Best Exhibition Ever Now Opened

AIRPLANE PROMISES TO BE ONE OF CENTRES OF ATTRACTION

District Exhibits Are Feature of Fair Which Is Under Way Today

Occupying the central position on the ground floor of the Exhibition building, the six district agricultural displays that have been assembled for the tenth annual Prince Rupert Fair, which opened this afternoon, constitute undoubtedly the outstanding feature of the entire show. It is years since such displays have appeared here and the present achievement surpasses all other attempts in the past along this line. The fair board is to be complimented in the organization that has made such a consummation possible.

PORT SIMPSON MERCHANT WAS VICTIM ATTACK

Waylaid Last Night and Is in Hospital as Result—Two Arrests Made.

R. Boyd Young of Port Simpson, the well known merchant and fur dealer, is in the hospital at that place in a serious condition as the result of an attack made upon him at 10 o'clock last night outside his store. From the meagre reports to hand it appears that he was waylaid upon coming out of his store by two men who jumped upon him and inflicted serious injuries to his head. Clarence Flewin and Raymond Kevis, both of Port Simpson, have been arrested on suspicion and were brought to the city on the Chelohsin this morning for lodgment in the city jail.

Dr. Spencer has taken charge of Mr. Boyd Young's store. Mrs. Boyd Young, who is at present in New Westminster with her daughter, who is attending the Columbian College, has been wired for.

MANY DROWNED GERMAN LINER

British Steamer Arrives with Survivors at Southampton—Death List May Be 150.

SOUTHAMPTON, Sept. 12.—When the British steamer Kinross Castle reached port with 285 passengers and crew of the German liner Hammonia, it was learned that many were drowned. It is understood from the wireless account that all were saved when the liner sank in mid-ocean. Some estimates place the dead at 150.

SIX MONTHS IN CITY BEFORE GET RELIEF

Vancouver City Council Passed Resolution to This Effect Last Night.

VANCOUVER, Sept. 12.—The Vancouver city council has passed a resolution providing that six months residence must be proved before the city will give unemployment relief next winter. The provincial authorities have been asked to ratify the rule.

There was a large gathering at the train last evening to say good bye to Mrs. R. L. MacIntosh who left to join Mr. MacIntosh at Toronto. Mrs. MacIntosh has rented her house for the winter to Albert Auger.

KILLED WHEN AIRPLANE FELL

Major McLaurin of Jericho Station Loses Life at Point Grey.

VANCOUVER, Sept. 12.—Major C. Mc Laurin, officer in charge of the Dominion Government air station here, was drowned when the airplane which he was piloting plunged into the shallow water on the Point Grey shore early yesterday afternoon. John S. Duncan of the Vulcan Iron Works here who was a passenger, suffered a broken leg, broken ribs and other injuries, while A. L. Harting, mechanic, was injured about the back.

Major McLaurin's body has not yet been recovered. It is under the seaplane which is reported wrecked.

The plane had just left Jericho airplane station bound for Sumas where Mr. Duncan intended to inspect the progress being made in reclamation work there. It had not risen to any great height when something appeared to go wrong with the engine.

The craft ran on to the beach where there was about four feet of water and turned over.

SECRETARY OF STATE GOING TO RUPERT

OTTAWA, Sept. 12.—Hon. A. B. Copp, secretary of state, has left for the prairies and the coast via Prince Rupert. As custodian of enemy property he will make disposal of certain lands now held by aliens.

CANADA'S DEBT NOW IS \$2,387,676,263

Revenues Show a Satisfactory Increase During Five Months of Present Fiscal Year.

OTTAWA, Sept. 12.—Canada's net debt which has decreased during the five months of the present fiscal year now totals \$2,387,676,263 which is about \$43,000,000 greater than it was on August 31, 1921. The revenues show a satisfactory increase during the five months of the present fiscal year having totalled \$171,276,472.

RESOLUTIONS CONDEMN FEDERAL SALES TAX

VANCOUVER, Sept. 12.—Resolutions condemning the Sales Tax as applied to retailers were adopted by the British Columbia executive of the Retail Merchants Association and the merchants pledged themselves to continue the fight against the federal tax.

LUMBER MILL BURNED.

ASTORIA, Oregon, Sept. 12.—The mill and kiln of the Hammond Lumber Company was burned down and damage to the extent of a million dollars was done by the blaze.

Greenwell; C. T. Wall, George Milach; Hatchford Bros.; R. V. G. Le Pine; Demetrios fortune tellers; W. E. Thompson, Great West Carnival Co. and Self & Thompson.

LIQUOR COMPANY WINS ITS APPEAL

In the case of Rex vs. Middle West Wine Co., an appeal from a conviction of last April when defendant was fined \$1000 by Magistrate S. H. Hoskins at Tejkwa for acting as agent for the purchase of liquor, tried in the County Court yesterday before His Honor, Judge F. McE. Young, the appeal was allowed and the conviction quashed. A. Donaghy appeared for the Crown and W. O. Fulton, of Peimore & Fulton for the defence.

The view held by His Honor was that there was insufficient evidence to show that the accused had acted as agent for the purchaser. If anything it would be more in the nature of a direct sale y accused.

SHOT HIMSELF WITH REVOLVER

Charles Toombs of Terrace Was Removing Cartridge When Gun Went Off.

Charles Toombs, a Terrace rancher, who was shot early yesterday morning when a revolver which he was unloading accidentally discharged, a bullet entering his right side and going out his left shoulder, was brought to the city by last night's train and admitted to the General Hospital where today his condition is reported to be dangerous although he will likely recover. He was accompanied here by his sister, Miss Nellie Toombs, and Rev. W. J. Parsons, of Terrace, and is being attended by Dr. C. A. Eggert.

The accident occurred when Mr. Toombs and his two sisters, Miss Gladys and Miss Nellie Toombs were accompanying Rev. and Mrs. W. J. Parson back to Terrace from a camping trip in the mountains. Mr. Toombs and Miss Nellie Toombs had returned to the house when one of the neighbors advised him to unload his revolver. It was while doing this the accident took place.

The Toombs have been very unfortunate since arriving at Terrace. Miss Toombs dislocated her hip this summer when working on the land and Miss Nellie Toombs broke her wrist last winter when she fell in crossing the ice.

CALIFORNIA LUMBER COMPANY IS BURNED

FRESHO, Calif., Sept. 12.—Three hundred persons are homeless and damage to the extent of \$2,135,000 was caused by the destruction of the Sugar Pine Lumber Company at Madera district on Sunday.

NORTHCLIFFE ESTATE.

LONDON, Sept. 12.—The will of the late Lord Northcliffe just probated shows a gross estate of £2,000,000 and personal property to about the same figure.

KIPLING AND WEEKS CLASH

American Cabinet Minister Says That Poet's Statements Not Accurate.

WASHINGTON, Sept. 12.—Secretary Weeks expresses surprise and disapproval of the criticisms said to have been made to the New York World by Rudyard Kipling, the British poet recently. Weeks says that, if Kipling really said that the United States had entered the war years too late then forcing an early peace and quick armistice without having seen the thing through, he should have ascertained the facts before talking.

Kipling is also quoted as having said that the Americans had all the gold in the world but the Allies had saved their souls, and that the real America had died in 1860. Weeks says that America did not profit from the war but spent twenty billion dollars; made many loans and asked no reparations.

OPENING DAY OF FAIR GOING OFF SMOOTHLY

The fair program is going off according to schedule today, the opening day.

Judging of exhibits commenced this morning and is continuing this afternoon. The first list of prize winners will possibly be issued by tomorrow.

At 12:30 noon the two Indian bands, Aiyansh and Greenville, paraded to the Exhibition Hall where the official opening took place shortly after 4 o'clock followed by a band concert.

The rock drilling contest is now in progress and the baseball game between Prince Rupert and Anxox was scheduled to start at 3 o'clock. The Anxox team arrived in the city on the Chelohsin this morning accompanied by a party of fans.

ACCIDENTS IN CITY OF VANCOUVER TOOK PLACE YESTERDAY

J. A. Armour Falls From Ballantyne Pier and is Drowned—Andrew Pender Killed in Street Accident.

VANCOUVER, Sept. 12.—J. A. Armour, laborer, aged 42 and unmarried, fell from a stringer on the Ballantyne pier at midnight last night into Burrard Inlet and was drowned.

Andrew Pender, aged 35 and single, was killed and George McHugo, whose address is unknown, is suffering from concussion of the brain, as the result of a collision between an automobile and a street car.

VANCOUVER, Sept. 12.—(later)—The body of Major C. McLaurin was found this morning near the place where the plane struck.

WM. FARRELL DIES.

VANCOUVER, Sept. 12.—William Farrell, president of the B. C. Telephone Co. died at his home here this morning as a result of complications including heart trouble. He was 68 years of age.

HALF HOLIDAY.

In order that as many as possible may attend the Fair I would respectfully request that Wednesday afternoon be generally observed throughout the city as a half-holiday. H. B. ROCHESTER, Mayor.

First Party Takes Ride In Airplane This Morning and Enthuse Over Enjoyable Trip

(By H. F. Pullen.)

Until this morning I had never seen Prince Rupert. Everything seems different when seen from the air. My one regret when flying around overhead was that I had not taken my kodak with me so that I could have secured a view of the Metlakatla passage, which, with the cloud effects beyond would have made a wonderful picture.

There were five of made the first trip in the airplane this morning. The party was made of F. G. Dawson, President of the Fair Association; Dr. Tremayne and Dr. Cade, who have been giving their services in connection with the better babies contest; W. J. Raymond of the Empire and myself. I sat in front alongside the pilot with my feet on the levers and a second steering wheel right above my knees. As the wind rushes rather fast, it was necessary for me to wear a fur lined cap and goggles, both of which were very comfortable and did not interfere with the pleasure of the ride but rather increased it as the cap deadened the roar of the engine.

MANY DEATHS IN VANCOUVER

Eight Lives the Toll of Chapter of Accidents Since Last Saturday

VANCOUVER, Sept. 12.—Three more fatalities were added during the night to the chapter of accidents which since last Saturday has taken eight lives.

Early this morning John R. Duncan, a passenger in the seaplane which was wrecked yesterday afternoon off Point Grey, died in the hospital from injuries.

Yesterday, Bruce Curtis, the eight year old grandson of the principal of Aberdeen School, was crushed to death beneath a street car on his way to school.

Mrs. Hughes, who was injured last week in an auto accident, died last night.

A three year old child was crushed to death by an auto and a Chinaman was decapitated by a street car.

The four other deaths were Major McLaurin, the aviator, J. A. Armour, a laborer on the Ballantyne pier, Andrew Pender, killed in an auto accident, and Gertrude Bishop, who fell off the Capilano flume.

OPTION SOLD ON ALEXANDER MINE

Cannot be Consumated until litigation Over Ownership is Settled.

VANCOUVER, Sept. 12.—The visiting miner's option to purchase the Engineer Mine at Allyn has been sold to Timmins, Brothers of Northern Ontario. The sale cannot be concluded pending the privy council litigation to decide if the heirs of James Alexander or those of Allan Smith own the mine.

WHEAT CROP

For Year in Canada Estimated at 388,733,000 Bushels—17 1/4 Bushels to Acre.

OTTAWA, Sept. 12.—A government statement estimates the wheat crop of Canada this year at 388,733,000 bushels averaging 17 1/4 bushels to the acre.

Lumber Demand On The Increase.

Olof Hansen, who has just returned from Europe, says that the demand for lumber is increasing and that Canada should be able to get some of the business. On the prairies, too, the crop is a good one and the demand for lumber there will be larger than usual. With these demands and with all the raw material here and the mills it will seem as if we ought to be supplying some of the lumber.

The development of our natural resources is the chief source of wealth in northern British Columbia and lumber is one of the most important of the natural resources.

Keep Open The Dardanelles.

While Europe is a long way from here, yet most people on this coast have an interest in the political situation there. Just now the centre of action is Turkey. Following her defeat by the allied forces, the country has come back, from a military point of view and is a force to be reckoned with. The main difficulty that presents itself is the control of the Dardanelles. This fort commands the entrance to the Black Sea just as Gibraltar controls the entrance to the Mediterranean. Now that the Turks have driven the Greeks out of Asia Minor they will be laying claim to powers and privileges not contemplated at the time of the signing of the Versailles Treaty. With that in view the powers are getting together and are signifying their intention to act in case of trouble in Constantinople.

Immigration To Be Scientifically Carried On.

Immigration is to be one of the outstanding policies of the Dominion Government, but it is to be carefully carried on and the people brought in will be chosen in such a way as to be of as little danger as possible to labor organizations and with a view to not upsetting present labor conditions. To flood the country with cheap labor would be a mistake, it is realized, but to get in people who will till the soil and develop the resources of the country is what is needed. Scientific selection is desirable and a carefully planned scheme. That is what the Government is arranging, according to the minister of the interior.

Welcome To The District Exhibitors.

The Daily News, extends on behalf of Prince Rupert a hearty welcome to the district exhibitors at the fair. This is the first time that there has been a representative exhibit from so many points and especially from a point so far away as Prince George. The presence of these exhibitors is appreciated here. We feel that the spirit of co-operation among the communities of the North is only just commencing to be felt and that we shall get together more and more as time goes on.

The staging of an exhibit here should prove of great value to the districts and anything we can do to follow up and bring results for them will be readily undertaken.

When this fair is over, it will be for the local people to consider how they can reciprocate. We might well be represented at the district fairs. This matter is well worthy of consideration.

Native People Here In Numbers.

Just now there are large numbers of native people in the city taking in the sights and enjoying the annual holiday after their summer's work. These are always welcome to the city. Everything possible is done by the fair committee to make the fair attractive to them. We hope they will all have a good time and remember the 1922 fair with pleasure.

Strike Brought On German Bank Run.

Germany was unable to satisfy bank depositors when a run on them commenced last week, because the printers were on strike and they could not print bank notes fast enough. It is a curious situation and the end no one can foresee. With unsound money Germany has so far had an advantage over other countries in the matter of production but, now that German money is worthless, they have no means of paying for raw material except in trade. The only way to get the currency back to normal would seem to be to cancel all outstanding money and start over again with new currency that will have some real value. The way of the transgressor is hard, whether it be among nations or individuals and whether in social life or finance.

LUNDQUIST MUST SIGN CONTRACT IN SIX DAYS OR FORFEIT DEPOSIT

The city council decided last night to give C. Lundquist, the contractor who was last week awarded the contract for the rock work and muskeg removal in connection with the Section Five rough grading scheme, six days to sign up his contract.

It was reported by the city engineer that Lundquist was talking of backing out of his contract. He had not put his withdrawal in writing but had stated that he did not intend to go through with it. He had been asked to officially notify the department but had failed to do so.

It was accordingly decided to notify Lundquist that he would have to sign up in six days or his \$50 deposit would be forfeited and new tenders called for. In the meantime the \$50 deposits of the unsuccessful tenderers are to be remitted.

A letter from A. Antonelli, one of the unsuccessful bidders, claiming that his tender of \$3.95 for rock and 95c for muskeg was really the lowest was received. The city engineer stated that this contention was not correct. The letter was laid over.

TERRACE NOTES

Miss Porter who has been visiting her sister Mrs. C. R. Gilbert left on Sunday for her home in San Jose, Cal. She was accompanied as far as Vancouver by Mrs. Gilbert, who will visit there a couple of weeks before returning to Terrace.

Miss Margaret Blaine of Edmonton who has been visiting her aunt, Mrs. George Little, left for her home on Monday.

The Kitsumkalum School reopened with a good attendance. Mr. Frost, principal is in charge of the senior grades, Miss Pearson of the Intermediate and Miss Fowler of the Primary work.

Tom Ross and Dan Glaicher have completed their pole contract for Olof Hansen and have closed their camp at Remo for the season.

Those registered at the Terrace Hotel this week are G. A. Woodland, Prince Rupert; R. E. Swan, Prince Rupert; W. E. Borden, Prince Rupert; Alonzo Hull, Seattle; Mrs. O. J. Wheatley, Smithers; General Blacklock, Remo; A. Y. Wilson, Remo; R. A. Goodridge, Edmonton; A. W. Sharpe, Hazelton.

Miss Kemp, who has been engaged in mission work at Kitwanga for fifteen years was in town on business this week.

An excellent opportunity of seeing the latest fall styles was afforded the women of Terrace when Mrs. O. J. Wheatley of Smithers made her second semi-annual visit to Terrace. She had many charming models for all times and occasions on display in the Ladies Room of the Terrace Hotel.

Mrs. Smith, of Vancouver, is visiting her daughter Mrs. Bert Kenney.

WIRELESS SETS NOT GIVING GOOD SERVICE

Licenses Being Issued Throughout Country in Large Numbers.

While there are a number of wireless sets in the city, none of the local amateurs seem to be getting good results as yet. The difficulty seems to be with their instruments. While in Alaska the amateurs are able to hear San Francisco, clearly, here the amateur operators seem to be handicapped by their instruments, according to a wireless authority.

The short wave length used by amateurs does not interfere with the more powerful radio stations which use the telegraphic signals. Those are all equipped with apparatus especially designed for long wave messages.

The operator on the Princess Louise was able to hear concerts at Seattle and Vancouver quite plainly while the boat was here.

The Department of Marine and Fisheries announces that Toronto leads the Dominion for the number of radio receiving licenses issued during the month of July, 110 having been issued by the postmaster of that city. Vancouver comes second with 103, and Windsor again well up with 90. The total number of receiving licenses issued during the current fiscal year to the end of July is 3,270.

It is necessary for all persons operating radio equipments to have a license, the charge for a receiving license being \$1.00 per annum.

The Man in the Moon SAYS:

MEET me at the fair tonight.

AT a neighboring town, according to a weekly paper, a new bus was purchased which carried fourteen people with plush and upholstered seats.

A DRUG store clerk friend of mine was on duty the other evening when a blonde peach entered and said: "Would you give me a sponge bath?" The d.e. gulped a few times and was just beginning to stammer something about his limited facilities when the b.p. suddenly blushed and exclaimed: "Oh, I mean a bath sponge, of course."

A lot of people are much puzzled as to how to behave. For instance, if you are introduced to a young lady, don't shout "Shake 'n' gal." That would never do. Just take her finger tips and whisper "Pleased to meet you." Then commence talking about the weather.

THE news despatches state that the situation is grave in Asia Minor. I should say it was, considering the number of Greeks who are to be buried.

NO, Tiny Walker is not as broad as he is long. Not quite.

IF you feel like spending half an hour chatting with somebody who has nothing particular to do, just drop in and try it out on Jack Venables, manager of the Fair.

TALKING of the fair reminds me that there was once a fair that was ready for the opening day, but that was so many years ago no one is quite sure what year it happened.

FOR a dry year when all the crops were shrivelled to nothing, the exhibits at the fair are not so bad, are they?

THE thing that puzzles me is what we should all do without the annual fall fair.

BIRDS GOING SOUTH

Already They Have Gathered in Flocks Preparatory to Leaving Country

Autumn is here and once more the birds are bound south to spend the winter in a warmer climate. While we have very little extremely cold weather, it is cold enough to make it difficult for the insect eating birds to secure food. After all, food supply is the chief incentive to action in bird life.

Already the birds are gathering in flocks. The work of raising

ing families is completed and the social instincts of the birds draw them together and make them move in large groups rather than singly. This grouping continues throughout the winter until the mating season commences next year when they again scatter in pairs while engaged in their domestic duties.

Of course a number of birds such as gulls flock even during the nesting season but that is probably owing to the few suitable nesting sites and the desire to utilize these to the full.

Ten Years Ago in Prince Rupert

September 12, 1912.

Prince Rupert football authorities are considering the adoption of new rules just set down by the Dominion association.

The license commission yesterday afternoon refused the Silver Spring Brewery, Victoria, a wholesale license in Prince Rupert.

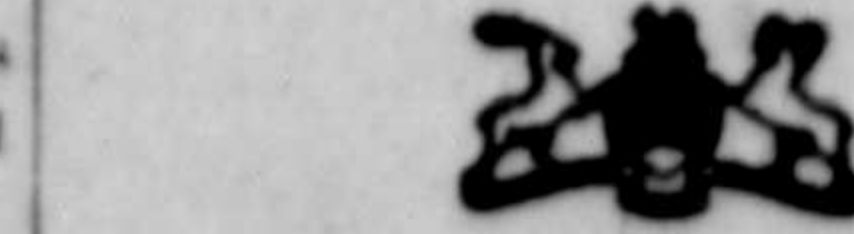

Chief Vickers left last night on the Chelohsin on his annual holiday. He escorted two prisoners south.

Persistent advertising is absolutely necessary to success.

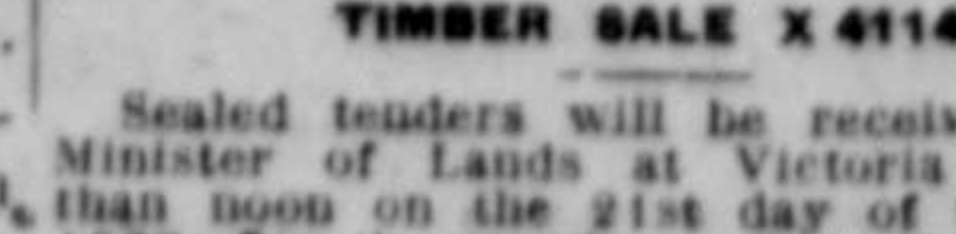

TIMBER SALE X 4162.

COUPLE FROM BURNS LAKE MARRIED HERE

Miss Marguerite Ethel Innes United in Marriage Yesterday to Fay Sherman Short.

The wedding took place quietly at the home of Mr. and Mrs. Albert Craggs, Sixth Avenue West, yesterday afternoon at 4 o'clock of Fay Sherman Short, son of Mr. and Mrs. John L. Short, of Burns Lake, and Miss Marguerite Ethel Innes, daughter of Mr. and Mrs. R. Warren Innes, also of Burns Lake, Rev. G. G. Haeker officiating. The couple arrived from the interior on Sunday night's train and will spend a few days in the city before returning to Burns Lake where they will make their home.

Both bride and groom are well known in the Bulkley Valley and resided at Burns Lake for some time. Mr. Short is associated with his father and brother in the garage business there, having formerly resided at Telkwa. He is a brother of Mrs. Albert Craggs. Both Mr. and Mrs. Short will receive the good wishes of a host of friends in the interior country.

MANY CLERGYMEN HERE FOR THE FAIR

Meeting to Be Held on Thursday—Rev. W. S. Cooper Transferred.

Among others who are here for the fair this week will be a number of clergy from the various districts around Prince Rupert. Rev. T. D. Proctor of Hazelton is already here and is visiting with Archbishop Du Vernet. Rev. Oliver Thorne of Aiyansh arrived this morning and will also visit with the Archbishop. Rev. E. Hodgson of Ocean Falls is expected tomorrow and also Rev. W. S. Cooper, who is being transferred from Cedarvale in Greenville. Rev. James Gillett and Mrs. Gillett are in the city from Massett in charge of the Massett exhibit. While the clergy are in the city a meeting has been arranged by the Archbishop to take place on Thursday morning.

A request that Wednesday be declared a half holiday was received last night by the city council through the mayor from the Fair Association. The matter was left in the hands of the mayor who has given due notice to this effect.

Joe Chu, Chinaman, was tried in the city police court this morning before Magistrate McClymont for an infraction of the Narcotic Drug Act and was fined \$200.00 or, in default, twelve months imprisonment at the Okalla Prison Farm.

A letter from the Benevolent and Protective Order of Elks thanking the city for its cooperation in sending the shipment of fish to the Dominion convention for the fish banquet in Winnipeg was received by the council last night and ordered filed.

The city treasurer has written to the city council asking for leave of absence with pay so that he may attend the Union of B. C. Municipalities convention at Kamloops this month at his own expense. The letter was referred to the Finance Committee by the council last night.

The case of Kenny Bros., vs. W. J. Martin, Terrace claiming \$160 for commission on sale of land was tried in the County Court yesterday before His Honor, Judge F. McB. Young. Judgment was given in favor of the plaintiff with \$116 costs. Archie Donaghy, of Terrace, appeared for the plaintiff and W. O. Fulton, of Patmore & Fulton, for the defendant.

QUALITY SERVICE

"It's Better When Baked by Electricity"

YOUR BREAD Problem Solved

A word on the Bread Question to SAWMILLS, LOGGING CAMPS, FISHING BOATS MINING CAMPS

The success of out of door work depends upon the physical fitness of the worker and good wholesome BREAD is of course the basis of physical well being.

GOOD BREAD is absolutely necessary to insure good health and good work.

It frequently happens that camp cooks are changed, and in camps where the bread is baked this often means a change in the quality of the bread which is not always satisfactory.

To be able to count absolutely upon BREAD WHICH WILL GIVE ENTIRE SATISFACTION, and above all BREAD THAT WILL KEEP FRESH AND MOIST FOR DAYS AT A TIME is to increase efficiency.

We bake our bread between the hours of 1 a.m. and 4 a.m. for morning requirements, and again between the hours of 6 a.m. and 10 a.m. for the afternoon trade, so that our baking is always FRESH FROM THE OVEN.

WE GIVE A GUARANTEED DELIVERY TO ANY POINT IN NORTHERN B.C. IN ANY QUANTITY.

WRITE US FOR PRICES NOW AND SAMPLE LOAF, SO THAT YOU CAN TEST IT'S SUPERIOR QUALITIES FOR YOURSELF.

SIXTH AVENUE
EAST GRADING

City Council Will Ask to Have
Grade Changed—Steps Taken
Towards Work.

Sixth Avenue East grading received the attention of the city council last night following the receipt of a report from the Public Works committee recommending that application be made to the provincial government to authorize the changing of the grade between McBride Street and the Booth Memorial School on Sixth Avenue, and that steps be taken to proceed with the grading of the avenue on the local improvement plan, the scheme also to include the grading of McBride Street between Fifth and Sixth Avenues. It was decided to adopt the report and the city engineer will again report when permission has been received from Victoria authorizing the change of grade.

Would Be Saving.
In explaining the report, Ald. Kerr stated that the permission being asked was to change the grade so that the entire length of Sixth Avenue between the Booth Memorial School and McBride Street could be done with a grade of 2 per cent instead of 6 or 7 percent as would be necessary under the present grade. Only a few lots at the top of the hill where a cut would be made would be affected and some \$3,000 or \$4,000 would be saved in the cost of grading. All the ratepayers affected were willing to have the grade changed and were only too anxious to have the work proceeded with.

The mayor felt that the council should know definitely that the property owners affected had been presented to show that.

Engineer's Opinion.
The city engineer gave the opinion that all favored it.

Ald. Collart and Ald. Kelly moved that the report be adopted, Ald. Perry making an amendment that it lie on the table a week until further signatures could be received. The amendment failed to get a second and the motion carried.

A report from the utilities committee recommending the acceptance of the tender of the Thompson Hardware for 500 feet of Dunlop fire hose was adopted by the city council last night. The cost is \$1.50 per foot.

FAIR OPENED
BY THE MAYOR

Big Annual Event Will Now Be
in Full Swing for Remainder
of Week.

Shortly after 1 o'clock this afternoon the tenth annual Prince Rupert Exhibition was formally declared open by His Worship, Mayor Harry B. Rochester, and the big annual event will now be in full swing for the next five days. The city has taken on its usual gala appearance for the occasion, the visitors being more numerous than ever. There was a goodly attendance for the opening ceremonies, F. G. Dawson, president of the Northern B. C. Agricultural & Industrial Association, being in charge on the platform with most of the directors also in attendance. Music was provided for the occasion by one of the native bands which is visiting the city.

The mayor's opening speech was as follows:

Ladies and Gentlemen:—We have gathered here today to celebrate the opening of the tenth annual Exhibition of the Northern B. C. Agricultural and Industrial Association and to witness what the great hinterland adjacent to Prince Rupert can produce in the way of grain, wheat, oats, barley, etc., also small fruits and vegetables. I think you will agree with me when I say that, judging from the splendid display so tastefully arranged upon these different tables, our people are certainly making rapid progress in the right direction.

I cannot help but think what a revelation this exhibition would be to the people to the south of us in the more settled districts of this great province of ours where the idea is still prevalent that we in the Prince Rupert district are too far north for agricultural work to be carried on successfully. We must and will live down that erroneous misrepresentation, and it is only by such splendid exhibits as we see here today that this can be successfully achieved.

Central B. C.
Perhaps we ourselves have been more or less to blame without realizing it, in choosing the name of Northern B. C. Agricultural and Industrial Association. It is wrong and misleading. We are in Central B. C., and a glance at the map will convince the most skeptical in two seconds that this is so, for the Grand Trunk Pacific Railway running through the centre of these great fertile valleys, divides the

Province north and south as equally as it would be possible to get it.

During the pioneer days of the Canadian Pacific Railway the same assertion was made with regard to the land contiguous to that line. They said there was lots of good land, but that it was too far north for agriculture. However, the people went to work with a will and demonstrated that such was not the case there. Our people can and will do likewise, and it is very gratifying indeed to see that they are meeting with such splendid success.

Declares It Open.
Now, Ladies and Gentlemen, as the Exhibition officials have prepared a very elaborate program for your entertainment, I feel that I would be trespassing to take up any more of your time in telling you what most of you already know so with just one word of congratulation to the exhibitors and others who have helped to make this tenth Exhibition the success that it undoubtedly is, I now declare the Fair officially open to the public.

CITY WILL LIKELY
APPOINT ASSESSOR
NEXT MONDAY NIGHT

The appointment of an assessor for 1922 will likely be made by the city council at next week's meeting.

The question was brought up at last night's meeting by Ald. Kerr who recommended the appointment of J. C. McLennan, Ald. Montgomery also favored the appointment of Mr. McLennan. Ald. Collart thought that the duties should be taken over by one of the official staff of the city hall.

After considerable discussion had taken place on assessment matters generally, the mayor stated that the finance committee would deal with the matter in the meantime with a view to submitting a definite report for next meeting.

In the Letter Box

THE MASSETT EXHIBIT.

Masset, B. C., Sept. 11, 1922. Editor Daily News:—Masset is sending its first District display to the Rupert Fair, and, of course, hope to capture the cup.

The matter of a display at all was in the nature of an after-thought and some of the things that do best here were about done and some of the things we might have had if we had previously considered a display.

Daily News Classified Ads.
2 CENTS PER WORD IN ADVANCE. No Advertisement Taken for Less than 50c

were't raised by any one.

Potatoes and roots, our main and staple crops, are grown almost to the exclusion of other things as they are heavy yielders and most profitable. We generally figure on a ninety pound sack of potatoes to each fifty foot of row and about a similar weight of roots. This figures out a yield of two to five hundred dollars per acre and with a limited acreage, everyone goes in for most profitable crops.

Wheat, reeked from experimental plots, yields only about forty bushels to acre and of course there is no demand for threshing machines here yet. If we do not get the cup we will appreciate having our friends in Rupert take a look at our display.

Finally, we wish to thank Mr. Bridden, Mr. Kermis, and Mr. Gillett for their efforts in collecting and handling it.

Practically the whole display is left to the disposal of Mr. Gillett and will be sold to apply on cost of his much appreciated Mission boat, the "Western Hope."

MASSETT DISTRICT PUBLIC.

WOULD CHANGE
PLAN PAYMENT
STREET WORK

Board of Works Recommends
Section 1 Property Bear
Greater Share Cost of
Surfacing.

A report from the Board of Works recommending that the city engineer submit an amended bylaw for the downtown surfacing in accordance with the changes decided upon by the council was adopted last night.

Another report from the committee recommending that the method of payment be changed from the 35 per cent property abutting and 65 per cent general taxation principle to the 65 per cent property abutting and 35 per cent city as a whole method was laid over so that the question of Section 1 taxation in relation to other parts of the city might be gone more fully into.

Ald. Montgomery was fully in favor of the change while Ald. Collart was of the view that the whole city benefited through the Section 1 improvement.

The city solicitor thought it was a little late in the progress of the work to consider such a change. The mayor was also of the opinion that the method of payment could not now be changed.

CHILD COMMITTED
TRIAL FOR MURDER
HAS SAGGING MIND

WINNIPEG, Sept. 12. — On a charge of having poisoned her father, Samuel Penny, Pearl Penny, 11 years old, was committed for trial at the November assizes. The father of the accused died last May at his home near Ashern, Manitoba, 130 miles north of here. Pearl, according to evidence submitted, admitted putting poison in her father's tea because he swore at her. An alienist testified that the girl had a "sagging mind," her mentality not being equal to her age.

SOCCER SEASON IN FULL SWING

British National Sport is Started For Winter—Holiday Gaps Growing Less

LONDON, Sept. 12.—(By Mail to the Canadian Press).—Already the excitement of the great British winter game of soccer is on. The gap between one football season and another seems to grow less and less every year. Practice games were in full swing for a month before the opening of the official season, and under the conditions laid down by the Football Association for summer play, the coffers of various charities benefit by the proceeds from such of these games as were open to the public. This indeed, is their saving grace, for August football annually calls down a storm of protest from summer sport enthusiasts who aver that it is unfair, unnecessary and unwanted. Whether it is unfair or unnecessary is, of course, open to question, but an emphatic answer was given early in the month to the last assertion when ten thousand enthusiastic spectators assembled at Stamford Bridge to watch Chelsea's first public exhibition of the season. "There is no doubt about the popularity of soccer at any time."

With regard to the laws of the game, these remain unaltered. An attempt by Scotland towards the end of last season to alter the offside rule met with strong opposition from the English governing body and consequently was not pressed. The English authority, however, has given much attention to another and more necessary reform—regulation dealing with foul play, of which there were many unfortunate instances last season. In future referees and lineemen will have greater power in dealing with unsportsmanlike conduct on the field and the very fact of a referee cautioning a player, necessitates a report to headquarters on the matter. A black list will be compiled containing the names of all such delinquents. By this means it is hoped to stamp out anything that may bring the game into disrepute.

A glance at the fixture list shows that the ensuing winter is likely to be as crammed with interest and excitement as any of its predecessors. There is a wealth of talent available, the professional ranks having been swelled by the influx of many youthful exponents who, despite lower wages, seem to think football a more desirable and lucrative means of livelihood than that of following a trade. This influx, together with the clubs' action of cutting down their list of paid players who have not re-signed with their old clubs finding some difficulty in securing fresh engagements.

Prosperous advertising means regular continuous advertising.

Sport Chat

When one takes a look at the build of Tiny Walker, the wrestler who is to go to the mat with Ad Gustavo tomorrow night, one can readily realize that he is a hard type of man to throw. Some what of the fashion of Zyzsko in neck and shoulders, he will be hard to pin with any kind of a neck or shoulder hold and his opponent will likely have to look elsewhere for an opportunity. The chances are that fans will get a long match for their money tomorrow night for Walker is hard to hold and Gustavo is fast and elusive. The weights of the two men being about even will make it an interesting bout and it is understood that Gustavo is really anxious to get back from his opponent what was taken from him on July 4 last at Ketchikan. On the other hand, Walker will doubtless be keen on retaining his laurels. Gustavo's class is admitted and Walker is looked to to give him a good run for his money.

With the remembrance of as keenly contested a baseball game as could have been desired still fresh in the memory from August 9, Anyox and Prince Rupert baseballers go to bat this afternoon in the first game of the Exhibition series of three. Fans will probably appreciate a series with Anyox more than with any other selection that could have been made and the features for today, tomorrow and Thursday should draw big gates.

The following letter has been received by the sporting editor of the Daily News from Jack Olsen, the Portland wrestler, met here a fortnight ago with Ad Gustavo.

"I am just writing you a few lines as I did not get to see you before my departure. In the first place, I wish to thank you for the generous publicity you gave my match and also for the just and fair criticism afterwards. I also wish to thank the wrestling fans of Prince Rupert for their turnout and the good sportsmanship they displayed at the match. While the match did not terminate to my satisfaction, nevertheless, I have no complaint to make. Last but not least, give my thanks to those two royal good sports, Jack Judge and Roi Barnes. As promoters of the match it was a genuine pleasure for me to do business with them which is more than can be said of the majority of our promoters over here. I hope you will have some good matches there in future. There is no question that Gustavo will give anybody his own weight a hard match and I believe it would take a champion to beat him. Kindest regards and best wishes to all the good sports I met up there."

A report from the Board of Works recommending that the city supply A. H. McPherson with a quantity of 6 inch pipe to be used for the draining of his lot on Eighth Avenue West on which he proposes, building a residence was adopted by the council last night. The flooding of Mr. McPherson's lot was caused largely by the overflow of a city main.

Let this "COW IN YOUR KITCHEN" tell her story of milk and cream

"Anyone can buy milk," says this Cow in your Kitchen—it may be good milk or it may not! It may be pure or it may not! It may be rich in nourishing qualities, or it may not! It may keep—or it may not.

But the housewife who takes a pride in her skilful buying—who makes every cent do a cent's worth of work or more—who protects her family from the dangers of ordinary milk—who insists on supreme quality milk—

That woman insists on having in her kitchen always, a liberal supply of St. Charles Milk "with the cream left in".

It is good! It is pure! It is rich! It does keep fresh! Wholesome! Convenient! Economical! For every milk use! Order a few tins from your grocer to-day. "A size for every need."

EGGLESS MAYONNAISE—3 tablespoonfuls St. Charles Milk, undiluted; 1/2 teaspoonful salt; 1/2 teaspoonful pepper; 1/2 teaspoonful mustard; 2 tablespoonfuls sharp vinegar; 1/2 cupful salad oil. Combine the seasonings, add the milk, and gradually beat in the oil with an egg beater. Then whip in the vinegar. Use as any mayonnaise. Transfer to a covered jar. This will keep indefinitely in a cool place.

Send for the Borden Cook-book. It is FREE. Address The Borden Company, Limited, Montreal.

Pure Country Milk With The Cream Left In

ENGLISHMEN AND CALLIES PLAY FOOTBALL DRAW

Honors Divided in Semi-Final of Exhibition Series Last Evening.

The Callies and Sons of England played to a draw in the Exhibition soccer series semi-final last night by a score of 2 all. The game was featured by good clean play with both teams trying hard in the first half but the second half developed rough and a fog came up which further lent disadvantage to players and fans alike.

Kicking up hill, the Callies made both goals in the first half. Mackintosh scoring first and Kinghorn successfully negotiating a penalty shot.

Likewise, the Sons made two goals in the second half, Kelsey from a penalty and Jimmie Farquhar equalizing.

W. H. Waldorf was referee and S. L. Warrior and S. Butters, linesmen.

The team took the field as follows:

Sons of England—Stockdale; Lamb and Kelsey; Mansell, E. Craggs and A. Craggs; Hamilton, Wiggins, Finker, Hodgson and Farquhar.

Callies—Brice; Kinghorn and Murray; Abbott, Scott and Campbell; Kilday, Currie, Mackintosh, Sellers and Jack.

The second meeting will likely take place on Friday instead of the final.

WOULD SELL CROWN LAND AT TAX SALE

City Council to Deal Fully with Situation in Committee Discussion Next Week.

The question of exempting Crown lands from tax sale came in for a measure of discussion in committee at last night's council meeting, the matter coming up through the presentation of the annual bylaw providing for the exemption of such lands.

Ald. Montgomery thought there was no reason why the government should be exempted from the liability of tax sale any more than a private individual. The city should sell all land on which there were delinquent taxes and get the property bearing revenue. As it was the willing ones were paying taxes while the government was getting off. Each year the burden was being increased.

Ald. Kerr was of the opinion that the question might be taken up at the municipalities convention. Prince Rupert was one of the worst suffering cities in this regard. He did not think that Ald. Montgomery's proposal would be practicable, however.

Must Be Liable.

Ald. Montgomery maintained that crown lands could be dealt with that way. The very fact that a bylaw had to be put through exempting them from tax sale showed that they were liable. City Solicitor Hooper agreed with this view.

The city clerk pointed out

THE HORRORS OF INDIGESTION

Relieved by "Fruit-a-tives" the Fruit Medicine

Indigestion, Weak Digestion or partial digestion of food, is one of the most serious of present-day complaints—because it is responsible for many serious troubles.

Those who suffer with Indigestion, almost invariably are troubled with Rheumatism, Palpitation of the Heart, Sleeplessness and excessive Nervousness. "Fruit-a-tives" will always relieve Indigestion because these tablets strengthen the stomach muscles, increase the flow of the digestive juices and correct Constipation, which usually accompanies Indigestion.

50c a box, 6 for \$2.50, trial size 25c. At dealers or sent postpaid by Fruit-a-tives Limited, Ottawa

that if the property was to be exempted the bylaw would have to be passed before the date of the annual tax sale, September 25. It had been found impracticable in the past to sell government property at tax sales for it would bid revert to the city, buyers being unwilling to bid for land in which the government had an equity.

Ald. Montgomery felt that the city had nothing to lose and perhaps something to gain in selling out the government's property.

Johnson's Report.

Ald. Perry suggested that the report of the late city treasurer, E. D. Johnson, which dealt fully with the question, be produced and moved that the committee arise and ask leave to sit again. The resolution passed.

INQUIRY INTO FISHERIES ENDS

Conference to be Held With Washington State Board Thursday

PREPARING A REPORT
Hager Urges Appointment of New Minister For Department

VANCOUVER, Sept. 12.—Members of the Dominion Fisheries Commission started today preparing their report for submission to the government. They have finished the hearings here.

On Thursday it is the purpose to confer with members of the Washington State of Fisheries Board.

A minister of fisheries to preside on the proposed new fisheries department of the Dominion Government was asked by A. L. Hager, president of the Canadian Fisheries Association at the final session of the commission yesterday, this to be instead of a deputy minister under the minister of marine and fisheries.

L. H. Martell, M.P., argued that a competent minister with an expert staff experienced in the whole science and practice of fisheries would save far more than the cost of maintenance of such a body.

Mr. Hager said that efforts in the past to get a minister had been without result. They were now working on the theory that half a loaf was better than no loaf and they would be satisfied with a deputy minister.

Chairman Duff remarked that if only a deputy were appointed it would not materially alter the present arrangement. The need for a farmer as minister of agriculture and a labor man as minister of labor was recognized today. Why not a man expert in fishery business as minister of fisheries, he asked.

FISH ARRIVALS.
