HINDU CITIZENSHIP DISCUSSED AT OTTAWA ATTEMPT TO WRECK TROOP TRAIN NEAR SYDNEY WAS FRUSTRATED TODAY

Premier Says Parliament Will Not Force British Columbia to Grant Citizenship to Hindus

OTTAWA, June 30.—In the course of a long debate on the Hindu question in the House of Commons yesterday, Premier Mackenzie King said that if members from British Columbia regardless of political party were favorable to having the franchise granted to people from India in British Columbia the rest of the parliament would fall cordially into harmony with their views. On the other hand, if it were clear to members of this House that as far as British Columbia was concerned, instead of being in favor of granting the franchise they were all pretty much the other way, it was hardly probable members of parliament generally would seek to impose any view upon them which would be contrary to their wishes. The premier added that it was a matter for parliament and not for the Imperial conference.

HOUSE SITS WHOLE NIGHT

Prorogation is Taking Place This Afternoon: Business Finished

OTTAWA, June 30.—Prorogation of Parliament has been tentatively fixed for three o'clock this afternoon. Practically the only business now remaining before the House consists of Senate amendments to three bills respecting pensions and soldiers' insurance.

SENATE DEALS WITH SOLDIERS' PENSIONS

Adopts Insurance Principle and Approves Amendments to the Bill

OTTAWA, June 30.—The insurance principle in the matter of pensions for soldiers' dependents was upheld in the Senate by a vote of 44 to 20, contrary to the recommendations of a special committee of the Senate headed by Senator Beique, which advised that it be deleted.

BRITAIN WILL AID AGAINST BOOTLEGGING

LONDON, June 30.—The Daily Telegraph understands a special committee of the British parliament under Ronald McNeill, under secretary of state for foreign affairs, which is considering the liquor question will devise some means by which Great Britain will facilitate the task of the United States government in checking bootlegging.

PARTY COMING HERE MONDAY

Brooklyn Eagle Visitors Will be Entertained Locally

Some seventy representative Eastern United States people, most of them well known residents of Brooklyn, New York, will arrive in the city by special train at 5:45 Monday morning to make connection with Alaska Steamship Co.'s new steamer Alaska which will take them on to Alaska leaving here at 10:30 the same morning on the Brooklyn Eagle's Canada-Alaska tour.

Apart from having been the object of special attention everywhere along the route they have travelled, the Eagle party is distinguished through its participation in three special functions which the Canadian and United States authorities have asked it to perform. The first of these ceremonies, the dedication of the Jasper National Park Lodge was performed yesterday. The next will take place on July 10 at a newly pitched camp on Savage River in the heart of the Alaskan wilderness when the Mount McKinley National Park will be dedicated. Two days after this, the Eagle party will take a special train to Fairbanks marking the completion of the New Alaska railway from the coast to Fairbanks.

While in Prince Rupert from 6:45 to 10:30 on Monday morning, the Eagle party will be entertained by the Board of Trade, a motor launch trip on the harbor and along the waterfront being planned.

Tomorrow the party will be at Fraser Lake where they will attend special church services in the Catholic Industrial School.

G. K. Howard, of Montreal, general tourist agent for the C. N. R., is accompanying the party representing the company.

ANOTHER TEACHER FOR HIGH SCHOOL MAY BE REQUIRED

In order to ascertain in advance how many students will be entering the city High School next term, the school board last night decided to prepare circular letters to be sent to all successful entrance students in the district inquiring if it was their intention to attend the High School here.

Mr. Brady, principal, reported that the prospects were that there would be more students than ever entering the High School next fall. The staff was now performing capacity work and if the entries were too heavy another teacher might be required.

MANILA TYPHOON

MANILA, June 30.—Manila is gripped by a typhoon which began raging last night. Today many streets of the city are under water.

George Woodland, local manager for the Imperial Oil Co., sailed last night for Stewart on business.

FIELDING BECOMES PRIVY COUNCILLOR

LONDON, June 30.—Hon. W. S. Fielding was made a privy councillor in the King's birthday honors, announcement of which was delayed on account of the change in the premiership. He henceforth will be known as Rt. Hon. W. S. Fielding.

COMMONS DEBATE ON IMPERIAL CONFERENCE

Mackenzie King is Not Giving Away His Hand and Meighen Admits Position Correct

OTTAWA, June 30.—The anticipated debate on the coming imperial and economic conferences in London next fall materialized but was chiefly confined to discussion of the proposal to give the Hindus the franchise in British Columbia.

Premier King was asked to state his attitude and replied that he could not be expected to give in advance his attitude to the conference and Mr. Meighen agreed that this was fair and proper objection.

Attempt Wreck Canadian National Train Carrying Troops to Strike Area was Made this Morning

SYDNEY, June 30.—An attempt to wreck a Canadian National troop train bringing soldiers from Halifax for strike duty here was discovered by railway employees early today, just before the train reached the city. The telephone message giving information of the attempt said railway ties were wedged between the rails.

The first detachment of 250 men reached the station at four this morning. Mike Koval, a Russian, and one of the raiders of the plant of the British Empire Steel corporation was struck over the head by a critical condition. Five men were arrested as a result of this disturbance last night.

June Has Been Good Month for Halibut Fishing: Better Than Same Month Last Year

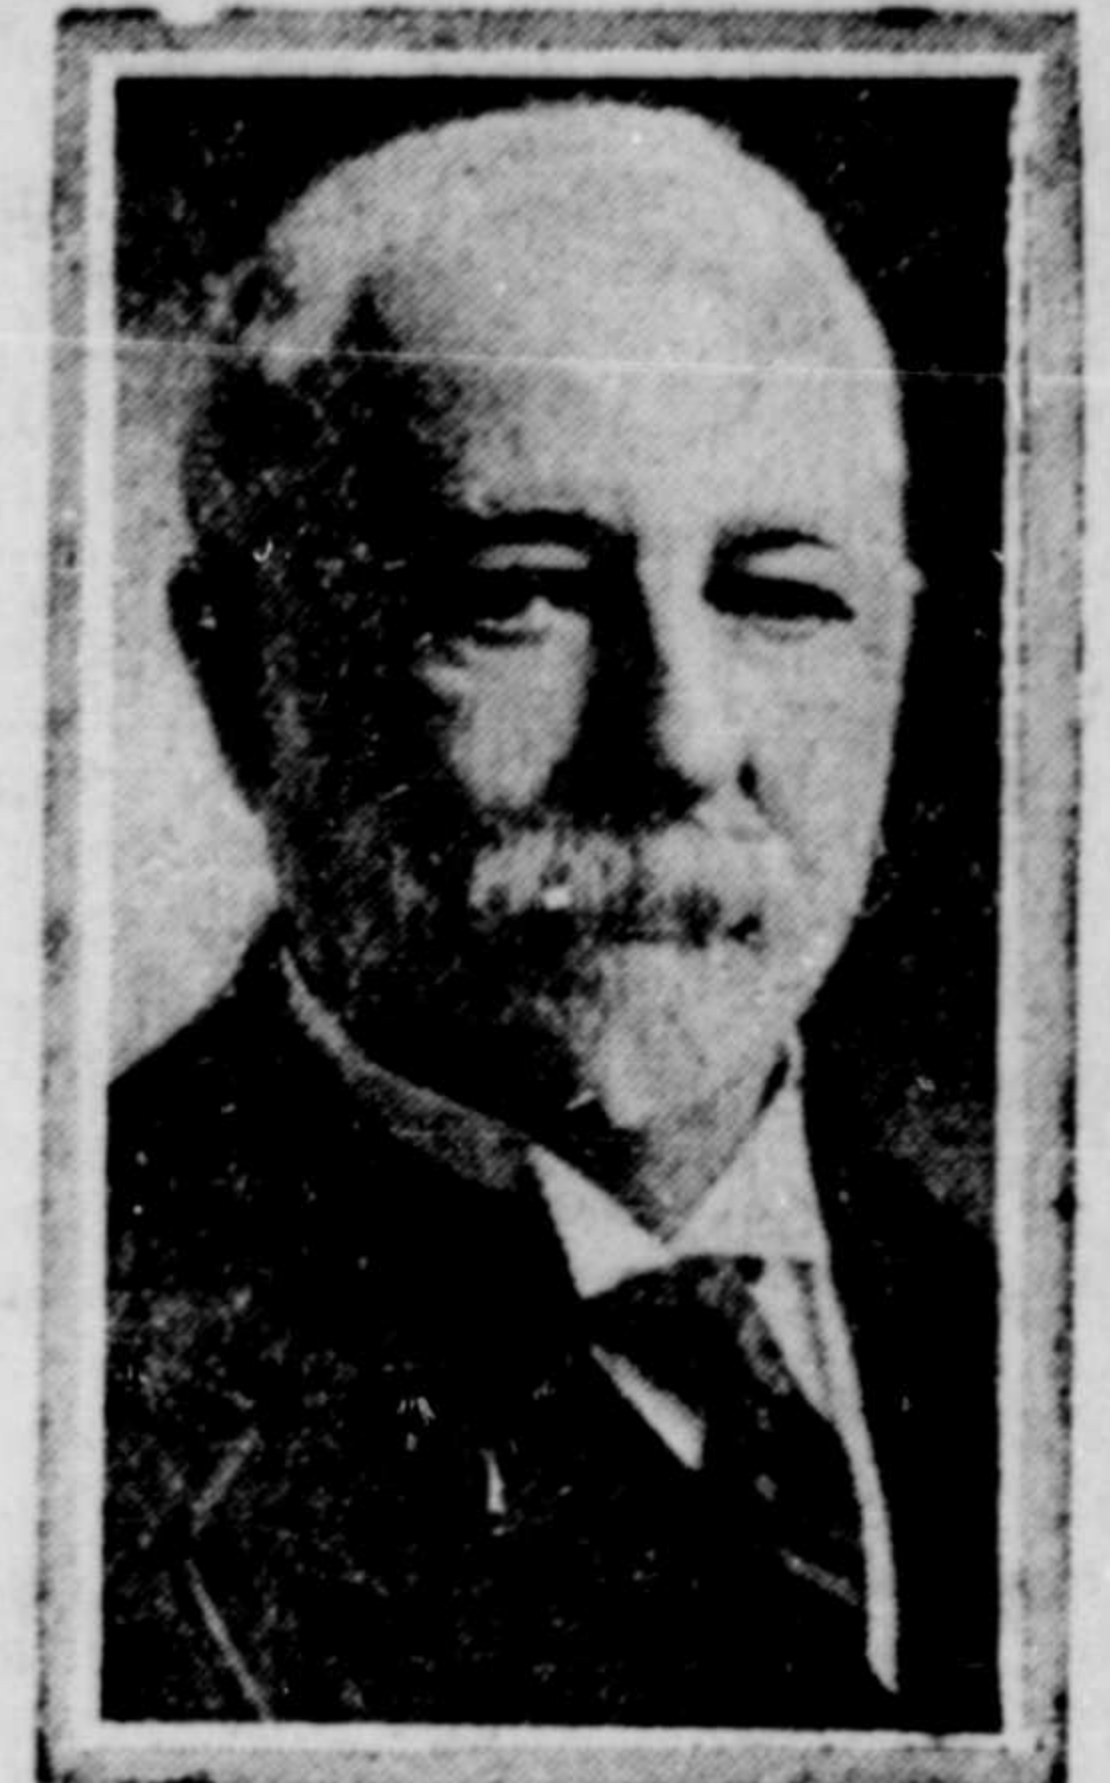

From every standpoint the month of June closing today was a very successful one on the whole as far as the local halibut fisheries were concerned. The fares for the month totalled 2,807,000 pounds as compared with 2,085,000 pounds in June last year and 2,542,000 pounds during May of this year. Fishing conditions during the month closing were good, the weather was favorable and prices were well sustained. The high price for the month was 16c and 9c drawn down by the Sherman for 15,000 pounds on June 1. The lowest price was paid to the Allen for 65,000 pounds during the car shortage last week, 12 1/2 c Co.

Today's arrivals and sales were as follows:
Canadian
Minnie V., 5,500 pounds, at 13.6c and 11c, to the Royal Fish Co.
H. and R., 6,000 pounds, at 13.4c and 10.5c, to the Canadian Fish & Cold Storage Co.
Mayflower, 8,500 pounds, at 13.7c and 11c, to the Allen Fisheries.
American
Vesta, 15,000 pounds, and Sherman, 14,000 pounds, at 13.5c and 10c, to the Canadian Fish & Cold Storage Co.
Star, 9,000 pounds, and Happy, 12,000 pounds, at 13.6c and 10c.

CANADIAN FINANCE MINISTER

Right Hon. W. S. Fielding, now a Privy Councillor.

ALASKA HAS CHICAGO

UNALASKA, June 30.—Alaska now has its own Chicago. Lost Harbor, on Akutan Island, was christened Chicago with much ceremony last winter, it has been learned from the crew of the coast guard cutter Haida.

The Haida is the first boat in since last November, bringing news and mail from the "outside."

Strike is Declared on C.G.M.M. Vessels and Men Commence Leaving

VANCOUVER, June 30.—The climax of a protracted dispute over wages and working conditions aboard vessels of the Canadian Government Merchant Marine on this coast came yesterday when officers of the Seafarers' Union announced that a majority of the 180 men affected had voted to strike and the strike order was issued.

The coastal and deep sea ships of the Government Merchant Marine are affected but not the Canadian National Railways coast ships the Prince Rupert, Prince George, and Prince John.

Six men walked off the Canadian Observer last night out of her crew of twelve and some of the remainder are expected to strike today.

Because the strike order does not take effect until the ships reach this port, there is a possibility that the dispute will be settled before the majority of men affected are ordered to strike.

The Canadian Transporter left with a full crew. The Canadian Highlander is due here today, when the strike order will be served on the crew. Both seamen and firemen are affected.

The dispute between the Government Merchant Marine and its crews began on May 8 last. An increase of \$20 a month is asked. The present scale is \$60 a month on deep sea ships and \$67.50 on coastal ships. The men demand shorter hours and that correspondingly larger crews must be employed. There is also an ancient grievance involved concerning the poor quality of the rations served them.

There are about a score of vessels of the Government Merchant Marine operating out of this port.

CAPTAIN BARNEY JOHNSON IS HERE

Announced This Morning That Heate Straits Towing Co. Has Purchased Lorne

Capt. Barney Johnson dropped into port last night on the tug Lorne to take on oil fuel here. The tug arrived at midnight and may remain in port for the Dominion Day celebration. In the meantime, Captain Barney is being welcomed by many old friends, this being his first visit here since last fall.

Capt. Johnson this morning confirmed the report that the Heate Straits Towing Co., of which he is the head, had purchased the Lorne from the C. G. M. M. Since her acquisition by the new owners, the Lorne has undergone general repairs and is now said by Capt. Johnson to be in better shape than for some years.

The Lorne is the second of the Heate Straits Towing Co.'s fleet, the other tug being the Cape Scott, formerly the Celestial Empire. Both tugs are engaged in towing logs from the T. A. Kelly camp, Cumshewa, to pulp mills on the coast and Capt. Johnson is in personal command of the Lorne. She came in here last night after delivering two Davis rafts at Swanson Bay.

FOLEY AND LYNCH FOUGHT TO DRAW

VANCOUVER, June 30.—Vic Foley, of Vancouver, claimant of the Canadian bantamweight championship, and California Joe Lynch of San Francisco, fought a fast and furious ten rounds here last night to a draw.

SENATE KILLS TWO MEASURES

Branch Line Bill of Government Given Six Months Hoist

OTTAWA, June 30.—The Senate killed two bills that came before them yesterday after being passed by the House of Commons. By a vote of 47 to 10 the permanent chamber gave the six months hoist to the government's National Railway branch line program. Conservative senators present voted for the amendment and are joined by Senators David Eeique, Belcourt, Casgrain, Boyer and Montplaisir from the government ranks.

DOUKHABORS BURN SCHOOL

NELSON, June 30.—The Doukhabor school at Glade near Brilliant, B.C., was burned to the ground this morning.

This is the third Doukhabor school to be destroyed by fire within three weeks. Miss Mildred Houston, the teacher, lost all her possessions, but luckily was absent from her quarters when the fire took place. The blaze is thought to have been incendiary origin.

DEMPSEY'S MANAGER NOT VERY ANXIOUS

That is Opinion of Committee Handling Big Fourth of July Fight

GREAT FALLS, June 30.—The Dempsey-Gibbons fight will be carried out on schedule on July 4 the promoters having received guarantees of \$5,000 each from twenty influential men in Montana. The last hundred thousand due Dempsey will be paid Monday as agreed.

The bankers' committee, which is handling the fight, issued a statement which included the expression of their opinion that Kearns was not overly anxious to have Dempsey fight Gibbons, "but we are going to see that he does."

RAMSAY MACDONALD IS CHAIRMAN OF EXECUTIVE

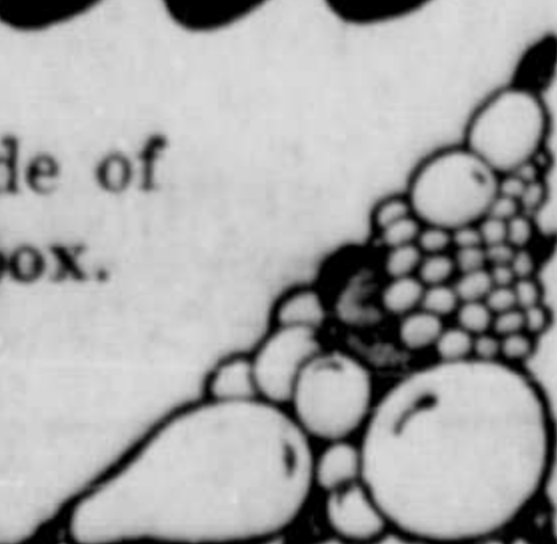

LONDON, June 30.—J. Ramsay MacDonald, leader of the parliamentary labor party was yesterday elected chairman of the labor party executive, succeeding Sidney Webb.

Value of Friendships In All Walks of Life.

In all walks of life friendships are most valuable. The communion of soul between those who are attuned to each other is one of the most valuable things in life. Nothing gives so much pleasure as being with a friend with whom it is possible to converse or not and yet feel that each likes to be in company of the other.

Some people go through life without ever meeting a true friend, and such are to be pitied. They have missed a great deal. Those who are wholly self-centred are pretty sure to miss the pleasure of friendship. It is impossible to think wholly of self and at the same time be a real friend.

No Need To Rave Over United States.

There is no need to rave over the action of the United States in refusing to allow liquor on visiting ships. The U.S. has a perfect right to regulate the use of its own ports and to keep vessels away which do not conform to their regulations. There is no great hardship in doing without liquor for a short time. In fact it is a distinct benefit.

There is no place where the use of liquor is so objectionable as aboard ship. On passenger liners there are usually a few people who cannot control themselves and who make themselves objectionable to other passengers. Ashore, those who drink too much are a nuisance and sometimes a danger. On a ship they are much more of a nuisance because it is more difficult to avoid them.

All In Competition With Whole Province.

There is a little misunderstanding in regard to the essay competition, the results of which were announced yesterday. The local winners were all in competition with pupils of similar grade throughout the province and therefore their success was equally meritorious. The young folks of this city not only average up well but results prove that they excel those of other places. When placed in competition they always make a creditable showing.

No Pall Now Hanging Over The World.

Until quite recently there seemed to be some danger hanging over the world. There was for months danger of war with Turkey. The French occupation of Germany threatened to lead to serious consequences. Italy was at times on the verge of rebellion and Austria was in a parlous condition. Ireland, too, was a source of much anxiety. All these difficulties have to a large extent been overcome and dozens of others, with the result that today the world seems to be settling down and trying earnestly to solve the difficulties which have arisen from the war and from social unrest. Labor problems are working themselves out and throughout the world there is evident a desire to re-operate and get down to a more stable basis in all relations with each other.

There will always be problems to settle and often in the efforts to settle them right there will be friction. There will be a lot of labor troubles and a lot of international troubles, religious and racial troubles but every year that passes tends to educate the people of each country to a more reasonable frame of mind.

SCHOOL MATTERS ARE DEALT WITH System Run Down Blood Out of Order

Regret Expressed at Resignation of Principal Campbell and Several of the Staff

SEVERE LOSS TO SCHOOL

Manual Training and Other Matters Come Before Board at Meeting Last Night

There were general expressions of regret at last night's school board meeting when the resignation of H. L. Campbell, superintendent was formally submitted.

In moving that the resignation be accepted with regret and that a letter be written to Mr. Campbell expressing the appreciation of the board for his services, Trustee Casey said that Mr. Campbell had certainly been an up-to-date and efficient teacher and had given the board most conscientious and successful service.

Trustee Parker, in seconding the motion, declared that Mr. Campbell had proved the value of the office of supervising principal providing it was in the right hands. Mr. Campbell had been the right man in the right place and had won the confidence and esteem of the children, parents, school board and public at large.

Trustee McLennan felt that Prince Rupert was suffering a severe loss in school matters with the departure of Mr. Campbell. In his five years of service on the school board, there had been nothing that he more regretted than Mr. Campbell's resignation. However, he wished to move so that he might have better opportunity to rise to the top of his profession and he felt sure that he would do so. He regretted very much having to put the resolution of acceptance.

Mr. Campbell Replies

Mr. Campbell said that he had never been his pleasure to serve under any school board that deserved better than Prince Rupert did of its teachers. He had during his stay in the city had the loyal backing of the board, teachers and public and his resignation had nothing to do with the conditions under which he had worked or lived here. If his work had been successful, it had been because the school board had always given him the incentive to do his best.

Resignations were also received at the meeting from Miss Doreen Ryan, commercial teacher at the High School, Miss Josephine B. Easson and Miss Ann McKinnon of the Booth Memorial School staff, and Miss Helen F. Nickerson, of Borden Street school. Trustee Parker said that all had been efficient teachers and moved that the resignations be accepted with regret and that letters of appreciation and recommendation be forwarded. This was seconded by Trustee Montgomery and carried.

There were only five resignations submitted last night but one or two more are expected. The next meeting of the board will be held early in July and the whole situation will be dealt with at that time. In the meantime, the positions are to be advertised. A large number of applications are already in the hands of the secretary.

Mrs. E. D. Wallace, formerly of the regular staff and official substitute during the past year, requested a letter of recommendation which was granted.

Local Promotion

In view of the resignation of Miss Nickerson from the receiving class at Borden Street School Miss Ruby R. Scott, of Borden Street school and Miss Etanda Marsh, of Seal Cove school, applied for transfer to that position next term. Mr. Campbell reported that both were capable teachers but that Miss Scott was senior to Miss Marsh. He recommended that Miss Scott be given the Borden Street receiving class and Miss Marsh a junior grade at Booth School.

Miss Agnes Donaldson, who was appointed for a year on probation last fall, was given a permanent position on the staff on motion of Trustee Casey and Trustee Montgomery.

Superintendent Campbell suggested that an increase of salary be given to James Mitchell to hold him here. He had already received several offers and something along this line would have to be done if the board wished to retain him. Trustee Casey felt that this matter might be allowed

Many people become run down, but don't know just exactly what their trouble is, when, as a rule, it is improper circulation of the blood.

All they need is a good tonic to build up the system and put the blood into proper shape.

For this purpose there is nothing on the market today to equal

BURDOCK BLOOD BITTERS

It regulates the stomach, liver and bowels, purifies the blood and tones up the entire system.

Mrs. H. Poole, Port Dover, Ont., writes: "My system was run down and my blood out of order, and I suffered a great deal from pains in my head which made me feel very miserable. A friend told me to try Burdock Blood Bitters, so I got a bottle and before it was used I found I had gained me good. I kept on until I had taken three, and now I feel like a different woman."

My husband also took it and it has built him up."

For the past 44 years B. B. B. has been manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

to stand till next meeting till re-organization of the staff was dealt with. In deference to Trustee Casey's wish, the question was deferred, Mr. Mitchell to be given assurance in the meantime that the board is prepared to offer him an inducement to remain here. It was reported at the meeting that Mr. Mitchell had been offered the principalship at Terrace and a position on the High School staff at Ocean Falls both at higher salaries than he was receiving here.

Manual Training

The question of the application of W. V. Tattersal for the position of manual training instructor also came up. A letter from S. J. Willis, superintendent of education, stating that it was not the custom of the department to grant temporary certificates if qualified teachers were available as there were, was received. Trustee Casey felt that no better man for the work could be obtained, no matter what qualifications were necessary. Other members of the board were sympathetic to Mr. Tattersal's application but felt that he should take steps to get the department's certificate. The outcome of the matter was the decision to notify Mr. Tattersal that he will be appointed provided he qualifies.

CARDENA DUE SUNDAY NIGHT

Local People Will Have Opportunity of Making Holiday Excursion on Maiden Trip

The new Dionex steamer Cardena, Capt. Dickson, is due here on her maiden trip in the northern service at 5.30 o'clock tomorrow evening.

A number of officials and tourists are on board the vessel from Vancouver and it is expected that several local people will take advantage of the holiday week-end to make the combination trip to Stewart and Anyox. The Cardena will sail from here for the north at 10 tomorrow evening and is due back at noon, sailing for the south at 5 in the evening instead of 6, the former time with the Chelohsin.

The Cardena is reputed to be one of the smartest craft in service on the coast and local people are planning on giving the boat an inspection on her arrival tomorrow evening.

ACCOMMODATION FOR HANDLING OF FISH OIL IS PROVIDED

In anticipation of large shipments of herring oil from Alaska passing through this port this year for transhipment East over the Canadian National Railways, the lumber assembly wharf has been fitted up with tanks and electric pump for the handling of the commodity and all Alaska boats coming here with the product will in future discharge there.

The motorship Bellingham, Capt. Len Williams, arrived from Port Armstrong, Alaska, last night at 11 o'clock with two carloads of oil, this being the second shipment of the commodity so far this season. The first was unloaded from the steamer Cordova yesterday.

RADIO BOYS HOLD ENJOYABLE DANCE

Attendance Large, Music Good, and Everyone Mappy in Eiks Hall Last Evening

The Radio Club dance, held in the Eiks' Home last night, was very successful. Some seventy couples took the floor early in evening and indulged in the terpsichorean art until the early hours of this morning. The hall was prettily decorated in radio effect and the entire arrangements reflected credit upon those in charge. A tone of breeziness was added to the evening by the attendance of a number of petty officers and Jack Tars from the visiting warships, who were made thoroughly at home and entered into the dance program with much zeal. Dancing commenced promptly at 9.30 to the catchy strains of Art Easson's orchestra. At midnight delicious refreshments were served when the Westholme orchestra, augmented by J. P. Frost, took over the second part of the program and played a popular and indulgent number of dances.

The singing of the National Anthem at 3 a.m. brought a delightful evening to a close.

Art Easson and L. Hothby proved themselves efficient floor managers.

The committee in charge comprised Gordon Bulger, Felix Ball, N. Kinsior, D. Frizzell, Roth Gordon, Albert Palmer and Jack Kelly.

The Colts Athletic Club, under the leadership of Ralph Smith, rendered yeoman service in assisting the Radio Club with their arrangements. Clarence Insulander and Harold Bell were at the door.

POWER OF SUGGESTION

Travelling is becoming more and more of a fine art. Formerly it was regarded simply as a process of getting from one place to another—most tiresome but unavoidable. Now it is looked upon as a joyful undertaking, a delightful interlude in the regular routine of life, especially when the journey is over the lines of the Canadian National Railways. The keynote of the Canadian National Railways is Service. That service aims to make the passenger as comfortable as possible, and to save him every bit of unnecessary effort. Thinking is a mental effort. Patrons of the Dining Car Service will now find themselves saved that trouble, by a casual glance at the little dodger that is distributed throughout the coaches on all trains to which Dining or Cafe Cars are attached. Upon the dodger, which is printed in both English and French are several suggestions for a suitable combination of dishes for the coming meal. Prices for a complete menu for Breakfast, Dinner and Supper range from 35 cents to \$1.25. The traveler merely needs to decide what he wishes to pay, and upon entering the Dining Car he will find himself served as quietly and satisfactorily as he would in any well-appointed home.

The Secret of Its Success

THE SALVATION ARMY not only believed that there was hope for the worst, it went after the worst—in the slum, in the gutter, in the prison—

It is still doing this all over the world

YOUR contribution to The SALVATION ARMY Annual SERVICE APPEAL is a wise investment in practical Christianity.

Prevent Forest Fires It Pays

Husband Didn't Dare Leave Her Alone Heart Was So Bad

Those feelings of faintness, those dizzy spells, the all-zone sinking sensations which come on from time to time indicate a weakened condition of the heart and a disordered state of the nerves.

Milburn's Heart and Nerve Pills

have no equal as a remedy to strengthen the heart, invigorate the nerves and build up the run-down system.

Mrs. C. Vanhorn, Ekville, Alta., writes: "About a year ago I had heart trouble. My husband didn't dare leave me alone, and often had to stay up at night with me. I would just feel kind of faint and my heart would seem to stop beating. I would just faint away, and it would sometimes be an hour before they could bring me back to life. Someone told me about Milburn's Heart and Nerve Pills. I got three boxes; I took them and felt much better, so continued all winter, and now I never feel any such faintness. I surely do appreciate the good they have done for me."

Price 50c a box at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

Dr. A. H. Bayne left on last night's train for Lakelse Lake.

W. J. Nelson left on last night's train for Cedarvale where he will spend the week-end at his ranch.

Hill 60, Chapter I.O.D.E., will hold a Halloween Bazaar, Oct. 20. Proceeds to furnish a children's ward at hospital.

The fire department last evening at 7:20 responded to a call from Ninth Avenue and Lotbiniere Street where a grass fire was extinguished without damage to property.

Bartlett Wakefield is sailing this afternoon on the Princess Alice for the south enroute to Bellingham where he will join his mother, Mrs. A. E. Wakefield, who is on a holiday visit.

Miss Agnes Donaldson, Miss Louisa, Miss J. B. Eason and Miss Marion Mims, of the city school teaching staffs, are sailing tonight on the Princess Rupert for Vancouver. Miss Eason has resigned and will remain in the south.

Ten Years Ago in Prince Rupert

Work started this morning on the construction of the new Prince Rupert Hotel at the corner of Sixth Street and Second Avenue. The building will be five storeys in height and will be of concrete construction with brick veneer on the street sides. There will be 100 rooms. Charles L. Williams is in charge of the erection of the new building which will be the largest yet for this city.

The Ladies' Exchange will be closed during the month of July, while Mrs. H. H. Hemmings is on vacation.

Dan Lindberg and L. Watkins were among the Stewart mining people passing through the city bound north on the Princess Rupert yesterday afternoon.

Holiday Excursion. Spend Dominion Day aboard the new steamer "Cardena" on her maiden voyage. Leaving Prince Rupert Sunday, 10 a.m. for Anyox, Alice Arm, Stewart, Wales Island and Port Simpson, returning Tuesday noon. For reservations, apply Union Steamship Co. of B.C. Ltd.

A committee was appointed at last night's school board meeting to investigate the condition of the black boards at the high school and report. Principal Brady reported that some of the boards were in bad condition and had outlived their usefulness. Mr. Campbell reported similar conditions at Borden Street school.

Satisfactory progress in the organization of the Northern Polytechnic Institute to include district points was reported by John Pinder-Moss, director, to the school board last night. The report stated that various towns in the interior had already come in and coast points were now being visited. A complete report would be forthcoming in July.

The school board last night ordered the secretary to write to P. S. Bonney, district forester, expressing thanks for the lectures he had delivered and the interest he had taken in connection with the recent essay contests in which local students had been so successful, taking three out of 16 prizes given in the High Schools of the entire province or four out of 48 in all grades. Letters of congratulation are also to be sent to the successful students by the board.

Church Notices

FORTIN MADE GOOD IMPRESSION ON FANS IN ANYOX BASEBALL

ANYOX, June 30.—The Mine baseball team continues to annex wins, the last victory being over the Smeelter with a six to two finish. The Smeelter, for this game, introduced a new pitcher in the person of "Babe" Fortin, and the team showed greatly improved form over recent games, both at the bat and in the field, with one or two exceptions, but fell down lamentably in base running. In all they gathered eleven hits off the Mine pitcher, had thirteen men on bases, using poor judgment between the sacks. Fortin made a good impression with the fans, and will probably make good in this league. He has nice action, fields the position well, and when familiar with the ground, the players and the fans will turn in a win now and then without a doubt. On both appearances at the bat he got a hit.
The Mine still continues the batting streak which they acquired shortly after the season opened, with no apparent chance of a slump in the near future. The feature hit of the game was Anderson's drive to deep centre, which gave him time to reach third before the ball was returned to play. J. Ferguson, at short for the Mine, gave a splendid account of himself in that position, and played like a professional. Batteries—Mine: C. Ferguson and Greenwell, Smeelter: Fortin and C. McKeown. The line-up:
Mine—Mealey, Greenwell, C. Ferguson, Anderson, J. Ferguson, Olsen, Corlie, Stewart, Kornichenski.
Smeelter—Matheson, J. McKeown, Sinclair, Brown, Fortin, Cole, Lee, Sloan, C. McKeown, Empire; Olsen; base umpire, Cy, Greenwell.

Soccer Players At ANYOX MINE WINNERS
Following the lead of the baseball team, the soccer players of the Mine Club are winning their games. The defeat of the hitherto unbeatable Smeelter aggregation in the last fixture played, made the second consecutive win for the "Muckers" and will give the confidence for the contests of the second series, which begins on the ninth of July. The game was a hard one, only one goal being netted during the entire time of play, and this was kicked by Currie from a penalty only a few feet from the goal mouth. Referee, Evans. The line-up:
Mine—Goal, Corkle; backs, Ingham and Spears; half backs, Gane, Pynne and Currie; forwards, Twaddle, Barnes, Lange, Evans and Stubbs.
Smeelter—Goal, Michell; backs, Ross and Kirkland; half backs, Rowan, Greenwell and Main; forwards, Fitzpatrick, Wilson, McGuire, McLellan and Armstrong.

Sport Chat

Everything points to the Dominion Day celebration on Monday being the most successful the Sons of Canada have ever staged. Even old King Sol is beaming forth his rays of promise and if he smiles just two days longer everybody will be satisfied. The committees in charge have put in several weeks of energetic work and their efforts bid fair to be crowned with success from the time the big parade starts at 9.30 in the morning until after midnight when the orchestra at the Maple Leafs' dance will play the Home Waltz.
The bill of sport is a most attractive one and the best that has been offered so far this year anyway. Interest in the school track meet in the morning continues to manifest itself and this affair gives promise of being well patronized. There will be 500 youngsters on the grounds at any rate to say nothing of the interested grown-ups. A thousand people will probably pay admission.
Then there is going to be a solid afternoon of interesting games. After noon, Anyox and Prince Rupert will go to bat in the first inter-town baseball game to be staged here this sea-

H.M.S. CURLEW VS. THE CITY

Billiard Tournament Arranged For Tonight Between Visiting Warship and Civilian Players

A billiard tournament has been arranged for tonight in the Prince Rupert Billiard Parlor on Third Avenue between the star players of the visiting warship "Curlew" and some of the star players of the city. Play will commence sharp at 8 p.m. for 200 points up.
The players are as follows:
S. Simmons, Supply C.P.O., vs. Col. S. P. McMorde.
J. Alexander, S.B.P.O. vs. R. H. Shoekley.
D. Connolly, Sergeant, vs. Geo. Waugh.
J. Anderson, C.E.R.A., vs. D. Brown.
R. Waterson, Ord. Art., vs. Geo. McElmoyl.
F. Tucker, Supply P.O., vs. W. E. Hutchinson.
The markers selected are Chief Rixer, Geo. Tozer, S. D. Macdonald and Geo. Russell.

Report of Public Schools for May

Total attendance at city public schools for the month of May was 458 as against 690 in May the year previous according to report submitted by Superintendent Campbell to the school board last night.
Classified, the attendance was as follows:

Boys	195
Girls	263
Booth School	195
Borden Street	134
Seal Cove	27

Mr. Campbell reported that 229 plants had been distributed to students above the Second Reader grade and preparations were being made to show these flowers in a show at the Fall Fair.
Reporting on the matter of engagement of teachers, Mr. Campbell discouraged the appointment of too many teachers fresh from Normal School and recommended that in certain cases they be required to take a year in the country before joining the city staffs.
The report stated that 24 out-

son. The local boys were out to practice last night and are apparently in good form. They will need to be too if they are going to do to Anyox what they tell us they will do. Following the baseball game comes the Dominion Day Cup final, one of the hottest and most interesting games of the local soccer season. In the evening there will be another Anyox-Prince Rupert baseball game and then everybody will hie forth to the Auditorium to the "Maple Leafs" dance which will conclude the day's program.

PORT SIMPSON BALL TEAM WILL ARRIVE HERE NEXT MONDAY

George Brooks, manager, and J. C. McKay, captain of the Port Simpson baseball team, advised the Daily News by telephone this morning that the team has gone to Kinloch to play a match there today. It is the intention of the team to arrive in Prince Rupert on Monday in time to play with any local team that may desire a game.

OSCAR OLANDER, Applicant.
Dated May 10th, 1923.

Sufficient refrigerator cars arrived over last week end to take care of all arrivals and everything along the waterfront is again in ample pie order. The admiral of the Mosquito fleet is all tickled down the left side with the manner in which business is running these days and there is a particularly optimistic tone noticeable among all ranks. Half-past has been arriving in good shape and incoming skippers report ideal weather conditions on the high spots.

Good Reports have been received from the trolling fleet which has been considerably augmented during the week by the addition of a number of the smaller craft from the Seal Cove base. These boats have thrown in their lot with the Paddy Raymond fleet. Paddy is flying his flag from the good ship "Couple of Dollars" and, in company with all points of the compass after salmon.

The shipbuilding yards and machine shops along the waterfront are doing their fair quota of business.

Annie's New Boss
The power boat Annie, formerly owned by J. Field, has recently been sold by N. M. McLean to Mr. Lantz, who is having her remodelled at the McLean shipyards. The Annie is a useful fishing craft measuring 38 ft. x 10 ft. beam and is fitted with a 20 h.p. heavy duty Buffalo engine. The new owner will use the lately acquired craft for cruising around the local islands and taking in all the sights.

The mission boat Western Hope, skippered by Rev. James Gillett, is being taken on the N. M. McLean ways for a general overhaul. Among other mechanical repairs her rudder will be replaced.

Mayor of Porcher Arrives
Bill Miller, otherwise known as the mayor of Porcher, was a visitor in town during the week having arrived in port on board his coastal cruiser Ashawalgit. Bill has been doing a little private business around town. In speaking of conditions on the island Bill waxed very enthusiastic over the fertility of the soil, and predicted a great future for vegetable and fruit ranches with the introduction of a local steamer service. The great difficulty in the past had been the regular marketing of the products of the island. At the present time the gooseberries are coming along fine and already the bushes are laden down with fruit, while the vegetables are sprouting at a rapid rate. The ranchers on the island are busy tilling in their gardens to keep the deer from nibbling the heads off the new vegetables. Mayor Miller returned to the island on Thursday afternoon.

The Canadian halibut schooner volunteer is on the McLean ways to have her decks resurfaced.

Selling Shoes to Mermaids
The Dixie Rupert, Capt. Geo. Newcomb, is out of port on a new venture. This time George has a cargo of bargain priced shoes aboard and is endeavoring to work up a business with the mermaids. The remunerative fields of the Skeena and Naas

Pimples and Eczema Disappear the Skin Made Soft and Smooth by Using
Dr. CHASE'S OINTMENT

ivers will be exploited on the first trip.

Bacchus Club Organizing
The Admiral of the fleet is working upon the organization of a new nautical club which is to be called the Bacchus club. The initiation fee will be \$100 and all members will be required to drink an imperial quart to be named by the member, without taking a breath. Members are warned, in the book of rules, to be careful of naming pop as the beverage. The gas therein contained may have serious consequences upon the constitution of a robust man. The headquarters of the club have not yet been decided upon but the receipt books are on hand and any entrance fees will be gladly signed for by Polly Puff aboard the flagship of the fleet.

Vaquero Back from Trip
The coastal cruiser Vaquero, owned by Capt. Stewart, O.B.E., returned to port early in the week from an extended cruise in the Wark Channel district. The colonel and Mrs. Stewart have been greatly enjoying a fishing and exploring holiday in the northern district. While in port the cruiser will be overhauled and the clutch will come in for some particular treatment at the hands of an expert. Upon the completion of repairs the Vaquero will leave for another distant jaunt.

The launch Oh Baby, skipper Myhill Jones, was down the coast as far as Surf Inlet early in the week with a party of loggers for the J. R. Morgan Logging company.

Raid Remodelling
The good ship Raaid, Capt. John Prescott, is being remodelled by her skipper while lying at anchor in Cow Bay. The pilot house is being rebuilt and the interior is being entirely redecorated. Skipper Prescott is setting a new fashion in nautical circles with interior decorations. The whole lay out is being done in jade, which gives it a jaded appearance. The ceiling or lid of the cabin is being artistically painted with King Tut signs to represent the interior of the Egyptian pyramids. Cap. has evidently been inside these historical monuments and is therefore in a position to ply his remarkable art to good effect. The whole idea is very unique and is well worthy of a visit by anyone who has half a day to waste.

Shawatlans off Stilps
The power boat Shawatlans, owned by the J. R. Morgan Logging company, of Surf Inlet, came off the Siga ways on Thursday morning and is now tied up at the yacht club floats. The Shawatlans has been lengthened and now affords ample accommodation for the transporting of men and supplies between Prince Rupert and Surf Inlet.

Fish Business
During the week 609,809 pounds of halibut has been marketed through the local Fish Exchange. The highest price paid was 15.4c and 10.7c, and the lowest 12.7c and 9.5c. The arrivals were: Vanspe, Woodrow, Hilda, Cape Spear, Scrub, Volunteer, Johanna, Onowa, Reliance, Venus, Muri-neag, Selma, Livingstone, Cora, Eagle, Ethel June, E. Lipssett, Gibson, Nuba, Victor, Tom and Al., Tahoma, Unimak, Lincoln, Lumen, Reliance, Vivian, J. P. Todd, Wabash, Rainier, Hi G.M., Malamute, Plop, Margaltee, Mah, Hiez H., W. & F., Rosaspit, Crescent, Valorous, Litinga, Scout, Tyee, Norma, Ingrid H., Ring-leader, Maud, Rose McCoy, Verna, Athi, Kouyousu, Mary Christopher, D.C.F., and Viola.

The Canadian halibut boat Iceland, of Smith Island, is on the Ward ways for her annual overhaul.

The launch Narbethong, skipper Boones K. Freeman, has been indulging in spotting scows for the Big Bay Lumber Com-

pany during the week.

Nancy in from Stewart
The launch Nancy, skippered by Mrs. T. C. Duncan, with the second in command aboard, returned to port on Wednesday from Stewart with a cargo of sunburn. Mr. and Mrs. Duncan have been spending a prolonged cruise in northern waters and took in all the sights of Stewart for a few days.

Capt. Jimmy Thomas has gone into the fish packing game with the Eleanor Mac.

Eats and Drinks Lost
A party of four fishing boats took advantage of the fine weather on Sunday last and staged a combined pic-nic. The day ended disastrously and this is how it happened: Two boats were told off to carry the eats, while the other two took upon

themselves to carry the liquid refreshments. The rendezvous being a few miles distant the fleet of joy riders ran into a heavy heat mist and that is where the dirty work commenced. Upon hitting out of the mist the boats carrying the eats found themselves alone while the boats carrying the liquids were in a like plight. Then the fun commenced. All skippers were determined to hunt their quarry down and a game of "touch" was soon in full swing. Up and down the coast the boats piled in quest of each other, and while the eats were running from here to there for the drinks, the drinks were running from there to here for the eats. So the day wore on while the penitencers cursed their luck. Eventually word was dispatched into port by the eats, who were then located off Lucy Island, for the Dixie Rupert to aid in the chase for the drinks.

Capt. Newcomb soon took up the quest but after a three hour search without results was obliged to accompany the eats into port. Imagine their astonishment upon finding the drinks tied up securely to the dock with the skippers tearing their hair and the passengers in tears. Never again will the fleet of joy riders split up the doings. In future it will be a case of every man for himself.

Reward for Flossie
A \$500 reward is offered by the Admiral of the fleet for information that will lead to the finding of Flossie Fleet, formerly secretary to the Mosquito admiralty. In offering this reward the Admiral states that foul play is suspected and he is inclined to think that Flossie has been either captured by Chinese bandits or prohibitionists. Any information in this connection should be for-

warded to the chief of the fleet secret service.

Maeve on Warpath
The crab hunting schooner Maeve, skippered by Alex. McDonald, left port on Thursday morning with the whole darned works aboard. Alex, headed for Tuck's Inlet at a rapid speed and it is feared he has declared war upon the crabs in that locality. Like a good sailor going into action he had his nurse with him in case of necessity. Alex, junior, is acting as assistant engineer during the expedition.

Carruthers Leaves Shortly
The trawler Carruthers, owned by the Canadian Fish & Cold Storage Company, which is now at the dry dock awaiting the installation of a new smoke stack, will shortly leave port under command of Capt. Bill Parsons for the deep sea fishing grounds.

The Carruthers will carry ten dorries and will be manned by a crew of some thirty men.

WATCH OUT

There is a rather cruel deception being practiced on women who desire Palmolive Soap. Common soaps are shaped and colored like it. Some are given names which sound like Palmolive. But they offer you nothing of what you seek, which is benefit to your complexion.

Palmolive has won millions of users by its remarkable aid to beauty. The demand has spread almost the world over—wherever beauty lovers exist. Its unique results have made Palmolive the world's leading toilet soap.

What you prize in Palmolive is the skin effects which ordinary soaps never brought you. Then don't be cheated of them. Don't let somebody make you think that a like-looking soap is Palmolive.

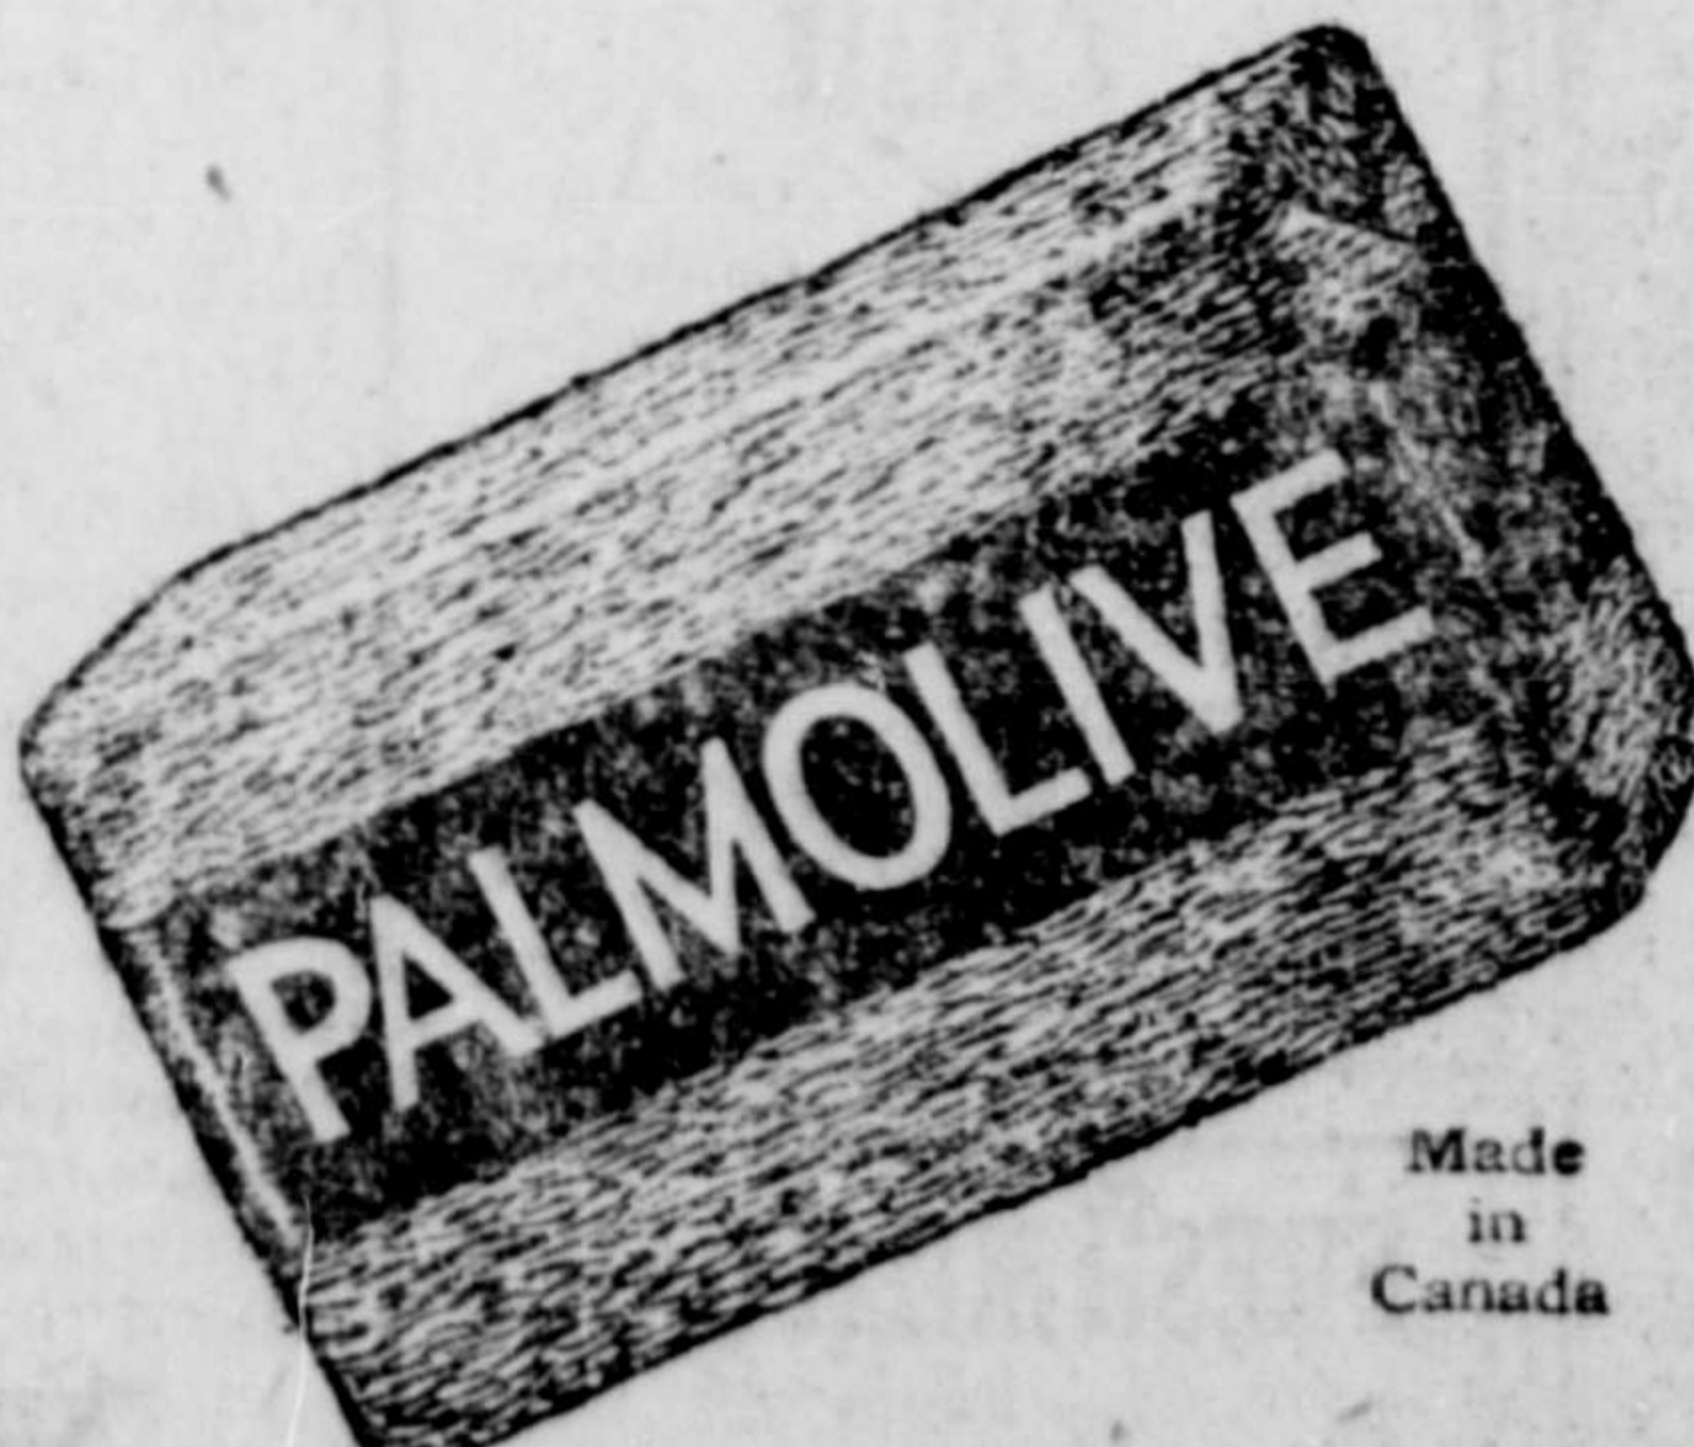

Another value you get in Palmolive is a 25-cent quality for 10 cents. That is due to enormous volume.

A beauty soap—a scientific toilet soap for 10 cents is unique. You are cheated of that extra value when you get an imitation. Nothing in all ages has compared with a blend of palm and olive oil for skin beauty.

Never in a soap has that blend been perfected as it is in Palmolive Soap. That is why it won supreme place with beauty-loving people.

Be sure you get it. Look carefully at the name and the wrapper. Otherwise an ordinary soap may be substituted, and you will think that Palmolive has deteriorated.

THE PALMOLIVE COMPANY OF CANADA, Limited
WINNIPEG, MAN. TORONTO, ONT. MONTREAL, QUE.

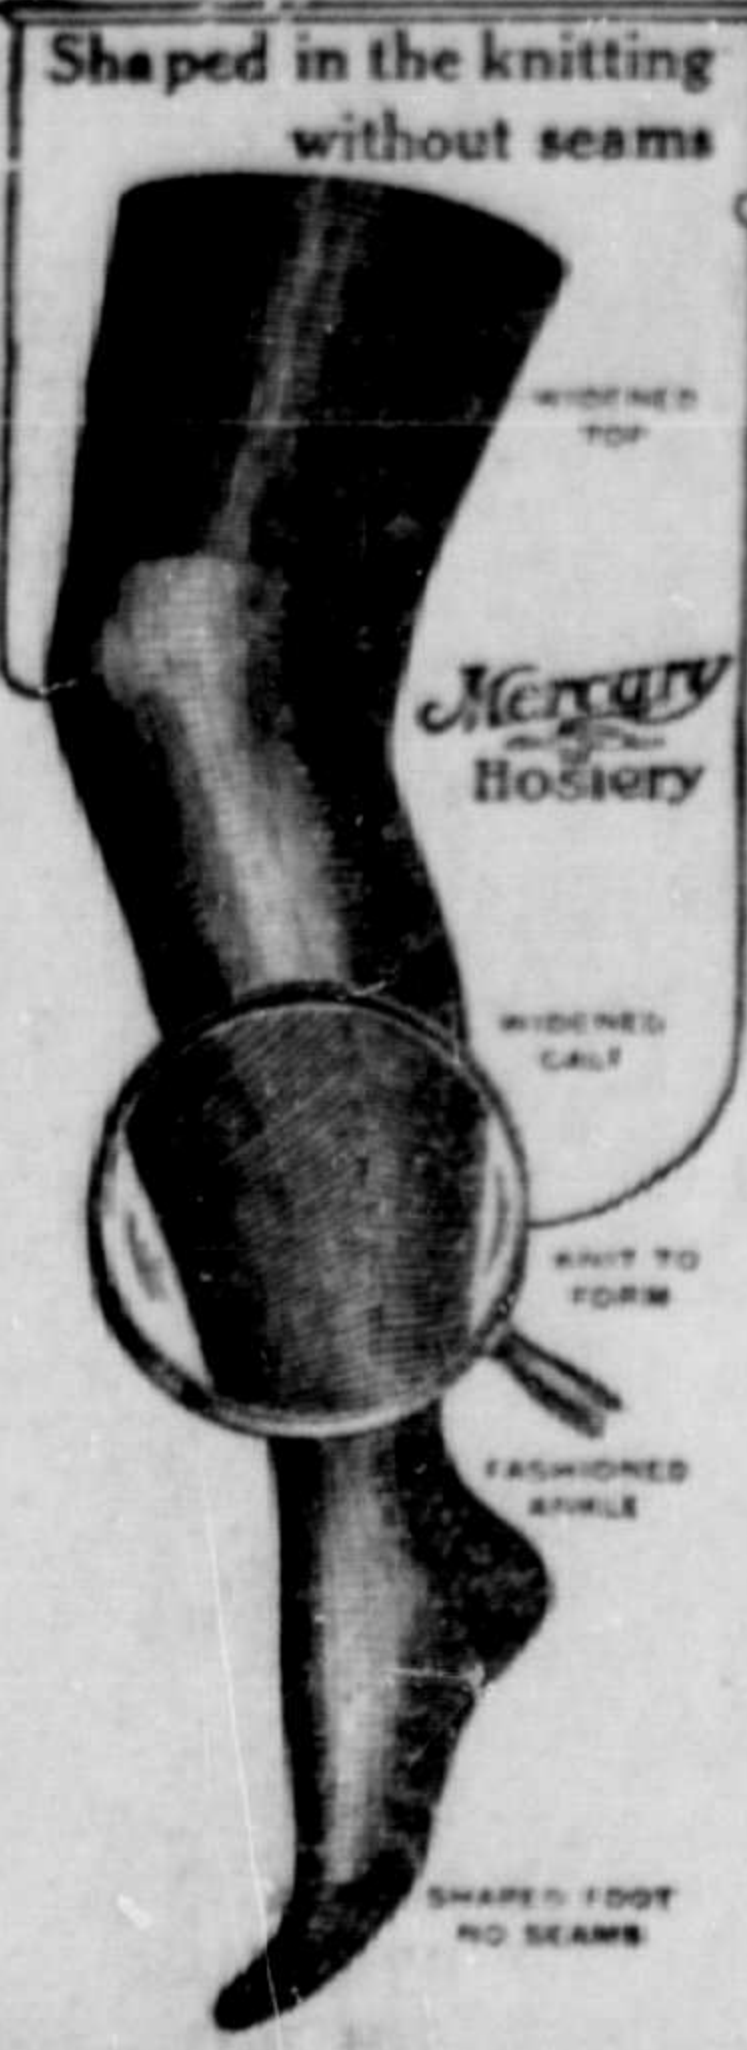

Note carefully the name and wrapper

Palm and Olive Oils—nothing else—give nature's green color to Palmolive Soap
