Valera Resigns Presidency Irish Republic: Will Form New Cabinet For Election

DUBLIN, Jan. 6.—It is officially announced this afternoon that Eamon de Valera has resigned the presidency of the Irish Republic. He will seek re-election to the post with a cabinet composed of members who agree with him and think as he does.

De Valera said this afternoon at the opening of the Dail Eireann that the executive authority of the body had been irrevocably split since the Anglo-Irish peace treaty had been signed in London. He declared there would never be peace until it was fully recognized that the Irish could live without outside authority.

REHABILITATION UP TO ALLIES

So Declares Premier Lloyd George at Conference of Allies in Cannes.

CANNES, France, Jan. 6.—Premier Lloyd George, of Great Britain, in addressing the opening session of the Council of Allied Powers said that they could look to no others but themselves to work out the economic rehabilitation of Europe. He appealed to the Allies to get away from their prejudices and work together to this end.

It is reported that Premier Lloyd George has decided there will be no question brought up at this time as to a formal alliance between France and Great Britain.

The Supreme Council approves the international economic conference participated in by Germany and Russia.

VANCOUVER HAS FIVE CANDIDATES FOR THE MAYORALTY

VANCOUVER, Jan. 6.—Five candidates were yesterday nominated for the mayoralty contest here. They were L. D. Taylor, formerly mayor, Ald. J. J. McRae, Leon Lotzkar, Ald. C. E. Tisdall and Ald. T. L. Kirk. There are eighteen candidates for the eight aldermanic seats. The number includes one woman.

FIRE ESCAPES AT BOOTH SCHOOL SAID TO BE UNNECESSARY

The letter from the fire chief requesting that the fire escapes of the Booth Memorial School be put in at once was received by the board of trustees last night.

The members of the board, Mr. Gathrell, school superintendent, and J. W. Potter, architect, felt that the fire escapes were unnecessary and it was decided to invite the fire chief and the city council to witness a fire drill at the school so that they could be convinced as to this. Mr. Potter pointed out that prices of materials for fire escapes were rapidly dropping now and it was an opportune time to do such work.

MEIGHAN PICTURE WESTHOLME TONIGHT

Real Underworld Life in Paris Dance Halls Is Portrayed.

With "White and Unmarried," of which Thomas Meighan is the star, at the Westholme Theatre tonight and tomorrow, film patrons will have an opportunity of seeing how "the other half lives" in the gay French capital. Meighan appears as a crook who reforms when his uncle leaves him half a million dollars, and goes to Europe to kill time.

He has a romance and incidentally is involved in some desperate encounters with Apaches in Paris. It is the Paris of the novelists that is shown. The underground Paris—the Paris of the dance halls, the Apaches, the picture-escape and hectic. Billy Kane develops into a man of rare prowess and rescues several damsels in distress.

It is a vivid tale with plenty of excitement and red-blooded action. Jacqueline Logan is leading woman and Grace Darmond has an important role. Walter Long is cast as a particularly ferocious Apache. The support is excellent.

NAVY LEAGUE

Finance and General Business Discussed at Meeting Yesterday Afternoon.

A general meeting of the Navy League was held yesterday afternoon in the office of D. B. Hays Company, for the purpose of going into the finances of the league, and to discuss other general matters concerning the management.

J. F. Maguire the chairman of the league executive, Colonel J. H. McMullin, Mrs. A. T. Parkin, G. V. Eviit, H. F. Wearmouth and Percy Tinker, the secretary, were present.

Retiring Attorney General Is Honored At Banquet held last Night; High Tribute w s Paid

VANCOUVER, Jan. 6.—Hon. J. W. deB. Farris, retiring Attorney-General of the Province, at a complimentary dinner last night said that he could not reconsider his announced intention of resigning and would leave the office at the end of January.

Mr. Farris declared that he was leaving the Liberal party when it was at the zenith of its power. It had been endorsed at the polls and its strength had been attested. He could not have left his colleagues if they had needed help.

He now wished to take advantage of certain opportunities for personal advancement in the East. He hoped that he had fought out all little scraps with which his name was connected. He declared that the references made to himself at the Game Board inquiry were nothing but grandstand play. The beaver furs which Inspector Hird had alluded to in yesterday's session of the investigation had been bought by him and he had given his wife the coat as a Christmas present. He deplored the sort of politics which thus dragged a man's wife into the controversy.

Tribute Paid.

Premier Oliver paid a high tribute to Mr. Farris for the hard work and the high ability which had enabled him in the past five years to produce much constructive legislation.

Mrs. Mary Ellen Smith, Hon. J. D. McLean, minister of education, Hon. William Sloan, minister of mines, Hon. John Hart, minister of finance, and many other prominent people from all parts of the province were in attendance.

WASHINGTON, Jan. 6.—The arms conference has accepted the Elihu Root proposals prohibiting the attacks of submarines on merchant marine vessels in time of war as an added principle to existing international law. Five powers have agreed on the naval plans in regard to submarines and only one minor point is held over. It will be dealt with today.

The conference has also concluded its agreement on the Chinese tariff. The Shanghai question is still unsolved.

OIL STRIKE AGAIN AT PEACE RIVER EDGAR SPEYER IS DISCUSSED

Drillers Overcome Difficulties Which Prevented Work Last Year—Extent Not Stated. British Home Secretary Tells in Government Paper About Him.

EDMONTON, Jan. 5.—Meagre reports that have reached here from the outpost town of Peace River Crossing in Northern Alberta would seem to indicate that a genuine "strike" of oil has been made in a well situated on one of the outskirts of that settlement. No confirmation is available, but it is reasonable to expect that further details will be received within a few days.

The particular well named in the information that has arrived was visited in the fall of 1920 by a Toronto man, who reported at the time that it seemed to possess prospects more promising than was the case with any other drilling then in progress in the entire Peace River area.

Discovery of oil in the Mackenzie Basin by drillers of the Imperial Oil Co. detracted a good deal from public interest in the older and less promising borings at Peace River Crossing and at various points along the banks of the Peace. Several of these latter had become abandoned wells, due to failure of the drillers to shut off the rush of salt water, which made itself evident in every hole sunk in the Peace River area.

It is possible, in the case of the well in which oil is now said to have been found, that those in charge of operations were able to case their boring in such a way as to enable them to go through the water-bearing strata into those lying lower, in which the oil was supposed to exist.

General Conditions Made City Better.

The report of the chief of police for the year 1921 shows that in all classifications of crime in Prince Rupert there has been a smaller number of complaints and offences. It also shows that the city has been in a more orderly condition from a police standpoint than in the year previous. Such a report may mean an improved administration of police work and justice, but this does not necessarily follow. Conditions in the city during the year 1921 were undoubtedly more conducive to the keeping of the city cleaner and quieter than they were in 1920. Crime is generally found to be greater in a city with a floating population than in a city with steady permanent residents. Since there were not so many so-called "floaters" or "boomers" in Prince Rupert during the year just past as there were the year before, that possibly has much to do with the decrease of criminal offences in that period. It can not be said that there has been any marked change or improvement in the handling of police affairs or the administration of justice, although it is only fair, however, to state that the duties of the police and the commission have been carried on largely along quiet and common sense lines even if there were no outstanding reforms or new policies suggested or adopted.

Abolition of Near Beer Bars Helped.

Another factor which undoubtedly tended to the improvement of the conduct of the city during the year 1921 was the abolition of the near beer bars. The existence of these bars was one obviously and visibly weak point about the B. C. Prohibition Act, which was replaced during the year by the Liquor Control Act. With these bars, which were an eyesore to the city, degrading as they did many of the principal corners of the city streets, out of business there was an improvement in the visible aspect of the city even if prohibition had given way to moderation and the selling of liquor has been resumed by the government. In and around the bars there generally assembled a disorderly idle element which has since their abolition disappeared from general view. The actual morals of the city, from the standpoint of the liquor business, may or may not have improved with the resumption of liquor selling but, at any rate, they looked better. It is to be hoped there will never again be any more beer bars, either for the sale of two per cent. or stronger drink. The Moderation Act seems to be working well now and it would be too bad to spoil it by extending its privileges to allow for the sale of any kind of liquor except through the government liquor store. The people voted for government control and the government should consider very carefully before extending the control to any outside of itself.

Criticism of Liquor Control Act.

The Government Control Act, of course, comes in for a good deal of criticism and it is not the purpose here to defend it, for The Daily News in the referendum held in October, 1920, opposed it. Especially does this criticism come from political enemies of the government. This may be expected, however, and may be taken for what it is worth. A government administering the liquor business will always be open for criticism, for it is one of the most vexed questions of the day and one on which opinions will ever be widely and irreconcilably divided. One complaint that is made is that the government charges too high a price for liquor at the vendor's store and that it is possible for bootleggers to undersell the Liquor Board. It might be pointed out in this connection that the government is required to pay a 100 per cent. federal tax on all the liquor which it imports and sells, and this is the principal reason why the liquor vendor has to ask such a high price as he does now. On the other hand, the bootlegger often evades this tax. He can illicitly sell liquor at a lower price than the government can itself. However, one always runs a risk in buying the bootlegger's goods, especially if it is not stamped by the Liquor Control Board. The business of the illicit liquor seller with the citizens of the province may also not be as large as some would give it credit of being. It is the best and safest policy to patronize the liquor vendor, and anyone who can afford to buy liquor either for a medicine or beverage should be able to pay a stiff price for it. The government is not in the liquor business out of its own choosing and it might as well make a good profit out of it and thus assist in relieving the taxation on more desirable businesses and properties.

DOZEN PUPILS READY FOR SENIOR MATRIC
 School Board Has Under Advice-ment Matter of Starting First Year University Work Here.

At the meeting of the School Board last night, Principal J. C. Brady, of the High School, reported that at least a dozen students in the city had expressed their desire to go on with Senior Matriculation in the local High School if a class was established. There would probably be more than this by next summer.

The board has the question of extending the High School curriculum to take in Senior Matriculation work under advisement. The Senior Matriculation corresponds to the first year of University.

ONLY SIX WARS MAR PEACE OF THE WORLD OPENING YEAR 1922

LONDON, Jan. 6.—Only six wars mar the peace of the world at the beginning of the year 1922.

Actual operations in five of the six wars are practically at a standstill. Only in Northern Russia where the Karelians have renewed their struggle against the Bolsheviks are there reports of fighting.

The following forces are facing each other in various parts of the world as Christmas approaches:

- Asia Minor—Turks, 65,000 men; Greek 61,000.
- Africa—Spain 130,000 men; Moors 110,000 men.
- Balkans—Serbs 40,000 men; Albanians, 25,000 men.
- India—England 5,000 men; Moplahs and northern tribes 10,000.
- Arabia—Wahabites, 10,000 men; Shammar 15,000.
- Russia—Karelians 5,000, Bolsheviks 15,000.

R. H. Shockley, manual training instructor in the city schools, has asked for an increase in salary to place his stipend on the same basis as that being paid in Vancouver. The matter is left over to be taken up in connection with the 1922 estimates.

ANNUAL REPORT CHIEF POLICE

Shows Decrease of Crime in 1921 and City in More Orderly Condition.

The annual report of the Chief of Police for 1921 was submitted to the police commission at the meeting last evening. It showed that the peace had been well preserved during the year and that there had been a general decrease in crime here as compared with 1920. The city was in an orderly condition from a police standpoint. The chief made reference in the report to the able assistance and co-operation that had been rendered by the staff. The report met with favorable comment from Mayor Rochester and Commissioner Macdonald, the latter mentioning that it would compare favorably with the report of any other city in the province.

During the year a total of \$10,768.85 had been collected in fines and costs through the police court. There had been 415 cases and 408 convictions as against 583 cases and 510 convictions in 1920.

A decrease in drunkenness had been noticeable, there having been 88 cases less. Under the Opium and Drug Act there had been 28 convictions, heavy fines or stiff jail sentences being meted out in each case. In this class the offenders had mostly been Chinese. There had been 30 convictions for vagrancy and 22 idle and disorderly persons had been ordered out of town.

Theft cases had decreased from 11 in 1920 to seven in 1921. The most serious crime of the year had been the theft of a suitcase by a Hindu named Boga Singh. He had been sentenced to one year's imprisonment. There had been three convictions for burglary, the culprits all being juveniles.

Out of all charges of supplying liquor to Indians, seven resulted in convictions. This was a difficult business to stamp out. Under the B. C. Prohibition Act there had been 20 convictions and under the Government Liquor Control Act, 13 resulting in 12 convictions. Eleven of the convictions were for having unsealed liquor in possession, the other one, the case of selling against the Middle West Wine Co. There had been 74 raids, 131 complaints of lost or stolen goods and 20 cases of doors being left unlocked at night.

December Report.

The chief also submitted his December report which showed that 8559 had been collected during the month in fines. There had been 22 cases and 17 convictions. Two suicides took place in the course of the month. Pool rooms and cigar stores had been found orderly and free from juveniles and coal and bread weights were correct.

An account from Okalla Prison Farm for the month for keep of local prisoners amounted to \$135. The mayor remarked on the account and pointed out that thousands of dollars were spent yearly by the city in keeping its prisoners at Okalla and transporting them and their custodians there and back. He suggested that there should be a provincial jail here which could be used for all the Northern and Central B. C. from the Yukon boundary and from the Alberta boundary west.

Ten Years Ago in Prince Rupert
 January 6, 1912.

The probationers have started work at the General Hospital, and four more are needed. At the Hospital Board meeting yesterday afternoon applications were considered from a number of young ladies in Victoria and elsewhere, and these were referred to the house committee for consideration and report.

Early this morning the Venture arrived from the south with mail, freight and passengers. These included the Rev. W. F. Rushbrook, formerly pastor at Port Essington, whose recent bereavement has aroused for him great sympathy in Rupert. He is coming to assist Bishop Du Vernet. By the Venture there arrived also the party of Prince Rupert lady teachers, who went below for their Christmas and New Year vacation. Misses Milligan, Johnston, Mercer and Martin were welcomed back by their friends and pupils.

J. Trodden, inspector of wharfs, went south on the Vadsso Thursday evening after having inspected the site for a wharf at Goose Bay. The Vadsso left at about midnight.

The school trustees last night decided to recommend to the next board that \$100 be placed in the estimates for library purposes. The provincial government will put up \$50 to go with this and already the pupils of the schools have raised a considerable sum.

Installation of lights in the shaft tunnel at the Manual Training School and the pulling in of a glue heater, the total cost estimated at \$62 was authorized at the meeting of the School Board last night. The school is also to be equipped with metal receptacles for shavings and sawdust.

The final payment of \$114.92 to Pattinson & Ling for work done at the Booth Memorial School was authorized to be paid by the board last night. There was some discussion on the matter, Captain Foreby, of the electrical firm, being in attendance. He pointed out to the board that, now another firm had gone into the school and made 120 new outlets in the system originally installed, Pattinson & Ling would not be responsible for the decision of the city wire inspector as to whether the work was satisfactory or not. The inspection has not yet been made.

NEW YEAR'S PARTY ENJOYABLE AFFAIR

Mr. and Mrs. George Richmond gave a very enjoyable and successful New Year's party in the upstairs dining room of the St. Regis Cafe last night, forty-eight guests being present.

Whist and dancing were indulged in. The whist drive consisted of eleven tables, and play continued from 9 till 11 o'clock. The winner of the lady's prize was Mrs. Stanley Bennett, the consolation prize being won by Mrs. Ralph Lepine. The winner of the gentleman's prize was W. E. Williscroft, the booty prize being won by Jack Cobb. After the whist drive a very fine supper was served, and then dancing was continued until 1:30 a.m., the Westholme Orchestra furnishing the music.

Those Present.

Among those present were: Mr. and Mrs. B. McDaniels, Mr. and Mrs. D. Cook, Mr. and Mrs. E. Green, Mr. and Mrs. E. A. Woods, Mr. and Mrs. W. E. Williscroft, Mr. and Mrs. R. V. Lepine, Mr. and Mrs. H. H. Hemmings, Mr. and Mrs. Frank Vickers, Mr. and Mrs. J. Bulger, Mr. and Mrs. B. F. Self, Mr. and Mrs. Frank Sator, Mr. and Mrs. Cyril Westaway, Mr. and Mrs. W. J. Knight, Jack Reynolds, F. J. Whittaker, W. J. Hemmings, Percy Tinker, S. M. Newton, W. Bain, W. Cooper, Dick Howe and J. Day Bell.

The singing of the National Anthem brought the very happy and successful party to a close.

MAYOR ROCHESTER'S LAST YEAR'S ELECTION PLEDGE

Signed letter by H. B. Rochester, January 11, 1921.

"Last, but not least, comes one of the most serious questions. Attempts have been made at different times to clean up the city, but apparently without much success. Personally I am satisfied that it can not be done satisfactorily with the present police staff. Either they must go or I must go. If elected, I will surely lose no time in putting your desires into action."

BRINGING UP FATHER

SPRUCE LOGS FOR DRESSES
 Robson Black, Director Canadian Forestry Association, Tells New Use for Timber.

MONTREAL, Jan. 6.—A new use for the leftover Christmas tree was introduced to members of the Montreal Women's Club recently, when they were shown an attractive smock, artistically embroidered, made entirely of spruce log. Unfortunately Robson Black, director of the Canadian Forestry Association, who delivered a most interesting address on forest conservation, failed to satisfy the curiosity of his hearers as to how the transformation could be made, although he generously explained the process by which the housewife might "make into wrapping paper the trunk of the same evergreen with the aid of a few simple domestic implements and ingredients found in every household.

"So far the only fault the fair sex have found with the new cellulose garments," said Mr. Black, "is that they are practically indestructible." It is claimed that they may laundered satisfactorily and they are being used in Sweden and Germany for a fraction of the cost of textile clothing. In addition to the smock, Mr. Black showed a number of other articles made from the accommodating spruce tree, including drainage pipes, while a lard substitute which was in use in the kitchens of practically everyone present was also but a by-product of the logs which are borne down the swirling rivers of Quebec and Northern British Columbia.

SCHOOL REPORT FOR DECEMBER
 Assistant Janitor to Be Engaged for Booth School—Concerts Paid Well.

The monthly report for December presented by H. L. Campbell, superintendent of city schools, to the School Board last night showed that there had been 685 pupils in attendance at the schools during the month. This number was made up of 350 boys and 335 girls. A new receiving class had been opened at the Booth Memorial School and thirty young children were attending.

A report on the Christmas concerts showed that \$323.65 had been cleared. This money was to be divided evenly between the Borden Street and Booth Memorial Schools. The first call would be for the paying off of the debt on the Borden Street piano. The balance would be used for starting a library at the Booth Memorial School. With the assistance of Mr. Shockey and Mr. Harkness, the pupils had fixed up the stage in the Booth School and had effected a saving of \$128 for the School Board in so doing.

New desks for the school had arrived and it was authorized to hire two laborers, to assist in putting them down. Painting of lines on blackboards in the primary rooms was ordered done and a cupboard for the newly opened receiving room was requisitioned.

New Janitor.
 Mr. Campbell, in his report, recommended that an assistant janitor at the Booth Memorial School be engaged and, after some discussion, it was decided to do so, a committee consisting of J. C. McLennan, Mrs. E. V. Ling and Mr. Campbell, being delegated to make arrangements necessary. According to the resolution passed by the board the salary of Mr. Geddes, the present janitor at Booth School, will be reduced from \$150 to \$125 now that he has an assistant and his work is lightened. Decision as to a salary to be paid the assistant was left in the hands of the committee which is to make the appointment at once. It was understood that the assistant janitor's duties would consist partly of general janitor work and partly of general handy work about all the schools.

LIVER TROUBLE
 Bad Bilious Attacks

When your liver becomes sluggish and inactive your whole health suffers. Your bowels become constipated, the tongue coated, the breath bad, the stomach foul and sick, and bilious spells occur on account of the liver holding back the bile which is so essential to promote the movement of the bowels, and the bile gets into the blood, instead of passing out through the usual channel.

The only way to keep the liver active and working properly, and thus get rid of the nasty bilious attacks, is to keep the bowels regular by using

MILBURN'S LAXA-LIVER PILLS

They are purely vegetable, small and easy to take, work smoothly and gently, and there is nothing of the griping, weakening and sickening effects of the old-fashioned purgatives.

Mr. John S. Caron, Donavon, Sask., writes—"I was troubled with my liver, and had severe bilious attacks. A friend advised me to try Milburn's Laxa-Liver Pills, so I took two vials and I have had no more attacks."

MILBURN'S LAXA-LIVER PILLS are 25c a vial at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

APPOINTMENTS AND APPLICATIONS ARE DEALT WITH BOARD

The appointments of Miss Ruby Seol, of New Westminster, and Miss Alice J. Perry, of Kelowna, to the city school teaching staff were confirmed by the board at the meeting last night. These ladies took up their duties here at the first of the week.

An application from Miss Caroline Mitchell for a position next term was also received. Dr. Kerzin, chairman, mentioned that Miss Helen Morrison and Miss Ruth Rix would also be graduated by then and they should be given opportunities for positions if they so desired. The Board expressed its intention to at least try out local teachers. So far in the past they had been found very satisfactory.

PLAYSHED CONTRACT UNDER DISCUSSION

Letter From Carpenters' Union Complaining of Way Carried Out Received by School Board.

A letter from the Carpenters' Union complaining at the methods used by the contractor building the playshed at the Booth Memorial School was dealt with at the School Board meeting last night. It was decided to acknowledge the letter stating that the School Board had no power in the matter as the contract had been let to E. H. Shockey and it had not specified how it should be done.

It was pointed out that Mr. Shockey had sub-let the contract to another man who owed him money. Circumstances had permitted him to make a low bid on the job. Trustee McMeekin wanted a clause to be inserted in the letter of reply to the effect that the board would not in the future allow such a thing to happen again. Trustee Patmore, the mover, would not consent to this.

"Contractors or others are not going to be allowed to collect their debts through the school board as long as I am on it," remarked Mr. McMeekin.

In the police court this morning, Patrick Quinn was charged under the Liquor Control Act with intoxication, and this being his second offence he was fined \$250 with the option of four months at the Okalla prison farm.

SMUGGLING TOBACCO TO BE STOPPED

Commander-in-chief Atlantic Fleet Issues Warning to Men.

LONDON, Jan. 5.—The commander-in-chief of the Atlantic Fleet, Sir Charles Madden, has owing to the prevalence of smuggling tobacco in the navy, caused a special order to be read to all ships' companies calling attention to the frequent infractions of the customs regulations. Those who attempt to smuggle tobacco ashore do not realize, he says, that not only are they committing an offence against the Customs regulations, but they are also risking a withdrawal of the privilege from the navy which would result in comrades throughout the service having to pay ordinary shop prices for their cigarettes and tobacco. Men who, despite continual warnings, ignore the customs regulations are to be punished for an act to the prejudice of good order and naval discipline.

SUIT STARTED TO RECOVER \$100,000 PURCHASE PRICE OF PLAYFELLOW.

This is the horse the purchase price of which Harry F. Sinclair (inset) of the Rapocas Stables is endeavoring to have redeemed by James F. Johnson of the Quiney Stables. The grounds are that the horse is a "wind-sucker." The jury disagreed in the case at the Brooklyn last week and a new trial is set to commence January 3.

Sport Chat
In considering the prospects for an exceptionally active year in tennis during 1922 Julian S. Myrick, president of the United States Lawn Tennis Association, states: "I attribute the unprecedented popularity of tennis and sport in general during 1921 to the increasing realization by the public that physical exercise means improved health, more pleasure in living and a chance to live longer. From every source where statistics are available it is being pointed out that during the last decade the average span of life has constantly lengthened. Another underlying reason may be that it was a shock to the nation during the war to find many young men disqualified for military service because of poor physical condition. The natural reaction has been to seek to remedy this weakness and participation in sports helps to accomplish that result.

"With the increased interest in tennis being shown in cities, schools and colleges, it is only a question of time when the calibre of play and consequently the resultant popularity of the sport, will increase proportionately throughout the land. You will then see on a country-wide basis the interest and skill in tennis which for years have been localized mainly in the East and on the Pacific Coast. "I also attribute a large part of this growth to the increased publicity given to amateur sport, thus helping to persuade the public to take more exercise and become interested in some sport. "It is my opinion that this popularity of tennis will continue to increase not only during 1922 but for many years to come. Interest in sport, including tennis, has advanced beyond being a fad and it will continue to grow as a part of the progress of our great country."

"The international competitions of tennis next year should be among the best which have ever been held. We are informed that Australia expects to send on a great team; South Africa has a team of young men who have been improving decidedly since 1919 and they expect to be among the challengers this year; the Japanese are also strengthening their team, to say nothing of the European teams, so it looks as though the Davis Cup will again have a great year and attract tremendous interest, which will react for the good of the game not only nationally but internationally. Our own champions should be up to the high standard which they have always maintained. Altogether the year 1922 looks now as being one of the best years that tennis in this country will ever have enjoyed."

"The unprecedented popularity of football in 1921 and the overwhelming evidence that the coming season will see the game reaching new records in every department of the sport is a splendid tribute to the game and those who play it." This statement was made by Walter Camp, secretary of the Intercollegiate Football Rules Committee, in a recent discussion of the prospects for sport for 1922. "It goes beyond that, however," continued Mr. Camp, "for to my mind it is a clear indication of the appreciation of physical fitness and the admiration in which it is held. The lessons learned during the great war increased this appreciation but the admiration for and the desire to participate in clean sport is inherent in the American and Canadian people."

"Football as played by the hundreds of college teams throughout the country brings out these qualities in a manner equaled in few other sports. The game even to the novice spectator is full of thrills and with the rapidly increasing technical knowledge possessed by the thousands who watch the play I am certain that football will continue to increase in popularity for years to come. The fact that huge stadiums erected but a few seasons ago are now unable to accommodate all those who desire to witness the game is the best evidence of the increase in interest. "This enthusiasm, which extends to many other sports and games, should be used as a lever to improve the physical welfare of the country at large. A more sane and proper under-

This beer better liked the better it is known. For more than thirty years Cascade Beer has enjoyed an increasing sale in British Columbia. WANDERERS WON LAST GAME FROM THE TRAIL

R. H. Shockley Defeated George Waugh Last Evening by a Score of 200 to 165.

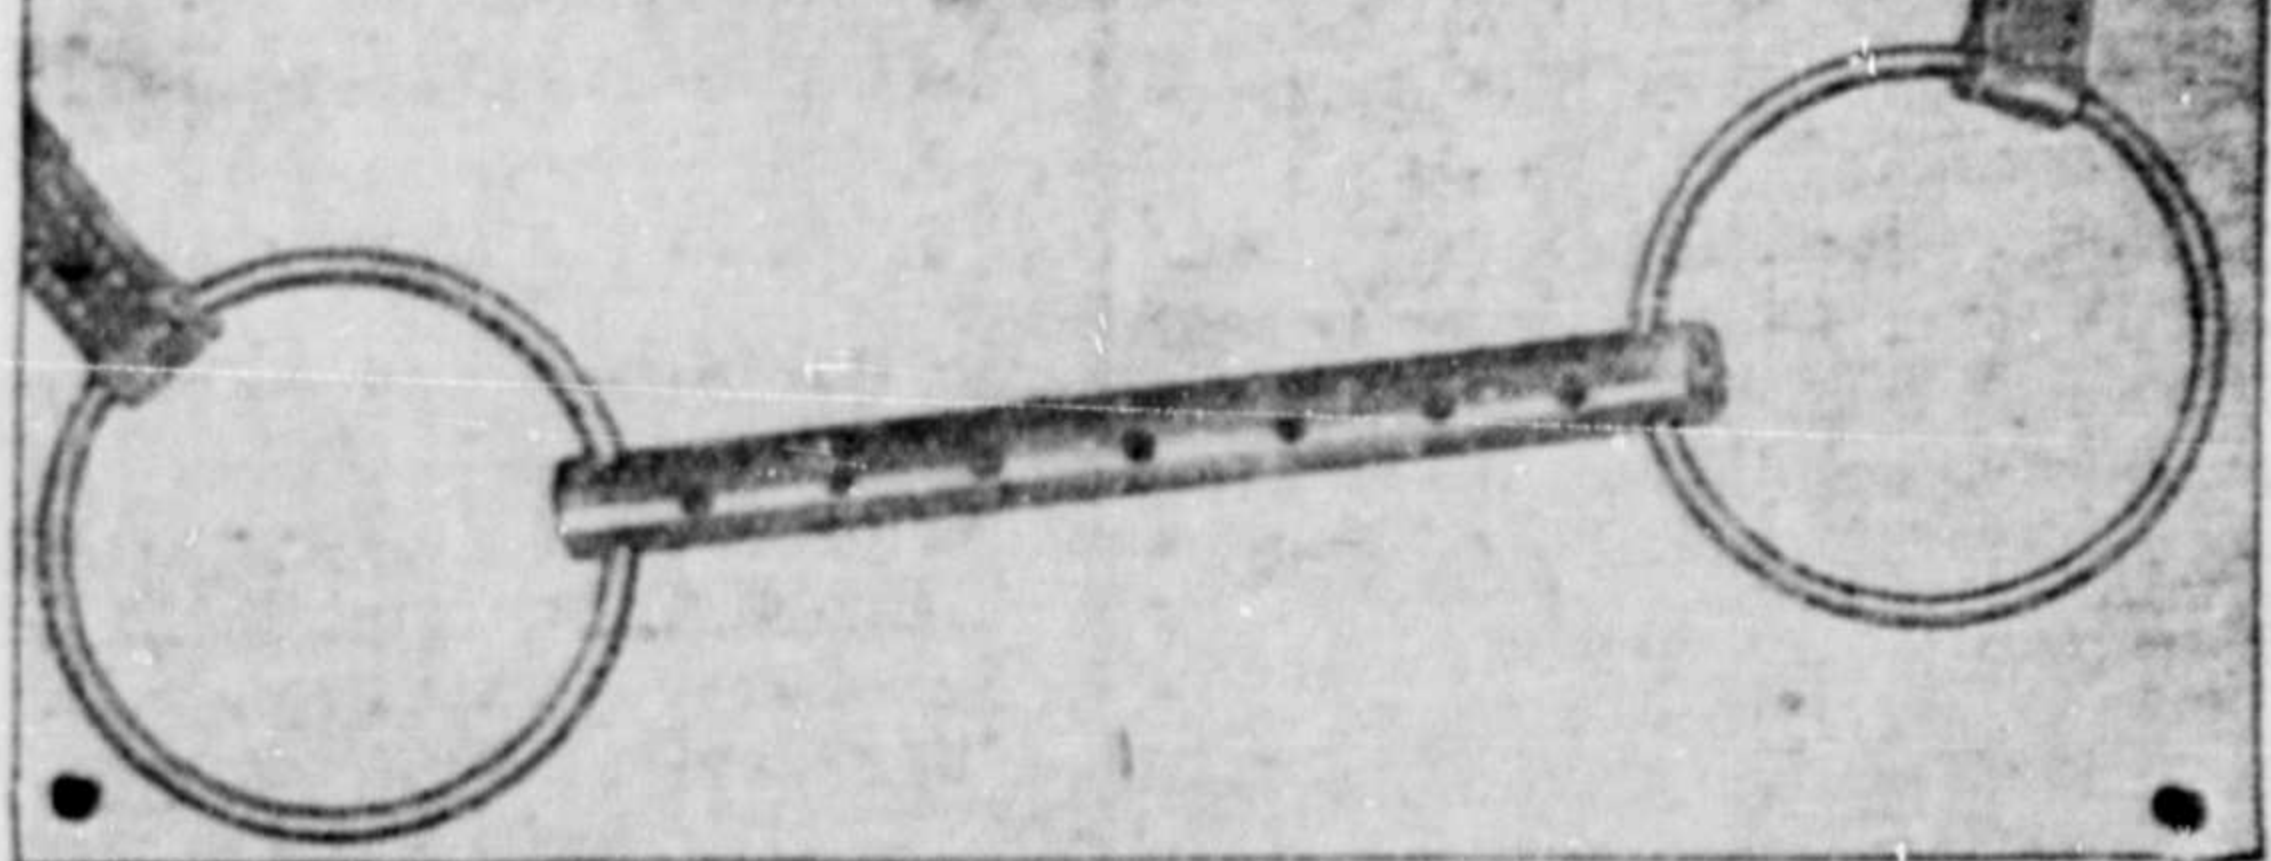

R. H. Shockley (Wanderers) was successful in defeating George Waugh (Trail) by a score of 200 to 165 in the last game of the tournament between the Wanderers and Trail Clubs last night. The final score for the match is thus 1162 to 1015 in favor of the Trail.

Their remains but one game to be played to finish the first half of the season's schedule for the Trail Club Shield, this being the one between Dr. West (Great War Veterans) and R. Davis (St. Andrew's). It will likely take place this evening. The standing of the clubs to date is as follows:

POPULARITY OF SPORT GROWING

Tex Rickard Gives Reasons Why All Lines Including Boxing Are Progressing.

NEW YORK, Jan. 6.—"The American people like excitement," said Tex Rickard in discussing the remarkable growth of sport in the past two years and the outlook for the coming season. "This demand for excitement is shown by the manner in which those sports which supply thrills are patronized. Boxing of course ranks well to the fore in this category and, while the last 12 months has witnessed great increase of interest, record attendance and gate receipts, I am inclined to believe that the new year will surpass the old in this respect. "While 1922 is not likely to witness another bout of the international calibre and interest of the Dempsey-Carpenter contest I think that there will be an increase in the number of bouts and the localities in which such matches may be held in conformity to the law. Boxing is not alone advancing in popularity for all sport so far as I can learn is one the increase. "Why Sport Advances. "Various reasons have been advanced for this gain. Personally I think that it is due to a number of causes. The advent of prohibition with the closing of the saloon has sent thousands of men, young and old, to watch or play games or contests such as boxing. The relief from the strain imposed by the war and the growing belief in the benefits of exercise and competition have all helped to increase the popularity of sport. "So far as boxing is concerned the Walker Law has helped the sport wonderfully in New York state and I would like to see similar enactments in all other states. The new Boxers' Alliance, if it means business and has not private axes to grind, should be a great boom for boxing. If champions could be forced to defend their titles against selected opponents at stated intervals thus giving worthy contenders a chance to advance it would be another step in the improvement of boxing."

LOYAL ORANGE LODGE SOCIAL EVENING IN METROPOLE HALL

A large number of persons attended the Loyal Orange Lodge whist drive and dance in the Metropole Hall last night and the affair was highly successful. Cards and dancing with appetizing refreshments in between passed the evening away only too quickly. The first prize winners at whist were Mrs. Thomas Priest and Ben Belgarno, consolation awards going to Miss Lillian Warrior and Alex. McKenzie. Arthur's Orchestra provided splendid music for the dance and T. A. Teng was master of ceremonies. Charles L. Lemon had charge of the whist tables and Mrs. W. Reid, Mrs. L. Warrior and Mrs. F. Haugh attended to the serving of refreshments. A. E. Griep was on the door. In the course of the evening Mr. and Mrs. Teng sang songs. The committee in charge comprised A. McKee, chairman, F. Haugh, A. E. Griep, Charles Lemon and Mike Lemon.

STEWART FAILS TO BACK UP CHARGES AGAINST OFFICER

The D. L. Stewart charge of ill-treatment preferred against Constable Alex. Macdonald was to have come up at the police commission last night but the complainant failed to put in appearance so the investigation was not proceeded with. Mayor Rochester and Commissioner Macdonald reported that they had made private inquiries and from all they could learn the conduct of the officer had been all that could be desired. Nurses from the hospital, where the incident alleged to have occurred took place, had reported that Stewart himself was the aggressor and that the officer had been sympathetic and gentle in handling him. The board felt that the charges laid by Stewart arose largely out of spite following Constable Macdonald having entered the police court witness stand to give evidence against him.

FIRE INSURANCE is a hobby of ours. We take keen pleasure in making sure that all policies are so written that they cover your property exactly as you intend. If you entrust your fire insurance to careless, inexperienced or ignorant agents you may find, when you come to collect your fire loss, that your policies are so worded that the insurance company is not liable and so will not pay the loss. Why take chances?

DOLLAR WATCH COMPANY BROKE

Ingersoll Firm Asks for Receiver—Said to Be Just Adjustment.

NEW YORK, Jan. 5.—It was once said that the dollar owed its fame to the fact that an entire watch could be bought with it. Another jokesmith said the dollar was invented for the purpose of buying the Ingersoll watch.

Now the dollar as a token has fallen from its pedestal, for the Ingersoll Watch Company has gone into the hands of the receiver, Edward H. Childs, of New York, has been appointed receiver for Robert H. Ingersoll & Brother and an effort will be made to again put the company on its feet. Pessimists predict that the day of the dollar is done and that even if the Ingersoll watch does come back, never more will it be sold for a dollar.

Harry Zaklin, attorney for the creditors informed the public in a brief statement that a committee of creditors has been linking with the machinery since last May. But still the creditors thought it best to ask for a receiver.

Although financiers were aware for some time that the Ingersoll firm was having difficulties, few disinterested persons knew about the appointment of a creditors' committee.

The \$2,000,000 of assets include cash, accounts receivable, notes, merchandise and raw material, real estate and interest in the stock of other companies.

Vaulting ambition is blamed in part for the troubles of the dollar watch. It began as hardware. Comparatively few jewelers would keep the dollar watch in stock because it crammed the shelves of various other brands of cheap watches, which were not, however, as cheap as a dollar. Therefore display cards and small glass cases of dollar watches began to take place with frowls and tack hammers and ten-penny nails on the counters of hardware stores throughout America. There was a time, it is said, when the dollar watch cost just twenty-eight cents to manufacture, and the dealer was allowed a roomy margin of profit for keeping the fliiver's father in stock.

Raised Price. The war forced the Ingersolls to increase the price, however, and the dollar watch, at \$2.50, tried to renounce its ironmongery associations; tried to be jewelry. The public had been taught to think of the Ingersoll and the dollar as almost synonymous. An Ingersoll was a dollar; a dollar bought an Ingersoll. The Ingersoll was the dollar watch. Therefore sales fell off. The Ingersolls originated real quantity production. They originated "service" by repairing free any Yankee dollar watch that didn't keep good time. They even renewed your watch for twenty-five cents, sending you a new one for that price when

you sent back the old one. Thus the upkeep was in proportion to the purchase price and the whole investment so small that the sprouting mechanical genius of a nation could afford to use the Ingersoll for experiments in primary problems of engineering. About the time that the creditors' committee took charge of affairs the price broke to \$1.75. The fact that this reduction did not mend matters now demonstrates that the Ingersolls for nearly twenty-five years exploited the price more than the product—that the dollar is more hardy than the watch.

Charles H. Ingersoll, secretary of the firm, said the proceedings were in the nature of a friendly adjustment of difficulties growing out of war deflation, but claimed that even exclusive of good will the assets greatly exceed all liabilities.

"If we had reduced our sale price earlier we would have built up our business so that this would not have occurred," said he.

ALICE ARM Miss Virginia Riel, who has been visiting her parents, Mr. and Mrs. C. P. Riel, during the Christmas holidays, returned on Thursday to Prince Rupert where she will resume her studies at the Sacred Heart Convent.

Miss Nettie Hogberg spent last week-end at Anxox as the guest of Miss Myrtle Swanson.

Mrs. Helen Nuech left by Thursday's steamer for Vancouver where she will spend some time.

Mrs. Gust Anderson, accompanied by her daughter, Ellen, was a passenger south on last Thursday's boat. She will spend the next month visiting in Vancouver.

Miss Anna Lindsay, of Prince Rupert, who has been visiting here with her sister, Mrs. Gust Anderson, returned home on Thursday.

Mr. and Mrs. C. P. Riel left on Thursday for Portland, Oregon, and other coast cities where they will visit for the next two months.

W. T. Muse, the dock contractor, returned on Monday from Prince Rupert where he spent the Christmas holidays with his family. Mr. Muse expects to have his work here completed in the course of a few days.

Master Albert Anderson, who has been visiting his uncle and aunt, Mr. and Mrs. Gust Anderson, returned on Monday to Prince Rupert.

The Kidneys

The office man and the outdoor worker suffer alike from derangements of the kidneys.

Backaches and headaches are among the symptoms. In some cases Bright's disease soon develops, others suffer from high blood pressure until hardening of the arteries sets in.

In order to forestall painful and fatal diseases prompt action should be taken at the first sign of trouble.

Mr. A. D. MacKinnon, Kirkwood, Inverness county, N.S., writes:

"I can highly recommend Dr. Chase's Kidney-Liver Pills to all suffering from weak kidneys. I suffered from kidney disease for a long time. I may also say that for three years I was nearly always troubled with headaches, and no treatment seemed to do more than afford temporary relief. I was finally told of Dr. Chase's Kidney-Liver Pills, and after using a few boxes was completely relieved. I have also used Dr. Chase's Ointment with the best results, and never fail to recommend these wonderful remedies."

FOUR DAYS' BATTLE WITH HEAVY SEAS

Skipper and Owner of Stanley Joseph Tells of Exciting Experiences.

LIVERPOOL, Jan. 3.—A story of four days' battling with difficulties in a damaged schooner was told by the captain and crew of the Stanley Joseph, who arrived at Liverpool on the Leyland liner Welshman. Hubert Vallis, skipper and owner of the schooner Stanley Joseph (62 tons) told a story of exciting experiences off the Newfoundland coast. He and a crew of four set off in the coaster with a mixed cargo, from St. John's, Nfld., for Port Abasco, on the west coast of Newfoundland, a run normally of 40 hours.

"On the second night out from port," he said, "we encountered very heavy seas, at times mountainous, which swept over our vessel, and our difficulties began by losing our foresail and drinking water. Then we lost our ship's boat and other sails, and, to complete our trouble, our rudder was damaged and would not act. Our craft drifted about in a helpless condition battered by the heavy seas for four days, when we at last sighted the Welshman. She saw our signals of distress, and we were taken aboard. Before abandoning the schooner we set her on fire as, being decreed, she would be a danger to navigation. We were about 45 miles from the coast when picked up. We had still a good stock of provisions, but no water."

TORONTO BABIES BREED NEW VARIETY OF FLIES

TORONTO, Jan. 5.—"During the last two years three cases have occurred in Toronto of babies suffering from a very severe eruption of boil-like sores on the neck, chest and arms, each case containing one or more maggots," said Prof. E. M. Walker of the University of Toronto in an address before the Entomological Society of America. "From two of these cases the maggots, after removal, were fed upon raw beef and developed into large hairy flies of a species whose habits were hitherto quite unknown. The maggots grew so rapidly that their removal was urgent. The babies all recovered."

HE MISSED IT.

"What are you crying for, my poor little boy?"

"Pa fell downstairs."

"Don't take on so, my boy. He'll get better soon."

"That ain't it, Sis saw him fall all the way. I never saw nothing."

More Craig left for Seattle last night on the Prince Rupert. He will go on to California and Nevada to seek a beneficial change in health.

Night Coughs

Terribly wearing on the system is the cough that comes at night and prevents sleep.

The constant coughing keeps the lungs and bronchial tubes in such an irritated and inflamed condition that they get no chance to heal.

You will find in **DR. WOOD'S NORWAY PINE SYRUP** a remedy without an equal for soothing the lungs, loosening the phlegm, strengthening the breathing organs and fortifying them against pulmonary disease.

Mrs. John McKerny, Lower Montague, P. E. I., writes:—"About three years ago I caught a very bad cold accompanied by a sore throat and hoarseness, and was so hoarse you could hardly hear me speak. I could get no rest at night with the terrible annoying, hacking cough. I tried several remedies, but they did me no good. Finally I saw Dr. Wood's Norway Pine syrup advertised, got a bottle, and at once it gave me relief, and after using four my cough had all gone. Now I always keep Dr. Wood's in the house, and shall recommend your remedy to others."

Price, 25c and 60c a bottle at all dealers. Put up only by The T. Milburn Co., Limited, Toronto, Ont.

Jabour's ANNUAL STOCK REDUCING SALE

STARTS TODAY AND CONTINUES TILL SATURDAY, JANUARY 14, 1922

To our customers and citizens of Rupert this extraordinary sale is announced. This sale is undoubtedly an "anti-mall order house" sale and will stimulate the idea of buying at home.

Because this is the first and last sale of its kind to take place this coming year. No such bargains have been offered before and there never will. We are offering this opportunity now because our stock is a little more than we should care to have and are willing to sacrifice it rather than to carry it through. Therefore everything must go at greatly reduced prices.
