## Semenoff Accused of Awful Crimes

### ACTIVITIES AT GENOA CONFERENCE STILL ATTRACT ATTENTION

#### Looks For Second Premier Mine up Bear River Valley

A big amalgamation scheme has been completed in connection with two large properties on the Bear River and a company is being incorporated to carry on development work with a view to making of it a second Premier mine, according to James Stewart, who is in the city.

The name of the new company is Dunwell Mines Limited. It will acquire the group of claims hitherto held by the Dunwell syndicate on Glacier Creek and the property of the Stewart M. and D. These adjoin each other and at the intersection of the veins is supposed to be the big ore body just as it was in the Premier mine.

#### GUARANTEES OF RUSSIANS

Canada Represented on Important Sub-Commissions at Genoa Conference.

VEXED QUESTIONS ARE NOT COMING FORWARD

LONDON, April 13.—The Russian delegates at the Genoa economic conference will give all the financial guarantees demanded to the program of the Allied experts but flatly refuse to accept the clause providing for mixed tribunals to fix the responsibility, says a Genoa despatch to the Exchange Telegraph. The Russians consider the tribunal clause an infringement on Russia's sovereignty.

GENOA, April 13.—Canada is represented on two of the most important sub-commissions at the Economic Conference. Professor Eduard Montpelit is a member of the sub-commission on Russian affairs and Sir Charles Gordon is on the economic and transport commission. These two commissions are entrusted with the preparation of reports for the four main commissions.

GENOA, April 13.—While rumors of a sensational nature are flying thickly about the conference circles today most of them have been promptly disavowed. On fact appears to stand out clearly, however, that being that neither disarmament or reparation questions will be brought up for specific action against the opposition of France.

#### ARBUCKLE IS ACQUITTED

Movie Actor Not Guilty of Death of Virginia Rappe, Law Says.

SAN FRANCISCO, April 13.—Roscoe Arbuckle known in the movie world as "Fatty" was acquitted of the charge of manslaughter in connection with the death of the actress, Virginia Rappe, last September. This was the third trial and the jury was out only six minutes before returning with their verdict.

The case is a notorious one, the death of Miss Rappe having occurred during an orgie in which a number of men and women of the Arbuckle type took part. At each of the previous trials the jury disagreed and a new trial was ordered.

The verdict yesterday disposes of the case insofar as the law courts are concerned but the career of Arbuckle is undoubtedly ruined and the profession to which he belonged has suffered as a result of the tragedy.

#### DENNIS WILL INVESTIGATE

P. G. E. Country to Be Reported on by C. P. R. Export.

VICTORIA, April 13.—Colonel J. S. Dennis, colonization expert from the Canadian Pacific Railway, has been invited by Premier Oliver to investigate the resources of the Pacific Great Eastern Railway country while J. G. Sullivan investigates the engineering features.

W. P. Hinton, formerly of the G. T. P., has submitted an informal report of his impressions of the operation and traffic features following a recent trip over the P. G. E.

Canon G. A. Rix is sailing for Vancouver on the Prince Rupert tonight.

#### BUSINESS OF TELEGRAPHS GENOA HEAVY

No Less Than 210,000 Words Sent Out Addition to Telephones.

GENOA, April 13.—Telegraph and telephone wires reaching out from Genoa are swamped with business incident to the economic conference. On April 10 there were despatched from the city telegrams totalling 210,000 words. On the same day telephone calls to other Italian towns showed a total of 108 hours and to towns abroad, 22 hours the equivalent to 2600 three minute conversations.

#### HARBOR RESIGNS SHIPBUILDING CO.; SHIPS UNFINISHED

VICTORIA, April 13.—Captain M. D. Harbord has resigned from the presidency of the Victoria Shipowners Limited, the company which two years ago started to build three lumber schooners. Two of the boats are still on the ways partly finished owing to lack of funds.

The greater part of the money to build the schooners was provided by the Dominion Government, the minority share being held by a local company.

#### ESTIMATED LOSS OF RUSSIANS FROM FAMINE SIX TO SEVEN MILLION

GENEVA, April 13.—Between six and seven million Russians will have died of famine before the next crops are harvested, according to the report received today, from Captain Quisting of the international relief organization headed by Dr. Nanson.

#### CHARLES BALAGNO WINS AT BILLIARDS

Defeated George Waugh in Prince Rupert Pool Room Tournament. Final by 200 to 194.

Charles Balagno won the senior billiard handicap at the Prince Rupert Pool Room by defeating George Waugh in the final last night by a score of 200 to 194. The loser in this game wins second prize in the tournament and Col. S. P. McMordeie and E. Green are to play off for third and fourth.

"The Hidden Treasure" and "Hallroom Comedy" at the Westholme Theatre tomorrow matinee and night.

\*\*\*\*\*  
**LENINE WILL BE AT THE CONFERENCE AT PROPER TIME**  
 \*\*\*\*\*

GENOA, April 13.—Nikolai Lenine, Russian Soviet premier, will come to Genoa to replace George Tchitcherin as head of the Russian delegation when negotiations at the economic conference reach the proper stage, says the newspaper Secola.

#### Officers Say Semenoff Guilty of Crimes During Occupation of Siberia

WASHINGTON, April 13.—A general and a colonel of the American forces testified before the congressional committee that General Semenoff was directly responsible for the horrible crimes committed by Siberian soldiers during the American occupation in Siberia.

Senator Borah will demand the deportation of Semenoff from the United States as guilty of human butchery and nameless crimes against humanity.

#### ARBUCKLE IS RETURNING TO PICTURE LIFE

One of His Films to Be Released as Test of Public Opinion.

SAN FRANCISCO, April 13.—Twelve jurors and two alternative jurors, including five women, were on the jury that reached the unanimous verdict of not guilty in the Arbuckle case yesterday. The group of jurors, headed by Foreman Brown, issued a statement saying they believed Arbuckle deserved more than acquittal. There was not the smallest particle of evidence convicting him with crime or responsibility with the unfortunate affair.

Arbuckle issued a statement saying he had devoted his life to the happiness of children and he hoped in future to extend the scope of his art to a wider field. He told newspapermen he had put on flesh during the trial and would train and reduce and then go back into movie production if the public wanted him.

#### AVIATOR FALLS AND IS KILLED

Sir Ross Smith Was to Have Come This Way in Flight Around the World.

LONDON, April 13.—Sir Ross Smith, the Australian aviator, who with his brother, Sir Keith Smith planned to start from Croydon on April 25 on an attempted flight around the world, was killed when his plane crashed in a practice flight at Brooklands today.

Terrific Crash.

LONDON, April 13.—In the fatal flight today, Sir Ross Smith's plane had climbed to a height of 3,000 feet when suddenly the nose dipped and the machine went into a spin striking the ground with such a terrific crash that the plane was practically broken into splinters and Sir Ross was instantly killed. Lieut. Bennett, who was accompanying him dying a few minutes later. As engineer, Lieut. Bennett had also intended to accompany the Smith brothers on their proposed flight around the world this season.

The Smith brothers planned to have passed near Prince Rupert on the flight next month. They had asked for the co-operation of the Canadian aviation department and this was promised.

Westholme Theatre tomorrow Matinee and night, "The Hidden Treasure." Hall room comedy.

#### LEADERS MEETING IN IRELAND TODAY DISCUSSING PEACE

DUBLIN, April 13.—The peace conference summoned by Lord Mayor McNeill began its sessions in the Mansion House this afternoon with the leaders of all factions present. Hopes are expressed that the parties will be able to get together on a policy which will result in a real peace for Ireland instead of civil war.

#### EARL BALFOUR OF WHITTINGHAME IS TITLE TO BE TAKEN

LONDON, April 13.—Earl Balfour of Whittinghame will be the new title of the Conservative statesman, Right Hon. Sir A. J. Balfour, lord president of the council, who will resign from the House of Commons following his elevation to the peerage, there being a constitutional objection to a peer sitting in the House of Commons.

#### DISCOUNT RATE IS REDUCED TO FOUR PER CENT. ENGLAND

LONDON, April 13.—The Bank of England has reduced the discount rate to four percent. This is the lowest rate in any country of the world with the exception of Switzerland, where it is three and one-half percent.

#### HAUL FROM BANK AT LADNER WAS \$124,450

Victory Bonds and Other Valuables Carried Off Were Valuable.

VANCOUVER, April 13.—After a check up of the victims of the recent robbery of the safety deposit boxes of the Royal Bank at Ladner on March 28 the total value of victory bonds and other securities taken is estimated at \$124,450.

#### CHITA FORCES ARE DRIVEN OUT

Japanese Take Further Part in Fighting in Siberia, Says Report.

TOKIO, April 13.—Japanese troops have driven the Chita Government forces out of the neutral zone between them and the Vladivostok Government troops, says a despatch received here today from Vladivostok.

#### SNOHOMISH PATROLLING SEAS NORTH

Coast Guard Cutter to Prevent Any But Indians Getting Pelts.

Out in the vast reaches of the South Pacific, thousands of seals are now beginning to swim in far-flung herds for the Pacific Coast, bound from the balmy waters of the south to the spray-drenched rocks of the Pribilofs in the Bering Sea, says the Alaska Dispatch, published at Seattle. Mindful of Uncle Sam's international covenant, the coast guard cutter Snohomish, Captain R. R. Waesche, will leave Seattle on the way to a point 20 to 40 miles off the mouth of the Columbia River, where she will meet the swimming multitudes. The Snohomish will stand guard over the mighty migration all the way from the mouth of the Columbia to the waters off Dixon's Entrance, Southeastern Alaska. Her guns are ready, if there is need for them.

Only Indians Allowed.

The Snohomish's guns will act as a deterrent on any attempt at pelagic or open sea sealing except in the case of the Indians of the Makah, the Ojette and the Quillayut tribes of the outer Washington coast. Uncle Sam allows these Indians to sally out 30 or 40 miles into the open ocean to attack the seals with spear and gaff. They must use no other weapon and they must paddle out to the path of the great marine pageant, the employment of power boats being forbidden. The Washington Indians get about 2,000 skins a year.

Nearly 30 canoes, each manned by three to five men, will go out to meet the seal herds this year, the enterprise forming one of the most picturesque features of the state's activities on the sea. The herds will begin to appear off the Washington coast the middle of April and from then until the middle of June the fur-bearing denizens of the deep will continue to pass in swimming multitudes. They travel in herds of 10 to 15, each led by a first-class fighting Dempsey.

Winter Habitat.

The winter habitat of the seal herds was long one of the mysteries of the sea. According to the latest scientific information, however, the herds come south from Bering Sea to scatter over a vast extent of South Pacific waters for the cold months. The females go far south. The males and young seals remain in the upper reaches of the South Pacific. Some of the old males, good fighters and valorous, remain in the cooler waters of the North Pacific.

Indian Chief Lost.

Until two years ago it was not deemed necessary to patrol the waters between the mouth of the Columbia River and the entrance to Dixon's Entrance. Then came a story from the Indians of the coast that a mysterious two-mast schooner had been seen off the Washington coast during the annual migration, with the canoe of Chief Peterson of the Makah tribe towing at the stern. The canoe later was found east up on the beach. Chief Peterson never was seen again. Some believe he was drowned, others that he was shanghaied. Because of the report, the coast guard service ordered the patrol on which the Snohomish is about to leave port.

#### CONTRACT FOR ANYOX DAM TO SEATTLE FIRM

Pacific Bridge and Dredging Co. Get Big Job—Completion by November 1.

The contract for the building of the dam at Anyox has been let by the Granby Consolidated Mining, Smelting and Power Co. to the Pacific Bridge & Dredging Co., of Seattle, and W. E. Buell, manager of the constructing company, arrived at Anyox last week to take charge. It is expected that the short railway line being built to the dam will be completed by the end of the month so that the work on the dam can be started by May 1. It is hoped to have the dam completed by November 1. Over 100 men are now working on the railroad line, which is being built under contract by Gus Johnson.

#### ASPIRANT FOR CHAMPIONSHIP

Soldier Jones Challenges Joe Beckett—Last Fight a Good One.

LONDON, April 13.—Soldier Jones of Quebec, Canadian heavy weight boxer, through his manager, Pat Hooley of Montreal has challenged Joe Beckett, heavy-weight champion of the British Empire, to fight for the Empire championship and £500 a side. Jones on March 30 was defeated in a twenty-round bout with Albert Lloyd, the Australian, on a foul in the tenth just as Jones had the Australian practically out after a strenuous fight.

#### COMMONS REFUSE PASS REGULATION SHORTENING SPEECH

Large Vote Against Any Infringement of Rights of Members in Great Britain.

LONDON, April 12.—The House of Commons spent a couple of lively hours discussing whether there was any occasion to shorten the length of speeches.

The suggestion was put forward that time recorders showing the length of speeches be set up in the hope that their moral influence might be sufficient to curtail unnecessarily loquacity. The House, however, would not entertain the idea and rejected the suggestion on a free vote of 199 to 21.

#### RECIPROCAL TARIFF BETWEEN AUSTRALIA AND NEW ZEALAND

LONDON, April 12.—An agreement has been signed for a reciprocal tariff between Australia and New Zealand, according to a Reuter despatch from Melbourne.

#### ATTORNEY-GENERAL ON THE WAY NORTH

**New Dock Is Almost Complete.**

The new ocean dock 860 feet long is almost complete. Yesterday the contractor who had been erecting the superstructure completed his work and left the city. The roof is almost complete and there is little else to do except put in the electrical fittings. It is a splendid structure, and all that is needed now is business to make the investment pay.

There will be a good deal of Alaska business which will go through this port. The new dock will be used for that. Also we are looking forward to Oriental business and possibly trade with Siberia. Given coal bunkers and we then are equipped for handling all kinds of trade.

**Earl Balfour Earned His Title.**

Earl Balfour is one of the few men who really earned the title bestowed on him. During all these years of faithful work for his country he decided to remain a commoner. Coming from an aristocratic family, of whom Lord Salisbury and Lord Robert Cecil were members, he refused to accept similar titles. He felt, doubtless, that he could better serve the people by remaining plain Mr. Balfour. Now he is advanced in years. His crowning work was achieved in the absence of Lloyd George in leading the British delegation and taking a prominent part in the arms conference and the formulation of the four-power treaty at Washington. For this he is rewarded, but the titles are as nothing compared with the regard of his fellow-countrymen and the respect and admiration of the world.

Balfour seems to take life lightly. Yet he remains possibly the second greatest man in the British Empire.

**P. G. E. Problem Still Worrying.**

When Hon. A. M. Manson was made a director of the P. G. E. he was given the opportunity to perform a public service greater than any of the services he could render through his position as attorney-general of the province. The one provincial railway remains a drag on the whole community. It connects Squamish with Queens, neither of them important places, and it calls at no important points en route.

Possibly the gold rush into that country will make the railway useful this summer, but in spite of any gold rushes or similar excitements, the railway will be a burden, and anything the attorney-general can do to lighten that burden will be appreciated by the people.

**Newspaper Story Of Good Friday.**

Had there been newspapers published about two thousand years ago there would have been a notice in the morning paper in Jerusalem on Saturday of this week stating that three executions took place the day before. Two of the men were thieves and the third was a blasphemer who said that he was the Son of God. This blasphemer, whose name was Jesus of Nazareth, was a danger to the country because many people thought he was the promised Messiah and they followed him from place to place. He had wonderful powers of healing and had even been known to bring back to life those already dead. In addition to his miraculous powers he preached against the prevailing evils of the day and even dared to rebuke those in high places, including the Roman officials and the Jewish leaders. For this he was crucified.

We keep Good Friday tomorrow in honor of the event.

**SHORTAGE OF LODGINGS IN LONDON TODAY**

**Curious Cases in Court as Result of the Lack of Accommodation.**

LONDON, April 12.—Remarkable stories concerning the house shortage were told in Bow Street County Court yesterday during the hearing of a number of possession summonses where the owner was asking to have the tenant evicted.

One man said he packed his family in one room while he slept in a shed in the garden throughout the winter.

A woman said it was her custom to read the death notices and enquire at the house whether the death meant making accommodation for another lodger.

Another man told the court he had been married two years but never lived with his wife because the landlady refused to have her in the house.

In the course of the trials a new employment for commercial travellers was revealed. Some of them seek houses and rooms for clients on commission.

**FISH BONDING PLAN OPPOSED**

**Delegate Dan Sutherland Would Not Throw Fishery Business Into Seattle Hands.**

Delegate Dan A. Sutherland in a recent speech at Juneau, Alaska, after stating the American transportation companies for what he declared were excessive freight charges, said he was opposed to the bonding proposals being made in some parts of the territory. According to the Juneau Empire he condemned the effort sponsored by the Ketchikan business men to have Alaska fish bonded in an American port before shipment across foreign territory into American territory. He spoke warmly in favor of the latest White Alaska fisheries measure prohibiting the use of traps in bays and estuaries, which he said he hoped would pass.

**Attacks Companies.**

In his attacks on the shipping companies he confined himself to freight rates, declaring that Alaskans had very little interest in passenger rates. He quoted figures purporting to show discrimination in water rates between San Francisco and Seattle and between Seattle and Alaskan ports, ranging from 23 per cent. to as high as 200 per cent. higher in the latter district. He also quoted his extended remarks in the Congressional Record and from a brief submitted to the chairman of the house committee on territories by the territorial attorney-general. He also condemned the discriminatory provisions of the Jones shipping bill and said he had introduced a bill annulling them.

**Halibut Fishermen Protected.**

He said he had advocated the imposition of duty on halibut to protect Alaska fishermen against orders-in-council of the Canadian government aimed to centralize the halibut fishing industry in Canadian ports. But he opposed the Ketchikan bonding plan, which he declared would throw the industry into the hands of Seattle buyers, completely eliminating Prince Rupert as a market.

**JUSTICE MORRISON TO PRESIDE HERE**

**Will Be Accompanied by Fire Marshal Thomas, Who Is Going to Hazelton.**

Mr. Justice Morrison will preside at the Supreme Court sittings to be held here on April 27, and is planning to arrive in the city by the steamer Prince George on the Wednesday preceding the date of the commencement of court. As yet there is only one case for the court here, that of Musiano Carmello of Seaton, who is charged with attempted murder. On account of the lightness of the docket there has been a rumor that the session of the assizes would be cancelled and the case traversed to Vancouver. There is, however, nothing official on this yet.

J. A. Thomas, fire marshal for

the province, will likely accompany Mr. Justice Morrison on this trip, he being bound for Hazelton to make an investigation of the recent disastrous fire there.

"HERE is a letter from Bessie, and she says she is feeling fine again after using Dr. Chase's Nerve Food.

"I knew it was just what she needed to build up her system after baby's coming.

"She says she is sorry she did not take your advice long ago instead of worrying along as a semi-invalid for so many weeks."

"What else does she say?"

"I will read you the rest. She says: 'My nerves got so upset that I could not sleep scarcely at all. Digestion was bad and I had palpitation of the heart. Baby got cross and irritable, and at

times I got terribly discouraged.

"When I got mother's letter urging me to try Dr. Chase's Nerve Food I was about ready to give up, and decided to give the Nerve Food a trial on the strength of what it had done for her.

"I cannot begin to tell you how thankful I am for that advice, for I am now well and happy, baby is doing fine and I know that the credit is entirely due to the use of the Nerve Food."

**FORMER ACTRESS SENT TO ASYLUM**

"The Sweet Pea Girl" Well Known in Alaska Now at Morningside.

SEATTLE, April 13.—Mrs. Rose Tiffany, known all over the coast as "The Sweet Pea Girl" is at Morningside sanitarium at Portland under treatment as an Alaskan insane.

Her misfortune at this time recalls the part she played in the notorious case of Theodore Durant, the San Francisco murderer, for which part she was written up all over the county as "The Sweet Pea Girl."

Durant was charged with and found guilty of heinously murdering two young girls, Minnie William and Blanch Lamont. The papers of the day were filled with the case and attracted more attention than any other similar case of the time. During the incarceration of Durant, before his trial and afterwards, Mrs. Tiffany, then a young girl, beautiful and an actress of promise, became enamored of the man and daily sent him large bouquets of sweet peas, and during the trial she appeared at every session, each time carrying or wearing a bouquet of sweet peas.

She was written and photographed extensively. For a number of years she has been in Alaskan towns and once before was committed to Morningside.

Mrs. Tiffany was brought from Ketchikan to Morningside in the custody of Deputy Marshal Neil McGregor of Petersburg.
