## No Politics Order on Canadian National is Rescinded by Thornton

OTTAWA, Jan. 6.—Sir Henry Thornton, president of the Canadian National Railways, announced last night that the order of ex-President D. B. Hanna, debaring employees of the Canadian National Railways from taking part in politics, had been rescinded.

Sir Henry conferred all afternoon with Vice-President S. J. Hunsford, W. B. Robb, general manager of the Grand Trunk, Tom Moore, president of the Trades & Labor Congress and director of the railway, and Senator Robertson, vice-president of the telegraphers, who presided.

Sir Henry said that he had thought from the time that he took office that the no-politics order should be carefully reviewed.

A report of the meeting was not made public but announcements were made afterwards by Sir Henry and Tom Moore, the latter saying that it would be received with enthusiasm by the men affected.

It is understood that Mr. Robertson and Mr. Moore assured the president that he could depend on the whole-hearted support of the Canadian National employees at all times.

## NEW OFFICERS FOR BOARD OF TRADE ELECTED

E. C. Gibbons Entered on New Duties at Annual Meeting Last Night

New officers for the Board of Trade were elected last evening, the presidency being taken by E. C. Gibbons, insurance and real estate broker of this city. Last year Mr. Gibbons was vice-president. The new vice-president is S. J. McLeod, manager of the Royal Bank. Following is the complete list of officers for the year:

Hon. President Fred Stork, M.P.  
President, E. C. Gibbons.  
Vice-president, S. J. McLeod.  
Secretary, C. V. Exall.

Members of the council: G. W. Nickerson, C. H. Gense, S. E. Parker, S. K. Campbell, D. G. Stewart, W. E. Williams, M. P., McCaffery, J. H. Pittsford, J. F. Scott, Jr., F. G. Dawson, H. F. Pullen, N. B. Walton, C. D. Thomson, John Dybbaven, C. G. Mills and James McKee.

## BRITISH TRADE MUCH IMPROVED

American Review Says Exports Much Higher in 1922 Than Year Previous

LONDON, Jan. 6.—Although 1922, generally speaking, was a year of severe trade depression in Great Britain, many signs warranting optimism appeared during the closing months. This is said by the American Chamber of Commerce in London in an official summary of the business and economic conditions of this country. The review asserts that exports of British goods were higher by £21,000,000 than in 1921 and that their value was increasing. It is apparent, the summary says, that the adverse trade balance has been reduced by more than £100,000,000.

## BRITISH LOOK TO THE STATES

Have Ear to Ground For Help in Dispersing European Clouds

LONDON, Jan. 6.—The eagerness with which the British public is keeping its ear to the ground to catch the first whisper of possible action by the United States that may help disperse the European clouds was shown today in the morning papers, all of which displayed despatches from Washington and New York dealing with the attitude of the Harding administration.

Most of the newspapers also comment editorially on the United States angle of the situation.

There is no question but that United States co-operation in some shape is earnestly desired here. There is, however, great restraint in the press comment and little inclination to speculate on the course for the United States to take.

## VANCOUVER WON OVER EDMONTON

Maroons Picked Off Last Night's Inter-League Hockey Match by a Score of 5 to 1

EDMONTON, Jan. 6.—The Vancouver Maroons defeated Edmonton 5 to 1 in the second game of the inter-league hockey series here last night.

## Drum Lummon Mine Will Ship 3,000 Tons of Ore a Month to Anyox Smelter Commencing Now

Actual mining operations on the Drum Lummon mine on Douglas Channel down the coast commenced this week and the property will soon start to ship its copper-gold-silver ore to the Anyox smelter to the quantity of about 3,000 tons monthly, according to Glenlyffe A. Collins, president of the Drum Lummon Mines Ltd., who arrived in the city on the Princess Beatrice this morning from Vancouver to meet Dan J. Williams, formerly of the Recher du Boule mine at Hazelton, who will likely become associated with the company as general superintendent of operations.

## ENGINE GOES FULL SPEED INTO TRAIN

DUBLIN, Jan. 6.—Many persons were injured on the Great Northern line near Dublin today when the engine was removed from a freight train by armed men and she was sent steaming at full speed toward Dublin and crashed into a passenger train from Howth.

## ALASKA IS ASHORE OFF PACHENA POINT

Two Life Belts and Two Life Buoys Discovered Near Where Body Was Picked Up

VICTORIA, Jan. 6.—News was received here late yesterday afternoon to the effect that the steamer Alaskan was ashore a mile and a half west of Pachena Point. Two life belts and two life buoys were picked up near where the body was found yesterday.

## DEFAULT ON COAL WILL BE HEARD BY REPARATIONS COM.

PARIS, Jan. 6.—Germany will be given a hearing by the Reparations Commission before any action is taken on the French proposal to have her declared in default on coal deliveries, the commission decided today.

## ROCHESTER IS NOT IN FIELD AT ALL

Mayor Rochester stated this morning that he had practically decided not to run for a third term as mayor. He said definitely that he would not be a candidate for the police commission.

## BUSINESS OF C.N.R. IS ON INCREASE

During October 1922 Earnings Were Larger and Operating Ratio Was Lower

OTTAWA, Jan. 6.—The Canadian National Railways, including the Grand Trunk Railway, earned \$2,156,714 during October 1922, an increase of more than 107 per cent over October 1921. In the same month the operating ratio dropped from 91.92 in October 1921 to 81.68 in October 1922. During the month of October this year the system carried the largest volume of freight in its history. This was chiefly grain also there was considerable lumber and coal.

## FREIGHTS WERE HEAVY

OTTAWA, Jan. 6.—The Canadian National Railways, including the Grand Trunk Railway, earned \$2,156,714 during October 1922, an increase of more than 107 per cent over October 1921. In the same month the operating ratio dropped from 91.92 in October 1921 to 81.68 in October 1922. During the month of October this year the system carried the largest volume of freight in its history. This was chiefly grain also there was considerable lumber and coal.

## WIRE FAILURE WAS CAUSE OF LOSS OF LIFE

If Lines Had Not Been Down Crew of Alaskan Might Have Been Saved

VICTORIA, Jan. 6.—That the failure of the west coast land lines of communication under the force of storms was responsible for the steamer Alaskan disaster with its toll of eleven dead is suggested in messages that have been brought here from Banfield.

As far as is known, Arthur Gordon, keeper of the Pachena Point light, was the only person to see the distress signals from the ill-fated vessel. He noticed the first flare at 5 o'clock Tuesday evening last and the final signal at 7:10.

Thus for more than two hours the unfortunate crew, knowing the impending fate of their vessel, sent appeals into the air but, ashore at Pachena, telephone and telegraph wires were all down and the isolated lighthouse keeper was helpless to pass the warning on to the life saving station at Banfield, twenty miles distant over a landlocked and dusky trail through the west coast bush.

## REGINA WINS HOCKEY

REGINA, Jan. 6.—Regina defeated Saskatoon by five to two in the Western Canada League hockey game here last night.

## Report of Retiring President of Board of Trade is Optimistic Reviewing Activities of District

In a splendid optimistic report covering all the activities of the year and looking forward with confidence to the future, G. H. Orme, retiring president of the Prince Rupert Board of Trade, last evening closed his work for the year and then handed the position over to E. C. Gibbons, the new president. Mr. Orme asked for better co-operation emulating Vancouver in that respect when the people there dropped all personal and political feeling and worked together for the good of the city. "We are now at the turning point," he declared, "and the events of the next two years will be of greater importance in our development than anything that has happened since the foundation of the city." The report outlining the mining and fishing section follows:

It is a matter of sincere congratulation that notwithstanding the financial stress general on this continent, and in every part of the world I am enabled to report a continuation of progress in practically every line of endeavor.

Meetings

During my term of office there have been held eleven general monthly meetings, eighteen council meetings, and one special meeting besides a great number of special committee meetings. On information received by the attendance at the monthly meetings has not been of the best, the average attendance being eighteen out of a membership roll of eighty-eight.

Summarized briefly, following subjects have received attention: Mail service to local points; Daily Mail service, East and West; Reduction of Freight Rates, Rates on Milk from the Interior, Duty on Fish, Proposed duty on Gasoline and Distillate, Road to Up-River points, the Marketing of Bulkley Valley Beef in this City and District, Protest against change in Municipal Act as regards assessment, etc.

During the past year your board has done a great amount of entertaining, a dance having been given to 200 visitors from the prairie, on July 8 a luncheon was given in honor of Hon. E. D. Barrow, Minister of Agriculture, Hon. Dr. Sutherland, Minister of Public Works, Hon. Alex. Manson, Attorney General, F. C. Wade, Esq., Agent-General for British Columbia, and Fred Stork, Esq., M.P. for Skeena. On July 29 a luncheon was given in honor of Hon. W. R. Motherwell, Minister of Agriculture, and on September 23 a dinner was given in honor of a British Parliamentary party and members of the Montreal Board of Trade, numbering 150 in all, these gentlemen were taken to the drydock and cold storage, and entertained at the Prince Rupert Club.

Parties of Rotarians and Shriners were met and entertained, publicity literature being provided for them on their respective trains.

Publicity

Four thousand leaflets have been published and distributed during the year, and I would recommend that a booklet giving up-to-date data be published by the board at the earliest moment to take the place of the government booklet now being used for distribution.

Railways and Steamship

During the year a daily train service has been inaugurated which has been a great convenience to all those living on the line of the G.T.P. It is to be hoped that a daily mail service will be established in the near future to and from this city and the east. As the city grows the want of a small boat to ply out of Prince Rupert to local points is felt more and more, and it should be the aim of this board to encourage the establishment of a boat with headquarters at this point which will serve all canneries and local ports.

A step in the right direction has been made in the overhauling and painting of ships of the Canadian Government Merchant Marine in the local dockyard, and I am pleased to learn that it is the intention of the government to have these ships call here for repairs whenever feasible.

It is very gratifying to us to know that a former president and

## ALLIES ARE BIDDING TIME

France Will Take Several Days to Decide on Action Against Germany Regarding Reparations

PARIS, Jan. 6.—The French government and the Allies will do nothing hurriedly to coerce Germany into paying her reparations debts. The Germans already admit that they will default on January 15, and the French will take the time intervening to decide what steps they will take. The question is whether the next action will be occupation or a military advance on the Ruhr valley. France hopes for the United States' intervention but local Americans hold out little hope for such action being taken.

## CAMERON CANDIDATE FOR POLICE BOARD

W. H. Waldorf Also Takes Out His Papers Assuring a Contest for Vacancy

Robert W. Cameron today announced that he would be a candidate for the police commission at the forthcoming civic election. W. H. Waldorf has taken out his nomination papers for the same office so a contest is assured.

DAILY EDITION

Saturday, January 6, 1923.

**Board of Trade Begins New Year.**

The Board of Trade closed its year yesterday and at the annual meeting last night elected new officers for the coming year. Incidentally it was mentioned that there were 88 members in good standing, all too few for a city of this size. Possibly during the coming year this number may be increased. As this is an organization representing the business interests of the city it would seem reasonable to expect that every businessman would wish to belong to it. Eliminate the board, and the city from a business-point of view would be dead.

The report of President Orme published today indicates that the Board last year was very active. While the attendance at meetings often was not large, yet the amount of work covered was out of all proportion to the general interest taken in the proceedings. The retiring president is to be congratulated on the efficient work done.

**Tendency To Rush Through Resolutions.**

One fault of all boards of trade and other public bodies is that of rushing through ill-considered resolutions. A man writes out a resolution couched in rather technical language, reads it to the meeting, follows that up with a speech strongly advocating it and in two minutes it is passed and in many cases most of the members have not the slightest realization of the effect, if action should happen to follow. Prince Rupert Board of Trade has often passed resolutions which have proved useless and injurious and many of the resolutions have never got much farther than the waste paper basket of the people to whom they have been sent. What is true of this board is true more or less of all boards. At the meeting last night S. K. Campbell warned the board against such action and the warning is one that may well be heeded. It seems about as easy to get a resolution passed by a board of trade as it is to get signatures to a petition.

**Expected Visit Of Railway Head.**

Sir Henry Thornton has postponed his visit to this city owing to pressure of business. While we should like to have had an opportunity to lay certain facts before the new president of the railway and should have enjoyed meeting him and possibly of entertaining him, yet it must be remembered that he is not a politician but a businessman. He knows as much about Prince Rupert and the possibilities of the port as we do. He knows that we want railway facilities and doubtless he wants to give them to us. He is being met at Winnipeg by F. G. Dawson of this city who will discuss the whole western situation with him and he will then, it is presumed, lay out his plan of campaign for the development of business in the west. If he finds that he can make the railway pay better and give better service to the people by improving the terminal facilities at this port he will do it, but if not, we shall not get the improvements, much as we should like to have them. If Sir Henry Thornton were not that kind of man we should not want him for president of our railway.

Recently Sir Henry visited a terminal port where twenty thousand people reside. They prepared to banquet him, to lay before him a program of improvements they thought they needed, and they were much disappointed when the new president after remaining with them just one hour, left in his private car to carry on the business of the road.

In connection with this railway and port and its development, we have great faith in the judgment of Sir Henry Thornton. He is reputed to be a businessman and being that he is bound to make this end of the road pay. To do that he must have facilities and he must encourage business. He must give the people service both in handling freight and passengers. We also have faith in the judgment of Mr. Dawson who as a director has the whole of the west to consider but who knows the conditions in northern British Columbia well and will certainly advise developing business by this route.

**LONDON IS SEEN IN "THREE LIVE GHOSTS"**

Genuine bits of the London Limehouse district are seen in the early scenes of "Three Live Ghosts," a new picture which will be shown at the Westholme Theatre tonight. To those who only know this quarter of London as it lives in the pages of Thomas Burke's stories it will be interesting to see Limehouse as it really is. The celebrated Chinese quarter, which most tourists seem to imagine vaguely as a vast uncharted district of darkest London in reality only comprises the two thorough-

ways of Limehouse Causeway and Pennyfields. One sees no dreamy looking Chinamen or flower-like girls, but only a number of yellow men in European clothes engaged in perfectly legitimate business.

Possibly Mr. Burke, the films, and the American tourists who visit Limehouse in the expectation of seeing life as it is lived in the underworld, have unconsciously conspired in a successful effort to make London's Chinatown respectable—at least to the naked eye. "And thus they will see it in "Three Live Ghosts,"—as it really is.

**Mother and Her Baby Are Relieved of Eczema**

Mrs. Peter A. Palmer, Salt Burn, Sask., writes: "Dr. Chase's Ointment has completely relieved me of eczema and piles. I also used this Ointment for my baby, who broke out in eczema. A few applications were all that was necessary in her case. Dr. Chase's Ointment has been worth a hundred dollars to me—before using it I had spent a great deal more than that in unsuccessful treatment from doctors. We have also used Dr. Chase's other medicines, the Nerve Food having restored my health after suffering from severe nerve trouble when a girl."

**BUSINESS IN WEST QUIET**

H. F. Pullen Says Conditions in Other Places Little Different From Here

**HARD WORK AND CARE ARE NOW NECESSARY**

Many Who Went South Would Like to be Back on Old Jobs

"Everyone asks me how is business in the south. Let me tell them business is about the same there as it is here, comparatively," said H. F. Pullen on his return to the city after two months spent mostly in Victoria, during which time he spent about six weeks in the press gallery of the Legislature and met hundreds of people from all parts of the country.

"Victoria is quiet and so is Vancouver. Businessmen there all talk of poor business and commercial travellers and others

from the prairies say Winnipeg is about the same and so are Calgary and Regina. The movement toward lower prices, lower wages, and a more sane method of living is going on and while that beating down is in process we can hardly look for good times. However, everyone is hopeful of the spring and we in the North particularly should be hopeful, considering the conditions which obtain.

"From all western cities many people have gone to California and Washington States. Some of these wish they were back again under the British flag just as some of those who went to the larger B.C. cities wish themselves back here. Some who have gone south have done well but there are all sorts of hard luck stories coming through and it is found that even a fine climate is not enough to insure success.

**Met Local Man**

"In Victoria I met one man who was formerly in the employ of the city here and who was looking for a job. He said he had worked hard since he left here and showed me his hands to substantiate the statement. He told

me he had worked for as low as three dollars a day and suggested that if he could only get a steady job at about \$75 a month he would feel himself in clover. As it is he gets occasional work and he seldom knows what tomorrow has in store for him.

"While there are hard luck stories, there are many businessmen in Victoria and Vancouver who say they did just as well in 1922 as in the previous year. On the whole conditions are not very bad. There are not many out of employment and, with the lumber business flourishing, there is considerable money in circulation all the time. Amusements are being curtailed somewhat and especially the more expensive amusements. On Christmas Day I attended a theatrical performance at the Royal Victoria Theatre. It was Galsworthy's play, "The Skin Game," given by a very capable company and was strictly high class. Yet the attendance that night could not have paid much more than the light and heat bill. Similarly, one evening at the new Capitol Theatre with a good picture showing there was little more than a baker's dozen

present, the result being that the theatres are losing money. One or two have gone out of business and Pantages vaudeville has not opened this year yet at Victoria, although it is understood that it will do so soon on a three day a week basis, sharing the week with Bellingham.

**Prince Rupert Favored**

"Seeing that conditions are as they are, I suggest that we have to adapt ourselves to those conditions, keep expenses down to the lowest possible and leave no stone unturned to go out for new business. We shall soon begin to feel a change but in the meantime we must do as they are doing in other parts of the country, keep our expenses within our income, both individually and collectively and work hard. Prince Rupert is particularly favored in having very few unemployed and in there being plenty of prospects for development in the very near future. We all look forward to improved conditions and we can all do our bit toward bringing about a change."

Prosperous advertising means regular continuous advertising.

**ALICE ARM**

The tug Esdud arrived here from Vancouver last week having in tow a scow carrying two donkey engines, one locomotive, 1 1/2 miles of rail steel, railway logging cars and about 50,000 feet of lumber for the Trethewey logging camp.

Louis Reynolds and Steve Dumas were hosts at a dance in their new store building last week.

J. Anderson, who is in charge of the equipment at the Holly Varden mine, sailed last week for Vancouver where he will make a brief visit.

Burnett Woodward, teacher of the local school, is spending the holidays in Vancouver. It is not known if he will return.

Alice Arm people are pressing for a bridge across the Katsault River. This is made especially desirable on account of the starting of logging activities on the other side of the Arm.

Every Department at Titie's Sale has sweeping reductions for Home Furnishings. 17

E. F. Duly was a passenger on the train last night for Esk where he will look into the local lumber situation.

Special meeting of the Deep Sea Fishermen's Union will be held in their hall on Sunday evening at 7 o'clock. 5

Public Mass Meeting Monday evening in the Empress Theatre at 8 o'clock. United Labor Party. All candidates invited.

N. R. Walton, superintendent for the Canadian National Railway, left on the train last night on a tour of inspection.

Greeting received by the local Board of Trade from Montreal and Vancouver Boards were read at the meeting of the Board last night and ordered to be suitably acknowledged.

At the meeting of the Board of Trade last night a resolution was passed for a repeal or amendment of the War Revenue Act, especially in connection with the stamp tax.

At its meeting last night the Board of Trade endorsed the idea of a conference of the Boards of Trade of the Dominion to be held at Montreal this year, possibly in October next.

John Willman, president, and G. A. Bjornsted, vice-president of the Kleanzza Co. Ltd. who have been in the city for the past two days on company business returned for Esk on the train last night.

At its meeting last night the Board of Trade decided to subscribe for a year to Harbor and Shipping. That publication has in its current number a good picture of the Prince Rupert Drydock on its front cover.

All members are requested to attend the Joint Installation of Officers of the L.O.O.F. and Rebekah Lodges, which is being held in the Metropolitan Hall Monday, January 8. Rebekahs meet at 8 p.m. Installation at 9 p.m.

The Board of Trade last night passed a resolution asking that the Provincial and Dominion Governments investigate the iron ore deposits of Central British Columbia in connection with the general scheme outlined at the recent session of the Legislature.

A letter from the Attorney-General objecting to any legislation dealing in a wholesale way with the sale of lots in a municipality or city but suggesting that each case be dealt with on its merits, was ordered filed by the Board of Trade at its meeting last night.

Some correspondence in connection with the recent campaign for using Bulkley Valley beef was read at the meeting of the Board of Trade last evening and referred to the proper committee for further action. It had particularly to do with the supply of beef to Ocean Falls.

Barrie's January Furniture Sale.

**BOILS Made Him Sick and Miserable**

Mr. Richard Zalenzski, McLean, Sask., writes: "I had been suffering continuously, with boils, for three years, and during that time I tried many different remedies without any success whatever. In spite of all my efforts I was compelled to go to the hospital. This was in the fall of the year, and right in the busiest time of the season. Upon my return home it just took about two weeks until my neck and arms were again occupied by the boils which made me feel very sick and miserable.

One day one of my friends advised me to try **Burdock Blood Bitters**, and after I had used less than two bottles I was very much surprised at the result.

It is now over two years since I got in touch with B. B. B., and I have had no bother with boils since. I will recommend it to all persons suffering from any defect in the blood.

B. B. B. is manufactured only by The T. Millburn Co., Limited, Toronto, Ont.

**CITY CLERK IS REAL PIONEER**

**Ernest A. Woods Today Completes Sixteenth Year of Residence in Prince Rupert**

Today City Clerk Ernest A. Woods completes his sixteenth year of residence in Prince Rupert.

He first arrived here on January 6, 1907, when the town was nothing more than a group of tents in the tall timber, to take up his duties as private secretary to J. H. Bacon, the harbor engineer. He was with Mr. Bacon until 1909 when he was transferred to a similar capacity under the late David H. Bays, agent for the G. T. P. Development Co. He attended the original sale of the railway company's lots and negotiations for \$1,000,000 worth of property passed through his hands. After a trip to the Old Country, Mr. Woods started to work for the city and he has been with the corporation ever since.

Today is also the birthday of Mr. Woods' mother who resides in the Old Country.

**Making Money Grow**

PERHAPS there are many things you would like to buy—but you cannot afford them now. Why not save up for them?

There is much personal satisfaction to be found in saving money—one dollar grows to two—in a short time it is five—then ten and so on—but if you are saving for a definite object, you should open a bank account. Whilst the money is always there for you when you need it, there is less temptation to spend small sums—it grows quicker and is safe from loss. You will find our Managers and Staff willing to help you.

Your number one vote respectfully solicited for Alderman. A clean business Civic administration.—Alexander McKenzie.

Mrs. R. Beaumont was a passenger on the Prince George yesterday morning for Vancouver on a visit to Mrs. (Captain) Nicholson.

J. R. McNeill, of the contracting firm of McDougall & McNeill, which is building the court house here, arrived from Vancouver on the Princess Beatrice this morning.

Miss Lea A. St. James arrived in the city on the Princess Beatrice this morning from New Westminster. She is to join the teaching staff of the local High School succeeding Miss Mahaffey who resigned last month.

At the meeting of the Board of Trade held in the council chamber last evening, the resolution on the fisheries question recently passed at a public meeting in the city, was endorsed by the board. There was a great deal of discussion in regard to the matter, the fisheries being considered by the board to be of vital interest.

There were no new developments this morning in connection with the refusal of the three departmental heads at the city hall to accept the mayor's suspension order. The officials were still on the job this morning and Mayor Rochester confirmed his statement of yesterday that the issue would be dealt with at Monday night's council meeting.

At the meeting of the Board of Trade last night a resolution was passed for a repeal or amendment of the War Revenue Act, especially in connection with the stamp tax.

At its meeting last night the Board of Trade endorsed the idea of a conference of the Boards of Trade of the Dominion to be held at Montreal this year, possibly in October next.

John Willman, president, and G. A. Bjornsted, vice-president of the Kleanzza Co. Ltd. who have been in the city for the past two days on company business returned for Esk on the train last night.

At its meeting last night the Board of Trade decided to subscribe for a year to Harbor and Shipping. That publication has in its current number a good picture of the Prince Rupert Drydock on its front cover.

All members are requested to attend the Joint Installation of Officers of the L.O.O.F. and Rebekah Lodges, which is being held in the Metropolitan Hall Monday, January 8. Rebekahs meet at 8 p.m. Installation at 9 p.m.

The Board of Trade last night passed a resolution asking that the Provincial and Dominion Governments investigate the iron ore deposits of Central British Columbia in connection with the general scheme outlined at the recent session of the Legislature.

A letter from the Attorney-General objecting to any legislation dealing in a wholesale way with the sale of lots in a municipality or city but suggesting that each case be dealt with on its merits, was ordered filed by the Board of Trade at its meeting last night.

Some correspondence in connection with the recent campaign for using Bulkley Valley beef was read at the meeting of the Board of Trade last evening and referred to the proper committee for further action. It had particularly to do with the supply of beef to Ocean Falls.

**PARENT TEACHERS AT TERRACE HOLD FIRST MEETING THIS WEEK**

TERRACE, Jan. 6.—The Terrace Kitsumkalum Parent-Teachers' Association had its first meeting since organization Thursday night, with Mrs. O. Sundal, president, in the chair. The meeting opened with "O Canada." Reports of the last meeting and of the executive meeting were read by the secretary, Miss Fowler, and adopted. The proposed constitution was then read and its various articles and by-laws voted on individually. The subject of providing a hot drink at lunch for the school children came up and various ways and means discussed. Various subjects for discussion were suggested for the February meeting.

At the close of the business a short but very enjoyable program was rendered. A solo by Mrs. D. Munro, a violin selection by Miss Ivy Kerr, and a solo by Geo. Keith were enjoyed.

Refreshments were then served and a short time spent in social intercourse.

**In the Letter Box**

**CAN'T WEAR SILK HAT**

Editor, Daily News.

I see by tonight's paper that you are not going to take sides in the election for mayor and aldermen. There you are, that's what's wrong with most of the people in this town. They are afraid to call their souls their own. They've let the idea get around that Newton is the only man that can't be beaten when it's Montgomery that is stronger than any one of the bunch and is going to head the polls on Thursday, no matter who else is running.

**Smart Tooknot**

The chief complaint I hear about Montgomery is that he can't wear a silk hat and he's not much good at playing whist. Now what I should like to know from you Mr. Editor, is what has playing whist or wearing a smart tooknot to do with conducting the affairs of this town. Let me just tell you a thing or two. This town is skidding along the road to bankruptcy unless somebody stops it and I don't know anybody better able to put on the brakes than that same Montgomery.

Now see! Montgomery is the man that has always stood up for the fishermen through thick and thin. He has never let a finance slip to put in a word for the men that makes the money for the editors and the butchers and the other people. Tell me, now, what did Sam Newton ever do for fishermen? Tell me one little peep of a thing and then I'll vote for him and sell my soul to the devil. You may think this is rough but it's so all right. Maybe you won't print it that way. If you can't do it any other way just spell it d---!

**Has the Sense**

Montgomery has given more time and energy and done more good work on the council than any other man. That ought to entitle him to the job as mayor. Well, Mr. Editor, see that he gets it. Do your little part this time and support a real man, a rough diamond, that may not have all the polish but has the sense. I hear said, that some of the businessmen is coming round to see that he's your man and ought to be elected. We don't want a man that's going to cut wages but we do want a man who'll get a fair day's work done for a fair day's pay, and that man is the same Montgomery.

Montgomery's been beaten before and so has Newton. Well, this is Monty's turn. What did Newton do when he was in? Nothing. Then give Monty a chance. Let him see what he can do. It won't do no hurt to the town to have a lazier mayor

once, a man who's got the sense. That man's Montgomery, the man all the best of us is going to vote for.

**A TAXPAYER.**

The G.T.P. steamer Prince John sails tonight at 8 o'clock for Vancouver via the Queen Charlotte Islands. Among the passengers who will leave are D. Hood, of Port Arthur, Ont., for Vancouver, and R. L. Cleveland and A. D. Thomas, for Skidegate.

Fred Wernig leaves tonight on the Prince John for Buckley Bay where he has accepted a position with the Massett Timber Co.

To the Electors of the City of Prince Rupert: Having decided to offer myself for Alderman for 1923, I hereby solicit your support at the coming election. Should I be elected, my one aim will be to see that justice is given to all.

R. F. PERRY.

### ALICE ARM AND ANYOX HOCKEY

New Year Game Resulted in Win For Smelter Town Team by Score of 3 to Nil

ALICE ARM, Jan. 6. — Anyox Mine and Alice Arm played a hockey game here on New Year's Day, the honors going to the smelter town visitors by a score of 3 to 0. In spite of the fact that they were beaten without a score, the Alice Arm men were in the game all the time as was evidenced by the fact that the visitors made one point in the first period, two in the second and were held scoreless in the third. Anyox played practically a new team, only one member of last year's line-up, T. Wilson, being in it. While the visitors could muster only five men to make the trip and some of these were shifted from their regular positions, they played a good brand of hockey. E. Anderson was the star of the Anyox team. His speed showed that he had long ago passed out of the kindergarten days of stick-handling. He made all the Anyox goals. Stubbs, at goal, played a good safe game and made several saves when the puck was destined for the deep recesses of the net. Dooley Dean, the youthful Anyox player, also made a good showing. The whole Mine team worked hard and showed slightly better team work than that of the Alice Arm aggregation. Although they went on the ice without previous practice, the Alice Arm team played a consistent game. They had their share of the play but the breaks were against them. Ross, at goal, played a fine game and turned away many promising Granby shots. Outman was somewhat off form although he broke through the Mine defence for a trio of shots which came to naught against the Granby goalie. A. Falconer played his usual good game.

The line ups:  
 Alice Arm—D. Ross, goal; R. Outman, defense; A. Falconer, right wing; G. Anderson, left wing; T. Falconer, centre.  
 Anyox—D. Stubbs, goal; L. Ployart, defense; T. Wilson, right wing; T. Dean, left wing; E. Anderson, centre.

### HOCKEY LEAGUE BEING PLANNED

Anyox Beach and Mine and Alice Arm May Stage a Series of Matches

ANYOX, Jan. 6.—The Mine and Beach hockey teams played the first game of the season here last week, the former winning by a score of 11 to 1. A series of games between the two teams here and the Alice Arm aggregation is at present under consideration. Plans are now under way with a view to arranging a suitable schedule.

### ALD. DYBHAVN FOR MAYOR

To the Electors, Prince Rupert, B.C.

Having served you as Alderman for 10 years and at the request of a great number of my fellow Citizens, I now offer myself as a Candidate for MAYOR for the forthcoming elections. Our City, in common with the world at large, is passing through a period of difficulty and stress, and I think it is essential that the Mayor for 1923 at least should possess the fullest knowledge and experience in Municipal matters in order to successfully guide our destiny for the next 12 months.

During my 10 years of service I have gained this knowledge and experience and I now offer to give you the benefit of it. The strictest and most rigid economy and curtailment of expenditures will have to be practiced in administration of City affairs; and if elected I pledge myself to attend to this in the same manner as if it was my own private business.

I therefore ask for your support on the following principles:  
 1.—Re-organization of various City Departments in order to reduce overhead expenses, but with fair consideration towards the present officials and employees.  
 2.—With the object of securing greater efficiency, co-operation and co-ordination within and between the various departments the question of the appointment of a City Manager should be fully considered by the Council.  
 3.—Under present conditions to avoid all capital expenditures, unless of most urgent necessity.  
 4.—Friendly co-operation with the Management of the Canadian National Railways in the matter of securing greater activity for our Dry Dock and necessary developments as a terminal port.  
 5.—Properties having reverted to the City through Tax Sales to be sold in order that they may again become revenue producers.  
 6.—A business administration for efficiency and economy.

"A GOOD ALDERMAN WILL MAKE A GOOD MAYOR."  
 Your obedient Servant,  
**JOHN DYBHAVN,**  
 Alderman.

Mr. and Mrs. W. C. Orchard returned today on the Princess Beatrice after having spent the holidays in Vancouver and Victoria.

Officers' Training Classes are opened. Six Weeks' Course Being Given in City by Sergeant-Major Youngman—Examinations Later

The Sergeants' and non-commissioned officers' training classes for local men were opened last night in the Northern B.C. Regiment's orderly room in the Gibson Block on Second Avenue by Sergeant-Major A. Youngman who was sent here from Victoria for the purpose of conducting the courses. About 15 men have signified their intention of taking up the work but some were detained last evening and there were only nine present. The full number is expected out tonight. The classes are starting with elementary departments, squad drill and musketry being taken up last night. The full course takes in besides these subjects, platoon drill, company drill, extended order, rifle exercises, map reading, outpost and advance guards and other tactics, military law, regimental duties and interior economy. Lectures will be given throughout the course. At the finish of the course, which will take about six weeks, a board of officers will come here from Victoria to conduct examinations of the men with a view of conferring ranks. For the present time the orderly room will be used for the giving of instruction but larger quarters will have to be obtained for the drills.

### SUFFERED SO FROM HEART AND NERVES LIFE WAS A BURDEN

Mr. A. H. Lee, Beamsville, Ont., writes:—  
 "I am delighted to let you know what I have to say regarding the good Milburn's Heart and Nerve Pills did me."  
 A short time ago I suffered with heart and nerve trouble, and was so bad I could not sleep, only about two hours each night. My heart was so bad I had spells when diving on the road and would faint away, and neighbors would carry me in from my wagon. I also took these pills in the night and during my daily work in the farm. My nerves were so bad I would jump out of bed, and was then compelled to walk the floor before I could settle down again, but after taking a few bottles of

### Milburn's Heart and Nerve Pills

I can honestly say I am a relieved man. I now feel in the best of health, in fact, the best I've been in for three years, and can do any class of work with pleasure where before life was a burden to me."

### Ten Years Ago

January 6, 1913  
 A. D. McPhaden, Prince Rupert representative of the Swift-Canadian Co., made it possible for several of his friends to enjoy a dinner in the Premier Hotel last night. He had shipped from Vancouver a choice sucking pig to one of the boys, this proving the chief delicacy of the dinner. "Doc" Morgan was at the head of the table.

"Cyclone" Scott, the Vancouver middleweight, has written a letter to the sporting editor of the Daily News offering to take on any welter weight or middleweight boxer in Northern British Columbia.

Quite an alarm was caused early this morning in the Royal Hotel when the place was filled with smoke through the burning out of an electric motor in Frizell's butcher shop. There was no serious damage done.

Mayor Newton today confirmed the rumor that he had withdrawn from the mayoralty contest. T. D. Pattullo is the only other candidate in the field.

A shack at the Market Place containing city powder was destroyed by fire yesterday afternoon. The dynamite was frozen and burned up instead of exploding.

News has been received in the city from Massett telling of a narrow escape F. C. Tingley recently had when his clothing was caught in the machinery of the sawmill. He escaped with a torn ear, battered head and lacerated and bruised limbs.

Doings of the Mosquito Fleet which is the chief source of Prince Rupert's prosperity

Welcoming Him In
The entry of 1923 was welcomed in a right royal manner...

and just to show there is no ill feeling the halibut fleet marketed a nice little catch of 194,000 pounds of fish on Thursday morning...

Brady & Collart Ltd
At last we have them in the limelight. Yes, sir, the two famous local skippers, Principal J. C. Brady and Alderman Theo. Collart have hit the spotlight of publicity...

What a Mess
Of course one would think that an experienced skipper could go out and tow in a scow of firewood without any trouble...

Karen Changes Hands
Capt. Billy Thane, owner of the Silver Spray, has added another craft to his fleet. He recently purchased the troller Karen from Ben Servenson...

J. McIntosh Wins Again
Another crab wizard has been unseated along the waterfront who promises to give Steve Carter a long run for his money...

The Canadian National coastwise steamer Prince John arrived in Port on Thursday with 350 tons of coal for the Albert & McCaffery interests.

Capt. Bill Sims—Swimmer
Capt. Sims, of Poreher Island, has developed into a real worth while swimmer according to reports to hand...

Joe Baker O.K.
The halibut chaser Joe Baker, Capt. Lund, is now in fine shape for the high spots having recently undergone a thorough overhaul both to engine and hull...

Home Fleet Preparing
There is great activity in home fleet circles these days and a number of the smaller boats are getting ready to hit the high spots...

New Troller Building
A new trolling boat is being built in Sourdough Bay, Sead Cove by Alex. Wiley. The boat measures 45 ft. long with a 9 ft. beam and is to be fitted with...

Irish Belle In
The power boat Irish Belle, with Captain Bergman on the bridge, arrived in port from PHT Island during the week with a nice cargo of furs...

Reward Offered
Anyone knowing the whereabouts of Capt. Jack Thurber, late skipper of the Mayflower, who was last seen in company with Dinty Moore about two weeks ago with a pack of cards in his pocket...

What a Mess
Of course one would think that an experienced skipper could go out and tow in a scow of firewood without any trouble but even the most experienced men sometimes run up against a snag...

Karen Changes Hands
Capt. Billy Thane, owner of the Silver Spray, has added another craft to his fleet. He recently purchased the troller Karen from Ben Servenson and is now busy remodeling her...

 a 12 h.p. Fisherman engine. When completed this troller will be one of the most modern crafts. In its class, on the Pacific coast.  
 A snow load of fish boxes arrived from Georgetown mill on Thursday night via the tug Wake for the Big Bay Lumber Company. These boxes are for the Canadian Fish & Cold Storage Company.

**Freeman Going Strong**  
 Captain Thomas K. Freeman, skipper of the launch Narbehong, who has been on a prolonged trip wishing groceries, etc. upon the natives is reported to be at Swanson Bay, at which point he called to pick up a piece of paper in which to wrap up a parcel. It is thought that he will meet with no difficulties in this connection.

**Fish Arrivals**  
 During the week 539,000 lbs. of fish has been marketed through the local Fish Exchange. The highest price paid was 14.1c and 9.2c and the lowest price 11.7c and 8c.  
 The arrivals were: The Arctic, Pelican, Tom and Al, Senator, Annie Tuck, Mary Christopher, Sitka, Vivian, Pioneer, Republic, Vansee, Andrew Kelly, Garribbers, George E. Foster.

**Dedicated to J. E.**  
 There was a man of great renown,  
 Who came to work quite lazy.  
 The result of too much Hog-manny,  
 His name they say was Davey.

**Republic Returns**  
 The habitué schooner Republic, Capt. Angelson, left port for the high spots on Wednesday night but was forced to return owing to engine trouble developing when a few miles out. The trouble has since been diagnosed and the old reliable is again plying her trade.

A letter received from H. H. Stevens in connection with the charges made by him recently against P. G. Dawson was read and ordered filed, by the Board of Trade at its meeting last night.

**WHAT TO HAVE IN THE FAMILY MEDICINE CHEST**  
 A Safe Remedy for Colds Absolutely Essential; the Capsule Form Ideal

In the home of practically every reader there is some member of the family with a cold. These are the days when colds are common; too often they are looked upon as "mere colds," and nothing is done to prevent further trouble. Yet a cold which at first seems to give no cause for alarm will sooner or later lodge in the lungs, and then the trouble begins.  
 At the first symptoms of a cold or grippe, start taking Grip Fix. You will be surprised at the relief it gives and the quick results with which it completely breaks up the most tenacious cold. Grip Fix has been used everywhere in Canada for ten years, and no remedy is better or more favorably known. Grip Fix comes in capsule form, convenient to keep or carry, easy to take. In this way a cold can be cured in a single night. Thousands of cases prove it—an unending record of success. Get Grip Fix from Orme's Drug Store Ltd. 35c a box.

**SO EASY TO BE WELL AND STRONG**  
 Take "Fruit-a-lives" The Wonderful Fruit Medicine

805 CARTIER ST., MONTREAL  
 "I suffered terribly from Constipation and Dyspepsia for many years. I felt pains after eating and had gas, constant headaches and was unable to sleep at night. I was getting so thin that I was frightened.  
 At last, a friend advised me to take "Fruit-a-lives", and in a short time the Constipation was banished, I felt no more pain, headaches or dyspepsia, and now I am vigorous, strong and well."  
 Madam ARTHUR BEAUCHER.  
 50c a box, 6 for \$2.50, trial size 25c. At dealers or sent postpaid by Fruit-a-lives Limited, Ottawa.

**REPORT OF RETIRING PRESIDENT OF BOARD OF TRADE IS OPTIMISTIC REVIEWING ACTIVITIES OF DISTRICT.**  
 (Continued from Page 1).

only interior beef, but unfortunately, owing to local facilities and lack of co-operation between the producers and the principal buyers it did not result in alleviating the situation to the extent that your board hoped for and desired, and we feel that there is no use bringing settlers into this district unless there is some scheme devised to aid the settlers in marketing their produce.

**Federal**  
 So far as appropriations for this district in the way of public buildings is concerned it was impossible for the federal government to do anything for this part of the country at the present time owing to the financial situation and lack of funds, but the needs of the district in the matter of keeping up wharves, floats, etc., have been looked after, and a comprehensive program has been prepared for the coming year, when it is hoped this district will receive its due share.

**Provincial**  
 The handsome Provincial Government Court House at the foot of Second Avenue has been completed, and it is a welcome addition to the architecture of the city. It is with great pleasure that I am able to report that the provincial government have this year given us a road to the water via Cow Bay, this being the only natural grade from the water front in the city.

**Civic**  
 A great improvement has been made in our city streets during the past year, Second and Third Avenues having been brought to grade with a permanent dressing of granite and tarvia. Thanks to representations made by the local fire insurance agents association the fire insurance rates have been greatly reduced throughout the city.

The present total indebtedness of the city is only \$1,883,685 or more than a million less than in 1913. The assessed value of property for the year 1923 is \$15,911,366.  
 During the past year building permits were issued totalling \$344,412. This shows a decrease over the previous year, when building permits amounted to \$629,833, but it must be pointed out that the 1924 total included \$400,000 for the Provincial Government Building.

**Substantial Progress**  
 The year just closed has seen the completion of the brick depot with covered crossing, the Provincial Government building, the Booth School, and other important permanent buildings.  
 A new era was opened for this district on the arrival of the Railway Employees Investment Syndicate's hydroplane the "Hazelton." This machine with one other, now in course of construction will be used for the opening up of the country north of the line of the Grand Trunk Pacific, and as an example of what an enormous saving this will mean to prospectors I have simply to give one illustration, viz. that of a trip to Thuladi Lake from Hazelton. This trip now takes an experienced woodsman twenty-six days hard travelling, which same trip can be made today in the hydroplane in two hours easy flying. It will thus be seen what a great help such transportation

will be to the prospector, who can be taken into the interior with 200 lbs. of stores in an incredibly short space of time, and called for at any time or place named.

**Conclusion**  
 In conclusion it would be well to ask for the better co-operation of the business men of this city for the general good of the town and district; I might go further, and ask our citizens to emulate the spirit of the citizens of Vancouver, which has been shown recently, who, when faced with a serious problem, dropped all personal and political feeling and worked together for the good of the city. Especially is this of importance at this period of the history of the city, for we all feel that we are now at the turning point, and the events of the next two years will be of greater importance in our development than anything that has happened since the foundation of the city.  
 I have to thank my fellow officers, councillors, and members of the various committees for their co-operation during my term of office, and the members for the expression of their confidence and the honor conferred upon me in my election to the presidency of the board for the past year.  
 CYRIL H. ORME.
