FLOOD CONDITIONS IMPROVING IN SOUTH

SEVENTY TWO HOUR CHASE IN CARIBOO ENDS IN FUGITIVE'S SURRENDER

UNHOLY GRAVE FOR MURDERER

Leo Rogers' Body Placed in Unconsecrated Ground—Clergy Refuse to Officiate

SERGEANT URQUHART BURIED WITH HONOR

NORTH BAY, June 2.—Leo Rogers, the desperado who escaped from a court room here and held the police at bay for two weeks killing two officers and finally being shot to death himself on Lake Nipissing, was buried here today in unconsecrated ground adjoining the Catholic cemetery. A Protestant youth read the Catholic burial service at the request of the family, all the clergy having refused to officiate. There were floral tributes from the family. About 200 people attended. A Children's Aid officer took charge and picked eight youngsters at random for pallbearers. When the cortege passed a street corner, Chief of Police Moreby, whom Rogers had sworn to kill, stood bareheaded.

TORONTO, June 2.—The funeral of the late Sergeant Urquhart, of the provincial police, the second victim of the rifle of Leo Rogers, the North Bay bandit, took place here. There was a large assemblage of citizens and the provincial and civic police in a body followed the remains to the grave.

EAST NEEDS RAIN BADLY

Forest Fires Still Prove Menace to Lives and Property

TORONTO, June 2.—All Canada, from the Lake of the Woods to the Atlantic Ocean, is apparently very much in need of rain. While forest fires in some parts of the north country appear to be fairly well under control, bush fires have broken out at other points endangering the lives and homes of settlers and doing heavy damage to standing timber. Not only in Northern Ontario but also in the Gatineau country and in eastern Quebec forest fires are reported.

Waters in Crow's Nest Country After Nearing High Mark are Ebbing

LETHBRIDGE, June 2.—The weather has cleared in Southern Alberta, the rain in the mountains has ceased, and the rivers are dropping. Traffic, however, is still badly disorganized on the railways and motor roads. The sun is shining again and the weather in the mountains is cooler. It is thought that the worst of the flood situation is passed.

The flood waters in the Crow's Nest Pass claimed their first victim yesterday afternoon when Harold Joyce, aged 8, fell into Lyon Creek and was drowned.

CALGARY, June 2.—Both the Bow and Elbow Rivers running through here, were receding this morning and it is thought that the peak of the flood has been reached. Reports from other districts say that conditions are improving.

Menacing at Fernie
FERNIE, June 2.—The waters of the Elk River yesterday were just two inches below the high water mark reached in 1916 when serious floods occurred.

The bridge between Fernie and West Fernie was cut off and several buildings on the south bank of the river and the Elk Lumber Co.'s yards on the north bank were flooded. In Fernie annex several houses were surrounded with water and one family required the assistance of the police in getting home. The government road east of here became impassable and slides of enormous tonnage blocked the road every few miles.

If warm weather should succeed the rain which has fallen continuously ever since Saturday until this morning floods of an unprecedented nature would come. The danger, however, seems to be less imminent this afternoon with the cessation of the rain and cool weather following it.

WOMAN AND FOUR CHILDREN BURNED TO DEATH, ONTARIO

EXETER, Ont., June 2.—Mrs. Silas Stanlake, her four children and her brother, aged 45, lost their lives this morning in a fire which burned their home near here. Silas Stanlake, although himself badly burned, saved an adopted daughter and his oldest boy by throwing them from the second storey window. The four children of Mrs. Stanlake were aged six, four and two years old and a baby only two weeks old. The bodies of the victims have not yet been recovered.

TOMMY SHERMAN IS MARRIED IN SOUTH

Miss Ethel Lawson Becomes Bride of Well-Known Young Man From This City

The marriage of Thomas Sherman, son of Mr. and Mrs. W. H. Sherman, of Seventh Avenue W., and Miss Ethel Lawson, daughter of Mrs. Lawson, hotel proprietress of Revelstoke, was solemnized at Revelstoke, at the home of the bride by the Rev. W. W. Aitchison, Presbyterian minister, on May 29. After the wedding breakfast the happy couple left to spend their honeymoon in Salmon Arm and Vernon. Mr. and Mrs. Sherman will permanently locate in the Okanagan Valley.
The bridegroom is well known

FISH ARRIVALS HEAVIER TODAY

Nineteen Halibut Boats Arrive With Catches Totalling 175,300 Pounds

Halibut landings were heavier this morning than for any previous day during the week. Eight American schooners marketed 120,000 pounds, and eleven Canadian boats marketed 55,300 pounds, a total of 175,300 pounds, at the Fish Exchange this morning. Two Canadian boats sold 14,000 pounds of salmon. Halibut prices for both American and Canadian catches dropped slightly from yesterday for both first and second class fish, although Canadian boats received from a cent to a cent and a half more for second class fish than did the Americans.

The arrivals and sales were:

American
Carlen, 19,000 pounds, at 14.7c and 9c; Director, 3,000 pounds, at 14.6c and 9c; to the Pacific Fisheries Co. Ltd.
Allen, 52,000 pounds, at 14.1c and 9c, to the Canadian Fish & Gold Storage Co.
Beavo, 8,000 pounds, at 14.6c and 9c; Royal, 14,000 pounds, at 14.4c and 9c; Eastern Point, 4,000 pounds, at 14.6c and 9c, to the Booth Fisheries Canadian Co.
Viking, 11,000 pounds, and Mira, 9,000 pounds, at 14.8c and 9c, to the Royal Fish Co.

Canadian
Margalice, 4,500 pounds, at 13.4c and 10.2c, to the Booth Fisheries Canadian Co.
Gayzeon, 7,000 pounds, at 13.5c and 10.7c; Imperieuse, 8,500 pounds, at 13.4c and 10.5c; Arctic, 800 pounds, at 13c and 10c; Alliance, 6,000 pounds, at 13.3c and 10.5c, to the Canadian Fish & Gold Storage Co.
Ingred H., 12,000 pounds, at 13.6c and 10.5c, to the Royal Fish Co.
Fannie F., 2,000 pounds, at 3.4c and 10.5c; Scrub, 17,000 pounds, at 13.5c and 10.5c; Kingcome, 2,000 pounds, at 13.2c and 10c, to the Allin Fisheries Ltd.
Victor, 9,000 pounds; salmon, at 12.4c and 2c, and 15c for co-hoes, to the Pacific Fisheries Co. Ltd.
Tallow, 5,000 pounds; salmon, at 12.5c to the Royal Fish Co.

MONDAY WILL BE SCHOOL HOLIDAY

VICTORIA, June 2.—As the King's birthday, June 3, falls on Sunday, the following day, June 4, will be observed as a school holiday throughout the province, Hon. J. D. McLean, minister of education, announced yesterday.

MISS MCKANE WINS OVER MRS. MALLORY

CHESWICK, England, June 2.—Mrs. Molla Bjornstad Mallory, the American tennis star, was defeated by Miss Kathleen McKane, Britain's first ranking woman tennis player, in the final of the Middlesex tournament. Miss McKane won straight sets, 6-3 and 6-2.

Prohibition of Export Pulp Wood is Discussed at Ottawa but no Action is yet Taken

OTTAWA, June 2.—The government has discussed a proposal that the export of pulp wood from privately owned lands be prohibited but there was much opposition to such legislation as well as much to support it, Hon. George P. Graham, minister of railways, told the House of Commons yesterday during the discussion of forestry estimates.

Mr. Graham urged that there was need for a definite policy of fire protection if Canada's forests were not to become only a memory.

Hon. Arthur Meighen, leader of the opposition, proposed that the co-operation of the provinces be sought with a view to enacting a law that there must be a tree planted for every tree cut. The vote of \$30,000 for the Empire forestry conference in Canada this year carried.

Ralph Hawkins, After Capture, Confesses to Killing Bernard Dugan

(Special to Daily News)

ASHCROFT, June 2.—The chase for Ralph Hawkins, suspected murderer of Bernard Dugan, having been carried on continuously for seventy-two hours, ended at 3.30 this morning when a posse of six men, under Constable Gallagher, of Williams Lake, surrounded and captured the fugitive at 141 Mile House, which is a deserted roadhouse long uninhabited.

Hawkins was armed with a 38 calibre long barrelled frontier revolver. He refused to throw up his hands when ordered to do so by Constable Gallagher but invited the constable and the posse to shoot. John Hamilton, of 150 Mile House, at this moment rushed in and frisked Hawkins of his weapon while the posse covered him. Hawkins then confessed to having murdered Bernard Dugan and intimated that he had packed the body on a saddle horse some two miles from the scene of the crime and had hidden it.

CRIGUI IS NEW CHAMP

Kayeed Johnny Kilbane in Sixth Round of Feather-weight Title Bout

NEW YORK, June 2.—Eugene Criqui, featherweight champion of France, today won the featherweight boxing championship of the world when he knocked out Johnny Kilbane, of Cleveland, holder of the title for eleven years, in the sixth round of their scheduled fifteen-round bout.

The eyes of the boxing world were on the bout which was fought at the Polo grounds. Criqui's victory crowns his great pugilistic success since the close of the war. The principal handicap to the little Frenchman was the fact that he has a reconstructed jaw as a result of wounds he received at Verdun in the Great War. Criqui is 30 years of age; Kilbane, 33.

Kilbane won the lightweight title in 1912 with a referee's decision over Abe Attell at Vernon, California.

MISS MCKANE WINS OVER MRS. MALLORY

CHESWICK, England, June 2.—Mrs. Molla Bjornstad Mallory, the American tennis star, was defeated by Miss Kathleen McKane, Britain's first ranking woman tennis player, in the final of the Middlesex tournament. Miss McKane won straight sets, 6-3 and 6-2.

HUGE CARGO OF NARCOTIC

Found by Customs Officers Floating in San Francisco Bay
SAN FRANCISCO, June 2.—Apparently thrown overboard by smugglers and missed by their confederates on shore, 498 tins of narcotics, saleable at \$49,000, was found lashed to a float in the harbor by customs officers.

LIQUOR LAW TO GO IN EFFECT

No Way For Foreign Boats to Carry Liquor to U.S. Without Congress Amendment

WASHINGTON, June 2.—Treasury officials have decided that the ruling against the carriage of liquor into United States ports must be strictly enforced and that the medicinal provision of the Volstead Act cannot be invoked to permit foreign ships to carry liquor into territorial waters even where foreign laws require its carriage for the crews' rations. This recommendation, which has been sent to the government, will be carried out.

Only an amendment of the Volstead Act by Congress can meet the dilemma created by conflict of American law with foreign laws in this respect.

DRY DOCK WILL SUPPLY POWER

New Auxiliary Connection Made, Shawatians Electric Plant Will Receive an Overhaul

The city's connection with the electric power plant at the Canadian National dry dock providing for a new auxiliary supply has been completed and, following its testing tomorrow, light and power consumed in the city next week will come from the dry dock while the Shawatians' plant is receiving a week's overhaul, the first thorough overhaul in its history, Ernest Love, superintendent of utilities, announced this morning.

At 8 o'clock tomorrow the switch over in source of supply will be made. It is also announced that light and power supply in the city will be shut down for two hours, from 6 to 8 tomorrow morning, while the dry dock connection is being tested.

During the week of overhaul at Shawatians, the dry dock will supply its own staff at the power plant there while the city staff at Shawatians will be engaged on the repair work.

After the Shawatians' plant is in operation again, the dry dock plant will be closed down and power supply at the shipyard will come from the city. The dry dock plant, however, will always be in readiness to supply the city if emergency demands and will be used as an auxiliary.

The completing of the dry dock auxiliary arrangement will eliminate the necessity of the Cow Bay steam plant and the power generating machinery there will be disposed of though the building will be operated as a sub-station installed with switchboards.

DROWNED AT EBURNE

VANCOUVER, June 2.—George Gurney was drowned in the Fraser River at Eburne when he slipped into the water from a log boom.

THE DAILY NEWS
 PRINCE RUPERT - BRITISH COLUMBIA
 Published Every Afternoon, except Sunday, the Prince Rupert Daily News, Limited, Third Avenue.
 H. F. PULLEN, Managing Editor.

DAILY EDITION Saturday, June 2, 1923.

Tomorrow Is King's Birthday.

His Majesty George V., King of the United Kingdom of Great Britain and Ireland and of the British Dominions beyond the seas, Defender of the Faith and Emperor of India, was born of June 3, 1865, so tomorrow he is 58 years of age. He is the second son of the late King Edward VII. and the Dowager Queen Alexandra. He was married on July 6, 1893, to Princess Victoria Mary of Teck and succeeded to the throne on the death of his father, May 6, 1910. He has five living children, Prince Edward of Wales, heir-apparent, Prince Albert, Princess Mary Lascelles, Prince Henry and Prince George.

In voicing the time-honored wish, "Long Live the King," patriotic subjects in the same voice wish for long preservation of the Empire over which the monarch is the nominal head.

Four years of universal turmoil of war have featured the reign of King George V., but happily the Empire and its Allies rose in victory over the persecutors of the world. On the occasion of the King's birthday it is to be hoped that he may have many more peaceful years of reign but, if the occasion should ever again arise, that Britain's sons shall meet the occasion for all time in the future as they have done for long years of the past.

Tomorrow is the King's birthday but, Monday has been named as the official day of celebration.

Drifting Into Alleyways Of Talk.

A drawback in the practice of modern conversation is the drifting proclivity shown by so many talkers. Sometimes it seems as if it were growing to be a harder task all the time for people to reach the point they want to make. They drift into alleyways of talk. They may set out to describe something definite or to build up an argument, when a word let fall touches some string of recollection which sets the current of their talk in another direction, often wholly irrelevant to the subject under discussion. There is the experience then, for the listener, of hearing something he did not set out to hear so that he has to wait patiently until the talker reverts to the original theme, which he does eventually just as if there had never been a break in the course of thought. Talk of this character is distracting. It tends to illustrate why conversation is becoming one of the lost arts.

It is not given to many to be able to say what they want to say in terse, logical language in which every word is pregnant with meaning. What is, however, among the most jarring experiences in modern conversation is that it is those with the shortest vocabularies who talk the longest. Many are painfully unaware of their habit of repeating themselves, and, indeed, as often as not, show a smug satisfaction at being able to exhaust the patience of their auditors. They take a pride in being verbose. The whole trouble, if it may be characterized as such, lies in the penchant exhibited by so many to drift into alleyways of thought. It would seem as if our educational system does not make good conversationalists. It is a system which does not seem to stretch the knowledge of a vocabulary to the art of conversation. The diffident, although generally the best informed, are slow to speak; the loquacious work all the words they know overtime in the effort to impress their hearers. Modern conversation is a strange jumble in which adjectives abound; in which redundancy and tautology are too distinguishing characteristics.

More Graceful Language Needed.

Clear thinking, if we were to measure it by conversational powers, is not at a premium, for clear thinking implies few words and these always straight and to the point. Where talk is constantly running into alleyways there is something wrong with the mental equilibrium. There is no conversation more potent than that which is conducted in straight flung words and few; there is none more delightful than when it is adorned with literary grace and well rounded sentences. What is wanted to restore the art of conversation is a cultivation of logic. It is necessary towards promoting an ability to talk well and interestingly. In our whole educational system what is wanted more than anything else is a better knowledge of the English language so that the mass of our pupils who show application can employ it for conversational purposes in its grace and usefulness and so raise the whole tone of social intercourse. —Victoria Colonist.

"I Avoided an Operation Appendicitis Disappeared"

Mrs. James Wells, Ufara, Ont., writes:—

"I took a severe pain in my right side. It was very bad at times. I tried oils and tablets without gaining any relief. The doctor pronounced it chronic appendicitis. I dreaded an operation and a friend advised Dr. Chase's Kidney-Liver Pills. I used them and not only obtained relief from pain, but I believe it has completely freed me of appendicitis, as it is now over a year since I have had any of the old symptoms."

Dr. Chase's Kidney-Liver Pills

One pill a dose, 25c a box. All dealers or Edmondson, Bates & Co., Ltd., Toronto.

The Man in the Moon SAYS:

WE hear that Dickens' house is to go under the hammer. It's a shame to break it up that way.

THERE are two things the average man can do pretty well at the same time nowadays—drive a car with one arm and embrace his favorite lady passenger with the other.

AS far as we know the late Lord Chaplin was no relation to the famous Charlie.

LION and tiger cubs have been successfully fed on a bottle. They must have been endowed with freakish digestive organs.

A GENTLEMAN cat has adopted a brood of orphan chicks. Another man after the chickens.

A FRIEND of mine recently made ten dollars on the street in two minutes. An acquaintance asked him for the loan of twenty dollars and he only lent him ten.

ONE of the most difficult things to accomplish is to get hair out of a bottle.

KETCHIKAN

Mrs. Forest has been in the Ketchikan general hospital for several days taking treatment preparatory to being operated upon.

Archie McDonald is clearing off the ground for the new hatchery which is to be built near the baseball grounds.

Mrs. Fred Beckman is in town from the Loring cannery for a few days visit.

Miss Alice Sarkis has arrived in town from Port Alexander.

Mrs. Blanca Smith has left for California where she has accepted a position as teacher of languages in a business college.

Charles Johnson came in from Loring last Monday and entered the hospital for medical treatment.

Ten Years Ago in Prince Rupert

The international fisheries steamer Zapora, of Tacoma, ran aground at 5.40 yesterday afternoon north of Dead Tree Point wireless station, Queen Charlotte Islands. She was in constant communication with the wireless stations at the point and at Digby Island and managed to float off with the high tide at 8.40 the same evening.

William Manson, M.P.P., interviewed by the News this morning in regard to the new provincial buildings, said that he expected to see a start made next week on the excavation. This is to be done by day labor under the supervision of John Manson, road superintendent.

Miss Orme, who has been a guest of her brother, C. H. Orme, for several weeks, left for her home in Vancouver.

FRANCOIS LAKE

Mrs. Eastment and her little daughter, of Colleymount, have been the guests of Mr. and Mrs. T. M. Jeffrey for a few days.

Jake Henkle has gone to Rupert for a couple of weeks for his health.

Jimmy Atkinson has returned to Washington after a brief visit with his parents.

Frank McGuire has returned to his ranch at Tehesinkut Lake after cutting ties at Forestside and other points during the winter.

Frank Carroll, assistant forest ranger, was a visitor of various Francois Lake points last week. He gave out permits to burn brush piles and since his visit a lot of fields are being squared up.

MEETING OF ANYOX COMMUNITY LEAGUE

Taking Steps Towards Establishment Kindergarten in Smelter Town

ANYOX, June 2.—The regular weekly meeting of the Community League council was attended by President Lewis, Vice-president Callanan, Councilors Mrs. Dwyer, Mrs. Cloke, Messrs. Jones, Harper, Noel and Simpson.

The secretary's report informed the council that the secretary of the Tennis Club had turned in \$244 collected in dues from members and that the finance committee had authorized the purchase and installation of a fan for Recreation Hall, which would be wired for immediately. The building of additional seating accommodation at the ball grounds had also been authorized. The International Service Club had guaranteed two hundred dollars for the visit of the baseball and football teams to Stewart. This would not have been quite enough if the Granby Co. had not assisted in the transportation of the players. As a result of this trip there was a little left over, which would be held to the credit of summer sports until the close of the season. The report suggested the thanking of the people of Stewart for the hospitality extended the representatives of Anyox while there on Empire Day, also the managers of the baseball and football teams as well as those who helped make the children's day such a splendid success. Progress was reported in connection with the proposed summer camp.

Dr. Harper thought that one motion would be sufficient to cover the thanks of the council to the people of Stewart for their hospitality on May 24, the managers of the baseball and football teams who went to Stewart, the volunteers who helped to make the children's field day a success, and the Anyox brass band for its splendid turnout for the sports.

Situation at Mine

The chairman talked on the Mine Club and the situation at the Mine. The members of that organization stated it was impossible for the Mine Club to function unless they could get control of the pool room there. The chairman then asked the secretary to explain the situation. The secretary briefly outlined this and stated that when the Mine Club was formed there was a tentative understanding that if the club could organize practically one hundred per cent on the hill, that the league would have no objections to turning over the activities there as covered by the pool room and soft drink stand. This had not been done because the Mine Club had not been able to bring about the unity desired. Now under new officials, the Mine Club felt that if the control of the pool room and stand was turned over to the club all difficulties would be smoothed over. After some discussion, the council agreed that in the event of the Mine Club being successful in amalgamating all interests at the mine, the operation of the pool room there would be turned over to it and the secretary was instructed to notify the Mine Club officially to this effect.

Mrs. Dwyer introduced the matter of a kindergarten for Anyox, and called attention to the number of children between the ages of four and six who were not taken care of in any scheme of things. Mrs. Cloke spoke on the same lines and to the same purpose. Considerable discussion followed, the final decision being that the secretary get fullest possible information on the cost of such an institution. The chairman appointed Mrs. Dwyer, Mrs.

Cloke and Mr. Noel as a committee for the purpose.

Band Wants Help

A delegation from the band waited on the council for the purpose of getting some financial assistance. This delegation consisted of D. C. Roy, manager of the band, and G. A. Kribbs. Both gentlemen spoke of the service to the community rendered by the band and stated that if the council could grant the organization \$25 a month it would enable the band to finance a number of small necessities. The council decided to recommend this amount be donated to the band by the finance committee.

TIMBER SALE X 5057.

Sealed Tenders will be received by the Minister of Lands at Victoria, not later than noon on the 1st day of June, 1923, for the purchase of Licence X 5057, to cut 400,000 feet of Fir on an area situated on the west shore of Dean Channel, approximately 1 1/2 miles south of Iron Island, Range 3, Coast Land District.

Announcing

GILLETT'S PURE FLAKE LYE

Use it for Cleaning and Disinfecting Sinks, Closets, Drains, Etc. Softening Water. Cleaning Greasy Pots and Pans, Etc. Making Your Own Laundry Soap and for over 500 DIFFERENT USES

This is an old friend in a new form. It is Gillett's famous 100% Pure Lye—in Crystal Flakes instead of Powder.

Why Flakes instead of Powder? Because, during the many years that Gillett's Lye has been helping Canadian housewives to keep everything clean and sanitary, it has been our constant endeavor to improve it for general use.

Many people found that the dust from powdered lye was objectionable. But the Flakes are exactly right. Gillett's Flake Lye goes just where you want it to go—and nowhere else. Full and clear directions come with each package.

Cleans and Disinfects—Over 500 Different Uses

Had Bad Pains in Her Heart

Nerves were very bad

Mrs. John Case, R. R. No. 4, St. Catharines, Ont., writes:—"I wish to say that I have been bothered very much with my heart and nerves. I doctored with two different doctors, but did not find much relief. I would have such bad pains in my heart, at times, I would be almost afraid to move or breathe, and at night could not sleep. If the pains in my heart were gone, my nerves would be so bad I could not be still and would only get a little sleep by being tired out. My stomach was also very bad and I could eat but very little, and then only certain things or I would have so much distress which always made my heart worse. I had been suffering for nearly two years, but the day I was talking to our druggist about the way I felt. He advised me to give Milburn's Heart and Nerve Pills a fair trial. I have now taken five boxes and am feeling so much better, I am able to do my own work, and can eat anything I wish. I cannot praise

Milburn's Heart and Nerve Pills

too highly."

Price 50c a box at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

STORES WILL NOT CLOSE ON MONDAY

Retail Merchants Decided Last Night—Steps Towards Organizing

At a meeting of the retail merchants, held in the city police court last night it was decided that all stores will keep open for business on Monday, the King's birthday. A consultation was held this morning between the city solicitor and representatives of the retail merchants. The city solicitor ruled that, although Monday is a legal holiday for schools, banks and civil servants so far as other people are concerned, it is optional and there is no penalty for its violation. It was also decided by the retail merchants to hold a meeting next Friday night when a full representation of the local merchants will be asked for a view to reorganizing the Retail Merchants Association. If the association is reorganized it will not be upon an elaborate scale. The dues will be nominal and there will be practically no expense in connection with the membership. It will be simply an organization to deal with problems as they arise and particularly to deal with the matter of public holidays.

Mrs. A. McLaren, of Anyox, who arrived in the city on the steamer Prince Rupert on Thursday night, was a passenger on last night's train on a visit to the east.

Mr. and Mrs. Liffard, Mr. Garrett and Mrs. Stokes. The steamer cleared on her return trip to Vancouver and southern ports of call at 2 o'clock.

DR. PRICE, FAITH HEALER

Who is he? Does he really cure? Why did they turn against him? These questions answered at the Methodist Church tomorrow night at 7.30.

Who hasn't met old women of 25, and young women of 40? It isn't years alone that age—any physician will tell you that undue expenditure of physical and mental energy will make the young old at 30.

More and more men are coming to appreciate that if for no other reason than that of health, it is inadvisable to permit this work by women.

And there's really no need for it—we can do the whole washing for the family, at a cost that's most moderate—less, in fact, than it costs to call in a laundress.

Call us and have us tell all about this more modern wash-way.

How much does it mean to you to keep your wife young?

Who hasn't met old women of 25, and young women of 40? It isn't years alone that age—any physician will tell you that undue expenditure of physical and mental energy will make the young old at 30.

More and more men are coming to appreciate that if for no other reason than that of health, it is inadvisable to permit this work by women.

And there's really no need for it—we can do the whole washing for the family, at a cost that's most moderate—less, in fact, than it costs to call in a laundress.

WATERFRONT WHIFFS
Doings of the Mosquito Fleet which is the chief source of Prince Rupert's prosperity

While the arrivals this week have had a tendency to fall off, as is usual at this time of the year, the amount of fish landed has been well up to standard and the Admiral of the mosquito fleet is quite satisfied with the amount of work done. At this season it is usual for the larger American schooners to hike to their home ports in the south in which there is a two fold idea. The first is to see their loved ones at home and the second idea is to put their trusty crafts through a general overhaul preparatory to returning north for the fall and heavier weather. The salmon arrivals have been heavier this week than for any previous week this season and a fleet of the little fellows have landed 23,400 pounds of red and 200 pounds of white salmon, good prices prevailing for their catches. During the week a number of trolling boats have left port to join the various cannery fleets and with the coming of warmer weather, the sockeye and coho season will soon be under way. Prices for home catch of halibut have been well maintained especially for second class fish which has brought the same price as American, the Canadian market being firm. Incoming skippers report that previous to Thursday the weather on the high spots had not been of the best and that cold winds had been general which had interfered a great deal with the run of fish. However, it had considerably improved towards the latter part of the week and real summer weather is expected from now on.

I-Go Sprucing Up
The I-Go, Capt. Geo. Naas, the man who named the Naas river, is the latest addition to the fighting arm of the Mosquito fleet and is at present being refitted and re-armed while at anchor in Cow Bay. The I-Go was formerly in the trolling service but her speed was so great that she always kept ahead of the salmon which could not swim fast enough to catch up with the hook. This got to the ears of the Admiral who ordered her to be armed as a sub-chaser and taken on the commissioned list of the fighting forces of the fleet. Secret service authorities state that it has been learned on good authority that the Salvus navy is looking with longing eyes on the Cow Bay base and the old man means to be well prepared for eventualities. The decks of the I-Go are being replated and the mast tops are being copper painted to keep the rain out of the engine room. She will be armed with the same guns as were used by the underground artillery in the late war. These are reputed to be able to fire around the corners.

Kelpie Out Again
The sailing schooner Kelpie, owned by Bill the Diver, which has been interned in Bone Yard Creek for the past while as a penalty for going and sinking in the big storm which struck the waterfront some months ago, has been released. The Kelpie is now being overhauled by her skipper. Two masts are to be erected thereon and one sail. The idea is that if one of the masts breaks again the sail can be transferred quickly to the other mast. This is called duplicating the power. When the overhaul has been completed it is said that Bill will hike for the Mackenzie river district for the purpose of trapping Eskimos for side shows. This is a new idea but there may be money in it at that.

hers have been placed in her hull giving her a little more height. When the 15 h.p. Sterling engine is installed, and she gets under the way the water in the bay is liable to be churned out and we'll then be able to walk across to the Salt Lakes. Anyone wishing to use a boat on the bay had better hurry up before Sunday while the water is there. On Sunday the newly acquired Oh Baby will be churning up the foam and forming a miniature tidal wave. On the trial trip there is to be great festivities and gift edged invitation cards are already being sent out by Polly Puff of the admiralty staff to a select few.

Lumber from Georgetown
The tug McCulloch, Capt. Clifton, arrived in port on Thursday with two scow loads of lumber. One scow load is for the Canadian Fish & Cold Storage Co. and the other is for the Big Bay Lumber Co.'s requirements.

Egg Runners Arrive
A fleet of egg runners from Poreber Island have into port early in the week. The fleet included the power boats Peggy, Royal HL, and Bertha G. A little competition took place between the egg runners on the incoming trip. It was thought that the first boat to arrive would be able to ask a better price for the table confection on account of superior freshness and that is what started the race. Terrific speed was maintained by all three competitors and little advantage could be gained by any boat. The result was that, upon tying up a Cow Bay, the skippers were surprised to find that the vibration of the boats had turned several cases of eggs into custard. However, the remainder soon found ready purchasers in town.

Maevie Out Trouting
The wonderfish of the fleet, the Maevie, owned and sort of run by skipper McDonald of the fire hall staff, was out to Shawatlans Lake with a band of hope party during the week. The outgoing trip was a splendid one and the flywheel came off only twice. It is learned on very high authority that the party between them caught some forty eight trout none of which were second hand. It is said that Mae would tour the globe in his craft if the world was not quite so large and kind of awkward.

McLean's Yards Busy
The N. M. McLean shipyard is a veritable hive of industry. In addition to the White Lily, which is on the ways awaiting new power installation, the new Oh Baby is being remodelled and the Road, Capt. John Prescott is being all dressed up for the fishing fray. The Oh Baby is being relined inside and additional tim-

Billy Thane Gets Logs
It is reported that Capt. Billy Thane, owner of the power boat Silver Spray and similar nautical contrivances, together with Vic Marekland of the Cub, and several other gentlemen of the sea, have recovered some 200,000 feet of logs from the boom which recently broke away from the tug Lorne during a storm off Bonila Island. These beachcomb logs should net the salvage operators something like \$2,000 which speaks well for their enterprising spirit.

Fish Business
During the week 277,900 lbs. of halibut has been marketed through the local Fish Exchange. The highest price paid was 17.6c and 11c, and the lowest 13.7c and 9c. Arrivals during the week included Emblem, Rosepoint, Ethel June, Gibson, E. Lipsell, Lillian M., Agnes B., Westener, Helgeland, Hi Gil, Todd, Adeline, Neptune, Murineq, D.C.F., Volunteer, Ringleader, Plop, Victor, Elida, Wave, Doreen, W.T., Viola, Fisher, Sail, Vatoes, Sherman, Washington, Wabash, W. & F., Maud, Mab, Johanna, H. & R., Frisby A., Unity and Bingo.

WOULD NOT HAVE ULCER CUT OUT OF STOMACH

Took "Fruit-a-tives" Instead and this Medicine made from Fruit Juices Relieved the Trouble.

MAPLEHURST FARM, HILLHURST, P. Q.
"About 25 years ago, I began to have trouble with my stomach.
Three years ago, I consulted one of the best specialists in Montreal. He said I must go to the hospital, have an Ulcer cut out of my stomach and gall stones removed. I was then 74 years old. I said "NO."
Then, I began to take "Fruit-a-tives". I am so much better that my old friends often ask me what I have done to myself to look so well. I am gaining in weight and enjoying life very much." H. W. EDWARDS.

"Fruit-a-tives" is made from the juices of apples, oranges, figs and prunes, combined with tonics, and gives quick relief in stomach troubles.
This fruit medicine actually strengthens the stomach muscles and enables the stomach to give out sufficient gastric juice to digest the meals.
"Fruit-a-tives" also corrects Constipation and Biliousness from which so many Dyspeptics suffer.
50c. a box, 6 for \$2.50, trial size 25c. At all dealers or sent post-paid on receipt of price.

SONS OF CANADA DEFEATED GIL'S

Second Senior League Baseball Game Last Night Resulted in Score of 8 to 5.

Defeating Gils by a score of 8 to 5, the Sons of Canada last night won their second Senior League game of the season.

The game, though both teams performed on the whole creditably for so early in the season, was devoid of much keen excitement or spectacular play. The Canadians had it easy from the start and, after making two-base hits in the second inning off Montgomery for four runs, continued to maintain the lead, adding one in the fourth and three more in the eighth when Jack Ratchford made a circuit clout and Harry Astoria sacrificed.

Owing to the fact that the weather turned cold and foggy, there was not such a large crowd of fans as might have been expected.

There was no scoring for either side in the first inning but Gils, first to bat, managed to make the first run in the second. Easson singled to centre field and stole second and third. Hamilton struck out and G. Mitchell popped out to the pitcher who relayed the ball too low to home for the catcher to pick it up thus allowing Easson to score. Clark singled to right field and Frizzell was put out at first from second base fielding.

Timely Two Baggers

The Sons came right back in their half of the second and filled the bases when Astoria walked, Scott singled and Lidstone was hit by the pitcher after Alex. Mitchell was put out at first. Farquhar came through with a timely two bagger and scored Astoria and Scott and Neilson did

TIMBER SALE X 5081.

Sealed Tenders will be received by the Minister of Lands at Victoria, not later than noon on the 22nd day of June, 1923, for the purchase of Licence X 5081, to cut 5,101,000 feet of spruce and hemlock, and 2,200,000 feet of felled and bucked spruce and hemlock, on an area situated on Limestone Bay, Louise Island, Queen Charlotte Islands Land District.

Two (2) years will be allowed for removal of timber.

THEY CALLED HIM AN "OLD PILL"

THAT was years ago when he packed a terrible grouch, a mighty irritable stomach and a liver that refused to do the things that all good livers should. No wonder his friends called him an "old pill" and stayed away.

But that was years ago—long before he discovered Beecham's Pills and learned that two at bedtime can bring sunshine into a man's life. Today, he's an optimist, a hero to his wife, and a staunch believer in Beecham's Pills.

The cheer that Beecham's Pills bring into a man's disposition, is the incomparable cheer of sound digestion, active liver, and the regular habits that make good health.

At All Druggists

the same scoring as Lidstone and Farquhar. Menzies and Ratchford fled out to left and centre field respectively. In the course of the first two innings, Clarke made a couple of pretty catches in left field for Gils.

The third inning was devoid of scoring though Montgomery allowed the Sons of Canada to fill the bases again. Astoria had struck out, however, and an infield fly stopped at second base and another nice catch by Clark saved the situation. Lidstone struck out Gils 1-2-3 in the third and did the same in the fourth. Frizzell was put in the box for Gils in the fourth. Neilson, for

Was right under them all the time at left field.

the Sons, singled to left field as did Menzies. Ratchford struck out and O. P. Smith singled safely and scored Neilson, but was put out on trying to stretch his hit to second. Astoria was put out at first.

Hill's Good Save
The batters of neither side got very far in the fifth and there was no scoring. In the sixth Gils got another run. Hill was walked and, after stealing second and third, scored on Bazett-Jones sacrifice. When the Sons came up to bat, Hill again distinguished himself at third by a nice pick-up and peg to first which put out Farquhar.

Good infield work by both sides prevented scoring in the seventh. Gils picked up another run in the eighth. Montgomery struck out, G. Hill made a two bagger in centre field direction, and scored when Lidstone threw the ball away trying to catch him at third. W. Mitchell struck out and Bazett-Jones fouled out to Neilson at first.

Ratchford's Homer
For the Sons in the eighth, Neilson got to first when Frizzell was a little slow in his fielding. Menzies struck out and Jack Ratchford poked out a home run over the rockpile which brought Neilson home in front of him. O. P. Smith got two bases on a right field hit and made a third when Montgomery made a had peg. Astoria sacrificed to right field and scored Smith. Scott singled and R. Smith was put out at first from short.

First to bat in the ninth for Gils, Easson poked out a two bagger to the rock pile, stole third

(Continued on Page 6).

ELKS WINNERS OVER SMELTER

Last League Game at Anyox Resulted in Score of 3 to 1

ANYOX, June 2. — The Elks came through with a win in the last game of the Anyox Baseball League series beating the Smelter team by a score of three to one. There was nothing sensational about the game, except the accepting of a hard chance by Cole of a fly hit by Armstrong in the fifth inning, making a brilliant catch, out of which a double play resulted. This, and a little bit of excitement in the latter half of the seventh when with only one down and two men on bases, the Smelter team had a chance to even, caused the fans to sit up. It came to nothing, however, for the Elks tightened up and there was nothing doing.

On the play, the Elks were justly entitled to the game. For the antlered tribe, Fitzpatrick twirled and turned in a splendid game, getting ten strike outs to his credit. Old "War Horse" Cody handled the position behind the plate and found his arm working to good advantage early in the game, for he managed to catch the hold base-stealers of "Gas Eaters" on several occasions.

The Smelter had a new man on the mound, who seemed to be a trifle nervous, and who will undoubtedly improve as the season develops. Lee and McKeown comprised the Smelter battery. W. Olsson was umpire in chief and C. Olsson took care of the bases.

The Line-ups:

Elks—Campbell, cf; Cody, c; Greenwell, ss; Armstrong, lf; McIntyre, rf; McKenna, 3b; Fitzpatrick, p; Whitteker, 2b; Thorley, 1b.

Smelter—Matheson, 3b; S. McKeown, 2b; Brown, ss; Cole, cf; Sinclair, 1b; Sheen, lf; Hewgill, rf; C. McKeown, c; Lee, p.

SMELTER SOCCER TEAM AT ANYOX BEATS ELKS

Gas Eaters Continue Winning Streak and Came Out at Best End 1-0 Score

ANYOX, June 1.—Still on the winning streak, the Smelter football team took the Elks into camp on Tuesday night by one goal to nothing. This was prettily placed by Cy. Greenwell on a pass from Barney Fitzpatrick in the second half. Although this was the only goal of the evening there were many well-placed shots stopped by both goalkeepers, the defence of the Smelter portals being particularly hard pressed at times and cleared only by good judgment on the part of the gas eating goalie. For the Elks, the work of the Robertsons, Ballion and Scott was particularly noticeable, while Greenwell, Rowan, Mair and Fitzpatrick played fine football for the winning side. Evans was the referee.

The line up:—
Smelter—Goal, Pete McDougall; backs, Mair and Kirkland; half backs, Rowan, Ross and Smith; forwards, Fitzpatrick, Skephorne, McGuire, Greenwell and Armstrong.

Elks—Goal, Lacey; backs, Robertson and Ballion; half backs, Crawford, Scott and Roberts; forwards, McKenzie, Sellars, O'Connell, Robertson and Hogben.

Sport Chat

A baseball game between some outside team and Prince Rupert on Dominion Day would be appreciated and fans are hoping that the Sons of Canada will be successful in their efforts to stage such an event. As yet plans are in the embryo stage and there is about a month between now and the date. Dominion Day, falling on Sunday, will likely be celebrated on Monday. This is not the best of days for the arrival of some outside team and the principal difficulty will be that of transportation. However, the week-end may be used to advantage in saving the loss of time.

A public school field day, as planned in connection with the Dominion Day celebration, will be something new in the local sporting world and if properly managed should be very inter-

There Is Money in The Outside Districts.

esting and successful. Competitions for Junior championships could be arranged and doubtless the youngsters would be right on their toes to capture honors. There are many budding athletes in the city who are worthy of attention and their interests should be an important factor in every sports celebration.

Polish newspapers have been requested by the Polish Sporting Congress to give more attention to sporting events both domestic and international. Establishment of military sporting clubs was another matter that was recommended by the congress. Football, which since the armistice has become almost the national game of Poland, was the subject of a keen discussion by the delegates. The military representatives favored intensifying the game, while delegates from the universities were inclined to the belief that it was excluding many other forms of sport which should be indulged in. A compromise was reached by deciding to foster swimming, the teaching of which in the schools will be made compulsory by an act of parliament. Before

adjournment, the delegates secured the promise of financial assistance from the government to defray the expenses of Polish athletes to the Paris Olympiad next year.

TIMBER SALE X 4312.

TERRACE HAS BRANCH OF SONS OF CANADA

T. A. Kirkpatrick is President and Morse Hall, Secretary

TERRACE, June 2.—A branch of the Sons of Canada society has been formed here with the following officers:

President, T. J. Kirkpatrick. First Vice President, E. Kenney. Second Vice-President, A. E. Little. Secretary, Morse Hall. Treasurer, H. S. Greenman. Sergeant-at-Arms, Jack Viger. Outer Guard, Gordon Sparks. Inner Guard, James Lever. Chaplain, Rev. T. J. Marsh.

The list of officers has been submitted and application made for charter to the central organization. Over 20 members were enrolled at the first meeting.

SONS OF CANADA DEFEATED GILS

(Continued from Page Five) and scored when Hamilton sacrificed. G. Mitchell singled to left field and after a series of steals scored when the pitcher pegged wild. Clark struck out and Frizzell was put out at first.

Lidstone Pitched Well
In the ninth, Lidstone, the Sons of Canada pitcher who had given excellent service throughout the game, with 12 strikeouts to his credit, wrenched his arm and was replaced in the box by Vic Menzies, Ratchford taking third and Lidstone going to the right field.

P. Laporte was umpire of balls and strikes and H. N. Delmonico, bases.

The teams took the field as follows: Gils—G. Hill, 3b., W. Mitchell, cf., S. Bazzell-Jones, 1b., Eason, ss., Hamilton, c., G. Mitchell, 2b., T. Clark, lf., H. Frizzell, rf. and p., Montgomery, p. and rf.

Sons of Canada—Farquhar, ss., Neilson, 1b., V. Menzies, 3b., and p., Jack Ratchford, rf. and 3b., O. P. Smith, cf., H. Astoria, c., H. B. Scott, 2b., A. Mitchell, lf. (up 6 fifth), R. Smith, if. (fifth and after), D. Lidstone, p. and rf.

Score by Innings

System Run Down Blood Out of Order

Many people become run down, but you don't know just exactly what their trouble is, when, as a rule, it is improper circulation of the blood.

All they need is a good tonic to build up the system and put the blood into proper shape.

For this purpose there is nothing on the market today to equal

BURDOCK BLOOD BITTERS

It regulates the stomach, liver and bowels, purifies the blood and tones up the entire system.

Mrs. H. Poole, Fort Dover, Ont., writes:—My system was run down and my blood out of order, and I suffered a great deal from pains in my head which made me feel very miserable. A friend told me to try Burdock Blood Bitters, so I got a bottle and before I was used I found it was doing me good. I kept on until I had taken three, and now I feel like a different woman.

My husband also took it and it has built him up.

For the past 44 years B. B. B. has been manufactured only by The T. Milburn Co. Limited, Toronto, Ont.

COLTS DANCE WAS DECIDED SUCCESS

Over 100 Couples Attended Affair in Elks' Home Last Night

The dance held by the Colts Athletic Association in the Elk's Home last night was a decided success. Over a hundred dancers indulged in the terpsichorean art from 9.30 p.m. to 2 p.m. in the catchy strains of Prof. Pryce's orchestra. Delicious refreshments were served at midnight by the refreshment committee composed of M. Budenich, D. Frizzell, J. Kelly and Miss Mills. Ralph Smith made an efficient master of ceremonies. The arrangements for the dance were in the hands of Ralph Smith, G. Bulger and C. Clapp. J. Sims attended to the door duties.
