# 430 Men are Employed Premier Mine

## WHISKEY ROBBERY DISCOVERED TODAY BY CHIEF OF POLICE

### Premier is One of Biggest Mines in World Says Wood President Owning Company

"The Premier may not be the biggest mine of its kind in the world, but it is one of the biggest," declared R. W. Wood, president of the Premier Gold Mining Company, who left last night for Vancouver on the Prince Rupert after visiting the mine and making a thorough inspection of the property.

Mr. Wood says they will ship regularly 3000 tons of ore a week to the Tacoma smelter and 2500 tons a week to the smelter at Atiyox, the former valuable high-grade and the other lower grade suitable for handling at that place. All this is brought

### 98 PER CENT AMERICANS SATISFIED

Ireland Gained Everything for Which Been Fighting, Says Croker.

DUBLIN, Feb. 24.—Richard Croker, former Tammany leader, in an interview said he knew 98 per cent. of the people of the United States were in favor of the Irish treaty. He himself believed Ireland had gained practically everything they had fought for in the past 700 years.

### BIG QUANTITY OF FISH TODAY

Of 261,000 Pounds Offering, 163,000 Pounds Was Marketed Here—Rest Goes to Seattle.

There was a big list of fishing schooners offering halibut for sale at the Exchange this morning and the price took a considerable drop, ten cents being the prevailing figure for first class fish. There was a total of 261,000 pounds in and of this quantity 98,000 pounds left for Seattle leaving 163,000 pounds to be handled here.

The arrivals were as follows: Imperieuse, 9000 pounds; Dorreen, 13,000 pounds, sold to the Royal Fish Co., at 10.6c and 1c; Minnie V., 6,000 pounds; Cape Spence, 7,000 pounds, and Thelma, 9,000 pounds, sold to the Canadian Fish and Cold Storage Co. at 10.5c and 1c.

Sherman, 18,000 pounds, and Adeline, 7,000 pounds, sold to the Atlin Fisheries at 10.5c and 1c.

Flora & Margaret, 12,000 lbs.; Westfjord, 5000 pounds, and Reliance, 8,000 pounds, sold to the Booth Fisheries Canadian Co. at 10.1c and 1c.

Chancellor, 9000 pounds; Johanna, 12,000 pounds, and Athi, 4,000 pounds, sold to Pacific Fisheries at 10.2c and 1c.

Inez H., 10,000 pounds, and Livingstone, 13,000 pounds, sold to the Pacific Fisheries at 10.3c and 1c.

Reveille, 8000 pounds; Pair of Jacks, 15,000 pounds, sold to the Canadian Fish and Cold Storage Co. at 10.6c and 4.5c.

Summer, 50,000 pounds; Discovery, 22,000 pounds; Discovery, 6,000 pounds; Nidaros, 14,000 pounds; and Valid, 6,000 pounds, cleared for Seattle.

HONOLULU, Feb. 24.—The Japanese universal suffrage bill was defeated in the Diet by 288 to 159, says a despatch from Tokio.

+++++  
FEAR BIGGER PLAN  
MAY KILL LIBRARY  
+++++

The Library Association is fearful that the proposal to erect a modern library building as a cost of approximately \$80,000 will have the effect of killing their bylaw for the establishment of the library, which is a much more modest effort. They point out that one of the provincial government buildings might be secured later to house the library and in the meantime what they want is the books and the librarian. They will ask that the bylaws be kept separate.

### CONFISCATED SHIPS BROUGHT LARGE SUM

Lord Inchcape Reports on Sale of Former German Craft—\$20,076,216 Realized.

LONDON, Feb. 24.—Lord Inchape's report on the sale of former German ships on behalf of the Allied Reparation Commission shows that 418 ships with a total tonnage of 2,500,000 were sold for \$20,076,216. The expenses of sale averaged about 12½ per cent.

### REMAINING CAPTIVES ARE TO BE RETURNED

DUBLIN, Feb. 24.—The nine remaining Ulster captives who were kidnapped recently will be released today. They are mostly special constables.

### MORE SAVINGS

Recommendation for Cutting Down Expenditures in British Government.

LONDON, Feb. 24.—The third report on national expenditures by the economy committee recommends a further saving of £8,782,300 principally in the colonial and revenue departments. They had already recommended the reduction of the army and navy and other estimates saving an immense sum.

### WAR INDEMNITY NOT RECEIVED

Not a Penny Yet Comes to Britain the Chancellor Tells Commons.

LONDON, Feb. 24.—Great Britain has not yet received a penny of war indemnity from Germany. The House of Commons was told by Sir Robert Horne, chancellor of the exchequer yesterday. The cost of maintaining the forces of occupation, however, amounting to more than a billion marks has been repaid to the extent of 970,000,000 marks. Of this sum £2,640,000 has been paid to Australia.

DAUGHTER OF SLAIN MOVIE DIRECTOR.

Los Angeles police authorities, who are trying to solve the mystery that surrounds the death of William Desmond Taylor, motion picture director, who was found slain in his Hollywood bungalow, have opened up several chapters of the director's past life which he kept hidden to all but himself. It has just been learned that the slain director left a wife and child in 1908. Previous to entering the motion picture realm he was known as William Cunningham Deane-Tanner, an art dealer. He entered movies under an assumed name (that of Taylor). He sent his daughter, Ethel Daisy Deane-Tanner shown above, to a school at Mamaroneck, N. Y.

### Whiskey is Stolen From Bonded Warehouse First Ave. Owned by O. Besner

Thirteen cases of Scotch whisky, valued at \$214.50, was stolen from Olier Besner's bonded warehouse on First Avenue East some time during last night.

The robbery was discovered this morning at 10 o'clock by Chief W. H. Vickers of the city police, who happened to be passing the premises. He noticed that the door of the warehouse was open and, on further examination, found that the padlock and staple had been pried off the building. He notified Mr. Besner, who ascertained the extent of the robbery. At 10 o'clock last night, Mr. Besner said, the place had been locked up and everything was intact.

The police are working on the case, but there is no clue as to the person or persons committing the robbery. There is also no undue suspicion against anyone up to the present time.

### NO CANADIAN REPRESENTATIVE

High Commissioner Not Yet in England to Attend the Royal Wedding.

### AGENTS-GENERAL GOING.

LONDON, Feb. 24.—Seemingly no instructions have yet been received as to who is to officially represent Canada at the royal wedding on Tuesday. There is no high commissioner here, P. C. Larkin not having yet arrived.

A dozen tickets for the abbey have been sent to the high commissioner's office for distribution among Canadians. The recipients include the four provincial agents general, Lady Nanton of Winnipeg, Hon. J. D. Reid and Lady Schreiber.

The colonial office is extending accommodation to many overseas visitors to witness the procession from the windows.

### RETIRING OFFICER IS EXONERATED ON SHOOTING CHARGE

BELFAST, Feb. 24.—Leslie Huddeson, a retired British officer, was today exonerated on a charge of shooting Lieut. Duffy of the Irish republican army on Wednesday. The evidence showed that Huddeson merely fired back when shots were fired through the door of his house by Duffy's party.

### MINISTER TO SECURE ELECTION WITHOUT CONTEST IN QUEBEC

MONTREAL, Feb. 24.—Discussions from LaChute this morning indicate that the Conservative convention this afternoon will concede the election of Hon. Charles Stewart, minister of the interior, by acclamation in Argeuil.

### EXAMINE ICE OF SKEENA R.

Engineer for Pulp and Paper Company to Visit Skeena Crossing.

H. P. Crowe, resident engineer for the Prince Rupert Pulp and Paper Co., accompanied by E. F. Duby, is leaving tomorrow for Skeena Crossing to make an examination of site for the transmission line in connection with the ice flow on the river, this information having been requested by the Dayton office which he represents.

Wendell Farris, representing the pulp company, is at present at Dayton, Ohio, discussing the affairs of the company with the Meade Engineering and Development Company.

### REDISTRIBUTION RESULT CENSUS

B.C. Gains One Member, Possibly Two; Prairie Provinces Get Eleven More.

OTTAWA, Feb. 24.—Since Canada's population stands at 8,772,631, as ascertained in last year's census, there will be 245 members in the next House of Commons. This will be an increase of ten members over the present representation. The figures are still, however, subject to revision and final returns may make changes, especially in British Columbia. At present that province gains one member, but there is a possibility that the final count may give it another. The Maritime Provinces lose one member, Quebec is unchanged and Ontario gets a decrease of one.

The big gain comes in the prairie provinces where there will be eleven new constituencies. The Yukon may lose its representation altogether, for the present census shows a population of 4,132 as compared with 8,512 in 1911.

### UNEMPLOYED LESS IN GREAT BRITAIN

Relief Schemes Are Benefiting Many—Minister of Labor Makes Report.

LONDON, Feb. 24.—The Minister of Labor states there are approximately 1,890,000 unemployed persons registered in Great Britain. The figure shows a decrease of 44,000 in five weeks. Unemployment schemes are benefiting 427,100 men.

### BANK TELLER IS ARRESTED

Planned the Robbery of Postmaster Who Lost \$6000 a Week Ago.

WINDSOR, Ont., Feb. 24.—Severn LaForet, 24 years of age, teller in the Tecumseh branch of La Banque Provinciale, is under arrest here. According to the Windsor police he has confessed to planning the holdup of Herbert Jacobs, postmaster at Tecumseh, who was robbed a week ago of \$6000. The confession implicates five others.

### SCHOOL BOARD FAVORS NIGHT SCHOOLS HERE

Informal Meeting Last Night With John Kyle, Organizer—Equipment Here Is Good.

There was not a quorum at the conference of the school board with John Kyle, organizer of night schools, and technical training, last night, but the matter of starting night classes was gone thoroughly into and the members who were present will, as a committee, report favorably at the next formal meeting of the board. Dr. Kergin, Mrs. Ling, J. C. McLennan and L. W. Patmore were present in the course of the meeting, but Dr. Kergin had to leave early and Mr. Patmore was late in arriving.

Mr. Kyle expressed himself as being highly pleased with the domestic science and manual training facilities in this city and said there were none better in the province. He will be pleased to recommend to the provincial government that half the cost of the equipment be paid as provided for under the act.

### PETER VERIGIN PLAN IS HOAX

So Say Provincial Police Who Investigated Conditions and Interviewed Principals.

VICTORIA, Feb. 24.—The provincial police say that Peter Verigin's statement about the proposed slaughter of the Doukhobor children is a hoax. Police investigators have been busy during the last two days at Brilliant studying conditions. They have been assured by Verigin that he has no intention of slaughtering any children.

The investigators have telegraphed reports to Superintendent McMynn of the provincial police saying they have interviewed Verigin and Koftinoff, who say their statements to the newspaper were not explained fully enough. "There is no cause for alarm. All is quiet at Brilliant," said the police wire.

### ACTION TAKEN UNSEAT MEMBER

Charges Made in Connection with Election Expenses of R. M. Johnson, Moose Jaw.

MOOSE JAW, Feb. 24.—Alleging illegal practices in the making up of a statement in connection with election expenses, action was started on Thursday to unseat R. M. Johnson, the Federal member-elect for Moose Jaw. Johnson states that there is nothing in the charges and that he is prepared to refute them. He is a Progressive.

### VISCOUNT HARcourt DIED LAST NIGHT

LONDON, Feb. 24.—Viscount Harcourt died last night, aged 59 years. He was the son of the late Sir William Vernon Harcourt, the British statesman. He served as privy councillor, first commissioner of works and secretary of state for the colonies.

**Boat Service  
for North Coast.**

The double boat service is to commence early this year, perhaps with the idea that there will be a northward move early in the season. Undoubtedly there will be a good deal doing here even before May 8, the date set for the commencement of the double service by the G. T. P. The move to Stewart alone will be such as to make a considerable amount of business on the steamers. With the Premier mine working steadily, the Silverado shipping steadily, many properties shipping in a small way and others being developed, Stewart will be one of the busiest spots on the coast.

**Immigration to  
This Country.**

A press despatch from London yesterday intimates that Canada has not been getting her fair share of settlers from that country, especially in connection with the families assisted by the British Government. Australia having secured most of them. Australia has plenty of vacant lands, but so has Canada. It is to be hoped that the Liberal Government at Ottawa will initiate a policy of immigration from the British Islands which will provide that Canada shall have an opportunity to fill up her own vacant lands with men and women from that country as well as from the other European countries.

Labor organizations are apt to take rather a narrow view in regard to this matter. They fear that the introduction of workers from the old country will crowd the labor ranks here and cause lower wages and consequently more difficult conditions. In that view they are to some extent justified. At the same time it must not be forgotten that in the settling of the vacant lands there must be men of other lines of labor come here as well. The chief difficulty is that often the life on the land is so little attractive that those who come here to settle on farms leave and drift to the cities, where they crowd the labor market.

If Canada is to share in the period of expansion which is enjoyed by other Dominions she must not be too squeamish about who is to come here as long as they are men and women who are capable of pioneering and who are likely to make good citizens.

**Payroll at Stewart****Encouraging to Town.**

There is a big payroll at the Premier mine and this is likely to continue, but much of the money earned is spent on the American side at the town of Hyder. This can not be helped, because the road from Premier to Stewart passes through Hyder. What is desirable now is to open up the mines on the Canadian side of the boundary, which will take business the other way. The whole of the district benefits more or less from the development of a part of it. There is fairly free interchange across the boundary and Stewart should very soon become a hive of industry.

**New Generation  
Is Growing Up.**

The loss of the old-timers, such as John Keen, clerk of the Legislature, who passed away at Kaslo, reminds us that the old veterans of pioneer days will soon all be gone and the new generation will become old-timers. With each generation there is a change, usually for the better, although we miss the sturdiness of the pioneer.

In this community we are losing from time to time men like the late Pat Carey and others who were in the country before many of us were born. We are changing fast and it is wise for the older members of the community to try to keep pace with the spirit of the times, steady it sometimes; perhaps, but not holding back too much.

In the mad rush of commercial life it is well for us not to forget what the pioneers did for the country. They were the men and women who paved the way for others who come in and reap the reward.

**No Sum Too Small**

We cordially invite small deposits and will gladly extend every service in crediting such sums to your account. We welcome deposits of even \$1.00 a week, which, with interest at 3% compounded semi-annually, totals \$280.26 in five years.

**WHAT CAUSES SO MUCH SICKNESS****Constipation Responsible for 90% of Disease****"FRUIT-A-TIVES" Corrects It**

It is generally recognized among the medical profession that *Constipation or Insufficient Action of The Bowels, produces more disease than any other one cause*. Constipation is responsible for at least 90% of the disease in the world today—because Constipation is responsible for the Indigestion and Dyspepsia—the nervousness, Insomnia and Rheumatism—the Eczema and other skin troubles—the Headaches and Backaches. Why is this?

As you know, it is the duty of the bowels to carry off the waste matter in the system. If the bowel muscles are weak or the liver inactive, then this waste matter remains in the body and poisons the blood. As a result, every organ in the body is poisoned by this waste.

*"Fruit-a-tives" has been wonderfully successful in relieving Stomach Troubles, Nervous Troubles, Liver Troubles, Kidney Troubles, Skin Troubles and Blood Troubles, because "Fruit-a-tives" positively and emphatically relieves Constipation. "Fruit-a-tives" will always relieve Constipation, even though the trouble has been chronic for ten, fifteen and twenty years. Thousands of grateful users proclaim "Fruit-a-tives" the greatest remedy for Constipation that the world has ever known.*

50¢ a box, 6 for \$2.50, trial size 25¢. At dealers or sent postpaid by Fruit-a-tives Limited, Ottawa, Ont.

**Ten Years Ago  
in Prince Rupert**

February 24, 1912.

Mayor S. M. Newton and City Solicitor E. Peters, K.C., returned last night on the Camosun from Victoria, where they went in connection with city business.

The old city hall on the G. T. P. reserve is a scene of great upheaval today. Following the recent notice given by the railway company to vacate, the city staff are removing their departmental belongings to the temporary premises in the new fire hall on Fulton Street.

The Prince Rupert Amateur Dramatic Society last night elected officers as follows: President, L. Bullock-Webster; vice-president, F. A. Ellis; treasurer, Miss Marion B. Johnston; secretary, E. Flexman; executive, Miss Thompson, Miss Fulton, Mrs. Hubert Ward, L. Crippen and George Fitzmaurice.

**BIRTHDAY OF MISS ELIZABETH CASH WAS CELEBRATED AT PARTY**

Yesterday afternoon from 4 to 9 o'clock a jolly little party was held at the home of Mr. and Mrs. W. J. Cash, Summit Apartments, the occasion being the tenth birthday of their daughter, Elizabeth.

The rooms were artistically decorated, the George Washington color scheme being carried out and small hatchets used as place cards. Games and dancing were greatly enjoyed by the little guests among whom were: Eleanor Palmore, Dot Patmore, Lorna McLaren, Kathleen Bulger, Ella Steen, Mary Allistone, Dorothy Styles, Mildred Lindsay, Barbara Peyton, Lillian Peyton, Edna Little, Victoria Krikovsky, Eleanor Title, Margaret McLachlan, Beatrice Cash, Elizabeth Cash and Billie Knight.

**PAINTERS ARE CHEAP.**

Patron of the Arts—"Eighty-five francs? That's rather expensive for the work of a painter who's still alive."

Art Dealer—"Well, you might give me the money, and I'll see what can be done about it."—Le Matin.

**ROTARY CLUB  
CELEBRATES ITS BIRTHDAY****Banquet Last Night at St. Regis Cafe With Music and Speeches.**

The Rotary Club last night celebrated the seventeenth anniversary of the establishment of the first club by a banquet at the St. Regis Cafe. The wives of the members were guests of the evening and were out in force. A sumptuous repast was put up for the occasion and the members and guests all wearing Rotary caps gave a picturesque touch to the proceedings and at once put everybody at ease. President Duby was in the chair during the banquet, but for the entertainment that followed Dr. Kergin, chairman of the entertainment committee, took the honored position.

There was a good deal of singing of familiar choruses by the gathering and vocal solos by visitors and speeches were frequent but not long. An instrumental quartette consisting of Messrs. Lee, Dickenson, Vaughan Davies and Dr. Bayne played several selections. The soloists were S. K. Campbell, Mrs. Fraser and Mrs. H. L. Campbell, and their efforts were very much appreciated.

**Founding of Club.**

Dr. Grant gave a short account of the founding of the order. He told how Paul P. Harris seventeen years ago with three friends decided to hold regular weekly gatherings at the offices of each consecutively. They had no idea then of initiating a world-wide movement, but the idea spread and today the Rotary clubs encircle the world with 1067 clubs and a membership of over 80,000. The name originated with the idea of rotation of meetings at the different places.

There are no paid organizers for the clubs and they do not go out to seek new members. They could easily increase the numbers but have no wish to do so. No club has yet surrendered its charter.

**Raise Ideals.**

The doctor said that the aim of the organization was to try to raise the ideals of the community and back any important undertakings. No announcement in regard to backing the library plan had been made but the members were bound to help such a movement. He urged that they try to bring about better industrial conditions by the study of industrial problems in the best interests of the community. The motto, as promulgated by Paul Harris, was love, brotherhood, faith. He spoke of the recent efforts to bring about a better international understanding between the nations. The glories of war had gone with the recent struggle. Rotary represented the ideal of a better condition.

Interesting addresses were made and stories told by various members, including President Duby, George Bryant, T. McClymont, Major Sidney Johnson, G. H. Orme, Dr. Bayne, H. L. Campbell, W. Williams, T. H. Johnson, American Consul Wakefield and H. F. Pullen. Several of these spoke on behalf of various centers of Rotary.

The gathering broke up with the singing of Auld Lang Syne.

**ALBERTA GOVERNMENT WILL MAKE STUDY OF CANADA BANKING ACT**

EDMONTON, Feb. 24.—Appointment will be made by the Alberta government, states Premier Greenfield, of some person specially qualified to make particular study of the bank act of Canada. This act is to be brought up this year in the Dominion House. Probably not at the present but at the next session of the House of Commons, and the Alberta Government proposes to make its own presentations as to any amendments it thinks necessary for the protection of the interests of this province.

As to the person to be appointed, the premier said that no decision had been reached as yet, but that it might be someone in the service if some person specially suited to the job were found.

H. S. Munro, general manager of the Grand Consolidated Mining, Smelting & Power Co., passed through the city last night southbound from Anyox to Vancouver.

The General Hospital is a very busy place at present. There are many patients in for treatment and several cases are rather serious. A number of the nurses are also ill.

Mr. and Mrs. George Bryant sailed for the south on the Prince Rupert last night. Mr. Bryant will be back in a couple of weeks but Mrs. Bryant will remain for a longer period visiting.

Albert & McCaffery have made application for a building permit for a two storey warehouse building on Waterfront block F, Lot 2, Gow Bay, for the G. W. Nickerson Co., Ltd. The value is placed at \$2,000.

The Hospital Board was in monthly session last evening in the council chamber. The ambulance matter and finances generally were discussed but no action was taken. The board is awaiting the action of the council in regard to the ambulance.

Captain Griffiths, of Seattle, manager of the Coastwise Steamship Co., which operates the tugs Anyox and Amur and a number of barges in ore carrying in the north, returned south last night after having visited Anyox and Stewart. Captain Griffiths came north on the Anyox a few days ago.

### BIRTHS.

A daughter was born to Mr. and Mrs. William Wakefield, of Seventh Avenue East, at the General Hospital today.

There was born today at the General Hospital to Mr. and Mrs. Charles W. Tasse, of the Mussallien Apartments, a daughter.

## Doctor Said "Keep on Using Zam-Buk"

"My little son was badly scalded by pulling a pan of boiling water over himself," writes Mrs. Albert Sawyer, of Midland, Ontario. "I called in a doctor, but his ointments failed to ease the child's intense pain. I therefore discontinued the treatment and began with Zam-Buk instead."

"The wonderful balm appeared to relieve pain almost immediately, but to make sure I was doing the right thing, I called in a second doctor. When I told him what I was using, he said—'That's right—just keep on with Zam-Buk, there's nothing so good for scalds and burns.'

"As I persevered with Zam-Buk all soreness and inflammation was drawn out of the injuries and new skin gradually formed. It was not long before the scalds—although so extensive and severe—were completely healed."

Zam-Buk obtainable of all chemists and stores, 50c. box, is equally splendid for the treatment of eczema, ulcers, ringworm, piles, varicose sores, poisoned wounds, chaps, cold-sore, chilblains etc.

## BRINGING UP FATHER

## "SHEIK" IS VERY SPECTACULAR

Wonderful Scenes in Photoplay  
to Be Seen Tonight at Westholme.

One of the most impressive features of "The Sheik," George Melford's latest production for Paramount, which comes to the Westholme Theatre tonight, are the many magnificent and spectacular settings in which the various scenes are enacted. These include:

A remarkable conception of a public section of the ancient city of Carthage under Roman rule; a birdseye shot of the city of Biskra, the Monte Carlo of the Algerian Sahara, taken from a minaret with an Arab praying in the foreground; fifteen actual shots about the city of Biskra, especially made for the picture by a representative from Paramount London studio; a picturesquely American oasis, especially constructed on a desert site near Hollywood; a complete Arabian village—the stronghold of the bandit chieftain Omair; and beautiful, exotic interiors, such as the interior of the Sheik's tent, and the desert palace of Omair.

In the Carthage episode, which is a vision in the picture, a very unusual effect is presented. Agnes Ayres, playing the principal feminine role, is shown as the haughty queen who rules the city under Roman domination. When the scene first opens it shows the proud English girl, later to be captured by the Sheik encamped at night among the ruins of Roman splendor in the ancient city. There are broken pillars and crumbling ruins.

Then the girl becomes a Carthaginian queen, the architecture is restored and scenes of splendor, peopled with the royal court, flower girls, harp girls, slaves, centurions and Roman soldiers follow. This vision establishes the haughty, dominant character of the girl, who insists upon taking a journey into the desert, despite her brother's objections.

**FORMER RUPERT MAN TABLES REPORT ON ALBERTA TELEPHONES**

Hon. V. W. Smith, Minister in the Farmer Government, Produces Document in Legislature.

EDMONTON, Feb. 24.—Alberta's publicly owned telephone system is credited with assets totaling \$22,898,223.33 in the annual report of the department tabled in the legislature by Hon. V. W. Smith, minister in charge. Against this there is a bonded debt of \$21,406,880.95, together with a replacement reserve of \$6,660,299.09, a sinking fund of \$459,767.25 and accrued surplus earning not yet transferred to reserve of \$129,744.

Nearly one thousand cities, towns, villages and hamlets are now linked up with the provincial system. The total subscriber lines in operation are 49,517, of which 45,628 are in the northern and 34,489 in the southern division. Calgary has 15,669 subscribers, Lethbridge 1963 and Medicine Hat 1693. Some 6084 rural applicants are on file awaiting service. In the rural branch 2059 miles of poles were added during the year and 4449 new subscribers served. Long distance lines were extended by 482 miles of poles and 6524 miles of wire. The new automatic exchange at North Hill, Calgary, with 1150 subscribers was com-

pleted and the new automatic equipment installed in Lethbridge in the new building. The carrier system of telephone between Edmonton and Calgary is said to be a complete success, this being the first of its kind in Canada and the fifth in the world, making it possible to carry on three distinct telephone conversations over one pair of wires at the same time. Very little new work will be required on the long distance lines in 1922.

**The Man in the Moon**  
SAYS:-

IF this sunshine keeps up the girls will soon be getting out their furs.

A VAMP is a young lady who acts it instead of thinking it.

THE latest song is about life being one long jazzy toddle.

IF a businessman would get in the public eye he might try taking off as much clothes as his wife.

IF you want to get even with the barber wear a long face. That will give him more to shave.

A correspondent wants to know how much is "a whole lot" to pass.

SOME husbands are handsome others are romantic and others yet are good providers. You pays your money and you takes your choice.

A PROBLEM that has been propounded to us and on which we would like a little expert advice is whether it is possible for a woman to prevent her husband kissing the cook by doing her own cooking. Anyone able to solve this knotty problem should send in the contribution accompanied by two bits in coin of the realm to pay the cost of printing the solution.

TIHS continuous flirting with winter is getting rather monotonous. The continuous sunshine gets on the nerves.

**Was Troubled  
With Her Liver  
for over 4 months**

When the liver becomes slow, sluggish and torpid it is not working properly and does not supply sufficient bile to thoroughly act on the bowels and carry off the waste products of the system, hence the bowels become clogged up the bile gets into the blood, constipation sets in and liver troubles follow, among which are sick or bilious headaches, heartburn, water brash, jaundice, floating specks before the eyes, pain under the right shoulder, coated tongue, bad breath, yellow eyes, etc.

**MILBURN'S  
LAXA-LIVER PILLS**  
quickly remove the secretions, clear away the effete and waste matter by acting directly on the liver, and making the bile pass through the bowels instead of allowing it to get into the blood.

Mrs. Alice Mehl, Napavine, Ont., writes:—"I was very badly run down for over four months. I tried several remedies, but got no relief. One day my husband brought me home a vial of Milburn's Laxa-Liver Pills, and before I had used half of it I was much better. I only used two vials and I am a different person today."

"I can safely recommend Laxa-Liver Pills to anyone troubled with liver trouble."

Price, 25¢ a vial at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

## Sport Chat

The billiard handicap at the Prince Rupert Pool Room has now reached the third round and the final is scheduled to be played on Tuesday night. The results of the second round were as follows: D. Brown beat A. McRae; George Waugh beat Jack Suden; Dick Howe beat G. Balagno; S. P. McDermid beat Jack Bond; J. A. Allen beat Sid Hunter; E. Green beat S. L. Warriog; W. Barbour beat D. Wiggin; W. Blythe beat J. Judge. The third round is scheduled in the following pairs: D. Brown vs. George Waugh; Dick Howe vs. S. P. McDermid; J. A. Allen vs. E. Green; W. Barbour vs. W. Blythe. In this round McDermid and Allen have won their games thus eliminating Howe and Green. There are six players left: D. Brown, G. Waugh, S. P. McDermid, Allen, Barbour and Blythe.

Prince George wants to play at home this year for the Northern B. C. baseball championship and the Self Shield. The Leader of that town, speaking of the matter says,

"Last season the local team journeyed to Prince Rupert to take part in the elimination series held there to decide the championship of the north, and succeeded in carrying off that honor. As champions of the north and possessors of the Self Shield (when it arrives) emblematic of the championship, the locals have the right of defending that shield on their home grounds against all who wish to wrest it from Prince George."

Signs are not lacking in England of the reopening of the flat racing season next month. Considerable betting has already been done on the popular spring "Double"—the Lincolnshire Handicap and the Grand National, the first of which, the Lincolnshire, marks the opening of the flat racing season and the latter the premier race in the chasing world. Up to the present the trend of the wagers laid with one big bookmaker, who makes a specialty of these double event wagers, indicate that Leighton, despite his disappointing season last year, after his early promise as a two year old, is the public fancy for the Lincolnshire run on the famous Gartholm at Lincoln on Wednesday, March 22, four outstanding entrants for the Grand National, Always, Southampton, Norton and Shaun Spadah, the latter the winner of the National last year, are coupled with Leighton. Other combinations are Twickenham-Shaun Spadah, Twickenham-Southampton and Polydipsia-Norton. On each of these seven combinations this one bookmaker has laid up to \$100,000.00.

"Don't rush away, old man."

"I must. My wife's sitting up

and if I miss the last train I shall catch it, but if I catch it I shall miss it; that is what I would catch if I didn't catch it, therefore I don't want to miss it because I don't want to catch it, catch on?"—Boston Transcript.

**LAUNDRIES AND CHEMICALS**

The telephone tinkled the other day, and a feminine voice said, "I have been reading your advertising lately, but don't the laundries use chemicals in their washing?"

Yes, we do use chemicals; so does your baker, and so does every housewife when she makes those delicious hot biscuits you enjoy so much.

We shall have more to say on chemicals later; meanwhile, don't you think this is an almost ideal treatment for your flannel and woollen garments?

**First Bath—Use abundance of warm water 100 degs. Fahr.; add neutral soap solution to make a good suds; run 15.**

**Second Bath—Fill machine with water same temperature as first bath (100 degs. Fahr.), run three minutes. Extract in spinning basket five minutes and finish drying at moderate temperature. No wringing, no rubbing, no extremes of temperature, hence no broken buttons or shrinking of your garments.**

This service is at your disposal.

**CANADIAN STEAM LAUNDRY**

Phone 8. (advt.)

A little tickling in the throat; now and then a dry, hacking cough; you think it is not bad enough to bother about, but every hack makes a breach in the system, strains the lungs and prepares the way for more serious trouble.

How many people have lost a good night's rest by that nasty, tickling, irritating sensation in the throat? The dry, harsh cough keeps you awake, and when you get up in the morning you feel as if you had no rest at all.

**DR. WOOD'S NORWAY PINE SYRUP.** is just the remedy you require to stop that irritating, tickling cough on account of its soothing, healing and expectorant properties.

Mrs. P. Johnson, Port Alberni, B. C., writes:—"I have suffered for years, off and on, with a tickling cough. I could not sleep nights and had to sit up in bed to get relief, in fact, I coughed so I used to vomit. I tried different doctors' prescriptions until I heard of Dr. Wood's syrup. It gave great relief after I had taken the first bottle and have not been troubled since.

DANIEL W. MORRISSEY.

**In the Letter Box****WARNERS RATEPAYERS.**

For some weeks past our city council has been engaged in seeking to pacify the G. T. P. Co. in the matter of a legitimate tax levy upon their possessions in this city. Stop! Who or what are the Grand Trunk Pacific Railway? All correspondence, freight bills, expense bills, way bills and other stationery that once emanated from the above R. R. Co. are now bearing the title of the Canadian National Railways. If the G. T. P. is nonexistent why negotiate with any person claiming to be their representative? "Once bitten twice shy."

The writer happened to be one of the arbitors between the same R. R. Co. and the municipality of Prince Rupert when the late Chas. M. Hays was its president. The tax levy was reduced from \$109,000.00 per year to \$15,000. Accepting on behalf of the \$109,000.00 certain pledges for the performance of public works, viz. a fifteen story hotel, an up to date machine shop and round house, a station commensurate with the prospects of a great railway system with a marine terminal, and many other incidentals to be thrown in such as coal bunkers, wheat elevators and such like.

Remember, this was not cheap phraseology. Plans of all the respective works were submitted for review, articles of agreement were written out by eminent lawyers, signed by both interested parties, in the very best of good faith of the then city council. Much expense was entailed by our city solicitor visiting Victoria to have the Provincial Government agree to the pact, you ratepayers paying all the expenses attendant. Many unsuccessful attempts were made to have the R. R. Company comply with their part of this agreement, when all the while they accepted the city's fulfillment of their side of the bargain. This contract was for ten years.

Prior to its expiration the writer earnestly urged the respective city councils then in power to enter suit in the court and establish our right by judgment, but the councils thought otherwise consequently by lapse of time our claim is lost.

**Chapter Two.**

Last year the non-existent R. R. Co. accepted \$48,000.00 as a settlement of their taxes. This year they return seeking a reduction to \$42,000.00, claiming that an error in their computation of last year amounted to \$25,000.00 in their favor and they now seek a rebate of \$5,000.00 annually to extend over a period of five years.

The life of the new bylaw they are seeking to have passed is for five years, hence the reduction to \$42,000.00 with \$5,000.00 annual rebate per year would leave a neat lump sum of \$37,000.00, a loss to the city of \$11,000.00 per year under the rate agreed upon last year or a lump sum loss of \$55,000.00 during the life of the bylaw.

The R. R. legal representative threatens that if this agreement is not entered into they will take it into the courts. *Bosh!* Call their bluff.

If the bylaw is submitted to you in the near future along the lines above set forth the writer appeals to you ratepayers in your own interests to vote it down. It is suggested putting them to another test of honor requesting the R. R. Company under an inviolable contract that within the current life of the five year bylaw granting such concessions as even greater concessions that they will construct a branch line of railroad to the anthracite coal fields of the Groundhog and adjacent commercial mines, erect coal bunkers at Prince Rupert. Then will Prince Rupert be in shape to invite trans-Pacific business and profitably utilize our shipyard and drydock in constructing ships for such service and doing the necessary repair work incidental to ocean wear and tear.

**ANYOX LIBRARY ORGANIZATION****LIBRARIAN IS TRAINED FOR WORK AND SYSTEM IS FOLLOWED OUT.**

In view of the interest taken in library matters here just now, a member of the staff of the Daily News wrote the chairman of the Library committee at Anyox, asking for information as to how theirs is conducted. The reply in part is as follows:

"I am sending you a list of our books, with the exception of the Granby Technical Library, which is a very expensive lot of books and something I should judge you would not wish to put in your library, for they are mostly on mining. I am also enclosing a list of the books we have on order and another list of books recommended by the library committee.

Our Librarian is trained in this work and works only part time, 2 to 5 p.m. and 7 to 9 p.m., receiving \$65.00 plus \$5.00 for looking after the Granby technical books, or \$70.00 per month in all. The reading room for papers and magazines is open until 11 p.m. so that the men can read the various papers, etc., but cannot get any of the other books except when the librarian is present.

**League Privileges.**

As you undoubtedly know, anyone who is a member of the Anyox Community League paying 50c per month is entitled to all privileges of the league, which includes, tennis, baseball, football and other indoor sports, also the library. This fee allows the married man, also his wife and family up to the age of 16 years to participate in the league's affairs without any other cost. The picture show and pool room are run at a slight profit only.

With further reference to the library, we have a system of fines. If a book is kept out over two weeks a fine of 10¢ is levied for each week overdue. A janitor who keeps the library approaches cleared of snow, and who cleans the reading room daily, is paid \$25.00 per month. I cannot think of any other important matter just off hand. If there are any other points on which you would like information, please feel at liberty to write me, for this is undoubtedly a splendid movement and I sincerely hope the people of Prince Rupert will soon have a library to be proud of. With best wishes, I remain sincerely yours,

**Chapter Two.**

"R. ARMOUR."

Mr. Armour adds that a suggestion book is kept in the library in which members enter any suggestion they have for the improvement of the library. This has proved popular.

**MAGAZINES.**

The following is the list of magazines taken regularly by the League:

**AMERICAN PUBLICATIONS.**

American.

Adventure.

Atlantic Monthly.
