SENATE ACTION HAMPERS RAIL EXPANSION

THOUSAND POUND FISH CAUSED STAMPEDE AMONG EASTERN HARBOR CRAFT

Giant Swordfish Cut Boat to Pieces off Coast of New York Later Riddled with Bullets

MONTAUK, N.Y., July 25.—A swordfish weighing half a ton, maddened by a lance thrust, turned on its attackers, cut a fishing boat to pieces throwing the crew into the water. Luckily the big fish ignored the struggling fishermen and attacked instead other boats in the vicinity, causing a stampede of all craft in the bay.

CABINET IS IN SESSION TODAY

Several Important Matters to be Dealt With by Executive at Ottawa

OTTAWA, July 25.—The first cabinet session since parliament prorogued is in progress this afternoon. A large number of important questions are scheduled to come up including the appointment of members of the royal commission on forestry and administration combines investigation of which was decided upon at the last session of parliament. It is also probable that labor troubles in the maritime provinces will be discussed. In addition there are a number of vacancies to be filled in the Senate, the Exchequer Court and elsewhere, some of which may be disposed of today.

ANYOX GIRL IS NOMINATED

Miss Margie Macdonald Candidate for Carnival Queen: Local Interest

Miss Margie Macdonald, of Anyox, has been nominated as a candidate in the Exhibition Board's carnival queen contest by Bert Kergin, M.L.A., and Fred Brown. The nomination was brought down from Anyox last night by Fred Roberge, manager of the Carnival Queen contest, who returned to the city on the Gardena, having made the round trip to Anyox in connection with exhibition business. Nominations are expected to reach the city shortly from Stewart, Smithers and Ocean Falls.

With three candidates in the field locally and the possibility of one or two more within the next few days, the campaign may be said to be well under way. Friends of the contesting ladies are already at work and it seems as if a large vote was sure.

Miss Mary Reid is a member of the order of the Royal Purple and is backed by a number of the Elks. Miss Annie Kelly is backed by the G.W.V.A. and Miss Adeline Henriksen is making an independent run backed by a number of fishermen and others who declare she will be elected.

HOUSE OF LORDS PASSES BRITISH PROHIBITION

LONDON, July 25.—The House of Lords passed Nancy Astor's bill prohibiting the sale of intoxicants to young people under the age of eighteen years. The Children's Bill now awaits the Royal sanction.

FUNERAL OF LITTLE GIRL THIS AFTERNOON

Gertie Dorreen Will be Laid to Rest in Fairview Cemetery Following Service at Catholic Church

The funeral of Gertie Dorreen, 7-year old daughter of Mr. and Mrs. S. Dorreen, Seventh Avenue East, takes place at 7 o'clock this afternoon. The remains will be taken from the B.C. Undertakers Parlors to the Catholic Church where Father P. J. McGrath, O. M. I. will officiate at the obsequies, interment later taking place in Fairview Cemetery. The pallbearers chosen from among the little friends of deceased will be Jim and Jack McNulty, Newton and Joe Gillies, Wilfred McLeish and Stanley Moersch.

Many floral tributes having been received among them being pieces from the family, grandfather and grandmother, Mayor S. M. Newton, Mr. and Mrs. M. P. Thompson, Mr. and Mrs. N. G. McCaffery, Mr. and Mrs. N. G. Gurvich, Mr. and Mrs. B. Daigarno, Mr. and Mrs. J. Pitts, Mr. and Mrs. J. J. Gillies, Carl Thompson, Mr. and Mrs. F. W. Moersch, Miss Mary O'Brien, Miss Lucy O'Brien, Mr. and Mrs. N. M. McLean and family, Kaien Hardware Co., Miss Helen McCaffery, Miss Margaret McCaffery, Angus McDonald, Mr. and Mrs. W. H. Becker, Miss Leovina Becker, Miss May Mussallem, Miss Margaret Mussallem, Miss Catherine Mussallem, Miss Jean Wilson, Master Stanley Moersch, Miss Dot Bond.

FISH ARRIVALS

Twelve Boats Marketed 117,500 Pounds Halibut at Exchange This Morning

Twelve halibut boats marketed catches totalling 117,500 pounds at the Fish Exchange this morning. Four American boats had 41,500 pounds and eight Canadians, 73,000 pounds.

Arrivals and sales:
American
Tyee, 18,000 pounds, at 11c and 11c, to the Booth Fisheries Canadian Co.
Glacier, 12,000 pounds, and Wabash, 8,000 pounds, at 11c and 11c, to the Royal Fish Co.

Canadian
Agnes B., 6,000 pounds, at 13c and 11c; Minnie V., 8,000 pounds, at 11c; All, 10,000 pounds, at 13.2c and 11.3c; Muirneag, 12,000 pounds, at 13.7c and 11.5c; Marguerite, 6,500 pounds, at 13.4c and 11.4c, to the Canadian Fish & Cold Storage Co.
Birdie B., 2,000 pounds, at 13.2c and 11c, to the Royal Fish Co.
Maude, 8,500 pounds, at 13.3c and 11.3c, and Rosespit, 20,000 pounds, at 13.5c and 11.5c, to the Atlin Fisheries.

RUN COMMENCED ON BANK OF GERMANY AT BERLIN TODAY

LONDON, July 25.—A run on the German Reichsbank began soon after the opening today, according to word received here today from Berlin. The cause of the run is given as insufficient bills of large denominations to satisfy other banks.

GRANBY LOSS WAS \$200,000

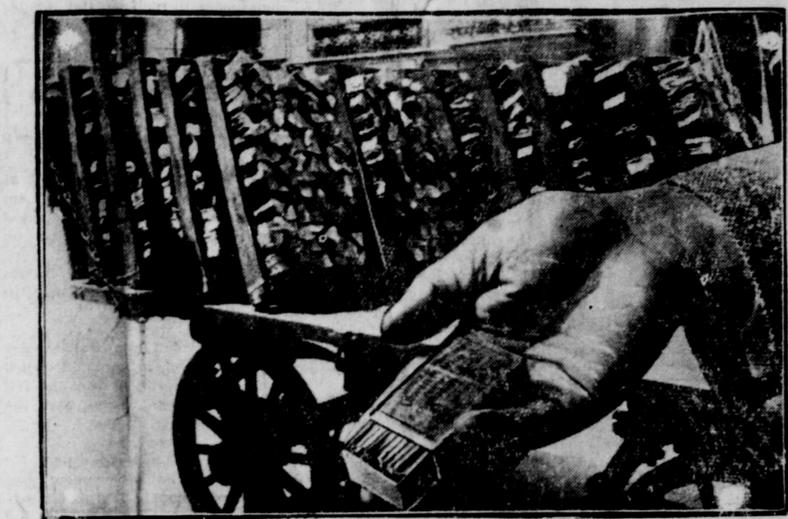

That is Estimate of P. Sharkey, Assistant District Forester Just Returned

Damage to the property of the Granby Co. as a result of the fire and explosions at Anyox last week is estimated at \$200,000, most of it not covered by insurance. It was stated by P. Sharkey, assistant district forester, who returned to the city last night after spending four days at the smelter town surveying the situation following the disaster. The powder magazine and its contents were entirely destroyed at an estimated loss of \$50,000 not covered by insurance. A considerable portion of the high level railway from the mine to the smelter was also burned and three fireless were partly damaged with no insurance. The dam railway was also badly damaged and plank roads and power lines suffered, necessitating a great deal of rebuilding. The Union Church and parsonage were destroyed. Fifty per cent of the glass in the houses throughout the town was shattered by the explosion of black powder in the magazine, a large number of chimneys crumbled and a large percentage of window sashes in the houses were blown out. Of the \$200,000 damage, perhaps \$40,000 or \$50,000 will be recovered in insurance.

If the powder in the magazine had exploded before the dynamite melted, the detonation would have set off the latter and there would have been no Anyox left today, Mr. Sharkey says. Everything in the camp, including the various plants and houses, would probably have been razed with terrible loss of life in spite of the precautions that had been taken.

The bush fire, which did the damage, started from sparks of the mine camp incinerator, igniting the dry debris about. Soon raging furiously, the fire rapidly spread and jumped across the bay to Granby Point where all the buildings at the old flux mine were totally destroyed. The fire also jumped to Larcom Island off the mouth of the bay and came within a quarter of a mile of the Granby sawmill which, however, was saved.

BIRTH
A daughter was born to Mr. and Mrs. J. W. Gibson of Georgetown at the General Hospital on July 24.

Depreciation of the German mark is graphically shown in the above photograph. In the olden days a load of kindling wood could be bought for the price of a small box of matches today.

REAL SHORTAGE OF LABOR REPORTED BY EMPLOYMENT OFFICE

J. M. Campbell, provincial government employment agent, reports a real scarcity of men existing today. Some 60 men, including loggers, mill men, teamster-section men and carpenters, are wanted at once and against this number only 15 or so are available. Most of the orders are for outside camps.

HAPPY COUPLE IN LLOYD PICTURE AT WESTHOLME FRIDAY

Famous Comedian Makes Big Films and Then Marries the Heroine

Harold Lloyd, the bespectacled comedian, is the hero of a wonderful comedy and his wife, Mildred Harris, is the heroine in "Safety Last" which is to be shown at the Westholme Theatre Friday and Saturday. They met first in the movies and as soon as they had decided to join forces matrimonially they decided to separate in a professional way.

This delightful romance of the silversheet began about three years ago when Mildred joined the Hal Roach forces and made her first appearance with Harold in the two-reel comedy, "From Hand to Mouth." A warm friendship sprang up between the young people resulting in merry wedding bells. And "Safety Last," by the way, is the last picture in which Harold and Mildred will be seen together, for Mrs. Harold Lloyd is to star in her own right in feature pictures.

It is a fitting thing that "Safety Last" tells one of the most charming love stories ever presented in a picture. As the boy, head over heels in love, Harold gets into the most trying difficulties. In fact, Lloyd climbs the side of a twelve story building, and runs into more hair-raising situations than anyone could imagine. But his reward is winning the love of his screen sweetheart, The Girl, and, incidentally, Mrs. Harold Lloyd.

C.N.R. EARNINGS UP
MONTREAL, July 25.—Gross earnings of the Canadian National Railways for the week ending July 21 were \$1,680,122, an increase of \$340,294 or eight per cent as compared with the same period in 1922.

Sir Henry Thornton in Statement Issued Last Night Explains Position

WINNIPEG, July 25.—"After a very searching conference with the vice-presidents of the Canadian National Railways; have reluctantly come to the conclusion that the company cannot effectively issue bonds in respect of the branch line program which has been rejected by the Senate." This statement was issued last night by Sir Henry Thornton, president and chairman of the board of directors of the Canadian National Railways, at the conclusion of a series of conferences which were held here yesterday to consider suggestions from various sources in Western Canada that bonds for branch line construction be issued. The statement proceeds:

SELF GOVERNMENT INDIA A SUCCESS PRESIDENT SAYS

SIMLA, July 25.—Remarkable success attended the measure of self-government extended to Indians three years ago, according to a statement by Sir Frederick White, president of the Legislative Assembly of India in a speech here. The first three years of the Indian Parliament has proved this, he declared.

SLIGHT INCREASE PAY FOR TELEGRAPH OPERATORS IN CANADA

MONTREAL, July 25.—Settlement of the demand for an increased wage by employees of the Canadian National telegraph company was arrived at Monday by the Board of Conciliation which has been sitting here since July 16. While the amount of advance to each individual is comparatively small, in the aggregate for the company it means between sixty and seventy thousand dollars a year.

NO TRACE YET FOUND OF TORONTO ROBBERS

TORONTO, July 25.—There is no trace of the bandits who held up bank messengers here yesterday morning and escaped with between eighty and one hundred and thirty thousand dollars. Authorities believe they are still in the province.

HOOVER WILL CURB FISHING

Fish Reserves in Alaska Unanimously Supported, Says Secretary

MUST PROPOGATE SALMON

BETWEEN SITKA and VANCOUVER, July 25.—"Pious statements, scientific discussion and political oratory will not spawn salmon," Secretary Hoover, as head of the Governmental department having to do with the Alaskan fisheries, asserted yesterday. He declared there would be a temporary reduction in the number of fish taken from Alaskan waters and at the same time there must be constructive measures for increasing propagation, otherwise, he said, salmon fishing, now one of the largest of Alaska's industries, will be lost in a few years.

Mr. Hoover, in his statement which was based on a close range study given the Alaskan fisheries while in the territory as a member of President Harding's party, expressed the hope that Congress would act at the forthcoming session to give federal administration agencies more constructive authority. New legislation, he added, must be of the broadest possible scope as the method of regulation must vary with each locality. Because of dealing with problems of wide, humane and property interests it should afford a method of appeal to some independent commission or authority.

The secretary said he had found unanimous support among Alaskans for the action taken by the Federal government in creating fish reserves in western Alaska.

FORESTRY CONVENTION IS OPENED AT OTTAWA

Delegates From all Over British Empire Attending Meeting—B.C. is Represented

OTTAWA, July 25.—The second annual convention of the British Empire Forestry Association opened this morning with delegates in attendance from England, Scotland, the Irish Free State, Dominions, and several British protectorates. The address of welcome was delivered by Premier King. A message was received from the Prince of Wales wishing the convention success. Lord Lovatt, president of the association, occupied the chair.

George B. Naden, deputy minister of lands, and P. Z. Caverhill, chief forester, are attending the convention on behalf of the government of British Columbia.

FLYING STATION AT SEAL COVE CHOSEN

Sheltered Spot Found for G-CYDX to Take off and Land While on Duty Here

A station has been temporarily selected at Seal Cove near the Canadian Fish & Cold Storage Co.'s plant by Flying Officer Earl Macleod where the fisheries patrol flying boat G-CYDX will take off and land while performing her duties in this district. It is in a sheltered location and will prove more suitable than further down the waterfront. The G-CYDX went up on another patrol flight this morning.

**BAPTISTS URGE REPAIRED SHIP
PROMOTE PEACE MASSET HARBOR**

In World Alliance at Stockholm They Pass Resolution Deploring War Spirit

FOR LEAGUE OF NATIONS

Gives Number of Reasons Why War Is Harmful to World Progress

STOCKHOLM, July 24—Baptist churches the world over are called upon in resolutions before the Baptist World Alliance last night to assist promoting world peace through urging their governments to make the maintenance of peace their first aim, to support the League of Nations and to co-operate in completing the League of Nations by seeking to bring into its membership all nations which have not joined it already, thus making of it a universal agency for the promotion of world peace.

The churches were also called upon to employ their efforts in eliminating from all text books of all nations those things calculated to promote racial and national antagonisms; to quench the worship of military heroes and to kindle instead in the minds of the young an admiration for those citizens who serve the world in positive ways.

The resolutions were moved by the Rev. Dr. Frederick Spurr of Birmingham, England, pastor of the Hampstead Road Baptist Church of that city and president of the National Council of the Evangelical Free Churches, Incorporated, of Great Britain, and follow in full:

The Resolution

"The members of the Baptist World Congress, meeting in Stockholm, deplore the many signs of the continuance of the war spirit. The results are disastrous to the commerce of the world, to the progress of liberty, to recovery from the exhaustion of the late world war, to the advancement of the brotherhood of man, and to the extension of the Kingdom of Christ in the world.

"The Congress first urges the members of the churches throughout the world to pray for peace, to counterwork everything likely to provoke war, to foster kind feelings, to cleanse all the text books of all the nations of all racial and national antagonisms, to quench the worship of military heroes, and to kindle admiration for all who serve the world in positive ways.

"The Congress welcomes the formation of a League of Nations and the establishment of an International Tribunal for the settlement of disputes between nations; it urges the churches to support the League and to complete it by bringing all nations into it in order to avoid war and to meet the desire of the people for universal peace.

Peace First Aim

"The Congress, representing very many millions of citizens, belonging to many governments, appeals to the governments of the world to make the maintenance of peace their first aim, for the sake of each nation's people and for the sake of the happiness and well being of all mankind."

MR. SATO IS PLEASED WITH LOCAL SCENERY

SMITHERS, July 25.—Y. Sato, of Tokio, Japan, special representative of the Nippon Yusen Kaisha, Japan's largest steamship line, passed through here on his way to Jasper Park where he intends spending a few days before proceeding to Vancouver, from which port he sails for Nippon on August 9.

Mr. Sato was in a very communicative mood and expressed delight at the natural scenic beauty along the Skeena River and regretted that travel by night prevented him from enjoying it to the full.

MORE SETTLERS FROM BRITAIN ARE ARRIVING

OTTAWA, July 25.—The number of immigrants coming from Great Britain to Canada during the three months of April, May and June numbered 22,553 as against 11,695 for the same period last year. Immigration from other countries rose from 4,972 to 12,026.

Total immigration to Canada for those months were 40,952 as against 25,992 for the same period last year.

Missing Propeller Blades Were Affixed by Tinting Vessel Forwards

BUCKLEY BAY, July 24.—Repairs were made to the steam lumber schooner El Cedro, which arrived here July 19 to load for Los Angeles without taking the vessel into drydock.

When coming north the schooner struck a log coming out of Seymour Narrows, knocking off one of the propeller blades and taking away half of another. This had the effect of reducing her speed.

On the arrival on the ship here her hold No. 1 was filled with water which tilted the stern out of the water and enabled the engineers to replace the blades with very little difficulty.

Ten Years Ago in Prince Rupert

July 25, 1913.

In a spirited 15-round bout at the Melutye Hall last night, Lem Kegg, local lightweight, defeated Eddie Shannon of Seattle on points. Mr. Jones of New York refereed. Cyclone Scott outpointed Campbell, a local man, in the preliminary.

A fisherman named Lawrence Burns, aged 26, was drowned yesterday afternoon when he fell off the gasboat Verna near the Davis float.

A. Forbes, mineral expert for the provincial government, has examined the salt bed at Kwintisa owned by Frank Mohley and others and gives his opinion that there was a salt lake there in prehistoric times.

The Man in the Moon SAYS--

A FEW first class enemies are a great aid to success.

MAN has a sense of humor; woman has a sense of rumor.

THERE once was a girl in this town

At a dance would do nothing but frown,
She was haughty and cold
And not the least bold
And at flirting was simply a clown.

THE best half of the year is before us. Shoulders to the wheel boys.

IF the jails advertised more, there would be less crime.

I HATE to be a kicker,
I always long for peace
But the wheel that does the squeaking
Is the one that gets the grease

THE young man of seventy laughs at the old folks of twenty.

THE man who follows in his father's footsteps is likely to find himself in the ocean of eternity.

HAVE you heard about the young couple who went out together and discussed the Einstein theory all the time. They are at Westminster now.

THEY haven't got much on us, as Cleopatra said when she sailed down the Nile.

THE man who received the bad egg by mail sent it back labelled "opened by mistake."

THERE is one thing about a bad egg, it advertises itself.

THE other day I was out and a girl was talking to a man who was jollying her. She told him he was a bad egg and I wondered what she meant. Was it the breath?

YOU may have heard of the fashionable young lady who stepped on the edge of her skirt when she was out. Her male friend said he enjoyed the trip.

IN Toronto the Good a lot of people object to Sunday bathing. It is confidently reported also that a great many people there object to bathing at any

DAILY EDITION

Wednesday, July 25, 1923.

Of The Holding Of Conferences There Is No End.

Holding conferences tends to bring nations together and help them to straighten out their difficulties and lessen their differences, perhaps, but they do not mean much more. The fact that a conference is held and decisions arrived at never proves final unless international public opinion is affected thereby.

In the British parliament, Ramsay Macdonald, the labor leader, asked that Britain call a disarmament conference. Yet it seems but the other day that the delegates of the nations were meeting in Washington to discuss international disarmament and the limitation thereof. A good deal was accomplished at that conference but after all it is too early to judge results. It is only if the conference was effective in preserving peace over a period of time and at the same time of diverting money and effort from war measures to peace measures that it may be looked upon as a success.

Let Us Organize And Hold Meeting.

"Let us organize and hold a meeting" is the motto of the day. People work in groups, in organizations, in societies, or in lodges. Other mottoes of the day are "get together," "work together," "act together," "play together." "In union there is strength." Yet the power of organization is often over estimated and individual effort minimized. Very often the strength of an organization is only measured by the influence of the leader. Take the leader away and the organization fails. That is seen here and elsewhere.

Organizations in which there are less than a dozen active members often go to the government asking for some line of legislative or administrative action. Because they are an organization they have weight, whereas their actual influence is almost nil. In a recent comedy sketch put on by an organization in one of the coast cities the comedian was constantly saying "Let's hold a meeting." The meeting was a conference between two people. That illustrates the length to which we have gone in organization. We can do nothing without forming an organization, choosing a number of committees, few of which ever do anything, and having a name for the society.

In spite of what has been said, a live organization is a great power and is capable of much good or evil.

Good Price For City Bonds.

The financial concern of which the minister of finance is a member has purchased the city bonds at a good figure. The securities were sold practically at par, which is a very good record and one that shows what careful administration will do for a city. While we have most grave problems in city financing, by care and determination these problems can be overcome. Many of us have been annoyed this year when our pet schemes failed to get support from the city, yet we must congratulate ourselves that we have a city government that has courage to face the situation and bring financial order out of chaos. Even a democracy cannot afford to play fast and loose with public money or it comes back when they go out to borrow. The advantages of carrying on in a somewhat businesslike manner is shown in the price paid for bonds today.

Peace Sunday This Week Ends.

The coming Sunday is Peace Sunday and the people of the Dominion are asked by the League of Nations Society to observe it. The idea is a good one, for all would wish to see peace triumphant throughout the world. Anything that can be done here to advance the cause of peace should not be neglected.

Preserve Them

J. M. Morrison, the Alice Arm transfer man, arrived in the city on the Cardena last night and will be returning north on the Prince George tonight.

The C.P.R. steamer Princess Charlotte, Capt. C. C. Saintey, is due from Alaska at 4 this afternoon. She will sail for Vancouver and way ports at six.

Sister Superior Juliana, Sister Camisus and two other members of the St. Joseph's Convent staff left on last night's train for Terrace where they will spend a fortnight.

Bessie Murren, colored, was arrested today by Chief Vickers and a charge of vagrancy will be preferred against her. Complaints of her disorderly conduct last night was received at the police station.

Passengers sailing for Vancouver on the Cardena last night included Mrs. A. Shenton, C. J. Morrow and P. A. McDougall. Several men were also shipped to Surf Inlet. The Cardena returned from Anyox and Stewart at 10 o'clock and sailed at 10.30 for the south.

The following Labor Day celebration committee was appointed by the Trades and Labor Council at the regular meeting last night: Ald. S. D. Macdonald, J. J. Gillis, Charles Walker, Harvey Fraser, T. Ross Mackay, George B. Lacey, George Waddell, Geo. Scott, Bruce Love, James Black, R. Dowther, J. Campbell, G. Taylor and W. M. Brown.

Dr. F. P. Kenny, graduate of the University of Toronto, the Royal College of Dental Surgeons of Ontario and the College of Dental Surgeons of British Columbia, wishes to announce that he is practicing dentistry in his modern dental office in the Helgerson Block. Dr. Kenny is here permanently and is not connected with any other dentist in the practice of dentistry. 174

The local Trades and Labor Council is preparing resolutions to be submitted to the Dominion Congress to be held in Vancouver on September 10. A special committee was appointed for the purpose at last night's meeting and will report to a special meeting to be held on August 2. At this meeting suggestions will be received from all unions in the city. The committee having the matter in hand consists of J. J. Gillis, George Scott, Ald. S. D. Macdonald and T. Ross Mackay.

BRINGING UP FATHER

BRIDGE AND ROAD BUILDING STEWART

Bear River Fill Finished and Bridge Will Soon be Started - Hyder-Stewart Road Building Commenced

Rock filling on the Bear River in readiness for the building of the new bridge has been completed by Gus Elstron, the contractor, and an early start will be made on the bridge in order to have it completed this season. Major B. M. Taylor, district public works engineer, reports following a recent visit to Stewart. The fill on either end of the bridge totals 1,000 feet in length and the bridge will be 300 feet long. The work on the bridge will be done by day labor and the timber and iron for it has already been delivered.

Major Taylor also reports that work has been started on the new Stewart-Hyder road by O. M. Watson & Co., contractors. Good progress is being made and the job will be done this season.

TEA AND SALE FOR ST. ANDREW'S CHURCH

Pleasant Affair Took Place Yesterday Afternoon at Home of Mrs. W. C. Orchard

A very pleasant tea and sale of home cooking was held yesterday afternoon at the home of Mrs. W. C. Orchard, 700 Musgrave Place, by the Women's Auxiliary of St. Andrew's Church. The sum of \$20.35 was realized.

Mrs. J. H. Pillsbury poured and was assisted by Mrs. G. Whitehead, Mrs. H. A. Philippott, Mrs. A. R. Nigholls and Mrs. A. E. Bazzett-Jones. Mrs. C. C. Mills had charge of the candy table and Mrs. J. Barnsley and Miss Francis Cross presided at the home-cooking tables.

TRADES AND LABOR COUNCIL OFFICERS

Ald. S. D. Macdonald is Re-elected President For Ensuing Six Months Term

Officers were elected for the ensuing six months at the meeting of the Trades and Labor Council last night. They are as follows:

President, Ald. S. D. Macdonald. Vice-president, J. J. Gillis. Secretary-treasurer, T. Ross Mackay. Warden, Harvey Fraser. Stacionian, W. M. Brown.

WOULD WITHDRAW WHEAT THIS YEAR

American Farm Bureau Wants Government to Finance 200,000,000 Bushels

WASHINGTON, July 25.—(By Canadian Press).—The American Farm Bureau Federation intends to press hard for the adoption of its plan to have 200,000,000 bushels of wheat withdrawn from the market this year and financed through the new intermediate credit banks which were authorized in the last session of Congress.

Two Hundred Million Surplus
This is the plan which the president has been urged by the federation to recommend and which has been urged on the secretary of agriculture. It is contended that the 200,000,000 bushels will be the surplus this year and if it is not held off the market, wheat prices, already low,

will be demoralized, with great loss to the farmers. On the other hand, it is denied the plan contemplates indirect government subsidizing of wheat or subsidy for the farmer at the expense of the consumer.

Gray Silver, Washington representative of the American Farm Bureau Federation, holds that there is no other way to protect the interests of the wheat grower and that unless this method is followed, there will be almost irresistible demand for the fixing of the price of wheat by the government. Mr. Silver points out that the farmers will need no action by Congress, by President Harding or the Department of Agriculture to carry out the plan. He says the farmers are simply proposing to do what the law entitles them to do and to use the credit machinery which has already been provided for their benefit.

Credits Obtainable

Under the law, he points out, the farmers can obtain credits up to 75 per cent of value, through the intermediate credit banks, on wheat and other agricultural products. As he views it, it is now up to the government to go ahead and carry out the intent of Congress when it enacted last session the new credits legislation.

As Mr. Silver explains the Farm Bureau Federation proposal, the farmer would sell his grain to his co-operative marketing association, the association would take a receipt for the grain but it would be stored in the farmer's granary, the association would then take the receipts and borrow from the intermediate credits bank on the strength of them. The proceeds of the plan would be distributed to members of the co-operative association in proportion to wheat furnished. With this arrangement made, the wheat would be marketed gradually, when prices were favorable, and not dumped on the market at once.

WHISTLING AS AID TO STOP STUTTERING

BOSTON, July 25.—Whistling stops stuttering, according to Dr. Walter B. Swift, who has opened a free clinic for speech correction at the Wentworth Institute. He says the peculiar action of the mouth muscles during whistling aids correction of vocal impediments.

"Whistling and vowels for an hour a day. Will drive by and by your stuttering away."

says Dr. Swift, substituting for M. Coue. Slow and steady grinding out of words beginning with "g," "gl" and "cl" will help, too, he asserts.

COLTS DEFEAT WHITE SOX IN INTERMEDIATE LEAGUE BASEBALL GAME

The Colts defeated the White Sox by a score of 7 to 4 in last night's Intermediate League baseball match. Consistent with recent games that have been played in this league, the play was good and tight with few errors. There was a small attendance though the brand of ball was worthy of better support.

The Colts started off in the first inning with a hitting streak and scored four runs right off the bat. Lambie, the White Sox hurler, held things down well thereafter until the seventh when the Colts scored their other three. The White Sox scoring was well divided, one in the third, one in the fifth and two in the seventh. The game went seven innings. Lambie had eight strikeouts to his credit and D. Frizzell the Colts' pitcher, four.

S. Bazzett-Jones umpired and the teams took the field as follows:

Colts—C. Budenich, c; D. Frizzell, p; J. Sims, 1b; T. Fraser, 2b; C. Clapp, ss; N. Chenoski, 3b; H. Hibbard, lf; S. Joy, cf; Albert Palmer, rf.

White Sox—G. Blythe, c; W. Lambie, p; G. Howe, 1b; J. Martin, 2b; B. Wendell, ss; Dido Gurvich, 3b; J. McNulty, lf; R. Veireck, cf; A. Smith, rf.

Score by innings:
1 2 3 4 5 6 7
Colts 4 0 0 0 0 3—7
White Sox 0 0 1 0 1 0 2—4

Sport Chat

The Boy Scouts' water gala postponed from last Thursday will take place tomorrow afternoon at the Salt Lake and will

be followed in the evening by a street dance. The program will be just as planned for last week and the management is hoping that inclement weather will not hinder the holding of the event as it did last week. Every effort has been made to make the affair as attractive as possible and it should be patronized by everybody in the city having the interest of the boys at heart. Apart from that, there is to be a fine bill of water sports which will reward the time and expense of the many people who, it is expected, will cross the harbor tomorrow afternoon. The street dance in the evening will be no less a feature than the water sports in the afternoon. A fast and frequent boat service to the Lakes has been arranged for and it will be increased if necessary.

After a lapse of seventeen years, horse racing will be resumed in California on November 3 when the Pacific Coast Jockey Club opens Tanforan, the new race track near San Francisco. Between 500 and 600 horses will enter the races and they are coming from every part of the United States as well as from Hawaii. Prominent owners who will have California stables include C. K. G. Billings, Thomas Fortune Ryan, Harry Payne Whitney, Sam Hildreth and A. K. Mcomber, New York; J. A. Widener, Philadelphia; Frank J. Kelley, Chicago; C. A. Hartwell, Honolulu; A. B. Spreckels, Rudolph Spreckels and Herbert Fleischacker, San Francisco.

District Notes and News

PRINCE GEORGE

Lauchlin W. McKenzie, a sawyer employed in the Red Mountain Lumber Co.'s mill at Penney near here, met death in a shocking manner last week when he was thrown upon the band saw, his body being cut in two from the top of his head to the hips. He was about 60 years of age and was unmarried.

The Prince George hotel has been thoroughly renovated by Mayor Johnson and will be reopened on July 28.

The mayor and aldermen and employees of the city enjoyed a highly successful picnic to Six-Mile Lake last week. The affair was organized by Mayor Johnson and was attended by a large number of people.

E. W. Bowness, of the Empire Engineering Co., of Edmonton, consulting engineer for the Timber Syndicate Co., which proposes the erection of a pulp mill in the district, passed through the city last week enroute to Isle Pierre to examine power possibilities. Robert Tylner, resident manager of the Fraser Timber Syndicate accompanied him.

Mrs. Abbott has been installed Grand Noble of the local Rebekah Lodge and F. Clark of the Oddfellows' Lodge.

The celebrated Holden mystery, in which Arthur Holden, his wife, Ada Holden, and a young son disappeared two years ago never since being heard of, will figure in an application which P. E. Wilson will make before Judge Robertson this week. David Clark, hired man of the Holdens, was sentenced to two years for theft from the Holdens after their disappearance and it is understood that the police will now take steps against him on the grounds of perjury in connection with the case.

Alex. Wylie, local manager of the Canadian National Telegraphs has returned from an extensive holiday trip which took him across the continent.

Mr. and Mrs. R. Corless left last week on a motor trip to Portland, Oregon.

Maurice O'Rourke has undertaken to organize a branch of the Native Sons of Canada in Prince George.

William Smarton, G. B. Williams and Herbert Wood are the new members of the South Fort George school board.

Arthur Bellos received a black-hand letter last week.

Three (3) years will be allowed for removal of timber.

Further particulars of the Chief Forester, Victoria, B.C., or District Forester, Prince Rupert, B.C.

ANYOX

Anyox is quickly getting back to normal, and the smelter is operating again, the carpenter and bridge building gangs having accomplished wonders in getting the trestle work in shape for the passage of the ore cars.

Sport has lagged somewhat in Anyox during the past week, it being difficult to field teams in the baseball and football fixtures many of the boys being engaged on overtime. The games will resume this week, however, with two senior baseball games and a football match. In baseball, the Smelter and the Mine teams will play one game, the Elks and the Smelter the other, while the football match will be between the Smelter and Mine aggregations.

To make matters worse for the manager of the Elks team, his star twirler, B. J. Fitzpatrick, taking advantage of the temporary shut down of the Smelter, went south on a short holiday on the last Grand Trunk boat on a visit to his people.

The congregations of the Union and Anglican churches united in service on Sunday evening last. The services were held in Christ Church, W. J. E. Pamplin reading the opening-services of the Anglican Church and the Rev. J. Herdman preaching the sermon.

Already plans have been made for a new Union Church, and as soon as a location has been decided upon, construction work will commence. It has been practically decided that a more central location will be better than where the destroyed church stood.

A quiet wedding was celebrated in Anyox on Thursday, July 19, when Miss Nancy O'Neill became the bride of J. McGuire. The happy couple were married at the Catholic Church by the Rev. Father Fleck, and left immediately after the ceremony for the south, the honeymoon to be spent in Vancouver on the Sound cities.

Complimentary to Miss Phyllis Grigg, who is to be married in August, a miscellaneous shower was recently held, Mrs. (Dr.) Zeigler being the hostess. There was a large gathering of friends, and from a daintily decorated well, the bride-to-be drew many serviceable and dainty gifts. The evening was spent in playing cards and dancing. The prize winners at cards were: 1, Miss Violet Eaton; 2, Miss Gladys Rashleigh; consolation, Miss Peggy Thompson. Those present included Mrs. H. Jones, Mrs. J. Woods, Mrs. W. F. Ene, Mrs. L. F. Champion, Mrs. B. M. Buck, Mrs. J. Grigg, Mrs. Alma Waite, Misses R. Champion, E. Haslett, V. Eaton, V. McKay, P. McMillan, V. Rashleigh, P. Thompson, R. Moffatt, G. Rashleigh, E. Russ.

H. F. Noel, of the stores staff was a returning passenger by the last boat from the south, bringing with him the young lady whom he took to wife while on the outside.

Recent births at the Anyox Hospital were to Mr. and Mrs. C. Rowlandson a son, and to Mr. and Mrs. H. Kirk, a daughter.

W. F. Roberge, of Prince Rupert, was a visitor in town on Monday, and talked enthusiastically while here of the big baseball tournament which he is boosting for Prince Rupert in connection with the Fall Fair.

The Smelter returns from July 9 to July 15 inclusive show that 17,711 wet tons of ore were treated at the Anyox smelter. This was made up as follows: Anyox ore, 16,696 tons; outside ore, 1,015 tons. Average price of copper for the week, 14.1876c.

Coke plant production, July 10 to July 16, inclusive, 1,608 short tons of coal were charged and 1,410 short tons of coke produced; 3,616 imperial gallons of light oil were produced and 6,755 lbs. of ammonium sulphate were manufactured.

SMITHERS

Miss Myrtle Berg entertained a number of her girl school mates at a birthday party held in her home last Saturday. Games and sports were indulged in, and after a delightful supper, a theatre party was formed to make "the end of a perfect day."

Mr. and Mrs. G. W. Hutchinson, accompanied by Miss M. Tiley, have left for Winnipeg, where they will make their home.

M. MacKenzie, general chairman Brotherhood of Locomotive Engineers, and A. P. Duke, general chairman Brotherhood of Locomotive Firemen for western lines of the Canadian National Railways were in town in connection with union affairs. They left Sunday for their headquarters in Winnipeg, making business calls at all divisional points on the way.

The Misses Florence and Grace McDougal are holidaying in Edmonton.

D. Murphy, conductor on the Canadian National Railway has left for Sydney, N.B. from whence he received a telegram notifying him of the serious illness of his daughter, who was visiting eastern points with her mother.

"Bob" Pearce, railway conductor, has resumed work after taking in the Edmonton Fair.

HAZELTON

T. H. Bain, Dominion fruit and vegetable inspector, visited here last week. He said that this district possessed all the necessary agricultural advantages and declared that it was capable of supporting thousands of settlers.

S. Bergman was re-elected to the school board for a term of three years at the annual district school meeting held last week at New Hazelton.

A. S. Gray, the Cedarvale panacher, visited New Hazelton last week. He said that his crop of strawberries this year was very encouraging and he intends to put several more acres in small fruit next year.

Mrs. James McKay and daughters were visiting last week at Burns Lake with Mr. and Mrs. A. M. Ruddy.

Steve Hill of the Yukon Telegraph line north of here shot himself in the leg recently and is now in the Hazelton hospital.

Mrs. Du Vernet returned to Kitwanga last week after spending a few days in the hospital here. She was accompanied by Miss Ralphena Wrinch who will visit with her at Shandilla.

About a dozen men were sent out from Hazelton on Sunday to improve the trail from the main road to the Sultana Group, which the Granby Co. will develop by diamond drilling this summer. The outfit will be in early in August.

BUCKLEY BAY

Mrs. Ives of Vancouver is on an extended visit to Buckley Bay with her son who is an old time resident here.

Miss Morris Madlaff who has been attending school at Victoria is now home to spend her summer vacation at Buckley Bay with her parents.

Mrs. Hancock, wife of C. A. Hancock of Buckley Bay, arrived with her family to take up permanent residence here.

A. B. Pleas, bl' logging superintendent for the Massett Timber Co., Limited, has returned after a short vacation in Vancouver.

STEWART

The new school house at Hyder is nearing completion. Jans Peterson has the contract.

A compressor is being purchased by C. A. Mackenzie for

Blind Man's Buff

EVEN in this age of enlightenment some folks spend their money blindly. They buy with their eyes shut. They grope in the dark as truly as if their eyes were bandaged.

And all the time a powerful light is being thrown on the very things they need and want!

Advertising is a beacon to guide you in buying. It shows you what to buy--- where to buy--- and when to buy. At the same time, it protects you against fraud and inferiority.

Merchants and manufacturers who advertise deliberately focus thousands of eyes upon their wares. Their values must be honest and their prices right, or they could not advertise successfully.

Don't play blind man's buff with the elusive dollar. Spend a few minutes each day running through the advertisements in this paper. Then buy the products that have proved up in the light of advertising.

Read the Advertisements.

LIFEBUOY HEALTH SOAP

BUTTERFLIES SIP HONEY DAINILY

LONDON, July 25. — Not the gross eating of the carnivorous animals, but the dainty feeding of the butterflies today attracts many people to the Zoological Gardens, at least those people who appreciate what has been pronounced the prettiest sight in the zoo. There could be no greater contrast than that afforded by a lion or a tiger snarling over a mess of flesh and bones and a flight of beautiful butterflies sipping honey.

Every hour when the sun shines Miss Cheesman, Curatrix of Insects, enters the spacious butterfly cage at the zoo and regales her charges, hundreds of peacocks, tortoise-shells, brimstones, greenveined whites, and other butterflies galore, on diluted honey.

There are plenty of flowers in the enclosure but artificial feeding is necessary, for the blossoms do not provide sufficient nectar for the thirsty insects, and they are so quickly fertilized by the frequent visits of the butterflies that they soon turn to seed.

On entering the cage with the mixture Miss Cheesman is mobbed by the hovering throng—like a donor of cakes and sweets at a picnic of school children—the gaily-hued insects settling all over her and assembling in a group upon the honey-can.

The scene at such a time suggests an animated kaleidoscope or some fairy spectacle.

MORE IMMIGRANTS
OTTAWA, July 25.—There was an increase of 63 per cent in the number of immigrants entering Canada during the last three months compared with the corresponding quarter of last year. For the month of June the increase was 88 per cent.

Here and There

A jersey cow owned by a Montreal man has broken all Canadian records by producing 1,200 pounds of butter in a year.

The average annual per capita cost from fires in United States is \$2.26, while Canada loses \$2.73 per capita by fire; Spain, \$1.86; France, 97 cents; England, 64 cents; Germany, 28 cents, and the Netherlands, only 11 cents.

Bungalow Camps in the wilds of Ontario have been opened by the Canadian Pacific Railway Company at French River, Nipigon, and near Kenora, Lake of the Woods.

Traffic through the Lachine Canal during the month of June showed an increase of two million bushels of grain and one hundred thousand tons of coal with increases in pulpwood, produce and passengers over the same month of the previous year.

The wheat crop of Alberta and Manitoba has progressed so well on account of the abundant moisture of the early season that farmers, business men and railroad companies are preparing for a harvest in excess of the record one of 1915.

Prince Rupert, B.C., claims the world's best record for a one trip fish catch. A fishing schooner arrived at this port recently after being at sea 14 1/2 days, with 38,000 pounds of halibut, which sold for a sum that netted each man of the crew of five \$727.80.

In the Province of Ontario, it is estimated, the lumber cut in 1922 amounted to 309,000,000 board feet, and in addition 289,113 cords of pulpwood. The Province of Nova Scotia cut 125,000,000 feet, New Brunswick 210,000,000 feet, and British Columbia 273,146,000 board feet.

The Dominion Express has just effected a shipment from Hamburg to Kobe, Japan, in 32 days. The average time consumed between the same two points via the Suez Canal is 49 days, and the saving thus made by the Canadian route will be of great importance in helping make this country the road between Europe and the Orient.

The total value of the pelts of furbearing animals taken in the Dominion during the season of 1921-22 was \$17,433,800, an increase over the previous year of \$7,287,273, or 72 per cent, and the number of pelts of all kinds was 4,366,790, an increase over the previous season of 48 per cent. These figures comprise pelts of animals taken by trappers and pelts of ranch-bred animals.

Tests of ceramic clay resources in British Columbia are being planned this summer by the British Columbia Government. The tests will be made under the auspices of the Department of Education and the Department of Industries. There are many varieties of clays in British Columbia and some are reported to be particularly suited to the manufacture of high class pottery ware.

A reduction of express rates on westward moving business between Europe and Canada was announced by the Foreign Department of the Dominion Express Company recently. This reduction on westbound shipments follows a similar cut on shipments from Europe to Canada made a little while ago, and amounts to a reduction of approximately twenty per cent on the trans-oceanic trip. The rates came into effect on July 9 between all points in Canada and Europe.

The Banff-Windermere highway, the last link in the 6,000-mile chain of good roads which extend from the heart of the Canadian Rockies to California and return is now open to motor traffic, having been officially opened on June 30th by the cutting of a ribbon at Kootenay crossing in the presence of a number of Federal and Provincial Government officials, and a host of automobile tourists. The completion of this road has rendered accessible the most beautiful scenic country on the continent.

BANDITS BIG HAUL
TORONTO, July 25. — Bank bandits got away with \$130,000 in currency, it is officially stated.

SYNOPSIS OF LAND ACT AMENDMENTS

Minimum price of first-class and reduced to one acre, second-class to \$2.50 an acre.

Pre-emption now confined to surveyed lands only.

Records will be granted covering only land suitable for agricultural purposes and which is non-timber land.

Patentable pre-emptions abolished, but parties not more than four may arrange for adjacent pre-emptions with joint resources, but each making necessary improvements on respective claims.

Pre-emptors must occupy claim for five years and make improvements to value of \$10 per acre, including clearing and cultivation of at least 1/2 acre before receiving Crown Grant.

Where pre-emptor in occupation no less than 3 years, and has made proportionate improvements, he may be granted intermediate certificate of improvement and transfer his claim.

Records without permanent residence may be issued, provided applicant makes improvements to extent of \$50 per annum and records same each year. Failure to make improvements or record same will operate as forfeiture. Title cannot be obtained in less than 5 years, an improvement of \$100 per acre, including 1/2 acre cleared and cultivated, and residence of at least 2 years are required.

Pre-emptors holding Crown Grant may record another pre-emption, if he requires land in conjunction with his first, but actual occupation, provided statutory improvements made and residence maintained on Crown granted land.

Unsurveyed areas, not exceeding 20 acres, may be leased as homestead, title to be obtained after fulfilling residence and improvement conditions.

For grazing and industrial purposes areas exceeding 640 acres may be leased by one person or company.

Natural hay meadows inaccessible by existing roads may be purchased conditional upon construction of a road to them. Rebate of one-half of cost of road, not exceeding half of purchase price, is made.

PRE-EMPTORS' FREE GRANTS ACT.

The scope of this Act is enlarged to include all persons joining and serving with His Majesty's Forces. The time within which the heirs or devisees of a deceased pre-emptor may apply for title under the Act is extended from one year from the death of such person, as formerly, until one year after the conclusion of the great war. This privilege is also made retrospective.

No fees relating to pre-emptions are due or payable on or after June 28, 1918. Taxes are remitted for five years.

Provision for return of moneys accrued, due and been paid since August 4, 1914, on account of payments, fees or taxes on soldiers' pre-emptions.

Interest on agreements to purchase town or city lots held by members of Allied Forces, or dependents acquired directly or indirectly from enlistment to March 31, 1920.

SUB-PURCHASERS OF CROWN LANDS

Provision made for issuance of Crown grants to sub-purchasers of Crown Lands, acquiring rights from purchasers who failed to complete purchase, involving forfeiture, on fulfillment of conditions of purchase, interest and taxes. Where sub-purchasers do not claim whole of original parcel, purchase price due and taxes may be distributed proportionately over whole area. Applications must be made by May 1, 1920.

GRAZING

Grazing Act, 1919, for systematic development of livestock industry provides for grazing districts and range administration under Commissioner.

Interest on agreements to purchase town or city lots held by members of Allied Forces, or dependents acquired directly or indirectly from enlistment to March 31, 1920.

"BECOMINGNESS"

Individuality should be the keynote in every woman's dress.

After all, it is her clothes that express her personality to nine-tenths of the populace. Necessarily in order to effect the smart individuality that bespeaks an interesting personality, clothes must adapt themselves into a becomingness that belongs to the individual alone. A study of one's coloring and profile, carriage and figure is just as essential as not choosing corks if it makes you look like jaundice, style is not style if it is not becoming to the individual type, but study the mode when you study your individual requirements. A careful inspection of our Corsets and Brassiers will prove that "style" in its most intricate version may be becomingly adapted, leaving your selection of WARNER'S CORSETS and BRASSIERS.

Doll Corsets, just like mother's 15c
Warner's Corsets are priced \$1.75 to \$6.50
Warner's Brassiers are priced 50c to \$2.00

And every pair guaranteed.

Have You ever heard of "Salt Spring Island"

This wonderful island is situated in the Gulf of Georgia, and is noted for the tremendous crops of small fruits raised there. Handicapped by an irregular boat service, the growers cannot ship their fresh fruits to Vancouver or Victoria, consequently they have established a Co-operative Jam Factory to which they send all their best fruit only. The result of this policy is amazing. No pectin is used in manufacturing, and we doubt whether home made jam is nearly as good. Our first shipment has arrived, and we invite you to a real treat. This is 1923 Season's jam and the best we have ever seen.
