FINAL ACTION TAKEN TO RECTIFY LOCAL SCHOOL TROUBLE

Work to Start Immediately on Booth School Building Architect Jeffers in Charge

Definite steps towards the remedying of the structural defects in Booth Memorial School and the commencing of work to this end at an early date were taken yesterday when the School Board decided to adopt the recommendations of Architects Jeffers and Whittaker and the city council undertook to provide the finances. The decision was reached by the School Board with the unanimous passing of a resolution, moved by Trustee J. G. McLennan and seconded by Trustee Thomas McMeekin, at yesterday afternoon's meeting that the suggestions of the architects be adopted, the council be asked to vote the money, Architect Jeffers be put in charge of the work and local labor be employed as far as possible in its execution.

The city council assented to this course when it was moved at last night's meeting by Ald. Dybahn, seconded by Ald. Kelly, that in order to facilitate the school board carrying out its program to strengthen the school the council undertake to provide finances with a view to later submitting a bylaw to the people if necessary. This resolution passed the council with Mayor Rochester and Ald. Montgomery voting against it.

RUSSIA WANTS FINANCIAL AID

Will Bring up Matter of Credit
Immediately on Arrival at Hague

THE HAGUE, June 27.—On the eve of the financial conference here, Bolshevik Russia has produced a thorny issue for the powers to deal with. Litvinoff, head of the Soviet delegation, told newspapermen that immediately on their arrival, Russia wants credit before everything else.

The rest of the powers had practically agreed not to discuss credits at this conference.

HARRY PLATTS IS CHARGED THEFT BY JESSIE MANNING

Harry Platts appeared in the police court this morning before Magistrate McGlynn charged with breaking and entering the premises of Jessie Manning, Comox Avenue, and stealing therefrom a sewing machine, clock and linen valued at \$75. The case, which is an indictable one, was adjourned until tomorrow.

Arrest was made by Chief Vickers last evening on information of Jessie Manning, the offense alleged having occurred a short time previous.

"TEDDIE BEAR" FOUND ALL ON BOARD WELL

Was Frozen in Eight Months Ago and Has Not Yet Got Clear of Ice.

NOME, Alaska, June 27.—The schooner "Teddy Bear" which had been missing for eight months has been found and all on board are well and cheerful. She was believed to have been lost.

The Teddy Bear was frozen in at Poten River before returning to Siberia. She is now waiting for ice to clear before returning to Nome. She was found by the coast guard cutter Bear when cruising down the Siberian coast. She carries six men.

BRITISH GOVERNMENT SENT WARNING TO THE GOVERNMENT IRELAND

LONDON, June 27.—The Evening News says today that the British Government sent warning last Saturday to the Irish provisional government declaring that if the latter's authority to restore order was not exercised, the British Government would have to take action.

CITY UTILITIES ARE DISCUSSED

Mayor Refuses to Deny Figures Published by Daily News.

PERRY DEFENDS THEM

One Alderman Says Loss \$3,000
Another Says Profit
\$100,000.

A statement in the paper which he claimed had shown the city utilities to be \$3,000 in the hole came in for Alderman Montgomery's hearty condemnation at last night's council meeting. He wanted the mayor or some one else responsible to contradict it but nobody seemed willing to do so. Ald. Perry, chairman of the utilities committee, said that he had seen no erroneous statements furnished by him or with which his name had been connected. They were correct as far as he was concerned and if Ald. Montgomery could show him differently he would like him to do so.

"I saw in the paper last week where the utilities were \$3,000 in the hole," said Ald. Montgomery. "I consider that is a gross mistatement. In view of it I have gone over the annual reports of the city and have found that the utilities have instead a gross surplus of \$100,000. That is what the auditors' reports indicate and if they are not correct I would like to know why we pay the auditors \$1,000 a year. I went to the trouble of compiling the figures and found an aggregate of surplus of the whole of \$100,000. If the utilities pay so handsomely it should not be broadcasted that they are in the hole for it is wrong and especially at a time when there were so many visitors in the city. It is grossly unfair and untruthful. No other proof is necessary than the past annual reports. I consider the mayor or some other responsible person should contradict the statement."

Redistribution is likely to be discussed in the House to-day.

TO PROROGUE PARLIAMENT

Business Practically Completed and Members Disperse Tonight or Tomorrow

OTTAWA, June 27.—Parliament is likely to prorogue either tonight or tomorrow. With the railway rates question out of the way, the order paper of the House of Commons is practically clear of business. The time and date of prorogation is dependent on the Senate disposing of the remaining legislation sent to it by the Commons.

Redistribution is likely to be discussed in the House to-day.

BOYCOTT DIRECTOR IN IRELAND IS SENT MOUNT JOY PRISON

DUBLIN, June 27.—Commander Henderson, director of the boycott against Belfast goods, has been arrested by the provisional government authorities and removed to Mount Joy prison.

STRIKE AS PROTEST AGAINST REACTION IN GERMANY TODAY

BERLIN, June 27.—A 24 hour strike in Germany called by the general federation of trades unions as a demonstration against the forces of reaction was to go into effect today.

REPARATION NEW SCHEME

Suggestion That Germans Should Build Tunnel France to England

PARIS, June 27.—A huge war reparations plan under which the Germans are to reconstruct France and also build the long planned tunnel under the English Channel, has been submitted by the French minister of public works to President Poincaré, who laid it before the reparations committee. The plan involves the use of German labor and materials to the extent of \$20,000,000 francs.

FREIGHT RATES ARE DISCUSSED IN HOUSE

Conservative Amendment is Defeated by Very Large Vote—Bill Passed.

OTTAWA, June 27.—The conservative amendment to the report of the special committee on railway costs was defeated in the House of Commons on a vote of 168 to 43. The report was on the Grow's Nest Pass agreement, recommending the suspension of all the agreement except the grain and flour rates for one year.

The Conservative amendment sought to take the matter out of the hands of the legislature and leave the decision with the railway commission.

Later in the evening the bill based on the report of the railway committee suspending the Grow's Nest Pass agreement passed all its stages in the House of Commons Monday night, several amendments and motions including one for a six months hoist being defeated.

CONTINUATION SCHOOL WORK FOR DISTRICT

Correlated Scheme is Advanced By Granby Community League and Pinder Moss

A letter from the Anwox Community League recommending the organization of continuation school work on a correlated basis throughout Northern B.C. was received by the city council last night and was tabled for a week.

The documents presented being of a very voluminous nature, similar letters have been sent to the Trades and Labor Council and other public organizations throughout the district. J. Pinder Moss, organizer of the Granby Bay polytechnic, is the promoter of the proposal. One statement made by him in his literature is that there are 9,280 persons in Comox-Altham district who can neither read nor write.

WILL NOT RESIGN

OTTAWA, June 27.—P. C. Lar- kin, Canadian High Commissioner in London, says the rumor he may resign the position is preposterous.

Ald. Montgomery—"The chairman of the utilities committee seems to be content with it."

Is It True?

Ald. Perry—"Is it true or is it not true, Mr. Mayor?"

Mayor Rochester—"I am not prepared to say at this time whether it is true or untrue. I do not know where they got it."

Ald. Montgomery—"I think it should be contradicted."

Ald. Dybahn—"It will be amply covered. A few days

scooper or later for correc-

British Government Gets Large Vote Sustaining its Policy Regarding Ireland

LONDON, June 27.—After a milder debate than was expected, the Government won a vote of confidence on their Irish policy when the motion of the "die hards" for a reduction of salary of the Chief Secretary of State for Ireland as an expression of the Government's failure to give protection to Sir Henry Wilson, was defeated in the House of Commons by a vote of 342 to 75.

Right Hon. Winston Churchill emphasized the Government's intention to stick by the Ulster Government and prevent coercion by the south and he would expect the southern provisional government now that it had a mandate from the people, to assert its authority and bring about order.

Churchill announced that 50,000 stands of arms for emergencies had been landed in Belfast and stored where only artillery fire can reach them.

POTTER REPLIES JEFFER'S REPORT

Supervising Architect Defends Measures Taken in Building Booth Memorial School

JACK BRITTON WON ON FOUL

Struck by Benny Leonard When On His Knee and Given Decision.

J. W. Potter, supervising architect of the Booth Memorial School construction for the school board, submitted a reply to the board at its meeting yesterday afternoon to the report on the defects in the building recently brought in by A. M. Jeffers, the Edmonton expert. The letter was ordered filed by the board.

Referring to the absence of bond strips in the exterior walls which had been specified, Mr. Potter's reply stated that after the exterior masonry walls had been built it was found that furring tile would be more economical and would make a better job than wood furring and metal laths.

The lavatory, boiler and fan room walls had not been reduced in thickness and had been reinforced as reference to the specifications would show.

The lime and cement mortar specified was a better mixture than Prince Rupert, Calgary or Toronto by-laws required.

Answered by Architects

In reference to this point, Mr. Jeffers said that Edmonton would not pass the mortar used and Mr. Whittaker said neither would Vancouver, Victoria or Calgary.

Mr. Potter explained that heating courses were not put in because different size of brick had been used which would not make them work in evenly. Mr. Jeffers and Mr. Whittaker maintained that they could have been put in.

The draining of the areas at the rear and the back filling, Mr. Potter's reply stated, was dependent on the grading of the grounds.

Matter of Cost

The brass railing specified had not been put in on account of the cost.

The floors or bases of the cloakrooms had not been accepted or paid for.

The exterior walls had been furred with hollow tile instead of metal lath which made a more economical and a better job.

Mr. Potter recommended that the heating system be given a proper trial when the building dried out. With two alterations in the ventilation system it would be satisfactory.

PRINCE YORIHITO DIES

TOKIO, June 27.—Prince Yorihito, admiral of the Japanese navy, and scion of one of the oldest houses in Japan, died of cancer at the age of 55 years. It was a test flight.

BULLET AIMED AT REPUBLIC

So Says President Ebert of Germany at Rathenau's Funeral.

BERLIN, June 27.—Assassins who killed Dr. Walter Rathenau, foreign minister were striking at the republican government of Germany and its people, declared President Ebert at Rathenau's funeral in the Reichstag chamber today.

The bullet was aimed at the German republic.

NAVAL BRIGADE BOYS CAMPED AT BIG BAY

Twenty-two boys of the Naval Brigade spent the week-end at Big Bay where they pitched their tents and enjoyed swimming, polo playing and fishing on Saturday and Sunday. G. V. Evitt, instructor, and S. E. Parker were in charge of the party. The trip out was made on J. A. Hinton's "Starlight" and the return on Mr. Hinton's and Dr. J. P. Gade's launches.

AIRPLANE WRECKED

LETHBRIDGE, June 27.—An airplane carrying mails from here to Ottawa piloted by Fitzsimmons and Palmer was wrecked at Minot, North Dakota, in order to avoid hitting an automobile containing women and children. It was a test flight.

Smart Action
Of School Board.

The School Board is to be congratulated on its prompt action in dealing with the reports of the experts in regard to the Booth School. There was only one thing to do and that was to have the building put in first class shape immediately. The School Board was ably backed by the City Council which also realizes its responsibilities in this regard. The only thing to do is to make the best of the situation and so far as possible redeem the past. The children of the city have already suffered sufficiently in an educational way without interfering with the work of next term. Under the present proposal the building should be ready for occupation by the time the fall term opens.

Manitoba Election
Campaign Under Way.

The election campaign in Manitoba is now well under way. The Legislature has been dissolved and the new members will be elected on July 18. Apparently Premier Norris is still at the head of the government and will remain there until the people have decided if he is to be given a majority of supporters or if the United Farmers are to take control of affairs.

Premier Norris came into power under unusual circumstances. It was in 1915 that the administration of Sir Rodmond Roblin, Conservative, fell, largely as a result of frauds in connection with the erection of an eight million dollar parliament buildings. Members of the retiring government were prosecuted for their share in the scandal and after many years the government secured judgment against the contractors for two million dollars, a sum which they are now trying to collect.

The Liberal government during its term of office was responsible for the passing of measures providing loans for farmers, pensions for mothers, and the establishment of provincial savings banks. Some of the legislation is experimental, but it is claimed by supporters of the government that it is working well.

The farmers of the province have been organizing and farmer candidates are being put in the field in almost every rural constituency. Three-cornered contests will be common and in some of the cities where labor is asserting itself there may be four candidates. Owing to the newness of the farmer party, there is no recognized farmer leader at the present time. If the farmers are returned with a majority of members in the Legislature, it will be their duty to choose a leader who will be premier of the province.

Premier Norris was a Unionist during the war period, but all bitterness caused by the split at that time seems to have passed away and the party is united again. The Conservatives are not expected to make much of a showing but their leader, Major F. G. Taylor of Portage la Prairie, is putting on a bold front and is still to be reckoned with. F. J. Dixon leads the laborites from the capital city.

Ordinarily a provincial election has not much interest outside its own particular province but the tendency toward group government on the prairies and the entry of the farmers under their own organization as a political entity makes this election of interest to the whole country.

Polytechnic Scheme
Worthy Of Study.

At last night's council meeting a report was received from John Pinder Moss, who organized the Anyox polytechnic institute, in which he places before them an elaborate scheme for the organization of a similar institute for the whole of the Prince Rupert district as far east as Burns Lake and taking in all the important points. The scheme is worthy of careful study as one of the needs of this place is a technical night school.

REPAIRING OF
BOOTH SCHOOLRecommendations of Architects
Which Have Been Endorsed.

The following is the list of suggestions set forward and signed by Architects Whittaker and Jeffers for the remedying of the structural defects in the Booth Memorial School which were adopted by the School Board last night and for which the city council has undertaken to provide the money for their early execution:

1—Brickwork to be taken down from top of fire walls to underside of Architrave at least and rebuilt in cement mortar.

2—Brickwork around Auditorium walls above roof to be similarly pulled down and rebuilt.

3—Auditorium walls to corridors to be strengthened by addition of piers to its full height.

4—Take down shafting and supports from Manual Training Room walls and fix in another position on suitable supports.

5—Steel windows and glazing to be made watertight.

6—Fire escapes to be erected independent of walls.

7—Cornices to be altered so that they can be properly flashed and counterflashed and nailin suitably capped and left watertight.

8—Architrave to be treated in a similar manner.

9—Properly flashed under hell east course to asphalt slate shingles.

10—Ceiling joists and rafters to be suitably braced.

11—Slab over coal chute and corridors to be properly strengthened.

12—Auditorium and class room and Manual Training Room floors to be properly strengthened.

13—Floors and bases to cloak rooms to be taken up and replaced with wood.

14—Repair plaster where necessary.

15—Protect end of joists, rafters, etc., where exposed during alterations.

16—Clean out sub-basement and provide for draining same and including areas around building.

17—Doors and frames from class rooms to corridors to be altered.

Waterproofing

1—Rake out all joints well, point with cement mortar and waterproof with colorless waterproofing compound including cast stone ornament, or

2—Rake out all joints well, apply waterproof pebble dash stucco with cement gun to brick-work exclusive of quoins columns, pilasters and new brick-work above Architrave.

Heating and Ventilation.

1—Twin up boilers.

2—Put shut off valves on main branch and return lines.

3—Install additional radiators in cloak rooms and lavatories.

4—Put returns from vents through vacuum pump.

5—Reduce size of fresh air inlet.

6—Take down vento stacks and re-erect with additional radiators.

7—Raise air ducts from off the ground, cover with asbestos paper and provide same with regulation dampers.

8—Regulate volume of air supply by Anemometer.

9—Alter any piping that is trapped.

Suggestions for Later Improvements.

1—Make staircases in concrete more particularly side entrances.

2—Put rail down centre of main staircase.

3—Give concrete floors to basement and toilets a treatment of liquid floor hardener to prevent dust.

4—Change boilers to return tubular boilers.

MATRICULATION AND
ENTRANCE EXAMS. IN

DOG FANCIERS ARE TO BE ORGANIZED

With a View to Having Successful Dog Show at the Forthcoming Exhibition

A meeting of local dog fanciers was held last night in the Fair Office and initial steps were taken for the forming of a Kennel Club in the city which will co-operate with the Exhibition Association with a view to holding a dog show at the forthcoming fair. George Wilkinson is to get in touch with all the canine enthusiasts in the city and he will line up the prospects for the show and later report to the board so that arrangements may be proceeded with for the getting out of prize lists and securing of proper accommodation for the exhibits.

FISH ARRIVALS.

Halibut arrivals and sales at the Fish Exchange this morning were as follows:

Republican, 70,000 pounds, sold to the Sinclair Fisheries at 9.3c and 4c.

Augusta, 11,000 pounds, sold to the Pacific Fisheries at 10.2c and 4c.

Oak Leaf, 6,500 pounds, sold to the Canadian Fish and Cold Storage Co. at 9.8c and 4c.

Annie May, 9,000 pounds, sold to the Pacific Fisheries at 10.3c and 4c.

The Lunendahl, 2000 pounds of spring salmon, and other smaller salmon boats also disposed of their catches.

Mrs. Alfred Eckley arrived in the city from Port Edward last night.

Miss E. Hudson, Methodist Church deaconess, left on last evening's train for Hazelton.

J. A. Rutherford, of Hazelton, arrived in the city last night and is registered at the Hotel Prince Rupert.

TRADES and LABOR COUNCIL

The regular meeting of the council will be held tonight at 8 o'clock.

J. Skousen and J. E. C. Stroud were arrivals in the city from Anyox on the Chelohsin this morning.

George McAfee, manager of the Big Bay mill, arrived in the city yesterday afternoon from Georgetown.

Oliver Peacock has applied for a building permit to erect a \$6000 residence on Ninth Avenue West near the junction of Gomox Avenue.

Mrs. J. A. Meeker sails for the south on the Chelohsin this evening bound for Pasadena, California, where she has been called to the care of a relative's illness.

J. H. Pillsbury, manager of the Canadian National Shipyard, left for Francois Lake last night. The ferry for the lake which was built here is now nearing completion and will soon be put in operation.

The gasoline tug Einar Beyer, with the barge Edith in tow, arrived in port this morning with seven or eight carloads of mild cured herring from Alaska for transhipment over the Canadian National Railway to the East. This is the Einar Beyer's second trip here with a similar cargo.

SMP Diamond or Pearl WARE

"A Face of Porcelain and a Heart of Steel"

Diamond Ware is sky blue and white outside, with a pure white lining, and has three coats of the best enamel fused on shapes of steel.

Pearl Ware is pearly grey inside and out and has two coats of special SMP enamel fused to shapes of open hearth steel.

Do you know that the Diamond or Pearl Ware pot or pan that sold last year for \$1.50 can now be bought for 90 cents?

We still have a few pairs of White Oxfords and Pumps left at \$1.00 per pair. Royal Shoe Store. tf

A. L. Carruthers, provincial government public works engineer, left on last night's train for Prince George. Returning he will stop at Burns Lake to visit the Francois Lake ferry which is shortly to be given her launching and trial runs.

Captain H. B. Babington, who has the contract for the delivery of Smith Island rock for city street work, has asked the council for the return of half of his bonds of \$5,000 and the payment of interest in view of the fact that the work is now nearly completed. The matter was referred last night to the board of works for report.

BRINGING UP FATHER

By George McManus

WORK TO START IMMEDIATELY ON BOOTH SCHOOL BUILDING—ARCHITECT JEFFERS IN CHARGE.

(Continued from Page 1)

three weeks. There would be no trouble in obtaining cement locally and the repairs to the floors would be simply a matter of day labor. Before he could start the work personally he would first have to make a trip back to Edmonton to look after some of his own business there and make arrangements for coming here. There would be no necessity for his being here more than four or five weeks. He would like to supervise the brick work, repairs to fire walls and roof which would have to be done in sections. A carpenter could look after the floor repairs. The best plan for doing the brick and fire wall repairs would be to engage a working foreman with two or three assistants. There were three men in the city that he knew of, who would be capable of and willing to become foremen. It would perhaps take four or five weeks to do the fire walls and the other work could be going on at the same time. Mr. Jeffers stated that before he would want to go onto this work, however, he would want to see Mr. Potter take care of Dr. Kergin replied that Mr. Potter could hardly be engaged to carry on this work, anyway.

Safety First.
Ald. Perry said that Ald. Montgomery had spoken wisely. The safety of the building was the main consideration. Mr. Jeffers and Mr. Whittaker had inspected the building under favorable conditions while Mr. Cox had been here during heavy rains and gales. That might account for the severity of the latter's report. He felt, however, if the school board was perfectly satisfied with the work, he did not think anyone could reasonably oppose it. Mr. McLennan said the work had to be done and he did not think three percent of the people would oppose it.

The question of financing the work was touched upon. Mr. Vane said that the temporary financing might be arranged pending the passing of a bylaw. Mr. Jeffers pointed out that the brickwork would have to be done anyway and he did not think anyone could reasonably oppose it. Mr. McLennan said the work had to be done and he did not think three percent of the people would oppose it.

Later at the council meeting, Dr. Kergin explained the progress that had been made by the school board. It was necessary if they were to act at all to act immediately because the suitable weather of the summer should be taken advantage of and also the school would be needed after the holidays.

In answer to a question by Ald. Dybhavn, Dr. Kergin said that the estimate of \$12,000 to \$15,000 would cover the cost of supervision from now on but would not include the cost of advice already received or future suggestions included in the list.

Unwise to Delay.

Ald. McLennan said that personally he was gratified with the report brought in by these gentlemen. Mr. Cox's report had

**WEAK HEART
NERVES BADLY SHATTERED**

Many a woman who should be strong and healthy, full of life and energy, is bound by the shackles of ill-health. Some disease or constitutional disturbance has left its mark in the form of a weak heart, shattered nerves, impoverished blood and an exhausted condition of the whole system.

Mayor Doubtful.

Major Rochester wanted to know what guarantee there was that the work would be completed for \$15,000. Two architects had reported and there was great discrepancy in the reports as between \$15,000 and \$18,000. Before anything definite was decided upon they should have a pretty concrete undertaking. If the building was perfectly safe as had been declared he could not see where \$15,000 expenditure would be necessary. It would be a question for the people to de-

HEART AND NERVE PILLS

they will find a remedy that will supply food for the exhausted nerves, one that will strengthen and regulate the weak heart and invigorate the whole system.

MILBURN'S

Mrs. W. W. Pearce, 14 Seaton St., Toronto, Ont., writes: "I was left with a weak heart and in a run down condition from the 'flu.' My nerves were badly shattered, and I had such pains around my heart I could not sleep much at night. I took several doctors' medicines without getting any better. My husband got me to try Milburn's Heart and Nerve Pills, and after taking six boxes I have been well and not bothered since."

Price, 50¢ a box at all dealers, or mailed direct on receipt of price by The T. Milburn Co. Limited, Toronto, Ont.

DAUGHTERS EMPIRE TEA YESTERDAY AT MRS. JOHNSON'S HOME

Mrs. W. J. Nelson Was Winner of Beautiful Luncheon Set Donated by Mrs. F. G. Dawson.

A delightful tea and bridge was given yesterday afternoon at the home of Mrs. T. H. Johnson, Fourth Avenue East, by the Queen Mary Chapter, Imperial Order, Daughters of the Empire.

The prize winners at bridge were Mrs. S. Darton, first, Mrs. H. F. Glassey, second, and Mrs. George Wilson, consolation.

Mrs. D. McD. Hunter, Mrs. W. S. Fisher, Mrs. D. G. Stuart and Mrs. J. H. McMullin, were in charge of the serving being assisted by Miss Ruth Rix, Miss Katie Collison, Miss Muriel Collison, Miss Mary McRae and Miss Kathleen Grant. Miss Georgina Hunter was cashier.

The most interesting feature of the afternoon was the drawing for the beautiful luncheon set which had been donated by Mrs. F. G. Dawson, Mrs. W. H. Wilson-Murray was in charge of drawing and Mrs. W. J. Nelson was the holder of the winning number.

The committee in charge of the affair comprised Mrs. D. McD. Hunter, regent of Queen Mary Chapter, Mrs. D. C. Stuart, Mrs. W. S. Fisher and Mrs. W. H. Wilson Murray.

CLUB REGULATING BY-LAW DISCUSSED BY CITY COUNCIL

The city council's proposed club licensing and regulating by-law received full and free discussion in committee last night. After an hour's deliberation, during which little was agreed upon or accomplished, it was decided to rise and leave the by-law over for a week. There was general misunderstanding as to the application of the by-law. Some of the aldermen did not know what clubs were, some did not know there were any clubs in the city, some did not want their pet clubs penalized, and there were various and sundry objections. The general consensus of opinion was that clubs should be regulated as long as that regulation was not too stringent.

Among the provisions that this club by-law sets out are a club license fee of \$100 per year, registered manager's fee of \$10, good conduct, no prostitutes, no drunkenness, member and guest registers, police inspection, no gaming or gaming devices, closed hours to members and guests between midnight and 7 a.m. when the club is to be locked up, and straight penalty of \$100 or sixty days for infractions.

Tenders for seven firemen's uniforms were received by the city council and referred to the Utilities committee with power to act. The bidders: S. King, \$37.50 to \$49.50; W. G. Hughes, \$35 to \$57.50.

NEW APPOINTMENTS TO SCHOOL STAFFS

Miss Mills Vice-principal Borden Street—J. Mitchell and Misses Mitchell and Marsh Appointed.

Miss S. A. Mills, of the Borden Street School teaching staff, has been appointed to the vice-principals of that school and James Mitchell and Miss Caroline Mitchell, of this city, and Miss Elonda Marsh, of Terrace, are also to take positions on the local teaching staffs according to decisions made by the school board at the meeting yesterday afternoon. The filling of two other vacancies was left with Superintendent Campbell and Mrs. E. V. Ling, trustee, the applications of Miss Ruth E. Agar, of Chilliwack, Miss Currie, of Kamloops, Miss Tingley, of Ocean Falls, and Miss Kask, of this city, having been specially mentioned in this connection.

Miss Martin, of the Seal Cove staff, will come into town to take a class in the Borden Street school.

In connection with the appointment of the Borden Street school vice-principal the names of Miss Mills and Mr. Mitchell were discussed. It was decided, in view of the fact that the former had had long experience and good success, and that Mr. Mitchell had no experience, that Miss Mills be appointed. Mr. Mitchell's application was received with a splendid report from D. M. Robinson, principal of the Normal School. "Miss Mills should get the vice-principalship. She has been with us a long time and has proven highly capable," said Trustee McLennan. The appointment was moved by Mr. McLennan and Mrs. Ling.

Appointment of Mr. Mitchell was made on motion of Trustee McLennan. He will be placed in the junior Third or Senior Third class at Borden Street. Miss Martin getting one of these positions.

Appointment of Miss Mitchell and Miss Marsh was made on motion of Trustee McMakin, seconded by Trustee McLennan. Both presented good recommendations.

AIR SERVICE WITH VARIOUS POINTS

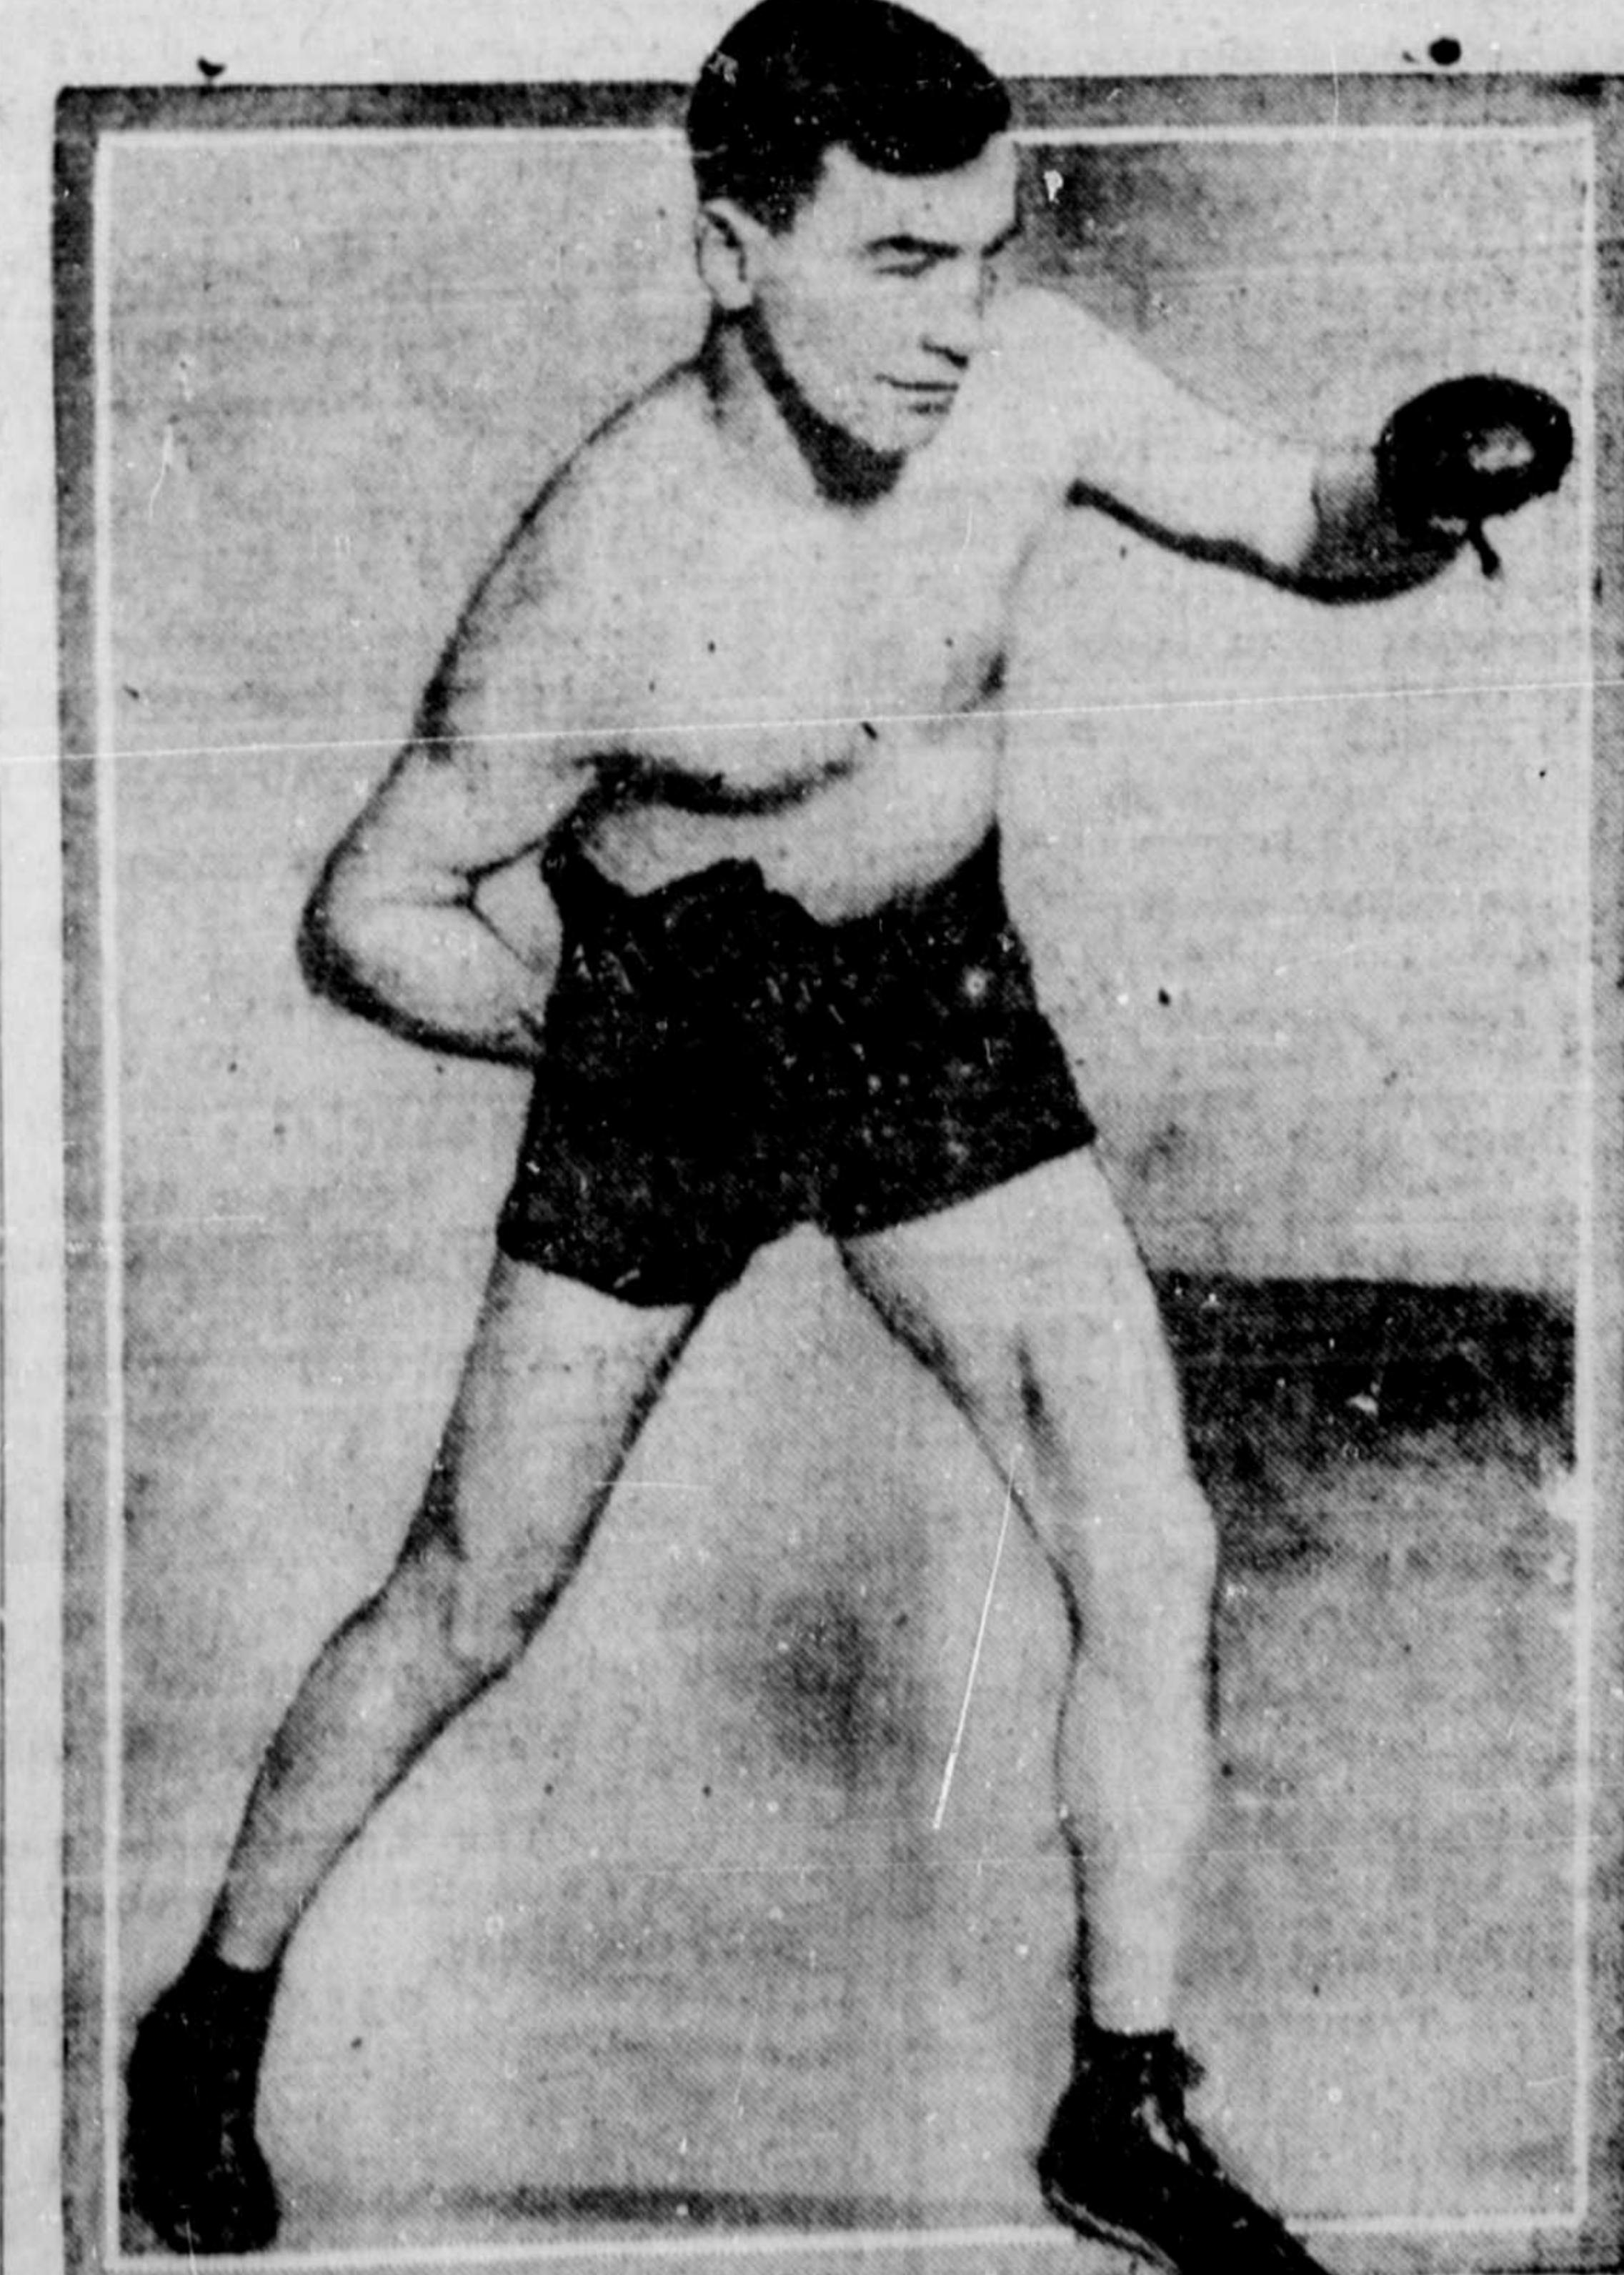

Egypt Centre of Imperial Air Communication With India-Persia

CAIRO, Egypt, June 23.—The inauguration of an "Air Mail Service" between Cairo and Bagdad and between the latter city and Karachi, giving a through India-Egypt service, is making Egypt the center of England's imperial air communication just as the Suez Canal has been in the past the center of Britain's sea ways.

It is understood that the next step, England to Egypt, soon will be taken. This will give through air service from England to India.

There is also a rumor that owing

RETAINS CHAMPIONSHIP.

Jack Britton who won over Benny Leonard last night, getting the decision in the 13th round on a foul.

ELKS WINNERS OVER K. OF C.

Another Senior Baseball Game Productive of Sensational Ninth Inning Finish.

KNIGHTS ELIMINATED DOMINION DAY FINAL

The Elks Senior League baseballers assured themselves of a place in the Dominion Day finals and also scored another point on the right side of the league standing last night when they were successful over the Knights of Columbus at the Acropolis Hill grounds by a score of 10 to 9. The game, though exciting, was a ragged one, many errors were made and the percentage of earned runs was small. There was little to choose between the two teams and it was anybody's game the most of the time although the Knights held the lead up till the last half of the ninth when the Elks came up to bat with the score 9 to 8 against them and managed to get the two runs which reversed the one lead to their favor. As a result of the game the league standing is now tied with two wins and losses recorded each of the three teams.

One Home Run.

The game was featured with a home run made by Easson in the third for the Elks when there was one runner on the bases. Fred Hale pitched for the Elks for the first three inn-

SPELLBOUND

The K.C.s seemed flabbergasted about the end of the ninth inning at the ball game last evening.

ings with Art Easson receiving. In the fourth Frizzell took the mound and George Shaw went behind the bat. Willie Mitchell entered the game in the eighth when he took second base. Eddie Smith, left field, having hurt his ankle and Hughes being moved into the outfield to relieve him. The youngster, though playing only two frames, made a good showing in the infield and in the ninth, his only time up to bat, made a two bagger which was responsible for Frizzell crossing the home plate for the tying run. George Shaw then singled and Jimmie Mitchell got to first on an error and Willie Mitchell had the honor of being the winning runner closing the game with the Elks' defeat having been turned into victory.

P. Laporte was umpire of balls and strikes. W. G. Anderson officiated on the base lines, and the teams lined up as follows:

Knights of Columbus—L. Wakefield, 3b; Dr. Hughes, cf; L. Moore, ss; E. A. Donohoe, c; T. Moloney, 1b; D. Moore, lf; E. W. Marentette, rf; D. Greenwell, 2b; H. Astoria, p.

Elks—J. Mitchell, 3b; Hughes, 2b; C. Dickenson, 4b; Jack Ratcliff, rf; O. P. Smith, cf; A. A. Easson, ss and C. H. Frizzell, p; E. Smith, lf; Fred Hale, p; G. O. Shaw, c; W. Mitchell, 3b.

Score by innings:
1 2 3 4 5 6 7 8 9
K. C. ... 3 0 3 2 0 0 1 0 — 9
Elks ... 0 1 2 1 0 0 3 1 2 — 10

Sport Chat

The best of feeling exists between the lacrosse players of the city and it is guaranteed that the first exhibition of Canada's real national sport ever to be played in Prince Rupert, between teams representing the Sons of Canada and the Elks, next Saturday, will be a good, clean tussle with lots of interest and no ill feeling attached to it. Ten or twelve players are required for a side and for that reason it is to be hoped that all players of the game in the city will come forward at Wed-

We Turn This into This

So often people say, "but I can't afford laundry service."

Can you really afford to be without laundry service?

Think it over for a moment—

when you do washing at home there's the tax on your time, on your strength, on your health, on your purse; there's the laundress to supervise and pay—a dozen irritating little things to worry and tire you. Can you honestly afford it?

With this service of ours you simply bundle up the washing and call us—fifteen minutes at the most—all the old annoyances removed, you

gain more leisure; time for pleasanter home duties—and above all, a thorough, economical laundering service that will please you.

We can wash and iron everything; or wash everything, iron the flat work, and leave the lighter pieces for ironing at home—whichever you prefer.

You will find, too, that this way you can really save money.

Why not phone us today and have us call for your next washing? We know you'll be glad you made the trial.
