ADMIRALTY COURT FOR PRINCE RUPERT

VICTORIA DAY CELEBRATION WAS A GREAT SUCCESS IN EVERY RESPECT

Admiralty Court Being Established Here with Judge Young in Charge

Fred Stork, M.P., has advised W. E. Williams, of this city, that County Court Judge F. McB. Young is being appointed surrogate judge in admiralty for this district by the Department of Justice and that there will also be a deputy registrar of the Admiralty Court here.

The establishment of an Admiralty Court here has been sought for many years and the news that the port is at last to have such is received with general satisfaction by legal and business interests. It is an important matter and will be of great advantage to the city of Prince Rupert, for it will allow for proceedings to be taken in regard to all foreign and domestic boats here instead of going to Vancouver or Victoria as has been necessary in the past.

LARGE INCREASE CANADA EXPORTS

In Past Year Dominion Has Sent Out 25 Per Cent More Than In Year Previous

OTTAWA, May 25.—Canada's total exports of Canadian produce in April were valued at \$53,632,254, of which \$25,941,331 worth went to the United States and \$13,607,856 to the United Kingdom. This is an increase in total of more than \$20,000,000 over the exports of last year. For the twelve months ended April this year the total of exports is valued at \$953,176,194, as against \$728,877,345 the previous twelve months.

CANADA CONTROL PULP AND PAPER

Will Only be Matter of Few Years, Authority States—Foresees Embargo

CLEVELAND, May 25.—Dr. Hugh Baker, executive secretary of the American Pulp & Paper Association, addressing the convention here, said it would only be a matter of a few years before the world would control the entire pulp and paper industry of the American continent. He foresaw an export duty and a possible embargo on pulpwood exports from Canada now that the United States was nearly exhausted.

beautiful mahogany floor lamp with hand-painted parchment shade, by the local officials and sub-staffs of the Canadian National Railways and Coast Steamship Company as a token of their esteem. Owing to the fact that it was a public holiday the presentation was of an informal nature. Mr. McNicholl returned to Vancouver on the Prince Rupert last night.

The conference at Ottawa was called by J. E. Dalrymple, vice-president in charge of traffic of the C.N.R. system. On May 12 those attending the conference were entertained to a banquet in the Chateau Laurier, Ottawa, by Mr. Dalrymple. At the conclusion of the Ottawa conference a number of meetings were held in Montreal. The business discussed was purely of a general nature.

H. McEwen, divisional freight agent, who also attended the conference, returned to the city on last night's train.

All Roads Led Yesterday to Carnival on Acropolis Hill Held by Elks and Fair Board

Empire Day 1923 will be remembered by the citizens of Prince Rupert as one of the most delightful holidays ever celebrated. All day long the sun shone brilliantly and from early morning until late at night the several holiday resorts were besieged with a happy, smiling crowd of pleasure seekers. At an early hour the waterfront was crowded with picnic parties who belooked themselves by fishing, schooners and pleasure boats to all points of the compass in local waters laden down with the good things of life to eat. Those who stayed in town had plenty of enjoyment in store for them.

The Acropolis Hill grounds and the Exhibition building were thronged from an early hour with a host of grown ups and youngsters and all the fun of the fair was entered into in regular holiday spirit. Nothing had been overlooked by the joint committees of the Exhibition Association and the Elks in staging their sports program and carnival and the many events staged went off with the precision of clockwork.

Before a large crowd the Falcons and White Sox staged a snappy exhibition of baseball under the watchful eye of P. LaPorte, who acted as umpire. The game was well played throughout and there were plenty of thrills. At the end the score stood at 9 runs to 3 in favor of the White Sox although the Falcons put up an excellent fight and pulled off some good play. The teams lined up as follows:

Falcons — G. Edgar, c; V. Meagher, p; A. Johnson, 1b; J. McNully, 2b; N. Byrn, s.s.; B. Kelly, 3b; H. Essen, l.f.; E. Yager, c.f.; E. Gouture, r.f.

White Sox — W. Wrathall, c; D. Gurvich, p; M. Vogel, 1b; T. Martin, 2b; R. Cameron, 3b; N. Ghinowski, s.s.; Y. Katsuyama, l.f.; M. Comedina, c.f.; S. Gurvich, r.f.

Children's Sports
Promptly at 11:30 Chief Vickers started the first race for the kiddies. Hundreds of children with their parents had gathered to witness and participate in their annual program of sport. This year the committee in charge had departed from the old order of handling of things in handling the many events. The names of the winners were not taken but each winning child was presented with a colored feather stick designating first, second and third, and upon going up to the prize stand, presided over by W. E. Williams, and Geo. Hill, were presented with their prizes.

The track had been roped off enabling the spectators to see the races very clearly. Those in charge of the children's sports were Chief Vickers, starter; F. W. Mackintosh, announcer; W. D. Vance, T. Silversides, J. Judge, (continued on page 4)

JAP CANNERY MAN RUN OVER

T. Tamada, of North Pacific Killed by Eastbound Passenger Train

T. Tamada, a Japanese, employed as a net man at North Pacific cannery was run over and killed at 9 o'clock on Wednesday night by the eastbound passenger train. The accident happened half a mile west of the cannery and about 13 miles east of here. Deceased was lying on the track when the train overtook him. Chief Minty and Constables Saint and Martin of the provincial police, proceeded to the scene by speeder upon notification of the accident.

Tamada was a married man, 50 years of age, and had been in the north for some years.

The remains are in the hands of the B.C. Undertakers. A coroner's inquest will be held in the Court House this afternoon.

GEDDES HAS EYE TROUBLE

British Ambassador to Washington is Confining to Dark Room From War Affection

WASHINGTON, May 25.—Sir Auckland Geddes, British ambassador to the United States, is confined to a dark room with a serious development of chronic affection of the eyes which began through a gas attack during the war and has existed mildly ever since. The study of the debt funding agreement has aggravated the trouble but the agreement is now ready for signature and the signing is not likely to be delayed. Sir Auckland will sail for a holiday in England as soon as possible.

The car was driven by Miles Jamieson, of Commercial Drive, Vancouver. The injured man was taken into hospital suffering serious injuries.

SIR HENRY THORNTON STEAMSHIP DIRECTOR

To Act in Capacity Which Was Held by D. B. Hanna, Former C.N.R. President

MONTREAL, May 25.—Sir Henry Thornton was appointed a director of the Canada Steamship Lines at the last meeting of the directors on May 16. In confirming the report that the chairman of the Canadian National system was also a director of the steamship company, officials of the latter corporation said there was nothing startling in the fact as D. B. Hanna, who was head of the system prior to Sir Henry, was also a director of the steamship company. Sir Henry was not present at the meeting.

DAILY EDITION

FRIDAY

Friday, May 25, 1923.

Local Member, in Speaking to Budget, Advances Case of Port and Deals with Fish Situation

Speaking to the budget in the House of Commons at Ottawa last week, Fred Stork, M.P. for Skeena district, took advantage of the opportunity to advance the claims of the port of Prince Rupert as a shipping point and spoke very ably on the matter. The complications now affecting the handling of halibut through this port were also dealt with by the member and some valuable suggestions made. Mr. Stork's speech was made after 10 p.m. last Monday week.

Recorded in Hansard, part of Mr. Stork's speech was as follows:

I notice that the principle of the British preference is being extended with the object of developing Canadian ports. The minister, in naming the principal ports of Canada, was good enough to include such ports on the Pacific coast as Vancouver, Victoria and Prince Rupert.

Using Prince Rupert

This government has a very large holding in Prince Rupert. It has the terminus of the Canadian National Railway there. It is a port which has not been used up to the present time, but I notice in the papers to hand today that the first shipment of lumber to Japan is starting from the port of Prince Rupert the middle of next month. There is no reason why the freight to the Orient should not go through that northern port, because we are 500 miles nearer the Orient than any other port on the continent. I find that from September 1, 1921, to April 23, 1923, there were 3,812,177 bushels of wheat shipped to Japan through the port of Vancouver. This undoubtedly should have gone via Prince Rupert. This would all be Canadian National business. I find from September 1, 1921, to April 1, 1923, 14,679 cars of wheat arrived at Vancouver. The Canadian National Railway hauled 5,693 of those cars, and the Canadian Pacific Railway 8,986.

Grain Elevator

By developing the port of Prince Rupert, any traffic that comes into that port will naturally come in over our own railway. I am advised by competent authority that a grain elevator located there would effect a saving of 25 cents a ton in loading and port charges. With a 7,500-ton ship, with a full cargo, a saving of 25 cents a ton in loading and port charges would equal \$1,875. That is equal to three days' operation and profit for a

ship of that type. This saving offsets any handicap that the northern port might suffer in competing with the Panama Canal route on traffic destined for ports in Europe.

So far as facilities are concerned, this government has already in the port of Prince Rupert a splendid new freight warehouse capable of taking care of ocean going business. That is available at the present moment for the shipping and handling of sacked wheat with a very small additional expense in connection with loading facilities.

Reciprocity and Fish

I am glad to see also that reciprocity is reaffirmed in this month. It is true this question was before the country in 1911, but I am sure, Mr. Speaker, that the contest as carried on in 1911, was not fought out on the merits of the case. The people of Canada have had twelve years in which to reflect, and at that time the slogan was "No truck or trade with the Yankees." Today I think the boat is entirely on the other foot. The Fordney tariff says "No truck or trade with the Canadians." The United States for years admitted fish free into their country. Canada insisted upon maintaining a duty of 1 cent a pound on American fish coming from the United States. The Fordney tariff apparently says: "Well, if you like it, and if you believe in the principle of 1 cent a pound on fish, we will meet you on that issue, and we will impose a duty of 2 cents a pound on your fish coming into American territory."

The Americans are apparently trying to demonstrate to their own satisfaction that they can get along very well without Canadian fish. I do not know how long it will take them to find out to their own satisfaction whether they can do so. It may

require a long or short period. However, I am persuaded of one thing, and that is that while they are trying this experiment in the United States they are certainly demonstrating to the Canadian fisherman that they cannot get along without the American market. We need the American market. The 2 cents a pound duty on halibut going into that country is slowly exterminating the Canadian fisherman.

Situation Acute

The situation in British Columbia is most acute, more especially in regard to the matter of fish. We have in that northern part which has handled all the fish trade, the spectacle of American fishermen marketing their fish in British Columbia, and as a rule receiving 16 cents a pound. The Canadian fisherman is immediately docked the amount of the American duty, and he receives 14 cents a pound. An American selling fish in a Canadian port receives 16 cents a pound and a Canadian selling fish in the same port receives only 14 cents a pound. Moreover, when we remember that the port is absolutely free and open to the Americans, we can see the immediate effect unless we are able in some way to bring about a better situation as regards the marketing of fish. Last year there were sent east over the Canadian National Railway 1,500 refrigerators cars loaded with fish for the American market. Each one of these cars paid to the railway on an average of \$1,000 for traffic charges. The trade is growing by leaps and bounds, and this year the record will be even greater than that of last year.

American Misunderstanding

I am persuaded that this acute situation, as developed there, is due largely to American misunderstanding. The American fishermen who are using Canadian ports do not want this duty. It does them no particular good. The American people themselves do not want this duty, and the Canadian fishermen certainly do not want it. This situation is due very largely to the action and attitude of townspeople boomers in the neighboring state of Alaska. They have made representations to Washington, and the authorities at Washington have had no evidence to the contrary. The Grand Trunk Pacific Railway runs to the fishing grounds. At the present time the advantage of that railroad is largely with the Americans, and Canada has to keep up and foot the bills incidental to carrying it on. The American fishermen uses our ports free; but if he should buy in a Canadian port for his boat any supplies such as ice, or bait, or gear, or even if he should paint his boat in a Canadian port the moment he lands back in American territory, he pays 50 per cent duty on everything he has bought on the Canadian side, even though he had free access to the Canadian port.

Make Investigation

The present situation is a most unequal one. At the present moment the Commissioner of Customs is on the Pacific coast, and the Minister of Customs (Mr. Bureau) has requested him to proceed to the North and to investigate thoroughly the whole situation. I trust when his report is received by the government, they will be advised of all the facts and details in connection with this matter, and that they will give this their immediate attention and endeavor to expedite action.

Everything possible that can be done should be done to negotiate a settlement of this question. Canada has been generous in her treatment of her American cousins. During the progress of the war Canadian ports were free to American vessels, and American ports were free to Canadian vessels. Not long ago the Americans rescinded that agreement as regards themselves and withdrew the use of their ports from the Canadian fleet, but we in Canada have still continued the courtesy and our ports remain open. Very often Canadian generosity is misunderstood.

Concession Given

We are not small or quibbling in our dealings with our neighbors. In fact, in the northern part of my constituency up at the end of the inlet, where are located the Canadian town of Stewart and the neighboring town of Hyder, the Salmon river flows into the inlet and brings down gravel, sand and silt in such large quantities that it has more or less filled up the American end of the inlet. In their search for deep water and harborage, they have, according to the best advice I have received on the question, come over into Canadian

territory, and we have now an American wharf built on Canadian soil. We do not object to that particularly; we have plenty of foreshore and deep water, and if our American cousins want to use a little of it, we have no special objection, provided of course, that they will accept our generosity in this respect without misinterpreting it. In view of all the concessions Americans receive in Canadian ports, when these matters are laid before the American authorities, there should be little difficulty in arriving at an amicable settlement.

Trade Representative

I would suggest that we should have at Washington a trade representative. If we had stationed there a man who was thoroughly conversant with trade conditions in Canada, many of these misunderstandings would not occur. A man, stationed at Washington would be able to lend his assistance and to furnish information from time to time that would keep us out of many of these misunderstandings. Our prosperity depends entirely upon our export trade. I see no danger whatever in trading with the Americans; in our trading with them, our nationality is not in danger. I believe it is preferable to keep our young men here at home, to build up Canada, to develop the natural resources of Canada, and by trading and dealing with the United States, we shall be able to keep our young men at home rather than see them proceed across the border to seek a livelihood, and there to take on the duties of citizenship, by doing which they are lost to us and to Canada forever.

Fertilizer Machinery

Another matter which I am very pleased with is the admission into Canada free of duty of machinery used in the manufacture of fish oil for fertilizing purposes. We have several propositions on the coast for the manufacture of fertilizers. The machinery to be used in connection with those plants is of very vital importance. This concession will also encourage the destruction of pests such as dog fish. We have a great variety of fish which prey upon commercial fish, and this will assist in a very great degree in the extermination of the dog fish and other pests.

Ten Years Ago in Prince Rupert

May 25, 1913.

A. E. McMaster, G.T.P. agent received a message from Captain O'Brien, of the steamer Prince Albert, which went aground at Port Simpson yesterday morning, that the vessel was successfully floated at high tide this morning, with the assistance of the tug Lorne. As far as could be seen the hull was not leaking and the steamer is proceeding under its own steam to Prince Rupert.

On the arrival of last evening's train, Ernest E. Brandes, an employee of Bates & Rogers, was taken in the ambulance to the general hospital. Mr. Brandes was rather severely scalded about the face and arms a couple of days ago while working in the vicinity of mile 103.

PRINCE JOHN IN FROM ISLANDS

Nearly a Thousand Men are Employed in Lumbering in Queen Charlottes

The Canadian National coastwise steamer Prince John, Capt. Nodden, arrived in port at 8:15 yesterday morning after a fine voyage from Vancouver, calling at the Queen Charlotte Island ports en route. From Vancouver the steamer's passenger accommodation was taxed to the limit and a number of loggers disembarked at Buckley Bay and Thurston Harbor.

A. H. Robson, purser, who has been relieving on the steamer Prince George for the past month, rejoined the Prince John at Van-

conver. Mr. Robson states that there is a remarkable development taking place on the Queen Charlotte Islands and some three or four hundred men are employed at Thurston Harbor at the Whalen Pulp & Paper Co.'s logging camps while there are some five hundred men employed at Buckley Bay with the Macgill Timber Co.

Passengers disembarking here included Mrs. R. P. Ponder, Mrs. W. B. Penny, Mr. and Mrs. Barker, Mrs. E. J. Tingley and Miss Tingley, Albert Moore, J. Tomlinson, Dr. A. H. Bayne, T. A. Kelly, George Clothier and Mr. Williams.

The Prince John will leave for the Queen Charlotte Islands and the south at 8 p.m. tomorrow.

There's Nothing to Compare with Zam-Buk

ZAM-BUK depends on costly
herbal oils and extracts for
its wonderful healing, soothing,
and antiseptic power.

Zam-Buk is not like ordinary oin-
tments made from common or elemen-
tary formulae. Zam-Buk is a super-
balm, prepared from a secret formula
—the result of years of extensive and
costly scientific research. It is pure
and highly refined, and is guaranteed
free from animal fats and the gritty
metallic substances usually found in
common ointments and salves.

Wonderful Medicinal Activity.

Zam-Buk exerts its wonderful medi-
cinal activity below the surface (where
the germs of skin trouble really are) and
quickly expels deep-seated and old-
standing disease.

For Eczema, Tetter, Salt Rheum,
Ulcers, Piles, Ringworm, Poisoned
Wounds, etc., Zam-Buk is marvel-
lously successful. Also for Cuts,
Bruises, Burns, Scalds and Sprains.

COLTS BEAT HIGH SCHOOL BASEBALL

Wednesday Night's Game Was Close, Score Being 9 to 8

The first gun was fired in the carnival program on Wednesday evening when the Colts and High School baseball teams clashed in a snappy exhibition game on the Acropolis Hill grounds before a good crowd of fans. The Colts just scraping through with the odd-run. The final score was 9-8 in their favor.

The teams lined up as follows: Colts—J. Kelly, H. G. Bulger, 5b.; H. Hubbard, H. M. Budinich, c.; D. Frizzell, p.; T. Fraser, cf.; J. Simms, rf.; S. Anderson, ss.; H. Gathorne, 2b.

High School—A. Mitchell, ss.; J. Nickerson, c.; W. Cavalier, cf.; W. Lambie, p.; Lee Gordon, 1b.; J. Kask, 1b.; H. Ward, 3b.; S. Suga, 2b.; P. Black, rf.

P. LaPorte was umpire of strikes and balls and J. McAlenahan, bases.

The High School team opened up the scoring in the first innings with one run. The next two innings resulted in shut outs. In the fourth innings the High School came through with four more runs and in the fifth the Colts came to life and chalked up six. In this innings N. Stephens substituted as catcher for W. Lambie. In the sixth innings the High School came home with three more runs and in the last part of the seventh innings the Colts put on three more runs.

Sport Chat

With only three games played so far in the Junior Baseball League schedule an interesting situation has already arisen. Each team has won and lost a game and all are tied. The indications are that the race will be close throughout the season and good deal of interest is being taken in the series by players and fans alike. So far there is no trophy for the championship of the league. The management says that if there were one it would do much to instill even greater enthusiasm. Tonight the Falcons and White Sox take the field at McBride Street Park in the fourth game of the season. The winner will go to the top and the loser to the bottom of the standing with the Boy Scouts in between.

The University of California track team is at Franklin Field, Philadelphia, today and tomorrow to defend the Intercollegiate A.A.A. title of the United States which they won in 1921 and successfully defended last year at Harvard Stadium. Though the California men will face greater opposition this year than ever before and have suffered some losses in their ranks since last year, they are looking for victory again. Pennsylvania, Cornell, Dartmouth, and Princeton will probably be the California team's most dangerous rivals judging from showings so far this year. The track stars represent many different institutions so, as in 1921 and 1922, the team championship will most likely be decided in the field events. In the 46 championship meets of the A.A.A. so far, Harvard has won 13 times, Yale, Cornell and Pennsylvania, nine times each, Columbia three, California twice and Princeton, once.

The greatest crowd that ever witnessed a sporting event in the United States will attend the annual international 500-mile automobile race at Indianapolis May 30, in the opinions of officials of the Indianapolis Motor Speed-

MENNEN BORATED TALCUM POWDER

Whatever be the Talcum you use personally Remember Baby must have MENNEN

way, where the event will be held. Plans have been made to accommodate 150,000 people. Jimmy Murphy, international driving champion and declared to be the most consistent winner in all racing history, will be a starter. He arrived at the track early this year to prepare his new single seater for the gruelling contest. Howdy Wilcox, Indianapolis pilot; Ralph DePalma, for years the most popular driver to come to Indianapolis, Eddie Hearne, Cliff Durant, Joe Boyer and other veterans will compete for the \$50,000 in prizes. In addition, there will be drivers from France, Argentina and Germany. The course record, established last year by Murphy, is slightly better than an average of 94 miles an hour for the 500 miles.

ALL ROADS LED YESTERDAY TO CARNIVAL ON ACROPOLIS HILL HELD BY ELKS AND FAIR BOARD.

Afternoon Program

The afternoon program included a baseball game between Sons of Canada and the Grotto baseball teams, and a football game was played between the Grotto and the Sons of Canada. The Exhibition building was in gala costume, and the excellent interior decorations were favorably commented upon by many. A number of prettily decorated booths dispensed joy to children, and everything was on hand from the old familiar hot dogs to a tin whistle ice cream.

Those In Charge

The executive committee of the Exhibition association who were responsible for the entire organization of the Empire Day festivities included Ralph Le Pine, chairman, Joe Greer and F. Dibb, while M. M. McLachlan, C. H. Orme and Mrs. Ralph Le Pine were ex-officio members. The Elk's committee comprised Chris Elkins, Bert Glassey and Bert Morgan. The committee in charge of the various sections of the holiday entertainment were as follows.
Dance Committee—T. Mc-

Meekin, (chairman), R. E. Benson, F. Derry and Mrs. Dowther.

Booths and attractions committee—Ben Self (chairman), Ralph LePine, Joe Brown, Bert Glassey, B. Morgan, Mrs. B. Glassey and Mrs. F. Dibb.

Finance Committee—E. Unwin (chairman), E. Mann and F. W. Macintosh.

Decorations Committee—Mrs. Gihuly (chairman), Ben Self, Bert Morgan, J. Cobb, F. W. Macintosh and F. Dibb.

The ladies tea room was presided over by Mrs. Dibb, as convenor, who was assisted by the ladies of the Royal Purple.

Victory Bonds—F. W. Mackintosh.

Cats and balls—Mrs. Le Clare.

The tea room, under the management of the Ladies of the Royal Purple was artistically decorated with beautiful fresh flowers which had been kindly donated by Mrs. Mortie Craig.

A splendid day of entertainment was brought to a fitting conclusion with the staging of the Masquerade Ball which commenced at 9 p.m. and continued until the early hours. The floor was crowded with dancers who danced merrily to the catchy strains of Prof. Pryce's orchestra.

The prize waltz competition was won by Mr. and Mrs. J. A. Teng who were the recipients of a large box of chocolates and a side of bacon. R. E. Benson proved himself a very popular master of ceremonies.

An exhibition in the Empress Theatre here recently, is in the hospital at Wrangell, Alaska, as the result of an accident which befell him while escaping from a straight jacket suspended in the air. He was pulling off a similar stunt to the one he performed from the Royal Hotel building here. From accounts to hand it appears that while he was hanging head downwards some distance from the ground the man handling the rope released it with the result that De Vere struck the ground with his head, rendering him unconscious.

SONS OF CANADA SOCCER WINNERS

In Yesterday's League Game They Beat Grotto by 3 to 2

The Sons of Canada football team beat the Grotto by the margin of one goal in the league fixture played before a large crowd of soccer fans on the Acropolis hill grounds yesterday afternoon. The final score stood at 3 to 2 in favor of the Canadians. All the scoring was done in the second half. The scorers for the victors were Hamilton (1) and Marks (2), while for the losers Erskine scored both goals.

The teams lined up as follows: Grotto — T. Gawthorne, goal; H. Hamilton and Geo. Waugh, full backs; J. Jackson, P. McTowan and Jack Campbell, half backs; G. Howe, Jack Campbell, S. Erskine, J. Andrews and H. Gawthorne, forwards.

Sons of Canada—Hugh Scott, goal; H. Brown and V. Menzies, full backs; W. Barton, J. Mitchell and Geo. Mitchell, half backs; E. Smith, W. Mitchell, J. Marks, J. Hamilton and D. Jack, forwards.

E. Roberts handled the game capably as referee. A. Clapperton and Malcolm Lamb acted as linesmen.

First Half

The teams took the field with the Sons of Canada kicking on the up grade with the sun in their eyes. The Wasps pressed from the first and Erskine missed a good opportunity in front of Scott who ran out to clear. From the outside kick the Sons pressed, and the rock pile came in for a little attention. H. Gawthorne for the Grotto made a spirited dash down the touchline, but his supporters failed to take advantage of the centre. The Sons then made a combined dash but were brought up short by Jack Campbell who was playing a consistently good game. Erskine for the Wasps got away with a pass from Howe and tried Scott who proved equal. The Grotto aggregation were pressing hard, but the opposing backs were on the job. Vic Menzies, for the Sons, conceded a corner as the result of a dash by the Wasps but H. Gawthorne failed to place it to advantage. Andrews got through for the Grotto and missed Scott's stronghold by inches. The Canadians then got away and Marks tried a shot at Gawthorne but failed. At this juncture the play was pretty evenly divided. The Wasps then started out with the leather and J. Hamilton tried Scott but the latter was prepared. The Grotto forced a corner off Menzies which Jack Campbell placed well, but nothing resulted. Howe, for the Wasps, tried, but kicked over the bar. The Sons then tried to get through but the Grotto defence proved sure. The

Second Half

A few minutes from the start the Grotto pressed and Erskine beat Scott with a shot when went into the corner of the net, thus drawing first blood. This livened things up considerably and the Sons got busy and put Jack in an advantageous position but nothing matured. The Sons continued to press Gawthorne but he proved himself equal to the task and was keeping a good goal. The Grotto boys then made a combined run and H. Gawthorne tried Scott with a high shot which the latter cleared in regular league fashion. Howe, for the Wasps, made a determined run up the touchline and placed the ball across Scott's stronghold but his supporters did not take due advantage of the opportunity. Jack Campbell, for the Grotto, extricated the ball from a tussle in midfield and gave his forwards a chance but the ball went out to the rock pile. The Sons then got away on a good combined run and Hamilton beat Gawthorne with a hot ground shot which equalised the score. Right from the centre the Wasps got away and Erskine beat Scott on a pass from Andrews for the second time. Play continued exciting. The Sons made a great dash for Gawthorne and gave him some hard shots to handle but he proved equal to the occasion. Marks, centre for the Sons, made an individual run and beat Gawthorne with a difficult shot, which again equalised the score. The Canadian kept charging their opposition stronghold and after several determined efforts Marks beat Gawthorne for the third tally for his side. The game ended with a victory for the Sons of Canada of 3 goals to 2.

Summing Up

Both teams played the best they knew how and in the first half the Grotto boys seemed to have a little edge over their opponents, but failed to make the most of one or two splendid scoring opportunities. Jack Campbell, in the half back line, played a very good game and was sure in everything he did, while Erskine at centre forward also did well. T. Gawthorne played a fine game in goal and has the makings of a very useful player.

The Canadians woke up considerably in the second half and evidently meant to make the most of their opportunities. As the play progressed their combination improved considerably. Marks showed up well and was always dangerous. H. Scott in goal was sound and played a fine game all through. Hamilton and Jack in the forward line also played a useful game.

FIRST BASE BALL MATCH

Sons of Canada Too Good for Grotto Yesterday—Score 21 to 4.

Inability to hit, loose fielding and a disastrous fifth inning pitcher's blow-up caused the Grotto to lose the first game of the Senior League baseball season to the Sons of Canada yesterday by a score of 21 to 1. The Sons played a very fair game and altogether outclassed the Grotto outfit who will need a lot of fixing if they are to be contenders in the Nickerson Shield competition this season. In the fifth innings Herb Valpey, the Grotto pitcher, went to pieces and the team behind him failed to give him any vestige of support. The Canucks had seventeen men to bat and made 13 runs. Apart from that, however, the Sons had things easily their own way and the match was very one-sided.

First to bat with Herb Valpey and Elmer Smith, comprising the Grotto battery, the Sons made four runs in the opening frame. Neilson and Farquhar were walked and the former scored on a passed ball. V. Menzies were struck out and Jack Hatchford hit a grounder to left field which scored Farquhar. Harry Astoria made a home run with Menzies

ahead of him. Ralph Smith and Jack Kelly struck-out.

Dan Lidstone pitched for the Sons and Harry Astoria caught. In the first innings, Haudenschild struck-out for the Grotto, Graham popped out to second and Elmer Smith struck out.

Out of a Hole

Another two runs came the Sons' way in the second. Alex. Mitchell got first, second and third all on errors. Lidstone struck-out and Neilson got first and second Mitchell when the short stop fumbled a grounder. Neilson was put out trying to steal. Farquhar got first on another short stop fumble, stole second and third and scored when the third baseman dropped the ball. V. Menzies struck-out.

Lidstone got out of a hole in the second inning by striking out two Grotto men after the bases were filled owing to Neilson's error on first.

In the third, Hatchford struck-out, Astoria walked and stole second and third and scored when Ralph Smith got first on a passed ball which was dropped at first base though Smith was put out. Kelly struck-out.

The Sons failed to score in the fourth, the play being featured by Gilmour, picking up a sizzler near the ground sent out by A. Mitchell. Lidstone struck-out and Neilson was put out trying to steal. There was no scores for the Grotto. E. Clapp being put out at first by Neilson's fielding. Walls striking out and Lambie being put out with a nice catch by Alex. Mitchell at second.

Merry-Go-Round

Valpey allowed the Sons to hit him time after time in the fifth and the Grotto field fell down badly, the consequent merry-go-

round resulting in 13 runs.

The Sons loosened up in their turn as well. Gilmour scored the first for the Grotto from Haudenschild's one base hit. Valpey struck-out and Graham was fielded by Menzies. Haudenschild scored from E. Smith's single. Smith scored when the pitcher failed to deliver the ball safely to first after Clapp hit. Walls made a two base hit scoring Clapp and Radbourne was fielded.

Valpey was pulled by the Grotto in the sixth and Gilmour took the mound. The Sons got one more score through Farquhar when Hatchford singled. Neilson was again put out trying to steal second, Menzies struck-out and Astoria's fly was fielded by Clapp.

There were no scores and the game was called at the end of the seventh to allow for the entry of the footballers on the field.

P. LaPorte was umpire of balls and strikes and J. McAlenan adjudicated on the bases.

Line-Ups

The teams lined up as follows: Grotto—S. Haudenschild, 1b.; D. Graham, 3b.; Elmer Smith, c.; E. Clapp, lf.; Walls, cf.; Radbourne, rf.; W. Lambie, 2b.; R. Gilmour, ss and p.; H. Valpey, p. and ss.

EMPIRE DAY CELEBRATION

Children of City Entertained on
Wednesday Afternoon by
I.O.D.E.

The Westholme Opera House was the happy rendezvous for all the school children of the city on Wednesday afternoon and the theatre was thronged to the doors soon after 2 o'clock with hundreds of happy youngsters who had marched from the various schools under the leadership of their various teachers. The occasion was the annual Empire Day celebration for the children of the city under the auspices of the Municipal Chapter, Imperial Order Daughters of the Empire. Mrs. S. P. McMordie, regent of the chapter, was in the chair, and accompanying her on the platform were Rev. Dr. H. R. Grant, Dr. W. T. Kergin, chairman of the school board and executive of the Municipal Chapter including Mrs. S. L. Warrier, Mrs. S. J. Evans, Mrs. A. T. Parkin, Miss S. A. Mills, Mrs. F. Gihuly and Mrs. D. McD. Hunter. The representatives of the various chapters of the I.O.D.E. on the platform were Mrs. D. Thomson, vice-regent Queen Mary Chapter; Mrs. C. L. Youngman, regent Adair Chapter; Miss B. Macdonald, regent Hill 60 chapter; Mrs. R. Blance, Girl Guides, and Miss Cross, vice-regent of the Langemack chapter. The standard bearers included Miss Margaret Palmer, Mrs. S. Dutton, Mrs. Geo. Kerr, Miss L. Fisher, Miss L. Grant, and Miss Louisa. Splendid talks, songs, and musical selections and a comic movie film were enjoyed by the children present. Mrs. Gihuly, educational secretary of the chapter, was responsible for the arrangement of the excellent program of entertainment provided.

Upon the raising of the curtain all the children stood to attention and smartly saluted the Union Jack after which they all joined in the singing of O Canada, under the leadership of Miss Stone.

Mrs. McMordie's Address

Mrs. McMordie, regent of the Municipal Chapter, opened the celebration with a short and appropriate address. In the course of her remarks she welcomed the children on behalf of the Daughters of the Empire to celebrate Empire Day, and said that the Empire Day was observed throughout the British Empire with the idea of inculcating loyalty to the flag and empire in the children of the rising generation. Speaking of the work of the order, Mrs. McMordie said that its activities extended throughout the length and breadth of the empire and had been instrumental in organizing a number of helpful associations during the great war, raising some five and a half million dollars in aid of the soldiers overseas. While they were listening to the songs and addresses the speaker hoped that each child would feel that he or she were a part and a very important part of the great British Empire.

The choir then sang "Land of Hope and Glory" led by Miss S. Stone.

Dr. Kergin Speaks

Dr. W. T. Kergin, chairman of the school board, in a brief address said that the school board heartily approved of the effort being put forward by the Daughters of the Empire to celebrate Empire Day. Empire Day began following the death of Queen Victoria and it had been instituted to keep alive the traditions of the greatest empire in the world which was held together by nothing more than common ideals, common purposes and the Union Jack. He urged upon the teaching staff the importance of inculcating into the growing children the British ideals of freedom, liberty, honor, righteousness and generosity. It was his sincere hope that the children of Prince Rupert would grow up to be worthy successors of the men who had answered the call of their King and country in the past.

Mrs. H. L. Campbell sang, in her usual delightful manner, "An Open Secret," accompanied by Chas. Balagno on the piano. This was deservedly encored.

Dr. Grant's Talk

Rev. Dr. H. R. Grant gave a splendid and inspiring talk to the children. He said that, as he watched the children marching

down the street and heard them sing their patriotic songs, he felt the future of the British Empire was in safe keeping. He impressed those present with the fact that the men of the past and the men of to-day were dedicating the empire to them for its safety. Since the reign of Queen Elizabeth the empire had been building up and the people were indebted to the big men of the past and present who had led the forces of the government and the forces in the field to maintain the standards of the empire. He spoke of such men as Sir Walter Raleigh, Lord Nelson and the Duke of Wellington who had taken such a prominent part in their day for the betterment of all. The speaker mentioned the great shock which the world had undergone in 1914 when the German hordes broke loose and the fact that Canada had answered the call of war by sending 500,000 of her bravest and best men to fight for the rights of the empire. Fifty-thousand had given their all in France and Flanders. All along the line the empire had been built up by intrepid explorers and men who had defended the liberties and rights of not only the empire but the whole world. When the children present thought of that it was upon them to maintain the British Empire in the same way as it had been handed down to them.

Dr. Grant spoke of the importance of the unity in the empire. As long as the different consanguinities of the empire clung together he knew that whenever the empire was threatened with danger that it would raise itself, even in 2014, to fight for the liberty and rights of the world. He believed and was fully convinced that, the boys and girls of the empire being educated in truth, righteousness and the spirit of God, the spiritual tie being stronger than any material tie, should ever occasion demand all would stand together until death.

The whole assembly then sang "Rule Britannia" and the choir sang "Where Go the Ships?" led by Miss Stone.

Empire Pageant

A delightful costume pageant was staged by the receiving class under Miss Gladwell entitled "Our Empire." This item was splendidly put on and spoke volumes for the painstaking work of the teacher.

During the afternoon the Westholme orchestra, under the direction of Chas. Balagno played patriotic airs and accompanied all the singing.

At the conclusion of the entertainment Mrs. McMordie, on behalf of the Daughters of the Empire, thanked the management of the Westholme Theatre for their kindness in donating the use of the theatre, the Westholme orchestra for their excellent music accompaniments and Mr. and Mrs. Campbell for their beautiful solos.

The singing of the National Anthem brought the program to a close and a comic film was thrown on the screen by the theatre management much to the delight of the kiddies.

Mrs. W. B. Penny arrived in the city from Thurston Harbor on the Prince John yesterday morning on visit to the city.
