ITALY SAYS RUHR SITUATION DANGEROUS RESISTANCE OF GERMANS AGAINST FRANCE AND BELGIUM IS STIFFENING

French Start Court-Martial Proceedings Against Owners And Make Property Seizures

WASHINGTON, Jan. 18.—Italy has taken definite steps to express upon the Belgian and French governments that she regards the present situation in the Ruhr Valley as fraught with great danger. She does not take the position of an actual mediator but suggests that any further steps towards collection of German reparations should be taken only after the most mature deliberations.

It is understood that the Italian government has made its suggestion after the German ambassador at Rome called attention to the fact that the French army and remnants of the German forces are facing each other in a space of only a few miles, creating a situation that is regarded in Germany as involving most dangerous possibilities.

Resistance Stiffening
BERLIN, Jan. 18.—General stiffening of the German resistance in face of the French industrial ultimatum is indicated by Berlin newspaper correspondents in the Ruhr valley. Operators, workers and labor leaders are represented as standing together, France and Belgium appear to be the only nations to which Germany refuses to make reparations deliveries for it is declared that shipments to Britain, Italy, Poland and Yugoslavia continue without interruption.

ESSEN, Jan. 18.—The French military authorities today instituted court-martial proceedings against six Ruhr coal magnates whose names are withheld. They are charged with refusing to obey the orders of military authorities in the territory which is under a state of siege.

Seizures by French
LONDON, Jan. 18.—The French military took possession of railway stations in the Ruhr today. It is reported but not confirmed that the French have also seized offices of various coal companies.

LABOR LEADER AGAIN ELECTED

Arthur Henderson Gets Five Thousand Majority in East Newcastle

LONDON, Jan. 18.—Right Hon. Arthur Henderson, minister without portfolio in the war cabinet, who was defeated at the general election, regained his seat in parliament yesterday, when he was elected by a majority of five thousand at East Newcastle.

Mr. Henderson is one of the most prominent of the British labor leaders. He first entered parliament in 1903 and was chairman of the parliamentary labor party from 1908 to 1910.

C.P.R. EMPLOYEES GET INCREASE

Five Thousand Clerks and Freight Handlers to be Paid More

MONTREAL, Jan. 18.—Approximately five thousand clerks and freight handlers of the Canadian Pacific Railway will, by a virtual agreement reached with the company, receive an increase in wages.

The June Alexander liquor selling appeal case is proceeding in the County Court today. A decision will be reached this afternoon it is expected.

RUSSIA WILL AID GERMANY

Already Said to be Mobilizing Five Year Conscripts in Readiness

LONDON, Jan. 18.—A despatch to the Times from Riga says the Russian government is mobilizing the five year conscripts with a view to helping Germany, if the Germans decide to oppose the French occupation of their country.

DEBT FUNDING NEGOTIATIONS

Will Be Continued Through Washington Embassy—Commission Going Home

WASHINGTON, Jan. 18.—Negotiations between the United States and the British governments looking to the refunding of Britain's war debt will be carried forward through the British Embassy here after the return of the British Commission to London at the week end. This announcement was made at the conclusion of the joint session here today.

The spokesman to the United States group declared there was nothing more standing in the way of a complete understanding between the two governments. There was reason to hope that an agreement principle would be reached in time for submission to Congress at the present session.

THORNTON NOW IN VANCOUVER

President of C.N.R. Will Address Board of Trade—Going to Victoria

VANCOUVER, Jan. 18.—Sir Henry Thornton, president of the Canadian National Railways, and party arrived here this morning. Sir Henry met Mayor Tisdall, the city aldermen and a delegation from the North Shore. The party will spend the afternoon inspecting the Canadian National terminals. Tonight Sir Henry will be the guest of honor at a banquet to be tendered him by the Board of Trade. Tomorrow will be spent in Victoria and the party will return here on Saturday. Sir Henry will also address the Canadian Club.

Sir Henry Thornton stated this morning that the trip was not to be curtailed because of the death of the Minister of Railways.

KENNEDY DIES IN THE SOUTH

Minister of Railways Passed Away Suddenly from Heart Disease

VISITING IN FLORIDA

Body Will Return to Canada for Burial, It is Announced

NAPLES, Florida, Jan. 18.—Hon. William Costello Kennedy, Canadian minister of railways and canals, who came here to recuperate from a recent illness, died suddenly last night of heart disease. The body will be returned to Canada for burial.

Possessed of fine abilities, combined with a patriotic desire to serve his country and his fellow men, Mr. Kennedy occupied an enviable position in his comparatively brief political career. He was first elected to the House of Commons as the Liberal member for North Essex in the General Election of December, 1917. He was re-elected in the same riding in the General Election of December, 1921, when the Liberal party triumphed at the polls and Hon. W. L. Mackenzie King became Prime Minister.

Mr. Kennedy was taken into the King cabinet upon its reorganization, December, 1921, as Minister of Railways and Canals. This important office he filled with zeal and capability, but an unfortunate illness, involving serious operations, interfered with his carrying on the duties of his office at a critical period in the reorganization of the Canadian National Railways.

Hon. Mr. Kennedy's capacity for work and his natural bent for public service were shown long before he ran for Parliament. He was president of the Windsor Board of Trade for 1909-10. He was a member of the Windsor Board of Education from 1913 to 1918, and in the same years he was a Councillor of the Town of Ojibway, Essex County.

Born in Ottawa, on August 27, 1868, Mr. Kennedy was the son of William and Julia (Costello) Kennedy. He was educated in the Separate Schools of Toronto and in the De La Salle Institute, Toronto.

He began his business career with the London and Canadian Loan and Agency Company, Toronto, in 1887, and continued with this firm until 1897. Then he engaged in the gas and oil business at Windsor, Ont. He was president of the Windsor Gas Company, Limited, from 1903 to 1917.

Mr. Kennedy married Glencora Bolton, daughter of George W. Bolton, of Detroit, Michigan, on May 8, 1907. He was a member of the Detroit Club and the Athletic Club, Detroit; Essex County Golf Club, Windsor; Ontario Club, Toronto, and the Rideau Club and Country Club, Ottawa. He was a Roman Catholic.

During his illness the work of the department has been done by Hon. G. P. Graham, who has had charge during the period of reorganization of the railways and who, quite possibly, may continue to hold the position.

FRANCE TAKES STATE FOREST

Will Secure Timber From Left Bank of Rhine as Penalty

PARIS, Jan. 18.—The French, Belgian and Italian governments will commence on Thursday to work the state forests on the left bank of the Rhine as a penalty for the German default in timber deliveries.

The French have requisitioned 2,800 tons of coke and 6000 tons of coal at the Ruhr mines but the mines themselves are not to be requisitioned, only the output.

NAAS RIVER MAN IS COMMITTED FOR TRIAL

J. J. Phillips Will Appear Before Judge Young Saturday on Charge of Breaking and Entering

J. J. Phillips, of Aiyansh, was committed for trial by Stipendiary Magistrate J. H. McMullin yesterday afternoon on a charge of breaking and entering a Yukon Telegraph Line cabin in the Naas River district. Evidence was given by F. W. Dowling, Gus Webber and J. C. Studdie, all of the telegraph service. Phillips will come before Judge Young on Saturday for election.

Three Indian youths from Kincolith charged with breaking and entering and theft will come before Judge Young at the same time and a Metlakatla case will be heard then also.

ALBERTA WOMAN TO BE HANGED

Mrs. Christensen Found Guilty at Edmonton of Murdering Husband

EDMONTON, Jan. 18.—Another husband murderer is to pay the extreme penalty. Mrs. Irene May Christensen, found guilty here by a jury, was yesterday sentenced to hang on April 4 for murdering her husband.

FRED DEAL TO GET NEW TRIAL

Majority Judgment of Court of Appeals is in His Favor

VICTORIA, Jan. 18.—Fred Deal, the colored man who was sentenced to hang on January 26 for the murder of Constable R. C. McBeath, V.C., in Vancouver on October 8 was yesterday granted a new trial by a majority judgment of the court of appeals.

FIFTY DOLLARS IS EQUAL TO MILLION MARKS IN GERMANY

NEW YORK, Jan. 18.—It takes only 50 dollars to be a millionaire in marks in Berlin, exchange having reached that proportion as a result of recent happenings in Germany in connection with the French invasion.

PREPARATIONS MADE OPENING PARLIAMENT

Redistribution Will be one of Important Measures Likely to Come up This Year

OTTAWA, Jan. 18.—Preparations are being made for the opening of parliament. The chambers are being renovated and the seating rearranged to allow for the changes in the membership in the Commons and the switching of the two former Progressives, Hammell of Muskoka and Binette of Prescott to the ministerial side.

Frequent sessions of the cabinet are being held at which forthcoming legislation is being considered. It is altogether probable that this legislation will include a redistribution bill giving the west that larger representation which is its due.

It is understood that there is likely to be another member allocated to Northern British Columbia before another election is held.

INITIAL MEETING OF CITY COUNCIL

Question of Reinstatement of Heads of City Departments Likely to be Discussed

Tonight's council meeting is likely to be an interesting one and it is probable a good many people will think it worth their while to attend. It is the first formal meeting of the council for this year, but there have been several informal meetings and at these the question of reinstating the heads of departments, who were recently suspended has been discussed. The matter is likely to come up formally tonight.

Committees should be announced tonight and the general organization of the work for the year doubtless will be outlined.

STRIKE TAKES PLACE SCHOONER MAYFLOWER

Crew Want Pay for Time Wasted Trying to Get in on International Race

BOSTON, Jan. 18.—The fishing schooner Mayflower, which was debarred as a contestant for the international trophy, is tied up as a result of a walkout of half her crew who want payment to make up for the lost time from fishing operations while she tried unsuccessfully to arrange a race with the Nova Scotia champion last fall.

IMMENSE DECREASE BEER CONSUMPTION

LONDON, Jan. 18.—Beer consumption for year ending March next estimated at 18,000,000 barrels against 36,000,000 in 1913. Tax revenue probably only £90,000,000 against £123,000,000 two years ago.

OPPOSITION TO FRANCE SEEN

Workers Will Resist Occupation More Strenuously Than Did Capitalists

BERLIN, Jan. 18.—The result of today's conference between French generals and workers' will resist the French occupation even more strenuously than the mine owners and capitalists did.

The French plans are doomed to failure if the present hostility continues. Illustrations of the public hostility to the French are shown in various ways. Picture postcards of French soldiers displayed in a window attracted the mob which smashed the shop windows. At Steele, Prussia, a German girl who went on the streets with French soldiers had her hair cut off.

LOGGING AT BUCKLEY BAY

Second Camp is Being Re-opened, Fifty Men Arriving on Prince John This Week

ANOTHER SEATTLE SCHOONER THERE

The second logging camp in connection with the Massett Timber Co.'s operations at Buckley Bay is being opened by M. McCulloch who arrived from Vancouver on the steamer Prince John this week with a crew of some 50 or 60 men. Mr. McCulloch was in Buckley Bay before in 1918.

The schooner Sophie Christensen, which was loaded with 700,000 feet of the old lumber stock of the Massett Timber Co., has left for Seattle and the second schooner, Camano, is at present at Buckley Bay being loaded. This old lumber stock is being disposed of in Seattle.

The first of the company's own schooners is due at Buckley Bay on January 30 and a cargo is now ready for her. The large cants, which will be shipped to Los Angeles for remanufacture, are at present built up on rafts ready for loading in the stream.

The mill continues to operate steadily.

FRENCH INJURE NEWFOUNDLAND

Withdrawal of German Orders For One Puts 2500 Men Out of Work

ST. JOHN, Nfld., Jan. 18.—Because the German syndicate has cancelled its orders for Newfoundland ore until the occupation troubles are settled, 2,500 men are put out of work and the greatest period of prosperity in Newfoundland mining history is brought to a standstill.

It is believed the operations will be resumed eventually.

DAILY EDITION

Mining Will Help Whole North Country.

The South is looking for the North for its mining development; that is clear from everything one reads and hears. There is a decided impetus toward development of mining properties. The success of a number of mines is having an encouraging effect and before long it would seem as if there would be enough custom work to keep the Anyox smelter going a good deal of the time. Continuity is what is needed and that is what seems likely. Prince Rupert is now surrounded by producing mines. To the north are Anyox, Alice Arm and Stewart, to the east Hudson Bay Mountain and possibly Hazelton, to the south Drum Lummon, and to the west Surf Inlet. All these mines are holding their own and in some cases there is a steady improvement. The Premier mine, for instance, has not yet reached its maximum and it is expected that the Dolly Varden and allied properties will do better than ever when it reopens. Hudson Bay Mountain is scarcely touched and Dome Mountain is simply a rich prospect.

Possibly the greatest immediate development is likely to take place at Stewart. There a number of properties will ship very soon in addition to the Premier, judging from all the reports that come out.

Build New Church For Presbyterians.

There are two religious denominations here that need new church buildings—the Anglicans and the Presbyterians. At a meeting last night steps were taken to get a building campaign under way for the Presbyterians. A committee to prepare data is to be formed and it is very likely that a new building will be erected in the near future. The church will undoubtedly have the sympathy and support of the whole community in their work.

France And Germany Today.

In his book, "The Decadence of Europe," Signor Nitti, former Premier of Italy, recently published, says:

Europe is already seething with fresh wars; and the almost feverish preparation of aeroplanes, of asphyxiating and poisonous gases, and of submarines can arouse nothing but anxiety. Is not the solidarity of the victors at an end even now?

France has less than two-thirds of the population of Germany. In thirty years—a short period in the life of nations—she will probably have less than half that of Germany, which, even though humiliated, plundered, and violated, is still the most compact ethnic organism in Europe.

The Germans have twice won great wars with France—all 1815 and in 1870. They have never tried to destroy the national unity of France, or to kill her economically. The acts of France since 1919 do not correspond to her traditions, and her representatives have only isolated the noble country which we loved, and which we still love as the centre of civilisation and light. France has had long periods of trepidation and anxiety. She has seen an unmerited peril pass over the head of her sons. She has not yet serenity of judgment. But when she feels the spiritual isolation which she goes to meet every day, when she sees that her resources cannot be developed unless there is peace, and that her greatest strength is to be found by returning to her past traditions, then this lamentable period will be forgotten. In the interests of France, which has a noble mission in European civilisation, we want Frenchmen to know the whole truth. We want France to return to those ideals which were not only her greatness but also her salvation. The men who speak a different language are not the heirs of the great French tradition, but rather its destroyers.

Great Britain—and it will be her glory—after great efforts in the war, has made the greatest efforts for peace. She had declared herself ready to make every renunciation, provided that Europe is reconstructed and that there is an end to the work of destruction, which is poisoning the life of the world. France will perceive, sooner or later, that her greatest glory will be to follow Britain on the same path. But, as long as the present distress lasts, it is the powerful voice of the United States alone that will be able to bring the real word of peace.

Eczema Covered Arms of This Healthy Child

Mrs. Alex. Marshall, Sprucedale, Ont., writes:—

Baby Marshall.

"When my little son was three months old he broke out in sores on his chest and arms. We did all we could to heal those terrible sores, but nothing did him much good. Finally I ventured on a box of Dr. Chase's Ointment and kept on using it. At last we were rewarded by the steady healing of the sores, and finally he was completely relieved of them. He is now three years old, and has had no return of the trouble since."

COMMENTS MADE UPON ARCHBISHOP'S RECENT THOUGHT TRANSFERENCE

Vancouver Sun Mentions the Matter Seriously in Short Article

The Vancouver Sun, of recent date, comments upon the recent experiments of Archbishop Du Vernet in thought transference as follows:

Archbishop Du Vernet of Prince Rupert takes a pendulum made of a stick, a piece of string and a small weight and transfers his thoughts to another person six miles away.

That thought generates some force capable of motion is well understood. What that force is nobody knows.

But the time will come when it can be controlled and directed to an even greater extent than radio waves are controlled and directed today.

With such development even the privacy of thought may be destroyed. Thoughts may be common property.

But even that is not repugnant to the general principles of evolutionary progress.

As time goes on, the world goes further and further away from individualism.

Evolution is making man's mind a machine that must be turned not only to his own good but to the common good. The social unit was first the individual, then the family, then the state, and now it is all mankind.

The subjection of the individual to the species is the factor in our new civilization that we are finding hardest to swallow.

TRAINING ENGLISH WOMEN FOR SERVICE

LONDON, Jan. 17.—Graduating from offices, laundries, fashion salons and factories, 150 women, after 13 weeks training, are shortly to enter domestic service.

This is being made possible by a course of intensive tuition under the auspices of the Central Committee on Women's Training in an attempt to solve the servant problem. The training is undertaken at a few centers, and the women will start out on the new venture with smart uniforms under the guidance of their instructresses at the various centres.

ITALY'S WAR DEBT

Immense Sum Due Britain and United States

ROME, Jan. 17.—After Mussolini's proposal for a joint discussion of the Reparation question of the Inter-Allied Debts, the following figures showing the exact position of Italy in the question were made public.

On April 30, 1922, Italy owed five hundred million sterling to Great Britain, one billion six hundred and sixty million dollars to the United States, and seven million dollars to Brazil, making a total of twenty-one and a half billions of lire in gold.

Germany owes Italy as reparations thirteen billion gold marks, the equivalent of sixteen billion lire in gold.

MAKES A COLD A NEEDLESS DISTRESS

Treatment Which Will Relieve
Even Bad Case in a Night

Practical experience has taught physicians as to the drugs which should be used for the effective treatment of colds or grippe. These are Aspirin, Phenacetin, Quinine, Salol, Caffeine Citrate, Camphor and Camphor Monobromate. The action of these drugs is to reduce the feverish condition developed, especially at night, allay the pains in the muscles, keep the system open and tone up the entire organism. It is a formula which cannot be equalled for the treatment of colds or grippe.

This formula may be obtained at all drug stores under the name of Grip-Fix. It is a safe and handy home treatment for colds and has a record of relieving even bad cases in a night. It comes in capsule form, which is most convenient for home use and gives prompt results. Get a box of Grip-Fix today. Be sure to get the genuine Grip-Fix. It comes in a box with the formula printed on it. On sale at Ormes Drug Store Ltd. 35c per box.

NOW that election is over and the session of the Legislature is done, it needs a thrill or two to keep us alive until the Dominion Parliament opens its sessions.

BUT just you wait until the civic meetings begin.

WHAT is the matter with Cow Bay? It used to be the theme for all our civic politicians to rave about, but never a peep in regard to deepening it through the recent campaign.

AND again I say, what is the matter with Cow Bay?

Echo replies: "Nothing the matter but the odor."

BOSTON MINISTER BAPTIZED A DOG

Incurred Displeasure of Some of Congregation But Cannot Be Ousted

BOSTON, Jan. 18.—The Rev. Edwin Curtis, who incurred the displeasure of the Boston Presbytery when he baptized a dog and invoked divine blessing on French-fried potatoes, holds the pastorate of the First Presbyterian Church of Brookline under sanction of the law, the Supreme Court ruled in a recent decision by the full bench.

The court dismissed a bill of equity brought by a majority of the church society which sought to restrain use of the church property because Mr. Curtis did not have the approval of the Presbytery. It was ruled that the great majority of the members of the church favored Mr. Curtis' retention and so there was no controversy recognizable by the court.

PREPARING TO BUILD CHURCH

Presbyterian Congregation Took Preliminary Step at Annual Meeting

COMMITTEE APPOINTED

A preliminary step towards the building of a new and suitable church was taken last night at the annual congregational meeting of the Presbyterian Church when it was decided to delegate Thomas McGlynn, as chairman, to form a committee to go into the matter and obtain plans and specifications for such a building as the committee considered the church capable of financing at the present time. The resolution to the effect was moved by S. K. Campbell and seconded by H. G. Stewart and passed unanimously. It constituted the most important piece of business of the church's annual meeting which took the form of a supper followed by the transaction of the yearly business.

The matter of a new church was introduced by Rev. H. R. Grant who stated that the time was now opportune for its being decided. He had a telegram from the Board in Toronto stating that it was prepared to advance a loan of \$15,000. Archibald Jeffries had made a rough plan and estimate of a suitable permanent building which at the outside would cost \$35,000. It would be of Gothic style, 76 feet in length and 50 feet in width, with square tower. The body of the church would have a seating capacity of 300 and the sanctuary 425. On the main floor there would be a minister's study, a parson's room and in the basement a kitchen and ladies' lounge. Dr. Grant felt that the church as planned could be built for \$25,000. It was needed and he would urge that something be done.

Tangible Proposition
J. L. Christie, church secretary, was asked to doubt the advisability of embarking upon a building project at this time of depression when it was a difficult matter to know where the money was coming from if it would be forthcoming at all. Joe Greer suggested that some tangible proposition be brought forward by the directors for the congregation to deal with. S. K. Campbell put the suggestion into concrete form in the resolution as passed. When the committee has a report ready another meeting of the congregation will be called.

GAINED 65 POUNDS!

"Five years ago when I was first married I had wonderful energy. I could be on the go all day long without feeling the least bit fatigued. I had a great appetite and could eat anything. I weighed 147 pounds. I used to be busy every minute of the day and, when the day was over, I could go to bed and never waken once during the night. Thirteen months ago my first baby was born. After that my energy seemed to leave me. I was tired all the time. I had to force myself to do my household duties. Instead of being a pleasure as formerly, these duties became a real task. I lost all desire for food and nothing would tempt me. I had to make myself eat. I would go to bed at night and toss from side to side for hours at a time. After a while I would doze off only to find that I had been sleeping for ten or fifteen minutes. Naturally when morning came, not having slept, I started the day completely tired out. I was shaky and nervous. The least noise would startle me and make my heart race along. I could see that my husband was worried. I was losing weight every week and had already lost 54 pounds. I tried all kinds of tonics, but they didn't help me. One night, a night I shall never forget because it started me on the way to health and happiness again, my husband brought in a bottle of Carnol. A friend told him that Carnol had saved his wife's life, so he insisted upon my trying it. Six weeks after I began taking Carnol, my weight increased from 95 pounds to 158, an increase of 65 pounds. And, am I well these days? Every morning I fairly jump out of bed ready to tackle anything and every minute of the day is a joy to me now."

Carnol is sold by your druggist, and if you can conscientiously say, after you have tried it, that it hasn't done you any good, return the empty bottle to him and he will refund your money. 8-622

called to take further definite action.

Other business at the meeting included the receiving of annual reports of the various departments of the church and the election of trustees and managers.

"The church is today more than ever a necessity in community and national life," said Dr. Grant in presenting his annual report. "The world is at present upset for we have built up an industrial and commercial machine which we cannot run. In order to run it we must make corresponding strides in our moral character and the church is the greatest instrument to meet this end. Our church has contributed something to the community that is valuable indeed and the value of the church to any community is always recognized. There has been a deepening interest in the church during the past year and, while the city has been at a standstill, taking a breathing spell preparatory to what we hope will be its greatest scout, it has kept its head above water financially."

Membership Increased

Dr. Grant reported a membership this year of 112 as against 107 last year. There had been 15 baptisms and 12 marriages. Sunday School attendance had been from 115 to 120. Lack of accommodation for the Sunday School was detrimental to the success of the work and this was one of the chief reasons why a new church should be built.

Speaking of the possibility of union with some of the other churches of the city with a view to solving the building question, Dr. Grant expressed the view that this would not be practicable at the present time.

Dr. Grant thanked the congregation for its confidence and expressed his content in the work here.

Ladies' Aid Report

The report of Mrs. Teng, secretary of the Ladies' Aid, showed an enrollment of 24. The Aid had had many activities and had done much work. Its financial condition was particularly satisfactory and it had quite a reserve balance on hand.

Financial reports for the congregation by J. L. Christie and for the Sunday School by W. F.

Duncan showed a healthy condition although there was little or no improvement over last year.

George R. Naden, Hon. A. M. Manson, and F. G. Dawson were re-elected trustees of the church and F. G. Dawson, G. H. Munro and D. C. McRae, retiring managers, were also re-elected without contest.

Votes of thanks were tendered by the meeting to the Ladies' Aid, the Choir under Mrs. Darton, the Sunday School superintendent, teachers and officials, the pastor, Rev. Dr. H. R. Grant, and the auditor, J. Lorne MacLaren.

DANCE AT TELKWA UNDER RECREATION CLUB WAS SUCCESS

Number of Young People Drove Over From Smithers For Event

TELKWA, Jan. 18.—Under the direction of the newly formed recreation club, a very successful dance was put on in the Town Hall on Monday. The floor was in fine condition, and Gray's Orchestra supplied the music. Mrs. R. M. Hoops, Mrs. Ernest Hoops and Miss D. G. Thompson arranged the supper which was served about midnight. The whole affair was most enjoyable, and the question being asked now is: "When do we have another dance?"

Many of the younger Smithers people drove over to take in the event.

GRANBY'S FUTURE IS AS CUSTOM SMELTER

Cost of Production Was Nine and Half Cents Says Bulletin

ALL LOOKING TO NORTH

VANCOUVER, Jan. 18.—Burdick, Logan & Co.'s stock market bulletin makes interesting reference to northern mines. It says: Greater interest is being manifested in Granby. A New York specialist is of the opinion that Granby's future is as a custom smelter to handle ore from the great properties now developing in Northern British Columbia.

With its own coal mines at Cassidy, Granby is a complete smelting unit. Granby's copper production for 1922 cost 9 1/2¢ per pound with average selling price 14¢.

Indications are that the Premier will easily outstrip the Hollinger in 1923 in gold production, and that when the mine is in full swing, the records of the great City Deep and Modderfontein properties in Johannesburg will go by the board.

Reports are that the Premier is not the only good property in the north. Financial and mining men look to the north to re-establish B.C.'s mining reputation.

Sale in December Amounted to 300,000,000 Pounds

NEW YORK, Jan. 18.—The world is facing shortage of copper because of record consumption indicated by the sale of 300,000,000 pounds in December.

the opinion of J. J. Godfrey, President of the Motherlode copper mines. He said that the consumption in 1923 will be about two and one half billion pounds, while production cannot exceed 2,000,000,000. The peak production was 1,928,000,000 in 1916.

The deal under which control of the Chile Copper Co. will pass to the Anaconda Copper Co. virtually has been consummated and a tentative plan worked out for financing this and other requirements of the latter company. The transaction is understood to involve the purchase by Anaconda from the Guggenheim interests of 2,000,000 shares of Chile copper stock at \$35 a share, a total of \$70,000,000.

PADDY KILMARTIN CONVICTION WAS QUASHED YESTERDAY

Paddy Kilmartin, of Terrace, went on his way rejoicing yesterday afternoon when his appeal

against the conviction of Justice of the Peace T. J. Marsh and T. J. Kirkpatrick sentencing him to six months imprisonment for allowing liquor to be sold on his premises was sustained and the conviction quashed by Judge Archie Donaghy represented the crown and L. W. Patmore, of Patmore & Fulton, the defence.

STANDARD OIL CO. WILL DRILL FOR OIL ALASKAN PENINSULA

NEW YORK, Jan. 18.—Standard Oil of California and Associated Oil Company are preparing to drill for oil at Portage Bay, Alaskan Peninsula. The scene of operation is Pearl Creek Dome, 17 1/2 miles northeast of Kanatuk, where drilling is expected to start before the spring of 1923. Only oil produced in Alaska in 1922 was from eleven small wells in Katalla field which supplies the local market with gasoline.
