INSURGENCY DEVELOPS IN U.S. CONGRESS

TWO FACTORS MAKE BRITISH ELECTION FORECAST FOR THURSDAY VAGUE

Progressive Bloc in Congress Prevents Election of Speaker at the Opening Session Today

WASHINGTON, Dec. 3.—Facing an organization row at the very outset the sixty-eighth congress of the United States convened today for a session which promises to write a colorful chapter in the history of Legislation and politics.

The militant progressive bloc, holding the balance in the scale of votes by virtue of the greatly reduced Republican majorities in both the Senate and the House of Representatives, raised the flag of insurgency in the House, threatening a deadlock in the election of a speaker.

On the Senate side the opening of formalities passed off without incident. President Coolidge is expected to present his first presidential message on Wednesday.

WASHINGTON, Dec. 3 (later).—The Progressive bloc in Congress made good its threat to throw the House into deadlock over the election of a speaker on the first ballot. No candidate received a majority over all, which is required in order that he might be elected.

U.S. REFUSES JOIN INQUIRY REPARATIONS

PARIS, Dec. 3.—Invitation to the United States to appoint members on each of two committees which are to investigate German finances have been forwarded to Washington on behalf of the Reparations Commission.

WASHINGTON, Dec. 3.—The United States government is still unwilling to participate in a restricted inquiry into German finances and has so informed the American Observer with the Reparations Commission in Paris. This is the reply to the invitation to participate in the inquiry by appointing representatives on the committees.

WET WEATHER MAKES LOGGING OPERATIONS DIFFICULT ON ISLANDS

Tom Clark of the local forestry department arrived home from a tour of the Queen Charlotte Islands in connection with his duties. He says that it is the intention to keep the Buckley mill operating double shift as at present if logs can be secured during the winter. The wet weather is making it very difficult to operate the camps and production is being cut down a great deal. There has been a great deal of rain on the islands recently, in fact there was but one fine day in three weeks.

SHIPPING AIRPLANE SPRUCE TO UNITED KINGDOM ON JOHN

C.N.R. steamer Prince John is loading 60,000 feet of airplane spruce today at G.T.P. wharf No. 2 consigned to the United Kingdom by the Big Bay Lumber Co. It will be transferred from the Prince John at Vancouver to a freight steamer and will be taken to the Old Country by way of the Panama Canal.

ACCOUNT OF WEATHER HALIBUT IS SCARCE

Six Boats Arrived Over Week End and Marketed 55,000 Pounds at Exchange This Morning

The stormy weather is holding halibut fishing boats in shelter and consequently arrivals at the Exchange during the past few days have not been heavy. This morning four American boats sold 53,000 pounds and two Canadians, 1,000 pounds—a total for the day of 55,000 pounds.

Arrivals and sales:

American

Imperial, 25,000 pounds, at 17.7c and 9c, to the Atlin Fisheries.

Wireless, 18,000 pounds, at 17.8c and 9c, and Gretchen, 4,000 pounds, at 17.8c and 9c, to the Canadian Fish & Gold Storage Co.

Canadian

P. Dorreen, 700 pounds, at 18c and 9c, to the Canadian Fish & Gold Storage Co.

Eagle, 300 pounds, at 18c and 10c, to the Atlin Fisheries.

NEW MINING COMPANY

Omineca Gold-Platinum Ltd. is Incorporated With Capital of \$50,000

One of the latest incorporations as reported in the B.C. Gazette this week is that of the Omineca Gold-Platinum Ltd. Its objects are restricted to prospecting for, locating, acquiring, managing, developing, working and selling mineral claims and mining properties and the winning, getting, treating, refining and marketing of minerals therefrom and such other powers as are given under the act. The capital is \$50,000 and the head office is in Vancouver.

QUEEN'S UNIVERSITY RUGBY TEAM WINNERS OF DOMINION CHAMPION

TORONTO, Dec. 3.—The rugby team of Queen's University, Kingston, champion of Eastern Canada for the second year in succession, won the Dominion title by defeating Regina, the western champion, by 54 to nothing.

Canadian citizenship was this morning granted by Judge Young to Andrew Hansen, Norwegian; Constantinas Maras, Greek; and N. C. Erland, Norwegian.

H. F. Kergin was the dinner guest of Premier and Mrs. John Oliver at their home Fern St., Victoria, at the week end.

COMMUNICATION IS ESTABLISHED WITH AMUNDSEN'S VESSEL

COPENHAGEN, Dec. 3.—Advices from Christiania say that Amundsen's exploration ship, Maud, which is believed to be drifting towards the North Pole with the Arctic ice pack, established radio communication with Spitzbergen yesterday, reporting engineer Sievertsen died on July 10 last after an illness of three months from inflammation of the brain.

WINTER SERVICE SOON IN EFFECT

Returning from Stewart on December 23, the Canadian National steamer Prince Rupert will tie up at this port for annual overhaul and the winter schedule of the company's coast steamers will go into effect. The last Sunday night steamer to sail for the south will be on December 16 and the last Saturday arrival from Vancouver and wayports will be on December 22. Thereafter there will be but one boat a week arriving from the south on Wednesdays, doing the double-ended run to Anyox and Stewart and going south from here on Friday mornings.

The schedule for the winter will be as follows:

Lv. Vancouver 8.30 p.m. Monday.

Arr. Prince Rupert 1 o'clock noon Wednesday after calling at Powell River, Ocean Falls and Swanson Bay.

Lv. Prince Rupert 10 p.m. Wednesday.

Arr. Anyox 7 a.m. Thursday.

Lv. Anyox 1 noon Thursday.

Arr. Stewart 8 p.m. Thursday.

Lv. Stewart midnight Thursday.

Arr. Prince Rupert 9 a.m. Friday.

Lv. Prince Rupert for south 10 a.m. Friday.

Arrive Vancouver Sunday 7 a.m. after calling at Swanson Bay, Ocean Falls and Powell River.

Steamer Prince Rupert will be taken off service first and will receive overhaul in the local dry dock, the Prince George being laid up later.

There will be no change in the service to the Queen Charlotte Islands and Vancouver performed by the steamer Prince John which is scheduled to leave here for the south on alternate Saturday evenings.

EARL LORNBURN DIES

LONDON, Dec. 3.—Earl Lornburn, Lord High Chancellor in the British Government from 1905 to 1912 is dead here.

F. A. Mitchell Hodges, the noted explorer, is shown with his great catch of sixteen sand sharks and one tiger shark, totalling 6,690 pounds. The catch was made in a single day by hook and line.

Various Predictions on British Elections Show Uncertainty of Outcome

LONDON, Dec. 3.—No election expert who values his reputation is willing to name a forecast of how Thursday's poll will turn out. Even when headquarters of the respective parties are asked for an honest opinion of the result aside from party prepossessions, they refuse to hazard so much as a guess. Political experts also admit they are baffled.

Conservatives, says the Daily Mail, estimate the new House of Commons will consist of 332 Conservatives, 157 Liberals, 120 Labor, 6 Independent Liberals. The same paper says that the Liberal estimate is Conservatives 248, Liberals 240, Labor 120, Independents 7. The prediction of the Labor party is Conservatives 310, Labor 160, Liberals 139, Independents 6.

It is everywhere admitted that two factors account for the uncertainty, namely the doubt as to how 263 three-cornered contests will result and the impossibility of gauging how the women will vote.

MRS. HAROLD TAYLOR DIED IN VANCOUVER

Former Violinist in Westholme Passed Away Suddenly Last Week

It will be with regret that many friends in this city will learn of the death last week in Vancouver of Mrs. Harold Taylor, until recently violinist in the Westholme Theatre orchestra. Death was due to rupture of the pulmonary artery.

Mrs. Taylor was an accomplished performer on both the violin and piano and was for the past twelve years associated with many orchestras on the coast. Her husband is also a well known musician and her son, Eric, who attended school here last year, shows marked ability in the same direction.

Six Hundred People in Italy Swept to Death when Dam Burst Overwhelming the Burgamo Valley

BERGAMO, Italy, Dec. 3.—A great catastrophe has occurred here. Up to midnight 137 bodies had been recovered from the Bergamo valley country, 600 of whose inhabitants are believed to have been drowned when the great dyke impounding the waters of Gleno Lake collapsed. Troops and civilians worked throughout the night in mud and water seeking out victims of the deluge over an area of fifty square miles.

Hundreds of homes, including the entire villages of Dezzo, Gorno, and Buggio, were wiped out by ten million cubic yards of water that swept from the artificial glacial lake.

Granby General Manager Tells Plans of the Company Regarding Mining and Milling Activities

That the Outsider mine at Maple Bay will be shipping flux and copper ore to the Anyox smelter by Christmas is the expectation of H. S. Munro, general manager of the Granby Consolidated Mining, Smelting & Power Co., who passed through the city on the steamer Gardena yesterday afternoon bound north after a ten days business trip to Vancouver and the Island. The production at the mine will be about 3,000 tons monthly at first but this will be doubled in the course of the next year, Mr. Munro expects. There will be 35 or 40 men employed at the Outsider mine itself and during the summer a like number will be working in the vicinity on exploration work of properties which the company has under option.

The new concentrator at Anyox should be completed and in operation in a couple of months, Mr. Munro states. By means of it the production at Hidden Creek will be greatly enhanced. The new dam was finished some time ago and is now full of water.

Mr. Munro states that the Granby Co. has no further new construction work planned for Anyox at this time. Speaking of the general outlook of the big copper mine there, he says it is good for 8 or 10 years further operation on the present scale. When it is through, Anyox will have seen its big production days as far as it now known. It will have been a good operation, though, with 20 years of steady production behind it. When the Hidden Creek mine plays out, the smelter and the most of the equipment at Anyox will be junked because it will not pay to move it. It will have given good service by that time, anyway.

From a standpoint of future production, Mr. Munro states that there is more ahead of the Granby Co. at Copper Mountain than at Hidden Creek.

The Granby Company's sawmill on Larcum Island at the entrance of Granby Bay will resume operations in April, Mr. Munro states. The provincial government deciding that 40,000,000 feet of timber held by the company on the Kit-sault River is being smoke killed, it is to be cut up into Jak squares which will be shipped direct to the Orient by the company from Anyox. The Larcum Island mill has a daily capacity of 100,000 feet and it will take a couple of years to cut up this forty million feet. The present Tretheway logging railway at Alice Arm will be used and extended by the Granby Co. to get the logs to tidewater. Thence they will be rafted to the sawmill.

Though it may not be generally known, the Granby Co. is the largest holder of timber in Northern B.C. It has limits in all directions from Anyox up Alice and Hastings Arm to the Naas River; containing 400,000,000 or 500,000,000 feet. It is held by the company because of the danger that it may be smelter-killed.

The price of copper remains steady recently at 12 1/2 c. Mr. Munro states wages at Anyox were dropped generally on November 16.

There was 30 inches of snow on Friday, Mr. Munro said.

WINNIPEG FIRE

WINNIPEG, Dec. 3.—Fire destroyed the Mason & Risch building on Portage Ave. doing damage to the extent of \$200,000.

R. V. G. Lapine, A. E. Bazett-Jones and Jack Barnsley sailed last night by the steamer Prince Rupert to attend a Shrine ceremonial in Seattle.

EIGHTEEN MILLION VOTERS IN BRITAIN

LONDON, Dec. 3.—The electorate of Great Britain which on Thursday of this week is to choose a new parliament totals 18,000,000 voters, nearly 8,000,000 of whom are women. This is an increase of 100,000 since the general elections last year.

LIFE SENTENCE JUNEAU MURDER

"Battling Johnson" Admits Guilt and Goes to McNeil Island

JUNEAU, Dec. 3.—Harry Johnson, who pleaded guilty last week to the killing of Luella Boarway and Hilda Weiss in a resort here on September 24 was sentenced to concurrent terms for life, one term inflicted for each death.

Johnson, who formerly lived at Calgary and was known as "Battling Johnson" was taken to McNeil Island penitentiary, near Tacoma.

FORTY KILLED ENGLISH MINE

Rope Broke Precipitating Cages to Bottom with 175 Miners Therein

SHEFFIELD, Eng., Dec. 3.—Forty men were reported killed and many injured in an accident at Nunery mine when several cages used in transporting men from the surface to the workings were thrown to the bottom owing to the breaking of the rope. It is reported that there were 175 men in the cages when the rope broke.

NEW TELEGRAPH LINE IN ISLANDS FINISHED

Connection Between Port Clements and Tl-el Now Eleven Miles Instead of 23

The new government telegraph line between Port Clements and Tl-el on Graham Island has been completed and is now in operation according to John Dore, acting district superintendent of the system, who returned to the city yesterday after inspecting the work. This new work by following a straight line cuts the old line of 23 miles down to eleven and reduces the staff by two men. The line from Port Clements to Massett, a distance of eight miles, has also been practically rebuilt. The work was carried out during the past season. There are now 113 miles of telegraph line and telephone line on the Queen Charlotte Islands serving most points of importance.

SALVATION ARMY COMMISSIONER

Visiting City and Several Meetings Were Held Over the Week End

The visit to the city of Commissioner Hodder, head of the Salvation Army in Western Canada, Mrs. Hodder, Col. Taylor, field secretary for Western Canada, Ensign Mundy, Commissioner Hodder's private secretary, and Staff Captain Carruthers of Wrangell has been made the occasion for several special meetings in the local citadel over the week end.

On Saturday evening there was a public meeting at which Commissioner Hodder, Col. Taylor, Ensign Mundy and Staff Captain Carruthers all spoke.

Yesterday afternoon, Commissioner Hodder delivered a highly interesting lecture on the Salvation Army in many lands.

SCOTCH INFLUENCE OUT OF PROPORTION TO SIZE OF COUNTRY

Dr. H. R. Grant Preaches to Members of St. Andrew's Society at Presbyterian Church

The reason why Scotland had had such a great influence in the world was emphasized last night in his sermon by Dr. H. R. Grant, preaching especially for the benefit of the members of the St. Andrew's Society, who were present in a body.

Dr. Grant spoke of the native honesty, the frugality, the industry and the religious life of the Scotch people as being the

basis of their influence throughout the world. They were from a small country with a small population and the country was in many parts not a fertile one, yet the Scottish people had had a profound influence on the world. It was out of all proportion to the size of the country or the number of its people.

INDIAN WOMAN AND BOY DROWN

Boat Hit Log Coming Down Skeena River With Fatal Result

Mrs. James Pierce, Indian woman of Port Essington, and her younger son, Willie Pierce, aged 9, were drowned on Saturday afternoon between 12 and 1 o'clock when a gasboat in which they were coming down the Skeena River with James Pierce and an elder son, aged 18, met with an accident near Salvas.

The engine of the boat stopped and the craft hit a log. The stern end sank and the boat was flooded, the unfortunate woman and boy being drowned in the cabin from which they were unable to escape. James Pierce, who was working in the engine room at the time, noticing the plight of the boat, managed to save the older boy by pulling him out and throwing him into the canoe tender. He also got the younger boy out but not before he was drowned. The gasboat was towed ashore by means of the canoe and the body of the woman was recovered from the cabin after the boat had been baled out.

Constable Manceor of Terrace arrived this morning in the city from Terrace bringing James Pierce and the bodies, the latter being put in the hands of the B.C. Undertakers.

A load of furs which Pierce was bringing down the river was also lost.

BISHOP ROWE WAS PREACHER ANGLICAN CHURCH LAST NIGHT

Last night at the Anglican Church Bishop Rowe of Alaska gave a most interesting address on his work in Alaska and the far north covering a period of 38 years. He was in the Yukon before the gold rush and he told of the progress of the country and of the work of the church during that time.

Particularly interesting was the reference in the address to the work among the Eskimos in the Arctic Circle.

There was a large congregation present and Rev. J. S. Brayfield of Telkwa was present and took part in the service.

Prosperous advertising means regular continuous advertising.

ARCHBISHOP'S THEORY DISCUSSED IN EAST

Letter to Ottawa Citizen Refers to Recent Article in Churchman

The following letter in the Ottawa Citizen may prove of interest to those who have read of the experiments of Archbishop Du Vernet.

Editor, Citizen: Probably very few of the listeners-in to the nightly programs broadcast from many stations on this continent have ever thought of the full significance of this latest, wonderful invention with which they toy away the evening hours.

If the vibrations of the human voice or musical instruments are mechanically sent pulsating through the ether and are made audible again at will wherever a receiving set may be assembled, why should not thought waves pulsate in similar fashion without any mechanical contrivance, since thought is primary to speech?

In a recent issue of the Canadian Churchman appeared an article by Archbishop Du Vernet on "Radio-Mind." The author has been experimenting with a simple mechanical contrivance consisting of a long pencil and a metal bob connected to the pencil by a short piece of string; the bob, as a pendulum, hanging over an index card with the letters of the alphabet conveniently arranged thereon - presumably something after the manner of ouija board. Dr. Du Vernet states the purpose of this appliance is to "get a thought out of the sub-conscious mind and register it with scientific accuracy" - the reverse, he states, of Dr. Coue's method. The doctor's views on the sub-conscious mind are interesting. He says, in part: "While our conscious minds tend to individualize us, our sub-conscious minds tend to unite us. We are all members of one vast mental complex. Slowly we are realizing our mental union with the Universal Mind."

Does it not, therefore, help us to a conception of re-incarnation, if we recognize that every human thought is immediately caught up by the ether and thus permanently put on record by vibration? What is this but a scientific explanation of Judgment Book of the Bible? These thought vibrations remain in the ether as a legacy for the soul which it seeks a new, physical body after its sojourn in Devachan, i.e., the Biblical Heaven, and are therefore the determining factors in the next physical life of a human soul. Is it not time that the Church

aided rather than combated science? Should not true philosophy lie midway between the two? - C. V. CRAIK, Ottawa.

CAR FERRY MISHAP RECENTLY RESULTS IN LAUNCHING SUIT

Insurance Company Prosecuting C.N.R. on Grounds Sarge Was Not Seaworthy

The loss a couple of months ago of six carloads of pulp from the Canadian National Railway car ferry while coming north to this port from Swanson Bay resulted in George F. Gyles, receiver for the Whalen Pulp & Paper Co., receiving permission in Vancouver courts to institute suit against the railway company for damages. The cargo was insured with the Firemen's Fund Insurance Co. of San Francisco which has paid the loss, \$12,401. The purpose of Mr. Gyles' application was to permit the action being prosecuted by the insurance company with the Whalen Co. as nominal plaintiff so as to recover insurance from the barge's owner on the ground that it was unseaworthy.

PRINCE JOHN HAD MANY PASSENGERS

C.N.R. Steamer Had Rough Voyage and Had to Anchor for Twelve Hours Friday Night

After another rough passage up the coast in the course of which she had to anchor for twelve hours off Port Clements on account of the raging south-east tempest Friday night, C.N.R. steamer Prince John, commanded by her new skipper, Capt. Neil McLean, arrived from Vancouver via the Queen Charlotte Islands at 4:30 Sunday morning. The vessel had about 85 passengers for this port, many of them coming from Thurston Harbor, where all but one of the Whalen Pulp & Paper Co.'s logging camps have closed down for the winter. The most of the passengers sailed for the south on the Prince Rupert last evening.

The Prince John is loading lumber for the south to-day and is scheduled to sail on her return to the Islands and Vancouver at 8 o'clock this evening.

L. Jessen, vice president of Boyle Bros., Spokane, diamond drilling concern, passed through the city on the Prince Rupert

Saturday afternoon bound for Stewart.

BUILDING OF MILL TO COMMENCE SOON

Construction of New Plant at All Inlet by T. A. Kelly Starting after New Year

Construction of the new saw-mill at All Inlet, Queen Charlotte Islands, which is to be built by T. A. Kelly, the well known logging operator, will commence early in the New Year according to word brought to the city by the steamer Prince John in from the Islands.

Ten Years Ago in Prince Rupert

December 3, 1913.

Within a few weeks the new light house at Cape St. James on the south end of the Queen Charlotte Islands will be completed states B. W. Fraser, superintendent of the lighthouse department of the Department of Marine and Fisheries, who is in the city.

The total value of fish landed at this port during the month of November was \$19,505 of which \$18,000 represented halibut. The herring run has commenced and 30,000 pounds were landed here during November.

Mrs. P. I. Palmer and Mrs. J. C. McLennan returned from the south on the Prince George this morning. Mrs. Palmer visited in Seattle while Mrs. McLennan spent a few days in Portland.

TONGUE COATED, BAD TASTE IN MOUTH, EYES TINGED WITH YELLOW Liver Trouble the Cause

Mrs. A. C. Brown, Drumheto, Ont., writes: "I have been troubled with my liver for a few years back, and was so bad I did not feel able to do my work."

I had severe pains in my stomach, so bad I could hardly stand them at times; coated tongue; bad taste in the mouth, especially in the morning; whites of eyes tinged with yellow, and had a muddy and sallow complexion.

I had read a great deal about Milburn's Laxa-Liver Pills and decided I would try a vial, and after taking two or three I found I was greatly improved, and can truthfully say that I felt more like living and can now do my own work without any trouble."

Milburn's Laxa-Liver Pills are 25c a vial at all dealers, or will be mailed direct on receipt by The T. Milburn Co., Limited, Toronto, Ont.

Here and There

Fifty cars of fish were shipped this season from Lesser Slave Lake to various points in Canada and the United States, the majority going to cities in the Eastern States.

Showing a record increase over the figures of last year, grain loadings in the Western Provinces since the commencement of the crop year, September 1st, aggregate 82,219 cars, representing 136,958,448 bushels, as against 80,828 cars loaded, or 130,237,194 bushels, from September 1st to October 14th, 1922.

That the future prosperity of the Maritime Provinces, as well as the whole of Canada, depended on the routing of Canadian trade over Canadian railways and through Canadian ports, was the view expressed by Dr. Murray MacLaren, M.P. for St. John, speaking recently in his constituency.

Tens of thousands of caribou are trekking southwards through Yukon Territory for the winter. Bands of them have passed through the outskirts of Dawson City. For a hundred miles down, bands of caribou can be seen swimming the Yukon river and sometimes surrounding canoes and steamboats as they pass.

Part of the 15,000 feet of moving pictures taken for the Dominion archives by the Arctic expedition in charge of Captain Bernier, which has just returned from the northern regions, are to be shown in Quebec City shortly. They contain interesting incidents of the life of the Eskimo and typical scenes of the Northern land.

Up to the end of June, 1923, according to E. W. Beatty, President of the Canadian Pacific Railway, the Company had disposed of 18,194,737 acres of agricultural lands, for which an average price of \$7.87 per acre was received. During this period the Company had, by direct effort of its own, secured the settlement of over 100,000 farmers in Western Canada.

A splendid hunting year with a late open fall is reported from British Columbia. A world's record Osborn caribou was killed by D. W. Bell, of Williamsport, Pennsylvania. The length of the head was 65 1/4 inches, spread 55 inches and thirty-eight points. A party of three, of whom Bell was one, bagged nearly 100 pieces.

A total of 40 round voyages to the port of St. John, New Brunswick, constituting an increase of six over last winter's figures, is announced by the Canadian Pacific in a newly issued schedule of operations for the winter port. The S.S. Montclare will be the first liner to leave St. John after the close of St. Lawrence navigation, sailing for Liverpool on December 7th.

Captain S. Robinson, R.N.R., the hero of the Japanese disaster, who commanded the Empress of Australia when that ship was in Yokohama harbor at the time of the earthquake, has been fittingly honored by the Canadian Pacific Railway. He is to command the company's steamship, the Empress of Canada, when the ship leaves New York, January 30th, on a world cruise.

The most spectacular nugget brought to town in many years arrived in Cobalt, Ont., recently, and the camp's oldtimers gathered round, admiring the huge mass. The nugget weighs approximately 3,200 pounds, is estimated to run fully 75 per cent silver and is worth over \$20,000, according to the estimate of the owner, Angel Clemens, a New Liskeard carpenter.

The Royal Canadian Naval Reserve, of 500 officers and men, is now being organized, and it is expected that selection of officers will be completed early in November. Headquarters will be established at Charlottetown, Halifax, Lunenburg, St. John, Quebec, Vancouver, Prince Rupert and Victoria. Naval training at the naval bases of Esquimalt or Halifax will be given to R.C.N.V.R. ratings during the winter months.

A. W. Healy was a passenger for McBride on Saturday evening's train.

Dick Greenwell returned from Vancouver on the Prince Rupert Saturday afternoon.

Mrs. G. C. Walker sailed last night by the Prince Rupert for Seattle enroute to Los Angeles on a holiday trip.

Rev. J. S. Brayfield, pastor of the Anglican Church, Telkwa, passed through the city last night on his way to Vancouver.

Mr. and Mrs. James McNulty and sons sailed last night by the Prince Rupert for Seattle enroute to California on a holiday trip.

M. P. McCaffery returned to the city on the Prince Rupert Saturday afternoon after a business trip to Vancouver and Victoria.

All Knights of Pythias are requested to attend lodge tonight at 8 o'clock. Business: Nomination and Election of officers.—W. W. Woods, K.R.S.

A. J. Prudhomme and Mrs. A. V. Fisher sailed for the south on the Prince Rupert last night. They plan spending the winter in Honolulu and California.

Joseph Howe, who has been on a combined holiday and business trip as far south as California, returned to the city on the Prince Rupert Saturday afternoon.

A. C. Symes of the Canadian Fish & Cold Storage Co. staff left by Saturday night's train for the East enroute to his home in England where he may decide to remain.

Robert Mackay and T. Ross Mackay, sailed last night by the Prince Rupert for Vancouver where they will attend the Provincial Party convention which opens tomorrow.

R. E. Hudson of the Canadian Fish & Cold Storage Co. staff and Mrs. Hudson left for the East on Saturday evening's train bound for Belgium on an extended holiday visit.

Miss E. Sheasgreen, who has been visiting for some time with her sister, Mrs. E. W. Marantette Fifth Avenue West, returned to her home in Vancouver by the steamer Prince Rupert last evening.

Mrs. Thomas Deasy, of Massett, who has been on a holiday trip to Seattle, returned to the city on the Prince Rupert Saturday afternoon and will sail for the Islands on the Prince John this evening.

Alaska Steamship Co.'s Alameda, Capt. Johnsen, was in port last night from 12:30 to 1:15 bound from Seattle to Seward and waypoints. The vessel discharged a small quantity of perishable freight here.

Capt. H. P. Babington returned to the city from the Queen Charlotte Islands on the Prince John yesterday morning. F. B. Edney and J. S. Edney who are associated with him in the crab and clam canneries on Graham Island, also arrived and proceeded south on the steamer Prince Rupert.

The body of the late Amanda Bolden also known as Amanda Lampkin will be shipped south to Vancouver for burial by the steamer Cardena tomorrow afternoon. There will be service at Hayner Bros. Chapel in the afternoon. Deceased left among her belongings diamonds estimated by the police to be worth from \$1500 to \$2,000.

Half Price Dentistry

YOU WILL SAVE 50 PER CENT. HERE

From now until December 24th all work contracted during this period will be completed at these prices. Those contemplating having teeth made will do well to visit my office and contract for same.

These prices pertain to Crown, Bridge, Plate work, and Extraction of Teeth.

My dental stock must be reduced before January 1st, 1924, and I will give the public the benefit.

Dr. Jos. Maguire DENTIST

Lady Assistant in attendance.

Friday and Saturday
"The Spoilers," by Rex Beach.
Comedy—"Collars and Cuffs."
Fox News Gazette.

by more than 300,000 in the contest conducted by the Photoplay Magazine. Fairbanks will receive the gold medal, which is annually offered. It will be inscribed: "To Douglas Fairbanks for the Production of Robin Hood."
In France and Mexico the "fans" there also voted the Fairbanks production first honors. The contests were conducted by the leading "fan" magazines of the two countries and a certificate of the vote has been forwarded to Fairbanks.
When voting, the people were asked to consider every angle of the picture—the acting, the settings, the appeal, the story and the photography. In each instance "Douglas Fairbanks in Robin Hood" received the majority of the votes.

THE LOVE PIKER IS STORY OF SNOBBISH GIRL WHO REFORMS

"The Love Piker" is the story of a snobbish, wealthy society girl who falls in love with a self-made engineer, whose parents emigrated to America from Holland before he was born showing at Westholme tonight. The love story runs smoothly until one day the boy takes his fiancée down into the poor quarters of

Barbara Bedford

the town to visit his old Dutch father who lives in a shanty, smokes a corncob pipe and is surrounded by his dog cat and parrot. After meeting him the girl is almost on the point of breaking her engagement but finally decides to go through with it. However, when it comes to the wedding she knows she should invite her prospective father-in-law but hasn't the nerve. The dramatic strength of

story comes at this point, as the girl finally goes through a sort of regeneration and on the day of the wedding drives down to the shanty in her limousine and makes good by bringing the poor old father to the wedding.

REX BEACH STORY IS SHOWN AT WEEK END

"The Spoilers" Best Known of Alaskan Stories Has Been Refilmed

"The Spoilers" to be shown here at the week-end, is the greatest story about the Klondike gold rush ever written, and one of the most widely read American

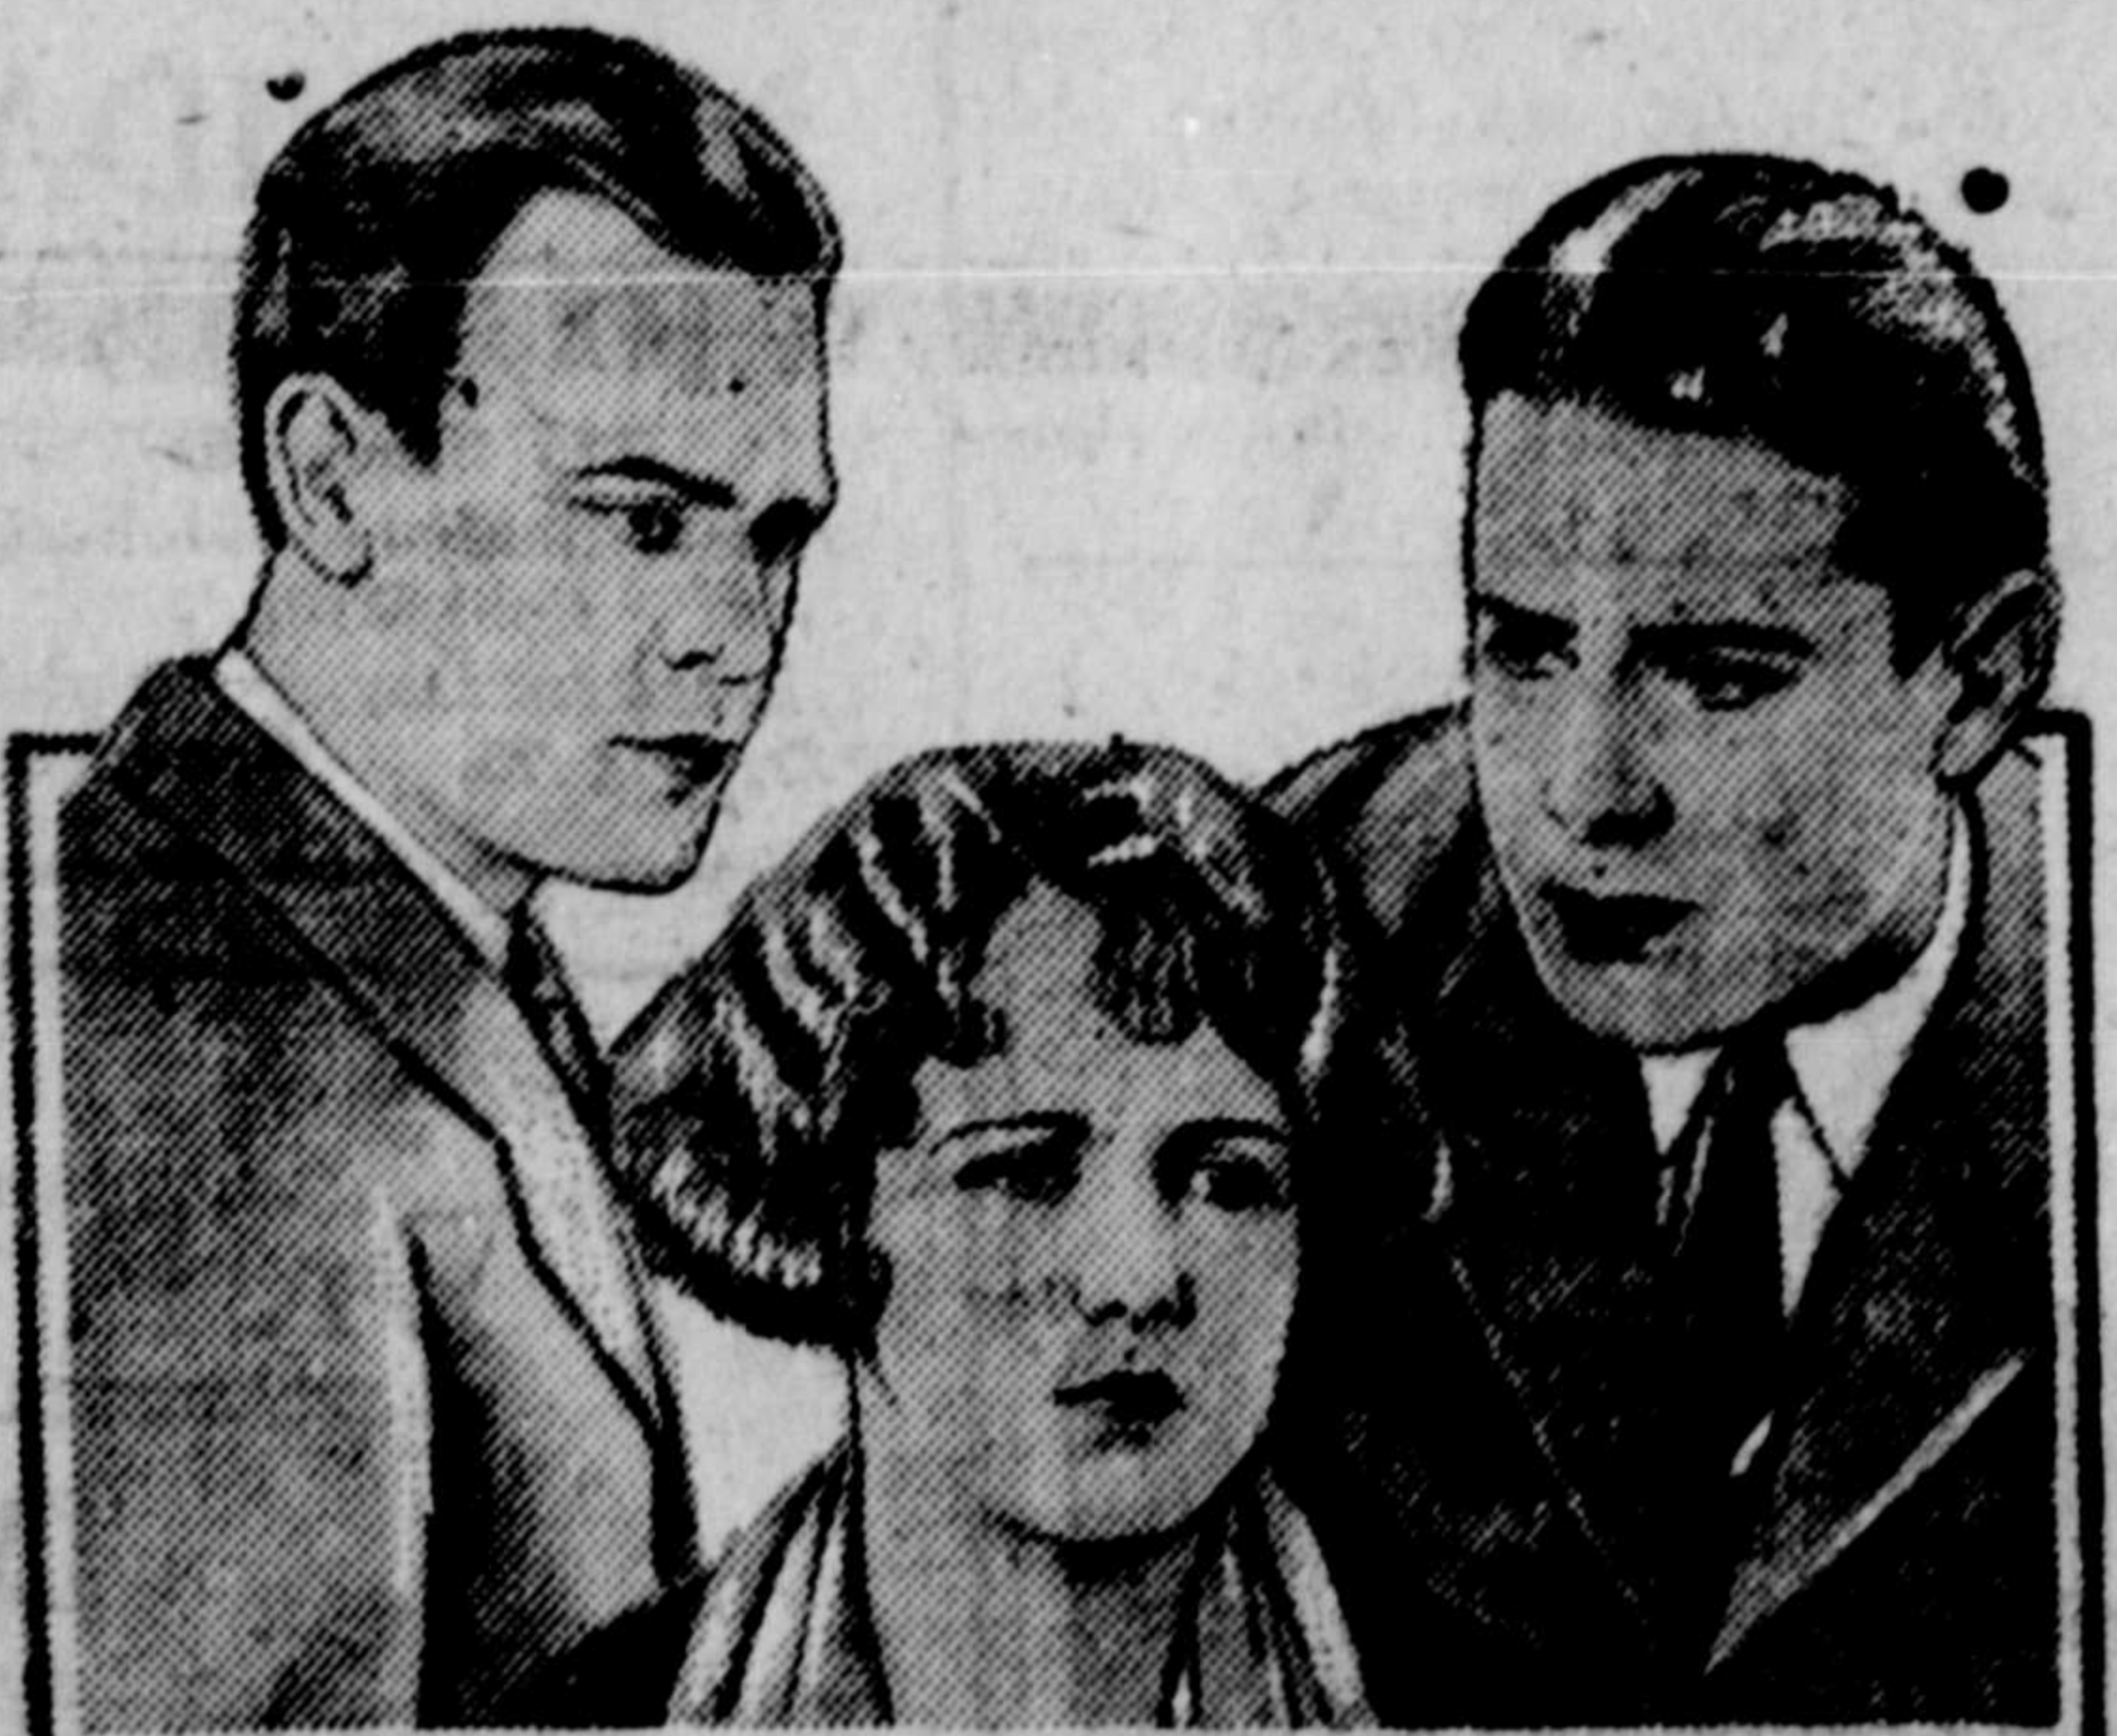

novels. It established Rex Beach's reputation as one of our most virile authors, and started the school of out-of-door writers who have been so popular in American magazines and books in the past decade, a school in which no one has surpassed Mr. Beach. Then, too, "The Spoilers" is a true picture of early Alaskan history. It's story of Alexander McNamara who attempted to jump the claims of men who discovered and worked the richest mine in the Klondike with the support of a corrupted court, is taken directly from life. It is a true and wonderfully dramatic presentation of one of the most picturesque epochs in our natural life, and an epoch which will never return. No more rugged picture of a sturdy people fighting against nature to wrest her treasures from her has been written.

When Rex Beach's novel was first pictured, ten years ago by Colonel Selig, it was the most talked about and the biggest financial success that the films had ever known. But since that time, motion pictures have made gigantic strides forward in technique, in direction, in settings and acting, and this new screen version of "The Spoilers," is as far ahead of the original one as that production was ahead of the other features of that day.

CHILDREN OF DUST ENTHRALLING STORY

Boys Adopts a Father and Falls in Love Wealthy Girl: Human Interest

How a gruff old man learns to love children and the world when past sixty, is one of the absorbingly human angles of "Children of the Dust," which opens at the Westholme Theatre Wednesday.
Archer, the old man beats a boy severely for stealing a flower for his mother, and is imprisoned. Upon his release the boy adopts Archer. Then follows the enthralling story of the lad's latter life; of his love for a wealthy girl, of his rival

Johnny Walker, Pauline Geron, Lloyd Hughes in "Children of Dust"

Showing at the Westholme Theatre Wednesday and Thursday.

Here and There

Russia has more illiterates, and at the same time, more bookshops than any other country in Europe.

The largest consignment of silk from the Orient for many months, consisting of 5,500 bales, valued at \$9,000,000, formed part of the cargo of the "Empress of Russia" recently.

A shipment of silk from China, consisting of ten carloads, valued at two million dollars, went forward from Vancouver to New York under special guard over the Canadian Pacific lines recently.

The first of a series of six new seaplanes being constructed for the Canadian Government has just been delivered. The new planes are to be used in forest patrol for the prevention of destruction by fire.

Following the disastrous earthquakes and fires which devastated large areas in Japan, the Canadian Pacific Lines "Empress of Canada" and "Empress of Australia" were thrown open to the accommodation of thousands of refugees, while the officers and men of the vessels did splendid work in organizing and assisting rescue parties.

The rapid increase in the export butter trade of Saskatchewan during the past year or two, has been the outstanding feature of the Provincial dairy industry. Recently the Saskatchewan Co-operative Creameries made a shipment of 25,000 lbs. of butter to China.

For almost two decades the major portion of the world's supply of cobalt has been derived from the silver-cobalt-nickel arsenides of the Cobalt district, according to figures compiled by the Dominion Bureau of Statistics. The cobalt production of Canada in 1922 was 569,960 pounds, which at \$3.25 a pound, would be worth \$1,852,370.

Canada's trade within the Empire is increasing. For the twelve months ended July, Canada exported to other parts of the Empire goods amounting to \$453,487,899. This is in comparison with \$354,992,074, the figure for the corresponding twelve months previous. Imports from British Empire countries during the two twelve months' periods were: Ended July, 1923, \$195,811,190; ended July, 1922, \$153,185,561.

A wheat crop of 382,514,000 bushels is forecasted in a report issued by the Dominion Bureau of Statistics. The report is based upon the condition of crops at the end of July, and indicates that the Prairie Provinces will produce 357,296,000 bushels of wheat if weather conditions continue favorable. Manitoba, it is expected, will have a total wheat yield of 44,468,000 bushels; Saskatchewan 211,061,000; and Alberta 101,776,000 bushels. Alberta is the only province to show an increased yield as compared with 1922.

A party of five journalists, representing the leading newspapers of Switzerland, who recently arrived at Quebec, are the guests in Canada of E. W. Beatty, President of the Canadian Pacific Railway. They will tour the Dominion in the interests of Swiss colonization. Steps will be made at different points where Swiss people are farming, and opportunity will be given to members of the party to converse with them and get first hand knowledge as to the desirability of Canada as a place for Swiss colonists.

In a letter on "Canada and Land Settlement," published by the Morning Post, Sir Geo. McLaren Brown, European manager of the Canadian Pacific Railway, says that the agricultural salvation of Western Canada lies in mixed farming, which calls for smaller and more numerous agricultural holdings than wheat growing does, and results in closer settlement and better communication. The bigger and more densely settled the rural population, the more social amenities there are and greater advantages generally, he says.

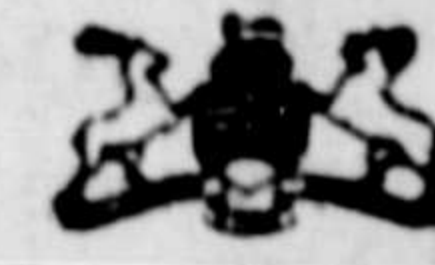

TIMBER SALE X 5729.

Sealed Tenders will be received by the Minister of Lands at Victoria not later than noon on the 21st day of December, 1923, for the purchase of Licence X 5729, to cut 1,300,000 feet of spruce, Balsam Hemlock and Jackpine, on the S.W. 1/4 of Lot 4268, Range 5, Coast District.

Four (4) years will be allowed for removal of timber.

Further particulars of the Chief Forester, Victoria, B.C., or District Forester, Prince Rupert, B.C.

TIMBER SALE X 5604.

Sealed Tenders will be received by the Minister of Lands at Victoria, not later than noon on the 28th day of December, 1923, for the purchase of Licence X 5604, to cut 1,036,355 feet of spruce, Cedar and Hemlock, on an area situated on the west shore of Louise Island, Gamsnawa District, Queen Charlotte Islands Land District.

One (1) year will be allowed for removal of timber.

Further particulars of the Chief Forester, Victoria, B.C., or District Forester, Prince Rupert, B.C.

TIMBER SALE X 5721.

There will be offered for sale at Public Auction, at noon on the 7th day of December, 1923, in the Forest Office at Smithers, the spruce, Balsam, and Lodgepole Pine, and 16,050 Jackpine and Hemlock ties on an area adjoining Lot 5424, Range 5, Coast District.

Three (3) years will be allowed for removal of timber.

Further particulars of the Chief Forester, Victoria, B.C., or District Forester, Prince Rupert, B.C.

MOTHERS SHOULD NOT NEGLECT BRONCHITIS IN THE BABIES

Mrs. E. Langdon, Kingston, Ont., writes: "My baby boy had bronchitis when he was two weeks old, he recovered from the attack but took it again, several months later, and on account of the severity I was almost panic-stricken to know what to do for him. My mother advised me to try Dr. Wood's Norway Pine Syrup, as she had used it for several years with splendid results.

I got a bottle, and after I had used it I could see a decided improvement in him; after several bottles he was completely relieved.

My boy is now two years old, and he has never had an attack of bronchitis since.

As a mother, raising a family, I am very grateful to know that I have found a real remedy for bad colds and bronchitis, as it lifts care and anxiety from an anxious mother's shoulders."

Dr. Wood's Norway Pine Syrup is 35c a bottle; the large family size 60c; put up only by The T. Milburn Co., Limited, Toronto, Ont.

LOCAL NEWS NOTES

Dr. A. H. Bayne returned from the Queen Charlotte Islands on the Prince John yesterday morning.

J. Field Strang, manager of Sunnyside Cannery, returned to the city from Vancouver on the Prince Rupert Saturday afternoon.

Mr. and Mrs. Fred Wernig returned to the city on the Prince John yesterday after having spent the past several months at Buckley Bay.

R. E. Benson has taken a five year lease of one of the new stores adjoining his present premises and will fit it up as a strictly modern photographic studio.

W. C. Cameron, postmaster and customs officer at Stewart, passed through the city on the Prince Rupert Saturday afternoon returning north after spending a holiday in the south.

John Dore, acting superintendent of Government Telegraphs, returned yesterday by the Prince John from the Queen Charlotte Islands where he has been for the past fortnight on inspection duties.

James Martin, postmaster and customs officer at Massett, reached the city on the Prince John yesterday from the Queen Charlotte Islands. He is on business and is making the round trip on the steamer.

W. Pleas, logging superintendent for the Massett Timber Co., arrived from Buckley Bay on the Prince John yesterday morning and sailed last night for the south on the Prince Rupert bound for Vancouver on a holiday trip.

CUSTOMS RETURNS

Total of Duties and Excise Collected Here During November Was \$32,277.23

Customs and excise collections for the month of November totalled \$32,277.23 made up of: Duties, \$22,166.27; excise, \$9,994.28; sundry, \$116.68. The figure is similar to November last year which was \$32,964.40, and is smaller than the October total, \$56,292.33.

Sport Chat

Now that each team in the several basketball leagues playing in the city this winter have appeared in at least two games, the most of them in three and some in four, further ideas of the merits of play may be gathered from the score averages as well as from the team standings. These figures often throw a different light on things than does the straight record of wins and losses.

While the Sons of Canada are leading in the Senior League standing, their score averages per game of 31 points is not as high as that of the Colts which is 34. The Teachers seem to be in their proper position with a score average of 27. The Colts in four games have scored 131 points, the Sons of Canada in three, 93, and the Teachers in three, 80. The Colts piled up score with the Teachers while the tighter games with the Sons did not get them so many points. In spite of the fact that the

Sons have a good lead in the standing there is still little to choose between them and the Colts in the matter of quality of play.

In spite of the fact that the High School have been putting up play of a high quality in the Intermediate League, they are outclassed by the Colts in average score as well as standing. The Colts have played three games for a total of 106 points and an average 35 per game while the High School in a similar number of games have totalled 79 points or an average of 26. The Grotto and Elks, playing two games each, have made 38 and 33 points respectively or

The scores made by the Maple Leafs in the three games they have played so far in the Ladies' League have been higher than scores made by any other three teams in any games. They enhanced their average very materially by a 30 to 8 win over the Kaiens. In three games the Maple Leafs have made a total of 86 points for a 22 average. The Adanaes making 27 points in two games have an average of 14 while the Kaiens with 20 points from two games have an average of 11. The Teachers are low in average as well as standing with 30 points from three games.

HOLTBY WEDDING WAS BRILLIANT AFFAIR AT VANCOUVER THURSDAY

Honeymoon Being Spent on Vancouver Island: Reception Follows Ceremony

Gleaming candles, flowers and palms were used to decorate the chancel and altar of St. James' Church on Thursday evening when Miss Gladys GwenJoline Gibbins, daughter of Dr. Johnson Gibbins of this city, became the bride of Alfred Lionel Holtby, son of Mr. and Mrs. A. R. Holtby of Prince Rupert, says the Vancouver Province. The service, which was choral, was read by Rev. Wilberforce Cooper.

The bride, who is a native daughter was given in marriage by her father, was attired in white lunette crepe over white satin. The pleated side panels were ornamented with orange blossoms, and the wide Egyptian girdle was fastened with a pearl and brilliant ornament. Her white embroidered net veil was held in place with a coronet of orange blossoms and a tiny cap of Limerick lace. An old-fashioned bouquet of Ophelia roses, lily of the valley and violets, together with silver slippers, completed the dainty costume.

The Attendants

She was attended by her sister Mrs. David Thomson, as matron of honor, who wore pale yellow georgette with over dress of yellow and brown Persian lace, the underskirt showing a wreath of French flowers in dull tones. Her hat was a brown and gold lace, and gold slippers completed the costume. She carried an old-fashioned bouquet of bronze chrysanthemums. The little flower girl, Miss Daphne Hemmel, wore white net embroidered with French flowers and a white and pink bonnet, and carried a basket of pink flowers. Rowe Holland supported the groom, and James Witcomb acted as usher.

Oh no, Mother, there is no need to worry about Jim's health. These symptoms of piety and unnatural goodness are quite seasonal. You know what's coming next month.

Father need not worry about his pocket book either. Children demand things that are new and interesting and modern, rather than expensive gifts.

Yes, it is true he has a lot of young people to remember and buy presents for, but hundreds of factories know this and have been making things for twelve months to help him out of his difficulties.

From the new fur or the new winter suit you are hoping he may buy for you, to the tiniest toy for the smallest of the babies the advertisements in the paper should be your guide.

At this time of year when you are planning ahead, let your thinking be of some value.

READ THE ADVERTISEMENTS

Be Early in The Shops

Following the ceremony a reception was held at the home of Mr. and Mrs. James Witcomb, Third Avenue West, when the guests were received by the hostess, who was attired in resida green silk velvet brocade georgette and gold lace, with which she wore a black lace hat, and a corsage bouquet of pink roses and violets. Mrs. Holtby, mother of the groom, wore a gown of black velvet with ermine fur and black and white hat. Her corsage bouquet was of pink roses. The tea table was decorated with yellow and silver ribbon and centered with yellow chrysanthemums. Presiding at the urns was Mrs. H. S. Wilson, while Mrs. A. A. Fairnie served the ices. Serving the guests were Miss Margaret Witcomb, in blue crepe de chine and black velvet hat, and Miss Margaret King, in wine-colored velvet with black hat.

Honeymoon on Island

Later Mr. and Mrs. Holtby left for Vancouver Island where the honeymoon will be spent, the bride travelling in a costume of navy kitten's ear cloth, with viatka squirrel fur collar. Her small black hat was trimmed in silver, and the coat opened over a blue cut velvet blouse. Later they will take up their residence in Prince Rupert.

BRILLIANT YOUNG MAN IS RELATIVE OF LOCAL PEOPLE

R. K. Jones, 24 year-old graduate of McGill University, who has gone to England to speak for Premier Baldwin's party in the election campaign now going on, is a grandson of Mrs. R. K. Jones, who is at present visiting in the city with her daughter, Mrs. W. S. Fisher, the young man's aunt. Mr. Jones, who is speaking on the tariff issue as it effects the overseas Dominions, is a student at McGill taking post-graduate work in economics. His father is Hon. W. P. Jones, former solicitor-general in the New Brunswick cabinet.

The county court case between G. W. Bruzy of Alice Arm and K. Olsen for payment of goods sold and delivered was set this morning for hearing on December 14. M. Gonzales of Williams, Manson & Gonzales represents the plaintiff.

P. S. Bonney, district forester, is home after an official visit to interior points.

Why Do They Use Others?

Mrs. Armstrong has written us a most interesting letter, highly complimentary. She asks if we know why anyone uses an Eastern brand of milk when Pacific is available — "And British Columbia milk is so much better and nicer in flavor."

We do not know why people use milk not put up here, Mrs. Armstrong. Perhaps it is because they have not tried Pacific.
