MOTHERWELL CHOOSE SITE FOR NEW FARM

Says He Expects to Arrive in Prince Rupert Saturday Next.

VICTORIA, July 24.—Hon. W. H. Motherwell, minister of agriculture, in the federal government, arrived here yesterday afternoon. He stated to a Daily News representative that he would return east by way of Prince Rupert where he would arrive on Saturday.

The question of the site for the new experimental farm to be established somewhere between Prince Rupert and Prince George will be taken up by the minister while in Central British Columbia. He would make no statement in regard to possible location.

Mr. Motherwell said he did not know whether Hon. Charles Stewart, minister of the interior, and Hon. D. D. McKenzie, solicitor general, who are now at Vancouver, would make the homeward trip by way of Prince Rupert. His own activities in the northern part, he said, would be guided by the plans for him by the Liberals there.

LADY WILL HUNT FOR BIG GAME IN NORTH

Lady Yule and Daughter Expected to Visit Prince Rupert Enroute North.

Among visitors expected to come to Prince Rupert in the near future are Lady Yule and her daughter Miss Gladys Yule of London, England. They will try their luck at fishing up the coast and then will visit Alaska and Northern British Columbia. A despatch to a Vancouver paper says:

"They mean to try big fishing along the coast to Prince Rupert at which point they will take the boat to Skagway and thence to Atlin in the interior.

From Atlin, with 15 ponies to carry the party, camps and equipment, they are going right into the wilds and do not expect to emerge or to see outsiders for about three months.

Lady Yule has been in Canada once before when she visited Vancouver and the California Coast. She has friends in Vancouver and the party will be enlarged if she and her daughter "feel like company." They hope if time allows to visit the Klondyke and follow the old gold trail.

ATTEMPT ENTER JEWELRY STORE

Burglar Alarms in Bulger's Store Worked Effectively Early Sunday Morning.

What is believed by the police to have been an attempted burglary of Bulger's jewelry store on Third Avenue was prevented early Sunday morning by the effective working of burglar alarms on the premises.

While patrolling Third Avenue at 2:10 on Sunday morning, Constable Poustie reports the alarm in the jewelry store started to ring. On investigating, the officer found that an attempt had been made to gain entrance to the store both from the front and from the rear. He reported to the Boston Lunch where he notified Constable Alex. MacDonald, at the police station, and Mr. Bulger, at his home, by telephone. On examination, it was found that some person or persons had attempted to open the back door and the key had been pushed in and was still hanging from the lock. The attempt at the opening of the door having apparently failed, a piece of plank had been placed against the building and the lowest sash of one of the high windows had been opened causing the alarm to go off and all the lights in the store to turn on. Some sharp instrument had been used in forcing the sash.

Constable Poustie and MacDonald made a search for the person or persons who may have made the attempt at breaking in but nobody was discovered. Mr. Bulger, on arrival, found that all was orderly inside and nothing had been taken. The sash was secured again and the place locked up. Apparently the party trying to get in had made away quickly when the alarm was caosed.

P. W. Racey returned to Surf Inlet last night on the Prince Rupert.

TRIAL TRIP OF MISSION BOAT

Good Hope Makes Her First Run Under Auspicious Circumstances.

The fine little missionary boat "Good Hope" was given her trial trip on Saturday afternoon up Tucks Inlet with Capt. McGroskie at the wheel and a few invited guests aboard including M. McLean, the builder, Mr. Vivian, builder of the engine, Archbishop Du Vernet and Mrs. and Miss Du Vernet, Archdeacon Rix and Mrs. Rix, Rev. James Gillett, Mrs. Gillett and daughter Ruth, Mr. and Mrs. Bazzett-Jones, Mrs. McMullin, Mrs. McGroskie, Mrs. Simon Swanson, Rev. W. E. Colclison, Mr. and Mrs. G. Whitehead, Mrs. H. T. Cross, Percy Tinker, W. Raymond and H. F. Pullen.

Before the boat pulled out Rev. Canon Rix spoke of the splendid work being done by Mr. Gillett at Queen Charlotte Islands and his efforts to secure a more seaworthy craft with the result that the Good Hope had been built. She was very conveniently fitted and had a Canadian-made engine that was expected to be satisfactory. The boat was a credit to the builder, Murdoch McLean, who should be proud of his job. The boat would make a speed of about eight miles. She was launched on Friday night and expected to leave for the Islands on Tuesday. Canon Rix said he wished Rev. Mr. Gillett God speed. The skipper would be Mrs. Gillett with Miss Ruth at the whistle.

Following the address, the archbishop offered a dedicatory prayer which was followed by the singing of the doxology and then the boat pulled out.

Sunshine and Joy.

The sunshine and joy of the afternoon was a good augury for the future of the boat which is designed to carry joy to the settlers, lighthouse keepers and others along the coast of the Islands. The stowage battery of the boat is used to operate the moving picture outfit. The engine worked well, the compasses were adjusted by Capt. McGroskie and about 5 o'clock the boat tied up again at the boat club float.

Mounties Lose None Old Time Efficiency.

The story of the quick arrest of an Eskimo murderer following the killing of a mounted policeman shows that the force has lost none of its old time efficiency. The red coat is still a terror to evil doers, especially in the northern wilds and by means of the coolness and bravery of the wearers good order and decent conditions obtain from one end of Canada to the other.

Premier Of Sweden Would Abolish War.

The Premier of Sweden would abolish war and every person in his right mind must feel sympathy for any movement having that end in view. The lessons of the late war have not yet been forgotten. Young men who fought overseas are still dying prematurely because of injuries received overseas. The world, even after all these years, has not yet returned to normal, nor will it for many years to come. If anything, the Swedish premier suggests can aid in preventing future wars it will receive general support. What people are not agreed upon is as to ways and means. The head of the Swedish Government still has faith in the labor movement to accomplish that which it failed to do on a former occasion.

Welcome First Of Federal Ministers.

The first of the federal ministers to visit Prince Rupert following the return of the Liberals to power will be Hon. W. R. Motherwell, minister of agriculture. He will be here on Friday, it is expected, and a luncheon in his honor will be held under the auspices of the Board of Trade on Saturday.

Just now Prince Rupert is looking to Ottawa for a great deal, especially in connection with railway and steamship development. As the minister of agriculture is a prominent member of the cabinet, being in charge of one of the most important departments, it will be to the advantage of this city to show him every courtesy, something which is usually done to members of any government, Liberal or Conservative. It is a great thing for citizens to be able to unite on occasions of this kind, forgetting party politics and remembering only that this is a Canadian minister of the Crown and one of the men who will be responsible for the policy of the government for the next few years.

Watching With Interest Irish Civil War.

Local people are watching with interest the progress of the Irish civil war and all who favor the continuation of law and order will wish to see a settlement of the difficulties at an early date. Looking at it from this distance, it seems as if De Valera and his group are absolutely in the wrong. An election was held recently in that country with the result that the people voted in favor of the Griffiths-Colbins faction. This did not suit De Valera but under democratic institutions the minority must submit whether it likes the result or not. It is impossible to carry on a democracy if the minority is always to fight when defeated by the votes of the people.

Instead of leading a band of rebels, De Valera should have been the leader of the opposition in the newly formed Parliament at Dublin, a body which would have been in session now had not the recalcitrants tried to resort to force.

INDIAN CONCERT PORT ESSINGTON

Large Gathering of Natives from Whole District Attend Sale of Work.

The large hall at Port Essington was filled to capacity on Saturday night, July 22. Native people from all over the Skeena River district who are engaged at present in the fishing industry gathered for an enjoyable evening together. Much credit is due the Rev. Wm. H. Pierce, Mrs. Pierce and the committee of management for an event which was an unqualified success.

The Port Essington brass band was in attendance and gave several fine selections. The Sunday school children neatly dressed in white, sang choruses. Rev. Arthur Barner, superintendent of Methodist Indian Missions in Canada was called to act as chairman and briefly addressed the gathering. Fine talent was shown in the following items: Cornet solo, A. Stewart; vocal solo, Mrs. Morgan; Piano and cornet duet, Mr. and Mrs. J. Nelson; song, Mrs. Cadwalter; song, Dr. Wm. Sagar, and duet, Mrs. Magar and Dr. Sagar. Samuel Wise, who is the oldest man in the village, spoke words of wisdom to the people.

Conducted Sale.

Then George Brooks of Port Simpson was called to the platform and with great skill acted as auctioneer in selling the goods which had been contributed to the work of the mission, not only by the natives but by the businessmen of the town. Not till 11:30 was this sale concluded, \$238.00 approximately will thus be added to the fund which is being collected to install gasoline gas lights in the church buildings and to make other improvements on the property.

Mr. Pierce announced that 48 years ago the Port Essington mission was established. Many nationalities have been served. During that time the missionaries have officiated at 164 weddings, 294 baptisms and 316 funerals. It is an all peoples' mission.

SMITHERS

C. J. Broughton, government immigration officer of the state of Illinois, and C. H. Sylvester, author, and son spent several days in Smithers district last week. They were interested in getting information regarding agricultural opportunities in the Bulkley Valley.

A. E. Richards, fruit inspector from Summerland, visited experimental farms in the district last week. Despite the general absence of rain this season, he reports good results.

The baseball game last Sunday between Telkwa and Smithers resulted in victory for the former by a score of 17 to 12. Goovaere and Hunsperger were in the box for Telkwa and Gazeley, Arnold and Mutch each took a turn for Smithers.

Mrs. M. B. Wentzell, school teacher from Penticton, and Miss Nell Russel, from Vancouver, are visiting various points in the Bulkley Valley in the course of a tour of the north.

Ten Years Ago in Prince Rupert

July 24, 1912.

Ex-Alderman Odium, of Vancouver, is a visitor to Stewart where he is examining mining properties. He expresses great confidence in the city of Prince Rupert and feels that it is destined to become a great business centre.

J. D. McNiven, federal government fair wage officer, arrived from the south on the Prince George this morning to look into the dispute pending between the laborers and the contractors, on the G. T. P. railway construction.

The Veterans' Brigade of the city elected officers at a meeting last night. They are: R. W. Cameron, Captain; J. H. McMullin and T. W. Saville, lieutenants; John Cargill, sergeant major. The Brigade is preparing to form a guard of honor on the occasion of the Duke of Connaught's visit here next month. Their strength is fifty-one.

PLANNING FOR BIG FLAG DAY

Elks Have Ambitious Program Under Way For August 9.

The Elks are planning an even more ambitious program than the highly successful one of last year for the Flag and Field Day celebration which will take place at Acropolis Hill on August 9. While the observance of the day is primarily for the benefit and entertainment of the children with patriotic speeches, parade, sports, and games, there is also an attractive program being lined up for the older people. The feature of the day, if present plans carry through, will be a baseball game between the Prince Rupert and Anyox Elks, the first out of town baseball visitors of the season. Besides this there will be a Senior Lacrosse game, Junior baseball and perhaps other important athletic events.

Committees have been appointed and are already working enthusiastically with a view to making the day a great success. The conveners are as follows:

- L. M. Fuller, chairman of general committee.
- H. F. Glassey, secretary.
- Parade, clowns and music—E. A. Donohoe and Fred Gilhuly.
- Children's sports—F. W. Mackintosh.
- Transportation—H. F. Fraser.
- Advertising and program—F. Dobb.
- Dance—Jarvis H. McLeod.
- Booths and refreshments—R. Bryson.
- City decoration and window displays—C. Welch.
- Speeches and addresses—Milton Gonzales.
- Boys' baseball—W. J. Cash.

MISSIONARY VISITS METHODIST STATIONS

Rev. Arthur Earrow of Calgary Speaks Appreciatively of Work Done.

Among the visitors to the city last evening was Rev. Arthur Barner of Calgary, superintendent of mission work among the natives, who has gone on to Port Simpson in connection with that work. Yesterday he took part in services at Port Essington where there were no less than sixty communicants and in the afternoon a reunion meeting was held at which he spoke.

Mr. Barner says the missionaries in this province are doing good work, as well as in other parts of Canada. This is especially true up the Skeena River where there was a great revival last winter as a result of which the moral and industrial life of the people at the canneries is appreciably improved.

ANCIENT COSTUMES FOUND IN GREENLAND

They Resemble Clothes Worn By Dante; Frozen 600 Years

COPENHAGEN, July 24.—Men's costumes of the 13th and 14th centuries have been found in Greenland. They are in an excellent state of preservation, and resemble the clothes worn by Dante in the published pictures of the Italian poet. They are not yet open to public view; but may be exhibited at some future date.

These interesting finds were made by Dr. Noerlund, a Danish scientist, while excavating in ancient burial grounds in the south-western part of Greenland. They are the only existing specimens in the world of garments worn by men in the 13th and 14th centuries. Being deposited in the frozen earth for about 600 years has preserved them from destruction by moth and age. The garments are now in Copenhagen and deposited in the Danish collection in the Museum housed in the Prinsen's Palace.

Dr. Noerlund has found also several old wooden crosses in the frozen earth. They are covered with inscriptions in the Gothic rune script, and are considered by scientists to be of great historic value.

WINNIPEG BIRTHRATE

Falling Off Shown Amounting to About Fifty a Month Over Last Year

WINNIPEG, July 24.—Winnipeg's birth rate has dropped approximately 50 a month during this half year as compared with the first six months of last year. To June 30 there were 2,990 births in the city, as compared with 3,202 during the first six months of 1921, the report of vital statistics shows. Both years show a greater number of boys than girls, there being 1,695 boys and 1,507 girls born in 1921, as compared with 1,594 boys and 1,486 girls in 1922. During the six months there were 1,130 marriages and 1,195 deaths as compared with 1,412 marriages and 1,063 deaths to June 30, 1921.

The month's figures show a marked falling off in the births, but the month of weddings gave the marriage statistics a boost. In June there were 178 births, 278 marriages and 150 deaths as compared with 542 births, 183 marriages and 168 deaths in May.

Constable Clime, of the provincial police force at Hazelton, left the local hospital on Saturday afternoon and will return to the interior by tonight's train.

"But," protested the director, "this lion won't hurt you. This lion was brought up on milk."

"So wuz I brung-up on milk," waited the negro, "but ah eats meat now."

The following Promotion Lists show the classes in the various City Public Schools for the school year beginning September 5, 1932. Names of pupils do not appear in order of merit.

Before it was decided to promote or detain a child, the following were considered for each child:

- 1—The examination results of the three mid-term examinations.

- 3—The age of the pupil.
- 4—The results of the final examination.
- 5—The extent of improvement shown during the year or term.

The honor rolls for proficiency, attendance, and good conduct will be presented at opening exercises in the various schools.

prompted the murder. Billiard is known to have kept a considerable amount of money on his farm, which is located two miles from the village. Two years ago robbers entered his house and stole \$169. The buildings were ransacked following the murder.

Billiard was busy fixing a hayrack when shot. He was drilling a hole and leaning over an auger. Death was instantaneous. The bullet entered the lower section of the heart and came out through his side. The murdered man crumpled up and fell over the auger, dead. He was murdered about 5 o'clock in the afternoon.

Elsie Ferguson, who is starring in "Footlights," a Paramount picture which will be shown at the Westholme Theatre Wednesday, brings to her role the finesse of both stage and screen experience. The part, which portrays an American, who is introduced on the New York stage as a Russian actress, challenges the best of Miss Ferguson's art.

When Miss Murfin returned from Europe with the police dog said to possess almost human intelligence, skepticism was rampant. The auditors who were told of Strongheart's feats in the police department of Brussels and as a Red Cross worker under fire, agreed politely but withheld comment. In short, Strongheart was one of the "movie" company, but not one with them.

ELKS' PICNIC FINE SUCCESS

Weather Was Superb and Crowd Was One of Largest Ever.

Old King Sol beamed forth his brilliant rays from a cloudless sky and the rippling waves glistened back in reflection all day yesterday while Prince Rupert Lodge No. 16, Benevolent and Protective Order of Elks, was holding its annual picnic on the grassy slopes and sandy beach of Digby Island at the Quarantine Hospital point. It was one of the biggest picnics ever pulled off in Prince Rupert and also one of the most successful. Three hundred adults and perhaps half as many children went across to spend the day loafing and romping and participating in or watching the big program of sports that featured the afternoon. Some tried the water for bathing, being tempted by the little sandy beach, but it was a little cold for the most.

Plenty of Boats.

The boats commenced going across at 9:30 in the morning and continued pretty well throughout the forenoon with a few later in the day. Lodge members and their friends donated their boats and services for the occasion and the large numbers that assembled at Cow Bay were handled admirably without delay or disappointment to any. The list of lunches offered was too large for each to be mentioned singly but the lodge was appreciative to all.

The forenoon was spent informally to each person's or group's individual pleasure, some coming through the park-like woods while others just loafed. Fires were lit and the noon-day basket lunches prepared, ice cream, coffee, tea, milk, sugar and fruit being provided by the lodge. At 3 o'clock the sports program commenced and it was well on to 6 before the various interesting and amusing events had been completed. Soon after this, the crowds started for the homeward bound boats and by 10 o'clock practically all were home, safe and happy, after having spent a memorable day.

Picnic Committee.

The picnic committee comprised J. G. Steen, chairman, Robert Bryson and W. F. Roberge while Jack Keefe, Harvey Fraser and George J. Frizzell were in charge of the sports, C. Welsh, Ben F. Self, Milton Gonzales, W. J. Cash, Fred Gilluly, and other members assisted generally. The spirit of co-operation and the general desire to put the day over big were factors towards the splendid success that attended the picnic.

In the course of the day Fred Stork appeared and left a Kewpie doll for Mr. and Mrs. Joe Ratchford, the newest married couple on the grounds. For those who do not understand, it might be explained that the Stork was the M. P. for Skeena and the Kewpie a consolation prize for the last couple to date in the Elks' marrying race.

The Events.

Other events of the day and their winners were as follows: Tot's race, 5 years and under—1, Dora McIntosh; 2, Nina Martin. Girls, 6 to 8—Jessie Martin; Irene Boulton. Boy's 6 to 8—Gordon Clark, Cameron Hooper and W. Morrison. Girls, 8 to 12—May Martin; Connie Morgan and Mary Williscroft. Boys, 8 to 12—J. Gawthorne, Stanley Director and Richard Smith. Girls, 12 to 16—Laura Frizzell, Doris Gawthorne and May Joy. Boys, 12 to 16—Richard Smith, Bartlett Wakefield and Stanley Director. Tug of War—Single men vs. Married men, won by former. leading man, was lost in the heavy underbrush. Quite a while elapsed before his absence was noted; and then efforts to locate him proved futile.

Finally, Strongheart took up the trail. Three quarters of an hour later he returned with the leading man, somewhat fatigued and breathless but glad to be back.

"Gee, I'm glad that dog came along," Bowers exclaimed.

SKELETON IS FOUND OF MURDERED LABORER

Former Companion of John Collins is Detained by Police

WINNIPEG, July 22.—The skeleton of John Collins, Oak Bluff farm hand, was discovered by a dairyman named Gavaert, Sunday afternoon, about 200 yards from the main road near Tuxedo, in a bush. Gavaert was driving a herd of cows through the bush when an offensive odor assailed his nostrils. A few moments search brought the skeleton to light. A discharged .32 calibre revolver bullet was found underneath the neck, indicating that Collins had met his death at the hands of an assassin. The skeleton was identified by letters addressed to him found in the clothes. An inquest will be held tonight in the new law courts to determine the cause of death.

Moroz Detained

John Moroz is being detained by provincial police, pending the verdict of the coroner's jury. Both John Moroz and his brother George were detained by the police at the time of Collins' disappearance, and George was arrested at the station as he was about to purchase his ticket to Europe. Despite the fact that provincial police issued instructions that George Moroz was not to be allowed to leave the country, he succeeded in making his escape, after he made an unsuccessful attempt to gain his freedom at the jail.

Collins disappeared early in January after making a trip to the city in company with George Moroz to consult a lawyer concerning a dispute between them. They left the city about 5 p.m., promising to return the next day and complete the business. On their way home Collins stopped at a store at Tuxedo to purchase some peanuts, telling the storekeeper George Moroz was in the sleigh outside. Collins never was seen alive again.

Found Blood Marks

Provincial police following a search in the neighborhood, voided the belief that Collins had disappeared, claiming that he owed money, and absconded. A friend of the missing man asserted Collins had been murdered and declared the murder had been committed in the vicinity of Tuxedo. Police found blood marks not far from where the skeleton was found, but declared it was not human blood. The spot where the skeleton was discovered was about 150 yards from where police investigation had centered.

Collins was a Belgian about 24 years old and was employed as a farm hand at the Arbuthnot Farm near Oak Bluff.

CONSCIENCE CAUSED THIEF TO CONFESS

Thought Police Were Dogging Him So Wrote to Chief And Told of Crime

WINNIPEG, July 22.—Goaded into desperation by a conscience which saw in every stranger a police officer on his trail for crimes committed at Medicine Hat and Camrose, Alberta, William Douglas, of Medicine Hat, summoned city detectives to arrest him Saturday when he wrote a letter to the chief of police stating he could no longer stand the constant shadowing of police officers and would prefer jail to the hell he was living in.

City police had never heard of the man before receiving his appeal for arrest.

When he appeared in the city police court, charged with the theft of \$300, he was remanded pending the arrival of an escort from Alberta to return him to Medicine Hat.

Police state their belief that the man was the victim of a conscience which drove him to submitting to arrest, rather than endure the tortures of an imagination which conceived a constant shadowing by officers of the law. In his letter, he asked why he was constantly followed, instead of being arrested at once. He was in hell, broke, and something desperate was going to happen. He was at a hotel under the name of Eastwood, and wanted the police to come for him. They did. Douglas also confessed, it is said, he had come from Medicine Hat with another man's wife, whose right name was said to have been that under which he was going. Three of her five children were brought to Winnipeg with them. The mother and children have been placed in a private home by the police.

Information received since Douglas' arrest states he is wanted at Camrose, Alberta, for the theft of a Ford car.

RAILROAD BROTHERHOOD KEEPS ITS AGREEMENT

CLEVELAND, July 22.—Members of the four railroad Brotherhoods, the Engineers, Conductors, Firemen and Trainmen, while heartily in sympathy with the action of the railway shop employees who are striking to maintain a decent standard of living, have nevertheless been ordered by their officers to perform scrupulously all their usual duties under the terms of their agreements with the railroad companies, no more and no less. At the same time, they are advised under no circumstances to do work previously done by or take the place of any of the striking employees, under penalty of expulsion. In other words, the chiefs of the Brotherhoods recognize the strike of the shopmen as legal and justifiable, but in accordance with their well-established policy, they will not violate the solemn contracts for service which they have previously made with the railway companies.
