RAPID ACTION OF BRITISH GOVERNMENT SEEMS TO BE PROVING EFFECTIVE

EDITORIAL

GOVERNMENT FUNCTIONS.

There are two shades of opinion as to how Government should be carried on. Parliament is supreme in Canada but when an executive is satisfied that it has Parliament and the people behind it, then it is justified in going ahead without sanction and asking for sanction afterwards. This power is given them under the elastic British constitution in order to meet national crises when prompt action is necessary. In the crisis which arose in Turkey, prompt action was necessary. If it had been necessary to call the British Parliament before going to the defense of Constantinople and sending an ultimatum to Mustapha Kemal Pasha, then the Dardanelles probably would have been lost, the power of the enemy of civilization would have been immeasurably increased and a general Mohammedan uprising might have followed. This leads naturally to the discussion of the powers of the Canadian Government. The Mackenzie King Government seems to take the stand Parliament should always be consulted. In that they are right except in a national crisis. When Britain appealed to Canada, a prompt reply meant a great deal. It would have shown the enemy that the Empire was a unit. New Zealand replied within a few hours. Australia followed very soon, but Canada was slower.

If the Government is in doubt as to the backing it would get from the country, it is its duty to go slow, but if it feels that the nation is with it, then there should be no holding back. The answer should be prompt. We would like to have seen a prompt answer, but even in Prince Rupert there has been no action taken to indicate to the Government how the people here feel in the matter. There has been no spontaneous outburst of popular opinion in favor of sending a contingent of our boys to police the Dardanelles and help hold back the Turks. There are a lot of people here who think we should at once jump into the breach, but they have taken no action whatever to give public expression to that opinion, or to crystallize it, therefore they cannot feel very strongly in regard to the matter. There is also a very strong local opinion that it is none of our business. In view of this lethargy the Canadian Government cannot be blamed if it decides to investigate and also possibly to call Parliament before taking action. The Government is representative of the people and it should move, as far as possible in response to the will of the people.

In Britain Lloyd George knows he has a majority of the people strongly in favor of prompt action and he acts accordingly. His prompt action has probably saved the situation.

SWIMMER DIED

Expired From Heart Disease Swimming in English Bay

VANGOUVER, Sept. 19.—F. H. Peyton, who came here recently from Port Arthur, Ontario, died of heart disease while swimming yesterday afternoon, a few seconds after he had pulled himself out upon the raft at English Bay.

Britain Will Act Alone If It Is Found Necessary In Defence Of Dardanelles: France Is Aloof

LONDON, Sept. 19.—The British Government takes the attitude it will take military action alone if necessary independent of France and Italy to protect the freedom of the Dardanelles, it is authoritatively stated this afternoon, following a cabinet meeting.

An official communique issued from Downing Street declares in substance that the Government stands by its pronouncement of policy issued to the press on Saturday, notwithstanding newspaper reports to the contrary.

LORD CURZON VISITS PARIS

Gone There to Convince France of Necessity of Action.

PARIS, Sept. 19.—The centre of allied deliberation on the near eastern problem shifted to this capital today with the journey of Lord Curzon, British Foreign Secretary, and the Jugo-Slav Premier, M. Nincich. Lord Curzon's task is, it is believed, to convince Premier Poincare that the British do not intend to make another Gibraltar, out of the Dardanelles Straits, that bigger issues than Turkey are at stake and that the whole future of the Balkans and the relations of the Soviet Russia with the near east depend upon the safeguarding of Constantinople from Turkish occupation.

NO NEED FOR CANADIANS TO TAKE ACTION

Reassuring Messages Received From Europe in Regard to Situation.

PEACE LEAGUE ACTIVE.

OTTAWA, Sept. 19.—Premier Mackenzie King says such despatches as have been received from London and from members of the Canadian cabinet at Geneva are reassuring regarding the near east situation.

It is understood that Premier King has notified the British Government that any action Canada might take in sending troops must be decided by Parliament. Meantime offers of individual and regimental assistance have come in from every part of Canada indicating that many veterans will take part if Canada decides to participate. On the other hand some organizations are inclined to the stand that this is not Canada's scrap.

The Alberta peace league, of which H. W. Wood, agrarian leader is president, wires the Government that Parliament must be consulted before any action is taken.

BYNG GOT GOOD BAG DUCKS AT BATTLEFORD

NORTH BATTLEFORD, Sept. 19.—Following the civic reception here Baron Byng went duck shooting and picked up 53 mallards.

CONSTANTINOPLE, Sept. 19.—

The British military experts here believe that whatever opportunity Mustapha Kemal Pasha had for the coup against Constantinople has been lost in view of the quick strengthening of the allies defensive forces in the neutral zone. Assurances that the British Dominions are ready to despatch troops to the Dardanelles if necessary has helped to allay anxiety in regard to the situation and Constantinople is breathing easier.

France Withdraws Troops

PARIS, Sept. 19.—The French cabinet today unanimously approved what is characterized as the "pacifist" policy of Premier Poincare in the Near East and the withdrawal of all French troops from Asia Minor to the French side of the Dardanelles straits. The cabinet went on record as opposed to any form of military action as a means of settlement in the Turko-Greek situation.

ROME, Sept. 19.—Foreign Minister Schanzer's attitude regarding the Near East problems have been approved by the cabinet. Italy is, it is stated, in agreement with the allies in insisting upon the freedom of the straits of the Dardanelles and hopes that questions outside the Greco-Turkish conflict and having a larger scope will be solved at a conference.

LONDON, Sept. 19.—The widely heralded "new era in the near east" which Lloyd George's political enemies charge him with deliberately invoking has not begun, so far as is apparent to the public and is no nearer than it was yesterday. There is, however, no diminution of the excitement which the Government's declaration of the policy of force awakened on Saturday and the matter continues to be the subject for hot discussion.

The Union Steamship Co.'s freighter Chilliwack, Capt. C. B. Smith, was in port early this morning discharging general cargo from the south. The vessel left later for Surf Inlet.

Imprisoned Miners Were All Dead in Argonaut Mine when Found by Rescuers Last Night

JACKSON, Cal., Sept. 19.—When the rescuers penetrated the wall between the Kennedy mine and the Argonaut mine they found all the 47 miners dead. Apparently they had lived only five hours, judging from notes which form a crude diary of their existence 4,300 feet under ground after an explosion on August 27 entombing the 47 men and a fire which followed and cut off all approaches and flooded the lower workings with carbon dioxide gas. The prisoners had thrown up two crude bulkheads of earth and stones, stuffed leakages with their clothing but gas had seeped through and choked them. The entrance to the mine last night was made in face of great risk to the rescuers, the air being devoid of oxygen.

GOVERNMENT CONFERRING

In Communication with London and Geneva Over European Situation Says Premier.

OTTAWA, Sept. 19.—Following an all day conference, the cabinet council adjourned yesterday without deciding whether Canadian troops shall be sent to the near east or not. Premier King said that the British Government's official notification was marked confidential and could not be published without the permission of Great Britain. He could not even tell the newspapermen if their interpretation was correct or not. However, the Canadian Government was in touch with W. S. Fielding and Ernest Lapointe, now in Geneva and also with London to discover if the crisis was sufficiently grave to warrant their calling a special session of Parliament to decide on Canada's participation.

OPIMUM WAS FOUND IN AUTO AND OCCUPANTS UP IN POLICE COURT

The finding of opium in an automobile driven by Oscar Young and occupied by a woman named Clara Clarke and a Chinaman named Lem Chue led to a case in the police court this morning in which all three were charged with infractions of the Opium and Narcotic Drug Act. The Chinaman faces a charge of distributing opium and the woman and chauffeur with having opium in their possession. Evidence for the prosecution was taken this morning and adjournment made until tomorrow. The witnesses were Sergeant McGlinchey, Constable Alex. Macdonald, who searched the automobile and found the drug, Chief Vickers, who testified as to the record of Lem Chue, Corp. Brice and Sergeant S. L. Warrior, R.C.M.P. Milton Gonzales, of Williams & Gonzales, is defending, and City Solicitor T. B. Hooper prosecuting. Hearing of the case took all morning.

MENNONITES LEAVE MANITOBA OCTOBER

WINNIPEG, Sept. 19.—More than 150 families of Sommerfelder Mennonites of Manitoba and Saskatchewan will start on their trek to Mexico in October. Three trains will pass through this city transporting the migrants and their farm machinery and livestock, the first leaving Winnipeg over the Soo line for St. Paul, Minn., Oct. 3. The departing Mennonites total 500, stated John McDougall, the representative of David S. Russek, from whom the sect has purchased a large tract of land on the Santa Clara ranch in Chihuahua, about 40 miles west of Laguna, on the National railway. The exodus will be from Gréna, Altona, Niverville, in Manitoba, and Herbert and Roslith, in Saskatchewan. A considerable portion of the land in western Canada, which they are vacating for their new home, is understood to have been disposed of in small parcels to Canadian farmers.

FISH ARRIVALS STILL GET GOOD PRICES AT EXCHANGE

The price for halibut was still firm this morning at the Fish Exchange, 15.2c being again the high mark. Five boats arriving sold 114,000 pounds as follows: Bartolome, 8000 pounds and Viola, 1,000 pounds, both at 15.2c and 7 1/2c to the Royal Fish Co. Sumner, 47,000 pounds, at 14.7c and 7.5c and Allantic, 36,000 pounds, at 15c and 7 1/2c, to the Canadian Fish and Gold Storage Co. Anna J., 22,000 pounds at 15c and 7.5c to the Allin Fisheries.

TEN DEGREES OF FROST REPORTED AT BRANDON

WINNIPEG, Sept. 19.—Brandon has the record this season as the coldest part of Manitoba, for ten degrees of frost was reported. Qu'Appelle and Indian Head registered four degrees, 17 points in all, in western Canada having registered freezing points. Subscribe for the Daily News.

Britain Simply Acting to Keep Dardanelles Free from Control Peace Movement Great Britain

LONDON, Sept. 19.—Cabinet meetings indicate that the consultation between France and Britain over the Near East will result in assurances being given France that Britain does not intend to establish a military protectorate at Constantinople but is there merely to preserve the freedom of the Dardanelles and that no further action will be taken.

Britain has sent a note to the Turkish Government pointing out the necessity for preserving the freedom of the straits as neutral territory and expressing the conviction that the Turks will respect this.

A certain amount of public opinion in Britain is strongly opposed to participation in the Balkan war. J. Ramsay MacDonald and Philip Snowden will address mass meetings in Hyde Park in a "stop the war" movement.

NEWFOUNDLAND WILL FIGHT IF NECESSARY

ST. JOHNS, Nfld., Sept. 19.—The Government has replied to the British request for help in policing the Dardanelles should necessity arise by stating that Newfoundland does not wish to see Great Britain involved in any scrap but if there is one Newfoundland wants to be in it.

LONDON, Sept. 19.—Lloyd George received a message from the acting premier of Newfoundland saying that the Government appreciates the position taken by His Majesty's Government and in the past Newfoundland has been ready to render all the assistance available.

ITALIAN NEWSPAPER OBJECTS TO DOMINIONS SIDING WITH BRITAIN

ROME, Sept. 19.—The British Government's decision to appeal to the Dominions for help in Turkey displeases the newspaper, Corriere D'Italia, which declares they have no title to sit as judges in the European concern.

WET WEATHER DELAYS SHIPMENTS OF GRAIN

WINNIPEG, Sept. 19.—Wet weather in Manitoba has seriously interfered with threshing, and consequently shipments of grain have not been as numerous as in the first days of the 1922-23 crop season. However, with some 500 cars pouring in daily from Saskatchewan points the average of 925 cars daily has been maintained by the Canadian National railway. A. E. Rosevear, general freight agent, announced, but added that with the return of fine weather and resumption of threshing in Manitoba the mark of 1,000 cars a day would soon be passed.

TURKISH ATROCITIES GREATLY EXAGGERATED

Number of Dead in Smyrna Not as Many as at First Reported. LONDON, Sept. 19.—Despatches from Athens indicate that the estimates of the number of dead in Smyrna have been above the actual and that the stories of the Turkish atrocities were greatly exaggerated.

INSTRUCTORS POLYTECHNIC

List of Local Teachers is Announced for Classes Which Start October 2.

The following instructors have been appointed for the Prince Rupert branch of the Northern B. C. Polytechnic Institute: Shorthand and Typewriting—Miss Essie M. Earle. Printing—Frank Dibb. Woodwork—R. H. Shockley. Millinery—Miss F. E. E. Smith. Public Speaking and Eloquence—Rev. Dr. H. R. Grant. Practical Gas Engineering—and Machine Shop Practice—Anton Akerberg. Internal Combustion Theory—Herbert D. Robinson, A.I.M.M. Dressmaking—Mrs. Eda Hudson. Electricity—John J. Little, A.M.A., I.E.E., city wiring inspector. First Aid—Capt. Philip B. Ashbridge, C.A.M.C. Art—Mrs. Edith Goodrick, Exhibitor in the Royal Academy and five other academies. Business English, Mathematics and Bookkeeping—Howard White chief accountant Canadian National dry dock. Chemistry—Edward A. Mann, O.C.P., B.C.P.A., branch manager of Orme's Limited. Steam Engineering and Applied Mechanics—E. N. Valentine. Boat Designing, Mechanical Drawing and Geometry—G. A. McMillan, marine draftsman. The classes will open on October 2. Syllabuses will be announced later.

DAILY EDITION Tuesday, Sept. 19, 1923.

Smyrna Is Ancient City.
 The massacres in Smyrna by the Turks have aroused interest in the ancient city which has been up to the present the commercial centre of Asia Minor. Its history dates back so far that no one seems to be able to trace its beginning, but it has had a checkered record since about the sixth or seventh centuries. It was early a centre for Christianity and in the second century Bishop Polycarp was martyred there. Several times the city has been ravaged by the Turks and once by the Mongols under Timur, when most of the people were massacred.
 Smyrna prior to last week had a population of about a quarter of a million, of whom about half were Greeks. It is visited by thousands of steamships annually and has an extensive trade in eastern manufactured goods and natural products. In all but government, it has been looked on as a Christian town and had all the characteristics of such. In the European section there are less than a thousand British subjects. Because of its Christian tendencies, the city seems to have been looked on with suspicion by the Turks who took great delight in the opportunity to sack it.

Turkish Situation Difficult To Analyze.
 Turkey is a Mohammedan country and the Mohammedan religion has been largely forced on the people by the sword. Today, however, there are in the world as many Mohammedans as Christians, probably more. There has always been a keen dislike of Christians on the part of Mohammedans. Just now there is a restless feeling throughout the Mohammedan world, and the Turkish National movement is only one phase of it. With so many conflicting movements in Europe and Asia today it is difficult to analyze the situation, especially with the scant information at hand.

Britain Seems To Be Playing Lone Hand.
 Britain seems to be again playing a lone hand. France and Italy are feeling irritated over recent German developments and are complaining that Britain is too hasty. On the other hand, the policy of groups of nations has always been slow and what was needed in Turkey was quick action to prevent the Nationalist movement going too far and precipitating war. To nip it in the bud seems to have been the British policy.

To what extent Britain is being backed up by the United States does not appear. Doubtless President Harding is kept well informed of every step taken and it is probable that there have been diplomatic consultations. This Anglo-Saxon combination is one of the things that irritates the European countries and makes them jealous.

Will There Be War? No One Knows.
 While there are strained relations today, there may be no declaration of war. The rapid work at Constantinople has tended to head it off. The probability is that the Kemalites will back down, now that there is a determined opposition. To what extent they have been encouraged by other European countries is difficult to say but it is broadly hinted at.

Conversion of Victory Bonds
 THE SERVICES of this Bank are offered free of charge to those who wish to arrange the conversion of Victory Bonds maturing on December 1, 1922, to the new five or ten year bonds. Application should be made as early as possible, but not later than September 30th.

 Madam M. J. GORSE.
 50c a box, 6 for \$2.50, trial size 25c. At dealers or sent postpaid by Fruit-a-tives Limited, Ottawa.

CROAKS
 By L. E. U.

Not long ago I was admiring The harbor view Of Prince Rupert From my window And I saw In the foreground An old Raven He looked old And anyway he Was old In wisdom, for After a final Swoop Into the muskeg He flew away With a breakfast egg In his beak And our room mate, Who is an uncouth Person said: Well I'll be darned, He got a nezz What do you know About that And the next day The same Raven Came again and The Rooster was There and showed Fight—once—and Then took refuge To the Hen Repulsed three assaults Viciously. Before the Raven Gained his objective Which was Another breakfast egg. And what the moral May be I don't know Unless it is That the Prince Rupert chickens Should lay closer To home. (With apologies to K.C.B.)

In the Letter Box
RED CROSS SOCIETY.

Editor Daily News:—
 The time has now arrived to call for renewals of the annual subscriptions and donations to this Society and it is but fair that the public should know how the funds have been expended.
 As promised, the money locally collected has been locally spent, many cases of genuine distress having been relieved among returned soldiers and their dependents. In addition to this, the needs of the local Hospital have not been overlooked and an entire new outfit of crockery and glass has been provided, the semi-private wards have been furnished with curtains so that each bed can be completely isolated and a new boiler for heating hot water has been purchased and installed.
 It is the intention of the Society to extend steam pipes from this boiler to the sterilizing plant in the operating room and to install warming ovens for the purpose of keeping the patients' food hot and saving labor to the nurses.
 It is to be hoped, therefore, that every citizen of our city will, in response to the post cards already sent out and to the plea which will be generally made, send a subscription or donation to the Secretary-Treasurer and thus help the Society to continue their good work. The membership fee of \$1.00 includes a subscription to the Canadian Red Cross magazine and will carry the holder to December 31st, 1923.
 Yours very faithfully,
 F. McB. YOUNG, President.
 WALTER GALE, Secretary-Treasurer.

SMITHERS FAIR OPEN THIS WEEK

Big Bulkley Valley Annual Event Will be Formally Opened on Thursday.
 The fourth annual Bulkley Valley Fall Fair at Smithers will be opened to the public on Thursday afternoon of this week at 1 o'clock by Dr. H. G. Wrinch, of Hazelton. There is every guarantee that crowds will flock to Smithers for the big annual event from all over the central interior country and exhibitors have been sending in their entries during the past few weeks with a rush. Besides the straight fair features there will be plenty of the most stirring forms of amusement to keep the crowds occupied on the grounds while two big dances are arranged for the evening's enjoyment.
 Tomorrow, Wednesday, will be preparation day for the Fair. Placing of exhibits will start first thing in the morning and all except stock are to be in place by 1 o'clock in the afternoon to allow for arranging by the committee.
 Thursday will be Visitors' Day. Judging of exhibits will commence at 10 o'clock and the public will be admitted to the livestock judging but excluded from all other departments. The formal opening will take place at 1 o'clock and will be followed by a baseball game and horse races with a dance in the town hall in the evening.
 On Friday, (Children's Day), the exhibition will again be open to the public and explanation of awards by the judges will be made where requested. Children's sports, field events, a football game between Telkwa and Smithers, horse races and a dance in the town hall will feature the day's program.

BANK MANAGER GETS FINE TOTEM MADE BY OLD MASSETT NATIVE

Splendid Example of Native Handiwork Arrives for H. St. G. Lee, Manager of Bank of Montreal.
 A handsome example of native handiwork in the form of an Indian totem pole has been received from Massett by H. St. G. Lee, the local manager of the Bank of Montreal, and has been placed in the main lobby of the office. This totem, one of a variety which is ever becoming more difficult to secure, stands some 6 feet high and has been carved out of cedar, the work of Robert Ridley, an aged native of Massett. It was secured by Mr. Lee through Alfred Adams who has contracted with Ridley to make a few similar specimens which are much in demand. The totem centres around the raven, which is the principal symbol of the old Haida tribe, and an ancient native romance is interpreted in it. Several local experts who have inspected it declare it a splendid specimen of the native art.

Ten Years Ago in Prince Rupert

J. D. McDonald, district passenger agent for the Grand Trunk Railway at Chicago, is a visitor to the city. He arrived on the Prince George yesterday and made a trip to the end of steel with A. E. McMaster, the local agent.
 Great preparations are being made for the reception of the Duke of Connaught, Governor General, when he visits the city next week. The program will include the presentation by Mayor or Newton of an illuminated address on moose skin, procession through the city, luncheon at the G. T. P. Inn by the Canadian Club, automobile tour of the city, Indian band contest, hospital concert in Westholme Theatre, sightseeing tour over G. T. P. Railway, laying of final stone at Aeropolis Hill reservoir, planting of the first tree in Aeropolis Park by Princess

SUPERINTENDENT IN FAVOR OF CROSSING
Informs Mayor That He Would Recommend Allowing Opening at Hays Cove

In answer to a question by Ald. McLeod last night, Mayor Rochester reported that, in connection with the proposed level crossing of the railway tracks at Hays Creek to provide an opening to the waterfront for Section 7 and 8, he had taken the matter up with N. B. Walton, local superintendent, and had been informed by him that he was prepared to and would recommend Winnipeg that the crossing and road proposed be allowed. The railway commission had not been approached by the city on the question, the recent visit of the commission here being an unofficial one.

The Man in the Moon SAYS:

He told the maiden of his love The color left her cheeks But on the shoulder of his coat It showed for several weeks.
 KEMAL seems to have got a surprise when he found Great Britain on the job at the Dardanelles.
 THE world is more interested in what you do than in what you say. Forget talking and do something.
 THE country is going to the dogs and I am getting a small share of it.
 WHAT about those deer everybody was going to get as soon as the season opened?
 Just pack a snack In your old knapsack Then climb the hills all day. Thus may you eat Some good deer meat Without a cent to pay.
 WINTER will be here soon and with it the coal bills and snuffles, and damp feet and rubbers to buy and short days and long nights and maybe the sherr.

iff "I get you if you don't watch out.

WINTER will be here with its long pleasant evenings around the open fire, its concerts and dances, its bridge parties and other social activities, its skating and basketball, its gym training and reading, and then there's Christmas! Hurräh!

PROGRESS OF SMITH ISLAND ROCK WORK

Contract by Capt. Babington Now Three Quarters Finished — Time For Use of Compressor Extended
 An application from Capt. H. B. Babington, the city's contractor for the delivery of Smith Island rock for street surfacing, asking that the sum of \$5,000 being retained by the city be now paid over was received last night by the council and it was decided to pay \$4,000, this sum to be used in the payment of Capt. Babington's creditors on the work. Babington reported that of the 12,260 cubic yards required in the contract, 9,637 yards were already delivered. A further application from Capt. Babington asking that the time of his use of the city's compressor be extended 30 days more or less was also granted providing that the compressor is not needed on the Section 5 grading work in the meantime.

DIARRHOEA is Dangerous To Teething Babies DURING HOT WEATHER

Hot weather is a dangerous time for the babies when cutting their teeth, and all mothers should watch very closely for any sign of diarrhoea, dysentery, cholera infantum or any other bowel trouble.
 There is no remedy so safe and effective for diarrhoea as Dr. Fowler's Extract of Wild Strawberry, and all mothers who have used it speak of it with the greatest of confidence.
 Mrs. James E. Green, Vermilion, Alta., writes under date of Aug. 18th, 1921 as follows:—"A week ago my baby boy, just one year and four months old, started cutting two stomach teeth, and was so sick he couldn't eat or sleep, and had the diarrhoea most terribly bad; his rectum was raw and bleeding, but after giving him Dr. Fowler's Extract of Wild Strawberry regularly for three days he was as well as any boy could be. I wouldn't be without your grand remedy for untold gold."
 "Dr. Fowler's" is for sale at all dealers; price, 50c, a bottle; put up by The T. Milburn Co., Limited, Toronto, Ont.

 of the Prince Rupert General
 Hospital, has returned from a
 holiday trip to Vancouver and
 other points in the south. If

Proposed amendments to the
 city building by-law were laid
 over for a week by the city
 council last night, the details
 being not yet in shape for pre-
 sentation. If

NEW Taxi service, Phone 382,
 Stand Boston Grill, Third Ave-
 nue and Fifth Street. Day and
 Night service. San Haudenschild,
 formerly with Lynch Bros. &
 McMeekin, and Victor Maxwell. If

Mrs. H. O. Grewe will be at
 the St. Regis, upstairs, between
 4 and 5 p.m. Wednesday and
 Thursday of this week to inter-
 view parents regarding the com-
 ing children's dancing classes. 220

Word received here is that
 Hon. Dr. King has been unavoid-
 ably detained in the south and
 is not on the steamer which is
 due to arrive here tomorrow.
 His movements are rather uncer-
 tain, owing to the need of being
 in direct communication with
 the Government at Ottawa during
 the next few days. If

The civic building commission
 at its meeting last night decided
 to grant permits to S. E. Park-
 er for the putting in of a con-
 crete foundation for a building
 to be located on Lot 8, Block 49,
 Section 1, and to A. H. Mc-
 Pherson for a residence on Lot
 22, Block 23, Section 5, the cost
 of materials to be \$1200. If

The report from the Board
 of Works recommending that
 the plan of paving for the Section
 1 street surfacing work be
 changed from the sixty-five per
 cent general taxation plan to
 thirty-five per cent was ordered
 filed by the council last night.
 It was pointed out by Ald. Dyb-
 havn and generally agreed to by
 the council that the work was
 too far advanced to warrant such
 a change in the method of pay-
 ment at this time. If

Although She Married Rudolph
 She Is Not Yet His Wife.

NEW YORK, Sept. 19.—Wini-
 fred Hudnut, Valentino, artist
 and screen actress, sailed for
 Paris on the liner Olympic, to
 be separated from her husband
 Rudolph Valentino, idol of femi-
 nime film fans for six months.
 Early in next March, she an-
 nounced he will join her in Paris
 and they will be remarried. Val-
 entino was at the pier to bid his
 wife an affectionate farewell.

Mrs. Valentino, who was regis-
 tered on the ship's passenger
 list as Winifred O'Shaughnessy,
 her name before she was adopted
 is accompanied on her voyage
 parents, Richard Hudnut, the
 perfume king and Mrs. Hudnut.
 For the first time in the
 knowledge of newspaper photo-
 graphers, Mrs. Valentino posed
 for the camera men on ship-
 board. And the tall, lissome
 actress, whose nom de screen is
 Natcha Rambova, attired in a
 long black Poirer gown with full
 flowing sleeves, and her tawny-
 colored hair braided and coiled
 beneath a large black hat, dotted
 with yellow flowers, set another
 precedent, when she talked free-
 ly of her plans to ship news re-
 porters.

Study Architecture.

She said she could be of no
 assistance to her husband in his
 legal battle for freedom from
 the terms of his contract with
 the Famous Players-Lasky Cor-
 poration, which is to be started
 next week, and planned to alter-
 nate between the Hudnut estate
 on the Riviera and Paris, where
 she means to study architecture
 while awaiting the day of her
 rewedding.

On March 4, 1923, she said,
 Valentino's interlocutory decree
 of divorce from his first actress
 wife, Jean Acker, will become
 final, and soon thereafter Rud-
 olph will join her and the sec-
 ond ceremony will be performed
 in Paris. Their first marriage,
 after an elopement to Mexico, last
 spring, was pronounced illegal
 by the California courts and Val-
 entino was arrested on a bigamy
 charge, which later was dropped.

In his contract contest, Val-
 entino plans to demand a salary
 of \$7,000 a week, it was learned
 today. If

**SOCIAL WORKER IS
 CANDIDATE IN LABOR
 INTERESTS, ENGLAND**

 political party which above all
 parties stands for the hard-
 fought sons of toil should put
 forward as one of its parliamen-
 tary candidates a member of the
 social elite and a woman at that
 may be regarded as one of the
 significant signs of the times.
 It is not because of any dearth
 of good parliamentary material
 among its own ranks and file
 that the Labor party has adopted
 Miss Edith Picton-Turbervill as
 its candidate for North Islington
 at the next general election.

Miss Picton-Turbervill is the
 daughter of Colonel Picton-Tur-
 bervill of Ewenny Priory, Glos-
 tershire. Among the many
 claims of long descent, there are
 few among the British aristoc-
 racy who can trace their lineage
 so far back as can Miss Picton-
 Turbervill and find such a no-
 table beginning of it. One of
 her ancestors was Sir Richard
 Turbervill, one of the 12 knights
 of William the Conqueror who
 settled in Wales soon after the
 conquest. If

Lady is Author

Miss Picton-Turbervill is the
 author of "Christ and Interna-
 tional Life" to which Lord Rob-
 ert Cecil contributed a preface.
 Her social work abroad has given
 her an international reputation.
 She spent some years in India
 on behalf of the Young Women's
 Christian Association, and trav-
 elled for it in America and other
 countries.

In stating her reasons for
 allying herself with the Labor
 party, Miss Picton-Turbervill
 said:
 "The party has a definite,
 practical program. Its policy
 is founded on Christian prin-
 ciples. It has been the chief
 champion of woman's entry into
 politics."
 If Miss Picton-Turbervill gets
 into Parliament she will not be
 on the same side as Lady Astor
 or Mrs. Wintringham.
 "My politics are not the same
 as their's," she said, "but I am
 sure that on all things affecting
 the welfare of women and chil-
 dren we should find ourselves on
 common ground, although in
 many cases I would go further
 than they for the betterment of
 the working women. For ex-
 ample, I stand definitely for
 widow's pensions."

Constable Payne, of the Royal
 Canadian Mounted Police, left on
 last night's train for Prince
 George. If

Mr. and Mrs. Ben Self will
 leave this week for the south.
 Mr. Self will attend the Liberal
 convention at Nelson and to-
 gether with Mrs. Self will also
 visit Vancouver, Spokane, Seat-
 le and Bellingham. Ald. Theo.
 Collart, who sailed for the south
 Sunday night, will also attend
 the Liberal convention as a dele-
 gate for this city. If

GIFTS THAT LAST

**Montreal Board of Trade
 Perpetuates Maisonneuve**

There is striking monument in Montreal to Maisonneuve,
 founder of Canada's Metropolis. As in his life time, his
 thoughts were of the West, so does the memorial to him
 stand to-day. The sculptor has caught the spirit of the
 adventurous pioneer in the poise of the body and the head.
 Vision, courage, determination are plain to the observant
 eye and understanding mind.

Maisonneuve and the host of gallant men and noble
 women who laid the foundation of the Canada of to-day,
 long ago embarked upon the greatest and last quest. But
 their faith in the new land is as a living flame in the hearts
 of their successors. They seek their country favored by
 geography and nature, a link between East and West, and
 extending almost 4,000 miles from ocean to ocean. They
 know that it is endowed with a richness of natural resources
 beyond the power of man to calculate. Above all they
 rejoice in its attainment to a place and a voice in the councils
 of the nations.

Retrospect is often pleasant. The true Canadian has
 little time for that. His heart and mind are on the present
 and the future. He knows that if his country is to come to
 full fruition as a nation it must be by still worthier efforts
 on the part of its people individually and collectively. No
 single province within the Dominion's far-flung boundaries
 can afford to disregard another. Each must be in sympathy
 with all the rest. The East must share in the problems as
 well as in the joys and prosperity of the West. The West
 must have faith in the East. Bound by an inviolable but
 unbreakable chain of mutual affection and goodwill they can
 and will put and keep Canada in the very vanguard of the
 world's great nations.

The development of the national spirit has been fostered
 in many an hour of peril, difficulty, and struggle. It is
 beginning to bloom in beauty and strength. Its progress
 has been greatly advanced of late years by the action of
 important organizations in sending delegations to many
 sections of the country, so that their members may add to
 their first-hand knowledge of their home land. Such an
 organization is the Montreal Board of Trade which will
 celebrate the one hundredth anniversary of its founding by
 beginning on September 1, a thirty days' tour of the Dominion.
 The members will not only see the country in all the glory
 of its most beautiful scenic settings, but the journey will be so
 arranged as to give them a new perspective of its wealth of
 soil, forests, mines and waters, and impressions of its indus-
 trial and commercial growth that would be impossible of
 visualizing in any other way.

From Montreal the party will travel westward via
 Toronto and the Great Lakes, thence from Port Arthur to
 Winnipeg, the greatest primary grain centre on the con-
 tinent, across the vast prairie lands and through the Rockies
 to Vancouver and Victoria.

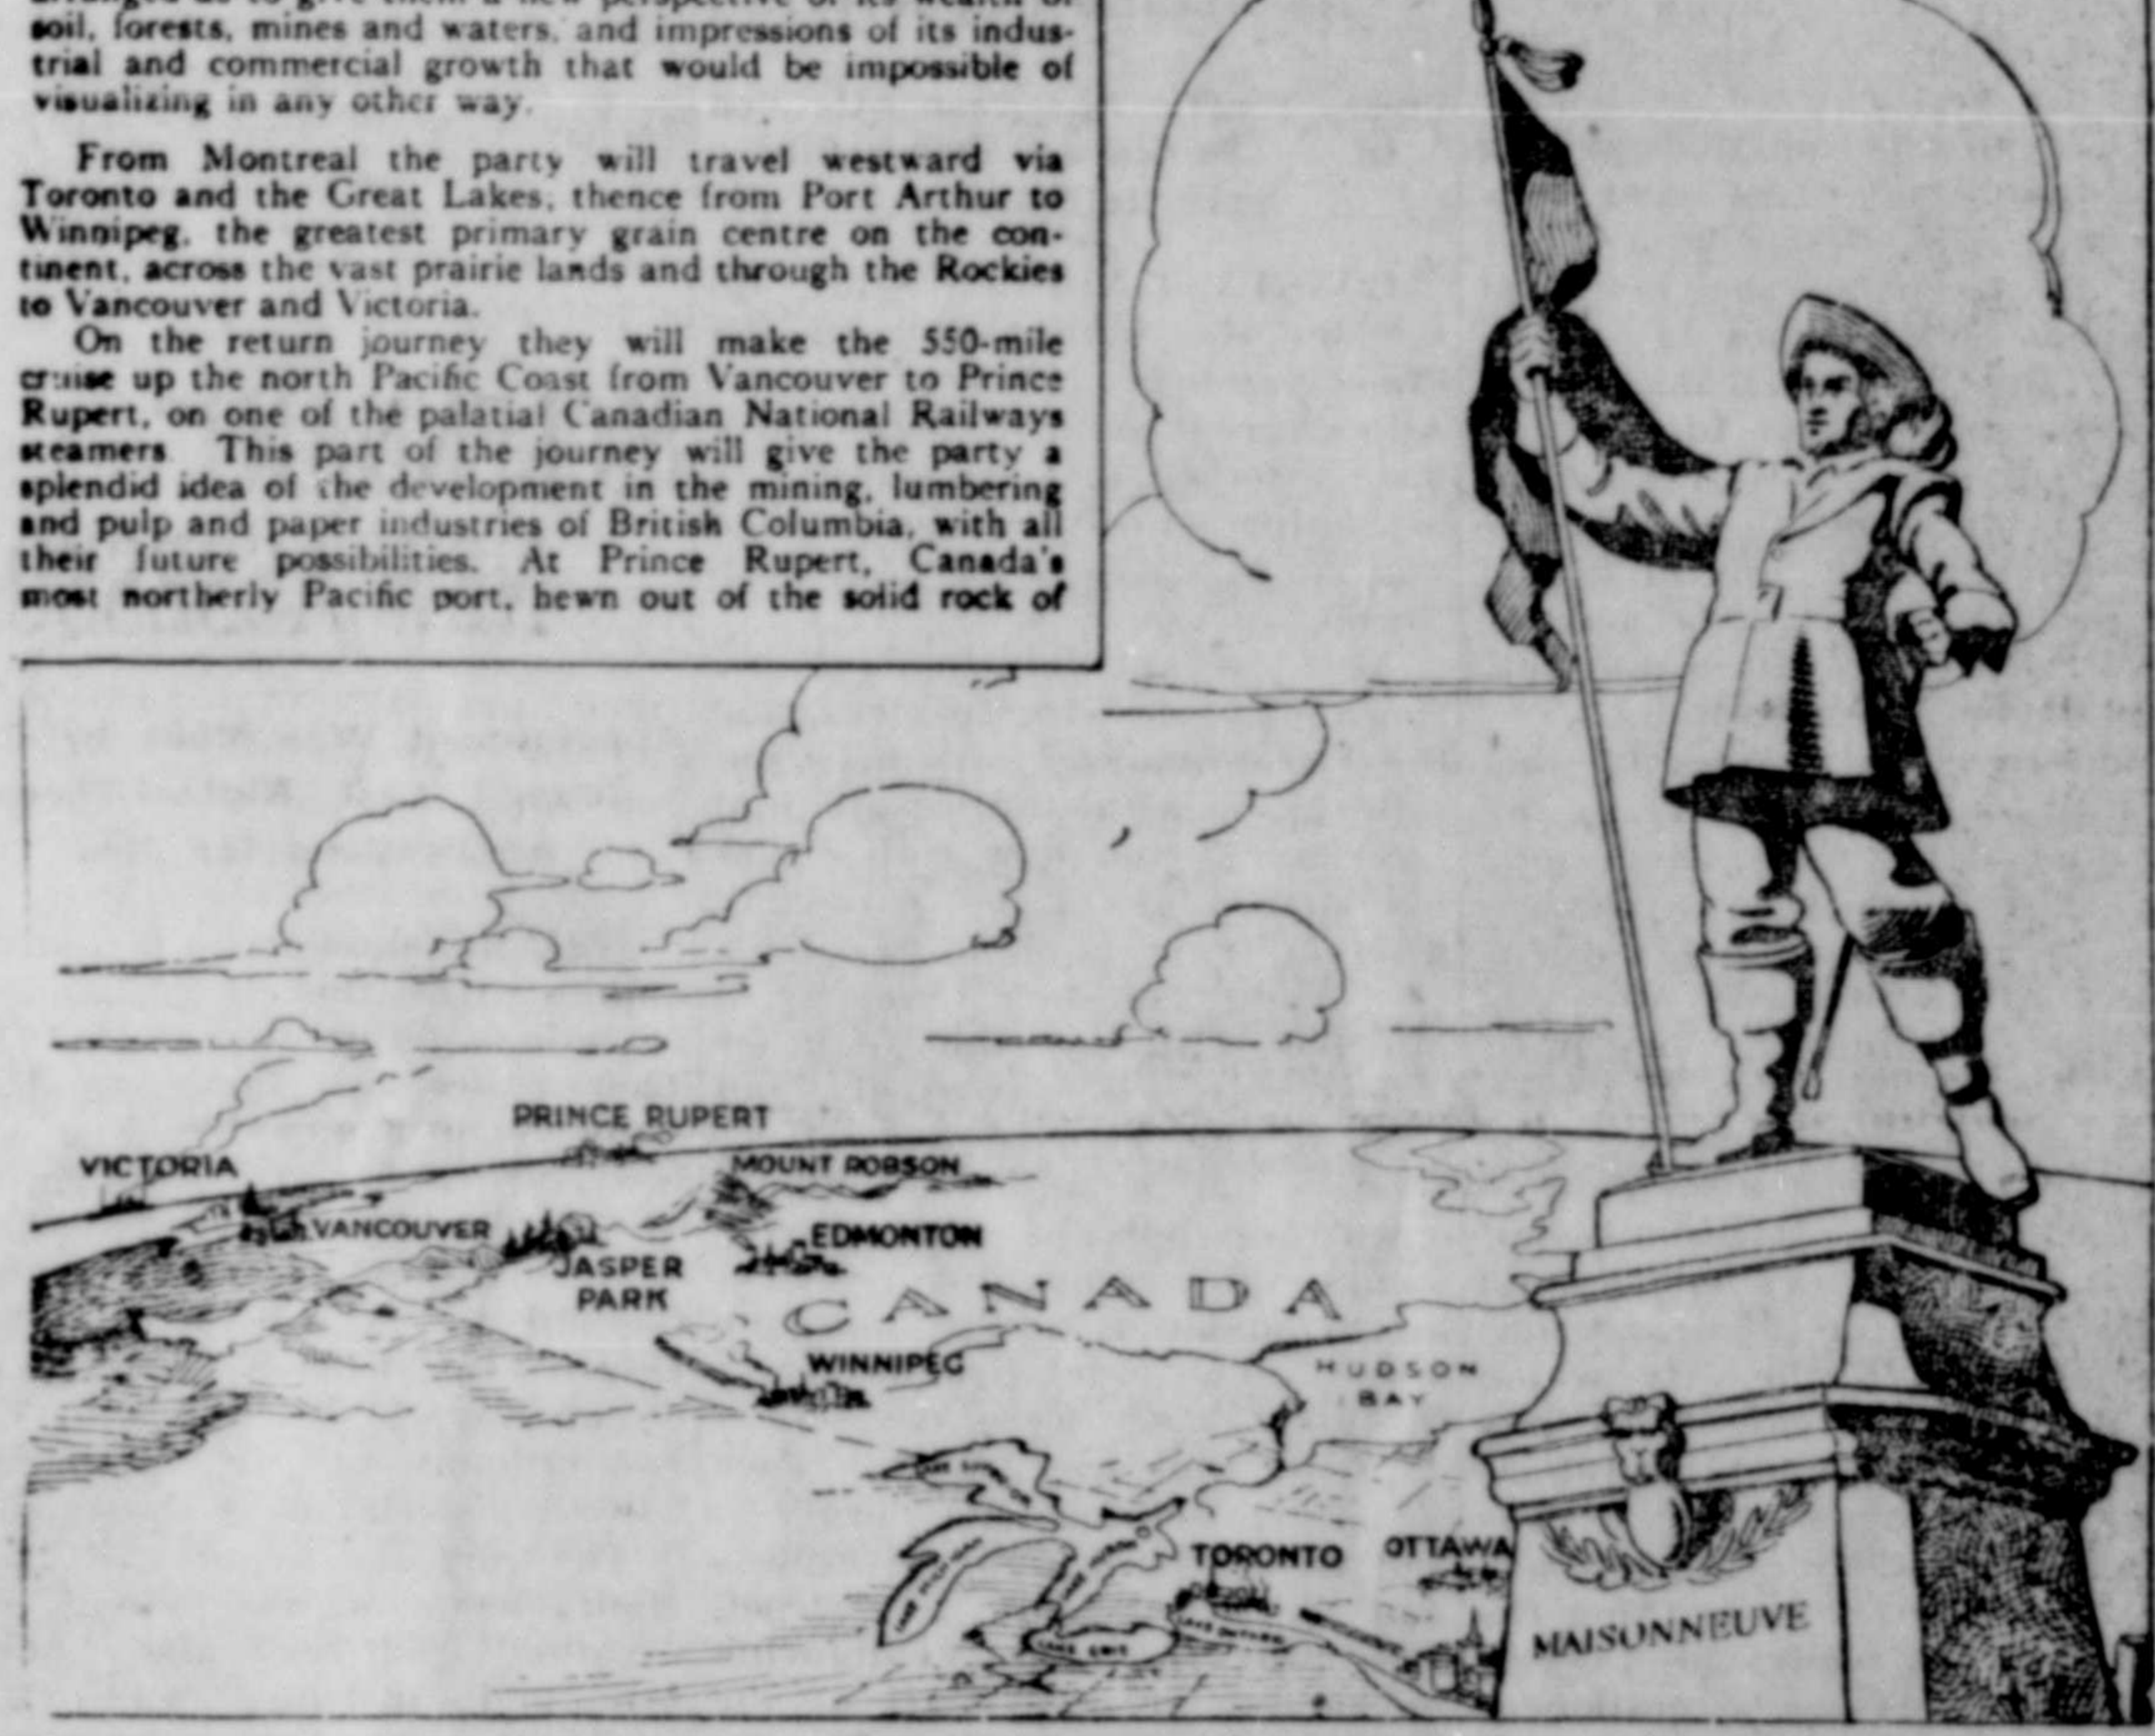

On the return journey they will make the 550-mile
 cruise up the north Pacific Coast from Vancouver to Prince
 Rupert, on one of the palatial Canadian National Railways
 steamers. This part of the journey will give the party a
 splendid idea of the development in the mining, lumbering
 and pulp and paper industries of British Columbia, with all
 their future possibilities. At Prince Rupert, Canada's
 most northerly Pacific port, born out of the solid rock of

Kaien Island, there will be every opportunity to gain an
 insight into the enormity of the halibut and salmon industry
 of the province. From Prince Rupert eastward the party
 will become acquainted with the Skeena River, with its
 historic and romantic traditions, its arresting grandeur, and
 its fame as one of the most prolific salmon streams in the
 world. They will see too, some of the Bulkley and Nechako
 River Valley country, one of the newest fields of settlement
 opened up in the west. Unknown to the vast majority of
 Canadians, the luxurious valleys that lay between the
 mountain ranges in this area, are suitable for mixed farming,
 dairying, fruit growing and cattle raising. In the years to
 come their productivity, now a matter of knowledge to com-
 paratively few, will offer means of livelihood and competence to
 thousands of new people.

Shortly after leaving Prince George, the party will pass
 through Mount Robson Park. This is a veritable wonder-
 land of mountain scenery, some 650 square miles in extent
 and set aside by the government of British Columbia as a
 national playground and wild life sanctuary. Here will be
 obtained an excellent view of Mount Robson, with an altitude
 of 13,968 feet. It towers above the surrounding peaks,
 sublime, majestic, with green glistening glaciers and pure
 white snow adding to its beauty. Sometimes its own summit
 is lost amid the mists and clouds, quite often that summit
 is the centre of raging storms. But on Mount Robson
 they beat in vain.

Next Jasper Park, another mountain kingdom, but of
 greater extent, embracing 4,400 square miles of sublime
 mountain scenery, is entered. Here the party will spend a
 day at Jasper Lodge, the new Alpine chalet built on the
 shore of Lac Beauvert by Canadian National Railways, and
 the first of a series to be built throughout these Northern
 Canadian Rockies. At night they will leave for Edmonton.

From Edmonton the homeward route will be through the
 rich farm lands of the northern part of the prairie provinces
 to Winnipeg following the trans-continental line of Canadian
 National Railways through the rich pulp forests and new
 farm lands of Northern Ontario to Cochrane, down through
 the famous Cobalt mining districts over the Temiskaming &
 Northern Ontario Railway to North Bay, thence to Ottawa,
 and back to Montreal.

EXEMPTION OF CROWN LANDS

From Tax Sale Was Provided for By City Council Last Night.

The report of the civic finance committee recommending the exemption from tax sale of lands titles of which were vested in the Crown was adopted by the city council last night after having been laid over for a week. Ald. Montgomery, the principal opponent of the bylaw last week, saw the impracticability of bringing such lands to tax sale and, after being satisfied by the city solicitor that it was to the best interests of the city that the exempting bylaw be passed, withdrew his opposition and voted in favor of the action.

Ald. Dybbavn explained that the city had no authority to sell any land of the Crown and could only sell the equity of purchasers of such lots from the government. At the time of the sale by the government, in most cases, very high prices had been bid and only a quarter of the purchase price had been paid to the government. If the city put such lots on the tax sale list no one would bid for them and they would revert to the city which would be then obliged to pay over the balance of the purchase price to the government. It was plain that the city could not undertake this. The only thing the city could do would be to rely on the government's statement that when such lands were again put up or sale the taxes would be the first charge on moneys brought from such sale.

Ald. Montgomery referred to the lot next the Empress Theatre on which there was a rent pro-

BRINGING UP FATHER

By George McManus

ducing building. This property, he claimed, was being exempted from taxation through the government's equity.

Ald. Dybbavn stated that the city solicitor was investigating this case and certain others.

The city solicitor would not say that the city had to pass such an exempting bylaw but he would say that it was to the best interests of the city to do so.

CONSTANTINOPLE HAS BEEN MUCH IMPROVED BY ALLIED OCCUPATION

Street Traffic Has Been Attended to by Police to Bring City Up to Date.

CONSTANTINOPLE, Sept. 19.—Since the taking over of the Constantinople Police by the Allies, great improvements have been effected and the capital is beginning slowly but surely to assume the aspect of a modern town.

New regulations concerning the hammals, or streetporters, and the street vendors have been put into force with the result that any hammal who now walks with his burden along the pavement, whether it is a piano, a plank, or a basket, in such a way as to interfere with the right of other pedestrians, is arrested and fined. The hammals and street vendors had a habit of flopping down their burdens on the pavements, thus compelling passers-by to make a detour into the street. The chief trouble-givers in this respect were the sellers of fruit and ice cream. They usually selected a busy corner to sell their wares, and the crowds had to swerve into the street. This was particularly annoying in narrow streets—most of the streets in Constantinople are very narrow—and at corners, where one ran the danger of being struck by a tram or motor-car.

Danger to Walkers. Among the dangers from

wheeled traffic was the habit of the people to ride on the foot-board of a crowded car. Where the tram lines are close to the pavement, these "limpets" frequently projected their person over the pavement, and in many cases collided with pedestrians walking peacefully along where they have a perfect right to be. That custom is now prohibited.

Another great improvement effected by the Allied authorities is the prohibition of the after-midnight cries of street vendors, such as fruit and ice cream sellers, who prevented people from sleeping in peace. The only proper exceptions to this new order is the bekiji, or nightwatchman, whose warning cry of a fire everyone listens to with interest and sometimes with dread. No one wants to suppress him.

MCLENNAN IS NEW ASSESSOR

Appointment Was Made by City Council Last Night—Three Applications for Job.

J. G. McLennan was last night appointed by the city council to be assessor for the year 1922. There were two other applicants, from T. Ross MacKay and E. H. Mortimer. The application of Mr. McLennan had the recommendation of the Finance Committee. A vote being taken resulted as follows: McLennan, 6; MacKay, 2; Mortimer, 0. The appointment of Mr. McLennan was then declared by the mayor.

The private report of Ald. Montgomery on assessment and taxation matters also being brought up last night was ordered filed.

NEW METHOD USED IN RIFLE SHOOTING

Competitions for Putting Enemy Out of Business Now Used.

ALDRERSHOT, Sept. 19.—The complaint is made of rifle shooting competitions, not without reason, that they afford little practice in marksmanship under conditions that approximate those of actual warfare, and that proficiency in the kind of shooting that wins prizes is not the sort that is most needed to win battles. To meet this criticism the Company Cup competition was devised.

The idea underlying this competition is that an outpost of nine men, under a non-commissioned officer, is suddenly attacked by an equal number of hostile force, represented by nine 12-in. khaki discs, which appear over the top of a trench 200 yards away.

The outpost opens fire and when a disc is hit it disappears. But more of the enemy is constantly arriving, three more discs appearing every ten seconds during the minute the contest is being waged. When the number of discs in view exceeds that of the outpost, the whole team is put out of action. The team with the fewer number of discs exposed at the end of the minute wins. It is a most interesting method of competition, and it has attracted a large number of entries.

WINNING NUMBERS IN GUESSING CONTEST

F. G. Dawson announced this morning that the number of tins of Pacific Milk on exhibit at the Exhibition building last week was 2407. The prizes will therefore be awarded to the holders of the tickets on which the number guessed was 2407, 2405 and 2410 respectively in the order named. The holders of those tickets should present them to F. G. Dawson, Ltd.

ELKS' OFFICERS

F. W. Mackintosh Is Appointed Managing Secretary—Other Officials.

F. W. Mackintosh was appointed managing secretary of the local Elks' Lodge and club rooms at the postponed meeting last night. J. F. McGuire was installed as historian and Jarvis H. McLeod, three year trustee.

Another PRICE Suggestion

Coffee Cakes, Cheese Biscuits and Scones

FOR afternoon tea or that bite between times, or just as a little something extra for luncheon these "something different" recipes are most appropriate.

(All measurements for all materials are level.)

INDIVIDUAL COFFEE CAKES

- 2 cups flour
- 1/4 teaspoon salt
- 4 tablespoons sugar
- 3 teaspoons Dr. Price's Baking Powder
- 4 tablespoons shortening
- 1 egg
- 3/4 cup milk

Sift dry ingredients together; rub in shortening lightly with finger tips; add beaten egg to milk and add to dry ingredients to make soft dough; divide the dough into six long, narrow pieces; with hands roll out on board each piece very long and thin; spread with butter; cut each in two and beginning in center twist two pieces together and bring ends around to form crescent. Put into greased pan; sprinkle with chopped nuts. Bake in hot oven 15 to 20 minutes. While hot, brush over with thin icing made with 1/4 cup confectioner's sugar moistened with 1 tablespoon hot water.

CHEESE BISCUITS

- 1 1/2 cups flour
- 2 teaspoons Dr. Price's Baking Powder
- 1/4 teaspoon salt
- 1 teaspoon shortening
- 6 tablespoons grated cheese
- 1/4 cup milk

Sift together flour, baking powder and salt; add shortening and cheese; rub very lightly with fingers; add milk slowly, just enough to hold dough together. Turn out on floured board and roll about 1/8 inch thick; cut with small biscuit cutter. Bake in hot oven 12 to 15 minutes.

SCONES

- 2 cups flour
- 3 teaspoons Dr. Price's Baking Powder
- 1 teaspoon salt
- 2 tablespoons sugar
- 2 tablespoons shortening
- 2 eggs
- 1/2 to 1 cup milk

Sift together flour, baking powder, salt and sugar; add shortening and rub in very lightly. Beat eggs until light; add milk to eggs and add slowly to mixture to make soft dough. Roll out 1/4 inch thick on floured board; cut into pieces 3 inches square and fold over, making them three-cornered; brush with milk; sprinkle with sugar. Bake about 15 minutes in hot oven.

For afternoon tea or luncheon split, toast, and serve with orange marmalade or jam.

MADE IN CANADA

Made from Cream of Tartar, derived from grapes. Produces food that is fine in flavor, even in texture, delicious and wholesome.

15 TIMES THE MONEY

... spent on doctor's bills, with but any benefit, as was spent in Zam-Buk, which cured a cold, sore throat, and a cough, says Mrs. Fred Curran of 125 Henry St., Montreal.

"A rash broke out on my baby's skin, and she became very fretful and lost weight. I took her to a doctor, who gave me some lotion to apply, but it did not do baby any good. I then took her to another doctor, but with the same result.

"Then a friend, who saw the condition, baby was in, brought me some Zam-Buk, which she so kindly recommended that I commenced using it. In one week's time baby looked much better, and before a month had elapsed she was quite well again.

"Baby is now the picture of health, and I think it wonderful that 12 cents worth of Zam-Buk brought about this cure when \$20 spent in doctor's treatments did no good whatever! I certainly advise other mothers not to experiment with useless remedies, but to save their little ones unnecessary suffering and themselves needless anxiety and expense by using Zam-Buk in the first place."

Zam-Buk is best for eczema, ringworm, scap sores, boils, ulcers, abscesses, bad legs, blood-poisoning, piles, burns and scalds. All dealers or Zam-Buk Co., Toronto, 50c. box, 3 for \$1.25.

BANQUET GIVEN BY CUP WINNER

U. Suga, Owner of The Pride of Japan, Entertains Friends at St. Regis.

The Japanese of the city last night celebrated the winning of the Munro trophy in the local speed boat races by a banquet at the St. Regis Cafe given by U. Suga, the owner of the winning craft, The Pride of Japan. There were present not only several local Japanese but also a number of officials of the fair and others including F. G. Dawson, president of the fair association; George Frizzell, owner of the beaten Miss Rupert II; Kenny Hood, engineer of the Miss Rupert II; Melvin Stephens and Jack Swanson, who were the crew of the winning boat at the time of the victory; Jack Venables, manager of the fair; George Tite, M. M. Stephens, R. E. Benson, Ralph Harrup, W. J. Raymond and H. F. Pullen.

The Japanese present were S. Suga, H. K. Yamanaoka, T. Shimizu, R. Ohata and M. Nishikaze.

The banquet was a sumptuous one of five courses and was much enjoyed. A number of speeches were made, most of those present being called on for a few remarks and the whole affair proved most enjoyable. S. Suga was toastmaster and kept things moving well. He made a very good opening address in which he explained that while their boat had won it was not because they had the fastest boat but because the other boat did not function at the right time.

F. G. Dawson, Jack Venables, R. E. Benson and Ralph Harrup spoke chiefly on matters pertaining to the fair and congratulating the speed boat winners on the success. The hope was generally expressed that next year George Frizzell's boat would have a chance to compete with the Anyox champion. Mr. Dawson mentioned the success of having a manager in charge of the fair and suggested that the same plan should be followed at similar future events. He gave a great deal of credit to Mr. Venables.

The usual loyal and patriotic toasts were drunk, and the gathering broke up after giving three cheers for both the winner and the loser of the race.

CALL NEW TENDER

Lundquist Withdraws and Forfeits \$50 Deposit on Grading Contract

The city council last night decided to call for new tenders for the rough grading of Fourth and Fifth Avenue in Section 5 under the project recently adopted. This action followed the withdrawal of C. J. Lundquist, the contractor who had been awarded the work of grading, from his undertaking. Letters from Lundquist stating that he had found it impossible to carry out the work for the tender he had submitted were received and filed. His \$50 deposit was forfeited and the deed to a lot he had put up as a guarantee to completing the contract was returned to him. The contract never having been signed by him. An alternate proposition from Lundquist offering to do the work for the tender submitted if the city provide equipment was not entertained.

The council also passed determining and construction bylaws for the grading and surfacing and sidewalk work in Section 5. These will come up next week for final adoption.

KNIGHTS OF COLUMBUS OFFICERS ELECTED AT MEETING LAST NIGHT

J. J. Gillis Heads Order for Forthcoming Year—Buffet Luncheon Follows Business

The annual meeting of Prince Rupert council, Knights of Columbus, took place last night in the Metropole Hall. The following officers were elected to take office for the year beginning October 1:

Grand Knight, J. J. Gillis.
Deputy Grand Knight, Albert Auger.
Financial Secretary, J. J. Muldoon.
Recording Secretary, Leo W. Waugh.
Treasurer, A. D. Gillis.
Chancellor, J. C. Gavigan.
Warden, H. McGinehy.
Outer Guard, Angelo Astoria.
Inner Guard, T. M. J. Fortune.
Trustees, J. H. Meagher, F. W. Henning and H. McEwen.
District Deputy for Northern B. C., E. A. Donohoe.
Past Grand Knight, M. P. McCaffery.

Following the business of the meeting, a buffet luncheon was served. M. P. McCaffery presided. Father McGrath was the speaker of the evening and he dealt with general matters pertaining to the order.

HAS SECURED RAILWAY HEAD

Mackenzie King Says Believes Has Secured Good Man: Announcement Soon

STOUFFVILLE, Ont., Sept. 19.—(By Canadian Press).—Forecasting early announcement of the new head of the National Railways, announcing that in efforts to widen Canadian markets one of the cabinet ministers was shortly proceeding to Australia to negotiate a reciprocal trade treaty, declaring that revenues were increasing and predicting the removal of the British embargo on Canadian cattle before the new year, Right Hon. W. L. Mackenzie King, prime minister of Canada, gave an accounting of his stewardship to a large gathering of the electors of North York, here.

The occasion was the celebration of Mr. King's first visit to his constituency since his election in December.

The prime minister took advantage of the opportunity to reply to recent statements levelled against him by Rt. Hon. Arthur Meighen. The last election, he said, showed that the country was tired of "Toryism." In six of the nine provinces, Mr. Meighen did not count a single supporter in parliament. The east was Liberal and the west was Progressive. Mr. King said he would not have mentioned this but that Mr. Meighen had charged that the people had been "humbugged."

"I think," he charged, "that Mr. Meighen is leading the remnants of his party to destruction, just as fast as he can by his continued policy of vituperation."

"Liberal"

Stressing the advisability of close co-operation and even a union between the Liberals and Progressives, the premier declared that the dictionary showed the word "liberal" to mean progressive, and the word "progressive" to mean "liberal." It was for this reason he had invited the progressives to participate at the council board and while the Progressives had not seen fit to take advantage of the opportunity, they had promised support. One session of parliament had developed that the Progressives had nothing in common with the Conservatives but very much in common with the Liberals. It was better for men and women of broad thoughts to work together in the forces of democracy. His supreme aim would always be to unite those who stood for broad liberal principles.

National Railways

On the railways question, Mr. King said, the board of directors of the co-ordinated national railways would be announced shortly. Difficulty was expressed in securing the right men. The men who sought the directorships were not the men wanted and the men who were wanted were hard to secure. It was not an easy task to discover who was worthy and able to manage 22,000 miles of railway. If a man was chosen from the Canadian Pacific railway, the government would be charged with having sold out to the Canadian Pacific railway, while if the new head was selected from the Canadian Northern staff, the charge would be that the government had delivered the country body and soul to Mackenzie and Mann. The government desired a man experienced in managing railways on a continental scale, and one with a broad knowledge of finance, that kind of a man was not easy to discover and delay was due to this.

New Railway Head

"I believe we have been successful," Mr. King declared, "and I hope to soon announce the head of the railways and the personnel of the board." A comprehensive immigration policy was necessary to the success of the railways and of the country. Men and women of the right character must be brought out to Canada. Quality was more important than quantity. Careful control and supervision was necessary after settlement and the most complete co-operation must exist between the provincial and federal governments and with governments overseas if that was possible. The prime minister referred to the work proposed by the Western Canada Colonization Association and said that this organization was working in co-operation with the British, fed-

Sport Chat

With the Exhibition games over, the outside sport season is practically at an end. Lacrosse and baseball championships are decided both honors falling to the Sons of Canada whose hall will be decorated for the winter with the Stork Cup, the Nickerson Shield, the Stalling Cup and also the City football league trophy. On the program of outside sport there yet remains the Exhibition soccer final and a few delayed Stuart Shield games. The latter competition may now be said to centre between the Sons of Canada and the Gallies. Within a fortnight it is hoped to have these games all over, winding up the season. Then the attention of sport enthusiasts and officials will be directed towards the winter lines such as basket ball and indoor baseball. It has been suggested during the past two winters that the latter sport should be revived in the city. It is to be hoped that steps will be taken to this end at an early date this winter so that a series may be arranged for.

A few hunting parties went out at the weekend in search of the wily deer but the most of local huntsmen are leaving their departure over for a little longer. Up till yesterday afternoon no bags of deer had been reported. With no snow on the mountains yet, the quarry are still high up and the more experienced huntsmen do not relish the idea of climbing very far for them.

Hunted by the bird he had shot and given a knockout blow which might have proven fatal, was the experience of one Jeanne hunter after geese. Last week Robert Semple, the well-known mine foreman, and Emil Gastonguay were hunting geese at Rocky Pass. They spied four

of the birds coming in their direction.

"I believe that in the course of the next few years, thousands of settlers will be placed on the land and that thousands of acres will be opened up," he asserted.

Waiting till they were overhead, Semple blazed away, hit one and shot at another. Then something happened. Semple remembers a queer flight of fancy, twinkling stars and soft music, entirely unearthly. The queer experience passed after a few seconds and Semple came out of dreamland. He was prone upon the rocks, at his side one of the geese he had shot, a 14-pounder. Semple felt of himself; got up; he was all there, and thought hard. Then it all came out. That bird, struck with the first shot, in its fall hit Semple a glancing blow on the side of the head, knocking him out. Of course, fourteen pounds falling from a good height, dealt a terrific blow. If the bird had fallen on top of Semple's head it might have been a tragedy. Semple has been doing a lot of thinking and it is said the next time he goes for big game, he will probably be protected from overhead.

NEW YORK SECOND IN PENNANT SERIES

TERRACE NOTES

Major and Mrs. Anderson of London, Eng., are staying at the Hot Springs, Lakelse Lake.

Mrs. Annie Ross returned to town Thursday, from Lost Lake where she has been for the past two months.

Much needed repairs have been put on the Thornhill Creek bridge. A crew was busy re-decking it last week.

Mal Allard and Mr. Owens from Kalum Lake are in town.

D. S. Harper of the Sheet Metal Products Co. of Winnipeg; Mr. Bishop of Libby, McNeill & Libby and Mr. Knight of the Kelly-Douglas Co. are business visitors in town this week.

J. S. Dunn of the Farm and Home is on his annual visit to Terrace. His many friends and acquaintances are glad to see him again.

The opening of the G. W. V. A's new hall was further celebrated when a concert and dance were held there Saturday night. The program included not only popular local talent but new features were introduced by artists from Rupert. The hall was packed to its limit for the concert. The dance was not so well attended but those who were there appreciated the excellent music provided by the new orchestra consisting of Mrs. Von Hees, Mr. Chandler and Mr. Newton.

Henry Walberg was a guest of Frank McNichol while he was in Rupert.

An informal reception was again held at the G. T. P. tracks on Saturday when the East-bound freight held up the traffic for considerable time.

The Union Sunday School held their annual rally day last Sunday.

SYNOPSIS OF LAND ACT AMENDMENTS

Minimum price of first-class and reduced to \$5 an acre; second-class to \$2.50 an acre.

Pre-emption now confined to surveyed lands only.

Records will be granted covering any land suitable for agricultural purposes and which is non-timber land.

Partnership pre-emptions abolished but parties to such pre-emption may arrange for adjacent pre-emption with joint residence, but each making necessary improvements on respective claims.

Pre-emptors must occupy claims for five years and make improvements to value of \$10 per acre, including clearing and cultivation of at least 1/2 acre before receiving Crown Grant.

Where pre-emptor occupation is less than 5 years, and has made proportionate improvements, he may be allowed to make improvement, receive intermediate certificate of improvement and transfer his claim.

Records without permanent residence may be issued, provided applicant makes improvements to extent of 1/2 acre and records same each year. Failure to make improvement, or record same will operate as forfeiture. Title cannot be obtained in less than 5 years.

Pre-emptor holding Crown Grant may record another pre-emption, if he requires land in conjunction with his farm, without actual occupation, provided statutory improvements made and residence maintained on Crown granted land.

Unsurveyed areas, not exceeding 20 acres, may be leased as homestead. Title to be obtained after fulfilling residential and improvement conditions.

For grazing and industrial purposes areas exceeding 640 acres may be leased by one person or company.

Mill, factory or industrial sites on timber land not exceeding 40 acres may be purchased on conditions include payment of stumpage.

Natural hay meadows may be purchased conditional upon construction of a road to them. Rebase of one-half of cost of road, not exceeding half of purchase price, is made.

PRE-EMPTORS' FREE GRANTS ACT. The scope of this Act is enlarged to include all persons joining and serving with His Majesty's Forces. The time within which the heirs or devisees of a deceased pre-emptor may apply for title under the Act is extended from one year from the death of such person, as formerly, until one year after the conclusion of the great war. This privilege is also made retroactive.

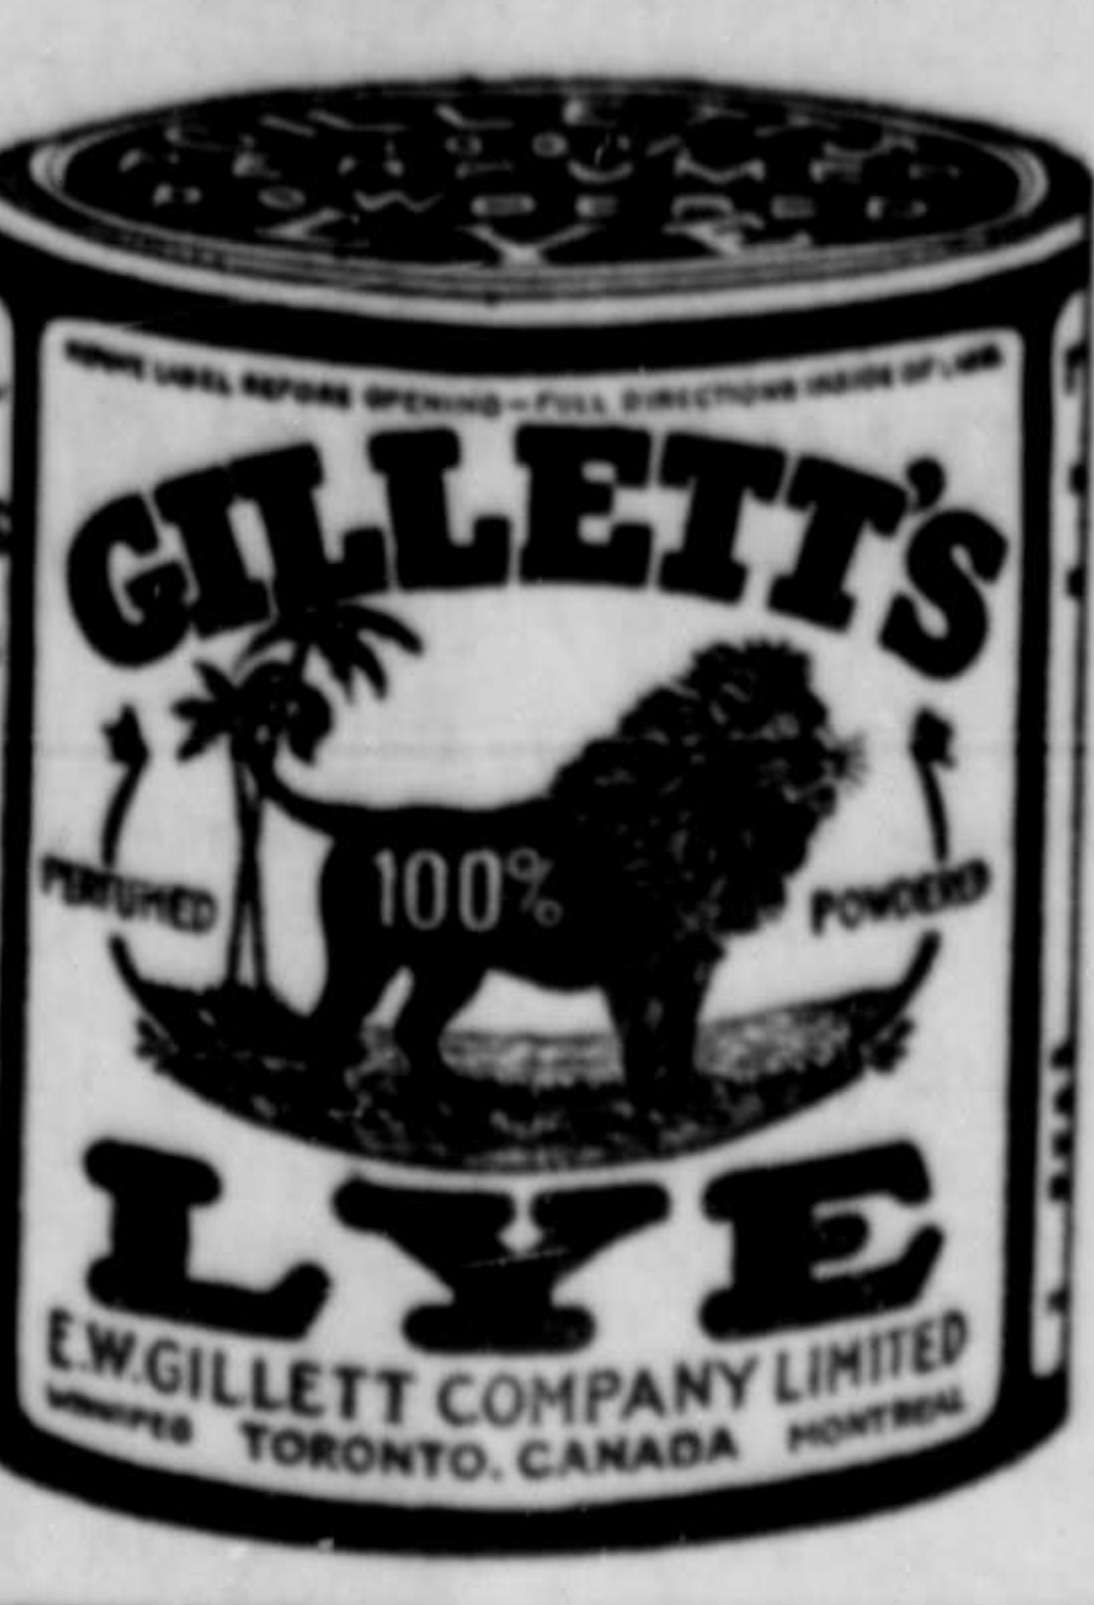

No fees relating to pre-emptions are due or payable by soldiers on pre-emptions recorded after June 26, 1918. Taxes are remitted for five years.

Provision for return of moneys advanced, due and been paid since August 4, 1914, on account of payments, "see or take on soldiers pre-emptions."

Interests in agreements to purchase town or city lots held by members of Allied Forces, or dependents acquired direct or indirect, remitted from enlistment to March 31, 1920.

SUB-PURCHASERS OF CROWN LANDS. Provision made for issuance of Crown grants to sub-purchasers of Crown lands, acquiring rights from purchasers who failed to complete purchase involving forfeiture, on fulfillment of conditions of purchase, interest and taxes. Where sub-purchasers do not claim whole of original parcel, purchase price due and taxes may be distributed proportionately over whole area. Applications must be made by May 1, 1920.

GRAZING Act 1920 for systematic development of livestock industry provides for grazing districts and range administration under Commissionary. Annual grazing permits issued based on numbers ranged, priority for established owners. Stock-owners may form Associations for range management. Free, or partially free, permits for cattlemen, campers or travelers, up to ten head.

There was a good attendance and the children thoroughly enjoyed the lantern slides and the excellent talk with which Rev. W. J. Parsons accompanied them.

Miss Edna Dobbie of Copper City was in town on Saturday.

On account of the Fair the Women's Auxiliary of the Anglican Church will not meet this week.

An automobile can go as far as Mile 10 on the Kalum Road and a crew is still at work improving the road beyond.

Mr. Connelly and his son David have returned from an extensive tour in which they visited a number of the coast cities.

Mr. Walker of Copper City was in the Rupert Hospital for some days last week.

Saturday night's train brought back a number more visitors from the Rupert Fair. Among them were, Mrs. McDonald, Mr. and Mrs. T. J. Kirkpatrick, Miss Louise Walberg and Henry Walberg, Rev. T. J. Marsh and Tom Marsh, Mr. and Mrs. Bohler and son, Jimmy Leaver, Mr. Corlett and Mr. Laird of Remo.

Mrs. D. D. Munro who arrived in Prince Rupert on Wednesday and has been staying since then with Mrs. McNichol returned to Terrace Saturday night.

SMITHERS

Miss Helen B. Grievie, immigration agent for the Canadian Government at Detroit, is visiting the Bulkley Valley getting information at first hand.

Fred McNish, a Telkwa farmer, was wounded with gunshot last week when he was accidentally shot by Billy Wallace, with whom he was hunting, McNish's injuries are slight.

The Smithers public school is already overcrowded and the school board has been forced to refuse admission to any further pupils this year.

Mrs. F. Nattress, of Victoria, is spending a holiday in Smithers, the guest of her sister, Mrs. Angus McLean.

Mr. and Mrs. H. Welch are on a trip to the Francois Lake country.

Mrs. John McRae, of Prince Rupert, will again act as judge of fancy work at the Smithers Fair which opens tomorrow.

HAZELTON

S. H. Senkspiel has opened a new store at New Hazelton in the premises formerly occupied by W. J. MacKenzie.

The Women's Auxiliary of St. Peter's Church has elected the following officers for the season; President, Mrs. T. D. Proctor; Vice President, Mrs. Wm. Hogan; Secretary-Treasurer, Miss C. M. Goddard.

Miss Moore, of the Hazelton Hospital, left last week for Vancouver to attend the funeral of a friend who was killed in an automobile accident.

Mrs. W. W. Anderson has returned from Vancouver where she accompanied her daughter, Miss Roberta, who will enter school.

Leonard Wrinch has returned from Vancouver where he started his younger brother, Arthur, in school.

STEWART

The Big Missouri mine will ship ore this winter if the road that is being built to the property is finished. Development will continue on the Alaska Premier throughout the winter and many other properties will also remain active.

Fred and William Janowski have taken over the old power station here and in the near future Stewart citizens will again have electric light. The water lines and telephone switch board are also to be operated by the Janowski brothers.

According to current rumor the Premier mine will declare another dividend of about \$750,000 at the end of this month.

Dr. Hedges, of Hyder, has returned after a trip as far north as Dawson city.

Bernard Macdonald, who has been a guest of George Tohn's for the past two months, returned last week to St. Martin's College at Lacey, Washington.

The Granby Company has bonded the George Copper property, the deal constituting the biggest one since the Guggenheims bonded the Premier. The property is owned by W. B. George, of Stewart.

The Mann townsite adjoining Stewart has again been put on the market with H. W. M. Holston, of Stewart, appointed agent.

THE MEAN THING

Ray—How do you get such a nice complexion?
May—I run five miles every morning.
Ray—My! Do you live that far from the drug store?
May—Topics of the Day! Films.

IN THE SUPREME COURT OF BRITISH COLUMBIA. IN PROBATE.

In the Matter of the Administration Act and In the Matter of the Estate of Karl Johan Alvstad, deceased.

TAKE NOTICE that on the 8th day of August, 1922, Probate of the last Will and Testament of Karl Johan Alvstad, deceased, formerly of Petersburg, Alaska, was granted to Adolf Blumheim, of Prince Rupert, B.C.

ALL PERSONS having claims against the said estate are required to file the same with the undersigned within thirty days from the date hereof and all persons owing money to the said estate are required to pay the same to the undersigned forthwith.

DATED at Prince Rupert, Province of British Columbia, this 1st day of September, 1922.

ADOLF BLUMHEIM, Knox Hotel, Prince Rupert, B.C.

IN THE SUPREME COURT OF BRITISH COLUMBIA. IN PROBATE.

In the Matter of the Administration Act and In the Matter of the Estate of George Crook Doughty, deceased, Intestate.

In Chambers: Before His Honor F. McE. Young, Thursday, the 14th day of August, 1922.

UPON the petition of J. H. McMullin, official Administrator, upon reading the affidavits of the said J. H. McMullin, of Albert Edwards, of Alexander Johnson and of Andrew Brown; and upon hearing Mr. W. O. Fulton of counsel for the Petitioner:

IT IS ORDERED that the death of the above-named George Crook Doughty shall be presumed to have occurred on the 25th day of April, A.D. 1922, at Seven Mile Point, Graham Island, British Columbia.

IT IS FURTHER ORDERED that the said J. H. McMullin apply for administration of the said estate and declare to the death as having occurred upon the said date upon publishing a copy of this order in a newspaper published and circulating in Prince Rupert, B.C., for a period of one month at weekly intervals.

F. McE. YOUNG, J.J.S.C.
