ITALIAN PARLIAMENT

ROME, March 15.—The reopening of Parliament this afternoon aroused only ordinary interest and many seats in the House were vacant.

SUSPENDED FOR PUNCHING MAN

Ambrose Moran Hit Referee in Dressing Room and Laid Off Indefinitely.

CALGARY, March 16.—For punching Referee Poulin in the dressingroom during the Regina game with Vancouver on March 11, Ambrose Moran, defense player for Regina Capitals, has been suspended indefinitely by President Richardson of the Western Canada League.

CHARGED WITH STEALING HER OWN GEMS.

Mrs. Sarah Robertson, real estate operator of Deal, N. J., stirred the police in the northern part of that State when she reported that a lone bandit had entered her home and robbed both her and her dinner guests of \$50,000.

Members of Presbyterian Church Are Ready to Proceed with Plans For Building of \$35,000 Edifice

The members of the Presbyterian Church of Prince Rupert realize that the time is now ripe for the establishment of a proper church in the city. The matter was given full and free discussion at the annual congregational supper meeting which was held last night and, if the enthusiasm which was displayed there may be taken as any criterion, steps may be taken immediately towards getting the plans under way.

The balance was \$87.22 as compared with \$30.16 last year. The receipts for the year had been \$3,720.99, this including envelope collections amounting to \$2,378.70 and open collection, \$1,269.50. In 1921 the church had received no contributions from the Ladies' Aid, while in 1920 it had received some \$600.

Financial Position. On behalf of the Board of Managers, J. L. Christie presented the annual church report. Mr. Christie stated that there was nothing special in the financial statement other than that there was a small increase in the cash balance this year over last. This

In speaking to the annual report, Dr. Grant said that the building scheme would have to go before the board at Toronto. The idea was that \$10,000 be raised locally, the general board donate \$10,000 and make a loan on easy interest, of \$15,000 thus (Continued on page 6.)

Miss HELEN G. STEWART will address a Public Meeting at the Empress Theatre Tonight at 8 p.m. Subject, 'The Bylaw for a Public Library' Ratepayers, come and hear Miss Stewart explain what you are to vote for on March 22

SUDDEN DEATH OF BUILDER

W. B. McLaughlin of Victoria Collapsed on Street Yesterday Afternoon.

While supervising excavation work for the building on Third Avenue which he proposed erecting, the death occurred suddenly yesterday afternoon of William B. McLaughlin of Victoria from heart failure. Deceased had been suffering from neuritis and, shortly before he collapsed, he had an altercation with Angelo Antorelli, the Italian workman who had charge of the work.

The late Mr. McLaughlin was about 50 years of age and was a native of Victoria. He was the eldest son of the late Mr. and Mrs. W. H. McLaughlin and was well known and highly respected in the capital. His father was the deputy receiver-general for the Dominion Savings Bank of Victoria.

Mr. McLaughlin was for many years in the service of the Indian Department under A. M. Vowel, agent at Victoria, and he built the Indian school at Metlakatla, B. C. Later he retired and resided in Victoria, where he owned a lovely home which had been built by his parents. He had considerable means. He had many investments here and elsewhere.

WHISKY FOR THE PONIES

Ontario Distiller Says That Is Why It Was Found in His Cars.

BUFFALO, March 16.—Fifteen race horses, en route from Waterloo, Ontario, to Maryland, were seized by federal officers last night when several cases of whiskey were found in the cars in which the horses were being shipped. The horses are owned by Joseph Seagram, who owns and operates a distillery at Waterloo. It is claimed that it is necessary to give horses whisky in the course of their training.

TRAINS ARE HELD UP IN IRELAND

BELFAST, March 16.—A train proceeding from Belfast to Dublin was held up at Altaveigh near Newry this morning. Armed men seized and carried off the mails. A similar holdup took place yesterday on the southern side of the border.

MARITIME PROVINCES.

OTTAWA, Mar. 16.—Most of the short afternoon session of the House of Commons yesterday was occupied with discussion of Maritime Provinces problems. Hon. J. B. M. Baxter being the chief speaker.

ATROCITIES IN IRELAND

Masked Men Enter Hospital and Ric'de Officers With Bullets While in Bed.

GALWAY, March 16.—Four disguised men entered St. Bride's Home here last night and shot and killed Sergeants Gibbons and Gilmartin, members of the Royal Irish Constabulary. A constable was also wounded.

Just previously to this incident three masked men entered a workhouse hospital and killed Patrick Cassidy of Mayo. The nurses in St. Bride's were at supper when the men entered the place. They riddled the officers with bullets as they lay in bed.

INDEPENDENCE IS DECLARED

Egyptian Sultan Made Announcement Last Night—He to Be King—Disorders Arise.

LONDON, March 16.—A decree was issued by Sultan Ahmed Fuad Pasha last night announcing that Egypt had become an independent and sovereign state and that the Sultan would assume the title of King of Egypt.

An Exchange telegraph despatch from Cairo says that the declaration of Egypt's independence was followed by several demonstrations, in Cairo, including the smashing of windows and the uprooting of trees by the crowds. The Egyptian Cavalry restored order.

NEGOTIATIONS TOWARDS LABOR SETTLEMENT

British Minister of Labor Intervenes in Shipbuilding Industry Dispute.

LONDON, March 16.—As a result of the intervention of the Minister of Labor, negotiations towards a settlement of the shipbuilding industries dispute have been resumed and the reduction of wages has been suspended.

MAN CHARGED WITH GIVING DRUGS WAS IN POLICE COURT

K. Hanseth, charged with giving drugs to one William Lubbe, appeared before Magistrate McClymont in the city police court this morning and was remanded until tomorrow, when physician's evidence will be taken.

William Lubbe, in giving evidence this morning, said that the accused had given him tablets composed of hyocine morphine and castin. Witness said that he had been a drug addict for six years and this kind of drug was usually supplied by a physician.

W. C. Ellis also gave evidence, stating that he had received a quarter-grain tablet of the drug from Lubbe, who said he had got it from Hanseth.

TUGBOAT FOUNDERED CLOSE TO VICTORIA

VICTORIA, Mar. 16.—The tugboat Des Brisay foundered in a storm off Gonzales Point. The Chinese cook, Ah Lee, was drowned, but all the rest of the crew were saved.

**Library Meeting
Empress Tonight.**

There is to be a meeting of the supporters of the public library at the Empress Theatre tonight which will be addressed by Miss Helen Stewart, president of the British Columbia Library Commission. She is an excellent speaker and very entertaining. Someone remarked yesterday: "She is the best woman speaker I have ever heard."

The support of all the people of the city is necessary if the library is to become an assured fact and also a success. For that reason everyone is invited to attend the meeting at the Empress Theatre. It is promised that the meeting will not be a very long one, but the more support is obtained the better the chances of getting the bylaw through.

**This is the Time
to Help the Bylaw.**

This is the time to aid the cause. The bylaw is to be voted on next Wednesday and in the meantime it is desirable that every person in the city should be fully acquainted with the need and the possibilities. This can be done by an active canvass of the ratepayers. There is nothing to hide in connection with this bylaw. The maximum amount that was asked for was \$2500, and this would add only about a quarter of a mill to the tax rate. The proposal is to establish a library with the books already collected, numbering nearly two thousand, to which will be added a number of volumes loaned by the Provincial Government and others to be purchased locally. The whole will make a good collection worthy of a city of the importance of Prince Rupert.

**Trained Librarian
Is Necessary.**

In discussing the matter of a librarian with Miss Stewart yesterday it was explained by her that a librarian that would be suitable to take charge here must have had at least one year of expert training in a library training school and it was also desirable that she have further practical experience. Most of the trained librarians were also university graduates and enthusiasts in their particular line. At Victoria they gave a short six month course of training, but that did not fully qualify them for the work. They had to take at least another six months in a larger library, and usually they took a year.

The librarian was now a distinct profession and one quite suitable for women, who were apt to take more pains with the detail work than men.

Miss Stewart suggested that in Prince Rupert there should be one or more girls who have had university training who might like to take up the work. By going away and taking up a course of training they might well qualify themselves to fill the position here in the near future. She believed in patronizing home industry wherever possible, but the training was absolutely necessary.

**Wholesome Recreation
in Good Books.**

One of the points emphasized in the address of Miss Stewart to the Daughters of the Empire yesterday was the value of wholesome recreation such as could be obtained by reading good books. While perhaps the main object in a library was to stimulate reading for educational purposes, the recreational side of the library must not be set aside lightly. A good book lifted up right out of ourselves and recreated us. It was a good antidote for the boredom which often was the cause of young people going astray.

The value of recreation in isolated towns such as most of those in the west was emphasized. Doubtless Miss Stewart was thinking of the isolation of Prince Rupert, and well she might. We are cut off from the rest of the world, especially in winter, and the library might be made a great source of contentment, of recreation and of education.

**MEN OF IDEAS
NEEDED TODAY**

Miss Stewart Gives Talk to Boys and Girls of High School.

At the King Edward High School this morning, Miss Helen Stewart addressed the students on the value and need of a library in Prince Rupert. Her mission was indeed a great one, because it had for its purpose the planting of ideas, for without the development of ideas we can never be able to rise superior to our environment. She said that while many people thought only of how they could live on so many dollars a week, or so much a month, the real question should be "How to live on 24 hours a day."

Even Rockefeller has only his 24 hours, and in this respect all men are equal. Suppose we give eight hours for sleep, eight hours for work, we have still eight hours left for what?

What do we do with it? Of course, we must eat, but that occupies but a short time of the eight hours. How should we fill it in.

"With fun," said Miss Stewart, "with real, genuine fun, not alone for the body but also for the mind. The mind needs its fun like the body; either neglected, or either developed at the expense of the other causes failure. No boy or girl can play a good game of basketball, or baseball or football, without being trained.

"The muscles must be developed to make your playing a success. In the same manner our mental muscles must be trained to make our reading a success. A boy or a girl picks up a book and after reading a page or two throws it down, saying 'its too dry!' No, the fault is not in the book. That boy or girl's mental muscles are flabby and not trained, just as the boy who does not train feels sore all over, after he has been playing in a game of ball.

"We are living in an age in which we must dig deep, if we wish to succeed.

Men of Ideas.
 "The early pioneers came to this country, and by scraping the surface of the ground made a living. It can't be done today. The farmers and the miners today must be men of ideas to succeed. The chemical qualities of the soil must be known to produce the required crop. B. C. needs men and women with ideas big progressive ideas. Every boy and girl should want to be something, to do something."

Miss Stewart dealt at length with the value of a library and kept the pupils interested all the time.

**NEW YORK CANADIAN
CLUB DOES GOOD WORK**

Looks After Needy Cases and Lends Aid When Found Necessary.

NEW YORK, March 16.—The Canadian Club here is doing excellent work. It is constantly in receipt of calls for relief from Canadian veteran soldiers and other needy Canadians. All worthy cases are promptly cared for.

Just recently a young Canadian girl from Nova Scotia, penniless and without friends, was found dead in a rooming house, having died from asphyxiation. The Canadian Club took charge of the body, gave her a respectable funeral which several of the members attended.

The club is endeavoring to get in touch with Canadians in New York not now members of the club and they are asking that those in British Columbia having friends there communicate with Thomas D. Neelands, chairman of a social committee having this work in hand, whose address is Pershing Square and 42nd Street, New York City.

Better than jewels
—that schoolgirl complexion

Take a lesson from Cleopatra

With a world of ancient beauty arts at her command, she depended on cleansing with Palm and Olive oils to protect, improve and preserve the freshness and smoothness of her skin. This beautifying was not confined to the face alone. The bath was a daily ceremonial with all ancient peoples, and palm and olive oils the cleansers used.

The girl with a clear, smooth skin, radiant with freshness and natural color, should leave jewels to those less fortunate, for she doesn't need them. The charm of a perfect natural complexion attracts far more than elaborate dress and ornaments.

If your complexion lacks the beauty which women envy and men admire, don't depend on clothes and jewelry to draw attention from its defects.

Every woman can transform her bad complexion into a good one, for alluring freshness and clear color isn't a gift of Nature, but a matter of care.

How to have a perfect skin

No girl need be afflicted with a bad complexion, for improvement is simple and easy. Daily cleansing, gentle but thorough, is the secret.

You must use soap, for nothing will remove the dirt, oil and perspiration which collects in the pores and causes most skin trouble.

Choose Palmolive, because its action is soothing. Harsh soap should never be used for washing the face.

Massage the smooth, creamy lather gently into the skin until it removes all clogging deposits. Don't forget your neck and throat. They are as conspicuous as the face for any lack in beauty.

Careful rinsing leaves the skin stimulated, freshened and free from the accumulation which clogs the pores, causes blackheads and carry infection.

Made from the Palm and Olive Oils Cleopatra Used

Made in Canada

Volume and efficiency produce 25c quality for 10c

In the Letter Box

Editor Daily News:
 I saw a boat being unloaded the other day. She had 22,000 pounds of halibut. The hooks and lines came from Britain. The iron of which the hooks were made came from Norway and the hemp from India. The boat was built by a Nova Scotian in Prince Rupert. The oak ribs came from Britain, the planking from Vancouver, the hardware from the United States, the engine from San Francisco, the electrical equipment from Toronto, the distillate from Vancouver made from oil from Peru, and the groceries and clothing from the world at large.

The fishermen on this boat were Scotch, Irish and Scandinavian. The nets the fish were slung in were made from Egyptian hemp in a rope walk on Prince Edward Island. The blocks on the hoisting gear were made in Pittsburg, United States. The hoisting gear was made at Dayton, Ohio. The fish were loaded in boxes made of lumber grown on the Queen Charlotte Islands, made into lumber at Georgetown towed here by a boat made in Bellingham, Wash., and made into boxes with nails made in Nova Scotia. The fish was brought down the railroad.

The fish were loaded in a car manufactured in Hamilton of material brought from "God

knows where" shipped out on rails brought from the same place to Chicago where it will be unpacked and distributed to various retailers of the surrounding district and from them to the consumer.
 Who produced those fish?
 HOOMES K. FREEMAN.

Ten Years Ago in Prince Rupert

March 16th, 1912.
 Captain Lanaway returned last night from Bella Coola and reported having found some distance out of Bella Coola an open boat carrying a dead man with a bottle by his side. Identity has not yet been established but the provincial police are investigating.

The Liberals opened their provincial election campaign last night. A meeting was held in the old Optimist building at which H. F. McRae was chairman and Alex. Manson, the candidate, principal speaker.

The police are still busy investigating the sandbagging of Rev. W. H. McLeod, but no suspects have yet been apprehended.

"Well, are you making your bride happy?"
 "I dunno. She seems to like me, but I make no hit with her dog."—Judge.

"I Am So Tired, Dearie"

IN the recent Advertising Contest the question was asked, "For what is Dr. Chase's Nerve Food most frequently used?"

The answer in the great majority of cases was: "I have found on inquiry among my friends that Dr. Chase's Nerve Food is most used by women who have their own housework to do and small children to look after."

"When tired and worn out by the continuous monotony of household duties and the care of small children the nerves in time play out and then it is that Dr. Chase's Nerve Food proves the good friend in time of need."

Mrs. W. German, 213 Park street, Brockville, Ont.,

writes: "After the birth of my boy I became so weak and gradually lost weight. I was unable to do my work and was in misery because I could not sleep. My nerves would twitch and jump and I would get up in the mornings with tired, aching limbs and aching head. My heart was so weak that it would palpitate at times, and I became greatly discouraged."

"Following personal advice from friends, I began the use of Dr. Chase's Nerve Food and took altogether 12 boxes. I wish you could see how well I am now and how I am enjoying life."

Dr. Chase's Nerve Food, 50 cents a box, all dealers, or Edmondson, Bates & Co., Ltd., Toronto.

Library scheme should cost very little.

Make Books Available.

In a community where there was a good swimming hole the boys all learned to swim but on the prairies where there were none the boys grew up without a knowledge of that useful art. So with a library. If the books were not available the young would grow up without a knowledge of how to use them. She urged the women to get behind this movement and use both their votes and influence to have the library bylaw passed.

At the conclusion, Miss Stewart was on the motion of Mrs. McMullin accorded a hearty vote of thanks. Mrs. A. T. Parkin presided. Later Miss Stewart addressed the labor meeting for a few minutes at the McIntyre Hall and a committee meeting at the public meeting at the Trades and Labor Hall. Tonight she addresses a public meeting at the Empress Theatre.

The Man in the Moon

EVERYONE and his wife is going to the library meeting tonight.

WHAT people are wondering now is how we got along without a library all these years?

ONE of the things that don't get you anywhere is wondering who is going to read the books when the library is established.

IF yer name it is Pat Or Mike or O'Leary At the Concert tomorrow You'll enjoy it my dearie.

IF yer name should be Smith Sure ye're not to blame; You'd better attend for You'll enjoy it the same.

MANAGING a wife is easy. Just let her do as she likes.

THIS is the time of year a girl's wealth goes to her head. The millinery sales are beginning.

MARRYING for love may be all right, but just think how blind love often is.

TALKING is all right but change the record occasionally.

THE dollar seems to be growing bigger every day. Pretty soon it will look as big as a mountain.

NOW that everybody is giving away books, what about a nice little pocketbook well stocked for the man in the moon?

THE way they settle civic difficulties in Esquimaux is by forming a ring and letting the chief of police referee.

IT would add much to the public interest in the council meetings if they did that here.

I KNOW where a couple of pairs of boxing gloves could be borrowed for the occasion.

The Grotto basketball cup for the champions of the Intermediate League will be presented to the Colts at a dinner to be held this evening in the St. Regis Cafe.

FIFTEEN BOILS ON NECK AT ONE TIME

Anyone who has suffered from boils can sympathize with poor old Job.

There was no Burdock Blood Bitters in those days, so Job had to suffer in silence. Nowadays no one need endure the misery of boils.

Boils are simply evidences of the bad blood within coming to the surface and just when you get rid of one, another seems ready to take its place and prolong your misery.

All the poulticing and lancing you may do will not stop more coming.

What you have to do is take

BURDOCK BLOOD BITTERS and the blood will be cleansed of all its impurities, and then every boil will disappear.

Mr. Roy McSwain, High Bank, P. E. I., writes: "I was troubled with boils for some time, and had as many as fifteen on my neck at once. After taking one bottle of Burdock Blood Bitters they commenced to get better, and after I had taken two bottles I was relieved of them and felt much better. I think B. B. B. is a grand blood medicine, and can recommend it highly."

For the past 45 years B. B. B. has been manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

TELKWA ACTIVE IN SPORT LINES

Baseball, Football and Tennis Will Comprise Program This Season.

TELKWA, Mar. 16.—The activities of the Telkwa Athletic Association for the forthcoming season will be devoted to baseball, football and tennis. The athletic grounds, which are part of the Telkwa and district recreation grounds, are in excellent shape, and as soon as the weather permits the work of clearing up will commence.

The following officials of the association will be responsible for Telkwa's forthcoming sport program:

W. L. Armstrong, president.
O. H. Wall, secretary-treasurer.
Jack McNeil, T. M. Owens and E. M. Hoops, executive.

Baseball.

The question of forming a baseball league is not finally decided upon, but it is hoped that present endeavors will result in the formation of the Northern Interior Baseball League. If this league is formed it will include Telkwa, Smithers, Hazelton, Cedar Vale and in all probability Burns Lake.

Tennis.

The second double-set tennis court has been completed and will be in good shape for the coming season. This branch of the association met with great success last year, and for the coming season bleachers have been erected for spectators. A pavilion has also been erected on the ground.

It is the intention of the association to arrange for a series of tournaments with Hazelton and Smithers.

Football.

Last year the Telkwa football team was successful in capturing the Gray challenge cup from Hazelton and, with the object of defending the trophy worthily, a strong team will again be put in the field this season.

Sport Chat

It is not likely that Prince Rupert and Anyox basketball teams will meet this winter. The local association has gone fully into the matter of responding to the overtures of Anyox for home and home games and have decided that, through transportation difficulties, it will be almost impossible for the locals, at least, to make a trip North. It is pointed out that, under present steamship service, at least four days would be required to make the trip. The matter was taken up following the receipt of a letter early in February from John Bapwell, secretary of the Anyox Basketball League, proposing the staging of the inter-town games. The local association would like it to be understood that it is not afraid the locals would not be able to hold their own against the Anyox boys but it is merely that the players cannot spare the time to make the trip. Expenses would also be heavy.

The first round of the Wanderers' Club elimination billiard handicap has resulted as follows: A. A. Easson beat H. Maddison; G. P. Tinker beat T. Silversides; S. N. Wilson beat G. A. Hunter; Col. S. P. McMordie beat H. M. D. Lamb; W. F. Roberge beat G. P. Armstrong; H. Pringle beat Dr. J. P. Cade; W. O. Fulton beat H. F. Wearmouth; G. W. McKay beat T. B. Hooper; Fred Stephens beat George Hill; H. H. Hemmings beat R. E. Benson; J. H. Hilditch beat R. Stewart; S. Harper beat J. Farquhar; W. J. Hemmings beat N. Pringle; D. P. Stork beat G. O. Shaw; R. H. Shockley beat W. J. Nelson; A. Silversides beat H. Thrupp; S. King beat W. H. Vickers.

The second round has commenced and is to be completed by tomorrow night. The winners of the first round have been drawn for this heat as follows: R. H. Shockley vs. J. H. Hilditch; W. O. Fulton vs. G. W. McKay; Col. S. P. McMordie vs. W. J. Hemmings; A. A. Easson vs. G. P. Tinker; H. Pringle vs. W. F. Roberge; H. H. Hemmings vs. S. N. Wilson; F. Stephens vs. S. King; D. Stork vs. S. Harper; A. Silversides, bye.

The Tobacco with a heart

The Sons of Canada and the Barbers this week, the former team still further strengthened its hold on first place in the standing and the latter went a little further into the cellar position. The final game of the present schedule will take place on Monday night next when the Grotto and Elks play. Each team will then have played three games each. The standing to date is as follows:

	Pl.	Pts.	Av.
Sons of Canada	3	2605	868
Grotto	2	1685	843
Elks	2	1580	790
Barbers	3	2482	727

TELKWA RACES VICTORIA DAY

Regular Race Meetings on Recreation Grounds at Barbeau Town Thereafter.

TELKWA, Mar. 16.—It is proposed to hold a race meeting here on May 21 in addition to the annual Labor Day barbeque, and with this end in view the directors of the Telkwa and district recreation grounds are already making preparations. From May 21 on it is the intention to hold regular race meetings, the dates of which are yet to be arranged.

As soon as the snow is off the ground the half-mile track will be put into shape.

SMOKER AT ELKS' HOME

Very Successful Affair Staged Last Evening—100 Were in Attendance.

The Elks held a highly successful smoker in the home last night. There were about one hundred persons in attendance and every one enjoyed the fine program of music, songs and athletic exhibitions. The supper served in the course of the evening proved a feature and the complete round of "good cats" supplied was appreciated by all. Milton Gonzales, exalted ruler, presided.

Songs were sung by George Waddell, Harry Fletcher and J. J. Raleigh, and the Elks' Orchestra played selections. There were several three-minute round bouts as follows: Ralph Smith vs. Howard Frizzell, Jack Kelly vs. Douglas Frizzell, R. Davidson vs. Eddie Craggs. Jack Keefe was referee and John Bulger, time-keeper. Each bout was declared a draw. Chris Stapleton gave a punching bag exhibition and Art Easson and Fred Roberge a blindfold two-round boxing contest which was very amusing. R. Arthur St. gave a saw-swinging exhibition. The splendid program was rounded off with an address on "Athletics" by E. A. Wakefield, United States consul.

The committee in charge comprised Fred Gilhuly, W. Reid, W. W. Knight, Murdoch McLeod, H. F. Glassey and Harry Lipssett.

Sunday Appointments Lady Assistant

Miss Helen Stewart Opens Campaign for Library by Addressing the I. O. D. E.

"It is a very good omen that my first introduction to the people of Prince Rupert comes through the I. O. D. E.," declared Miss Helen Stewart in addressing the members of the order in the city council chamber last evening. She said that during a library campaign at Nanaimo recently one of the members of the Daughters of the Empire had said to her: "During the war we did everything possible to aid in protecting the Empire. Now that the war is over it is our work to build up the citizenship in order that the Empire may continue to be the best and strongest in the world."

In that city they look over the library movement and had been foster parents for it ever since. A junior chapter had been formed under the leadership of one of the teachers and they made it their special work to buy books for boys and girls to be distributed through the public library. This chapter was very enthusiastic and did good work.

Recreational Value.

Speaking of the importance of a library in a community, Miss Stewart emphasized first the recreational value. "A good book fits us right out of ourselves and recreates us. Nothing is better than a good book. Good wholesome recreation is just as good a thing as a town can have. If the young people learn to thoroughly enjoy reading, few will be overcome with boredom and do desperate things."

Miss Stewart went on to say that those who were not used to library work did not understand the practical side. In the west the towns were usually isolated. They were not near the places where the big thinking was done. They were on the frontier and the only place from which they could get ideas was from a central storehouse. To keep up to date in business they must have access to books. In their library in the south they could never keep enough cookery books on the shelves. Women came in with rush orders for information in regard to canning and all sorts of other practical problems needing solution.

Value to Boys.

The speaker then told of the value of the library to the boy. How was he to know what we would like to be or do if he had access to books.

"At the present time the world is a big question mark," declared Miss Stewart. "Before the war we thought things were settled. I read in a review of high standing in 1914 that we had about reached the climax of the area of invention. Now the bottom is knocked out of everything."

Miss Stewart spoke of recent changes of outlook in regard to the evolutionary theory which indicated that man had been on earth close to a million years, whereas all history told about was a few thousand years. This change has caused a change of

outlook.

In another realm it was formerly thought that all the sources of action could be understood by a study of the conscious mind. Now they were coming to the conclusion that the background of every human being was the subconscious mind. These were controversial subjects but they showed the value of study and of adjusting ourselves to the new point of view. The world was a great question mark and woman could help solve the questions. They were refusing to take diplomatic statements but were learning to think things out for themselves. They must study the moral, social and even the revolutionary problems. If they were going to be citizens and not effigies they must know something of the problems of the day. There was no other way except to get in touch with the thought of the age through books.

She quoted the words of the philosopher, "He who dies in ignorance dies the death of a pagan."

All World Citizens.

There was a time, said the speaker, when the pioneers of this country were cut off from the rest of the world. They were self-contained. They formed isolated communities. There was a time when Canada was looked on as a far colonial possession. That was in the past. Today they realized that they must be all world citizens. The women felt more than men the terror and waste of warring elements. There was only one thing to prevent cataclysms and that was to get a better understanding of each other. The way to get this understanding was by getting in touch with the ideas of other people. If they would take their places as world citizens they must be able to sift and weigh. Today they were not only women but women citizens. While their intuitions were valuable, these intuitions must be followed by intelligence. They could not keep up with the thought of the world without a library. She believed in the personal library but that did not fill the place of the public library. They were willing to spend money on roads, cars, steam heated houses, and everything for bodily comfort but it was just as necessary to feed the mind and soul. The

TIMES must be very hard in Vancouver. A client of ours there says he is very hard up and so must sacrifice a fine Double Corner which he owns here in Prince Rupert on Sixth Ave., at Cotton Street, in Section Six. It is on the sewer and lies fine for building. Make us an offer. It must be sold. H. G. HELGERSON, LTD., Real Estate, Rentals, Insurance.

MEMBERS OF PRESBYTERIAN CHURCH ARE READY TO PROCEED WITH PLANS FOR BUILDING OF \$35,000 EDIFICE

(Continued from Page 1)

making the total \$35,000. There was good promise of the scheme going through.

Need Is Great.
The doctor said that the need for a new building was great. He had an affection for the little church where he had ministered for eight years now. There was a cosy spirit in it and it had done good service but the time was coming when larger quarters were necessary, especially if the city were to grow. With the advent of spring when conditions would be improved he thought it would be a good time to go ahead with the proposition. Alex Manson and F. G. Dawson would be taking the matter up with the board in Toronto and would likely have something to report on their return from their trip East.

Thomas McClymont said that all realized the need for a new church. It was the only church in the city which did not have a good building, but, still, the Presbyterian was the only church in the city that was self-sustaining. Perhaps it was just as well that a church had not been built for others who had done so possibly exceeded the bounds of good judgment for they had found it difficult to carry on during the period of depression. Now the Presbyterian Church was free of debt and if the building plan went through it should be easy to handle the financing and raise \$10,000 locally.

The surplus shown in every department of the church spoke well for the management. The church was like a business and there should be something behind it. The only businesslike method was through the envelope subscriptions and he urged that all who possibly could do so should contribute regularly in this manner. He thought that the present annual report was one of the best the church ever had before it.

J. W. McKinley said the annual report was encouraging. Building plans should be proceeded with and there should be more envelope subscribers. Large weekly subscriptions were not necessary. Mr. McKinley referred to the splendid choir which the church now had.

Commence at Once.
H. C. Fraser put forward a splendid plea for the immediate starting of building plans. The present building did not even meet present requirements. It was impossible to conduct successful services in a one room church and especially was this so in regard to Sunday School work. Separate rooms were necessary and the church might as well face the fact. In the public schools the children were well taught five days a week but they came on Sunday to a little bed-

SUFFERED YEARS WITH ECZEMA

"Fruit-a-tives" Cleared Her Skin

POINTE SE. PIERRE, P.Q.
"I suffered for three years with terrible Eczema. I consulted several doctors and they did not do me any good.
Then, I used one box of "Sootha Salva" and two boxes of "Fruit-a-tives" and my hands are now clear. The pain is gone and there has been no return.
I think it is marvelous because no other medicine did me any good until I used "Sootha-Salva" and "Fruit-a-tives", the wonderful medicine made from fruit."
Madam PETER LAMARRE.
50c a box, 6 for \$2.50, trial size, 25c. At dealers or sent postpaid by Fruit-a-tives Limited, Ottawa.

lam in Sunday School. Results would not be obtained that way. If there was to be a real good service of worship a good building with a conducive atmosphere was necessary. If the Presbyterians of Prince Rupert had a splendid church equipped with suitable windows, pews, pipe organ and Dr. Grant in the pulpit then they would have something to talk about.

The new church should be modern and should contain kitchen, dining room, banquet hall, gymnasium, Sunday School rooms and an auditorium for worship only. The building, throughout, should suggest worship.

Easy to Raise Money.
It should not be difficult to raise the \$10,000 necessary and he had no doubt that it would be subscribed in a week's campaign. He was sure the general board would be behind the church and ventured to say that they would have little difficulty in getting the assistance desired.

Mr. Fraser also referred to the envelope system as being the only one by which contributions should be made. He thought everyone should give at least ten percent of his income to the church. There should be an every member canvass. The revenue would perhaps be increased by 50 or 100 percent by it.

S. K. Campbell congratulated the church on its excellent financial statement. The raising of \$10,000 should be an easy matter.

T. H. Johnson said that the spirit of the church would probably be improved if it went in debt. He would urge that the \$15,000 debt for a building be incurred. Then the church would have something to work towards. Mrs. E. C. Kirkpatrick agreed that the present building was not good enough for Dr. Grant. If they had the motive they would work harder.

Subscriptions Offered.
At this point W. J. Kirkpatrick offered to head the building list with a subscription of \$50 and Dan Jabour immediately rose to offer \$300.

It was suggested that a subscription list be started then and there but, after some discussion, it was decided not to do this as the meeting had not been called for any such purpose. D. G. Stewart, Thomas McClymont and D. C. McKee felt it would be a little premature. It would be better to wait and see what arrangements could be made with the general board. There would be little difficulty in raising the \$10,000 when the occasion arose.

The report of Mrs. J. A. Teng, secretary of the Ladies' Aid, was read by Mr. Christie. There were 26 members enrolled and there had been ten regular meetings with an average attendance of 13 members. Repairs to the church and music had been paid for by the Aid. The report urged that there be an increased membership and that each woman of the congregation set aside one day a month for the work.

The financial report of the Ladies' Aid showed that there was a cash balance on hand of \$1,116.07 as against \$385.37 last year. The sum of \$1,389.65 had been raised during the year. Dr. Grant complimented the Ladies' Aid on the report and expressed his pleasure at their loyalty. He was sure the appeal for increased membership would be met.

The Sunday School report, presented by W. F. Dunan, secretary, showed that collections for the year had been \$205.30. There was a balance on hand of \$24.50. Speaking to the report Dr. Grant said that the Sunday

School had been having difficulties on account of the inadequacy of the building. For that reason alone, it would be well to consider the building of a new church. The homes were not teaching religion now as they used to and if the generation did not learn they would grow far apart.

Officers Elected.
Election of officers then took place and the following were chosen:
New Managers, J. L. Christie, Jarvis McLeod and John Gurrie.
Trustees, G. R. Naden, F. G. Dawson and A. M. Manson.

A vote of thanks was passed to A. M. Manson, the retiring congregational secretary. A similar vote was also passed to the choir, Mrs. Dorton, leader, replying in suitable terms. Dr. Grant said the church owed a great debt to the choir. If all departments were as loyal it would mean a great deal. Votes of thanks to the retiring officers and the auditor, J. Lorne MacLaren, were also passed.

Rev. Dr. Grant presented his annual report. He and his family had spent eight of the most pleasant years of their life here and felt a nearness to the congregation. Perhaps it was because of the Northern spirit, perhaps because of the little old church.

In the past few months there had been a notable increase in the size of the congregations. The growth financially was stimulating and was an evidence of success. The attendance might be doubled if there was a proper church. There had been twelve new members during the year and five withdrawals making the total membership now 130. There had been 12 baptisms and 12 marriages.

Appreciate Pastor.
Mr. Fraser moved and Jarvis McLeod seconded a resolution that the congregation give expression of satisfaction with the services of Dr. Grant, the deep affection and attachment which all felt for him and his family and the intention to be loyal during the coming year. This was passed enthusiastically with the singing of "For He's a Jolly Good Fellow" and the giving of three hearty cheers and a tiger. Dr. Grant said that it was just such little things as these which were gratifying.

The meeting was closed with the benediction.

"S Brand Fresh Roasted SUPREME Coffee"

"SUPREME" Coffee is good, because we buy only the finest selected berries.
"SUPREME" Coffee tastes as good as it smells. When you pour it in the cup it has the real coffee aroma and taste.
"SUPREME" Coffee is absolutely FRESH ROASTED. We are roasting and packing for current requirements only, realizing essentially that Coffee must be FRESH ROASTED to be satisfactory.
Sold only in 1-lb. airtight cartons.

LAND ACT.

Notice of Intention to Apply to Lease Land. In Queen Charlotte Islands Land District, Recording District of Prince Rupert, and situate in front of Block "A" in Lot 1000, Lauzara Island.
Take notice Canadian Fish & Cold Storage Company Limited of Prince Rupert, B. C., occupation fish-dealers, intend to apply for permission to lease the following described lands commencing at a post planted one foot in a southwesterly direction from the northwesterly post of Indian Reserve No. 16, thence 150 feet more or less in a southwesterly direction to low water mark, thence 700 feet westerly along low water mark, thence 100 feet northerly to high water mark, thence 800 feet easterly along high water mark to point of commencement and containing two (2) acres or less.
CANADIAN FISH & COLD STORAGE COMPANY LTD., Applicant.
By Duncan Kennedy, Agent.
Dated February 15, 1922.

NOTICE.

In the matter of an application for the issue of a fresh certificate of title covering Lots 1 and 2, Block 18, Section 1, City of Prince Rupert (Map 223). Satisfactory proof of the loss of the certificate of title covering the above lands having been furnished me, it is my intention to issue after the expiration of one month from first publication hereof a fresh certificate of title covering the above mentioned lands, in the name of the Atlantic Realty and Improvement Company Limited (subject to two charges registered as Nos. 2520 and 2418), which certificate is numbered 1001 and is dated 6th March, 1911. Land Registry Office, Prince Rupert, B. C., 2nd day of March, 1922.
H. F. MACLEOD,
Registrar of Titles.
