## OTHER SIDE OF REPARATIONS DIFFICULTY

### STEEL WORKERS' STRIKE IN NOVA SCOTIA SHOWS SIGNS OF BREAKING UP

#### Germany is Trying to Bargain with France Sends out a Protest

PARIS, July 19.—The German government through its embassy in London is striving to have the forthcoming British note convey to the French Government Germany's willingness to cease passive resistance in the Ruhr subject to certain concessions by France.

It is reliably reported that the concessions suggested include the withdrawal of occupation by troops with the exception of a mere skeleton force which would in a diplomatic sense be invisible; permission for German officials and functionaries expelled from the Ruhr to return to their posts; that France agree to restore the currency confiscated.

It is understood these conditions are unacceptable to France because unaccompanied by guarantees that the reparations payments will be forthcoming.

BERLIN, July 19.—German representatives to Rome, Washington, London, and the Vatican have been instructed to make representations against the prolongation of the traffic blockade between occupied and unoccupied territories of Germany. It is semi-officially announced.

#### GASOLINE RATE WAR STARTING

Price in Los Angeles Today is 12c. and in a Day or So Will be 10c.

LOS ANGELES, July 19.—Predictions that the price of gasoline reduced to twelve cents a gallon by independent dealers would fall to ten cents within a day or two were made today. The large companies are still selling at 19c a gallon and the smaller ones, in a rate war among themselves, have gradually reduced the price to 12c. It is reported that the large companies are considering the plan to fix the price so low that the independents cannot meet it.

#### JIM JEFFRIES IS IN PULPIT

Former World's Champion Boxer Preaches in Los Angeles—Planning World Tour

LOS ANGELES, July 19.—James Jeffries, former heavy-weight boxing champion of the world, reported some time ago to be preparing for the career of an evangelist, will preach here in the Women's Christian Temperance Union temple tomorrow night on "The Restoration of Palestine to the Jews."

Jeffries plans a world tour preaching the doctrine of amalgamating the peoples of the white race to promote the highest standard of civilization.

#### TENNIS TEAM CHOSEN TO MEET JAPAN IN DAVIS CUP CONTEST

TORONTO, July 19.—The result of the elimination contests the Davis Cup committee announced the selection of W. LeRoy Rennie of Toronto, Jack Wright of Montreal, Willard Crocker of Montreal and A. S. Milne of Vancouver as Canada's Davis Cup team to meet Japan July 26, 27 and 28 at Montreal.

#### EASTERN GEOLOGIST IN CITY ON WAY TO BIG SMITHERS MINE

Dr. Alan M. Bateman, geologist on the staff of Yale University, New Haven, Conn., is in the city today on his way to the Duluth Mines, Smithers, which he will visit in a consulting capacity. He arrived from the south on the Prince Rupert yesterday and will leave for the interior tonight.

B. V. Watkins of Seattle is also in the city en route to the Duluth Mines where he will put in an accounting system.

#### JOSHUA BROWN DIES RESULT OF EXPLOSION

This Makes the Third Death as Result of Accident on Fishing Boat at Kitkatla

Joshua Brown, a Kitkatla Indian who was badly burned in an explosion on the fishing boat Kyoquat recently, died this morning at the General Hospital. He was sixty years of age.

This is the third death as a result of the accident. A boy went down with the boat, and this is the second man to die in hospital. The B.C. Undertakers Co. have the funeral arrangements in hand.

#### NO CHANGE LIKELY IN LIQUOR LAWS IS OPINION AT VICTORIA

VICTORIA, July 19.—In view of the action of the voters in Manitoba in turning down the proposal to allow the sale of beer and light wines in hotels and restaurants, it is not likely that the question will become a legislative issue here this autumn. An agitation has been kept up more or less intermittently by those interested in the trade but with little effect.

Last session of the Legislature there was an effort made to introduce a beer clause into the Legislature, but this was voted down by a combined vote of all parties. This year the prospects for such a vote being carried are even less hopeful and the probability is the present law will continue for some years to come.

One of the reasons why Saull Ste. Marie is one of the most thriving of Ontario cities. The coal docks about one-half mile from the locks.

#### REVIVAL OF BUSINESS IS LOOKED FOR

Dr. McPhee, President of the Nanaimo Rotary Club, is Optimistic

"I predict a wonderful revival of business in British Columbia," declared President Jud McPhee of the Nanaimo Rotary Club who delivered an address at the Rotary luncheon in the St. Regis cafe this afternoon.

Dr. McPhee said he had travelled a good deal in the east while away. He had attended luncheons at Chicago, Montreal, Hamilton and other places and everywhere he found people keen to know about this province, and they were particularly interested in timber.

When travelling across the continent no timber was visible anywhere, yet in B.C. there was timber everywhere. It was what people were looking for today.

The Doctor also talked with a professor of geology at one of the Universities and he spoke of the wonderful mineral future for Stewart, B.C. and other parts of the province.

#### Barnardo Boy Tells how he Shot Mrs. T. Hall at Salmon Arm: set Fire to House to Cover Accident

(Special to Prince Rupert Daily News)

KAMLOOPS, July 19.—The shooting of Mrs. Hall at Salmon Arm, according to the confession of the Barnardo boy, Eric Stanley, was done with a 22 rifle, which the boy says he brought from the house to shoot rabbits. He declares he never had a gun in his hand before in his life and it went off accidentally, the bullet hitting Mrs. Hall in the back of the head. He says he was afraid he would get into trouble for shooting her, so while she was lying on the floor in the house, he set fire to the building to burn her to death and cover up the act.

#### MILL OPTION IS EXTENDED

Additional Thirty Days Given by Trustees of Emerson Estate

VANCOUVER, July 19.—The option given to a banker from the East on the lumber mill at Prince Rupert and a number of valuable timber limits that go with it, has been extended for thirty days by the trustees of the Emerson estate.

The original option for sixty days expired recently but before the expiry date it had been renewed for another month.

A substantial payment has been made for the option and it is hoped that the deal will go through.

The timber limits are all in the neighborhood of Prince Rupert on the Kluzezmatean Inlet and River and at other places near by.

#### New Glasgow Miners Abandon Strike and will Return to Work Tomorrow; Glace Bay is Still out

NEW GLASGOW, July 19.—At a meeting of Westville miners it was decided to abandon the strike and return to work Friday morning. This was the first break in the strike situation.

SYDNEY, July 19.—Four thousand miners at a mass meeting at Glace Bay voted last night to continue the strike in sympathy with the steel workers of the British Empire Steel Corporation and against the presence of troops in Cape Breton and in defiance of the orders to return to work of international president Lewis.

J. P. McLachlan, the deposed secretary, appealed for solidarity.

SPRINGHILL, N.S., July 19.—"Fight to the last loaf of bread and then go back and renew your strength but don't get divided on any account," he said. President Lewis, he declared, was not the United Mine Workers of America. The rank and file of miners of North America are with us and against the McLachlan-Livingstone faction.

#### CHINAMAN HAS CONFESSED TO SHOOTING MAN

Declares B.C. Electric Lineman Beat Him: Four Shots Fired

VANCOUVER, July 19.—Chong Sam Bow, the Chinaman who is alleged to have shot and killed a B.C. Electric lineman, John C. Jones, yesterday shortly after noon, hurried down Main street, but was soon captured. He had on his person a 32 calibre revolver of five chambers, four of which were empty.

According to the police, Chong confessed that he shot Jones because the latter two days ago beat him and that when he met him today slapped him. Jones was a married man with two children.

The shooting took place on Main Street. Jones was returning to work at the Main street sub-station of the B.C. Electric Company when a young, well-dressed Chinaman approached and shouted. Jones, thinking the man was speaking to him, stopped, when the assailant opened fire and sent four bullets into his body.

#### GRAND TRUNK STOCK FALLS

Old Country Financial Papers Indignant at Canadian Government

LONDON, July 19.—Grand Trunk debentures fell to thirty here following the publication of the Canadian government's statement on the bondholder's claims. The financial papers have made it an occasion for another outburst of indignation.

The Financier says that Rear Admiral Francis Smith and G. F. Forsythe, who went to Ottawa to present the claims of the bondholders, asked for bread but were given a stone.

#### CHARLIE WHITE SCORES TECHNICAL KNOCKOUT

Ritchie Mitchell Goes Down in Fourth Round and Seconds Threw Up Sponge

NEW YORK, July 19.—Charlie White, Chicago lightweight, scored a technical knockout over Ritchie Mitchell of Milwaukee in the fourth round of a fifteen round bout here last night. Mitchell's seconds threw the sponge into the ring when he went down for the second time in a return from a right to the jaw followed by a smashing left hook.

#### CAPTAIN OF MAINE PASSED AWAY TODAY

Commander of Ill-fated United States Warship Dies of Heart Failure

NEW YORK, July 19.—Rear Admiral Charles Sigsbee, retired captain of the ill-fated battleship Maine, died here of heart failure today. Deceased was 52 years old at the time of the blowing up of the Maine and was a captain in the civil war. He was also an inventor of deep sea exploring and sounding apparatus.

#### ADMISSION TO STATES REFUSED

British and Russians Held up at Vancouver on Arrival From Orient

#### DESIRABLE SETTLERS

(Special to Daily News)

VANCOUVER, July 19.—Ten British and approximately forty Russians, who arrived yesterday on the transpacific liner Empress of Australia from the Orient bound for California and other parts of the United States as settlers, were denied entrance.

The reason given by the U.S. immigration authorities for refusing admission to the men is that the July quota of 13,600 Brits and Russians permitted entry under the United States immigration laws is already filled, although those denied U.S. entry declare the quota was not filled when they left their homes in various parts of the Orient for America.

The arrivals would be settlers of a highly desirable type and are not detained but merely refused permits to cross the boundary. It is stated in United States consular circles here that thirty per cent of the lower California population is British.

#### CROPS HEAVY AT SMITHERS

Haying is General and Feed Plentiful; Potatoes in Advance Last Year

SMITHERS, July 19.—Haying is now general throughout the surrounding country, and the splendid crop being cut is the cause of much rejoicing amongst the farmers, most of whom suffered heavily by the failure of last year.

As other farm crops will be abundant the lack-of-feed bogey is dying a natural death, and the sacrifices made on his account last winter will not have to be repeated.

The potato crop is well in advance of last year, and several families are using their own grown product.

#### CANADIAN NATIONAL EARNINGS CONTINUE AHEAD OF LAST YEAR

MONTREAL, July 19.—The gross earnings of the Canadian National Railways for the week ending July 14 were \$4,671,163, being an increase of \$245,790 compared with the corresponding period in 1922. The gross earnings from January 1 to July 14 were \$126,136,974.56, an increase of \$14,674,798.18 compared with the same period of last year.

**Must Be Careful  
 Of Prejudices.**

It is difficult for people to avoid prejudices. Everybody has them. Even the internationalists who claim to look for the time when there will be no national boundaries, are usually prejudiced against anyone who is not of their way of thinking. In this province most people are prejudiced against Orientals although at the same time they are ready to use the Chinese or Japanese when it is to their advantage to do so.

Yesterday this paper reported a horrible shooting case at Salmon Arm, further particulars of which are given today, in which a boy from the London slums was allegedly the one who committed the crime. Another crime reported in this paper yesterday was allegedly committed by a Chinaman in Vancouver when a lineman on the B.C. Electric railway was shot. These crimes will tend to increase the prejudices against both the Barnardo boys who come here from London and the Orientals who are already with us.

The question that naturally arises is whether Canadians under similar circumstances would commit similar crimes.

The Barnardo boys are lads who have been rescued from adverse conditions in the London slums. Many of them are orphans or worse. They have been carefully trained in the Barnardo homes and taught to be useful and the large majority turn out to be very good citizens. A great many have come to Canada from time to time and few have proved failures.

The Chinese as a people have prospered in British Columbia. The difficulty is that so many have brought with them their Oriental habits and have gained nothing from their association with the dress of the white race. Much of the trading in drugs is carried on by Chinese and Chinese names appear with remarkable regularity in the police court records in connection with offenses in connection with the opium traffic. While it is true that opium was forced on the Chinese by the British, a scandal which will never be lived down, yet we have the present condition to face and cannot be held wholly responsible for what our forefathers did and the crimes they committed.

It is suggested in the despatch received yesterday that the Chinaman who did the shooting in Vancouver yesterday was a drug addict. No other explanation can be given for committing so senseless and horrible a crime. A negro recently killed a policeman when under the influence of some drug, possibly alcohol. White people use these drugs also very considerably with baneful effects.

If we are to say that the Barnardo boys shall be excluded from this country, how much more must we say the Orientals shall be excluded. Yet we cannot set ourselves up as holier and better than anyone else for Canadians are often on the list of criminals, of drug vendors and addicts, of bootleggers and breakers of the law in various directions.

It is well for us to examine our prejudices carefully and weigh them in the balance. Tolerance is a great virtue, yet sometimes we are too tolerant of criminality and too intolerant of those who interfere with our business prospects.

**Education Furnishes  
 Tools For Achievement.**

The lecturer at the Moose Lodge last night stated that education furnished the tools for achievement and that was the principle upon which the Mooseheart institution in connection with their order was conducted. It is a splendid principle. Education is no excuse for idleness, for education is not a thing that can be acquired and then allowed to lie dormant. Unused it disappears.

**WINNING ESSAY  
 INTERMEDIATE**

**Twelve Year Old Girl Tells Well  
 Why Forests Should Be Pro-  
 tected**

By Betty Martin, aged 12, Mel-  
 drum Creek School

Our forests are the source of our commercial activities. They furnish the grand beauty to our rugged country which attracts thousands of enthusiastic tourists in growing numbers each season.

We must protect our forests from fire. Destruction to any part of our valuable forests means loss to the great industries which are supported by them. Forest fires must be fought, and the thousands of dollars paid to the fire fighters is as much a loss as are the bridges, mills, fences, timber and logging equipment actually destroyed by the flames. The scattered forests of pine, too, must be guarded. Without logs, poles and fuel, settlers could not live in the interior where the winters are severe, and so the wealth of our great ranges would never be gathered in.

We must also protect our forests of lodge pole pine and white spruce in the interior wet belt. Without these trees on the mountain slopes, the spring freshets would wash away all vegetation from the mountain sides. Without the massed tree roots and shady boughs, the ground would not hold back the heavy rains of the wet seasons, so that our streams would be destructive torrents in the spring and dry rock beds in the summer, when irrigation is so necessary.

Without our forests we would be without our game and fur-bearing animals. Our loggers, farmers, hunters and those in the centres who trade and manufacture for them, depend on them; so for everybody's sake we must protect them from fire.

The oak groves of Southern Vancouver Island are too limited to be of great commercial worth, yet to revel in the beauties of this district as many as five hundred tourists have passed through its centre, Victoria, in one day, some fifty of these having cars. The amount spent each year by tourists in our province is very great.

Our wet belt forests are of the greatest commercial importance, for the giant Douglas fir, the Sitka spruce and cedar, make the finest timber in the world. Thirty millions are paid annually to men engaged in the lumber industry, and doubtless as much again is spent in logging and milling equipment. Great paper mills on the coast export much paper which with the heavy lumber shipments help to balance our world-wide trade. The revenue alone from our forests last year was two million nine hundred thousand dollars.

The dense jungle-like undergrowth of these forests support the abundance of game. These offer recreation to the townsfolk, great sport to the tourists, and furnish the farmers with treatment. Insect-destroying birds, which are necessary for successful crops, must have forest homes.

From the interior forest belt, trappers gather hundreds of dollars worth of fur each year; and as the coast forests give out, these interior forests will become of more value.

Don't let the fires devour our forests. With them must go the logger, the farmer, the trapper and the tourist, and so the tradesmen and manufacturers in our cities.

A neglected spark could destroy, with our forests, our means of living. We must keep the fires away from them.

**HOSPITAL FINANCING  
 DIFFICULT PROBLEM**

Chairman of House Committee  
 Says That Loss This Year Is  
 Inevitable

Referring to financial affairs of the hospital at last night's board meeting, S. K. Campbell, chairman of the house committee, stated that most careful financing would be needed this year. Certain improvements in the institution such as repairing of the wiring system and altering of the sterilizing system were necessary. The board had received but \$1800 from the provincial government as share of liquor profits which he considered very unsatisfactory. Moreover, the city grant had been reduced. A loss at the end of the year seemed inevitable.

**MISS CHARLOTTE  
 BLACK RESIGNS**

**On Account of Ill-Health, Matron  
 of Hospital is Forced to Re-  
 linquish Position**

On account of ill-health, Miss Charlotte Black has resigned as matron of the Prince Rupert General Hospital. This was reported to the hospital board at the regular monthly meeting last night. Miss Black had been asked to reconsider her decision but had replied that it would be impossible for her to again assume the duties. Miss Black has served for nearly two years as matron of the hospital and appreciation of her services was expressed by S. K. Campbell, chairman of the house committee, who stated that her work both as regarded the hospital and training school had been highly efficient and she had enjoyed the popularity of all. It was with the deepest regret that it was necessary to accept her resignation.

The matter of appointing a successor to Miss Black has been left in the hands of the house committee which has already placed advertisements in Vancouver, Edmonton, Calgary, and Winnipeg papers. E. H. Mortimer suggested that advertisements should also be placed in local papers but Mr. Campbell felt that this was not necessary, stating that there was no one here who could take the position.

Mrs. Donaldson is acting as matron pending the making of a permanent appointment. Ald. Mackenzie and T. Ross Mackay moved that she be paid \$110 per month as from July 1. This resolution was carried, Mr. Campbell and Mr. Mortimer voting against it. Mr. Mortimer moved that \$100 be paid but there was no seconder.

**The Man in the Moon  
 SAYS--**

JAKE says there are enough Scotchmen living here to make it worth while for the government to put up another elevator here. Jake wishes it quite understood this has no reference to the use of rolled oats but to the way in which some of the folks from north of the Tweed get elevated after visiting the Fraser Street shops.

THERE is a book known as the Canadian Parliamentary Guide issued by the Colonel E. J. Chambers, but it is very noticeable that there are no directions in it to show how to cross the Ottawa River and get back with a sufficiency of Hull spirit.

JAKE says he always knew drinking lemonade was dangerous and now he is more convinced than ever, since a man was killed in the act on Vancouver Island.

EVERYBODY seems to be going to the street dance on Second Avenue tonight except me. The only dance I do is the polka and it's out of date, they say.

WHAT I like is going out for a week end and remaining until the middle of the week. It feels like sleeping in of a morning.

ONE of the famous Senators who assisted Sir James Loughheed and his senatorial band in preventing the construction of the C.N.R. branch lines is said to be a C.P.R. railway director. And they also say he had not the decency to abstain from voting.

The presence of a third party in B.C. politics is justified, according to Jake, by the fact that there were three parties in the Garden of Eden. The third was effective if not constructive.

**Ten Years Ago  
 in Prince Rupert**  
 July 19, 1913.  
 "Barney" Mulvaney, the well-known old timer of the interior, and S. E. Lawyer, formerly of Alberta, are in town after a trip into the Naas River valley. Both speak very enthusiastically of the country and Mr. Lawyer says it is the finest he has ever seen. They went in by way of Goose Bay and Alice Arm.  
 Major Gibson's staunch and commodious yacht, Nancy Jane, left last night for a cruise among the Hecate Strait Islands. This morning word reached the city that the Nancy Jane was high and dry on a shoal off Digby Island. Making the trip with Major Gibson are W. G. Dennis, Mr. and Mrs. F. R. C. Brown, Miss Reitelhel and others.  
 Rev. W. H. Vance, principal of Latimer Hall, Vancouver, arrived here this morning on the Prince Rupert and will remain in the city a week, the guest of Bishop and Mrs. F. H. DuVernet.

**TENDERS.**  
 Tenders are requested for the removal of the former Provincial Government Court House, Third Avenue, to the Masonic Lot, corner of Sixth Avenue and Bower Street, Prince Rupert, B.C., and the placing of said Court House on a proper pile foundation. Details of tender and specifications may be seen at the office of Mr. H. V. G. LePine, c/o, Big Bay Lumber Co. Ltd., Cow Bay, Prince Rupert, B.C. Sealed tenders will be received at Mr. LePine's office until twelve o'clock noon on the 21st day of July, 1923. The right is reserved to reject any or all bids.

**NOTICE TO CONTRACTORS.**  
**ANYX GOVERNMENT BUILDINGS.**  
 Sealed Tenders, superseding "Tenders for Anyox Government Buildings," will be received by the Honourable the Minister of Public Works up to 12 o'clock noon of Tuesday, the 17th day of July, 1923. For the erection and completion of Government offices at Anyox, in the Athol Electoral District, B.C.  
 Plans, specification, Contract and Form of Tender may be seen on and after the 18th day of June, 1923, and further information obtained at the Department of Public Works, Parliament Buildings and at the following offices:—Government Agent, Court House, Vancouver, and Government Agent, Court House, Prince Rupert.  
 Copies of plans, specifications, etc., can be obtained from the Department on payment of a deposit of Ten Dollars (\$10.00), which will be refunded on their return in good condition.  
 The lowest or any tender not necessarily accepted.  
 P. PHILIP,  
 Public Works Engineer,  
 Department of Public Works.

The harbor master is collecting dues from all owners of launches making this their home port. Row boats are free, but any boat containing an engine has to pay.

Mr. and Mrs. J. Watson, Eighth Avenue East, returned yesterday afternoon by the Prince Rupert from a holiday trip to Victoria and other cities in the south.

Jack Knapp, office man for the Sunnyside cannery, has been appointed on the staff of the Victoria public school. He formerly was a teacher in the University School at Victoria.

Ed. Skoglund, jr., formerly of Alice Arm, returned yesterday on the Prince Rupert from the south. He is now fully recovered from injuries sustained last winter when he fell down a shaft in the Premier Mine.

The Finance Committee reported to the hospital board last night that a check of \$1799.75 covering share of liquor profits from the provincial government for the six months ending March 31 had been received.

R. T. Freeman, marine editor of the Victoria Times, was in the city yesterday afternoon en route to Anxox, making the round trip on the steamer. He was accompanied by Mrs. Freeman and their little girl.

Mr. and Mrs. F. Noel, who were recently married in Vancouver, were passengers going through on the Prince Rupert yesterday afternoon. Mr. Noel, who was formerly on the Pacific Mills staff at Ocean Falls, is moving to Anxox.

Accounts for the month of June totalling \$2399 were passed for payment at the hospital board meeting last night. D. C. McRae, chairman of the finance committee, reported that Secretary Birch was doing effective work in the matter of collecting outstanding current accounts.

The Marine department announces that a beacon has been erected on Mackie Rock, Massett Inlet. It is a concrete base surmounted by a staff carrying a white wooden slatwork ball. The top of the beacon is 19 feet above high water. At low water the rock extends about 50 feet all around the beacon.

All Canadian Shows exhibit tonight back of post office.

The regular monthly meeting of the police commission has been postponed until next Thursday.

Mrs. Charles Embleton arrived on the Prince Rupert yesterday afternoon from Nanaimo where she is now in business.

Ethel Coombs, charged with drunkenness, was fined \$50 by Magistrate McClymont in the police court this morning.

Douglas Stork and Fred Hale are leaving Vancouver today on the launch Sunbeam II and expect to arrive here about the middle of next week.

Irene Coleman appeared in the police court this morning on a charge of vagrancy and was remanded until Monday. If she is in town then, the prosecution will be proceeded with.

W. B. Morgan, foreman of the machine shop at the dry dock, was operated on for appendicitis at the General Hospital this morning. He is recovering nicely it was reported this afternoon.

F. S. Garrett of Vancouver has taken out a license from the city to operate a number of carnival concessions at the corner of Seventh Street and Third Avenue. The equipment is being put up today.

The steam schooner El Ciento is on the way up to the Coast to Buckley Bay for a cargo of lumber for California. The vessel discharged 10,000 barrels of fuel oil at Vancouver at the first of the week.

Among those officially representing British Columbia at the convention of sheriffs and police chiefs in Vancouver on July 26, will be Hon. A. M. Manson and Colonel McMullin. President Harding will be present.

E. A. Wakefield, United States consul, who has been on a trip to the Eastern States, is expected home early in August. Mr. Wakefield attended the International Rotary Club convention at St. Louis while in the east.

Bert Mantrop, steamboat inspector, is in the city. He arrived yesterday afternoon by the Princess Louise after having spent the past month in Northern B.C. and the Yukon country on official business.

The regular monthly meeting of the hospital board was held last night in the city council chamber. In the absence of President Stewart, the chair was taken by D. C. McRae, vice-president. Other directors present were E. H. Mortimer, Mrs. S. Dorton, S. K. Campbell, Ald. Mackenzie, T. Ross Mackay and Harry Birch, secretary.

Dr. F. P. Kenny, graduate of the University of Toronto, the Royal College of Dental Surgeons of Ontario and the College of Dental Surgeons of British Columbia, wishes to announce that he is practicing dentistry in his modern dental office in the Helgerson Block. Dr. Kenny is here permanently and is not connected with any other dentist in the practice of dentistry. 174

A tour party numbering ten, under the auspices of the Peck-Judah Tour Co. of San Francisco, arrived from the East on last night's train and proceeded to Anxox on the steamer Prince Rupert. They will be back tonight enroute to San Francisco. The party started out from Frisco by a southern railway and visited Eastern Canada and the United States, spending several days at Jasper Park before arriving here. Dr. C. H. Gleeson of San Francisco heads the party.

Dr. T. H. McPhee of Nanaimo reached the city on last night's train and will go south tonight. Dr. McPhee is returning home from St. Louis where he attended the International convention of the Rotary Club. He is president of the Nanaimo Club. Dr. McPhee is a pioneer of Prince Rupert having been attached to the staff of the Grand Trunk Pacific Railway as company surgeon from 1908 to 1911 working with Dr. Ewing. He has not been here since 1911 and notices a great improvement in the city since that time.

### GETTING READY FOR BIG CROP

Cars Being Ordered and Locomotives Larger Than Ever to be in Service

WINNIPEG, July 19.—Though six weeks will elapse before harvest, bank and railway managers, elevator companies and millmen are preparing to handle an unusual production of grain this season.

All are co-operating in view of the general report that the yield promises to approximate 500,000,000 bushels.

That officers of United Grain Growers are not alarmed over the hazard presented is quoted on the Grain Exchange as evidence that the money required will be arranged by the banks, that transportation companies are rapidly getting their equipment in condition to give adequate service in record time and that the elevators, both interior and terminal, will be ample even with 150,000,000 larger yield of wheat than the west was ever called upon to market.

Between 75,000 and 100,000 box cars with locomotives will be distributed at strategic points over the prairie provinces by the two railroads. The National is putting into service 2,500 new box cars designed especially for this traffic, and two or three car companies are now figuring on a National order for 2,000 additional cars.

#### Social Locomotives

General Manager Charles Murphy of the Canadian Pacific railway recently announced that his company was constructing at Montreal a number of special locomotives of greater capacity than anything ever seen in the west, especially for handling the fall rush. The first of these huge engines will be placed in service July 15. Both companies have had all their shop men working full time for several months getting the rolling stock ready for the grain rush. Each is in better condition than at any time in history for putting adequate cars and engines in service. Railroad circles admit that unusual precautions must be taken in view of the probable excessive quantity of grain to be handled.

#### SMITHERS

A large and representative crowd attended the meeting in the town hall on Tuesday to hear General D. A. McRae, B. G. Stewart and others, set forth the aims and aspirations of the new Provincial Party of B.C.

The annual picnic in aid of the Bulkley Valley district hospital is scheduled to take place at Lake Kathleen on August 5.

Weather permitting, a big turn-out of picnickers is anticipated, as the various committees are putting forth every effort to make this the event of the season.

The sports card is replete in all branches, while to encourage aquatic feats the Hospital Association will present to the winner of the most events a handsome silver cup, which is now on display at the Gray Jewellery Company.

A large motor boat will be on hand for lake trips, while those who seek the common-places can gratify their more daring desire

### BRINGING UP FATHER

By George McManus

by flights in the plane "Hazelton."

J. Downie, contractor and builder, was the successful tenderer for the erection of a new one-room school here. His contract price is \$2,445.

Mr. and Mrs. J. G. Stephens and family have left for Vancouver and other coast cities, where their vacation will be spent.

O. J. Wheatley made a business trip to Winnipeg, leaving Friday.

R. McCulloch, Detroit, is visiting at the home of his daughter, Mrs. J. Smith.

Geo. Orchard, painter and decorator, is lavishing some of his art on the residence of G. Corruthers.

"Bob" Baalies house is undergoing alterations at the hands of Contractor E. Hann. The new full length verandah is of prepossessing appearance.

#### FIND PRECIOUS STONES

MELBOURNE, July 19.—A remarkable find of precious stones has been reported near Wyangala, about 25 miles from Cowra, New South Wales, and not far from the once-famous Mount McDonald gold and copper mines. The stones, which comprise diamonds, rubies, sapphires and tourquoise, have been submitted to experts who declare them genuine.

The diamonds were found in blue pug clay similar to the pug clay in which South African diamonds are embedded. The sap-

phires are of a brilliant hue, and the rubies a deep red.

#### BOAT ARRIVALS

The C.N.R. steamer Prince Rupert, Capt. D. Donald, arriving yesterday at 3 o'clock from Vancouver and way ports, had the following passengers:

For Prince Rupert — Miss Johnston, D. Golquhoun, A. A. Cox, Mr. and Mrs. T. R. Freeman and daughter, Mr. Zarelli, H. S. Hase, J. B. M. Barnum, Miss Blum, Miss Griffith, Mrs. Bourgeois, P. W. Paynter, N. M. McDonald, Mr. and Mrs. Fitzpatrick, A. M. Bateman, R. V. Watkins, Mrs. M. McIntyre, H. S. Wallace, B. Gallagher, Miss Tieple, Mrs. Patterson, G. James, Mrs. J. M. Edwards, Mrs. Easson, Miss Thiesfen, Miss Mackenzie, Mrs. Charles Embleton, Mr. and Mrs. A. Leavens, J. P. Elford, Mr. and Mrs. B. Rakestrain, Ed. Skoglund, Jr., Mr. and Mrs. J. Watson, Dr. Bateman (for Smithers), Eddie Smith, S. Mizulin, Al Hagar and Mr. Randall.

For Anyox—Mr. and Mrs. Fitch and party, R. A. Harris, P. W. Clarke, Mr. Bestham, C. Potts, J. Stephens, Rev. J. R. Buck, A. Clarke, Mr. and Mrs. B. L. Cooper, Mr. and Mrs. F. Noel, Miss N. Lucky, J. Dougan, R. Forsythe and R. W. Cornish.

### Sport Chat

Spithers has invited a local all-star baseball team to go there to play on August 5, and the local Baseball Association now has the matter in hand. While it has not yet definitely decided to accept the offer, it is thought likely that arrangements

will be made to have the locals make the trip. If so, it will be the first journey this season for the local boys. A team from Smithers is expected here from the Fair in September. Anyox and Ocean Falls may also come.

A dozen Hazelton tennis players journeyed last week to Smithers to engage in a tournament with the railway town net stars. Smithers won the tourney by two sets. The outstanding feature of the day's play was the ladies' doubles between Miss Margaret Wattie and Miss M. Horbury, for Hazelton and Miss Doodson and Mrs. P. Chapman for Smithers which ran to a score of 12 to 10 in favor of the Smithers players. The Hazelton players included Misses M. Horbury, M. Wattie, S. A. Watkins, Ralphen Weinich and Messrs. James Turnbull, J. D. Galloway, W. Wattie, H. H. Little, E. A. Goddard, L. B. Winch, Rev. V. G. Sansum and Dr. Petrie. The Smithers' players were Mrs. P. Chapman, Miss Doodson, Mr. and Mrs. N. Kilpatrick, George Heffernan, R. L. Gale, J. G. Stephens and S. Arnold.

### SONS OF CANADA WINNERS AGAIN

Canucks Piled up Many Runs Over Gil's Last Night and Score Was 17 to 4

The Sons of Canada easily defeated Gil's by a score of 17 to 4 in last night's Senior, Baseball League fixture.

J. Morrison, Gil's new pitcher, started in the box but was relieved by Howard Frizzell after the fifth. The Sons made a lot of in-field hits off Morrison and, as a result of errors in a transformed Gil's line-up, gathered in a flock of runs. Three times the bases were full for the Sons and Astoria, on each occasion coming up to bat, knocked out grounders scoring a total of nine men. In the fifth, Walls knocked out a fly to left field which Frizzell lost when he stumbled. The batter made the circuit with three men in front of him. Sidney Bazzett-Jones made a three-bagger for Gil's in the seventh but there was nobody on bases. Lidstone was on the mound for the Sons throughout and gave good service keeping the tobaccoists down to scattered hits.

The teams lined up as follows: Gil's—W. Mitchell, 2b; T. Clark, 3b; S. Bazzett-Jones, 1b; A. A. Easson, c; G. Mitchell, ss; J. W. Hamilton, c; W. Lambie, rf; J. Morrison, p; H. Frizzell, lf. Sons of Canada—J. Farquhar, ss; Harry Astoria, c; R. Gilmour, 3b; O. P. Smith, cf; G. Walls, 1b; Alex Roy, 2b; Eddie Clapp, lf; J. Sims, rf; D. Lidstone, p.

The game was umpired by "Geo" Tiernan, a star player of the University of B.C. football team who was in the city with a forest cruising party. Purdy, also of Vancouver, officiated on the base lines.

The attendance was fair. Score by innings: 1 2 3 4 5 6 7 8 9  
Gil's . . . . . 0 0 1 0 1 1 — 4  
S. O. C. . . . . 3 3 1 3 5 2 0 — 17

## COPPER SALES ARE IMPROVING

Producers Holding Firm for 15c. Whereas Last Week Prices Were Low as 14 1/2c.

NEW YORK, July 19.—Foreign and domestic inquiry shows marked improvement in the copper market and indications are that weak second-hand and smelter offerings will soon be absorbed and out of the way.

Producers are holding firm at 15 cents, delivered. Second-hand and custom smelters are unwilling to sell under 14 1/2 cents, and indications are that prices will be advanced in the next twenty-four hours. Last week sales were made as low as 14 1/2 cents delivered, so that price has opened from 1-8 to 1/4 cent a pound above last week's low prices of 14 1/4 to 14 1/2 cents. Foreign feeling is distinctly better and with domestic inquiry increasing it would not be surprising to see quick recovery to 15 cents. Much depends upon development in the European situation.

Should favorable action grow out of the present developments in Europe, lowness of metal stocks in the hands of fabricators, both here and abroad, and small amount of finished copper and brass goods on shelves of jobbers and in hands of the trade generally would tend to result in rapid recovery in price to above 15 cents. Indications are that fair buying can be expected this week, with disappearance toward the end of the week of most of the under-price copper.

Price of electrolytic copper for domestic shipment is 14 1/2 to 15 cents a pound delivered to end of September, with producers holding at 15 cents firmly and second-hand and custom smelters less willing sellers than last week even at advanced price. Price of Lake copper is 15 cents a pound delivered to the end of September, with little available under that price. Price aside ship New York is 14 1/2 cents, New York. Prices asked by independent producers for shipments to Europe are at levels corresponding with 14 1/2 cents c.i.f. Hamburg or London, with Copper Export Association out of the market.

## CROP PROSPECT IS UNIMPAIRED SAYS FIRM OF BROKERS

Will Not be Surprising if Yield Goes Over Half Billion Bushels

Outside some minor damage by hail and excessive moisture crop prospect for wheat in western Canada remains unimpaired says Burdick, Logan & Co. of Vancouver in their weekly report. Acreage is estimated at 20,900,000 acres and yield may easily average 25 bushels to the acre. The present outlook compares with that of 1882 and 1887, and is really much better than in 1916 when the great crop was raised. Prominent grain men say it will not be surprising if more than 500,000,000 bushels of wheat are harvested. Clean up of last year's harvest approximates 370,000,000 bushels. Oats crop promises to be by far the largest on record.

## HAMBURG EMIGRATION TREBLES

HAMBURG, July 19.—German emigration from this port during May was more than threefold that of May last year. The emigrants numbered 6,391 including 4,811 Germans. In May, 1922 there were 2,864, of whom 1,516 were Germans.

## Her Baby Suffered with SUMMER COMPLAINT

A fact mothers must face is that summer complaint with the prostration, often verging on collapse, which sometimes accompanies this disease, makes it one of the most serious and dangerous to contend with during the hot months.

Thousands of infants die annually whose lives could have no doubt been saved by the timely use of Dr. Fowler's Extract of Wild Strawberry, and it has been the experience of thousands of mothers during the past 78 years this valuable preparation has been on the market, that it is the safest and most effective remedy for use in all cases of looseness of the bowels.

Mrs. S. Lafontaine, Great Desert, Ont., writes: "My baby, when a year old, was suffering with summer complaint. Two doctors attended him, but nothing would stop the vomiting and diarrhoea. A friend told me to try Dr. Fowler's Extract of Wild Strawberry and after the second dose the baby was better and I can say it saved my baby's life."

"I wouldn't be without a bottle of 'Dr. Fowler's' in the house for untold gold." Price per a bottle, put up only by The T. Milburn Co., Limited, Toronto, Ont.

## HOSPITAL COMMITTEE MEETS ARCHITECT ON NURSES' HOME PLANS

A committee consisting of S. K. Campbell (chairman), T. Ross Mackay and D. G. McRae was delegated at last night's meeting of the hospital board to meet A. A. Cox, architect, in regard to plans and specifications for the new Nurses' Home. Mr. Cox arrived from Vancouver yesterday and is about to call for tenders for the erection of the building. The committee met with him today on the matter.

Another question that the committee is taking up with Mr. Cox is that of tendering for the heating pipes and other equipment in the old court house with a view to using it in the Nurses' Home. The Masons, who have acquired the old building, are proposing to sell this material and bids are to be in by Saturday of this week.

## ELECTRIC WIRING AT HOSPITAL IS NEEDING REPAIRS

Ernest Love, superintendent of city utilities, reported to the hospital board last night that expenditure of \$360 would be necessary to put electric wiring in the hospital in proper shape. The matter was referred to the house committee for report.

Reporting that the present wiring of the hospital was overloaded, Mr. Love recommended that 100 ampere switches be installed to replace the present 30 ampere switches. He also recommended that all wiring be in conduit that electric fire alarms be installed instead of the present hand bells and that better exit lighting be provided.

## REPAIRS AT PACIFIC PLACE HAVE STARTED

City is Doing Work and Railway Company is Paying For it—Crushed Rock and Macadam

The much needed repairs to Pacific Place leading from First Avenue and Second Street to the G.T.P. wharf approach have at last been started. The city is doing the work and the railway company will pay for it. After a foundation of crushed rock has been laid, the street will be resurfaced with waterbound macadam.

H. S. Wallace arrived from Vancouver on the Prince Rupert yesterday afternoon. He is here in connection with his business interests in the city.

## FISHERIES MEN VISITING CITY

A. L. Hager is Here With Directors of New England Fish Co.—on Tour of Coast

A. L. Hager of Vancouver, western manager of the New England Fish Co. and president of the Canadian Fishing Co. and the Atlin Fisheries Ltd., arrived in the city on the Prince Rupert yesterday afternoon. He is accompanied by E. P. Randlett and Dana F. Ward, directors of the New England Fish Co. from Boston. A. Z. De Long, prominent Vancouver insurance man, and E. H. Grubbe, manager of the Cordova Street East branch of the Bank of Montreal, Vancouver, are also members of the party.

The trip of the party is in the nature of a combined business and pleasure tour. Mr. Hager taking the opportunity of paying his first visit to the new plants of the Canadian Fishing Co. along the coast and at the same time personally conducting the Eastern directors on a trip of inspection to their interests. On the way up the coast they have visited the Shushartie Bay, Margaret Bay and Butedale plants, having boarded the steamer Prince Rupert off the last-mentioned point yesterday morning. Today they are inspecting the local situation and the Atlin Fisheries plant and tomorrow they will embark for Ketchikan where the New England Fish Co. has a halibut cold storage plant. From Ketchikan they will return south to Vancouver. The party enjoyed some splendid trout fishing in the lake at Butedale.

## GIVES ADDRESS TO LOCAL MOOSE LODGE

Sigurd Wallstedt Tells of Work Being Done at Mooseheart

Sigurd Wallstedt of Alaska, gave an interesting address to the local Moose Lodge at Metropolitan Hall last night.

Mr. Wallstedt has recently returned from a visit to Mooseheart, Ill., and was full of enthusiasm for the great work being conducted there and at Moosehaven for the conservation of childhood and the care of the aged. Some 1200 children are being reared and educated at Mooseheart under the banner of the Loyal Order of Moose. He made the striking comparison that while a quarter million babies were dying yearly in the States for lack of nourishment and proper maternity conditions and 1,500,000 children were annually sacrificed on the altar of child labor, at Mooseheart the death rate is less than 1-5 per cent.

"Education is often looked upon as a means to escape labor," he said, "but instruction at this great institution is based upon the idea that education furnishes the tools for achievement."

Mr. Wallstedt will remain in the city a few days before returning north.

## DEEPENING WATER AT LUMBER WHARF

Railway Company Putting Dredge at Work to Clear Out Ledges of Rock

To give more depth for boats of the larger type loading at this port, the Canadian National Railways are about to start dredging operations at the lumber assembly wharf. Difficulty was experienced in loading the steamer Canadian Transporter when she was here for lumber last month because of the fact that there is a ledge of rock running out from

# Blind Man's Buff

**EVEN** in this age of enlightenment some folks spend their money blindly. They buy with their eyes shut. They grope in the dark as truly as if their eyes were bandaged.

And all the time a powerful light is being thrown on the very things they need and want!

*Advertising is a beacon to guide you in buying. It shows you what to buy--- where to buy--- and when to buy. At the same time, it protects you against fraud and inferiority.*

*Merchants and manufacturers who advertise deliberately focus thousands of eyes upon their wares. Their values must be honest and their prices right, or they could not advertise successfully.*

Don't play blind man's buff with the elusive dollar. Spend a few minutes each day running through the advertisements in this paper. Then buy the products that have proved up in the light of advertising.

## STORMS ROUT SPECTATORS

Visitor Tells of Experiences at Denver and New Orleans When Touring

### CLIMATE SEEN IN SOUTH

Comparing the climate of this coast with that at points he had visited, Dr. T. J. McPhee, president of the Nanaimo Rotary Club, told the local club today of two instances that had come to his notice. He was in Denver, Colorado, about to go out in a touring sight seeing car with a roof on it, when he noticed a small cloud in the sky. Being used to clouds, it did not worry him, but he found that it worried everyone else. He was hustled into the vehicle and was driven at a terrific pace into a building for shelter. Hardly were they under cover when the storm broke in its fury and looking up the street there was not a soul in sight.

For half an hour hail stones as big as plums fell and when it had passed the trees were stripped of leaves, grass was beaten down and everything was ruined.

### Baseball Difficulty

Proceeding to the Rotary convention at St. Louis he went to watch a baseball game, one of the big league matches. There were 22,000 people present, half of whom were on uncovered seats. Again he noticed a little cloud in the sky and very soon the people began to break away and finally the players left the ground and the knothole brigade rushed out with an immense canvas and covered the whole diamond. The storm burst with only himself remaining alone in the grandstand and before it was over he was standing in several inches of water.

## VANCOUVER ROTARY CLUB IS ACTIVE SAYS MEMBER HERE TODAY

Archie DeLong of That Institution Was Visitor to Local Club Today

Archie DeLong, one of the visitors at the Rotary luncheon today, told some of the activities of the Vancouver Rotary Club. He said they had established a summer camp as an auxiliary to the Rotary clinic that had been established a few years ago. Children recommended by the doctors and nurses at that institution were given a holiday of two weeks or more at this camp, 36 at a time, and all the expenses of establishment of the camp and upkeep was borne by the club.

The club was also helping to raise funds for the Children's Aid home for delinquent children of whom there were at present 170 in the institution. It also established a civic research department by which it provided a man to sit in at all sessions of civic bodies and kept the members posted on the activities of those bodies.

## LABOR BUREAU HAS MORE JOBS THAN MEN

Situation is Good—30 Jobs Offered Today and Ten Men Registered for Work

There is a great demand for men locally especially loggers and millmen and in fact there have not been enough men to fill jobs offering during the past fortnight, the Provincial Labor Bureau reports. Recently men have been shipped from here to logging camps at Surf Inlet, Thurston Harbor, Buckley Bay and Alice Arm. On Sunday night 20 men were sent to Anyox by the dredging contractors who are finishing the dam. Seasonal industries such as the canneries are absorbing a good number of men and many men are wanted for section work on the railway. Several men have also been sent to Carnaby to work on the S. S. Magoffin Co.'s culvert and bridge contracts for the railway.

Thirty jobs are offering at the Labor Bureau today and ten men seeking jobs are registered. The most of these are believed to be working, however.

### A TREAT FOR BOTH

A prominent playwright was in Atlantic City, supervising one of his plays. One night he saw an old scrub woman bent over her work.

Thinking to give her a treat, the playwright stopped and asked her: "Would you like to go to a theatre tomorrow night?"

The woman looked up, studied his face earnestly, then said: "I can't go tomorrow night. Can't you get some other night off?"

### EXTRA LADYLIKE

The Actor—Have you special terms for actors, madam? The Landlady—Yes, I have; but I hope I'm too much of a lady to use them.—Sydney Bulletin.

## HOW CALIFORNIA GETS ITS LIQUOR

Big Motorship Malahat Suspected of Lightering on to Swarm of Small Boats

SAN FRANCISCO, July 19.—A big vessel, believed to be the motorship Malahat, is anchored off the three mile limit and is supposed to have supplied liquor to a swarm of smaller boats. Federal authorities announce that the vessel left Vancouver recently for Mexico. While the supposed liquor was being transferred, the small boats formed a virtually continuous line between the ship and the shore night and day.

### FISH ARRIVALS

Six halibut boats marketed catches totalling 79,500 pounds at the Fish Exchange this morning. Four American boats had 57,000 pounds and two Canadians, 22,500 pounds.

#### American

Uranus, 21,000 pounds, at 15c and 10c, to the Pacific Fisheries.

Unimak, 8,000 pounds, at 15c and 10c; Teddy J., 13,000 pounds, at 15c and 10c, and Star, 12,000 pounds, at 14.9c and 10c, to the Booth Fisheries Canadian Co.

#### Canadian

Kaizen, 17,500 pounds, at 13.3c and 10c, to the Atlin Fisheries. White Lilly, 5,000 pounds at 13.3c and 10c, to the Canadian Fish & Cold Storage Co.

Notable Cast includes James Kirkwood and Stuart Holmes.

CENTURY COMEDY — "FARM FOLLIES," FEATURING JACK COOPER AND THE CENTURY BEAUTIES. Admission 35c and 10c.

A shoe to fit the foot not the foot to fit the shoe

FOR how many years have people spoken of "breaking in" a pair of shoes, i.e. suffering tortures till the foot had, in time, shaped the shoes to fit the foot? But now Arch Defenders have banished all that and your foot glides into the shaped-to-nature insole of the shoe like a glove to the hand. Note also how different and shapely is the last upon which Arch Defenders are built compared with the old style.

In addition to the concealed Spring Steel Support and the special foot-form insole, the lasts upon which Arch Defenders are built, with their cupped heel and foot-contour sole, are so different from the flat shapeliness of ordinary shoes.

Stylish—Scientific—Sensible For Men and Women
