City Council Endorses Action of Mayor Rochester in Having Suspended Heads of Departments

At the final meeting of the 1922 city council last night, the action of the mayor in suspending the heads of departments, W. D. Vance, city treasurer; T. C. Duncan, superintendent of Utilities; and F. J. Whitaker, city engineer, was confirmed, and Mr. Vance is to be asked to turn over his books to the auditor to check up prior to being given a release from his bond.

In opening the matter the city clerk read several letters, one from the heads who had been suspended was as follows:

"We hereby acknowledge receipt of a letter from Mayor Rochester suspending us on the ground that we failed to carry out instructions contained in his letter of Dec. 26, 1922, and in reply wish to say that we are unable to carry out said instructions for the reason that they were contrary to law. We did, however, hand the letter to the employees and they for the same reason voted to abide by the terms of their contracts and work from nine to five o'clock each day except Saturday when the office closes at one o'clock."

FRENCH READY FOR ADVANCE

Preparing to Occupy Further German Territory From Dusseldorf

COBLENZ, Jan. 9.—Four trainloads of French and Colonial troops passed through Mayence last evening to the concentration camp near Dusseldorf where the French commander DeGouttes has taken up staff headquarters preparatory to completing the French plan to occupy German territory by the fifteenth if Germany does not pay in the meantime.

Several more troop trains are due to pass from Coblenz. Germany is resigned but anxious, according to despatches from Berlin.

BLEW HEAD OFF WITH DYNAMITE

Rejected Suitor Put Explosive Between Teeth and Went to Eternity

VANCOUVER, Jan. 9.—When his former landlady rejected his proposal of marriage, Emil Fillman yesterday put a stick of dynamite between his teeth, lighted the fuse and blew his head off.

The explosion rocked the house and brought the neighbors for objects around running into the street fearing an earthquake. Fillman came here from Sweden some time ago and had no relatives. He was about forty and formerly roomed at the home of Mrs. Lulla Andrea, a widow. When Mrs. Andrea rejected his advances he went up country logging for several months. He returned yesterday and made Mrs. Andrea a proposal of marriage and when she rejected him he went to the basement of the house and blew his head off.

NO SETTLEMENT POSSIBLE NOW

U.S. Administration Convinced That Present Law Will Not Allow for Clearing up British Debt

WASHINGTON, Jan. 9.—Preliminary negotiations with the British debt commission over the payment of the British war debt to the United States has convinced the administration that no settlement of the problem can be made under the terms of the law as it now exists. President Harding is convinced, it is declared, that the American commissioners in dealing with the situation must recommend tentative plans for settlement with each debtor among the nations of Europe without regard to what may later be presented for approval of congress.

John Currie
CANDIDATE FOR ALDERMAN, 1923.

Your vote and influence solicited.

GERMANY IS IN DEFAULT

Reparations Commission Three to One Against Her on Coal Question

PARIS, Jan. 9.—The reparations commission today voted Germany in wilful default in her coal deliveries. The vote was three to one, the negative vote being cast by Sir John Bradbury, the British member.

CITY UTILITIES ARE COMPARED

T. C. Duncan Replies to Mayor McHardy of Nelson Regarding Situation Here

T. C. Duncan, superintendent of utilities at this city, gives the following reply to Mayor McHardy of Nelson whose communication was published in this paper yesterday:

In your issue of yesterday you publish a letter from Mayor McHardy of Nelson in which your headline states he writes to refute some statements published here. However, I should like the ratepayers of this city, who, no doubt are interested in Prince Rupert's Utilities, to have some enlightenment regarding this comparison between the utilities of the two cities.

Mr. McHardy states that in 1921, Nelson's operation and maintenance costs were \$32,997.72, while Prince Rupert's costs for the same year were \$41,057.79. This is quite true, but the scale of wages paid in Nelson is 23% below the scale paid by our city council. The year 1921, owing to considerable reconstruction being done in this town, was by far the most expensive year we have ever had, and yet if Nelson were paying the same scale of wages as we are their operating expenses for 1921 would have been \$32,779.68. When we were paying the scale that is prevailing in Nelson at present, and operating under normal conditions, in 1919, our operation and maintenance costs were \$32,779.68. (Continued on Page 4.)

WOMAN IS EXECUTED IN ENGLAND TODAY

Collapsed Four Hours Before and Had to Be Carried to Scaffold

LONDON, Jan. 9.—Mrs. Edith Thompson and Fredrick Bywaters were executed Tuesday for the murder of the woman's husband on October 4.

Mrs. Thompson collapsed several hours before the time of execution and had to be carried to the scaffold. She protested her innocence to the last. Bywaters met his death calmly.

BRITISH READY FOR TURKISH

Air and Artillery Reinforcements Seen Arriving for Days

CONSTANTINOPLE, Jan. 9.—British air and artillery reinforcements have been arriving for two days and it is estimated 20,000 Kemalist soldiers dressed in multi have been drifting in during the past few weeks and have been equipped for military service after arrival.

LEAGUE HOCKEY
VANCOUVER, Jan. 9.—Seattle beat Victoria on Vancouver ice last night, the score being 2 to 0 in favor of the Americans.

Hon. John Oliver and his aged father, who died yesterday at the age of 90.

Belgium Announces She Will Stand by France Preparing for Advance

BRUSSELS, Jan. 9.—Premier Thonnis formally announced the government's determination to stand beside France in the occupation of the Ruhr district. He regretted the allies were moving without England but said neither anger nor vengeance actuated Belgium.

BERLIN, Jan. 9.—Thirty-eight trains carrying French troops left Mayence yesterday with Essen as the destination of the forces, says an Essen telegram. Today the arrival of heavy artillery and sappers was reported from the neighborhood of Neuss, 3½ miles southwest of Dusseldorf.

PARIS, Jan. 9.—Reports from Dusseldorf today said all troops were ready for the expected co-ordinated movement of France in the Ruhr will be assembled at a point of concentration near that city by noon. Reinforcements are being sent to take the place of advancing units.

ESSEN, Jan. 9.—Advanced troops of the French army, largely with technical equipment has already reached the neighborhood of Kettwig, seven miles from here.

MAYORS ELECTED AT PROVINCIAL POINTS

Despatches this morning show the following mayors elected by acclamation:

Kamloops—Alderman J. R. Volney.
Kaslo—James Anderson.
Vernon—Mayor Costerton.

THE MAYORALTY CONTEST

To the Electors:
Ladies and Gentlemen:
Friendly co-operation with the Management of the Canadian Railways is probably the most important issue before you at the present time, and is worthy of your serious and careful consideration.

The question of whether our City IS or IS NOT going to become a prominent terminal Port of this great railway system will likely be decided this year, and it is of utmost importance that you at this election select an administration that will be in a position to deal with these important matters in a proper way. We are now in a very favorable position in this matter, but our Citizens must do their part.

I ask for your support and influence in the best interests of our City and its Citizens, and if elected will endeavor to give you an efficient and economical administration.

Is Newton in favor of reducing the Indemnities of the Mayor and Aldermen in order to economize? No! If I am elected, retrenchment will begin "at the top."

"A GOOD ALDERMAN WILL MAKE A GOOD MAYOR."

JOHN DYBHAYN.

All Mayoralty and other Candidates Invited
T. Ross McKay, Chairman

Mayorality and Other Candidates Address Crowded Meeting at the Empress Under the Labor Party

The three mayorality candidates and twelve of the aspirants for the city council were heard at the civic election meeting held in the Empress Theatre last night under the auspices of the United Labor Party of Prince Rupert. The attendance was large and taxed the seating capacity of the hall. Each speaker was given a fair hearing and there was little disturbance outside of a little good-natured interruption which might be expected to characterize any gathering of the kind. It was 11:30 before the last speaker was through, but interest was sustained throughout the proceedings and very few left before the end, this being due not have been made an issue in no doubt to the fact that the campaign. It was a matter of addresses of the mayorality candidates that a good council could be elected was held over until the straightened out in a few days.

George W. Rudderham, Labor carefully handled during 1923 nominee for alderman, was the one who believed that all the work of the Labor Party's program at length, that had already been planned, it "All the mayorality candidates would be his principal that no have complemented the Labor money would be spent before it Party on its program," he said, had been provided and the cost of "I would ask you who would be doing work should not exceed the most likely to put it into effect, estimates. The taking care of feet—those who drew it up or the fishing industry of the port those who simply approve of it was an important consideration and tell you there is no harm in and, if he was elected, he would it? I would say the people who look after that to the best of prepared it can effect at the best his ability.

At the same time the J. Arthur Smith said that his other problems of the city policy would be one of economy well as those who have submit and retrenchment with fair play ted nothing." Speaking of civic to all. Administration costs reorganization. Mr. Rudderham were too high and the tax rate expressed the view that the present council had taken a poor it almost meant confiscation. W. H. Sherman favored the means to a desired end. If he use of city rock instead of business to delve into the whole Smith Island and the elimination question and cut out what was in favor of rough grading in the necessary. If a man was kept on the payroll he should be given enough to live on. If he were not needed he should not stay.

Use Best Judgment
John Currie, candidate for alderman, said that if he were elected he would use his best judgment in dealing with every question that came up. Ernest Maynard, for alderman, referred to the condition of roads in the outlying sections. The ball grounds urgently needed repairs and there should be a thorough investigation in the Booth School affair. He also advocated the giving of preference to residents of the city in the matter of unemployment and the elimination of overtime.

F. J. Fuller, said that building bylaws should not be made too stringent and there should be no hard and fast rules. He favored the building of the Hays Creek bridge and the encouragement of sports. Outside advice should be obtained in connection with city hall reorganization and all roads should be built under the local improvement plan. He would favor a full Booth School investigation and the continuation of grants to the general hospital.

Vote and Influence
R. F. Perry briefly solicited the vote and influence of the citizens. Alex. McKenzie urged the building of a permanent road from one end of the city to the other and strongly opposed the importation of Smith Island rock. There should be a thorough investigation of the Booth School affair. Lots reverting to the city at tax sales should be sold for whatever they will bring. Efficient men giving good service should not be laid off and there should be a fair living wage for all. Industries, however small, should be encouraged and he would advocate the bringing in of local wood for fuel. Terminal requirements such as coal bunkers and elevators should be laid before the authorities at Ottawa and the matter should be fully pressed as was being done at Vancouver. The Hays Creek bridge bylaw should be voted for but he would favor reconstruction if it could be done economically. Mr. McKenzie emphatically refuted the rumor that he had attempted to break away from the Labor Party. "I am proud of their endorsement," he continued.

Could Straighten Out
G. H. Munro referred to the difficulty of getting business men to run for the council. He said the civic reorganization should

AGED FATHER PREMIER DIES

John Oliver Leaves Tuesday And Will Stop Off at Edmonton En Route

VICTORIA, Jan. 9.—On the eve of his departure for Ottawa to appear before the privy council in a fight for lower freight rates, Premier John Oliver yesterday received word of the death at Fiesherston, Ontario, of his father, aged ninety years.

The premier leaves on Tuesday afternoon and will stop over at Edmonton to confer with Premier Greenfield on the rates problem and will address the board of trade. He will then go direct to Toronto, to the old home at Fiesherston and then to Ottawa. The freight rates case opens in Ottawa on January 15.

VICTORIA TAX MEN RESIDENTS

Five Dollars Poll Tax and Two Dollars Road Tax to be Collected

VICTORIA, Jan. 9.—The city council with only one dissident adopted a recommendation of the finance department for a levy on all male residents of Victoria not liable to other taxes. The new levy will be five dollars poll tax and two dollars road tax.

The chairman of the finance committee said that the city must have money and adopted the poll tax reluctantly as a last resort.

TO THE ELECTORS.

On a policy of cutting down expenses for the relief of our ratepayers, your vote and influence for

J. ARTHUR SMITH
FOR ALDERMAN
is respectfully solicited.

THE DAILY NEWS

PRINCE RUPERT - BRITISH COLUMBIA

DAILY EDITION

Tuesday, January 9, 1923.

Bylaw Votes Are Worth Attention.

Voters will do well to consider the matter of voting on the bylaws. The one for changing the half holiday from Wednesday to Thursday seems to be worthy of attention. The boats arrive on Wednesday and it is a dull town for those who have to spend half a day in the city if all the stores are closed. Looked at from the local point of view it seems as if considerable business might be lost to the city in the summer time by the fact that the stores are closed on Wednesday. So far as the shop employees are concerned it cannot make much difference which day is kept. They get their holiday anyway.

Many Nominations For People's Choice.

There are plenty of candidates from which the people have to choose. An effort was made toward the last to get men out who had been hanging back, and with some success. We all know now from whom we have to choose and the next thing is to consider carefully and pick the men who will be best for the city. Whoever is chosen will be mayor or alderman for a year and police commissioner or member of the school board for two years. It is useless to grumble later on. This is the time for action.

Cutting Ties Will Help North.

The cutting is general all along the line from here to Prince George and beyond. Over a million are to be cut in all, many of them from burned over areas that would spoil directly if allowed to remain standing. The money is needed this year as farming was not very successful as a result of the dry summer last year.

There is much work to be done on the railway, keeping the track in good shape. Many ties are needed for this purpose and cutting them makes the north busy. It has done away with the unemployment problem for this season, apparently, and will keep the merchants from becoming despondent.

Insanity From Alcohol Decreases.

There has been a marked reduction during the last ten or twelve years in the prevalence of mental disease directly resulting from the use of alcohol, and this reduction has been relatively greater among women than among men, according to an article by Dr. Horatio M. Pollock, statistician of the New York State Hospital Commission, in the current number of Mental Hygiene. Dr. Pollock draws his conclusions from various compilations of data on alcoholic insanity subsequent to the Federal Census of 1910. In that year, of the 60,769 patients with mental disease admitted to institutions, 10.1 per cent. were reported as cases of alcoholic insanity, and the annual rate of admission of alcoholic cases was 6.7 per 100,000 of general population. The latest available data with regard to the prevalence of alcoholic insanity throughout the country was compiled by Miss Edith Furbush, Statistician of The National Committee for Mental Hygiene, from original standardized reports of state hospitals. Based upon statistics from the hospitals of fourteen states, the percentage of alcoholic admissions to all first admissions in the year 1921 was 3.1 and the rate of incidence in the general population 1.9, a noticeable decline from the census rates.

A corresponding decline appears in the figures for the New York civil state hospitals for the years 1909-21, as compiled by the Statistical Bureau of the New York State Hospital Commission. In 1909 the percentage of alcoholic first admissions to all first admissions was 10.8 and the rate of incidence in the general population 6.3, while in 1921 these rates were 2.8 and 1.8 respectively. At the same time there has been a decline in the number of cases among all first admissions in which there is a record of intemperate use of alcohol. In 1909 such cases constituted 28.7 per cent. of all first admissions, while in 1921 this rate had declined to 11.8. A close correlation was found to exist between the rate of alcoholic first admissions to New York state hospitals and the per capita consumption of liquors in the United States. Dr. Pollock is of the opinion that an even closer correlation would have been found had the data relative to the per capita consumption of liquors in New York State been available.

The lowest rates for alcoholic admissions appear in 1920. The slight increase in 1921 Dr. Pollock believes to be due partly to lax administration of the liquor laws and partly to economic depression. During the whole period for which adequate data are available, the percentage of alcoholic admissions from urban districts has everywhere greatly exceeded the percentage from rural districts. In the Federal Census of 1910, alcoholic admissions from rural districts constituted 77.8 per cent. of all alcoholic admissions. A study of first admissions to the New York civil state hospitals from July 1, 1915, to July 30, 1920, showed that 90.9 per cent. of the alcoholic first admissions were from urban districts. These figures are borne out by representative data from the state hospital reports of a number of states for 1919, 1920, and 1921, in which years the percentages of alcoholic first admissions from urban districts were 85.6, 83.9, and 84.4 respectively.

Dr. Pollock attributes the decline in alcoholic insanity since 1910 to changes in the habits of the people as well as to restrictions on the liquor traffic. The explanation suggested for the relatively greater decline among women is that women are less exposed to the wiles of the bootlegger and are less likely to seek him out. — Juneau Empire.

WHAT CAUSES HEADACHES?

"Fruit-a-lives" Prevents Auto-intoxication

Auto-intoxication means self-poisoning. Many people suffer from partial constipation or insufficient action of the bowels. Waste matter which should pass out of the body every day, remains and poisons the blood.

As a result, there is Headaches, Indigestion, disturbed Stomach, Pain in the Back, Rheumatism and Eczema and other skin diseases.

"Fruit-a-lives" will always relieve Auto-intoxication as these tablets, made from fruit juices, act gently on the bowels, kidneys and skin and keep the blood pure and rich.

50c a box, 6 for \$2.50, trial size 25c. At dealers or sent postpaid by Fruit-a-lives Limited, Ottawa.

MAYORALTY AND OTHER CANDIDATES ADDRESS CROWDED MEETING AT THE EMPRESS UNDER LOCAL LABOR PARTY.

(continued from page one)

side could well handle the public works of the city did not meet with much approval from the audience. His statement that by working for himself he would be acting in the best interest of the city, met with a good deal of laughter and the speaker sat down amid roars of merriment.

Had Withdrawn

George Kerr explained that he had withdrawn from the mayoralty contest because it was possible he would be out of the city a good deal. He favored permanent roads where possible and a steady reduction of plank roads.

S. D. Macdonald reviewed at length his services as police commissioner and solicited support for the aldermanic board on his record in connection with police work. The police force was at the present time the most efficient the city had ever had and reduction would not be in the best interests. He did not believe in the cutting down of the pay of mayor and aldermen and suggested the giving away of tax sales lots to those who proposed building homes instead of selling them for what they would bring thus encouraging speculators. There should be a full investigation into the Booth School affair and it would be his object to have it thoroughly cleaned up with the placing of the responsibility where it belonged. He would favor a plebiscite on the question of proportional representation. There should be no curtailing of domestic science and manual training in the schools but there should be a free dental clinic to ensure the health of the children of the city. A dental clinic would be little expense to the city. In closing Mr. Macdonald appealed for support for the Labor nominees and made special reference to Alex. MacKenzie's candidature.

Economy Not Easy

Ald. R. A. McLeod said economy was easier to preach than it was to practise. He believed in it as far as the elimination of extravagance was concerned. Street surfacing and grading was a big problem and he believed the Labor Party's plan on the question was the only feasible one. He favored a Booth School investigation and thought it was now due. If there had been labor men on the school board instead of professional men the situation which was now facing the city might have been avoided. The Hays Creek bridge was certainly needed and he thought that reconstruction would cost more than a complete new structure. If there was unemployment he would favor the married men getting the first chance with returned soldiers and single men coming next. As far as civic reorganization was concerned Ald. McLeod said if he had anything to do with it no man would be discharged without a fair trial. He would make no promise but would give faithful and honest service if he was elected.

Ald. Montgomery

Ald. Montgomery, candidate for mayor, said he had endeavored to economize during the past year and if there was extravagance it might be held at the door of Ald. Dybhavn. Money had been thrown away recklessly but economy and efficiency could still save the situation. He had

avored city hall reorganization but not the means that had been taken. Instead of discharging everybody generally they should have gone directly at the officials they wanted. Certain of the officials had been holding up the mayor and aldermen all year and in three months some \$900 overtime had been run up in the treasury department.

"If I had been mayor when this suspension order had gone out I would have seen that it was carried out if the whole police force had to be called in," declared Ald. Montgomery.

Ald. Montgomery urged the passing of the Hays Creek bridge bylaw declaring that it was different from any other bylaw that had ever been presented. The figure of \$47,000 was based on an actual tender which had been accepted and this sum could not be exceeded.

Police costs were too high here, Ald. Montgomery maintained, and \$12,000 a year with three men on the force besides the chief should be enough. The city could not afford to make donations and they should be cut out entirely. In closing Ald. Montgomery said that the high water mark of city taxation had been reached in 1911 under the regime of Mayor Newton. That year the expenditures had been \$210,000 and in 1917, under Mayor McCaffery, it had been brought down to \$127,000.

Ald. Dybhavn

Ald. Dybhavn, speaking in connection with the Section 1 surfacing, said that the original of \$70,000 had not included bringing up of the streets to grade or the laying of tarvia. He submitted figures to show that the work had been done economically and costs here had compared favorably with Vancouver. He also explained that the city council had already asked government assistance for a trunk road in the city to connect with the proposed highway.

Ald. Dybhavn said that he would not favor the spending of perhaps \$20,000 on a Booth School investigation unless something could be recovered thereby. The general public was pretty well satisfied already where the blame lay. He contradicted the statement made by Mr. Sherman that he had signed any checks in connection with the Booth school work.

It was the duty of the city to maintain the hospital, Ald. Dybhavn said, although he did not think the 70c. per capita grant could be given this year.

"There has been a lot of talk about the blue ruin and impending disaster," said Ald. Dybhavn. "I do not believe in talking our city into the mud. Let us boost it up instead of saying that it is down and out and going on the rocks."

The suggestion of giving lots away was not according to law, said Ald. Dybhavn. If he were elected he would favor selling them to the highest bidder.

Ald. Dybhavn felt there was room for a good deal of economy and retrenchment. The treasury department cost too much, the light department was out of all proportion and the city should get ample police protection for less than \$20,000. As far as indemnities were concerned, if cutting down was necessary he would promise that retrenchment would start from the top, if he were elected.

S. M. Newton

Ex-Mayor Newton, in opening, explained that the mill rate in 1912 as referred to by Ald. Montgomery had gone up because certain bylaws had been quashed through the efforts of his political opponents. The speeches at this meeting had revealed that there had been blundering and extravagance, causing the present high mill rate. Nothing had been done this year and if the same men were elected again the ratepayers would have the same old dose to swallow again twelve months hence. It could not be made any worse and there was a possibility of betterment. There could be no serious blunder in choosing new blood.

Mr. Newton gave the lie to the rumor that he had had anything to do with the defiant attitude that had been taken by the officials in the city hall. He had never spoken to any employee in regard to the situation and none of them had ever approached him.

"I have no brief for the city hall employees," said Mr. Newton. "I have been out of the city hall for some six or seven years and it is impossible for me to know just now how things

Her Heart Skipped Every Third Beat

Mrs. James Burleigh, 248 King St. E., Chatham, Ont., writes:—"I think it my duty to let you know what Milburn's Heart and Nerve Pills have done for me."

I suffered for years with palpitation of the heart, my nerves were very bad, and I could not be left alone at any time. I doctored for over a year, and the doctor said my heart was very bad as it skipped every third beat.

I gave up, just at this time, and then my mother advised me to try Milburn's Heart and Nerve Pills, saying my eldest brother had been relieved by using them when he was very bad with his heart and nerves. I got a box and started to take them, and when I had used it I felt a lot better; could sleep a little and felt stronger. I continued taking them for about three months, and felt better than I had for years.

When I think of the misery and suffering I went through before I started Milburn's Heart and Nerve Pills, I feel like letting everyone know what they did for me."

Stomach Trouble

"Indigestion"

Relieved by
Burdock Blood Bitters

The sufferer from dyspepsia, indigestion or other stomach troubles who has to pick and choose his food is the most miserable of all mankind.

Even the little that is eaten causes much torture, and is digested so imperfectly it does but little good.

Before you can eat heartily and enjoy your food, you must put your stomach right so that it will manufacture its own digestive ferments.

Mr. Win. Kruschel, Morden, Man., writes: "Some time ago I had quite a serious case of stomach trouble, indigestion. I could scarcely eat anything, outside of some light food, and even then I generally had pains after each meal. I tried many different medicines, but without any improvement, and had almost given up hope of ever being well. A neighbor recommended Burdock Blood Bitters, and after using it a short time I felt much better, so I continued to use it until I was completely relieved. I can honestly say that B. B. B. has done wonders for me after all other medicines failed."

B. B. B. is put up only by The T. Milburn Co., Limited, Toronto, Ont.

You are invited to Newton's Public Meeting in the Empress Theatre tomorrow night at 8 o'clock. All candidates are also invited. The first part of the meeting will be left in the hands of the audience to either speak or ask questions.

The county court action between James Kobow and Song Goy, both of Telkwa, for goods supplied to the value of \$370, was transferred to Smithers yesterday afternoon by Judge Young. Application was made by Patmore & Fulton, counsel for plaintiff.

DRUM RUNS AMOK ON VESSEL'S DECK DOES MUCH DAMAGE

NEW YORK, Jan. 9.—A drum containing 150 fathoms of steel cable torn from its mounting on the deck of the British freighter Valencia ran amok about the decks, wrecked both the fore-castles and nearly capsized the ship, killed two sailors, injured 19 more before being finally captured and moored.

FREE STATE TROOPS HAVE LEFT PETTIGO

Former Storm Centre of Ulster Frontier is Now Evacuated

BELFAST, Jan. 9.—Pettigo, which was the storm centre of strife on the Ulster frontier some months ago, has been evacuated by the Free State troops.

COLDS ARE ENEMIES OF HEALTHY LUNGS

A Neglected Cold Is Always Looking For Mischievous

It may start in the head—nothing unusual—just an ordinary cold, but that is just the cold, because you neglect it, which sows the seed of lung troubles. Prevention is far better than cure. The cold can be cured and other and more serious ailments thus prevented. Anyone suffering from a cold, however slight, should take prompt measures to break it up.

You cannot do better than take Grip Fix, which has an unrivalled record of success in cases of either cold or gripple. Grip Fix does its wonderful work in a single night. It tones up the system, takes away the fever and relieves the soreness. It is compounded of the same pure drugs which every physician prescribes, which are stated on the box. Grip Fix, however, comes in a capsule form that is ideal for home use. It can be given to children without the slightest fear of harm.

Once you have tried Grip Fix, you will keep it as a friend in need whenever you or another has a cold. On sale at Orme's Drug Store Ltd., 350 a box.

BRINGING UP FATHER

HERRING RUN NOT ON YET

Local Firms are Preparing to
 Supply Halibut Bait as
 Soon as Fish Make Ap-
 pearance

The herring run in local waters is not expected to start until about the end of the month but local companies are making preparations for the taking of the fish for halibut bait purposes just as soon as they make their appearance. The N. M. & R. Fish Co. had a boat out prospecting at the end of the week but there were no signs of herring. The company is, however, getting the "pound ready" at Captain's Cove and will have the two boats "Malamute" and "N. M. & R." out getting live fish for the pound as soon as the run starts.

Bradbury and Yell are also making preparations for the filling of their pounds at Captain's Cove and Jap Inlet. The "Tip Top" and the "Bethune" will again be engaged in netting the live fish this year.

T. R. Johnson, manager of the Canadian Fish & Cold Storage Co., Ltd., states that the run is not expected for about a month yet. His company will, as usual, make provision for the supply of herring bait this year and boats will be going out as soon as the fish make their appearance.

Sport Chat

League leadership is involved in all three basketball games at Exhibition Hall tonight. It is not often that so many matches each with this interest in them is provided and the Basketball Association is expecting a bumper attendance of fans on the opening night of the second half of the season's time table.

If the Colts beat the Elks in the Senior game they will take up top position in the standing with the Sons of Canada. Should they lose, the Sons will have a clear lead of two games.

The Knights of Columbus and Elks, now even at the top of the Intermediate League, meet and the winner of the game will have a good hold of the leadership.

In the Ladies' game, the Maple Leafs will take the top even with the Adanacs if they defeat the Kaiens who have yet to win their first game this season.

The six round boxing bout at Ketchikan recently between Soldier Woods and Joe Manilla was declared a draw by Referee Charley Brown. For the first three rounds both men were cautious and merely felt of each other but began mixing it a little in the fourth. In the fifth round, which the referee claimed was in Manilla's favor, the soldier was in distress from a stiff punch to the head but was sufficiently clever to duck the terrific wallop handed him by Manilla or the fight would have been over long before the fifth. The last round was the soldier's due to superior infighting which bewildered the Filipino. The soldier's aggressiveness was offset by his clinching tactics. The draw decision met with the unanimous approval by the spectators. Soldier Woods has returned to Seattle from Ketchikan but the Filipino is still there looking for more matches. It is expected that Woods will return to Ketchikan and the fans are looking eagerly for a return match between the pair.

Ten Years Ago in Prince Rupert

Several large fishing schooners are busy in the harbor taking large catches of herring. The run is, if anything, greater than was ever known before.

Mr. and Mrs. W. O. Fulton arrived from Victoria on the Prince Rupert this morning. Mr. Fulton, who is studying law in L. W. Patmore's office, has just passed his final examinations and will take up his practice in the city.

Fred Clarke, of the fishing smack Rosine, has hopes of building an aeroplane in which he will fly across Vancouver harbor. He had already built a machine but it was destroyed in a boat house fire at Vancouver.

CITY UTILITIES ARE COMPARED

(Continued from Page One)

tenance costs for the year were \$29,222.80. These figures will, hope, convince you that if Nelson's lighting department is properly managed, Prince Rupert's must also have been properly managed.

Matter of Rates

Mr. McHardy quotes the rates in Nelson. It is true that they are, as far as residential lighting is concerned, half a cent cheaper than Prince Rupert, but the business rates are practically the same. Their power rates are slightly lower. In this connection I would like to point out that for two consecutive years the Utilities Committee, on my recommendation, have endeavored to reduce the rates in Prince Rupert to a point two cents below Nelson's present rates, but were so strongly opposed by Mayor Rochester and the Finance Committee that they were not successful in getting the rates changed.

I would like to point out that Nelson's light department profits for 1921 were \$47,727.95 as compared with Prince Rupert's \$26,441.57. This big difference in profits is due principally to the fact that Prince Rupert's rate system is more up-to-date than Nelson's rate, being the same

principle of rate making adopted by the big cities of the American Pacific Coast, by Winnipeg and by the Ontario Hydro-Electric Commission.

Water Department

Mayor Rochester has found fault with the city light department, condemned it and condemned every opportunity he has had to say anything about it for the last two years. Mr. McHardy gives some figures in his letter concerning the water departments of the two cities. His figures are quite correct when he states that Nelson made a profit in 1921 of \$95,771.91 and that Prince Rupert had a deficit of \$2,824.43. Mr. Rochester undoubtedly considers that the water department has been handled properly in this city because he has never had any fault to find with it. Before leaving the water department I should like, however, to state that Mr. McHardy very carefully neglected to mention a mere matter of \$36,258.26 overhead against the Prince Rupert department, whereas the Nelson water department has only \$440.20 overhead. That will explain part of the difference in the big profit in the one city and the big deficit in the other, and will also serve as another proof of the old adage that "comparisons are odious, especially when you are not in possession of the full particulars."

Proud of City

I gather from Mrs. McHardy's letter that he is proud of his town and its utilities. The figures I have given you above show that while Nelson has a good lighting system that is very well managed, Prince Rupert has equally as good a one, if not better. Is our Mayor proud of it?

Thinking you for your valuable space and trusting you will give this letter the same prominence you have given to Mayor McHardy, I am,

T. C. DUNCAN,

Superintendent of Utilities, Prince Rupert pays "cost" scale for electrical work, which is higher than the interior.

Municipal Election Proclamation 1923

PUBLIC NOTICE is hereby given to the electors of the Municipality of the City of Prince Rupert, that I require the presence of the said electors at the City Clerk's office, in the City Hall, City of Prince Rupert, on Monday, the 22nd day of January, A.D. 1923, at 12 o'clock noon for the purpose of electing persons to represent them in the Municipal Council as Mayor and Aldermen.

The mode of nomination of Candidates shall be as follows:

The candidates shall be nominated in writing. The writing shall be subscribed by two voters of the Municipality as proposer and seconder, and shall be delivered to the City Clerk at any time between the date of this notice and the close of the day of nomination. The said writing shall be in the form Number 5 in the schedule to the Municipal Elections Act, and shall state the names, residences and occupations of the persons proposed in such manner as to enable the City Clerk to identify each candidate. Every candidate shall before he shall be capable of being nominated or elected, not later than 12 o'clock in the afternoon of the day of nomination, lodge with me a declaration showing his qualification, in the form prescribed by statute. These forms will be supplied by the City Clerk in person or by mail. In the event a poll being necessary, such poll will be opened on Thursday, the 15th day of January, 1923, at the Council Chamber in the City Hall, in the City of Prince Rupert, from the hour of nine o'clock a.m. to the hour of seven o'clock p.m., of which every person is hereby permitted to take notice and govern himself accordingly.

Qualification for Candidates for Mayor

The qualification for a candidate for Mayor is that the said candidate shall be a British subject of the full age of twenty-one years, who has been for six months next preceding the date of nomination a resident in the City of Prince Rupert, and is registered in the Land and Improvements within the City and value, as assessed on the last assessment, of one thousand dollars or more, over and above all registered judgments and mortgages, or who is the holder of land within the City acquired by him by agreement to purchase under the "Better Housing Act," or the "Better Housing Act, 1917," of the Dominion and has paid the sum of one thousand dollars or more upon the principal of the purchase price under such agreement to purchase.

Qualification for Candidates for Aldermen

The qualification for a candidate for Alderman is that the said candidate shall be a British subject of the full age of twenty-one years, who has been for six months next preceding the date of nomination a resident in the City of Prince Rupert, and is registered in the Land and Improvements within the City and value, as assessed on the last assessment, of one hundred dollars or more, over and above all registered judgments and mortgages, or who is the holder of land within the City acquired by him by agreement to purchase under the "Better Housing Act," or the "Better Housing Act, 1917," of the Dominion and has paid the sum of five hundred dollars or more upon the principal of the purchase price under such agreement to purchase.

Election of Police Commissioner

AND FURTHER TAKE NOTICE that I require the presence of the Electors at the place and time above mentioned for the purpose of electing one person who shall be the Police Commissioner of the City of Prince Rupert for two years to take the place of S. B. Macdonald, whose term expires in 1923.

The mode of nomination of Candidates for such Police Commissioner shall be the same as for the office of Mayor and Aldermen as set out above.

Qualification for Commissioner of Police
 Only such persons as are qualified to be elected as Aldermen shall be eligible to be commissioners of Police. It will be necessary that at the time of nomination each candidate make a declaration showing his qualification in the same manner as provided for Mayor and Aldermen.

School Trustees

I am notified by the Secretary of the School Board that it will be necessary to hold an election for four persons, three of whom are the places of Mrs. E. V. Ling, and Messrs. W. F. Foster and T. McMorris, whose terms expire in 1923. The electors will take the place of Mr. W. T. Kergin, who has resigned. The three persons receiving the highest number of votes will be elected for a two year term, necessary that nominations be handed to the Returning Officer at the time and place as in the case of Mayor and Aldermen provided by statute, as set out above, and that at the time of nomination each candidate make a declaration showing his qualification in the same manner as provided for Mayor and Aldermen.

ERNEST A. WOODS
 Returning Officer.

In the Letter Box

ADVERTISING CITY

Editor, Daily News.

In the January issue of McLean's magazine, appears a very interesting article on the popular mill farm at Terrace, in which explanation is made that it is such a haven of rest to the poor laborer from the fishing town of Prince Rupert where "fresh flowers and vegetables are such a luxury." Really Mr. Editor it is surprising that such a magazine should allow such a statement of that kind to appear in an article supposedly "specialized" for the edition, without first ascertaining the veracity of such an assertion; but even more surprising is that the City should allow it to go unchallenged. Advertising of this nature will never do Prince Rupert any good, and it is just about time something was done to give the town the proper kind of publicity. Many people to whom Prince Rupert is a name only to be mentioned in whispers, will be only too ready to give credence to such a silly remark, and will add it to their already overstocked supply of erroneous impressions of this "back" northern port.

What is wrong with the City's officials? Why can't the town be given a wide publicity drive? Advertising of the right sort has made many a man, and many a town, but the kind of publicity Prince Rupert has been getting lately through the southern papers, and now through a Canadian magazine, will only tend to keep the town back. Can you imagine anyone wishing to settle in a place where there is nothing to be seen but fish? Where fresh flowers and vegetables are a "rare luxury"? Well I can't. Why not advertise the city through pamphlets distributed to the various public libraries, reading rooms, stations, writing rooms, etc., in the larger (and smaller) towns at least in B.C.? Or even through regular articles in one or more of the Vancouver and other papers?

"Every day in every way I am getting better and better," we

RICH IN VITAMINES

MAKE PERFECT BREAD

are told will, by repetition, actually make us better and better. Why not apply these same principles to this town, and by regular and persistent advertising and boosting, impress the fact upon our outside neighbors that Prince Rupert really is not such a very wicked city. Let "Better advertising for Prince Rupert," be one of the resolutions of the incoming council. We certainly need it.

BERNICE PALMER.

FLOUR MILLS AND ELEVATORS

Editor, Daily News.

Enclosed you will find a clipping from the editorial column of the Port Arthur News Chronicle which may be of interest to your readers and I would like to say in regard to the facts disclosed in this article that it is surprising at least to find large cities like Victoria and Vancouver forever whining for the Government to build them elevators and drydocks especially when we hear so much in the east about the hustling and enterprising westerners in these cities.

I would like to add to this article on elevators that there is a large, splendidly equipped drydock and shipbuilding plant located at Port Arthur, owned and operated by private capital.

R. W.

Great Openings for Capital

Thirty-one large terminal elevators are located at the head of the Lakes. With the exception of one of these great stor-

age houses all were built by private capital, and with the exception of three are all owned by private capital. The single exception as to building is the Canadian Government elevator located at Port Arthur. The three houses not privately owned are the one mentioned together with the Grand Trunk Pacific elevator at Fort William and the Canadian National at Port Arthur.

The twenty-eight houses are the result of private enterprise. Of course the vast majority are company plants, but the point is that it was private capital that erected every house at the head of the Lakes with the single exception of the Government elevator. Compare this record with the other ports. At Montreal, with the exception of the Ogilvie elevator, they are all publicly owned. At Vancouver the only elevator is the property of the Dominion government. Now the Vancouver Harbor Commission asks that this house be turned over to that body.

Vancouver has doubled its wheat export business this year. Twelve million bushels will be exported. Montreal has exported upwards of 150,000,000 bushels of all classes of grain this season, including large quantities of corn from the United States. It is difficult to understand why private capital has not invested in elevator plants at these export ports, unless it is that the harbor authorities will not permit it. It seems to us that Vancouver offers fair prospects, for assuredly the export business from that port is going to increase steadily. It is good business to send wheat from Western Alberta out that way. Some day there is going to be built up at Vancouver or Prince Rupert a big flour milling business to supply the trade of Japan and China. This trade has been controlled for many years by Oregon and California, and the impression has prevailed that China and Japan wanted the product of those States. That is an error. Those countries wanted a better grade of flour than is being supplied them, but have been unable to obtain it. Deputy Minister of Trade and Commerce P. C. T. O'Hara, has just returned from the Orient

and brings word that our trade with that section of the globe can be immensely increased. Of course it can, and there is no more promising branch of trade than that of flour from Canadian wheat. Both Vancouver and Prince Rupert are in position to capture this trade if they go after it, and capital could do itself no better turn than to investigate the prospects and possibilities. —News Chronicle.

KETCHIKAN GLOATS OVER SITUATION IN REGARD TO HALIBUT

Chronicle Says Two Cents Duty Had Desired Effect and Benefits Americans

Under the heading "Rupert Fishermen's Complaint," the Ketchikan Alaska Chronicle has the following editorial comment: "Dispatches received today tell of a resolution adopted by the fishermen on Canadian boats at Prince Rupert, asking the Dominion government to bar American

fishermen from that market as a protest against the duty of two cents a pound now imposed by the United States. The duty of two cents per pound is aiding the American fishermen and hurting the foreigners. That is exactly what the Commercial Club of Ketchikan said it would do as did also the Chronicle. But that tariff of two cents per pound is only a half-measure, for had the Poindexter amendment been enacted into law it would have meant that not only the Canadian fishermen, but also all others directly or indirectly engaged in the business in Canadian ports would have been hurt and the American fishermen would have been helped just as much as the foreigners were hurt.

Fishermen Hurt

"The Canadian fishermen are raising objections to conditions as they are because they are hurt, a natural thing to do. The American halibut fishermen felt the benefit of the tariff. Not only fishermen in the country would feel the benefit of the Poindexter

amendment, had it become law. The only ones in Alaska who would have any objections to the Poindexter amendment, the only persons it would have hurt at all would have been the cannery men for it would have tended to send the price of fish upward and any time the price of fish goes up the cannery men must pay more.

"Had the Poindexter amendment to the tariff act become law today would see all of the halibut boats unloading in Ketchikan, buying their supplies here, saving themselves the trip to Prince Rupert, and would have meant that the Prince Rupert market would have been brought here not only for their benefit but also much more materially for the little fellow who cannot afford to take his catch to Prince Rupert.

Proves Beneficial

"The tariff on fish is proving very beneficial to the American fishermen, a thing they would not believe before it became law, and the Poindexter amendment would prove much more efficacious, a thing also which they apparently will not believe at this time, but

Send this coupon, name of paper and its stamp (for return postage) to Zam-Buk Co., Toronto, 56c. box, 3 for \$1.25.

Where just \$/ did more than \$40!

This was the case of Pte. C. Oakley of the 96th Highlanders. Writing to the Zam-Buk Co., he says: "I could have saved myself \$40 if I had only known of Zam-Buk sooner. I had the misfortune to cut my leg very badly. I immediately went to a doctor, who sewed up the wound and attended me for five weeks, during which time I was obliged to give up my work. At the end of that time the wound was no better, and the doctor advised me to go into a hospital for treatment, but as the doctor's treatment had already cost me \$40, and I had received no benefit, I determined to try something on my own account.

"Just then I heard Zam-Buk highly recommended. I procured some and commenced using it. I soon discovered that the healing power of Zam-Buk is simply marvellous! In two weeks' time I was able to return to my work, and per-

severance with Zam-Buk resulted in a complete cure. I had only used one dollar's worth of Zam-Buk in all, and it had succeeded, whereas \$40 spent in doctor's treatment had failed. Needless to say, I shall never in future use any ointment but Zam-Buk, and I would advise everyone to keep it on hand—it saves doctors' bills."

Zam-Buk is just as good for burns, scalds, bruises and all other skin injuries, and there is nothing so good for eczema, and all skin diseases, ulcers, running sores, old wounds, ringworm, salt rheum, abscesses, blood-poisoning, boils, pimples, erysipelas, scald sores and piles. All druggists or Zam-Buk Co., Toronto, 56c. box, 3 for \$1.25.

SMITHERS

T. E. Jefferson wires from New York that he has succeeded in interesting capital in the group of claims on Dome Mountain that he acquired during the last year from various owners. Among those who will share in the bonding payments that will be made are Joe Bourgon, T. Heslip, E. Hoops, A. Thishelm and others.

Mrs. Charles Barrett was in Smithers last week on her way to Vancouver where she will spend a few weeks' vacation.

Mrs. L. B. Warner and son, Larry, have left for Victoria where they will spend a month visiting with Mrs. Warner's mother.

FIRE CHIEF PRESENTS
HIS REPORT FOR YEAR

Total Cost of Administration for
1922 Amounted to \$17,461.32

At the meeting of the city council last night the annual report of the fire chief was read. It showed that during the year there had been 85 alarms turned in, the damage by fire had amounted to \$8,222.22 and the insurance on this had been \$8,152.22. Property endangered had amounted to \$325,700. There had been twice as many fire alarms during 1922 as in any previous year.

The total cost of administering the department for the year was \$17,461.32.

FINAL COURTESIES AT
COUNCIL MEETING AS
ADJOURNMENT IS TAKEN

Before the city council adjourned last night, Alderman Dybhavn on behalf of himself and his fellow aldermen expressed his sincere appreciation of the unfailing courtesy of the mayor during the year just closed.

In reply Mayor Rochester thanked the aldermen. He had just concluded five years service in the council, he said, and the proceedings had been very harmonious except for the little fracas at the end. He thanked them for their support and hoped to see a good man in the chair next year.

JOINT INSTALLATION
OF ODDFELLOWS' AND
REBEKAH'S OFFICERS

Joint installation of officers of the Oddfellows' and Rebekahs' lodges took place last evening in the Enad Hall. The ceremonies were of a public nature and H. M. Hale, Oddfellows' district deputy, and Mrs. James Irvine, deputy president, were in charge. Following the installation of officers there was a banquet and dances. Among those speaking at the former were A. J. Galland and Miss H. M. Earle, the new noble grands, H. M. Hale and Mrs. Irvine and Mrs. Thomas Priest. There were also recitations by A. R. Phillips and Master Willie Baisdon.

The following were the officers installed:

Rebekahs
Past Grand—Mrs. S. V. Cox.
Noble Grand—Miss E. M. Earle.
Vice Grand—Mrs. Phil McDonald.
Chaplain—Mrs. G. V. Wilkin-
son.
Inner Guard—Miss Thomas.
Outer Guard—Mrs. H. J. Smith.
Right Support Noble Grand—
Mrs. Frank Morris.
Left Support Noble Grand—
Mrs. John Boddie.
Right Support Vice-Grand—
Miss Johnson.
Left Support Vice-Grand—Mrs.
Harold Smith.
Treasurer—Mrs. Smoke.
Financial Secretary—Mrs.
James Shipson.
Secretary—Mrs. Ben Dalgarno.
Warden—Mrs. Baude.
Conductor—Mrs. Margaret Mc-
Donald.

Vice-Grand—H. J. Smith.
Warden—Jack McLean.
Conductor—A. R. Phillips.
Right Support Noble Grand—J.
W. McKinley.
Left Support Noble Grand—J.
Boddie.
Right Support Vice-Grand—J.
Emerton.
Left Support Vice-Grand—R.
C. Parsons.
Right Scene Supporter—James
Hillard.
Left Scene Supporter—J. Wos-
tenholme.
Inner Guard—George McAuley.
Outer Guard—J. Shaw.
Recording Secretary—S. V.
Cox.
Financial Secretary—L. C.
Eby.
Treasurer—Ben Crossell.
Chaplain—F. W. Smith.

**CITY COUNCIL ENDORSES AC-
TION OF MAYOR ROCHESTER
IN HAVING SUSPENDED
HEADS OF DEPARTMENTS.**

(continued from page one)

company and should stay on the
job until he is given an absolute
release.

Mr. Montgomery: "Under those
circumstances, then, the mayor
cannot suspend although the Act
says he can. What did the city do
when Mr. Vance was at Kam-
loops?"

Acting Treasurer
Mr. Dybhavn: "We have always
been able to get along with an
acting treasurer. I move that the
auditors check up and in the
meantime Mr. Birch be acting
treasurer."

Alderman Kelly then arrived
and asked what the discussion
was about. The city clerk again
read the correspondence.

Mr. Hooper, continuing the dis-
cussion said there was a differ-
ence between a man going away
by his own consent and being
sent away.

Mr. Montgomery said what he
saw was that he challenged the
council.

Mr. Hooper said he had tried
last week to avoid a showdown.
Now he suggested that Mr. Vance
get a release and turn over the
books to the auditors. He thought
the mayor had power to suspend
but not arbitrarily.

Mr. Montgomery was satisfied
the mayor had the right to suspend
any person. He could not take
backwater.

Mr. Hooper said they could not
suspend for doing something
illegal.

Regretted Whole Matter
Mr. Kelly said he regretted the
whole matter should have come
up at the last minute. So far as
the mayor's action in regard to
the eight hour day, he had the en-
dorsement of the city council. He
did not think they should make
any grand stand play. He was
now going to endorse the mayor.

Mr. Kerr asked how this would
affect the rest of the staff.

Mr. Hooper suggested they

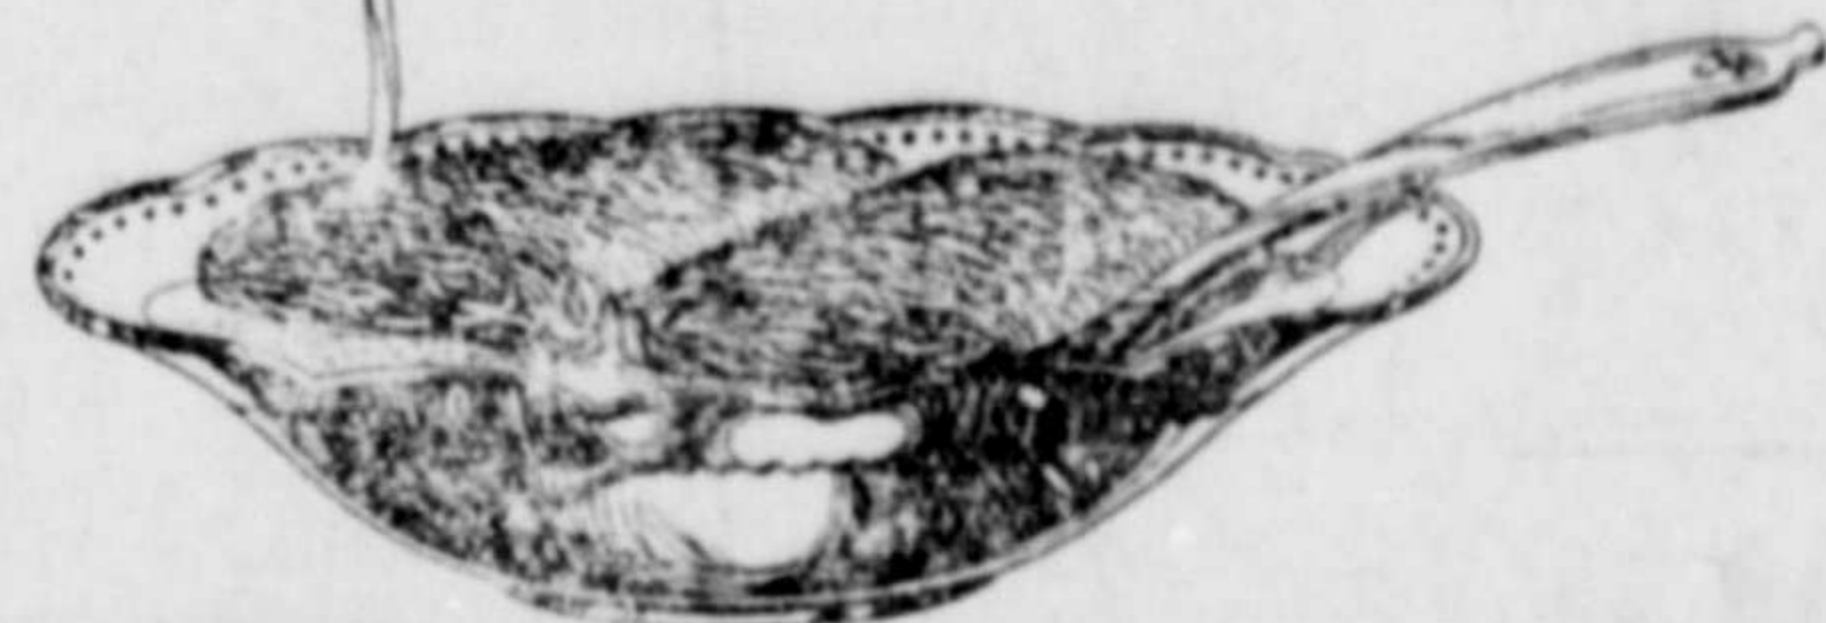

You can
serve it hot!

Eating foods that are lacking in real nutri-
ment means lowered vitality. Try this hot,
nourishing dish for breakfast or lunch: Heat
two Shredded Wheat Biscuits in the oven to
restore their crispness; then pour hot milk over
them, adding a little cream and a little salt.

To make a real hot whole wheat porridge
put the Shredded Wheat Biscuits in a small
saucepan; add salt and enough water to cover
the bottom of the pan; stir and boil until it
thickens, then serve with milk or cream.

Better than ordinary
porridges for young-
sters or grown-ups.

Contains all the bran you
need to stimulate bowel
movement.

Shredded
Wheat
The whole wheat food in biscuit form

should now pay the men off.

Mr. Kerr said he was opposed
to this rush act all through. If a
little oil had been used instead
of throwing the monkey wrench
into the machine it would have
avoided trouble. The incident was
then closed.
