VALERA ARRESTED BY FREE STATE TROOPS

PLATFORM FROM WHICH REPUBLICAN LEADER SPEAKING IS SURROUNDED

De Valera, Irish Republican Leader is Arrested While Giving Election Address in County Clare

ENNIS, Aug. 15.—Eamon de Valera, Irish republican leader, was arrested by Free State troops here today on his first appearance to address a Republican meeting in the election campaign. The arrest was made under sensational circumstances. De Valera, who was addressing the electors in Market square when Free State troops came on the scene, fired several shots over the heads of the crowd and took the speaker in custody.

When de Valera made his promised appearance at the political meeting, he drove up in an open car undisguised, and was given a wild reception by 1,500 people.

LONDON, Aug. 15.—A despatch to the Press Association here from Ennis, County Clare, Ireland, says Free State troops have taken de Valera to the barracks. As they approached the platform the republican leader fell to the floor in a faint but later walked down the steps to the waiting troops who walked him to the barracks.

A stampede of those attending the meeting occurred and several arrests were made. Troops surrounded the platform and took the Republican leader into custody.

TIDAL WAVE IN KOREA DAMAGES CROPS AND HOUSES

TOKIO, Aug. 15.—Tidal waves combined with severe storms submerged 25,000 houses along the Yalu River on the west coast of Korea. The loss of life will be heavy and the damage to the lumber industry and crops is enormous.

NEW SENATOR FROM ALBERTA APPOINTED

J. L. Cole of Edmonton Gets One of Positions Now Vacant in Second Chamber

OTTAWA, Aug. 15.—Hon. J. L. Cole of Edmonton has been appointed to the Senate. He is a surveyor by profession and took part in delineating the boundary between Alberta and British Columbia twenty years ago. Prior to that he did survey work in Yukon territory. He is vice-president of the Jasper Park Colonies Co. A native of Quebec province where also he was educated, he represented Athabaska in the provincial legislature for a number of years.

FISH ARRIVALS HEAVIER TODAY

Three Large Schooners Swell Total of Halibut Selling at Exchange

Three large American boats marketing their catches at the Fish Exchange this morning swelled the total of fishes for the day to 212,100 pounds. Seven American schooners marketed 133,000 pounds and five Canadians, 29,100 pounds. Canadian arrivals and sales:

American	Canadian
Constitution, 38,000 pounds, at 10c and 8c, to the Alin Fisheries or Ketchikan delivery.	Verna, 5,500 pounds, at 12c and 10.6c, and Bingleader, 8,000 pounds, at 12c and 11.2c, to the Alin Fisheries.
Radio, 50,000 pounds, at 10.2c and 8.1c, to the Royal Fish Co.	Dolphin, 44,000 pounds, at 12c and 10.8c, to the Canadian Fish & Gold Storage Co.
Onlaney, 60,000 pounds, at 9.1c and 8.4c, and Eastern Point, 1,000 pounds, at 11.4c and 9c, to the Canadian Fish & Gold Storage Co.	Frisbie, 1,600 pounds, at 12c and 10.5c, to the Royal Fish Co.
Uranus, 12,000 pounds, at 11.2c and 9c, to the Alin Fisheries.	
Reform, 9,000 pounds, at 11.3c and 9c, and Director, 7,000 pounds, at 11.3c and 9c, to the Pacific Fisheries.	

In Armored Cars

When DeValera appeared on the platform many thousands of people gave him a tumultuous welcome and then a voice was heard shouting "Soldiers are coming." Immediately a large body of military with armoured cars surrounded the platform.

FISH PACK FOR SEASON SO FAR

Fisheries Office Gives Details on Skeena, Naas and Other Rivers

The Dominion fisheries office gives out the following figures on the district pack up to Friday evening, August 10:

Skeena River	Naas River	Bella Coola	Kimsquit

Springes 10,565	Springes 882	Springes 1,161	Springes 176
Steelheads 147	Steelheads 84	Steelheads 49	Steelheads 192
Cohoos 7,656	Cohoos 1,496	Cohoos 510	Cohoos 404
Pinks 94,998	Pinks 33,398	Pinks 1,033	Pinks 2,816
Chums 1,376	Chums 13,908	Chums 1,420	Chums 2,267

CONFIDENCE IN CHANCELLOR

Dr. Stresemann Gets Large Vote From Reichstag at Berlin

BERLIN, Aug. 15.—After Chancellor Stresemann had outlined his policy and announced his new cabinet he declared that the new cabinet was the strongest Germany had had since the revolution and the policy of the country would be rigidly carried out.

Following his speech a vote of confidence in the new chancellor was passed by the Reichstag, the majority in favor being 240 to 76.

CANADIAN VESSELS WILL CARRY GRAIN ON THE GREAT LAKES

OTTAWA, Aug. 15.—Ten vessels of the Canadian Government Merchant Marine may be used in the grain carrying trade on the Great Lakes this season, the minister of railways announces, in an attempt to solve the problem presented by the refusal of American shipowners to comply with the new Canadian grain rates regulations.

PROMINENT VANCOUVER LAWYER DIES FROM DOUBLE PNEUMONIA

VANCOUVER, Aug. 15.—Israel Rubinoqitz, a prominent local barrister and British Columbia's first Rhodes scholar, died here this morning after an illness of only a few days of double pneumonia.

BIG TRANSACTION IN COAL AND TIMBER ON QUEEN CHARLOTTE ISLS.

Twenty Thousand Acres Sold Near Queen Charlotte City Recently

The Graham Island Timber Co. Ltd., incorporation of which was announced last week in the B.C. Gazette at a capitalization of \$300,000, has taken over 20,000 acres of coal and timber lands north and west of Queen Charlotte City on Graham Island from the Western Coal and Iron Corporation of Seattle. The consideration was \$240,000. The deal was handled through the legal firm of Mayers Stockton & Smith, Vancouver.

Information to this effect was obtained here this morning.

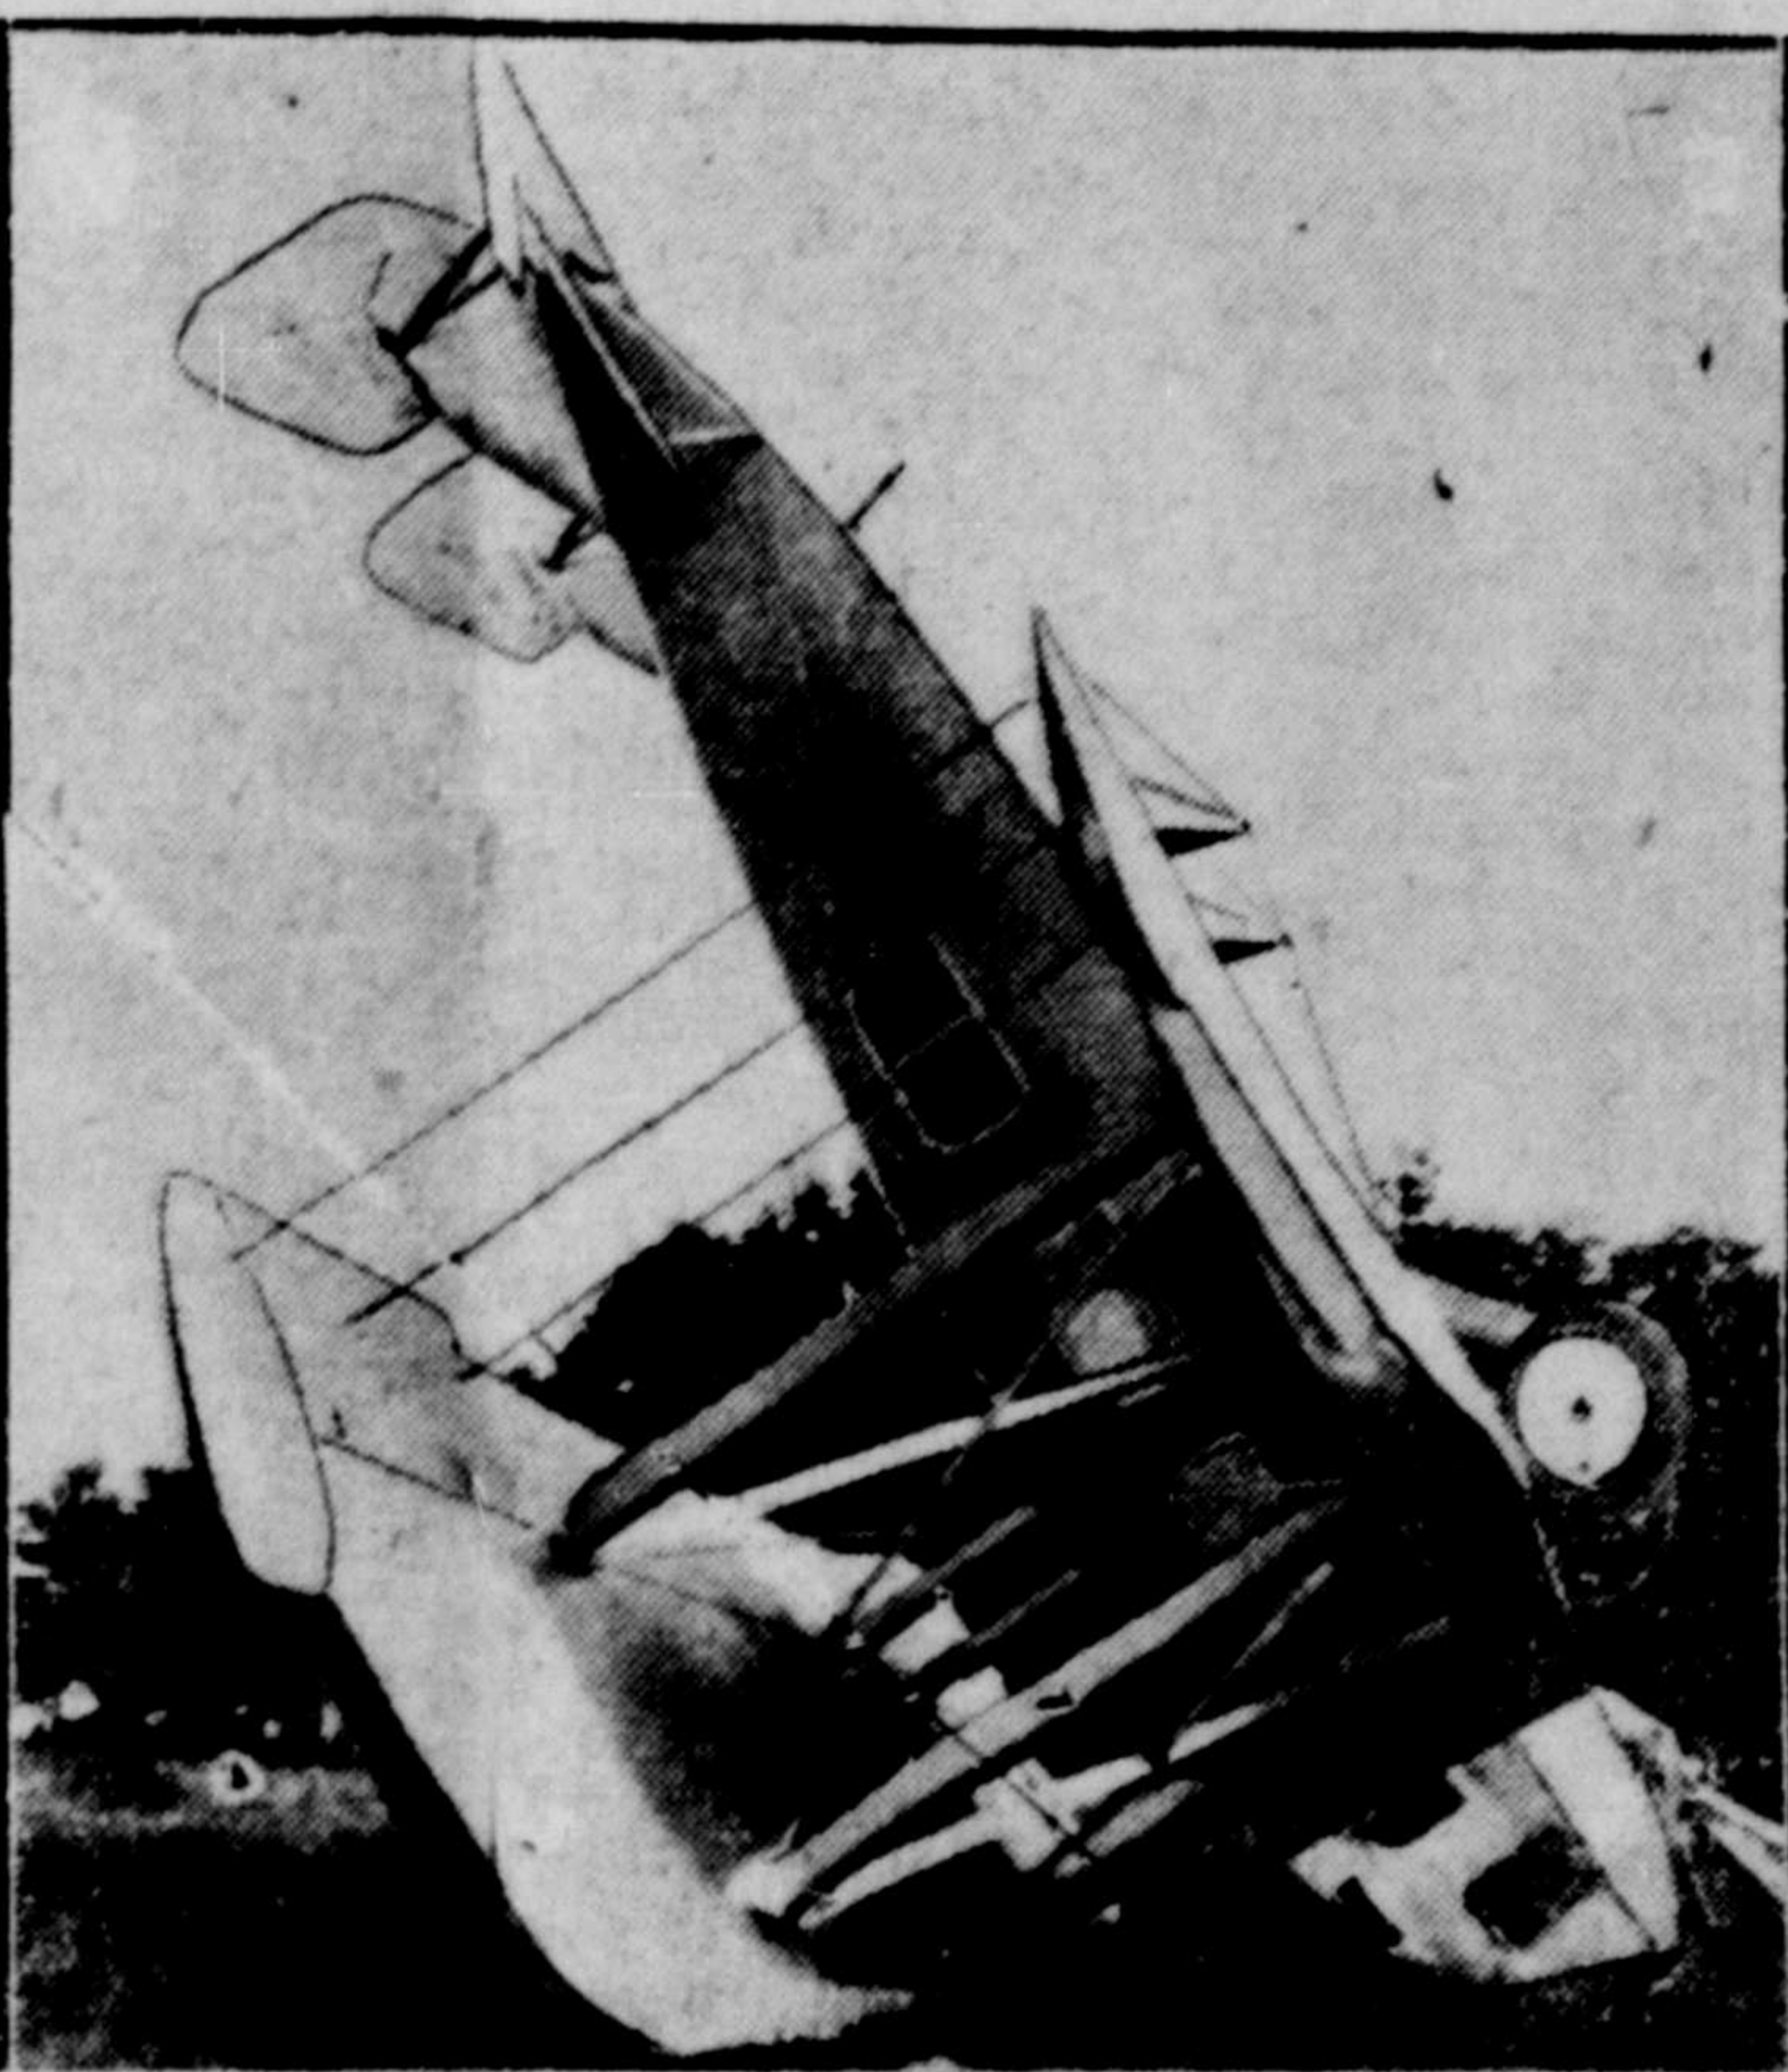

MINERS RESCUED

Only 36 Come Out Alive From Mine in Wyoming; 138 Entombed

KEMMERER, Wyoming, Aug. 15.—Only 36 of 138 miners entombed in the Frontier Mine Coal Company's property were rescued last night. It is feared that the others are dead.

LEAGUE BASEBALL

- American League: Philadelphia 2, Detroit 7.
- Coast League: Seattle 1, San Francisco 5.
- National League: Pittsburgh 10, Philadelphia 16.
- Brooklyn 2, New York 3.
- Chicago 6-5, Boston 1-4.

Three men were injured when this giant thirty-two-passenger plane bounced into the air and then stood on its head, crashing with terrific force. The plane has been described as the biggest in America.

GRAHAM ISLAND ROAD BUILDING

Work About to Start and Continue all Winter on Port Clements-TI-II Highway

Work is to be resumed by the provincial department of public works on the Port Clements-TI-II road on Graham Island and will be continued throughout the winter employing some 25 or 30 men, according to an announcement made this morning at the local office of the department. Camps are now being established at both ends of the road and in the centre. J. Smith, who was in charge of the reconstruction of Lakelse Lake road last season, will supervise this work on the Islands, having left the city for Port Clements last week.

A sixty-six foot right of way for the Port Clements-TI-II road has already been slashed, logged and burned off and the construction of the road is now entering on its final phase namely that of stumping, ditching and grading.

When this road, which is 12 miles long, is completed it will be possible for automobiles to drive the 40 miles clear from Skidegate to Port Clements, connecting with Massett from the latter point by boat. Besides opening up a fine scenic district, it will greatly expedite traffic on Graham Island. The forty miles of run will connect points which now are 125 miles apart by boats.

The road will cost \$60,000 and will be finished in a couple of years, it is expected.

At the present time the Dominion government has a gang of men under William Blackstock putting in a telegraph line along the road.

RIOTING CONTINUES IN PARTS OF GERMANY

Number of People Killed When Communists Give Trouble

BERLIN, Aug. 15.—Three people were killed and nine wounded in rioting at Wilhelmsburg.

LONDON, Aug. 15.—One hundred persons were killed or wounded when communists stormed the town hall of Alsdorf near Aix-la-Chapelle with hand grenades.

FURTHER DELAY IN SALE OF MILL AND TIMBER LIMITS HERE

A special despatch received this morning from Vancouver states that there is still some delay in the deal for the Emerson Mill and timber limits, the second option payment on which was made a month ago and the thirty day option on which expired today.

It is possible the deal may go through within a few days.

MC GEER CONCLUDES B.C. ARGUMENT IN REBUTTAL YESTERDAY

Decision Promised by Premier Mackenzie King at an Early Date

OTTAWA, Aug. 15.—G. G. McGeer, counsel for British Columbia in the appeal against the unequal grain rates for the Pacific province, concluded his rebuttal evidence in the hearing before the Canadian Privy Council and the inquiry ended with Premier Mackenzie King promising an early decision.

REMOVING BODIES FROM WYOMING MINE

KEMMERER, Wyo., Aug. 15.—Revised figures announced at 11 o'clock this morning by officials of the Kemmerer Coal Co. revealed that 87 bodies had been removed from the company's mine at Frontier where the explosion occurred early yesterday. Eleven men were still in the workings, all believed to be dead.

FIRE DESTROYED A SHINGLE MILL PLANT

VANCOUVER, Aug. 15.—Fire destroyed the plant of the Stuart Lake Shingle Co. near Squamish, the loss occasioned being approximately \$25,000, according to word received here.

CONSUL GIVES RECONNAISSANCE IMPRESSIONS OF LOCAL ROAD JUST FINISHED

Tells of Business and Other Conditions in Parts of U.S. He Visited

Business conditions are particularly good in St. Louis and Kansas City according to American Consul Wakefield, who recently returned from a tour of the United States, after attending the big Rotary Convention at St. Louis. In the districts of those cities are the centre building is going on and everyone is particularly optimistic. Kansas City is the centre of the corn belt and they depend upon corn very largely for their wealth. Both there and at St. Louis they look to the Pacific Coast for much of their lumber and naturally some of it comes from British Columbia.

Mr. Wakefield says that speaking generally, prohibition is being enforced in the United States. He found many people in the cities who were of opinion that the country would turn to beer and light wines instead of prohibition but personally he believed it could not be done under the U.S. Constitution, the handicap being too great. He believed that prohibition there had come to stay.

Tourist Influx

In Vancouver, the Consul found a great influx of tourists. During the week he was there 3,400 cars entered the city and they were expecting more. This tourist business he considered a very great asset and one that would help to make the cities of Vancouver and Victoria wealthy.

When Mr. Wakefield left here he went to Vancouver, made a short visit to Bellingham, and Seattle then joined the Rotary delegation at Portland from which point the Rotary delegates had car section to themselves as far as Pendleton, Ore., after which they travelled in a special Rotary train, five or six of which went from the western section of the U.S.

It was during the time of the convention that Consul attended the British Empire banquet in St. Louis as representing a British city at that banquet 250 delegates sat down 121 of whom came from the British Isles. Much enthusiasm was shown and it proved a most enjoyable event.

Principal Cities

From St. Louis, Mr. Wakefield went on tour of many of the principal cities. He visited Chicago, New York, Boston, Albany, Buffalo, Kansas City and many other great centres and also took time to visit his former home in Maine. He found people greatly interested in Prince Rupert. The breaking of the cotton market caused a reduction of hours in the mills of New York state while in other parts of the country they were not affected.

Naturally Mr. Wakefield proved a good publicity agent for this city, carrying the banner of optimism with him.

RAOLD AMUNDSEN IS COMING SOUTH BY WAY OF NOME TO SEATTLE

NOME, Aug. 15.—Capt. Raold Amundsen, leader of the aerial marine expedition that left Seattle in June, 1922, bound for the North Pole is on his way to Nome aboard the U.S. Cutter Bear according to word received here. It was expected here for several weeks that Amundsen would proceed to Seattle by way of Nome.

H. O. Crewe and T. C. Duncan Work and Are Preparing Report for Department of Public Works

H. O. Crewe and T. C. Duncan have just completed a reconnaissance survey of the proposed road from Prince Rupert to the Skeena River canneries. Mr. Duncan's launch Nancy was used and the work has taken about ten days. It was under the supervision of Major R. M. Taylor, district engineer, and a report will be forwarded through him to the Department of Public Works.

THIS DISTRICT NOT FIREPROOF

Coast Has Had 40 Fires so Far This Year and Much Damage Has Been Occasioned

The fact that the coast district coming under the jurisdiction of the local forestry office has had 40 forest fires so far this season occasioning a great deal of damage gives the lie to any opinion that this is a fire-proof district, says P. Sharkey, assistant district forester. Two of these fires, namely those at Buckley Bay and Anyox, were very serious. Last year there were only five forest fires reported on the coast and no damage resulted from them.

The interior has been very fortunate from a fire standpoint this year and has not suffered nearly the damage that has been done on the coast. This is due to the fact that the summer has been damp in the interior.

Forest fire fighting in Prince Rupert forestry district this year has cost \$4,000 to date as compared with a cost of \$30,000 up to the corresponding date in 1922.

VANCOUVER MAN ON FOREST RESOURCES COMMITTEE, OTTAWA

Will Advise Government Regard to Wood Pulp Embargo Under Recent Law

OTTAWA, Aug. 15.—The personnel of the committee which will inquire into the forest resources of Canada and advise on a proposal to place an embargo on the export of pulp wood includes Joseph Picard of Quebec as chairman and William Anstie of Vancouver.

TIMBER CRUISING PARTY AT ANYOX GOES TO INTERIOR

E. E. Gregg, junior forester for the provincial government, and part of his party which has been cruising timber in the Anyox district, will arrive from the north on the Prince Rupert tomorrow evening, the most of the work having been finished there. From here they will go to Prince George district to do some cruising there. The balance of the party will stay in Alice Arm to complete some cruising and will then proceed down the coast from here to do similar work.

DAILY EDITION

Wednesday, Aug. 15, 1923.

Let Us All Pray For The Senate.

It is suggested that as the prayers of a righteous man avail much it might be well for everyone to pray for the Canadian Senate that its members may seek the gates of Paradise at as early a date as possible so that it may be possible to appoint in their places men who are more attuned to the demands of the people of Canada. As the only way to get rid of the senators is for them to die, every one that has the country at his heart is praying that they will die soon. If the churches were to take the matter up in the public interest and intercede for the poor old men, it might be possible to have the places vacated at an early date and then the business of the country would go on unimpeded until another change of government look place.

Some day there will be a government at Ottawa with sufficient courage to deal with the question of the Senate in such a way as will make it impossible for that body ever again to burke the will of the people.

Now Is The Time To Prepare For Autumn.

This is the time to commence preparations for the autumn activities. While it is yet some time before the summer will be over, yet it is always wise to look ahead and consider well plans which might be helpful. Not only is it true in regard to sports and games, club activities, suggestions for gymnastics and other conveniences but for more serious studies. There are many younger people who would like to improve themselves and prepare for a wider field of activities. Any such should receive every encouragement. The serious side of life is the most important, although we are apt sometimes to give prominence to amusements.

Young men and young women who intend to make a mark in life cannot afford to fritter away all their time on recreations. Numbers of them here have commenced courses of study, others take up a reading course with a definite end in view. It is well before the winter comes

to plan well what is to be done and follow it out.

Must Have Support For The Library.

Owing to the fact that the city council cut the library off without a dollar for books, it will be necessary to have a drive soon to provide reading matter for the institution. A good beginning has been made but if interest is to continue more books are necessary. The only books purchased this year and paid for by the public were the ones bought with the provincial government grant of \$200. These were not very many.

When it is considered that over a thousand people use the library and that interest in it will increase in the autumn, the necessity of keeping up the book supply is plain. The Library Board has arranged for a drive for funds during fair week. A stall will be taken at the fair where information in regard to the institution may be secured. The people will be asked to contribute liberally to this cause, which is one of the most fruitful in the city.

Beautiful City For Public Benefit.

Every person who plants a garden is a public benefactor. Prince Rupert people are not as a people a garden loving people, for they do not show it. If they were really fond of gardening they would be much busier than they are in getting their lawns cleared, their lawns sown, their flowers planted and tended.

It is pleaded that gardening here is difficult. That may be true yet splendid results are seen in many places. The provincial government grounds are an object lesson and a number of residents are able to show their neighbors what may be done. If everyone did a little the city would present a much better appearance than it does at present and we should soon earn the title "The City Beautiful."

J. A. Stephen, assistant public works engineer for the provincial government in Athol district, arrived from Stewart on the Prince Albert this morning.

BUCKLEY BAY FOREST ESSAY

Third Prize Entrance Class Composition by Edna Jamieson, Aged 13 Years

Our forests are immense areas of wooded land. If one looks out of the window, in all directions there are trees. The islands look like hats with a brim of brown and a crown of green. The hills are blue in the distance but one can tell by the unevenness of the tops that they are covered with trees. There are trees of many varieties, mostly evergreen. The alders show up a light green against the dark velvet green of the spruce and hemlock.

About one-third of the population of British Columbia finds employment in the forests of the province. Not only do people earn their living there but the timber also provides fire wood and houses for them. How would so many men live without the forest? There is also food in the forests for birds and animals. Warm clothing comes from animals, too.

During the Great War, Queen Charlotte Island spruce was very important in the making of airships as it is light and straight grained. It is now used for boxes and sent to China. Steel vessels are loaded with cants and sailing schooners with one inch lumber. So what would be the sources of living for many people if our precious forests were destroyed? Where would all the lumber come from?

The other day a gentleman came in from an expedition on a gas boat and was heard to remark, "What a scar the logging makes on a hillside." If only that man could have seen some of the terrible scars left by the two thousand and five hundred and ninety-one fires of 1922! Old logging camps are grown over in at least a year and a half. They look fresh even if they are not covered with big trees as they were at one time. Fires leave a black ash all over the ground for several years. From fires there is no underbrush as from logging for fire burns out even the roots of trees and shrubs. A fire will smoulder for a week in an old stump or root.

We should protect our forests not only for our own good but for the appearance and wealth of our country and province as well. Fires rob birds and animals of their homes because they are too weak and helpless to do anything but flee. So if we ever see any sign of a fire the only thing we can do is to put out the fire if it is not too big. If it is too big we should get help immediately.

The Man in the Moon SAYS:-

DURING the last few days bathers at the Salt Lakes have had to wear their woollen underwear in order to keep warm.

A CYNIC wants to know why it is necessary to import dummy policemen. Don't know.

OF all the foolish questions I know the most foolish is that just received from a man who wants to know how the doctors will turn the corners when the silent policemen are in place. They won't. They'll drive over the s.p.

PAINT may not be good on a woman's face but it is all right applied judiciously and artistically to the outside of a wooden house.

WOULD those who complain about the optimistic tone of the Daily News editorials kindly send me a copy of the kind of editorial they would like published. I will run it in this column along with the other curious jokes.

THOSE who intend to go hunting this season are advised to purchase for themselves bullet proof jackets and then when they get out into the woods just lie down in some crevasse and await the arrival of the deer.

IN THE NICK OF TIME

Dr. Dee—So the operation on old Richman was in the nick of time?

Dr. Due—Yes, in another hour he would have recovered without it.—Chicago Journal.

FISHERMEN'S AND MOOSE CANDIDATE FOR QUEEN

Miss Adeline Henrickson, The "Little Fishermay," is Quite Enthusiastic

"I have always wanted to visit New York," said Miss Adeline Henrickson, "The little fishermay," and one of the candidates for Carnival Queen to the Daily News this morning. "And I think I'm going to make the trip soon. That is, judging by the way my tickets are being sold."

A big little girl with that maddening Monna Lisa smile, Miss Henrickson is going after what she wants and won't be happy till she gets it. Having lived nearly all her life in the province, Miss Henrickson has grown up in Prince Rupert and is still at school, being in this year's Entrance Class. She is enthusiastic regarding her chance of being Queen of the Carnival this year and so are her friends among the Moose and Fishermen. They are all boosters and when they set out to do a thing, generally do it. And they say they are going to elect their candidate.

Miss Henrickson's father and brother are on the Alliance No. 1.

WHIST DRIVE AND DANCE IN INTEREST OF QUEEN CANDIDATE

In the interests of Miss May Reid as their candidate in the Fair Board's carnival queen contest, the Elks and Ladies of the Royal Purple held a very successful whist drive and dance in the Elks' Home last evening. There were twelve tables of cards and about fifty couples were on the floor for the dance.

The first prize winners at whist, Mrs. H. F. Glassey, and Mr. Hudson, received \$4 compensation tickets to the exhibition and the consolation awards, 50c tickets, went to Mrs. Maurice Hodgson and Angus McLean. After the card playing, refreshments were served and the dance started continuing until about 2 o'clock in the morning. Music was supplied by an orchestra consisting of Charles Balagno, W. F. Browne, A. A. Easson and Kenny Reid.

BRIEF MEETING OF POLICE COMMISSION

Receiving Chief's Report Was Only Matter of Business to be Dealt With

The police commission meeting yesterday afternoon was a short one, there being hardly any business to which to attend. Acting Mayor Collart presided and there were present Commissioner Cameron, Chief of Police Vickers and City Clerk Jones. Commissioner Shockley was not present.

The chief's report showed that there had been 22 cases brought before the courts and 17 convictions were secured, two were dismissed, two withdrawn and one was pending. Seven of the cases had to do with the enforcement of the Liquor Act, two were vagrancy cases, three assault and the others minor offenses. Fines to the amount of \$490 were collected and the police payroll for the month was \$788.96.

THE FLAVOR LASTS

Ten Years Ago in Prince Rupert

August 15, 1913.

The finance committee reported to the city council last night that the mill rate for the year had been struck at 14.10. The total expenditure for the year is estimated at \$282,937.06.

The council chamber was crowded last night when Mayor Pattullo gave a report on his financial mission to the Old Country. He stated, among other things, that Hon. W. R. Ross, minister of lands, was coming here at an early date to survey the situation for the government.

Fred Renworth and Jack McDonald are leaving within a fortnight for the Shushanna gold fields.

NOTICE

A Public Auction Sale of Government Lots in the Town of Athol, B.C., will be held at Athol on Wednesday, August 15th, 1923, commencing at 11 a.m. Upwards of five hundred lots in Athol Township and Addition will be offered for sale. In the case of lots where improvements exist, such improvements must be paid for in full, at the Government valuation, on the day of sale, if bought by anyone other than the person responsible for same.

For Sale Lists or any further information, apply to the Government Agent, Athol, or the Department of Lands, Victoria, B.C.

H. CATHCART, Superintendent of Lands.

WEATHER ON NORTH COAST LIKE HERE HAS BEEN VERY DRY

The coast district north of here has suffered from the same very dry weather that has been experienced in the neighborhood of Prince Rupert reports P. Sharkey, assistant district forester, who is just back from a trip of inspection to Anyox, Alice Arm and Naas River points. Naas River canneries have felt the drought and through lack of fresh water, have had to wash salmon with salt water.

Mr. Sharkey states that logging at Alice Arm is going on in a satisfactory manner and the Trettheway camp is now putting logs in the water at a rate of 75,000 feet a day for the Pacific Mills at Ocean Falls. Several other smaller camps are also busy.

Anyox is recovering from the recent forest fire and temporary repairs have been effected to all the units that were damaged.

ROAD FROM TERRACE TO PROPOSED SKEENA RIVER BRIDGE STARTS

A start will be made by the provincial department of public works next week on the construction of a road from the town of Terrace to the site of the proposed bridge across the Skeena River at Little Canyon. It will be about two and one half miles long. Ten or twelve men will be employed in charge of A. Carr, road foreman. Major R. M. Taylor, district engineer, is just back after making a preliminary inspection.

ACTING MAYOR GIVES CUP FOR BEST KEPT GARDEN IN THE CITY

Acting Mayor Theo. Collart has presented the Fair Board with a silver cup to be awarded to the owner of the best kept flower and vegetable garden in the city. The gardens will be judged by three persons yet to be appointed on September 1. To own the cup it will be necessary to win it twice in succession or any three times. The Collart Cup is now in Bulger & Cameron's jewelry store and will later be on exhibition in George D. Tite's furniture house.

Mrs. G. G. Hacker and little daughter left on last night's train for Regina on a holiday trip.

Einar Starheim failed to appear in the police court this morning to answer to a charge of intoxication and his bail of \$50 was estreated.

Robert Stuart, chief clerk in the provincial public works office, is leaving this week for Cedarvale where he will spend a fortnight's vacation on his ranch.

J. D. McLeod left last night for Lakeelse Lake where he will spend a holiday. He is relieved at the store by J. Kirkpatrick who arrived a few days ago from Vancouver.

C.N.R. steamer Prince Albert, Capt. Neil McLean, returned from Stewart at 4 o'clock this morning and will sail for the Queen Charlotte Islands and Vancouver at 8 tonight.

P. S. Bonney, district forester, is expected back in the city on the Prince Rupert this evening after having spent the past ten days on a trip of inspection in the Ocean Falls district.

T. A. Clark, junior district forester, left on last night's train for Burns Lake where he will cruise the timber areas that have been applied for. He will be away ten days or two weeks.

Delayed on account of fog, the C.N.R. steamer Prince Rupert, Capt. D. Donald, due from Vancouver and way ports at 3 this afternoon, will not arrive until 7 o'clock this evening.

The Union freighter Chilkoot, Capt. Georson, arrived in the harbor from the south at 5.30 this morning and proceeded to the Prince Rupert cannery to discharge cans. This afternoon at 2.15 the steamer called at the G.T.P. wharf passing out to Wales Island.

Hon. W. C. Nichol, lieutenant governor, has communicated with the local provincial police office, inquiring for information as to the whereabouts of David Clark Evans who came from the state of Mississippi to this province and who was last heard of at Ocean Falls in 1917. The missing man is 52 years of age and is single.

Relatives of George Arthur Harvey, native of Prince Edward Island and 67 years of age, inquire as to his whereabouts through the local provincial police office. The missing man is a prospector and is said to have been 500 miles north of Fort George. He is lame in one leg and has lost the tip of his finger on one hand.

J. A. Stephen, assistant engineer in Atlin district for the provincial department of public works, is leaving the city by the Princess Alice on Friday for the north. He will make an inspection tour of Atlin and Telegraph districts and expects to be away a month or six weeks. Mr. Stephen arrived from Stewart on the Prince Albert this morning.

The refreshment stand at the Acropolis Hill grounds in connection with the Trades & Labor council celebration on Labor Day will be conducted by the Ladies' Auxiliary of the Hospital which will receive the proceeds. The dance in the evening will also be handled by the same organization. This was decided at the meeting of the Trades & Labor council last night.

J. McKechnie, who received the contract for the building of the Nurses' Home, has given it up. It has been decided by the hospital board in conference with Architect A. A. Cox to revise the plans in order to reduce the cost and new tenders will not be called for several weeks. The board may decide to do some of the work itself including the putting in of the foundation.

Five Better Shaving Ways Millions now enjoy

If we offered you only one way to get better, easier shaves—it would pay you to make the test. But here we offer you a shaving cream with 5 distinct shaving advantages—5 ways to cleaner, quicker, easier shaves! And the test is to be at our expense.

Eighteen months—130 laboratory experiments—went into perfecting Palmolive Shaving Cream. But see the results:

Cream that multiplies 250 times in rich, foamy lather.

That softens the most obstinate beard in one minute—without tiresome "rubbing in."

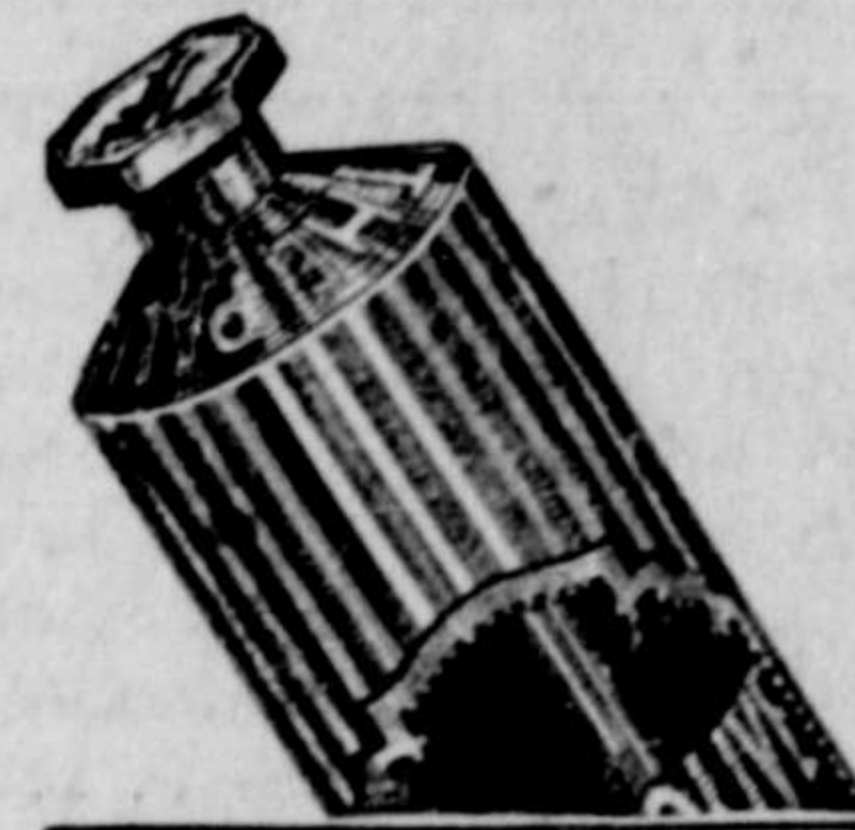

Lather that lasts—moist, luxurious—for 10 minutes, if necessary, on your face.

And it leaves your face cool, soothed, through the action of carefully blended palm and olive oils. Strong-walled bubbles, holding each hair erect, make cutting easier, cleaner.

Millions of men have made this test. We are sure you'll be as pleased as they have been. In any event, only we can lose by the test.

The coupon brings your first 10 shaves, free.

DUTHIE MINE ROAD TO BE OPENED TO TRAFFIC 14 DAYS

The road leading from the town of Smithers to the Duthie Mines on Hudson Bay Mountain is nearing completion and will be open for traffic within fourteen days, the local public works office reported this morning. The new road will greatly facilitate the making of ore shipments from the Duthie Mine and will also open up a new route for interior motorists to various points of interest.

STUART FINAL WON BY GROTTO

Tobaccoists Defeated Sons of England by Score of 3 to 1 in Soccer Last Evening

The closing game of the Stuart Benefit Shield football series played last night at Aeropolis Hill grounds resulted in a victory of 3 to 1 for the Grotto over the trophy winners, the Sons of England. All the scoring occurred in the first half when the Grotto were playing down hill. Erskine was responsible for all the scoring on the part of the tobaccoists while Kelsey netted the only counter the Englishmen made. Very good soccer was played with the Grotto excelling in the first half and the Sons of England having the advantage of the play in the second although they were unable to score.

W. E. Willisoff refereed and A. Clapperton and J. Marks acted as linesmen.

The teams lined up as follows: Grotto—S. Gawthorn; G. Waugh and H. Hamilton; Alex. Roy, J. Campbell and J. Joyce; J. Sims, P. McGowan, E. Erskine, J. Campbell and J. Andrews.

Sons of England—Hemmonds; D. Lambe and J. Farquhar; P. Cameron, Keirze Kelsey and G. P. Tinker; W. Hamilton, Johnson, O. K. Lord, D. Hodgson and Eddie Craggs.

GOOD AMATEUR BALL IN ANYOX LEAGUE

Close Game With Mine Coming Out One Run Ahead of Smelter

ANYOX, Aug. 15.—On the actual play, what should have been a tie game, went to the Mine as a win, the result at the finish being

Mine, four; Elks, three, in the last game played in the Anyox Baseball League. The tying run had been made by Downs, and he was apparently safe in the opinion of a great many fans, but the umpire called him out, and that settled it. The game was a good one at that, and while devoid of anything in the nature of the spectacular, playing was well up to the average of amateur ball. The counting, started for the Mine in the first half of the first inning when Mealey hit safe over short and was third with two men out when he took the opportunity of stealing home and made the grade. It was scoreless ball then until the Mine went to bat in the third, when Mealey got his second hit and was hurt while sliding to third, Stewart taking his place. Both batteries did good work, Draudson holding the Mine sluggers to four hits, all singles, while the Elks connected up with Ferguson for four singles and a double bazer. Draudson struck out four men, and Ferguson retired eight by the same route. Draudson walked one and Ferguson three. Draudson and Cody made up the Elk battery and C. Ferguson and Greenwell performed for the Mine. Umpire, Olson. Line-up:

Mine—Mealey, Greenwell, Ferguson, Anderson, J. Ferguson, Olson. Line-up: Elks—Downs, Cody, Greenwell, McIntyre, Sloan, Draudson, Thorley, Montgomery, Waterman.

A special Sports Commission of the Polish Diet has been formed to deal with all matters of athletics and physical education in Poland. One of the finest decisions of this commission was that no resolution of a legislative character will be passed without previous communication with the Polish committee of the Olympiad and the Polish Union of sporting organizations.

Sport Chat

For the first time since the revival of the Olympic Games in 1896, competition in various branches of art will be contested at the Paris Olympiad next year as well as sports. Architecture, literature, music, painting and sculpture will be represented on the teams of various countries just as the marathon race or

disease throw. Architects will be allowed to present miniature stadiums, arenas, tennis courts, velodromes, swimming pools, gymnasiums and any and all subjects in architecture which have a direct connection with the practice of sports or athletics. Articles of fiction or poetry relating to sport or athletics may qualify for the literature competition. They must be written in the mother language of English or French translation. Music must have a sporting spirit and paintings, drawings, pastels, water colors and sculpture must depict sporting or athletic subjects. The regular Olympic medals given to winners of sporting events will be granted to the prize-winners in the art competitions.

The forty-third annual tournament of the National Archery Association of the United States opened yesterday at Chicago and will continue until Friday. The most expert archers in the States both men and women, are competing for some 10 cups and medals, about 75 persons participating. Interest in the ancient sport is steadily growing in the United States and tournaments are becoming more and more popular. Several American manufacturing firms are now turning out high grade archery supplies. The Boy Scouts have done much towards popularizing the sport. One of the events of the Chicago shoot is the competition for a trophy presented by Douglas Fairbanks whose screen feature "Robin Hood" dramatized the story of a great bowman. In archery today targets are 18 inches in diameter with centre of 9 1/2 inches and the usual enlarging circles. Events range from 30 to 100 yards. The bows are six feet in length and the arrows from 24 to 28 inches.

OFFICIAL SPANKER FOR SAN FRANCISCO CHINESE COMMUNITY

SAN FRANCISCO, Aug. 15.—"Spanking neatly done," might be the sign on the door of the headquarters of the Chinatown squad at the Hall of Justice here. Police Corporal Jack Floyd is the official spanker, and rarely a day passes that he does not imprint his trademark on some incorrigible Chinese youth.

Corporal Floyd, who, because of the fierce aspect he assumes on punitive occasions, is also known as the "Mandarin of Chinatown," first entered his present profession about three months ago when a worried Oriental parent confided to him: "My boy, Sam, he no like go school. All-time lun away! Take him juv-nile court—no good. No like juv-nile court. Sam jus' lun away some more. You spankee him, Mistah Floyd." And Floyd did.

So appreciative was the parent of Floyd's handiwork that he presented him with a canary bird in a picturesque cage. Today a dozen canary birds at the Hall of Justice testify that Floyd's business is expanding.

W. G. McMORRIS,
Dated July 23, 1923.

PRAIRIE CROP HAS SUFFERED

Heat and Rain Reduce Prospects to Fair Average in Saskatchewan

MANITOBA NOT GOOD

Area Likely to Harvest Best Crop Since 1915, Says Free Press Report

The exceedingly favorable prospects that have been maintained throughout the summer are, to a considerable extent, dashed during the past three weeks and, while conditions in Manitoba are still very favorable for the best crop since 1915 is anticipated, the crops in Saskatchewan have suffered deterioration from rust, heat and too much moisture, until now conditions would point that not much more than a fair average crop for the whole will be harvested by the Manitoba Free Press report. In Manitoba the loss caused by rust, heat and sawfly has been very heavy, practically every district being more or less affected, but in the central and northern areas reports received from correspondents would indicate the good yields promised three weeks ago have been fully realized.

Manitoba

While wheat cutting is fairly general in the southeastern districts, it will be another week or ten days before harvesting is general throughout the province, and the cool weather of the past week, while perhaps giving the crops a better opportunity to fill out, has delayed the crop from maturing. There has been no frost. The damage from black fly has been undoubtedly serious, the loss being estimated at a slight to 50 per cent. Only the district in the province, the Red River, reports no rust, and the great majority of the correspondents report the heads are beginning to fill to the top, indicating damage from heat or blight, and this must of necessity reduce the yield. The coarse grains are also affected by rust infection, but to the same extent as the wheat crop. Cutting of coarse grains will be fairly general about the middle of the month. The sawfly has also taken its toll and is apparently worse in the western part of the province, there has been very little storm damage during the past three weeks. About 30 points report scarcity of labor, with the average wage of \$3.50 per day. The average wage of \$4 per day.

Saskatchewan

Wheat cutting in Saskatchewan will not be general until about Aug. 20. While many points report from slight to heavy rust, the general prospects are reported as favorable, with the outlook for good average crop. Judging from these reports, the crop in Saskatchewan appears to vary greatly, with conditions mixed, but the majority of the correspondents state the situation is fairly optimistic, though the extreme heat during the last week in July had the effect of burning the tips over important areas, and the heads are not filling to the top. The hot weather of the past week is assisting to hold the rust in check and allow the heads to fill, and the warm weather is now required to bring the crop to maturity. Slight damage is reported from a few districts, but on the whole it is not serious. The cutting of coarse grains will be general throughout the province from Aug. 20 to 25, and rust at this time does not appear to be affecting these crops to any material extent. There has been

Palatial Canadian Pacific Liner To Go On Big Cruise

In the upper left-hand corner is shown the Canadian Pacific palatial steamer Empress of Canada, which will make the cruise of the world this winter and early spring. Other scenes depicted are some of the features that will be shown the travellers as they sail the seven seas. The Sphinx is the subject of the Pyramids of Gizeh. Then comes Mount Fujiyama, sacred mountains of Japan. Nestling under the spreading branch of the tree is a Gobi girl, and her left is a willow tea house near Shanghai.

The famous cruise of the Canadian Pacific steamer Empress of Canada, posted for this coming winter, is attracting much attention not only in Canada but in the United States and Mexico. The big 21,500-ton liner is especially adapted to world cruising and having won the speed record of the Pacific, the company has chosen this boat to be the flagship of cruisers for the winter months.

The circumnavigator on the Empress of Canada will return laden with the rich experience and mental treasures gathered from vision of eighteen different countries and contact with the costumes, crafts and civilizations of fifty different races. It will be a tour to ports of a thousand romances, unfolding the pageant of the world from the cultured west to the barbaric splendor of the east. Shrines, mosques, temples, cathedrals, palaces, and the sacred treasures of the fabled Orient will be revealed to the gaze of these fortunate voyagers.

Leaving New York at a time when the inclement weather drives those who can afford to escape to more equable climes, the Empress of Canada is due to reach nine days later the balmy shores of Madeira, an

island of mountains thrown up as high as six thousand feet above the sea by volcanic action from the still unfathomed ocean bed.

Gibraltar, reached on the morning of the twelfth day out, stands on guard like a rock-mounted policeman on an ocean trail. This famous fortress of the British Empire was originally named after a Moorish invader of the eighth century, whose castle still remains. Known to the ancients as one of the pillars of Hercules, it was formerly considered as the western extremity of the world.

Already from the Straits of Gibraltar the rugged purple and green and orange and blue of the Atlas mountains has cast the spell of Africa upon the voyager, and now at early morning of the fourteenth day the ship casts anchor in the harbor of Algiers, facing the ivory terraces and minarets of a still half-Arabian city.

Across the Mediterranean the ship now turns to Monaco, the high-stepping principality on the south-eastern coast of France, at which all the Puritan world shakes its finger. Within its tiny area more fortunes have been lost and won than lives have been squandered on the battle-

Junks and sampans are shown on the Canton river, while palms threaten the coast of Ceylon into shadow.

Immediately over the Canadian Pacific locomotive is shown the Dai butala of Kamakura, better known here as Buddha.

The gates of Benares, with countless minarets in the distance, will offer age-old lore for visitors, and the lower right-hand picture is of Monte Carlo, with the greatest casino in the world.

South of Europe, the tables at the Monte Carlo casino are forbidden to the twenty thousand local inhabitants who, however, have the consolation of being exempt from taxes.

Naples is the next port of call, the largest, busiest and most populous port in Italy. Here opportunity is given to see the chief points of interest in the city and to visit Pompeii.

Port Said and then Cairo and while the boat proceeds to Suez the passengers will be given four days in the land of the Pharaohs.

From there, the visitors move on down the Red Sea, past Aden, another British outpost and on across the Indian ocean to one of the greatest ports in the world, Bombay. A stay of a week has been allowed for this port, and many trips inland have been arranged.

After leaving Bombay the passengers will know where they are going as several hundred miles out from the shores of Ceylon, the heavily scented and spicy breezes indicate the longitude and latitude of the big liner. Three days are booked for this port.

The trip to Rangoon, the greatest rice port in the world, and also one of the great lumber districts of the

fields of Europe. The tables at the Monte Carlo casino are forbidden to the twenty thousand local inhabitants who, however, have the consolation of being exempt from taxes.

Cook with This Ware - It Uses Less Fuel

Save money by using SMP Enamelled Ware cooking vessels. They use less fuel. To satisfy yourself try this convincing test in your kitchen. Take an SMP Enamelled Sauce Pan and one of equal size made of aluminum, tin or other metal. Into each pour two quarts of cold water. Place each sauce pan over the fire. The water in the SMP Enamelled Sauce Pan will be boiling merrily when the water in the other is just beginning to simmer. Save your money. Use

JAPANESE BOYCOTT KEPT UP BY CHINA

Feeling Against Nippon is Strong in Some Parts of the Country

SHANGHAI, Aug. 15.—Japanese sentiment is rapidly swelling in China and serious consequences are feared in some districts, notably in Szechuan, Hunan and Hupeh, where there have been demonstrations of an extreme nature, accompanied by a general boycott of all things Japanese.

The strength of the boycott in the Upper Yangtze cities is surprising many because these districts in 1919 were not as strongly anti-Japanese as Shanghai for instance, and Shanghai has so far been comparatively mild in its agitation against the Japanese. The refusal of Japan to listen to China's plea for recession of the Liaotung Peninsula and abolition of the twenty-one demands does not account for this feeling, because Japanese influence is not nearly so important in the upper reaches of the Yangtze as in Shanghai, Shantung or Manchuria.

The explanation of the situation appears in a much more serious problem. The Chinese in the upper Yangtze cities are generally anti-foreign. Last year American ships were boycotted. This year Japan is being boycotted. There is a constant conflict between Chinese junk crews and foreign steamers. When Americans or Britishers are boycotted locally it is a matter which can be handled locally. But when Japan becomes boycotted in any part of China, the question becomes national in extent. The majority of Chinese will believe almost every story suggestive of evil designs on the part of Japan. The Japanese are accused of financing every political agitation that upsets China.

In view of the growing gravity of the anti-Japanese agitation in China, the Japanese government has instructed the Japanese charge d'affaires in Peking and Japanese consuls in many places in this country to ask the central and local Chinese authorities to take effective measures to suppress the agitation.

CLIMATE HAS CHANGED AT FAROE ISLANDS

Warm Ocean Stream Increases Temperature and Consequent Growth of Vegetation

LONDON, Aug. 15.—The greater warmth of the water surrounding the Faroe Islands, in

LAND ACT.

Notice of Intention to Apply to Purchase Land.

In Skeena Land District, Recording District of Prince Rupert, and situate at Captains Cove, Pitt Island, C.R. 5.

How To SLEEP ON A BARE FLOOR

It is more a matter of SLEEP, than of bed or board.

Some people can sleep sitting up, standing up, even while walking.

Many people can't sleep in the softest of downy beds; and all of us suffer occasionally from nerve-racking, wearing, tiring wakefulness at night.

There is always a reason for sleeplessness. Usually, it is a "sour stomach, a liver that has "lain down" on the job, congested bowels, or biliousness.

Then, just before retiring, take Beecham's Pills. They soothe an uneasy stomach, encourage the organs of digestion and elimination to natural activity, and assure restful sleep no matter what!

At All Druggists—

The North Sea, has caused the temperature of the islands to undergo a radical change during the last few months.

Scientific investigations have shown that a warm ocean stream from the south is encircling the islands, and that great quantities of strange fish scales have been washed ashore. These scales belong to a type of octopus that inhabits western European waters, but hitherto has not been known to exist north of the south coast of England.

The temperature of the islands has been steadily increasing and the vegetation has grown more rapidly. The nights, which usually are cold, have become very mild.

INFANT MORTALITY LOW THIS PROVINCE

Fewer Children Die in B.C. Than Any Other Part of Canada

OTTAWA, Aug. 15.—New Brunswick has the heaviest infant mortality rate in the Dominion and British Columbia the lightest, according to a report on Canadian vital statistics for January, 1923, issued by the Bureau of Statistics. The infant death rate on the basis of one thousand living births for the provinces is as follows:

- New Brunswick, 142.4.
- Ontario, 115.
- Manitoba, 115.4.
- Saskatchewan, 93.5.
- Alberta, 97.5.
- British Columbia, 72.9.

The total deaths of all ages on an estimated population of 6,691,000 for the month of January was 6,281 as against 6,197 in the same month last year.

The death rate per thousand of population is given as: Prince Edward Island, 1.1; Nova Scotia, 1.1; New Brunswick, 1.1; Ontario, 1.1; Manitoba, .7; Saskatchewan, .6; British Columbia, .8.

NAVY RECOMMENDS STRONGER AIR FORCE FOR PANAMA DEFENSE

WASHINGTON, Aug. 15.—Various means of strengthening the defences of the Panama Canal are suggested in an official Navy Department critique, prepared as the result of a study of last spring's maneuvers in Panama Bay.

The weaknesses of the present canal fortifications, the memorandum said, include the improper grouping of defence artillery, the lack of a sufficient air force in the Canal Zone, and the susceptibility of certain vital parts of the waterway to air bombs. It is suggested also that the defending fleet should be balanced by the addition of scout cruisers, and that a study should be made of the possibility of obtaining by treaty the right to establish aircraft bases at certain unannounced points on foreign soil nearby.

ALASKA EXPORTS ARE ON THE INCREASE AS SHOWN BY COLLECTOR

JUNEAU, August 13.—Aggregating \$4,884,570, Alaska's exports to the States during July last showed a valuation higher than any for the same month since 1919, according to Collector of Customs John C. McBride. Exports for the same month during the past three years were: 1920, \$3,308,265; 1921, \$2,418,023; 1922, \$3,386,273.

In almost every Alaskan product gains were shown over the shipments of July 1922, said Mr. McBride. The total increase over the same month in 1922—\$1,298,297—is largely covered by gains in canned salmon and copper exports. The former showed an increase for the month amounting to \$473,275, and the latter a gain of \$5,32,574. There were also substantial increases in fresh fish shipments, cured herring and salmon, products of the whaling industry, forestry products including \$13,480 worth of wood pulp from the Speer River mill, a clear gain over July of last year, furs, and smaller miscellaneous items.

P.G.E. OPERATIONS ARE MUCH IMPROVED

VANCOUVER, B.C. Aug. 13.—It is announced that under the new management of Thos. Kilpatrick, the main line operations of the P.G.E. has shown a striking decrease. Sleeping cars are now being operated, trains run on time and a new schedule of rates for produce brought into force enable settlers on the P.G.E. ship into Vancouver at the same price as local ranchers at Chilliwack in the Fraser Valley can ship to Vancouver. The new policy of augmented service and lower rates has so far reduced operating losses by over \$100,000.

CANADA IS SENDING CATTLE TO BRITAIN

OTTAWA, Aug. 15.—During the month of July Canada sent 4,159 head of cattle in twelve shipments to the United Kingdom, of which only 530 were fat. Discussing this new branch of Canadian business Dr. J. H. Grisdale, deputy minister of agriculture, declared that it had exceeded expectations, especially for the mid-summer months, which are ordinarily dull in the cattle shipping business. The prospects for August, he said, were for even larger shipments, ten having been arranged for already, and the business would probably double for the months of September, October and November.

C.N.R. STEAMERS START NEW SERVICE TO STEWART SIMPSON AND ISLANDS

Effective Sunday, August 12, the Canadian National Coast Services will inaugurate new service with the steamers Prince Albert and Prince John. One of these boats will leave Prince Rupert for Skeena River ports each Sunday morning, returning same evening; leaving Prince Rupert Monday 8 p.m. for Port Simpson and Stewart, returning direct from Stewart, arriving Prince Rupert 7 a.m. Wednesday and will leave Prince Rupert for Vancouver via Queen Charlotte Islands each Wednesday at 8 p.m.

The steamships Prince Rupert and Prince George will of course maintain their regular schedule, leaving Prince Rupert for Stewart each Friday at 10 p.m.

For further information, apply City Ticket Office, Canadian National Railways, 528 Third Avenue, Prince Rupert, B.C. 194

C.N.R. CONNECTIONS FOR WHITE STAR SAILINGS

Steamships of the White Star Line will sail from Montreal as follows: s.s. "Canada" on August 25, "Regina" on September 1; "Merantia" on Sept. 8; "Doric" Sept. 15; "Canada" Sept. 22. Passengers for these boats should arrange to leave Prince Rupert via Canadian National Railways August 18, 25, Sept. 1, 8 and 15.

For rates and reservations call or write City Ticket Office, Canadian National Railways, 528 Third Avenue, Prince Rupert, B.C. Phone 260 195

Many Choice Selections

of Ladies' Garments to offer our customers but never have we had such an all round magnificence of material, restrained wealth of trimming and such perfect workmanship as is seen in our latest arrivals of

Ladies Suits for fall wear

These Suits are the very latest in style and material and every one is trimmed with fur. The thing demanded this season is fur trimming. The popular shades are those of Brown and Gray, while Black is also in evidence.

Prices too, are moderate and range from \$40.00 to \$75.00. We have just got these reasonable clothes unpacked and you will be as pleased to see them as we shall be to show them you.

Call in when downtown this afternoon or tomorrow and see the latest at
