There was a war scare around the city this morning purporting to have arrived by wireless. QUEEN COMES OFF ROCKS AND LEAVES PORT

Not Badly Damaged by Impact With Rocks of White Cliff

The Admiral Line steamer Queen, which struck White Cliff rock off the mouth of the Skeena River early Saturday morning, was floated on the high tide Saturday night with the assistance of the Canadian Fish and Cold Storage Co.'s trawler George E. Foster, Capt. Fred Walters, and reached this port at 1 o'clock yesterday morning. Examination showed the vessel to be but slightly damaged and she picked up her 238 passengers, mail and express here and cleared for Seattle last night about 6 o'clock after having taken on fuel oil at the local tanks.

The Admiral Rodman, which had been standing by the distressed vessel and which had taken off the mail and express, came here with the Queen and moored alongside her at No. 3 G.T.P. dock, pulling back aboard what she had taken off, resuming her northbound voyage shortly after.

The trawler George E. Foster was sent to the scene on Saturday afternoon to give assistance and was successful in pulling the Queen off on the high tide. Capt. E. McCoskie, harbor master, Jarvis H. McKee, customs collector, and W. J. Nelson, also of the customs department, went out on the Foster and assisted generally. In the meantime E. Brannen, the local diver, had reached White Cliff and made an examination of the hull, reporting that the damage was not serious. Her stem and forefoot had been crumpled for three or four feet and plates had been dented. The vessel did not leak but cement was put in to make sure. On account of the list of the vessel and in order to lighten her forward, the cargo was shifted and some oil was pumped out of her. Straightening the cargo out again and taking on a new supply of 250 barrels of oil took up part of the time in port yesterday besides the taking back of the passengers which had been brought here by the Venture and the mail and express which the Rodman had removed. All the passengers spent Saturday night here, taxing hotel accommodation to the limit.

While ashore there was no danger to the distressed vessel, although there might have been had a wind come up. It was to ensure against any such eventuality that the passengers, mail and express had been removed.

Capt. Glascock and officers of the Queen as well as the passengers expressed their thanks to local business men and citizens for the courtesies and assistance that were extended them while here.

Entire Atlantic Fleet Rushed To Protection Constantinople Today

CONSTANTINOPLE, Sept. 18.—The entire British Atlantic fleet is being sent to re-inforce the Mediterranean fleet for the protection of Constantinople and the Dardanelles. This creates the most formidable armada of warships ever assembled in an area of like size.

British officials are confident that if the allied land forces are not sufficient to check an attack on the Dardanelles by Turk Nationalists, the combined fleet, together with the French and Italian war vessels, will be more than adequate.

There is an increased feeling of security among the population of Constantinople as the result of Britain's energetic action. It is declared here that the Turks are not likely to commit the folly of opposing such overwhelming forces.

Possible War Situation Is Reviewed in London Despatch Received Late This Afternoon

LONDON, Sept. 18.—Horror over the tragedy in Smyrna is losing some of its edge and public attention is being drawn to the situation in Constantinople and the Dardanelles, menaced by the Turk Nationalist army. Britain is taking active steps to repel any invasion of neutral territory along the Straits and has called on Canada and other Dominions as well as Roumania and Jugo-Slavia for aid.

France, however, is understood to favor moral persuasion rather than force in maintaining the international character of the straits. Italy, too, is against relying entirely on this form of defense, it is declared.

Aside from a general concurrence that neutrality of the straits must be maintained, the opinion of London papers is much divided over the British government policy. The government's reference to the employment of force had a startling effect and even where it is not condemned, editorial writers express their views cautiously.

AMMUNITION FACTORIES ARE RUSHED

PARIS, Sept. 18.—The British Government has ordered all the small arms and ammunition factories in the United Kingdom to work 24 hours a day at full capacity in preparation for any Turkish eventualities, according to news which reached here today.

BRITISH AIR SERVICE IS SUCCESSFUL

More Flights Made Than Last Year, But Patronage Not Very Good

LONDON, Sept. 18.—The Air Ministry returns in regard to air traffic on the Cross-Channel routes to Paris, Brussels, and Amsterdam during the three months April, May and June. During the quarter, 764 machines departed from the London Terminal Aerodrome, Croydon, and 768 machines arrived, the total number using the aerodrome on continental services thus being 1,532. In the corresponding period last year 506 machines departed, and 595 arrived.

The majority of machines were of British nationality, belonging to the Handley Page Transport, Limited, the Instone Air Line, and Daimler Hire, Limited, numbering 915. Last year British machines numbered only 246 out of a total of 1,004 machines using the aerodrome.

Passengers Carried

The total number of passengers carried during the period was 3,128, and is a slight decline on the total of 3,565 carried a year ago. The proportion carried by British companies has, however, greatly increased, 2,402 travelling in British machines, against 1,653 in the same period last year. British traffic amounted to 76.8 per cent. of the total, whereas last year it was only 46.4 per cent.

The total weight of goods carried by aircraft to and from Croydon was 114 tons, which is a large increase on last year, when the figure was 56.9 tons. Half of this total was carried by French machines, but the British share of the traffic shows the largest proportionate increase, 53.6 tons having been transported by British machines, against 4.9 tons a year ago.

High Efficiency

The efficiency of British air services continues to be of a high standard. In April the efficiency of flights made and completed within four hours by British machines on the London-Paris route was 92.3 per cent. For May the figure was the same, and for June it rose to 95.2 per cent. The figures for French machines during the same basis were:—April, 71.3 per cent; May, 85.6 per cent; and June 79.1 per cent.

Notwithstanding these figures,

the statement adds, it has to be noted, however, as stated in the last half-yearly report on Civil Aviation, that a considerable increase in traffic is essential if air transport firms are to obtain a commercial basis of operation, the passenger accommodation occupied on British machines being only 37 per cent in April, 30 per cent in May, and 31 per cent in June, and the useful cargo capacity used only 44 per cent in April, 44 per cent in May, and 10 per cent in June.

KHEDIVE OF EGYPT MUST SPEND REST OF DAYS IN EXILE

CAIRO, Sept. 18.—Abbas Hilmi Pasha, deposed ex-Khedive of Egypt, who has been in exile ever since the beginning of the Great War is destined to spend the rest of his days outside the boundaries of his native land, if the decree depriving him of all rights in his native land is carried out.

A law signed by King Fuad I. and countersigned by every member of the Egyptian Ministry has been promulgated, restricting in various respects the ex-Khedive's political, as well as social rights. The preamble of the law sets forth the necessity that the measures taken by the British military authorities under martial law be sanctioned. These measures included the deposition of the ex-Khedive and the sale of part of his property.

Some of the provisions of the law are:—
(1) Abbas Hilmi is not either personally or by intermediary, to exercise in Egypt any political rights, to possess or acquire any title to any property, real or personal, to be designated as the beneficiary of any Wakt or to collect any sum of money for same.

(2) All the remaining property of the ex-Khedive is to be sold by the public custodian and the net balance of the liquidation which would be balanced after payment of, or provisions for outstanding liabilities, is to be placed at his disposal.

(3) Egyptian territory is forbidden to the ex-Khedive. Should he contravene this law, he will be conducted immediately to the frontier under the direction of the executives.

Mrs. Adam Mackie arrived from the south on Saturday afternoon and will take up her residence in Prince Rupert with her husband who was recently appointed Dominion Fisheries inspector for the district.

WEEK AT THEATRES

Monday and Tuesday—George Walsh and Miriam Cooper in "Serenade". Mack Sennett Comedy. "Hard Knocks and Love Taps."
Wednesday and Thursday—Pauline Frederick in "Two Kinds of Women".
Friday and Saturday—William S. Hart in "Travelin' On".

Aesop Film Fables made in New York are now being shown in England. They are being well received.

A musical festival is being arranged in Vancouver under the auspices of the Knights of Pythias to be held in May next. It is to be a purely British Columbia affair and is promoted by the Knights for the sole purpose of forwarding the interests of music. It will be open to amateurs only and there will be competitive events for church choirs, public school choirs, solo voices, piano, violin and cello.

The names of the best pieces will be announced in December.

Constance Talmadge is Ming Toy, an Oriental girl in an Oriental picture in "East and West." It is something quite new in the picture world.

Harold Lloyd makes a lot of comedies. "Grandma's Boy" is one of the latest.

The Hailton comedies are being well advertised and when seen they are real comedies, which is more than can be said of a lot of the slap dash offered in the name of humor.

De Mille's "Manslaughter" is said to be a great picture. At any rate it promises to be some what De-Millian.

The Valentines are still flocking to see Rudolph in "Blood and Sand."

The war troubles in Asia Minor interfere with the Talmadge visit to Egypt, no Mohammedan country being considered safe at a time of such excitement.

Why fall in love with a moving picture actor when there are so many good young men and true right at home.

Miriam Cooper and George Walsh

in "Serenade"

Starring tonight at the Westholme Theatre

"SPANISH LOVE" SEEN WESTHOLME MONDAY

"Serenade" Is Story of Required Affection and a Third Lover.

"Spanish love" is a phrase that has become accepted generally as descriptive of the ultimate in affairs of the heart, due to the fiery temperament characteristic of the youth of the land of the Don.

That is the type which will be found in "Serenade" which will be the feature at the Westholme Theatre tonight and tomorrow.

Miriam Cooper plays the role of Maria del Carmen, a Spanish senorita of the languorous, impulsive type. She is loved by Pancho, son of the governor of Magdalena, who woos her in the customary manner by serenading her with his guitar—when mother is around, for she thinks that he is too poor to become the husband of her daughter.

But his loving is of a far different sort when mother is absent. Impassioned are his kisses and embraces, and they are returned in kind by the girl.

But others are covetous of the beautiful Maria in particular Ramon, the son of the new governor, who overthrows Pancho's father. And when two Spanish lovers cross, there is generally bloodshed—as proved in "Serenade."

The men engage in an exciting duel with daggers, and Ramon is wounded. When he recovers they again engage in a duel—but it ends suddenly in a dramatic

manner and Maria and Pancho are able to continue their love making unmolested.

WONDERFUL GUNPLAY WEEK END OFFERING

Gunplay, the like of which has never been seen before, a most unusual hold-up, a vivid thunderstorm—these are but few of the thrills in William S. Hart's latest and most memorable Paramount picture, "Travelin' On," to be shown here at the week end.

This is a picture to make even the most hardened film fan sit in that most uncomfortable posture—balanced on the edge of a seat—right from beginning to end, wondering, with bated breath, just how the story is going to end. It is a picture to send the red blood coursing through one's veins, and that, surely, is a most desirable thing these days.

"TWO KINDS OF WOMEN" COMING ON WEDNESDAY

Action, Thrills and Scenic Beauty in Pauline Frederick's Play.

Action, thrills, scenic beauty—these are the things in "Two Kinds of Women," Pauline Frederick's production at the Westholme Theatre. Miss Frederick has established herself as the greatest emotional actress in films; for sheer dramatic ability and human appeal she is not excelled on the stage or screen.

In this photodrama, which is a screen adaptation of Jackson Gregory's famous book, "Judith

ROYAL NAVY CIGARETTES

of Blue Lake Ranch," one sees a different Pauline Frederick, a girl in whose character culture and delicate refinement are blended with the fiery, courageous independence of a hardy woman of the frontier. Miss Frederick as Judith Sanford, a city reared girl from whom higher education has not taken the dauntless spirit of her pioneering father, gives an amazing revelation of her adaptability to almost any kind of character delineation.

Miss Frederick rides a bucking horse without being a tomboy. She manages a big business enterprise and does a man's work without losing any of the sweet womanliness that has endeared her to the motion picture public. The part of Judith portrayed by anyone of less ability would fall flat. As it is, Miss Frederick is revealed in a new light—if that were possible after her long list of previous screen successes. "Two Kinds of Women" is a swiftly moving drama that makes one want to seek succor from the noise and bustle of the city in the beauty and grandeur of the California Sierras, where much of the picture was filmed. The majesty of the mountains and sheltered valleys, the wholesomeness of this outdoor story, is like a breath of fresh air in a stifling room.

PRINCE RUPERT WELL ADVERTISED PLACE

Fred Stork, M.P. Returned Saturday and Says All Talk of City.

Fred Stork, M. P. returned Saturday after completing the sessions of the Fisheries Commission and signing the report which is being submitted to the Government.

Mr. Stork says that Prince Rupert is in everyone's mouth in the south. Everywhere he went he found the city talked about and the general expectation is that there will be a prosperous future for the port.

Mr. and Mrs. N. B. Walton sailed last night on the Prince Rupert on a brief trip south.

Mrs. Cameron and Milk

Mrs. Cameron says that since under the improved process Pacific Milk is 43 per cent. cream, one can now go almost as far as two did formerly, which actually results in the milk being cheaper and better. She says its richness in cooking is an economy because they use much less shortening in baking, and it gives cakes and other things a much finer grain and more delicate flavor.

HOUSTON FAIR WAS A GREAT SUCCESS

Fine Lot of Exhibits and the Attendance was Large: Races Well Contested

HOUSTON, Sept. 18.—The fair here on Friday, the first to be held at this centre, was an unqualified success. The exhibits were first rate, the races and sports well contested and there was a big crowd present, people coming from as far away as Telkwa and Smithers for the event.

J. S. Wilson, president, and A. E. Carruthers, secretary, worked hard and the successful outcome was due largely to their untiring efforts, along with the other directors, J. Good, Thos. Atkins, and F. Madison.

The judging was done by T. Tait of the agricultural department of B.C. Not only were the exhibits of live stock and vegetables good, but there was also some fine dairy products and all were well displayed.

Bronco busting was a feature of the fun and there were also foot races and a ball game. A big dance closed the day's events.

EXHIBITION CLOSED WITH FREE DANCE SATURDAY EVENING

The 1922 Prince Rupert Exhibition closed with the big free dance in the Fair Building on Saturday night. There were about 300 in attendance and the affair was in progress from 10 o'clock until midnight. Newell's orchestra provided music of the usual jazzy variety which was fully enjoyed. Ralph Harrop was master of ceremonies.

PIE EATING

Second Contest on Saturday Night Was Won by Alex. Johnson —40 Boys Entered

Alex. Johnson won the second pie eating contest at the Exhibition Hall on Saturday night. There were 40 boys in competition for the big watermelon prize. The contest was conducted by Ralph Harrop assisted by F. Dibb and G. A. Hunter.

PRIDE OF JAPAN WINS SPEED BOAT RACE ON SATURDAY

The Pride of Japan, operated by Bill Smith and Jack Swanson, won the speed boat race on Saturday evening and the silver cup presented by Mrs. H. S. Munro, of Anyox. The only other contestant was George Frizzell's Miss Rupert II, the defeat of which was due to engine trouble.

Both boats had engine trouble and neither got away from start to finish without stopping. The Miss Rupert II got a good start when the Pride of Japan could not get going and was a couple of laps ahead before the opponent got under way. The tables were turned, however, when the Miss Rupert broke down and failed to resume while the Pride of Japan overtook her and was the only boat to cross the finishing line. Kenny Road operated the Miss Rupert.

The race was four times over a two miles square course. The Miss Rupert did the course once in four minutes and the Pride of Japan once in five minutes.

R. E. Benson and George Frizzell were the starters of the race.

Editor Daily News:—

I note in your paper of the 12th, that Wireless sets are not giving good service. If it is of any service to the amateurs who are not getting satisfaction out of their sets, it might encourage them to know that broadcasting can be received in this part of B. C. My set is partly of my own get up and I use standard book sets. Monday night I heard Sacramento, Cal. broadcasting music and speech very clear, call letters (KFCJ). Tuesday night I heard KYG, Portland, Oregon very clear and loud so clear that I gave part of the concert to one of our neighbors over the town telephone. Last night I got KYG Portland, KFC, Seattle, KPR, Seattle and KBZZ, Everett, all very clear.

My antenna is 60 ft. high and 90 ft. flat top. I use Honeycomb coils for tuning, and 3 stages of audio frequency amplifiers. I might state also that I get the music very well on a detector and one stage amplifier.

WANT MORE WOMEN BRITISH PARLIAMENT

LONDON, Sept. 18.—The women of England are preparing an intensive campaign with a view to securing more women members of Parliament. They are quite satisfied with Lady Astor and Mrs. Wintlingham, but they want more women in the House of Commons to keep these two from feeling lonesome. They have now formed a committee to

embrace all parties—except the communist. They call it the Women's Election Committee. They are raising a central fund, too, to help women candidates. Any one who sends along more than a pound can have it earmarked for the support of a candidate for any particular party.

The Duchess of Atholl has her eye on a seat and although her aristocratic friends are trying to dissuade her from engaging in an electoral contest, it is understood she is preparing to stand for the parliamentary vacancy that will occur if the expected promotion of the Lord Advocate to the Scottish Bench takes place.

SONS OF CANADA WIN STORK CUP

Saturday's Lacrosse Game Re-
sulted: S. O. C., 5; Elks, 2.

The Sons of Canada won the
Stork Cup, significant of the
city lacrosse championship, on
Saturday afternoon when they
defeated the Elks for the fifth
time this season, the score be-
ing 5 to 2. This tally was not
altogether a fair indication of
the play for the Elks had their
share of the game all the way
through. Their defeat came
through the closer defence work
of the Sons and also their own
inferior goal shooting. In spite
of the fact that the lodge men
kept the sphere in front of
brown a great deal they were
closely checked by the Sons dis-
tance all the time with the re-
sult that there was many a hot
scrimmage in front of their ob-
jective. The Sons, making oc-
casional getaways up the field,
and better openings with loos-
ing checking and consequently it
was easier for them to score.
George D. Tyle was referee,
Charles Balgoin and Jack Rey-
nolds were goal judges and P.
Laporte, time-keeper. The teams
and the field as follows:
Elks—C. Sunberg, H. Lipsett,

periods), M. M. MacLachlan,

SONS OF CANADA ARE CHAMPIONS

Won Nickerson Shield and Spald-
ing Cup by Defeating K. Cs.
Yesterday.

The Sons of Canada won the
city baseball championship and
the Nickerson Shield and Spald-
ing Cup when they defeated the
Knights of Columbus in the
final Senior League game at the
Acropolis Hill grounds yesterday
afternoon by a score of 10 to 7.
In spite of a few errors the
game was a well contested one
and proved quite interesting to
the 200 or so fans who were on
hand to witness it.

The Sons pitched Eady for an
inning and a half but he ex-
changed positions voluntarily
with Vic Menzie from first base
and the latter carried on till the
end. Harry Astoria pitched a
very good game for the Knights
and made 11 strikeouts but he
did not receive as good support
as the Sons gave Menzie and
this was about the keynote for
the explanation of the outcome.
However, there were not very
many glaring errors and lack of
practice probably would give the
explanation for what there were.
Anderson, at short, starred for
the Sons and was playing safe
all the time, his single catch of
a hot fly from Greenwell in the
sixth frame being one of the
prettiest features of the game. The
left and centre fielders for both
sides showed style. Hill played
second well for the Knights and
hit splendidly.

Opening Score.

The Sons opened the score in
the first inning through Far-
quhar who, after hitting out a
safe single to centre, was
brought in by Anderson whose
grounder to short was lost. Cur-
tis fled out to third, Menzie
was put out at first from short
and Robertson struckout. In the
Knights' half, Hill made a safe
two bagger and stole third but
Hamilton, Neilson and Douglas
each fled out to centre field,
second base and left field re-
spectively.

H. Menzie, Scott and Eady
each struckout for the Sons in
the second. The Knights got
two runs here through Jones and
Greenwell who were scored by
Gilmour's sacrifice and Astoria's
one bagger respectively. Moore
and Hill struckout, Gilmour was
out at first from second and
Astoria died on bases.

Third and Fourth.

Sloan struckout in the third
and Curtis and Menzie each
were put out at first from pitch-
er and second base respectively.
Hill having made a nice stop of
Menzie's fast one. Farquhar
who singled, made second on
error and reached third through
Curtis' sacrifice, died on bases.
Neilson scored one for the
Knights in the third from a two
sacker by Douglas, Hamilton and
Moore struck out and Jones fled
out to right field.

Anderson was put out at first
in the fourth, Robertson singled
to left field, H. Menzie
grounded to pitcher who con-
verted too slow to first and
Scott walked filling the bases.
Eady struck out and Sloan sin-
gled to centre scoring Robertson.
H. Menzie tried to make it two
but was caught at the home plate
and the side went down. Green-
well and Gilmour were both put
out at first from pitcher's as-
sists. Astoria got to first when
Anderson flied out but converted
to first a little slow. Hill knock-
ed out what should have been a
single to centre but Scott drop-
ped it and the batter got around
to third and Astoria scored.
Hill scored on a wild pitch and
Hamilton struckout.

Four Runs for Sons.

Farquhar struck out in the
fifth, Curtis singled to right
field, Menzie walked and An-
derson came up and knocked a
sizzler down the first base line
which brought in Curtis and also
Menzie when Hamilton dropped
it at the plate, Robertson struck
out, Menzie singled short of
second base and scored. Ander-
son coming in himself after
Scott had singled and stole sec-
ond. Eady was out on a fly to
left field. For the Knights,
Neilson made first safely but
was put out stealing second.
Douglas fled out to centre and
Jones fanned.

Sloan and Farquhar struck
out in the sixth, Curtis and V.
Menzie poled out grounders to
the outfield safely but Anderson
was put out at first when As-
toria stopped his grounder. For
the Knights, Moore was out at

first, Greenwell, fled out to
short stop, Anderson picking up
easily with one hand, and Gil-
mour again fanned.

Robertson singled in the sev-
enth, stole second and took third
on Menzie's sacrifice. Scott
walked and Eady made a two
bagger in the same direction.
Anderson hit safely to right
field and got second on error.
Curtis and Menzie scoring. Rob-
ertson was put out at first and
Menzie and Anderson both fled
to a double play from Astoria to
Jones to Hill. Douglas singled
to left field, Jones fled out to
Robertson, Moore made first
when Anderson chose to put
Douglas out at second on field-
er's choice. Greenwell struck
out.

Scott made first on short-
stop's error in the ninth and
Eady and Sloan both fled out to
the outfield. Farquhar made a
two bagger scoring Scott and
Curtis fled out to third. The
Knights picked up a couple more
runs before finishing when As-
toria, on a walk, Hill on a single
and Hamilton, being hit by the
pitcher, filled the bases after
Gilmour struck out. Neilson
scored Astoria and Douglas, who
twisted his ankle and could not
run, brought home Hill, Gilmour,
taking the run, being put out at
first. Jones finished things off
by being put out at first from
second.

The following reports by the
Canadian Press on prospects for
the season and various changes
among Old Country football
teams will prove of interest to
many local people who are close-
ly following the activities of the
teams now that the season is
opened for the winter:

Tottenham Hotspur—Every
promise of another prosperous
and successful season. Among
new players signed on, the most
prominent is Brooks, the dimin-
utive outside left from Wolver-
hampton, Hunter, Archibald,
French and Finlay have severed
their connection with the club.

Chelsea—No financial worries.
All domestic differences defini-
tely settled. Vivian J. Woodward
elected to directorate. Team
should be great improvement on
that of last season. Molyneux
Bettridge and Ward gone. Four
new players engaged.

Arsenal—Several newcomers
among whom is Roe, a forward
from Midland league side who
scored 48 goals last season. Irish
International Toner and Joe
Shaw will be conscious ab-
sen-tees but Dr. Patterson quite re-
covered, and hopes to play in
early matches.

Notts Forest—Relying on most
of last season's men but giving
every opportunity to local junior
talent. Much is expected from
forward line, which is consid-
ered a great scoring combina-
tion.

Middlesboro—Signed on all
last season's players except Carr.
Manchester United—Thirty-
one players on list including all
the best of last seasons. Sev-
eral new comers of good rep-
utation, including Lyner, an Irish
International forward from Glen-
toran.

Cardiff—Heavy financial li-
ability but most old players have
re-signed and the outlook is
considered hopeful.

Aston Villa—All players re-
ported for training. Ground im-
provements going ahead. Now
have accommodation for 80,000,
one third being covered in.
When the alterations are com-
pleted the ground will hold 120,-
000.

Bolton, Burnley, Blackburn
and Manchester City all set
against extravagant transfer
fees, and are doing their utmost
to encourage local talent.

Derby County—Steve Bloomer
back again and putting all play-
ers through strenuous training.
Bloomer says his impression is
that Canadian football has made
great strides but has some way
to go yet before it reaches Eng-
lish standard.

Queen's Park Rangers—Signed
on more new players than ever
before, including Leach, half-
back from Aston Villa.
Swansea—Prospects good. Se-
cured Ward, a halfback from
Chelsea, among others.

Watford—Move to new ground
is hoped to bring increasing
success.

Northampton — Thirty-nine
players signed. Newton of
Bradford City and Brown last
year's Swansea captain are in-
cluded in newcomers.

Fulham—No radical changes.
Players have all reported.
Millwall—Twenty-six profes-
sionals engaged, including eleven
new men. Heavy program to
get through—League and 3 Cups.

Clapton Orient—Mainly rely-
ing on last year's players. De-
fence very strong, but forward
line weak. The engagement of
a "class" centre-forward would
bind team together. Much criti-
cism at letting halfback Pearson
go.

Newport County—Making a
bold bid for championship. Much
enterprise is shown in the en-
gagement of new players.
Barnford—Twelve new men
entered on list. Hopeful of im-
proving on last season's posi-
tion.

Westham—Ten new players
engaged. Forward line recon-
structed. New men include
Welsh International, Richards,
from Wolverhampton and Cross-
ley and Moore from Sunderland.

HUSBAND IS A DEAR BUT NOT TO LIVE WITH SAYS WRITER

Jane Burr Has Adopted Masculine Attire and Goes Off on Her Own.

LONDON, Sept. 18.—If people tire of marriage and it makes them miserable, why should they not amicably agree to give it up?

This is the text of Miss Jane Burr, the American poetess and novelist, who, with breeches and a jumper, as the sign of her independence, has arrived in London during a five years' world-cruise to convert everyone to her views.

Twice wedded, she has left her second husband, but does not seek a divorce. In fact, she has willed him half of her money, royalties and farm to share with another mate if he wants one.

When she inherits "a few million dollars" Miss Burr intends to adopt ten children.

Twice Married. Twice married, Miss Burr has just started on a five years' tour of the world to study marriage and marriage conditions, the future of marriage, the conditions of women and that of children.

As a demonstration to women of foreign lands of the independence attained by American women, she has adopted knickerbockers, and was so garbed when she reached London.

Jane Burr is her nom-de-plume, as she was born Eugenieheim, and her parents named her Rosalind.

In ordinary life she would be Mrs. Horatio Winslow, but that does not matter, as she does not live with her husband, who it not "out of love" with her.

According to her own declaration, she has simply gone out of the marriage business.

Just a Few Million Dollars. She was a conspicuous figure on the deck of the President Polk during the passage from America.

Clad in a vivid green jumper with riding breeches, grey stockings and dainty shoes, she looked the picture of health and happiness.

It was difficult to imagine she is nearly forty. She confessed to 39, and is determined to devote her life to converting the world to her views.

Engaged at sixteen, she was married at eighteen because she could not put up with the limitations and conventions of a luxurious home.

She belonged, she remarked, "to the poorer branch of the great smelting millionaires. We have only a few million dollars."

"When I say 'we' I mean my parents, but it is to come to me later. Then I shall have plenty of money for my schemes. Then I am going to adopt ten children. At present I can only afford one, and that is an orphan."

Talking about her matrimonial adventures, Miss Burr said it was quite untrue that she divorced her first husband because he snored.

"He adored me," she said, "and gave me everything I wanted, but I became miserable. Only Common Sense. Marriage is the only state you have to remain in if you don't like it," she added. "If your house does not suit you, your clear out and go to another."

"If you don't like your business or profession you quit it. If you do not like your friends you go away and make new ones. It is common sense, and I think the future of marriage depends on such an arrangement."

Miss Burr, although she does not live with her husband now, does not seek a divorce. "I am quite satisfied as I am," she said. "He is a dear old thing, and I am quite fond of him. I don't mind mothering him, but I am out of the marriage business."

"I dedicated my last book to him. I have willed half my money and half my royalty and half my farm to him. This he can share with his chosen mate if he takes one."
