## TURKS WITHDRAW FROM NEUTRAL GROUND FRENCH REPRESENTATIVE CONFIDENT THAT SETTLEMENT WILL BE REACHED

### Probability of Agreement with Turks is Intimated Connection with Conference Mudania Today

CONSTANTINOPLE, Oct. 3 (noon).—Turkish cavalry has retired from the advanced positions in the Chanak area and thus decreased the danger of conflict there.

Only military matters will be taken up at the conference of the allies and the Turk commanders at Mudania today, political aspects of the situation being disposed of at a later meeting, it is stated. The two most important questions being discussed today are demarcation of the neutral zone on the Asiatic side of the Dardanelles and at Ismid and the evacuation of Thrace.

LONDON, Oct. 3.—British official circles attach high hopes to the meeting of allied generals with Turkish national envoys at Mudania, but at the same time they point out that the critical point in the situation has not yet been entirely passed. There is always the possibility of the conference being wrecked and this would not surprise London officials.

It is expected the allies will resist the first demand of the Kemalists that the Turks be allowed to enter Thrace. It is believed here, however, that if the allies stand firm, on the Paris program two or three days will see the successful termination of the Mudania meeting and a favorable answer to the pointed note from Mustafa Kemal Pasha.

CONSTANTINOPLE, Oct. 3 (8 a.m.).—The Kemalists proposals to be laid before the allied conference at Mudania today are discussable but not acceptable to the British commanders, it is stated, following a private conference at the British embassy before leaving for Mudania.

The French Envoy Bouillon, who arranged the meeting with the Turks is certain Kemal will accept the allied proposals for an armistice and final settlement of the Balkan dispute. All hostilities and troop movements have been called off during the week's conference.

### RAILROADS SIGN UP NEW AGREEMENT

Differences Between Employees  
and Employing Lines Are  
Settled

CHICAGO, Oct. 3.—A new agreement maintaining the old rates of pay and working conditions was signed today by representatives of approximately nine railroads and subsidiaries and the brotherhood of railroad trainmen and the order of railroad conductors.

### TURKS EVACUATED POINTS NEAR STRAITS

Infantry Appeared Within Zone  
18 Miles East of Chanak

LONDON, Oct. 3.—Turks evacuated Kara Sighina and retired from the neutral zone at this point says a Constantinople despatch. On the other hand it is stated that the Turkish infantry appeared within the neutral zone at Dergaz, eighteen miles east of Chanak and Kuas Keijreui, twelve miles south.

### COMMITTEE TO MAKE PLANS FOR SECURING NEW HOME FOR NURSES

J. L. Christie, Chairman, and  
Four Good Supporters Ap-  
pointed By Chairman  
Stewart

In accordance with instructions from the recent public meeting called to consider the possibility of proceeding with the erection of a new nurses' home, the chairman of the board, D. G. Stewart, has appointed a committee to take the matter in hand and draw up preliminary plans for the campaign. The committee is to consist of J. L. Christie, chairman, Walter Gale, T. Ross McKat, E. A. Donahoe, and A. Akersberg. On the efforts of this committee will depend to a large extent the success or failure of the move.

The committee will have the active co-operation of a large number of men and women who are strongly sympathetic to the scheme.

### BODY OF EDWARD HAMILTON NOT YET RECOVERED

In spite of efforts that have been made by the city police and the Canadian Fish & Cold Storage Co., the body of Edward Hamilton, the longshoreman who lost his life at the cold storage coal dock last Sunday night, had not yet been recovered up till early this afternoon. This morning Diver Schein was down for 45 minutes but he reported that no trace of the unfortunate man's body could be found and it is presumed that it is buried in the coal at the bottom. This afternoon a fire hose will be used in an effort to displace the coal.

### WANT RECIPROCITY IN LUMBER PRODUCTS

VICTORIA, Oct. 3.—Reciprocity with the United States in certain lumber products is sought in a resolution passed by the Victoria chamber of commerce directors yesterday.

### OLD COUNTRY FOOTBALL

English League First Division  
Sheffield United 2, Arsenal 1.  
Third Division, Southern Section  
Swansea 4, Swindon, 0.  
Scottish League.  
Dundee 7, Third Lanark 0.  
Aberdeen 2, Alloa 0.

Tom Lee, charged in the police court this morning with operating a motor car without a tail light, pleaded guilty and was fined \$10.

### TURKS EVACUATED NEUTRAL ZONE SAY SMYRNA OFFICIALS

PARIS, Oct. 3.—A Havas news agency despatch from the Smyrna Turkish Nationalist headquarters says it is announced that the neutral zone along the Dardanelles Straits.

### MINING LOOKS GOOD SMITHERS

Visitors From That Place Tell  
of Work Being Done at  
Present.

The mining prospects of the Smithers district are having the effect of giving business an impetus at the Bulkley Valley centre according to E. E. Orchard, city of Smithers who is in the city today. According to Mr. Orchard the Mamie mine is the most promising. It is owned by Duthie & Son, the Seattle shipbuilders and good ore is being found and a considerable quantity is being shipped out to the station at Smithers.

At the mine a second tunnel is being driven 2,000 feet into Hudson Bay Mountain. A second compressor is on the road and will be installed immediately. At present 35 men are employed but this number will be increased to 60 in the near future. J. R. Turner is in charge of the work and is having more camps erected to house the men. Mr. and Mrs. Duthie, who visited the property in the summer, were particularly pleased with the progress being made.

The Duthies have secured adjoining properties the White Swan owned by Mark Hanna and his partner and Gabe Ashman's property. This gives him a stretch a mile one way by two miles the other.

Preliminary surveys are being made by J. M. Milligan, formerly of Granby, for the installation of a tram line. This is expected will be built in the near future. It will connect the mine with the railway at Smithers. Picked ore only is being shipped at present but with the installation of the tram the lower grade will be handled. Mr. Orchard says also that the Babine is looking up. A number of rich strikes have been made this summer and all the development work is being done on the claims.

### WOMAN ATTEMPTED JUMP FROM TRAIN

VANCOUVER, Oct. 3.—A woman, giving her name as Thorenson, attempted to jump from a train east of here. She had a ticket from Winnipeg and said she wanted to go home. No reason was given for her action and the police are testing her sanity. She refuses to continue her journey to Blaine.

### \$1,000 FINE FOR COMPANY

Imposed by Magistrate McClymont in Prince Rupert Mercantile Beer Selling Case.

The Prince Rupert Mercantile Co. Ltd. was found guilty in the police court this morning by Magistrate McClymont of unlawfully selling liquor, to wit two barrels of Cascade Beer, and a fine of \$1,000, the minimum under the Government Liquor Control Act, was imposed. The case has been in progress for some weeks and involved the delivery of the beer in question to George James, of the St. James Hotel, by J. Sigmund of the defendant company. Information had been laid by Mayor Rochester who was also one of the principal crown witnesses. T. B. Hooper, city solicitor, conducted the case for the crown and Milton Gonzales, of Williams & Gonzales, appeared for the defence. An appeal against the finding of Magistrate McClymont, it is understood, will be made.

In giving his decision Magistrate McClymont said that he had been all through the points brought forward and had found under Section 77 of the Government Liquor Act that it was not necessary to prove the passing of money. Also, under Section 88, the liability of the occupants of the premises was established. Sigmund was a director of the company, had a private key to the premises and the scope of his duties allowed the delivery of beer.

Inspector's Evidence.  
Referring to the evidence of Arthur Covey, inspector of beer agents, the magistrate commented that it was shown there was no check on the beer arriving in this city and it was possible to deliver beer in the city other than through the liquor vendor. Magistrate McClymont said that the story of James, defence witness, might or might not hold water but his evidence had been unsatisfactory especially in regard to the amount of liquor consumed by himself. In accounting for the beer consumed on his premises, he had dragged in his partner and his help. Inferences could be taken from evidence of such a nature.

Evidence Unsatisfactory.  
Sigmund's evidence had also been unsatisfactory, the magistrate stated. The breaking down of his motor car as he (Sigmund) had related did not seem to be borne out by the facts presented by other witnesses. Taking such small points as these the evidence had not been satisfactory. "Why had he insisted on delivering the beer on Sunday when it was not actually needed?" queried the magistrate. "I am satisfied that the beer ordered on Friday had been delivered on Friday. Rochester said so and there was no reason why he should so state if it were not true. On the other hand, there was reason why Sigmund and James should state it was not delivered then. I would rather accept Rochester's evidence than Sigmund's or James' Minimum Fine.

"After having read over the various cases put forward by Mr. Gonzales, I fail to interpret wherein the act of Sigmund absolves the defendant company. Therefore, I find you guilty of the charge and inflict the minimum penalty under the Act."

Joe Fadool, of the Asia Trading Co., returned on the Chelohsin this morning from a business trip to Anzac.

### CONSTANTINE AGAIN GOES INTO EXILE

PALMERO, Oct. 3.—Former King Constantine of Greece is going into exile after his second abdication. He arrived here this morning with members of his party on board the Greek steamer Patrie.

### DRY DOCK IS QUITE BUSY

All Pontoons Are Filled and  
a Good Deal of Work is  
in Sight

All the pontoons at the Hays Cove dry dock are full and there are 220 men engaged there this week, a larger number than since the Canadian and Scottish and Canadian Britisher were being built.

The Canadian Prospector is on No. 2 and No. 3 sections of the pontoons and will be there till Saturday. The trawler Andrew Kelly is today on No. 1 undergoing minor repairs. Besides, twenty smaller boats, mostly halibut vessels, are tied up at the plant awaiting repairs. Altogether there is quite a good deal of work in sight and officials of the yard are pleased with the condition.

### DAYLIGHT ROBBERY WITHOUT WEAPONS

VANCOUVER, Oct. 3.—A youth about 18 years of age walked into a Japanese candy store here and rang up a no sale on the cash register, took ten dollars and ran before the Jap woman in charge could raise an alarm. The boy displayed no weapons.

### ZAIMIS REFUSES THE GREEK PREMIERSHIP

LONDON, Oct. 3.—Alexander Zaimis, who has been named as new Greek premier by the revolutionary committee has declined the appointment owing to ill health.

### FISH ARRIVALS

Five Halibut Boats Marketed 50-  
500 Pounds at Exchange  
This Morning

Five halibut boats marketed 50,500 pounds of fish at the Exchange this morning, the arrivals and sales being as follows:

Vanse, 30,000 pounds, to the Booth Fisheries Canadian Co. at 15.6c and 9c.  
Chancellor, 6,000 pounds, at 15.2c and 9c; Lancing, 8,000 pounds, at 15.2c and 9c; Fanny F., 5,500 pounds, at 13.7c and 8.5c; and Myrtle, 1,000 pounds, at 13c and 7c, to the Canadian Fish and Cold Storage Co.

Hugh Harris, who has been in the city for some time, left last night for Smithers where it is understood he will visit the mining districts.

Nick Gurvich and his daughter, Miss Amelia Gurvich returned today from Alice Arm where they spent a few days visiting.

### LOCAL MAN IS SHOT FOR DEER

David Emmons Brannen Victim  
of Terrible Mistake Yesterday.

WAS INSTANTLY KILLED

John Currie Saw Deer on Man's  
Back Move and Fired.

David Emmons Brannen, the well known diver, was the victim of a terrible hunting fatality which occurred near Welcome Harbor on Porcher Island yesterday morning about 7:45 o'clock when, mistaken for the deer which he was carrying on his back and which completely concealed his own form from view, he was accidentally shot and instantly killed by John Currie, of the contracting firm of Mitchell & Currie.

It appears that deceased had shot a deer in the woods and was carrying the carcass out on his back. Coming into the view of Mr. Currie, who was a member of the same party but who had set out in a different direction, nothing but the moving deer could be seen. Mr. Currie shot and the bullet entered the unfortunate man's neck and the base of his head, piercing right through and causing what must have been instantaneous death.

As soon as he had discovered the tragedy, Mr. Currie got in touch with L. F. Brannen, a brother of the deceased, and S. W. Taylor, both of whom were members of the same expedition. Between them they carried the body for some distance through the woods to a point where other members of the party were met and the remainder of the journey to the beach was made.

Returned to Town.

The entire party returned to the city about 3 o'clock yesterday afternoon with news of the tragedy and Mr. Brannen's remains. The provincial police and Walter Gale, acting government agent, were immediately notified and preliminary statements were taken by the latter.

Other members of the party, besides those mentioned, were W. E. Williams, M. Gonzales, Paul Aivazoff and Fred Roberge. They set out on the ill-fated expedition on Saturday afternoon.

Inquest Likely.

There will likely be an inquest although no definite arrangements have yet been made pending the return of J. H. McMullin, government agent, from the south tomorrow on the steamer Prince George. In the meantime the remains are in the hands of Hayner Bros., undertakers.

The late Mr. Brannen was 46 years of age and was a native of Sable Island, Nova Scotia. He was at one time a deep sea captain on the Atlantic Coast and saw service in the navy. Coming here four years ago he had been engaged as a diver and was halibut fishing for a short time. The launch Hanaco, in which the trip was made, was his property.

Only two months ago, Mr. Brannen was bereaved in the death of his wife. Three young children survive, David, Virginia and Jean, besides his brother, L. F. Brannen.

Mrs. Edwards, sister of Don Cameron, formerly of Alice Arm, is in the city today on the steamer Chelohsin southbound from Alice Arm where she has been spending a few weeks en route to her home in New York.

### NEW ROUTE TO INTERIOR FROM SOUTH COAST

Minister of Public Works to Ex-  
amine it—Hazelton to South  
Being Completed.

KAMLOOPS, Oct. 3.—A new proposed route or a highway from the coast to the interior is being inspected next week, Dr. Sutherland, minister of public works stated to a convention of the Goods Roads League. The new route is 2,000 feet lower than the project fathered by Hon. J. H. King, former minister and now minister of public works for the Dominion.

The decision resulting from the examination of the route may be given to the legislature at its fall meeting after it has passed on the P.G.E. proposals.

Dr. Sutherland further said that next year would see the completion of a highway between Hazelton and southern British Columbia.

Limitation of loads at certain seasons and drastic changes in the licensing system is favored in resolutions adopted by the league.

W. J. Bowser promises support to any constructive road policies brought down in the legislature.

### LIGHTS OUT TWO HOURS

System Was Short-Circuited Last  
Night When Wires Grounded  
Near Seal Cove.

The entire city was without electric light or power from 8:55 to 10:30 last night when a high tension wire feeding the Marine Ways at Seal Cove grounded and short circuited the entire municipal lighting system. The loop to the Marine Ways is connected with the main line at the end of Eleventh Avenue and it was necessary to disconnect it before the light in the city could be restored. Immediately on the lights going out the line gang repaired to the East end of town to locate the trouble and temporary repairs were made soon after it was found.

Some comment was made about the city as to the failure of the Cow Bay steam plant to be put in operation. In regard to this it was stated at the utilities office this morning that steam was not kept up there and it would take seven hours to get it going.

### ALL IN READINESS BALL GAME TOMORROW

Big League Players All Keyed up  
Over Opening of Series

NEW YORK, Oct. 3.—The New York Giants and the Yankees standard bearers for the National and American baseball leagues are tuned to concert pitch today in the final workouts in preparation for the opening tomorrow of their second successive struggle for premier baseball honors.

The Giants, the victors of last year in the series that lasted eight games. The laurel this year will go to the team winning four out of seven games.

**Credit Is Due To  
All Pioneers.**

Much credit is due to the hardy pioneers who hew the way for those who come after. They have their reward in work well done and sometimes they pay the penalty. All pioneers are valuable and there is no more valuable pioneer than the one who pioneers in the air. Take as an example the company formed to undertake commercial flying in northern British Columbia. Len Bell, the head of that concern, is a pioneer in the flying game, so far as its adaptation to the peculiar needs of this part of the country is concerned. He got the company together, put money of his own into it and an almost indefinite amount of labor. He is proving to the world that air transportation is adapted to the needs of a new country, especially a country dotted with lakes and pierced by rivers such as this.

If Mr. Bell and his associates are able to prove that air navigation is a profitable commercial undertaking, he will have been of incalculable benefit to the north. He will do more toward exploring and opening up the country than anyone in the past has done and he will be worthy of a niche in the hall of fame.

Mr. Bell, from the experience he has already got in the flying game, is fully convinced that he will be able to make the business a commercial success. He has already made flights into the interior and he is in touch with an immense amount of prospective business which should prove profitable if successfully carried out. We wish him luck in his undertaking and hope he will make it into the biggest transportation business of the north, next to the railroads and steamships.

**Train Of Wheat  
Every Twenty Minutes.**

S. G. Webb, a member of the Daily News staff, who returned last night from a holiday trip to Winnipeg, tells of the business conditions there and is much enthused over the prospects for western Canada. He says that there is a train of wheat leaves Winnipeg every twenty minutes just now. The good crop is making money plentiful on the prairies and business conditions are on the up grades.

All this is good news for us here. We were the last place to feel the pinch of hard times and we shall be the last to feel the improvement but it will surely come. Last year there was so little coastwise business that the G.T.P. had to take off one of its big steamers because they were losing money fast. This year the transportation business is rather better and it is hoped to keep the steamers on, possibly until after Christmas. That would indicate that there is little improvement on the coast.

What we need now is that we shall be one of the funnels through which will pour that golden stream of wheat that is bringing wealth to the prairies.

**Glad To Hear Of  
Progress On Prairie.**

The good times on the prairies is something we like to see. To have any part of Canada prosperous looks good to us. There is no jealousy in our makeup, but we are not wholly unselfish. If the prairies are prosperous the people will be travelling this way over our railway, stopping off at our city, and making possible improved transportation facilities. If they have money they will want to buy our lumber and fish and the more prosperous they are, the more will come to the coast in search of a milder climate. We are bound to feel the effect of any general movement. We hope it will be soon.

**Immigration Is  
Policy Of Today.**

Following the war Australia took active steps to receive the overflow from the British Isles and as a result the population of that country has been very appreciably increased and there has been no decreased amount of work for the people already there. Labor has not been inconvenienced by the arrival of thousands of men from England, Scotland and Ireland. All that time we stood firm and objected to the immigrants coming here. We shut our doors to a good British population that would have given us new life.

Today we are awakening to the situation. The new Government at Ottawa is about to reverse the policy of its predecessors. The policy of keeping the door shut tight did not make labor conditions good here. Unemployment was rife, just as much as in any country and much more than in Australia with its wide open policy. A big country with big natural resources and much land cannot afford to close its doors against the outside. We may exclude objectionable settlers but we certainly should be ready to receive those who come here ready to hew out for themselves homes in the wilderness.

**REGISTRATION  
CIVIC VOTERS**

Matter Was Discussed by Council  
Last Night and Action Deferred  
For One Week

Ald. Montgomery, Ald. McLeod and Ald. Kelly apparently have some method by which they plan to improve the registration of voters for the civic election this year for, at last night's council meeting, they asked for and were successful in passing a motion giving one more week in which to study and take action in the matter. This motion was passed in preference to an amendment made by Ald. Dybhavn and seconded by Ald. Silversides that the usual procedure of having the city clerk attend his office during certain evenings in October for the purpose of registering voters be followed. There was a split vote among the aldermen for the amendment, Ald. Dybhavn, Ald. Silversides and Ald. Perry voting for it and Ald. Kelly, Ald. Montgomery and Ald. McLeod against. Acting Mayor Kerr declared the amendment lost with his casting vote. When the motion was put it was carried, Ald. Kelly, Ald. Montgomery and Ald. McLeod voting for it, Ald. Dybhavn and Ald. Silversides against, and Ald. Perry not expressing his preference.

**Two Dollars an Hour.**  
The matter was brought up through a report from the city clerk notifying the council that this (October) was the month in which registration for the civic voters' list were accepted from householders and license holders and asking under what conditions the registrations were to be taken this year. If he were asked to work overtime in attending his office in the evenings he would be willing to do so at the rate of \$2 an hour. The council, of course, had the option of appointing someone else qualified person to make the registrations. All must be made by October 31.

Ald. Dybhavn thought that arrangements should be made to have the city clerk take registrations in the evenings. Ald. Silversides was also of this view for it would be impossible to do it fairly any other way at this late date.

Ald. McLeod again brought forward the plan he fathered several months ago to have a commissioner appointed who would go around and collect road taxes and register voters at the same time. Ald. Montgomery and Ald. Kelly seemed in accord with this plan but asked that the matter be deferred for a week.

Ald. Perry offered a compromise whereby City Clerk Woods would attend his office in the evenings and also commissioners could take up their positions at industrial plants and other points where men assembled such as the Trades and Labor Council rooms and the Great War Veterans' club. This was accepted by Ald. Dybhavn and Ald. Silversides as part of their amendment.

After much discussion, the vote was taken as recorded.

In the absence of City Treasurer Vance at the Union of Municipalities convention, Harry Birch is to be acting treasurer. The city council assented a motion to this effect last night. It was reported that some checks had been held up through no one being authorized to sign in place of Mr. Vance.

**SPLENDID CONCERT  
AT OCEAN FALLS**

Madame Murray the Famous  
Scottish Singer Was Chief  
Vocalist

OCEAN FALLS, Oct. 3. — On Sept. 28 the residents of Ocean Falls had the opportunity of hearing the famous contralto — Madame McAdam Murray.

Madame Murray delighted a large audience in the new commodious auditorium of the United Church, and all present were unanimous in expressing that she had given Ocean Falls its first real vocal treat. Madame Murray being from the land of Burns is very much at home in the songs of her native land, but she is more than a versatile Scotch singer; her Italian and English numbers were a revelation and pleasure to all. She is a master of technique. Her runs and trills were surprising in one possessing a voice of such depth of quality. In the traditional Scotch songs she accompanied herself charmingly with a lilt which delighted all, especially those in the audience from good old Scotland, as Madame Murray lives in these songs and is part of them, carrying ones memory back to the heather-clad hills of their "ain land" in a most marvellous manner.

Her style and finish, combined with her round rich tones, and warm sympathetic quality are irresistible. Her personality is charming and winning, and in her second group of songs she gave particular delight. They are as follows:

- (a) Should he upbraid (Bishop).
- (b) The Blind Ploughman (Gounod).
- (c) Serenade (Gounod).
- (d) Waltz song from "Tom Jones."

All her numbers were very much appreciated and enthusiastically enjoyed.

The Misses Leola and Leila Moore, pupils of F. Wardle, opened the program with a piano duet, which was well received. G. Ball's cornet solo, Grand Fantasia "Mia" was a fine number, in which Mrs. H. E. Burdon was the able accompanist. J. C. A. Long gave great pleasure in his cello solo in which he was well supported by Mrs. Lennox H. Lindsay at the piano. Messrs. Ball and Helsby were recalled for encore in their cornet and alto horn duet, "Flow Gently Dever," it being a real treat. Mrs. H. E. Burdon played the piano accompaniment.

F. Wardle, the organist of United Church, who returned from England this week, was Madame Murray's accompanist.

Madame Murray left on Friday's boat for Vancouver, en route to California where she is booked for several concerts in the month of October. She is also giving a recital in Boston, Mass., early in the new year.

**Ten Years Ago  
in Prince Rupert**

October 3, 1912.  
Capt. H. S. Cameron, owner of the sturdy little launch Guilford, arrived in port yesterday from Skidegate after one of the roughest and stormiest trips he says he has experienced in his ten years spent in navigating northern waters. A small gas boat which the Guilford had in tow was lost in making the passage from the Islands here. Capt. Cameron says that Skidegate people are expecting the channel there to be cleared by the Dominion government.

The Marine department announces the placing of several new aids to navigation in northern waters and the discovery of several uncharted rocks. The United States government has also been active this summer in its hydrographic survey work.

C. C. Perry, Indian agent, returned to the city last night from Port Simpson where he presided over a number of police court cases. The society matrons of the village had been airing their grievances on the evening of the Duke of Connaught's visit and some pretty strong and uncomplimentary language had been indulged in which resulted in fines being imposed by the agent.

W. J. Cash, manager of the Booth Fisheries of Canada, Ltd., returned to the city yesterday from a business trip to Smithers.

B. C. Veterans' Weekly, Ltd., P. O. Drawer 938  
Vancouver, B.C.

**ANNOUNCING A NEW  
B. C. VETERANS' WEEKLY  
FOOTBALL  
Competition**

**\$10,000** \$5,000 First Prize  
\$3,000 Second Prize **IN PRIZES**  
\$2,000 Third Prize

OUR NEW FOOTBALL COMPETITION will interest every person who participated in the old B. C. VETERANS FOOTBALL CIRCULATION BUILDING COMPETITION. It is a competition which will appeal strongly to those followers of the game who have knowledge of the form of the individual players and the teams; it is a competition that will bring out all the skill of the keen follower of the game of football; it is a competition that will quickly interest and develop a knowledge of football in the beginner who first becomes interested in the game through this competition. It offers an equal opportunity to all. You simply

**"state whether the HOME TEAM will score MORE, LESS or the SAME number of goals as they scored in the corresponding game of last year by placing an "X" in column as provided"**

If, in your opinion, the HOME TEAM will score MORE goals than they did last year, place "X" in Column "M" (more goals). If, in your opinion, the HOME TEAM will score LESS goals than they did last year, place "X" in Column "L" (less goals). Or, if in your opinion, the HOME TEAM will score the SAME number of goals as they did last year, place your "X" in Column "S" (same goals).

**ALL MONIES RECEIVED IN CONNECTION WITH THIS FOOTBALL COMPETITION WILL BE APPLIED ON SUBSCRIPTION TO B. C. VETERANS WEEKLY.**

Subscription to the B. C. VETERANS WEEKLY need not be accompanied by a Football Coupon, but no coupon will be accepted without a five weeks' subscription, which is 25 cents. There is no limit to the number of subscriptions which may be sent in by any one person in one week. Each five weeks' subscription will entitle the subscriber to send in one Football Coupon. One dollar will entitle the subscriber to twenty-five weeks' subscription and five coupons.

**Games for New Football Competition to be played October 14  
Competition No. 1, New Series, Closes Friday Midnight, October  
13, at the Office of the B.C. Veterans' Weekly, Ltd.**

**MAIL YOUR COUPONS TO  
B. C. VETERANS WEEKLY, LTD.,  
P. O. DRAWER 938,  
VANCOUVER, B.C.**

**NOTE—The B.C. Veterans Weekly  
Football Competition, as running  
at present, will continue to the  
week ending October 7—\$10,000  
in prizes.**

**RULES**

- (1) All entries must be made on coupons provided for that purpose.
- (2) Any coupon which has been altered or mutilated will be disqualified.
- (3) In event of a tie, or ties, prizes will be divided equally between those teams, but should the necessity arise, the auditor reserves the right to rearrange prize money so that the first prize winners will receive more than the second, and the second prize winners receive more than the third.
- (4) Latest dates for receiving coupons for this (No. 1) competition will be Friday, October 13, at 12 o'clock midnight.
- (5) Matches on coupons not commenced, same will be struck off the coupon. In the event of a game being started, and then discontinued for any reason whatsoever, the score as registered at the time the game is terminated, will be accepted as being the same as a full game.
- (6) The auditor reserves the right to disqualify any coupon for what, in his opinion, is a good and sufficient reason, and it is a distinct condition of entry that the auditor's decision shall be accepted as final and legally binding in all matters concerning this competition. No correspondence will be entered into or interviews granted.
- (7) In marking coupon, place cross in column provided; denote whether you think the HOME team will score MORE GOALS, LESS GOALS, or SAME NUMBER OF GOALS as in the corresponding game last year.
- (8) Entrants must enclose 25¢ with each coupon, which will entitle them to five weeks' subscription to the B. C. VETERANS WEEKLY, or \$1, which entitles them to one extra entry coupon and twenty-five weeks' subscription.
- (9) No two capital prizes will be paid out in any one week to any one subscriber.
- (10) Employees of the B. C. VETERANS WEEKLY LIMITED.
- (11) Prizes are awarded on the results received by cable on or before 9 a.m. Sunday following date of matches.
- (12) No responsibility will be accepted by the B. C. VETERANS WEEKLY LIMITED for the loss or non-delivery of any coupon. Proof of posting will not be accepted as proof of delivery or receipt.
- (13) Coupons received without name of address will be disqualified.

Every house requires something! Polytechnic Sheet Metal Class starts tonight Booth School.

All Pythian Sisters please attend meeting in the K. P. Hall on Wednesday at 8 p.m. to meet visiting Grand Officer.

Ladies! The Polytechnic Dressmaking class commences tonight at the Booth School. You can enroll there.

Reginald Rudland was fined \$10 in the police court this morning having been found guilty of running a motor car without lights.

Polytechnic Classes are now commencing. There's something or other you don't know much about. Here's your chance!

Tom Lellane of the Canadian National engineering department left on last night's train for Winnipeg where he will take up duties with the service during the crop movement.

Mr. and Mrs. Jack McDougal of Terrace arrived in the city last night. Mrs. McDougal is enroute to Rochester, Minn., where she will undergo medical treatment at the Mayo Brother's institute.

W. E. Walker, manager of the Arrandale Cannery, and W. L. Davidson, accountant, are south-bound passengers on the Chelohsina today for Vancouver. They will spend the winter in the south, the season's operations at the cannery now being over.

Mr. and Mrs. John MacLean and family, who left the city in June last on a trip to Glasgow, returned home on yesterday's train accompanied by Duncan MacLean, a brother. The party left Glasgow on the Cassandra on Sept. 15 and arrived in Quebec on Sept. 27. John MacLean is an old employee in the mechanical department of the Canadian National Railways here.

The date for the receiving of tenders for the construction of a new bridge on Sixth Avenue across Hays Creek was set forward for two weeks by the city council last night. This action was taken on the receipt of a report from the city clerk stating that it had been impossible to get the specifications, etc. in the hands of prospective bidders in time for them to submit their tenders by yesterday, the date of closing. The new date will be October 16. It was reported that several firms intended to bid including the Canadian National dry dock and the Atlas Boiler Works.

Curious Poisoning Cases in Scotland Eight Persons Die

LONDON, Oct. 3.—In connection with a curious poisoning case in Scotland the following official statement has been issued: Eight people have died because in one, or possibly two, small jars of potted food or paste a microscopic germ produced a deadly toxin, for as the result even of this preliminary investigation there can be no reasonable doubt that the eight deaths at the Loch Mawze Hotel were due to potted meat or paste containing the toxin produced by the Bacillus botulinus. Nevertheless, further light may be thrown on the outbreak by the laboratory investigations now in progress.

In Britain this is the first recorded outbreak of this type of food poisoning. The germ that produces the poison was discovered by a Belgian investigator, Van Emenem, in 1896. There have been many outbreaks on the Continent of Europe, and several in America, but it is relatively rare.

Formerly sausages were supposed to be the main sources of botulism. It is true that the foods concerned in outbreaks have been in most part meats, such as sausage and ham, but in America other foods have been involved, such as string beans, cottage cheese, corn, asparagus, salad, spinach, and pipe olives. Botulism has also been attributed to turkey, chicken, and fish. To produce its toxin

the germ must have proteid material, whether from animal or vegetable sources. It does not grow where oxygen is present, and a sealed tin of preserved food, if accidentally or otherwise inoculated with the bacillus, is an ideal culture medium. The germ goes on generating its poison out of the materials of food, and may then itself die, but the poison remains, and without any obvious sign of its presence may, as in this outbreak, produce its specific effects. In food poisoning by bacillus botulinus the person is killed not directly by the bacillus itself but by the poison it has previously produced in the food consumed.

**PROFESSIONAL VISITOR.**  
Ray—Did that young Doctor Anthony break off his engagement with you?  
May—Uh-huh! And he requested me to return all his presents. Then he sent me a bill for fifty visits.

Everyone needs to count—sometimes! Polytechnic Bookkeeping class tonight Booth School.

## BRINGING UP FATHER

## Bumper Harvest on Prairies Improves Business in All Lines There; Winnipeg Shows Activity

(By S. G. Webb of the Daily News Staff.)

With a bumper harvest practically garnered a wave of prosperity has overtaken the prairie provinces and on every hand one hears and sees nothing but excellent predictions for the future good business of Canada. Prosperity is just as contagious as are hard times and this long looked for and welcome wave is undoubtedly creeping into our midst. To consider what the development of grain cultivation alone has done for the prairie provinces and then to dwell on the stupendous possibilities of our own fair country abounding in undeveloped and untold wealth in its natural resources is only to increase one's faith in the wonderful future of northern B.C. and Prince Rupert in particular.

Prince Rupert is certainly on the map back east and there is now no reason to pull out a map and indicate its location. A grain train leaves Winnipeg for the east every 20 minutes. Winnipeg, with its 300,000 population, never looked more prosperous than it does today, and there is every good reason for the citizens of the metropolis of the west to feel elated in view of the marvellous wealth of this season's grain crop which in Manitoba alone is estimated at \$106,712,920. The movement of this colossal production of commercial wealth to the seaboard is now being undertaken. A grain train leaves Winnipeg for the east every 20 minutes, that is taking the Canadian National and Canadian Pacific systems into joint account. There are 30,000 motor cars in Winnipeg alone so that one can judge for themselves of the animated appearance of the streets from vehicular viewpoint. It is estimated that 40 per cent of this number are driven by female owners. So great has the motor traffic become that stringent police regulations have been laid down which are strictly enforced. The efficient police supervision has reduced the number of street accidents to a minimum.

**Building Activity.** Home building has taken a big stride this summer, and at all points of the compass one sees activity in this direction. The class of houses being built are entirely of a permanent nature, the majority being of the bungalow type with stucco exterior finish. Land which was cultivated prairie only two years ago has now been built upon and asphalt streets laid down. Home building is particularly noticeable on Portage Avenue beyond Haneyland, Fort Gary, Elm Park, North Kildonan, Elmwood, River Heights and north nearly to Selkirk.

**Real Estate.** Business in real estate has been far better this year than had been anticipated and a considerable volume of property has changed hands. Property values in the business section of the city have not depreciated from pre-war standards. In fact some of the property on Portage Ave. between Main Street and Sherbrooke Street is being held at higher than pre-war figures. On Main Street, that is in the near town vicinity, values have been maintained satisfactorily. It is the general belief in real estate circles that next year there will be an advance in building and that land values will be enhanced gradually.

**Retail Prices.** Prince Rupert retail prices compare very favorably indeed with Winnipeg prices. While in shoddy goods perhaps the bargains back east are a little lower than at home for good articles, in any line, the prices are about equal.

**Rents.** Rents average fairly high. Houses from \$20 to \$75 and suites from \$25 to \$92.50 per month according to location and facilities.

**Business Generally.** During the first six months of the year business was very slow and collections were tight. However, there has been a marked improvement since the harvest commenced. With the threshing practically completed and the grain on the move business has taken a spurt and predictions for trade futures are very reassuring. Collections are much easier and are improving every day.

**Threshing Returns.** From 60 to 70 per cent of the threshing of Manitoba is done. For the past two weeks the weather has been universally fine in Manitoba, and every day sees a large amount of threshing completed. There is a keen demand for men just now. The threshing returns show that the yield is well up to the average predicted. The average is 21 bushels per acre for wheat, over 45 for oats, 34 for barley and about 22 for rye.

**POLYTECHNIC SCHOOL OPENED LAST NIGHT**

English for Foreigners and Millinery Classes Got Away to a Good Start

The English for foreigners class, under A. J. Lancaster, and the millinery class, under Miss F. E. Smith, got away to a good start last night at the Booth Memorial School under the auspices of the Northern Polytechnic Institute. Sufficient students presented themselves for both classes to start.

The following classes are scheduled to open tonight: Matriculation to University, E. A. Donohoe, B.A., LL.D., and Albert Auger, B.A. Sheet Metal, Norman Robinson. Bookkeeping, Howard White. Dressmaking, Mrs. E. Hudson. First Aid, Capt. Philip Ashbridge. Machine shop practice, A. Akersberg at Akersberg-Thomson's machine shop. Typography, F. Dibb at Rose, Gowen & Latta's shop. Dietetics, Dr. J. A. West.

**HIGH SCHOOL TO BE ESTABLISHED SMITHERS**

Growth of Town Necessitates Giving Educational Advantages to Pupils

That Smithers is to have a high school, is the announcement made here today by E. E. Orchard of the Bulkley Valley Hotel who is in the city today. He says that the four public school rooms are crowded with pupils and last week Inspector Fraser paid an official visit and stated that a High School would be established at that point, which is the central point for the district.

The growth of the town is making educational advantages necessary. Four new businesses have opened there recently and a number of new residences have just been completed. The price of lots in the town is advancing and everything looks like prosperity.

Mr. Orchard said that the village incorporation seems to be working out well and the streets and sidewalks are being improved.

Mrs. A. J. Wheatley, of Anyox arrived in the city on the Chelohsin this morning.

# A Fuel Saving Secret

This is a message to conscientious housewives, and a piece of advice to all.

The shortage and high price of cooking fuel has brought to light many things which might never have been known otherwise. Here is one thing, for instance. Did you know that good enameled ware cooking utensils heat more quickly than utensils made of metal, such as copper, brass or aluminum? It's true. Try it!

Take a good grade of enameled ware saucepan, and a similar sized saucepan made of copper, aluminum or brass. Put two quarts of cold water into each. Set them on the fire and time them—see how long it takes each to boil. Over a moderate heat, water in the enameled ware saucepan will boil in approximately ten minutes. But the water in the all-metal saucepan, with the same heat will take approximately eighteen minutes—almost double the time—to come to the boil!

Think of the wasted heat and the amount of wasted money it

must represent! Just figure what this would run into in a year!

Use enameled ware utensils for cooking and save heat and money. Don't purchase cheap, flimsy enameled ware. Get the best, either Diamond Ware, which is sky blue and white outside with a snow-white lining, or Pearl Ware, which is a beautiful pearly grey and white mottle inside and out. Another enameled ware of really super qualities is snow-white outside and inside with deep blue trimmings. It is called Crystal Ware and is now used in many of Canada's finest homes.

All three of these wares carry a green and red shield shape SMP trade mark on every utensil. Don't buy enameled ware unless it carries one of these trade marks. You can buy SMP Crystal Ware, Diamond Ware or Pearl Ware at any hardware store. Don't accept substitutes.

Local Agent—Thompson Hardware Co., Third Avenue

**WE recommend the use of Magic Baking Powder because we know that its ingredients are of the highest quality. It is guaranteed to be the best and purest baking powder possible to produce.**

## DAIRY MATTERS WERE DISCUSSED

Health Committee's Recommendations Are Referred to the Provincial Government.

### COUNCIL CONFERS WITH DAIRYMEN

The city council last night conferred with R. McKay and H. Hibbard, dairymen, and Dr. J. P. Cade, medical health inspector, in regard to the amendment to milk and dairy requirements recently brought forward by the Health Committee. The proposals of the committee were that the percentage of butter fat required be raised from 3 to 3.2; that the dairy stable on Eleventh Street be condemned, and that the advice of Dr. Sparrow, provincial government veterinarian be secured in regard to the proposal to disallow the keeping of dairy cattle within the city limits. The result of the deliberations was the unanimous passing of a resolution referring the whole matter to the provincial government department of health. The proposals had originated from informal reports made by Dr. Sparrow, on his recent visit here, which the city council felt should have the official endorsement of the department of health before definite action was taken.

A letter signed by Dr. Sparrow and delivered to H. Hibbard was submitted at the conference in which the former authorized the continued use of the Eleventh Street dairy providing the floor was replaced and the walls whitewashed. In speaking on this subject, Dr. Cade stated his opinion that no alterations could be made to this building which would bring it up to date. He was of the opinion that a building with wooden floors and walls, once it had had tuberculosis in it, would continue to harbor the germs. To make the building in question suitable it would have to be entirely rebuilt. In matters of this kind they should start at the source instead of trying to cure existing defects.

**Entitled to Good Milk.**  
Regarding the percentage of butter fat, Dr. Cade said that the standard here was about the lowest in the province. The people here were entitled to just as good milk as anywhere else.

As far as the keeping of dairy cattle within the city limits was concerned, the doctor said that dairy cattle might be successfully kept within the city limits. However, something should be done here. It was serious when 26 out of 160 head of cattle in the city had been condemned.

In answer to a question by Ald. Kelly, Dr. Cade said that tuberculosis tests of milk could not be properly carried out here because there were not the instruments. Inspection of the cattle was the work of a veterinary inspector and not of a physician. Answering a question by City Solicitor Hooper, Dr. Cade expressed the opinion that tuberculosis was undoubtedly conveyed from milk to humans.

**Dairymen Speak.**  
Mr. Hibbard, of the Standard Dairy replying to Ald. Montgomery's question, said he was prepared to have standard premises

# National Land Settlement Plan

THE Western Canada Colonization Association, in close co-operation with the Federal and Imperial Governments and the Canadian railways, has worked out a well-matured land settlement policy, which is to be put into effect forthwith—a policy which carries the backing and co-ordinates the colonization activities of these Governments and railways, and of other immigration agencies.

The plan is the joint product of the best available sources of information on the subject. It represents more than a year of continuous investigation, to which the foremost colonization experts of Canada, Great Britain, and the United States have contributed the knowledge born of experience.

In successive conferences at Ottawa, leading up to the present announcement, the Prime Minister, Honorable W. L. Mackenzie King, the Minister of Immigration, Honorable Charles Stewart, and the Immigration Committee of the Cabinet, including Senator Dandurand, Senator Bustock and Honorable T. A. Low, have all participated. As Minister of the Interior and of Immigration, Mr. Stewart has, of course, taken a leading part in the laying down of the principles underlying the colonization policy, now given to the public.

The negotiations with the Imperial Government, the Dominion Government, the Canadian Railways, and other organizations, have been carried to success under the leadership of Mr. M. A. Brown, Vice President, and Mr. F. D. L. Smith, Director and Secretary-Treasurer of the Western Canada Colonization Association.

The full amount of working capital originally contemplated by the Colonization Association, viz., \$1,500,000, has been over-subscribed.

It is estimated that the working out of the plan will involve the expenditure by the Canada Colonization Association alone of \$30,000,000 to \$40,000,000, within the next five or ten years. The major portion of this fund will be available from commissions earned on the sale of privately-owned lands.

It is calculated that a minimum of ten million acres of vacant land will be settled within the next five to ten years.

The activities of the Colonization Association are to extend beyond the three prairie provinces originally included, so as to embrace every province of the Dominion.

The organization will function under a Board of Directors thoroughly national in character.

Land in the Western Provinces is to be sold on a 32-year payment basis, and in the Eastern Provinces on terms which will be governed by local conditions and other considerations.

Canadian land agents, all over the country, will be employed in showing lands to prospective settlers and in closing or assisting to close sales.

By the time the snow flies several hundred American land agents will be engaged in drumming up settlers for the Western Provinces.

The Canadian immigration machinery in the British Isles, and other European countries, will be greatly expanded and gingered up, so as to obtain a largely-increased share of British and other European agriculturists suitable for settlement in this country.

The Canada Colonization Association, the Canadian Government, and the British Government will jointly finance a national welfare organization, embracing local community clubs, to care for incoming settlers.

Sir John Willison has been appointed President of the Association.

Mr. Howard Everett, for many years President of the Luse Land and Development Company, which has colonized over a million acres in Western Canada, is to be the Western General Manager.

Dr. George C. Creelman, for seventeen years President of the Ontario Agricultural College at Guelph, and later Agent General for Ontario in London, is to have supervision over all operations in the Eastern Provinces.

## PLAN OF CO-ORDINATION

Canada Colonization Association	Imperial Government	Dominion Government	Provincial Governments	Canadian Railways
<b>Directors Officers</b>	<b>Oversea Settlement Board</b>	<b>Minister and Department of Immigration</b>	<b>Minister and Department of Agriculture</b>	<b>Departments of Colonization</b>
List and inspect land in approved districts. Sell land on 32-year payment plan. Assist Government in originating and selling settlers. Care for settlers en route. Direct settlers in the purchase of land. Establish community welfare clubs to befriended settlers from overseas. Direct movement of farm labourers to Canada where they can become proprietary farmers. Promote extensive movement of British boys to Canadian farms. Encourage the migration of British women to Canada for employment on farms and in domestic service.	Financially assist the Canada Colonization Association. (a) In caring for British settlers on route to Canada. (b) In guiding and directing them in the purchase of fertile, well-situated land. (c) In befriending them through local community clubs until they become firmly established. (d) In such other ways as may be agreed upon between the Oversea Settlement Board and the Canada Colonization Association. (e) In preserving the manpower of the Empire for the Empire, and thus increasing the trade and prestige of the British Commonwealth.	Maintain and extend its agencies in Great Britain, the United States, and other countries, to promote an increasing flow of selected settlers to Canadian farms. Carry on an effective advertising campaign for agricultural settlers in Great Britain, the United States and approved countries. Utilize its agencies to post prospective settlers to 32-year purchase plan and welfare work of the Canada Colonization Association. Use the British and foreign press and governmental literature in giving wide-spread publicity to the Canada Colonization Association and its benevolent activities. Financially assist the Canada Colonization Association to carry on its welfare work throughout the Dominion.	Assist in selecting districts for settlement. Extend expert agricultural advice to settlers, especially during the initial period of their tenure. Aid settlers by scientific soil surveys, thus determining adaptability of particular lands to various crops. Utilize their Agents-General in Great Britain in helping to select the right kind of settlers for the various provinces. Furnish the Canada Colonization Association with literature describing the special agricultural attractions of respective provinces.	Co-ordinate their immigration activities with those of the Canada Colonization Association. Provide special transportation rates for settlers. Reduce freight charges on settlers' effects. Establish special rates for colonization agents. Participate in the management of the Canada Colonization Association by appointing representatives to the Board of Directors.

Owners of unoccupied land in the Western Provinces are requested to communicate immediately with the Association at the Bank of Hamilton Building, Winnipeg

## THE CANADA COLONIZATION ASSOCIATION

## SHADY BUSINESS BY CITY COUNCIL

Process of Civic Statelessness Was Not Deterred by Pall of Darkness

The civility of state, with Acting Mayor Kerr at the helm, was piloted through the darkness occasioned by the breaking down of the municipal light system last night by means of one dirty old lantern discovered somewhere in the depths of the City Hall by the city solicitor and the brilliant rays of incandescence which came shining through the southeast windows. In this manner was the bulk of the business transacted at last night's council meeting. The lantern was placed beside City Clerk Woods who recorded the minutes and read communications and reports, the Acting Mayor and aldermen sat in the semi-darkness which did not seem to dampen their loquacious habits while press men sought points of vantage in the council chamber to scribble down their notes by flashlight.

The lights failed just as the council commenced to deal with the Health Committee's reports in regard to dairy matters in the city. Several matters following such as the fire chief's reports for July and August, report of the building commission regarding fire limits and amendments to the building bylaw and further consideration in committee of the whole of the bylaw to amend the building bylaw, were deferred for a week when there would be more light on the subject but business requiring immediate attention was given.

The council adjourned at 10:15 after having sat in the darkness in solemn session for about one hour and a half.

Prosperous advertising means regular continuous advertising.

## BOARD OF TRADE REPORT TO CITY

Publicity So Far This Year Has Cost \$756; Estimate For Balance of Year, \$300

A report from the secretary of the board of trade regarding publicity expenses and general financial matters affecting the board was received by the city council last night and laid on the table for a week, copies of the report in the meantime to be perused by the aldermen.

The report made shows that so far this year the sum of \$756 had been expended by the board for publicity purposes and it was estimated that \$300 further would be used before the end of the year for the same purpose.

The annual report for the year 1921 also submitted showed that the total disbursements of the board had been \$2,173.35 including a surplus of \$370.11.

The report was called for by the city some weeks ago following the request of the board for a grant.

## TERRACE WEATHER

Indian Summer For Two Weeks During September; No Bad Winds in Month

TERRACE, B.C., Oct. 3.—Fine "Indian" summer weather prevailed from the 8th until the 21st, the rest of the month being cool and cloudy with frequent showers; heavy downpours on the 23rd and 28th.

Maximum temperatures ranged between 74 and 45. Minimum temperatures between 56 and 34.

There were no violent winds, neither any wind from a northerly point; what breezes came were limited to puffs between S.E. and S.W.

# ACCIDENT ON THE C.P.R.

## Loco-Fireman's Dreadful SCALDS

ROBERTSON ST., FORT WILLIAM.

"WHEN the water gauge of my locomotive burst, the left of my face was scalded terribly. Fortunately I make a practice of always carrying a box of Zam-Buk in my pocket, and when I had got over the first shock of the accident I had the balm freely applied to the injuries.

"Though I was suffering fearful agony at the time, Zam-Buk soon eased the pain and took out all fire and smarting, and enabled me to complete my journey.

"Upon reaching home I obtained another box of Zam-Buk and continued the treatment. In a few days all the new skin was growing in a wonderful way. I don't know anything else to touch Zam-Buk for dealing with cuts, burns, scalds and other small injuries.

(Signed) GEO. H. DUFFUS, (Fireman C.P.R.)

# Zam-Buk

THE LAST WORD IN HEALING

but probably at some other place than the present location.

R. McKay, of the Prince Rupert Dairy, stated that the raising of the standard to 3.2 per cent was practicable here and he was willing to accept the council's ruling on the matter.

It was finally decided to lay the whole matter over until advice was received from the provincial government, the matter of the Eleventh Street dairy to be left in the meantime in the hands of the building commission.

## WAR VETERANS ASK REFUND OF MONEYS PAID FOR RELIEF

A letter from the Great War Veterans' Association asking the endorsement of the city of relief disbursements made last winter amounting to \$118.15 was received by the council last night and laid over for a week for investigation. It was accompanied by a letter from Attorney General Manson to Capt. Ian MacKenzie stating the willingness of the provincial government to bear its share of a refund to the association providing the account was accepted by the municipality.

Members of the council expressed their willingness to co-operate with the association in obtaining the refund but wished to investigate the account first as, in accepting it, the city would probably be called upon to bear its share of the refund.

## The Man in the Moon SAYS--

It is to be hoped the weather man will continue in a good humor for some time to come.

WAY down in the U. S. they had a "swap social" where those who attended brought something they didn't want. Several of the older females took their husbands.

TO a chauffeur, life is just one bumpy road after another.

THAT Douk, who made a scene in the Victoria church on Sunday seems to have got himself talked about.

THERE was much holding of hands when the lights went out last night.

CONFLICTING emotions resulted from the sudden and continued darkness last evening. Those who had work to do who were in the midst of recreations that were adversely affected cursed the utilities department, but those who found in it the opportunity to a closer association, showered blessings on the head of the light dimmer.

"WHERE were you when the light went out," was asked of a youthful citizen last night. "In heaven," was the reply.

Persistent advertising is absolutely necessary to success.

## COLONIZATION ENCOURAGED

Big Scheme for Getting People on to Land in This Country.

One of the agencies for colonization is being found in the Western Canada Colonization Association. This organization has put on an active campaign to people the vacant lands of western Canada with suitable people from the British Isles, United States and other approved countries. In this it is expected northern British Columbia will benefit as well as the prairie provinces.

The scheme is to be a joint national effort in which each unit will have a separate function. The Canada Colonization Association will:

- (a) List land for sale.
- (b) Assist the Government in securing settlers from Great Britain, the United States and other countries.
- (c) Act as a national land selling agency in bringing settlers and vendors together.
- (d) Set up a national welfare organization embracing local community clubs, to care for incoming settlers until they become thoroughly established as successful farmers.
- (e) Direct the movement of British farm laborers to Canada, where they can in time become proprietary farmers.
- (f) Promote an extensive movement of British boys to Canadian farms, and
- (g) Encourage the migration of British women to Canada for employment on farms and in domestic service.

The Imperial Government will assume a liberal share of the cost of the welfare work to be carried on in Canada on behalf of incoming settlers.

The Dominion Government will—

- (a) Rejuvenate and extend the immigration agencies abroad, in order to stimulate the flow of qualified agricultural settlers to Canada.
- (b) Employ a large number of active field men abroad and
- (c) Carry on a widespread publicity campaign with this end in view.

The Provincial Governments are asked to—

- (a) Assist the Colonization Association in selecting suitable districts for settlement.
- (b) Assist in directing settlers through the instrumentality of the district agricultural representatives during the initial period of their pioneer careers, and
- (c) Provide the Colonization Association with literature regarding the agricultural attractions of the respective provinces.

The Canadian railways are to co-ordinate their colonization activities with those of the Colonization Association, and also provide special transportation rates for settlers and settlers' effects and colonization agents.

## HEALTH MESSAGE TO THE WORLD

Take "Fruit-a-lives" And Make Yourself Well

"Fruit-a-lives", the marvellous medicine made from fruit juices and tonics, is the most beneficial medicinal agent that has ever been given to mankind. Just as oranges, apples, figs and prunes are nature's own medicine, so "Fruit-a-lives"—made from these fruit juices—but concentrated and intensified—is the greatest Stomach and Liver Medicine, the greatest Kidney and Bladder Medicine—the greatest Blood Purifier—the greatest remedy for Headaches, Constipation, Indigestion, Nervousness and Bad Complexion—in the world. To be well, take "Fruit-a-lives". 50c a box, 6 for \$2.50, trial size 25c. At dealers or sent postpaid by Fruit-a-lives Limited, Ottawa.

### LITTLE GIRL TRIES HAND AT LIMERICKS

Twelve Year Old Writes Verse For Competition Now Going On

A little girl twelve years old has written a verse for the Limerick competition and while it is not anything like a prize winner it is given here for the benefit of others who wish to try.

**Lila Lee**  
There is an actress named Lila Lee,  
When she plays, everyone is full of glee;  
To see her dainty feet,  
Makes you want a front seat.  
Oh! It's Lila Lee you want to see.

### The Villain

There once was a movie star Villain  
Whose exploits were desperate and thrilling  
But his five foot three wife  
Made him fear for his life  
For her aim was both deadly and willin'

### Splendid De Mille

The phone rang, she answered  
"Hello."  
Said a voice "Will you come to the show?  
There's a splendid De Mille,  
A five or six reel."  
She said, "Yes, I'd just love to go."

### Such Lovely Mair

Have you heard of that actor named Wally?  
His other name's Reid, and by golly,  
The girls all declare  
They love his sleek hair,  
And the way that he smiles is so jolly.

### What's in a Name?

You have all heard of dear Wally Reid,  
Who drives all his cars with such speed,  
When his name's on the bill  
The houses all fill,  
I'm sure always does take the lead.

### Power of Example

There was a young man from Goblenz,  
Whose habits oft gave great offence,  
He was always behavin'  
Like Cæsar de Haven,  
When playing in "My Lady Friends."

### The Westholme

You should always attend the Westholme.  
It's better than staying at home;  
The music is sweet,  
The pictures are H,  
Makes you feel as light as the foam.

### Dug and Mary

Douglas and Mary with grips in hand,  
Heard the call of Banff amidst scenery grand,  
Like bugs in a rug,  
Sweet Mary and Dug,  
Are in Eden—our Canada—God's wonderland.

### Fat Man in Front

You choose a nice seat in a row  
And look at the picture, when lo—  
There's a fat man in front,  
Makes you feel a wee runt,  
So what can you see of the show?

### Hats Off, Please

My poor 'til ole crooked neck,  
You sure make me feel a wreck,  
I twist this way an' that,  
To see over that hat,  
Why do they wear 'em, by heck.

### TIP FROM LLOYD GEORGE

Half your troubles vanish the moment you face them, and the other half disappear if you continue to face them.

## Sport Chat

The World's Series, the baseball classic of the year, opens tomorrow at the Polo Grounds, New York City, between the New York Yankees, pennant winners in the American League, and the Giants, champions of the National. Baseball fans expect a better brand of playing in the World's Series than is displayed throughout the season and as a general rule anticipations are realized excepting for the freak incidents that develop a few marvellous misplays and a few incredible plays. Coming out of stiff pennant races in either league that have called up all the reserves on either side and required the most careful of management, the players in the ranks of both Yanks and Giants are worked up to a point of perfection this year that probably has never featured a big series of the past. In old staid players with steady records the Giants seem to have the edge while the Yanks players, though less steady, would seem to be capable of greater brilliance.

Airly pitched is expected of the pitchers in the World's Series. They are supposed to give few bases on balls, to have absolute control of the ball, and to pitch a masterful, "heady" game. The hitting is supposed in advance to be sharp and devastating when a battery of swatters opens up—but above all the fielding is expected to be flawless. Last year there was an average of only one and three-eighths errors a game—five-eighths for the New York Nationals, who won, and three-fourths of one error a game for the Yankees, who lost—which is very close to perfect baseball. Yet the series was decided by misplays on the defense; the Giants won the last two games on errors.

It is recorded that in the midst of all his pre-occupations and anxieties of the past six years, the late Michael Collins found time to keep up his one great interest outside the establishment of the Irish nation. This was the breeding of his beloved "Kerry Blues," a type of dog that has become very popular in the past year or two. Even when on the run and later during his bitter fight with de Valera, Collins is said to have found time occasionally to attend to his hobby.

Miss Hart, an English lady, has broken the world's swimming record for 100 meters breast stroke, accomplishing the distance in one minute thirty-three and two-fifths seconds. She swam in the Aldershot Command Baths. The previous record was one minute thirty-seven and three-fifths seconds by Miss Van Bogaert, in Belgium, on July 22 last.

### TERRACE NOTES

Mr. Bruce Jaynes reached Terrace on Sunday's train.

Owing to the high water the approaches to the ferry had to be drawn in and for part of the day Saturday the ferry was unable to operate.

A small dance was held in Lee's Hall, Usk, Saturday night.

Mrs. Howard Thompson returned to Rupert Monday.

Miss Roma Caldwell who has been here in the interests of the Daily News left on Saturday for points further East.

Captain Willman, superintendent of the Kleanza mill was in town on Friday.

Another enjoyable dance was held in the Lakelse Community Hall on Saturday.

Mr. Smith of Kalum Lake has gone to Usk to take the position of engineer at the Kleanza mill.

Messrs Sharp and Wilkinson were visitors to Usk on Saturday.

T. J. Marsh spent a few days at Doreen last week.

Mr. and Mrs. J. H. Thompson returned to Rupert on Sunday.

The funeral of the late Walter Jaynes took place at 3:30 Sun-
