ALMOST WAR CONDITIONS GERMANY TODAY

COAL DELIVERIES REFUSED, MINES SEIZED, FRENCHMEN TO BE EXPELLED

French Citizens to be Expelled from Germany: Magnates Refused Make Coal Deliveries to be Tried

LONDON, Jan. 17.—A despatch to the Express says the German government has decided to expel all Frenchmen from Germany and will establish what is practically a state of war against France.

DUSSELDORF, Jan. 17.—Representatives of the German magnates failed to appear this morning before the control commission, sending word that they had decided to obey the Berlin government instead of the French orders as to coal deliveries, thus placing the next move squarely up to the French.

An ultimatum has been delivered by the French, directing the resumption of coal deliveries under heavy penalties for failure. The ultimatum expires at four o'clock this afternoon and no action will be taken until then.

ESSEX, Jan. 17.—The French announced this afternoon that they would begin operating the mines in the Ruhr tomorrow, expelling German labor if necessary.

The Ruhr coal and industry magnates, who refused to cooperate with the French, will be prosecuted and tried before a court martial.

GERMANS FIRED FIRST SHOTS

Demonstrations Caused French to Fire: Order is Restored

MAYENCE, Jan. 16.—The clash between French troops and German civilians at Bochum last night was due to German demonstrations in which there was firing on French posts. The French replying to the fire killing one person. Order has been restored.

GERMAN FORCES CONCENTRATED

French Advance to Within Few Miles of Army of 25,000 Men

DORTMUND, Jan. 16.—The French general headquarters has information that 25,000 of the German Reichswehr are concentrated south of Muenster, less than 25 miles north of Luenen to the north of Dortmund. The French advanced to both the last named places and outposts of the French and German forces at some points were only eight or ten miles apart.

French cavalry appeared on the outskirts of the city at noon today and it is expected occupation will be completed by four this afternoon.

KEELEY WILL HAVE CHARGE OF FLEET COASTING STEAMERS

VANCOUVER, Jan. 17.—B. C. Keeley, General agent of the Canadian Government Merchant Marine, will in future have charge of the whole coast fleet including the G.T.P. coast service. Capt. Nicholson is retiring from the service.

Investigation into Booth School will be Held Soon

The 1923 school board has lost no time in opening up the Booth School affair and last night at its first meeting a resolution was passed that the board take immediate steps towards holding an investigation and that W. E. Fisher be engaged by the board to give advice as to the line of procedure that should be taken with that end in view. The matter was introduced by Trustee George B. Casey who presented the resolution as a matter of good faith. It was seconded by Trustee W. H. Montgomery and was passed unanimously. In the course of the discussion which followed the whole affair was pretty well reviewed in its various aspects. There was no serious difference of opinion between any of the members of the board, all being agreed that an investigation was desirable. The only stumbling block was the matter of cost which is to be ascertained before any further steps are taken.

Trustee Kergin stated that he would oppose expensive action but that he did favor an investigation and wanted to see the whole matter cleared up.

Trustee McLennan said he would gladly welcome an investigation first by the council. Also, the investigation should be a proper one under oath.

Trustee Parker said he would favor an investigation provided it did not cost too much. He was of the opinion that \$2,000 should be the outside figure.

There was further discussion as to the possible cost which ended with the putting and passing of the resolution for an investigation after Trustee Casey had stated that this resolution, anyway, would not cost thousands of dollars.

The decision to engage Mr. Fisher to make preliminary arrangements was then made on motion of Trustee Casey and Montgomery.

The matter of Mr. Cox's and Mr. Potter's accounts against the board was also mentioned and it was shown that further steps in regard to them would now come from the men concerned, the school board having already stated its stand clearly in regard to them.

TRADE BOARD COMMITTEES

President E. C. Gibbons Delegates Members to Duties for Year 1923.

The following list of standing committees for the year 1923 has been struck by E. C. Gibbons, president of the Prince Rupert Board of Trade, the first mentioned in each case being the chairman:

Trade and Commerce—G. W. Anderson, D. G. Stewart and M. McGaffery.

Membership—David Thomson, K. Campbell and J. W. Scott.

Railway and Navigation—S. Parker, M. P. McGaffery and H. Ome.

Port—J. H. Pillsbury, C. C. Mills and John Dyblayn.

Mining—S. J. McLeod, James E. Melnar and S. E. Parker.

Fisheries—John Dyblayn, G. W. Anderson and W. E. Williams.

Legislative—N. B. Walton, D. Stewart and H. F. Pullen.

Publicity—H. F. Pullen, G. H. Ome and W. E. Williams.

Entertainment—S. K. Campbell, N. B. Walton and David Thomson.

Finance—James G. McBlair, S. J. McLeod and F. G. Dawson.

Freight Rates—D. G. Stewart, C. C. Mills and John Dyblayn.

Insurance—C. C. Mills, James E. Melnar and M. P. McGaffery.

Give—J. W. Scott, S. E. Parker and F. G. Dawson.

Public Works—C. H. Ome, J. H. Pillsbury and N. B. Walton.

Labor—M. P. McGaffery, D. G. Stewart and S. E. Parker.

Over Million Dollars to be Spent at Anyox this Year Says General Manager Munro

The Granby Consolidated Mining, Smelting & Power Co.'s improvement program at Anyox for the years 1922 and 1923 will have cost \$1,200,000 by the time it is completed according to H. S. Munro, general manager of the company, who is in the city today bound for Anyox from a month's absence on business in the United States. The program includes the \$500,000 storage dam and \$200,000 addition to the hydro-electric plant, which are now under construction, and a \$500,000 concentrator on which a start will be made this spring.

THORNTON WAS AT EDMONTON

Left for Vancouver Last Night After Delivering Fine Address

EDMONTON, Jan. 17.—Sir Henry Thornton and party left last night for Vancouver where they expect to arrive on Thursday morning.

Before leaving here Sir Henry delivered one of the most satisfactory addresses by public officials ever heard here. He spoke of the enormity of the problem which confronted them. That the railway was one of the most economic problems affecting the whole of Canada was recognized. The fact was emphasized that patience and foresight and care displayed now will determine the destiny of generations to come.

G.T.P. DEBENTURES RISE IN LONDON

Rumors That Developments Favorable to Holders Are Taking Place

LONDON, Jan. 17.—Grand Trunk Pacific debentures rose five points yesterday to 47 and this price was maintained today. The advance is due to the recrudescence of rumors of developments favorable to the holders, but there is no confirmation from authentic sources.

There has been spasmodic speculation in this stock for some time.

Mrs. Beckwith, mother of Mrs. A. R. Nichols of this city, arrived from Victoria on the Prince George this morning after having spent several months visiting with her daughter, Mrs. A. M. Manson.

TRAMP TO ARCTIC OF MOUNTED POLICE TO CHANGE GUARD

DAWSON, Jan. 17.—At noon yesterday Const. McCormick and Capt. Wood began the long Mounted Police patrol between Dawson and the Arctic Ocean. McCormick will change guard at Rampart House with Corporal Pasley who will complete with Wood across the journey to Herschel Island.

DEBT COMMISSIONERS WILL CONFER BEFORE RESUMING CONFERENCE

WASHINGTON, Jan. 17.—The British American debt consolidation commissioners in session here reached a point in the negotiations where they were virtually agreed that further progress could not be made until the British Commission returned to London to confer with their government.

WRECKAGE OFF CAPE FLATTERY

Grim Relics of Tragedy Washed Up By Sea on Washington Coast

TACOMA, Jan. 17.—A wreck off the Washington coast was revealed when grim relics including the body of an unidentified man and the wreckage of a boat were washed up at Mount Queen's River, south of Cape Flattery. The wreckage bore the name "Hessquad" on some of the pieces of timber and others carried the name "Neskwinn."

MISS JOHNSTON IS THE LATEST BRIDE

Married Last Evening to William Henry Sherman of This City

The marriage took place last evening of Miss Gladys Ethel Johnston to William Henry Sherman of this city. The ceremony took place at eight o'clock, Rev. G. G. Backer officiating. The witnesses were John Sherman and Mrs. E. J. Large, a number of close friends and relatives also being present for the happy occasion.

Supper was served at Mr. Sherman's house at which members of the family only were present and the party broke up about one o'clock.

Mr. and Mrs. Sherman will reside on Taylor Street.

REGULATIONS FOR FISHERMEN

Americans Will Have to Secure License to Ship Product in Bond

OTTAWA, Jan. 17.—United States fishing vessels operating on the Pacific Coast of Canada may sell their catches in Canadian ports upon payment of the duty, according to an order in council. Vessels must, however, be equipped with licenses obtainable from the Marine Department.

The license permits the United States fishermen to enter Canadian ports to land their catches and tranship in bond to any United States port. U.S. fishermen may also sell in bond to local dealers authorized by the minister of customs and can enter port to get bait and crew's equipment.

The local fisheries office has as yet received no notification of any change in the regulations.

GERMANY IS IN DEFAULT

Refuses to Deliver Coal and Other Goods While Ruhr Occupied

PARIS, Jan. 17.—The reparations commission yesterday decided that Germany had willfully defaulted in delivery in kind for 1923, France, Italy and Belgium voting. The British representative abstained from voting. The default it being explained resulted from refusal of the German government to make deliveries in kind while the French were in Ruhr.

LONDON, Jan. 17.—The French threat to arrest the German coal directors in the Ruhr caused a panic in Berlin, says a news report from the German capital. On the British exchange the dollar rate was around 18,000 marks.

PREST BIPLANE BEING RESCUED

Towed to Dawson Over the Snow by U.S. Marshal and Party

DAWSON, Jan. 17.—The biplane in which Clarence Prest attempted to fly to Siberia has been salvaged by United States Marshal Dudeney and party, which is towing it over the snow to Eagle. While an effort is being made to get it back as nearly intact as possible it is being broken by the bush overcrowding on the trail.

Prest writes from New York that he will make another attempt next year.

METEORS FALL IN NUMBERS

Disturbances in Ice Floes Attributed to Eruption at Aleutians

ANCHORAGE, Jan. 17.—The falling of an immense meteor between Fairbanks and Chitanaika and the descent of other meteors at points for hundreds of miles along the Kuskokwin River lead to the theory that they resulted from the blowing off of the top of Mount Pavlof in the Aleutian Islands in the recent eruption.

Vast disturbances among ice floes recently are attributed to the eruption. Dislodged ice caught the steamer Star and held her fast near Barren Island.

Thinks Board Wrong

"It is my intention to test the school board out on the matter of an investigation into the Booth School affair," stated Mr. Casey in opening the subject. "I know some of the Trustees are of the opinion that nothing good can be brought about by an investigation and that no information can be secured other than is already known but a great many people desire to know just what went wrong in the construction of the school. Last year's board would have us believe that the responsibility lay with the architect but I think that the school board itself was largely responsible for what went wrong. First, an error was made by the board in trying to build a \$225,000 structure with \$150,000. The only estimate that was ever presented for the type of building decided upon was \$225,000. That should have been enough to make it evident to the school board that a halt should be called in the procedure but they undertook to go ahead with the building of a structure which they had no authority to build. As a result we have what we have and I am led to believe that the building has really cost the city \$300,000.

Again the school board erred when it released Mr. McMorde, the contractor, from responsibility as having completed a satisfactory building. There were many other irregular things for which I believe the responsibility lay with the school board. Therefore I would have a resolution that the city council be petitioned to undertake an investigation into the whole affair."

Method of Procedure

Mr. Montgomery said he would not favor passing the matter up to the council but thought it should be undertaken by the school board. If the resolution were made accordingly he would second it. Mr. Casey agreed to the change.

Discussion then arose as to the proper method of procedure. Dr. Kergin explained that the school board had been advised that legal action for damages against Mr. Potter would be the best means of bringing out the desired facts.

Trustee S. E. Parker said he would much prefer to see the matter laid over for another month until he had more information than he had at present. Economy was desirable this year and he could not see where anything could be gained from an expensive investigation if no recovery could be made. He was not in favor of throwing good money after bad.

Cost \$5,000.

Mr. Casey stated that he did

\$2,000 at Outside

Trustee Parker said he would favor an investigation provided it did not cost too much. He was of the opinion that \$2,000 should be the outside figure.

UNEMPLOYMENT NOT SERIOUS

Provincial Labor Bureau Reports Much Improved Condition in District This Winter

The unemployment condition in Prince Rupert district this winter is not nearly as serious as it was last year according to J. M. Campbell, of the Provincial Labor Bureau. There are 70 men out of work on the list and between 30 and 50 of these call daily looking for jobs. There are very few cases of absolute distress and provision is being made for their relief. There is quite a demand for men in the tie camps, up the line and more loaders and teamsters will be wanted as soon as sufficient snow comes for handling.

With increased lumbering and mining activities this year, Mr. Campbell is looking for a good summer from an employment standpoint in this district.

DAILY EDITION

Wednesday, Jan. 17, 1923.

Nothing To Be Pessimistic About.

The leader of the farmers of Alberta was very pessimistic in his address to the big Convention at Calgary yesterday. Everything looked blue to him. He could see little prospect of any improvement.

The difficulty with the farmers of Alberta as with a great many of us is that they got the habit of spending a lot of money during the war days when prices of wheat and other produce went soaring. They were in clover all the time and they bought automobiles, machines and other luxuries and thought nothing of spending large sums of money for nonproductive purposes. Then came the slump. Wages and the prices of commodities did not drop in price as fast as the price of farm produce and the result was disastrous. It was difficult to top off household and personal expenditures fifty per cent all at once, yet it became necessary owing to the reduced incomes. Many farmers who refused to adapt themselves to the changed conditions ran into debt and today they are struggling to rid themselves of the incubus. That is why things look blue to them.

There is no big money in farming. There never was and there never will be. Now and then there is a rush upward of prices and then the farmer gets the idea that it will always be so. It is just the same with the laborer and the merchant and the rest of the community. Abnormal changes are fatal to their happiness because they lead to conditions under which expensive tastes are cultivated.

As a matter of fact there is nothing to be pessimistic about. Wheat can be raised on the prairies for fifty cents a bushel just as it always was, provided expenses are not too high. Once the farmer knows what he is likely to get for his produce he will adapt himself to that condition. He has to. All the legislation in the world cannot keep up the price of wheat to two dollars a bushel.

Keep Up Standard Of Public Schools.

The necessity of strict economy in all branches of civic administration and activities is something that the elected members of the city council, schoolboard and police commission should ever have before them, but at the same time efficiency of the schools must not be impaired. If there is one thing more important than any other it is education, yet education is often carried on in a haphazard manner. It is satisfactory to know that in Prince Rupert we are getting good value for the money expended both in public and high schools and this must always be so else the people are being robbed.

Fisheries Regulations Not Much Changed.

The telegraphic report of the changed regulations in regard to the shipment of fish from this port does not seem to indicate that there is to be much change. The American fishermen, it seems, will have to secure a license to permit them to market their fish here and the fish buyers will also have to be licensed. The report does not mention if there will be a license fee or how much that fee will be, if there is one. Until copies of the regulations arrive, the fishing will continue as at present and the catches will be marketed here without any interference.

"There Were Many Things Which I Could Not Eat"

Mrs. H. Robert Wells, English Harbour, Trinity Bay, Nfld., writes:

"I was troubled with nervous dyspepsia—so much so that there were a great many things I could not eat at all on account of the distressed feeling afterwards. I used many different remedies, but they did me little good. Finally I tried Dr. Chase's Nerve Food and Kidney-Liver Pills, and was surprised at the relief this combined treatment gave me in such a short time."

MRS. PICKERING MUST DO TIME

Judge Young Dismissed Liquor Appeal Case in County Court Yesterday Afternoon

The sentence of six months imprisonment passed by Magistrate E. T. Kenny, of Terrace, on Mrs. Clara Pickering for selling liquor was sustained in the County Court yesterday afternoon by Judge Young who dismissed the appeal and ordered that Mrs. Pickering be punished as provided for under the Government Liquor Act. Archie Donaghy, of Terrace, appeared for the crown and L. W. Patmore for the defence.

The defence put forward was that the accused was not even on the premises where the liquor was alleged to have been sold at the time. Witnesses swore that she was asleep in the neighboring house of Mr. and Mrs. York at the time in question.

When Judge Young gave his decision that the conviction was sustained, the question arose as to whether the six months should run from the time of the arrest or from the present time. His honor declared that Magistrate Kenny had no authority to make a sentence from October 26 when the accused was found guilty on November 24. As the accused had been out on bail he ordered that she serve the full time of six months which would be from now. L. W. Patmore, counsel for the defence, said he would apply for a stated case to which Judge Young said he could have one at once. The application, however, was not made and Mrs. Pickering was taken weeping to the city jail where she will be held until she is taken to Okalla.

A similar appeal by Paddy Kilmartin, also of Terrace, is being heard today and the June Alexander appeal is set down for tomorrow.

BRITISH COLUMBIA'S PREMIER APPRAISED

Edmonton Paper Speaks of Farmer John as Picturesque Figure

The Hon. John Oliver, one of the most picturesque figures that has ever occupied the position of premier of the coast province, has decided to remain over until tonight to address the public meeting in the Memorial Hall, says the Edmonton Bulletin. The interests of his province in the vital matter of western grain shipment, and the discriminatory rates against B.C. shipments going east are the main reasons for the B.C. premier's decision, although the committee in charge of the meeting spent some time with the premier to make arrangements that Edmonton's citizens should again hear the premier from a regular public platform.

British Columbia's premier is a man of very decided opinions. He is careful in making up his mind on any subject. He looks into every figure and every detail of a question before he decides. When he does decide it is settled. So it happens that he has decided that the discriminatory rates for freight against British Columbia must go. He knows every acre of land, every dollar of contribution B.C. has made to C.P.R. railway development. He knows it in comparison with what other provinces and population have paid, and he is determined that his province is not going to be unjustly treated.

TEN MILLIONS IN THE PARTY FUNDS OF LLOYD GEORGE

Old Line Liberals Cast Envious Eyes on Treasury Chest and May Get in on it

LONDON, Jan. 17.—There is something like ten million dollars in the party campaign chest of the Lloyd George Liberals and the old line Liberals led by the Asquith-Grey combination have been casting covetous eyes at the rich hoard. It is the big fund which is said to be the one great impelling motive in tending to unite the two sections of the party.

When you buy advertising you buy CIRCULATION, and see that you get it.

POLYTECHNIC IS DISCUSSED

School Board Asks Director for Definite Statement as to Present Activities and Attendance

The success of the Northern Polytechnic Institute came in for a good deal of discussion at the school board meeting last night, new members taking a keen interest in getting definite information as to the activities of the classes. The pre-election promise of Trustee Casey that he would move for the abolition of the institute if the cost to the city was unreasonable and unwarranted caused some remark and Trustee Casey said that he had no intention of taking such action if the Institute was supported by the public and it was proved that it was doing good work at not too great a cost to the city. Trustee Montgomery took a similar stand. Mr. Pinder-Moss, director, was instructed to bring in a detailed report for the next meeting, showing the attendance in each of the classes and the exact cost of the Institute to the School Board.

In his report for December, Mr. Pinder-Moss stated that the interest of the students had been well sustained and good progress had been made, examinations showing satisfactory results. Prince Rupert branch had had an average attendance of 74.2 per cent, and Anyox, 69.77 per cent. The total enrolment for Anyox and Prince Rupert was 231, the enrolment in this city being 165. Prospects for the coming term were that the attendance would be smaller this being due to general poor business conditions, the expected attitude of the school board and the talk of discontinuing the classes of the Institute. Mr. Pinder-Moss urged the support of the Institute especially upon business men who, he said, would be amply repaid. He stated that he was now working on a scheme to make the Institute entirely self-supporting but still under the supervision of the School Board. He would likely be able to report on this next month.

In answer to queries by members of the board the following statement in regard to enrollment in the various classes here was submitted by Mr. Pinder-Moss: High school matriculation, 5; Civics and mathematics, 7; French, 11; English, botany and history, 6; Drawing and art, 5; Sheet metal work, drafting and geometry, 5; gas engineering, 6; mechanical drawing and boat design, 8; chemistry, 8; public speaking, 4 (discontinued); shorthand and typewriting, 10; dressmaking, 13; dressmaking and sewing, 11; millinery, 12; electricity, 6; machine shop practice and gas engineering, 9; steam engineering, 5.

Ten Years Ago in Prince Rupert

T. D. Pattullo was elected mayor of Prince Rupert yesterday over S. M. Newton by a majority of 122, the vote being 505 for Pattullo against 383 for Newton. The aldermen elected for Ward 4 were M. P. McCaffery, George W. Kerr, and George Leek and for Ward 2, John Dybhavn, L. Bullock-Webster, D. Sutherland, G. R. Naden and T. R. Matland, J. A. Kirkpatrick, O. H. Nelson and J. H. Thompson were the successful candidates for the school board. The referendum for discontinuing the ward system was carried by a vote of 537 to 287.

H. Gordon Munro, architect died this morning at 11 o'clock at the home of Capt. and Mrs. H. L. Roberson, Borden Street.

News has reached the city of the drowning of Percy Graham, an employee of the B.C. Fisheries Co. at Alford Bay. Fred Newham, mate of the trawler Triumph, was also drowned but his body has not yet been discovered.

MINERAL ACT. CERTIFICATE OF IMPROVEMENTS. NOTICE.

Lord Kitchener Young Bull, Irish Rose, General Joffre and Verda Mineral Claims, situated in the Skeena Mining Division of Range 2—66th District, located on Bald Mountain, Foreber Island.
Take Notice that I, Alfred C. Garde, F.M.C. 25274, acting for myself and for Gordon Denison F.M.C. 56586, Ford Robertson, F.M.C. 56581, A. E. Wright, F.M.C. 56572, Geo. Bath, F.M.C. 44270, Michael McFadden, F.M.C. 44271, Yell McTavish, F.M.C. 56577, and John A. McLeod, F.M.C. 39871, intend, sixty days from the date hereof, to apply to the Mining Recorder for a Certificate of Improvements for the purpose of obtaining a Crown Grant of the above claim.
And further take notice that action under section 37, must be commenced before the issuance of such certificate of improvements.
Dated this 8th day of January, 1923 A.D.

Tenders are invited for the annual overhaul of the C.O.S. "Malaspina" now lying at Esquimalt. Copies of specifications can be obtained on application to the undersigned or to the Fisheries office at New Westminster or Prince Rupert.
Tenders to be plainly marked on the outside of the envelope "Tender for Repairs to 'Malaspina,'" and must be received at the office of the undersigned not later than 12 o'clock noon, 24th January, 1923. Lowest, or any tender, not necessarily accepted.

FOUND WONDERFUL RELIEF FROM CONSTIPATION

BY USING Milburn's Laxa-Liver Pills

Constipation is one of the most prevalent troubles the human race is subject to, and is the greatest cause of many of our ailments, for if the bowels cease to perform their proper functions all the other organs will become deranged.

Keep your bowels working gently and naturally by the use of Milburn's Laxa-Liver Pills, and thus do away with the constipation and all other troubles caused by it.

Mrs. A. R. Spence, Springhill, N. S., writes:—I have suffered for some time from constipation, and was advised by a friend to try Milburn's Laxa-Liver Pills. After taking a vial of them I have found wonderful relief, and would advise all those who are constipated to give them a trial, for I feel sure they will also receive the same benefit I did."

FROZEN IN YUKON MAN'S BODY FOUND BY MAIL CARRIERS

DAWSON, Jan. 17.—A man named Enerson apparently strayed into the overflow water while tramping up the lower Yukon river and was frozen before he could escape. His body was found by the mail carriers between Circle and Fort Yukon.

WORLD FAIR PLANS FOR PHILADELPHIA

PHILADELPHIA, Jan. 17.—The sesqui-centennial exhibition to be held here in 1926, and to be known as the "World Festival of Peace and Progress" will be one of the most ambitious world fairs held in the United States, according to plans which have just been made public by the Fair Association.

The exhibition will open the end of April, 1926, and close November of the same year. The Fair Association's advisory executive committee estimates the cost of the exhibition to the association will be \$15,000,000. The purpose of the fair is announced to be "to portray the progress of the world particularly in the 50 years since the centennial exhibition held in Philadelphia in 1876 and to create a closer understanding and foster the goodwill of the peoples of the world."

COLTS WINNERS AT BASKETBALL

Won Over Sons of Canada 41 to 28 Last Night; Colts and Intermediates and Adanacs Also Winners

The Colts took the lead in the Senior Basketball League last night by defeating the Sons of Canada 41 to 28. The game was well contested although the Colts had the upper hand most of the time and the Sons were not in as good form as usual. Moran and Vic Menzies were the best for the Sons while the Colts' forwards did their share of work.

The line-ups and scoring: Colts—W. Mitchell, 23; E. Smith, 10; E. Mackintosh, 4; G. Mitchell, 4; H. Frizzell, 0. Total 41.

Sons of Canada—H. Scott, 4; V. Menzies, 2; S. Moran, 18; R. Gaggas, 0; H. Menzies, 4; D. Graham, 0; J. Cody, 0. Total 28.

Intermediate League The Colts tied up first place honors in the Intermediate League with the Knights of Columbus by defeating the Catholics by 44 to 15. The Colts were in the lead all the time and at no time did they seem in any danger of losing having the edge over their opponents in shooting at which all five did well. McKinnon and Cavalier starred for the Knights.

Colts—J. Kelly, 14; R. Smith, 6; D. Frizzell, 2; M. Buidenich, 4; G. Blyth, 18. Total, 44. Knights of Columbus—F. McKinnon, 6; H. Astoria, 3; W. Cavalier, 2; J. J. Raleigh, 0; L. Astoria, 0; R. Greenwell, 4. Total 15.

Ladies' League The Adanacs beat the Kaiens 15 to 5 in the Ladies' game although the latter made quite a good showing.

Adanacs—Miss C. Mitchell, 2; Miss V. Shockey, 0; Miss Pete Tromayne, 4; Miss M. Vogel, 0; Miss Nan Birnie, 9. Total, 15.

Kaiens—Miss B. Byrne, 0; Miss M. McAuley, 1; Miss E. Johnson, 0; Mrs. G. Gulick, 4; Miss M. Casey, 0. Total, 5.

E. A. Mann and A. A. Easson refereed the Senior game; A. A. Easson and Lee Dell, the Intermediate, and A. A. Easson, the Ladies'.

The Tiny Tins beat the Colts 23 to 6 in the Junior League by 23 to 6.

Standing to date:

Table with columns: League, Team, W., L., Pts. Rows include Senior League (Sons of Canada, Colts, Elks), Intermediate (K. of C., Colts, Elks, Geddo), Ladies' League (Maple Leafs, Adanacs, Kaiens), and Junior League (Tiny Tins, White Sox, Falcons, Colts).

Sport Chat

Prince Rupert will soon lose another of her strongest sport supporters in the person of Jack Venables who leaves at the first of next month to take up his residence in Washington or California. Jack has been interested in baseball for several years and was instrumental last summer in launching the Knights of Columbus in the City League. He has been president of the Basketball Association

this winter and has piloted its affairs with great success, insuring a great deal of added interest and enthusiasm into the game besides managing the activities of the Association very ably. His departure from the city will be much regretted in local sporting circles.

"Cyclone" Taylor, one of the Pacific Coast Hockey League's former stars, was in the city last week. Known officially in the immigration service as F. W. Taylor, "Cyclone" passed through last Wednesday on his way to Prince George in connection with business of the department. Prince George hockey enthusiasts endeavored to persuade Mr. Taylor to stay over for a game there on Sunday but it was impossible for him to do so.

The Vanderhoof hockey team played with Prince George at Prince George last Sunday and a return game is to be arranged for the near future. Arrangements are also being made at Prince George to have the Quesnel hockey team play here on January 26, when a winter carnival is to be staged.

ATTENDANCE AT HIGH SCHOOL ON INCREASE

This Year 109 Students Attending as Against Less Than 100 Last Year

High School attendance now standing at 109 shows a steady increase over last year which was under the 100 mark according to a report submitted to the school board by Principal J. C. Brady last night. Five divisions are operating with five teachers employed and the classification of attendance by classes is as follows: Senior matriculation or first year university, 9; Junior matriculation, 22; second year, 22; first year, 36; commercial, 20.

SLIGHT DECREASE IN SCHOOL ATTENDANCE

To date this year 677 students are attending the public schools of the city as against 699 last year according to H. L. Campbell, superintendent, in answer to questions at the school board meeting last night. The attendance is divided among the various schools as follows: Booth Memorial, 368; Seal Cove, 55;

DR. KERGIN AGAIN CHOSEN CHAIRMAN OF SCHOOL BOARD

Dr. W. T. Kergin was chosen last night by the school board to be its chairman for the year 1923 on motion of Trustee McLennan seconded by Trustee Parker. Dr. Kergin at first demurred in favor of Trustee Montgomery or Trustee Parker but the mover and seconder referred to his past experience as fitting him for the chairmanship and he accepted the honor after the resolution had been passed unanimously.

Dr. Kergin's first action on taking the chair was to welcome Trustees Parker, Montgomery and Casey to the board and congratulate them on their election. The certificates of the four members elect were presented.

The second Wednesday of each month was decided upon as regular meeting night for the board.

SCHOOL BOARD WILL CONSIDER ESTIMATES

Special Meeting is to be Called for January 24 When Various Matters Will be Dealt With

The school board will have a special meeting on January 24 to go into the matter of estimates for the year. Among various matters to be considered will be a readjustment of the salary schedule, inauguration of a dental clinic, employing of a school nurse and the question of closing the Westview School in view of the fact that the attendance has dropped to the low level of twelve with the prospect of getting smaller.

LOVE'S BOOMERANG THEATRE TONIGHT

Dramatic Story With Many English Scenes and Incidentally a Circus

Owing to the failure of "Blood and Sand" to arrive, the Westholme management is showing tonight and tomorrow "Love's Boomerang," a story with scenes in England, and with a circus and its life as incidentals.

The story deals with a young artist who adopts a motherless girl and learns to love her. She weds another man for whose murder she is later arrested. Of course she is innocent and how this was demonstrated, vests the development of the story with drama, real thrills and genuine appeal. Ann Forrest as Perpetua and David Powell as Brian, the artist, were quite artistic in their portrayals. The supporting cast is a brilliant one, some of the more notable players including John Milern, Geoffrey Kerr, Amy Willard and Tom Volbeque. The picture is well worth seeing.

Prosperous advertising means regular continuous advertising.

ITALY GETS BOOKS REPARATIONS PAYMENT

Bargain With Germany for Four Million Gold Marks of Scientific Works

LONDON, Jan. 17.—Italy struck an extraordinary bargain with Germany regarding a portion of the reparations due her, according to reliable information reaching London. An agreement has been signed by representatives of the two countries whereby the German government undertakes to furnish books and scientific publications to the Italian state to the value of 4,000,000 gold marks. The plan awaits only the official approval of the Reparations Commission and this is said to be assured.

Italy will furnish a list of her requirements. The gaps in the collections of her public libraries have been carefully catalogued and the gaps that Germany will fill. To Italy's scientific institutions and museums will be assigned many valuable works on science published before the war. In the case of books which are out of print the German government undertakes to search diligently for copies.

U.S. IS TIRING OF PROTECTION

Benefits Accruing Not Equal to Expectations; Slump is Likely

WASHINGTON, Jan. 17.—By Canadian Press.—Belief of competent observers of economic conditions in the United States is that it will not be many months before there is something like a rebellion on among the farmers against the new tariff law.

The reason for this is that the prices of the things which the farmers have to buy are gradually going up. Meantime, the prices which the farmer gets for his products continue low. It is true that the prices of some of the farmers' products have latterly shown some increases but speaking in the broad sense the prices are moving upward on the things the farmer has to purchase and the prices of agricultural products are remaining about the same. Moreover, the high freight rates and high taxes along with other burdens are such as to make the business of farming in the United States a poor proposition from the standpoint of profits. The U.S. farmer as a rule is declared to be either losing money or just managing to keep even.

Sluc Shut Eyes

It was inevitable when the high tariff duties of the present law were imposed that the prices of manufactured products would trend upwards. The farm bloc was led to shut its eyes to the high level of rates on manufactured articles because high rates were put on farm products. The high rates on farm products have been of little avail to improve the market of the farmer. The manufacturer, on the other hand, is finding the high rates on manufactured articles useful to him.

The trend of prices which is now going on and has been on for some weeks cannot go on indefinitely without a bitter outcry for the agricultural industry. Such an outcry will mean trouble for the party in power. One need not be at all surprised if before the 1924 presidential campaign is well under way, there will be an insistent demand from the farmers and the farm bloc in Congress

How To Sleep 3-IN-A-BED

YES, it CAN be done—but not like this.

The trouble is, most people go to bed with "something" on the mind—or ON THE STOMACH!

The answer is, no matter what the day has brought forth to upset your mind and digestive organs, take Beecham's Pills when you retire.

Though in no sense a "sleeping potion," this 50-years-famous household medicine so harmonizes the system that you can sleep in quiet and perfect rest, even in two feet of bed space.

Beecham's Pills are as efficient and harmless for children as for adults—sweetening the stomach, invigorating digestion and stirring liver and bowels to natural activity.

At All Druggists—25c and 50c

VISITORS TO PARIS ATTEND JAZZ DANCES

Latest Fashions Seen at "Dancings" Attended Mostly by Americans and English

PARIS, Jan. 17.—Turning away from his hotel with a few hours of idle time at his disposal, the visitor in Paris who seeks the show windows of the life of the capital will, within a few blocks, find what he is looking for in one of the many establishments which the French call "dancings." The most popular places number at least a dozen. They are small tea and supper rooms. A pompous and uniformed man is on duty at the street door, but the place itself is like as not tucked away on an upper floor away from the noise of the street.

The world passes through these places, but America furnishes the nucleus of the stock companies and the audience that stage a constantly shifting show. If all the people present have come to dance, the others to watch and to talk, and to make new friends.

Not On Streets

Fashion does not parade the streets in Paris. New gowns are not seen on the rue de Paix as they may be on the "Main Streets" of America. Many of them appear on models at the races, on the stage, and to a less extent in theatre audiences but the tourist sees more of the dressmakers and the milliner's work at the tea tables or in night cafes than at all the other "peacock alleys" to which the visitor has access.

American jazz bands, or "masters of syncopation," still predominate at the "dancings," but they are being Frenchified. American music ranks as the best for dancing, but Americans abroad of the times at home sometimes notice music they first heard several years ago on the other side.

Professionals

When interest begins to lag on the waxed floors, entertainers,

MODERN FAGIN

Three New York Boys Learn Criminal Art But Rounded up by Police

NEW YORK, Jan. 17.—Tired of school which teaches only prosaic things, three boys, now under arrest, left and enrolled in a school kept by a master of pickpocketing, thievery and general robbery, the police report. The boys practiced what they learned on subways and elevated lines, the police assert, but all they got for their work was food, a pair of boxing gloves now and then, and a few clothes.

The trio landed in the police net when twenty officers surrounded an apartment house on the East side while two detectives made the arrests. The detectives mainly wanted to catch the "Fagin" who ran the pickpocket school, but he escaped.

constantly drifting through the pleasure circles of Paris. There are many of these well-dressed men and women with hard faces, who talk little of themselves, and who seem to have no occupation. Then there is a considerable element of the frothier part of upper society, but the real audience is composed of the body of tourists from abroad and the French provincials who have come to see how Paris amuses itself.

Dancing seems to be the least concern of the "dancings." Nevertheless it goes on constantly on the small crowded floor, frequently linoleum-covered, faster in the waltz than Americans like, and slower in the other dances.

Not Dying Out

Dancing in Paris has been said to be dying out, but so far there has been no reduction in the number of these places

with queer names like "My Six," "a dollar and cake is extra. English is spoken almost as much as French, with Russian a fair third, time, in the big, old-time ball-rooms of the French has a foreign accent, for there is a queer profusion of vague nationalities linked with the history of the

Cup of Tea Costs \$1.00

There is a strange contrast of people in these elaborate dance rooms, where a cup of tea costs a dollar and cake is extra. English is spoken almost as much as French, with Russian a fair third, time, in the big, old-time ball-rooms of the French has a foreign accent, for there is a queer profusion of vague nationalities linked with the history of the

TRAVELLING MAGISTRATES

These with Continuous Criminal Assize Court Recommended at Winnipeg

WINNIPEG, Jan. 17.—Appointment of travelling magistrates in each of the judicial districts, elimination of the grand jury system and substitution of a permanent criminal assize court to sit the year round are some of the changes recommended by provincial police officers, to cut down expenses in the administration of justice and to speed up trials, was learned from a semi-official source today.

Abolition of the grand jury system and substitution of a permanent assize court are reform measures that have been engaging the attention of police officials and the attorney-general's department for some time. The appointment of travelling magistrates, with more or less extended jurisdiction, is something new. This move has been suggested with a view to reducing the number of cases sent up for trial. Many police magistrates throughout the province have not the jurisdiction to conduct a summary trial, but must commit the accused to stand trial at the next court of competent jurisdiction. Appointment of these travelling magistrates in each judicial district, similar to the county judges, would remove the necessity of committing these persons for trial.

At present the procedure is that following his committal for trial a prisoner may be taken before a county court judge and then may elect for a speedy or jury trial. It is suggested that these magistrates should pursue an itinerary similar to that followed by county court judges. There are six judicial districts in the province: eastern, central, southern, northern, western and Dauphin.

Appointment of these travelling magistrates would lessen the work of the assize considerably and in the event of the regular sittings of the assize court probably would necessitate a sitting of two or three weeks every two months.

PRINCE GEORGE

The C.N.R. is erecting a store building in the local yards which will cost about \$20,000. The dimensions of the structure will be 75.6 by 35 feet and the foundation will be of concrete with the superstructure of frame. Twenty men will be employed and the building will be completed in two months.

W. G. D. Hamper has the first radio set in Prince George and he has already tuned in with several cities as far East as Winnipeg and South to San Francisco. His set has a radius of 2,000 miles.

Phyllis Winn, Jewel Murray and Mary Gratson, local women sentenced to six months in Okalla for selling liquor, are entering appeals. The cases will open on January 23 before Judge Robertson and A. Dunbar-Taylor, of Vancouver, will appear for the appellants.

Miss Margaret Williams, of this city, who has resigned from the position of public school teacher at Dunster, leaves this week for Vancouver where she will take a special course in one of the business colleges.

The Bashaw Lumber Co., which purchased the Dome Creek mill last week, will move the plant to Dewey; and it is expected that lumber cutting will commence by June 1.

VANDERHOOF

The annual meeting of the Vanderhoof Presbyterian Church was held last week and the following board of managers was elected for the year: Mrs. James Silver, Mrs. Lewis Johnson, Miss J. M. Richards, Mrs. W. Ross Stone, Mrs. I. R. Knight, James W. Campbell, W. J. Rimes, E. G. McGeachy and A. G. W. Brain.

Miss Lillian Rafferty of Hulath, expects to take up her duties as teacher at Stuart River in two weeks' time.

Following a petition of the inhabitants of Vanderhoof, the provincial government has put through an order-in-council establishing Thursday afternoon of each week as a half holiday.

Lewis Johnson and Henry Strangeby are building a bridge at Willow River, the construction of which is expected to take two or three months.

John Baird and John Hunter, of the Royal Bank staff, have left for Vancouver.

The Presbyterian Ladies' Aid has elected the following officers for the year: Honorary President, Mrs. E. B. Arroll; President, Mrs. A. G. W. Brain; Vice President, Mrs. W. Ross Stone; Secretary-Treasurer, Mrs. J. W. Campbell.

SWEDISH BUDGET A VERY LARGE ONE

Sum of \$24,000,000 Derived From Liquor and Half Sum Tobacco

STOCKHOLM, Jan. 17.—Sweden expects an income of 8147,000,000 during the budget year 1923-24 of which 79 per cent. will consist of taxes, according to the report just published by the Exchequer. The economic depression is now past it is believed here and a general financial improvement is accepted as an actual fact by the government statisticians in calculating the national revenue a year and half in advance.

Among the items which appear on the bill of income for the next budget year is one of 76,000,000 kronor, or about \$20,000,000 which will come from profits of the state's industries or utilities. These include the postal service, the state telegraphs, the state railways, the state canals, the state power stations, the state mines, the tobacco monopoly, and the state lands and real estate. The taxes on the manufacture, sale and distribution of the liquor and malt will bring about 824,000,000 into the national treasury, and the taxes on tobacco will yield about half that sum.

Jas. Field, of the Northern Exchange sailed on last night's steamer for Vancouver on a wood's business trip.

WINNIPEG PROPOSES JUBILEE AUDITORIUM

Commemoration of Fiftieth Anniversary by Erection of Large Civic Centre is Discussed

WINNIPEG, Jan. 17.—Aldermen, both from the citizen ranks of council and from the labor group, are rallying to support the proposition to erect a jubilee auditorium in commemoration of the city's fiftieth anniversary. Though the consensus of opinion at the city hall is that the scheme should be financed by the citizens at large or city organizations rather than by the city itself.

Construction of the proposed auditorium was the main topic of discussion at the city hall today. Several aldermen stated it was one of the most urgent needs. The cry for economy may prove a bar to building of the auditorium as a civic enterprise but it is likely the scheme will be initiated in council.

Her Three Children HAD Whooping Cough

Many mothers make the mistake of thinking that whooping cough is not of serious importance, but it is one of the most dangerous diseases of infancy, and yearly causes more deaths than scarlet fever, typhoid or diphtheria, and is more common in female than male children.

DR. WOOD'S NORWAY PINE SYRUP is highly recommended by mothers everywhere for the relief of this trouble as it helps to clear the clogged-up air passages of the mucous and phlegm that has collected, and in this way brings on the "whoop" which brings the so-much-sought-for relief and heats and soothes the lungs.

Mrs. H. W. Mahar, Keniville, N. S., writes: "My three children had whooping cough. I tried every medicine I could think of until an old gentleman told me to try Dr. Wood's Norway Pine Syrup. Before they had one bottle taken the cough seemed better, and after two bottles they were about well. It loosened the cough and relieved them of that hard, distressing and straining feeling that goes with it."

"Dr. Wood's is 25c and 60c a bottle. Put up only by The T. Millburn Co., Limited, Toronto, Ont."
