# WOMEN LOSE LIVES MUSKOKA HOTEL FIRE

## MR. PATTULLO TAKES UP CUDGELS FOR PRINCE RUPERT AT VANCOUVER

### Heart Rending Scenes when Hotel Muskoka Lakes Burned to Ground and Ten Women Lose their Lives

BRACEBRIDGE, Ont., Aug. 20.—Two persons are known to be dead and one is believed dead, while nine are missing, and two severely injured as the result of a fire which destroyed the Wawa Hotel at Lake of the Bays, Muskoka district, early Sunday morning. All records being burned makes it difficult definitely to check up exactly who was in the building. Some place the loss of life as high as twenty.

The fourteen year old daughter of General Manager Bowker of the Central Division Canadian National Railways, was burned to death as well as Katherine Rogers, aged 18, of Cleveland, Ohio. Annie Lee, an employee, jumped from a window, broke her back, and is apparently dead. Nine other women employees are missing.

GUNMEN LINED UP CUSTOMERS DETROIT INN

DETROIT, Aug. 20.—Seven gunmen early Sunday morning held up the Allandale Inn, lined up 170 patrons and employees against the wall and relieved them of their money and valuables worth several thousand dollars. They shot and seriously injured four persons, including one woman and then escaped in a stolen auto. While passing through a neighboring town they shot and killed a policeman who challenged them.

### RESOLUTION RE ROADWAY OUT OF CITY

Acting Mayor Proposes That City Council Reiterate Its Undertaking to Make Connecting Road

Acting Mayor Collart will present at tonight's council meeting a resolution reiterating a previous resolution of the council undertaking to build a road inside the city limits to connect with the proposed provincial government road leading from the city to the Skeena River canneries and thence East.

This comes as the next move following a recent letter received from Hon. W. H. Sutherland, minister of public works, stating that the provincial government was prepared to go ahead with the road providing the city would connect with it and satisfactory arrangements could be made with the railway company.

The resolution also urges the necessity of the government starting the road going out of Prince Rupert to be a first link in a transcontinental highway.

### MANY LIVES LOST IN CHINA TYPHOON

HONG KONG, Aug. 20.—More than one hundred persons were drowned and another hundred killed and injured ashore and about fifty junks and sampans capsized during Saturday's typhoon at Macao. Many persons were entombed when houses collapsed.

### ALERT BAY HOSPITAL IS BURNED TO GROUND

ALERT BAY, Aug. 20.—The government hospital here was burned to the ground this morning.

### FLURRY OVER COPPER FIND

J. Ashman and Corley Ross Cause Some Excitement at Smithers

SMITHERS, Aug. 20.—There is quite a flurry of excitement over the latest copper discovery.

J. Ashman and "Corley" Ross who are just back from a somewhat lengthy prospecting tour report the finding of a large copper deposit on Copper River. The find is in close proximity to their old holdings, and is located within twenty miles of Smithers.

Negotiations are already under way for a sale to United States interests interested in copper, and a representative of the company is expected to arrive shortly on an inspection of the property.

### ROBBED CARD GAME

Masked Bandits Enter Vancouver Club and Get Away With \$10,000

VANCOUVER, Aug. 20.—Masked bandits entered the Seventh Battalion Club on Granville Street early today and held up a number of card players, escaping with \$10,000.

Mr. and Mrs. Charles V. Evitt, Mr. and Mrs. Hubert Ward and Mr. and Mrs. A. B. Sibley of the Malay States left at the end of the week on Mr. Evitt's gasoline boat for a cruise down the coast south of here.

### Falling off of Sockeye Fishing Last Week Prevents the Making Record Catch on Skeena River

Sockeye fishing fell off considerably on the Skeena River last week and, as a result, it is now expected that this year's pack will not set up a high record as had been anticipated up till a few days ago. However, the year's pack will be well above the average and will be satisfactory to all concerned. Adam Mackie, inspector of fisheries, this morning places an estimate of 120,000 cases on the pack for the year. This will be some 30,000 cases better than last year and will be only a few thousand cases short of the record year in 1919 which was 125,000.

Reports from the Skeena River also indicate a falling off in the pink catch last week.

Last week was the best so far this season for sockeye fishing on the Naas River. The boats averaged 35 of this variety of fish which, nevertheless, is below average. As indicated previously, the total sockeye pack on the Naas this year is going to be far below average.

The run of pinks was also small on the Naas River last week. The sockeye fishing season closes on the Skeena and Naas Rivers and Bella Coola and Kispiox districts on August 24, after which date the use of the 5-inch mesh will be illegal. Sockeye fishing at Rivers Inlet and Smithers closed on August 3.

Mr. Mackie states that the flying boat G-CYDX of the Jericho 2-6, 6-2, 6-1.

### TWELVE HALIBUT BOATS MARKET 168,500 LBS.

Nine American Boats and Three Canadians Sold Catches at Exchange This Morning

Twelve halibut boats marketed catches totalling 168,500 pounds at the Fish Exchange this morning. Nine American boats had 133,500 pounds and three Canadians, 35,000 pounds. Americans received best prices for first class fish while seconds were about even.

### Pattullo Urges Vancouver Send Delegates to Prince Rupert for Convention Municipalities Union

VICTORIA, Aug. 20.—Reports that Vancouver and possibly other places are not to be represented at the convention of the Union of B.C. Municipalities at Prince Rupert next week, impelled Hon. T. D. Pattullo to telephone Saturday to Mayor Tisdale to find out Vancouver's reason for staying away from this meeting. Telephone operators were unable to locate the mayor, however. Press dispatches stated that the holding of the convention at Prince Rupert had been greeted with disfavor by numerous places because of the distance to travel and the shortness of the stay in the northern port.

Mr. Pattullo stated Saturday it would seem that the reasons should have been thought out and given expression to at the time of the meeting of the Union. "It strikes me that Prince Rupert, having been selected for the convention this year, it is now very bad taste upon the part of other municipalities to submit objections. Prince Rupert has had good reason to complain upon numerous occasions in the past in respect of the attitude in some portions of the south toward that city and northern and central British Columbia, and I feel will therefore very much resent the present attitude."

### Entertainment Prepared for Visiting Delegates Municipal Convention

The program for the reception and entertainment of the Union of B.C. Municipalities convention delegates who will arrive in the city on Wednesday, spending two days here, was issued this morning by Acting Mayor Collart. It shows that the visitors will be well taken care of while here. The program follows:

Wednesday Stork, M. P. McCaffery, T. McClymont and H. B. Rochester; E. C. Gibbons, president of the Prince Rupert Board of Trade;

S. J. McLeod, vice-president of the Board of Trade and city banker; C. H. Orme, president of the Northern B.C. Agricultural & Industrial Association; J. H. Pillsbury, manager of the Canadian National Dry Dock; N. B. Walton, superintendent of the Canadian National Railways; F. G. Dawson, director of the Canadian National Railways; Judge F. McB. Young; Dr. W. T. Kerigan, chairman of the School Board; D. G. Stewart, chairman of the hospital board; T. H. Johnson, manager of the Canadian Fish & Cold Storage Co.; E. A. Steck, Mrs. Thomas McClymont, Mrs. M. M. Stephens, Mrs. S. D. Macdonald, Mrs. J. C. McLennan, and Mrs. J. P. Cade. This committee will have a meeting this afternoon in the office of the acting mayor. The Prince Rupert Yachting Club is to be asked to co-operate with the ladies for entertainment on the water.

The City Hall will be closed on Thursday in order to give the employees the opportunity to attend the convention.

Invitations for the civic banquet on Thursday evening have been issued to Ex-Mayors Fred Love, superintendent of utilities; W. H. Vickers, chief of police; F. W. Pearson, city engineer; Hon. T. D. Pattullo, minister of lands;

Hon. A. M. Manson, attorney general; H. F. Pullen, editor of Daily News; W. J. Raymond, editor of Evening Empire.

### HAVE BEEN WORKING ON MATTER STARTING FISHERMEN'S HOME

Local Lutherans Had Their First Church Service This Summer Yesterday — Pastor Leaving For South

The joint fisheries committees of the Board of Trade and city council have been working on the question of having a Lutheran Church fishermen's home established in the city and have submitted a proposition to the Lutheran Young People's Society on the matter.

Yesterday forenoon in the Metropole Hall, the Lutherans of the city had their first church service. There was a good attendance and V. A. Giere, student preacher, who has been in the city for several weeks, was in charge.

Mr. Giere is returning south shortly and he will report to the headquarters of the church on the matter of establishing a church here and also in regard to the Fishermen's Home.

Mr. Giere preached last night in the Baptist Church.

## STORM WOKE UP SMITHERS

### JAP WAS KILLED IN STABBING AFFRAY AT BUCKLEY BAY

Picturesque Electrical Display Proved Strange Sight to Residents There

SMITHERS, Aug. 20.—Torrential rain accompanied by the most vivid lightning and loud pealing thunder fell in Smithers and district Friday night. Following a day of torrid heat, the storm was not unexpected and about eight o'clock it broke. Next morning miniature lakes dotted the district while ditches and waterways suddenly took on a new sphere of usefulness.

During the storm the mountains loomed majestic in the electrical display as the lightning forked and flashed incessantly for hours, lighting up the entire country for miles. The thunder was suggestive of mighty zones in action, and was something new for the residents of the town to experience. Smithers has never had such an electrical disturbance during the course of its existence.

### COUNT OF MONTE CHRISTO THIS WEEK

#### Picture Story of Famous Dumas Novel to be Shown Here at Week End

"Monte Cristo," founded on the immortal romance by Alexandre Dumas and showing here at the week end is fascinating as literature and the plot has been woven into a gripping play. Mr. Fox has combined all of its fascination and dramatic qualities into one of the most elaborate and thrilling photoplays that has been afforded theatregoers in many a day.

The action is swift from the start. Beginning with the love affair of Edmund Dantes, a sailor, scene after scene is quickly unfolded, carrying the sustained interest of the spectators to the dramatic denouement, in which Dantes, after many years in imprisonment, visits his revenge upon those who betrayed him.

None of the dramatic quality of the story is lost in this version, the stage settings and scene display being perhaps the most elaborate ever seen on the silver sheet.

Those who are already familiar with the story and have seen the regular stage representations, including the acting of James O'Neill as Monte Cristo, follow the kaleidoscopic action of the photoplay with increasing delight, recalling old memories of the novel and stage. The younger generation, quite naturally, enjoyed the photoplay on its intrinsic merits, being impressed with the dramatic situations as well as the wealth of scenery amid which they were set. The appeal to the eye and the emotions are irresistible, while the story in itself compelled the most absorbing interest.

IN embracing opportunity there are certain advantages. This cannot be said of all forms of embracing.

WHY is it there are so few breach of promise cases before the courts today? Has public ridicule anything to do with it?

IN considering the ways of nature one is often puzzled to know why it is fish do not bite as freely as mosquitoes or black flies.

## ANNUAL PICNIC OF CALEDONIANS

Great Day Was Spent on Digby Island Yesterday — 250 or More Persons Enjoyed it

The annual picnic of St. Andrew's Society which took place yesterday on Digby Island was a complete success from every standpoint. The weather was grand, the boats were safe and everything had been done by the committees to make the day one of great enjoyment to the 250 or so persons who journeyed across to the picnic island for the occasion.

The boats started to leave town at 10:30 in the morning and made several trips. Among the craft used were the Oh Baby, N.M. &amp; R. No. 1 and Mary R. Refreshments were served in generous abundance and a good program of sports dispensed. All the picnickers were safely home by 7:30 in the evening.

The committee in charge of the affair comprised James Simpson, convenor, George Fraser, James Arthur, W. Robb and J. Andrews, D. C. Stuart, Joe Brown and A. Clapperton had charge of the sports.

### Winners of Races

The winners of the various races and sport events were as follows:

Boys, 2 to 4—D. Robb, N. Tasie and L. Jackson.

Ladies' tug of war—Married ladies won over single.

Men's tug of war—Single men won over married.

### A. M. DAVIES WON ROYAL ARMS CUP

Beat W. Brass in Shoot-off at McNicholl Creek Yesterday—

W. M. Brown Won Spoon For Day

A. M. Davies won the Royal Arms Cup over W. Brass in the shoot-off at the McNicholl Creek range yesterday afternoon. Mr. Davies made 14 points in five shots at the 600 yard range and Mr. Brass made ten.

The winner of the regimental spoon for the day was William Brown with a score of 84. He was handicapped fourteen.

The scores were as follows:

	200	500	600	Ttl
W. M. Brown	29	24	28	81
M. M. Lamb	28	29	18	75
A. M. Davies	29	22	18	69
R. W. Cameron	24	28	43	65
W. Brass	27	25	43	65

E. Davies	18	8	5	31

E. C. Manning, former district forester here, sailed for Victoria by the Prince George Saturday evening.

## Sport Chat

The Senior football game scheduled for Thursday between Sons of England and the Grotto will be doubly interesting to soccer fans and it is expected there will be a great turnout. In the first place, the match is the final fixture of the season and,

Peter Morrison was fined \$20 under the Indian Act for intoxication and fines of \$10 each were imposed on Frank Harris, Peter Wright or they will carry away Shawans and Elizabeth Wilson their second trophy of the season. If they lose, however, all three teams will be tied up in the trophy race and there will have to be at least two play-offs.

Needless to say, both clubs taking the field Thursday will be out to win and will field their strongest aggregations. This game, though the last of the season, will be by no means the least in importance and general interest.

Baseball and football fans have certainly reason to be satisfied with the program that the Fair Board is arranging for Exhibition week. With the Ocean Falls and Telkwa soccer teams and the Anyox and Smithers baseballs coming, more teams will this year be represented in the way of sport than there have ever been at an exhibition in the past. As far as athletics are concerned, the Fair Board is going to make the week the biggest of the year in line with all their other plans for the exhibition and carnival.

These games themselves will probably draw a large number of visitors to town.

The Union Steamship Co.'s freighter, Chilliwack has been laid up at Vancouver for the past month undergoing boiler repairs, S. of E. but is expected back in service S. of C. this week. With the Chilliwack Grotto off the run, the other boats of the company plying north have S. of E. been unusually busy carrying S. of C. freight cargoes.

## CHINESE, JAPS AND INDIANS IN POLICE COURT THIS MORNING

Fines totalling \$430 were imposed in the police court this morning on two groups of Indian drunks and their Japanese and Chinese suppliers.

Peter Morrison was fined \$20 under the Indian Act for intoxication and fines of \$10 each were imposed on Frank Harris, Peter Wright or they will carry away Shawans and Elizabeth Wilson their second trophy of the season. If they lose, however, all three teams will be tied up in the trophy race and there will have to be at least two play-offs.

Chin Moon, Chinese, was fined \$150 for supplying Joseph Wright, Gertie McKay, Peter Wesley, Johnny Moore, Lester Ryan and David Hayward on Fuerton Street, the arrest having been made by Constable Maedonald. Chin Moon, Chinese, was fined \$150 for supplying Joseph Wright, Gertie McKay, Peter Wesley, Johnny Moore, Lester Ryan, charged with intoxication. Peter Wesley and Johnnie Moore were each fined \$25 for having liquor in possession. Lester Ryan, charged with intoxication, was remanded until tomorrow.

# ATY IS NOT LIKELY TO BE EFFECTIVE YET

Nicholls Gives Interview in Regard to Condition of Fish Business

Nicholls, director of the Canadian Fish & Cold Storage Co. of Prince Rupert, B.C., was in Seattle the first of the month, the trade and looking forward to the installation of a Diesel engine in one of the company's ships. The Pacific Fisherman regarding the halibut situation says the trade is in a serious condition owing to uncertainty as to the proposed season next winter, an impression that has been prevalent that the closing of take effect this year, or to stabilize the situation is recommended at the Canadian government announcement definitely that will be no closed season the coming winter. If it should be stopped, it is necessary to materially reduce the quantity of frozen fish to avoid an embarrassing situation. The normal supply of halibut is about 12,000 pounds, if the operators put 800,000 pounds and fishing interrupted, it would cause a loss of \$750,000 or more, which would be a serious disaster to the industry.

Nicholls believes the industry frozen on the Pacific to date is less than at the time last year, but the have been very high, which meet the demand for fish next winter; although current demand for fresh fish has been quite strong, he looks for lower the balance of the summer production is heavy and little will be frozen from now on.

**Duty Not Helping**

He expresses the opinion that present duty of 2c. per lb. halibut entering the United States is not appreciably helping American fishermen, while it is only injuring the Canadian men and creating bad feelings between the tendency toward a policy of trade on both sides which is in the commercial relations between the United States and Canada, holding that an all reciprocity arrangement products would be a boon to the fisherman and the entire industry on both sides. The Canadian fishermen, he says, produce about enough halibut to their home market, and amount of tariff on both sides at one time or another, out of the fisherman's American fish bought for the Canadian market, for instance, bringing 1c. per pound than a Canadian fare received the same time while a Canadian fare bought for the American market would bring 2c. less than an American fare purchased at time.

Due to the high prices paid for halibut, this company is not looking for flat fish this year, fish only having a limited market. It is working up a good export business in kippers, which is shipped out; a source of supply of suitable size for those having lately been located.

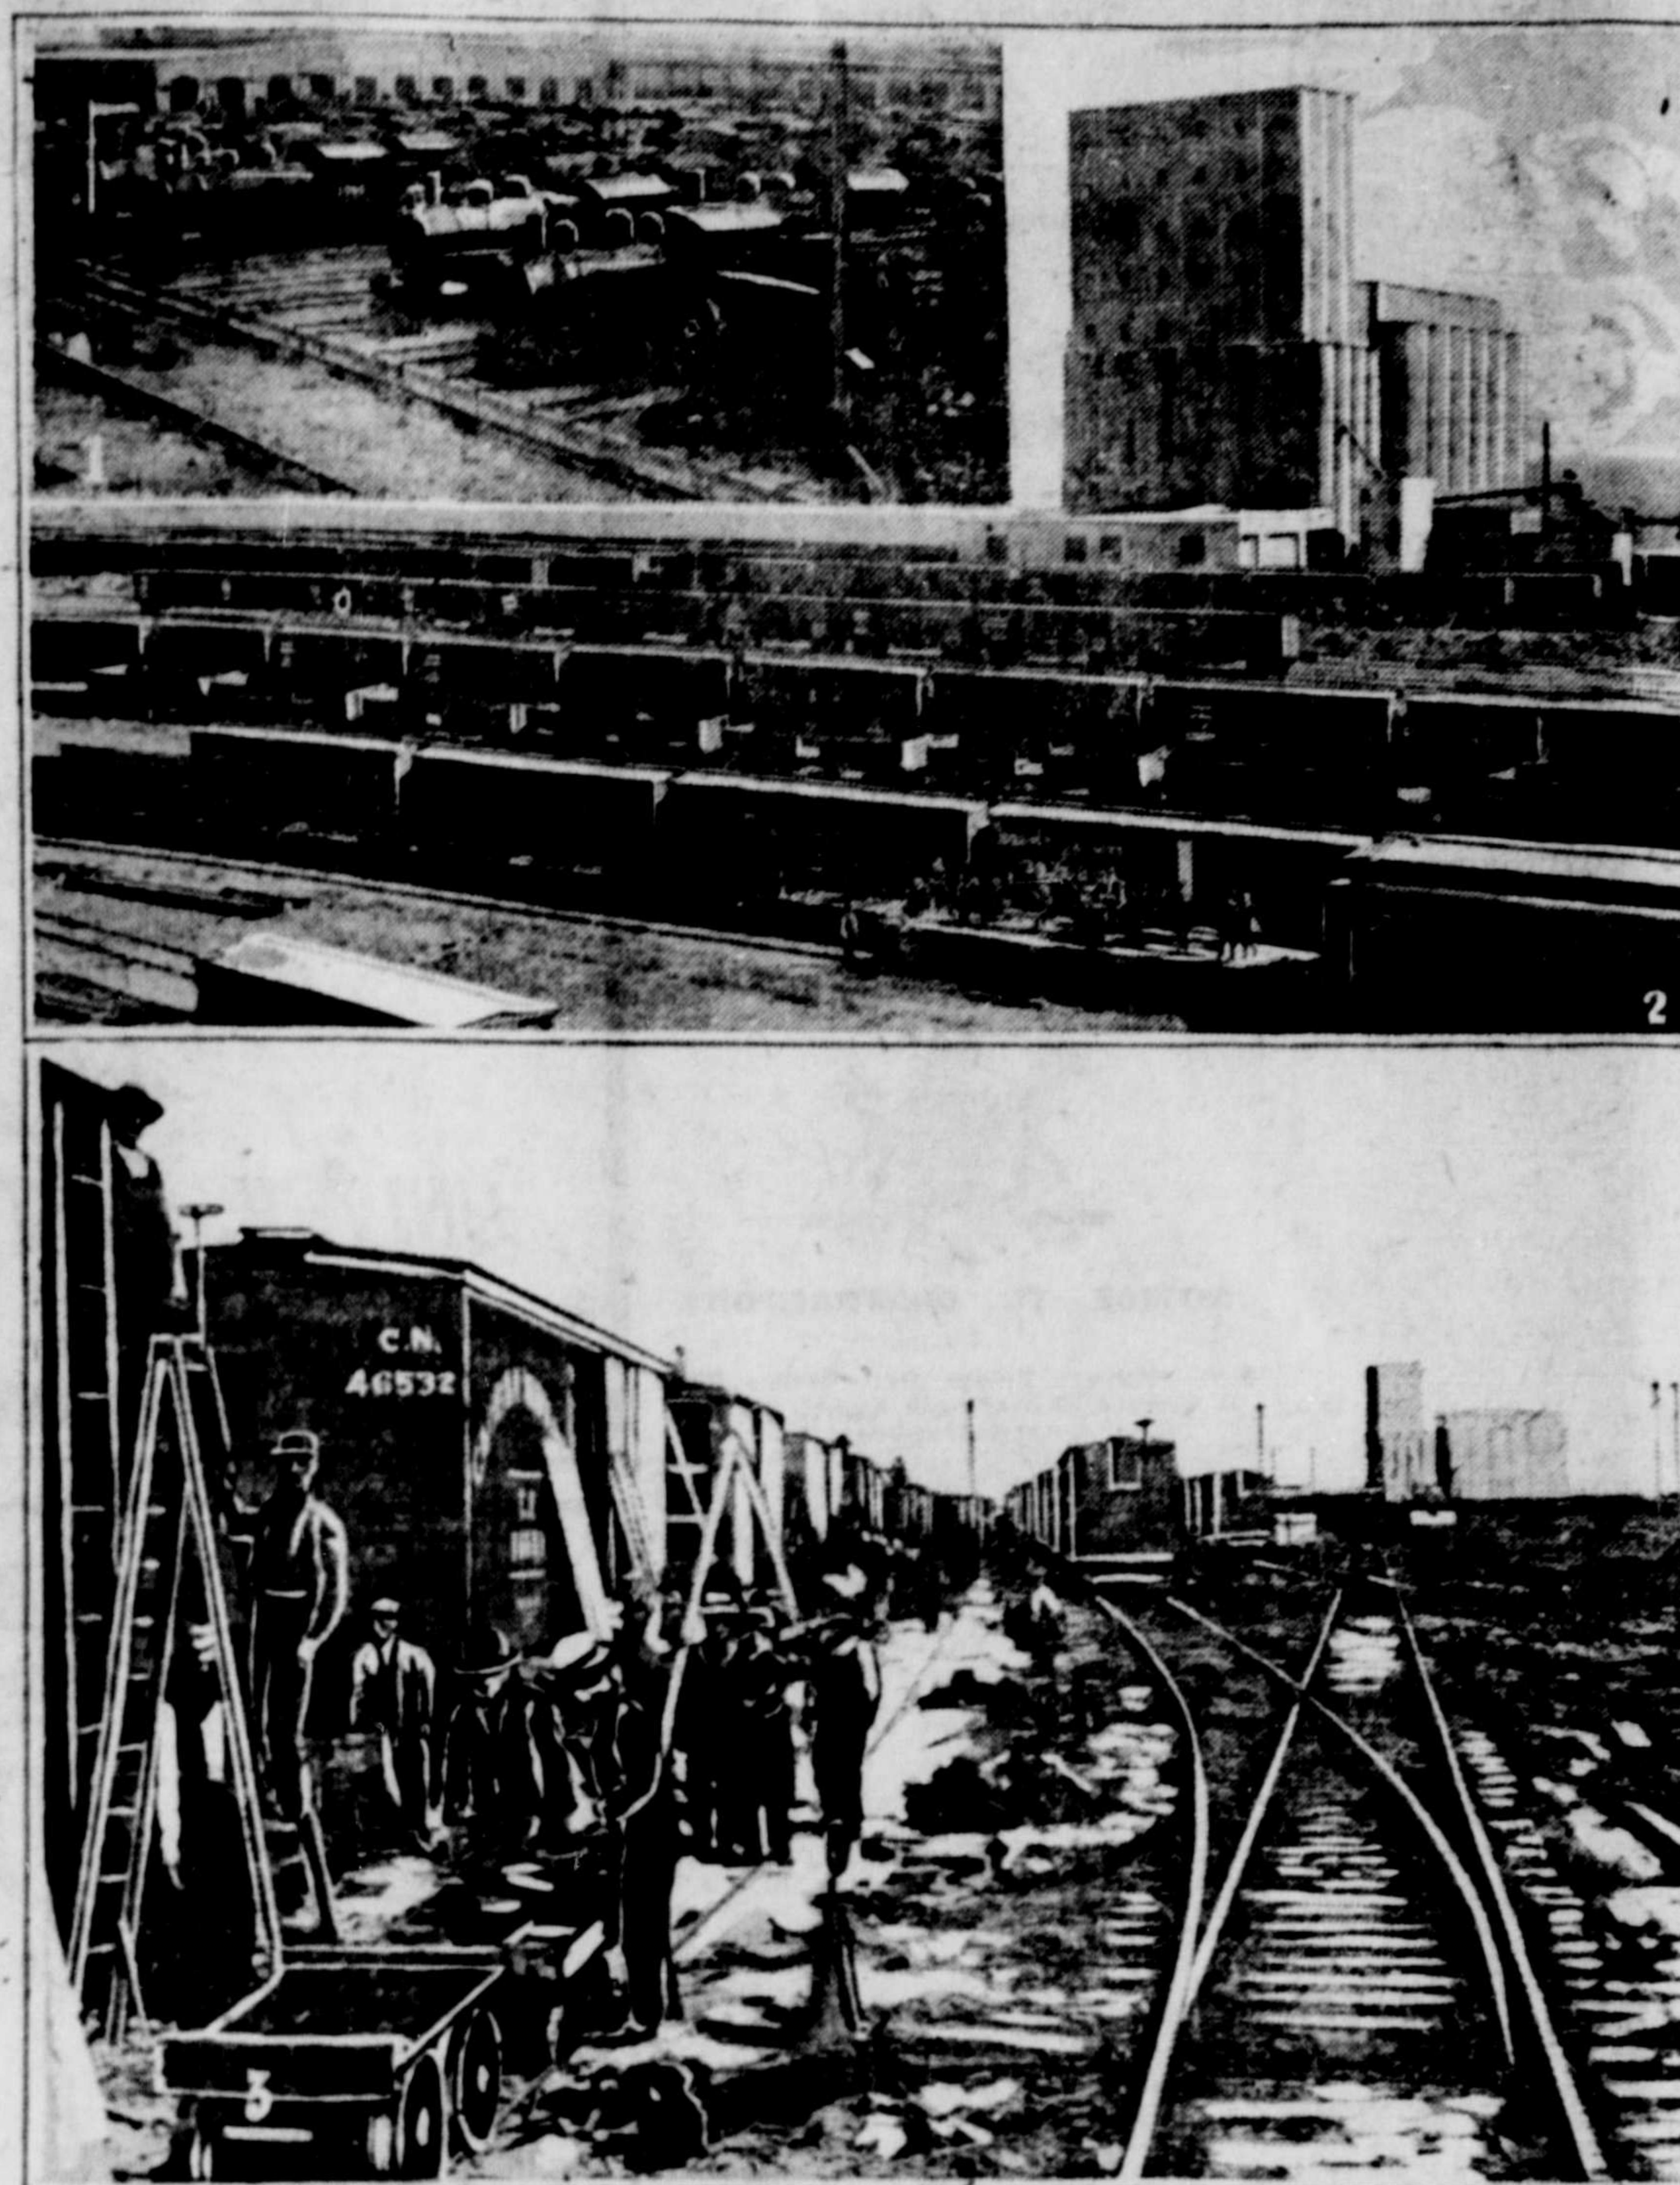

## Editor's Opinion

An editorial article in the same says:

In view of the apparent inability of putting the Canada-American halibut treaty effect this year, Pacific halibut interests have about made their minds that there will be a closed season for another at least, and are acting on assumption. Some Canadian fishers have gone so far as to tell their government to assume that there will be no season, so as to settle all.

The treaty as ratified by the Canadian parliament was without proviso inserted by the U.S. Senate, and accordingly cannot come into effect until the senate's ratification to the original document. The closed sea might be provided by act of Congress along the line followed by the Canadian parliament; but it is highly improbable that legislation or ratification could be secured before the end of the year, and by that time the

## RUSHING NECESSARY REPAIR WORK ON CANADIAN NATIONAL GRAIN CARS

The Transcona yards and shops of the Canadian National Railways have for weeks been busily engaged in getting engines and cars into shape for the grain movement now opening.

No. 1 photograph shows giant locomotives as they came from the Transcona shops after being "tuned up" for the greatest transportation effort of the year.

No. 2—Strings of box cars which have just been delivered from the repair yard.

No. 3—The busy "rip track," where gangs of men have been for months working on necessary repairs and in some cases almost rebuilding bad order cars in order to fit them for the grain-hauling rush.

If all the engines which are ready for the grain movement were placed end to end they would stretch over some ten miles of track; while the aggregate length of the box cars which have been distributed through the western grain areas in preparation for the movement would be some 350 miles. Preparations for the movement of the crop have been made on a monumental scale and it is anticipated that this year the Canadian National will handle a greater proportion of Canada's wheat yield than ever before.

really productive fishing will be over. Action taking effect at that time would probably bear unfairly on a portion of the fleet, and rather than close for the latter part of the proposed season it would be better to wait until the fall of 1924, when all can have due notice.

## BOOTH FISHERIES COMPANY REPORTS PROFIT FOR 1923

After having suffered a deficit of \$2,239,044.66 in 1921 and a deficit of \$977,090.21 in 1922, the Booth Fisheries Co. reports a profit of \$86,545.89 for the first four months of this year. Figures to this effect are given in the report of the president of the company, K. L. Ames, which is published in the Pacific Fisherman.

"It is a wonderful sensation after the three calendar years of 1920, 1921 and 1922 have shown heavy deficits to start in with the first four months of 1923 and make a profit," says the president.

## CATCHING HALIBUT OFF CALIFORNIA IS NEW THAT LOCALITY

Small salmon trollers out of Eureka, California, have recently been catching large quantities of halibut and have glutted the San Francisco market with cheap halibut according to the Pacific Fisherman. Halibut are rather scarce off the California coast although considerable quantities of large flounders, sometimes misnamed halibut, are taken there.

## SMITHERS

J. Roberts left on Thursday to spend his vacation visiting relatives and friends in Winnipeg, Saskatoon and Regina.

George Smith is back in town from the Babines where he was engaged on his mineral claims. He reports good progress and excellent prospects.

R. L. Gale, who has been reviewing Captain Turner while gone on holidays to Seattle, returned for a few days from J. F. Duthie's recently acquired holdings in the Highland Basin. A small crew is at work preparing the way for a larger force, and if conditions permit development will proceed during the winter months.

L. S. McGill has returned from Calgary where he was on a business trip.

C. H. Sawle, of the Omineca Herald, New Hazelton, was a visitor in town during the week.

Other visitors are Mrs. F. Horning, Forestdale; Mrs. G. A. Edwards and Miss Alice Allen, Hannal, Mrs. McKay and child, Hazelton; and Mr. and Mrs. J. Paulis, Doughty.

# Blind Man's Buff

EVEN in this age of enlightenment some folks spend their money blindly. They buy with their eyes shut. They grope in the dark as truly as if their eyes were bandaged.

And all the time a powerful light is being thrown on the very things they need and want!

*Advertising is a beacon to guide you in buying. It shows you what to buy--where to buy--and when to buy. At the same time, it protects you against fraud and inferiority.*

*Merchants and manufacturers who advertise deliberately focus thousands of eyes upon their wares. Their values must be honest and their prices right, or they could not advertise successfully.*

Don't play blind man's buff with the elusive dollar. Spend a few minutes each day running through the advertisements in this paper. Then buy the products that have proved up in the light of advertising.
