France Will Occupy Essen Next Thursday it is Stated; Belgium Will Contribute Small Force too

PARIS, Jan. 8. — Occupation of Essen by a small French force accompanied by engineers and customs officers will take place Thursday morning, it is now stated on good authority today. Belgian and Italian engineers and technical experts will accompany the French but only the Belgians, it is understood, will contribute to the force of occupation.

PARIS, Jan. 8. — Premier Poincare will inform Parliament on Thursday regarding his policy toward the Ruhr district, it was decided today at a council of ministers.

PARIS, Jan. 8. — A meeting of the reparations commission is being held today to determine whether Germany defaulted in delivery of coal in 1922 found the French Government going ahead with plans for the coercive movement in the Ruhr Valley. The plans themselves are still the property of high officials.

NELSON MAKES HUGE PROFITS AT LOW COST

Mayor McHardy Writes to Refute
Some Statements Recently
Published Here

FIVE IN CITY HALL Power and Light Cheaper Than Here and Operating Costs Much Less

The following interesting letter has been received from Mayor McHardy of Nelson, making some interesting comparisons between operating costs at Prince Rupert and Nelson and also in regard to rates on light and power, and the huge profits on the water system in that city:

Nelson, Dec. 22, 1922.
Editor, Daily News:

I was much interested in reading in your issue of December 6 a comparison between Prince Rupert and Nelson. It is quite evident that you are having quite a civic fight on in your town, in which, of course, I am only mildly interested and not knowing the full particulars would not, under any consideration, espouse the cause of either side, but in fairness to the city of Nelson, there are some statements which I cannot let go unchallenged and also some comparisons which are somewhat misleading. In the first place I would like to inform the writer of that article that Nelson is not past the growing stage but has just commenced its real steady, permanent growth.

1—I think I am safe in saying that no town in the province has had more building in proportion to its size during the past summer than has Nelson, both as regards business properties as well as residences.

2—I do not think any town in the province anywhere, compared with Nelson in size, has spent as much in public work as has Nelson this year. Our expenditures on street improvements, sidewalks, etc., amounted to approximately \$20,000. This does not look as if Nelson were not a thriving city.

3—I do not think there is any town of the size of Nelson in the province that has less land values come back to the city treasury and remain unredeemed than the city of Nelson.

On top of the foregoing statements I would like to point out that our sinking fund is more than intact and that we will finish the year with, by long odds, the largest surplus that the city has ever had.

Electric Plant
Now as to some of the comparisons, the total cost of the operating of our electric plant in all its departments, including the plant itself, sub-station operating costs and linemen's wages, amounted to \$32,907.72 during 1921, whereas Prince Rupert shows a cost, according to the report of the municipal inspector being \$41,057.79. I am not taking into account in either case the interest or sinking fund which does not seem to me should be included in a comparison where operating costs are the issue.

Now as to electric rates our domestic rates are as follows:—
Summer Rates
For the first 20 K.H., 10¢ per K.H.; for the next 200 K.H., 2 1/2¢ per K.H.; for over 220 K.H., 1/2¢ per K.H.
Winter Rates
Our winter schedule is similar with the exception that we charge 10¢ for the first 30 K.H. instead of the first 20 K.H. as in the summer schedule.

The above rates are subject to (continued on page six)

OFFICIAL OPENING OF NEW BUILDINGS WEDNESDAY, JAN. 17

The official opening of the new Government buildings is set for Wednesday, Jan. 17. A. C. McDougall of the contracting firm is expected to be here for the occasion, and J. H. McNeill, who is now here, will wait until the building is formally taken over.

Hon. T. D. Pallulo is to perform the opening ceremony and it is possible another of the ministers may be here but that is uncertain.

FRESH FISH RECIPROCITY IS ASKED FOR

Deep Sea Fishermen's Union Will Circulate Petition Throughout Branches This End In View

In accordance with the suggestion made at the public meeting of Canadian fishermen last Wednesday night, the Deep Sea Fishermen's Union met last night and decided on resolution to circulate a petition to be forwarded to Ottawa and Washington asking for removal of both Canadian and American tariffs on Canadian halibut. The petition is to be circulated throughout all branches of the Union both Canadian and American.

There were about 100 members of the Union present and they were unanimous in the feeling that there should be reciprocity between Canada and the United States on fresh fish commodities. The resolution passed last week by the Canadian fishermen asking for a port tonnage tax of 2¢ on American fish entering Canada in bond to offset the American 2¢ tariff failing the withdrawal of the American tariff was also approved.

James Coombes presided and there was a full and free discussion which lasted well over two hours. Among the speakers were Ald. Montgomery, James Coombes and Casner Edwards.

Three Candidates Are in Running for Mayor Sixteen for Aldermen

Nominations for the civic elections closed at 2 o'clock this afternoon with three candidates in the field for mayor, sixteen for aldermen, seven for the four vacancies on the school board, and three for the police commission. The most important surprise was the withdrawal of Ald. George W. Kerr from the mayoralty field and his candidature for re-election to the council. There will be contests for all offices and the voting takes place on Thursday.

Following is the complete list of candidates:

United States Makes Suggestion for Settlement of Reparations Controversy with Great Britain

WASHINGTON, Jan. 8.—That a plan for settlement of the reparations controversy between France and England had been proposed by Secretary Hughes was stated in the secretary's New-Haven address. The proposal has been communicated to the French government through official channels.

While no final reply has been made by Paris, it is learned that a preliminary answer has been received. It was stated at the State Department that the proposal was still regarded as being before the French government. This is interpreted to mean that the French answer was not an unqualified rejection of the scheme which revolved about the suggestion that international financiers be called on to formulate a reparations payments plan.

FUND BRITISH DEBT TO U.S.

Fair Business Settlement is all
That is Asked Says Stanley
Baldwin

WASHINGTON, Jan. 8.—Great Britain wants a fair business settlement of her five billion dollar war debt to the United States on such terms as to produce the least possible disturbance in trade relations between the two countries, Stanley Baldwin, British chamberlain of the exchequer declared today in an address before the joint meeting of the British American debt funding commission.

Actual discussion between the two commissions on ways and means of funding the debt opened today.

COWICHAN WAS NOT SWAMPED

Newspaper Headline Causes
Woman to go on Rampage
Over Relative

VANCOUVER, Jan. 8. — "Cowichan Swamped" was the headline in a Vancouver sport extra that caused great excitement and much worry and labor here. The headline was read by a woman who thought it referred to the steamer of that name. Not knowing the football game and expressions used in connection with it, she at once started telephoning the newspapers and the Union Steamship Co. in regard to the safety of a relative who was on board the steamer Cowichan, which arrived at Powell River Sunday at midnight.

For hours wireless stations and steamship officials were sending out frantic calls to locate the vessel. Finally another steamer intercepted the calls and replied that she had recently passed the Cowichan safe and sound.

Thousand Men Employed Cutting Ties in Interior This Side of Fraser Lake Says Olof Hanson

One thousand men are employed along the line of the Canadian National Railway this winter between Prince Rupert and Fraser Lake cutting ties for the use of the railway, according to Olof Hanson who returned to the city last night after spending several days in the interior visiting his various interests up the line, including his three tie camps at Priestly and the mill at Hamall.

Contracts for 800,000 ties have been let this winter in the district as against 250,000 last year. This allows for the employment of 1,000 men where there were not more than 400 last year. Settlers are participating more generally in the work this season and it is estimated that about 150 have sub-contracts.

Mr. Hanson's contract this winter calls for the cutting of 400,000 ties. Others having contracts in the district are the Prince Rupert Logging Co. at Francois Lake and Fraser Lake; J. D. McNeill, Telkwa; Dittmar and Robb, Burns Lake; Kleanza Lumber Co. at Usk, and the Lakelse Lumber Co. at Anshury.

GOLD NUGGETS FOUND IN WELL

Excitement Now Williams Lake
Over Wonderful Showing of
Precious Metal

VICTORIA, Jan. 8. — British Columbia's latest gold find reported to T. P. McKenzie, grazing commissioner for the province by L. C. Westwick of Springhouse, near 150 Mile House on the Cariboo Road, is that big nuggets and dust rich in gold has been uncovered and resulted in a rush to Williams Lake.

The discovery was made by men digging a well on the place of Charles Labounty. When water began to come into the well they found that shovelful after shovelful of the sand thrown out contained fine large nuggets and the sand was impregnated with gold.

WINNIPEG APARTMENT BURNED WITH WOMAN AND CHILDREN THERE

WINNIPEG, Jan. 8. — Wilford Sharratt was awakened early Sunday morning by smoke in the radiator. He rushed down stairs and found the door under his apartment burning. Sharratt was unable to get back upstairs and was severely burned in an effort to save his wife and three small children who were killed and the apartment destroyed.

DAILY EDITION Monday, January 8, 1923.

All Should Prepare To Vote Thursday.
 Nominations for the civic positions were made today and the voting takes place on Thursday. In the meantime it is the duty of every citizen to prepare to vote. Get in touch with the situation and see that when the day comes the vote is recorded and recorded intelligently. This is an important period in our development. We have been losing ground lately but we expect to make good progress this year. This is the time to take care in the choice of candidates and see that the right men are elected to responsible positions, especially as head of the municipal government and chief executive of the city. There is too much of a tendency to treat this matter lightly. The thing to remember is that there is much work to be done, our finances should be carefully husbanded and we have to watch our steps to keep out of the bankruptcy court. South Vancouver had to go into the hands of a receiver. Several prairie towns are in similar predicament. To face the problems that will arise we want the best possible men and to choose them is the work of the electors.

Close Co-operation With The Railway.
 Now that we have a sympathetic railway management, it will be wise to consider in selecting a candidate whether he is likely to be sympathetic with the railway on which our success depends. Prince Rupert and the G.T.P. must sink or swim together. If the railway has good business, we shall be making progress; if on the other hand the railway and the city cannot co-operate, we are in a desperate position. The coming year will tell whether or not we are to get into the ranks of progress. We all look forward with hope. We are expecting much, and the future success of the city will depend to a very large extent on the amicable relations and the spirit of co-operation that is shown during the coming year. We cannot afford to take any false step in regard to this.

Bridge Needs Consideration.
 The bylaw to provide funds for the erection of a steel bridge needs consideration. Most people think the bridge should be built as soon as possible, but all do not agree that a steel bridge would be better than a wooden one, yet is costs twice the amount of money.
 It is said by some that a bridge built of fir with the joint well protected by some suitable dressing and the whole painted just as would have to be done with a steel structure, that the bridge would last just as long as the more expensive type. Not being technical experts many of us are not able to judge of this. It is well to consider these things, however, and not make the mistake of voting money to be spent recklessly. It seems a pity that there was not a provision made for the cheaper bridge after the action of the electors in turning down the previous bylaw. While the people across the creek must have consideration and that at once, the city officials should explain to them carefully why the steel type was selected and make it clear that the action taken makes for economy.

Publicity Regard To Local Industry.
 There has been some criticism of the amount of publicity given the local fishing industry as being contrary to the best interests of the port. It is stated that low prices are quoted against the port and high prices never mentioned. Doubtless what the critics say is to some extent true, for rivals never use arguments favoring their competitors. We should like to draw attention to the fact, however, that the Ketchikan Daily News is publishing almost every day telegraphic news from Prince Rupert giving the price of halibut at the local market with the average price, the high price and the total amount sold. The fishermen at Ketchikan through their union are kept well informed of the prices obtaining here so that to stop publishing the prices would do no good and would deprive many local people and outsiders who subscribe to the paper of news which is of real interest to the place.
 Fishermen take the Daily News because we try to give as complete an account as possible of the news which is of interest to them and to withhold any of this news would be extremely foolish and very poor newspaper policy. There is nothing to be gained by trying to hide anything. If prices are very low, fishermen have a right to know it and to guide their future actions accordingly. They also want to know if prices are high. Nothing is to be gained by secrecy.

POPULARITY OF LIBRARY

Total Membership is Now 660 and Average Circulation 90 Volumes Daily

That the municipal free library has become indeed a useful and popular institution in the life of Prince Rupert is attested to by the fact that it now has a membership of 660 persons although it has been open only two months. Miss Grant, librarian, stated yesterday afternoon to the Daily News that the average number of books given out during the month of December was 90 per day, the highest number in a single day being 178. Just now the library is a very busy place and it is not often that there is not somebody in it. While the school holidays are on, many children call, being sent on by their parents to return books and obtain new ones.
 Not only is the library being made use of by Prince Rupert citizens but there are now about half a dozen members from points outside of the city. The privilege of using the library is extended to out of town people who pay a fee of \$2 a year and the postage charges on the books.

New Books In
 As is the case in all public libraries, fiction books are the most popular. Miss Grant reports. Historical and travel books are also much in demand and also technical works. A recent addition to the library is a number of geological survey memoirs describing various mining districts of the province. As quite an interest has been manifested in psycho-analysis works, three volumes on this subject have also been recently secured for the shelves of the library, these being as follows:

- "Getting What We Want," by David Orr Edson.
- "Man's Encumbered Conflict," by Wilfrid Lay.
- "New Psychology," by Tansley.
- H. G. Wells' "Short History of the World" is another new volume in the library.

SMALLER FISH BOATS NOW OUT

Several Left Seattle During Past Few Days - Ketchikan Had Larger Arrivals Lately

Advice has been received in local halibut buying circles that a large number of the smaller fishing vessels have been leaving Seattle during the past few days for the halibut banks. These are mostly 4, 5 and 6 men boats which have been tied up since October for overhaul and the winter. Their starting now marks the usual seasonal movement of commencing the summer's fishing. The most of these boats will be arriving here in the course of the next few weeks with their first catches of the season.
 A number of the larger vessels recently disposed of their catches at Ketchikan, the days prior to Christmas and New Year's seeing unusually heavy arrivals at the northern port, from 150,000 to 200,000 pounds being marketed on each occasion. The price at Ketchikan is largely regulated by the sailings of vessels from there for Seattle. On days immediately before the departure of a steamer the prices offered are higher than usual for the fish may be expressed rapidly to Seattle for transshipment over American lines to the United States market. It is understood that the vessels recently marketing at Ketchikan sold there for this reason.

VANCOUVER HEARS ABOUT WEDDING OF LOCAL RESIDENTS

A Chilliwack Despatch to the Province of Tuesday Last Says:

The wedding of Clifford A. Woodworth, son of Mr. and Mrs. C. A. Woodworth, and Miss Ethelyn M. (Essie) Knight, daughter of Mr. and Mrs. Wm. Knight, pioneer residents of the valley, was celebrated on Saturday morning in the Methodist Church. The bride, who was attended by Miss Olive Woodworth, was married in a travelling suit of blue tulle, trimmed with beaver fur, with blouse of henna and hat of henna velvet to match. The groom was attended by Aubrey F. Roberts, of Vancouver, assisted by Rev. R. M. Thompson, pastor of the Chilliwack Methodist Church. While the register was being signed Mrs. Flossie Manuel sang "Oh Joy Be Thine." John Eason played the wedding marches.
 The wedding breakfast was served at the bride's home at noon, the guests being the immediate friends of the families. Mrs. Wm. Knight was assisted by Mrs. A. E. Roberts and Miss Ruth Azar, the tables being prettily decorated with snibax and carnations.
 The bride is a native daughter of Chilliwack, her mother being the first white child born in the Chilliwack Valley. The grandmother, Mrs. Isaac Kipp, was present at the wedding breakfast in the home.
 The church was decorated

GEORGE LITTLE'S TEAM WENT OVER BANK AND ONE HORSE WAS KILLED

Rein Broke the Wheel Coming Down Lanfeair's Hill With Sligh

TERRACE, Jan. 6.—An accident which resulted in the loss of a horse occurred here early this week. George Little's team hitched to a sleigh was being driven down Lanfeair's Hill when the rein broke and at once the horses were out of control. They went over the bank and as a result one of the horses was killed.
 There are several very slippery places in the hill but it is impossible to use rough locks without destroying the sleighing on the rest of the road. It was at one of these slippery places the accident occurred.

SALMON EGGS FROM SKEENA WATERSHED TAKEN TO FRASER

Objection Taken to This Proceeding and Matter Still Before Board of Trade Here

Some discussion took place Friday night at the annual meeting of the Board of Trade in regard to the transfer of salmon eggs from the Skeena river watershed to the Fraser. A letter was read from the head of the department of fish culture objecting to a resolution recently passed by the Board and forwarded to Ottawa. It seems that when the officials visited Prince Rupert they explained to a committee of the Board that no harm was done to the Skeena as the spawning grounds were overstocked.
 G. W. Nickerson said the Fisheries Committee had gone into the matter thoroughly and were not at all satisfied with the statement of the officials. Mr. Carter, manager of Oceanic cannery, repudiated the statements they had made and so did the management of the Prince Rupert cannery. The B.C. Cannery was also opposed to the transfer of eggs to the Fraser. At the time of the meeting Messrs. Orme and Gibbons who had met the officials, were away on a hunting party but the fisheries committee was not at all satisfied and the resolution was accordingly passed.
 John Dybbavn said there was a representative meeting of the fisheries committee when the matter came up. He understood the cost of transfer of the eggs was very costly and the results were very doubtful.
 It was decided to write the B.C. Cannery and Mr. Babcock in regard to the matter and to leave it in the hands of the Fisheries committee.

"I Was Terribly Weak After Baby Was Born"
 Mrs. H. McClure, Norwood, Ont., writes:
 "After my baby was born, I was terribly weak and run down, with pains across my back. I had heard so much of Dr. Chase's Nerve Food that I decided to try it. Three boxes proved enough to make me quite strong and well again. I also used Dr. Chase's Ointment for a rash which broke out on the baby, and the rash disappeared completely in a short time."

SOLDIER PRE-EMPTION.

Editor, Daily News:

At the request of the Great War Veterans' Association, the provincial government and legislature have enacted a special measure called the Pre-Emption's Free Grant Act, 1922, under which those returned pre-emptors who failed to get their Crown grants free under the old act which expired on August 31st, 1922, are given a new opportunity to do so, which opportunity will be open for six months, or until June 30, 1923.

If you were of your pre-emption and left it to go overseas, you are entitled to your crown grant without further duties, and to refund of any monies and taxes paid by you up to the time of getting the crown grant. If your pre-emption has been cancelled since the date on which the old act expired, there is a special provision for you getting it re-vised. You will not get these benefits unless you make application for them. Make application with as little delay as possible to your government agent, or to the G.W.V.A. to press your claim.

ALEX. MACKENZIE,
Secy. Great War Veterans' Assn.

The city schools reopened this morning for the spring session after the fortnight's Christmas and New Year holidays.

Liver Trouble

Pains in Stomach

Most of the misery and ill-health that humanity is burdened with arise from disorders of the liver, stomach or bowels.

If you are feeling out of sorts, have pains in the stomach, especially after eating, sour stomach, bilious spells, sick or bilious headaches, heartburns, water brash, etc., you should take a few doses of Milburn's Laxa-Liver Pills. They will loosen up the liver, regulate the bowels, and one up the stomach.

Mr. T. C. Ballman, Highgate, Ont., writes:—I have had liver trouble and pains in the stomach for a long time. I started to use your Milburn's Laxa-Liver Pills, and in a short time I noticed they were helping me. Now I would not be without them and cannot recommend them too highly.

Milburn's Laxa-Liver Pills are 25c a vial at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

Devoted to the doings and sayings of those who entertain the public.

tures held by them. Failing this, Mr. Hammerstein said he would be willing to exhibit the pictures on a commission basis, for ten per cent. of the profits. He was willing, he said furthermore, to present the films in these portions to the country where sentiment against Arbuckle had seemed to be most antagonistic. Mr. Hammerstein asserted that he had always believed Roscoe Arbuckle to be all right.

MASQUERADER STAR CHASES A BURGLAR

Guy Bates Post, star of "The Masquerader," the First National attraction at the Westholme Theatre at the week end, tells a good story at its own expense. It happened at his home in Pasadena, where he rose early every morning to come to the studio in Los Angeles. Glad in his pajamas he slipped over to the window when he noted a stealthy shadow moving about below. Post ran down stairs swiftly and out into the morning drizzle. The man did not turn, but ran for the gate and hopped on a bicycle with the star chasing him. Thoroughly soaked by the rain, Post had almost caught up with the wheel and was about to leap upon the intruder when he chanced to see a bundle on the front of the bicycle.

The supposed burglar was the man who delivered the morning newspaper to Post. The reason why he had been prowling underneath the window was in order to place the paper in a spot where it would be protected from the rain.

WALLACE REID STARS IN AUTOMOBILE PLAY

Wallace Reid, popular Paramount star, will be seen in a new automobile picture, "Across the Continent," at the Westholme theatre next Wednesday and Thursday. In this picture the star returns to his old love—the automobile, and in the trans-

continental tale by Byron Morgan, Mr. Reid has plenty of fine chances to demonstrate his prowess at the steering wheel. All kinds of thrills and unexpected twists and turns have been introduced and of course the favorite element is strongly presented.

The company worked back and forth across the continent securing the scenes, so that the picture presents a good percentage of exteriors and covers a considerable stretch of territory. Mr. Morgan has done a number of pictures for Mr. Reid, which have been among the most popular in which he has appeared, but "Across the Continent" is said to surpass them all in interest and pictorial quality. Mary MacLaren is leading woman.

PICTURE VERSION OF "TURN TO THE RIGHT"

Story of Love and Reform in Picture Which was so Successful as Stage Play

"Turn to the Right," one of the most popular comedy-dramas ever presented on the legitimate stage, comes as a moving picture to the Westholme Theatre tonight and tomorrow evening. The picture tells the story of a country boy who, while serving a prison term unjustly, becomes acquainted with two crooks. Returning home he finds the mortgage on the family home about to be foreclosed by the village skintint. With the aid of his two pals a way is found to beat out the miser while the influence of the aged mother leads the two crooks into fove and a better life.

A notable cast is presented in the film headed by Alice Terry who won an enviable reputation in "The Four Horsemen." Playing opposite her is Jack Mulhall and Harry Myers, who was the Yankee in King Arthur's Court, also has a part.

VANCOUVER MEN MAY NOW OPERATE DOLLY VARDEN SILVER MINE

Considerable interest has been aroused in mining circles over the announcement that active operation of the famous Dolly Varden mine is to be commenced this spring says the Vancouver

World. The general impression is that while George Wingfield, who holds a \$150,000 mortgage on the mine and is a well-known mining man of Tonopah, Nevada, and California, will have considerable to do with the new operations, he will not himself operate the mine. A company for this purpose is now said to be in process of formation, and local people are said to be heavily interested.

PRINCESS BEATRICE BOASTS JAZZ BAND

C.P.R. Vessel Arrived Today With 16 Passengers and 80 Tons of Freight for This Port

The C.P.R. steamer Princess Beatrice, Capt. G. C. Saintey, arrived at 6.15 this morning from Vancouver and way points. The vessel had a full list of 85 passengers out of Vancouver and 16 of them debarked here. She also had 70 tons of freight for this

port. The Beatrice now boasts a real original jazz band consisting of about ten members of the crew playing home made instruments. Novel entertainments are often given, one of these taking place last evening as the steamer was approaching this port. The steamer returned south this afternoon sailing at 1 o'clock.

DR. KERGIN RUNS FOR SCHOOL BOARD
 Had Been Prevailed to be Candidate After Formally Submitting Resignation
 Questioned this afternoon as to his seeking re-election to the school board after having resigned, Dr. W. T. Kergin stated that he had submitted his resignation to the school board but had been prevailed upon to run again so had allowed his name to be placed before the electorate. Had he not resigned, Dr. Kergin would have served as school trustee for 1923 automatically.

RELIGIOUS AFFAIR AT HAZELTON WITH OPENING OF HALL
 The Indians of Hazelton, Kistox and Glenovoxell, have been having a big religious celebration with the opening of a new Salvation Army Hall at Hazelton, according to F. W. Dowling, superintendent of government telegraphs. Mr. Dowling was there at the work end in connection with his duties returning last night. They all gathered in the old town and had a big time. Mr. Dowling says that the flying machine Hazelton is laid up but the owners are talking of putting skids under her and operating her on the snow.

NEGRO QUARTER OF ROSEWOOD IS BURNED
 ROSEWOOD, La., Jan. 8.—Twelve houses is all that remains of the negro section of Rosewood. Following a clash between whites and blacks Thursday in which seven were killed, the quarter was fired by a crowd of white men Sunday and burned to the ground.

HAYSPORT MAY BE TAKEN SOUTH BY VANCOUVER BUYER
 Harry L. Higgins arrived in the city from Vancouver on Saturday to negotiate with James McNulty regarding the purchase of the fishing schooner Haysport No. 2. It is proposed by Mr. Higgins to purchase the vessel and take her to Vancouver to be added to a fleet of small boats used for commercial purposes there. If the deal goes through Mr. Higgins and his engineer, A. F. Tromy, who is also here, will sail the Haysport to Vancouver. The vessel was recently conditioned to go into the dog-fishing business.

You won't cough After Taking Dr. Wood's Norway Pine Syrup
 On the first appearance of a cough or cold do not neglect it; get rid of it at once before it has a chance to grow worse and get settled on the lungs, causing bronchitis, pneumonia, or other serious lung troubles.
 In Dr. Wood's Norway Pine Syrup you will find a remedy that will relieve the cough or cold on its first inception by soothing the irritation, and healing the diseased lining of the lungs and bronchial tubes.
 Mrs. Percy Melia, Little Shemogue, N. B., writes:—"Three years ago I had the 'flu' which left me with a very bad cough. I tried different medicines which did me no good, so I took Dr. Wood's Norway Pine Syrup. It relieved me of that awful cough in a short time."
 "Dr. Wood's" is 35c and 60c a bottle at all dealers; put up in a yellow wrapper; three pine trees the trade mark; manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

ACTIVITY IN TIMBER LINE
 Deputy Minister of Lands Naden Says More is Going on at Prince George This Winter
 George R. Naden, deputy minister of lands, returned to the city last night after having spent a few days at Prince George. He will remain in the city until Friday morning when he will go south on the Prince George.
 Speaking of activities around Prince George, Mr. Naden said that logging and fire-cutting activities were rather larger this year than last. A Cranbrook concern has taken over Barney Keegan's interest near the city and is preparing to move a sawmill plant in there to start cutting this spring. There have been no new developments in connection with the J. D. McArthur mill right in Prince George, but Mr. McArthur is expected there shortly when he will likely make further announcements in connection with his plans. It is expected he will at least establish the sawmill and it is possible he may go into the timber business there even more extensively than that.
 Mr. Naden spoke of his son Jack and daughter Esther who are well known among the younger folk of this city. Jack is continuing his medical studies at Toronto and has two more years to take up before he will graduate as a doctor. Miss Naden is at present in the General Hospital at Vancouver, finishing up practical work before completing her last year at university before graduating as a Bachelor of Science.
