TAXATION CHANGES ANNOUNCED BY HART

NORTHERN MILL AND LOGGING CAMPS TO BE OPERATED IN NEAR FUTURE

Personal Property Tax cut in two 50 Per Cent Reduction to Farmers says Finance Minister in Budget

VICTORIA, Nov. 30.—A reduction of fifty per cent will be made on farm property taxation but the tax on all other real property in British Columbia will remain as it is, according to the policy of Hon. John Hart, minister of finance, as expressed in his budget speech delivered in the Legislature yesterday afternoon.

The minister said the personal property tax would be reduced to one half of one per cent or one half of the present rate. It is proposed to place a tax of one half cent a gallon on fuel oil, from which it is expected to receive a revenue of \$400,000 per annum. A tax of three cents per gallon will also be placed on gasoline, and this it is estimated will provide a revenue for the year of \$400,000 and revenue diverted from this source will enable the government to give more attention to construction and improvement of highways.

PREMIER KING ARRIVES HOME

Quarantine Boat Goes Ashore
But Delay is Only for an Hour

MASS MEETING TONIGHT

HALIFAX, Nov. 30.—Looking for the picture of health Premier King returns home this morning from his first Imperial Conference in London. The hour set for his arrival found the harbor enveloped in thick fog but this failed to hinder the progress of the vessel and she anchored off quarantine on schedule time. The boat carrying the local reception committee did not fare so well in the thick weather. She stranded on Pleasant Point shoal with the Premier aboard and was held up for upwards of an hour. At noon today a reception was tendered the Premier and tonight he will address a mass meeting in the interests of G. A. Edmond, Liberal candidate at the by-election in this constituency next week. The Premier leaves for Ottawa tomorrow.

HIKES TO VANCOUVER BUT NOW IN HOSPITAL

Seattle School Teacher Suffers
From Mental Aberration,
Identified by Police

GERMANY ARMS CAUSES WORRY

LONDON, Nov. 30.—Disturbing information concerning the extent to which Germany is recruiting and arming has been received by the British government. The view is taken that this information reveals potential rather than imminent danger but the British authorities are frankly concerned over the situation and its bearing on the peace of Europe.

To compensate motorists for the increased tax on gasoline, the government proposes to reduce the license fees by fifteen per cent. The estimated revenue for the next fiscal year Mr. Hart stated is \$18,359,216 or \$100,000 less than the revenue actually received this year. The minister gave his estimated expenditures for the next fiscal year at \$16,699,194 on current account and \$2,587,219 on capital account, a total of \$19,286,413.

EXPORT OF LOGS IS STILL LIVE QUESTION

Motion of Leader of Opposition
Ruled Out of Order by Mr. Speaker

VICTORIA, Nov. 30.—Another stage was reached in the Legislature in the controversy over the export of unmanufactured lumber after January 1, 1925. A somewhat similar amendment was voted down by the Legislature recently.

Granby Company to Operate Mill and Log off Kitsault River Flats Employing Large Number of Men

ANYOX, Nov. 30.—An announcement of considerable interest to the people of this section has just been made by J. B. Haffner, general superintendent of the Granby Company's Anyox operations, to the effect that the Granby Company will commence logging its timber limits in the Kitsault Valley as soon as the preliminary arrangements can be carried out. The initial preparations are already under way, and the plans ready. On the three limits to be first cut over, it is estimated that there are some forty million board feet of excellent timber, consisting of hemlock, spruce and cottonwood, which will take between two and three years to log. In the meantime, if the lumber market warrants it, other extensive limits owned by the company in the same vicinity will be logged off. The operation on the Kitsault flats will mean employment for about one hundred men in the woods alone. In connection with the logging of these limits, the Company, Mr. Haffner further states, would place the mill on Larcum Island in first class condition, and will saw the logs from its own camp into squares of all dimensions for export, as well as manufacture lumber for all domestic purposes. An experienced logger in the person of W.

BUILDING PERMITS

Building permits for November totalled \$6,065 in value being principally for repairs to existing buildings, the main item being the work on the Borden St. School valued at \$4,500. Others were: Wong Chew, repairs, \$300; M. F. Nickerson, garage, \$90; Westenhaver Bros., repairs, \$75; Valentin Dairy, repairs, \$200; F. Brochu, \$300; Big Bay Lumber Co., addition to warehouse on waterfront, \$600.

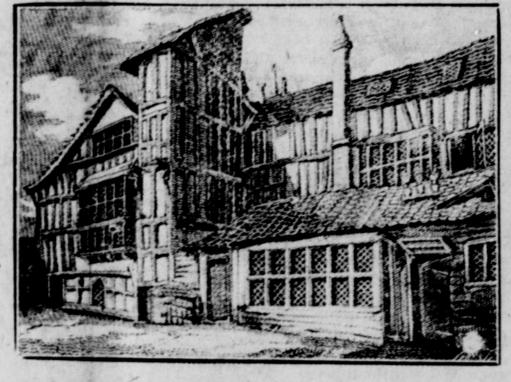

LUMBER ORDER FOR PROVINCE SECURED THROUGH McMILLAN

(Special to Daily News)
VANCOUVER, Nov. 30.—The Japanese Government has ordered 30,000,000 feet of lumber from British Columbia mills through the H. R. McMillan Export Company of Vancouver, Hon. T. D. Pattullo announced yesterday.

CAPT. SALTER LEAVES VESSEL

Shinkoku Maru is High and Dry
and Weather at Montague
Island Calm

CORDOVA, Nov. 30.—Capt. L. Salter, his two small sons and four Japanese who remained on the freighter Shinkoku Maru, which beached on the rocks of Montague Island, Prince William Sound, abandoned the vessel early yesterday and arrived here Thursday afternoon. They joined the rest of the crew of 42 which arrived here the day previous and will sail for Victoria, B.C., today on the steamship Northwestern. The Shinkoku was reported to be high and dry with the weather calm. She was expected to remain in this position until another heavy gale blows. Some of the cargo may be taken from the ship if the weather conditions remain favorable.

The 500th anniversary of the death of Dick Whittington was fittingly observed at St. Michael's College Hill, in which parish he died. The above is a reproduction of an old print showing the house of the beggar boy who became Lord Mayor.

Thelma Arrives Home in Battered Condition as Result Experiences

The storm scarred Canadian fishing schooner Thelma No. 1, Captain Geo. Fritz, which was so badly used up in the terrific storm off the Fairweather fishing banks on September 15 when Tom Wilson and Spencer Allen, of this city, were washed overboard by a terrific sea and drowned, limped into port a few minutes before noon today under her own power and tied up at the Swanson wharf. Accompanying the skipper were Tim Miller and Ace Allen, members of the crew, the latter being a brother of Spencer Allen.

Capt. Fritz says nothing but a Divine providence brought the boat through the storm and it is a miracle that he is here to tell the tale, having been washed overboard at the same time the two drowned men were lost and only regaining the deck of the boat after a superhuman struggle.

The Storm

The night of September 14-15 was a particularly bad one and a tremendous sea was running. Just before daybreak, about 7 o'clock it became necessary to clear the decks of all superfluous weight to help the craft weather the seas. It was while the skipper and crew were clearing off the decks that the fatal sea struck them. A gigantic wave swamped right over the boat throwing the fated men, Tom Wilson and Spencer Allen, into the sea along with Capt. Fritz and Tim Miller. The skipper and Miller had been endeavoring to throw some cable overboard. The force of the sea lifted them all right off the decks. Capt. Fritz in recounting his terrible experience said "I went down and down, and goodness only knows how far I went." On reaching the surface again he saw that Miller was hanging to the mast which had been swept overboard. Calling to Miller to hang on, the skipper went to his aid and succeeded, after superhuman efforts, in getting Miller and himself back on the boat. The two drowned men were never seen again. The craft was flooded with water. The hold had 4 feet of water in it and two feet of water in the fore-castle. The skipper assisted by Tim Miller and Ace Wilson started in to bale for their lives and after working the whole day through were successful in clearing the boat sufficiently to permit of its floating easier.

COALITION IS FORMED

German Government is
Headed by Chancellor
Wilhelm Marx

BERLIN, Nov. 30.—The dissolution of the Reichstag has been stayed off by the formation of a coalition cabinet. Official announcement to that effect has been made. The new Government is to be a three coalition party with Dr. Wilhelm Marx as chancellor and ex-chancellor Stresemann as foreign minister.

DEATHS IN FRANCE RESULT OF EXPOSURE IN SEVERE WEATHER

PARIS, Nov. 30.—Several deaths from exposure have resulted from the wintry weather prevailing. The rivers in the south of France are at flood.

City Council Endorses Plan of Road to Tyee by Way of Port Edward and a Chain of Lakes

After studying plans and hearing the explanation thereof made by Major R. M. Taylor, district engineer for the provincial public works department, the city council last night, on motion of Ald. Munro seconded by Ald. Collart, gave its approval to the scheme submitted for the building to Tyee of the first 22 miles of a road leading out of the city eventually to form a part of a transcontinental highway. The location of the proposed connection at the city limits at the end of Shawatlans road was also approved.

GREAT SAVING IN FREIGHTS

Vancouver Grain Trade Built up
as Result of Reduction in
Rates

RUPERT MAY BENEFIT

Estimated That Between Five and
Six Millions Already Saved
Province

VICTORIA, Nov. 30.—The estimated value of reductions in western freight rates secured during the past three and a half years as a result of the provincial government's fight for lower freight rates has been placed at between five and six million dollars, according to figures given out at the parliament buildings yesterday.

As a result of the rate reductions Vancouver has become the leading wheat port of the Pacific coast and the faith disclosed by the freight rate fights justify Victoria, Prince Rupert and New Westminster in looking forward to the day when they will have large grain elevators.

STUDY GERMAN REPARATIONS

Committee to Find Out How
Much Country is Able to
Pay and Report

PARIS, Nov. 30.—The allied reparations commission today decided to name a committee of experts to study Germany's capacity to pay along the general lines of Premier Poincare's proposals.

SUDDEN DEATH CAPT. JENSEN

Skipper of Gladstone Was Pushing
Boat From Dock at Ketchikan
When He Fell in
Water

News reached the city today that Capt. Alfred Jensen, skipper of the well known American halibut schooner Gladstone, met death suddenly at Ketchikan on Wednesday evening by drowning. He was pushing his boat off from the wharf when he fell in the water and was not seen again. Deceased, who was well known here, was a single man.

C. R. Gilbert, the Terrace insurance man and broker, was a passenger for Vancouver on the Prince George last evening.

Girl Without Rouge Was Winner.

The winner of the beauty contest was a Canadian girl who was judged in her native simplicity without the aid of rouge or other cosmetics. Yet, girls, do not let this get to your heads. Some of you are much better for a little rouge and a little powder for you have not all the unblemished skin such as that of Miss Canada.

Of course we should just now make a little sermon on discarding cosmetics. That would be the orthodox thing to do. Make our lives so beautiful that our complexions need nothing but nature's cosmetic. Unhappily our lives are so few of them of sufficient beauty that we can discard the little aids that nature has provided through the instrumentality of man and which when applied in moderation and with good judgment add much to the beauty of life.

Let us suggest, then, that even though Miss Canada could do without the druggist or the beauty doctor, and even though doing without artificial aids is the ideal condition, there are times when a little cosmetic is helpful. There are people who are willing to admit that without artificial aid they could not win a beauty prize but do the best they can under the circumstances. They use all the aids that the good Lord has made and if there should even be one or two prepared under the guidance of His Satanic Majesty, even those, too, are called to the aid of old Dame Nature.

Canadian National Gives Publicity.

The picture of the fishing fleet published yesterday on the front page with the accompanying summary of the industry was sent out by the Canadian National Railway to newspapers throughout Canada and is not only good publicity for the railway and its territory but also for this port. It helps to put Prince Rupert on the map. It is something that will be appreciated here.

This is not by any means the only way in which Prince Rupert is being put on the map. We have simply begun to find a place there. Every year from this on we expect to see the size of the name increase as the importance of the port is recognized.

Looking To Outside Districts For Milk.

The decision of the Woodcock Dairy Ltd. to establish a creamery here and to look to the country between this city and Smithers for the milk supply of the city, is a decision we all appreciate. Woodcock and the adjacent country has great possibilities and so have a great many other localities on the line of the railway. It will be found later that many places this side of Terrace may be able to provide milk for the city as well as vegetables and potatoes. The development of this adjacent territory depends upon the city and the city depends to a large extent upon it. Let both grow together. We need each other.

Anyox Interested In Public Welfare.

In Anyox the people are much interested in public welfare and the community league, which looks after such matters, functions regularly and well. A report on another page shows that for the first nine months of this year the sum of nine thousand dollars has been expended on public welfare work by that organization. This includes the library, sports and playgrounds.

The people of Anyox are to be congratulated on having such a live organization as the community league functioning there and also on having the sympathy of the management of the company in connection with matters of this kind. There seems to be a real community spirit in Anyox, which shows itself in connection with many of the activities of the place. There is a desire to get the most out of life under the conditions prevailing and that they certainly seem to do.

ANOTHER PLEA FOR CHILDREN

J. C. Brady Tells of Handicap in Way of Play Opportunities Here

SPEAKS WELL OF CHILDREN
Would Educate Not Only Intellectually and Morally But Also Physically

The national characteristics of people of the British race are courage, ability to attain, indifference and lethargy in regard to their own powers, love of honor, love of duty, and love of sport, declared J. C. Brady, principal of the High School, who addressed the Rotary Club yesterday afternoon. These characteristics were a wonderful heritage for the children of today. With such a heritage and given a chance the young people of today were bound to make good.

The education of the boys and girls was a subject that was occupying the activities of the best men and women throughout the world. By co-operation and union of powers it was possible to give and get the best.

Mr. Brady told of the workmen on the Parthenon, one of whom when questioned said he was working for so much wages a day; another said he was cutting stone, and a third, drawing himself to his full height, declared he was helping to build one of the noblest edifices in the world.

In education there were many minds and many opinions. The teacher who failed to learn lost efficiency. The moment any system seemed to be self-sufficient it took its place in the backwater of the stream of progress. It may be possible to learn all there is to know about geography of the world. With the human mind, however, it was different. No matter how far they explored it, there were always unfathomed depths. There was no goal that could be reached.

Education was a spiritual work, Mr. Brady declared. It was a definite, concrete work. The thing was to harness these spiritual and intellectual powers and prepare the ground for the future.

Failure and Success

Referring to an editorial in the Daily News on Success, Mr. Brady said he did not agree with Wells that Edgar Allen Poe was a success while Lloyd George was not. If success was the development of character this was not true. The man who is a success and who then drops back from the position of prominence was often then proclaimed a failure but he did not agree with that view. Our views of failure and success had to be changed.

Mr. Brady spoke of the emotional as well as the intellectual phase of life and said one had to be developed as well as the other. The intellect should conquer the emotions. The greatest care had to be taken to analyze and examine the powers of the child to get the best possible results for the future of the race. The whole thing was to develop character. By doing this it would be possible to prevent the exploitation of the millions.

Industrialism

Industrialism was one of the heritages of the present day the race had received for weal or woe. The big cities were the fruit of industrialism. They gave a broader outlook on life, developed a keener wit but they also had pitfalls. There were evils to be combated. The restless mind of today had to be trained and the children taught to concentrate.

Mr. Brady said there was no lack of information. We all had our mottoes but the difficulty was to change these into activity. This town was placing a barrier in the way of the development of the physical in children. Besides the school activities there were the extra-activities. Four great forces should be united to set this right, the school, the home, the church and the community. He was today addressing himself through the Rotary Club to the community.

Spiritual Hunger

In the schools there was a great deal of youth and enthusiasm. This was enough to break down every obstacle. The home was to a large extent a thing of the past. Training was sought on the street and it was tainted. The school was the mirror of the community. None

Listen!
Have you heard about Peps? Peps is a scientific preparation put up in pastille form, which provides an entirely new and effective treatment for coughs, colds, chest and throat troubles.

Peps contain certain medicinal ingredients, which, when placed upon the tongue, immediately turn into vapor, and are breathed down the air passages to the lungs. On their journey, they soothe the inflamed and irritated membranes of the bronchial tubes, the delicate walls of the air passages, and finally enter and carry relief and healing to the lungs.

In a word, while no liquid or solid can get to the lungs and air passages, these Peps fumes get there direct, and at once commence healing.

FREE TRIAL Cut out this article, write across it the name and date of this paper, and mail it (with 1c. stamp to pay return postage) to Peps Co., Toronto. A free trial packet will then be sent you. All druggists and stores sell Peps, 50c. box.

Peps

but an optimist could see the children with their youthful enthusiasm. He urged that it was the duty of the home to take a deeper interest in the children.

There was today among the young folks a spiritual hunger but they were not being given what they sought. He had never known such beautiful children as were to be found in this town. The difficulty was that while the intelligent and moral side of their natures were being developed there was a lack in the physical. The teachers were doing their duty loyally but they were handicapped by lack of the necessary opportunities. The fundamental principle of the child life was activity. There were too many don'ts set up and not enough places to play. If the people here wished to be true to themselves and the empire they would see that the children got those opportunities they required. By doing that Prince Rupert would become one of the bright lights shining from afar. They were working, not for Prince Rupert but for Canada.

HOLLYWOOD IS HERE TONIGHT

Famous Play Gives an Idea How Movies Are Made and Everyone Wants to See That

How many men, women and children are there who would not, so to speak, "give their eye teeth" to see behind the scenes of a motion picture studio?

Their names must be legion, judging from the number of applications for admission to the studios—which are not granted for obvious reasons. The next best thing to actually getting on the inside is to use the inside pictured on the screen.

The production "Hollywood" from a story by Frank Condon at the Westholme tonight shows the inner workings and also the outer appearance of the studios. It does it in story form. The story of a middle-western family which comes to Hollywood and the efforts of the daughter to get a job in pictures.

In collecting a cast for the picture, Mr. Cruze looked for types first. Then he endeavored to get players who had never before appeared on the screen; but who had to be talented.

Hope Drown was engaged for the role of Angela Whitaker. She is a stage actress of little more than a year's experience, but accounted unusually clever and certainly undeniably charming. To play Joel Whitaker, her grandfather, Cruze secured Luke Cosgrave, an old school actor of

St. Andrew's Society— Anniversary Service will be held on Sunday evening at the Presbyterian Church. Members will meet at the rooms at 6.45 p.m. 283

L. F. Champion, manager of the Granby store at Anyox, is in the city on business having arrived from the north on the steamer Prince George last evening.

On motion of Ald. Collart, seconded by Ald. Perry the city council last evening instructed the city engineer to convey the title of its lot on Third Avenue to the Great War Veterans' Association.

Union steamer Venture, Capt. A. Johnstone, arrived at 8 o'clock this morning from Vancouver and wayports and sailed at 10 for the Naas River. The vessel will be in port again tomorrow morning southbound.

George Ciccone was charged in the police court this morning with an infraction of the Pound Bylaw. Testimony of Tom O'Brien, poundkeeper, and Ciccone was heard and the case was adjourned until tomorrow morning for further evidence.

BY NO MEANS ALLOW YOUR BOWELS TO GET CONSTIPATED

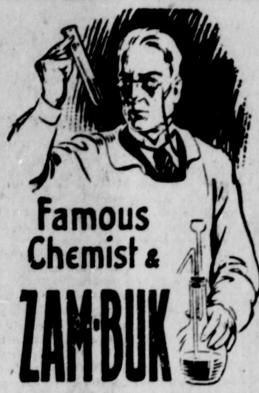

If you allow your bowels to become constipated you will have bilious attacks, sick headaches, coated tongue, foul breath, sallow complexion, specks floating before the eyes, whites of the eyes dull and yellow, heartburn, water brash, etc.

Keep your bowels regular by using Milburn's Laxa-Liver Pills, as by doing so you will be able to keep well and have no more trouble with your liver.

Mrs. I. Rubin, Halbrite, Sask., writes: "I was very badly troubled with constipation, often had bad headaches, my tongue was coated, and I felt anything but well."

After taking Milburn's Laxa-Liver Pills I have felt much better as they certainly did me a lot of good."

Milburn's Laxa-Liver Pills are 25c. a vial at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

Famous Chemist & ZAM-BUK

A pure herbal emollient of great healing power in skin diseases and injuries—this is shown in a report on Zam-Buk by that eminent Doctor of Science, Mr. Wentworth Lascelles-Scott. Zam-Buk has won world-wide repute for its reliability in troubles like eczema, poisoned wounds, ringworm, bad legs, etc., new comes Dr. Scott's evidence.

Scientific Excellence. My exhaustive analysis proves that Zam-Buk is possessed of anti-septic and bactericidal power which promptly alleviates skin disorders due to parasites and pathogenic organisms. Moreover its astringent and balsamic constituents render Zam-Buk an emollient of rare healing power.

"Zam-Buk's constituents are exclusively of herbal origin, it contains none of the irritating mineral drugs and animal fats commonly found in ordinary ointments."

"In my opinion Zam-Buk is well adapted for treatment of superficial injuries and prevalent skin disorders."

W. Lascelles-Scott
Lecturer to the London Conservatoire, Cos. and the Royal Commission for Victoria, Fiji, the Mauritius, etc.

THE GREAT HERBAL SKIN REMEDY

B. Mantrop, steamboat inspector, returned to Victoria on the Prince George last night.

Dick Hodgson, local manager for S. S. Magoffin & Co., left on last evening's train for Carnaby.

Guests at the Rotary luncheon yesterday afternoon were W. F. Ferguson, J. H. Pillsbury, E. C. Gibbons, and H. S. Hurn.

G. A. Woodland, manager of the Imperial Old Co., returned this morning by the Venture from a business trip to Bella Bella and other points down the coast.

Peter Lauzen, pioneer prospector of the central interior, passed through the city last night enroute from Smithers to Kamloops where he will enter the Old Men's Home.

Staff Sergeant S. L. Warrior, R.C.M.P., sailed last night for the south accompanying Louie Chue Chinese, who will serve six months at Okalla for having drugs in his possession.

Envoys and Mrs. McKay, native officers in charge of the Salvation Army work at Kitselas, B.C., are leaving to attend the army congress at Hazelton next week, commencing December 5.

C.N.R. steamer Prince John, Capt. Neil McLean, is due from the Islands early tomorrow morning. She is scheduled to sail on her return to Vancouver via the Queen Charlottes tomorrow evening.

LIONEL HOLTBY WAS WEDDED LAST NIGHT

Miss Gladys Gwendolyn Gibbons Becomes Bride of Well Known Local Man in Vancouver.

A. Lionel Holtby, son of Mr. and Mrs. A. R. Holtby of Prince Rupert, and Miss Gladys Gwendolyn Gibbons, daughter of Dr. Johnson Gibbons of Vancouver, were married last evening in Vancouver. On returning to Prince Rupert in the near future they will reside on Dunsmuir Street.

Mr. Holtby is a well known pioneer of the city and has been in the service of the Canadian National Railways for the past ten years, his present position being that of local freight agent. He served in the Great War and sustained serious injuries. Mrs. Holtby is also well known in the city having visited here on several occasions in the past. She is a niece of Mrs. A. T. Parkin, Borden Street.

Bulger & Cameron Limited Jewellers.

GIFTS THAT LAST

NAVAL SQUADRON MAY COME HERE

Question of Naval Base on This Side of Pacific is Live One

HARBOR ATTRACTIVE

That the British naval squadron coming to the Pacific Coast next summer will visit Prince Rupert for the purpose of making further investigations of the port with a view to eventually establishing a Pacific naval base here similar to those at Singapore and Malta is an opinion expressed in well informed circles. It is even stated that one of the chief missions of the forthcoming cruise of H.M.S. Hood, Britain's largest and most modern warship, and the accompanying vessels is in connection with the question of naval bases generally. It is known that the Imperial government has had plans for the establishment of such a base on the Pacific Ocean for some time. Prince Rupert, it is said, is the port of preference in view of its excellent harbor facilities and its distance from foreign territory of any consequence. The visit of Admiral Jellicoe to the Pacific Coast two years ago, it is said, was in that connection. It will be remembered that he sent his chief-of-staff to the city at that time.

The establishment of this port as a naval base, besides meaning millions of pounds expenditure in providing facilities such as dry docks, shops, buildings and quarters generally, would mean the quartering here of largest naval ships and their officers and men besides the administrative staffs. Singapore and Malta depend chiefly on their positions as naval bases for their existence.

CONSTRUCTION BYLAW FIFTH AVENUE EAST GRADING BROUGHT IN

The city clerk reporting that there had been only two objections out of a total of 110 owners of 150 lots affected in the Fifth Avenue grading program, the council last night put its construction bylaw for the work through its first, second and committee readings. It provides for a 15 foot pavement on timber mattress along the centre line of Fifth Avenue East from McBride Street to the intersection of Fourth Avenue. The cost will be paid in ten annual instalments and six per cent debentures will be issued.

The time for the receiving of bids on the work has been extended till next Monday evening when a special meeting of the council will be held to open them.

GIRLS ENTERTAINED MOTHERS LAST NIGHT

C.G.I.T. Responsible For Pleasant Affair Held in Methodist Church

The Canadian Girls in Training of the Methodist Church entertained their mothers at a social last evening. The procedure of a regular business meeting was demonstrated and the balance of the evening was spent in the playing of games. Refreshments were served. The affair was under the direction of the deaconess, Miss Haddock.

BAZAAR WAS SUCCESSFUL

Ladies of Mooseheart Did Well at Two-day Affair Which Closed Last Evening

While financial returns have not yet been completed, it is known that the two-day bazaar of the Mooseheart Ladies, concluding last night, was an entire success.

The proceedings came to conclusion last night with a very enjoyable dance attended by some 100 couples. Music was furnished by the Westholme Orchestra, Mrs. Alf. Christensen and Frank Cameron playing until it arrived at 11 o'clock. Refreshments were served at midnight. Joe Slaggard was master of ceremonies and Mrs. Ratchford presided at the door. Mrs. Hans Foss was in charge generally assisted by Mrs. Thor Johnson. The refreshment committee was convened by Mrs. Simon Swanson.

The results of the bazaar raffles were as follows:

Library scarf, donated by Mrs. James Morrison, won by Fred Miggins.

Mooseheart cushion, donated by W. Hayner and Mrs. Nation, won by J. Morton.

Ladies' toilet set, donated by Ormes Limited, won by Mrs. Alex. Strachan.

Nightgown, donated by Mrs. F. Hardy, won by Mrs. P. Erickson.

Doll, donated by Mrs. Thor Johnson, won by Miss Margaret Beaumont.

Pair of blankets, donated by H. P. Lipsitt, won by T. Sherman.

Aluminum set, won by F. Cameron.

Electric stove, donated by Jos. Sigmund, won by J. Russell.

Bronze figure, donated by Max Heilbronner, won by George Frizzell.

Centrepiece, donated by Mrs. Ytreberg, won by Mrs. H. B. Eastman.

Casserole, donated by Bulger & Cameron, won by Mrs. G. Anderson.

Mink neckpiece, donated by William Goldbloom, won by Miss Wade Mussallem.

Child's dress, worked and donated by Mrs. Hilditch, won by Miss Gwen McDonald.

Cushion, donated by Gillis Royer, won by Gillis Royer.

Cushion, donated by Mrs. A. Carlson, won by Miss Lillian Iverson.

Cushion, donated by B. M. Simpson, won by A. Jacobson.

Cake, donated by Mrs. Field, won by Miss Millie Gurvich.

Cake, donated by Electric Bakery, won by Miss Irene Morrison.

Cake, donated by a friend, won by F. Scadden.

Cake, donated by Mrs. F. Hardy, won by Mrs. A. Carlson.

Forty pounds sugar, donated by Sam Antous, won by Miss Wade Mussallem.

Cake, donated by Boston Grill, won by Mrs. Harris Kerr.

While the dance was in progress last night an address on the objects and ideals of the Mooseheart Legion was delivered by S. Waldsiedel, district supervisor.

SCHOOL TEAMS ALL DEFEATED

Senior Colts, Intermediate Colts and Maple Leafs Won Basketball Games

Colts, 40; Teachers, 24. Maple Leafs, 19; Teachers, 13. Colts, 36; High School, 20. Although all three school teams went down to defeat in last night's basketball games, they deserve credit for the displays they made. With a long season in front of them still, they may yet make their opponents "hit the dust."

In the opening game last night the Colts had to travel all the way to secure a 36 to 20 victory over the High School. At one time in the second half the latter team was within one point of equalizing the score. The Colts were certainly better in shooting but they still fail to produce the forward combination that characterized their play last season. Slowness in finishing robbed the High School of quite a few scoring chances.

Colts—G. Blythe (1), 12; J. Kelly (3), 14; R. Smith (2), 6; D. Frizzell (3); M. Rudenich (1), 4.—Total 36.

High School—D. Matheson (1), A. Mitchell (1), 12; G. Bulger; D. Gurvich (1), 6; E. McLean, 2.—Total 20.

Ladies' League
In the Ladies' game honors went to the better team but it was not until the Maple Leafs had brought in their sharp-shooter, Miss Sundae Calderone in the second half that they got baskets with any regularity. The hard close checking of the Teachers kept the score down to 18 to 13. The combination work

of the Teachers lacked decision and was marked with a little slowness excepting on the forward line.

Maple Leafs—Miss A. Stephens (1); Miss L. Fisher (3); Miss M. Graham, 4; Miss M. Harvey, 8; Miss L. Lowe; Miss S. Calderone, 6.—Total 18.

Teachers—Miss H. Hibbard (2); Miss K. Harvey (1), 2; Miss Nora Pryce (1); Miss M. Lindsay (1); Miss Caroline Mitchell, 11; Miss M. Sim.—Total 13.

Senior League
The Teachers put up another good fight against the Colts in the Senior League although they were defeated by a score of 36 to 20. Even though they have not yet broken their luck, they need not be discouraged for their determination is very likely to spell success for them before long. The Colts with the inclusion of Bartlett at guard showed quite an improvement on recent displays and fully deserved their victory although the Teachers were unlucky in not obtaining a few more baskets.

Colts—S. Bazzell-Jones, R. Bartlett (1); G. Mitchell (4), 10; A. A. Easson, (1), 8; W. Mitchell (1), 20; E. Smith, 2.—Total 40.

Teachers—H. S. Hurn (1); C. Woodworth (1), 2; A. Lane, 10; J. Mitchell, 4; W. Lambie (2), 8; D. Hartness (2)—Total 24.

R. B. Skinner refereed all games.

PILFERED MONEY FROM POCKETS OF PLAYERS IN BASKETBALL GAMES

Alex. McKenzie, Recently Arrived From Anxox, Pleaded Guilty to Charge This Morning

Recent thefts of money from pockets of the clothes of basketball players at the Elks' Home resulted in a trap being set last night as the league games were in progress and Alex. McKenzie, a youth recently arrived from Anxox, being arrested. This morning he was charged in the police court with stealing \$1.50 and a gold collar stud and, pleading guilty, had sentence reserved until next Saturday.

Chief Vickers told of complaints being made during the past few weeks of sums of money being taken from the pockets of players in the basketball games. One young man had lost \$20, another \$5 or \$6 and others smaller sums. The use of marked money last night had led to arrest of accused who had made a statement admitting the theft.

Questioned by Magistrate McClymont, accused said that he was 22 years of age and had never been in trouble before. He had been here for five weeks and worked at the dry dock having

come from Anxox.

Magistrate McClymont characterized the form of stealing that accused had admitted as being the very neatest—almost worse than holding up. While accused had taken advantage of creditable young sportsmen, he did not like to send him to jail on account of his age.

After consulting with City Solicitor Jones, the magistrate deferred sentence for one week instructing accused to report to the chief of police a week from Saturday. In the meantime he is allowed his freedom.

Common Sense Way for Mothers to Keep Family Healthy, Happy and Prevent Expensive Sickness

All mothers know how hard it is to get their husbands and the rest of the family to take ordinary medicine. Yet, this is the season when they are bothered most frequently with indigestion, coated tongue, constipation, nervousness, and the many symptoms of a general run-down condition. And, unless they get rid of these troubles and build themselves up, they are not able to throw off coughs, colds, sore throat and the more dangerous wintry ills that every mother fears.

Try this with those in your family who are in need of a strengthening, nourishing tonic. Just a spoonful of Dr. Thacher's in a wineglass of water after the next few meals. Notice the quick difference in the way they look, eat, sleep and feel.

This wholesome vegetable tonic is pleasant to take and usually makes them feel so much better the next day that they are

anxious to keep on toning and building up the system. They have proved to themselves what it will do and they will keep up their doses to increase appetite, improve digestion, tone the torpid liver, gently correct constipation, regain strength, energy and vigor and have purer, healthier blood coursing through their veins to keep them warm these cool, crisp days.

Get a bottle today. The cost is small and your money will be returned by any of the following druggists unless you are completely satisfied.

Dr. Thacher's is sold in Prince Rupert by Ormes Limited and by leading druggists in every city and town.

WINDING UP OF ROUGH GRADING

System of Payment for Section Five Work Adopted and Court of Revision is Appointed

On motion of Ald. Stephens seconded by Ald. Collart, the city council last evening appointed Ald. Perry, Ald. Munro, Ald. Smith, Ald. Macdonald and Mayor Newton to sit on December 17, as a court of revision for the special local improvement assessment on the Fourth and Fifth Avenue West grading work.

It was also decided to adopt the same system of assessment for this work as had been followed in the Section 4 street surfacing. Corner lots will pay full frontage on avenues and half on streets, lots facing only on streets paying full frontage. Lots on streets where no work has been done will not pay frontage on those streets.

The total cost of the work had been \$31,500, a cost per foot of \$5.701. Under the plan of payment, the annual levy per front foot will be \$8.117 or \$20.29 per 25 foot lot. A bylaw providing for the borrowing of the \$31,500 was given its third reading.

The Man in the Moon SAYS—

WOMEN in this city work so hard that they have to play auction bridge in the afternoons in order to recuperate.

A NEWSPAPER despatch published in the south is to the effect that B.C. nuts are to go to the Old Country. Plenty of nuts there already. Why send more?

IT was a bright Sunday school boy who thought he knew why David said he would rather be a doorkeeper in the House of the Lord than dwell in the tents of unrighteousness. He said if he was a door keeper he could step outside while the sermon was being preached.

OLD Nickelpaper bought his wife a bouquet of roses. The shock killed her and then he used the roses for the funeral.

THERE is a limit to everything except the number of curious parking places a girl will find for her gum.

Ten Years Ago In Prince Rupert

November 30, 1913. J. A. Kirkpatrick has received word that A. B. Nelson, formerly engaged in the clothing store here, has passed away at Crystal Lake, Minnesota.

Chief Constable Walter Owen of the Provincial police, Sergeant A. J. Phillipson and Constable Doolittle returned today

from Kitwanoon where they have been on a special mission to quell troubles arising between hostile Indians and white men.

The first wedding in Terrace took place last week when Miss Jessie Alberta Morrison became the bride of George Dover. Rev. T. J. Marsh performed the ceremony which took place at the home of Mr. and Mrs. George Little.

ANYOX GIVES \$9,000 TOWARD PUBLIC WORK

Sports, Playgrounds, Library and Other Public Service Well Supported

ANYOX, Nov. 30.—At the regular meeting of the Community league Wednesday night the secretary, E. M. Kelley, presented a report showing that some nine thousand dollars had been expended during the first nine months of the year on community work in addition to commercial ventures. This money had been used in connection with sports, playgrounds, library and other minor activities.

In addition to this phase of the work the secretary's report dealt with hall decorations for the Xmas dance and the children's Xmas entertainment, the gymnasium and a number of minor matters. Letters were read from the secretary of the Hospital Auxiliary, the secretary of the Anyox Service Association and the secretary of the Moose order lately instituted in Anyox. The Ladies' Auxiliary thanked the council for favors rendered in connection with the very successful dance recently held; the Service Association letter was also complimentary to the League on account of assistance given on the occasion of Armistice night, while the letter from the Moose was to the effect that the order could not join in a combined celebration for the benefit of Anyox children at the coming Xmas season. A report for the sports banquet was presented and endorsed.

Because of the fact that the secretary has been unable to locate a trap rented several years ago by the Gun Club from the Chamberlain Cartridge Company, the Council authorized the payment of \$10 reward for its recovery. Gymnasium fees were put at one dollar a month for all who are not regular contributors to the League. It was suggested that a wrestling mat be purchased for the gymnasium, the cost to be in the neighborhood of one hundred and thirty-five dollars; and the council agreed to this expenditure as it would undoubtedly tend to increase the interest in wrestling, boxing and tumbling. Those present were Mrs. Cloke, Mrs. Dwyer, Messrs. Harper, Jones, Townsend, Thompson and Yard.

FISH CATCHES ON INCREASE

Over Two and Quarter Million Pounds Halibut Marketed During Month

HIGHER THAN FOR 1922

In spite of the exceptionally unfavorable fishing weather that prevailed during the early part of the month, the total of halibut fares from American and Canadian schooners landed at this port during November was 2,330,100 pounds—an increase over the November 1922 total which was 2,080,000 pounds and over that for last October, 1,844,000 pounds. With the abatement of weather conditions during the past few days large catches have been marketed and these have been responsible for swelling the month's totals.

The highest price paid during the month was on November 5, when the American schooners Forward and Fairway drew down 19.1c. per pound for first class fish. The lowest price was 13.4c. paid today to the Canadian schooner Annie Tuck.

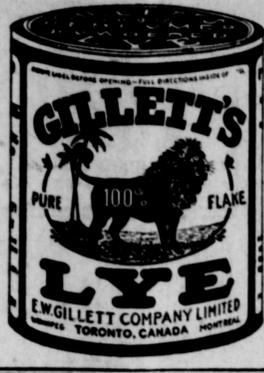

Today's arrivals and sales were:

- American**
Majestic, 40,000 pounds, at 13.8c and 9c, to the Pacific Fisheries.
- Albatross, 42,000 pounds, at 13.7c. and 9c., to the Atlin Fisheries and Royal Fish Co.
- Rofe, 15,000 pounds, at 14c. and 9c., to the Canadian Fish & Cold Storage Co.
- Company schooner Zapora, 45,000 pounds, for the Booth Fisheries Canadian Co.
- Annie Tuck, 21,000 pounds, at 13.4c and 9c., to the Atlin Fisheries.
- Trawler G. E. Foster, 75,000 pounds, for the Canadian Fish & Cold Storage Co.

CAPTAIN FREEMAN GASSED IN LAUNCH

Well Known Skipper Had Narrow Escape Yesterday Afternoon When Exhaust Pipe Broke

Capt. Hoopes K. Freeman, skipper of the well known gas boat Narbethong, was overcome by gasoline fumes on his boat yesterday afternoon and only by the best of fortune was rescued before the effects had become

serious. The captain had his boat moored at the Georgetown wharf and was getting ready to pull out for Mellakata with a tow of pipe for the waterworks there when the exhaust pipe broke and he was overcome before he could make his way out of the engine-room. J. H. A. Stephen of the Dominion water power boat happened to be nearby and effected a speedy rescue.

LIGHTNING STRUCK POINT GREY WIRELESS

Put Plant Out of Business Last Evening About Five O'clock

VANCOUVER, Nov. 30.—Lightning destroyed the main aerial at Point Grey wireless station here last night. This is the chief wireless station of this district and was practically out of commission from five o'clock yesterday. Repairs could not be effected until after daylight this morning.

CONTRACTORS BIDDING EDMONTON ELEVATOR

Excavation Work to Commence at Once and Superstructure Soon as Snow Goes

EDMONTON, Nov. 30.—A continual stream of contractors converged upon the Macdonald hotel where C. D. Howe, consulting engineer to the Dominion government, was in attendance for the purpose of receiving tenders for carrying out the excavation work of the government elevator in Edmonton.

The excavation will be carried out immediately, and before it is concluded, tenders will be called for the foundations, and this work also will be concluded without delay. In the spring, before the break up, tenders will be invited for the general construction, and as the value will amount to over a million dollars, it can be looked upon as an important work.

Mr. Howe stated that he was quite satisfied with the site chosen for the elevator. The government has made all the arrangements and purchases necessary to secure the location which amounts to about eight blocks. It is undoubtedly the best site available, taking into account the proximity to the railroads.

NEW LAMP BURNS 94% AIR.

Beats Electric or Gas

A new oil lamp that gives an amazingly brilliant, soft, white light, even better than gas or electricity, has been tested by the U.S. Government and 35 leading universities and found to be superior to 10 ordinary oil lamps. It burns without odor, smoke or noise—no pumping up, is simple, clean, safe. Burns 94% air and 6% common kerosene (coal oil).

The inventor, G. A. Johnson, 579 McDermot Ave., Winnipeg, is offering to send a lamp on 10 day's FREE trial, or even to give one FREE to the first user in each locality who will help him introduce it. Write him today for full particulars. Also ask him to explain how you can get the agency, and without experience or money make \$250 to \$500 per month.

GOT LICKED AND THEN IS FINED IN COURT

Scrap Did Not Prove Very Profitable to Fred Frederickson Who Started It

"I was not fighting but I got licked," was the statement made this morning in the police court by Fred Frederickson in pleading not guilty to a charge of fighting on the public street. The statement, however, was not accepted by Magistrate McClymont who, after hearing the evidence, found accused guilty and fined him \$10 with the option of seven days in jail. Carl Wofflin, who was jointly charged with Frederickson, was let off with a warning.

Wohlin, who pleaded guilty and whose story was corroborated by the police, stated that Frederickson had been drinking and had been bothering him. He had warned him several times but he had continued to follow him and the fight had followed. He (Wohlin) had merely struck in self-defence and he had knocked Frederickson down. He had just come out of the hospital himself.

PROVINCIAL POLICE CHIEF REACHES CITY

W. E. V. Spiller Arrives From Fernie to Succeed A. C. Minty Transferred to Quesnel

W. E. V. Spiller, the new provincial police chief constable for this district, arrived from the south on the steamer Venture this morning to assume his new duties. Chief Constable Spiller, who is a veteran in the service and who comes here from Fernie, succeeded Chief Constable A. C. Minty recently transferred to Quesnel.

Chief Spiller was accompanied north by Constable Alex. Saint who was at New Westminster inspecting the gasboat Adanac which it was proposed to use in police work here. The craft was found unsuitable.

THIS LADY SAYS THERE'S NOTHING TO EQUAL

"Dr. Wood's" Norway Pine Syrup For Coughs and Colds

Mrs. David Thompson, West River St. Paris, Ont., writes—"I cannot speak too highly of Dr. Wood's Norway Pine Syrup. For myself and children I use nothing else."

My little girl, five years old, has had bronchial trouble ever since she had the "flu" a few years ago, and now, whenever she gets a slight cold she develops a very nasty cough, but all I have to do is give her a few doses of Dr. Wood's Norway Pine Syrup.

Also for myself, and the other children, can find nothing to equal it. In fact, it was only a short time ago that I gave it to my ten months old baby, and could immediately see the difference it made in her. Now, I always keep Norway Pine Syrup in the house, as I feel there is nothing to equal it."

Price 35c a bottle; the large family size 69c; put up only by The T. Millburn Co., Limited, Toronto, Ont.
