LIQUOR POLICY OF GOVERNMENT DISCUSSED

BRITAIN AND FRANCE SEEM LIKELY TO AGREE OVER MATTERS IN DISPUTE

Liquor Plebiscite is Likely to be Held in Province Before Long

Major Burde Objects to Arsenic in Beer and Gets Attorney General to have Analysis Made: Expert Emphasizes Need.

VICTORIA, Nov. 19.—The British Columbia electors probably will vote on several phases of the liquor question before the end of next year and this vote may include the proposal that government liquor control be abolished and prohibition re-established.

Out of a confusing series of rumors circulating since the House met, these facts were pretty clear at the week end. It was made known definitely, however, that no decisions on liquor in its conferences with party supporters. Rumors that the Liberal caucus had decided definitely on a local option plebiscite on open beer sale were officially denied.

It is understood that drastic measures will be taken to put beer clubs out of business.

It is almost certain that some form of plebiscite will be laid before the electors before the end of next year but there is no possibility that the present liquor act will be changed to permit open sale of beer without first taking a plebiscite of the people. The Government, it is stated definitely, has no intention of bringing a beer clause into the House.

The big question now is what the liquor plebiscite should include. Strong pressure is being brought to bear on the Government to include prohibition in any referendum submitted to the electors. If this were adopted, the electors would vote on the following questions:

Two Questions

1. Do you favor Government control or prohibition?
2. If you favor Government control, do you want the present system or the sale of beer by the glass in licensed premises?

Another question is whether the liquor plebiscite should provide for local option or be provincial wide in its application. Major R. J. Burde, M.P.P., for Alberni followed up his speech in the Legislature a few days ago by announcing Saturday that he had taken up with Hon. A. M. Manson, the question of having an analysis made of all beer sold by the liquor control board. Burde said that the Attorney General has been having an analysis made of beer for alcoholic content but will now have analysis made to find the percentage of arsenic, ether and varnish.

III from Beer

The major told how he had discovered arsenic was in British Columbia beer as a result of illness early this year. When he was taken to the hospital doctors found quantities of arsenic in his body which he had accumulated through drinking beer. He took the matter up with the doctors here who found ether and shellac and varnish in the beer as well as arsenic. Burde further says that resin was found in the beer and this causes cancer of the kidneys.

James Fairall, an ex-brewer here, issued a statement Saturday explaining how all grains except rice contain arsenic and is concentrated in beer unless it is especially removed.

Safelye acid, which is a drug causing weak heart action and other substances are used as preservatives in beer and to give it body and color.

Emphasizing the need of analysis along the lines urged by Burde, Fairall tells how in the year 1900 hundreds sickened and died in England through drinking beer over impregnated with arsenic.

KELLY MILL AT ATI ASSURED

The erection of a saw-mill at Atlin Inlet by T. A. Kelly, the well known logging operator, is an assured fact according to officers of the steamer Prince John. Construction of the mill is now only awaiting completion of the plans. It will cut squared rough lumber.

CAMOSUN PULLED HERSELF OFF BEACH

Northbound from Vancouver to Stewart and Anyox, Union steamer Camosun, Capt. J. A. Findlay, was in port from 9:30 to 11 o'clock last evening. While entering Vancouver harbor from the north last Thursday evening at 11:30 o'clock, the Camosun went ashore on the sandy beach opposite Prospect Point. There was a blinding fog and the vessel touched bottom while endeavoring to avoid a collision with the Princess Alice. She remained on the beach all night but pulled herself off at high tide in the morning and was not delayed in sailing north.

PRINCE JOHN IN

C.N.R. Steamer Had Another Exceptionally Rough Passage up the Coast

After another exceptionally stormy passage up the coast in the course of which heavy rains and high winds prevailed, C.N.R. steamer Prince John, Capt. Harry Neddin, arrived from Vancouver via the Queen Charlotte Islands at 8:20 last evening. She brought a good list of passengers and some freight. This morning she went up to the Imperial Oil dock to take on fuel and is loading cargo at the Grand Trunk Pacific wharf this afternoon preparatory to sailing on her return south at 8 this evening. On arriving at Vancouver at the end of the week, the vessel will go into dock for a couple of days for machinery repairs.

FISH ARRIVALS

Four Halibut Boats Arrive With Catches Totalling 116,400 Pounds

Two American halibut boats and two Canadians arrived over the week-end with catches totaling 116,400 pounds. The American boats had 82,000 pounds and the Canadians, 34,400 pounds. Arrivals and sales:

American

Alaska, 32,000 pounds, at 16c and 10c, to the Booth Fisheries Canadian Co.

Sumner, 50,000 pounds, at 16c and 10c, to the Atlin and Pacific Fisheries.

Canadian

W. and F., 1,400 pounds, at 14c and 10c, to the Royal Fish Co.

Andrew Kelly, 33,000 pounds, for the Canadian Fish & Cold Storage Co.

Britain and France Seem Likely Agree Over Matters in Dispute Provisional Plans are Adopted

LONDON, Nov. 19.—There was a perceptible amelioration here today of the tension existing between Great Britain and France over the question of the deportation of the ex-crown prince of Germany and unrestricted resumption of allied military control in Germany.

Britain is maintaining her former attitude that she is ready to join in a protest against the return of the kaiser's heir and that she favors re-establishment of allied military control only in districts in which the Berlin government exercises effective authority.

On the other hand there are indications that France is receding on the question of further territorial occupation and other threatened penalties to be imposed on Germany.

PARIS, Nov. 19.—The first delegate to leave this morning's important meeting of the inter-allied council of ambassadors said no further rupture between Britain and France had occurred. Provisional measures were agreed upon regarding resumption of allied military control in Germany.

ESLING GIVEN EVERY CHANCE TO EXAMINE BOOKS OF P.G.E. RY. KERGIN HAS CHARGE PRINCE RUPERT BILL

VICTORIA, Nov. 19.—To what extent the Premier and his colleagues are prepared to go in giving the Opposition members every opportunity to learn all that they want to know about the Pacific Great Eastern Railway and its relations with the Northern Construction Company, will be understood by the fact that the member for Rossland, W. K. Esling, will be allowed to examine the monthly accounts of the Railway Company with the aid of his own private auditor.

Provision for this extra latitude was made in an amendment which Mr. Oliver himself moved to the original motion submitted by the Rossland member. It will also include permission for Mr. Esling to examine the monthly estimates and all the accounts of the Northern Construction Company with the Pacific Great Eastern Railway Company.

E. S. Day has returned to his former position at the Marine Station at Digby Island and G. S. Fitzmaurice, who has been relieving for him, leaves tonight for Queen Charlotte Islands where he will visit for a month at the Richards ranch, Tl-ell.

PREPARE MEMORIAL FOR WASHINGTON ON DIVISION OF ALASKA

JUNEAU, Nov. 19.—At the separation convention held here with Ralph E. Robertson, former mayor of this city, presiding, a committee was appointed to draw up a memorial to Washington asking for the establishment of a separate territory for southern Alaska.

Jack Robins was Swept from Deck of the Fishing Boat Andrew Kelly Along with Everything else there

When a mountainous sea swept the decks of the steam halibut boat Andrew Kelly Thursday morning it swept overboard the mate, Jack Robins who was lost, cleaned gear and everything else off the decks, smashed in the skylights and the cabin windows and for a short time it seemed as if the staunch little craft must go under. However, the crew got busy and repaired the steering gear which had gone wrong, shifted the coal back into place and made her shipshape so that she rode out the storm and arrived home Sunday morning at nine o'clock.

Telling of the time they had Capt. Candow says there was a big gale blowing as they were returning from the fishing grounds and they were hove to about 25 miles off land at Troy Bay, east of Ocean Cape, not very far from Yakutat, when something went wrong with the steering gear. Robins was the only man on deck at the time and as the vessel swung round into the trough a huge sea swept her fore and aft and Robins went along with everything else. While one part of the crew trimmed the vessel the other got the steering gear straightened out and they were soon on their way again. No trace could be found of the missing man, however.

Robins, who was mate of the Kelly, was an old timer here about sixty years of age and his wife lives in Nova Scotia. The vessel carried 22 men all told and had 33,000 pounds of halibut aboard which they were bringing to Prince Rupert. Robins was a halibut fisherman of long standing at this port and was very well known along the waterfront. Fully six feet in height, he was a man of massive stature and powerfully built and despite his years, he was very active. He is given credit for having saved the trawler G. E. Foster from foundering in a terrific midwinter storm some five years ago. The pilot house was iced in and the steering gear became disabled on account of the cold. Robins scaled a mast and cut down a sail which was threatening to capsize the vessel then out of control. Later he improvised a steering gear with which the craft safely made port. Though engaged with the Canadian Fish & Cold Storage Co. for many years, Robins also participated in independent fishing. At one time he commanded the schooner Toodie and also fished on the Bartsome.

VANCOUVER, Nov. 19.—The purchaser of the Prince Rupert pulp mill and timber limits is a company incorporated for the purpose several months ago, the Prince Rupert Sulphite Co. They are taking it over from the Prince Rupert Holding Co.

VANCOUVER, Nov. 19.—The purchaser of the Prince Rupert pulp mill and timber limits is a company incorporated for the purpose several months ago, the Prince Rupert Sulphite Co. They are taking it over from the Prince Rupert Holding Co. The pilot house was iced in and the steering gear became disabled on account of the cold. Robins scaled a mast and cut down a sail which was threatening to capsize the vessel then out of control. Later he improvised a steering gear with which the craft safely made port. Though engaged with the Canadian Fish & Cold Storage Co. for many years, Robins also participated in independent fishing. At one time he commanded the schooner Toodie and also fished on the Bartsome.

After the service, when Mr. Baisler had explained the purpose of his coming to Prince Rupert, he called on John Dybahn to address the meeting. Mr. Dybahn spoke at some length, emphasizing the need of a Lutheran church in Prince Rupert and that the only feasible plan was to bring the various nationalities together in an English Lutheran church. He stated that he was ready to do all in his power to bring about such an organization in Prince Rupert and hoped that those of other nationalities would do likewise.

Olof Hansen, F. W. Hart, and B. M. Simpson also spoke briefly. In answer to some questions that had been asked, Rev. Mr. Baisler explained that the Lutheran church in the world, according to the latest statistics, had a membership of 90,000,000, that the purely English branch of the denomination dates back to 1806 when St. John's English Lutheran congregation was organized in Philadelphia. There are now more than 50 English Lutheran congregations in Philadelphia alone and the church is now well established in the larger cities and towns in the United States and Canada.

Rev. Mr. Baisler will leave for Victoria on the Prince George Thursday evening and as soon as the regular pastor is installed at Victoria will return to Prince Rupert to complete the organization of an English Lutheran congregation here.

DEFLECTION FROM BALDWIN PARTY

Colonel Buckley Announces Himself to be Free Trader and Resigned

LONDON, Nov. 19.—The first defection from the ministerial ranks because of Premier Baldwin's tariff proposals is announced. Colonel Buckley, parliamentary secretary to the overseas trade department, has resigned on the grounds that he intends to remain a free trader and that he disapproves of the Baldwin fiscal policy.

LUTHERANS TO ORGANIZE HERE

Successful Meeting Follows Service Held by Rev. P. E. Baisler in Metropole Hall

There was an encouraging attendance at the English Lutheran service held in Metropole Hall last evening when Rev. P. E. Baisler, B.D., English Lutheran field missionary for Western Canada, preached an inspiring sermon taking for his theme, "Public Worship."

After the service, when Mr. Baisler had explained the purpose of his coming to Prince Rupert, he called on John Dybahn to address the meeting. Mr. Dybahn spoke at some length, emphasizing the need of a Lutheran church in Prince Rupert and that the only feasible plan was to bring the various nationalities together in an English Lutheran church. He stated that he was ready to do all in his power to bring about such an organization in Prince Rupert and hoped that those of other nationalities would do likewise.

Olof Hansen, F. W. Hart, and B. M. Simpson also spoke briefly. In answer to some questions that had been asked, Rev. Mr. Baisler explained that the Lutheran church in the world, according to the latest statistics, had a membership of 90,000,000, that the purely English branch of the denomination dates back to 1806 when St. John's English Lutheran congregation was organized in Philadelphia. There are now more than 50 English Lutheran congregations in Philadelphia alone and the church is now well established in the larger cities and towns in the United States and Canada.

Rev. Mr. Baisler will leave for Victoria on the Prince George Thursday evening and as soon as the regular pastor is installed at Victoria will return to Prince Rupert to complete the organization of an English Lutheran congregation here.

**VISITOR TELLS
WHAT HE SEES**C. Hanbury Williams Writes
Series of Articles About District: Kitwanga First

In the Montreal Gazette recently appeared a short series of articles written by C. Hanbury Williams of Ottawa, recounting what he saw and did during a recent visit to the district during the time of the Fall Fair this year.

They commence with a visit to Kitwanga, and include Terrace, Lakelse, Prince Rupert and Stewart. The first article follows:

If something is not done soon being enforced imposing a duty there will be no totem poles left of two cents per pound on fish in this country. I hear that they caught by American vessels and are being rapidly bought up and sold in a Canadian port, as pre-exported, if not from Canada, at liminary to centering the fishing all events from their native surroundings, which seem to be the American town, instead of a most suitable location for them. Canadian town, interest is being There are cases, of course, where aroused anew in providing add-they are reported to be rotting tional harbor facilities for this on the ground and where there port, says the Ketchikan Chroni-removal. But that they should be. Ketchikan is so situated with purchased in order to adorn the regard to the fishing fields, and pleasure grounds of some Ameri-to the markets that it is the nat-can millionaire is a sort of ural gateway for becoming the tragedy. I stopped off the other great fish marketing city for the day at Kitwanga (with the ac-fish caught in Alaskan and adjacent waters). Already it has a please) and saw what is pro-bably the last collection of any size in the country.

Wily Old Chief

There was one in particular, the oldest of the lot, which dates from two hundred years ago, at least, and which had originally been erected in honor of some wily old chief, who had destroyed large numbers of his foes by the simple process of rolling a huge log on to the top of them, when he had managed to beguile them into the right strategic position for this effective operation of war. The bodies of the slain were neatly represented by carved wooden figures lying right across the pole at perfectly regular intervals and looking as if they had rather enjoyed the experience.

This pole was lying flat and would probably be much improved by re-erection to its former position. There was an Indian grave close by, more modern, with a cage-like structure on the top of it from the roof of which depended one or two suits of deceased, and not far away was a wooden statue of a huge and fearsome dog, painted red, with a malevolent grin on his face, supposed to scare away evil spirits, though one would rather doubt the existence of any demon much more evil than himself.

Ravens and Bears

And there were various other poles with the usual raven or bear, or other animal decorating the summit, and the Indian inhabitants of the village seemed to regard the visitors with a fishing centre.

MOTHERS SHOULD NOT NEGLECT BRONCHITIS IN THE BABIES

Mrs. E. Langdon, Kingston, Ont., writes: "My baby boy had bronchitis when he was two weeks old, he recovered from the attack but took it again several months later, and on account of the severity I was almost panic-stricken to know what to do for him. My mother advised me to try Dr. Wood's Norway Pine Syrup, as she had used it for several years with splendid results."

I got a bottle, and after I had used it I could see a decided improvement in him; after several bottles he was completely relieved.

My boy is now two years old, and he has never had an attack of bronchitis since.

As a mother, raising a family, I am very grateful to know that I have found a real remedy for bad colds and bronchitis, as it lifts care and anxiety from an anxious mother's shoulders."

Dr. Wood's Norway Pine Syrup is 35c a bottle; the large family size 60c; put up only by The T. Milburn Co., Limited, Toronto, Ont.

if I felt the earthquake. I surely did, I said, I thought I was going to die suddenly. The section foreman and his wife claim their furniture was shaking and swaying, and they felt sick themselves. I did not hear any rumbling but sure I never felt so funny before in my life about my cosmos.

Did you feel the quake in Rupert? I don't feel exactly good yet, and hope it does not come back. The section foreman and his wife still feel sick.

I expect you had a shock of it in Prince Rupert and I will hear about it tomorrow or the day after.

CHARLES FOLK.

John Willman arrived in the city from Ush last evening.

'BRINGING UP FATHER

QUEEN CHARLOTTES

One of the large tankers left Buckley Bay, on Thursday loaded with cants and bound for Los Angeles.

Severe storms raged on the islands for several days during the early part of November.

The light on the sand point at Massett inlet was wrecked during the stormy weather on the 13th.

Dr. Cecil E. Dunn spent a few days at Buckley Bay during the time Dr. John A. Briggs was engaged at Prince Rupert as a witness in the trial of the Japanese, recently tried for murder of a fellow countryman. Dr. Dunn has been appointed resident medical officer for the Massett Indians.

Henry Baldine, an Evangelist from Matlakatla, is conducting religious meetings at Massett. Under his direction the Indians held a sacred concert on Saturday night which was well attended.

Captain Babington is on a visit to the recently erected razor clam cannery at Hielet river, a few miles north of Massett. The first shipment of these bivalves found a ready market.

The Indians are making no attempt to salvage the cargo of the wrecked steamer Kennicott. Weather conditions have been unfavorable along the west coast of Graham island.

Post offices are to be established at Woden river and on Massett Indian Reserve. Frank Van Volkenburg will be the resident postmaster, at Woden river while W. J. E. Pamplin will conduct the post office at Attawas, the name selected for the post office on Massett reserve.

Rev. James Gillett held Thanksgiving service at Buckley Bay on the 11th inst. On the following evening a moving picture entertainment, with other specialties, was conducted by the Rev. J. Gillett in the Social Hall of the Massett Timber Company at Buckley Bay.

Rev. William Allen, of Skidegate, is making arrangements for a concert to be held at Skidegate Mission towards the end of November. Local talent will be augmented by a number of vocalists, from other portions of the islands. The Skidegates have a brass band and orchestra composed of natives.

Mr. Blackstock, of the government telegraph service, is re-building and re-arranging the telegraph line between Massett and Skidegate; from Massett to Port Clements, the line is being constructed along the beach, instead of through the forest.

SKIDEGATE INLET

Geo. McRae, fisheries guardian at Cumshewa, arrived here on Saturday. Mr. McRae experienced heavy weather throughout the trip from Cumshewa.

Mrs. W. J. Smith has left for Vancouver where she will visit friends.

The Inlet is now having its annual fall of rain. The record shows for the last fifteen days thirteen inches, one day they had 2.80 inches. The Dominion government lineman at Tl-Ell has to use a raft in order to

follow his line along the new Port Clements-Tl-Ell road. It's a kind of floating proposition he says.

Mrs. Smith of Vancouver, arrived last steamer to take charge of the Queen Charlotte School during the absence of Miss Miller.

Mrs. A. T. Harrison of Aliford Bay was in town recently visiting friends.

Mission launch "Thos. Crossby" departed last week on a trip to Cape St. James and intermediate points.

Chas. Hartie left Thursday evening with his boat to take a position with the Kelly Logging Co. at Cumshewa.

Mr. Watson of Victoria arrived on today's steamer and will leave shortly with power boat Delta C. and crew to replace the Lockeport wharf.

Mr. McLellan and family left last steamer on a visit to his home in Scotland.

Mrs. Ives arrived last steamer at Skidegate and is visiting her son who is located here.

Provincial Constable Harry Martin returned by the Prince Rupert Saturday afternoon after having made a trip south escorting prisoners to the penitentiary at New Westminster.

While the Elks' Bonfire has the makings of a very suitable venue for the basketball games, it was found last Friday that

many of the large crowd of spectators could not obtain a very good view of the play. This defect will have to be remedied and more advantageous accommodation for the fans will have to be provided especially in view of the fact that general interest in the progress of the competitions gives promise of increasing rather than diminishing as the season advances. It is understood that the Elks have this matter in hand and intend to increase the accommodation in the gallery by means of tiers of seats.

DR. THACHER'S PRESCRIPTION BRINGS QUICK RELIEF IN NUMEROUS TESTS

**GREAT TONIC BROUGHT HERE
BY LEADING DRUGGISTS**

**stubborn Cases of Indigestion,
Nervousness, Constipation and
Run Down Health Yield to
Celebrated Vegetable Tonic.**

With hundreds of persons now bring of their own personal experiences as evidence of relief, there is little wonder that druggists throughout this section report a marked increase in the sale of the great vegetable tonic made famous by Dr. H. S. Thacher, distinguished American physician.

There's an excellent reason why druggists brought it here to sell under a standing guarantee. Dr. Thacher's tonic contains a combination of the finest health giving ingredients known to modern medical science — prepared by the most eminent doctors in the United States and Canada.

Put To Many Tests

Test after test has been made, reports in more than 500 cases record indicate that Dr. Thacher's tonic gives quick relief in cases of indigestion, nervousness, constipation and a general run-down condition of the system.

Records of leading druggists show that of every 2,000 bottles of this tonic sold there has been an average of more than two returns. Yet every bottle of Dr. Thacher's tonic is as good as Dr. Thacher's Liver and Blood Syrup is sold with the understanding that the purchase price will be returned without question unless this tonic gives quick, complete satisfaction.

Chronic Constipation

Case 46—This person's bowels neither moved thoroughly nor often enough to keep the system properly cleansed. Frequently suffered from sick headache, indigestion and annoying pains.

Dr. Thacher's Liver and Blood Syrup did not pain or grip like harsh cathartics, but induced a pleasant, gentle and thorough movement of the bowels. As the dosage was gradually cut down the patient's bowels continued to move regularly and the patient was soon able to leave off the doses entirely.

This tonic has certainly struck the keynote of my troubles. I am never bilious, "headachy" or dizzy now. My bowels invariably move twice every day and I feel so much better."

Nervousness

Case 83—Because of her nervous condition this woman was unable to get refreshing sleep or properly digest meals. Food soured on her stomach, bloated her and did not give her the

SUNSHINE TRAIL IS COMEDY DRAMA

To be Seen Here Tonight is all of Queer Situations and Action

It has a rival. The Biblical nose has been put out of joint by "Sonny" McTavish, hero of "The Sunshine Trail," to open here tonight.

The record prize package of roles that ever overtook a lone hero has been filmed in this

**COULD DR. THACHER
QUICKLY HELP YOU
FEEL FINE AGAIN?**

Did you ever stop to consider why you feel badly at times? Why on certain days you feel well, cheerful and full of "pep" — and other times when you wake up dull, tired and "headachy" — why people suffer at times from indigestion, constipation, nervousness and the many symptoms of a sluggish liver and acid condition of the stomach and blood?

There is a cause! And your trouble can be corrected, often quickly, if you start the right treatment in time.

Read the article on the left showing what Dr. Thacher's has accomplished in 500 actual tests of record.

proper amount of nourishment. Her nerves became so "unstrung" she could do only the lightest kind of housework.

From the very first day she began taking a spoonful of Dr. Thacher's Liver and Blood Syrup in a wineglass of water after meals, her appetite increased, digestion improved and she appeared to be getting more nourishment from her meals. Her complexion showed a healthier and more attractive color and she looked much better in every way.

"I feel fine," she said. "I can now do my housework and walk to the market without feeling tired. My nerves are steady, my meals are relished and my digestion is splendid. I get plenty of sound restful sleep and wake up mornings feeling cheerful and full of energy. This splendid tonic did wonders for me."

**TRY THIS TONIGHT Under
Guarantee**

Take a tablespoonful of Dr. Thacher's Liver and Blood Syrup after the next few meals. Notice the quick difference in the way you eat, sleep and feel! Keep this up a few days and let this vegetable tonic increase strength, energy and vigor. Your money will be returned at once unless you get complete satisfaction. You are the only judge — and your decision as to its merits in your case will not be questioned.

Sold in Prince Rupert by Ormes Limited, and by leading druggists in each city and town.

his fellow townsmen. For war veterans especially, there is ripply good amusement in this clever after-war comedy-drama.

**CAPPY RICKS STORY
MID WEEK OFFERING**

The Go-Getter, which is to be seen here Wednesday, is a Cappy Ricks story in which a young returned soldier finds his job gone on recovering from wounds. Then by sticking to it he gets his job and eventually wins the girl.

He does something good every day. His philosophy keeps him in hot water for several reels of rapid-action comedy, though in the end he comes out on top of old man trouble.

And here are a few of the things the people he tries to help do to him:

Steal his pants and cash, refuse his railroad ticket, saddle him with a baby, make him miss his trains, shoot at him in a bank, defraud him of \$50,000 inheritance, make his life miserable with sheriffs, constables and private detectives; denounce him as an imposter, ask him why he didn't stay dead in France where he was reported killed during the war, shoot his clothes full of holes when he tries to round up some bank bandits, accuse him of kidnapping, threaten him with lynching, tell him his best girl is going to marry the other fellow, refuse his bank drafts, and finally, handcuff and throw him into jail.

Zaza is French Play WITH GLORIA SWANSON IN THE TITLE ROLE

The scenes in Zaza, the Friday and Saturday play at the Westholme, are laid in France, and the story has for its locale the village of St. Etienne, near Paris, where Zaza is the star, with Dufresne telling him that she is queen and idol of the patrons at "The Odeon," a cafe of the gay type. Through an act of gallantry, she meets and falls in love with Bernard Dufresne, a member of the French diplomatic corps.

Floriane, a soubrette, is also attracted to Dufresne by his great wealth, and she does everything in her power to set Zaza against him, even to telling her that Dufresne is about to leave for America with a woman he calls "my dear." Zaza goes

The Little Doherty
Coopered with ordinary sized piano
For the small apartment or
cramped living room, the Doherty
Small Piano has become a great
favorite.

We have had nearly 20 of these
pianos this year and only have
one left at present, but will have
another shipment this month.

MILITARY TATTOO IN LONDON EMPIRE DAY

LONDON, Nov. 19.—It is already decided that Empire Day at the British Empire Exhibition shall be celebrated by a grand Military Tattoo, with the largest massed band ever assembled. Bandsmen will be drawn from all the British line regiments, to the number of about 1,000, and with them will be a mounted band, recruited in the same way from the cavalry regiments. For the projected daily concerts, the exhibition authorities are constructing a bandstand with seating accommodation for 10,000 people. For about six weeks during July and August a pageant of Empire will be shown daily. In this the Boy Scouts, whose Imperial Jamboree is fixed for the first week of August, will assist.

The Human Side

BURGLARS ARE ALSO CONFIDENCE MEN WHO LEARN OF SECURITIES

Plans Laid to Stop Operation of
Skyscraper Crooks in
Chicago and Other
Cities

CHICAGO, Nov. 19.—The gentleman burglar who operates only in offices located in skyscrapers will have a much harder row to hoe in the future as the result of a real two-fisted plan just inaugurated by the National Association of Building Owners and Managers.

Photographs, descriptions of dress, peculiarities and, in the case of known burglars, measurements, of these men who are known or suspected of belonging to the gang of skyscraper burglars will be sent to every elevator starter and every doorman of every large building in the United States whenever an epidemic of such burglaries presents itself, according to an announcement made at the headquarters of the association today.

The officials of the association are confident that an organized gang of highly talented crooks operate in skyscrapers. They give as the reason for this belief that the skyscraper burglaries come in epidemic form, the latest being prevalent in San Francisco. The system used in the Golden Gate city is precisely the same used in the east, south and middle west cities at various times during the past two years.

The method used, the officers say, is for some well dressed and well educated member of the gang to work his way into the good graces of some high social set. He gains the confidence of numerous men of affairs and learns the probable location of money or securities in these men's offices. He will then learn the time when the securities will probably be in the office, and the job is put through in accordance with this information.

Morley Shier passed through the city on the Camosun last night bound for Anyox and Stewart. He will return here during the week.

Jasper Park Lodge will open on June 1 and close on September 30 next year according to notification received by R. F. McNaughton, C.N.R. district passenger agent.

Los Angeles Timber Products steam schooner El Cedro arrived at Buckley Bay at noon today from San Pedro to load lumber for California. Coming north, the vessel stopped at Esquimalt to discharge fuel oil.

J. Chase, superintendent of the Massett Timber Co.'s sawmill at Buckley Bay, and Dr. W. J. Briggs, company physician who have been in the city for the past fortnight in connection with the recent Supreme Court assizes, are returning to the Islands on the Prince John tonight.

Among the passengers booked to sail this evening on the Prince John for the Queen Charlotte Islands are: Mrs. Inouye, A. E. Lakovich and G. F. Haslam for Buckley Bay; Dan May, J. May and W. H. Spener for Port Clements; Mrs. D. Ruttan and J. J. Doe for Massett; Capt. A. Freeman for Queen Charlotte City.

I had severe pains in my stomach, so bad I could hardly stand them at times; coated tongue; bad taste in the mouth, especially in the morning; whites of eyes tinged with yellow, and had a muddy and sallow complexion.

I had read a great deal about Milburn's Laxa-Liver Pills and decided I would try a vial, and after taking two or three I found I was greatly improved, and can truthfully say that I felt more like living and can now do my own work without any trouble."

Milburn's Laxa-Liver Pills are 25c a vial at all dealers, or will be mailed direct on receipt by The T. Milburn Co., Limited, Toronto, Ont.
