Buckley Mill Running Full Blast Employing 120 Men in Addition to those Working in the Logging Camp

BUCKLEY BAY, Jan. 5.—The Massell Timber Co.'s mill here is now in full operation and 120 men are employed in the plant. Quite a number of men arrived from the south on the last two trips of the Prince John bringing the staff up to full strength. R. H. Marlett is in charge.

The machinery with which the company is cutting the cuts, which will be shipped to Los Angeles for remanufacture, is the most modern that has ever been operated on the Queen Charlotte Islands. The logs, from the time they come into the mill until they are turned into 12 by 12 timbers averaging about 40 feet in length, are not handled, the use of the "sawyer" doing the turning over that in less modern plants is done by men with peevies. The sawing operation is controlled by live's on the sawyer's carriage.

At the present time there is only one logging camp running, this being the camp of Jamieson & Frost. On account of unsettled weather conditions others are not being started at this time.

Shipping to Seattle

The old lumber stock at the mill is being disposed of in Seattle. The schooner Sophia Christensen is now anchored in the stream awaiting the arrival of the tug Coulli, which is coming from Vancouver with 500 tons of coal to tow her south. She has 100,000 feet of lumber aboard. A second schooner left Seattle last Saturday and is expected to arrive here very shortly. There is a great deal of this old stock awaiting shipment to Seattle.

BREAK UP OF REPARATIONS CONFERENCE

Just a Friendly Disagreement, Say French Delegates; Entente Remains

PARIS, Jan. 5.—The conference of the allied leaders which gathered recently to consider the question of German reparations dissolved amicably yesterday with the British in disagreement with France, Italy and Belgium on the question of how to deal with Germany in this connection.

France and Belgium are continuing to exchange views as to what measures they will undertake jointly.

French delegates to the conference insist that there is no rupture of the entente cordiale. The breaking up of the conference without any settlement was merely the result of a friendly difference of opinion on the question of reparations.

The British delegates leave for home today.

TREATY SIGNED WITH ITALIANS

Belgian and Spanish Treaties Held up for Present so Ministers May Return

LONDON, Jan. 5.—The treaty respecting commercial relations between Canada and Italy was signed at the Grouse Hotel here by Hon. W. S. Fielding, Hon. Ernest Lapointe and the Italian ambassador.

Similar negotiations with the Belgian and Spanish Governments have been postponed for six months, permitting the Canadian ministers to return for the coming session of the Canadian parliament.

BUILD PULP MILL

VANCOUVER, Jan. 5.—Frederick Chase of Foley, Welch & Stewart, says a pulp mill may be built in the Grand Pacific country if the freight rates are reduced.

BRITAIN WAITS FRENCH ACTION

Seemingly Hopeless Situation in Europe Today is Brought About

LONDON, Jan. 5.—British official circles are anxiously awaiting the first move against Germany by the French.

It is considered unlikely here today that the British cabinet will meet until next week as Bonar Law has already fully reported upon his activities in Paris and no further British action is necessary until France makes the next move.

The newspapers today feature such headlines as "What Will U.S. Do?" in view of the reparations conference smash, but such sentiments are not seconded in official circles. It is believed in these circles that the United States, like Great Britain, has already done everything possible to avoid a seemingly hopeless situation, which the British are convinced threatens Europe today.

CANDIDATES IN FIELD TO DATE

None Offering for School Trustees, Ten for Alderman, Four for Mayor

There seems to be no dearth of candidates for the mayoralty and city council this year. The vacancy on the police commission will also likely have a contest and the four places on the school board seem to be going begging, not one candidate having been definitely announced as yet.

The four candidates already announced in the mayoralty contest, Ald. John Dybbavn, Ex-Mayor Newton, Ald. Montgomery and Ald. George Kerr, are still definitely in the field and indications point to all of them coming up to nomination on Monday next. In some quarters, the entry of a dark horse is looked for but up to today there had been no definite indication of such. The general opinion is that there is yet time and room for a candidate who could sweep the polls.

With three of the present aldermen running for the mayoralty and two, Ald. Silversides and Ald. Kelly, not seeking re-election, it is an assured fact that the complexion of the 1923 council will be decidedly different from that of the 1922 board. Ten aldermanic candidates are already definitely in the field and of these the United Labor nominees seem to have a strong support and, at least, have something definite in the way of a program to offer.

Aldermanic candidates definitely offering themselves are Ald. Theo. Gollart, Mrs. E. C. Kirkpatrick, Ernest Maynard, W. H. Sherman, F. J. Fuller, Alex. MacKenzie, George B. Casey, George Rudderham, Ald. R. A. McLeod, and S. D. Macdonald. Four of these, Gollart, Maynard, Fuller and MacKenzie are returning men.

Those prominently mentioned as entrants in the Aldermanic contest are John Gueric, D. Kennedy, George Munro, J. A. Smith, J. W. Nicholls, R. F. Perry, M. J. McNeill, W. D. Moxley and J. C. McKee, none of whom have yet definitely stated whether or not they will be running.

John Buckley, G. H. Orme, George D. Tite, Ald. Kelly, E. A. Mann and Ald. Silversides have stated that they will not be in the field.

The absence of announcements of mention of candidates in the school board field is notable. Mrs. E. C. Kirkpatrick, it is understood, may seek election to the school board as well as to the council and George Rudderham and George Casey are also mentioned as possible candidates.

Mayor Rochester has as much announced that he will seek the police commissionership and R. W. Cameron and George Rutherford are also mentioned.

Miss Margaret Lindsay, who has been spending the Christmas and New Year holidays here with her parents, Mr. and Mrs. J. A. Lindsay, returned to Vancouver on the Prince George this morning to resume her studies at the Provincial Normal school.

MAYOR MAY RUN AGAIN

Has Been Approached But Has Not Yet Given His Decision

Mayor Rochester has been approached by several prominent citizens to reconsider his decision not to seek re-election but has not, as yet, made any decision.

Speaking this afternoon to the Daily News, His Worship stated that it was true he had been approached on the matter but he had not yet given his reply.

"I have served the city for five years and feel that it is now up to somebody else. I would like to help all I can but I have my own business and my health to consider," he stated.

OFFICERS' TRAINING CLASSES WILL OPEN IN CITY TONIGHT

Prospective members of the military officers' classes which are open in the city met in the Court House last evening with Sergeant-Major A. Youngman, who has just arrived from Victoria to take charge of the classes. Eleven were present last night and it is expected about 16 will be enrolled. Col. J. B. McMullin was present and also Major John McGregor, V.C. The first class will open tonight in the Northern B.C. Regiment's orderly room in the Gibson Block on Second Avenue.

SNOW BLIZZARD ON EASTERN SEABOARD

Believed to Presage Extremely Cold Weather—Thunder and Lightning Also

SYDNEY, Nova Scotia, Jan. 5.—A snow blizzard punctuated with thunder and lightning is sweeping Cape Breton and extends right down the coast as far as Gloucester, Mass. It is believed that it presages extremely cold weather.

TRAINS COLLIDED

EAGLEDE, Missouri, Jan. 5.—Four persons were killed and several injured when two freight trains collided and were wrecked near here.

SIR HENRY WILL POSTPONE VISIT HERE SHORT TIME

F. G. Dawson this morning received a telegraphic message from Sir Henry Thornton to the effect that he would spend one day in Vancouver but time being limited owing to important engagements in the East he would be obliged to defer his visit to Prince Rupert and other coast points until later.

Sir Henry expressed the necessity of making another trip almost immediately at which time he would visit all Pacific coast ports at which the company has any interests.

Mr. Dawson leaves for Winnipeg tonight.

SUSPEND HEADS AT CITY HALL

Mayor Rochester Takes Summary Action But Officials On Job REFUSE TO GIVE UP

Impasse Can Be Broken Only by Action of Council

Because they refused to carry out the instruction of the city council to put the eight-hour day in effect in the City Hall on January 4 instead of the seven-hour day as was previously in force, W. D. Vance, city treasurer, F. J. Whitaker, city engineer, and T. C. Duncan, superintendent of utilities, were summarily suspended by Mayor Rochester yesterday afternoon and requested to turn over the keys of their departments to His Worship.

The notice was delivered to the officials following a conference between Ald. Dybbavn, Ald. Montgomery and Mayor Rochester. It came in the form of the following letter over the mayor's signature:

"Take notice that you are hereby suspended from and after this date and until reinstated. This is by reason of the fact that you have neglected to carry out the decision contained in the resolution of the council on December 11, 1922, and communicated to you in my letter of December 26 last. You will please turn in to me what keys you may have in your possession in connection with your department."

Still on Job

In spite of the notice, the three officials concerned were still in their offices this morning.

On being interviewed, Mr. Vance said that they were not taking notice of the mayor's letter and were carrying on as they felt that they had not failed to carry out their duties. They had been given instructions to carry out an order which was against the law.

Mayor's Statement

Asked regarding the refusal to accept his notice, Mayor Rochester this afternoon said:

"It is the officials' own business what they do now and I have nothing to say about it. It is now a matter for the council to deal with and I cannot dispose of their services altogether. The council will either have to make good my order or refute it. As far as I am concerned when I make an order I expect it to be observed and I do not recognize these officials any further."

It was stated by city hall employees last night that if these three officials were not in the hall this morning the whole staff would walk out.

ALASKAN WAS WRECKED OFF PACHENA POINT

Well Known Salvage Steamer Goes Down With All Aboard On West Coast

VICTORIA, Jan. 5.—The one hundred ton steamer, Alaskan, bound from this point to Barclay Sound was wrecked off Pachena Point Tuesday night and all on board are believed to have perished.

The body of a man was picked up three miles away with a lifebelt marked "Alaskan." Distress signals were observed Tuesday night off Pachena light-house, believed to have been displayed by the Alaskan.

The vessel was commanded by Capt. J. A. Baillies, of Victoria, and there were also aboard E. W. Brook, first mate and part owner and eight more Victoria and Vancouver men, but their names were not obtained last night.

The Alaskan was built in San Francisco thirty years ago and plied between Seattle and Alaska for many years. Lately she had been having trouble with her boilers.

VICTORIA, Jan. 5. (noon)—Toll of at least nine lives was claimed by the Pacific when the s.s. Alaskan was engulfed in a heavy sea and gale off Pachena Point on the west coast of Vancouver Island. Details are lacking but the finding of the body of an unidentified man and three lifeboats appears to be proof of the foundering of the little vessel.

An authentic list of the members of the crew is not available but it is known that the following were aboard: George Morags, mate, six children, Victoria; G. W. Gibbs, A.B., 42, widower, one child, Victoria; Bert Young, 17, Victoria; J. Brannigan, 30, wife and two children, Victoria.

According to the Dominion Government shipping list the Alaskan was built in 1886 at Oneta, Ore. She is 96 feet long, 19 feet beam, seven feet deep and has a gross tonnage of 150 tons, 102 tons registered. She was the property of the Pacific Salvage Co., Ltd. of Victoria.

R. Beaumont, local superintendent of marine here, stated to the Daily News that John Baillies, who is supposed to be lost on the Alaskan, served as mate on the Prince Rupert, Prince George and Prince John. He enlisted for overseas service and was at Halifax at the time of the big explosion. He served in the patrol service as a signal officer and returned later to Victoria aboard one of the war vessels that visited that port since the war.

LOSE LIVES IN BIG FIRE

Business Section of Capreol, Near Sudbury, Destroyed Yesterday

SUDBURY, Jan. 5.—A. B. Laid, C.N.R. dispatcher, and Edward Morris, of Ottawa, were hurried to death yesterday when the business section of Capreol was destroyed by fire. They were trapped in apartments.

WHALEN LOGGING CAMP MOVED FROM SEDGEWICK BAY TO BERESFORD ARM

The Whalen logging camp at Sedgewick Bay on Moresby Island has been moved south to Beresford Arm and Lockeport, which is about ten miles distant, is now the headquarters of the Whalen operations. A number of men arrived at Lockeport this week on the Prince John from Vancouver and there are now about forty men on the payroll.

CANADA TO PARTICIPATE

LONDON, Jan. 5.—Hon. W. S. Fielding, in an interview in the Times, says Canada is quite ready to participate in the proposed Imperial economic conference and render any assistance she can in the development of inter-imperial trade.

Civic Campaign Opens Without Fireworks at Initial Meeting Here

Civic election candidates were given their first opportunity to address the electors at the public meeting held last night to the Carpenters' Hall under the auspices of the United Labor Party. Although all four mayoralty candidates were heard, it can hardly be said that opening guns were fired unless the artillery consisted of pep shooters and fire crackers. In any case, no broadsides were exchanged between candidates and there were no depth charges. Each of the mayoralty candidates were given 15 minutes to speak and their remarks consisted in the enunciation of their respective platforms and the setting forth of their views on some of the important issues of the day as regards civic affairs. Each was given a good hearing but, although the meeting was a large one which filled the seating capacity of the hall, there were few bursts of applause and there was little opportunity through the means of sizing up the popularity of the respective candidates. Three aldermanic candidates spoke and a message was read from a third, T. Ross McKay presided and there were a few ladies in the audience.

Casey First

The meeting opened with the introduction of George B. Casey, Labor candidate for alderman who, on behalf of the United Labor Party, read the platform of the organization, which has been published already, and dealt with some of the more important principles contained therein.

"The City of Prince Rupert, in common with other places, is undergoing an era of depression and it seems that some of the people have commenced to lose hope," said Mr. Casey. "Though the population seems to be uneasy, it seems to me this pessimism is uncalled for. There is no question, however, that the city is in rather a precarious condition and the United Labor Party has endeavored to bring in policies in keeping with the physical and financial circumstances as they exist today."

Dealing with the plank of co-ordination of administration and wholesale purchasing of supplies by the city, Mr. Casey stated the opinion that some saving could be effected if the city was more economical in spending. Competitive bidding for city supplies would be a factor in reducing costs.

Smith Island Rock

Regarding the use of Smith Island rock for street surfacing, Mr. Casey declared this to be a most insane and wasteful policy. The imported rock was no better than local rock which would have the same results with the same treatment at a much lower cost. Regarding roads in the city generally, the speaker stated that the streets in outlying sections were fast decaying and many of them were beyond use. No council in the past had decided upon a policy of coping with the situation which was ever becoming more serious. A general road policy compatible with the tax bearing ability of real estate in the affected districts was an absolute necessity and permanent grading should be done wherever possible, abandoning the plan of temporary plank roadways which were now becoming a menace.

"The Booth School affair has been a positive catastrophe," said Mr. Casey. "The whole matter should be ferreted into to ascertain where the responsibility lies for such a happening. It should not go unchallenged. It has been a sore lesson and the public should get all the facts."

General Platform

Other matters touched upon by Mr. Casey were the recognition of labor unions in connection with city employment, a thorough investigation into the possibility of reconstructing the present Bays Creek bridge before deciding to build an entire new one although the bylaw in this connection should be supported, favorable consideration of the scheme of proportional representation voting for mayor and aldermen and other municipal offices, conducting of utilities on the true principle of municipal ownership

BRITAIN WILL CO-OPERATE WITH FRANCE

Still Good Friends and Will Stand Together at Lausanne

PARIS, Jan. 5.—France, free to handle the reparations question according to her own formula, turned today to the task of making Germany pay the French government. She apparently has the support of Belgium and it is less certain of Italy.

Premier Poincare will discuss Belgian co-operation with Premier Thelens, before the latter's return to Brussels.

Although divided by the reparations issue Poincare and Bonar Law met today for the discussion of other questions on friendly terms. The French premier called on Bonar Law and the two were together for half an hour discussing the near east situation. It was indicated that at Lausanne the two nations would continue to work together.

The ministers had another talk on the railway station platform before the train left with the British delegation for London on board.

BATTLE OVER WHITE GIRL

Negroes Defended Themselves in Battered Shack and Number Killed

GEDAR KEY, Florida, Jan. 5.—Two white men are dead, three are wounded and many negroes are dead and injured as the result of a battle following an attack on a white girl by Negroes. Twenty negroes barricaded themselves in a shack and defended themselves against a white posse that was looking for the offender. Much shooting followed and the siege of the shack was still going on early this morning, awaiting the return of daylight.

ABOLISH SALARIES FOR ALDERMEN IS PLAN FOR VICTORIA

Mayor Hayward Starts on Road to Economy by Clipping Own Stipend

VICTORIA, Jan. 5.—In accordance with his plans for drastic economy in civic expenditures, Mayor Hayward intends to introduce a bylaw abolishing salaries of aldermen and cutting his own salary of \$3,000 a year to \$1,500.

SCHOONER BREAKING UP ON EAST COAST

Gloucester, Mass., Jan. 5.—Schooner Alice Goldbourne is breaking up on the rocks near Manchester. Capt. Lant and the crew of the vessel were saved by the coast guard.

DAILY EDITION

Friday, January 5, 1923.

Candidates For Civic Elections.

This is the time to see that there are plenty of the right sort of candidate in the field for the civic elections. Nominations close on Monday and action must be taken before that time.

In regard to the mayoralty there are several candidates in the field and there may yet be others before Monday. One of the important issues will be in regard to the cost of running the city.

The Daily News will not support any particular candidate, for all are well known to the electors and anything we said would be superfluous.

Look Forward With Confidence.

Let us look forward with confidence. Times have been rather quiet for a year. We have been passing through one of those periods which try the business man and yet not many have suffered much.

Following developments at Smithers, there is increased activity at Usk. A number of men have always had faith in that section of the country and their faith seems likely to be rewarded.

Individual Effort Is Necessary.

If the north is to develop it must be largely as the result of individual effort. The days of pap feeding are over. We have looked too much to government for aid in the past and, as a result, we have lost much of that initiative which is necessary to success.

The Dominion and Provincial Governments are loaded down with debt, the interest charges on which take the large part of the income of the province. This interest has to be paid, no matter what else is paid.

We expect developments on the railway, such developments as will make the line a paying concern. Any improvements that are made will be with an eye to financial returns and not to the advancement particularly of Prince Rupert or any other place.

Individual effort is very necessary in the development of any country. One good broker who can go out for business and get it is worth an immense lot to a city. One live business man is worth an immense lot to a community, especially one that is dealing in foreign commodities or is shipping local products and finding new markets.

The "Bank" Way

It is better to have a savings account which grows through compound interest than an investment which earns only simple interest.

More large fortunes have sprung from Bank accounts than from any other source. Pin your faith to the "savings" way.

"Double your Savings: It CAN be Done."

UNION BANK OF CANADA

Prince Rupert Branch A. T. Broderick, Manager

Expert's Report on Usk Mining Properties Indicates Much May be Expected from that District

Generally speaking the conditions around Usk for mining are almost all favorable. Transportation facilities are excellent both as regards railroads and wagon roads, and timber for mining purposes would be an item of little consideration.

Mr. McKay spent some seven or eight days around Usk last summer during which he made a minute investigation of the Kleanza Company's mineral holdings and a thorough inspection of the locality generally.

In the course of his report, Mr. McKay states that on account of the limited amount of underground workings and the few surface cuts, little knowledge of the nature of the ore shoots was to be obtained.

There has been more or less prospecting for minerals in the Usk district for more than twenty-five years, and in a few instances considerable sums of outside capital have been expended in the development of claims.

Development Warranted

Continuing Mr. McKay states that to date no mines here have been operated at a profit. No thorough development has been carried on, at least not enough to conclusively prove or disprove any property.

It is Mr. McKay's opinion that the mineral claims of the Kleanza Company merit further development and crown granting. Speaking of the Kleanza Co.'s holdings the engineer says that the mineral holdings of the company consist of fifteen claims including two recently staked, and five others held on authorization known as the Golden Crown Group.

Nature of District

The Usk district lies on the eastern side of the great Coast Range batholithic uplift. This batholith has thrust up through older rocks and, with other subsequent intrusions, has caused a terrific dyamo-regional metamorphism accompanied by much fissuring and faulting.

The sedimentaries where they exist and the older igneous rocks along the contact are all highly altered and in most cases turned to schists. The country rock of the Kleanza claims is granodiorite cut through in many instances by fine grained porphyritic diorites and a few felsitic dikes.

Mr. and Mrs. E. H. Simpson arrived in the city from Massett on the Prince John yesterday afternoon. Mr. Simpson is manager of the crab cannery at Naden Harbor.

J. B. Scott, forest ranger at Port Clements, arrived in the city on the Prince John yesterday afternoon and will be returning to the Islands on the same steamer tomorrow evening.

W. G. King, assistant to Mr. O'Brien, logging superintendent for the Massett Timber Co., arrived from Buckley Bay on this trip of the Prince John from the south. He has been spending the holidays at Vancouver and Seattle.

Mr. Bird, who spent last summer at Lagoona Bay with the Canadian Fishing Co.'s cannery, arrived at Buckley Bay from Vancouver on the Prince John this week. He is taking a position with the Massett Timber Co. at Buckley Bay.

Constable J. B. Searle, of the provincial police force at Stewart arrived from the north on the Prince George this morning having in custody a man named John Sweeney who is to do three months at Okalla for vagrancy. Sweeney is at present in the city lock-up and will be taken south later.

A January Sale of Sterling Good Values

A. W. Lipsin, manager of the Acme Importers, while on his recent trip east, was successful in purchasing at remarkably low prices, a wonderfully comprehensive stock of Men's and Boys' Clothing, also Overcoats.

ROTARY CLUB MEMBERS SPEAK

Matters Pertaining to the Club and Its Relation to the Community Discussed

"We, as a people, are not fit to govern ourselves today," declared Dr. W. T. Kergin at the Rotary Club luncheon yesterday. "So little interest is taken in public affairs. Nobody seems to care. The time will come, I hope, when public life will be esteemed a worthy occupation." He urged that people take an intelligent interest in public affairs and bring out good candidates for school trustees, for aldermen and mayor. Speaking of the ideals of Rotary, the Doctor said it was useless having ideals so high that they were unattainable. A Rotarian should be useful in the community, helping in a quiet way.

Civic Affairs John Dybhavn declared that education was one of the strongest and most potent forces in the world today. He paid a tribute to the local educational system. What was lacking he suggested was education in regard to responsibilities of citizenship in the community. In civic affairs the members of labor organizations were far ahead of the businessmen. Some of the businessmen did not even have a say in the elections and many were not prepared to shoulder the responsibilities of office. He thought it would be worth while for the Rotary Club to take up this matter of the study of civic affairs.

F. G. Dawson, speaking on the subject of entertainment suggested means by which meetings might be improved. In addition to talks by outsiders, he urged more vocational talks. Incidentally he mentioned the value of music at the gatherings and spoke of the need of putting into effect the service idea in meetings. They would serve in a social way as well as in the more serious affairs of life.

Great Contrast George Woodland, speaking on activities for the future referred to what had been done last year and urged that time be given to the study of education needs in the city and especially to the boys. He spoke of the value of punctuality and thought the Rotary Club might help inculcate the spirit. A live town where all members were on their toes to keep appointments to the minute was a great contrast to a place where everybody was late. He also suggested that the Rotary Club might consider supporting the establishment of a free kindergarten for the children of the poor. A children's ward in the hospital would be also a worthy object for Rotary support.

W. E. Williams spoke of what was done last year, saying that with Rotarians work among boys had come to be somewhat of a hobby. It was one of the major activities in many places. He thought members should take an interest in some boy. A boy was always a good companion for a man.

Dr. Bayne gave an interesting instance of a boy who had been advised by a dentist to get to work and make something of himself and who today was taking the senior year in the Royal College of Dental Surgeons. The boy ascribed his success to the interest taken in him by that man.

Musical Education W. J. Nicholls made suggestions how the musical part of their programs might be improved. He thought much improvement might be made if sufficient interest was taken in the matter.

E. F. Dohy spoke of the marked

Milburn's Laxa-Liver Pills The Great Liver Regulators

The duty of the liver is to prepare and secrete bile and serve as a filter to the blood, cleansing it of all impurities and poisons. Therefore when the liver is inactive and failing to secrete bile in sufficient quantity constipation and other liver troubles soon follow. Mrs. H. D. Hutchinson, Peterborough, Ont., writes: "I have been using your Milburn's Laxa-Liver Pills and they have done me a lot of good. My liver bothered me a great deal; I was drowsy and tired all the time and didn't feel like doing anything, let alone my housework. I tried everything, but your pills seemed to do the work far better than anything I had ever taken."

improvement in the Rotary meetings and in the public speaking ability of the members. As a club of businessmen they should educate themselves in civic affairs and in matters of public importance. Speaking of boys, he said it was surprising the number who had no definite idea of what they would do in the future. They just dropped into any line of work, following the line of least resistance. Later they found it difficult to make a change. Advice from a mature man often had good effect on a lad, in helping him to find the work for which he was best adapted. The result would be fewer failures in life and more successes.

Slow But Sure George Bryant discussed the matter of membership and said it was suggested that they go slow in adding to the size of the club. Last year there were eleven members taken in and the membership was now 35. It would be easy to increase the number but large membership was not always the most desirable thing. Members must be imbued with the Rotary idea.

PRINCE JOHN HAD VARIED WEATHER

Staunch G.T.P. Coaster Arrives From South and Islands With Good Freight Cargo and Passenger List

The G.T.P. steamer Prince John, Capt. Harry Nodden, which arrived from Vancouver via the Queen Charlotte Islands early yesterday afternoon, had a cargo of freight and seventeen passengers for this port. The freight included Vancouver Island coal for Albert & McCaffery and the Prince Rupert Coal Co. The steamer had a full list of passengers from Vancouver for Queen Charlotte Islands points. The passage from the north of Vancouver Island to the Queen Charlottes was stormy but good weather prevailed while the steamer was moving along the east coast of the Islands. On Wednesday night, however, a stiff southeaster came up and the ship remained in Massett Inlet till it abated.

PRESENTATION MADE TO MRS. STOCKDALE

Surprise Party at Home of Mr. and Mrs. Frank Dibb for Lady Who Left Today

At a surprise party last evening at the home of Mr. and Mrs. Frank Dibb, Mrs. E. Stockdale was presented with a silver berry spoon and cold meat fork on the eve of her departure to live in Vancouver. The party was a merry one much of the time being spent in playing court whist, the winners in which were Mr. and Mrs. Ben Sell with Mrs. Glassy and T. Spencer consolation. Songs were given by Mrs. Stockdale and Mr. Dibb and much enjoyed. At the close refreshments were served, the party breaking up at a late hour. Those present were Mr. and Mrs. Herb Hampton, Mr. and Mrs. Howard Steen, Mr. and Mrs. Herbert Glassy, Mr. and Mrs. Ben Sell, Mr. and Mrs. F. C. Kemp, Mr. and Mrs. Frank Vickers, Mr. and Mrs. S. Evans, Mr. and Mrs. George Frizzell, Mr. and Mrs. T. Spencer, Mrs. Rogers and Mrs. Cox. Mrs. Stockdale left this morning on the Prince George for Vancouver.

Following their regular business meeting last night, members of the Ladies' Auxiliary of the St. Andrew's Society enjoyed a social evening. Whist was played and dancing was indulged in to music furnished by Mrs. D. S. Cameron, Mrs. Sandison and Miss May Reid were hostesses and there were about 20 ladies present.

In the Letter Box

ACROPOLIS GROUNDS

Editor, Daily News. No doubt it has been noticed by all those interested in outdoor sports in this city that the wind has again wrought havoc with the bleachers, screens and the erstwhile famous Sons of Canada "dug-out" on Acropolis Hill, and that considerable work must again be done before the sports season begins. During the past several years the Baseball League, as well as the Football Association, have spent hundreds of dollars in attempting to provide accommodation for the public notwithstanding the fact that the gate receipts have never been nearly sufficient to pay the cost of the games and the equipment for the various teams. On behalf of the Baseball League, therefore, I wish to call the attention of the candidates for Civic honors to the necessity of the incoming Council making provision in their estimates for the erection of a substantial grandstand and screen and for the general improvements of the grounds. Judging from the support usually given to the encouragement of sports in this city the Baseball League feels sure that any measures that the Council may take along this line will have the full support of the public at large. Thanking you in advance for space, Mr. Editor. H. A. BREEN, Secy. P.R. Baseball League. Editor, Daily News.

In reply to an article appearing in your paper yesterday, although I am very proud to be endorsed by the United Labor party of this city as one of their Aldermen Candidates running in the coming Civic election and who has my whole support, I

CIVIC CAMPAIGN OPENS WITH-
OUT FIREWORKS AT INITIAL
MEETING HERE.

(Continued from page one)

...of labor on the library
...establishment of a dental
...in connection with the pub-
...schools, employment of single
...instead of married women in
...the telephone department and
...the fixing of city wage scales on the
...being costs set out in the
...Labor Gazette of Canada.

"In concluding I would say that
...organization is a live one,
...represented Mr. Casey, "and if our
...representatives on the council
...should ever show signs of be-
...coming lax we will be behind to
...pick them up. If our policies are
...shown to be impracticable we will
...be prepared to drop them."

S. M. Newton
S. M. Newton, candidate for the
...primary, read his platform in
...opening and launched out with a
...condemnation of the defiant votes
...of money that had been made by
...the present council to cover such
...expenses as the "outrageous
...Booth School affair."

"To think that the present city
...council, lacking its limitations,
...should join hands with the school
...board in passing successive votes
...of \$15,000, \$20,000, \$6,500 and
...\$2,000 to cover the costs of re-
...pairs to the Booth School, is
...enough to damn it in the eyes of
...self-respecting taxpayers who
...have even denied the privilege of
...hearing," declared Mr. Newton.
...There have been other similar
...affairs to equally justify the con-
...demning of the present council,
...or instances, the people were told
...that the downtown street surface-
...ing would cost \$70,000. Now it
...has reached the figure of \$155,-

SANTAL MIDY
Easy to Take—Quick to Relieve
CATARRH OF THE BLADDER
Sole, Successful
Each Capsule (MIDY)
Assurance of Counterfeit

...000 and when the tax notices
...were sent out in connection with
...it the people were told that peti-
...tioning against it would not avail.

"Such defiant policies have
...been more or less followed from
...the first with the result that we
...now see the city drenched with a
...million and a half dollar debt, or
...more. Defiant spending of
...money such as in connection with
...the Booth School and the down-
...town street grading, summarily
...decided upon by the city council,
...is responsible for the present
...condition of affairs. Instead of
...doing things in this way there
...should always be a vote of the
...people so they may have a check
...on the expenditures."

Taxes Advanced
"When I left the city council
...six or seven years ago, the tax
...rate was in the vicinity of 13, 14
...or 15m. In one particular year,
...the rate went unavoidably up to
...24m. People then thought they
...had reached the limit and were
...on the verge of bankruptcy. To-
...day the school rate alone almost
...reaches that and all within five
...or six years because existing
...councils year from year defiantly
...loaded on public expenditures
...without consulting the people.

"My remedy would be to bring
...about a new condition by elect-
...ing a new influence in the council,
...not in favor of defiant expendi-
...tures. My plan would be, through
...the medium of forthrightly pub-
...lic meetings, to enable the citi-
...zens to get together and advise
...the council in regard to expendi-
...tures and give the people at least
...a year's reign. The question is
...whether the people will have a
...continuation of the present ex-
...travagance and high tax rate or
...a common sense business admin-
...istration backed up by a constant
...means of consultation with the
...people through public meetings."

John Dybhavn
In opening, Aid. John Dybhavn
...complimented the United Labor
...Party on being the only organi-
...zation so far that had signified
...its aims. Mr. Newton had given
...a harangue at the present council

which, possibly unwittingly, was
...filled with a lot of misquoting. As
...far as the Section 4 street sur-
...facing work was concerned it
...had been decided upon by a
...three-quarter vote of the council,
...which was perfectly lawful and
...proper. Under the Act, the citi-
...zens could not petition against
...the work.

School Board Responsible
Aid. Dybhavn explained that he
...had no apology to offer in con-
...nection with the Booth School
...affair. The school board was
...elected by the people and was re-
...sponsible. Last summer when
...money had been asked for by the
...school board for reconditioning,
...common sense had told him that
...in view of the fact that \$200,000
...had already been spent and the
...building could not be used, ad-
...ditional money should be spent
...to get it in use. It was true that
...nearly \$300,000 had been spent
...on the building but it at least
...could be used now.

Regarding city hall reorganiza-
...tion, Aid. Dybhavn said that more
...re-organizational administration
...was absolutely necessary and he
...believed that it could and must be
...brought about. It was not intend-
...ed that all the employees should
...go on the street on February 1
...but it had been necessary to take
...the steps. When the reorganiza-
...tion was effected the employees
...would have to be placed as was
...in the best interests of economy
...and those that were not needed
...would have to go just as in any
...private business.

Co-operate With Railway
"One great problem that faces
...us is "What is going to become
...of this city?" My opinion is that
...the present year will mark a turn-
...ing point in the history of the city
...and that we will be shown
...whether we are to stay here or
...not. Railway policies in connec-
...tion with the port will likely be
...decided and, since the future of
...Prince Rupert is linked up in the
...future of the C.N.R., I believe that
...the closest and most friendly co-
...operation with the railway com-
...pany is vital. If I am elected it
...will be my aim to secure the best
...results with that end in view."

Aid. Dybhavn stated his favor
...for the sale of reverted tax sale
...property for what is would bring
...in order to get it producing re-
...venue for the city. He was against
...capital expenditure and, in con-
...nection with the Hays Creek
...Cov-

bridge, if it was found out that
...reconditioning at small cost
...would serve the purpose, he would
...certainly favor that instead of
...capital expenditure in building a
...new one. Favor was also ex-
...pressed for the city manager
...scheme and the alderman stated
...it should be given full consid-
...eration. Business administration
...was all that was needed and he
...believed that the example of his
...corporations might well be fol-
...lowed by the city.

Ald. Montgomery
Aid. Montgomery said he was
...out for the mayoralty in the best
...interests of the city and said that
...he had not entered to split any
...vote or elect any certain candi-
...date. The main principle of his
...platform was economy. City ex-
...penditure had increased from
...\$127,000 in 1917 to \$270,000 in
...1921 and there had been no in-
...crease in population. If this
...kept up, no matter what govern-
...ments might do, the city would
...go bankrupt and there was noth-
...ing to be gained in bankruptcy. If
...the city was to live, somebody
...must get hurt. He would cut
...off all dead wood no matter
...who it affected. As far as the
...telephone department was con-
...cerned, it was his opinion that
...there should be no extensions at
...this time but merely maintenance.
...If that was done, the maintenance
...charge of 35 could be cut down to
...23 and \$15,000 a year in wages
...could be saved to say nothing of
...the saving in material which
...would probably come to a similar
...amount. The utilities had not
...been run on the principle of mu-
...nicipal ownership and the policy
...of using surpluses for general
...fund had been adopted. This was
...not fair to the citizens. Surpluses
...should be used towards mainten-
...ance and rates should be lowered.

Police Costs
Policing the city in 1913 had
...cost \$12,000. This year it was
...\$20,000. It was his opinion that
...\$12,000 should be sufficient and
...the head of the department should
...be told to cut his cloth accord-
...ingly or get out. The men on the
...force was sufficient instead of
...8 or 10. Savings could be made
...in the city hall by the combining
...of offices. The city treasurer
...and city clerk offices could be
...combined altogether, saving some
...company a retainer, if necessary
...to look after the city's business.
...There would have to be a cutting

down in the city hall for the wel-
...fare of the city. There would also
...have to be a cutting down in the
...assessment. In the past the city
...councils had had to rack their
...brains in order to find a way to
...spend all their money.
...If elected with a council in fav-
...or of economy, Aid. Montgomery
...said there would be no grants for
...the hospital, the board of trade
...or the Agricultural Association
...and donations would be eliminat-
...ed. Aid. Montgomery also ex-
...pressed the opinion that there
...should be no divided committees
...but one single committee to deal
...with all departments consisting
...of the whole council board.
...If my platform is given the
...support it deserves, I have no
...doubt of my election," said Aid.
...Montgomery in concluding.

MACDONALD'S

15¢
CIGARETTES

costs of the city were too high
...and should be reduced. Last
...year's estimate had been \$26,000
...against \$12,000 in Nelson and
...\$13,000 in Nanaimo. Aid. Kerr
...said that he was opposed to the
...city manager proposal. It had not
...worked out successfully in other
...cities. Explaining the Section 4
...street surfacing over-expenditure
...the speaker said various things
...had come up after the work had
...started to increase the cost. There
...was a lot of criticism now the
...work had been done but there
...would have been more if it had
...not been done.

Walter Shaw asked of Ex-
...Mayor Newton if he favored cut-
...ting down of the indemnities of
...mayor and aldermen. Mr. New-
...ton stated that he was absolutely
...opposed to such action. Honest
...work was entitled to honest pay
...and if the mayor and aldermen
...were not worth their pay they
...should be left at home instead of
...elected.

Ernest Maynard, candidate for
...alderman, said there were defec-
...tances in the city hall and prom-
...ises were not lived up to. If he

were elected he would live up to
...his promises and no man would
...influence him. He levelled an at-
...tack on Mayor Rochester in con-
...nection with Oriental labor.

Entire Wealth Here
W. H. Sherman, for alderman,
...said that the city's interest was
...his interest and his efforts would
...be for the betterment of the city.
...He had \$10,000, his entire wealth,
...invested here.
...F. J. Fuller, for alderman, ex-
...pressed favor for a full investi-
...gation into the Booth School af-
...fair at any cost. The Hays
...Creek bridge was a necessity and
...should be provided. He also fa-
...vored the establishment of a pub-
...lic convenience, fishermen's rest
...room and grants to the Boy
...Scouts and sports organizations.
...A message was read from Mrs.
...E. C. Kirkpatrick, who said she
...was running for alderman, stat-
...ing that her policy would be one
...of general economy and efficiency
...with the elimination of large ex-
...penditures. All should have a
...square deal but retrenchment was
...necessary. She favored reduc-
...tion in electric light charges.

**MEMBERSHIP DRIVE
 COMMENCES MONDAY**

Fair Board Will Have Thorough
 Canvas of City for New Mem-
 bers of Association

The Exhibition Association's membership drive will start next Monday. A thorough canvass of the city will be carried out and the drive will last until the annual meeting on January 19. The following citizens' committee has consented to co-operate with the Fair Board in making the drive: C. H. Orme, S. E. Parker, Ralph Lepine, Theo. Collart, Frank Dibb, Ben Self and George Frizell.

**EDMONTON STRIKERS
 HIDE BEHIND WOMEN**

Police Thus Prevented From
 Making Effective Attacks to
 Break up Picketing

EDMONTON, Jan. 5.—One hundred men and women are picketed in the Penn Mine where miners are on strike. In a clash with the police several were injured by flying sticks and stones. The striking men ranged themselves behind the women thus preventing the police from making effective attacks.

**WAS IN VANCOUVER
 STREET CAR WRECK**

John Morrison, of this city, who returned from a trip to Vancouver on Wednesday, was a passenger in the Gimudview car which was wrecked last week. He was visiting with Alex. Macdonald, who was killed in the wreck, and at the time was in the car with him on his way to deceased's home. The late Alex. Macdonald was a cousin of Alex. Macdonald, of the city police force.

FISH ARRIVALS

The two Canadian Fish & Cold Storage Co.'s trawlers James Carruthers and G. E. Foster, operating on the independent lay, sold catches at the Exchange (this morning). The former had 30,000 pounds which went to the Canadian Fish & Cold Storage Co. at 12c and 9c, and the latter, 70,000 pounds, to the Allin Fisheries at 12.5c and 9c.

IMMIGRATION DECREASED

OTTAWA, Jan. 5.—The number of immigrants entering Canada in the period from April 1 to November 30, 1922, decreased 25 per cent compared with the number entering during the corresponding period of the previous year. During 1922 period 56,882 entered compared with 76,575 the previous year.

Bob Newell, the popular pianist, sailed for Seattle on the Prince George this morning. He does not intend to return to Prince Rupert and he will be missed in local dance circles.

H. Russell-Hamilton, of the Digby Island wireless station staff, sailed this morning on the Prince George for Victoria where he will spend a holiday.

Miss Mona Pharis arrived from Queen Charlotte City on the Prince John yesterday afternoon.

**FUNERAL OF LATE
 OLE A. RAGSTAD**

Took Place This Afternoon From
 B.C. Undertakers to Fairview
 Cemetery, Archdeacon
 Rix Officiating

The funeral of the late Ole A. Ragstad took place this afternoon at 2 o'clock from the B.C. Undertakers' Parlors, interment being made in Fairview Cemetery. Archdeacon G. A. Rix officiated and there were a number present to pay their last respects to deceased, many of these being members of the Knights of Pythias order to which the late Mr. Ragstad belonged.

There were floral tributes from the following: Mr. and Mrs. Howland White, Mr. and Mrs. John Bulger and staff, Mr. and Mrs. W. W. Wrathall, Mr. and Mrs. George Frizell, George Sutherland, Fred Joudry, Billy Lawrence and Mr. and Mrs. David Glennie.

**PROFESSOR PRYCE
 HOST TO MEMBERS
 OF HIS ORCHESTRA**

Professor H. Aubrey Pryce celebrated his birthday yesterday by entertaining the junior and senior members of his orchestra and their friends at parties held in his studio in the Methodist Church.

In the afternoon about 22 youngsters, ranging in age from 5 to 13, assembled. Games and music was enjoyed and a great supper was served.

At 8 o'clock members of the Senior Orchestra and their friends to the number of about 30 appeared on the scene and enjoyment was complete, the affair not breaking up until 3.30 this morning.

JABOUR'S

**Annual Stock-Reducing
 SALE**

Commences January 4 and continues until Saturday
 January 13

It is a wise woman who postpones her general buying until the January Clearance Sales as then she can pick things practically at half price.
 Our last year's stock-reducing sale was a great success because we gave very good values at reduced prices. Our customers had the advantage while we unloaded our shelves.
 We are taking the same step again. We will continue to reduce our stock until the 13th of this month and we are in a position to supply you and your families with practically everything required.
Below are a few items of our Sale just to give you an idea of the splendid values we are offering.

**Grasp the Opportunity
 while it is at hand**
