## GERMANY HOSTILE TO FRENCH; MARK FALLS

### LITHUANIANS ARE FIGHTING FOR POSSESSION OF THE MEMEL DISTRICT

#### France Continues to Advance Into Germany on Account of Non-cooperation With Her

BOGHUM, Jan. 15.—This city, which is the heart of the great Silesian works, was occupied by the French today.

ESSEN, Jan. 15.—The extension of the French zone of control to Bochum is intended as a penalty, the French believing the policy followed by the German government during the first week of the Ruhr occupation can hardly be called co-operative. Also the French want the forces of Germany to repay the Ruhr industrial magnates for all the cost of the reparation coal delivered above overhead charges.

The French believe the Germans purposely reduced the food supply in the Ruhr centres as a means of inconveniencing the economic mission through a labor crisis that the food shortage might bring about.

#### GENERAL MCRAE HEADS FARMERS

New Party Blossoms Out With  
Officers and Executive Like  
Old Groups

VERY VARIED PROGRAM

Will Abolish Patronage and Personal Property Tax and Wise Colonization

VERNON, Jan. 15.—General A. J. Meltae is chairman of the executive of the newly constituted farmers' party in British Columbia and John Redman, of Kamloops, vice-chairman. The executive comprises eight farmers, six businessmen.

General Meltae stated that if the party would probably a year before the party was properly organized and permanent officials elected.

The platform adopted comprises a move for the improved transportation to Prince Rupert. Reduction of freight rates. A wise policy of colonization. Disabled returned men to be given preference in all provincial and federal departments. Publication of the names of contributors to campaign funds. Examination of the public accounts by an independent firm of auditors. A fair wage clause in all government contracts. Abolition of patronage and the personal property tax.

#### MASSETT PEOPLE JOIN FAIR BOARD

Farmers' Institute on Islands Secures Ten Members for Agricultural Association

The Massett Farmers' Institute is the first organization outside of the city to complete a book of memberships in connection with the Fair Board's campaign. Manager Jack Venables has just received the filled out book from W. N. Geigerich, secretary of the institute, with the enclosing remittance. The list of members at Massett is as follows: M. V. Geigerich, G. Kernis, E. R. Walker, J. Bridgen, P. Keay, David Hutten, F. Walker, J. Pearson, Mrs. Ponder and B. Johnson.

#### STOPPED WORK AS GERMAN PROTEST

ESSEN, Jan. 15.—There was half an hour stoppage of work here today as a protest against the occupation by the French. There were also anti-French demonstrations outside French headquarters but no disturbance of the peace.

#### FRENCH ARE NOT HAPPY

Differences With Germany Over Coal Causes Advance

PARIS, Jan. 15.—The German government has sent instructions to the German industrialists not to co-operate with the French in deliveries of coal. Because of the change of front by the coal magnates and their repudiation of the agreement to deliver coal, the French to-day reinforced their occupation armies.

France's answer to the German mine owners' refusal to deliver coal is to extend the zone of occupation which was originally intended to cover only the Bochum region. The new line now established by the French is from fifteen to twenty kilometers further eastward to the edge of the industrial city of Dortmund.

#### VICTORIA MOVES CUT TEACHERS' SALARIES

Conference With Association Called to Lay Before Them Financial Stress

VICTORIA, Jan. 15.—The school board made its first move towards reduction of teachers' salaries which last year cost the city about \$350,000 in the aggregate, the biggest single item among expenditures.

Trustee Percy R. Brown introduced a motion, which was unanimously adopted, calling for a conference with representatives of the teachers' association at the earliest date possible "with a view of placing before them the city's financial stress and the necessity for relieving the burden of the taxpayer is now facing."

In line with its 1923 policy of retrenchment, the school board also ordered an increase in the tuition fee for the Victoria arts college from \$50 to \$75 a year, commencing with the school term from July 1; agreed to charge "repeaters" at the High School \$30 a year each, and took into consideration plans for making the night schools conducted under the board self-supporting.

Not only the conference proposal, but the three other economy moves were introduced by Trustee Brown. He said that he did so after careful consideration and with the idea of reducing the present cost of education, ever keeping in mind the ratepayers as well as the students whom the board represented.

#### GERMAN MARK IS SLUMPING MORE

LONDON, Jan. 15.—The German mark, which has been steadily losing value and the exchange rate is now 55,000 to the pound. The present situation between France and Germany is one of the principal reasons for the latest drops.

#### CLAIMS ON DOME MOUNTAIN TO BE DEVELOPED SOON

L. W. Patmore returned to the city on Saturday night from Telkwa where he was in conference with the setting up of titles of claims in the Dome Mountain Group which were recently handed in New York by T. E. Jefferson, of Telkwa.

Mr. Patmore states that the group of claims, for the development of which Mr. Jefferson recently raised capital in New York, consists of fifteen properties with good showings of gold-bearing ore. They are located in the Babine Range about 20 miles north of Telkwa. A British Columbia company is to be formed to develop them with Mr. Jefferson in charge at this end. Work will be commenced in the spring.

Mr. Jefferson took options on the claims some years ago and on his recent trip to New York raised capital to complete the payments.

#### TIMBER ROYALTIES TAKE A BIG JUMP

Over Million Dollars for Last Nine Months Exceeding Previous Fiscal Year.

VICTORIA, Jan. 15.—Collections on timber royalties by the British Columbia government jumped to \$1,048,000 for the last nine months, the Lands Department announces. The figure sets a new high mark in British Columbia timber returns. The sum exceeds that for the whole of the last fiscal year which amounted to \$990,325. The fiscal year ends on March 31.

#### GERMANY AGAIN IS IN DEFAULT

Falls Down on Deliveries of Merchandise Since French Occupation

PARIS, Jan. 15.—It seems certain today that Germany will be declared in default in its 1923 deliveries of merchandise at a meeting of the reparations commission, which is called for tomorrow. This would be a new measure against Germany because of her recent disinclination to keep on with her deliveries.

#### TINKERING IN TARIFF TOLLS

Vancouver Editorial Writer Analyzes Local Situation Regarding Fisheries

#### WHAT IS NEXT STEP? Says Tonnage Tax Would Drive American Boats From This Port

The current issue of the Vancouver World has an interesting article on the fisheries with special reference to the rivalry of Ketchikan and Prince Rupert. It follows:

Why should American fishermen get two cents a pound more for their catches in a Canadian port—Prince Rupert—than Canadian fishermen? The fish are the same. They come from the same banks, caught in the same sort of boats by the same sort of methods.

The "reason" for this discrimination affords an interesting study in practical economics. It is because the United States recently imposed a tariff against Canadian-caught halibut entering the country.

Keen Rivalry

There is keen rivalry between Ketchikan, in Alaska, and Prince Rupert for the fish trade. It means business for the merchants in outfitting the boats. It did not bother the fishermen, who usually found it easier to bring their catches into Prince Rupert to load into fish cars on the Grand Trunk Pacific.

No so the Ketchikan businessmen, however. They wanted the outfitting trade. They got busy on their congressmen and had the tariff duty imposed on halibut from Canada. But instead of forcing American boats to unload at Ketchikan it seems to have resulted merely in the buyers at Prince Rupert offering the Canadian fishermen two cents a pound less for their catch than is paid for American-caught fish at either Prince Rupert or Ketchikan. The American-caught fish goes through in bond from Prince Rupert as before at the old price.

Tonnage Tax

So much for the effect of tariff-tinkering. What is the next step? In an effort to get even, the Canadian fishermen are now talking of invoking parliament to impose a tonnage tax on American fishing craft entering Prince Rupert to equal the two cents advantage at present enjoyed by the American fisherman.

And if this is accomplished, what then? It will merely leave both governments skinning two cents a pound from the value of the fishermen's catches. It will be taken by the U.S. customs at Ketchikan from the Canadians and by the Canadian marine authorities at Prince Rupert from the American skippers. The fishermen of both nations will be the poorer.

A tonnage tax will probably drive a number of American boats away from Prince Rupert, if that is a remedy? Or both sets of fishermen may combine to raise prices, in which event the poor consumer of both nations is made the final victim. Verily, a man may raise himself by his bootstraps as easily as a nation can tax itself rich.

Sad Business

It is a sad business to see a handful of hungry shopkeepers interfering with the free play of trade in the fish food of two nations and stirring up bad blood between the friendly fishermen of the two fleets. It is no mean business that is affected. Last

#### LITHUANIANS ARE IN CONTROL OF THE DISTRICT OF MEMEL

BERLIN, Jan. 15.—Despatches from Memel here report heavy fighting in the Baltic area, recently invaded by Lithuanian irregulars, who are reported in almost complete possession of the neutral district.

#### AMERICAN BOATS TO CARRY FREIGHT FROM UNITED STATES

The United States Shipping Board has issued an order that all freight originating in the American territory must be taken to Alaska in American bottoms. The order will affect to some extent the freights handled for Hyder by the G.T.P. coast steamers touching Stewart and the C.P.R. steamers going to Alaska ports. In consequence of the order the Alaska Steamship Co. is now running the Jefferson into Hyder.

#### LIGHT ARRIVALS FISH SELL WELL

Three boats marketed 22,500 pounds of halibut at the Fish Exchange this morning. American fish brought 19.8c and 10c, and Canadian 17.8 and 9c.

The arrivals and sales were: Tahona, 10,000 pounds, and Valorous, 5,000 pounds, at 19.8c and 10c, to the Booth Fisheries Co. of Canada Ltd.

Reville, 7,500 pounds, at 17.8c and 9c, to the Booth Fisheries Co. of Canada Ltd.

#### WINNIPEG WAR DRUG TRAFFIC

Jail Sentences Imposed in Police Court on Hopheads and Others

#### MAGISTRATE'S VIEWS

WINNIPEG, Jan. 15.—War on illegal drug traffic in Winnipeg, and a clean-up of dope addicts was launched by city police as four drug victims were arraigned in city police court on theft and vagrancy charges. Jail sentences were imposed by Sir Hugh John Macdonald.

Announcement of drastic action to stamp out the dope traffic was made when Crown Prosecutor R. B. Graham said "these men were brought in in an attempt to clean up the drug addicts of the city."

The three men, John C. Cullen, Albert O. Daly, and John C. Sanderson, the last two giving their home address as Toronto, were charged with vagrancy following arrest Saturday afternoon by Detective Harry Alexander in a room in the Coronation block, which was strewn with needles and other dope instruments. All admitted they used drugs. No drugs were found at the time.

Cullen admitted having used drugs for fourteen years. Plea for a chance to leave town was made by the other two. It was refused when the crown prosecutor, pressing for sentence, stated they had refused to accept previous chances to get out. They were given three months in jail.

Other arrests are pending in the campaign against "hopheads" of the city, police said.

One woman dope addict was arraigned following her arrest in Eaton's store for shop-lifting. Detectives who investigated her theft of four blouses and a pair of gloves valued at \$19, found she was addicted to drugs. "I sentenced you to two months in jail in hope that treatment while you are in custody may help you get the drug craving out of your system," Magistrate Macdonald said.

Peddlers Are Active

"Dope traffic in the city has been on a steady increase during the past year and we are attempting to stamp it out to avoid the possibility of Winnipeg becoming demoralized criminally, as many cities of the continent have," Chief Constable Chris. H. Newton said in commenting on the war against narcotics. "We have been increasingly active against dope users and peddlers during the past year, and intend to continue enforcement of the provisions of the Narcotic Drugs Act to the limit."

"While I have not yet at hand accurate figures on drug cases in police court during 1922, there is no doubt that the use of narcotics has spread in the city, and illegal sales have increased. Users of cocaine and morphine are responsible for the increase, while the number of opium addicts has fallen off."

Bad Record

Police court records show 71 cases under the Narcotic Drugs Act in city police court in 1921, an increase of 40 per cent. over the previous years. In addition, many dope addicts are never listed officially as such when they are sent out of the city on vagrancy charges laid, because direct evidence against them was lacking.

"I consider drug charges among the most serious ever brought before me in the police court," Magistrate Sir Hugh John Macdonald said with regard to action against dope users and ped-

#### SHOT MAN BUT NOT MURDER

Seattle Woman Acquitted When Defending Honor and Life

SEATTLE, Jan. 15.—Clara Elizabeth Skarin was acquitted of the murder of Ferdinand Hochbrum by a jury in the superior court Saturday afternoon. She shot and killed him during a scuffle at Hochbrum's home on October 13, 1921.

According to the story of the woman in the witness stand, she shot him in defence of her honor and life.

During the course of the trial the most sordid details of degenerate life were brought to light and the court room was crowded day after day, while crowds outside awaited in the hope of getting in.

Paying The Bills Completes The Purchase.

Now that the extra purchasing, so much associated with Christmastide is over for another year, it would, to the majority of shoppers, be a matter of extreme surprise could they learn just how much of this extra purchasing is still uncompleted, and at what cost to every buyer. Paying the bills completes the purchase. And it is safe to say that there are many thousand dollars worth of uncompleted purchases in this little city, out of which a certain proportion will eventually be written off as "bad," long after the books for 1922 are closed. And until the bills be paid, the merchant, instead of counting jingling coin or more or less dirty bills has the dubious satisfaction of considering his "book debts." This phrase invariably appears in the debtors' statement of affairs in the bankruptcy courts. And more often than not, these two little words were the cause of the failure. "Book debts," one of the things which help to keep the cost of living high, and yet the one thing which everybody can help to avoid by paying cash.

The High Cost Of Unnecessary Credit.

Frequently it is alleged that living costs are higher here than in other parts. Goods from the south have 500 miles more freight added to the cost over Vancouver prices. This cannot be avoided for geographic reasons. But there are costs added after the goods reach the retailer which these same retailers say are imposed largely by the purchases themselves, the thoughtlessness and thoughtfulness of the many and the deliberate obliquity of the few. The thoughtless ones open small accounts here and there needlessly and "charge it" when cash might as easily be paid. The thoughtful ones arrange for the usual month's credit—and take many more. The few seek and get credit without any or little means or intention of ever paying. And all on a scale in Prince Rupert as in no big city. The cost of credit is much greater than even the average retailer knows and is rarely considered by the purchaser. Yet it has to be and is paid, not only by the credit buyer, but by the cash purchaser also.

Analysed Costs Are Interesting.

All retailers have bookkeeping of some sort. It is demanded by law. Few retailers are bookkeepers. Some employ bookkeepers. Some don't. Some employ others! Few retailers know accurately the cost of doing business. And still fewer know from year to year the cost of their credit business—the actual cost of turning their book debts into cash. If purchasers knew how much extra they were paying for bookkeeper's wages, postage and stationery, the proportion of the retailer's bad debts, the interest on the slow payers' bills, and the merchants' financial worry which has its cost too, they might feel justified in demanding lower prices for cash. Credit is no economy. It is an accommodation which has its cost and must be paid for. This has been recognized at Anxox, where there is one general store for a payroll of 1,500 people, which means a population of three to four thousand. Customers' orders are delivered to their homes, but—cash on delivery! There they have cut the costs by doing away with unprofitable labor in the store office by eliminating credit accounts.

Unfair To The Cash Customer.

No thrifty housewife wants to pay any proportion of her merchants' bad debts. She doesn't want to pay her proportion of the interest on the bills of her slow paying neighbors. If she pays cash, she ought not to have to pay any proportion of a bookkeeper's wages, nor for stamps nor stationery in sending out statements and dunning letters. But meantime, she has no alternative but pay her quota for service she does not get, but which is demanded by other people who pay no proportion of her bills. If it be 10 per cent or 5 per cent or even less, the fact remains that the retailer charges his cash customer for service he gives his credit customers. For the average store has the same price for cash as for credit customer. The retailer may have a hundred or more good accounts "as good as cash." But isn't cash! And there's the point. There are monthly bills to go out. Postage is a direct tax. And time is money. There is the interest on a hundred month's purchases. It may not be much, but it is there just the same—an extra cost, which the cash purchaser has to pay for. Some extra shrewd buyers run up accounts because they cannot purchase their necessities any cheaper for cash than the other customer who takes one, two or more months' credit. The one who does pay cash has also to pay the interest on the slow payers' bills. People have been known to leave our fair city and also sundry bills unpaid. Who meets the loss? Does the retailer? Assuredly not. But the cash purchaser has to pay the proportion. No advantage is given the cash purchaser by the retailer, but rather the opposite. And the whole community is penalized by this wretched system.

Quite Possible To Change System.

In the last resort, the buyers themselves could insist on closer prices by co-operating with the retailers and paying cash down. Like every form of government, the people can get what they want by going after it properly. Retailers could also help to lower prices by charging for credit in a direct item instead of including it in their overhead. It is a simple matter to find this cost. If certain customers demand this service, they are entitled to pay for it. It is a matter in which the cash customer is in no wise interested. If credit customers had from 5 per cent to 10 per cent added to their bills monthly, many would pay cash, and thus cut out a most unnecessary cost in the still too high cost of living.

CONSERVATIVE MINISTERS ARE NOW FIGHTING

Sanator Lougheed and R. B. Bennett Bring Actions Against Each Other

A special despatch from Calgary to the Winnipeg Free Press says claims and counter-claims, including demands for damages in the sum of \$50,000, have been filed against each other by the members of the dissolved firm of Lougheed and Bennett. This legal firm, one of the best known in Canada, comprised two former members of federal cabinets—Sir James A. Lougheed and R. B. Bennett. In addition, D. L. Redman, former M.P., was a member.

Counter Claim for \$50,000

Counter claims for \$50,000 have been filed in the supreme court clerk's office here by R. B. Bennett, K.C., in the action brought against F. N. D. L. Redman, J. Craig Brzyowski, K.C., P. L. Stamford, A. Macleod Sinclair, W. H. McLaws and O. H. E. Might by Sir James Lougheed. Mr. Bennett sets the damage sustained by him by dissolution of partnership in the law firm of Lougheed & Bennett at \$50,000.

Alexander Hanning, W. H. McLaws, and A. Macleod Sinclair, in another counter-claim, demand \$15,000 damages, while O. H. E. Might, in his counter-claim against Sir James Lougheed, claims \$3,000 damages. In an action against Sir James and Messrs. McLaws, Sinclair and Redman, Mr. Might requests \$2,500 damages. P. L. Stamford has also filed a defence and does not annunciate any specific amount for damages.

Following the dissolution of the partnership of the law firm of Lougheed and Bennett, Sir James asked for a declaration of the court that the partnership be declared formally dissolved, and that the accounts be taken and the affairs of the firm wound up and adjusted. Plaintiff asked that a receiver be appointed for the assets of the partnership, and by an order of the court dated August 1, 1922, the Trusts and Guarantee were appointed receivers.

Mr. Bennett, in his defence, declared that Sir James, in collusion with Messrs. McLaws, Sinclair and Redman, instituted the proceedings through a former employee of the firm of Lougheed, McLaws and company, and that the appointment was made at the instance of, and in furtherance of, a conspiracy between them and the plaintiff.

Mr. Bennett declares in his defence that the plaintiff caused wide publicity to be given to the alleged dissolution of partnership, which Mr. Bennett claimed injured his professional reputation and standing and caused him to alter his plans. Mr. Bennett charged that the action taken by the plaintiff constitutes professional conduct unbecoming a barrister and solicitor, and that such misconduct in England would be sufficient to bring him under the punitive power of the supreme court of Judicature.

A special foxhunt service for girls and boys was held in the Methodist Church yesterday afternoon. All references to foxes in the Bible were taken up and Rev. G. G. Haeker compared bad habits to the animals and gave a forcible sermon on the subject. The Junior Choir, under the leadership of A. J. Lancaster, assisted in the musical program.

PRINCE GEORGE

George B. Naden, deputy minister of lands, while visiting this city last week, stated that Hon. T. D. Pattullo and Hon. W. H. Sutherland would visit Prince George shortly and an announcement would then likely be made in regard to new public buildings for the city.

L. R. Dickson and W. Harrison, the liquor board operators who made a clean up here three weeks ago, repeated the performance last week at Quesnel. Three Chinese merchants were convicted there.

HAZELTON

William J. Parry, a returned soldier farmer of this district, died at the Hazelton hospital recently.

The Hazelton District Liberal Association has elected the following officers: Honorary President, Hon. W. L. Mackenzie King; Hon. Vice Presidents, Hon. John Oliver, Hon. A. M. Manson and Fred Stork, M.P.; President, W. W. Anderson; Vice Presidents, Peter Carrigan and Thomas Marshall; Secretary Treasurer, A. Roy McDonald; executive, Ed. McLaren, Skeema Gossing; L. Mero and John Love, Kispix; C. S. Galloway, Angus Benton and Ben Peterson, Hazelton; C. H. Sawie and W. S. Sargeant, New Hazelton.

Robert May, of Moricetown, has sold his farm to George M. King and George L. McDonald, of Travers, Alta.

Miss Margaret Wattle is in the Hazelton Hospital suffering from a broken leg sustained while skating.

Leonard Wrench has returned to Edmonton where he will resume his studies at the University of Alberta.

Otto Utterstrom is again on duty in the Hudson Bay store after having spent the holidays at Vancouver and Kispix.

Ten Years Ago in Prince Rupert

The Prince Rupert committee of the Mainland Fire Underwriters' Association held its annual meeting yesterday and the following officers were elected: Chairman, C. W. Peck; Vice-Chairman, T. D. Pattullo; secretary-treasurer, M. J. Hobin; investigating committee, E. H. Mortimer, E. C. Gibbons and W. S. Fisher; fire protection committee, J. C. Halsey, J. Lorne Mackaren and Lee Baker; rate schedule and commission committee, M. M. Stephens, G. A. Foster and T. Brown.

The municipal election is in progress today. T. D. Pattullo and S. M. Newton had their final rallies last night at the Westholme and Empress respectively. The speakers at the Pattullo meeting were Mr. Pattullo, O. H.

### Keeping Up Quality

We get hundreds of letters telling us that women like Pacific Milk because it is always the same. This keeping milk at its highest point of goodness requires a vigilance that no one outside our factories could realize. The milk from each herd is tested as it comes in. Then before it enters the evaporators it is tested again and after evaporation it is tested at regular intervals. On top of all this cans are taken at random from each day's pack and tried. Before it leaves for the grocers each can lot is again tested. Yet we are working all the time for improvement in the Pacific Milk.

### WHERE COLDS STRIKE

The throat, breathing passages and lungs are the weak spots at which colds strike. And these are the very organs most difficult to treat, because only a breathable remedy is capable of reaching the troubled region there. Peps provide a breathable remedy, and their superiority over remedies which are swallowed into the stomach is therefore obvious. For convenience, this breathable remedy is condensed into tablet form. To take the treatment, merely dissolve Peps in your mouth, and the medicinal vapor that is released is carried by the breath to the remotest parts of the breathing passages and lungs, healing, soothing and strengthening every part with which it comes in contact. At the same time, by destroying all disease germs, these medicinal fumes prevent the development of colds, coughs and serious chest trouble.

Carry Peps with you, and when you go from an overheated building to the bitter cold of outdoors, put a pastille in your mouth. Also as a protection against germs, keep a Peps in your mouth, when breathing the impure air of a crowded theatre or store.

For colds, asthma, or chest troubles, which have already developed, Peps are equally invaluable, also for bronchitis, sore throat, laryngitis, etc. All dealers, 50c. box.

### MANY MONUMENTS TO CANADIAN SOLDIERS

All Efforts to Find Remains of 20,000 of Men Who Fell Has Failed

LONDON, Jan. 15. — Besides the noble monument to the Canadian soldiers that is to be erected on the topmost heights of Vimy Ridge, in the midst of a 250 acre park, as already described in the press, there are to be four other memorials in other parts of France and three in Belgium to the Canadian symbols of the heroism of their race on the battlefields of Europe. At St. Julien, Passchendaele and Hill 62, future generations will be reminded of the brave deeds of Canadians on the fields of Flanders and in the defence of Ypres. Monuments at Gagnicourt, the Bois de Bourlon, Courcellette and Le Quesnel; as well as at Vimy, will tell of Canadian heroism on the Somme and the battlefields of Picardy and Artois. It is expected that all the memorials will be completed in two years, and it is hoped that the Canadian monument at St. Julien will be ready for unveiling on July 1 next.

The bones of 20,000 Canadians still lie scattered along the battle front in France and Flanders. All efforts to find them in shell-holes, in No Man's Land, and in the debris of the trenches and dugouts have been in vain.

### Six-Year-Old Had Bronchitis Every Winter

Bronchitis generally begins with chills, followed by fever and a harsh, dry, hacking cough. There is a raising of phlegm, which at first is of a light color, but, as the trouble progresses it becomes of a yellowish or greenish color and is sometimes streaked with blood.

All those who are troubled with bronchitis will find in Dr. Wood's Pine Syrup a remedy that will stimulate the bronchial organs, subdue the inflammation, soothe the irritated parts, and loosen the phlegm. Mrs. Oliver C. LePage, South Rustico, P. E. I., writes:—"My little six-year-old girl had very bad attacks of bronchitis every winter. In the evening and during the night, she would have fever and choke up, and had a wheezing in her chest. We tried several cough medicines, but they never seemed to do her any good. A neighbor advised us to try Dr. Wood's Norway Pine Syrup, which we did, and after she had taken two bottles she got perfectly well."

Price 35c and 60c a bottle; put up only by The T. Milburn Co., Limited, Toronto, Ont.

Through failure to present a team on the floor, the Elks' senior League basketball team forfeited two games last week and it is now understood that it is the intention of that aggregation to withdraw from the contest. Starting off at the first of the season with a rather weak team, the Elks have lost two or three more men and it is a difficult matter to secure a suitable team. On Friday night a couple of the players who have been on the senior team were in the ranks of the Intermediate Elks' team. If the Elks drop out it will leave but two teams in the league, the Sons of Canada and Colts, who are now running neck and neck for first place.

Norma Talmadge and Wyndham Standing in "Smilin' Through"

At Westholme Theatre Friday and Saturday.

rate they say so.

Nearly all the big theatres install organs to eliminate the cost of an orchestra and sometimes to be used as part of the orchestra.

Day by day in every way our films are getting better and better.

Some people are wondering why "Trilling Women" could be a success. Trilling is so commonplace.

### STAR TELLS OF MOVIE CAREER

Norma Talmadge Who Plays Leading Part in "Smilin' Through" Loves Variety

Norma Talmadge, who comes this week end in "Smilin' Through," says that the dual part which she takes—that of Moonveen and Kathleen, the charming heroines of the plot, rounds out an even two hundred roles in which she flashed across the silver sheet from the time of her fourteenth birthday.

"My very first role," says Miss Talmadge, "was back in the old days in Brooklyn was a tiny bit in a picture called 'The Household Pest.' I can't remember doing anything more than to stand under the big black cloth of a photographer's camera. I believe I was supposed to pop out at the wrong time, thereby causing much embarrassment to the photographer, and I am sure I put realism into this first role, as during the rehearsals I remember bobbing from under the cloth at least twenty 'wrong times,' much to the disgust of the director. I don't remember his name, but I do remember that he said I would never make a success in the movies. You will be surprised to hear that my second role was a black-face part! I didn't care much for that role, I must admit, and half of my salary went into cold cream and sapotilo to get cleaned up for dinner at night. But twenty-five dollars a week looked big to me in those days, and I was determined to play any part they gave me.

rather than complain. I realized that it was all valuable experience.

#### Every Type

"Since those old days, I think I have portrayed every type imaginable. I have been a crook, a kitchen slavey, a misunderstood wife, a farmer's daughter, a princess, a Chinese maiden, an Indian girl, a hot-blooded and hotter-tempered Spanish peasant, and so on down a long list. I am constantly being asked: 'What kind of parts do you like best to play?' But as I love variety, and enjoy so many different types, it would be easier to answer: 'What sort of parts do you wish not to play?' The roles I do not like are those of 'scarlet women,' or seekers after sensation and adventure only. I also abhor the weak, clinging vine. I dislike any kind of purposeless or meaningless woman. I try to make my screen heroines—now that I have my own company and a voice in the matter of what I will and what I will not do—representative of the best in American womanhood, or, I might better say international or Universal Womanhood. I want them to be healthy, normal, true women, with noble purposes in their hearts, and definite meaning in their lives. Women who are neither all good nor all bad but who have the faults and foibles, the charm, the aspirations, and ideals and the courage of their sex."

### BIG WEEK IN THE PICTURES

Three Important Films to be Shown This Week at Westholme

This week will be a very important one. Three pictures which have been advertised and spoken of by reviewers are to be shown here. These are "Turn to the Right," Valentino's "Blood and Sand," and Norma Talmadge in "Smilin' Through."

None of these plays are alike in any respect but all are said to be first rate and will doubtless attract big houses. They are the high light pictures of any of the southern theatres and never do

they show three such films in one week at any one theatre.

### POPULAR ELEMENTS IN "TURN TO THE RIGHT"

Picture is Compounded of Situations and Circumstances Always Approved by Public

Mirth and morality, farce and philosophy are blended in "Turn to the Right," the picture which opens at the Westholme Theatre tonight. It is a comedy of the highly hilarious sort but it has many ingenious dramatic situations and surprises.

The play is compounded of nearly all the elements that the public, in the past, has always heartily approved. Mother love, the lamp left burning in the window against the prodigal's return, the mortgage on the old home, the thesis that it is more easy to be moral in the country than in the city, the problem of what society may do with a cou-

plet who has served his term, the girl who remains faithful to her lover throughout a separation of ten years, a pair of crooks who are tenderhearted and talk delectable slang, a young man with a zest for getting on who makes a fortune out of a single bright idea, the American enjoyment of success—these are the ingredients of "Turn to the Right" with which it easily wins the approval of the public.

### FURS ARE PURCHASED AT WINNIPEG SALE FOR THE EXPORT MARKET

WINNIPEG, Jan. 13.—A total of more than \$300,000 was realized at the fur auction sale here at which dealers were in attendance from all parts of the American continent and from Europe. Prices were lower than at the midwinter sale a year ago, but considered satisfactory by the sellers in view of the present conditions. It was estimated that 96 per cent of the 150,000 pelts sold were for export.

Beaver Record is \$29

Mink fetched as high as \$10.25 the average being \$6.50. Beaver averaged \$15.00 a skin, the record being \$29. Muskrats brought an average of 90c and as high as \$1.20. The record for bear was \$10.75, with an average of \$9.

Martin sold as high as \$50, and an average of \$25. Top price for fisher was \$122, and the average \$60. Otter averaged \$25 and went as high as \$36. Lynx reached \$23.50, with \$18 the average. ### NEW BORN BABY IN BED WAS A STILL

Novel and Clever Attempt to Elude Revenue Officers in Manitoba Falls

WINNIPEG, Jan. 13.—Efforts to pass off a small still as a newborn babe failed to deceive provincial police and inland revenue officers when they raided a farmhouse at Gonor this week in search of illicit liquor.

When Inspector T. W. Hammond of the Inland Revenue Department and Constables Foss, Forbes and De Gruney of the provincial police searched the house of Frank Donoski, at Gonor, they failed to locate the still which they had reason to suppose was there. A systematic search of the house availed nothing until officers became suspicious of the baby which Mrs. Donoski had in bed with her. She claimed it was a two-day-old baby, but the strange quietness of the infant caused Inspector Hammond to put his hand on it. As he did so, Mrs. Donoski threw the contents of a cup of water in his face. The "babe" proved to be a still of 10-gallon capacity.

### NEW AIR LINES ARE OPENED IN ENGLAND

LONDON, Jan. 15.—Eleven air lines now radiate from London connecting Britain with various points on the continent.

The popularity of the airways among tourists during the last summer has led to plans for routes to be opened in the spring by which London will be connected by air with all of the principal points within 500 miles.

Special trips at a rate of about eight cents per mile, which will be made by a fleet of planes plying daily to Scotland, Ireland, France, Denmark and Luxembourg, is one form of projected enterprise. Five planes are now making eight trips daily between London and Paris striding on an average three persons each trip and the lines to Rotterdam, Brussels and Antwerp are doing a capacity business.

### BIRTH CONTROL BEING CONSIDERED BY JAPAN

TOKYO, Japan, Jan. 15.—A committee to investigate the advisability of the practice of birth control in Japan has been appointed by a group of graduate physicians of Tokyo University, following an investigation by some of the doctors since the visit to Japan of Mrs. Margaret Sanger, American birth control advocate.

### FLEW TOO LOW AND FINED FIVE DOLLARS

EPPING, Essex, Jan. 15.—The first case under the Air Navigation Act was heard in the police court here when an aviator was summoned for flying too low over the town. He was convicted and fined £1.

### SEASON TICKETS ON BRITISH AIR LINE

LONDON, Jan. 15.—"Season" tickets are now being issued on Britain's first inland airway between London and Manchester. The price is £100 and a ticket covers fifty flights between the two cities, including the motor car journey between Grosvenor aerodrome and the City. Several firms in the northern city have bought them to send their representatives to London at a moment's notice.

### A FALSE NOTE

A British tar, home on leave and celebrating the occasion, had got himself into a dilemma. He had hired a taxi, only to discover when approaching his destination that he was penniless. He had dined and wine, and wisely, but too well. But the British navy is a training school of resourcefulness. He caught up the speaking tube, shouted "stop!" and jumped out. "I just want to pop into this tobacconist's and get some matches," he explained to the driver. "I've dropped a pound note somewhere in the cab and can't find it in the dark." He entered the tobacconist's, and as he did so the cab and its driver vanished into the night, as he had anticipated. —The Argonaut.

### GERMANY BANS ALL LARGE BRITISH PLANES

Popular Mode of Travel to and From Cologne May Cease

LONDON, Jan. 15.—Some concern is being caused by the action of the German Government refusing to allow British commercial aircraft above a certain size to fly over their borders, as this action means the closing down of the aerial mail and passenger service now running between London and Cologne every day. This has been a popular mode of travel and lately the rush has been so great that two air liners had to be put into service instead of one. Under the Treaty of Versailles, Germany has the right to ban foreign aircraft after Jan. 1, 1923, and she is taking advantage of this provision. One British concern, it is understood, has come to an understanding with the Germans by which they will run their ten seater machines right through to Berlin from London in the coming year.

### WINTER ECZEMA 'CHAPS' & COLD-SORES

KEEN wintry weather brings a host of skin troubles. Cold-sores, chapped hands, unsightly face-sores and blotches, become a source of discomfort and annoyance. To end the trouble and make your skin clear, healthy and flexible, give the face, arms and hands, a nightly dressing with pure herbal Zam-Buk.

Zam-Buk instantly soothes the smarting irritation, it kills disease germs, and quickly heals all soreness, roughness and chafing which, neglected, often develops into eczema or other chronic skin disease. Use also Zam-Buk Medicinal Soap and enjoy real skin health.

This was an obstinate case.

Mrs. Henry Arney, 42 Lyall Avenue, Toronto, says:—"My daughter's face and neck were a mass of eczema. Her doctor prescribed treatment for over two months, but to little avail. I was laud to call in a skin specialist when I heard of Zam-Buk treatment rescuing other sufferers from this dread disease. So I got a box of Zam-Buk and a tablet of Zam-Buk Medicinal Soap. In a few days these wrought a decided improvement. Day by day the sores gradually healed, and within a month my daughter's skin was thoroughly cleared of the terrible disease."

FREE SAMPLE BOXES of this great skin remedy! Send in stamp (for return postage), give name and date of issue, and address Zam-Buk Co., Dupont St., Toronto. 50c. box, all dealers.
