Government Gains Seat in By-Election

BOTH CIVIC BYLAWS ARE RATIFIED WITH NARROW MARGIN

PRINCE GEORGE MEMBER SPEAKS ON ORIENTALS

Says All Canada Will in Twenty-five Years Think as B.C. Now Thinks.

OTTAWA, Mar. 23.—T. G. McBride, Progressive Member of Parliament for Cariboo, told the House of Commons yesterday that all Canada would be thinking 25 years hence about Orientals as British Columbia is thinking now. He denounced Oriental immigration as a great menace and great expense.

ORIENTALS GET FEWER LICENSES

Number Issued for Trolling Reduced One-third This Year by Government.

NEW WESTMINSTER, March 23.—The number of trolling licenses being issued to Japanese this year has been ordered reduced by one-third. This applies to all the districts of the province and will be the first step toward encouraging white fishermen to undertake the work.

POSSIBLE RELIEF FOR THIRSTY NEW YORKERS IN LIQUOR PALACE

Vessel Will Cost About Ten Million Dollars—Prohibition Officer Objects.

The local fisheries office reports having received an order that the trolling licenses issued to Japanese in this district are to be reduced one-third.

BETTING EVEN TONIGHT'S GAME

Third Stanley Cup Match Will Be Under Six-man Rules.

TORONTO, Mar. 23.—Tonight's hockey game between the Toronto St. Patricks and the Vancouver Millionaires, the third of the Stanley Cup series, will be under eastern rules, that is, six-man rules.

Each team has now won one game, the St. Patricks under western rules and the Millionaires under eastern. The teams are even in total points.

What betting there is on tonight's match is about on even terms.

OBJECTORS WILL KEEP THEIR JOBS

British Parliamentary Committee Will Make Recommendation to This Effect.

LONDON, March 23.—The parliamentary committee appointed some time ago to inquire into the cases of 230 conscientious objectors to service during the war, all of whom were civil servants, have decided to recommend their retention in office. The majority of those who refused to take up arms were employed in the postal department.

FOUND MURDERED IN A GRAVEL PIT

SEATTLE, March 23.—Daniel L. McDonald of Edmonton was found murdered in a gravel pit near Roland, fifteen miles north of here. He had 13 wounds in the head and had been robbed.

WOMEN TO BE JURORS

Poland First Country on Continent to Adopt This Precedent.

WARSAW, March 23.—The government has adopted a resolution giving women equal rights with men in sitting on juries. British and American precedent was quoted in the debates on the question, the settlement of which makes Poland the first country of Continental Europe to legalize women jurors.

IRISH REPUBLICAN CONVENTION TO BE CONTRARY ORDERS

DUBLIN, March 23.—If the Irish Republican Army convention is held here on Sunday, as announced yesterday, it will be contrary to the orders of the General Headquarters Staff, declared Richard Mulcahy, minister of defence in the Dail Eireann cabinet, today. He said, however, that nothing was being done to prevent the meeting which has been forbidden by Arthur Griffith, president of the Dail.

POSSIBLE RELIEF FOR THIRSTY NEW YORKERS IN LIQUOR PALACE

Vessel Will Cost About Ten Million Dollars—Prohibition Officer Objects.

NEW YORK, Mar. 23.—Plans for a "floating liquor palace," which J. V. Martin has announced will be stationed in the Atlantic outside the three-mile limit, are going forward, according to Martin, in spite of an announcement of Roy A. Haynes, federal prohibition commissioner, that the vessel will not be permitted.

Furthermore, declares Martin, who says he is the agent of others financially interested, a second, and possibly a third, "liquor palace" will be constructed, should the first be successful, in answer to Commissioner Haynes' assertion that he will seek action to thwart the scheme. Martin says that there is nothing in international law which forbids a resort of this character.

Martin asserts the "recreation vessel" will be as large as the steamship Leviathan, and it will be constructed in Europe by European workmen, and that the investment will amount to \$10,000,000. The vessel, it is planned, will have five sections, each representing a different country, with the foods, liquors and wines of those countries.

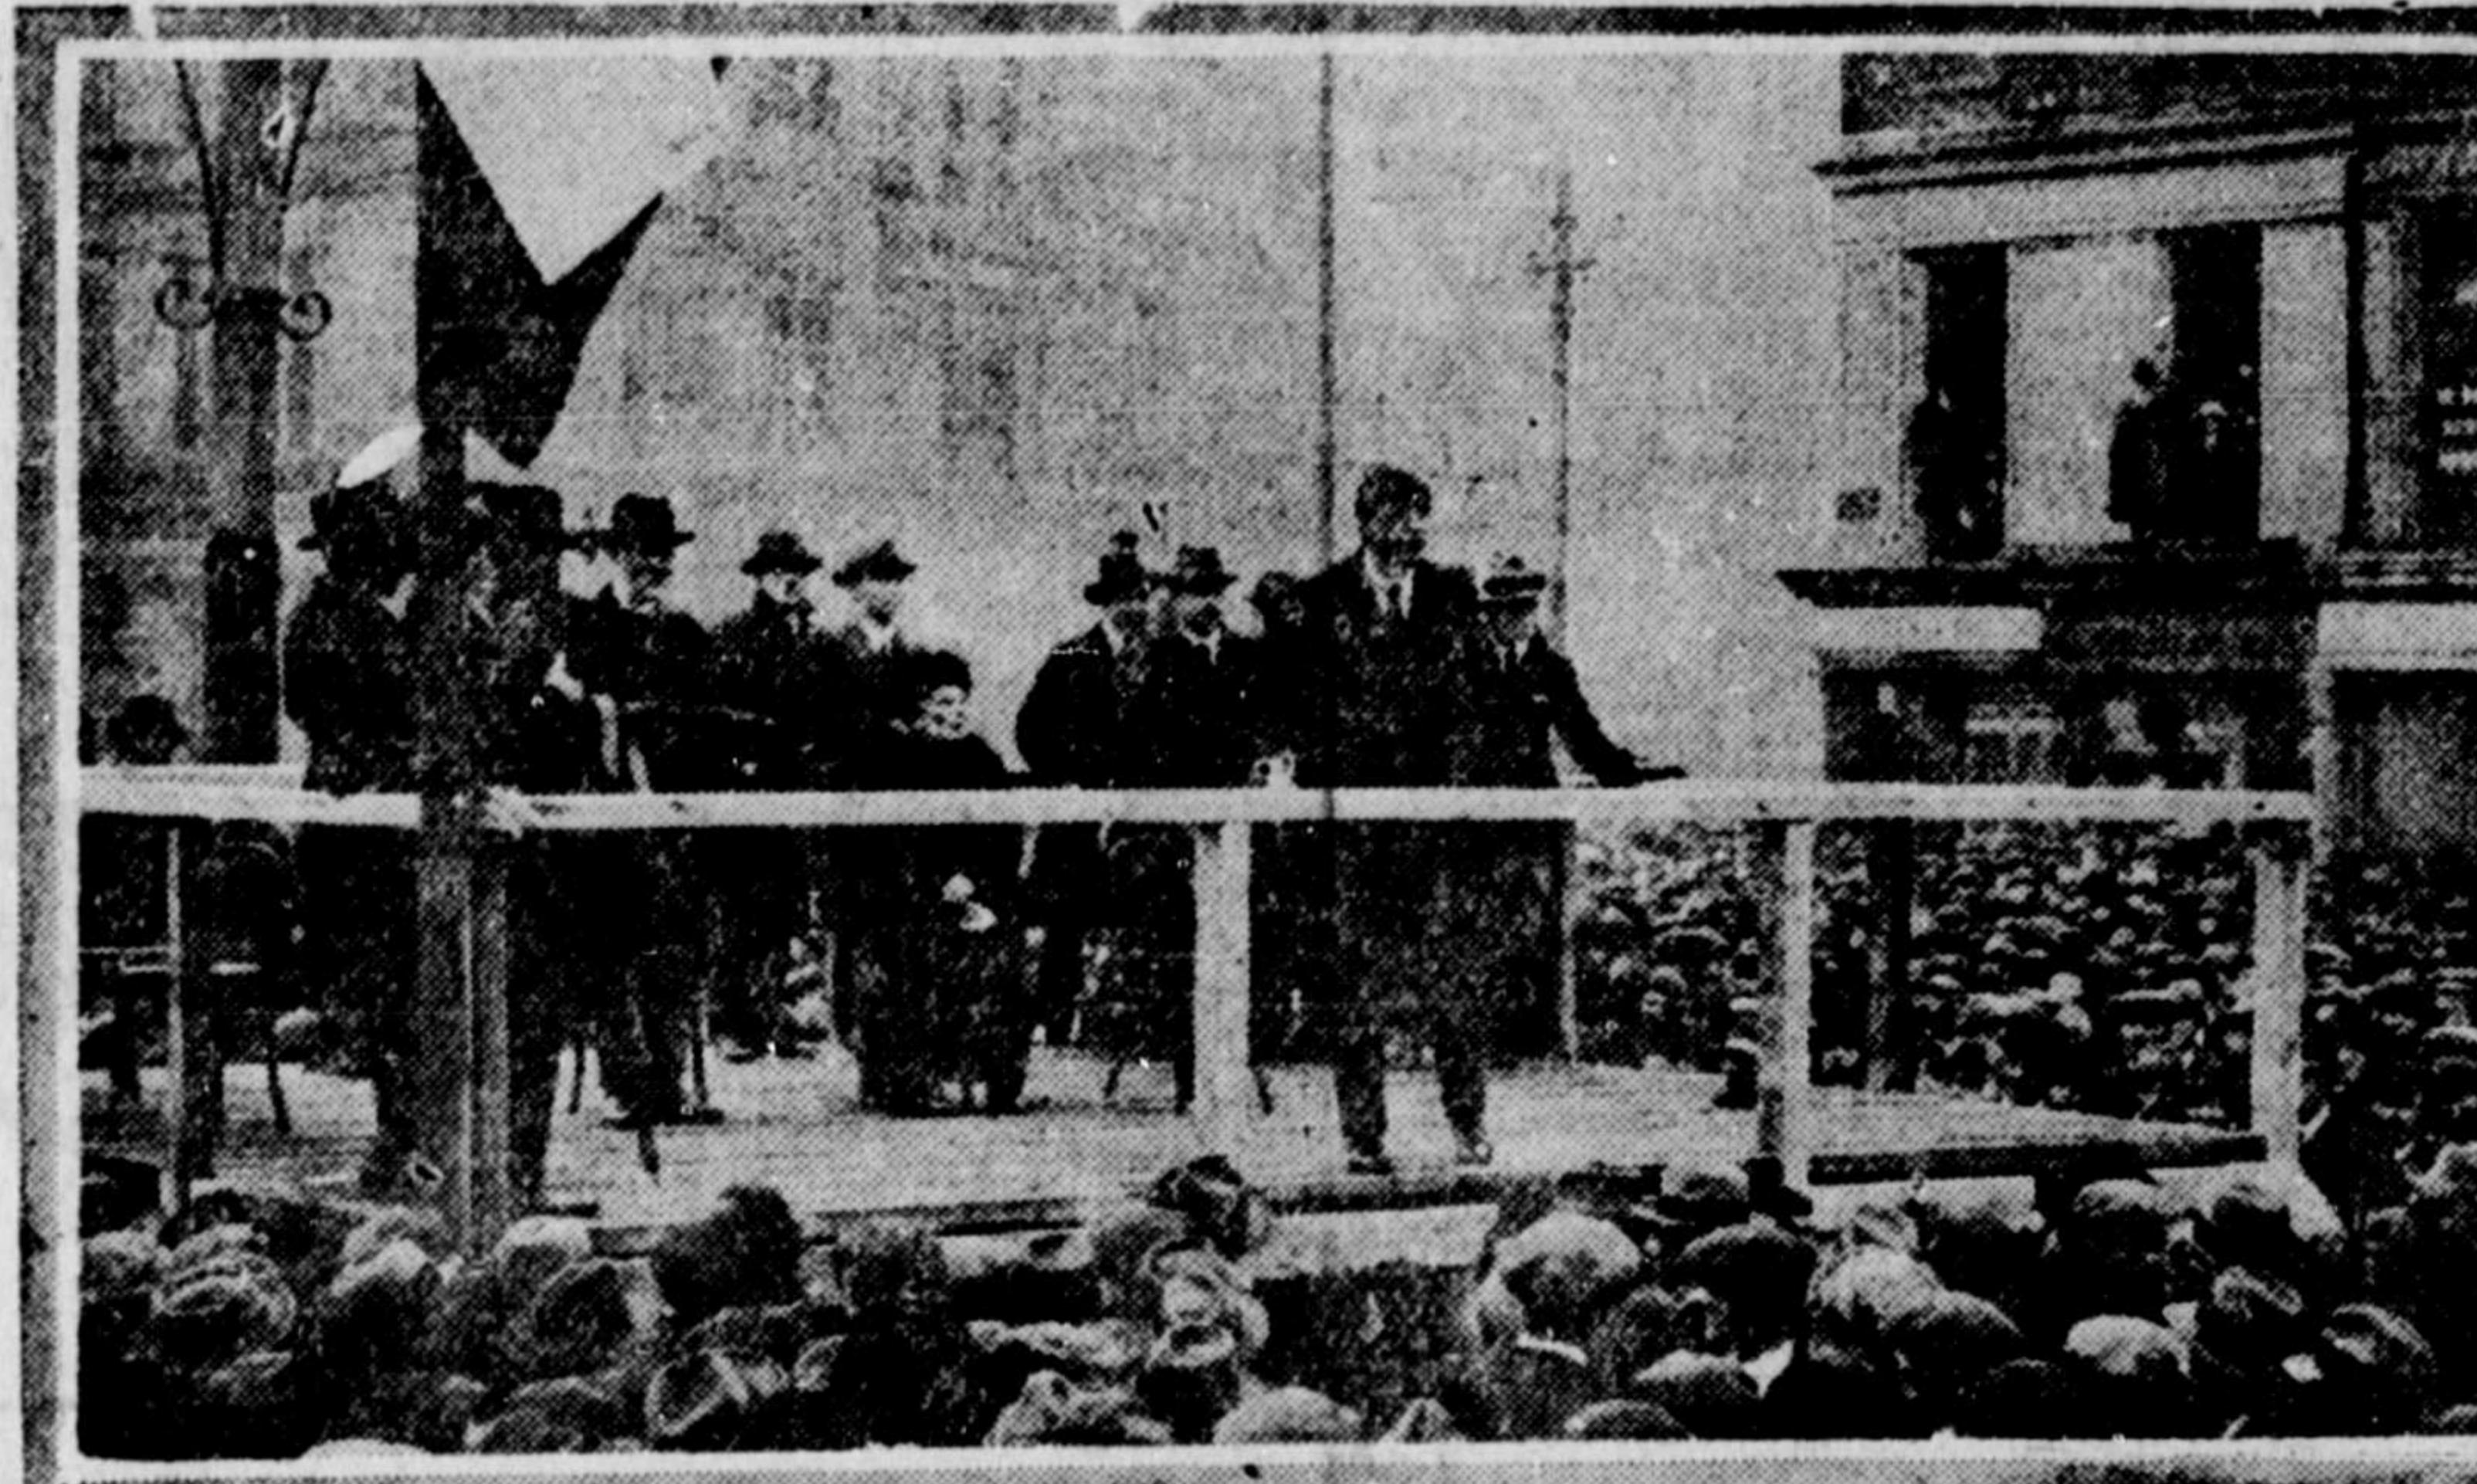

Thirsty New Yorkers will be transported to and from the vessel from stations along the Manhattan, New Jersey, Brooklyn and Staten Island shores.

SLANDER SUIT WON BY DETECTIVE CARLOW

VICTORIA, Mar. 23.—The dismissed detective, Ezra Carlow, won his suit for alleged slander against the police commissioner, Joseph North and was awarded \$500 damages.

Elks' Relief Tag Day Saturday. Your financial assistance will be appreciated.

DE VALERA ADDRESSES REPUBLICAN DEMONSTRATION IN DUBLIN

Former President Eamon de Valera of the Irish Republic is here shown addressing a mass meeting in O'Connell street, Dublin, Ireland, against the Irish treaty. While the crowds were immense, there was but little enthusiasm. The photograph shows De Valera addressing the throng.

SUB SINKS CREW LOST

H-42 Collided With Destroyer in Manoeuvres Off Gibraltar.

LONDON, March 23.—The British submarine H-42 has been lost with all hands in the Mediterranean Sea, says an Exchange telegraphic despatch from Gibraltar today. The submarine collided with a destroyer during manoeuvres. The ordinary complement of the H class submarine is 22 men.

MACHINE GUNS IRISH SNIPERS

Three Bombs Were Thrown in Belfast City Last Night—Women Injured.

BELFAST, Mar. 23.—Reports that snipers on the southern side of the Ulster border are using light machine guns against reconnoitering parties reached Belfast today. All day yesterday snipers were active with their rifles.

Three bombs were thrown in this city last night and two women were wounded.

CHILDREN'S HOSPITAL SOUTHERN CAUCASUS

CONSTANTINOPLE, March 23.—A children's hospital said to be the largest in the world has just been opened at Alexandria, in the Southern Caucasus. It is under the direction of Dr. R. T. Uhl, of Fitchburg, Mass., and has been financed entirely with funds sent from America by the Near East Relief.

The hospital at present has 2,700 beds, housed in 40 wards, but when fully completed next May it will hold 6,000 beds.

The child patients are drawn from six Russian, Armenian and Greek provinces occupying an area larger than New England and are all suffering from trachoma, a malignant eye disease which has become the scourge of child-life in this part of the world.

BIRTH.

A daughter was born to Mr. and Mrs. T. M. Rousey, Eleventh Street, at the General Hospital today.

Liberal Victory In Nelson Riding

NELSON, March 23.—All the talk about the weakness of the Liberal party in the province of British Columbia and the possibility of the Provincial Government being overthrown in the near future has been shown to be purely a Vancouver agitation and without effect outside that city. Nelson yesterday elected a Liberal by a huge majority of more than two to one. Kenneth Campbell, Liberal, secured 1053 votes against Mayor G. F. McHardy 494, giving a majority of 559.

While a Liberal victory here was expected, no one thought

HARRY GREB WILL MEET MIKE GIBBONS

ST. PAUL, March 23.—Mike Gibbons, middle-weight boxer of St. Paul, will meet Harry Greb of Pittsburgh in a twelve-round no-decision bout at Newark. Greb last week won a 15-round decision from Tommy Gibbons, Mike's young brother, the light heavyweight.

WAR VETERANS CHAMPIONSHIP

GRANITES WIN ALLAN CUP IN HOCKEY FINAL

WINNIPEG, Mar. 23.—The Fort William Great War Veterans' team, the champions of Thunder Bay, won the junior amateur hockey championship for the John Ross memorial cup against Regina Patrias, the western champions. Last night's game was a three-to-three draw, but Fort William has a one-goal lead on the series.

SENATE WILL SOON ADJOURN FOR ITS EASTER HOLIDAYS

OTTAWA, Mar. 23.—An adjournment of the Senate until after Easter will follow the passage of the interim supply bill, it is expected. This bill will be introduced in the House of Commons tomorrow.

Elks' Relief Tag Day Saturday. Your financial assistance will be appreciated.

TIDAL WAVE STRIKES ITALIAN CANAL CITY

LONDON, March 23.—A Central News despatch says that a tidal wave last night inundated Venice, the water rising to a depth of more than three feet in some of the public squares.

DARING THEFT IN CINCINNATI

Three Bandits Remove Diamonds and Jewelry Worth \$100,000 in Centre of Busy City.

CINCINNATI, Mar. 23.—Within full view of hundreds of passers-by and with the policemen directing the traffic not one hundred yards away, three bandits today held up the Liberal Loan Co.'s office in the heart of the city and escaped with diamonds and jewelry estimated by the owner of the pawnshop to be worth \$100,000.

MEMBER GOES VISIT OTTAWA

Minister of Lands to Take Up with Authorities Matter of Indian Lands.

VICTORIA, March 23.—Hon. T. D. Pattullo, minister of lands, left yesterday for Ottawa where he will take up the Indian lands with the Dominion government, question with the Dominion government. On his return he expects to announce changes in the regulations governing Indian lands.

Mr. Pattullo will have other matters to discuss with the Government at Ottawa. One of these matters is which there is a joint interest is that of immigration.

While this matter comes under the Dominion jurisdiction, the co-operation of the province is desirable because the the province owns the natural resources and can place lands at the disposal of the immigrants.

Mr. Pattullo has already interested himself in the matter of settlement of the northern lands in a large way and he has been expecting to have an opportunity to again take the matter up with the British authorities with a view to their co-operation.

LORDS AMEND IRISH MEASURE

Government Defeated by Two Votes in Upper House; Ministry Not Affected.

LONDON, Mar. 23.—The defeat of the government by two votes in the House of Lords on the amendment to the Irish Free State Bill is not likely to cause the downfall of the ministry.

The Free State Bill is slated for its third reading in the Lords today.

FLORIDA AIRPLANE IS STILL MISSING

MIAMI, Fla., Mar. 23.—No trace has been found of a missing airplane which left here yesterday with five passengers for Bimini.

BOTH BYLAWS ARE CARRIED

Railway Agreement Gets Majority of 21; Free Library, 24.

Both the Grand Trunk Pacific assessment agreement and the municipal free library bylaws were ratified by the taxpayers of Prince Rupert at the poll held yesterday. Four hundred and eighteen ballots were cast in either case and the majority for the railway bylaw over the sixty percent requirement was 21, for the library, 24.

The details of the voting were as follows:

Railway Bylaw.	
For	270
Against	145
Spoiled	3
Required	249
Majority	21

Library Bylaw.	
For	274

IMMIGRANTS FROM INDIA

Major Clark going to That Country to Induce Army Officers to Come Here.

VICTORIA, March 23.—Major A. W. Clark, who is in charge of the soldier settlement work under the department of lands, will leave shortly for India to interview young British officers of the Indian army who are being paid out, with the object of having them come to British Columbia to settle.

The British Government is making arrangements for their assimilation into civil life in the various dominions, and is paying half the expense of sending Major Clark to India.

REQUEST PEACE IN ASIA MINOR

Efforts of Conference on Near Eastern Affairs Being Watched with Interest.

PARIS, March 23.—Interest in the Conference on Near Eastern Affairs which is being held here, with the foreign ministers of Britain, France and Italy as conferees is centering so far in the efforts which have been initiated to bring about peace between the Greeks and the Turks in Asia Minor.

Telegrams have been sent to Constantinople, Ankara and Athens requesting that an armistice be declared.

CITY OF PRINCE RUPERT TENDERS—STORES

The City Council will consider tenders on Steel and Iron, Hardware, Paints, Lumber, Galvanized Iron Pipe and Fittings and Brass Goods.

Tenders to be in by 4 p.m. Monday, April 3rd.

Lowest or any tender not necessarily accepted.

Specifications from Purchasing Agent, City Hall.

DAILY EDITION

Thursday, March 23, 1922.

Both Bylaws

Passed by People.

The ratepayers of the city yesterday ratified two bylaws, one for the granting of taxation concessions to the Canadian National Railways by fixing the taxation for five years at \$45,000 a year and the other to give the city council the power to organize a free public library in this city for the benefit of the people generally.

The people voted for the railway taxation bylaw in the expectation that the Dominion Government would give this port better treatment than it has had in the past. In this they are not likely to be disappointed.

The library bylaw passed because people realize that free education should not end at the time people leave school but should continue steadily throughout life.

Excellent Work of
Library Committee.

The committee in charge of the campaign for the public library did excellent work. Perhaps the greatest credit is due to G. V. Wilkinson for initiating the book collection scheme whereby two thousand volumes have been secured as a nucleus for a library. This movement set people thinking and made the campaign possible.

The visit of Miss Stewart and the quiet unobtrusive work of the other members of the committee, Rev. G. G. Hacker, chairman; Howard White, secretary, and Mrs. Pattinson and T. Ross McKay, all made for the success of the campaign.

What was made very clear throughout was the fact that the people as a whole are heartily in favor of a library. The vote against it indicates pretty nearly the whole opposition in the city. The labor unions, members of the churches and societies are all for it. With such a mandate doubtless the mayor and council will take the matter up at once and make provision for the establishment of the library here as a permanent institution. They have already been making plans with that end in view.

Civic Employees
and City Manager.

When the plan is first advocated in a community it is usual for civic employees to oppose any change, says R. F. Armstrong in concluding his article on the council-manager plan. This opposition is generally made because they feel that their particular position may be in danger; that they will lose their present standing and become subject to the whims of the new manager. What the manager will be after will be results, and no present employee who can give such results should be afraid of his position. The record of manager cities in dealing with labor and service has been particularly good in this respect. True, there may at times be need of a complete reorganization, incompetent officials dropped, and others placed so that their efforts will repay the city for money expended. The general idea, however, is not to ruthlessly slaughter old and competent officials, but to use these men along such lines as will give increased service to the city and therefore increased opportunity of promotion. Promotion has been by merit and not by political or private influence. In this way employees and officials have been led to take an added pride in results, and in belonging to an efficient but square and above board organization.

Summary of
the Scheme.

The statements which I have made, founded as they are upon actual facts and upon the experience of towns and cities where the city manager system has been in vogue, demonstrates pretty clearly that it is based upon common sense business principles; that it has passed wholly beyond the experimental stage; that for the most part, wherever it has been used, it has impressed its business value and effectiveness; that its operation is not confined to the small city or town, but is even more capable of application in the larger communities; that men of the proper type of city managers should be easily obtainable; that the system is capable of wonderful possibilities where the community stands loyally behind the manager, and that in these days when economic results are the chief consideration, and when economy and efficiency are necessary both in commercial and municipal management, it offers a medium for successful administration that is not possible of attainment by any other system, concludes Mr. Armstrong.

Fruit-a-tives Limited, Ottawa.PRINCE RUPERT
REPRESENTEDTwo of the Four at Ottawa From
British Columbia Were From
Northern Port.

OTTAWA, Mar. 23.—Two of the four representatives from British Columbia at the meeting of the National Liberal Organization Committee came from Prince Rupert. That was significant of the new place Prince Rupert is taking in the affairs of the nation. The representatives were Hon. A. M. Manson, attorney-general of British Columbia, and F. G. Dawson. Telling of the meeting, the special representative of the Toronto Globe telegraphed his paper:

"Liberalism has struck its stride. Crowned with lustrous triumph its steep and difficult ascent to power, it is swiftly gathering momentum on the plateau. Responsible government—government of the people, by the people and for the people—as exemplified in the new regime, is not only winning wider favor among the people but it is also galvanizing into action, quickening the impulse of those associated with the party now well tanned in its purpose to give that kind of government to the people."

Sentiment Spreads.

Messages telling of the rapid spread of Liberal sentiment in all parts of Canada, more especially in the prairie provinces, marked the meeting of the National Liberal Organization Committee held here this afternoon. The Prime Minister, Hon. W. L. Mackenzie King, presided, and many other members of the cabinet were in attendance. Every province in the Dominion was represented, Western Canada leading the way with the largest number. Although with few members in parliament, the four provinces west of the Great Lakes are showing a remarkable revival of interest. It was shown at the meeting that in Manitoba the provincial Liberal executive is endeavoring to revive executive committees in every county and is meeting with splendid success. Reassuring news was also brought from Saskatchewan, where Liberalism is bestirring itself and will soon again come into its own. Recent communications coming into the national office from Alberta show a great eagerness for the revival of an active organization.

"Resolved that this meeting of the Rotary Club of Nelson strongly urges the proper authorities to immediately amend or alter the existing laws pertaining to the illegal sale and traffic in drugs, in order to provide for the enforcement of the following remedies:

(a) The elimination of fines as a penalty for illegal selling of drugs or narcotics and the substitution thereof of a prison sentence of not less than one year and not more than ten years, with lashes upon entering and in the discretion of the magistrate upon leaving, for all cases;

(b) And in addition to the prison sentence, deportation for all aliens or those possible under the law; and in the case of those who under the law can not be deported, they shall report periodically and for such time and to such persons as the sentencing judge may determine; failure to report to incur further imprisonment or restraint in a proper public institution;

(c) In the case of a naturalized alien convicted of selling, cancellation of naturalization papers and deportation after prison sentence."

STAMPING OUT YELLOW FEVER

Campaign Against Ignorance and Opposition in Peru.

LIMA, Peru, March 23.—The campaign conducted jointly by the Peruvian government and the Rockefeller Foundation which has resulted in ridding the Pacific coast of South America from a scourge of yellow fever was a test of human endurance and also a battle against ignorance and opposition.

"Our chief obstacle," said Dr. Henry Hanson, director of the International Health Board, "was the ignorance on the part of the public. The inhabitants in general did not wish to accept the diagnosis of yellow fever, saying that it was pernicious malaria with vomiting of blood. However, there was a sufficient number of medical men there who had seen yellow fever before and was satisfied as to the nature of the disease."

Populace Rose.

In one town the populace rose in arms against the enforced closing of moving picture theatres and churches and mobbed the sanitary office intending to kill the director in that district and stop the campaign. The men in the office escaped through a hole in the roof of the building and troops were called out to end the riot.

The epidemic continued severe in that place for Dr. Hanson withdrew all his sanitary forces to protect a section of the country where they were more needed.

An idea of the magnitude of the campaign may be gained from the fact that Dr. Hanson's assistants made more than 800,000 house visits and inspected more than 1,000,000 water containers.

**AMERICANS LEAVING
MAKES BAD TIMES**

Prices Have to Drop in Coblenz Since Only Germans to Buy.

COBLENZ, March 23.—Coblenz, once the temporary home of thousands of American soldiers, is again returning to its status as a German city. Within the last four months the American garrison on the Rhine has been reduced to such an extent that more civilians now are seen on the streets than soldiers, while a few months ago the city had the appearance of an army campion in the United States.

Commercially the loss of so many soldiers can be felt throughout the American area.

With the rate of exchange well over the 200 mark, prices of all kinds of merchandise had been advanced. Now that the bulk of their trade comes from the German population of Coblenz, the stores are forced to reduce their prices to fit the pocket books of their customers.

Four months ago there were 15,000 American soldiers stationed in the American area. Within that brief period the force here has been reduced 9,000 men. The American garrison in Coblenz today is smaller than the German force maintained here before 1914.

BRINGING UP FATHER

THANKS VOTERS AND OTHERS FOR THE LIBRARY

Rev. G. G. Hacker Reviews Situation Following Passing of the Bylaw.

The following letter has been received from Rev. G. G. Hacker:

The bylaw passed! Three cheers for the ratepayers!

It takes genuine heroism to vote real money even for a library these days. The committee wishes to thank you for your generosity.

By the way, the library committee will soon cease to exist, for the affairs of the library will be handed over to a committee comprising one alderman and two or more members chosen by the city council. We need not fear, however, for the council members have been fair, frank and friendly and their desire to help us house the books has taken a serious responsibility off our shoulders!

Before our demise I crave a little space to review the situation.

Had it not been for the incessant reminders of both newspapers during past months and years there would have been no library movement, and had the press not rallied and given such splendid service during the campaign we would have witnessed the funeral of the library instead of that of the committee. Many thanks to the News and Empire.

Bold Venture.

Furthermore, had it not been for the bold venture of G. V. Wilkinson in really issuing the call for books there would not have been a library bylaw at this time. The sight of real books being collected encouraged those interested to rally for a victory. Wilkinson deserves far more praise than many people realize. Through Mr. Orme's kindness this was made possible. Howard White, the secretary both past and present, is another who deserves very "honorable mention" in this work. Mr. White was secretary-treasurer of the old committee and was the real Carnegie who financed the committee of last year, and he is said that it has taken wizards of finance to run this work without any public appeal for funds. W. E. Williams, Mr. Pullen and several members of the committee have paid bills, not asking to be reimbursed. Many others have rendered efficient aid.

We should not forget the work of the schools under the direction of Superintendent Campbell and Principal Brady. The boys and girls gathered over twelve hundred books. This shows what can be done with youthful energy when rightly directed. Well done, boys and girls.

Great Help.

Miss Stewart's visit gave us a higher ideal of how a library should serve the community. No other person in British Columbia is as well qualified to speak on library work as Miss Stewart. Those who heard her address only one meeting can not conceive anything of the power of adaptability which this woman possesses. She was at four different meetings within an hour and while each group represented a different type of thought Miss Stewart clearly and convincingly showed each how they would be benefitted by a library in Prince Rupert.

The passing of the bylaw means much more to Miss Stewart than we may think. Nanaimo, Duncan and several other places are carrying on in a small way and are fearful of trying a bylaw at this time, although they fully see that they are suffering from the

HEADS That Ache and Pain

It is hard to drag along with a head that aches and pains all the time.

In nine cases out of ten, persistent headaches are due to poisoned blood, the blood being rendered impure through some derangement of the stomach, liver or bowels, but no matter which organ is to blame the cause must be removed before permanent relief can be obtained.

BURDOCK BLOOD BITTERS

This has been on the market for the past forty-five years, removes the cause of the headache by starting the organs of elimination acting freely, and when the impurities are carried off from the system, purified blood circulated in the brain cells, and the aches and pains vanish.

Miss Clara Murphy, Centre, Summer, Ont., writes:—"My system was greatly run down and my blood out of order. I suffered a great deal from severe pains in my head which made me feel very miserable. After having tried other remedies I purchased a bottle of Burdock Blood Bitters, and was very glad to notice a decided improvement in my health. I took another bottle and it has done me an enormous amount of good. I have recommended it to some of my friends who were in a similar condition and they all say it is a wonderful remedy."

B. B. B. is manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

smallness of their projects. As goes Prince Rupert so go the others is the feeling of the library commission, of which Miss Stewart is president. The result of the vote of yesterday will be quoted from the North Pole to the Alberta boundary during the days to come. Prince Rupert will thereby gain publicity.

Must Keep Faith.

Now those who are not ratepayers must keep faith with the ratepayers. Do not accept their generosity with a mere thank you. They feel that you should match them in generosity. Be game!

Send in a new book, a real good one, or donate a set of some worth-while author. What better work could the non-ratepayers in any society do than contribute an amount sufficient to buy a good set of technical books or fill a shelf for boys or girls? We will

see that the new committee has a nice nameplate placed on the shelf above your donation. Donations have been generous, but now that the library is assured

more books should come. We have

a fine healthy start for a library but much work yet remains to be done. The child has arrived, but

it will not grow without proper nourishment and clothing.

This letter is much longer than I anticipated. I thank a generous newspaper for publishing it and a long-suffering public for reading it.

LETTERS FROM PORT CLEMENTS

Hon. T. D. Pattullo and Fred Stork Recipients of Communications from Island

Hon. T. D. Pattullo and Fred Stork have received letters from the secretary of a meeting held recently at Port Clements. The letters follow:

Hon. T. D. Pattullo: I have been instructed by a meeting of citizens held here to consider the settlement of English people on Graham Island as proposed by Charles Harrison and others to learn (seeing these people are bound to come here) what facilities and help British Columbia can offer them to become established producers on the Islands.

We feel that the day for haphazard colonization has passed and from your own statement, at a meeting of your first campaign here, know that you will agree that the scattered and fruitless settlements heretofore made on

Graham Island is a very undesirable condition.

Few Districts Only.

We felt that our Government ought to confine the filing on land to a few restricted districts and offer settlers taking such land a moderate long term loan and cheaper powder with some measure of general expert supervision.

However we feel sure that you have the interests of the Skeena district and British Columbia at heart and have no doubt but what steps have been taken to expedite this settlement.

We are writing Mr. Stork regarding transportation and boat service and I may say the probable (still here) trust conditions made be made so that those incoming settlers run a chance of succeeding and not developing into a disgruntled and impoverished lot of emigrants from Graham Island for lack of a little organization and direction.

R. S. THOMPSON. The letter received by Fred Stork, M.P. follows:

Transportation.

Mr. Fred Stork, M.P.

A gathering of citizens at this point, occasioned by the Prince Rupert press items in regard to English colonists settling on Graham Island, has instructed me to write you soliciting your best endeavor to obtain better boat service and rates between Prince Rupert and these points.

As you know the logging and saw milling interests have always found the transportation question their most serious difficulty, while passengers to and from these Islands pay a very excessive rate and the delivery of freight and mails is very irregular and unsatisfactory.

Railway Head.

Your opponent in the recent campaign, Col. Peck, at his meeting here stated that Mr. Hanna of the Grand Trunk Pacific Railway told him that it was not their policy to initiate settlement along their lines, which seems to us a very strange attitude.

We would suggest that in case better rates and service are not obtainable and if the mail subsidy is still enjoyed by these boats, it be done away with, thereby clearing the way for competition and perhaps induce a boat or boats more suitable and costing less to operate to undertake this run.

We feel, however, in regard to this matter that you in your present position have a more complete understanding of this matter than we have and trust that you recognize the opportunity and desirability of attaining the results indicated in the interest of Canadian advancement.

R. S. THOMPSON.

Sisters Inclined to Believe Body Thrown in Dump at Toronto.

TORONTO, Mar. 23.—Misses Florence and Gertrude Small, sisters of Ambrose J. Small, missing millionaire, visited the dump in Rosedale Ravine where excavations were made under police supervision in the hope of finding Small's body. After looking over the section which the police had excavated the two sisters formed the opinion that the digging had not been proceeded with far enough to obtain results. They also intimated that they would take the matter up with their solicitor with the hope that the police will make a more thorough search for the body of their brother.

Both sisters believe Alfred Elson, caretaker, who told the police of seeing four men carrying what he thought was the body of a man to the dump on the night of

RUSSIAN MONEY GOES TO TRANSPORT FOOD

MOSCOW, Mar. 23.—A large proportion of the money which Soviet Russia itself has available for famine relief has to be paid to transport the food which the American Relief Administration is furnishing to 2,000,000 children and 5,000,000 adults in the Volga region.

This was revealed in a recent speech by M. Kalinin, the "peasant president" of Soviet Russia. The sums expended by the Russian government for transport of the American food from the Baltic ports to the actual famine areas, said M. Kalinin, almost equals the cost of the food.

Up to date he declared, Russia has spent 45,000,000 gold rubles, or about 87,500,000, for transporting food to the Volga, and in 1922 will have to spend not less than 40,000,000 gold rubles, which, he added, is not less than the American Relief Administration itself spends.

BOATS

These Eternal Meals

WHAT to get for dinner?" "What to get for supper?" To-day, to-morrow, next day, every day in the week.

This is woman's problem and the source of almost endless worry.

True, there are times when most women take a pleasure and pride in cooking and baking, but when you are not feeling up to the mark it does get on your nerves and become a real worry—a nerve-exhausting worry.

Since meals are essential to life, the old problem of "what to eat" must endure, but need not be a worry

when your nerves are set right.

It is when you are tired—nerve tired—that such things become a source of worry. There is nothing like Dr. Chase's Nerve Food to combat this condition.

It is because Dr. Chase's Nerve Food is such a help under these very conditions that it has come to be relied upon by the great majority of Canadian women. Headaches, sleeplessness, tired, depressed feelings, lack of energy are some of the accompanying symptoms.

You can obtain Dr. Chase's Nerve Food from your dealer at 50 cents a box.

MANY GROUPS IN MANITOBA

Defeat of Government There Discussed by Winnipeg News-paper.

The Manitoba Government, which has been defeated by a vote of 27 to 23 on a resolution deliberately censuring it for failure to dismiss the Public Utilities Commission, has survived the group system less than two years, says the Manitoba Free Press. The general election took place on June 29, 1920, and the members were classified as follows:

Conservatives 24

Progressives 7

Farmers 12

Independents 4

Aabor 11

Total 55

Mr. Norris, who formed his first Cabinet in May, 1915, invited the co-operation of the Farmers in carrying on the Government after the election of 1920. His overtures were rejected, but the Agrarians offered no factional opposition in the session of 1921, and the Administration had little difficulty in carrying through its program. In January, 1920, the United Farmers of Manitoba left the question of taking Provincial political action to local initiative, but since then they have resolved to enter the field under the direction of the central organization. This decision is responsible for the changed attitude of the Agrarians in the House.

Weary of Uncertainty.

The Government has not been taken by surprise. It had become weary of the uncertainty of its position, and accepted the challenge. The Manitoba Free Press of March 8 said:

"The impression is growing that the present situation is too full of anomalies to last. Either the Government must receive a pledge of support from sufficient of the Independents to assure them of carrying through their program without having perpetually to run the gamut of these far votes of want of confidence or there must be an election."

The outcome does not show the group system in the favorable light in which its advocates profess to see it. There is no cohesion among the Opposition groups in principle or policy, and they could not form an Administration that would command a majority in the present Legislature for a day. They merely combined for the specific purpose of ousting the Government, between the Liberals and the Agrarians there is no difference to warrant this extreme course. The latter are merely "playing politics" of a kind which they ascribe exclusively to the old parties. There will be half a dozen groups in the field in the

coming contest, with no assurance that any of them will have a majority in the next House. It may be a repetition of the present state of affairs.

STORMY SCENE IN VICTORIA COURT

Judge Morrison Leaves Bench While Stewart Henderson Addresses It.

VICTORIA, March 23.—Mr. Justice Morrison and Stewart Henderson had an unseemly wrangle in court here over the question of postponement of the North slander case. Mr. Henderson was asking to have the action postponed as North had been ordered by a doctor to go south for a rest owing to his nervous condition. To try the case now would make it necessary for Mr. North to return at once.

Mr. Justice Morrison said that he was not impressed with the technical grounds advanced for this postponement; and in any case there had been plenty of time to make the application without waiting until the eve of the trial. By a parity of reasoning the defence could as well ask for a change of venue; for it was not likely that anyone in Victoria had not come to some conclusion as to these cases.

Judge Unfair. Mr. Henderson rose to reply to Mr. Higgins while the court was making these remarks; and the ensuing passage of arms was of the most bitter nature. The judge said that it appeared that counsel had designedly interrupted him and that such conduct was unprofessional and disrespectful. Mr. Henderson warmly retorted that the remarks of the judge were uncalled for, and were most unfair.

The judge said that counsel was losing his temper, and Mr. Henderson said that he was not, but that he was "righteously indignant."

Mr. Justice Morrison—You may be indignant, but not righteous so.

Mr. Henderson was still on his feet, vigorously protesting against what he characterized as the unwarranted and unfair language of the judge, when the latter terminated one of the most extraordinary scenes ever witnessed in the local courts by leaving the bench.

ON FRIENDLY TERMS.

Little Louise was lost on the street and was brought into the police station. The officers tried in every way to learn her name. Finally one of the officers said: "What name does your mother call your father?"

"Why," said Louise, very innocently, "she don't call him any name; she likes him!"—Harper's Magazine.

The

SEATTLE VESSEL COMING HERE

E. Lovejoy Supposed to Have Left South Yesterday.

Capt. Walter H. Tinn, president of the Northern Shipping Co. of Seattle, announced last week that his corporation will have the steamship E. Lovejoy in operation from Seattle to Prince Rupert, B. C., and Ketchikan, Alaska, via way ports this week. The vessel was to have a trip last night. She will be tilted from Seattle on her imprint on the run throughout the sailing season.

It is understood that the Lovejoy is to be operated mainly to the Alaskan canneries which are to be active this season. At first she will carry supplies north to these canneries and attend to such other business as may offer. As the season advances and the canning is under way she will take the load from Alaska to Seattle or Prince Rupert, for transportation over the Canadian National Railways. The steamer will carry out a similar service that which was formerly given the G. T. P. motorship Tilikum, it is understood.

VANCOUVER, March 24.—The Northern Shipping Co. had first planned to operate the ship Lovejoy in this route but established a station at Prince Rupert, offering proved so heavy, already the company Captain Tinn, that it was necessary to get a larger vessel. New Westminster and will be in a number of Alaskan ports.

With the growth of the fish

business in the north and centering of the trade at Prince Rupert, the company has had eyes turned northward for some time. It is realized by the company that business is bound to improve in the north and a station at Prince Rupert will serve the fishing boats and many other craft plying in northern B. C.

Morte Craig Finds Mexico Too Hot for Him So He Gets Out

Mrs. Morte Craig has received a letter from Mr. Craig in which he tells of having visited in Mexico during the course of his tour south. Mr. Craig had intended to spend ten days in the southern republic but when he arrived at Juarez he found that conditions were so troubous that it was advisable to get back to Paso as fast as possible which he did. Factional warfare is still on and many people are being killed in the disorders. Farmers are looked on with suspicion and are apt to find themselves in difficulty.

Mr. Craig will be going on to St. Joseph, Missouri, his old home, in about a week and expects to be back to Prince Rupert by the middle of April.

Rural lists closed lists like the urban and for the adoption of wholly different systems of preparing lists.

The first round in the second Senior billiard handicap tournament at the Prince Rupert Pool Room, after many delays, has at last been finished. On account of these delays, some of the players are about to enter the semi-finals while others have not yet played the second round.

The first round results were as follows: Judge beat Sudan; Waugh beat Aldrich; Easson beat W. Balagno; Green beat Barber; Burke beat Hodgins (defeated); Charlton beat Self; Elkins beat Rance; C. Balagno beat H. Day; A. McRae beat D. Howe; S. L. Warrior beat Nelson; E. Fenelon beat Roherge; W. Blythe beat E. Mansell; McMordie beat Wigginus; Russell beat McEvoy; D. Brown beat C. Blythe. One game remains to be played in the second round: Burke vs. E. Green.

The second heat in the "Wanderers" Club handicap billiard tournament has been completed, the results being as follows: J. H. Hilditch beat R. H. Shockley; W. O. Fulton beat G. W. McKay; W. J. Hemming beat S. P. McMordie; A. A. Easson beat G. P. Tinker; W. F. Roherge beat H. Pringle; S. N. Wilson beat H. H. Hemmings; S. King beat F. Stephens; D. Stork beat S. Harper. The draw for the second round is: S. N. Wilson vs. J. H. Hilditch; W. F. Roherge vs. W. J. Hemmings; A. A. Easson vs. S. King; A. Silversides vs. D. Stork.

Following is a list of results in Lepine Cup scratch billiard tournament games at the Elks Home in the course of the past few days:

CIVIC WAGES IN VICTORIA

Arbitration Committee Recom-mends General Reduction Averaging 10 Per Cent.

SCHOOL TEACHERS ALSO

VICTORIA, March 23.—The Civic Arbitration Committee has reported and its report recommends a reduction which averages full ten per cent to come into effect on July 1. This recommendation includes the school teachers and library staff. The school board however, declares that it will not reduce the salaries as it would impair the efficiency of the schools. The library commissioners have no independent power and the recommendations of the council will have to stand. The following is the report in part:

The Report.

"The members of the conference had before them a statement showing the salaries and wages paid from year 1912 to the year 1921, in so far as they were applicable to the present incumbents of the various positions. They had also before them the award of the Conciliation Board of 1918, signed by Messrs. R. F. Taylor, J. Dakers and W. E. Burns, and after considerable discussion, it was practically agreed that the year 1918, showed an advance in salaries and wages generally over the year 1912 but which showed a decrease over 1921, should form a basis for arriving at the fair salaries and wages that should be paid at the present time.

"It was found that, taken as a whole, this would involve a general reduction in salaries and wages, equal in the majority of cases, to about 10 per cent.

"It must, however, be stated, that a considerable number of salaries were found to be no higher than those paid and received in the year 1912 and that in the case of employees whose salary had not been advanced in the year 1918 or 1921, it was considered to be only right and just that no reduction should now be made.

Injustice.

"It was further found that there were some cases where actual injustice had been suffered by employees, and the conference decided to recommend that small increases be made, all of which are set out in the schedule attached.

"It will be seen from the schedule that the basic wage paid to day labor employed by the city upon the streets, sewers, boulevards and garbage departments, (which was hitherto \$4.40 per day) has been reduced to \$3—that decreases have been suggested for various employees connected with the mechanical departments—and that an endeavor has been made to equalize the pay of all employees doing work of similar value under the City Council.

Living Costs.

"The conference wish to point out that it is indisputable that throughout the labor market generally salaries and wages have been and are still being reduced, and that such reductions have amounted to rather more than 10 per cent. They wish to point out that it is further indisputable that the cost of living in the city of Victoria has reduced; in many item's at least 25 per cent and varying in different articles and services down to about 10 per cent. It must be further admitted that there are many articles entering into the cost of living that the average householder must bear, which have remained stationary and are undoubtedly pressing hard upon those who are in receipt of salaries and wages.

Distasteful Tasks.

"The conference further desires to state that the questions submitted to them, involve considerations not only of a delicate nature but have imposed a task that is exceedingly distasteful and the responsibility for which they would have been glad to evade. They have endeavored, however, to faithfully and fairly meet both the just demands of labor as well also to consider the necessities and exigencies of the financial situation in Victoria.

"It is further desirable to state that the vast number of unemployed in the city has accentuated the problem and created an atmosphere which rather tends in the public mind, to obscure the

Heart Would Beat like a TRIP HAMMER

Heart trouble has of late years become very prevalent. Sometimes a pain catches you in the region of the heart, now and then your heart skips beats, palpitates, throbs, or beats with such rapidity and violence you think it is going to burst.

You have weak and dizzy spells, sinking sensations, are nervous, irritable and depressed, and if you attempt to walk upstairs or any distance you get all out of breath.

We know of no remedy that will do so much to make the heart regain strength and vigor, regulate its beat and restore it to a healthy normal condition as will

MILBURN'S HEART AND NERVE PILLS

Mrs. Chadwick, Delhi, Ont., writes: "I had palpitation of the heart, and the least exercise, such as going upstairs or up a hill, my heart would beat like a trip hammer and at times I was dizzy-headed and had a sinking sensation as if my time were near."

A friend suggested I try Milburn's Heart and Nerve Pills, so I procured three boxes, and by the time the first one was used I began to improve. In all I took six boxes, and now although in my 66th year I feel like a young girl; no dizziness or heart-thumping, and can walk miles without fatigue. At time of my sickness I weighed 120 pounds, now I weigh 150."

true balance that should exist between a just employer of labor and the value of the services given.

"The conference hopes that the City Council will receive their findings in the same spirit as they have endeavored to present them, not as altogether providing a mathematically correct solution of a difficult problem, but as an honest attempt to do fairly and justly towards the large number of employees on the payroll of the City.

Increases in April.

"The following recommendations are submitted as an integral part of the schedule attached to this report:

"1. That any reductions suggested, shall not be effective until July 1, 1922.

"2. That any increased suggested shall be effective from April 1, 1922.

"3. That in any case wherein the police did not dig in the place,

"4. That the City Council request the Board of School Trustees and the Library Commissioners and the Police Commission, to make a general reduction in the salaries and wages paid to their staffs of about 10 per cent off the present scale—to take effect on July 1, 1922.

"5. That if it is consistent with present engagements or contracts all increases that have been made in the salaries of the staffs of the City Schools and Public Library be suspended as from April 1, 1922.

Department Heads.

"7. That the conference make no recommendations in relation to the salaries of the heads of the various departments of the city service holding that this phase of the question should be left in the hands of the Estimates Committee.

"8. That in view of the fact that there are considerable numbers of regular employees of the city who are not in receipt of a monthly stipend, the conference feel that such employees are justly entitled to equal consideration in regard to holidays as are other regular employees of the city, and it is therefore specially recommended that in the case of any employee who has given continuous service for at least one year, such employee shall be granted twelve working days holiday at the usual remuneration, to be taken at such time or times as the head of the department concerned shall designate."

PRISONS TO CLOSE.

LONDON, Mar. 23.—Economy has hit the prisons of England and eight of them will be closed on March 31. In addition to the wings for women prisoners in the prisons at Shrewsbury, Oxford, Ipswich, Plymouth, Swansea and Leeds are also to be closed.

EXPERIENCE.

"Is your beef tender today?" asked the shopping sailor.

"Sir," replied the sentimental butcher, "it's as tender as a woman's heart."

"Gimme a pound of sausage," ordered the sailor hastily.

FIFTH IN PROVINCE MATTER OF REVENUE

Prince Rupert post office was the fifth highest in the province in the matter of gross postal revenue for the fiscal year ending March 31, 1921, according to the annual report of the Postmaster General which has just been received from Ottawa.

The figures for some of the larger post offices in the province were as follows:

Vancouver 8919,848.43

Victoria 251,863.81

New Westminster 51,927.31

Nelson 50,548.06

Prince Rupert 36,120.39

Gilliwack 11,830.55

Cranbrook 17,742.10

Duncan 14,810.96

Fernie 17,917.76

Kamloops 32,492.11

Kelowna 19,959.53

Nanaimo 26,671.77

North Vancouver 15,594.95

Penticton 19,270.08

Revelstoke 12,816.02

Trail 14,423.81

Vernon 30,259.81

To expect a single advertisement to pay is as foolish as to hope to grow fat from the effect of one meal.

Nature Gives the Goodness

Pacific Milk is the product of the famous dairy herds of the Fraser Valley. Buyers and breeders of purebred cows come here from all over America to obtain individual members of these herds.

We only retain this natural superiority through the improved process used in our factories.
