Free State forces are pressing the attack on Hauman's Hotel where De Valera is believed to be holding out, following his flight from the Gresham Hotel.

### FREIGHT CUT IS ANNOUNCED

Differential Against British Columbia is Sliced in Two by Board

OTTAWA, July 3.—The differential between Pacific points and eastern points in freight rates has been cut in half. Formerly the British Columbia rates were such that a ton of goods from this section being charged the same as one and a half on the prairies. Now this difference has been cut so that a mile of B.C. railway is counted the same as a mile and a quarter eastward, in the fixing of rates. This applies up to 750 miles after which the prairie standard of 25 mile differences are to be added.

### FOREST FIRES ARE RAGING IN THE INTERIOR

Forest fires are still raging in the interior and E. C. Manning, district forester, left on Saturday night's train with 20 fire fighters for Hazelton where the situation has become serious.

Arrivals from Terrace on last night's train tell of fires burning in all directions there. At night the hills and mountains are all lit and the scene, though rather terrifying, is a remarkable one. No damage to the town is reported although it was necessary on Friday night to remove a powder magazine, containing 300 cases of dynamite, from the south side of the town.

### Citizens Join with Sons of Canada Celebrating First

In spite of the fact that the weatherman was not showing any favors on Saturday and the day was a threatening one and very little, if any, sunshine prevailed, there was happily little rain and the Sons of Canada Dominion Day celebration proved successful both financially and from a sporting standpoint. From the time the children's parade started at 9:30 in the morning until the lacrosse game ended shortly after 8 in the evening there was something moving on the program all the time, and well over 1,000 people must have visited the Acropolis Ground, the centre of activities, in the course of the day.

### TWO STEAMERS TO GO SOUTH

Owing to the fact that the steamer Prince George is booked to capacity for July 6 the steamer Prince John has been put into service to take care of additional travel on that date.

### AVIATOR PREST IS AT JUNEAU

JUNEAU, July 2.—Aviator Clarence O. Prest, who is flying from New York to Siberia, arrived here on the steamer Alameda with his Curtis airplane, Polar Bear II, on Friday evening and was to have taken off from here for Skagway today on his way to Nome and Siberia.

Aviator Prest will fly from Nome to Point Barrow, if arrangements can be made to get oil between the two points. At Point Barrow he will bid farewell to Captain Roald Amundsen, the Arctic explorer, who has promised him a supply of oil for his return if he makes Point Barrow.

Mr. Prest stated that he did not expect to fly back to the States this fall with the Polar Bear II, but that he would leave the machine at Nome leaving that place for the south about the end of September.

Permission to land in Canada en route north was denied Mr. Prest, so he was compelled to ship his machine from Seattle to Alaska.

### NAAS BEATING EXPECTATIONS

Inspector of Fisheries Returns From Trip With an Excellent Report on Salmon Run.

The run of salmon on the Naas River is far exceeding expectations and is a great deal better than seen for several years reports A. Mackie, acting inspector of fisheries for District No. 2 who returned at the end of the week from a trip of inspection of the Naas River. The average for the week-end was 35 to 40 a boat and the highest was 150 brought in by one boat to Arrandale Cannery. Practically all the fish that is being taken is sockeye and very few hump, chums or cohoes have yet made an appearance. A clean run like this is generally taken as an indication of a good sockeye run. Mr. Mackie states that there has been some three or four times as much salmon taken on the Naas this year as at a similar date last season. Five canneries out of six on the river are operating, namely Arrandale, Mill Bay, Naas Harbor, Somerville and Wales Island. Kumeon cannery is not packing. Weather conditions have been ideal lately and if they continue a record catch is looked for.

#### Alaskan Cannery.

The Alaskan cannery at Hidden Inlet on Pierce Canal north of Wales Island has been rebuilt after having been destroyed by fire two years ago and will be operating again by the beginning of next week. This is the only American cannery on Portland Inlet and it gets a big percentage of its fish from the American traps north of Dixon's Entrance between Cape Fox and Pierce Canal. Boats sailing in American waters as far as Cape Fox also bring salmon to this cannery. Mr. Mackie visited the plant while on his trip last week. The Dominion Fisheries office reports that, although signs of improvement and a good run is looked for, the average at the past week-end was about 12 fish to the boat.

### DANCE ON FRIDAY NIGHT ENJOYABLE

Proved Fitting Preliminary to Sons of Canada Dominion Day Celebration

The dance given on Friday evening in the Auditorium under the joint auspices of the Sons of Canada and Adair Carss Chapter,

Imperial Order Daughters of the Empire, proved a fitting and enjoyable preliminary to the Dominion Day celebration and was attended by some 100 couples.

W. S. Fisher was master of ceremonies and G. D. Balsdon and H. Curtis presided at the door. Music was provided by the Westholme Orchestra and dancing was kept up until about 3 o'clock in the morning.

The Adair Carss Chapter ladies were in charge of refreshments and Mrs. Carrall was caterer.

### ALASKA FLYER EXPECTED HERE

Aviator Jones, Seattle for Ketchikan, Will Pass Over and Possibly Stop Here

SEATTLE, July 3. — Roy E. Jones, aviator, employed by the United States Bureau of Fisheries to patrol the waters of southeastern Alaska, is to enter his duties in the north on July 15 and will fly from this place to Ketchikan before that date. His intention is to make stops en route north at Vancouver, Nanaimo and Swanson Bay and possibly at Prince Rupert which place it is expected he will pass over, in any case with his seaplane.

Aviator Jones plans to make the trip from Seattle to Ketchikan, 800 miles, in nine hours. His flying boat is engine with a 180 horse-power engine replacing the regulation 100 horse-power motor.

A flight from Seattle to Ketchikan has never yet been accomplished, but it is thought that Jones will have no difficulty in doing it. He will use the seaplane in locating pinnacle rocks along the Alaska coast for the United States geodetic survey with which he has been connected for a number of years.

## Dunlop Double-Life, High-Mileage Cord and Fabric Tires Will Save You More Money Than Ever

Compared to a few years ago tire users are getting easily double—and even more than double—the mileage in the tires of to-day.

Ten, twelve and fifteen thousand miles are just average mileages to-day. And the records on the road show that Dunlop Cord Tires and Dunlop Fabric Tires are even exceeding these mileages.

With Dunlop big mileage you have rock-bottom prices and paramount tire quality—tire quality that is accepted as standard to-day, and which other makers are vainly striving to duplicate.

When you can get a tire with prestige back of it like DUNLOP, and with practically an unlimited guarantee, why chance your life on a second-rate tire at any price?

In Dunlop Cord Tires you have "Traction" and "Ribbed" to choose from.

In Dunlop Fabric Tires you have "Traction," "Ribbed," "Special," "Clipper," "Plain."

Motion picture producers who are always featuring pretty girls and are overlooking the choice of many men are forgetful of human nature and are likely to lose out. Men always like to see a pretty girl either on the street or at the theatre and women like to see a handsome man. As women are just as good patrons of the movies as men, perhaps better, the right kind of men as heroes are just as important as the right kind of heroines.

The question of censorship is still worrying movie people in some of the states of the union. Some censors, especially women who are beyond the attractive age, are very severe with the scissors, and the result that the best part of the pictures is eliminated. The censorship fight is on but who will win is impossible to tell.

German films are to be shown in Britain. The English lines are now being written for them and they will be ready soon.

The Goldwyn people have acquired the rights to produce Ben Hur. This play lends itself to a wonderful dramatic display. The picture rights were purchased a year ago and the price was said to be close to a million dollars. A. L. Erlanger, who has held them is still interested in the production.

**FIRST LACROSSE GAME PLAYED IN PRINCE RUPERT**

Surprisingly Good Exhibition of Canada's National Game—  
S. O. C., 6; Elks, 4.

The Sons of Canada added another laurel to their crown of athletics when, captained by Ben Crosssett, they defeated the Elks' team, under Captain Harry Lipssett, by a score of 6 to 4 on Saturday evening in the first lacrosse game ever played in Prince Rupert. The exhibition was a surprisingly good one and both sides presented several excellent players. Especially did the players put up a good show in their aptitude at short passing and checking, a feature that is not often seen to any extent in new teams. The two aggregations were well matched and the game was, perhaps, the tit-bit of the day's sporting events although, on account of the drizzling rain, there were not as many in attendance as there might have been otherwise.

**Mayor Faced Off.**

Mayor Rochester faced off the first ball and the teams immediately went to it. To the Sons of Canada side went the honor of scoring the first goal. The Elks came back with an equalizer and another and then the Sons made their second, the score at the end of the first period being 2 all.

The play in this quarter was pretty well in the Sons' end and that team made the most tries.

In the second period things livened up. The Elks scored and then the Sons. Two more goals came in the same succession and the score at the end was again even, 4 all. Play was also pretty even and went backward and forward all the time.

Passing and checking in the third period was better than ever and in this quarter Crosssett's boys were successful in slipping in the two winning tallies.

For the Sons' Chambers, Menzies and Crosssett proved the most active scorers while Alex Saint played a strong defence game. Art Easson proved the most effective man in the Elks' forward line while Lance Styles showed veteran form in the rear.

**Sprawled on Ground.**

The match was not without its fruitful features. Charley Blythe, in the second, lost his stick but not the ball. Whether by accident or intent when the referee's whistle blew he was sprawled on the ground with the sphere beneath him. Charley Sunberg's bat, in the last period, saved a counter for the Elks. Fortunately the head gear was of the soft slouch variety which was hit by the ball in hot career. The hat flew off on the ground and the ball safely over and behind the net. Harry Lipssett, in goal, also came face to face with a speedy one which he stopped by cannoning it into the net. George Shaw showed himself at least an earnest player or when he made things hot with a good deal of banging and slashing against Mill Gonzales' stick in the vicinity of the Canadian goal.

George D. Tite, an old and expert player himself, made a very efficient and generous referee and, although not acting covertly gave fairplay and satisfaction to all. Joe Scott, Jr., and Peter Borsvik were goal keepers and John Bulger timekeeper.

The teams lined up, ten men a side, as follows:

Sons of Canada—Sunberg, goal; Saint, point; Shaw, c. point; Chambers, 1st. defence; Mansell, 2nd defence; H. Menzies, centre; Scott 1st home; Blythe, 2nd home; LaCasse, home; Crosssett, outside.

Elks—Lipssett, goal; McAuley, point; Styles, c. point; D. Brown, 1st defence; Wigglesworth, 2nd defence; Easson, centre; Mitchell, home; Gray, inside home; Gonzales, outside.

**Banquet Follows.**

Following the game there was a love feast given by Captains Lipssett and Crosssett in the St. Regis Cafe. There were 29 persons present including players,

officials and members of the press. A splendid chicken dinner, with all the appetizing side dishes, was served up and speeches were made by George Tite, Ben Crosssett and S. M. Newton. Harry Lipssett occupied the seat at the head of the long table and presided. The speeches all indicated great satisfaction at the excellent start that the Canadian national game had been given in the first game and there was unanimous resolve that it was to be only the first of many more and that the Intermediates and Juniors were not to be forgotten. Ben Crosssett announced that playing equipment would be on hand for an Intermediate League by the beginning of next spring and, in the meantime, the Seniors would have more meetings. A tentative arrangement was made to have another game this week.

The banquet closed with the singing of the National Anthem.

**DOMINION DAY SOCCER FINAL ENDED IN ROW**

Sons of Canada Disagreed with Decision and Referee Mercer Walked off Field—  
Score 2-2.

The Dominion Day cup final soccer game between the Sons of Canada and the Callies ended rather abruptly on Saturday afternoon following a dispute between the Sons of Canada and Referee Bob Mercer which resulted in the latter withdrawing from the game which was thus called a few minutes before the time was up for the second half with the score standing 2 all. The argument followed the taking of a penalty kick by the Sons which they maintained had scored despite the referee's decision. On the decision being made they announced their intention of protesting and Mercer walked off. In the meantime the settlement of the holding of the cup for the year is held up and the whole matter will have to come up before the board of control of the football association.

**Crowd of Fans.**

The game was witnessed by a large crowd of fans and was a quiet one. Play was pretty well divided and the Callies made a better show than many expected. All four goals were scored in the first half. The Sons showed some flashes of pretty combination but the Scots were able on most occasions to break this up.

The Sons had the advantage of the grade for the first half but the ball at the opening was kept pretty well in the Callies' end of the field. The Sons scored by a long clean shot from Anderson on about their first breakaway. Shortly after the ball went in play again, George Abbott took a free kick and Howard Frizzell, the Sons' goalie, handled the ball into his own goal and the Callies equalized. The Scottish stock went up a few minutes later when W. Murray tested Frizzell with a hot one from centre which he failed to save though he made a brave slide. The second Canadian goal was scored as the result of a pretty run down the field by Warren, who crossed to S. Marks who placed it well past Martin. The Sons nearly scored their third just before half time from a corner by W. Davies which was diverted by hitting the post.

**Wrenched Knee.**

Shortly after the opening of the second half, J. Kilday, of the Callies, came into contact with Jimmy Mitchell and fell, giving his knee a wrench, which necessitated his withdrawing from the game and put the side under the handicap of playing a man short. The game slowed up for quite a time following this although Frizzell and Martin were both tested and managed to save. The play suddenly livened up, however, and things centred for a minute or so in front of Howard Frizzell who was given a couple of sizzlers in quick succession which he was successful in saving.

Then quickly play went to the opposite end and the Sons were awarded a free kick, taken by Davis, the result of which was the cause of the game breaking up so suddenly.

The teams were as follows:

Sons of Canada—Frizzell; V. Menzies, and H. Menzies; W. G. Anderson, W. Davis and J. Mitchell; H. B. Scott, S. Marks, J.

**WHITE SOX BEAT TINY TIMS BASE BALL SATURDAY**

The Junior Baseball game which opened the Dominion Day celebration on Saturday morning was won by the White Sox over the Tiny Tims by a score of 4 to 2. The match lasted for five innings. P. Laporte was umpire and the teams were:

White Sox—D. Frizzell, pitcher; Nickerson, catcher; Wendell, T. Tite, Sins, A. Shoekley, R. Jacobson, M. Chenski, and Stewart.  
Tiny Tims—J. Kelly, pitcher; B. Lundquist, catcher; J. Kask, G. Bulzer, S. Anderson, M. Boudonch, F. Kergin, W. Kergin and H. Hibbard.

**BASEBALL WAS NOT GOOD GAME**

Sons of Canada Won by 15 to 10 But Errors Were Rife.

The Sons of Canada showed superiority over the Elks in every department of the Dominion Day baseball game on Saturday afternoon which they won by a score of 15 to 10. The match though watched with interest by a large crowd of fans, was a poor exhibition and as is usual with a game where a large number of runs are piled up, many were unearned and errors were rife. The Elks only excelling here, though the Sons, on some occasions, made blunders. C. N. Eady pitched better ball for the Sons than H. Frizzell did for the Elks, although, in justice to the latter, it must be said he was accorded poor support which had it been forthcoming, might have altered the complexion of things.

The Elks went first to bat and scored two runs, Fleming having got to first and Easson being walked. After two men were down, O. P. Smith came through with a healthy two sacker which brought the runners both in. C. Dickenson following was put out at first.

The Sons only got one man to bases in the first, Farquhar having been hit by the pitcher.

In the second, the Elks got Grizzell and Shaw in by Easson's two bagger, who later came in himself and scored another two. Hugh Scott made the first run for the Sons in this inning.

Started Merry-go-Round.

In the third inning, three Elk batters went down in quick succession, two being put out and the other fanning. The Sons, in their half, however, started a merry-go-round and made three good hits, including a homer by Vic Menzies. No less than six men crossed the home plate. The score was then 7 to 4 for the Sons and it was easy sailing for them, thereafter.

The Elks were again easily put down in the fourth while the Sons added three more to the list. The Elks made two in the fifth and three in the sixth and three in the eighth and the game closed after the first half of the ninth with the score 15 to 10 for the Sons. Hugh Scott, for the Sons made a run in every inning he came up to bat, namely four. N. Sloan made four runs and would have had a similar record to Scott had he not been caught between second and third and a ball batted by Eady and fielded by Deleourt, Eady being allowed his base at Sloan's expense.

E. A. Donohoe was umpire of balls and strikes and R. Moore officiated on the side lines.

**The Teams.**

The teams were:

Sons of Canada—J. Farquhar, 3b; H. Menzies, 2b; H. Curtis, c; W. G. Anderson, ss; V. Menzies, 1b; H. Scott, cf; W. Robertson, lf; N. Sloan, rf; C. N. Sady, p.

**GIL'S INTERMEDIATES SPLIT DOUBLE-HEADER BASEBALL AT TERRACE**

Local Team and Party of Fans, Numbering About 30, Had Great Time

Fred Gilhuly took his Intermediate baseball team to Terrace for Dominion Day where they met the strawberry team. The first game played in the afternoon resulted in victory for the Terrace boys by a score of 13 to 11. In the evening the local team got

revenge by 7 to 5. The afternoon game went the full nine innings and the evening six. W. Montgomery pitched for Gil's in the first game and Harry Astoria, the second, J. Hamilton catching both. About thirty persons, including the team, made the trip and they have nothing but good to say of the reception they received and the treatment they were given while at Terrace. There were dances for them in Progress Hall both on Friday and Saturday evenings. The party went up Friday night and returned last evening.

## ASK HOME RULE FOR SCOTLAND

Matter Discussed in British House of Commons but Dropped.

LONDON, July 3.—Some Scotsmen in the House of Commons, want Home Rule for Scotland and intimate that there may be "trouble" in Scotland soon if Scotland doesn't get it. They got an opportunity to say what they thought about it the other day when the "Government of Scotland bill" was unexpectedly introduced. So also did some of its opponents who were very strongly of the opinion that it was not wanted.

#### Not Separation.

Alexander Shaw, a Scots member, proested that there was no desire for anything like separation in Scotland. Under the bill the Scottish representation in the Imperial Parliament would remain unchanged, but one legislative body would be set up in Scotland to deal with its local affairs.

Sir Donald McLean the staunch anti-secessionist Scots Liberal, gave the bill his blessing. He alluded to the land hunger in Scotland and told how it had led to the seizure of land there since the war. If they had had a Scotch legislature the land question he declared, would have been settled long ago. At the next election every candidate for a Scottish constituency would have to support the principle of home rule for Scotland. It would give England a better chance to attend to her own legislative business properly.

#### Keen Scotsmen Out.

Colonel John Ward, who entered Parliament as a navy and was promptly acclaimed the handsomest man in the House, humorously put the British case. He said he would support the bill if it would keep Scotsmen out of the best posts in England and induce them to stick to their own business at home.

Dr. Murray, a representative of the Western Isles, darkly suggested that the House should pass the bill while Scotland was yet calm, and not wait to be coerced into doing so by the burning of sundry ancient castles of Scotland. The bill was finally "talked out" while there were still a lot of members anxious to air their views about it. The hope was expressed that an opportunity might be soon afforded for really testing the feeling of the House concerning the matter.

## CHANGES TAKE PLACE IN GREAT BRITAIN

Correspondent of Daily News Writes Interestingly of Things in Old Land.

LONDON, July 3.—It is surprising that in travelling throughout England one hardly ever meets a horse except on the land. Motor traffic has become so common that the roads are objectionable to pedestrians. The small type of car has become very popular on account of the small cost of maintenance and the moderate first cost.

The char-a-banc also has come to stay. They do quite a business in evening drive into the country and are as a rule well patronized. Owing to distressing labor troubles the number have been lessened somewhat, but as soon as these are settled, business will become normal and people will again patronize to the full the motor vehicles.

Strikes and Lockouts. The strikes and lockouts are proving very disastrous. The unions have paid away their funds and some of them have run into debt, while the members have been running up bills at local grocers and co-operative stores. These it will take a long time to pay off. The men will have to go back to work on terms which they could have had without any strikes.

The younger headstrong among the strikers seem to be at the bottom of the trouble while the leaders have not dared to lead. War time conditions are gradually being left behind but the real trouble to let go is hard, especially to those who know little of economics. While the outlook for employment does not seem very bright, it is expected that there will be a steady improvement in the autumn and by Christmas the worst should be over.
