WOULD HAVE PENSION OFFICIALS REMOVED

CHALLENGER STAYS WITH CHAMPION TILL VERY END BUT LOSES DECISION

G.W.V.A. ask for Purge Pension Department by Dominion Government

VANCOUVER, July 5.—Declaring that the recent proceedings before the Royal Commission together with the clear cut findings of the commission have conclusively shown to the public that officials charged with administration of the Pensions Act and application of the government funds for widows and orphans of deceased soldiers have not only been derelict in their duties but have shown calculative disregard to the hardships and injustices which their arbitrary actions have caused. The executive of the G.W.V.A. in annual convention here today demanded that the government of Canada, as trustees for the widows and orphans, take the necessary steps to purge the pensions board and department of soldiers' civil re-establishment of the element which will only tend to create national discontent and unnecessary suffering.

PRINCE RUPERT DOCKS MONDAY

Coast Steamer Will Have Propeller Blades Changed—New Funnel For James Caruthers

TWO C.G.M.M. BOATS ARE EXPECTED SHORTLY

Next Monday, the C. N. B. steamer Prince Rupert will be fitted out on the pontoons at the local dry dock to have her propeller blades changed. The vessel arrives from the south on Monday afternoon and the docking will be performed without interfering with her schedule which calls for her returning south at 11 p.m.

Two C.G.M.M. freighters are expected at the dock in the course of the next few weeks for overhaul. Definite dates of arrival are, however, not yet known.

The Canadian Fish & Cold Storage Co.'s trawler James Caruthers is at present tied up at the dock having a new smoke stack installed.

U. P. TRAIN IS WRECKED

Locomotive Which Hauled President's Train Runs Into Landslide—Engineer is Killed

TACOMA, July 5.—The monster Union Pacific locomotive which on July 4 drew President Harding's special train into Portland was wrecked just outside of the city of Tacoma this morning. One trainman is dead, another is seriously injured, four or five passengers were slightly hurt with the possibility of one or more tramps being dead as a result. The engine, which was bringing the Union Pacific owl train from Portland, ran into a landslide at Salmon Beach early this morning. Edward Roddey, engineer of Seattle, is dead.

ENGLISH EXPRESS TRAIN CRASHES AT MOUTH OF TUNNEL

Six Persons Killed When Leeds-Manchester Express Collides at Full Speed With Engine

HEDDERSFIELD, July 5.—Six persons were killed, including two railway guards and seven passengers were injured in a train wreck today at Digby near here when the Leeds-Manchester Express drawn by two engines collided while running full speed with an engine outside a tunnel. The crash piled up a mass of wreckage.

CITY VICTORIOUS IN APPEAL COURT

The Grand Trunk Pacific Development Co.'s assessment appeal case against the City of Prince Rupert, which was heard in the Court of Appeals at Victoria, was unanimously dismissed according to a wire received this morning by Ald. M. M. Stephens, front City Solicitor E. F. Jones, who has been handling the case on behalf of the city.

OLIVER LAUGHS AT ELECTIONS

Says Will be no Appeal to Country in Near Future: Expense of Election Too Great

VICTORIA, July 5.—Premier Oliver gives the laugh to all election rumors and states that the government has no intention of going to the country for a long time to come. The present term of the legislature extends to the end of 1925 and it is very likely the government will decide to live out its term. At the same time the opinion is expressed that the government is today stronger than it has ever been. The defeat of the farmer movement in Ontario is an indication that people do not look with very great favor on third parties. Most of the followers of General McTear, the millionaire self-appointed saviour of the province, are recruited from the Conservative ranks and any strength he is able to show is the direct result of the split in the Conservative party over the leadership. Dissatisfaction with Mr. Bowser is just as great as ever and the opposition forces are broken up.

CABINET MEETING AT OTTAWA TODAY

A Number of Important Appointments, it is Understood, May be Made at Session

OTTAWA, July 5.—The first meeting of the cabinet since prorogation of the House of Commons is scheduled for today. Premier King, who has been in the country, returned to Ottawa. It is possible that a number of senatorial and judicial as well as high civil service official appointments may result from the session.

STRIKE CRISIS IS NOW COMING

Military Being Rushed to Cape Breton and Special Police Being Recruited

SYDNEY, July 5.—With special trains carrying trained detachments from all but two military centres in the West and reinforcements for special provincial foot and mounted police being recruited as rapidly as possible, the strike situation in Cape Breton is thought to be reaching a crisis. No outstanding event marked the last twelve hours.

Great Heart, an eight-year-old thoroughbred horse owned by Mrs. Stuyvesant of Chicago, broke the world's high jumping record when he cleared the hurdles at 8 feet 13-16 inches.

Smithers Celebrates Holiday with Sports and Games in Spite of Doubtful Weather

SMITHERS, July 5.—In spite of threatening clouds which appeared as if they held a deluge, a record crowd from the surrounding country attended the Dominion Day celebration held in Smithers on July 2. Flags fluttered from flag poles in the town, store fronts and private houses carried their quota of decorations, while all the "Henrys" and their more costly brothers were decked for the occasion.

From an early hour numbers of visitors were coming into town, so that by 11 o'clock when the first event on the program took place, a good crowd was on hand. Intermediate points from Pacific on the west to Endako on the east contributed their share of those on pleasure bent.

The new fair grounds situated just off the Lake Kathryn Road was the scene of activities, and the Athletic Club officials are to be complimented on the arrangements made to take care of the crowd. Ice cream and refreshment stands were hives of industry, while Ed. Eby and his capable assistants saw that no one willing to take a chance at the various games of skill were at a disadvantage.

SOCKEYE ARE COMING WELL

Run Better Than Last Year on Skeena River But Poor on Naas

Sockeye fishing on the Skeena River is better than last year at the same time, according to the official report on the progress of the industry received here. The average to the boat has been about 29.

CANADIAN KILLED IN AUTO ACCIDENT VANCOUVER, WASH

VANCOUVER, Wash., July 5.—Three men were killed and two were injured when an automobile plunged through the railing of a bridge over the Lewis River here today. The dead include Jack Marshall, aged 45, timber worker, railway engineer and Canadian war veteran.

Dempsey Retains Title Though Gibbons Gives Him Game Fight Until End of Fifteen Rounds

SHELBY, Montana, July 5.—Jack Dempsey retained the heavyweight championship of the world yesterday when, at the end of the fifteenth round of the bout amid scenes of greatest excitement, he was awarded the decision on points over Tom Gibbons by Referee James Daugherty of Philadelphia. In staying with the champion until the bitter end after sustaining a terrible body beating, Gibbons created the boxing sensation of the decade and went on record as the boxer who stayed the longest with Dempsey since he won the heavyweight title. Gibbons gave a wonderful exhibition making the champion miss time after time and, though it was apparent from the first that Dempsey sought to get in the fatal knockout blow, the challenger, through marvellous defence work and capacity to stand punishment, withstood these efforts and retired at the end of the fifteenth round smiling and still on his feet though much weakened.

MINISTERS TO MEET PUBLIC

Meeting Arranged For Saturday at Which Pattullo and Sutherland Will Speak

On Saturday, Hon. T. D. Pattullo and Hon. Dr. Sutherland, minister of public works in the Oliver government, will return from a tour of central British Columbia and will leave that night or next morning for the Queen Charlotte Islands. Taking advantage of the presence of the two ministers in the city a public meeting is being arranged to take place Saturday evening in the Empress Theatre at which both visitors will give addresses. In view of the interest being taken here by the Canadian National Railway and the possibility of developments taking place, this meeting will be of special interest as it will give the ministers an opportunity to declare the policy of the provincial government toward the city and district.

Dr. Sutherland is head of the greatest spending department of the government and for that reason it is desirable that he be given a good reception. He spent a short time here on his way to the interior and on his return will have another opportunity of noting the progress made here and the needs of the city in his particular department.

SALMON PACK NEAR LARGEST

Value of Fish Canned Last Year in B.C. About Eleven and Quarter Million Dollars

VICTORIA, July 5.—The 1922 salmon pack amounted to 1,290,326 cases against 603,548 in 1921, announces Hon. William Sloan, commissioner of fisheries. Notwithstanding the fact that the pack was the fourth largest on record, its value was low owing to the fact that sixty per cent was pinks and chums.

BELYEA GOES TO DIAMOND SCULLS

Canadian Champ Wins Seat in Big Race by Defeating Dr. Bossard of Switzerland

HENLEY, Eng., July 5.—Hilton Belyea, of St. John, N.B., the Canadian sculling champion, today won his seat for the Diamond Sculls easily defeating Dr. Bossard of Switzerland.

Announcement has been made of the forthcoming wedding of Princess Maud, niece of King George, to Lord Carnegie, oldest son of the Earl of Southesk.

Mr. and Mrs. D. G. Stewart are sailing tonight by the steamer Prince Rupert for Vancouver on their annual vacation trip. Mr. Stewart will be away till the end of this month while Mrs. Stewart and family will spend till the end of August at their summer home at Boundary Bay, near Vancouver.

School Report Refutes Pessimists.
Some local people have been knocking their own town in the south by telling that all the people have left and that there are only a few people now in Prince Rupert. Yet on Saturday we were able to publish an official report showing that the school population for May this year was only thirty-two less than for May last year. Thus the pessimists have the hard truth rammed down their throats and the pity is it would not choke them.

It is not pleasant to write this way, but sometimes it is necessary to use rather picturesque language in order to get beneath the skin of some people. The school report says that in May this year the school attendance was 658, and for the same month last year it was 690.

Manson Bill Is Again Turned Down.
Owing to the action of the Canadian Senate the bill giving the province the sole right to handle its own liquor business was dropped by the House of Commons at its final session.

While there may be a difference of opinion as to the desirability of passing such legislation, there can be no two opinions as to the policy of allowing a lot of obsolete politicians to control the destinies of the country. The men who constitute the senate are, speaking generally, a lot of discarded politicians. They could not in most cases secure election as representatives of the people so they are sent to the Senate to block the legislation that the people's representatives would carry through.

Very Few Places Compare In Beauty.
Very few places compare with Northern and Central British Columbia in natural beauty. Those who spend their holidays visiting the various haunts at the headwaters of rivers or running their boats up the arms of the sea become impressed more and more with the fact that few places can compare with this in picturesqueness of the more rugged type. Sir Henry Thornton was particularly impressed with the scenery along the Skeena River, which he considered finer than anything he had ever seen. So it is even to a greater degree in some of the more remote river gorges and mountain lakes.

Some day this place will be overrun with tourists from all parts of the world, looking for beauty and freshness.

Wealth And Poverty Depend Upon Friends.
The person who has no friends, no matter how much money he may possess, is poverty stricken because he lacks that one thing which is essential to happiness. Conversely the person who has friends, no matter how little money he may possess, is one of the wealthy men of the world.

There are things that matter much more than money, Bernard Shaw to the contrary, yet it is good to have a little of both if possible. Enough money and one or two friends is the ideal condition.

So far as cash is concerned, any person can in a few years acquire enough to live comfortably if he has a reasonable amount of brains and enough sense to hold on to his money and invest it wisely. Some people are bound to spend every dollar they earn and they usually think themselves very economical. Others who save money all the time consider themselves very extravagant. So it goes. We have our own ideas of things and our own methods of doing things and to many of us the rest of the world seems to be very foolish.

NEW BOOKS AT LOCAL LIBRARY

No More Can be Purchased Until Money is Raised For Purpose

At a meeting of the library board held last night in the library, Rev. G. G. Hacker presiding, it was reported that the two hundred dollars donated by the provincial government for the purchase of books had been all expended and no more books could be purchased until money was raised for the purpose.

Miss Grant, librarian, reported that 2,143 books had been loaned during the month of June, an average of 96.5 a day. During the month there were 44 new borrowers and 18 cancelled their memberships, leaving 1204 active borrowers now on the list.

Books donated during the month numbered 19; purchased from the government grant 117 and there were now available on the shelves or in the hands of borrowers, 2,995 volumes.

The matter of ways and means of raising funds was discussed at some length but no definite action taken.

Following is a list of some of the new books purchased with the provincial government grant:

- Fiction**
Black Oxen, by G. Atherton.
Rough-Hewn, by D. Canfield.
Enchanted April, by "Elizabeth."
Changing Winds, by St. John Ervine.

House Plants, by P. T. Barnes.
Gardening With Brains, by H. T. Finck.
The Little Garden, by Mrs. King.

The Man in the Moon SAYS--

THERE are fifty bankers coming here soon. The way to entertain them would be to touch each one for a loan. That would be a novel idea and show them that Prince Rupert is up to the last second.

JAKE remarks that a banker is too touchy himself to be touched that easy.

NOW, that the fight is over, what about a game of marbles?

AWAY down in Ottawa there is a man taking a crack at Ford. He says that mosquitos breed in tin cans.

IF anyone wishes to bet with me here is the chance. I bet I am asked to pay taxes next year and I bet I do not pay them. Who is ready to put up the cash?

THE best method of saving money is to pay your taxes on time, according to Jake, but I put the money in my pocket and let it stay there until I get down town and pay the taxes next year or the year after.

THE favorite sport of electors is grousing about politicians.

H. F. Kergin, M.L.A., accompanied by Mrs. Kergin and family, arrived yesterday afternoon by the Prince Rupert from Victoria. Mrs. Kergin and family are returning to their home in Alice Arm after having spent the past year at Victoria.

MINING ACTIVITY IN CASSIAR DISTRICT

Claims Being Worked This Season and Heavy Machinery Being Installed

There is a good deal of mining activity in the Liard division of Cassiar district according to reports brought to the city from the north. Several outfits are installing machinery while others are working on a smaller scale. Already this season some gold is being taken out and production will increase as the season advances.

On Dease Creek, Craig and Ross of Seattle with four men are putting in a series of drill holes with a key-stone drill on placer leases which they hold at the mouth of the creek. This work is well under way. Further up the creek Henry Cole and Tom Bryan are prospecting and doing preliminary work on four leases that they hold.

On Deloire Creek, Geo. Ball, Bob Quinn, Frank Finn and Geo. Finn have amalgamated their leases and have over 900 feet of bed rock flume constructed but have a little further to carry on. It is expected that they will be shovelling pay about the middle of July.

On Thibert Creek, the Dease Syndicate are going to replace their wooden flume with iron pipe and the manager of this company, George Adams, is expected in at once to install the plant.

On Mosquito Creek, George Adsit is running a tunnel at the upper end of his claim and getting some coarse gold.

At McDames Creek, Amos Godfrey and associates are doing assessment on their leases.

David Wing and J. Hoigart are taking in to McDames a small hydraulic plant which they hope to install this summer.

The Pendleton-Kuehl Co. are taking in 45 tons of heavy machinery consisting of a Sauerman combination bucket and scraper dragline cableway excavator similar to those in use in the Yukon. This is to be used on the Pendleton lease at McDames Creek, where they expect to have it land of the coming fall.

A. St. Clair Brindle of Victoria, with a couple of men is making a reconnaissance of the Haskins Mountain mineral properties, at the head of McDames Creek which from all reports appear very promising.

An international peace arch at Blaine on the British Columbia-Washington boundary line.

E. B. Paul, superintendent of Victoria city schools, arrived this morning on the Prince Rupert to preside at the High School examinations which open next week.

How do you buy oil?

Your judgment in buying oil will give your motor short life or long life. You insist upon distilled water when you want the purest water for your battery. Because distillation removes the impurities. That's why you should insist upon

SUNOCO

THE DISTILLED OIL

Most oils are a compound of light oils and heavy "cylinder stock." Sunoco is not a compound but a pure, wholly distilled oil, and it's made in six types. One is best for your car.

It will not break down as most oils do; better lubrication, longer life for your motor. More power because Sunoco makes a piston ring seal that prevents power leaks.

Try Sunoco. Have one of these dealers fill your crank-case today.

LADY FED SNAKE ON WHITE RATS; KILLED IN NEIGHBOR'S CELLAR

NEW YORK, July 5.—(By Canadian Press).—McSwiney, a seven foot snake belonging to Miss Eleanor Pickner, of Brooklyn, recently wriggled into the cellar of Albert Heming and coiled himself around it pipe. When Mrs. Heming visited the cellar she nearly had nervous prostration. She appealed to the corner baker, who tried his luck with a pair of shears but fled when the snake made for him. Later Mr. Heming returned home and killed McSwiney with a shovel. When apprised of her pet's death, Miss Pickner was very indignant. She explained McSwiney was gentle and harmless and that she used to feed him on white rats every other Thursday until the firm that supplied them went bankrupt. "He was so fond of white rats."

TOOK COFFIN FROM GRAVE TO SELL IT

ATLANTA, Ga., July 5.—Holding that it was not against the laws of Georgia to open graves and remove coffins; the court of appeals has granted a new trial to Sam Ware, a negro undertaker, who was recently sentenced to ten years' imprisonment for removing a body to obtain the coffin, which he is alleged to have resold.

POWER OF SUGGESTION

Travelling is becoming more and more of a fine art. Formerly it was regarded simply as a process of getting from one place to another—most tiresome but unavoidable. Now it is looked upon as a joyful undertaking, a delightful interlude in the regular routine of life, especially when the journey is over the lines of the Canadian National Railways. The keynote of the Canadian National Railways is Service. That service aims to make the passenger as comfortable as possible, and to save him every bit of unnecessary effort. Thinking is a mental effort. Patrons of the Dining Car Service will now find themselves saved that trouble, by a casual glance at the little dodger that is distributed throughout the coaches on all trains to which Dining or Cafe Cars are attached. Upon the dodger, which is printed in both English and French are several suggestions for a suitable combination of dishes for the coming meal. Prices for a complete menu for Breakfast, Dinner and Supper range from 35 cents to \$1.25. The traveller merely needs to decide what he wishes to pay, and upon entering the Dining Car he will find himself served as quietly and satisfactorily as he would in any well-appointed home.

An entirely new kind of soap

A new kind of soap. Made of pure materials combined in such a way that it has more cleansing power than soap has ever had before.

It gently soaks loose the most ground-in dirt without weakening a single thread. Even the worst soiled spots need but a light rubbing with Rinso.

Dissolve in boiling water
Pour into tub of lukewarm water
Use enough to get big lasting suds

For all the regular family wash Rinso soaks clothes so clean that boiling isn't necessary. But if you like to boil your white cottons, pour enough Rinso solution into your boiler to give you the suds you like.

NOTE: In hard water it takes from 2 to 3 packages of Rinso to a tub to make good suds. In very hard water you will need from 3 to 4 packages to a tub to get the big lasting suds that loosen all the dirt.

BRINGING UP FATHER

By George McManus

VANDERHOOF

Mrs. Harry Hall, of Prince George, is visiting with her sister Mrs. A. Nelson.

O. J. Reid, and crew, are continuing work on the Fort St. James road, and it will soon be in very good shape.

Harry Ingham and family are having a motor trip in Washington state, and visiting relatives they have not seen for a number of years.

On Tuesday last John Irvine had the misfortune to sustain a nasty axe wound, and was brought to Dr. W. R. Stone to receive medical treatment.

A. J. and Mrs. Richards and daughter have left for Vancouver and Victoria. Mr. Richards was the principal of the local school during the past three terms.

At Endako, James Bonner, ear inspector, was run over by a team and wagon, and got his ankle badly crushed. He was attended by Dr. Stone.

Mrs. O. J. Reid, of Chilco, has returned from the general hospital in Prince George. While somewhat improved she is still far from well, and is staying in town under the care of Mrs. Richard Stuart.

Mrs. J. M. Johnston and Miss Edna Burdette have left for the coast. Mrs. Johnston will be away about a month in Vancouver, Victoria and Seattle. Miss Burdette will visit her sister at Summerland for six weeks or so.

Mrs. T. W. Jackson and her sister, Mrs. M. E. Jones of Seattle, visited this district last week. Mrs. Jackson owns land property in the Nechako district and came up to inspect it. While here she met a number of old friends whom she knew in the big days of the Yukon mining fame.

PRINCE GEORGE

Mayor Johnson is making arrangements to be in Vancouver on July 26 when President Harding makes his visit following his trip to Alaska.

Autoists who have been over the West Lake Road say it has never previously been in such good shape as it is at present. There are at the present time eight road crews working in the Prince George vicinity and for mud roads the highways are hard to beat.

Charles Barrett, one of the oldest pioneers of the central interior, is spending a few days in the city. Mr. Barrett came into the district in connection with the building of the telegraph line to Dawson when there was but one white settler between Quesnel and Hazelton, in the person of E. S. Peters the present sheriff, who was then living at Fraser Lake.

W. CLARK LIMITED MONTREAL

Mr. Barrett is now the largest agriculturalist in the district, having 1,600 acres under cultivation in the Bulkley valley, chiefly in hay. He says the hay crop never looked better. He expects to cut about 1,000 tons and will leave the rest standing for his stock.

Mayor Johnson is having rather good luck in the hatching of the Siberian pheasant eggs which he brought up from the coast. With two settings of thirty eggs, which were entrusted to Ernie Thompson, a hatch of 24 chicks was secured and it looks as if the hens will be able to rear at least twenty of them.

HAZELTON

Miss Hanna has left for Smithers where she will remain the summer with her sister, Mrs. Welch.

There have been thirty-five fires in this district to date this season. At present there is only one under patrol. Of the total number only eight cost the province additional money and they averaged about \$162.

Miss Chappell of Smithers was the guest of Mrs. MacKay during her stay here as presiding examiner for the entrance class.

Mr. and Mrs. Barbeau and children arrived in town recently from Ottawa and will spend the summer here in connection with Indian history.

Matt Myers is acting postmaster for a couple of weeks while Miss Smith is on her vacation.

Magoffin & Co. have secured the two contracts for culverts and fills west of South Hazelton

station on the Canadian National Railway. A crew is being assembled and the plant put in shape for about six months work.

Mrs. Anderson and two daughters will return home early in July from Nanaimo. Mrs. Anderson will be accompanied by her sister and two children who will spend part of the summer here.

Wm. Grant was in Smithers last week. He has been appointed a justice of the peace for Hazelton.

A couple of real estate deals have been put through in town recently. Jim Hødder is reported to be erecting a pool room on the river bank.

Three prospectors, with a twelve horse pack train outfitted at the Hudson's Bay Co. recently, and have started for the Omineca where they will spend a year or two.

Sport Chat

The Dempsey-Gibbons world's heavyweight championship battle goes down in ring history as the greatest of boxing promotion fiascos. The only ones who made any money were apparently the champion and his manager and they did not make as much as they wanted or agreed upon although the consensus of opinion will undoubtedly be that they made all they were entitled to and more than they deserved under the ordinary run of things. The fight at Shelby and the circumstances surrounding it merely emphasize the agitation that has been rising in a desultory manner of late against the growing greed of champions in demanding such immense guarantees for entering the ring. The question is: "Should any champion be paid \$300,000 for entering the prize ring and is the best ticket to a world's heavyweight boxing championship bout worth \$50 or anything like it?" The answer in the minds of all reasonable people is "No," and the sooner the fans as a whole govern themselves accordingly and place a virtual boycott on such demands, the sooner will athletics and boxing particularly, turn back to a proper course from the track of financial depravity and unreasonable greed that is now being followed. The capitalization of sport is going just a little too far and the lack of patronage afforded yesterday's bout may be taken as a sign that the public is beginning to realize it.

The fight itself proved the boxing sensation of the year. Contrary to general expectation, Gibbons stayed with it until the very last and gave Dempsey absolutely the best battle he has had since he won the crown. The outcome would indicate that either Gibbons has been under-valued as a boxer or Dempsey has lost his punch. The progress of the battle indicated, however, that the

champion handed his opponent such punishment which Gibbons sustained most gamely proving himself to be the logical contender for the title. As a result enthusiasm has been instilled in the situation which will only be satisfied with another meeting between the two men and certainly Gibbons has earned the right to another meeting for the title.

The dissolution of the Grotto Senior League baseball team and the taking of the players from that organization into the two remaining clubs, Sons of Canada and Gil's, will provide better baseball for the fans for the remainder of the season and some real live games may be expected from new on. Senior baseball games will be played weekly as already set down in the time table on the same dates as now posted. The standing will remain as it appears at present with the Sons and Gil's tied with three wins and one loss each. Tonight the first game under the new arrangement will take place. Lidstone will pitch for the Sons of Canada and Frizzell for Gil's.

Principal Vance of the Anglican Theological College at Vancouver is spending a couple of days in the city on the way home from a visit to eastern Canada. He has been giving addresses at various points and this afternoon he was the guest of the Rotary Club which he addressed. Mr. Vance is no stranger here, having visited the city and preached at the Anglican Church on a former occasion.

Misses Irene and Jessie McAfee arrived from Vancouver on the Prince Rupert yesterday afternoon on their way to Georgetown where they will spend the summer with their parents, Mr. and Mrs. George McAfee.

DATES ARE SET FOR STUART SHIELD AND GILHULY CUP GAMES

Football Association Last Night Announced Program for Month of July

Dates for the Stuart Shield and Gilhuly Cup Senior football series were set at a meeting of the league executive held last evening. It was decided to stage the Gilhuly Cup competition this season on the regular league basis instead of the cup-tie plan as has been followed in the past. The first halves of both competitions will take place this month, games being played alternately, one game a week in each series.

The first half time table issued is as follows:

- Stuart Shield**
- July 9.—Grotto vs. Sons of Canada, Referee Russell.
- July 17.—Sons of Canada vs. Sons of England, Referee Roberts
- July 23.—Sons of England vs. Grotto, Referee Russell.
- Gilhuly Cup**
- July 12.—Sons of England vs. Grotto.
- July 20.—Grotto vs. Sons of Canada.
- July 26.—Sons of Canada vs. Sons of England.

All proceeds from the Stuart Shield games will be placed in a fund for the protection of players injured during the playing season. The winners last year of the Stuart Shield were the Sons of Canada while the Gallies are the present holders of the Gilhuly Cup.

SMITHERS CELEBRATES HOLIDAY WITH SPORTS AND GAMES IN SPITE OF DOUBTFUL WEATHER.

(Continued from Page one.) low to go without trying their luck. Secretary Windt was on hand with the cash for those proving themselves entitled to a share of it, and promptly at the advertised time had the program under way.

Following are some of the events with winners: Boys' race, ages 10 and 11—Edward Smith, William Fidler.

Boys' race, ages 12 and 13—C. Clavring, J. Berg. Girls' race, ages 12 and 13—Theodora Rabbe, Ethel Millar.

Boys' race, ages 14 and 15—J. Graham, W. Orchard. Boys' hop, step and jump, 10 years and under—J. Graham, 30ft. 1in.; J. Berg, 27ft. 3in.; O. Hoskins, 25ft. 8in.

12 years and under—E. Smith, 27ft. 6in.; J. Devoin, 25ft. "Chuck" Rolston, 24ft. 11in. Boys' running high jump, 10 years and under—J. Graham, J. Green.

Girls' potato race—Jean Smith. Girls' consolation race—Irene McIntyre, Dorothy Devoin. Boys' consolation race—H. Fotherby, J. Hines.

Base running contest—G. Roberts, 14 1/2 sees.; C. Warner and P. Hoskins, 16 sees. each. **Baseball Match**

The next item on the program was the baseball match between Telkwa and Smithers. As both teams were out for first place, and each having their full quota of supporters, the best game of the season was played. The best indication of the class of ball played is the final score of seven to six, Smithers emerging winners in the last of the ninth.

Bill Wallace was in the box for Telkwa, while Robbie pitched for Smithers, being relieved in the first of the ninth by "Smiffy" Arnold. J. A. McIntyre handled the indicator, giving satisfaction to both sides.

Toddlers' Race The infantile element then took the field and the toddlers' race for boys of four years and under was won by Billy Smith, followed by Barney Wakefield. The champion girl toddler was Eva Dimmock, with Margaret Mutch a close second.

The boys' race, ages 6 and 7, was won by Carol Robbins, with Danny Foster second. Winnie Hann and Della Carpenter took first and second prizes, respectively in the girls' race, ages 6 and 7. Other events were: Boys' Race, ages 8 and 9. A Fotherby, E.

Stoney. Girls' Race, ages 8 and 9. Nora Roland, Stella Oulton.

Boys' Sack race: B. Knutson, E. Smith. Girls' Baseball Throwing contest: Dorothy Devoin, L. Gilbert.

The Girls' Soda Biscuit race was productive of much laughter and while Muriel Adams is convinced that a soda biscuit is not the best thing to "wet" her whistle with she carried off the first prize. Asora Knutson was second prize winner.

J. Graham and G. Wall were placed first in the Boys' Three-legged race. E. Smith and J. Devoin took second money.

The winning team in the Boys' Leap Frog race was composed of J. Graham, G. Smith, J. Berg and O. Hoskins. The runners up were F. Smith, E. Smith, W. Orchard and "Bud" Gazely.

The placings for the Girls' Consolation Race, 10 years and under, were K. Downey first, J. Smith second, and Myrtle McIntyre third.

Prizes for the Boys' Consolation race, 10 years and under, went to F. Robertson, J. Downey and R. Gunderson.

Neil Brodie broke the tape in the Men's 100 yard dash, with Roy Wakefield second and C. L. Dimmock third.

In the Married Men's race of 100 yards, Percy Chapman led the field, followed by Roy Wakefield and Sandy Gazely.

Fat Men's Race In the Fat Men's race W. S. Henry made a premature getaway followed by J. Knutson, but their spectacular dash availed them nothing as the other contestants were still on the mark. This race was finally won by D. F. Batt, with W. S. Henry in second place.

Doris Gaythorn took first place in the Single Ladies' race, with Leta St. Louis second and Margaret McCrea third.

Of five entries in the Married Ladies' race Mrs. C. Stuart was first, Mrs. R. Richardson second. The Thread and Needle race gave first place to H. Windt and Mrs. E. Eby, second place to D. R. Northover and Leta St. Louis third to Roy Wakefield and Mrs. Wakefield.

G. Heffernan was winner of the Men's Hurdle Race, P. Hoskins second and P. Chapman third.

The Men's Hop, Step and Jump had a large number of contestants, and was finally won by D. Munger with 35 feet 8 1/2 inches, G. Heffernan with 35 ft. 7 1/2 in.

came second and F. Davis third with thirty-five feet. G. Heffernan proved best man in the running jump and C. Foster in second place.

Bun Eating E. Smith and J. Devoin fasted all day in anticipation of the Bun Eating contest which they won. L. Wade and "Chuck" Rolston carried off second prize.

Mrs. Scotton and Mrs. McLean proved their superiority in the wedding of the hammer taking first prizes in the Ladies' Nail Driving contest. Miss L. St. Louis and Mrs. E. Eby won second prizes.

Rain which had been threatening all day, now came down heavily accompanied by strong wind which drove spectators and competitors to shelter and bringing to a sudden close one of the best sport days in the history of the town.

BOAT ARRIVALS

J. A. Motherwell, chief inspector of fisheries, who arrived here on Saturday aboard the fisheries patrol steamer Givenchy returned here yesterday and left for the south on the same boat. He visited Lakelse Lake hatchery and the spawning grounds, satisfying himself as to the conditions at that place. The sockeye have not yet begun arriving at the spawning grounds in any numbers.

Cameron Lake showing Mount Arrowsmith in the distance.

Vancouver Island is becoming famous for many things. Among the chief of these is its climate, among the more utilitarian its strawberries; and among the tourist attractions its marvelous scenery, and magnificent drives, its many fascinating trips both by boat and by rail. But, while tens of thousands of visitors holiday in the island every summer, very few of them are aware of the fact that within less than a day's journey of Victoria there are mountain peaks covered with perpetual snow, and massive glaciers, which defy the warmest of the summer sunshine, where those who enjoy that most exhilarating sport, mountain-climbing, may put all of their skill to the test.

The most popular mountain from an Alpinist's point of view is Arrowsmith. It is about six thousand feet high, and to reach it one travels by one of the most magnificent scenic railways on the continent. There is a diversity of country all along the hundred miles from Victoria to Parkesville. Parkesville is on the east coast of the island, and Victoria, situated at the extreme south of the island is the starting point for the journey. One of the first summits to be crossed is that of the splendid Malahat, about fifteen hundred feet above the sea. Here, from the "Lookout," one looks down on a wonderful panorama of green-embowered hills, narrow winding waterways, the wide stretch of the sea itself and the Olympian mountains on the Mainland in their dazzling dress of ice and snow. After crossing the Malahat there are miles along the shores of the salt water, quick passages through picturesque villages and towns, journeyings among sweet-scented woods which are always gay with flowers.

At Parkesville the road divides one branch swinging toward the west. And there begins the first trek in the journey which leads to the everlasting hills. As one nears Cameron Lake, whether one travels by rail or highway, one sees the beginning of the vast forest of Douglas fir, than which there is no finer stretch of timber in America.

Just across the lake from the Chalet one begins the ascent of Mount Arrowsmith. The particular day when we made the journey was in early June. It was sweet and cool near the water, the bracken thrusting up branchy and tall, maiden-hair ferns just unfolding, all of the trees and shrubs wearing their new dresses of fresh, young green.

Just before the ends.

The Hut was practically buried, for the snow lay deep on the upper reaches. It took us an hour or more to tunnel into it, for although our packer had gone ahead with the blankets, he could not accomplish much alone. But we finally dug our way in, cleared the snow from the windows, made a fire, and before very long the aroma of boiling coffee and fried ham filled the little cabin, and we sat down to eat with ravenous appetites.

The sleep that comes to one on these high, snowy altitudes, far above the slightest sound of life, is deep, dreamless and infinitely refreshing. We awoke at eight the next morning, full of eagerness to continue the climb, which from there on is a real test of strength and endurance.

The final five hundred feet were very steep, and not without danger for the unwary. We had a few tumbles, and slides, which only added to the enjoyment, and when we had pursued our journey to the end our satisfaction was very great. For it was an objective worth striving for.

The view was grand beyond conception, snow-peaks all about us, dazzlingly splendid in the sunshine, clouds of mist lifting from the valleys, and rolling away to give a glimpse of lakes blue as periwinkle, of bare cliff-sides coloured with the tints of the rainbow, and bright, green valleys, and forests of sturdy little jack-pine, while now and then when the clouds would roll up and melt into the blue of the sky, we could glimpse a farther view, and we said it was the sea and the mountains beyond the sea, but the distance made it almost as vague as a half-forgotten dream.

It is a journey that one can easily make within the day, providing there is no miscalculation, and it is a most joyfully exhilarating climb, while the picture which the summit discloses must always stand out conspicuously in the gallery of one's memories.

DEMPEY RETAINS TITLE THOUGH GIBBONS GIVES HIM GAME FIGHT UNTIL FIFTEEN ROUNDS.

(continued from page one)

hons who appeared less strong than the champion at close quarters. Dempsey tossed Gibbons around the ring like a feather-weight. They were clinched at the bell.

Round 2.—Both missed and Dempsey prepared to fight close in getting over blows in clinches at which crowd protested. Dempsey landed body blows and Gibbons countered. Then head blows were given and returned. Crowd again protested at Dempsey's low lefts.

Round 3.—Dempsey landed and they clinched. Jaw blows were exchanged and Dempsey then fought exclusively for the body.

Round 4.—Several misses and then they fought close in pounding each other Gibbons getting severe body punishment. Dempsey got over a hard right over the heart which did not seem to slow up the challenger. Gibbons bored and Dempsey had trouble with him.

Gibbons Round Round 5.—More close fighting. Gibbons knocked Dempsey to the ropes with left jaw and crowd jumped to feet yelling. Gibbons landed another to the jaw and the crowd went hysterical. Dempsey refused to lead and sought close quarters. Both fighters missed and landed.

Round 6.—Gibbons was boxing beautifully and seemed to gain confidence with every round. Dempsey knocked Gibbons between the ropes with hard right to jaw as they were coming out of clinch. Gibbons claimed a foul and the crowd hissed Dempsey. Gibbons missed left hook and caught Dempsey backhanded and apologized. Champion smiled. Dempsey landed hard right hook to jaw which hurt Gibbons.

Round 7.—Dempsey continued close fighting with short jabs while holding with one hand. Gibbons got over hard one and Dempsey returned hard right to body and hit Gibbons twice distinctly below belt but referee said nothing.

Round 8.—Dempsey hit low again and crowd commenced to make threats. Both landed hard blows with missing and clinching.

Round 9.—Gibbons landed two hard rights and lefts to jaw and crowd hopped to its feet again.

Dempey missed several while Gibbons landed. Gibbons mouth was bleeding slightly.

Champion Outboxed Round 10.—Hitting and clinching. Gibbons was distinctly outboxing the champion and seemed to be standing up well under Dempsey's punishment. Gibbons taking much better care of himself in clinches. Dempsey trying for opening for left but Gibbons watching. Dempsey landed some stiff lefts and was pounding Gibbons' back with left when round closed.

Round 11.—More close fighting by Dempsey with Gibbons boxing away.

Round 12.—Fighters pounding each other. Dempsey roughing Gibbons all over the ring but Gibbons caught them all covered up and did not protest. Clinched again and crowd shrieked as Dempsey hit challenger below the belt again.

Round 13.—Dempsey tried to force Gibbons to ropes but challenger boxed away. Boxed and milled around the ring. Dempsey missing often.

Dempsey Misses Often Round 14.—Dempsey seemed fresh and Gibbons fighting on defensive was outboxing champion. Dempsey missing so often that he tried all fighting at close quarters. Both landed, missed and clinched. Gibbons backed Dempsey into corner and stepped back from hard right.

Round 15.—The crowd was in a tumult. Fighters shook hands and Dempsey missed left to head. They clinched again. Dempsey landed hard to head and clinch followed. Gibbons was holding and referee cautioned him. Gibbons now strictly on the defensive and apparently satisfied to go distance. Dempsey desperately trying for knockout as gong sounded.

Last Installment Realized Jack Kearns, Dempsey's manager, announced last night that most of the last \$100,000 guarantee had been realized on box receipts. Box office prices were reduced by more than fifty per cent when less than 7,000 people were in the stadium after the first two preliminaries were over. One semi-final was cancelled and then Kearns guaranteed \$1,000 for the referee and offered tickets at \$10 straight. The last few hundred people left outside rushed the gate and when the crowd was finally assembled there were actually 25,000 people watching the main bout. The people from the cheaper seats crowded down to the ringside without opposition.

Return Bout Gibbons suggested last night that he would demand a return bout with Dempsey when he will know how to meet the champion. By the time he had learned the proper tactics yesterday, he said he found himself too weak to carry them out.

By having held on to the last, Gibbons won such respect from Dempsey and Kearns that both were high in his praise last night.

DOMINION DAY DANCE AT SMITHERS SUCCESS

Crowd Was Very Large and Enjoyment Ceased Only When Time to Milk Cows

SMITHERS, July 5.—The dance under the auspices of the Smithers Athletic Club in the Town Hall Monday exceeded all expectations in point of attendance. The hall was gaily decorated for the occasion, and streamers of many-colored balloons were strung from side to side. While the space proved inadequate for comfortable dancing the big crowd was out for enjoyment, and a little thing like a trodden-on foot was not going to dampen its enthusiasm.

The Gray orchestra furnished the music in its usual capable manner. Al. Pinnerly very ably acted as floor manager and left nothing undone that would add to the pleasure of those present. Supper was served at midnight. Dancing then resumed and did not abate until it was time to go home and milk the cows.
