DEATH SENTENCE SET ON MAN AND WOMAN SEARCHING FOR BOATS MORENGEN, CONVENTION, WASHINGTON AND PELICAN

Patrol Vessels Sent to Halibut Banks in Quest Four Missing Schooners

SEATTLE, Dec. 3.—The United States coast guard cutter Smith has left Ketchikan, Alaska, to search for the Seattle fishing schooners Washington, Pelican, Morengen and Convention which are reported long overdue from the storm swept fishing banks of Southeastern Alaska, according to a cablegram received here today. The Canadian fisheries patrol steamer Malaspina, Capt. Newcombe, is also aiding in the search, it is said.

Despite the fact that heavy gales have swept the fishing banks for the last month, officials of the Seattle Fishing Vessel Owners' Association said today that they believed it possible that the missing schooners had sought shelter in remote anchorages and that their crews were safe.

REPORT ON LUSITANIA

Submerged Vessel Carried no
Guns, Explosives or Troops
For War

NEW YORK, Dec. 3.—An official report on cargo vessels made public by the New York port collector during the war shows that the Lusitania carried neither guns, troops nor explosives but only 5,400 rounds of ammunition which constituted an ordinary cargo under pre-war rulings.

The Lusitania was sunk by a German submarine in 1915 and Germany is still seeking to justify the enormous loss of civilian life on the grounds that the Lusitania was a camouflaged ship of war.

REDUCTION RED ARMY

M. Litvinoff Makes Proposition
Dependent on Similar Action
by Neighboring States

MOSCOW, Dec. 4.—At a disarmament conference here, M. Litvinoff, assistant commissioner of foreign affairs for Russia, definitely proposed a reduction of the Red Army to 200,000 soldiers. This is conditional on a corresponding reduction being made in the standing armies of states on Russia's western boundaries.

LIQUOR APPEALS ADJOURNED TODAY

Local Registrar Awaiting Judgment From Chief Justice Hunter

The appeal cases against conviction under the liquor act were spoken to before Judge Young this morning but, owing to the absence of a ruling from Chief Justice Hunter on the stated case of liquor sold to a defective being property of the government, it was decided to wait till Thursday before setting a date for the trials. In the meantime the local registrar is wiring the registrar in the south regarding the ruling.

L. W. Patmore appeared in the case of June Alexander who was sentenced to six months by Magistrate Metcalf. He pointed out that it would be better to wait the result of the stated case rather than to go ahead and add the cost of the trial to his client.

A fortune left by will may prove to be nil.

PRINCE ANDREW TO BE BANISHED

LONDON, Dec. 3.—Prince Andrew, of Greece, has been sentenced to perpetual banishment by the court martial sitting at Athens, according to a despatch. He will also suffer degradation in the army. Prince Andrew, who is a brother of ex-King Constantine, was tried on a charge of disobeying orders of the general staff in the recent military operations in Asia Minor.

It is understood Prince Andrew will go to England on a British warship.

LONDON, Dec. 4.—Prince Andrew of Greece and his wife, Princess Alice, are proceeding to Corfu and hence to Brindisi, Italy, aboard the light cruiser Syphax, says a Malta despatch today.

FOUR CANDIDATES IN RUNNING FOR VICTORIA MAYOR

VICTORIA, Dec. 4.—Four candidates are already in the running for the mayoralty of Victoria. They are Mayor William Marchant, Ald. John Harvey, Reginald Hayward and Lieut. Col. C. L. Flock. The election will take place next week and the campaign is now well under way.

MINE EXPLOSION AT STEWART REPORTED

Hearsay Rumors Received in City
But Police Are Not Advised

Arrivals from Stewart on the Prince Rupert last night reported that word was received at the beach shortly before the vessel left the northern mining town, that an explosion had occurred at the Premier mine with serious results. One report had it that five men had been killed. Enquiries made at the mounted police and provincial police offices late this afternoon failed to bring any light to the reports.

LOWEST TEMPERATURE

The temperature reached its lowest reading yet this winter when 22 above zero was recorded at 7 o'clock this morning by H. O. Crewe, Dominion Meteorologist.

Good music in the air lightens burden and care.

SWANSON BAY MILL REOPENS

O. A. Jorgenson, General Manager, Reports on Resumed Operations at Plant Down Coast

With enough logs of hand, to last through the winter season, the pulp mill at Swanson Bay belonging to the Whalen Pulp and Paper Company, is now working at full capacity says the Pacific Coast Lumberman. After being closed since early last spring, the mill was started on November 15 last and is now turning out pulp, lumber and shingles.

The original 250 men, who formed the staff, have been re-organized wherever possible, most of them having been distributed during the past few months among the various plants of the company.

Shipments are being moved by the Grand Trunk car ferry via Prince Rupert and via steamer via Vancouver, according to Mr. O. A. Jorgenson, general manager, who stated last week that the re-opening of the mill had been made possible by the new freight rates into the middle western states. The entire output of the Swanson Bay Mill is made for the export trade to the United States, Japan, China, Australia and New Zealand.

Operate All Winter

Mr. Jorgenson stated that logging operations for this mill have been carried on all summer at Queen Charlotte Islands, as well as in the vicinity of Swanson Bay, and that the winter's supply is now guaranteed. It is extremely probable, he said, the mill will run all winter without cessation.

The company has chartered the tug "Masset," belonging to the West Coast Towing Company, to tow several booms of spruce and hemlock logs from Swanson Bay to Woodfibre, Howe Sound.

BERT RUSSELL WAS LAID TO REST AT FAIRVIEW TODAY

The funeral of the late Herbert C. Russell took place at 2.30 this afternoon from the B.C. Undertakers' Parlors to Fairview Cemetery. Reverend Archdeacon G. A. Rix officiated and interment was made in the Great War Veterans' Association plot, deceased having been a returned soldier with service in the 102nd battalion. The pallbearers were Kenny Rood, A. Duckworth, B. Arthur Jr., A. McKenzie, Sergeant Jenkins and Stewart McDonald.

There were floral offerings from the Grotto Athletic Club, Mr. and Mrs. Arthur T. Bailey, Arthur's Orchestra, Mr. and Mrs. R. Arthur, Mr. and Mrs. T. Edwards, St. Andrew's Society, Mr. and Mrs. D. Glennie.

FRENCH BANTAMWEIGHT CHAMPION DEFEATED MATTHEWS AT PARIS

PARIS, Dec. 4.—Eugene Criqui, the French bantamweight champion, defeated Billy Matthews, of England, with a technical knockout in the seventeenth round of their bout there Saturday night. The referee stopped the fight after the Englishman had been downed four times.

IRISH BILL PASSES HOUSE OF LORDS

LONDON, Dec. 4.—The House of Lords today passed a bill on its third reading. The bill now only requires the royal sanction to make it law.

SAD FATE OF PRIVATE BILLS

Like Orphans They Have Hard Time in their Short Lives

VICTORIA, Dec. 4.—Private bills do not have much opportunity to get through the Legislature when the sessions are short. By the time they are introduced and printed the end of the session is usually approaching and the House is too busy to bother with them. Private members have only one day a week and usually after the member fathering the measure has spoken someone adjourns the debate, which means that the bill will not come up again for another week. It is a very easy matter to talk out a private bill.

With a Government measure it is different as the party is behind it and it can be brought up day after day. If there is danger of it not getting through, the party refuses to allow adjournment of the debate and it is forced through. The private bill usually has nobody behind it and nobody cares whether it is passed or not. The easier way to get legislation passed is to approach the Government members in regard to it and try to get them to take it up as a Government measure. If they refuse to do so, it is pretty certain the measure has not much merit.

Adjourned Debate

Last week a number of private bills were before the House. Tom Uphill spoke to the second reading of a bill introduced by himself dealing with the election of members of the gas committee in coal mines. He asked that one member of the committee be elected by the miners instead of being appointed by the Government from among the miners. He was followed by Sam Guthrie of Newcastle who urged the measure quickly to decrease the number of accidents. The debate was adjourned on motion of Hon. W. J. Sloan who will speak to it this week probably.

Three bills designed to bring into effect bills, already passed but not brought into force, were moved by labor members Neelands, Uphill and Guthrie respectively.

Comply with Treaty

Mr. Farris explained that these bills had been passed following the treaty of Versailles along the lines proposed at the big labor conference but it was provided that they should not come into force until all other provinces of Canada had passed similar legislation. British Columbia already had legislation just as drastic as in those bills and dealing with the same subjects but the intention was to show the world that British Columbia was willing to fall in line with the terms of the treaty. There never was any pretense of the legislature that these laws were to be operative at present or that they were better than present laws. The House divided on one of them W. J. Bowser and William Hunter voting with all the Liberals against it and also

QUEEN'S WINS CHAMPIONSHIP

Defeated Edmonton in Saturday's Rugby Game by 13 to 1

KINGSTON, Dec. 4.—The Queen's University rugby team won the championship of Canada in a great struggle on Saturday with the Edmonton Eskimos who went down to defeat by a score of 13 to 1. It was a splendid game and the Westerners displayed skill that surprised the Easterners. Early in the game it looked as if the championship might go West for the Eskimos made their one and only point in the first half, while the University was scoreless. In the second half, Queen's came through with dash and scored thirteen points while Edmonton made nothing.

WIRELESS AND BOOTLEGGERS

Prohibition Director to Take Drastic Steps to Combat Coast Trading

SEATTLE, Dec. 4.—Wireless telephony will assist Jno. B. Marshall, federal prohibition director in Alaska, in breaking up rum running expeditions along the coast of Alaska from British Columbia ports. Seattle experts contracted this week to install a complete wireless telephone set with a guaranteed radius of 50 miles aboard the cruiser Pacific, which boat is used by the prohibition director in southeast Alaska waters.

A relentless war is to be waged by the prohibition director's staff on rum runners during the next few months. Conferences have been held in Seattle during the week between Marshall, Roy Lyle, federal director for the state of Washington, and representative of the British Columbia government. As a result of these conferences it is believed the practice of running rum cargoes from Alaska ports to Puget Sound under guise of fish and other shipments will collapse.

Trace Rupert Boats

The wireless telephone aboard the Pacific will connect with prohibition directors headquarters at Juneau and Ketchikan, and while cruising those aboard the boat will be in constant communication with shore stations. As an illustration the Pacific can be moved off Dixon's Entrance and the departure of every suspicious boat out of Prince Rupert will be reported and the boat traced.

MUCH DAMAGE DONE IN TERREBONE FIRE

Eight Hundred Homeless, 200 Destitute and Property Loss \$700,000

TERREBONE, Que., Dec. 4.—The fire which ravaged this town on Friday rendered 800 homeless and 200 destitute. The damage done is now estimated at \$700,000, according to latest figures issued.

The fire which ravaged this town on Friday rendered 800 homeless and 200 destitute. The damage done is now estimated at \$700,000, according to latest figures issued.

Emil Picarello and Florence Lassandra Sentenced to Hang for Murder Constable Lawson

CALGARY, Dec. 3.—Emil Picarello and Mrs. Florence Lassandra, found guilty of the murder of Provincial Constable S. O. Lawson, at Coleman, Alberta, on September 17 last, were sentenced by Mr. Justice Walsh to hang on February 21. Picarello is one of the best known citizens of Fernie, B.C. His son refused to stop when challenged by late Constable Lawson at the Alberta border under suspicion of bootlegging. The officer fired, slightly wounding young Picarello, and the father is said to have threatened to get every policeman around. A few hours later Constable Lawson was shot on his own doorstep from a closed auto in which the older Picarello and a woman were said to have been riding.

The trial was in progress all last week and crowds thronged the court room to attend it. After the room had been filled with spectators, attempts were made by disappointed ones to enter through the back doors but police officers were posted at every corner to prevent them from gaining admittance. On the first day after the room had been comfortably filled, the police were instructed to lock the doors and a howl of disappointment arose from those left on the outside.

Picarello appeared in court attired in a new navy blue suit, white collar and bright blue tie. He smiled in friendly fashion to the newspapermen as he entered the prisoner's dock on the first day and throughout the trial exhibited a keen interest in the proceedings. Mrs. Lassandra, on the other hand, was very pale and nervous. She was attired in a dark brown dress, dark brown coat with fur trimmings and a small black hat.

Picarello took the sentence calmly, but Mrs. Lassandra broke down completely.

TIM HEALY NEW IRISH GOVERNOR

Has Accepted Office and Will Take Over Post When Free State Bill Finally Signed

LONDON, Dec. 4.—Timothy Healy has accepted the governor-generalship of Irish Free State and will be officially appointed when the Free State bill, now in the hands of the House of Lords, is signed by the King. Mr. Healy was a stormy petrel of Irish politics throughout his parliamentary career which ended with his resignation in 1918. He is 67 years old.

LONDON, Dec. 4.—The appointment of Timothy Healy as first governor-general of the Irish Free State is now regarded as a certainty. It is understood the post was offered to him some time ago and its final allotment to the veteran champion of Irish autonomy depended only on his acceptance. That acceptance, it is stated in Dublin, has now been given and the consensus of opinion today was that "the King had been pleased to appoint" will follow the declaration of His Majesty to the assent of the Irish Bill.

The Dail Eireann meets today for the last time as the provincial government of Ireland. It assembles tomorrow as one of the three estates of the new Irish realm. The others are the King, represented by the governor-general and the senate which has not yet been formed.

PREMIER HUGHES IS STABBED WITH HATPIN IN MEETING

MELBOURNE, Dec. 4.—Premier Hughes, while speaking at a general election campaign meeting here, was mobbed and stabbed with a hatpin. He was rescued by the police and continued his campaign.

HIGH PRICE FISH TODAY

Twenty Cents is Paid for American Halibut and 18c for Canadian

The halibut price reached its highest level of the fall at the Fish Exchange this morning when purchasing companies bid 20c for American first class catches and 18c for Canadian. The second class price was 14½c and 10c. Four boats were in with a total of 56,000 pounds.

Arrivals and sales were as follows:

Fairway, 20,000 pounds, at 20c and 14.6c, to the Atlin Fisheries.

Yellowstone, 8,000 pounds, and National, 15,000 pounds, at 20c and 14.5c, to the Canadian Fish and Gold Storage Co.

Kayousu, 13,000 pounds, at 18c and 10c, to the Atlin Fisheries.

The last mentioned was the only Canadian boat.

Shortage of supply is given as the reason for the rising prices.

The appeal case of Rex vs. Oscar Young, charged with having driven in his car, came up before Judge Young this morning but was adjourned till Thursday.

LOT OF BUSINESS IS AWAITING ATTENTION

Some of the Work the City Council Has to Deal With Before End of Year

The city will have a great deal of work to attend to before the end of the year, according to the amount of business piled up in the city clerk's office. First and foremost there is the appointment of a returning officer and his deputies besides the advertising of nomination day.

Then the daylight saving referendum is to be submitted to the electorate and it must be prepared as well as the changing of the half holiday bill and the Hays Creek bridge bylaw.

The council itself must pass or reject the bylaw regarding the Section One surfacing debenture and the milk and stables bylaw. The court of revision for the voters' list will sit on December 11 and the court of revision in regard to the Section One surfacing appeals is slated for December 28.

Efforts Of Board Of Trade Recognized.

There is no getting around the fact that the Prince Rupert Board of Trade has gone a long way on the road toward that state of brotherhood which has been advocated so many times, says the Rose Lake correspondent of the Interior News.

Class organization today counts for very little success because class is against class, and capitalists, labor, middlemen and farmers would get along far better if united.

The coast board of trade has given us a good eye-opener to greater efforts. Let us throw our little selfish organizations overboard where they belong and all get right into one united body.

Citizens Make The Town.

A good citizen believes in his home town, the city in which he lives, the place where he earns his bread and butter.

Whenever a man knocks the town in which he earns his living, if he really tries to earn a living, he is not a good citizen of the town; he is a detriment.

Never knock your home town. If there is something wrong that you believe ought to be remedied, you will not be knocking if you call attention to the fact and demand that it be changed.

Lord Leverhulme On Advertising.

Referring to the functions of advertising, Lord Leverhulme, head of the big Sunlight soap manufacturing firm in England, recently said that in business there must be close co-ordination between the advertising and selling departments.

Stern Methods In Ireland.

The Irish Government has been acting with force and decision recently as was witnessed in the carrying out of the death sentence on Erskine Childers, De Valera's first lieutenant.

De Valera has committed himself to a policy which is not open to compromise. He stakes all on the overthrow of the Free State. Finding their justification in the bogus government which they have set up, the irregulars are now enforcing their regime of terrorism and intimidation wherever in Ireland they can gain a temporary advantage.

Opposed by such methods, the Irish government has only one course open. Stern measures in punishing the rebels seems to be the only way that the situation can be saved.

A Clear, Beautiful Skin

There are millions of tiny openings or pores in the skin and these must be kept open and clean if the beauty of the skin is to be maintained.

Because it cleanses these pores and encourages the healthful action of the skin, Dr. Chase's Ointment is most effective as a skin beautifier.

SO EASY TO BE WELL AND STRONG

Take "Fruit-a-lives" The Wonderful Fruit Medicine

805 CARTIER ST., MONTREAL

"I suffered terribly from Constipation and Dyspepsia for many years. I felt pains after eating and had gas, constant headaches and was unable to sleep at night. I was getting so thin that I was frightened.

At last, a friend advised me to take "Fruit-a-lives" and in a short time the Constipation was banished, I felt no more pain, headaches or dyspepsia, and now I am vigorous, strong and well."

Mrs. MAMIE ARTHUR BEAUCHER. 50c a box, 6 for \$2.50, trial size 25c. At dealers or sent postpaid by Fruit-a-lives Limited, Ottawa.

BIG PAYROLL FOR LUMBER INDUSTRY

This Year \$20,000,000 Paid; Considerable Increase Over 1921

VICTORIA, Dec. 4.—British Columbia's payroll for the lumber industry in 1922 will run over \$20,000,000, according to officials of the provincial government who have based their calculations on returns from 532 firms, whose statistics show that in 1921 the payroll amounted to \$18,180,962, with an average number of wage earners of 14,500.

The general resumption of building operations, followed by an increasing demand for lumber, has had the result this year of speeding up the industry. Many plants that were idle have resumed operations, and even those which kept going all the time through 1921 have increased their staffs.

It is confidently expected that this year will show a big increase over 1921, and the \$20,000,000 mark is said to be on the conservative side.

WOMEN WARNED TO AVOID CHEAP FURS

LONDON, Dec. 4.—A warning has been issued by the London health authorities to women to guard against wearing cheap furs, quantities of which recently have been brought into England.

Many women who have purchased such furs have found themselves suddenly afflicted with a skin rash about the chin and neck.

The disease is similar to that which appeared in Berlin in 1913 and last year in Copenhagen, and which was traced to the dyed-on furs.

WILL ADVISE GIRLS MARRIAGE QUESTION

CHICAGO, Dec. 4.—An order directing that high school girls be advised against marrying men who have not led "clean lives" will be issued soon, it is indicated by Peter Mortenson, superintendent of schools, here.

Ten Years Ago in Prince Rupert

December 4, 1912. The contracts for the large buildings that will be used in connection with the drydock scheme are expected to be let shortly. The tenders have gone east to be examined by the designing engineer of the G.T.P.

J. E. Miller, inspector of Inland Revenue offices on the coast, is in the city on official business.

A start was made towards the fall exhibition last night. A preliminary committee was appointed to draft bylaws and prepare for the first annual meeting to be held in January.

According to the latest advices, the Highland group of mines on Bocher de Boule mountain may be sold. If the deal goes through it will be the biggest ever put through in the Hazelton district.

TIME WASTING OF OPPOSITION

Every Method Used to Harass Government at Victoria

FRIVOLOUS FILIBUSTER

Hon. Alex. Manson Pilots House Through Trying Night's Session

H. F. Pullen

VICTORIA, Nov. 29.—Last week Dick Burde made the threat that for the twenty minutes Hon. A. M. Manson had deprived the labor member for Vancouver from speaking on the unemployment question he would have to pay twenty hours of the time of the Legislature, and he set out to make his threat good. Backed by the Conservatives and Labor members, he held up the business of the House for many hours by initiating a filibuster for which Mr. Bowser and his colleagues fell in the line of harassing the Government.

The result of the filibuster was, therefore, that the opposition was willing to sacrifice the time of the members and the money of the country in petty bickering that could get them nowhere, even if they won. It showed the Legislature that the Government was still in control under adverse circumstances and further it indicated to the country at large that the opposition is so put to it to find material for criticism that it has to stoop to practices which should long ago have gone in the discard.

Frivolity of Filibuster

There are some members who did not agree with Mr. Manson in refusing to allow the unemployed question to be discussed at that time, believing, as did Kenneth Duncan of Gowichan, for instance, that it was just as well to give them a chance to air their grievance if they had one, but there were very few who believed in the deliberate frivolity of the filibuster.

Every possible artifice was used to prevent business going forward. In committee there is no restriction as to how many times a person may speak. Mr. Burde was on his feet every few minutes and his speeches were long. Often they were brilliant and humorous but they had little to do with the subject in hand.

At one time he took nearly half an hour reading pages of a dry departmental report and the House had no right to stop him. Members yawned in their seats kept awake only by the frequent decisions which were called.

Deliberate Time Wasting

As an example of the type of time wasting, a division was called and a member suggested the chairman should ring the division bell. He left his chair to ring the bell and then R. H. Pooley claimed as the deputy speaker had left the chair the committee rose automatically. The chairman ruled that he had not officially left the chair but Pooley insisted on calling in the speaker and asking for an official ruling. The whole proceeding wasted a quarter of an hour at least and meant nothing.

The general opinion on the street here this morning is that some members of the Legislature made fools of themselves and the leader of the filibuster was the most foolish of them all. Through it all Mr. Manson sat untroubled. He was courteous throughout and when the attack shifted to himself, as it often did, he answered questions and made explanations just as if everyone was serious. It was this coolness and sauntiness that made victory come earlier than it otherwise would. He certainly won laurels for himself in his conduct of business at such a trying time.

Those who dance along this way enjoy life's race every day.

All K.P.'s are requested to attend the regular meeting on Monday, December 4, for nomination and election of officers. H. Blake, K.R.S. 283

Mrs. H. L. Campbell and her mother, Mrs. M. Noble, left last night on the Prince Rupert for Victoria. Mrs. Campbell will visit in the south.

Mrs. R. S. Sergeant, of Hazelton, accompanied by her two children, arrived in the city last evening on a visit to her sister, Miss Barbeau for a week or so.

Arthur Easson, assistant accountant in the Royal Bank here, was a passenger on the Prince Rupert last night to spend Christmas in Vancouver.

Rev. F. W. Kennedy-Gassals, superintendent of Anglican Japanese missions, returned south last night on the Prince Rupert after spending some time here.

Mr. Frank Dine drew the lucky number for a gift of one ton of coal given by Philpot, Egan & Co. for the month of November. Next drawing will take place on January 1.

A meeting for the purpose of organizing the Prince Rupert Liberal - Conservative Association will be held in the Lodge Rooms in Emmet Block on Wednesday, December 6 at 8 o'clock. Ladies are especially invited.

Arthur Govey, former provincial government beer inspector here, is preparing to leave late this month or early in January for the Orient in connection with trade propositions there. Mr. Govey is at present in Vancouver.

H. Whittaker, provincial government architect who has been here for some days, expects to return to Victoria tomorrow evening. Mr. Whittaker says that the new court house at Market Place will be ready for occupation by Christmas.

Rev. W. H. Rodman, who left Prince Rupert recently to accept the pastorate of the Douglas Street Baptist Church in Victoria, was officially welcomed to his new charge in the hospital last Monday evening at a reception banquet. This was followed by a public meeting when brother clergymen and members of the congregation extended their welcome to Mr. and Mrs. Rodman.

Her Three Children HAD Whooping Cough

Many mothers make the mistake of thinking that whooping cough is not of serious importance, but it is one of the most dangerous diseases of infancy, and yearly causes more deaths than scarlet fever, typhoid or diphtheria, and is more common in female than male children.

DR. WOOD'S NORWAY PINE SYRUP is highly recommended by mothers everywhere for the relief of this trouble as it helps to clear the clogged-up air passages of the mucous and phlegm that has collected, and in this way brings on the "whoop" which brings the so-much-sought-for relief and heals and soothes the lungs. Mrs. H. W. Mahar, Kentville, N. S., writes: "My three children had whooping cough. I tried every medicine I could think of until an old gentleman told me to try Dr. Wood's Norway Pine Syrup. Before they had one bottle taken the cough seemed better, and after two bottles they were about well. It loosened the cough and relieved them of that hard, distressing and straining feeling that goes with it."

Barrie's Grand Christmas Drawing is a good one. First prize, Ghiffonier. Second prize, Dresser. Third prize, Card Table. Every dollar cash purchase entitles you to a chance on the three prizes.

On account of Olive Solem, charged with selling whiskey, being ill, the case against her and Mrs. Lillian Ponzo was adjourned this morning by Magistrate McClymont. It will come up again on Wednesday, L. W. Patmore defending.

Joe Fadool, well known Prince Rupert merchant, is spending a few days at the Willows Hotel, Campbell River, on his way to Vancouver. He arrived on the s.s. Beatrice, and is delighted with Campbell River. He reports business good in Prince Rupert.

The passengers on the Prince Rupert which sailed for the south last night included Sidney B. Jones, W. Nickerson, R. C. Wright and H. Helanger, for Vancouver; G. W. Brownell and W. H. Crawford for Seattle; W. G. Dennis, Victoria; H. B. Thompson and A. Harvey, Vancouver; J. H. Riches and J. A. Potts, Powell River. The Rupert picked up the Glenville Collins party from Deam Lammun mines at Hartley Bay for Vancouver.

ORIGIN OF LONDON IS NOT KNOWN

History of How Trade Has Been Carried on For Centuries in Empire Metropolis

LONDON, Dec. 4.—(By Canadian Press).—The origin of the City of London has not been penetrated by the historians. One of the oldest, Geoffrey of Monmouth, ascribed the founding of the city to Brutus, who called it New Troy, but the earliest authentic record is that of Tacitus, who, writing in A.D. 61, described London as a place, "copia negotiorum et communitum celebre"—rendered literally, "much frequented by a number of merchants and trading vessels."

London's position, sixty miles inland, at the head of navigation of a deep tidal river gave to it commanding advantages as a centre of distribution. To the end of the eighteenth century its trade was carried on either at moorings in the stream, by the aid of barges and lighters, or at wharves constructed on the river-side.

There were no enclosed docks in that period, with warehouses where valuable cargoes might be stored in security. Losses by theft and damage became so serious that public opinion was aroused in the City of London, and a scheme was promoted and the money guaranteed by the leading merchants for constructing enclosed docks. As a result a bill was passed by Parliament in 1799 authorizing the construction of the West India Docks, the beginning of the modern dock system as it is today. The foundation stone was laid with great ceremony in the presence of Premier Pitt and his cabinet in 1800, and the docks were completed and opened to shipping in 1802.

Dock Building Boom

So successful was this first venture that what would be called today a "boom" in dock-creating enterprise ensued, and further schemes in the Port of London were promoted and sanctioned by Parliament at short intervals. Prior to 1909, when the Port Authority was created, the provision of facilities and accommodation was in the hands of private undertakings, which had become impoverished by unwise competition one against the other, and consequently lacked the means to carry out the requirements necessary to keep the port abreast of the times. A state of inaction had existed for nearly thirty years, and this was becoming a menace to London's position as the world's center of commerce. Then a Royal Commission was appointed to administer the various dock undertakings on the River Thames.

Lloyd George was then President of the Board of Trade and put through Parliament a Government Bill creating the Port of London Authority, 1908, and this came into effect in 1909. The beautiful Port of London Authority Administration Building, which was formally opened a short time before Lloyd George resigned the Premiership, is a monument of which the Port Authority and the citizens of London generally, have reason to be proud. It cost £10,000,000, and is considered to be one of the most beautiful buildings in London.

ROUND TRIP WINTER EXCURSION TICKETS

The Canadian National Railways announce reduced fares in effect from points on the G. T. P. C. S. S. to San Francisco, Los Angeles and other points in California. Tickets will be on sale daily to March 31, 1923, and good returning until April 30, 1923. Tickets may be routed via Vancouver or Seattle and Steamship lines. For full information, write or call City Ticket Office, Canadian National Railways, Prince Rupert, B.C.

JOHN H. McMILLIN, Official Administrator, Prince Rupert, B.C.

F. McB. YOUNG, L.S.C.

BULKLEY VALLEY WAS DISCUSSED

Minister of Agriculture Disabuses Power of Unsuitability Talk

VICTORIA, Dec. 4. — In the course of the debate on supply Wednesday W. J. Bowser said he had heard that the Bulkley Valley and contiguous northern country was not suited to dairying. He wanted to know if this was true.

Hon. E. D. Barrow, minister of agriculture, replying stated that dairying was the one thing for which the Bulkley was suited. It was certainly not a beef country. It was, however, well suited for mixed farming.

Only a short time ago they might have read of a visit of Dr. Tolmie to that district and the doctor was so much impressed with the possibilities of the district that he promised the people an experimental farm. He thought the leader of the opposition must have been a little mixed in regard to his information.

This year it had been planned to have shipped in a number of young cattle which would have been used for dairy purposes next year but the dry season had made it not desirable. The previous year a number had been sold to the farmers who formed cattle clubs, each member of which was personally responsible for the whole shipment. These cattle had been purchased by the provincial livestock commissioner. The money was advanced by the province. Twenty per cent was payable on delivery and the remainder over two years.

H. G. Perry said he was surprised at the ignorance of the leader of the opposition. He assured the House that the country west of Prince George was well suited to dairying. The Vanderhoof creamery had been an astounding success. The country was well adapted to the industry and there was a good market for the product.

CHURCH PARADE OF SCOTTISH SOCIETY

Following Service, Presentation Was Made to W. G. Dennis, Who Later Left For South

The annual church parade of the St. Andrew's Society took place last evening. The line of march was from the rooms on Fulton Street and Sixth Avenue and to the Presbyterian Church where Rev. Dr. H. R. Grant delivered an able and appropriate sermon, taking as his subject, "Saint Columba and the Culdees." About thirty members, under the leadership of President W. M. Brown, took part in the parade.

Following the church service, the members returned to the rooms where they did honor to W. G. Dennis, one of the pioneer members who left last night for Victoria. Mr. Dennis was presented by President W. M. Brown, on behalf of the membership, with a gold cigarette case as a token of appreciation of his long services for the society. Mr. Dennis has been a member of the executive ever since the very inception of the society in the city and has always taken a keen and active interest in all affairs of the order. He does not intend to return to Prince Rupert.

Sport Chat

The Victoria hockey team found the visiting Toronto St. Pats easy meat in the first game of the exhibition series played at the Capital on Friday night. The Cougars ran up a score of no less than 7 goals against the 3 netted by the World's Champions. The Easterners came straight through to the coast from Winnipeg, playing one game at Edmonton enroute, and were no doubt won out by the trip. All their scoring was done by Cameron.

A feature of the game was the large number of penalties handed out by Reggie Mickey for tripping. Victoria was awarded three free shots and converted two of them while Toronto converted their only shot.

The new system of awarding free shots for tripping within the penalty area goes along way toward eliminating the rough tactics which have characterized so many games recently. If the player is tripped intentionally while in the act for shooting for goal by an opposing man, the shooter's team is given a free shot. Very often these free shots are the means of winning a game.

Tonight the Toronto men play against Vancouver in Vancouver and no doubt every person who has ever been in Toronto will pack into the huge arena to witness the contest. On Wednesday the Seattle Mets will be hosts to the visitors.

Harry Anderson, former middleweight champion of Canada, has been matched against Joe Manilla at Keldibikan for December 8. Little is known of Manilla but Anderson is a very fast

SHIP GRAIN THIS PORT

Prince Rupert's Claims Get Good Advertising in Legislature at Victoria

VICTORIA, Dec. 3.—The claims of Prince Rupert for recognition as a shipping port seemed to be acknowledged in the Legislature when the House passed a resolution asking for more elevators and for the abolition of the differential on the western haul of grain. Both ministers from the north mentioned that the claims of Prince Rupert must not be disregarded and there was no sign of merriment or of ridicule among the members as when the member for Alberni stated that Port Alberni was a possible grain shipping port. Prince Rupert is today generally acknowledged to have advantages and even the leader of the opposition, who by the way has never been friendly to Prince Rupert, mentioned that the northern port should have consideration.

The debate was a great opportunity to advertise the claims of Prince Rupert and being advocated by two ministers of the crown, it came with greater weight. There was no need for either minister to say much but each said enough to draw the attention of the House to the fact that the northern port had just claims.

Carefully Worded

The resolution was carefully worded. After reciting that business was going elsewhere as a result of insufficient grain handling facilities, that an effort was

to be made to bring in settlers to Canada, that there was unemployment in the coast cities and that there was discrimination against B.C. in the matter of railway rates, the resolution concluded:

"Therefore be it resolved that the Government of British Columbia be urged to use every endeavor to secure the abolition of the mountain rates scale and further to secure as favorable a rate on grain moving westward to the Pacific as that upon grain moving eastward to the Atlantic."

And further that the Dominion Government be urged to immediately provide ample additional facilities for the handling of grain at Canadian ports upon the Pacific coast.

SMITHERS

Mrs. J. P. Downey left last week to spend a short time with her parents at Mission Junction.

Captain Fritz of the schooner Thelma arrived in Smithers last week from Prince Rupert on a visit.

Mr. and Mrs. J. H. Byrne entertained recently in honor of their wedding anniversary.

Mrs. John McKenzie of Morsetown was a visitor in Smithers last week.

Shipping from the farms has been held up to a considerable extent recently by the condition of the roads through soft weather.

Work on the Henderson claim on Hudson Bay mainland has been halted by the prevalence of gas to a dangerous extent, according to word received here.

WEEK AT THEATRES

Monday and Tuesday, Gloria Swanson in "Beyond the Rocks."
Wednesday and Thursday, Bebe Daniels in "The Speed Girl."
Friday and Saturday, Douglas Fairbanks in "The Three Musketeers."

The Motion Picture News from individual opinions of moving picture houses, "Blood and Sand," a Famous Players production, has been adjudged of the most entertainment and box office value of the year.

BIG PICTURE AT WEEK END

Douglas Fairbanks in Alexander Dumas' Story "The Three Musketeers."

Douglas Fairbanks' photoplay version of Alexander Dumas' blood stirring tale, "The Three Musketeers," is scheduled as the feature attraction for the week-end at the Westholme Theatre.

In this spectacular photo-feature, Fairbanks will be viewed in a new type of characterization. In the picturesque trappings of a Seventeenth Century cavalier, he is expected to give a sensationally dramatic interpretation to the role of D'Artagnan, dashing swordsman and adventurer. In fact, in "The Three Musketeers," the virile Doug is said to outdo his splendid acting of the dual role he played in "The Mark of Zorro."

This photoplay represents one of the most pains-taking and elaborate efforts at picture making of the year. No expense whatever was spared by Fairbanks, and the production is said to have cost a million dollars.

The story is based on historical fact and is acted by the best players in filmdom. Fred Niblo is credited with the direction and Edward Kibbeck prepared the lens version, while Arthur Edson did the camera work.

In the cast are such sterling players as Marguerite De La Motte, Mary Maclaren, George Siegmund, Leon Bary, Eugene Pallette, Boyd Irwin, and many others.

GLORIA SWANSON IN TREMENDOUS ROMANCE

"Beyond the Rocks" is Beginning of Week Feature at the Westholme Theatre

A tremendous romance with the Alps of Switzerland, the Gardens of Versailles, and Paris and London estates as the background, written by Elmer Glyn, and starring Gloria Swanson, is "Beyond the Rocks," a Paramount picture which will be shown at the Westholme Theatre tonight and tomorrow. The theme is a lesson to women who marry without love and shows what happens when they do find the man of their heart. Rodolph Valentino is featured.

The principal roles are capably played by Robert Bolder, Alec B. Francis, Mabel Van Buren, Gertrude Astor, Edythe Chapman, Jane Elvidge, F. R. Butler, Helen Dunbar and Raymond Blahway.

BEBE DANIELS STAR IN "SPEED GIRL"

Sparkling Comedy Drama Premiered at Westholme Theatre Wednesday and Thursday

The story of "The Speed Girl," which opens next Wednesday at the Westholme Theatre, concerns a fascinating little feminine dare-devil who becomes a motion picture star and specializes on stunts. Interesting scenes showing the heroine at work in the studio give the audience a glimpse of the actual working day of a star. Bebe Daniels portrays the stellar role, and a very sparkling comedy-drama is promised, with a large supporting cast assisting Miss Daniels in the fun-making.

NEW YORK CHILD IS BEING REARED MINUS CLOTHING HANDICAP

NEW YORK, Dec. 3.—Minus clothing, winter and summer, eighteen-month-old Jimmy Spracuse "apes" around in his father's private park, in Upper Manhattan, New York. Perfect physically is this "Baby Tarzan." Outdoor life is not going to hurt the youngster, asserts his father, who doesn't agree with Darwin but thinks Edgar Rice Burroughs, author of the "Tarzan" stories, had some feasible physical culture philosophy. The child is being reared without clothes and plays about unhampered by garments.

BERLIN SIGHTSEERS RIDE IN AIRPLANES

BERLIN, Dec. 3.—"Rubberneck" airplanes are now being operated for the sightseers of Berlin. One company has assigned ten machines for daily flights around the capital, its suburbs, and neighboring places of interest. Trips around Greater Berlin and Potsdam are made in the forenoon, while shorter excursions fill the matinee schedule.

PROTECT INSTEAD OF SLAUGHTER SEA LIONS ON COAST OF OREGON

Investigation is Ordered by Chief of Federal Bureau of Biology.

PORTLAND, Dec. 3.—To check if possible the destruction of sea lions off the Oregon coast by men working under the direction of the State Fish Commission, an investigation of the feeding habits of sea lions has been ordered by E. W. Nelson, chief of the bureau of biology, Washington, D.C., according to Ray C. Steele, federal game warden for Oregon and Washington.

The direct purpose of the investigation, according to Steele, is to save if possible the thousands of sea lions off the Oregon coast rocks as part of the wild life of the state. They constitute one of Oregon's natural resources, it is said, and should in time become a tourist attraction.

Have Been Killing Them

Killing of the animals has been going on for two or more years under the direction of the State Fish Commission, it being believed they caused considerable menace to the salmon industry. Their food, according to Steele, was believed to consist principally of salmon.

Two hundred or so sea lions will be killed under Steele's direction at various times during the coming year, and the stomachs will be sent to Washington, D.C., for examination. If it is found that evidences of salmon in the stomachs are wanting, steps will be taken by the Bureau of Biology to check the slaughter of sea lions.

The Stuart Lake Fish & Game Co., capitalized at \$20,000 and with headquarters at Vanderhoof, was incorporated at Victoria last week.

OIL SITUATION IN DOMINION

President Imperial Oil Co. Makes Explanation From Standpoint His Interests

In order to correct impressions that have been made lately in regard to new Western oil fields, C. D. Stillman, president of the Imperial Oil Co., which owns the big tanks at Hays Cove here, has written a letter which states that no oil has so far been struck by his company in the Irma-Fabian-Wainwright oil field, Alberta.

The letter is in part as follows:—

Canada consumes in six days all of the petroleum it produces in a year. The discovery of a domestic source of supply would mean:

- 1—An appreciation in the value of Canadian national securities and in our credit generally;
 - 2—A material and immediate increase in population;
 - 3—A stimulus to agriculture and industry generally;
 - 4—The attraction of new capital in great volume;
 - 5—A considerable augmentation of the national revenues through royalties on petroleum production;
 - 6—A potential augmentation of petroleum to Imperial Oil, Limited, and to all other companies engaging in this industry.
- The first comprehensive effort and the first outlay of capital on a large scale in an endeavor to find petroleum in Canada has been that of Imperial Oil Limited, a Canadian company, with six thousand shareholders in Canada. It has to date expended a sum in excess of three million dollars in a systematic petroleum drilling campaign which has extended from the forty-ninth parallel to practically the Arctic Circle, and which has covered a dozen widely separated areas in the western country. Around these areas thousands of leases are held by

SYNOPSIS OF LAND ACT AMENDMENTS

Minimum price of first-class and reduced to \$5 an acre, second-class to \$2.50 an acre.
 Pre-emption now confined to surveyed lands only.
 Records will be granted covering any land suitable for agricultural purposes and which is non-timber land.
 Partnership and joint tenancy abolished, but parties of not more than four may arrange for adjacent pre-emption with joint records, but no necessary improvements on respective claims.
 Pre-emptors must occupy claims for five years and make improvements to value of \$10 per acre, including clearing and cultivation of at least 2% before receiving Crown Grant.
 Where pre-emptor in occupation less than 2 years, and has made no permanent improvements, he may be granted a 3-year certificate of improvement and transfer his claim.
 Records without permanent residence may be issued, provided applicant makes improvements to extent of \$20 per annum and records same each year. Failure to make improvements or record same will result in forfeiture. Title cannot be obtained in less than 5 years, and improvements of \$100 per acre, including 2 acres cleared and cultivated, and residence of at least 2 years are required.
 Pre-emptor holding Crown Grant may extend another pre-emption, if he requires land in conjunction with his farm without actual occupation, provided statutory improvements made and residence maintained on Crown granted land.
 Unsurveyed areas, not exceeding 20 acres, may be leased as homesteads, title to be obtained after fulfilling residential and improvement conditions.
 For grazing and industrial purposes areas exceeding 400 acres may be used by one person or company or firm, factory or industrial sites on timber land not exceeding 40 acres may be purchased, conditions include consent of adjacent owners.
 Natural hay meadows inaccessibly reaching roads may be purchased conditionally, subject to the death of a term, of one-half of cost of road, not exceeding half of purchase price, is made.
PRE-EMPTORS' FREE GRANTS ACT.
 The scope of this Act is enlarged to include all persons joining and serving with His Majesty's Forces. The time within which pre-emption or deduction of a deceased pre-emptor may apply for title under the Act is extended from one year from the death of such person, as formerly, until one year after the conclusion of the great war. This privilege is also made retrospective.
 No fees relating to pre-emption are due or payable by settlers on pre-emption recorded after five years. Taxes are remitted for five years.
 Provision for return of moneys advanced, due and been paid since August 1, 1914, on account of payments, less of taxes on moneys pre-emption.
 Interest on agreements to purchase town or city lots held by members of Allied Forces or dependents acquired direct or indirect right of pre-emption from enactment to March 31, 1920.
SUB-PURCHASERS OF CROWN LANDS
 Provision made for issuance of Crown Grants to sub-purchasers of Crown Lands, acquiring rights from purchasers who failed to complete purchase, involving forfeiture, on fulfillment of conditions of purchase, interest and taxes. Where sub-purchasers do not claim whole of original parcel, purchase price due and taxes may be distributed proportionately over whole area. Applications must be made by May 1, 1922.
GRAZING
 Grazing Act, 1919, for systematic development of livestock industry provides for grazing districts and range administration under Commissioner. Annual grazing permits issued based on number raised, priority for established owners. Stock-owners may form Associations for range management. Free, or partially free, permits for settlers, campers or travellers, up to 100 head.

FOUND WONDERFUL RELIEF TO SELL ALBERTA COAL IN ONTARIO

FROM CONSTIPATION BY USING Milburn's Laxa-Liver Pills

Constipation is one of the most prevalent troubles the human race is subject to, and is the greatest cause of many of our ailments, for if the bowels cease to perform their proper functions all the other organs will become deranged.

Keep your bowels working gently and naturally by the use of Milburn's Laxa-Liver Pills, and thus do away with the constipation and all other troubles caused by it.

Mrs. A. R. Spence, Springhill, N. S., writes:—"I have suffered for some time from constipation, and was advised, by a friend to try Milburn's Laxa-Liver Pills. After taking a vial of them I have found wonderful relief, and would advise all those who are constipated to give them a trial, for I feel sure they will also receive the same benefit I did."

Price 25c a vial at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

Individuals or syndicates awaiting the result of our tests.

Goes Farther Afield
 Imperial Oil Limited asked for no monopoly—another company did. It sought and would have obtained, but for the opposition of the people of Alberta and Saskatchewan, the exclusive right to drill for oil over a term of years in practically all the potential producing areas of the Northwest Territories and western provinces. Being denied this, that company refused to take an even chance with other petroleum enterprises, and invested its capital, not in the Canadian west but in the more profitable and assured fields of California, from which petroleum products to compete with those of our refinery at Loco. Our crude petroleum manufactured at Loco comes from a field owned and controlled and operated by a Canadian organization in Peru.

Imperial Oil Limited has now been conducting its exploration campaign for five years, and to date it has not been successful in producing a commercial supply of petroleum. Every step of its operations has been closely checked by the Dominion and provincial government. The log of its wells has supplied a wealth of geological data to the Department of the Interior. Our operations are constantly under the scrutiny of government engineers.

Will Announce Findings
 Imperial Oil Limited has not proclaimed that its operations have so far been unsuccessful because it was not in the national interest to do so. If and when we meet with success, as we confidently hope to do, we will lose no time in informing the public of the exact facts, and we think that then we shall be entitled to due credit as pioneers in the production of a most vital commodity in this country. "We have encouraged by the loan of equipment, by the freest access to the geological data gathered by our own technical staff, and in some cases by financial assistance, the drilling enterprises of local groups engaged in a legitimate and serious effort to find petroleum. We have offered to co-operate with any of the large world companies willing to come into this country and invest capital upon the same terms as those under which we operate. So far we are the only world company drilling for oil in Canada, although every large company is now vigorously engaged in similar campaigns in foreign lands. When the expenditure of Imperial Oil Limited capital brings in an oil field there will be no lack of competition and no hesitancy on the part of companies which are now vaunting their patriotism and their British affiliations to reap the benefits of our enterprise.

Best Interests at Heart
 As a Canadian my greatest ambition is to find a petroleum reserve for my own country, and if it is not our fortune to find it we hope and expect that it will be found by someone. The task is big enough for all who are willing to engage in it, and surely because we alone have essayed it on a large scale, and because we have gone from Coult's to Fort Norman with Canadian capital and Canadian men, is not evidence that our motives are ulterior or that we have anything but the best interest of the country at heart.
