Asia Minor Situation Causes Alarm RAILWAY COMPANIES ACCEPT AWARD BY CONCILIATION BOARD

Employees Dissatisfied with Proposals Put Up Over Shopmen's Dispute

OTTAWA, Sept. 7.—The acceptance of the award of the board of conciliation in the main on the shopmen's dispute and the announcement of their intention to put into effect the recommendations of the board has been received by the labor department from the Canadian Pacific, Canadian National, and Grand Trunk railways.

Today the executive of the men's organization are meeting in Montreal when it is expected further action following the protest of their secretary, Charles Dickie, will be taken. Yesterday Dickie protested to Hon. James, Murdock, minister of labor against the acceptance of the report of the board on the grounds that it had not dealt with the matters which are really in dispute.

NEW OFFICERS FOR FOOTBALL ASSOCIATION

John Easton and Sam Davidson
to Be President and
Secretary.

WINNIPEG, Sept. 7.—John Easton of Winnipeg was elected president of the Dominion Football Association. Sam Davidson of Winnipeg was chosen secretary-treasurer succeeding Mr. Neil and Roy who have held the posts for years.

J. Adams is the British Columbia member of the executive, which will consider the question of the financial tangle created by the Scottish tour last fall. Only minor changes in the constitution are recommended.

SALMON NOT FISHED OUT

Chairman Duff Says Strong Arguments For and Against Orientals

VANCOUVER, Sept. 7.—Chairman Duff of the fisheries commission arriving here from Victoria expressed the conviction that the predictions that the salmon fisheries of British Columbia were doomed to extinction were exaggerated. He said that while the Fraser River apparently was off the list of great salmon rivers, the rivers of the north were good for many years to come. Conservation was apparently necessary, he said.

Strong arguments both for and against Orientals in the fisheries had been put up, Mr. Duff said.

SOVIET UNABLE TO PAY FOR ENGINES

STOCKHOLM, Sept. 7.—After having ordered 1,000 locomotives from an engineering firm here and having received 300 of them, the Russian government has indicated that it is now unable to pay.

When the contract was made it was agreed that the engines were to be paid for as they were delivered, and the manufacturers obtained a guarantee for their money.

It is now considered probable that the Soviet government will cancel the balance of the order, and that the present financial state of Russia and the failure of the Genoa and Hague conferences is responsible.

LITTLE GIRL'S FUNERAL TODAY

Miss Verna Thompson Laid to Rest This Afternoon Amid Solemn and Impressive Ceremonies.

Solemn and impressive was the funeral service for the late Miss Verna Thompson, little daughter of Mr. and Mrs. William E. Thompson, Lotbiniere Street, which commenced at 2:30 this afternoon in the Methodist Church. The large attendance, notable among which were the numbers of former play-mates and school friends of the late little girl, testified to the popularity of the deceased and the general sympathy which goes out to the sorely bereaved parents. The members of the Girl Guides organization, of which Miss Verna was a member were almost all in attendance, six members acting as pallbearers. Junior Brownies were also present at the church.

Order of Service

The Senior and Junior Choirs of the Methodist Church occupied the choral seats and led in the hymns under the direction of E. V. Ling and R. C. Higgins. A chair was left vacant in the Junior choir on which was placed a spray of flowers to mark the loss of a member. Rev. G. G. Haeker and Rev. Dr. H. R. Grant presided at the service the program being as follows:

Opening Hymn—"Nearer My God to Thee."

Prayer by Dr. Grant.

Scripture Lesson and brief exposition by Rev. G. G. Haeker.

Hymn "Precious Jewels," by request, this number having been a favorite of deceased.

Address by Dr. Grant.

Closing Hymn, "Rock of Ages," A. J. Lancaster was organist.

Following the service, the cortege proceeded to Fairview Cemetery where interment takes place. A large number of persons followed the cortege to the cemetery to be present at the last service at the graveside.

The pallbearers, members of the Girl Guides, were Miss Pete Tremayne, Mrs. Roberson, Miss Constance McMullin, Miss Grace Leek, Miss Margaret Palmer and Miss Mary Muse.

Floral Offerings.

The large list of floral offerings comprised a beautiful piece from the family as well as those sent by Miss Anna Thorne, Mr. and Mrs. John Knight, Miss Thelma Knight, Sunshine Committee, Trades and Labor Council. (Continued on Page Three).

BIG STIR IN CORK TODAY

That is Belief London Papers Draw From Telegraphic Interruptions

LONDON, Sept. 7.—Interruption of telegraphic communication between London and Cork has given rise to the belief by some London newspapers today that events of great moment are happening in the Cork region especially since fighting has been reported there during the night.

SAMUEL GOMPERS SIDES WITH UNIONS

Lends Support to Attempt to Impeach Attorney General Daugherty and Judge Wilkerson.

NEW YORK, Sept. 7.—The support of the American Federation of Labor in its efforts to bring about the impeachment of Attorney General Daugherty and Federal Judge Wilkerson of Chicago for their part in the issuance of the rail injunction was pledged by Samuel Gompers, the federation president, in a telegram received from Atlantic City today by the Central Trades and Labor Council.

FAMINE FLOUR IS UNFIT FOR FOOD

Samples Reach New York From Russia, Mixed With Clay.

NEW YORK, Sept. 6.—(By Canadian Press)—The first sample to reach this continent of the now famous "famine flour" of the Russians has just been received at the offices of the National Lutheran Council, which has a number of representatives doing relief work in Russia. It was sent by a Canadian minister who left his home in Alberta to investigate conditions in Russia and aid in relieving the sufferings of the unfortunate people of that country.

Gritty, dark brown in color, and smelling like new earth from the garden, this substance of which the starving Russians bake their bread appears unpalatable, unwholesome, and totally unfit to be eaten. No substance like it is used for food, nor would be tolerated, by the people of any portion of Canada. The "flour" is composed of the ground up seed of Lebeda, with clay mixed in for adhesiveness. It has been used for eighteen months throughout the Volga region, and is now in use in the Ukraine and the Black Sea area, where the famine is still raging.

The particular sample received by the National Lutheran Council left Russia by way of Poland, being carried along by the cholera refugees who streamed across the border to the west last spring. It was not taken out of Russia as a curiosity to be exhibited, but as the only food to be carried along on the weary journey of several hundred miles on foot. The little box was sent by Rev. Rudolph Kersten, Canadian pastor from Bashaw, Alberta, who volunteered last year to go to Poland to take care of a vacant Lutheran parish which includes four cities and 140 villages.

WAGE QUESTION RAILWAY SHOPS

Hon. James Murdock Hears Protest Against Finding of Majority

OTTAWA, Sept. 7.—Minister of labor, Hon. James Murdock, answering the shopmen's protest against the finding of the majority award of the Board of Conciliation in the wage dispute, assured the shopmen that the department of labor was most anxious to find an amicable settlement but is not at all convinced that anything would be gained by referring back the dispute to the same board on the ground that it had not brought in a finding on the permanent wage question. He said that the Union representatives apparently overlooked many salient facts in the wage question in submitting evidence. He promised to complete the investigation.

BIG AIRPLANE DUE ON SUNDAY

Hydroplane "Hazelton" Will arrive Here From Interior at 12 o'clock Noon.

The big monoplane "Hazelton" which is to take local people and visitors in the city on flights in connection with the Fair next week takes off from Hazelton on Sunday morning at 10 o'clock and is due to drop into Prince Rupert Harbor about 12 o'clock noon the same day. Len Bell, president of the Railway Employees' Industrial and Investment Association, which owns the machine, made this announcement last night on arriving from the interior. It is not anticipated that weather conditions will interfere with the plans, for Mr. Bell states that it would take very bad weather to prevent the flight being made.

The flight from Hazelton will be made with Major George A. Thompson, the pilot of the machine in charge, and it is expected that Mrs. J. C. K. Sealy, Miss Hazelton Cunningham and George M. Beirnes will be passengers coming down.

The landing will be made between the Grand Trunk and the government wharves.

Mr. Bell states that, after her arrival here, the machine will be placed at the disposal of the Fair Association and will be ready to make flights immediately. The first ascent will likely be made on Monday with an official party.

BRITISH MARRIAGE AND BIRTH RATE UP; DEATH RATE LOW

LONDON, Sept. 7.—The marriage rate for England and Wales during the year 1920 was 957,762, was the largest number recorded in any year since civil registration was instituted. Illegitimate as well as legitimate births showed a definite decrease. The death rate of 12.9 per 1,000 was the lowest recorded. The infant mortality rate fell to 80 per 1,000—much lower than ever before.

Armistice and Protection of Christians from Turks May Be Proposition of Allied Powers

LONDON, Sept. 7.—The British cabinet is meeting today to discuss the situation in Asia Minor which is causing anxiety to the Entente Powers. The position arising out of the victorious Turkish offensive has given rise to active exchanges between the Allied capitals both in regard to the possibility of an armistice and the question of safeguarding Christian populations in the districts evacuated by the Greeks.

Meanwhile the actual military situation is far from clear. Among the morning reports is one that King Constantine has quit Athens. Rumors of the resignation of the present Greek cabinet and the return of former Premier Venizelos have been current for the past two days.

FRENCH WOMAN NEARLY MAKES CHANNEL SWIM

Madame Sion Puts Up New Record of 12 hours and 35 minutes in Attempt to Win Sketch Prize.

LONDON, Sept. 7.—The Sketch today announces that a French woman, Madame Sion, of Dunkirk, yesterday established a record in swimming the English Channel attempting to win the Sketch prize which she, however, failed to do. Madame Sion started from the French shore at 1 o'clock Wednesday morning and was taken from the water four miles off Dover at 3:35 Wednesday afternoon after having swum thirty-six miles up and down with the tide.

The former women's endurance record was ten hours and forty-five minutes by Mrs. Hilda Willing, of England.

BRITISH BACK STEEL WORKS

Conditional Support to Be Given It Is Intimated by Agent General.

VICTORIA, Sept. 7.—Negotiations for the establishment of a large iron and steel plant in British Columbia advanced another step with the receipt here of definite information concerning the attitude of the British Government towards the project.

Yesterday Premier Oliver received a cable message from F. C. Wade, agent general for the province in London, to the effect that the facilities committee of the Imperial Board of Trade were prepared to consider sympathetically a proposition by which it would guarantee one third of the bonds of an iron and steel company commencing operations in British Columbia, on condition that the Dominion and provincial governments were satisfied with the commercial aspects of the proposition and after thorough investigation they did likewise.

PREVENTED CHOLERA PETROGRAD THIS YEAR

United States Relief Administration Purifies Water Supply

PETROGRAD, Sept. 7.—Cholera has been reduced to an almost negligible number of cases this summer in Petrograd as a result of sanitary measures invoked by the medical forces of the American Relief Administration through purification of the city's water supply and the inoculation of 75,000 persons.

Purification of the water by the introduction of 250 tons of chloride of lime was made possible through funds furnished by the American Red Cross to the American Relief Administration. It is the opinion of the A.R.A. medical men in the field that cholera and other summer diseases in Russia will be reduced to a minimum in districts where it has been possible to carry on a preventive program.

MAYOR ROCHESTER TO OPEN EXHIBITION ON TUESDAY AFTERNOON

Mayor Harry B. Rochester has accepted the invitation of the Northern B.C. Agricultural and Industrial Association to open the Prince Rupert Fair next Tuesday afternoon at 4 o'clock. Following the official opening ceremonies the big annual event will be in full swing for the rest of the week.

KILLED FROM FALL COAL CREEK MINES

FERNIE, Sept. 7.—Dan Nodek died of injuries suffered in a cave-in at the Coal Creek mines when props and earth fell off him. George McAndrew was also buried by the debris but was rescued uninjured.

SCHOONER KODIAK HIGH AND DRY IN METLAKATLA PASSAGE

The halibut fishing boat Kodiak, Captain Ole Larsen, while making for Ketchikan through Metlakatla Passage last night ran on a rock. The craft is now high and dry, according to the boats which passed her this morning, which passed her this morning. It is probable she will float off at high tide. There appears to be no particular damage.

Thursday, Sept. 7, 1922.

Great Disappointment
In Local Circles.

There is great disappointment in certain circles in this city and in other similar centres over the fact that times are improving and there is likely to be no great unemployment problem to cope with during the coming winter. As a matter of fact conditions are improving everywhere and we shall soon be back to normal.

The disappointment is among those who have been confidently expecting the social structure of the world to disrupt, throwing those with brains and money sky high through the roof of the universe and leaving in charge the men who have neither brain or brawn but simply an over supply of ability to talk.

Those who have been looking forward to a social upheaval are likely to be feeling blue during the next few years. Not but what there is need of a change, but not a change of the eruptive kind such as they expect. The men with brains, energy and ability to do things will remain at the top under any reconstruction that takes place. That is the British way of doing things. This is a British country and the British way will prevail.

Self Help Is
Only Salvation.

As long as Canadians try to help themselves they will succeed. Once they begin to look to governments to do everything for them they are on the down grade and can expect to make no further progress. That seems to be the opinion of the labor minister, Hon. James Murdock. It is no new philosophy. Every man has to work out his own salvation. The moment he begins to depend on others, all prospects of success vanish. The development of the body and mind are only brought about by constant exercise. While we are to some extent social in our instincts, we are intensely individual in the matter of development. No man can improve the muscle or the mental power of his neighbor except by giving him an incentive to action, either physical or mental. Society may provide the incentive but on the individual remains the onus of responding to that incentive.

Government Service
Without Stimulus.

The government service seems to be without stimulus. That is a very general opinion and it is probably true in the long run. In all lines of endeavor people do not seem to work as well for the government as they do for private individuals or corporations. An Associated Press despatch just received and dated from London, England, seems to prove the point. The despatch reads: "In England, as in most countries, it is very difficult to get people to work as hard for government departments as for business houses. That is the conclusion forced upon a special committee which has been trying to find out what is wrong with the Civil Service."

"Before the war the Civil Service employed 283,000 people at a cost of \$29,500,000. Now it employs 325,000 at a cost of \$67,400,000. Civil servants, it is stated, usually start work in London at 10 o'clock in the morning, take three-quarters of an hour for lunch and knock off promptly at five o'clock except on Saturdays, when they quit at 1:30. Their hours of work during the week thus average only 34. Their annual holidays range from three weeks to eight weeks, according to the way they are graded."

"The committee sees no reason why the hours of civil servants should not be the same as those of ordinary clerks in civil employment, nor why they should get more than two or three weeks vacation, as is customary in business houses."

"It is clear," the committee says, "that if the hours of work were increased to a moderate extent it would be possible to reduce the staffs and so effect a reduction in the cost of the service."

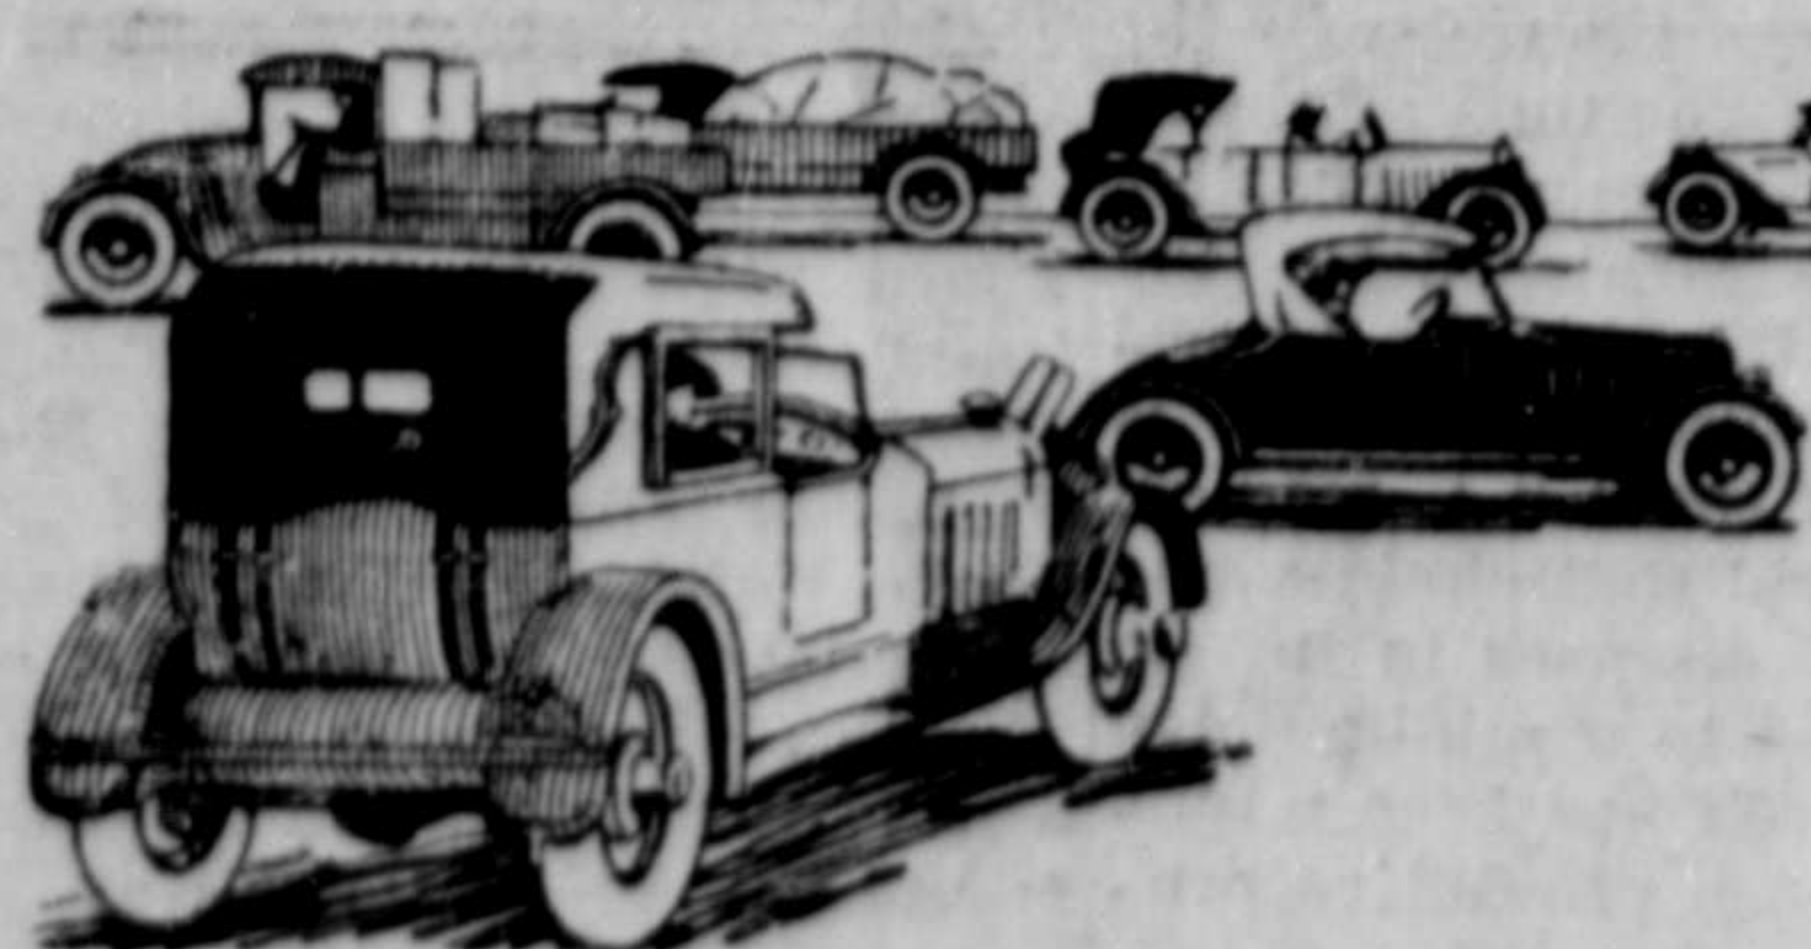

"That is obvious, but no government has succeeded in doing it yet and meanwhile the staffs of the various government departments are not worrying over the prospect of having to work longer hours and getting shorter holidays."

A Grade
for YOUR Car

One of the five grades of Imperial Polarine Motor Oils is exactly suited to your car. Use this grade regularly and get trouble-free service from your car at the lowest possible cost for lubrication. Consult the Chart to determine the grade you should be using.

WITH 63 BABIES ON
LIST ENTRIES WERE
CLOSED YESTERDAY

Examining Officials Will be Busy
For Next Five Days Examining
Children in Better
Babies' Contest

With 63 babies entered, the management of the Fair Association found it necessary yesterday afternoon to close the entries for the Better Babies' Contest, much to the disappointment of many proud parents who had intended entering their children but who, unfortunately, left it until too late. It was necessary to discontinue the receiving of entries for it will be impossible for the doctors to examine any more babies in the time at their disposal. The examinations commence today and will continue tomorrow, Saturday, Monday and Tuesday at the General Hospital. Dr. H. E. Tremayne, Dr. J. P. Cade and Mrs. Donaldson, acting matron of the hospital, will be in charge with Mrs. R. Blance and Mrs. J. H. McMullin, representing the Imperial Order Daughters of the Empire, assisting.

SMITHERS COUPLE
HERE ON HONEYMOON

Miss Fotherby and H. H. Oleson
Were Married Early Yesterday
Morning in Railway Town

Mr. and Mrs. H. H. Oleson arrived last night from Smithers on the first lap of their honeymoon which will be continued tonight when they sail for Seattle on the steamer Prince Rupert.

Mrs. Oleson, who was formerly Miss Fotherby, daughter of Mr. and Mrs. Hudson Fotherby, Smithers, was married to Mr. Oleson at 7 o'clock yesterday morning just before the westbound passenger train left Smithers. Both being popular residents of the interior railway centre, a great send-off was given them as they left Smithers. The groom is a freight train conductor of the Canadian National Railways. They will return later to make their home in Smithers.

MUNICIPALITIES WILL
HAVE TO PAY FOR THE
ENFORCEMENT OF LAW

Where Local Authorities Do Not
Act and Provincial Officers
Undertake Work, Bill
Must Be Paid.

VICTORIA, Sept. 5.—All cities and municipalities which fail to enforce the British Columbia liquor laws will have to pay the cost when the Liquor Control Board agents undertake the work according to an announcement made here by Attorney General Manson. Addressing himself particularly to the city of Victoria he said:

"If Victoria cannot clean up its own troubles it will have to pay the expense of the provincial authorities in doing that work for it. There will be no non-sense about this and there is no excuse for the municipal authorities failing to enforce the law. They have had plenty of warning in this connection, and it has

Weekend Specials
Friday and Saturday Only

MEN'S AND BOYS' DEPT.

Men's Fine Fur Felt Hats—in the latest styles and colors. Sizes 6 5-8 to 7 3-8. Special \$3.50 each.

Universal Trading Company
Phone 376

been known for a long time that the law was not being enforced properly. Now that the provincial authorities have started to enforce the law the municipalities in which such action is taken will have to pay the bill."

Mr. Manson added that the expenses which cities would have to bear in this connection would not be excessive. "We are doing the work very cheaply," he said. "In fact, I was surprised when I learned how economically it is being conducted."

EXHIBITION OFFICE
HIVE OF INDUSTRY

Entries Are Pouring In — Jack Woods Assisting Manager Venables — W. S. Fisher In Charge Tickets

Jack Woods is acting as assistant to Jack Venables, fair manager, for the rush days of the Exhibition which have already commenced. The office in the City Hall is now a hive of industry from early morning till late at night and the entry lists are veritably pouring in.

W. S. Fisher has been appointed to take charge of the ticket selling, admission and gate for all departments of the Fair including the hydroplane flights.

GAMBLING ON BOY
TO INHERIT FORTUNE

Forty Million Waits Son Should
He Be Born to Princess.

PARIS, Sept. 6.—Princess Xenia of Greece, niece of King Constantine and wife of William Leeds, Jr., is at present in Paris with her husband, expecting an addition to the family. If a boy is born to the Princess, he will inherit the entire \$40,000,000 fortune of the late William Leeds, the American tinplate king. The Leeds will provide that if there is no male issue, the whole sum shall go to the New York Lying-In Hospital.

The \$40,000,000 is now in the form of a trust fund, the interest on which is drawn by Princess Christopher (formerly Mrs. William Leeds). Upon the death of the American Princess the interest will revert to her son, husband of Princess Xenia. In

the event of his death or that of his wife, the fortune will go to a male heir, if there be one, as the American law provides that a trust fund shall cease with the third generation.

Ten Years Ago
in Prince Rupert

September 7, 1912.

The provincial government is building a wharf at Granby Bay and the work of clearing the new townsite there for the company is proceeding apace.

The Board of Trade is taking up a charge made by the Northern Steamship Co. that the provincial government is levying the same wharfage fees at the government wharf as charged with the Grand Trunk Pacific Co. which, with an additional tonnage, makes the rates higher than imposed by the railway.

The Board of Trade is devoting much effort towards advertising Prince Rupert. A special pamphlet is to be published and space is to be taken in "Canada Illustrated" and the "Sunset Magazine."

COD AND HALIBUT

Eighty Vessels Visit Seattle During Month of August.

SEATTLE, Sept. 7.—Eighty schooners of Seattle's fishing fleet arrived in port during August, bringing a total of 1,189,500 pounds of fresh halibut and mixed cod, according to figures compiled by representatives of the Fishing Vessel Owners' Association, Inc. The catches consisted of 520,700 pounds of medium sized halibut, 422,500 pounds of halibut rated as chickens and large and 246,300 pounds of mixed cod. The catch of halibut shows a decrease of 708,200 pounds compared with August 1921, when a total of 85 fishing schooners arrived from the banks. The falling off in the catch of halibut during August is attributed by the fishermen to the scarcity of bait. The catches of mixed cod during August show an increase of 41,000 pounds compared with the same month last year.

The meetings conducted by Evangelist Mae Eleanor Frey will be held in the Empress Theatre for the remainder of the week.

Rev. J. S. Brayfield, of Telkwa will arrive tonight on the train from the interior and will leave on the Prince George for Vancouver.

G. W. V. A. regular general meeting will be held in the Carpenter's Hall on Thursday, September 7 at 8 p.m. Important Business. 209

Mass meeting of all Carpenters (Union members or not) will be held in the Carpenter's Hall Saturday evening at 7 to make final decision on wage rate. 210

The automobile section of the Victoria Daily Times of Saturday last contains a photograph of H. B. Rochester, mayor of Prince Rupert, fourth vice-president of the Good Roads League.

Miss Barbeau's Fall Millinery Opening Friday and Saturday. Choice selection of the latest models for this season. Ladies are invited to inspect the showing. Miss Barbeau, Sixth Street. 210.

There will be a special meeting of the school board at the Booth Memorial School this afternoon to consider the advisability of reopening the domestic science and manual training quarters and two class rooms in that school immediately. Architect Jeffers states that these rooms may be reopened but there is a difference of opinion among the members of the board.

The case against George James charged with unlawfully purchasing two barrels of beer, was adjourned in the police court yesterday afternoon until next Thursday. The afternoon witnesses were J. Sigmund and H. Capstick for the defence and also William Millar, liquor vendor, and Arthur Covey, beer inspector. The case of unlawfully selling against the Prince Rupert Mercantile Co. was also adjourned until next Thursday.

The engagement is announced in North Vancouver by Mr. and Mrs. John Bull of their daughter, Miss Lillian Bull, to Gerald O'Sullivan, son of the late Col. Dennis O'Sullivan and Mrs. O'Sullivan, of London, England. The bride elect is quite well known in Prince Rupert, having on several occasions visited here with her sister, Mrs. J. P. Cade, who went south last week to attend the wedding which will take place on Saturday.

Len Bell, who arrived from the interior last night, will return to Hazelton tonight. Mr. Bell intends to be back here next week when his company's hydroplane "Hazelton" makes Fair week flights and will come back either by train at the end of the week or on the machine. Mr. Bell explains that he takes up as much room in the machine as two ordinary passengers so he does not go up as often as if he were but an ordinary specimen of manhood. Six foot men weighing over 200 pounds are not the most economical of hydroplane passengers.

Health and Comfort

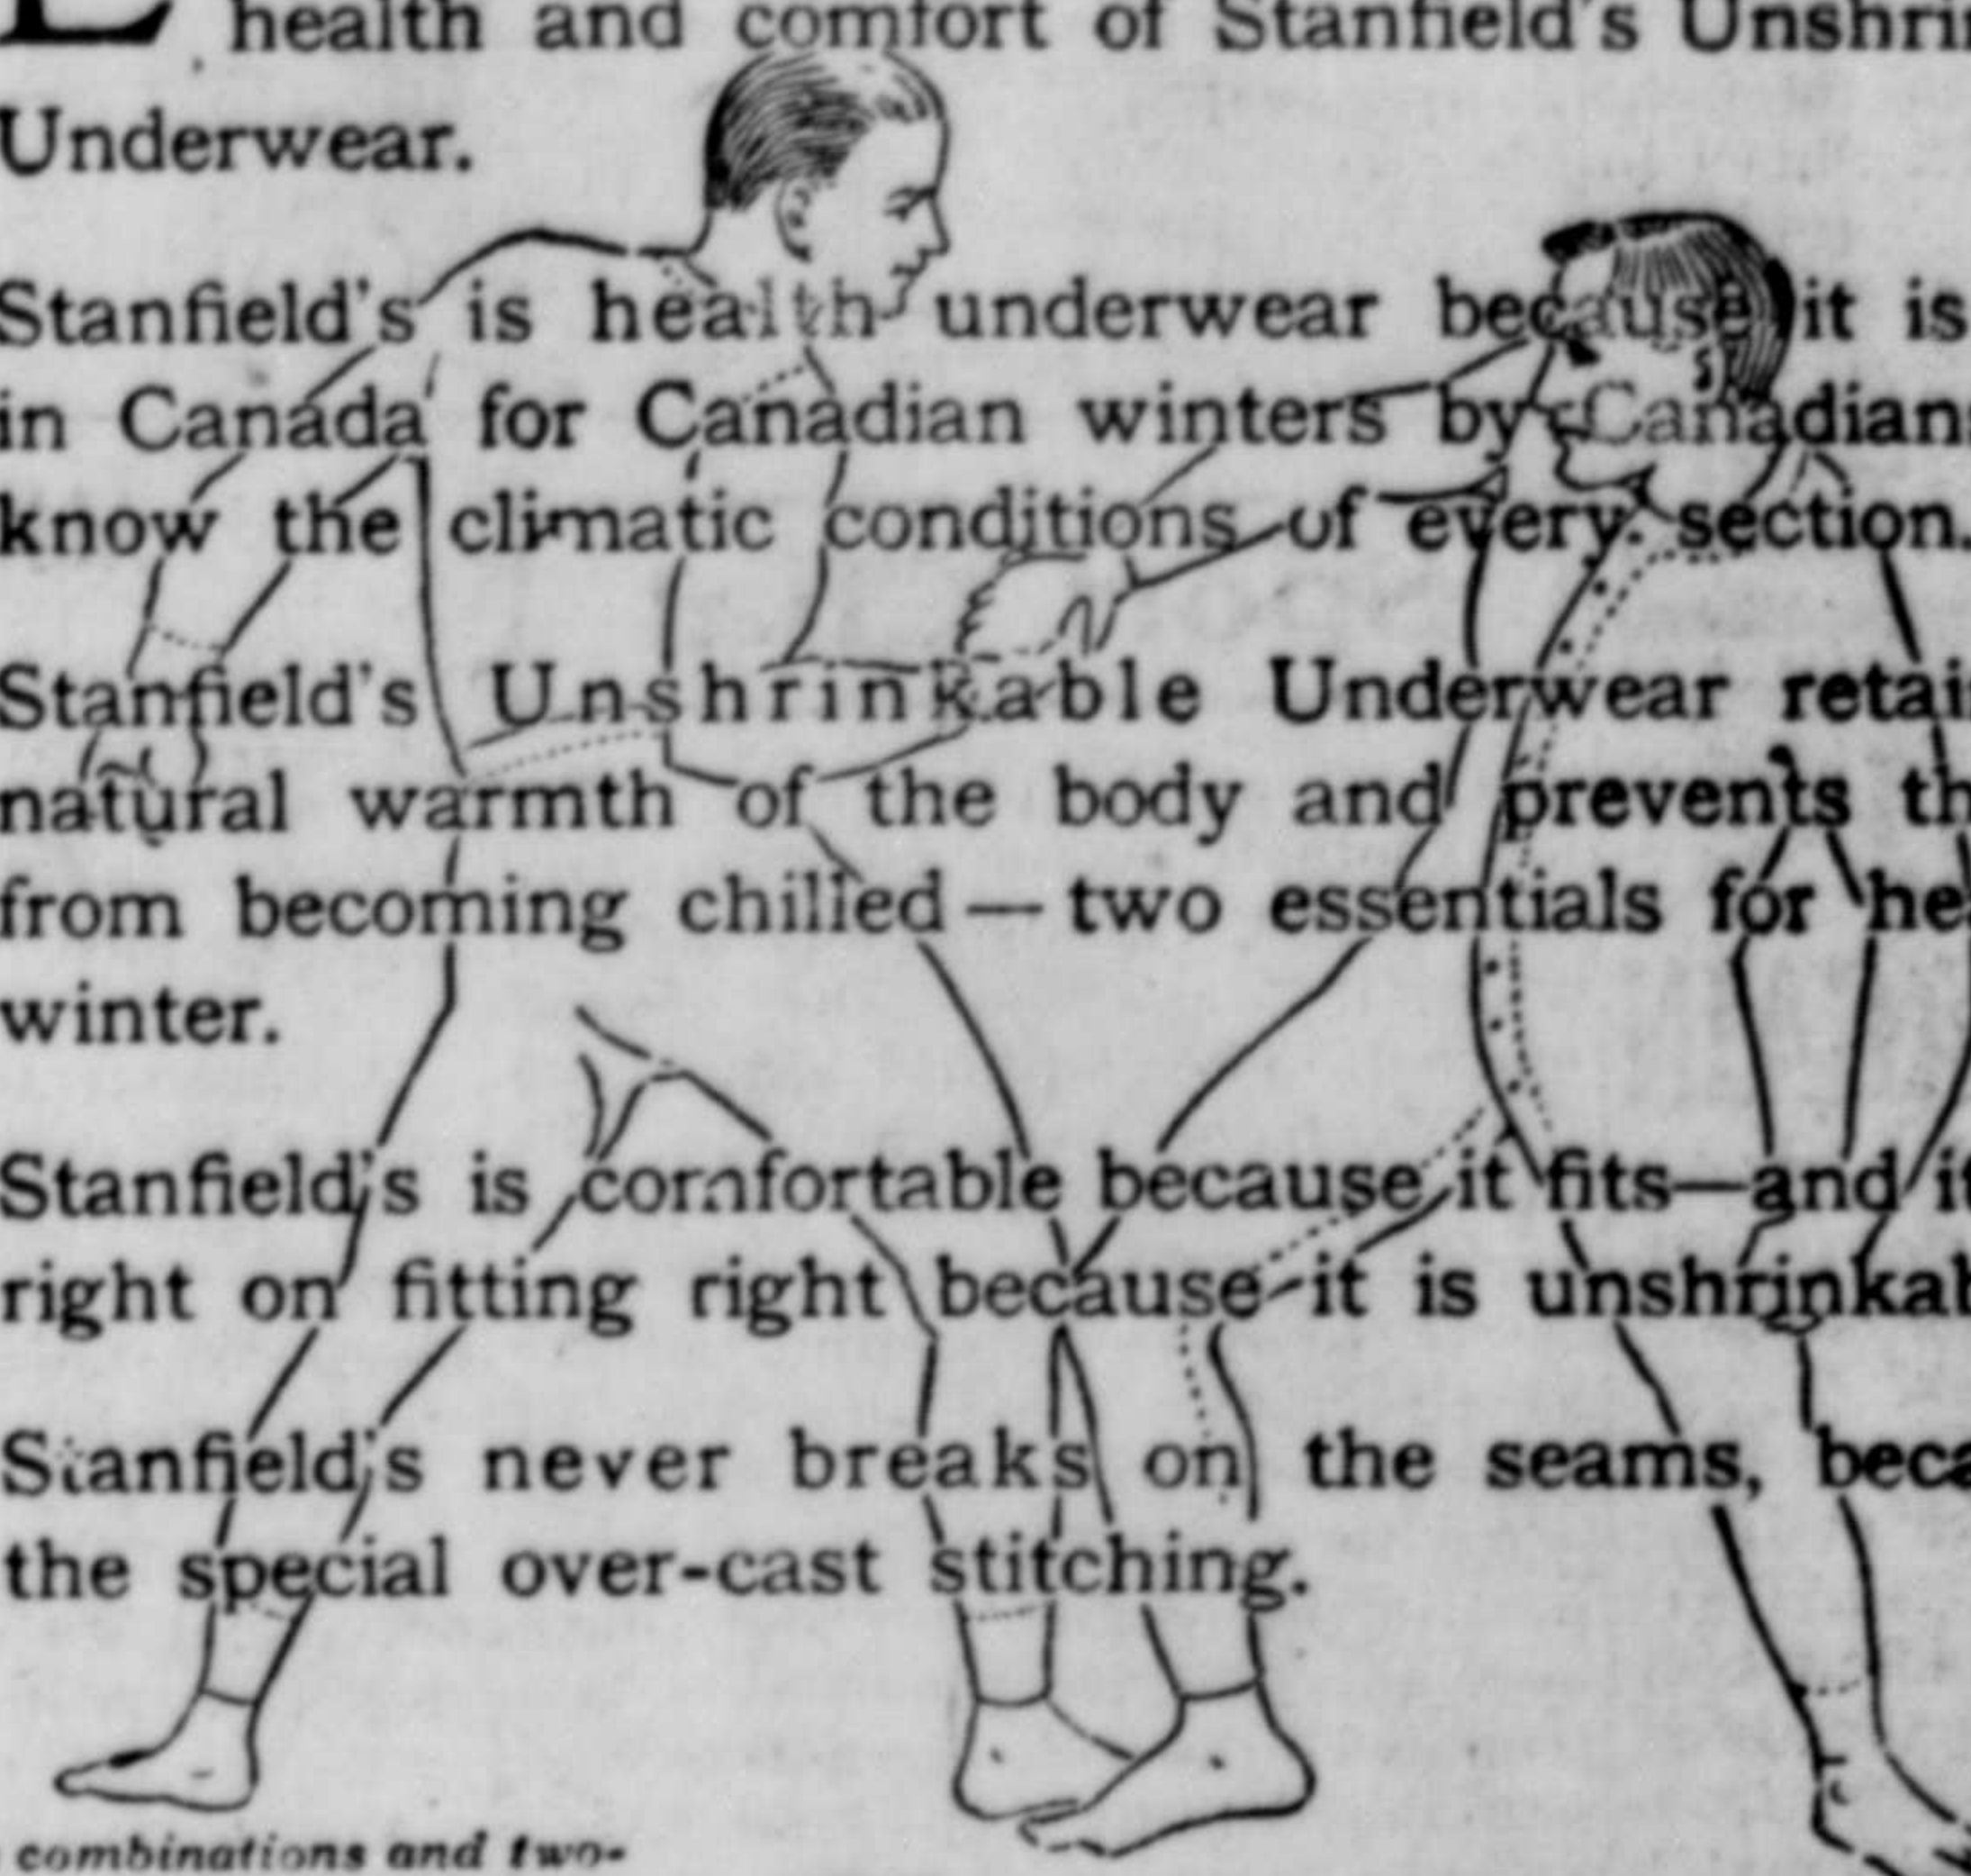

EVERY winter, more and more people enjoy the health and comfort of Stanfield's Unshrinkable Underwear.

Stanfield's is health underwear because it is made in Canada for Canadian winters by Canadians, who know the climatic conditions of every section.

Stanfield's Unshrinkable Underwear retains the natural warmth of the body and prevents the skin from becoming chilled—two essentials for health in winter.

Stanfield's is comfortable because it fits—and it keeps right on fitting right because it is unshrinkable.

Stanfield's never breaks on the seams, because of the special over-cast stitching.

Made in combinations and two-piece suits, in full length, knee and elbow length, and sleeveless, for Men and Women. Stanfield's Adjustable Combinations and sleepers for growing children (Patented). Sample Book, showing weights and textures, mailed free. Write for it.

GUSTAVO WILL WRESTLE AGAIN

Matched for Finish Bout with Tiny Walker from Ketchikan Next Week.

Promoters Jack Judge and Roi Barnes announce that Ad. Gustavo, the Argentine middleweight champion wrestler, has been matched with Tiny Walker, from Ketchikan, for a finish match (two falls out of three), to take place in the Empress Theatre next Wednesday evening as a Fair Week fixture.

In bringing these two together a lively encounter is expected—one that will equal if not excel the one last week between Gustavo and Jack Olsen which proved so successful. It will not be the first meeting of Gustavo and Walker for they met last July 4 at Ketchikan, the latter winning by the only fall of the match.

Walker has been on the Pacific Coast for the past year or so and hails from the Eastern States. He claims that he has not been thrown once since coming West. His record is a good one and includes matches with such men as Tom Ray, George Barnes, Ted Thye, Ira Dern and Mike Yokel, several of whom claim the middleweight championship of the world.

Walker's weight is 160 pounds as against Gustavo's 165 so they are pretty evenly matched on that score.

The fact that Walker has won over Gustavo only will tend to make the match more popular among local fans on account of the great account the latter gave of himself against Olsen last week.

SPORT LINE-UP FOR EXHIBITION

Three Senior League Captains Will Choose Local Baseball Team to Meet Anyox.

DATES FOR FOOTBALL AND CHILDREN SET

A. A. Eason, E. A. Donohoe and W. G. Anderson, the captains of the three Senior League baseball teams, have been delegated by the Prince Rupert Baseball Association and the Fair Board to select the line-ups for the teams representing Prince Rupert in the Fair week series with Anyox next Tuesday, Wednesday and Thursday afternoons. Mr. Donohoe has been appointed by the league to take charge and manage the series.

The final football game of the Exhibition series has been set for next Friday afternoon. The teams will be the Grotto, who eliminated the Sons of Canada on Tuesday evening, and the winners of the Callies-Sons of England game tomorrow night.

Saturday afternoon is the day set aside for the holding of the children's sports.

Indian baseball and football games will take place on the mornings of Fair Days, the exact dates having yet to be set. Port Simpson registered in the native baseball competition yesterday. More entries in this series and the entries in the native football series are expected within the next few days.

Persistent advertising is absolutely necessary to success.

BRINGING UP FATHER

Sport Chat

As far as the play in the Senior football league goes the situation is certainly changed from what it was when the season opened. The mighty have been thrust from their heights and the lowly are coming in for a period of glory. That is precisely what is happening as far as the Callies and the Sons of Canada are concerned. Starting off with a hopeless looking prospect in the league, the Scots have now annexed for themselves two trophies—the Dominion Day Cup and the Gihuly Cup—and haven't the least fear but that the Stuart Shield will come their way too, to say nothing of the Exhibition series. The Scots are certainly running in great form these days and the Sons of Canada, if Tuesday night's game with the Grotto may be taken as any indication, are on the downhill track with a vengeance. The next football fixture will be second Exhibition elimination game tomorrow night between the Callies and Sons of England. While a final at the Fair next week between the Grotto, who have already won their right to play in the last party, and the Sons of England would put an interesting and new complexion to things for the fans, the Scots apparently haven't any intention of letting any such thing happen.

The bylaw of Oak Bay municipality prohibiting horse-racing in that district, which includes the Willows, was sustained in the Supreme Court at Vancouver last week. A challenge of the measure had been made by Aaron Morley, an Oak Bay ratepayer and ostensibly representing interests whose identity was not disclosed. While saying that it would be impossible to accede to the application to set aside a bylaw, Mr. Justice Morrison, who heard the case, said that he could see nothing wrong in horse racing. The prevention of betting was the keynote of the case, in referring to this, the judge said that it seemed anomalous that no objection was raised to lacrosse or hockey games on similar grounds. The case is being appealed and will be heard this week.

There is to be a senior baseball game tonight between the Knights of Columbus and the Sons of Canada. If the Sons of Canada win this will be the last senior game of the season as they will be the winners of the shield.

ALICE ARM

The Alice Arm Citizens' Association is taking up the matter of sending a rock drilling team to the Prince Rupert Exhibition next week.

According to information received by the Citizens' Association, timber at the head of Alice Arm is not being damaged so much by smoke from the Anyox smelter as by a small beetle that is infesting the trees. The question is being taken up with the provincial government with a view to remedial measures.

The old switchback trail from Camp 8 to the Dolly Varden mine is being cut out by the provincial government and a new bridge and trail is being put in from lower down.

It is understood here that George Wingfield, the mortgagee of the Dolly Varden mine, is forming a new company which will commence work on the property as soon as the six months given to the Taylor Co. to redeem the mortgage has expired.

D. Falconer, of Aldergrove, is here visiting his sons, A. Falconer and T. W. Falconer.

Winter seems to be following closely on the trail of summer here and the first mantle of snow was seen on the hills last week.

TERRACE NOTES

Mrs. O'Neill, formerly principal of the Kitsumkalum school passed through Terrace Wednesday on her way to Burns Lake where she is to teach this year.

Mrs. Walsh and Mrs. and Miss Graham were in town for the holiday.

Mrs. McIntosh and Miss Elliott have returned to Prince Rupert.

The Women's Auxiliary of the Anglican Church held the opening meeting of the season at the home of their president, Mrs. T. J. Marsh, on Wednesday. Mrs. J. Jones was hostess.

Miss Cooper of Cedarvale is a guest this week of Mrs. J. H. Young.

Mrs. T. J. Marsh returned from Prince Rupert on Wednesday where she had been visiting Mrs. J. H. Carruthers at the Waldron Apartments.

Mr. and Mrs. Bishop spent the week end in Prince Rupert, returning to Terrace Monday evening.

Mrs. Whitlow and Miss Whitlow of U.S. were visitors to Terrace on Labor Day.

Miss Elsie Kenney will attend High School in Prince Rupert this year. She is staying with Mrs. Mills of the Waldron Apts.

Miss Whitlow of London, Eng., is staying with Mrs. Whitlow at U.S.

Mrs. McCubbin of Pacific and

her children spent Labor Day in Terrace.

Miss Etanda Marsh left for Prince Rupert on Saturday where she was bridesmaid at the Grant-Harlow wedding. She will teach in Rupert this year.

Mrs. Anderson and her son Edward, of Pacific were in Terrace for the holiday.

Mr. and Mrs. O. Van Hees and Mr. and Mrs. Gordon Sparks returned from their trip up Ma-roon mountain, Kitsumkalum Lake.

Mrs. Rogers of Pacific was another visitor in Terrace on Labor Day.

Owing to sickness in the family, a number of farewell teas and dances which were to have been given for Miss Etanda Marsh, did not take place.

Terrace emerged victorious from the baseball match it played against a team from Dorreen.

Mr. and Mrs. Storey and Mr. Sundbloom spent a week-end camping in the hills near Amhurst.

Mr. Birch has returned from Hazelton where he had taken his son Walter to the hospital.

TOURING EUROPE IN AIR PLANES

Latest Method of "Doing" Sightings of Old Land is Adopted

LONDON, Sept. 7.—Old-time speed records by American tourists when jaunting through Europe have gone by the board this year. By using the airways instead of the highways many of them have packed into three weeks what ordinarily could not have been done in six or eight. At least three families have been touring about the continent recently in aeroplanes. One of the prominent New Yorkers to use the aeroplane a great deal was Seymour Cromwell, president of the New York Stock Exchange. After a motor trip through Southern Europe with his wife and two of his sons Mr. Cromwell with one son visited Northern France, Belgium, Switzerland, and Holland in the space of a few days' time. He had breakfast in Amsterdam and luncheon in London on the same day.

Mr. Gannett, a well-known New England man, has done almost all his travelling by aeroplane since coming to Europe, including a comprehensive trip through England, Mr. Otto Kahn, the banker, often uses the London-Paris airways. In another five years, so the American enthusiasts say, tourist travel in Europe will be revolutionised by the aeroplane.

FUNERAL OF MR. KINGHAM

Father of Mrs. Sidney Johnston Buried at Victoria Yesterday

VICTORIA, Sept. 7.—The funeral took place here yesterday of Joshua Kingham, one of Victoria's prominent citizens who passed away on Friday last following the failure of a surgical operation at the Mayo Brothers clinic at Rochester, a few months ago.

Mr. Kingham has always taken a keen interest in public life. He has been president of the Board of Trade and has always been prominent in political and business affairs. For nearly 30 years he was engaged in the coal business in the capital but his business interests went far beyond that and he was always willing to take a chance where the development of the city seemed likely to follow.

As a politician he was not tied hard and fast to any party. At one time he was president of the Liberal Association and took part in many a campaign but during the war he forsook his party allegiance, believing it to be in the interests of the country and of the Empire and backed Dr. Talmie, along with most of the Liberals of Victoria. He was a prominent member of the Rotary Club.

Mr. Kingham was the first elected ruler of the Elks in Victoria. He backed the professional baseball team, took a keen interest in all kinds of sports and of late had taken up golf. He is survived by a widow, a son and two daughters, one of whom is Mrs. Sidney Johnston of Prince Rupert.

ANOTHER ATTEMPT FORMULATE TREATY IN REGARD TO FISH

Washington Authorities to Meet Canadians at Vancouver Next Week.

SEATTLE, Sept. 7.—Invitation to join them in a conference to discuss the British Columbia fish situation and the unratified salmon treaty between the United States and Canada has been extended to fisheries officials of Washington and the State Fisheries Board by a commission recently appointed by the Canadian Parliament. The meeting will be held at Vancouver, B. C., September 14.

Two previous conferences have been held between Washington fisheries representatives and Canadian commissions with a view of eliminating the features in the salmon treaty drawn up about six years ago with former Secretary Redfield as chief representative of the United States.

SUFFERED YEARS WITH ECZEMA

"Fruit-a-tives" Cleared Her Skin

POINTE St. PIERRE, P.Q. "I suffered for three years with terrible Eczema. I consulted several doctors and they did not do me any good."

Then, I used one box of "Sootha-Salva" and two boxes of "Fruit-a-tives" and my hands are now clear. The pain is gone and there has been no return.

I think it is marvelous because no other medicine did me any good until I used "Sootha-Salva" and "Fruit-a-tives", the wonderful medicine made from fruit.

Made by PETER LAMARRE. 50c a box, 6 for \$2.50. Trial size, 25c. At dealers or sent postpaid by Fruit-a-tives Limited, Ottawa.

but without results. It was because of the protests of the state officials that the treaty was not ratified by the Senate when it was first presented to that body.

Use of Seines Barred.

One particular feature of the treaty that the Washingtonians objected to most strenuously, E. P. Blake, chairman of the State Fisheries Board, said yesterday, was the provision that all fishing for sockeye salmon be done with gill nets, eliminating the use of seines and fish traps.

"Gill nets are essentially river fishing gear and not practical for sound fishing," said Mr. Blake. "Since virtually all the sockeye fishing in British Columbia is done in the Fraser River, where the sockeye salmon run to reach the spawning grounds, the Canadian fishermen using gill nets would get all the salmon."

Another phase of the treaty, which, it is said, heretofore has prevented a complete agreement between the Americans and Canadians, is that affecting the conservation of salmon.

Rejected by Canadians.

To build up Canadian fishing in British Columbia and Washington waters to a point where canneries would be assured an adequate run each year, it was proposed by the Washington representatives at the last meeting of the two fishing bodies that salmon fishing be stopped for a period of five years. This proposal, however, was rejected by the Canadians, Mr. Blake said.

Washington's representatives at the Vancouver conference September 14 will consist of the three members of the State Fisheries Board, Edward P. Blake, Seattle chairman; Capt. H. Ramwell, Everett, and E. A. Simms, Port Townsend, and Ernest Seaborg, state supervisor of fisheries. The party will leave Seattle September 13 and will motor to Vancouver.

HUNTING SEASON WILL SOON OPEN

Deer Season Commences on Sept. 16 Closing Dec. 15—Birds Sept. 9 to Dec. 24.

The hunting season for deer and birds will soon be open in the district. Many hunters will go out for geese and duck on Saturday. New bulletins setting forth the dates for legal shooting have just been received by the provincial police and are being posted today.

The deer season, for bucks only over one year old with the exception of Queen Charlotte Islands in the north, opens on September 16 continuing until December 15.

The season for mountain goat over one year old, started on September 1 and continues till December 15.

The big game bag limits are: Goats, 2; deer, 3 (bucks only); geese, 4; other species of deer, 3.

Fur bearing animals, except beaver, may be trapped from December 15 to March 31, 1923, the open season for beaver being February 1 to March 31, 1923.

Game Birds.

The open season for the various game birds in this district will be as follows:

Blue Grouse—September 23 to October 31.

Willow Grouse—October 14 to October 31.

Ducks, Wilson or Jack Snipe, Black Breasted and Golden Plover, Greater and Lesser Yellow-legs, September 9 to December 24.

Geese and Brant—September 9 to December 24.

Bag limits are as follows: Grouse, 6 in one day, not more than 12 of all species, 50 for season; Ducks, 20 in one day, 150 for season; Geese and Brant, 10 each in one day, 50 for season; Wilson or Jack Snipe, 25 in one day, 150 for season; Black-breasted and Golden Plover, Greater or Lesser Yellow-legs, 15 in one day, 150 for season in aggregate.

The open season declared by the regulations does not apply to Kaien Island where there is a perpetual close season.

Prohibitions.

It is unlawful to kill at any time: waterfowl, ducks, wood-ducks, swan, cranes, curlew, band-tailed pigeons, willets, godwits, upland plover, avocets, dowitchers, knots, oyster-catchers, phalaropes, stilts, surf birds, turnstones, and all shore birds not provided for with an open season as above; to kill at any time: gulls, auks, aukslets, fulmars, gannets, grebes, guillemots, gulls, herons, jaegers, loons, murres, petrels, puffins, shear-

CANADIAN NATIONAL RAILWAYS. WESTERN LINES. TENDER FOR TIES.

Sealed tenders addressed to the undersigned and endorsed "Tender for Ties" will be received at this office until twelve o'clock noon, Saturday, 16th day of September, 1922, for 4,500,000 Railway ties to be manufactured from timber cut between October, 1922, and May, 1923, and delivered between December 1st, 1922, and September, 30th, 1923, on Canadian National Lines West of Armstrong and Port Arthur, in accordance with the specification No. 3845 dated March 18th, 1919.

1,000,000 to be delivered on Canadian National Lines between Armstrong and Winnipeg.

500,000 to be delivered on Canadian National Lines between Port Arthur and Winnipeg, excluding lines in Minnesota.

100,000 to be delivered on Canadian National Lines in Minnesota.

200,000 to be delivered on Canadian National Lines West of Winnipeg in Manitoba and Saskatchewan.

500,000 to be delivered on Canadian National Lines between Red Pass Junction and Port Mann.

1,100,000 to be delivered on Canadian National Lines between Red Pass Junction and Endako.

500,000 to be delivered on Canadian National Lines between Endako and Terrace, B.C.

Tender forms and Specifications can be obtained at the office of the General Tie Agent, Room 211 New Union Station, Toronto, J. B. Parkin, District Tie Agent, Winnipeg, Man., or C. C. Labrie, Purchasing Agent, Vancouver, B.C. Tenders will not be considered unless made on form supplied by the Railway Company.

No tender for quantities less than 5,000 ties will be considered.

The lowest or any tender not necessarily accepted.

Arrangements will be made through the District Tie Agent—J. B. Parkin, Winnipeg, to purchase ties produced in small quantities by actual settlers from their own lands.

W. H. GRANT, General Tie Agent, Canadian National Railways, Toronto.

Toronto, August 9th, 1922.

TIMBER SALE X 4181.

Sealed tenders will be received by the Minister of Lands at Victoria, not later than noon on the 21st day of September, 1922, for the purchase of Licence X 4181, to cut 500,000 feet of fir, hemlock and cedar, on an area on the East side of South Bentinck Arm, Range 3, Coast Land District.

One (1) year will be allowed for removal of timber.

Further particulars of the Chief Forester, Victoria, B.C., or District Forester, Prince Rupert, B.C.

Another PRICE Suggestion Doughnuts and Crullers

DOUGHNUTS! There is nothing more wholesome and delightful than doughnuts or crullers rightly made. Their rich, golden color and appetizing aroma will create an appetite quicker than anything else in the world.

Here are the famous Dr. Price doughnut and cruller recipes:

(All measurements for all materials are level.)

DOUGHNUTS

- 3 tablespoons shortening
- 1/2 cup sugar
- 1 egg
- 1/2 cup milk
- 1 teaspoon nutmeg
- 2 cups flour
- 4 teaspoons Dr. Price's Baking Powder

Cream shortening; add sugar and well-beaten egg; stir in milk; add nutmeg, salt, flour and baking powder, which have been sifted together and enough additional flour to make dough stiff enough to roll. Roll out on floured board to about 1/4 inch thick; cut out. Fry in deep fat hot enough to brown a piece of bread in 60 seconds. Drain on unglazed paper and sprinkle with powdered sugar.

DR. PRICE'S CREAM Baking Powder

Made from Cream of Tartar, derived from grapes. Works evenly and thoroughly, adding to the healthfulness and wholesomeness of the food.

MADE IN CANADA

AFTERNOON TEA DOUGHNUTS

- 2 eggs
- 6 tablespoons sugar
- 1/2 teaspoon salt
- 1/2 teaspoon grated nutmeg
- 2 tablespoons shortening
- 6 tablespoons milk
- 2 cups flour
- 3 teaspoons Dr. Price's Baking Powder

Beat eggs until very light; add sugar, salt, nutmeg and melted shortening; add milk and flour and baking powder which have been sifted together; mix well. Drop by teaspoons into deep hot fat and fry until brown. Drain well on unglazed paper and sprinkle lightly with powdered sugar.

CRULLERS

- 4 tablespoons shortening
- 1 cup sugar
- 2 eggs
- 3 cups flour
- 1 teaspoon cinnamon
- 1/2 teaspoon salt
- 3 teaspoons Dr. Price's Baking Powder
- 1/2 cup milk

Cream shortening; add sugar gradually and beaten eggs; sift together flour, cinnamon, salt and baking powder; add one-half and mix well; add milk and remainder of dry ingredients to make soft dough. Roll out on floured board to about 1/4 inch thick and cut into strips about 4 inches long and 1/2 inch wide; roll in hands and twist each strip and bring ends together. Fry in deep hot fat. Drain and roll in powdered sugar.

SHELL SHOCK ELIMINATED

No Longer Recognized in England.

LONDON, Sept. 6.—If Great Britain should have the misfortune to be engaged in another big war, it is safe to predict that no cases of "shell shock" will appear among her list of casualties. The first recommendation of the War Office Committee on Shell Shock, whose report has just been published, is that the term should be cut out of the official language.

"War Neurosis," is considered to be the best general term. "Shell Shock" is declared to be wholly misleading, because it occurred to patients who had never been even within hearing of a shellburst.

"It is no surprise to find that the general lay conception of the term was very loose and ill-formed," the committee state. "There was such anxious solicitude during the war as to the incapacitated, and such was the appeal of the term 'shell shock' that this class of case excited more general interest and sympathy than any other, so that it became a most desirable complaint from which to suffer."

Mental Breakdown. "No case of psycho-neurosis, or of mental breakdown, even when attributed to a shell explosion, should be classified as a battle casualty any more train sickness or disease."

"In many cases," say the committee, "it is extremely difficult to distinguish cowardice from neurosis, since in both fear is the chief causal factor."

Colonel Stubbs, D.S.O., expressed the opinion that efforts should be made to get rid of the idea especially prevalent among young soldiers, that it was disgraceful to feel scared when in action.

"I do not know, but I think I was in an awful funk the whole time," he told the committee, "and I think most people were. If the young soldier were given to understand that everybody is very much afraid and that it is a natural condition to be in, but he should overcome it, and if he were told also about the effect of shells and that it was up to him to control himself I think it would have some effect."

Only a brave man will voluntarily acknowledge that he was very much frightened during the war.

FLY OR SAIL

NEW YORK, Sept. 5.—The White Star Line announces that arrangements have been perfected for passengers from New York on the Majestic, Olympic and Homeric landing at Cherbourg, to complete their journey when desired from that point to Paris by airplane. Tickets for the trip will be sold on the steamers. Two types of planes are used, one making the journey in two and a half hours, the other in two hours. The average time by train is 7 hours.

WANTS CHURCH BELLS.

WARSAW, Sept. 6.—Poles are complaining that Soviet Russia is slow in making restitution in kind. Up to the end of 1915 the Russians had taken away 20,000 church bells. They were ordered to return them. Up to the present time only 63 have come back.

AEROPLANE RACE ON FRIDAY NEXT

Number of Entries for King's Cup at Croydon, England, This Week.

LONDON, Sept. 5.—The regulations for the "Circuit of Britain" flying handicap, for which the King has given a cup, have been issued by the Royal Aero Club, which is conducting the race.

The race will commence Friday, September 8, and will conclude the following day. The course will be approximately 850 miles, starting and finishing at the Waddon Aerodrome, Croydon.

Competitors must land at certain control stations, and the airplanes will be handicapped on a time allowance basis for the complete circuit, a proportion of the total time handicap to be allotted to each section.

Entrants and pilots must be British subjects, and the airplanes, including the engines, must be entirely constructed in the British Empire. The entrance fee is £25.

Officials of the club say that entries have been promised by the Duke of Sutherland, President of the Air League; Lieutenant-Colonel Frank K. McClean, vice-chairman of the Royal Aero Club; Sir Samuel Instone, Instone Air Line; Sir Henry White Smith, Bristol Aeroplane Co., Ltd.; A. V. Roe, H. Scott-Paine, and A. S. Butler. Many well-known aircraft manufacturing companies are preparing machines for the race.

HOOTCH IS FOUND BENEATH THE FLOOR

Edmonton Police Discover Nice Little Cellar Under Hotel

EDMONTON, Sept. 2.—The second largest liquor raid of the year was pulled off when the morality squad under Detective Sergeant Petheram assisted by Inspector Fraser and uniformed men, discovered a cache of alcohol, whiskey, coloring and bottling apparatus under the floor of the St. Elmo hotel. Although this place has been under police observation for some time, and two or three raids have been carried out in the past no evidence had previously been secured owing to the innocent appearance of the hiding place.

When the squad broke into a small bedroom leading from the hotel kitchen, they found nothing suspicious, but were intent upon making a thorough investigation, as illicit liquor had undoubtedly come from the premises. Eventually they removed a bed and found two thicknesses of linoleum on the floor; taking these up a double trap door was seen and when these were opened a small compact cellar practically filled with contraband met their gaze. The stuff was confiscated and taken to police headquarters.

WHEAT CROP ESTIMATE BY BANK OF MONTREAL

Yield Will be 350,000,000 Bushels With Oats 300,000,000

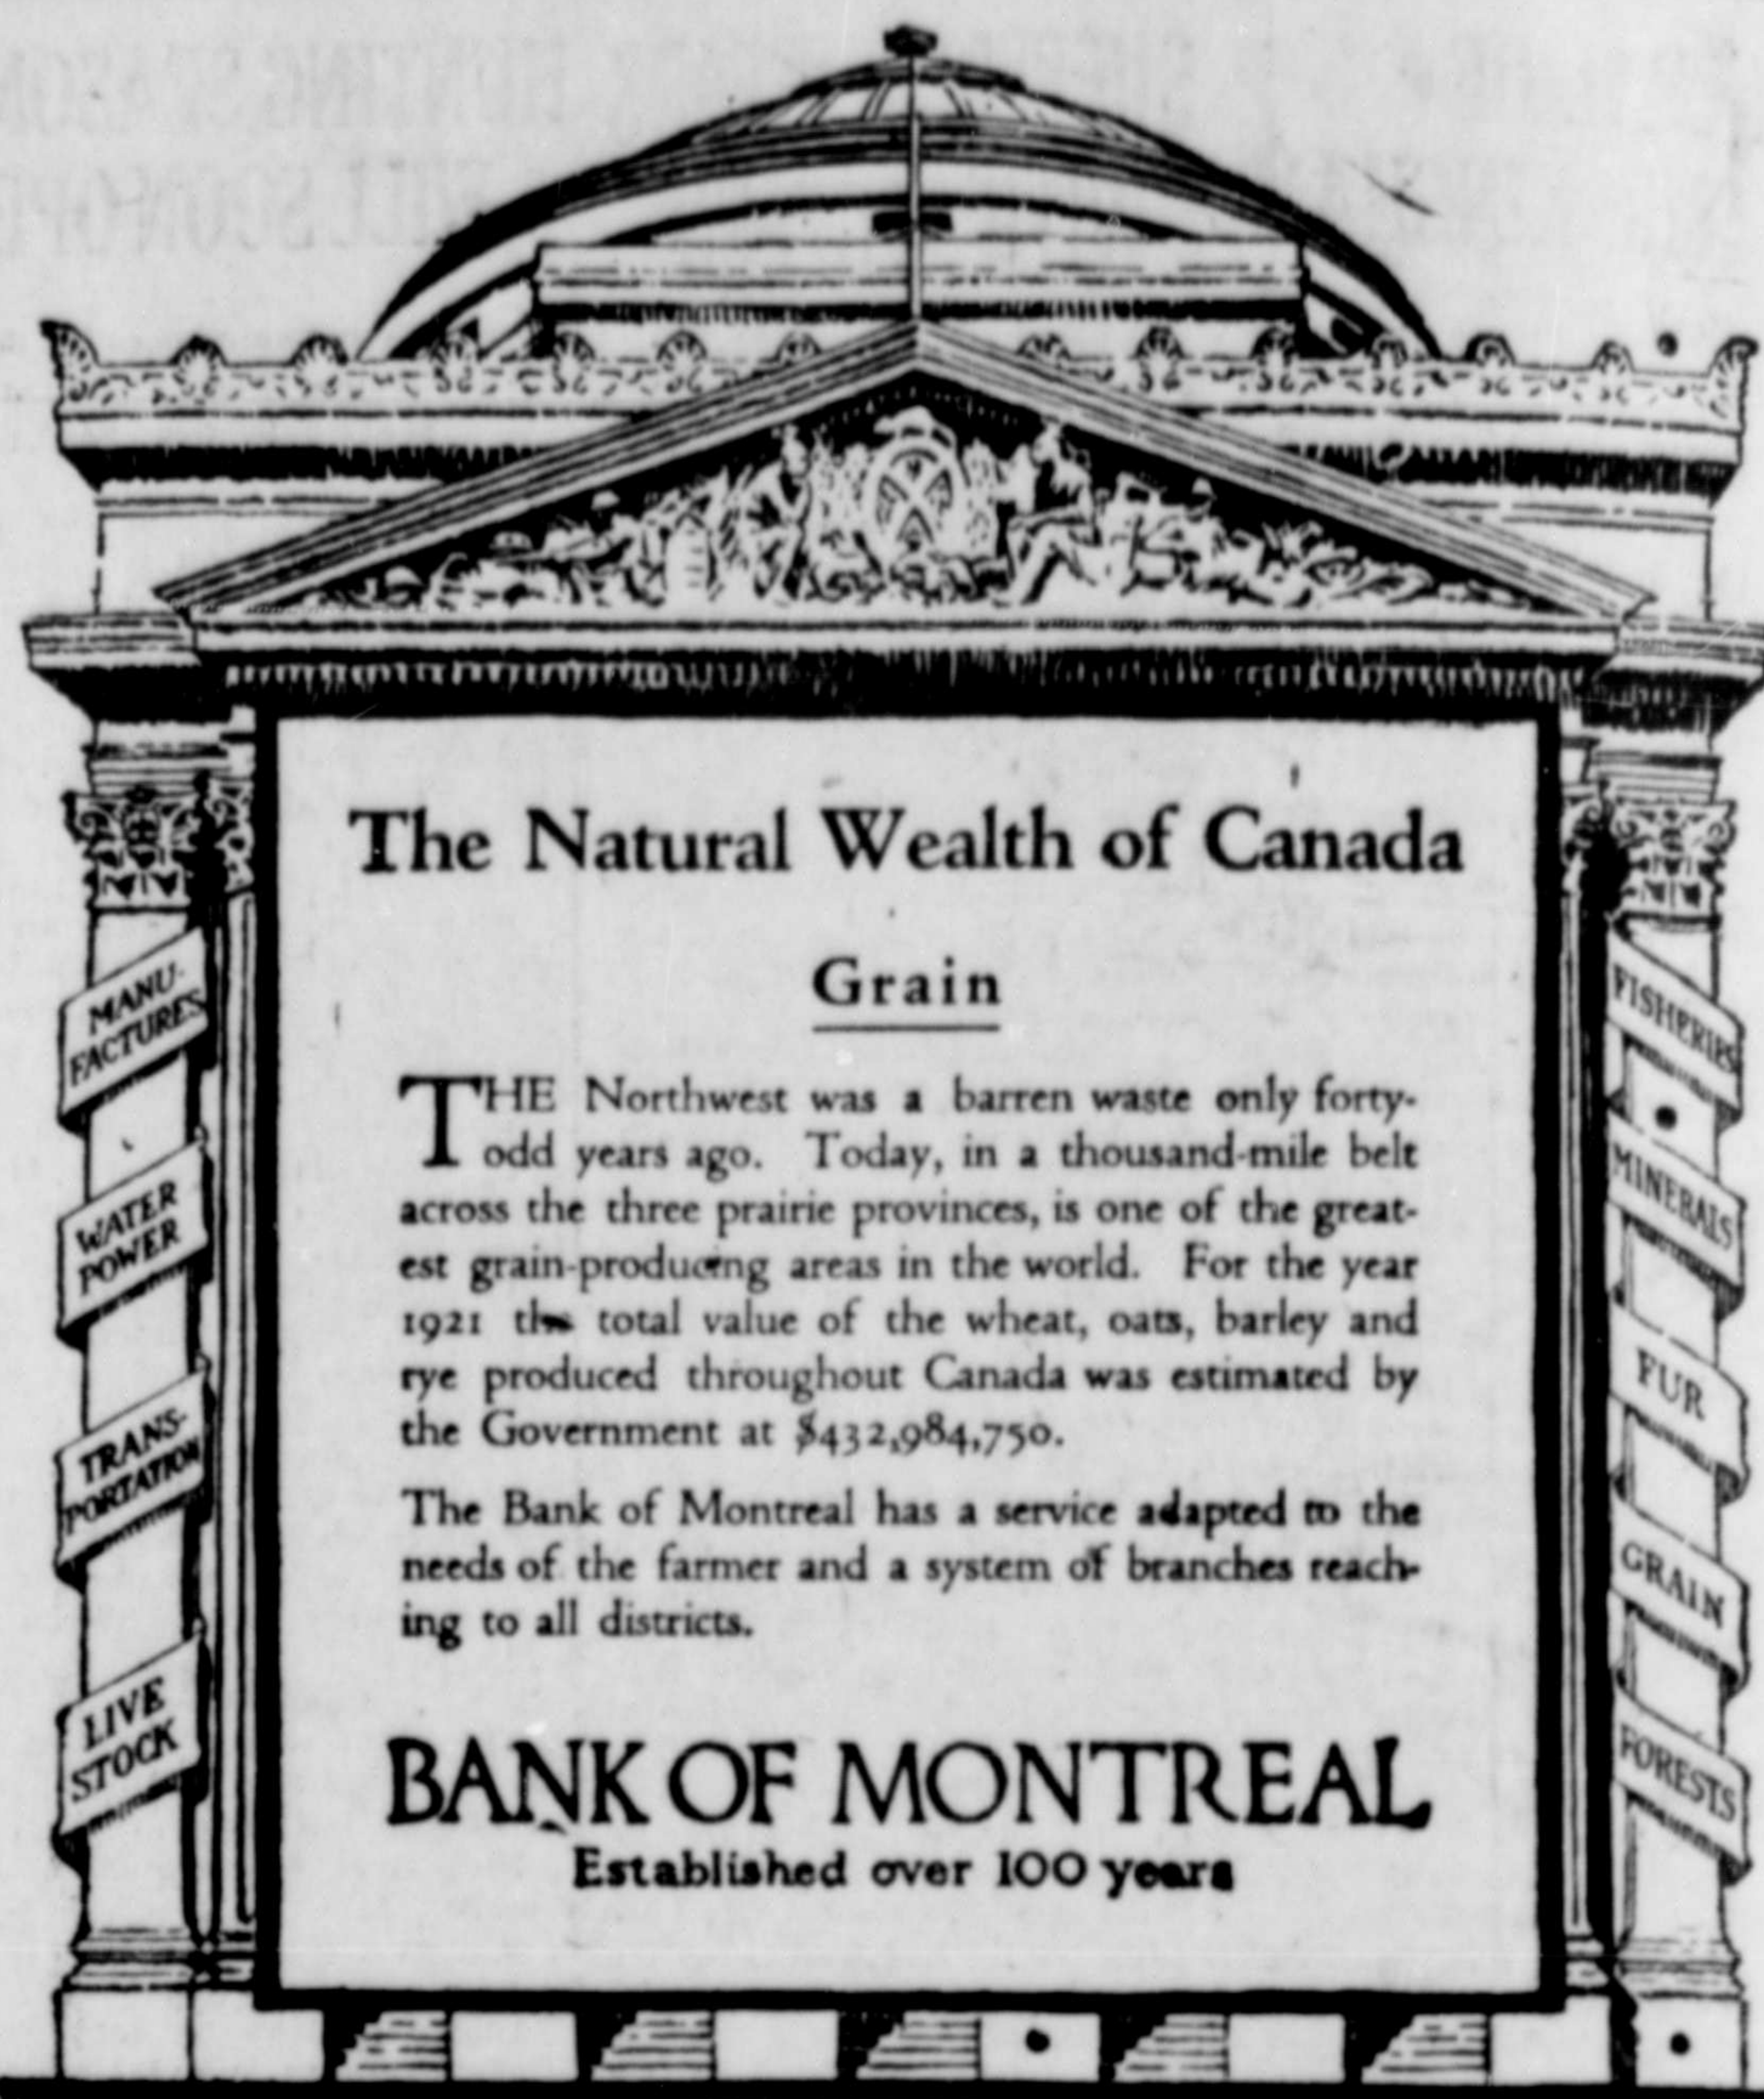

Recent estimates of the wheat crop in the Prairie Provinces put the yield at 350,000,000 bushels as compared with 260,000,000 in 1915; 234,000,000 in 1920; 280,000,000 in 1921, says the Bank of Montreal report. The oat crop is estimated at 300,000,000 bushels. New wheat is moving rapidly and the grade is exceptionally high. Other grains are grading well, especially rye.

The Alberta wheat yield is estimated at 13 bushels per acre, total 82,000,000; Saskatchewan average 17 bushels, total 247,000,000; Manitoba, 20 bushels average, total 61,000,000.

In Ontario threshing operations show good yields and conditions generally excellent. Quebec crops are better than for some years. Rains have delayed harvesting in the Maritime Provinces. In British Columbia conditions have improved.

ALASKA PULP MILL.

News has been received by the Alaska Bureau of the Chamber of Commerce that owing to the reduced freight rate obtained recently for the manufactured product operations have been resumed at the Speer River, Alaska, wood pulp plant of the Alaska Pulp and Paper Company. A rate of \$3 a ton on wood pulp to Puget Sound from the Speer

The Natural Wealth of Canada

Grain

THE Northwest was a barren waste only forty-odd years ago. Today, in a thousand-mile belt across the three prairie provinces, is one of the greatest grain-producing areas in the world. For the year 1921 the total value of the wheat, oats, barley and rye produced throughout Canada was estimated by the Government at \$432,984,750.

The Bank of Montreal has a service adapted to the needs of the farmer and a system of branches reaching to all districts.
