# Irish Situation Has Much Improved INTERESTING VOTES IN CONNECTION WITH BUDGET IN COMMONS

## Revised Draft of Irish Constitution is Taken to England by Griffith

LONDON, June 7.—The revised draft of the Irish constitution brought here by Arthur Griffith today provides, says the Daily News as follows:

"That Ireland shall remain with the Empire in the same way as the Dominions."

"Decisions of the Privy Council shall be final on all constitutional matters concerning the Free State."

"The assent of the Crown must be obtained to all legislation and the oath of allegiance to the King taken."

The discussions continue in a distinctly more promising atmosphere. The newspapers refer to the Irish situation with calm hopefulness, far different from the tense concern of a few days ago.

The fact that nominations indicate contests in 20 out of 27 ridings in Ireland is regarded as reviving hope for an unfettered expression at the polls.

## SPECULATION OVER BUDGET

**Lineup of Parties in House of Commons Seems Rather Uncertain.**

OTTAWA, June 7.—As the budget debate draws to a close, parliamentary circles are wondering what will happen when the speaker submits the main motion for the approval of the House.

When the division is called on the Drayton amendment, it is unlikely to receive support except from Conservatives, but there is little likelihood that the main motion, "that the House resolve itself into committee on ways and means," may bring a demand for a vote. If it does, will the Progressives and Conservatives unite against the budget and the Government be defeated or reserve so small a majority as practically to force a dissolution of Parliament? In any event the division will be interesting.

## BADLY DRAWN INDICTMENTS

**County Court Dismisses Charges of Conspiracy in Comox-Alberni**

VANCOUVER, June 7.—Holding that the indictments were badly drawn Judge Cayley in the County Court quashed all four charges against Graham Campbell and Frederick Gosh of unlawfully and fraudulently conspiring to effect the election of H. S. Clements as member for Comox-Alberni in the last federal election.

The charge against Campbell of stealing ballots had been dismissed previously.

## TREATIES WITH JAPANESE STAND

**Cabinet Crisis in That Country Does not Affect Status.**

TOKIO, June 7.—Treaties and agreements signed at Washington conference, to which Japan was a party, will not be affected by the cabinet crisis, the privy council has decided.

No recommendation was made yesterday in connection with a successor to the premier who has resigned.

## VOTED AGAINST PROGRESSIVES

**Liberals and Conservatives Unit to Sustain Speaker Against Hon. T. A. Crerar.**

OTTAWA, June 7.—Speaker Lemieux in the House of Commons yesterday afternoon ruled out of order an amendment submitted by Hon. T. A. Crerar to the Drayton amendment to the budget.

Mr. Crerar declared that the conditions now obtaining in Parliament justified a departure from the established practice so that a third party could express its views. He then appealed to the House for a ruling and the resultant vote was 122 in favor of sustaining the speaker and 65 against. Liberals and Conservatives voted together in favor while the Progressives went solidly against the speaker's decision.

## SUN YAT SEN HOLDING FAST

**Refuses to Resign the Presidency of South China—Civil War Danger.**

PEKING, June 7.—Developments indicate that China is in grave danger of a worse split than ever with the north and south drifting toward civil war. Wu Pei's plan for Li Yuan Hung to resume the presidency of China is believed to have been shattered by Sun Yat Sen's refusal to relinquish the presidency of South China Republic at Canton.

## MUNICIPAL COUNCIL OF WEST CONVENES AT VICTORIA TODAY

VICTORIA, June 7.—The Western Canadian Municipalities Council commenced a three day convention here today. Discussion of the problems of municipalities will be the main business of the gathering.

## AUSTRALIAN GOLFER GETS QUALIFYING PRIZE GLENLEAGLES

GLENLEAGLES, June 7.—Joe Kirkwood, the Australian champion, won the qualifying prize in the Thousand Guineas golf tournament here today.

## KILLS BROTHER

Little Samuel Reid, of White Rock, Dies From Revolver Shot.

WHITE ROCK, June 7.—Samuel Reid, aged thirteen, was accidentally shot and killed by his younger brother while playing with a revolver.

## FISHERIES LIABILITY TO THE GOVERNMENT

OTTAWA, June 7.—Government expenditures on the British Columbia fisheries for the first five years are far in excess of the revenue received therefrom, A. W. Neill, member for Comox was informed in the House of Commons yesterday.

## PLANE SHOULD BE AT JASPER TODAY HAZELTON MONDAY

Word was received in the city this morning from Len Bell that he expected to be in Jasper with his plane on Wednesday and Thursday, in Prince George Saturday and Sunday, and at Hazelton Monday. From there he will notify Prince Rupert when he expects to arrive.

## WOOD PULP IS SENT TO JAPAN

**Nippon Purchases More From Canada Than From All Other Countries.**

OTTAWA, June 7.—During the past year Japan imported more wood pulp from Canada than all other countries combined. Japan consumes approximately 120,000 long tons of pulp per annum, two-thirds of which is produced in Japan proper, Hokkaido, and the lower half of Shikoku, and the other third is imported.

The following table, covering the last two calendar years, show the sources from which Japan obtains her supply of foreign pulp:

1920.	
Canada	\$1,710,261
Sweden	3,277,762
Norway	97,478
United States	1,499,927
Other countries	289,978
	86,575,406
1921.	
Canada	\$2,556,444
Sweden	97,478
Norway	191,082
United States	349,108
Other countries	333,066

## PANTRY BOY IS HANGED

**Pays Extreme Penalty for Murder of Lady White in London.**

London, June 7.—Henry Jacobi, the pantry boy who was found guilty of murder on May 4 of Lady Alice White, was executed at Pentonville prison this morning.

Lady White was the widow of Sir Edward White, once chairman of the London County Council. Jacobi struck her with a hammer when Lady White awoke while he was ransacking the room.

## MUST FIGHT OR DROP TITLE

**That is the Decision of Athletic Commission in Regard to Boxers.**

NEW YORK, June 7.—The New York Athletic Commission has served notice on Johnny Kilbane, featherweight champion, and Johnny Wilson, middleweight titleholder, that unless they agree by June 20 to meet the challengers for their titles, Dundee and Greb respectively, the champion ship of both will be declared forfeited.

## AMENDMENT FOR BUDGET

**No Danger to Government From Opposition of Progressives.**

OTTAWA, June 7.—The political situation here is causing no anxiety to Right Hon. Mackenzie King as he is satisfied the Progressives will support the budget in its general principles although they have criticized it.

After the vote is taken the budget is to be discussed clause by clause and amendments may be made to bring it more in line with the Progressive demands.

## PARALYSIS OF RAILWAYS

**Looms Up as Possibility with Sending of Strike Ballots to Over Million Workers.**

CHICAGO, May 7.—Paralysis of the United States railways on July 1 loomed up as a possibility when strike ballots were sent today to 4,200,000 members whose wages were reduced by the order of the Railway Labor Board. Labor leaders declare that the wages now proposed are not sufficient for living.

## IRISHMEN ATTEND ROTARY CONVENTION

**One from Dublin and Another from Belfast at Los Angeles Today.**

LOS ANGELES, Calif., June 7.—During the years that Lloyd George and De Valera and Griffith and Carson and Craig and the other best minds of England and Ireland were debating the matter of the Irish Free State and the world was anxiously waiting and trembling for what might happen next, the Rotary Clubs of Belfast and Dublin were holding get-together meetings and golf tournaments.

This was recalled through the arrival in Los Angeles of William A. McConnell of Dublin, Ireland, official head of the Rotary Club of the entire British Isles, to attend the thirteenth annual convention of Rotary International which was convened in this city Monday. And carrying the idea of Rotary spirit to its final analysis, Mr. McConnell of Dublin was accompanied by Harford Montgomery of Belfast, representing the Belfast Rotary Club.

PHILADELPHIA, June 7.—Lew Tender last night knocked out Bobby Barrett in the sixth round of a scheduled eight round bout.

## Mackenzie King Declares Budget is in Direction of Free Trade; Criticism

OTTAWA, June 7.—Liberal and Conservative leaders battled yesterday in the House of Commons debate on the Budget before a House filled with members and with the galleries packed with eager crowds. After the Speaker's ruling on the Gerard amendment to the amendment had been disposed of, Hon. Arthur Meighen resumed the debate and defended protection, urging that it would be unsafe for Canada to take down the barriers against American competition.

Mr. Meighen charged that in their 1919 platform the Liberals

## LIQUOR CASE IS DECIDED

**Appeal Against Gold Seal Co. Goes in Favor of Provincial Government.**

VICTORIA, June 7.—The appeal of the Crown in the case against the Gold Seal Liquor Company was allowed in the Court of Appeal here yesterday, thus restoring the conviction and the fine of \$1,000 by the lower court on the charge of selling liquor. This means that the popular system of firms retailing liquor is illegal.

## APPEAL COURT DECIDES CASE

**Famous Engineer Mine at Atlin Goes to Estate of Deceased Owner.**

VICTORIA, June 7.—The ownership of the famous Engineer Mine at Atlin goes to the estate of Capt. James Alexander, according to the decision of the Appeal Court here yesterday. Alexander was one of the victims of the Princess Sophia disaster in Lynn Canal. He relocated the mine in 1907 and held it until his death despite the claims of the original owners that he had wrongfully located it. The matter dragged through the courts so long that Allan Smith of Philadelphia, to whom Alexander willed the mine, died, and the ownership passed to the estate.

It is expected an appeal will be taken.

## STRIKE VOTE

**Over Million Railwaymen Will Ballot on Recent Wage Reduction.**

CINCINNATI, June 7.—A strike vote of 4,200,000 railwaymen in the United States will be taken as a result of the Labor Board reductions, as announced yesterday it was decided at the union leaders' conference.

## BIRTH.

There was born to Mr. and Mrs. Hugh Smith at their home 256 Ninth Avenue, a son on Saturday last, June 3.

## NOMINATIONS IN IRELAND

### HALIBUT SALE IS DELAYED BECAUSE CARS ARE SCARCE

One hundred thousand pounds of halibut is in port today awaiting sale which will take place tomorrow morning following the arrival tonight of eight more refrigerator cars from the East. The large amount of fish marketed recently exhausted all the cars available at this end and delay is thus caused by the offering today.

The arrivals today include the Canadian Fish and Cold Storage Co.'s trawler, Andrew Kelly, which came in last evening with 47,000 pounds. The Kelly is operating on the independent lay and will sell over the Exchange like other vessels.

### GREATER TEA DEMAND FORCES PRICES UP

The increased consumption of tea in 1921 (during which year by agreement, the tea growers of Ceylon and India had curtailed production) forced the price of tea steadily upwards to the present abnormally high level. The lowering of the duty in England will mean still greater demand, and authorities on tea state that still higher prices may be expected.

### POLICE TO WATCH AGRICULTURAL HALL

Owing to the large amount of damage done at the Agricultural Hall recently, particularly by the breaking of windows, the directors of the Agricultural Society last night decided to ask the chief of police to keep an eye on the place and to arrest any who might be found trespassing there.

The fire department made a run to the Acropolis Hill this morning and tested the possibilities of fire fighting at the Exhibition Building. It was found that 700 feet of hose would have to be laid from the Summit Apartment corner and, on account of the altitude, the water pressure there was not very great. To fight a possible outbreak in the building successfully it would be necessary to be on the ground before the fire got a good start.

## BRINGING UP FATHER

CROP ACREAGE  
ON PRAIRIES

Chief Increase This Year is in Saskatchewan Where Nearly Doubled.

Preliminary reports, recently issued by the governments of the prairie provinces, estimate the amount of land available for seeding this spring in Manitoba, Saskatchewan and Alberta, at 16,468,518 acres, in comparison with 12,785,665 acres last year, says the Royal Bank report. This is exclusive of spring plowing. According to these estimates, the acreage is distributed by provinces as follows:

1922      1921

Acre      Acres

Manitoba ... 4,902,650      4,328,200

Sask. .... 7,272,443      4,373,588

Alberta .... 4,293,455      4,083,877

Last season threshing was completed earlier in Manitoba than in Saskatchewan. As frost did not interfere with plowing operations in the former province until November, relatively more fall plowing was accomplished there than in Saskatchewan. Last autumn, especially in September, there was an exceptionally heavy rainfall. This had an injurious effect on unthreshed grain at the time, but the benefit of the supply of moisture, which is still in the ground, will be felt during the present year.

The snowfall throughout Manitoba and Saskatchewan during the winter of 1921-22 was moderate. Early in March, a spell of warm weather took away a considerable amount of the snow. A storm some time later, however, was the beginning of a period of cold and unseasonable weather, with occasional falls of snow and rain. These unfavorable conditions caused a very considerable delay in the spring work on the land. Fortunately, however, more satisfactory weather during the latter part of April helped the situation somewhat.

## Season Later.

Wheat seeding in Manitoba and Saskatchewan, during the last ten years, usually became general around the 20th of April. This year, seeding was not in full progress until about the 27th of April, in Manitoba, and a week later in Saskatchewan. Since then, fair progress has been made so far as Manitoba is concerned, and it is estimated that, by the end of the first week of May, 80 to 90 per cent of the wheat seeding was completed, and the seeding of coarse grains was well advanced. While the season is undoubtedly late, progress in Manitoba compares very favorably with that of last year, and it is anticipated that seeding will be completed in good time.

In Saskatchewan, conditions are not so favorable; progress in wheat seeding was greatly retarded, owing principally to the excessive moisture previously referred to. It is estimated that seeding operations were only about half completed by the end of the first week in May, and at that date, little had been done with respect to the seeding of other grains.

## Seeding Favorable.

All authorities concur that at no time in recent years were wheat seeding operations commenced under more favorable conditions than those existing in Alberta this spring. The frost was well out of the ground before the precipitation arrived, and the soil got the full benefit of the moisture. The southern portions of the province experienced four fairly extensive

snow storms and the seeding on the lower lying ground was delayed on account of the wet conditions of the land. The eastern central portion of the province, however, was not so fortunate in the matter of fall and winter moisture, and farmers in this area feel that the crop prospect depends very largely on the rainfall in June and July. Seeding operations are possibly a week or ten days later than last year, with the exception of the southern districts, where they are fully two weeks behind all former seasons.

REGIMENTAL BAND  
OPEN AIR CONCERT

Will Be Held on Sunday Afternoon at Prince Rupert Hotel Corner.

The newly formed North B. C. Regimental Band had a practice last night in the Borden Street School. There were about 15 members present and A. Beale was acting bandmaster. Election of permanent officers will take place at a later date.

It has been decided to hold an open air concert on Sunday afternoon at 3 o'clock, weather permitting, at the Prince Rupert Hotel corner.

## MADE GOOD CATCH OF TROUT AT SHAWALTANS

T. B. Hooper, Joe Greer and A. R. Nichols Caught 18 Fine Cut-throats.

T. B. Hooper, Joe Greer and A. R. Nichols had a fine evening's fishing at the upper end of Shawaltans Lake last night and, in spite of the high water, they were successful in taking eighteen big cut-throats. Mr. Hooper says that if one studies the habits of the wily trout, good catches can be made at the back door of the city without travelling many miles afield. The party left about 6:30 on Mr. Greer's launch and was back by midnight. They highly endorse the daylight saving measure which makes possible such delightful evening trips.

"SOFT FINISH"  
STATISTICS

A great many ladies took advantage of our special price on "Soft Finish" laundry last week. That they were satisfied is evident by the number who have sent again.

As we placed no limit on the size of the bundle, it is interesting to note, that the largest did not exceed 40 pounds, that the ordinary charge, Soft Finish, varied from \$1.15 to \$3.35, and that the average bundle did not exceed \$2.00 in price.

We noted also that washing from our regular patrons finished in much better condition than work which had previously been done at home or elsewhere—another argument in favor of patronizing the laundry where scientific processes are followed.

## SKETCH PLANS FOR ATHLETIC HALL AT ANYOX

**B**ELIND TWO STOREY STRUCTURE Likely to be Built at Smelter Town

### SWIMMING TANK

ANYOX, B.C., June 7.—The preliminary sketch plans for a proposed new Athletic Hall and Swimming Baths are in the hands of the secretary of the Anyox Community League who will lay them before the council at an early date.

The plans call for a two-story building with mezzanine floors above each level. The ground floor portion is shown to be built of re-inforced concrete and will contain a large bath hall eighty feet long by fifty feet wide containing a concrete swimming pool sixty feet by thirty feet. This tank is provided with two overflow channels at different elevations, the lower one, which will regulate the water to three feet at the shallow end and seven feet at the deep end, in which condition the tank will be used when children are bathing. This overflow can be shut off, allowing the water to rise to five feet at the shallow and nine feet at the deep ends respectively.

### Modern Equipment

The bed of the tank has a space at the shallow end, ten feet wide which is level, after which the bed slopes down gradually to the deep end.

Spring boards and diving platforms are shown situated at the deep end of the tank.

Amply cubicle dressing box accommodation, with toilets, is provided at the front end of the building next to the entrance hall.

### Duck Walk

A novel feature of the scheme is the approach from the dressing boxes to the bath hall, access to which is obtained through a "duck walk." This passage way contains twenty rose showers overhead, and two rows of needle-shower pipes down each side which will be constantly operating, necessitating every bather taking a shower bath before entering the swimming tank.

From the entrance hall, which

## MANAGER FOR ANNUAL FAIR

Directors at Meeting Last Night Decided to Try to Secure Suitable Man.

At the meeting of the Northern British Columbia Agricultural & Industrial Association held last night, President F. G. Dawson in the chair, it was decided to appoint a manager who will have sole charge of the fall fair this year subject to the general direction of the board of directors. The chief difficulty it was pointed out would be to find a suitable man who would carry it through successfully.

It was pointed out at the meeting that by appointing a manager they would ensure continuity and would relieve the directors of a great deal of work. It would be necessary for the manager to deal with all minor matters whereas general matters of policy and expenditures he would bring before the board.

It will be expected that the manager have considerable initiative, as on him will depend almost wholly the success or failure of the event. He will be expected to give his whole time to the work and incidentally will have charge of the hall and grounds.

## FOOTBALL FIXTURES SET LAST EVENING

Two League Games in June and Dominion Day Cup Matches Are Given Dates.

Dates were set last night by the Football Association executive for the Dominion Day Cup games and two of the league fixtures which are to be played between now and July 1. The four other league games will be played after July 1, the dates to be decided upon later.

The following were the league fixtures set:

June 8—Grotto vs. Sons of Canada, George S. Russell, referee.

June 13—Sons of England vs. Callies, R. Mercer, referee.

**Dominion Day Cup.**

The draw for the Dominion Day cup resulted as follows:

June 16—Sons of Canada vs. Grotto, George S. Russell, referee.

June 19—Callies vs. Sons of England, R. Mercer, referee.

If replays are necessary, they will take place on June 22 and June 27. The final will be played on July 1.

Mrs. R. D. Tassie leaves on the Princess Louise this afternoon enroute to Windsor, Ontario.

This hall could also be used for concerts and choir festivities, the floor space being large enough to seat a considerable crowd, whilst the gallery could be used for the artists and orchestra.

### Construction

The second storey is of wooden construction and the athletic hall floor is carried on seven cantilever bridges supported by piers reaching to the ground floor, whilst the roof is supported on nine trusses carrying the roof over the entire width of the building, free from all floor obstructions. The building is proposed to be built near the No. 2 Power House and the heating arrangements and warmed water supply for the swimming tank will be carried over from that plant. Amply fire escapes are also provided from all floors.

The outside of the structure has an attractive appearance and when built will be a decided addition to the town.

## GIL'S DEFEATED SONS OF CANADA

Intermediate Baseball Fixture Last Night Resulted in Orgy of Strikes and Runs—Score 27 to 6.

There was cruel slaughter in last night's Intermediate League baseball game between Gil's and the Sons of Canada, the former emerging winners from an orgy of strikes and runs by the decisive score of 27 to 6. The Sons fell down largely because their team had not been arranged properly before the game started but, even had they attended to this important business properly, it would not likely have changed the outcome for Gil's was the best team throughout.

**Cavorted Around.**

D. F. Robinson and Don Graham comprised the Sons' opening battery and, up to the time of their removal in the fifth innings, Gil's players had cavorted around the sacks to the extent of 17 runs. Johnnie Currie was then put in the box with

Smith played at first and relieved behind the bat and was responsible for the bringing in of three of the Sons' six runs. G. Blythe, Don Graham and Frank Morrison also played fairly good ball.

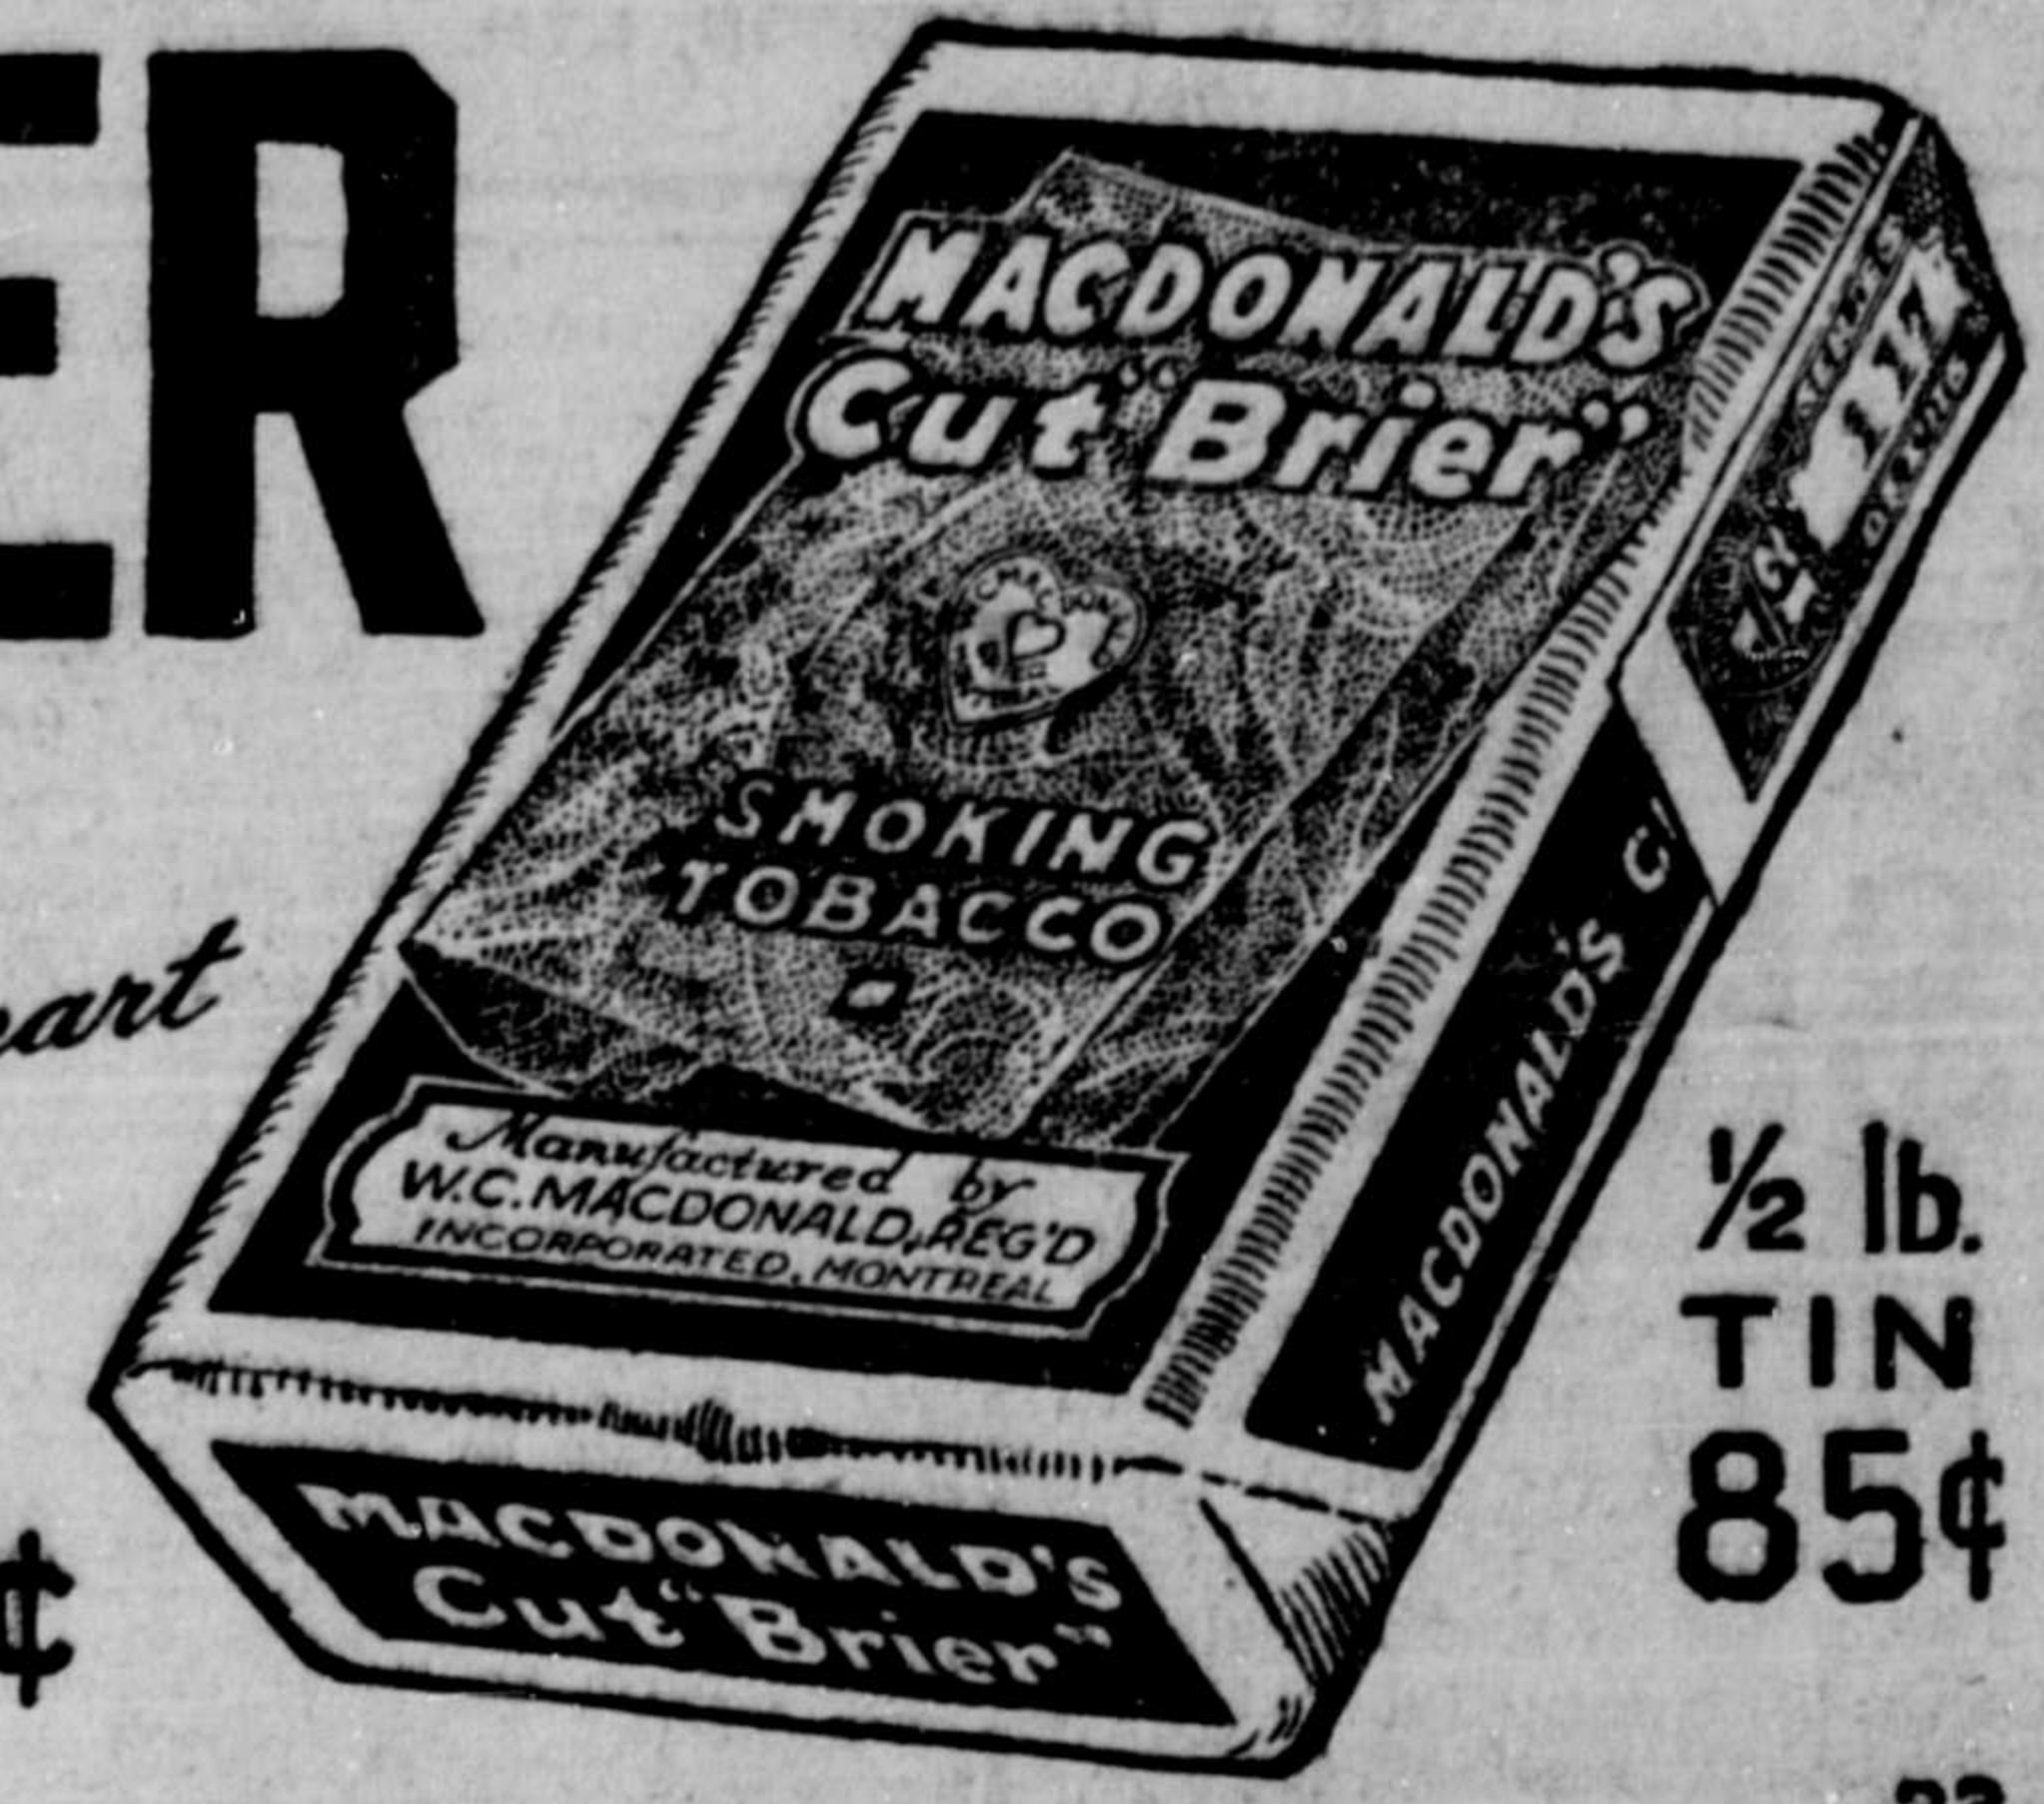

Gil's players all played well and presented a well balanced aggregation. W. Montgomery pitched a good steady game throughout with W. Hamilton catching. There were no changes in the battery.

Plans for the celebrating of Dominion Day are getting well under way not only in Prince Rupert but at various other points in the district. The Sons of Canada will have charge of the day's program here and the success that has accompanied their management of the day in the past may be expected to manifest itself again. While there may not be the attraction of the usual Ketehikan-Prince Rupert baseball game, sport has so developed here lately that local teams ought to provide entertainment almost as interesting. Then, of course, there is always the Dominion Day football finals which will attract all the soccer devotees.

The Vanderhoof Athletic Association is getting in touch with the athletic associations of Burns Lake, Telkwa, Hazelton, Smithers and Prince George with a view to arranging inter-town baseball games this season. The teams from one of these points may be brought in for the Dominion Day celebration which is planned at Vanderhoof. The Vanderhoof Athletic Association is in healthy financial shape and has a balance from last year of \$230.69. Among other improvements planned for this season is the rebuilding of the tennis courts.

The Stewart Athletic Association was recently organized with the following officers: President, H. P. Gibson. Secretary, H. Campbell. Executive, Grand Mahood, W. J. Crawford and J. W. Wilson. The first business of the association will be to take charge of the Dominion Day celebration. A baseball team for Stewart is to be organized and S. G. Benson has been elected to organize and manage it.
