VOL. XII, NO. 256 PRINCE RUPERT, B. C., WEDNESDAY, NOVEMBER 1, 1922. Yesterday's Circulation 1,850. Street Sales 488. PRICE FIVE CENTS

TO BE ANOTHER CUTTING OF LIQUOR MELON RAFT OF LOGS CONTAINING 1,300,000 FEET WAS LOST IN LAST BIG STORM

Another Half Million Liquor Profits Ready; Cancel Export Licenses

VICTORIA, Nov. 1.—British Columbia municipalities will profit to the extent of \$1,400,000 as their share of the profits derived from the Government sale of liquor in the province during the past fiscal year. The announcement was made in the Legislature yesterday afternoon by the Attorney General that the final audit showed that \$500,000 was still coming to the municipalities in addition to the preliminary \$800,000 distributed two months ago.

The Government will issue no more licenses to liquor exporting houses in this province, Mr. Manson said. At present there are 23 licensed exporting houses in British Columbia.

The profits on liquor for the six months period ending Sept. 30 last, totalled \$1,073,109 the liquor board statement shows. Of this amount \$331,115 was derived from the sale of permits.

The board employs 291 people in all, of whom 130 are returned soldiers and 18 are women.

An interesting item in the report is the comment that physicians in the province issued 6,548 prescriptions for liquor this year as compared with 44,967 in the year before the Moderation Act went into effect.

FASCISTI ARE DOWN TO WORK

People Returning to Their Homes After Great Triumph of Younger Politicians

ROME, Nov. 1.—Italy will be on the road to normalcy today after the expiration of a week that saw the younger generation rise to power in a great triumph over the older politicians. Tens of thousands of Fascisti who came to Rome are on their way back to their homes today. Yesterday theirs was the thrill of a real Roman triumph in which a million people made their streets ring with the plaudits for King and Country after Mussolini and his new Fascisti ministry had taken the oath before the king.

Today the new Government got down to work and for the moment at least Communism has no part in the life of Italy. The onslaught of Fascisti has rendered all radicalism a paralyzing blow.

ONLY ONE WOMAN WHO FORMERLY CONTESTED IS IN FIGHT AGAIN

So Far Thirty Female Candidates in Field in British Election

LONDON, Oct. 31.—Few women candidates who contested seats at the last general election have again come forward on this occasion. The only one to do so to date appears to be Miss Annie Garland who was unsuccessful in Portsmouth in 1918, and is now changing her luck as an independent Liberal at Dartford. There are about 30 women candidates in the field so far.

FIRST WHISKEY CASE IS BEING PROCEEDED WITH

Star Witnesses for Prosecution Heard this Morning in Len Garland Case

William Thomas Harrison and Roy Dixon, provincial police constables who have been operating in the city for the past fortnight as special officers for the Liquor Control Board in obtaining liquor convictions, were the star witnesses in the Len Garland whiskey selling case which opened before Magistrate McClymont in the police station this morning. The evidence of the two officers, who made their first appearance in the series of cases that are being brought, was taken and also Syd. Waring, witness for the defence, was heard. The case was adjourned at the noon hour and was resumed again this afternoon at 2.30.

In giving his evidence, Harrison explained that he was a regularly sworn constable of the provincial police who had been loaned to the Liquor Control Board. He had joined the force in May and had been engaged in his present duties since the end of August.

"On Thursday, October 19, in company with Constable Dixon, I entered the premises of accused known as the old George Sweet house between 714 and 724 Fraser Street," stated Harrison. "Dixon rang the bell and accused opened the door saying 'Come on in, boys.' We entered and were told to come into the kitchen where it was warmer. In the kitchen a short fat man (Stewart) was seated.

"Accused asked us what we wanted and I said 'Scotch,' Dixon saying the same. Accused went to a small cupboard in the corner of the kitchen and produced a bottle Dimple Haig's Scotch whiskey and two small whiskey glasses. He poured out two drinks and we asked the other two if they would have something. They said they would take beer and accused went over to a door in the rear of the room and returned with two bottles of lager beer pouring out two drinks."

Paid Two Dollars

"Dixon paid accused with a \$2 bill and asked if that was right to which accused replied, 'Yes.' Accused poured out the liquor and we drank it. It was intoxicating liquor. We talked about ten minutes and I bought the next round of four drinks similar to the first round. I paid accused with a \$2 bill and received no change. As we rose to leave accused asked us to wait a minute and have one on him. He served four more drinks and we left about 8.45. As we were leaving accused asked us to come again."

L. W. Patmore, counsel for the defence, subjected the witness to a stiff cross examination and memory test but was unable to shake his testimony. The note book of the witness from which he read was also read by Mr. Patmore and entered as evidence. T. B. Hooper, city solicitor, made objections at certain junctures but Mr. Patmore's methods were sustained. Witnesses for the defence were excluded from the court on request of Mr. Hooper.

Constable Dixon gave evidence for the crown corroborative of

PLEDGE LANDS OF UNIVERSITY

That is Scheme Supported by Mover of Address in Legislature for Erecting Buildings

VICTORIA, Nov. 1.—Urging the importance of a searching investigation into the value of the lands proposed for a university site and into the methods that might be used in raising money to build the university, Dr. C. K. Macdonald, Liberal member for North Okanagan, said that the proposal to pledge the value of the University lands in Point Grey as security for the loan for the building ought to be adopted if found feasible.

Mr. Macdonald dealt chiefly with the University question in his speech moving the reply to the speech from the throne. He commended the efforts of the Government to secure the sole right to import liquor as a measure to suppress bootlegging.

Canon Hinchliffe moved that a survey of the provincial education system be made.

SMASHED INTO VANCOUVER CAR

Driver of Auto Was Killed and Machine Demolished

SOUTH VANCOUVER, Nov. 1.—John Melville Ferguson, aged 26, was killed instantly when the car he was driving crashed into a street car, the auto being demolished in the impact and the street car damaged.

Ferguson suffered the loss of one eye while fighting in France and is believed to have miscalculated the speed of the street car.

HALIBUT WILL SOON BE RICH MAN'S FOOD IF NO CLOSE SEASON

VANCOUVER, Nov. 1.—Unless the United States and Canada soon enter into an agreement which will permit the enforcement of a closed season for halibut, that fish will become the rich man's food, it is so rapidly being depleted in northern waters. A. L. Hager, president of the Canadian Fisheries Association told the Rotary Club today.

RATE WAR ON PACIFIC ENDS IN AGREEMENT

SAN FRANCISCO, Oct. 31.—All steamship lines on the Pacific coast except three Japanese lines which were unrepresented, agreed to end the rate war and will post \$25,000 bond each to keep a pact to stabilize trans-Pacific rates. Fourteen lines are represented in the westbound conference which is proceeding.

NEW MINISTERS LAW CABINET

Neville Chamberlain is Postmaster General and Sir Montagu Barlow Labor

LONDON, Nov. 1.—Further cabinet appointments in the Bonar Law Government have been made including the following:—

Minister of Labor: Sir Montagu Barlow.

Minister of Pensions: Major George Clement Tyron.

Air Minister: Sir Samuel Hoare.

Post Master General: Neville Chamberlain.

CAPT. FREEMAN WAS CHARGED OBSTRUCTING OFFICER IN DUTIES

Capt. Hoopes K. Freeman appeared in the police court this morning before Magistrate McClymont and was charged with obstructing William John Nelson, customs officer, in the pursuit of his duties on the information of Jarvis McLeod. The case was adjourned until Friday morning on the request of City Solicitor Hooper.

Capt. Freeman stated that he was not intending to make a defence of the actual act and asked that the case be proceeded with. He was warned by City Solicitor Hooper that it might not be advisable to say anything at this time, the offense being an indictable and a plea not being required. The captain also asked that he be allowed out on his own word but the city solicitor stated that such could not be allowed as the situation was serious and charge involved a heavy bail. The magistrate agreed with this view so accused was returned to the cells, the matter of bail to be arranged later.

On examination of the rifle after Freeman's arrest yesterday afternoon it was found that the weapon was not loaded and that accused had no shells on his person at the time.

IMPROVE CONDITIONS FOR WORKINGMAN

Kenneth Campbell Makes Maiden Speech in Legislature Following Recent Election

VICTORIA, Nov. 1.—Kenneth Campbell, the new Liberal member for Nelson, seconded the address in the reply to the speech from the throne in the legislature yesterday. He spoke briefly and urged all individual parties to unite in order to find some solution of the P.G.E. problem.

Mr. Campbell said his one interest above everything else was to improve conditions for the workingman. He approved the proposed supplemental legislation to the Workmen's Compensation Act.

TRAIN RAN INTO A CIRCUS SPECIAL AND KILLED THREE PEOPLE

NEW ORLEANS, Nov. 1.—Three people are dead and four seriously injured and two slightly as the result of a rear end railroad collision early today. The fast timber is said to have been affected by the smelter smoke from the Sells Anox and it is necessary to connect circus special. The dead and injured are circus employees, save it.

Tug Massett Lost Raft and Her Own Rudder in Tempest; Arrived Today Tow of Lorne

After having lost a Davis raft of 1,300,000 feet of timber which she was towing across Hecate Straits followed by the losing of her rudder, the West Coast Towing and Salvage Co.'s tug Massett, Capt. Robinson, arrived in port this morning in tow of the G. T. P. tug Lorne which is now operating under charter to Capt. Barney Johnson who is in command. The Massett is tied up at the ocean dock awaiting instructions from Vancouver. She will possibly go up on the local dry dock for repairs.

While enroute from Sedgewick Bay, Q.C.I., to Swanson Bay, the Massett lost her Davis raft about 20 miles off Bonilla, Saturday night about 7 o'clock, in the storm which was raging. Early on Sunday morning the loss of the rudder occurred in Hecate Straits while the boat was running for shelter. She then anchored in the straits where she remained until Monday morning. In the meantime, a makeshift steering gear was devised from two of the side logs which remained on the broken cable and the little ship got into Banks Island and anchored again. There a jury rudder was made and the boat reached Captain's Cove last night where she was picked up by the Lorne and towed into this port arriving this morning.

The Lorne is taking on oil here and will proceed as soon as that is done to Captain's Cove where she will pick up two Davis rafts which were left there. These rafts are bound from the Queen Charlottes to Powell River.

LITTLE TROUBLES IN IRELAND STILL

Eighty Soldiers Captured, Barracks Burned and Another Blown Up

DUBLIN, Nov. 1.—Eighty national soldiers were captured in a fierce fight at Gliden. One barracks was burned and another blown up in a ten hour battle. The railway station at Mallow was destroyed by an incendiary fire.

TURKISH CONFERENCE WITH GREEKS WILL MEET NOVEMBER 13

PARIS, Nov. 1.—The Turkish reply to the allied invitation to the Lusane Peace conference proved satisfactory to the French government and it is believed has removed any doubt as to the opening of the meeting in the Swiss city on November 13.

LOGGING AT ALICE ARM TO COMMENCE

Preparations Already Being Made and Felling of Timber Will Commence at Once

ALICE ARM, Nov. 1.—It has been decided to commence logging operations immediately at Alice Arm. A booming ground is to be constructed at once along the waterfront just east of the Indian Reserve. Camps will be constructed and very soon a logging railway will be constructed to carry the logs to tidewater. Felling timber will commence at once and if the weather is suitable will be continued throughout the winter. The work will be carried on for two years at least, possibly three. The fast timber is said to have been affected by the smelter smoke from the Sells Anox and it is necessary to connect circus special. The dead and injured are circus employees, save it.

PARTIES DAILY OVER ELECTION

Opposition of Lloyd George to New Government Does Not Yet Amount to Much

LONDON, Nov. 1.—Chieftains of the Conservative party led by Bonar Law and the National Liberals under Lloyd George were still undecided today as to whether they should really "spread the war" against one another's candidates in the coming election or stand on the present situation of fighting bitterly in some districts and co-operating in others.

No orders have been issued to political leaders in the hinterland and it is said the matter will be threshed out today.

Lloyd George is suffering from a sore throat and under the doctor's orders has cancelled one or two meetings.

C.N.R. OFFICIAL GOES BACK TO C.P.R. AND GETS GOOD JOB THERE

MONTREAL, Nov. 1.—George Stephen, assistant traffic manager of the Canadian National lines, who received his training with the Canadian Pacific, returns to the latter road as assistant freight traffic manager of C.P.R. western lines. W. B. Lanigan becomes general freight traffic manager of all C.P.R. lines, rail and ocean, the position formerly held by vice-president Bosworth.

SUSPECTS HELD AT TACOMA FOR THEFT

VANCOUVER, Nov. 1.—Local police have been notified by Tacoma officers that they are holding two men suspected of the city bank robbery here a short time ago but stated after an exchange of messages that the men held were not the men the local police believe stole \$75,000.

FUNERAL OF LATE PETER NELSON WAS HELD THIS AFTERNOON

The funeral of the late Peter Nelson took place this afternoon from the B.C. Undertakers' Parlors to Fairview Cemetery. The ceremonies were under the auspices of the local Valhalla Lodge and interment took place in the Valhalla plot. Venerable Archdeacon G. A. Rix officiated and the pallbearers were A. Akerberg, John Hansen, Jack Christiansen, John Dybbavn, L. O. Larsen and John Oden. Among the floral offerings were wreaths from Mrs. Lottie Anderson, Mr. and Mrs. B. Nelson, Mr. and Mrs. Johnston, Mr. and Mrs. L. O. Larsen and John Oden.

DAILY EDITION

Wednesday, Nov. 1, 1922.

England Fighting For Lowered Taxes.

England is fighting for lowered taxes as well as Canada. Some people from the British Isles leave the country and come to Canada to take advantage of the better conditions with the idea that taxes are lower here and fewer obstacles put in the way of progress. If Canada assessed taxes enough to pay her debts as she went the taxes would be almost as high as they are in Britain, but we are banking on the future and in the meantime spending our capital on current expenses.

The railway is still the great burden in Canada, but it is hoped this burden will be lifted soon under the management of a real businessman and with a directorate, the policy of which will be to build up Canada as a whole. It is possible that the railways may even become an asset to the country, speaking from a purely financial point of view. It may pay dividends and thus help to relieve the tax payer.

Lower Taxes In The Cities.

The Union of Municipalities is making an effort to get the provincial government to take over part of their burden. As the same people have to pay the bills whether the money be collected by the province or the city, there is little advantage to be gained from that. If the municipal fathers would look rather to reducing expenses instead of getting someone else to pay their bills it would be much more creditable. We are becoming too expensive in our tastes and must call a halt.

In every department in every city it is found that there is grumbling over departments. Hospitals run in debt, schools are said to be a burden, libraries in some places have too free a hand and municipal staffs keep accumulating until it is difficult to find work for them to do. That is the history in a good many cities. As a matter of fact the management is at fault. There is so little real management that in some cases the provincial government has had to step in and appoint a commissioner whose work it has been to get the financial condition of the city back to a sound basis.

Something Must Happen Soon.

Something will have to be done soon even here. Owners of property are being squeezed until it is found that at the tax sales there is little bidding. With increased taxation next year this condition will be accentuated. The road work was necessary. While the work is not exactly of a permanent nature it will make a good base for later surfacing and will serve as it is for a few years. It is what the Californians call a "good dirt road." The next problem will be the roads in the residential districts and this work will have to be done gradually, a little every year. There will also be some sewer work necessary but so far as possible expenses will have to be kept down. It is all very well to talk of progress and advancement but we must learn to pay our bills.

Is City Manager Proper Method?

When a city gets into financial difficulties, it usually applies to the provincial government for aid and the government appoints a commissioner to undertake the functions of mayor and council and general manager. The result is always that good results are obtained. If good work is not done, the commissioner is let out.

There are many who think some such action should be taken here. We should appoint a manager who will undertake to run the city as he would any other commercial undertaking and get results. We should pay for results, they say. If we do not do that we shall have to follow the example of South Vancouver and other municipalities and ask the provincial government to conduct our affairs for a time.

"There Were Many Things Which I Could Not Eat"

Mrs. H. Robert Wells, English Harbour, Trinity Bay, Nfld., writes:

"I was troubled with nervous dyspepsia—so much so that there were a great many things I could not eat at all on account of the distressed feeling afterwards. I used many different remedies, but they did me little good. Finally I tried Dr. Chase's Nerve Food and Kidney-Liver Pills, and was surprised at the relief this combined treatment gave me in such a short time."

HOSPITAL BALL USUAL SUCCESS

Women's Auxiliary Annual Hallow'en Affair Fitting Opening to Winter Dancing Season

The annual Hallow'en Ball held by the Ladies' Auxiliary of the General Hospital in the Auditorium last night, was, as usual, an outstanding social success and a fitting opening to the winter dancing season. While the attendance of about 125 couples may not have been quite as large as in some years the dancing was very comfortably enjoyed and the financial success of the affair was guaranteed by a considerable advance sale of tickets. All arrangements were well carried out and there was nothing to be desired in the way of accommodating the guests. Newell's augmented orchestra supplied music of its usual popular character and the floor was in the best of condition. Many beautiful and handsome gowns were worn by the ladies.

The decorations of the ball were a feature and a tasty scheme had been carried out. Flags and patriotic insignia, Hallow'en hangings strung from the ceiling with blue and white crepe paper and autumn foliage were used in the main hall and the supper balcony. Hallow'en caps, which were on sale, were worn both by ladies and gentlemen and lent a novel touch to the scene. The ball commenced at 9 o'clock and was in progress until after 2 in the morning. Supper was served from midnight on to three sittings in the upstairs balcony.

The patronesses were Mrs. C. A. Eggert, Mrs. J. A. West, Mrs. J. P. Cade, Mrs. W. T. Kergin, Mrs. E. W. Kergin, Mrs. H. E. Tremayne, Mrs. D. G. Stewart and Miss Charlotte Black.

The committees were as follows:

Decorations: Mrs. Pringle, Mrs. S. L. Warrior, Mrs. C. E. Starr and Mrs. W. L. Sandison.

Music and Hall: Mrs. S. Darton, Mrs. C. E. Starr and Mrs. Jarvis McLeod.

Refreshments: Mrs. Parsons and Mrs. Morrissey.

Advertising and tickets: Mrs. Sandison.

Caps were sold by Miss Roche. A. E. Bazett-Jones was master of ceremonies and A. W. Healy was in charge at the door.

COMPANY INCORPORATED IMMIGRATION PURPOSES

The Canada Gazette announces that the Canada Colonization Association has been granted letters patent under the Companies act, it is announced here. The incorporators are Sir John Willison, M. A. Brown, W. W. Evans, F. D. L. Smith and A. E. McKenzie.

The association is to have a capital stock of 100 shares of no nominal or par value, provided that the said company shall commence its business with a capital of \$500. The head office of the company is to be at Winnipeg.

The purposes of the association are in part to assist in bringing about the settlement of vacant lands in Canada; to give advice and direction to settlers entering or now located in Canada; to, in a measure, direct inter-provincial colonization and to assist in carrying on activities of national development.

SEVENTEEN MINING PROPERTIES BEING WORKED AT STEWART

STEWART, Nov. 1.—Seventeen mining properties are actively working in the district this fall as against three or four in 1921. They are as follows:

Salmon River—Premier, B. C. Silver, Indian, Big Missouri, Fish Creek, Titan, Riverside, Daily Alaska and Alaska Premier; Bear River—Prince John, Dunwell, Sunshine, Mimico, Mobile and Silver Bell; Marmot River, Idaho, and he threw himself into it with energy. At first he was Deputy Director of Inland Waterways

and Docks, and then he became successively Assistant Director-General of Movements and Railways, with the rank of colonel, Deputy Director-General of Movements and Railways with the rank of brigadier-general, and

Persistent advertising is absolutely necessary to success.

The Man in the Moon SAYS—

THE best governed country is the least governed.

THE time of year is coming when the reckless and sporty may hope to go on a skate.

I WISH here and now to notify all my friend and relatives when they are wondering what sort of a Christmas present to choose for me that I like to buy my own neckties.

YES, this is the hunting season, and perhaps he was just looking for fool hens with that murderous carbine of his.

THE golden age is coming when the poor will all be honest and the rich will all be grafters and then will come the diamond age when the rich will all spend their money.

ONE of the things that won't get you anywhere is wondering how to make money without working for it.

ONE of the things likely to send a man crazy is expecting a woman to be on time.

BUILDING a new nation is like building the tower of Babel. Among the languages I have noticed in Canada are Scotch, Gaelic, Gaelic, Gorkney, Yorkshire, French Canadian, Swedish, Virginian, and Heligoland.

CONSIDERING the number of things we are sick of, it is a wonder we are ever well.

HOW many people have ever seen a worm turn? Personally, I am not interested in worms and do not care whether they turn or keep straight. This town would be a good place for turning worms because they say it's hard to keep straight here.

NOW that autumn is here handkerchiefs are again coming into fashion. In the meantime do the best you can with the means at your disposal.

FISH TOTAL FOR OCTOBER SHOWS INCREASE AGAIN

Halibut arrivals for the month of October totalled 2,164,000 pounds according to figures secured at the waterfront yesterday afternoon. Bad weather caused the total to be smaller than expected but still the record is good and exceeds October 1921 when the total was 1,625,000 pounds and October 1920, 1,511,000 pounds. The figure is slightly lower than September this year when the total was 2,112,400 pounds.

The price during the month was between 11c. and 17c. for first class fish, this having been satisfactory to the fishermen. The highest price, 17c. was paid on October 19.

SIR HENRY THORNTON

London Times Gives Short Life Sketch of Chairman of Railway Board

Sir Henry Worth Thornton, K.B.E., M.Inst.C.E., is notable as the first American born and trained railway expert to be chosen as general manager of a great English railway, says the London Times.

Born in Indiana in 1871, he went to school at Concord, New Hampshire, and then to the University of Pennsylvania.

In twenty years' service with the Pennsylvania Railroad he passed through various positions in the engineering department, and ultimately became general superintendent of the Long Island Railroad (a part of the Pennsylvania system), and made a considerable reputation. His appointment to be general manager of the Great Eastern Railway was announced in February, 1914.

The war broke out not long after he had taken up his duties, and he threw himself into it with energy. At first he was Deputy Director of Inland Waterways and Docks, and then he became successively Assistant Director-General of Movements and Railways, with the rank of colonel, Deputy Director-General of Movements and Railways with the rank of brigadier-general, and

RED MOUNTAIN

This mine, now producing gold bullion on a profit-making scale, has ore reserves sufficient to insure milling operations for several years. For this reason, and apart from the fact that further development promises a vast increase in ore tonnage, we are inclined to regard Boundary Red Mountain shares favorably at prevailing quotations.

Expert mining opinion confirms us in this belief and the shares have demonstrated the underlying worth by an advance of 26 per cent on the Vancouver Stock Exchange in four weeks.

Jack Johns of the Nickerson Company staff leaves tonight for the east en route to Lloyd George's native land where he will visit his old home and take a holiday.

Barrie's Grand Xmas. Drawing. First prize, Clifton; second prize, Dresser; third prize, Card Table. Every \$1.00 cash purchase entitles you to a chance on the three prizes. If

R. Beaumont, superintendent of Canadian National Steamships returned this morning after an absence of two months during which he was relieving Capt. Nicholson who has been away. Mr. Beaumont says there is no change in the service contemplated at present.

Give Dad A New Watch

Lots of men are still carrying around the old style large heavy watch when for a few dollars they might have an up-to-date thin model accurate time-keeper which would be proud to pull out of their pocket.

For \$25.00 we can show you a good reliable thin watch but we have lower and higher priced ones we will be glad to show you.

Whist Drive and Dance, under the auspices of the Ladies' Auxiliary, St. Andrew's Society for "Football Team," will be held in the Elk's Hall, on Friday evening at 8 p.m. sharp. Admission 50c. Everybody Welcome. 257

LORD SHAW ON IMMIGRATION

Tells English People of Canada's Need of People and Co-Operation

Canada's want in population, declares Lord Shaw, in an article in the Manchester Guardian, following his recent visit of this country. If one were to treat it as a logical proposition, one would say that that nine millions of people should be in the possession potentially of these enormous resources. It is impossible, and they, of course, most fully realise, to think that they are capable of entering into the task of development of this vast inheritance. Canada lies open in all these regions, and they are much wider than the middle States to which I have referred, to an influx of population which would receive and adopt with ease two millions of souls per annum for at least ten years to come. Not one of these immigrants, if industrious and under a wise administration, could fail to succeed in the ordinary sense of making a decent livelihood for men, women and children. Where is the population to be found? It cannot be all British; but for millions in Britain this fruitful land, in which people grow apparently so soon accustomed to winter rigour, would prove a veritable refuge to themselves and a strength to the nation and community.

Upon the whole, my impression is that Canada, receiving (and it ought, and Britain ought, to put the matter on no higher a scale) in its immigration fair and average samples of the population of these islands and mixing them with other communities, will within the next quarter of a century, rise to be a pioneer nation of a new world. In it the resources and gifts of nature shall have been utilised and developed by a population in which the best elements—including those of the culture of the mind and the spirit—will have been well developed, and that not for itself merely, but for the Empire at large and for the service of mankind. I say so after considering not alone those vast projects of land and water transport, which would demand cap-

aral, treatment but which for themselves strike the eye, but literary efforts which have been submitted to me, and educational schemes and religious projects, which show me that a people is in the making from which civilization may find that it can draw also a new spiritual strength.

NO SERIOUS TRICKS DURING HALLOWE'EN

No serious depredations characterized Halloween last night although there were childish pranks of an innocent nature all over the city.

The only complaint that was laid at the police station was to the effect that children had put telephone poles across McBride Street at the Third and Sixth Avenue corners. Sergeant McMillan says to the removal of these.

At the Auditorium where the hospital ball was in progress youngsters barricaded the doors for a few minutes with barrels and boxes and inconvenienced a few of the late arrivals.

LABOR ACTIVE IN POLITICS

Number of Women to Contest Seats; Are Well Organized

LONDON, Nov. 1.—The English Labor party will place in the field more than 450 candidates for the House of Commons, as compared with 361 candidates at the 1918 election, according to plans of the party leaders. The Labor leaders are elated over their successes in the last election and the increased number of votes which were forthcoming in many of the country districts of England. Some additional strength has been shown by Labor candidates in the bye-elections held in various constituencies since 1918, notably in city districts.

Preparations for the election have been elaborated, and practically every district in the country is well organized. In this organizing work the Labor federations and unions have been allowed a free hand, and it is largely on their efforts and strength that the structure for the campaign battles has been built.

2,400 Locals The National Association of Labor Agents has been training agents throughout the country, and hundreds of volunteer workers are qualifying for agency work. There are, at the present time, at least 2,400 local parties of one kind or another, and more than 800 women's sections in connection with these parties. The individual membership of the Labor Party, in addition to the affiliated unions and societies, includes 80,000 women.

Of the 75 Labor members in the present House of Commons, 71 will seek re-election, and candidates have been chosen to contest the remaining four seats. Ten women are numbered among the Labor candidates.

BRINGING UP FATHER

REVENUE CUTTER MOJAVE ADRIFT IN MID-PACIFIC

United States Government Boat Which Called Here Last Spring Was Out of Fuel

SAN FRANCISCO, Nov. 1.—The United States revenue cutter Mojave, which has been on a trip to the Orient with Assistant Secretary of Commerce Huston and other government officials aboard, was drifting at sea 800 miles west of Honolulu with its fuel supply depleted last week according to a wireless message received here. The message stated that "All are well; no danger." Secretary Huston was not aboard having left the Mojave at Manila to return on another vessel. She was subsequently picked up. The Mojave called at Prince Rupert last spring while en route for the Philippine Islands via Alaska and Japan. Secretary Huston was at that time aboard.

THROUGH TOURIST SLEEPING CARS GO TO THE SHIP'S SIDE

The Canadian National Railways announce that in order to make close and convenient connections with Fall and Christmas sailing from Montreal, St. John and Halifax for the Old Country, they will operate the following through Tourist Sleeping Cars from Edmonton to the ship's side without change.

Leaving Edmonton November 13 and 14, for s.s. "Canada" for Liverpool; s.s. "Antonia" to Plymouth and London; s.s. "Metagama" for Glasgow, all sailing from Montreal November 18.

Another car leaves Edmonton November 28, for s.s. "Regina" to Liverpool from Halifax, Dec. 3, and cars leave Edmonton December 5 and 6 for s.s. "Cassandra" to Glasgow and s.s. "Andania" to Liverpool December 11.

Cars leave Edmonton December 11 for s.s. "Canada" to Liverpool ex. Halifax December 16 and s.s. "Metagama" to Glasgow ex. St. John December 15.

BASKETBALL MEETING HELD LAST EVENING

Rules and Regulations Dealt with—Schedule to be Drawn up—Entries Not All In

The Prince Rupert Basketball Association held another meeting last night and adjourned until the fall of the chair.

The rules and regulations of last year were gone over and a few changes made most notable among which was probably the decision to eliminate the 30-day domicile requirement. All that will be necessary in future will be 48-hour registration.

Secretary James Mitchell was instructed to draw up the schedule of games for the season. Practices will start as soon as the executive can make arrangements.

Entries are not all in yet, the following being the line-ups of teams as they stood last night:

Senior League: Elks, Sons of Canada and Colts. Intermediate: Elks, Grotto, Knights of Columbus and Colts. Ladies: Adanacs and Maple Leafs.

PREPARATIONS BEING MADE AMATEUR HOCKEY

Bobbie Hewitson Writes of Prospects for Coming Season.

By Bobby Hewitson TORONTO, Nov. 1.—The cool tinge of fall air makes the thoughts of the fans turn to hockey—the greatest of winter pastimes. From their victories of last season St. Patrick's of Toronto hold the Stanley Cup and the Granites of the same city the Allan Cup. But this is another season and perhaps the "mugs" will find new resting places by next spring.

For one thing, the advantage is with the West, the reason being that the play-offs at the end of the season will be staged on the prairies and beyond it. When the Canadian Amateur Hockey Association last winter decided to make the Allan Cup competition "one year east and one year west" they did quite the proper thing. But one mistake was made. They should have made it operative in the east during the coming season. As it is now the pro and amateur titles will be decided in the

Writing to Jack Judge, Roi Barnes says that a portrait of the Sons of Canada baseball team, Prince Rupert Senior League Champions, is on exhibit in the window of Spalding Bros. athletic goods store on Hastings Street, Vancouver. Roi was called south several weeks ago on account of the serious illness of his mother who is still sinking.

The Grotto Athletic Club, which was organized this week, is taking a lead that has been made by various organizations in the past on more than one occasion. The objects are very worthy and, if carried out properly and carefully, should be of great value to those who take up the activities. Good management is the thing that is needed and it has been for lack of it that similar organizations in the past have died down.

An Edmonton baseball team has communicated with the Vancouver club with a view to playing a match or two there next summer. The Alberta Club has been accustomed to touring the prairie but next season they in-

When your stomach is upset

Take

Beecham's Pills

Sold everywhere in boxes 25c-40 pills 50c-90 pills

Beecham's Pills act as a splendid tonic to the digestive organs. They remove acidity and fermentation and excess of bile from the stomach and bowels and promote the secretion of the gastric juices. In thus correcting morbid conditions and stimulating the digestive processes Beecham's Pills naturally have an excellent effect upon the general health. If you have lost your appetite or are suffering from nausea, sick headache, constipation, or giddiness

FISH DINNER AT ST. REGIS

Alderman John Dybhavn Presides at Annual Event: Several Addresses Given

Several interesting addresses were given at the annual fish dinner celebrating Fish Day at the St. Regis cafe last evening. While the hospital dance interfered somewhat with the attendance, it was an imposing event and the speeches were informative.

John Dybhavn, president of the Fisheries Association, who presided, welcomed the guests. He said that for over 1000 years the fisheries of this continent had been in operation. Lief and Ericson had come to the continent and caught the finny denizens. Five hundred years later English, French, Spanish and Portuguese explorers reported that they saw numerous fishing craft on this coast.

The fisheries of Canada ranked third in the world being exceeded by only Britain and the United States. For ten years the average value of the catch had been \$10,000,000 and in the industry 70,000 people were employed. There was \$50,000,000 capital invested in the business, yet the fisheries were capable of enormous development. The banquet that night was to educate the people to the necessity of eating more fish.

Fred Stork

Fred Stork, M.P. said that in honoring the national fish day it was fit and proper that an event of this kind should take place at the premier fish port of Canada. The fisheries were the greatest and richest natural resource the country possessed. This was upward in the minds of the Government when it was decided to appoint a fish day.

Mr. Stork referred to the commission which had recently inquired into the fisheries. He said the commissioners had been impressed with the tremendous value of the industry and they felt it was still only in its infancy and capable of great development. They had recommended among other things that there be prospecting for fish, with a view to utilizing this fish. Much fish was at present wasted which might be utilized. The fertilizer plant at this city had recently been rehabilitated and he urged that all get behind it and try to make it a success. Dog fish were destroying more fish than any other enemies in the sea and it was recommended that a bonus of two and a half or three dollars a ton be placed on this fish to encourage its destruction. The industry would give employment to fishermen.

Mr. Stork referred to the duty on local halibut and said the matter was being taken up by the government. Canada had charged a duty of one per cent and the Americans had now gone them one better. This was the best fish town on the continent and he hoped to see the industry built up.

J. W. Nicholls

J. W. Nicholls spoke of the high taxes on the salmon fisheries. This would have to be rectified. While all industries had been the subject of legislation none had been so encumbered by laws as the fisheries. In connection with seining for salmon Mr. Nicholls showed that the total tax amounted to 37 cents a case. Part of this was taken by the Dominion and part by the Province in various forms. R. C. salmon had to compete with Siberian where there was a very low wage scale and with Alaskan where there were scarcely any taxes. If something was not done within four years the industry would have dwindled to small proportions.

Mr. Nicholl urged that Canada and the United States cooperate in making uniform regulations. The fish taken by residents from either side the line were the same, they were caught in the same way and the material used in the industry came from the same places. There was no reason why the regulations should not be uniform.

Steamers Here

Concluding Mr. Nicholls urged the desirability of loading the salmon and other products on steamers right in this port and shipping away direct. He had been almost successful this last summer in inducing a large

Serving You and Canada

While Life Insurance stands watch over your home to cover the mortgage; to provide a fund to care for your wife and educate your children if you should die, or to support yourself in your own old age if you live---it is aiding Canada's industrial and commercial prosperity.

The trust funds formed by the payment of your premiums are invested in Government and municipal securities to build schools, roads, drains and bridges; to provide hospitals and welfare institutions; to establish justice, law and order---as well as being invested in mortgages, agriculture, transportation, industrial and other enterprises that go to develop Canada and make it a better place in which to live.

"Life Insurance serves as it waits."

Buy life insurance for the service it will render you individually, and the national service will follow. Seek the services of the life insurance representative, and he will advise how your life's program can be carried out even in the event of your premature death.

SPOOK GIRL SUFFERS EXTREME HYSTERIA

Professor of Psychology Says She Is a Moron and Unstable

NEW YORK, Oct. 31. — (By Canadian Press.)—The report from Halifax that Mary Ellen, made famous last spring by the "spook" investigations at Antigonish, Nova Scotia, has been placed in an insane asylum, did not prove a surprise to Dr. Walter Franklin Pierce, President of the American Society for Psychological Research, who spent some time in Antigonish. Dr. Pierce regards this rather as a confirmation of his solution of the mystery.

However, he adds, Mary Ellen may not be insane in the proper sense of the term. Many asylums, he remarks, take cases of extreme hysteria and the like, because there are no proper institutions for treating such ailments.

After Dr. Pierce had spent three night in Mary Ellen's home last March, with a view to running down to their source the ghostly manifestations, he declared that Mary Ellen herself was responsible for them all.

Mary Ellen's case, says Dr. Pierce, is what he would call mental immaturity and nervous instability. She is intellectually inferior—what is called a "moron." In Antigonish, he says, they tell many ghostly tales. Probably Mary Ellen was much excited by these, and was afraid in the dark. Her hysteria was conceivably an "objectification" of the stories she had heard, and a reenactment of them by her in a sort of somnambulistic state.

And to cap all this, the notoriety which she gained was very bad for the girl.

TIMBER SALE X 4178.

Sealed tenders will be received by the Minister of Lands at Victoria, not later than noon on the 16th day of November, 1922, for the purchase of License X 4178, to cut 1,084,000 feet of Hemlock and Spruce, 24,800 lineal feet of Cedar Poles, 1,400 ties, and 424 cords of Shingle Bolts, situate on an area on the Skeena River, near Terrace, Range 5, Coast Land District.

Two (2) years will be allowed for removal of timber.
Further particulars of the Chief Forester, Victoria, B.C., or District Forester, Prince Rupert, B.C.

MAY BE REPUBLICAN PRESIDENT IN 1924

Beveridge also in the Running Should Harding Decide to Step Aside

WASHINGTON, Oct. 31.—By Canadian Press.—Governor Miller, of New York, is suddenly beginning to command national notice as the possible nominee of the republican party for President in 1924. If Governor Miller is re-elected and is able to conduct his administration of state affairs for the next year and a half successfully, there is every indication that a most formidable movement for his nomination for President will be organized. This will be the case especially if President Harding says he will not accept another term in the White House. It may be the case regardless of President Harding.

There is said to be some little opposition to President Harding in his own party and it is quite conceivable that if he seeks another nomination there will be a fight over it, while, if he drops out, and leaves the field wide open, there will be the hottest kind of a struggle. Signs are not wanting that the movement for Governor Miller, provided he is re-elected, will be pressed quite regardless of the plans of Mr. Harding.

Up to date, the Miller boom and the Beveridge boom for 1924 are the most conspicuous of the presidential movements, as far as the republican camp is concerned. Senator Pepper of Pennsylvania may develop a strong following, and there will be support for Johnson of California, Borah of Idaho, and former Senator Kenyon of Iowa.

PRINCE GEORGE

The Supreme Court Assizes opened here yesterday. Mr. Justice Murphy presiding. There are three criminal cases down for hearing: Rex vs. G. A. Ross, alias Baker, charged with false pretences under two counts; Rex vs. J. J. Barry, forgery in endorsing a check.

At a meeting held in the home of Mrs. Danell last week it was decided to form a British-Israel Society in Prince George. Fifteen persons were present.

The infant son of Mr. and Mrs. Arthur Leith passed away last Friday morning.

Chew Yig, Nick Korjalj and Velma Matthews, colored woman, have been charged with bootlegging. Chief of Police Carlow has started a clean-up campaign.

RUBBER BLOCKS FOR LONDON STREETS

LONDON, Nov. 1. — Streets paved with gold were a fiction in the days of Dick Whittington. London's first Lord Mayor, but streets paved with rubber are distinct possibilities of the near future.

A test is being made in St. Martin's Lane with rubber blocks instead of wood and asphalt, and although the former is far more expensive, it is hoped it will last 25 years as against 12 to 14 years for wood block paving.

STEWART
J. S. Brooks has arrived from Prince Rupert to take up a new position on the local Bank of Montreal staff. He was formerly at Prince Rupert and Terrace.

Archie Patterson, and W. G. Broad took the Dominion Civil Service examinations last week for the position of customs and excise officer. Henry Smith conducted the examinations.

Major C. B. North, formerly superintendent of the Dolly Varden mine at Alice Arm, has arrived here to take charge of the B.C. Silver succeeding H. L. Batten who has been appointed assistant superintendent of the Britannia mine near Vancouver.

Miss Harvey has arrived from the south to take charge of the school which has just been established at Premier.

VANDERHOOF

William Redmond and Isaac H. Jones, charged with the theft of a roan steer from John H. MacMillan, were found guilty last week before Judge Robertson, of Prince George. Redmond was fined \$100 or one year at Okalla and Jones \$100. Restitution was also ordered.

Four million salmon eggs arrived here last week enroute to Fort St. James where they will be transferred to Stuart Lake. Two million are for the hatchery and the remainder will be planted into the streams running into Stuart Lake.

Fred Whyte, of Ellsby, is on a business trip to Vancouver.

Mrs. Barry Hall, of Prince George, is spending a few days in town with her sister, Mrs. A. Nelson.

Gordon H. Gower, school inspector from Prince George, spent the most of last week in the district and inspected all the schools but two.

Mrs. M. McDonald left for Montreal last week. She was accompanied by her daughter, Mrs. W. Ross Stone, and nurse, Miss Williams.

The "W.Y.S." put up a Halloween concert on Monday night. It was a very successful entertainment. The proceeds are being divided between the Church and the Community Hall building fund.
