LONDON, Aug. 10.—(Associated Press).—Great Britain intends to make a thorough study of the little known land of Tibet, where devil-worship and belief in ghosts still exist.

The mission will make a closer investigation of the Tibetan people, their customs, religion and language, than has yet been possible, together with a study of rare books and manuscripts known to exist in the monastic libraries.

Live in Mountains.

The Tibetans live in mountain strongholds, 15,000 feet above the level of the sea, which is 500 feet higher than Mount Whitney, the highest peak in the United States.

The last foreigner in Tibet was an American medical missionary, Dr. A. H. Selton, of San Francisco, who spent 17 years at Batang, near the Chinese-Tibetan border.

Eldest is Father.

Dr. Shelton found that the Tibetan woman usually marries three or four brothers, and in one case that came under his observation a woman had six brothers for husbands.

SAID HE COULD NEVER BE WELL

"Fruit-a-lives" Restored Him to Health

150 AVENUE PAYS IX, MONTREAL "For three years, I was a terrible sufferer from Dyspepsia and my general health was very bad. I consulted a physician and took his medicine but I did not improve; and finally he told me that I could not be cured.

At this time, a friend advised me to try "Fruit-a-lives". After taking two boxes, I was greatly relieved; and this fruit medicine made me completely well. My digestion and general health are now splendid!

are punished by having their hands and feet amputated. When a Tibetan dies his body is dismembered and fed to vultures. The people are extremely poor. They dress in sheepskins and the usual rule is on garment to a person.

THREE DAYS WITHOUT FOOD OR WATER GOING 1,500 MILES IN BOX CAR

CHICAGO, Aug. 10.—(By Canadian Press).—Francis Dennison, fourteen, locked for three days in a moving freight car, traveling 1,500 miles without food or water, has just arrived home from Casper, Wyo., "on the cushions."

His rescue was due to his playmates, they told Peter Brock, a foster father of the boy, that they believed Francis was locked in the car speeding West. The foster father appealed to the Burlington officials and the police. It took a long time to get a trace of the car.

BUILDING FOR DOCTORS IN CITY OF WINNIPEG

Medical and Dental Men to Have Offices all in Own Block at Prairie Capital.

WINNIPEG, Aug. 10.—Construction of the modern four-story office building to be erected by a syndicate of Winnipeg physicians, surgeons and dentists, on the southeast corner of Kennedy Street and Graham Avenue, was commenced this week.

SILVER IS FOUND IN BARREN LANDS

Wonderfully Rich Properties Said to Have Been Discovered There. FITZGERALD, Alta., Aug. 10.—Via McMurray, Alta., Aug. 2—That a find of silver in the barren lands, northeast of this point, has been made which will be at least on a par with the silver mines of northern Ontario is the word which has just reached here and which is substantiated by samples of silver ore brought into the northern trading company's post here by Jack Sarcee, prospector of this point. The ore was gone over care-

fully by both the well-known northern geologists, Dr. Hume and Dr. O'Neill, who pronounced the find as being very valuable. The examinations made by the geologists were conducted independently and at different times one stating that the ore would run 8800 to the ton while the other engineer estimated it at 8775. It is high grade free milling ore, and in common with the substitution of the fact that oil exists at Fort Norman in commercial quantities is one of the biggest things which has happened in the north for many years.
