France Now Willing to Take Big Reduction in German War Payment

PARIS, Jan. 2.—The diplomatic atmosphere seemed inclined to be upward today as the statesmen of Britain, France, Italy and Belgium foregathered for the anxiously awaited conference of premiers which will grapple with the reparations problem. The atmosphere was much less pessimistic than it was immediately after the abrupt termination of the London conversation last month.

Premier L. Poincaré of France, at the conference today, offered a proposal for the reduction of the German reparations to fifty billion gold marks. The plan offers a two-year moratorium but it exacts productive guarantees to insure the resumption of the payments later by Germany under the Class C bonds which would be used to wipe out inter-allied debts.

PEACE PACT FALLS DOWN

German Proposal Regarding Future War Not Acceptable to France

WASHINGTON, Jan. 2.—The state department announced that the German proposal for the agreement under which France, Britain, Italy and Germany agree among themselves and promise the government of United States that they will not resort to war for the period of one generation without the authority of a plebiscite, has not been accepted by the French government as an informal agreement brought out the fact that it was not acceptable to France.

Motor Car Travelling at 80 Miles Strikes Trailer and Kills Two Fort Worth

FORT WORTH, Texas, Jan. 2.—Travelling at eighty miles an hour, Stanley Davis saw a motor car and trailer ahead on a bridge. He had to strike one of them and, avoiding the first because there was a woman and a baby in it, he hit the trailer, killing two young men and injuring himself and two others.

G.T.P. BOATS ARE NOW UNDER C.G.M.M.

Change in Management Effective on January 1 is Announced in Vancouver

The G.T.P. coast steamship service which has been under the management of Capt. C. H. Nicholson since it was established some years ago came under the management of the Canadian Government Merchant Marine Ltd. on January 1, according to an announcement published in Vancouver last week. The change is being made, it is stated, in the interests of economy of operation through centralizing administration costs. R. B. Teakle is the general manager of the C. G. M. M. Ltd. in charge of the entire fleet and reporting only to Sir Henry Thornton.

USHERING IN OF NEW YEAR

Celebration was General in Prince Rupert on Sunday and Monday

Announcement 1923 was ushered in amidst great rejoicing in Prince Rupert as is the time-honored custom of the world over. Bells rang, whistles blew, guns and fireworks were fired off little knots of people gathered here and there on the streets and many young people met to make resolutions for the New Year and to wish each other all kinds of good luck and prosperity.

As the midnight hour struck pandemonium was released on Third Avenue. For blocks it sounded as if Fritz had taken it into his head to strafe the world in general while star shells, rockets and all other contrivances to make noise were used. Juke Playboys, generalissimo of the bucket brigade, saw fit to remove all traces of snow taking away the mid-winter effect but the clear moon and light frost was altogether in keeping with the happy occasion.

Numerous little social groups had been arranged for the evening. There were dances and dinner parties and, in the Salvation Army Hall, the ministers of the city combined with nearly 300 people to hold a watch night service.

Monday was visiting day. Many groups of people started out in the morning and visited all their friends. In the afternoon a large number attended the Elks' tea dance and still a larger number danced at the L.O.O.F. function in the auditorium in the evening. In Chinatown the holiday, which in reality is Christmas for the Oriental, was royally celebrated.

Two Men Shot, Woman Injured, and Restaurant is Wrecked in St. Louis

ST. LOUIS, Jan. 2.—Two men were shot and a woman was injured by flying furniture when prohibition officers raided the Hotel Chase and met with determined opposition from a crowd in the restaurant which was reduced to fragments. Furniture, tables and cutlery was wrecked before the fight was over. The officers returned to the police station without making arrests.

BRITAIN DRINKS LESS BEER NOW

LONDON, Jan. 2.—Fifty per cent less beer was consumed in Great Britain last year compared with pre-war consumption. The amount consumed in 1922 was 18,000,000 barrels as compared with 23,000,000 in 1921 and 46,000,000 in 1918.

BIRTHS AND DEATHS 1922

Both Fell Off Here During Year Just Past

While the births and marriages in Prince Rupert last year were lower than those of 1921, according to the annual report just issued by Major J. H. McMullin, government agent, the death rate was also much lower. Last year there were 140 births as against 144 in 1921. A year ago the deaths totalled 64, but last year the number fell off to 55. Cupid got in a good year's work when he sent 52 couples to the altar up to last Saturday night but he went one better in 1921 when 53 couples joined the holy ranks of matrimony.

WOULD REMOVE PREFERENCE IN HALIBUT PRICE

Canadian Fishermen of this Port Seeking for Defensive Measure Against U.S. Tariff

Canadian fishermen of this port are taking steps towards securing the removal of the preference in price given to American fish over Canadian caused by the 2c. tariff on Canadian fish entering the United States. With this end in view a meeting was called in the city council chamber on Saturday evening. There were between 50 and 60 fishermen and representative citizens present but no definite decision was reached and the meeting was adjourned until Wednesday night of this week when a final resolution on the question will likely be adopted.

G. W. Nickerson presided on Saturday night and a committee consisting of James Kuntz, Jas. Neville, C. Wallace, C. Edwards, Jack Christensen and Abd. W. H. Montgomery was delegated to proceed with the matter.

It was claimed that halibut landed here at present is all suffering under the 2c. handicap in price. It is being applied, it is suggested, not only to Canadian fish entering the United States but also to Canadian fish for the Canadian market. To find some defensive measure for the Canadian fish is the object of the present endeavor.

On Sunday afternoon there was a conference in the council chamber between the committee and Fred Stork, M.P. and Jarvis McLeod, collector of customs. The matter will be taken up by Mr. Stork at Ottawa when he goes to attend the next session of parliament some time this month.

LONDON, Jan. 2.—The Daily Express understands that the estate of the late Lord Northcliffe is valued at \$5,000,000.

Total Precipitation for Year was 84.78 Inches According to Figures of Dominion Observer

Prince Rupert had a total precipitation of 88.78 inches last year, according to the annual figures issued by H. O. Grewe, Dominion meteorologist. Of this 84.78 inches was rain and 40 inches snow, ten inches of the latter being equal to one inch of rain. The most of the rain fell in October, November and December, the total for these months being 48.51 inches.

The maximum temperature for the year was reached in May when the thermometer registered 82 degrees and the lowest in February, 8 degrees. The mean temperature was 44.4 degrees.

Following is a table of the rainfall during the months of last year:

Month	Inches
January	6.75
February	2.35
March	6.65
April	4.41
May	5.73
June	4.00
July	1.66
August	1.83
September	9.88
October	15.01
November	23.32
December	10.18

For December the report was as follows:
Maximum temperature, 52 degrees on December 25th.
Minimum, 12 degrees on December 10th.
Rain, 9.26 inches.
Snow, 9.25 inches. Total precipitation, 10.18 inches.

PIONEER WATCH MAKER IS DEAD

Ole A. Ranstad, Aged 60, Passed Away in the General Hospital Today

Succumbing to an attack of ear trouble on account of which he had been admitted to the General Hospital a few days ago, Ole A. Ranstad, the well known pioneer jeweler and watchmaker of this district, passed away today about 12 noon. He was a native of Norway and was about 60 years of age, thirty years of his life having been spent in the vicinity of Prince Rupert.

The late Mr. Ranstad came to America 40 years ago and first established himself in Minneapolis. Coming shortly after to Victoria, he started a watch-making business there. Twenty-nine years ago he arrived in Port Essington and, with the construction of the Grand Trunk Pacific Railway, went to Hazelton, later settling in Smithers. Four years ago he came to Prince Rupert to enter the employ of John Bulger.

Deceased has some relatives in Minneapolis and these are now being communicated with. He was a member of the Far West Lodge, Knights of Pythias, Victoria. Funeral arrangements are in the hands of the B.C. Undertakers.

Mayor Must Have Personality.

The personality of a candidate is a matter that should be
 considered by the electors when they are choosing a chief magis-
 trate. A mayor should be a good executive head for the city and
 should have a certain amount of personal dignity in addition to an
 intimate knowledge of the city's business.

A mayor imbued with determination and personality can do
 much with well directed influence in guiding the affairs of the
 city and making legislation. Conversely, the wrong kind of influ-
 ence can be damaging. A mayor with no personality is guided by
 his council and is of little use. Especially is good executive
 ability required in exercising the summary jurisdiction that the
 mayor has over the various civic departments.

Receiving Conventions And Visitors.

The mayor also has a certain amount of social business to
 supervise. When prominent visitors come to the city, it is cus-
 tomary for him to welcome them and take charge of their entertain-
 ment. He is the city's official representative and as such he
 comes into personal contact, perhaps more than any other citizen,
 with prominent guests. It goes without saying then that the
 personality of the community as a whole is reflected to a degree
 in the personality of its first citizen.

One of the most important conventions of the province will
 be held in Prince Rupert during the term of office of the next
 mayor. That will be the meeting of the Union of B.C. Municipal-
 ities with which automatically comes the convention of the B.C.
 Good Roads League. There will be delegations from all parts
 of the province and recommendations for legislation will be
 passed at the convention.

Prince Rupert stands to reap much benefit through this con-
 vention being held in the city and it is important that her case
 should be put in a proper manner and with due tact and courtesy.
 The mayor will have much to do with these delegates when they
 come here and the success of any representations that may be
 made will depend largely upon him. It is therefore important
 that he should have a thorough knowledge of conditions and re-
 quirements here and also the ability to put them in an impressive
 manner.

There will also devolve on the mayor social obligations to
 the delegates, and it is important that he should be able to carry
 them out successfully. Not only does his apply to the convention
 of the Union of B.C. Municipalities and Good Roads League but
 also to other less important delegations that may visit the city.

Matters such as these should be considered by the electors
 when they vote at the next civic election.

Another Bumper Halibut Year.

The halibut fisheries were well sustained here during the
 year 1922. Figures secured at the waterfront on Saturday showed
 that 25,500,950 pounds had been marketed through this port
 during the year as against 25,600,000 pounds in 1921. Had the
 weather not been so unfavorable towards the end of the year,
 this year's catch would undoubtedly have exceeded that of the
 year previous. At a conservative valuation of 10c a pound, the
 halibut landed here during the year would represent a total figure
 of \$2,550,000. This was actually paid to the fishermen. Beside,
 wages were paid at the various plants for handling and the
 railway derived a great revenue through transporting. Another
 bumper fish year has been recorded.

Parcels Insured, Not Registered.

The Post Office authorities point out in answer to the criti-
 cism of the advice proffered that all parcels should be insured
 that parcels are no longer registered, and can only be insured.
 They do not do anything more than advise people to insure. Owing
 to a couple of train accidents recently a good deal of mail
 has been lost and the senders of the same have had no redress
 except in the case where parcels were insured. Postal insurance
 went into effect a year ago. The Post Office authorities em-
 phasize the fact that it is purely voluntary on the part of the pub-
 lic as to whether or not they take advantage of the provision. The
 insured mail takes just the same chances in transit as the un-
 insured, but in the case of the former, if it is lost, the Post Office
 pays compensation. It is well that any apprehension that un-
 insured parcels are less carefully looked after than the insured ones
 should be removed. All post offices have been notified from
 headquarters to advertise the fact that parcels can be insured,
 and this is the reason of the notices posted so conspicuously.

BRITISH CAPITAL MAY BE INVESTED IN B.C.

Alfred A. Watts, Representing Big Company, Visits Province to Investigate Industrial Opportunities

Engaged in a tour of Canada
 investigating opportunities for
 the investment of British capital
 through his company, Alfred A.
 Watts, Canadian director of a
 newly-formed English financial
 company known as the Canadian
 British Corporation Ltd., is at
 present in Vancouver and will
 visit Prince Rupert before he re-
 turns East.

"With such a variety of raw
 materials available and such
 splendid transportation facilities,
 British Columbia is likely to see
 much British capital pour in here
 as soon as exchange rights at-
 tain," Mr. Watts stated in Van-
 couver. Our company has almost
 unlimited capital at its disposal
 for satisfactory industrial invest-
 ment and it is hoped to proceed
 in several ways. We may assist
 the establishment of branches of
 British factories in Canada.
 British companies may take over
 and expand Canadian industrial
 concerns.
 Mr. Watts stated that he was
 making minute observations of
 industrial activity and potential-
 ity in every part of Canada from
 Halifax to Prince Rupert with a
 view to presenting a comprehen-
 sive view of the situation as a

HILL 60 BALL GREAT AFFAIR

One Hundred Couples Attended New Year's Dance in Auditorium Last Evening

The annual New Year's ball of Hill 60 Chapter, Imperial Order Daughters of the Empire, held last night in the Auditorium, was a highly successful and enjoyable affair.

The hall was prettily decorated, the standards of the four chapters, flags and emblems of the order being predominating feature.

Mr. S. P. McMorris was master of ceremonies and James Mitchell and A. E. Bazzet-Jones acted as stewards. Richard Moore, Walter Hume and J. E. Oenheim were in charge at the door. Miss Mary Carter, regent of the chapter, was in charge and was assisted by Miss Thelma Knight and Mrs. R. Halson.

MISTAKEN IDENTITY

The following story about an absent minded bishop is being whispered around in ecclesiastical circles: At the end of a very busy day he was conducting a confirmation service at which there was a large number of candidates.

The last candidate to come up was an old man with a perfectly bald head. This bishop placed his hand upon his head in the usual manner, but in the most unusual manner was heard to exclaim as he did so: "I declare this stone to be well and truly laid."—London Post.

Cook with This Ware - It Uses Less Fuel

Do you know that by using the wrong kind of cooking utensils, you can waste dollars and dollars of good money every year? It's true! This money can be saved if good enameled ware is used, such as Diamond Ware or Pearl Ware. The secret is that they heat up more quickly and hold the heat.

Here is a good test. Take a Diamond Ware or Pearl Ware saucepan and a saucepan of equal size made of brass, copper or aluminum. Into each pour two quarts of cold water. Place each saucepan over the burner or fire. The water in the Diamond or Pearl saucepan will come to the boil in just half the time it takes the other. Think of the money that can be saved by women using good enameled ware for all their cooking. No heat is wasted when Diamond or Pearl Ware is used.

With fuel at the present prices, economical housewives should not forget that by using SMP Enameled Ware kitchen utensils nearly half the cost of gas, coal, wood or electricity for cooking can be saved.

What ware do you cook with? Are you saving money and enjoying full satisfaction by using Diamond Ware or Pearl Ware utensils, or are you still using all-metal ware? Equip your kitchens at once with economical Diamond or Pearl Ware.

DOG DERBY AND BIG CARNIVAL

Great Race at The Pas Will Have Added Attraction This Year
 THE PAS, Man., Jan. 2.—(By Canadian Press).—The Pas dog derby, an event which attracts international interest, will have as an added attraction this year a real northland carnival with festivities extending over a week. A carnival program which will keep the visitors from the "outside" entertained every minute of their stay here has been arranged, including winter sports of every variety while dancing—procession and Indian dances—will be held every evening. An Indian village will also be open to the public and native sports will be carried on. The outsiders may also avail themselves of the thrill of riding behind a team of huskies in regatta northern fashion as a dog rig will be in operation. Additional attractions during the derby period include dog races of one to 25-miles, skiing, snowshoeing, tobogganing and a bonspiel. Native work will be on exhibit in a bazaar and a raw fur sale will be held for the public.
 Numerous entries have been received from towns in Manitoba and Saskatchewan for the carnival queen and court contest which is being staged by the Dog Derby Association executive. The contest closes at noon on February 1 and the queen and her court comprising eleven girls obtaining the highest number of votes, will be brought to The Pas at the expense of the association and outfit in true northern fashion with caribou coats, etc. which they will retain. In addition the queen will be the recipient of a set of Arctic fox furs.
 Local mushers are busy getting their dogs in shape for the derby, the main event of the week, which will be run over a 200-mile course, starting Feb. 22. Commencement of training was delayed owing to the late freeze-up and light snowfall, but as soon as the going was good mushers got their teams on the trail and The Pas is now a veritable dog town, with trains of huskies rushing in every direction. Many new dogs are in training for the 1923 derby, with the racing men buying likely looking dogs at prices ranging from \$60 to \$100. Remarkable speed is being developed by some of the local men who have been doing from 50 to 100 miles daily in preparation for the big event.
 Although entries do not close until the eve of the race, a number of prominent dog racers have already expressed their intention of competing and a big field is expected. As well as the local entrants, there is a probability of teams entering from Selkirk, Man., Big River, Sask., and the Porcupine, Ont., district, but no definite assurances as to this have been given.
 C. B. Morgan, winner of both the 1921 and 1922 races, is entering a team again and has retained the service of Bill Grayson, a veteran dog musher, who drove Morgan's team to victory last February. The second team in the 1922 race was the Dupas-Baneroff entry, and it is possible that both these men will have a dog team competing in the forthcoming derby. Pranteau, of Grand Rapids, who never fails to finish in the money, but who has not yet a derby to his credit, will be competing again. Pranteau is one of the most picturesque figures in the north and can always be depended upon to put up a great battle.
 Other local entrants may include W. Winterton, A. Russick, A. McDonald, Larry McKay, Solomon Cook, Alfred Ballantyne, W.

CHANCES ARE TAKEN WITH COLD IN HEAD

Such a Cold Should at Once Be Cured or Ailments Likely to Follow.

It is not a long way from the head to the lungs when the passage is made by a cold. When it reaches this stage a cold is tenacious and hard to cure, whereas, if treated in its early symptoms it would yield to a good remedy and save a lot of trouble. Everyone dreads pleurisy and pneumonia, but thousands neglect a cold in the head, which often is the cause.
 That cold can be relieved in a single night by starting to take Grip-Fix as soon as the trouble appears.
 This remedy is the one any reliable doctor would prescribe, only put in handy capsule form and it strikes right at the root of the trouble. It keeps the system open and relieves the muscular pains. It reduces the feverish symptoms. Two capsules taken three hours apart give wonderful results, and one capsule at two-hour intervals thereafter finishes the work.
 Never be without a box of Grip-Fix in the house. On sale at Orme's Drug Store Ltd. 35c a box.

DOCUMENTS SUBJECT TO AND EXEMPT FROM THE NEW STAMP TAX

The following rulings in connection with the Stamp Tax on receipts of ten dollars and upwards are issued on questions which have been addressed to the department of customs:
 Counter sales slips and cash register tickets are not taxable provided no words implying or stating acknowledgment of receipt or payment of the money appear thereon.
 Payrolls—signature of employees thereon being receipt for wages—are taxable in respect of each signature.
 Receipts for payment of legacies are taxable and also receipts for money in deed or mortgage.
 Receipts for payment of taxes—except those given to or by the Dominion and provincial governments—are taxable.
 Individual freight bills and periodical statements of same, acknowledging receipt of payment, are taxable.
 Customs House brokers' receipts are taxable.
 Letters forwarded by mail, also postcards, acknowledging the payment of money, are regarded as letters and cards and are not subject to this tax.
 All insurance policies, whether fire, life, marine or casualty, wherein the payment of money is acknowledged, are taxable.
 Receipts drawn out of Canada, but not valid until countersigned in Canada, are taxable.
 Voucher checks and checks with receipts endorsed thereon, when drawn upon or addressed to a bank, are not taxable as receipts.
 Remitters counterfoils, being part of a taxable express money order, is not taxable as a receipt.

consume the year's output of any large arnica factory. The fight was held in Paris and Matthews spent most of that Parisian evening on the canvas in sundry positions but stayed seventeen rounds out of the scheduled twenty.
 Criqui fights both as a bantam and a featherweight, his rangy build enabling him to show well in both classes. He expects to meet Johnny Kilbane next spring according to reports, articles having been signed and everything is set.
 Criqui has the reputation of being clever, packing a devastating wallop in his right hand and the unique reputation of resting anything that lands on his jaw. This results from a horrible wound received during the war when part of his jaw was shot away and the nerves were removed by the surgeon who patched him up. As a consequence his new jaw, mostly artificial, is immune from feeling and the knock out mitten must travel over another route to null him to sleep.
 No denials have been forthcoming to meet the rumor that Jack Dempsey, world's heavy-weight boxing champion, and Boris Keane, film star, are engaged. Pictures published recently seem to bear out the rumor.

...bet for the community. Then no building could be erected without his approval, thus ensuring an artistic harmony of construction not equalled in any other city in the world.

Tom Reed, connected for several years with the Douglas Fairbanks Company but who for the past two years has been engaged in the oil industry in Southern California, found that he was unable to resist the lure of his first love and he has come back to the pictures as production manager for Mary Pickford. He will supervise the building of all sets for the latest Pickford picture "Dorothy Vernon of Haddon Hall."

Lila Lee is having a short vacation in New York preparatory to starting work as leading woman for Tom Meighan in the picture he will make following "Back Home and Broke."

Gross admissions to all theatres in Canada under the control of the Famous Players Canadian Corporation Limited, Toronto, for the past twelve months totalled \$2,546,100 according to N. L. Nathanson, managing director of the corporation. This was in excess of the total admissions of the year previous by about \$250,000 it was shown.

Jack Pickford left Hollywood lately for Detroit where he will join his bride, Miss Marilyn Miller, who is starting there in "Sally," the popular Zeigfeld musical show. He will also visit New York and will be back in Hollywood towards the end of January.

Roger Lewis, magazine writer, former war correspondent and ex-instructor of English at Harvard, has been engaged to act as advisor to Jack Pickford in the matter of choosing stories. He

ZAM-BUK

THE GREAT SKIN REMEDY

Try It For All Skin Injuries & Diseases

"Canada is paying about \$1,000,000 a year for its film entertainment," declared Ernest Shipman, producer of "The Man from Glengarry." "If we continue the efforts that have made this picture possible we can export \$1,000,000 worth of pictures instead."

How civilization may spoil a perfectly good Indian is pictured in a manner more dramatic than humorous in the film "The Half Breed," which comes to the Westholme Theatre on Wednesday and Thursday nights. It is a rattling story of Western life.

"The Three Live Ghosts," to be shown at the Westholme Theatre on Friday and Saturday nights, is more than ordinary entertainment. Constant surprises and laughs are provided for over and over in it. It is the story of three soldiers who were reported lost but who turned up.

Mary Pickford has started a campaign for the beautifying of the movie colony at Hollywood. Her idea is to engage some very famous architect, preferably one who specializes in the Spanish type of buildings and make him a sort of building supervisor and consulting architect

will assist in the preparation of this star's vehicles and will also be chief advisor and counsellor when it comes to fitting and editing.

Cablegrams received by Douglas Fairbanks indicate that "Robin Hood," which has just opened in London, will be as much of a sensation abroad as it was in America. The press is enthusiastic and hundreds have been turned away at each performance.

After a lapse of eight years or more the moving picture spectacle "Birth of a Nation" is again being shown in New York.

"THE HALF BREED" AN INDIAN PICTURE

Deals in Subtle Manner With One of America's Vital Problems

Among the very few contributions to the film gallery that have approached vital American problems in a big way is "The Half Breed." Oliver Morosco's first

production for the silent drama which will come to the Westholme Theatre on Wednesday and Thursday. The picture deals graphically with the straight of the American Indian and more particularly with the unfortunate class, who through no fault of their own are stigmatized by the strains of dual blood.

Without attempting to preach a sermon or adopt a moral Mr. Morosco has culled his story from the well known stage play of which he is author. He has enhanced it with the dramatic facilities which the moving pictures alone possessed and he has wound his subject around a narrative of rushing western action and a constant current of action and counter action. The play starts by depicting the hopeless plight of the half breed who finds himself constantly pitted against the barrier raised by his birth.

True to type, the half breed plays fair until he is goaded, by the persistent tricks of which he is the victim, to strike back for his heritage of life. From the moment this is evolved the picture rushes into a smashing gait, winding up in a stupendous cattle

stampede and a breath catching flight to the Mexican border.

CANADIAN PICTURE IS VERY PLEASING

"The Man From Glengarry" Should Not Be Missed by Prince Rupert Movie Fans

The picturization of Ralph Connor's famous novel, "The Man From Glengarry," made a great hit at the Westholme Theatre last night. Those who failed to see it then should not miss it tonight when it will be shown for the last time in Prince Rupert.

The original story has been altered somewhat to allow for more action. The story of the past has been made a story of the present for one thing; the scene of action of certain events has been slightly shifted. For instance, the big battle of the "river-horses" takes place on a run-away raft instead of in a saloon. There are other changes; but it makes a great screen drama as it is enacted and one that shows the spring and

summer grandeur of Canada's great forests at their best.

"The Man from Glengarry" was produced by the Ottawa Films Production Company, Limited, an all-Canadian Company with keen business men at its head and unlimited capital behind it. It is the fourth film-version of Ralph Connor's novels that has been given to the world by Ernest Shipman, those preceding it being, "The Sky Pilot," "The Foreigner," and "Cameron of the Royal Mounted."

"THREE LIVE GHOSTS" IS BIG COMEDY HIT

Said to be the Best Since "Shoulder Arms" Was Produced

The picture "Three Live Ghosts," starring Anna Q. Nilsson and Norman Kerry, which comes to the Westholme Theatre at the end of the week, is said to be the biggest comedy hit since "Shoulder Arms."

It is the tale of three buddies who came from the war when the world had given them up for dead. Their experiences make

material for a story that is indeed full of funny situations, none of which have been missed in the picturization.

It is a George Fitzmaurice production from the play by Frederick S. Isham.

BLOOD TRANSFUSION FOR NOSE BLEEDING

Life of Atlantic City Youth Saved After Continuous Nasal Hemorrhage of Three Days

ATLANTIC CITY, Dec. 30. — (By Canadian Press) — The life of Charles Lloyd, 20 years old, of Linwood, has been saved by blood transfusion after he had bled from the nose almost uninterruptedly for three days.

The youth was seized with a nasal hemorrhage while at work near his home. On the second day a consultation of physicians was held. Their efforts to stop the blood failed, and finally it was decided that blood transfusion was imperative. — Lloyd's uncle, Philip Dowdy, volunteered for the operation. After the transfusion the bleeding stopped.

STRANGE MONSTER CAST UP BY SEA

Has Body of Whale but Head and Extremities of Turtle

LIMA, Peru, Jan. 2.—The tidal wave which recently devastated parts of the coast of Chile cast upon the beach at the same time a strange denizen of the deep, whose like has not been seen in these waters in many years. It would appear to be a cross between a whale and a turtle.

Fishermen at Lurin, twenty-five miles from Lima, reported a huge calcareous blundering in the shallow waters of the bay. Then they sent out word it was an unknown monster of the sea, and that they had killed it.

The director of the Natural History Museum of the University of San Marcos and the official taxidermist made a trip to Lurin for the purpose of studying and classifying the strange visitor. They found an animal with the body of a whale, but with the head and extremities resembling those of a turtle. After examination they came to the conclusion that it belonged to the family of "Balaenidae" cetaceans, inhabiting the South Pacific waters. It is supposed that it was carried along by the Humboldt current and thrown up on the beach by the tremendous surfs following the tidal waves of the Chilean earthquake.

The specimen will be brought back to Lima for mounting and will be preserved in the University museum.

NEW YORK, Jan. 2.—William H. Keeler, one of the most famous baseball players of all time, died of heart disease. He was 50 years of age.

TELKWA

Miss Gladys McDonald, who has been teaching at the Driftwood creek school for the past two years, has gone to Vancouver to attend the Provincial normal school.

The skating rink is becoming more popular every day and many new enthusiasts are enjoying the exercise.

The bridge over the Telkwa river below the coal mine, which was washed out last spring, is about to be rebuilt. It will be of great assistance in getting coal from the Betty mine. This is very fine coal and is in great demand.

Mr. and Mrs. Perry Chapman, of Smithers, spent Christmas with Mrs. Chapman's parents, Mr. and Mrs. Thos. McDonald, of Telkwa.

SMITHERS

Mrs. Smoke of Prince Rupert, is spending the holiday season here with her friends, Mr. and Mrs. Chapman.

Frank Gazne has accepted a position at the Mamie mine, and will be in charge of the compressor machinery.

A daughter was born on Friday last at the Smithers Hospital to Mr. and Mrs. F. W. Malkins of Fort Fraser.

Rev. E. B. Cousins, of Toplay, has been spending a few days as the guest of Rev. M. W. Lees.

Fred Watson has purchased the house on Alfred Street formerly owned and occupied by Mr. and Mrs. Doolittle and has taken up residence there.

Geo. Wall has moved his family into town and is now residing in the apartments vacated by Fred Watson, over the store on Main Street.

THREE'S A CROWD

A lover and his lass sought a secluded lane, but, to their disgust, a small boy arrived there too.

Said the lover: "Here's a penny; go and get some sweets."
 "I don't want any sweets."
 "Well, here's a shilling. Run away."
 "I don't want a shilling."
 "Then here's half-a-crown."
 "I don't want half-a-crown."
 "Well, what do you want?"
 "I want to watch."

A POKER POSER

Old Man Edison has hurried another curious questionaire in the artificial teeth of a gaping world. Tommy is pussy-footing around for a left-handed right-hand Jack-of-all-trades, and among three score and ten other things he pokes this poker poser at candidates.

"You have only \$10 in the world and are playing poker with a man you never saw before. On the first deal he holds a pat hand. You have three eights before the draw. There is fifty cents in the pot. He bets a quarter. What are you going to do and why?"

If you wanted this Edison job, I don't think I'd get it after answering in this fashion:

- (1)—I don't play poker. At least, not when there is only \$10 between me and work.
- (2)—I don't play poker with strangers. They might refuse to accept my I.O.U.'s.
- (3)—I don't play poker in a two-handed game. That, Mr. Edison, is the lowest form of the great indoor sport. A man might as well go fishing.
- (4)—I wouldn't play poker on a two-bit ante, with only \$10 capital. There wouldn't be enough action for the money.
- (5)—With three eights, I'd stick around. With a gang I knew, I'd hike some, even with only ten bucks' worth of chips. But with this utter stranger, wouldn't hurry myself. He
