## Michael Collins Has Narrow Escape HOTEL IN JAPAN WHERE PRINCE OF WALES STAYING IS BURNED

### Man and Dog Perish In Remote Trapper's Cabin North Stewart

Lying flat upon his back in his bunk with the blankets covering his head and his dog nestled under his arm against his side, the body of James Holden, a Stewart trapper, was found on March 23, by Godfrey Anderson, another trapper, in a lonely cabin in the Bowser Lake trapping grounds in the wilderness northeast of Stewart. Both bodies were frozen solid and death had occurred some time between February 10 and March 27. Advice telling of the death was given to Constable J. P. Scarlett last Friday by Anderson on his return from Bowser Lake and all details available at the present time were transmitted to A. G. Minty, provincial police chief, this morning by Harry Seovil, road foreman at Stewart.

### MADE TELLER OPEN SAFE IN BANK AT NIGHT

Masked Robbers at Invermay, Saskatchewan, Stole \$4,000 Which Was Recovered.

INVERMAY, April 17.—The teller of the Royal Bank named Ulrich when passing the bank on Saturday at midnight entered to investigate suspicious appearances. Three masked bandits surrounded him, fired a bullet into his leg and forced Ulrich to open the safe. They then decamped with \$4,000 which was later found intact in the bushes nearby.

The men have not yet been arrested.

### MARKING TIME AT CONFERENCE

GENOA, April 17.—Easter Monday found the Economic Conference marking time waiting for the Russian delegates to define their attitude toward the proposals for the resumption of friendly relations between Russia and the rest of Europe.

Tchitcherin, head of the Russian delegation, telegraphed to Moscow for instructions. It was pointed out today that if the broad lines of a Russian settlement could be informally agreed upon by the leaders by the end of the week, then the conference would have accomplished the greatest object for which it was called, namely a practical arrangement with Russia.

### ASIATICS MUST HAVE \$250 IN CASH BEFORE LANDING THIS COUNTRY

OTTAWA, April 17.—A new regulation of the Immigration department prohibits Asiatic immigrants without \$250 in cash excepting those coming from nations having special treaty with Canada.

### EVERYTHING REMAINS QUIET IN IRELAND

LONDON, April 17.—Easter Monday was looked forward to with little trepidation by the citizens of Dublin. Various reports to the newspapers indicate that there was nothing in the reports to justify the assumption that the day would bring such an explosion as the rebellion of 1916. Outward life continues normal.

Anderson's Story  
According to Anderson's story he left Stewart on August 4th, 1921, and arrived at the trapping ground about the middle of the same month. James Holden came into the country about the same time and put up a camp about ten miles south of his camp at Bowser Lake. The last time he had seen deceased alive was on December 10 when he had visited his camp. Holden was then in good health and spirits. Between February 10 and March 3, while Anderson was away from his camp deceased evidently had visited his cabin and took a little tobacco, his tracks being plainly evident. On March 3, it began to snow heavily and quite three feet fell.

On March 23 Anderson went to call on Holden at his cabin and when he got near he noticed that no man's tracks were visible and he concluded that Holden had left before the heavy snowfall of March 3. He later noticed however that deceased snowshoes and pack saddle were hanging on the outside wall of the cabin. He then suspected that all was not right and, on opening the flap of the tent, made the discovery.

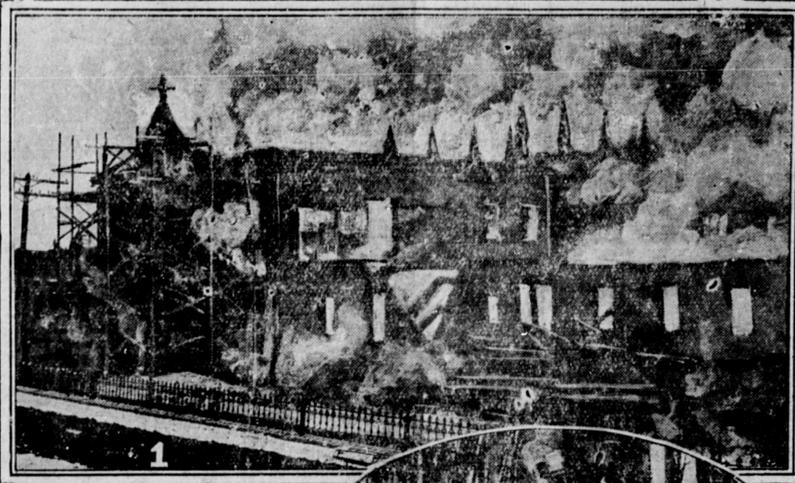

Frozen to Death  
There was food in the cabin and it is believed by Anderson that Holden became sick and, unable to move, was frozen to death. The dog was evidently alive some time after his master for tracks of the animal could be seen outside. Holden and Anderson were the only men in the country. Efforts to ascertain names and address of relatives of the deceased have met with little success so far. A brother of the deceased, it is reported, visited Stewart with the Vancouver and Victoria board of Trade excursion last summer. Whether this brother lives in Vancouver or Victoria has not, as yet, been definitely ascertained.

Anderson's Story  
According to Anderson's story he left Stewart on August 4th, 1921, and arrived at the trapping ground about the middle of the same month. James Holden came into the country about the same time and put up a camp about ten miles south of his camp at Bowser Lake. ONLY GAUNT RUINS LEFT OF FAR FAMED SHRINE IN QUERFEC.

Gaunt, blackened ruins alone remain of the majestic cathedral, sacristy, monastery and college at the far-famed shrine of Saint Anne de Beaupre, following the fire which swept through the buildings, entailing a loss of \$1,200,000. The miraculous statue of Ste. Anne, known as the Shrine, was saved. It was at the foot of this statue that the pilgrims knelt and venerated the relic, and when cured left their crutches. All the relics that were saved was through the heroism of the Redemptorist Fathers. Picture No. 1 shows all that is left of the monastery of the Redemptorist Fathers, to the rear of the Basilica. The fire started in the

sacristy, between the church and the monastery, and spread both ways. Photograph No. 2 shows the statues rescued from the flames, including the one of Saint Anne, deposited in the snow

### Attempt to Assassinate Head of Irish Free State by Band With Rifles Who Opened Fire

#### HEAR REPORTS AT LUNCHEON

Board of Trade to Entertain New Attorney-General and Other Delegates.

A luncheon has been arranged by the Board of Trade for tomorrow at one o'clock in the St. Regis Cafe for the purpose of hearing reports from Hon. A. M. Manson, attorney-general, and the other delegates who represented the Board at Ottawa recently in an endeavor to secure for the city the developments which were originally contemplated under the scheme for building the railway to this port.

Mr. Manson was the official delegate of the city and also along with several others was the accredited delegate of the Board of Trade.

DUBLIN, April 17.—An attempt on the life of Michael Collins, head of the provisional Free State Government, was made shortly after midnight this morning, coming almost simultaneously with the assault on Beggar's Bush, headquarters of the Irish Republican army, says official army statement.

Collins was on his way home after addressing a meeting at Naas, County Kildare, when a group of men, some armed with rifles, rushed at Collins' car and opened fire. The fire was quickly returned and one of the attackers captured, a revolver and bomb being found on him.

#### TOURNAMENT FOR AMATEUR BOXERS AT BOSTON TODAY

BOSTON, April 17.—Amateur boxers of low and high degree representative of Canada and the United States are ready today for the national championship. Up to the scales at Boston went entrants in eight classes this year. The championship tournament never has had such a wide range

of entries. Montreal, Toronto, St. John, and other Canadian cities are represented.

#### HJALMAR SCHULSTAD DIED OCEAN FALLS FROM APPENDICITIS

Was One of the Schulstads of Hagensburg Where His Father Now Lives.

OCEAN FALLS, April 17.—Hjalmar Schulstad passed away at the general hospital here on Saturday from appendicitis. He is survived by a widow and one child.

Mr. Schulstad was employed in the local store. His father is a resident of Hagensburg and a brother F. Schulstad is a paper maker at Powell River.

#### JAPAN WITHDRAWS

No Longer a Delegate at Darien Conference with Chita Government.

TOKIO, April 17.—Japan instructed her delegates to withdraw from the Darien conference with Government at Chita.

### Russia Signs Treaty With Germany and Establishes Full Diplomatic Relations

GENOA, April 17.—A treaty between Germany and Russia was signed at Rapallo on Sunday, the signers being the foreign ministers of the two countries.

The treaty nullifies the Brest-Litovsk treaty and re-establishes full diplomatic relations between the two countries on an equality basis. The treaty also mutually cancels all war claims as well as the claims arising from the nationalization of property.

GENOA, April 17.—Premier Facta of Italy, as president of the Economic Conference issued a sudden summons this afternoon to the conference heads now at Genoa, inviting them to meet at once. It is believed that one reason for the calling of the meeting is the announcement of the signing of a Russo-German treaty. It was announced officially that the object of the meeting was to adjust by consultation the attitude of the allies toward the Russian question.

### IRELAND QUIET DURING EASTER

Wild Rumors of Impending Trouble Ended in Rumors.

MEETING AT SLIGO.

BELFAST, April 17.—Notwithstanding wild rumors of impending trouble, not a single casualty was reported in Belfast on Sunday. There were many holdups in which armed men secured big sums of booty.

There was complete quiet along the border at the week end and Arthur Griffiths went boldly to Sligo and addressed a meeting there and was given a big reception.

It is reported that two men were killed in Sligo on Sunday during quarrelling in the streets. A man was arrested in Dublin at midnight charged with having fired on Collins and party when arriving in that city.

### MAN FELL UNDER TRAIN PACIFIC

Charles Peterson Loses One Leg and Has Other Injured—In Hazelton Hospital.

Attempting apparently to steal a ride on an eastbound Canadian National time freight pulling out of Pacific station early Saturday morning, Charles Peterson, believed by officials to be a tramp, fell beneath the trucks after the wheels of one or more of the cars had passed over him. He was taken on the same train to the Hazelton Hospital where, by last reports, his condition was critical.

The train was just pulling out of Pacific when the accident occurred. It was dark and no one saw the man until after the accident had occurred. He was not a railway employee and was apparently known by nobody in the neighborhood.

### THREE CHILDREN DEAD AND MOTHER IS DYING RESULT OF TRURO FIRE

TRURO, N. S., April 17.—Three children were burned to death here this morning and the mother Mrs. T. Harrington, is dying from burns received in the fire which destroyed their home.

H. W. Chambers and Mrs. W. Elder, Inverness; A. W. Carter, Oceanic; James Lamb, Cassiar, and R. G. Cunningham, Port Essington, were among the Skeena River arrivals in the city over the week-end.

Mrs. S. Alger and family, of Pacific, arrived in the city on last night's train.

### BOARD of TRADE LUNCHEON

A luncheon is being held  
Tuesday, April 18;  
at 1 p. m. at the  
St. Regis Cafe

Under the auspices of the Board of Trade for the purpose of receiving reports from the delegates to Ottawa.

Tickets are on sale at Philpott & Eviit's office or at Ormes Drug Store.

DAILY EDITION

Monday, April 17, 1922.

Done Good Work At Ottawa.

The delegates from this city seem to have done good work at Ottawa. They brought nothing home on a platter and that was not to be expected. Even if they had definite information there may be reasons for not disseminating it too freely.

It will not take very much to satisfy Prince Rupert. If we can secure the erection of coal bunkers, the building of an elevator and the establishment of an assembly dock for the shipment of lumber, as well as the daily train service, lower freight rates and the development of continuous use of the shipyard and dry-dock we can then get busy and agitate for other things.

In the summer the ministers are expected to visit this city and they will inspect the port with a view to such improvements as they may consider necessary. We shall then have an opportunity to back up the work of our delegates and urge as strongly as we know how the establishment of this port.

Government Interested Financially Here.

The Government is interested here financially. The railway is owned by the Government, the waterfront and port facilities are theirs, part of the townsite is theirs, the vessels operating out of here are mostly theirs. The planning of the railway and its building was the work of their predecessors.

Recognition of Archdeacon Rix.

The announcement of the recognition by the Bishop of the services to the community of Rev. G. A. Rix, rector of St. Andrew's pro-cathedral in this city, by making him Archdeacon of Prince Rupert as well as Canon, is one that will be appreciated by the members of his congregation and the people of the city generally.

Archdeacon Rix is a hard worker, an able exponent of Biblical truths and intensely keen on everything which is for the betterment of the city. During his nine years here he has helped to lay the foundation of the city in righteousness and it is to be hoped he will be enabled to see the structure grow and expand along similar lines.

The work of Canon Rushbrook on the coast is done so quietly that it is often almost forgotten. None knows better than the Bishop of the diocese the excellent work being done with the launch Northern Cross and the recognition of the value of that work by the Archbishop is an indication of his ability to recognize and give credit for real service.

Terrace Oil Shale May Be Indication.

While it is much too early to begin getting enthusiastic over the oil prospects at Terrace, the finding of oil shale only four hundred feet from the surface is an indication that there may be the real thing beneath. Possibly other oil shales will be pierced by the diamond drill as it goes down, but whether there is oil or not will be decided only by further boring.

"FRUIT-A-TIVES" SAVED HER LIFE

This Fruit Medicine Always Gives Relief

917 DORIOS ST., MONTREAL. I suffered terribly with Dyspepsia. I had it for years and all the medicines I took did not do me any good. I read something about "Fruit-a-tives" being good for all Stomach Trouble and Disorders of Digestion, so I tried them. After finishing a few boxes, I was entirely relieved of the Dyspepsia and my general health was restored; and I am writing to tell you that I owe my life to "Fruit-a-tives". Mlle. ANTOINETTE BOUCHER. 50c a box, 6 for \$2.50, trial size 25c. At dealers or sent post-paid by Fruit-a-tives Limited, Ottawa.

SUITCASES TRUNKS CLUB BAGS Large Stock on hand. Prices very low. J. F. MAGUIRE Next the Prince-Rupert Hotel

The Man in the Moon SAYS:-

SOMETHING ought to be done about it. We're all agreed about that but what to do is the problem.

THE thing that does not get you anywhere in this country is sitting down and just hoping.

I HOPE someone will die and leave me half a million dollars but I know he won't.

ANOTHER thing that does not get you very far is asking for a check by return mail and for the amount to include the discount.

SITTING around the fire, one member of the company said he eschewed meat. Another remarked that he always used tender meat so did not need to eschew it.

HERE is Cornelius Vanderbilt, Jr. establishing a newspaper syndicate all his own. What I can't understand is how a man can go into newspaper work if he does not have to.

TO me it is like getting up in the morning. I get up only because I have to work or because I am hungry.

SOME politicians become as popular as the waiter who grabs your plate before you have finished.

A CORRESPONDENT says she does not know what to do with her husband. Neither do I. The most sensible thing would seem to be to kill him. He probably deserves it.

JUDGING by the way they act you would think some of the people in this city had been taking nerve pills.

DEAFNESS is sometimes almost as useful as a keen sense of hearing.

THE meanest looking man in town is the one who goes sneaking down the street with a grip trying to look as if there was nothing in it but clothes.

There may be reasonable objections to women smoking but it is far preferable to chewing the rag.

PROFITS COMMENSURATE.

Lady—I should think you'd be ashamed to lead such an idle and unprofitable life.

Frayed Phil (as he tackled a good handout)—Idle it may be, mum, but considerin' de capital invested, de profits is purty good. —Boston Transcript.

AS IT WERE "Willie!" asked the pretty teacher, "what the plural of man?" "Men," answered the small pupil. "And the plural of child?" "Twins."—The Crescent.

ATTORNEY-GENERAL AWAKENS VICTORIA

Objection Taken to Early Morning Viewing of Film by Movie Man.

A special despatch to the Vancouver World sheds an interesting light on the new life being put into the conduct of the office of the Attorney-General at Victoria.

Which is the more valuable, the time of the Attorney-general or that of a moving picture operator?

This was the poser which a Vancouver movie manager had to answer on Monday afternoon, and which accounts for the fact that Attorney-General Manson was an attendant at 8.30 this morning at a private moving picture show at a leading Victoria picture house this morning.

It happened in this wise. The staff of the moving picture censor's office had cut out a whole lot of fight scenes in a film to be shown in Vancouver. Great indignation at the theatre office. Hot wires to Victoria making a protest and invoking an appeal to the attorney-general.

Busiest Man Hon. Mr. Manson is the busiest man in B.C. at present. He was in his office at 8 a.m. till 11 p.m. on Saturday and almost as long on Monday, trying to get abreast of his piled up work.

"We'll put the film on at any time in Victoria if you will see for yourself," offered the movie manager.

"Very well. Eight-thirty sharp at the Capitol, Tuesday morning," answered the attorney-general and made a note on his engagement pad.

"Eight-thirty; eight-thirty?" queried the movie manager. "I couldn't ask a picture operator to be on deck at eight-thirty in the morning," he stammered.

"Whose time do you think is the more valuable, the time of the attorney-general or that of a moving picture operator?" asked Hon. Mr. Manson, and the movie man succumbed. That is why the early morning show was staged this morning.

ALTERATIONS TO HART BLOCK EXTENSIVE

Ticket and Telegraph Offices to Separate—McRae Bros. Store Enlarged.

When present alterations which are being made to the Hart Block on Third Avenue are completed the Canadian National Railway ticket and telegraph offices will occupy separate quarters altogether.

The telegraph office will remain in its present location, but the ticket office is to be moved to the portion of the building formerly occupied by Munro Bros. grocery store. Considerable alterations are being made to the frontage and new windows are to be put in.

Melroe Bros. stationery store will be extended to take in that part of the railway office now occupied by the ticket department. The frontage of the stationery store will thus be increased by about one-half.

S. Robertson, chief electrician of the telegraph company, is here from Toronto supervising the changing of the telegraph equipment and switchboard. When this work is done the local office will be enabled to work direct with Seattle. Mr. Robertson will be here about a week.

GO INTO THE WATER AFTER SOME LIQUOR

OGDENSBURG, N.Y., April 17.—The sight of many partially filled bottles of Canadian whiskey and beer floating on the surface of Lake Champlain recently was more than a crowd of people at Rouses Point could stand. Many jumped into rowboats while others did not hesitate in wetting their feet in an attempt to salvage some of the liquor which was being destroyed by customs officers, reports reaching here state.

Customs officers who had broken and thrown into the Lake 3,800 bottles of liquor which had been seized, were compelled to use force to keep the crowd back when it was discovered that many of the bottles did not sink immediately.

Ten Years Ago in Prince Rupert

April 17, 1912. A pretty wedding took place at the home of Mr. and Mrs. E. A. Woods, Borden Street, last night when Miss Isobelle Smith, who recently arrived from Scarborough, England, became the bride of Frank A. Ellis, Rev. F. W. Kerr officiating.

John Dorsey plans the importing of milk to Prince Rupert from Bellingham, Washington, and the establishment of a depot here. Several of the members of the council are against the bringing of milk from the United States.

Father Donnelly gave an anti-Socialist lecture in the Westholme Theatre on Monday night. William Manson, M.P.P. presided and Father Bunoz was on the platform. Questions were asked by Walter Shaw, W. LeBlanc and Frank Messadat.

SEASONABLE SERVICE

We are equipped to serve you at any season of the year, but we can render you a special service at this particular season. Washable rugs, heavy blankets, dainty lace curtains—all the unusual washing which every housewife feels compelled to do at this season, can be safely entrusted to us for laundering. We have special machinery for either wet or dry cleaning, and will return anything entrusted to us fresh and clean as new.

We also offer a carpet cleaning service which has given general satisfaction to our patrons.

Let us relieve you of this heavier work of housecleaning. A phone call will put you in touch with this labor-saving service.

The fire department had a call at 9 o'clock this morning to the residence of Arthur Little, Second Avenue and Eleventh Street. The roof had ignited from an overheated chimney but the damage was slight.

LAST SALE AT BULGERS' takes place Tuesday, April 18, in the evening.

Robert Stewart, of the provincial public works department, returned last night from Gedarvale where he spent a few days visiting with Mr. and Mrs. John Thompson who are running a very successful ranch. Mr. Stewart says that any doubt of the productivity of the Skoena valley is dismissed on visiting the Thompson ranch which is a mile north of the Gedarvale station. "Mickey" Chief Vickers' well-known Airedale dog, now makes his home there.

Positively the LAST SALE AT BULGERS' takes place Tuesday, April 18, in the evening.

When your liver becomes sluggish and inactive your whole health suffers. Your bowels become constipated, the tongue coated, the breath bad, the stomach full and sick, and bilious spells occur on account of the liver holding back the bile which is so essential to promote the movement of the bowels, and the bile gets into the blood, instead of passing out through the usual channel.

The only way to keep the liver active and working properly, and thus get rid of the nasty bilious attacks, is to keep the bowels regular by using

MILBURN'S LAXA-LIVER PILLS

They are purely vegetable, small and easy to take, work smoothly and gently, and there is nothing of the griping, weakening and sickening effects of the old-fashioned purgatives.

Mr. John S. Caron, Donovan, Sask., writes:—"I was troubled with my liver, and had severe bilious attacks. A friend advised me to try Milburn's Laxa-Liver Pills, so I took two vials and I have had no more attacks."

MILBURN'S LAXA-LIVER PILLS are 25c a vial at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

### PRESBYTERIAN HONOR NEW ATTORNEY-GENERAL

### Present Retiring Treasurer with Gold Watch Fob and Locket

There were special Easter sermons and musical programs in all the city churches yesterday morning and evening. Large attendances were noticeable in each and all had been specially decorated with beautiful seasonal flowers and plants.

In the morning at the Methodist Church there was a children's and parents' service at which the attendance was specially good. The Junior choir, under the leadership of H. C. Higgins, provided three numbers and Miss Verna Thompson sang a solo which was beautifully rendered indeed. The primary department under Miss M. A. Way also contributed two Easter choruses. A short address on William Wilberforce, who spent his life in the work of emancipating the slaves of England, was given by Rev. G. G. Hacker, the pastor. In the evening there was the regular service Mr. Hacker's subject being the "Resurrection." A. J. Lancaster gave a pipe organ solo and Mrs. E. Stockdale a vocal solo.

### Presbyterian Church

At the Presbyterian Church in the morning there was a children's choral service, several carols being rendered pleasingly by the children's choir. Rev. Dr. H. R. Grant spoke to the children on "The Resurrection." A pleasing feature of the service was the presentation to Hon. A. M. Manson, the new attorney-general, of a watch fob and locket by Dr. Grant on behalf of the congregation. In making the presentation Dr. Grant referred to Mr. Manson's service with the church since its very inception in the city. For fourteen years he had been congregational secretary and manager and for eight years treasurer. All regretted his leaving the city to take up his new duties at Victoria. Mr. Manson replied briefly but feelingly.

In the evening at the Presbyterian Church there was also special music as well as an impressive and earnest address by Dr. Grant on "The Resurrection." A solo was rendered by A. Clapperton and also a quartette number in which Mrs. Jarvis McLeod, Mrs. H. C. Fraser, S. K. Campbell and A. Clapperton took part. There was as well an anthem by the augmented choir. Miss Kathleen Grant was accompanist and rendered a solo.

There was a special baptismal service at the Baptist Church in the morning and Mrs. J. P. McMillan sang a solo. In the evening Rev. W. H. Redman took as his subject "Life and Immortality Brought to Light." This was along scientific lines and was very interesting. W. Vaughan Davies gave an organ solo.

### Anglican Church

There was a specially large attendance at both evening and morning services in St. Andrew's Anglican Church. The church had been beautifully decorated under the supervision of Mrs. H. L. Roberson, superintendent, and the music was out of the ordinary. In the morning the choir

## BIG ARENA TAKEN FOR DEMPSEY FIGHT AT CRYSTAL PALACE

LONDON, April 17.—The Crystal Palace Arena, which seats 100,000 persons has been engaged by a syndicate which hopes to stage two bouts during the stay in England of Jack Dempsey, champion heavyweight.

George Macdonald, fight promoter, proposes that Dempsey undertake to finish Joe Beckett, British heavyweight champion in six rounds and Jack Blumenfeld in four.

## FIRST HOME RUN

NEW YORK, April 17.—George Kelly, the 1921 National League home run champion tallied his first home run of the season, 1922 in the game between the Giants and the Braves at the Polo grounds Sunday. The wallop was made off Dick Rudolph, one of the old hurling masters making a comeback.

Babe Ruth rejoined his team for a day at Baltimore and hit a homer in an exhibition game against Baltimore.

L. S. Whittaker, manager of the Bank of Montreal at Stewart, arrived from the north last night and went out on this morning's train to spend a three weeks' holiday in Calgary and Edmonton. During his absence H. Wilson, teller at Stewart, will be acting manager. H. E. Mowatt, of the local branch, having been sent north to relieve for six weeks. Mr. Wilson will go on his holidays following the return of Mr. Whittaker.

## Positively the LAST SALE AT BULGERS' takes place Tuesday, April 18, in the evening.

## FULLER'S SPECIALS

- Fresh Ginger Snaps, lb. 25c
- Pure Olive Oil, regular price \$5.50 gal. To clear 4.35
- Special Corn, 7 tins 1.00
- Juicy Oranges, 3 dozen 1.00
- Castile Soap, 8 bars 25c
- Skoostum Winesaps, only \$3.75
- Fuller's Bulk Tea, 2 lbs for 95c
- May Bloom Tea, lb. 50c
- Tillson's Oats, only 25c
- Ensign Salmon, only 15c
- Fresh Herring, tall tins 20c
- Libby's Apple Butter 25c
- Smoked Black Cod, tin 25c
- Corned Beef, tins 20c and 35c
- Large Oranges, guaranteed extra quality, only 70c
- Best Butter, 14 lb. boxes 40c

Week-End Specials.

8 tins Pacific Milk, 1 lb. 60c

bulk Tea, 1 tin 40c Blueberries, Value \$2.00 for \$1.50

# PILES

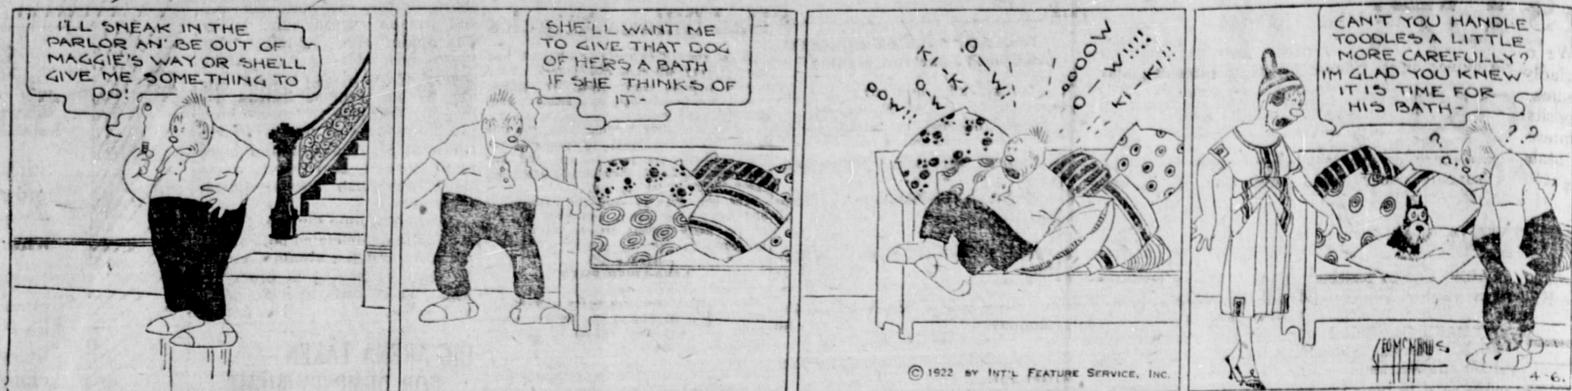

**Zam-Buk**  
A GRAND REMEDY

MRS. C. Hanson, of the Commercial Hotel, Poplar, B.C., says: "I found Zam-Buk a grand remedy for piles. I had suffered for years, and the burning, smarting pains were so intense that at times I could scarcely walk, and I was severely weakened by loss of blood. I underwent a surgical operation in The Sacred Heart Hospital, Spokane, but within twelve months the piles grew again, as painful as ever. Liniments, hot poulticing and so-called 'pile cures' did no good, but I found Zam-Buk immediately soothing. It gave wonderful relief! When, as I kept on the treatment, the piles began to disappear, I became a happier and different woman. I used six boxes of this herbal Zam-Buk in all, but the obstinate and painful disease was thoroughly overcome. MY PILES WENT 3 YEARS AGO and I haven't had the trouble since."

Use Zam-Buk for soothing away any soreness, irritation or smarting pain. It is instantly effective. Whether the trouble be piles, itching eczema, or an obstinate wound, sore, ulcer, burn or scald, Zam-Buk kills disease germs, and grows new healthy skin in a wonderful way.

Zam-Buk's refined herbal essences act on the inner as well as the outer tissues. They soothe, purify and heal the skin, and clear away Spring pimples, blotches and sores, as by magic. 50c. box, 3 for \$1.25, all chemists and stores, or Zam-Buk Co., Toronto. TRIAL SAMPLE FOR 1c. stamp if this paper is mentioned.

### BRINGING UP FATHER

### Truth About Queen Charlotte Islands

By Thomas Deasy

It is possible the people of the North, and the world generally, knows little of the group of islands, forming the "Western Outpost of the Empire," and situate within a few miles of Prince Rupert, the terminus of our great transcontinental railway.

Recent discussion, over the ability of a number of English immigrants settling on these islands, brought forth arguments, for and against the proposition, which might be used in connection with the remainder of the Province, from those who are acquainted with certain portions of the islands, where the persons interested reside.

An unbiased opinion, from one who has traveled over a great portion of the islands, and who holds a public position, caring for a large portion of the population, should not be considered either out of place, or for the purpose of personal advancement, financial or otherwise.

In the first place, the most natural point, for a town, is on Parry Passage, with Lanzara and Graham Islands, on the shores of the passage, and a waterway, with depth of water, for shipping. A glance at the map will show that Cape Knox is the outermost, and most northwesterly point, towards the Pacific Ocean, and directly west of Prince Rupert. When travel commences from the Orient, vessels will pass, in and out of Prince Rupert going and coming from China and Japan.

**Class With Victoria.**  
It will be there, the shipping of fish will take place, and no inconvenience will be suffered or loss of time, through calling. The port will be in the same class with Victoria, in respect to Vancouver and Seattle, while the distance, from the Orient, will all be in our favor. Prince Rupert must, naturally secure the trade of the Orient, for transportation to the East. There is no reason why the adjacent islands should not have fishing and lumbering industries to provide return cargoes.

The Spring Salmon fishing grounds are contiguous to Parry Passage, where hundreds of trawlers catch fish during the spring and early summer. The halibut grounds, with herring beds, and other fisheries, are in that neighborhood. With a line of railway, traversing Graham Island, the large area of aeroplane spruce may be reached and mills will be placed at the port where shipping is most available. It would be understood that the islands the best, from a tourist standpoint, on the coast. Trolling for salmon, with the natural beauty of surroundings, would attract many thousands without considering the natural products yet to be opened up.

**Temperature.**  
It is not generally known, that the temperature, on the Queen Charlotte Islands is milder in winter, and cooler, during the summer, than in any other part of Canada. In twelve years residence, the thermometer never reached the zero point, and ranges between sixty and eighty degrees, in summer. The snow fall is light, and snow seldom falls, or remains on the lowland. Southeasterly winds prevail, on Hecate Straits, and the rainfall is normal. The many inlets, cutting almost through the islands in places afford shelter. Little has been done, to develop these islands, further than

the erection of sawmills and canneries. Graham Island, Moresby Island, and many other of the islands, are covered with the best of timber, all marketable. Lanzara Island is small, and formed, principally of agglomerate. The North end of Graham Island is comparatively level, while portions of the South end are mountainous. The rivers and streams are small. None are navigable, for any distance from their inlet. There are several beautiful lakes, inland; but water power is not yet available, to any great extent. In all directions, streams run into the straits and inlets.

**Coal and Petroleum.**  
A great deal has been said and written, regarding the possibilities of discovering paying beds of coal, and petroleum. Indications are most favorable for the discovery of both. Lignite can be found, in large quantities. At the present time, it would not pay to mine either bituminous coal, or lignite. Shale, carrying petroleum has been found, in several localities. The shale is impregnated with tar, and the beds lie along the coast, to the water's edge. The coal beds, generally, are inland, with some, at the south end of Graham Island, a short distance from the sea. It is the opinion of the writer that the first petroleum discovery, in paying quantities, will be opened up on the Queen Charlotte Islands. If capitalists and oil experts would give a little of their time and capital to drilling on these islands, instead of exploiting here and elsewhere, this prediction would be proved of value.

As a natural park for the raising of wild game, the islands cannot be surpassed, anywhere. The absence of animals, living on their kind, has been remarked, time and again; but the only result has been the introduction of a few domestic deer, and a few specimens of birds. The few deer thrive, with the only other animals, viz., marten, land otter, black bear and a few weasel. It may be true that a species of caribou exist; but the two specimens, in the Victoria Museum constitute all the writer noticed or heard of positively in twelve years. Migratory birds, and many of a small species, are plentiful. Geese remain the year round, another evidence of the mildness of the climate.

**Densely Timbered.**  
As a rule, the islands are densely covered with timber with the exception of the flats, at the mouth of streams, and along the sea shore line. There is considerably muskeg, in the interior, especially on the open and flat lands. Experimental gardens show that small fruit and vegetables will grow in abundance; but roads, and transportation facilities are against the settler. It would be almost impossible to carry produce to the fortnightly steamer to ship same and compete with the small farmers, along railway routes, and with the "truck gardeners" in the south. Fishing, lumbering, fruit-growing, box-making, and the manufacture of furniture would pay; also mining and raising of cattle, on a small scale. Colonies of fishermen could live, on the open land, along the sea-coast, and raise their own food. With a gasoline launch, and a house, a fisherman would be independent.

If the thousands of dollars, raised annually by the government, from timber licenses and stumpage, had been expended in opening up the islands, there would be a large number of settlers on the Queen Charlotte Islands. It has been said that water transportation should be taken advantage of; but this means the purchase of boats, and the expenditure on gasoline and the loss of time. As stated, it is not a country, either for a poor settler, or for the aged, without means. There is no healthier country to be found. To my knowledge, but one white child died from natural causes, in twelve years. It may be said that we have no children here, but we have seven schools for white children, which would show that such an assertion is incorrect. "The Indians have increased in numbers, despite their many diseases. Considering the short distance to Prince Rupert, settlement of the islands should receive attention by the introduction of a steamer service with a "home port" at Prince Rupert. Vancouver reaps all the benefits, as it does, on Vancouver Island, on account of the progressive spirit of the business men of that city. It may not pay to have a weekly, or a daily service; but does the railway from the East pay? We are building up a vast country, and it behooves the business men to think of the future.

**Remarkable Islands**  
Having read the articles submitted by A. R. Mallory and J. L. Barge, I must agree with them that the country hereabouts would be better understood, if better known. We have remarkable islands, jutting out in the ocean, in the line of the "Japan Current," and freed from the heat and cold, of summer and winter; more so than any other part of the Pacific. The "isolation," and "transportation facilities," are against us; but conditions will change, when people learn that they must "go back to the land for subsistence." The "bogies" of crossing Hecate Straits, appears to be a drawback, which should not deter people from paying a visit to places where we travel, in launches and small boats, without inconvenience or accident. On these straits, thousands of men will soon be engaged, trolling for fish the whole summer long. We have ideal camping places along the shores, where those desiring to enjoy the summer holidays, would find both enjoyment and profit, in taking part in trolling.

**Come and See.**  
There are drawbacks for the new settler, that must be overcome. It is so in every new country. Laborers, and others without means, should not seek employment on the islands where we have no industries running at the present time. Men and women with means will find a good healthy country, with long summer days and the opportunity to better their condition. Population will mean advancement. "Pioneering is no picnic," for anyone in any country. We advise all intending immigrants to come and see for themselves. Obtaining information from men with "axes to grind," has been the ruin of many better places. These islands will be the great "barrier between the Orient and the best portion of North America, and will, eventually, be used to bar the influx of Asiatics, ready to flood our land when the "race suicide," now in progress, decimates the people of the United States and Canada.

**PRINCE GEORGE**  
Peter Bird, son of James Bird, of South Fort George, passed away at the hospital last week following gun shot wounds received while hunting recently.

J. McInnis, M. Buchanan, C. P. Deykin, Arthur Leith and William Coil have been selected as members of a committee to look after collections for the Russian Relief fund in this district.

Daye Jennings, of Giscome, was in town last week cleaning up some business details in connection with his tie cutting contracts for 50,000 ties this winter. Mr. Jennings said that the lumbering outlook along the line of the Canadian National Railway was brighter than it has been for some time past.

Mayor Johnson returned home last week after having attended the convention of Associated Boards of Trade in Victoria. The Mayor was also in consultation with Premier Oliver and as a result feels confident that the Pacific Great Eastern Railway will be finished to Prince George this year.

Major Johnson returned home last week after having attended the convention of Associated Boards of Trade in Victoria. The Mayor was also in consultation with Premier Oliver and as a result feels confident that the Pacific Great Eastern Railway will be finished to Prince George this year.

### MAIL IS DISTURBED WITH HALLUCINATIONS

Three Men are Under Observation of Medical Health Officer—Jap Attempted Suicide.

There was a lively time in the city jail during last night with three men who have been lodged here over the week-end suffering with hallucinations. The usual peaceful conduct of the visitors' hotel was somewhat upset with their untoward behaviour.

The sufferers are J. Morita, Japanese, Frank Bruno and Charles Quinn.

Morita was brought in on last night's train by Provincial Constable R. Gibson from Port Essington. He had been acting strangely at Kennedy Island camp for some time and his actions culminated on Saturday night with an attempt to cut his throat which was not successful.

While being brought from Kennedy Island to Port Essington on a cannery launch he jumped and was nearly drowned before rescue could be effected. Turned over to the Constable he reached here safely last night.

He has the hallucination that some one wants to kill him. Frank Bruno was brought to the police station Friday morning by Constable Bourne from the Klondyke Hotel where he had been creating a disturbance and had become uncontrollable. His particular trouble is concerned with wireless messages.

Charles Quinn, reported by E. Boersch, was brought to the station at 5 o'clock on Friday morning by Constables Bruce and Bourne. Religious matters seem to be his worry.

All three are now under observation by Dr. J. P. Cade, the medical health officer.

### COUNTERFEITERS ARE BUSY IN GERMANY AND MANY OTHER NATIONS

BERLIN, April 17.—A band of international counterfeiters with branch offices in almost every European country, America and Australia has established headquarters in Berlin, say police and Reichsbank investigators. Moneys of half a dozen countries are being manufactured here. A score of arrests have been made, but authorities say the band is still functioning.

In addition there have been many arrests of counterfeiters operating alone, making either German or American money. American dollar and ten-dollar notes are favorite productions of the counterfeiters. German fifty thousand and one thousand-mark notes also are widely counterfeited.

Confederates of the counterfeiters usually dispose of the German money counterfeited here in a foreign country, France, Holland, Belgium, Sweden or Norway. The foreign money made in Germany is marketed here.

Types of Counterfeiters. One of the counterfeiters arrested was the proprietor of a large hotel in Amsterdam, who posed as a pleasure seeker and lived elegantly in the best hotels.

A German counterfeiter of 100 mark notes was employed as mechanic in a big artificial ice skating rink here. He established his workshop in the attic of the "ice palace" and surrounded it with electric wires so arranged that unexpected entrance would cause an explosion in the "mint" and destroy the evidence.

The proprietor of the rink watched him and informed the police, who cut the wires, entered and found the mechanic busily printing money.

### NO MORE BEAUTIFUL HANDS IN RUSSIA

Most of Them Are Hard and Horny for Women Have Neither Soap or Salve.

ODESSA, April 17.—Beautiful hands are a thing of the past in Russia. The hands of hand-some women are hard and horny, almost as those of field laborers. They have neither hot water nor soap in which to wash them, nor salves and cold creams to prevent chapping.

Constant household labor in their single rooms, making fires for cooking, carrying water, chopping wood and many other primitive duties have hastened the effect of cold and dirt.

The hands of men and women of the theatre, opera, pianists and instrument players, are in the same condition.

Mal-nutrition is another cause. Lack of milk and fats has wrought havoc with tender skins. Many women's cheeks are mottled like the skin of a fish. The same cause has hastened the decay of their teeth.

### STILL URGING TAKE BUSINESS

Ketchikan Commercial Club endorses Efforts of H. C. Strong at Washington.

KETCHIKAN, April 17.—At one of the most largely attended luncheons yet held by the Commercial Club of Ketchikan, resolutions were adopted today, approving all the work done by H. C. Strong in Washington, to bring about the transfer of the halibut business from Prince Rupert to Alaska, as well as other matters taken up by him. There were some fifty men at the luncheon today, representing almost all the larger business houses of the town.

Mr. Strong in a short talk to the club told them briefly of his work, covering the salmon fisheries, the mail contracts and the halibut question. He told of the success of his efforts in inducing the postal department to increase the allowance for the West Coast mail contract from four to ten thousand dollars, that a suitable boat might be put on to take care of the business of that section.

Strong Support Regarding his efforts to bring the halibut business to Alaska he said he received help from Secretary Hoover, Governor Bone, Senator Jones of Washington, Senator Knute Nelson, the bureau of fisheries, almost everybody but Delegate Dan Sutherland who attempted to block everything asked by Mr. Strong and now endorsed, as it was at that time, by the Commercial Club of Ketchikan.

Before concluding, Mr. Strong also urged the club to continue the fight, "to protect for America the interests and business that are really American."

Saw Boats Here Following Mr. Strong, Jno. R. Beagle made a short talk in which he commended the club for the apparent spirit of get-together evident at the meeting and of the work being done by the club during the last eighteen months. He told of a visit to Prince Rupert a few days ago when he saw at least two hundred men engaged in handling American fish for an American market and brought to the attention of his audience what it would mean to Alaska to have that business transferred here.

A communication from the Juneau Commercial Association, agreeing in principle with the Ketchikan body as to the salmon industry, but advocating a slight change in the manner of accomplishing the desired result was read and referred to a committee to report at the next session.

The newspaper with the circulation is the real advertising medium.

### JIM THE PENMAN AT THE WESTHOLME

In the photoplay at the Westholme Theatre tonight Jim the Penman forged to save the woman he loved from disgrace. He forged to ruin his rival for her hand.

He forged to win wealth for pleasure and power. He forged to give his wife luxury. He forged to place his daughter in society.

He ruined men without compunction. But he gave his life that his wife might wed the man she loved. And he gave his life that his daughter might be happy.

### QUIET WEDDING

Miss Myrtle Bard Became Bride of Emory Dutton on Saturday Afternoon.

The wedding took place quietly on Saturday afternoon at the home of the bride's parents, Borden Street, of Miss Myrtle Bard and Emory Dutton, Rev. G. C. Haeker officiating. Only the immediate relatives of the bride and groom were present and Llewellyn Dutton and Mrs. Gonzalez were the witnesses. Mr. and Mrs. Dutton will take up their residence on Taylor street. Both have resided for some time in the city and are well known, the groom being a car repairer of the Canadian National Railways.

Wiggs—Yeah, pretty close.—California Pelican.

### School Girls' Nerves

"I give my children Nerve Food during examinations, and am sure it helps them," writes a Vancouver lady.

AFTER the long school term the children's nerves are keyed up to the highest pitch. The fear and worry of examinations are often the last straw which brings the nervous breakdown.

It is usually the naturally nervous child who has the greatest ambition, and by denying his or herself the requisite amount of outdoor exercise comes up to the examinations with too little energy and vitality left.

Fortunately the child's system quickly responds to such restorative treatment as Dr. Chase's Nerve Food. The blood is enriched, the nerve cells are replenished

and health and vigor is soon restored.

Mr. S. F. Flarity, Warton, Ont., writes:

"My daughter, eleven years of age, was in a run-down condition and suffered from a nervousness which showed a tendency toward St. Vitus' dance. I got a few boxes of Dr. Chase's Nerve Food for her, and by the time she had taken three boxes there was a big change in her. She is much stronger, and her system in general is built up. She has recovered from her nervous weakness, and you could not detect a trace of it now."

Dr. Chase's Nerve Food is in a class by itself as the most popular of nerve restoratives. 50c a box, all dealers or Edmanson, Bates & Co., Ltd., Toronto.

### Sport Chat

Football enthusiasts and those who are in a position to know declare that this season is going to see just as good football games played in Prince Rupert as ever before. Players are now pretty well lined up by the various prospective teams and in a short time the association executive will be calling for the formal enrollment of the entries. As indicated before, the Senior League will likely comprise the four teams, Sons of Canada, Callies, Sons of England and Grotto. Incidentally it might be mentioned that the Scots are rallying a team of great strength with which they intend to gain back the honors which they lost last year. The likelihood of there being an intermediate league appears at this time to be rather slight, but the Juniors are preparing and it is likely that there will be a hotly contested series among the school boys for the Rochester Shield.

It is not thought that there will be much difficulty in getting the Acropolis grounds in good shape for the season's baseball and football games. The matter is now being taken up between the football and baseball associations and the city engineer and work will likely commence soon on the clearing of the rocks that have been blasted on the surface and the filling in of holes that have been made by the winter storms. As it is at the present time, the football players who took part in Friday afternoon's game and practice matches have been going rather gingerly to avoid rocks and depressions in the ground which make playing difficult.

Prince George is getting ready for the football season this year and there will likely be an active city league. The Great War Veterans, the champions of the Central Interior and the holders of the Perry Cup, had an organization meeting last Tuesday night at which plans for the season were given a good start. Many of last year's players are still on the team, but there are also some new members.

In baseball, C. Van Somers has been chosen to pilot the Prince George city team for the coming summer.

Standings in the Intermediate and Junior billiard leagues to date are as follows:

Intermediate League.		
	Pl.	Pts. Av.
Sons of Canada	5	4327 865
Elks	5	4073 815
Grotto	4	3215 804
Barbers	4	2831 708

Junior League.		
	Pl.	Pts. Av.
Maple Leafs	7	76155 879
St. Andrew's	7	5772 825
Excelsiors	7	5750 821
Grotto	6	4548 758
Beavers	7	5276 754
Elks	6	4390 732

### HIS VOCATION.

Lazy Mike—I have a new position with the railroad company. Weary Rhodes—What ja gona do?

Lazy Mike—You know the fellow that goes alongside the train and taps the axles to see if everything's all right? Well, I help him listen.—Dry Goods Economist.

### EDUCATIONAL TOUR FOR BOYS THROUGH EUROPE THIS SUMMER

Plans for a six-weeks' study-tour for boys through Europe have been completed by the Canadian National Railways with the Jules Hone Travel Agencies which have had twenty-two years of wide experience in arranging travels.

This well-organized, conducted tour, which will be under the supervision of T. H. Matthews, M.A. (Oxon), assistant professor of Mathematics, McGill University will afford Western Canadian boys, who may have this privilege, a most delightful experience which they will never forget and a cultural treat for which they must always be grateful.

Careful planning has greatly increased the interest and value of the tour, for whilst the party will have ample opportunity of seeing all the usual travellers shrines, they will also be able to enjoy many less frequented places of beauty and of special interest.

The White Star Lines S. S. "Canopic" will carry the party, leaving Montreal and Quebec, Saturday, June 24th. The following places will be visited: Liverpool, Chester, Stratford-on-Avon, Oxford, London, Paris, Versailles, Fontainebleau, Rheims, Lyons, Marseilles, Cannes, Nice, Monaco, Mentone, Genoa, Pisa, Rome, Naples, Sorrento, Capri, Pompeii, Vesuvius, Florence, Venice, Trent, Innsbruck, Munich, the Passion Play at Oberammergau, Nuremberg, Mayence, the Rhine, Cologne, Brussels, Louvain, Ostend, etc. Returning, the party will leave Liverpool August 19th on Steamship "Regina" arriving Quebec and Montreal, August 26th.

Early registration is desirable as accommodation is assigned in the order applications are received. Full particulars as to reservations, the cost of the tour, which will include practically everything, from any agent of the Canadian National Railways.

### Hopeful Hops.

He—I could dance on like this forever.  
She—Oh, I'm sure you don't mean it! You're bound to improve.—Pearson's Weekly.

### SPECIAL TIMBER LICENSES

The attention of Timber License holders who are taking advantage of the provisions of the 1921 Amendment to the FOREST ACT, whereby arrears of license fees accrued prior to 31st December, 1920, have been funded and made payable in annual instalments, is specially directed to the fact that any renewal fee which became due in 1921 is not included in the instalments above mentioned, and such 1921 and all subsequent renewal fees must be paid within one year after the date of expiry of the license in order to maintain the right of the holder to obtain a renewal of the License.

### Watching Quality

Some folks might think we are too particular in the matter of maintaining Pacific Milk at the highest possible point of quality. We admit that many, in fact, most of our daily tests of the milk are unnecessary, but it is a very comfortable feeling to know absolutely that every can has the same high percentage of cream and that it reaches the ultimate consumer in perfect condition. It is this constant vigilance that has given Pacific Milk its good name.

Pacific Milk Co. Limited  
328 DRAKE STREET VANCOUVER

**ART TREASURES FROM RUSSIA**

Invaluable Jewellery and Gold and Silver Articles Sold Cheap at Odessa.

ODESSA, April 17.—More of old Russia's apparently inexhaustible supply of art treasures are being thrown upon the market under the new free trade policy combined with the increasing need of money to buy food. Here, as in Moscow and Petrograd, the shops sell for the most part second hand jewelry, of gold and silver.

The bitter story of the home-wrecking revolution is told in my shop window. The majority of these things are going abroad. Among them are collections of date, paintings, Swiss watches and Sevres vases which were imported from the western countries in the last 200 or 300 years or taken as loot in old wars, specially wars to the south and to the east.

Hundreds of articles, bought in France during its great revolution and brought to Russia are now finding their way home again, bought up at low prices by foreigners.

**Ancient Jewels.**

Loot from Poland has gone back. Part of Soviet Russia's war indemnity included diamonds requisitioned from the old Russian rich who in their turn may have obtained them from Poland long ago. Second-hand wedding rings are plentiful in the shops for women are arting with this last tie that binds them to their loved ones.

Dozens of newly opened commission shops here display a wealth of old wedding dresses, richly brocaded in gold and silk thread, Persian shawls, silk hawls of the time of Catherine the Great, babies' clothes, satin lippers, ball gowns cut into pieces and sold as scarfs or

**SYNOPSIS OF LAND ACT AMENDMENTS**

Minimum price of first-class and reduced to \$5 an acre; second class to \$2.50 an acre.  
Pre-emption now confined to surveyed lands only.  
Records will be granted covering any land suitable for agricultural purposes and which is not timber land.

Partnership pre-emptions abolished but parties of no more than four may arrange for adjacent pre-emption with joint residence, but each making necessary improvements on respective claims.  
Pre-emptors must occupy claims for five years and make improvements to value of \$10 per acre, including clearing and cultivation of at least a one-acre area.

Where pre-emptor in occupation less than two years and has made proportionate improvements, he may, by cause of ill-health, or other cause, be granted intermediate certificate of improvement and transfer his claim.  
Records without permanent residence may be issued, provided applicant makes improvements to extent of \$50 per annum and records same within one year.

Failure to make improvements or record same will operate as forfeiture. Title cannot be obtained in less than two years, and improvement of \$10.00 per acre, including 5 acres cleared and cultivated, and residence of at least 2 years are required.  
Pre-emptor holding Crown grant may record another pre-emption, if he does not occupy or improve his claim, without actual occupation, provided statutory improvements made and residence maintained on Crown granted land.

Unsurveyed areas, not exceeding 20 acres, may be leased as homesteads, title to be obtained after fulfilling residential and improvement conditions.  
For grazing and industrial purposes areas exceeding 640 acres may be used by one person or company.  
Mill, factory or industrial sites on other land not exceeding 40 acres may be purchased; conditions include payment of stamp duty.

Natural gas pipelines inaccessible by existing roads may be purchased conditional upon construction of a road to them. Rate of one-half of cost of road, not exceeding half of purchase price, is made.  
**PRE-EMPTORS' FREE GRANTS ACT.**  
The scope of this Act is enlarged to include all persons holding claims originating with His Majesty's Forces. The time within which the heirs or devisees of a deceased pre-emptor may apply for title under the Act is extended from one year from the death of such person, as formerly, until one year after the conclusion of the great war. This privilege is also made retrospective.

No fees relating to pre-emptions are due or payable by holders on pre-emptions recorded after Nov. 28, 1918. Taxes are remitted for five years.  
Provision for return of moneys accrued, due and been paid since August 1, 1914, on account of payments, or taxes on soldiers' pre-emptions.  
Interest on agreements to purchase town or city lots held by members of Allied Forces, or dependents, acquired direct or indirect, remitted from enlistment to March 31, 1920.

**SUB-PURCHASERS OF CROWN LANDS**  
Provision made for issuance of Crown grants to sub-purchasers of Crown Lands, acquiring rights from purchasers who failed to complete purchase, involving forfeiture, on fulfilling conditions of purchase, interest and taxes. Where sub-purchasers do not claim whole of original purchase price due and taxes may be distributed proportionately over whole area. Applications must be made by May 1, 1920.

**GRAZING**  
Grazing Act, 1915, for systematic development of livestock industry provides for grazing districts and range administration under Commissioner. Annual grazing permits issued based on numbers ranged; priority for established owners. Stock-owners may form Associations for range management. Free, or partially free, permits for settlers, campers or travellers, up to ten head.

MADE IN CANADA

**SMITHERS**

Wing Kee, Chinese, was arrested here last week and charged with having opium unlawfully in his possession. Samples of the alleged drug have been sent to Victoria for analysis and the case is adjourned until a return is made.

The Smithers' Citizen Association is endeavoring to have Smithers established as a point of call on the new transcontinental highway. It is suggested that the road might cross the Bulkley River between here and Telkwa.

The Citizens' Association is objecting to the recent classification of roads made by the provincial government which makes Main street in Smithers an ordinary road under the Highways' Act like the Lake Kathleen road.

The inquiry into the Hazelton fire which resulted in the death of Frank Walsh has been adjourned by Coroner S. H. Hoskins until Tuesday. Little information was brought out at the inquest other than that Walsh was attempting to escape from the building when he was trapped and burned to death.

W. S. Henry has been elected president of the Citizens' Association following the resignation of F. Oekle-shaw who has become village clerk.

Dan Macdonald of New Hazelton, is a patient in the Smithers' hospital.

**GERMAN GOVERNMENT EMPLOYEES DENIED RIGHT TO STRIKE**

BERLIN, April 17.—The right to strike is denied employees of the government in an order issued by the German Minister of Transportation, who characterized the recent strike of engineers on the government railways as "revolt of officials." A majority of high government officials and members of the Reichstag support this position.

**INFLUENZA TOOK MANY CITIZENS OF WINNIPEG IN MARCH**

WINNIPEG, April 17.—Influenza has made capital out of March's changeable weather to strengthen its grip in Winnipeg, according to the month's health reports, issued today from the city health department. During March there were 12 deaths from influenza out of 39 cases reported. In February the disease was responsible for only three deaths and there were only seven cases reported.

**HOUSING PROGRAM WINNIPEG STARTED**

WINNIPEG, April 17.—First sod has been turned for the Winnipeg housing commission's 1922 building program, W. F. Welfley, clerk of works, stated. "This week the commission's building activities got away to a good start with excavation work for a house on Jubilee Avenue," Mr. Welfley said. "Owing to weather conditions it was inadvisable to start construction any sooner, but there are several permits issued for houses to be built, and as soon as the snow goes, building will start in earnest."  
There have been 36 loans authorized by the commission to date, representing a total loan of \$138,000. The loan committee has under advisement approximately 20 loans more, and applications received exceed this number.

**DR. WOOD'S NORWAY PINE SYRUP**

Terrific wearing on the system is the cough that comes at night and prevents sleep.  
The constant coughing keeps the lungs and bronchial tubes in such an irritated and inflamed condition that they get no chance to heal.  
You will find in  
**DR. WOOD'S NORWAY PINE SYRUP**  
a remedy without an equal, for soothing the lungs, loosening the phlegm, strengthening the breathing organs and fortifying them against pulmonary disease.

Mrs. John McKerney, Lower Montague, P. E. I., writes:—"About three years ago I caught a very bad cold accompanied by a sore throat and hoarseness, and was so hoarse you could hardly hear me speak. I could get no rest at night with the terrible annoying, hacking cough. I tried several remedies, but they did me no good. Finally I saw Dr. Wood's Norway Pine Syrup advertised; got a bottle, and at once it gave me relief, and after using four my cough had all gone. Now I always keep 'Dr. Wood's' in the house, and shall recommend your remedy to others."

Price, 35c and 60c a bottle at all dealers. Put up only by The T. Millburn Co., Limited, Toronto, Ont.
