## NEW SULPHITE PLANT IS TO BE LARGE ONE

### WILL HAVE CAPACITY OF 90 TONS A DAY BLEACHED; MACHINERY ORDERED

#### Pulp Mill Here to be Twice the Size of that at Swanson Bay and Machinery said Already Ordered

That the Prince Rupert Sulphite and Fibre Co. Ltd., which recently acquired the Seal Cove sawmill and the extensive timber limits going with the property from the J. S. Emerson estate, has its plans prepared and has ordered machinery for a 90 ton bleached sulphite plant to be put in operation within the next twelve months is learned on the best of authority by the Daily News.

The pulp mill, which is to be established here, will be twice as large as the plant of the Whalen Pulp & Paper Co. at Swanson Bay and will provide employment for 600 or 700 men. It will consist of some seven or eight new concrete buildings and the cost of these buildings and the machinery will be anywhere from \$800,000 to \$1,000,000.

It will take seven or eight months to get the machinery laid down here as the most of it, not being available in Canada, has to be manufactured in England and the United States. In the meantime an early start may be expected on the preparation of the site at Seal Cove and the erection of the buildings. The building of a wharf which will be used for the direct loading of ocean going steamers is also included in the immediate plans of the new company. The mill buildings will be such that equipment may be readily added for the production of the finished paper product.

The Prince Rupert Sulphite & Fibre Co., Ltd. expects to obtain its water and power from the city but it may eventually install its own water and power plant. If sufficient orders can be obtained to ensure steady operation before the pulp mill is built, the present sawmill may be re-opened by the new interests at an early date. It is stated that the mill is in such a shape now that it could be cutting again within thirty days. The sawmill will be operated in conjunction with the pulp mill cutting pulp logs as well as commercial lumber.

The new syndicate is composed of Wisconsin, Iowa and California men and two of the principals are already in Vancouver. They are expected to arrive in the city in the very near future. The Prince Rupert Sulphite and Fibre Co. is capitalized at \$1,500,000. While the first announcement of the completion of the mill deal stated that \$500,000 had been paid for the mill and timber limits, it is now learned that the figure was much higher than that. The final payment was made early this month.

#### U.S. PROPOSES CO-OPERATION WITH CANADA

Wishes to Prevent Liquor Smuggling into That Country and Asks Aid

WASHINGTON, Nov. 26. — The United States government will propose at the American-Canadian liquor smuggling conference opening tomorrow at Ottawa that clearance of ships destined for United States ports with liquor cargoes be prohibited by Canada; that search and seizure of vessels engaged in smuggling on the Great Lakes be authorized; and that treaty arrangements be made for the extradition of persons accused of violating the liquor laws.

#### JAP FREIGHTER IS TOTAL LOSS

Shinkoku Went Ashore Prince William Sound, Alaska, After Drifting Long Time

SEATTLE, Nov. 26. — The Japanese freighter Shinkoku Maru went ashore near Montague Island, Prince William Sound, Alaska, and is expected to be a total loss, according to a despatch from Cordova. The message said nothing of the fate of more than thirty men aboard the vessel. It stated that the tug Humaconna had taken the Shinkoku in tow off the Aleutian Islands but was forced by a fierce gale to drop the freighter and to remain standing by but helpless because of the tempest to give any help. The position of the wreck is about 750 miles northwest of where the Humaconna took the vessel in tow. The Shinkoku went adrift November 4 on breaking her tail shaft.

#### THELMA RECEIVING REPAIRS IN NORTH

Local Halibut Boat May Not Arrive From Juneau For Several Days Yet

Advice is received here that the Canadian halibut schooner Thelma, Capt. George Fritz, which met with mishap and lost two men on the fishing banks ten days ago, is having temporary repairs made at Juneau before proceeding to Prince Rupert. She may not be here for several days yet.

#### QUEEN'S UNIVERSITY ARE RUGBY CHAMPIONS

KINGSTON, Nov. 26. — Queen's University won the eastern rugby championship, defeating the Tigers of Hamilton 13 to 5. Queen's will now play Regina for the Dominion title.

**NOMINATIONS TODAY IN GREAT BRITAIN 1400 CANDIDATES**  
LONDON, Nov. 26. — Another stage in the general election campaign was reached today with the nomination of more than 1400 candidates for 615 parliamentary seats. Polling takes place on December 6 and in the meantime the contest promises to be most fiercely contested.

#### BRITAIN IN FROST GRIP

Land and Sea Traffic Held up and Sports Interfered With in Old Land

LONDON, Nov. 26. — The greater part of Britain was held in the grip of frost and fog over the week end. Ports were tied up, land traffic halted and in some places sport programs were interfered with.

#### FITZMAURICE MEETS FRIENDS OF BROTHER

Expresses Gratitude For Kindness to Himself and Marks of Respect For Brother's Memory

J. B. Fitzmaurice, brother of the late G. S. Fitzmaurice, who was here at the week end for the funeral and who has been the guest of Mr. and Mrs. Hubert Ward during his brief stay in the city, returned to Vancouver last night. Before leaving he expressed a desire to meet at least a few of his late brother's personal friends, so Secretary A. J. Bishop of the G.W.V.A. immediately gathered as many as possible at short notice. The president of the association, the executive and several of the members met at the rooms at ten o'clock and Mr. Fitzmaurice, speaking with deep emotion, expressed gratitude and appreciation for the sympathy and kindness shown him personally and for the marks of esteem the citizens of Prince Rupert, the Great War Veterans and the First B.C. Regiment had shown at the passing of his brother.

#### SIX MONTHS AND \$200 FINE FOR HAVING MORPHINE

Louie Chue, Chinese, found guilty of having morphine in his possession, was sentenced to six months at Okalla Prison Farm and fined \$200 with the option of three months' extra imprisonment by Magistrate McGlymont in the police court this morning. The prosecution was conducted by the Royal Mounted Police who arrested accused, and Milton Gonzalez appeared in the defence.

There was great rejoicing when the Turks re-occupied Constantinople. Enthusiastic crowds cheered the march of General Shukri Naili Pasha and his men of the Iron Division on their entry into the city.

#### ALDER REPORTS ON CONVENTION

Refer to Gasoline Tax, Prince Rupert Road and Other Matters Taken up by Associated Boards

W. J. Alder of Victoria, delegate for Prince Rupert to the Associated Boards of Trade convention held recently at Vancouver, has submitted his report to the local board and it will be presented at the next regular meeting. Mr. Alder was a member of the resolutions committee at the convention.

#### GASOLINE TAX

Reporting on the matter of the proposed gasoline tax, Mr. Alder reports that a request was made recommending that such a tax not apply to gasoline used for fishing and marine purposes. This was opposed on the ground that the proposed tax would constitute an invasion of Dominion rights and would be ultra vires. Accordingly the Associated Boards took the view that it should not in any way recognize the right by asking for exemption of fishing interests. It was also pointed out that there had been no proposal to tax gasoline used for marine purposes but it was purely a road measure to make those who used the road pay for them. Referring to the Prince Rupert road which the convention unanimously recommended should be built, Mr. Alder said this was passed in a hearty manner. One speaker characterized the lack of a road at Prince Rupert as "a damn shame."

#### EXTENDED INVITATION

Mr. Alder invited the Associated Boards to hold the next convention in Prince Rupert but, on account of the expense and other obstacles that would be involved in doing so, it was decided to meet next year at Kamloops. Reference to the completion of the Pacific Great Eastern Railway to Prince George and extension to the Peace River and other matters which were dealt with by the convention is contained in Mr. Alder's report.

#### YALE WON THE FIRST OVER HARVARD 3 YEARS

CAMBRIDGE, Mass., Nov. 26. — Yale won the first rugby championship in three years defeating Harvard 13 to nothing. Rain and mud marred the game. The Army and Navy teams went full time without scoring in the mud and rain at New York. The teams were pretty even.

#### British Liquor Smuggler Seized by United States Outside Three Mile Limit

NEW YORK, Nov. 26. — The British auxiliary schooner Tomako was seized after a sharp engagement six miles off shore and in her hold was found William McCoy (Rummy Bill) characterized as the rum smuggling king. In his pockets was the sum of \$60,000 and in the safe another \$30,000. Two hundred cases of liquor was all that remained aboard. The schooner's master declared he was not liable to seizure as the twelve mile limit treaty between Britain and the United States had not yet become effective.

#### ARCHDEACON MCKAY DIES AGED 85 YEARS

PRINCE ALBERT, Nov. 26. — Venerable Archdeacon McKay died this morning at North Battleford after a short illness at the age of 85.

When the veteran missionary came west the sites of Minneapolis and St. Paul were virgin prairie. The Archdeacon's work was closely associated with missionary efforts among the Indians. He translated the Bible and Prayer Book and other works into the Cree language.

#### UNITED STATES SHIP AT DRY DOCK TODAY

Lighthouse Tender Cedar to Undergo Annual Cleaning and Painting Here

United States lighthouse tender Cedar, Capt. Leadbetter, arrived early this morning from Ketchikan and is lying at the Canadian National dry dock pier awaiting being taken up on the pontoons for annual cleaning and painting. If weather is favorable, the job should be done and the vessel away towards the middle of the week.

#### FISH ARRIVALS HEAVIER TODAY

Eight Boats Marketed 262,500 Pounds of Halibut This Morning

The heaviest day's business for several weeks past was transacted at the Fish Exchange this morning when eight halibut schooners marketed catches totalling 262,500 pounds. There was only one Canadian boat—the Iris, with 1,500 pounds.

A. J. Prudhomme is in town from Telkwa. He expects to spend a couple of months in the south this winter.

#### YUKON'S OPEN RECORD SEASON

River Closed Saturday, Eight Days Later Than Known Within Memory

DAWSON, Nov. 26. — The longest summer season within memory of an old sourdough came to an end Saturday. The Yukon river closed over here at noon at the bidding of old Jack Frost, just eight days later than the previous record.

The season of navigation on the Yukon opened on May 10 of this year, making an open season this year of at least two weeks longer than the record. November 16, 1922, and the same day in 1918, was the previous late record for the closing of the river.

From May to this date the present summer season had yielded a mean temperature of 57 degrees Fahrenheit, which is also a record. The mild weather is the more amazing because it lasted to within three weeks of the shortest day of the year, which in the Yukon is night without day.

#### DAN COATES IS HANDSOME MAN

Wins Trophy for Handsomest in Yukon; Contest Still Going on

DAWSON, Nov. 6. — Yukon's beauty contest has been completed with unexceptional weather for the foremost place in the gossip of the Klondike during the past few weeks. The most handsome and most popular man in the Yukon was voted to be Dan Coates, a former Winnipeg man. He was presented with a trophy engraved "Handsome Dan" and now is trying to live down the title.

Coates is president of the Dawson hockey league and owner of the fastest horse in the Yukon — "Starlight," the horse that formerly held in Vancouver the pacing record of 2.8 flat.

The contest to decide the most beautiful girl in the Yukon is less easy to conclude and the controversy rages at fever heat still. The prettiest Yukon born girl will be awarded a trophy of a necklace of Klondike gold nuggets and her next competitor will get a nugget wristlet.

#### KILMARTIN FREED BY TECHNICALITY

Information Leading up to His Arrest Was Not Signed—Charged Selling Liquor

Paddy Kilmartin was released by Chief Justice Hunter in the Supreme Court at Vancouver last week because the information which led up to his arrest had not been signed. Kilmartin was brought from Fernie to Port Alberni where he was alleged to have sold liquor.

#### RAID ON CHINESE IN BIG GAMBLING JOINT

VICTORIA, Nov. 26. — Eighty-seven Chinese were arrested Sunday afternoon and the Fay Yen Society is charged with keeping a gambling house. Eighty-five of the men arrested were allowed out on bail of \$50 each.

#### BELGIUM SEIZES GERMAN ROLLING STOCK INDEMNITY

BRUSSELS, Nov. 26. — The Belgian Government today seized German rolling stock at Luisburg and Hamborn in view of Germany's failure to reply to Belgium's ultimatum demanding an indemnity of 11,250,000 francs for the assassination of Lieut. Graff in March, 1922.

Courage Needed In New Country.

Courage is what is needed in a new country. There are always plenty of things to discourage us and plenty of people to say "I told you so," when anything fails to mature.

People in a small town are like the barometer. They are affected by the least change in pressure and the hands of the instrument move rapidly back and forth, now pointing to fair weather and now again to stormy.

Look For Mill Project To Succeed.

Today we publish some information gleaned in regard to the possible outlook at the mill. If these plans mature, as there seems every likelihood they may, we shall be in for another era of prosperity.

The announcement we make today is not an official announcement. It is possible that it is not officially decided to erect a mill here. It is possible that some other site may be chosen, but that is hardly likely.

Best Investment Victoria Ever Made.

The best investment the city of Victoria ever made was to give a free site to the C.P.R. to induce them to erect what is now the Empress Hotel.

Now the C.P.R. is coming forward with a further suggestion. In exchange for a leased site for twenty years and other privileges having to do chiefly with water and taxation, the corporation offers to build an amusement centre including a salt water swimming bath.

Open Sealing After 1926.

Capt. Foelmer of the Hudson Bay schooner Lady Kindersley told the executives of the Victorian Chamber of Commerce he thought there should be open sealing once more.

Prince Rupert might well join in a campaign to have the treaty with the United States annulled when it expires in 1926. That would give Prince Rupert people a right to intercept the seal here as they go north and to secure the valuable pelts.

The few paltry dollars paid to the Dominion government as its interest in the seal herd do not benefit Prince Rupert. We spend money to encourage industries yet here is an industry at our front door in which we are forbidden by our government to engage.

VISITS HYDER AND STEWART

Final Article of Series Written by C. Hanbury Williams on This District

Continuing his series of chatty articles, C. Hanbury Williams of Ottawa, writing in the Montreal Gazette of Stewart and Hyder says:

We sailed at night for Stewart, or rather, on this occasion, for Hyder. I refrained from turning in before we started as I had been puzzled to guess which was the way in and which was the way out of the harbor, and was too proud to show my ignorance by asking; the whole harbor is apparently landlocked and there was no sign to give one one's bearings.

Hyder, as you probably do not know, is in the United States, and there is a monument close to the landing stage which marks the boundary between the two countries. I photographed it, and also got a snapshot of a young American bride and groom who were chasing one another round and round the said monument; with the object, as they explained to me, of being able to tell their friends, when they returned home that they had been twelve times in Canada and twelve times in the States during their honeymoon.

Smallest Theatre

Hyder has another distinction, it possesses the very smallest theatre I, for one, ever set eyes on. It was hardly larger than a good sized packing case and it was only the fact that it had the name "The Green Theatre" painted on the door with a picture of the show within, that made me believe it wasn't a joke.

the trees, can be traced up to the top of the mountain from which it stretches away for hundreds of miles to the Far North. You can buy tobacco and cigarettes in Hyder for about half the price you pay for them in Stewart, a mile or so away but you have to keep your eye on the Custom House which is a little, but not much bigger than the jail.

Explores Stewart

Having explored the United States I now devoted my attention to my own country, and walked for nearly a mile along a sort of wooden causeway to Stewart, which is, I am proud to say, a more imposing town than Hyder. They were blasting out a road along the cliffs and the men at work, looked like ants; Stewart owns a street and about one third of another, also a hotel and a store where you can buy postcards which the American tourists were eagerly stocking up on, and the lady who ran the store told me the weather was going to clear because the glass was going up, which—come to think of it—is a remark you rarely hear in Canada.

Then begins a scene unmatched even by the Norwegian fjords; huge cliffs black with tall pines; snow — and ice — and cloud-capped peaks stretching away in the distance; green little islets dotted here and there; "you are travelling through a mountain range on an ocean liner" as a fellow passenger put it to me, again one felt the futility of a camera to give any true idea of the marvellous coloring of the bays and the channels with their sea-blue distances, and the huge cliffs, the green of malachite, and olive, and streaked moss-agate, and the red dun clouds far away like a smoke pall, hanging round the inland ranges. A tired miner slept peacefully through it all, and some of the tourists played shuffle-board and tried to imagine they were crossing the Atlantic, so they told me, when I reproached them for missing the views, and a party of Chautauquans a serious folk, tried to beguile me into the "lounge-room" to listen to a lecture on the Early Fathers, or some such enthralling subject, while their woman-kind smoked cigarettes and powdered their noses just like city folk.

Unmatched Scene

With the arrival of figures from the Queen Charlotte Islands, the total pack of salmon for District No. 2 during 1923 season is definitely announced by the Dominion Fisheries office as 874,912 cases. This is a slight decrease from last year when the total was 901,167 cases.

Ten Years Ago in Prince Rupert

November 26, 1913. Six provincial police constables with full equipment were taken by this morning's train under Inspector Walter Owen to the Kitwanoos Valley where a demonstration of force will be made to settle trouble between the Indians and white surveyors.

Claiming that they had been treated unfairly by the directors the shareholders of the Rocher de Boule Copper are taking legal steps towards obtaining redress. The trouble arose over the leave given by the directors to J. E. Oppenheimer.

The wedding was solemnized at eight o'clock this morning by Rev. Father Bunoz of Miss Mary McElwee and H. McGlinchy, Miss Astori was bridesmaid and Patrick McGlinchy supported the groom.

The frequency with which bronchitis develops into pneumonia is appreciated by very few mothers. The danger of pneumonia is, probably, well understood too, but how many mothers take into consideration that a neglected attack of bronchitis frequently leads to this dangerous disease.

folk seen on Hollywood Boulevard, at the various studios, in the famous luncheon places and at the famous Hollywood Hotel, are pictures in this story. "Hollywood" is hailed as the first real picture of Hollywood and the greatest screen novelty in many seasons.

### "THE TIGER'S CLAW" SPLENDID PICTURE

Jack Holt to be Seen in *Virgie* Story of India

Jack Holt, popular Paramount star, will appear in a splendid picture, *The Tiger's Claw*, opening at the Westholme Theatre tonight.

In this production, Mr. Holt has the role of an American engineer in charge of the construction of a dam in India. The picture includes tiger hunts, East Indian magic, native dances, colorful settings and a virile, heroic love story. This one is rich fare for film lovers. It is one long thrill and has been magnificently produced with a great supporting cast, including Eva Novak, Bertram Grassby and Aileen Pringle. The original story was written by Jack Cunningham.

### BELASCO STORY HAS UNIQUE DISTINCTION

"Girl of the Golden West," Successful Book, Opera and Play, Has Been Filmed

"The Girl of the Golden West," a First National picture, produced by Edwin Carewe, which is to show at the Westholme Theatre Wednesday and Thursday nights, is one of the few works that enjoys the distinction of having been adapted to all branches of modern literary art. It has been produced on the stage, as an opera, published in book form and now makes its debut in motion pictures.

The original stage version was written and produced by David Belasco and was this famous producer's crowning success.

Following the stage success it was novelized by Belasco and proved a "best seller." Later the plot was used as a basis for an opera, by Puccini, and the original title retained. In this opera the late silver-throated Enrico Caruso had one of the most famous roles of his career.

The picturization has J. Warren Kerrigan in the part made famous by Caruso in opera, Sylvia Breamer and Russell Simpson. Others in the screen version are Rosemary Theby, Wilfred Lucas, Nelson McDowell, Charles McHugh, Hector V. Sarno, Jed Prouty, Cecil Holland, Thomas Delmar, Sam Appel and Minnie Prevost.

### HOW MOVING STARS ARE MADE IS SHOWN IN PICTURE "HOLLYWOOD"

How motion picture stars are made is definitely shown for the first time in pictures when Paramount's "Hollywood," a James Cruze production comes to the Westholme Theatre next Friday and Saturday. "Hollywood," by Frank Condon, tells of ambitious ones who go to the most famous city in the world—and what they see there.

Among their experiences is the signing of a contract with Cecil B. De Mille in the famous room which such stars as Gloria Swanson, Thomas Meighan, Bebe Daniels and Jack Holt entered as players to emerge as stars.

Cecil B. De Mille was formerly an actor and a finished performance by him is assured.

Cecil B. De Mille, Pola Negri, Thomas Meighan, William S. Hart, Agnes Ayres, Jock Holt, Walter Hiers, Leatrice Joy, Jacqueline Logan, Nita Naldi, Betty Compson—to name only a few of the famous Hollywood players.

### COURT WHIST FINALS PLAYED SWANSON BAY

Winners Receive Prizes at Event Which is Well Attended

SWANSON BAY, Nov. 26.—The final games of the Court Whist Tournament took place on Wednesday evening. There was a large attendance and keen interest was evident everywhere.

the settlements along the Skeena cannot hope to hold their population without a road. This Province has raised an enormous sum of money in the last ten years but little of it has gone north of Vancouver Island. About three million has been spent to reclaim a swamp and I do not think it is necessary for the people of Prince Rupert and along the Skeena to be very modest about making their voice heard while the present Legislature is in session. I am glad to see that a petition is being circulated, but I do not think that petitions as a rule have much weight. I would like to suggest that every man, woman and child in Prince Rupert and along the Skeena that can should write a letter to the Premier or to the Hon. T. D. Pattullo or the Hon. Alex. M. Manson requesting or demanding that their rights be no longer disregarded and that every public and private organization should write or wire to the same effect.

**Levy Tribute**  
The fact of the matter is that the Province is so big and the south has become so accustomed to levy tribute on the north that it will take exceptional measures to get the Government to act or even to get your own representatives to take off their coats for the necessary fight.

## "FITZ" IS LAID TO LAST REST

Large Assembly Attended Obsequies Which Took Place Yesterday Afternoon

One of the largest assemblies that has ever attended a funeral in the history of the city turned out to pay last respects to the late George S. Fitzmaurice whose remains were interred yesterday afternoon in Fairview Cemetery. The ceremonies were under the auspices of the Great War Veterans' Association and the First Battalion North B.C. Regiment and semi-military formalities marked the rites. Archdeacon G. A. Rix officiated at St. Andrew's Anglican Church where the service took place and at the graveside. Officers, non-commissioned officers and men and the band of the North B.C. Regiment assembled at 2.45 at the orderly room and marched to the church, being joined by members of the Great War Veterans' Association on Third Avenue.

The church was crowded to the doors. Archdeacon Rix delivered the funeral address in touching and earnest manner paying deep tribute to the memory of deceased and referring to the widespread regret that had been felt by the community in his demise. A male choir consisting of W. E. Fisher, Frank Dibb, J. Morrison, Max Collison and R. Howe led the congregation in the singing of the hymns and W. Vaughan-Davies was accompanist.

After the service, the military escort, band and pallbearers formed up and the last march commenced to the cemetery. The "Dead March in Saul" was played twice by the band enroute while the firing squad marched with reversed arms and

## Pacific Makes children Healthy

Mrs. Anderson of South Vancouver says her three kiddies love Pacific milk on their porridge in the morning. In fact, any one of them will run two blocks to the store to get a can rather than eat fresh cream. "And," she says, "I am glad they do like it, for I know its richness is pure, sweet cream." We appreciate every such letter as Mrs. Anderson's. They encourage us all to seek for better and better quality.

in time to the funeral music. Many mourners followed the cortege to the cemetery.

As the remains were lowered to their last resting place the firing squad fired a volley and "The Last Post" was played by Bugler W. Rance. The firing squad consisted of Staff Sergeant Warrior, Sergeant Jepson and Corp. T. Brice, R.C.M.P.; and Sergeant Major Nicholson, Sergeant Robinson and Sergeant E. Hudson, North B. C. Regiment. The pallbearers were Hubert Ward, C. V. Evitt, J. D. Allen, C. L. Youngman, D. Green and Norman Short. Lieut. G. P. Tinker was in charge of the parade and firing party.

There were many floral tributes including pieces from Mr. and Mrs. H. A. Philpott, members of the Digby Island mess, Mr. Taylor (Digby Island), Miss Grace Curtin, Mr. and Mrs. A. S. Paul, Mayor S. M. ## IMMENSE IRRIGATION SCHEME FOR INDIA

Water to be Taken From Indus to Make Fertile Province of Sind

LONDON, Nov. 26.—The province of Sind in India is to be irrigated by means of a gigantic scheme for tapping the Indus. Work on it has just commenced. The aim of this, the greatest irrigation scheme in history, is to convert an area of virtual desert as large as Wales to fertility. The vision that has inspired it is no new one. Seventy years ago, shortly after the beginnings of British control of Sind, an able and imaginative engineer, General Fife, R.E., reported on the possibility of using the Indus to redeem the arid plains of Sind. In some ways Nature seems to have prepared the way for this great design, for the Indus runs its 350 miles through the middle of the province on a low ridge from which the surrounding land drops gently away. Never was a tremendous natural aqueduct more neatly poised, and Fife saw clearly its power to make a smiling and populous land of the wastes through which it flows. Doubts and interminable discussions have kept his dream from taking shape till now, but on Wednesday the Governor of Bombay, Sir George Lloyd, to whose vigour and perception in this matter its actual inception owes much, laid the foundation of the world's biggest barrage, which is to bear his name. There will in all be some 7,000 miles of waterways, great and little, springing from the parent Indus when the work is complete; and the experts speak with confidence of crops of cotton, and of wheat, rice, and other grains,

that will yield an ample return on the capital outlay of £12,000,000. We may take pride in the fact that Wednesday's ceremony marked the beginning not only of a monument to our enterprise and imagination in engineering, but of a legacy of inestimable value to India that generations to come will respect.

## HIGH OFFICERS OF SALVATION ARMY GOING NORTH TODAY

Commissioner Hodder and Party in City on Way to Attend Native Congress at Ketchikan

Commissioner Hodder, head of the Salvation Army in Western Canada, Mrs. Hodder, Col. Taylor and Ensign Munday, all of Winnipeg, were passengers going through on the Princess Mary this afternoon bound for Ketchikan where they will attend a congress of native Salvation Army officers. Several natives from district points joined the Princess Mary here bound for the congress which will be attended by such officers from all parts of Alaska.

Commissioner Hodder and his party will return here on the Princess Mary next Friday and will participate in special week-end services in the city. The commissioner will give a public address in the Empress Theatre next Sunday afternoon and the party will proceed East by train Monday evening next week.
