Terribly Battered the Steamer Bessie Dollar Arrived Yesterday in Port; Captain's Face badly Cut

VICTORIA, Feb. 15.—With her bridge and superstructure a mass of shattered wreckage hanging over the port bulwarks, her steel mainmast slung across the telescoped pilot house, the stanchions twisted and bent, the saloon canted at an angle across the deck, lifeboats missing and the remainder of her top hamper strewn in battered confusion over the ship, the disabled freighter Bessie Dollar limped into port yesterday. She had been the victim of one of the worst storms that ever swept the Pacific.

Chang Ah Chang, the Chinese steward, buried in the debris of the wrecked saloon, was killed outright.

As the pilot house was swept from its steel fastenings before the force of the marine onslaught, Captain M. Rigley was pinned beneath the wreckage in his room and sustained a terrible gash on the right side of the face, his ear being seriously injured. It took two hours to release him from the twisted mass. He was taken to the hospital on arrival here.

Thirty thousand feet of lumber was lost from the decks of the vessel in the storm which forced her to return to port.

INDIA SUBJECT OF DEBATE IN BRITISH HOUSE

LONDON, Feb. 15.—An amendment to the address in reply to the speech from the throne concerning the British Government for its administration of India was moved in the House of Commons by Sir William Joynson and was defeated on a division of 248 to 64.

There was a warm debate on the motion in which Premier Lloyd George defended the secretary for India, Montague, for his policy regarding Gandhi and the non-arrest of the leaders of the passive rebellion.

Trades and Labor Council Deals With It and Other Questions at Meeting Last Night.

THE ORIENTAL QUESTION

At the meeting of the Trades and Labor Council last night a committee was appointed to draft a resolution which is to be sent to Fred Stork, M.P., outlining a proposal to make it more difficult to import drugs into Canada and prescribing more severe punishment for dope peddlars.

The action of Judge Grant of Vancouver in recently declining naturalization to a number of Orientals and submitting the question to the secretary of state was endorsed.

The opening up of Seventh Street to the wharf was supported by the council and an attempt will be made to hasten the starting of this work and thus help to reduce the unemployment problem.

In connection with unemployment, James Campbell of the local employment bureau was present and gave a short address on labor conditions from the employment standpoint.

The gathering was a representative one, there being regular delegates from the carpenters, painters, plumbers, electrical workers, sheet metal workers, typographical, engineers and machinists unions, as well as a number who were not regular delegates.

Reports were presented dealing with local issues in several undertakings.

PRISONERS RELEASED

Michael Collins Secured Freedom of Kidnapped Men.

LONDON, Feb. 15.—Michael Collins, who arrived here today from Dublin secured the release of fifteen of the Ulster unionists who were recently kidnapped and it is hoped more prisoners will be liberated during the day.

AMERICANS ARE BEHIND FREE STATE

Collins Assured 85 Per Cent.
of Association Is for
Recognition.

LONDON, Feb. 15.—Irish Americans are behind the provisional government and the Irish Free State. Receipt of the following telegram from the United States has been announced by Michael Collins, head of the provisional government, who is here today: "Eighty per cent. of the membership of the American Association for the Recognition of the Irish Republic are firmly behind yourself and Griffiths."

GANDHI ANNOUNCES CESSATION OF POLICY PASSIVE RESISTANCE

LONDON, Feb. 15.—The British Government's proceedings against Gandhi, the Indian rebel, have been suspended on account of Gandhi's announced cessation of the policy of passive resistance.

LOCAL LADY'S MOTHER DIED IN ENGLAND; MANY DESCENDANTS

Mrs. W. J. Kirkpatrick has received word from England that her mother, Mrs. George Swindells of Derby, died there at the age of 84 years. She had been a widow for the past five and a half years.

Mrs. Swindells leaves two sons, six daughters and 33 grandchildren as well as several great grandchildren. One grandson was killed in the war. She had been an invalid for some time but her mind was bright as ever. She was fond of gardening. It is thought here that the immediate cause of her death was influenza which has been carrying off so many old people.

Mrs. B. E. Webster of this city is a daughter of the deceased lady.

VICTORIAN DIES AT AN ADVANCED AGE

VICTORIA, Feb. 15.—Charles Kent, city treasurer for 22 years who terminated his position with the city only a few years ago, died here yesterday at the age of 91. He was one of the early settlers who participated in the first rush to the Cariboo gold fields in 1862.

Mr. Kent's son, Herbert is manager of the Edison-Kent store in Victoria.

OFFICIALS TO STRIKE

British Government's Slowness Is
Cause of Organization.

LONDON, Feb. 15.—The impending reduction of the bonus paid to civil servants has brought to a head the discontent among officials over the slowness of promotion and the postponement of reconstruction schemes. It is asserted that various associations of the civil service are being organized with a view to going on a slow strike.

Reports were presented dealing with local issues in several undertakings.

EVACUATION OF TROOPS HAS BEEN RESUMED.

BELFAST, Feb. 15.—Arrangements for the evacuation of British troops from Southern Ireland was resumed today after a suspension of activities for two days.

PRIEST HELD RESPONSIBLE

University Student Was Found
Dead With Bullet Holes in
Head.

MONTREAL, Feb. 15.—A coroner's jury found Father Adelard Delorme, a Montreal Catholic priest, criminally responsible for the death of his brother, Raoul Delorme, a wealthy young Ottawa university student who was found dead on January 6 with six bullet holes in his head.

Raoul's will left \$25,000 in insurance to Father Delorme.

Raoul Delorme was found dead on the morning of January 6 at the corner of Queen Mary Road and Snowden Street in this city. He had been killed by six revolver shots fired from a small calibre weapon through the head. Although the young man was found with his pockets turned inside out and his money and watch missing, the police were inclined to accept the theory that robbery was the motive. He had in his pocket large roll of stage money. Blood spots, believed to have been that of deceased, was found on the robe and cushions of Father Delorme's car.

CHAMPION OF THE PROVINCE

John Oliver Issues Statement
Prior to Opening of
the Case.

OTTAWA, Feb. 15.—Premier Oliver of British Columbia issued a statement on the eve of the opening of the case for equalization of freight rates, stating British Columbia's case for the cancellation of the mountain arbitraries in rates and said he didn't believe the people of British Columbia would have favored Confederation if they had known they were to be discriminated against for fifty years in the matter of freight rates.

SHACKLETON'S BODY SHIPPED

Honors to Be Accorded Famous
Explorer—Lies in State
in Church.

MONTEVIDEO, Feb. 15.—The body of Sir Ernest Shackleton will be put aboard the British ship Woodville today and taken to an island in South Georgia for burial.

The Uruguayan Government will render high honors to the remains of the distinguished explorer and scientist and a warship will escort the Woodville to sea, firing a farewell salute.

The body, covered with the British flag, is lying before the altar in the English church here.

Mr. and Mrs. A. W. McLean are leaving tomorrow night for California where they will reside in future.

Anyox Polytechnic Has Student Enrollment 248; Complete Study Course

ANYOX, Feb. 15.—The Granby Bay Polytechnic has been established by the board of school trustees here with the object of providing instruction in various subjects of interest to the adult residents of Anyox. Excellent preparatory work has already been done in the past by the Community League, and it is with the object of continuing and broadening the scope of these studies that the Polytechnic has been founded.

The Granby Consolidated Mining, Smelting and Power Company Limited has generously placed at the disposal of this institution the general use of the works, only stipulating that the classes shall not interfere with the running of the plant. The classes study in the various works and shops in town as far as is practicable, supplemented with classroom lessons where necessary.

The entire organization and detail of work is in the hands of J. Pinder-Moss, A.E.I.C., who was head of the architectural engineering department of the Technical High School in Edmonton for seven years, after sixteen years' professional work in England. The teachers in the various subjects are:

Business Training.

L. A. Dobbin, head of department.

Miss B. A. Leitch, instructor in business English.

D. A. Rice, D.L.S., instructor in shop mathematics, arithmetic, mensuration and algebra.

Miss A. McMillan, typewriting.

J. G. Ellis, shorthand.

L. A. Dobbin, instructor in bookkeeping, commercial history and commercial geography.

Rev. J. Herdman, teacher of public speaking.

J. Pinder-Moss, instructor in technical drafting, covering an intensive course in rapid shop sketching.

Department of Languages.

W. L. Wetmore, B.Sc., head of department.

Mrs. M. G. Bromley, English for foreigners.

P. Stievnerud, instructor in French.

W. L. Wetmore, Spanish.

Department of Fine Arts.

This department includes freehand, light and shade, watercolor, oils, pen and ink etching and design.

J. Pinder-Moss, A.E.I.C.

Department of Chemistry.

J. E. C. Stroud, B.Sc.

Geology and Mineralogy.

J. A. Bancroft, Ph.D., head of department.

J. E. Gill, B.Sc., instructor in mineralogy.

Technical Drafting.

J. Pinder-Moss, A.E.I.C., head of department.

W. L. Wetmore, instruction in mechanical drawing, geometry, building construction, machine drawing, architecture and perspective.

Household Science.

Dr. Paul Whelan, M.D., head of department, supported by hospital staff and John Hardy, covering dietetics, home nursing, first aid and physical culture.

Household Arts.

Mrs. J. A. Davis, head of department, supported by Mrs. Bromley, Mrs. J. Wier, Mrs. W. Jones and J. Pinder-Moss, covering dressmaking, drafting, needlework, millinery and design.

Department of Engineering.

R. Armour, head of department, assisted by W. Adams and Captain T. Thomson, covering machine shop practice, forge shop practice, steam engineering and navigation.

Woodshop Practice.

Tom Roberts, head of department, covering carpentry and

DAILY EDITION

Wednesday, Feb. 15, 1922.

Anyox Polytechnic Fine Institution.

Residents of Prince Rupert and district outside of Anyox will be surprised and pleased to hear of the success of the Granby Polytechnic Institute, which is in full swing in the smaller town. To have an enrollment of 248 students in a place that size is really a wonderful record and something of which the town may be proud. It indicates the spirit of the place and the progressive people who live there.

Technical education is what is needed today. There is still too much attention paid to training young men to be doctors, lawyers and members of similar professions and too little to providing the country with competent engineers and mechanics. Skilled men are needed who really understand the craft which they learn. There are too many men today who have only a smattering of knowledge of their trade and who get by and draw down the same wages as those who know. These are the men who are dissatisfied when they are let out.

In Prince Rupert three years ago an effort was made to start a night school. The government official in charge of that department was here and interested a number of people, but the flu came and the school was never started. Since that no effort has been made in that direction.

Everyone will watch with interest the success of the Polytechnic at Anyox, and possibly it may be an inspiration to Prince Rupert and other places to follow suit and establish similar institutions of their own.

Anyox has the advantage of the encouragement of the Granby company management. Everything possible is done by them to forward the educational movement, and the results so far are encouraging.

Anyox Leads in Other Directions.

Another good institution which the people of Anyox have is a Parent-Teachers' Association. A report of an address delivered before that organization appears in this issue, and that lecture alone was worth the effort of organizing the society. There are many subjects in common between the parents and teachers and it is always desirable that parents and teachers shall know each other. Co-operation is just as valuable in the teaching profession as in any other. Teachers take a more personal interest in pupils when they know the parents, and sometimes they understand better the weaknesses of the children after having seen the parents. Parents, too, learn to appreciate better those who guide their children in the path of knowledge.

Local Library Being Organized.

Organization work is proceeding in connection with the establishment of a public library in Prince Rupert. While Anyox has its community club, its polytechnic, its parent-teachers' association and other educational advantages, Prince Rupert has not even a public library. It is a standing disgrace to the city. It is a sign of the selfishness of the people or perhaps it would be better to say the carelessness of the people.

There is to be a meeting of those interested in the formation of a library here, at the police court tomorrow evening at eight o'clock and everyone is invited to attend on that occasion and show the civic authorities that the people want the library. At that time the methods of procedure will be discussed and it is understood new officials will be chosen to handle the campaign with a view to immediate active propaganda. The people have waited a long time, but now, judging from the comment one hears, there is a determination to force the issue and try to secure a library here in the near future.

It has been explained before that the establishment of a free library in a community never injures any established business but tends to increase the interest in book buying and reading and increases the sale of books. Private libraries also flourish in cities where there are public libraries.

WATER NEEDS TWO MINERALS

Anox Doctor Tells Parent-Teachers' Association About Health of Children.

CAUSE OF GOITRE.

ANOX, Feb. 15.—A meeting of the Parent-Teachers' Association was held in the High School on Saturday afternoon. Chief medical officer, Dr. Paul D. Whelan, addressed the meeting on the subject of dietetics, laying particular stress on the importance of the choice of diets and meals for children of school ages. He said that careful study had proved that country children were not so well nourished as was the city child, due to the fact that the country child invariably took a lunch to school of an indifferent health giving quality.

Cause of Goitre.

The fresh water on the Pacific coast, he said, was practically free from vegetable or animal contamination, but that it lacked the two very necessary minerals, calcium and iodine which was the cause of goitre, being an enlargement of the thyroid gland. The speaker explained that most of the drinking water was of glacial origin which did not come in contact with the rocks sufficiently long to permit of its picking up and assimilating minerals of value to the human body. Teeth decay was due in large measure to the absence of lime in the water.

Dr. Whelan emphasized the importance of the use of iodine in the treatment of goitre, and cited the instance of experiment which had reduced the disease in 100 cases quite fifty percent, and said that the internal use of calcium and iodine which could be obtained in tablet form, was absolutely necessary to the well-being of the human system.

Educational Problems.

The Parent-Teachers' Association of Anyox has only been organized some three months and has already proven to be a step in the right direction for the betterment of the education of the children. The parents of children, and the teachers, meet together for the purpose of discussing educational problems and to exchange ideas on both the school and home life of the children, also forming a social attachment.

Officers.

The officers of the society are: President, W. Hoffman; Vice-president, W. H. Lambert, school principal; Recording secretary, Miss R. O. Stewart.

Corresponding secretary, H. T. Loutham.

Treasurer, Mrs. George P. McCall.

Convenor of sports committee, D. Dow.

Convenor of decoration committee, P. Barr.

Convenor of musical committee, W. Eve.

CLEAN VOTE.

Andy, a negro porter at a theatre, belongs to a lodge. We met him on Broadway and he said the organization was to have new quarters.

"Did you vote for a change?" we asked.

"Ah wasn't at de meetin'," replied Andy, "but Ah voted by peroxide."—New York Globe.

CATARRH of the Stomach FOR EIGHT YEARS

The cause of this trouble is the fermentation of food in the stomach which generates a gas that is very frequently belched up. There is also a rumbling of the bowels and a discharge of gas therefrom, there is constant retching, and the meals are frequently vomited. There is a burning pain in the stomach, the appetite is nolie, the tongue coated, the breath bad, constipation is generally present and the sufferer becomes weak, nervous, depressed and exceedingly miserable.

The blame lies with a sluggish liver, as it holds back the bile which is so necessary to promote the movement of the bowels, and when the bile gets into the blood a badly disordered condition of the stomach, liver and bowels will surely follow.

Keep your liver active and you will always enjoy good health.

Mrs. Agnes Gallant, Reserve Mines, N. S., writes: "I had been a great sufferer for eight years, from catarrh of the stomach. I tried several so-called catarrh remedies without relief until a friend advised me to try Milburn's Lax-Liver Pills, which I did, and four-vials completely relieved me. That was six years ago, and I have had no return of my old trouble."

Price, 25c a vial at all dealers, or mailed direct on receipt of price by the T. Milburn Co., Limited, Toronto, Ont.

PASSENGER BOATS ON ATLANTIC ARE BEING BOOKED UP

Jack Ross, acting city passenger agent for the Canadian National Railways, is in receipt of advices from the Cunard Steamship Co., that there will likely be more congestion than ever this year on trans-Atlantic passenger boats sailing between Canadian ports to the United Kingdom. Already some of the midsummer sailings are fully booked, this particularly applying to the June, July and August sailings eastbound and the August, September and October sailings westbound. The Cunard Line is endeavoring to impress upon its clients the importance of booking reservations early.

Ten Years Ago in Prince Rupert

February 15, 1912. J. H. Rogers, Union Steamship Company agent, announces that the company is to put two steamers on the Prince Rupert run. The new steamer, Chelisham, will alternate with the old Camosun.

A Valentine party was held last night at the residence of Contractor Dagnall. The hostesses were Miss Rita Dean, Miss Norma Shirley, Miss Kathleen Lake, Miss Bilda Curtin, Miss Lottie Castley, Mrs. Jack Dean and Mrs. J. E. Gilmore. Among the guests were Misses Fay Hansen, Ethel Gray, Doris Dowling, Marjorie Sing, Lottie Boughy; Masters Douglas Stork, Matthew Nehring, Chesleigh Moore, Frank Dowling, Bob Ritchie, Alex Cobb, Fred Leggatt, John Currie, Lloyd Gonant and Jack Dean.

The city police has given permission to the local Chinese to celebrate the establishment of the Chinese republic. One hundred and fifty odd Chinamen will participate in the demonstrations which will last several days.

ONE THING WE DO NOT DO

"Ah 'clares to goodness, ah just rubs the daylight out ob dem things, an' still de're not clean," says the colored laundress. We've discovered a better way of cleansing—a gentle certain way that produces aseptic cleanliness without wearing or weakening the fabric.

How is this formula for the washing of your colored clothing?

First bath, warm water, run 5 minutes.

Second bath, warm water 120f. Soap, run 15 minutes.

Third bath, Repeat second bath, run 15 minutes.

Fourth bath, warm water, 4 oz. soda, run 10 minutes.

Fifth bath, warm water rinse, run 5 minutes.

Sixth bath, warm water rinse, run 5 minutes.

Seventh bath, warm water 4 oz. acetic acid, run 5 minutes.

Eighth bath, cold water rinse and blue, run 5 minutes.

Total time, 65 minutes.

This service is at your disposal.

CHAS. HARRISON DEFENDS ISLDS. FOR SETTLERS

Letter to Overseas Settlement Board Shows Why Graham Island Suitable.

URGES CO-OPERATION.

In answer to a circular letter sent prospective settlers on Queen Charlotte Islands by the Overseas Settlement Committee of Great Britain warning them of the hardships they are likely to endure if they decide to settle on the islands, Charles Harrison wrote the committee defending the taking of settlers there and explaining conditions. His letter follows:

G. F. Plant, Esq.,
Secretary, Overseas Settlement Office, St. James' Square, S. W. 1.

To say the least, I was surprised when I read the copy of your communication that is being sent to the parties we have interested in the development of Graham Island, one of the Q. C. Group. I have lived so long in a free country that I cannot understand why you take so much trouble to interfere with a first-class body of settlers that are badly wanted out there. Why you and your committee should try to block our endeavors when we neither ask nor expect to receive any financial assistance from your department for the first lot of settlers who (despite all your efforts to the contrary) intend to go out in the spring under the supervision of Mrs. Dunn and Lawson, is what I cannot fully understand. One would naturally think that you and your committee would only be glad to assist us in getting rid of some of the surplus population instead of acting otherwise.

Will Get Americans.

You state also, "only those who care nothing for the conveniences—daily posts, daily papers, cinemas, etc. are likely to be contented on Graham Island." This statement alone convinces me that you and your committee know very little about practical clearing of land in a new country, and probably nothing at all, and if so are not capable of giving sound advice to practical men as to what they require and should really have to be contented. To enlighten you and your committee in regard to

homesteaders and pre-emptors generally, I may say that good practical men care very little for such "conveniences" until they have made their land revenue producing and able to support them. Take the farmers in some parts of this country, have they got daily papers, daily posts, cinemas, etc.? Yet once a week the mail steamer brings the daily and weekly papers, letters and such things to Massett, and there is no difficulty at any time in getting to the cinemas at Prince Rupert to see a good reel, as the residents own several good petrol and oil vessels capable of going to the city any day in the year.

We also have a telegraph and telephone office in each principal settlement, and telephone communication with every settlement big or small on the islands, also three wireless stations enable us to get daily (if required) the news of the great events that occur in any part of the world. One of the wireless stations is in Massett Inlet and another about 50 miles from Massett; the third is on Moresby Island and a great convenience for the settlers there. These wireless stations are in touch by telegraph and telephone with every settlement, so you see that the settlers are not so isolated as you would lead our intending settlers to imagine they would be. Great difference to the time when we received the mail twice yearly, and to the time not so very long ago when we had to pay the carrier one shilling for every letter we sent away and the same for every letter he brought to us.

Cinemas and Newspapers.

When we get our population increased as we are now trying to do, we shall have our own cinemas as we had some time ago; also our newspapers, as prior to the war there were three printed weekly on the islands. In my former letter to you I stated distinctly that at Massett the settlers could obtain all the social amenities they have been accustomed to in this country, and I go further and say that the representatives not only of the citizens of Prince Rupert but also of the residents in the surrounding districts comprised of miners, farmers, fishermen, loggers and others, and they will then be able to see for themselves what kind of encouragement to expect from the Overseas Board of this country.

LAND REGISTRY ACT.

The application No. 1012, made to register Robert O. Crew, of Prince Rupert, B. C., under eight Tax Day from the Collector of the City of Prince Rupert, dated November 12, 1921, of all and singular certain parcel or tract of land and premises situate, lying, and being in the City of Prince Rupert, British Columbia, more particularly described as Lots thirty-one (31), lots thirty-two (32), Block thirty-eight (38) and Lots twenty-two (22) to twenty-six (26), both inclusive, Block forty-two (42), all in the said lots in the manner and form in which the title is held by the said Robert O. Crew, to be registered in his name, and your attention is invited to section 36 of the Land Registry Act and amendments, and to the following clause.

"In default of a caveat or notice of any persons having filed before the date of the service of this notice (which may be effected by publication or otherwise) any interest in the land as set forth in the title or in the instrument of conveyance, the title is not valid for the purpose of the Act, shall be extinguished and declared null and void, and the tax purchaser within 33 days from the date of the service of this notice (which may be effected by publication or otherwise) may apply to the Land Registry Office for a certificate of title to the land, and the title shall be registered in the name of Robert O. Crew unless you, or your attorney, or otherwise, as signed before me, further take notice that at the same time I shall effect registration in your name, which title is not valid for the purpose of the Act, shall be extinguished and declared null and void, and the tax purchaser within 33 days from the date of the service of this notice (which may be effected by publication or otherwise) may apply to the Land Registry Office for a certificate of title to the land, and the title shall be registered in the name of Robert O. Crew unless you, or your attorney, or otherwise, as signed before me, and whereas application has been made to the Land Registry Office by Robert O. Crew, this 25th day of October, 1921,

P. Burns & Co. Ltd.**OFFER PRIZES TO LOCAL BOYS****Suit of Clothes to the Boys who Best Impersonates Jackie Coogan.****PECK'S BAD BOY TONIGHT.**

The inimitable comedy Peck's Bad Boy is to be shown at the Westholme Theatre tonight and tomorrow and the management is offering to young boys three prizes for the best impersonation or imitation of Jackie Coogan, the boy in the film.

Jackie was "The Kid" in Charlie Chaplin's famous comedy of that name. Since that he has been famous.

The picture as a whole, is a splendid accomplishment. The most amusing and interesting episodes from the celebrated works of Governor George Peck have been incorporated in the screen version. The subtitles, which were written by Irvin S. Cobb, fairly snap with the brilliant humor of that clever writer, and Jackie Coogan's interpretations of the part of the mischievous youngster who is constantly getting himself and others into trouble is one of the most pleasing contributions than anyone—man, woman or child—has yet given to the screen.

In "Peck's Bad Boy" Jackie Coogan is the same sprightly, lovable little chap that he was in "The Kid." In some ways he may be a little naughtier, but he gives a portrayal of a real American boy who, despite his shortcomings, wins the sympathy of all.

"Peck's Bad Boy" is brimming over with laughs and is the conveyor of not a few thrills. It is a credit to the whole motion picture industry, and a genuine triumph for the child star. It is a picture that all should see.

ALICE ARM REPLIES TO BOARD OF TRADE**Endorses Request and Adds to List—T. W. Falconer, Secretary.**

TAKE NOTICE that the Grandy Consolidated Mining, Smelting and Power Company, Limited, whose address is Anyox, B. C. will apply for a license for the storage of 25,000 acre feet of water on Falls Creek, which now stands 100 feet above the bed of the stream. The storage dam will be located about 6000 feet upstream from present dam. The capacity of the reservoir to be created is about 5,000 acre feet. The dam will hold about 250 acres of land. The water will be diverted from the stream at a point authorized under Conditional License No. 3794. The license applied for is to supplement a right to take and use 100 acre feet of additional water No. 3794. This notice was posted on the ground on the 21st day of January, 1922. A copy of this notice and an application pursuant to the Water Act and the Water Survey Act will be filed in the office of the Water Recorder at Prince Rupert. Objections to the application may be filed with the said Water Recorder or with the Grandy Consolidated Water Rights Protection buildings, Victoria, within thirty days after the first appearance of this notice in a local newspaper. The date of the first publication of this notice is February 4th, 1922.

VETERANS' VALENTINE DANCE LAST EVENING

Annual Affair Was Usual Big Success—Decorations Were a Feature—Music by Band.

The Great War Veterans' annual Valentine Ball held last night in St. Andrew's Hall was the usual big success. There were 320 persons in attendance and all had a very enjoyable time. The hall was gaily decorated with flags, pennants and Valentine adornments and presented a pretty scene indeed.

A settlement of the Alice Arm Indian reserve question asking that the reserve adjoining the town be made available for townsite purposes and that the plans under way for five years to that effect be brought to completion without delay.

Reduction of telegraph rates.

Reduction of coastal passenger and freight rates.

Installation of a float for smaller craft at Alice Arm.

Continuation of the government geological survey which has been going on in the district for the past few seasons.

A highway from Hazelton to Kitwaneed via the Naas Valley, Telegraph Creek, Atlin and the Yukon.

Refreshments were served to several sittings commencing at 11:30 in the supper rooms, Mrs. Carroll being in charge in her usual capable manner.

Music was provided by the Great War Veterans Band under the leadership of J. Hawthorne. There were twelve pieces and the music was excellent.
