SEAL COVE MILL AND LIMITS ARE BONDED

RANBY CO. RENEWS BOND ON ECSTALL RIVER IRON PYRITES PROPERTY

Deal is Now Under Way Whereby Seal Cove Sawmill May Operate Again and Pulp Plant Commence

(Special to Daily News).

VICTORIA, May 23.—Word has been received from Vancouver that the Emerson mill and timber limits at Prince Rupert have been bonded and that a substantial sum has been paid down.

Several tentative sales were made before but there was never any cash paid previously.

It may be the end of July before it is known for a certainty whether the deal will go through. It is not likely the mill will be operated this year but, if the sale is consummated, next spring will likely see the commencement of the pulp mill project as well as the operation of the sawmill.

Brown's River power is proposed to be used in connection with the scheme.

GRANBY TAKES OVER ALLENBY

Big Deal Consummated Yesterday In New York Will Greatly Increase Copper Production

(Associated Press)

NEW YORK, May 23.—The Granby Consolidated Mining, Smelting and Power Co., yesterday took over control and 90 per cent ownership of the Allenby Copper Co.

D. G. Jackland, W. H. Glover and H. G. Moulton, of the Allenby Co., were elected directors. Col. J. T. Crabb was president.

Allenby Co. it was announced, has \$800,000 cash in its treasury and the properties are to be put in operation at once using approximately twenty million pounds of copper a year to the Granby's present 36,000,000 pound output.

ROUBLE IN NEAR EAST

Threatened With Landing Turk Troops on Isthmus of Bulair

DON, May 23.—Threats of trouble in the Near East are attracting attention here. The opening of the Maritsa bridge at Adrianople is merely an incident, it coincides with the arrival of troops by the Turks, a violation of the Mudanjanation, which has taken place or near the Isthmus of Gallipoli, which joins Gallipoli peninsula to the mainland. This is done with great seriousness or it aims at cutting off all communications between the Allied garrisons at the Dardanelles and Constantinople.

HORNE DECLINES CHANCELLORSHIP

Will Not Enter New Cabinet, Premier Baldwin Announced Tonight

LONDON, May 23.—Sir Robert Horne, chancellor of the exchequer in the late Lloyd George cabinet, declined the chancellorship in the new cabinet, Premier Baldwin announced tonight.

Five People Killed and \$200,000 Damage Done in California

MEXICO, Mexico, May 23.—Bodies have been recovered of five people missing, Chinese, following a fire which began with the explosion of a moving picture film. The conflagration spread to the business district and did \$200,000 damage to property, leaving 1,000 people homeless.

GOOD CONDITION LUMBER MARKET ASSISTS NORTH

H. R. McMillan Says Local Mills Should Be Able to Ship to Orient Steadily

If the present demand for lumber continues with prices such as now prevail there is no reason why the northern British Columbia sawmills should not be able to cut sufficient lumber for Oriental export to bring a trans-Pacific freighter here at least every six weeks to load. This is the opinion of H. R. McMillan, the Vancouver lumber exporter, who arrived in the city from Georgetown last night and who has been spending some days in the north purchasing lumber for export to Japan.

At the present time a number of the mills adjacent to the Canadian National Railway are cutting lumber for Mr. McMillan including the Royal Mills at Hazelton, the Lakeview Lumber Co. and Geo. Little's mill at Terrace, and the Georgetown mill at Georgetown. The lumber ordered from the interior mills is all hemlock while that ordered from Georgetown includes hemlock, spruce and cedar. The interior mills have some 150,000 feet of lumber on order, which they are cutting between them, while the Georgetown mill is cutting 300,000 feet. It is anticipated that the first shipment from Prince Rupert will be made within thirty days.

Lumber Prices Good

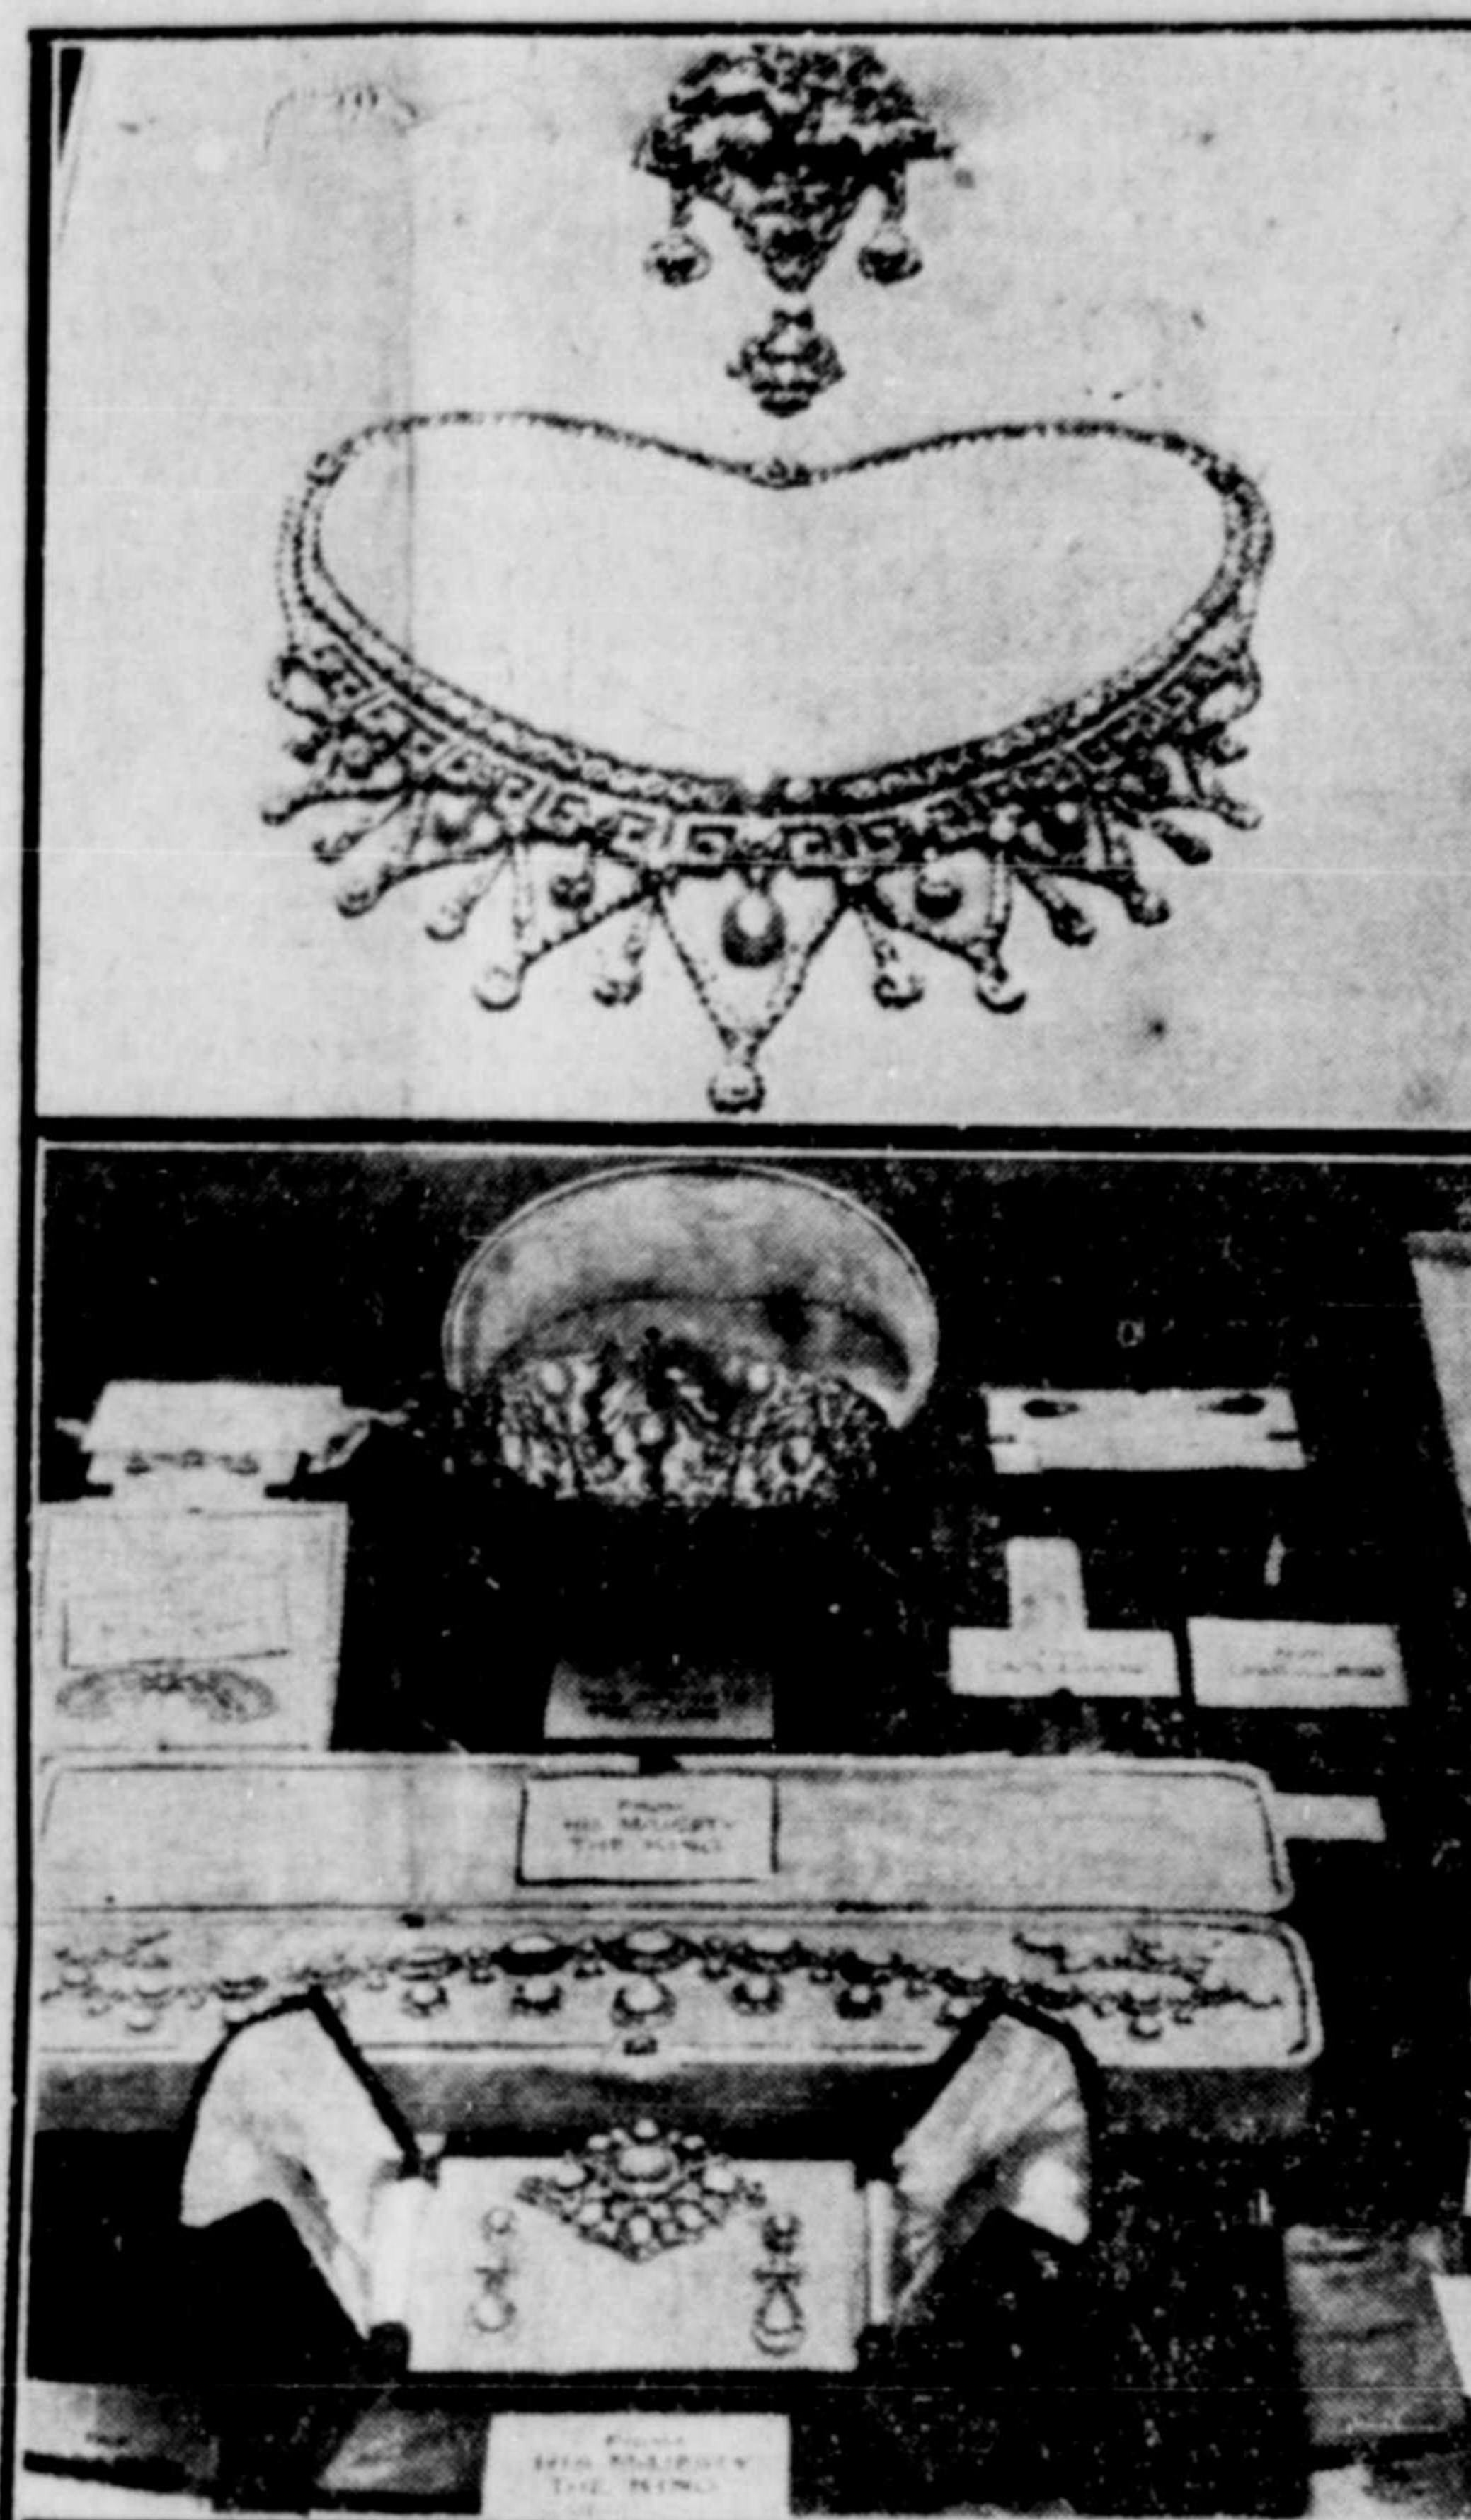

In speaking of the lumber outlook Mr. McMillan said that prices today enabled the northern mills to compete for Oriental trade. The demand in the United States and Japan for lumber was extremely brisk and while it lasted he was prepared to take all the lumber the northern mills could cut.

Mr. McMillan thought that the price of lumber would not advance over the prices prevailing at present and that there would undoubtedly be a tendency for them to decline slightly. There was no market in China for hemlock and the export business to that country was not of the best today. If the demand in America fell off and lumber prices went down, Mr. McMillan was of the opinion that the northern mills could not compete with the mills in the south on account of production costs being higher. With conditions in the lumber business today continuing however, he did not see any reason why the northern mills should not cut from half to three quarters of a million feet monthly which would mean an export shipment to lumber every six weeks.

Inspector Coming

A lumber inspector will be sent north from the Pacific Lumber Inspection Bureau, to inspect all the lumber cut by the various mills for export, as soon as a sufficient quantity is ready to warrant his visit. The orders are for McMillan squares for posts and Japanese

PRINCE ALBERT'S WEDDING.

Some of the wedding presents, including (at the top), the duke's gift to his bride—a pearl sash, composed of several hundred pearls of medium size, with half a dozen diamonds set in at intervals.

Nearby Mine is Again Taken up with View to Further Developing it

(Special to Daily News)

VICTORIA, May 23.—Information has been received here that the Granby Consolidated Mining, Smelting & Power Co. has taken another bond for \$250,000 on the British Columbia Pyrites Co.'s property on Red Gulch Creek, thirty miles up the Ecstall River which flows into the Skeena River from the south near its mouth. The Brassey Co. formerly had the property under bond for \$200,000 but dropped it in 1920 after having spent \$10,000 in drilling and tunnelling which, it is understood, brought satisfactory results.

There is an immense deposit of iron pyrites ore on the property carrying \$1.75 in copper, nearly \$1 in gold and silver, and from forty to fifty per cent sulphur.

It was learned yesterday by the Daily News, through communicating with H. S. Munro, general manager of the Granby Co. at Anyox, that the work of the company on the property this year will consist entirely in metallurgical work on the ores to determine their commercial availability. If the company is successful in finding a profitable method of treatment, development work will follow next year.

Questioned as to the report that the Granby Co. had bonded a property near Terrace, Mr. Munro said that such had not been done.

BRITISH MEMBER DIES

LONDON, May 23.—Herbert Sparker, Conservative member of the House of Commons for Devonshire, died on Monday.

Rioting in Progress at Dortmund Today; Communist Agitators are Trying to Effect General Strike

DUSSELDORF, May 23.—Rioting is in progress today in the Dortmund district. Several miners have been killed and others have been wounded in conflicts with the police according to reports received at French headquarters.

Thirty thousand striking miners held a demonstration in the square at Dortmund and the police, in endeavoring to disperse the gathering, fired into the crowd killing several and wounding many others. The angered crowd attacked the police and many were wounded.

Similar demonstrations occurred at Scharnhorst mine nearby where several workmen were killed and others wounded by the police.

The miners' strike was brought about by communist agitators with demands for higher wages and they are now reported to be attempting to bring about a general strike throughout the Dortmund area affecting 200,000 workers.

MEIGHEN SPOKE BUDGET DEBATE

Leader of Opposition Criticizes Minister of Finance Fielding

Ottawa, May 23.—The budget debate swung into the final lap last night when Rt. Hon. Arthur Meighen, leader of the opposition, delivered his speech. Premier King is slated for a reply some time today.

Rt. Hon. Arthur Meighen, leader of the Opposition, in the budget debate, accused the government of having relieved taxes on luxuries and added taxation on necessities in violation of the pledges made to the electorate. All allegiance to the commitments made at the Liberal convention in 1919 had been flouted, Mr. Meighen said. Mr. Fielding had said that he was not bound by the commitments made then for he had not voted for them at the convention. Such a statement, Mr. Meighen said, was not credit to the politics of Canada nor to Mr. Fielding's own record in public life. Mr. Meighen declared that the minister of finance was necessarily a party to the Liberal resolution at that time.

Rt. Hon. A. K. McLean, Halifax, who followed, said that Mr. Meighen's criticism was unfair. Any party must be governed by existing conditions. He suggested that the Canadian Government Merchant Marine be discontinued. Thus, he claimed, the government would save nine million dollars annually.

J. E. Ormiston, the fur buyer, left on the eastbound train last night for Terrace.

PROGRESS OF METHODISTS

Receipts and Membership During 1922-23 Increased Materially

GAMBLING AND LIQUOR RESTRICTIONS URGED

NEW WESTMINSTER, May 23.—More than \$500,000 was raised by the British Columbia Methodists during the past year for all purposes according to the report of the statistical committee presented at the annual conference here. The amount was \$502,520, an increase of \$17,515 over the previous year. The total amount raised for missions was \$52,759.

The church membership increased during the year by 608 to 17,427.

The conference adopted a report from the evangelistic and social service committee urging stronger enforcement of the Lord's Day Act, greater restrictions in the conduct of race tracks to eliminate gambling and action to bring about total prohibition of the sale of liquor.

GREEK FLEET IS ON CRUISE

Presence Near Dardanelles Makes Turks Anxious and They Protest

CONSTANTINOPLE, May 23.—The Greek fleet is cruising about the entrance to the Dardanelles and the Turk government has formally called the attention of the British to the incident, lodging a protest against the presence of the Greek vessels. The actions of the Greeks are causing much anxiety in Constantinople.

DAILY EDITION

Wednesday, May 23, 1923.

**Great Britain's
New Premier.**

Rt. Hon. Stanley Baldwin, the new premier of Great Britain, is practically a new star in the sky of British politics. Very few people in this country seem to know much about him and his rise has been so sudden that his name is not generally recorded in the handbooks on British political affairs available in Canada. This being the case it is difficult to comment on his appointment. However, the fact of his being chosen to such a post of importance in world affairs indicates that he must be a man of great ability and foresight. For various reasons, he has been chosen leader of the government over the galaxy of more or less great men that the Conservative party has in its ranks. Selected as he is by his party, he must be one of the strongest leaders in British political affairs of the day.

**Interior Mining
Means Business.**

The fact that the mining industry of the interior is making such strides should be a matter of general satisfaction to the people of the entire district. The Dome Mountain property near Telkwa and the Duthie mine near Smithers give promise of being large producers at an early date. From a standpoint of development, perhaps more work is being done at those two mines than on any others in the north. The Premier, Surf Inlet and Grizzly mines are proven and are not in the same status as the two in the interior since they are established shippers.

Two large producing mines in the interior will be of great benefit to general business in the towns to which they are adjacent and will tend to the benefit of Prince Rupert perhaps to a greater degree than the mines on the coast. Already material and equipment has been passing through here for the Duthie and Dome Mountain mines and local merchants have done some business with them. When they get to be steady producers, Prince Rupert will likely see the output rolling through the port in a steady stream thus providing further business for the railway company and the steamships operating out of here.

**Fresh Fish Shipping
Through Prince Rupert.**

The shipment of halibut and salmon arriving here yesterday by motor-ship from Ketchikan for transhipment East over the Canadian National Railway was said to have been the first consignment of fresh fish from an American port through Prince Rupert on its way to the final market. The experiment will be watched with interest by those in the fish business. It is really an inauguration of a Ketchikan-Prince Rupert fast delivery ferry service. There are several objections against this method of shipping fresh fish as against the straight unloading of American halibut boats here. The principal ones are the loss of a day in getting the fish to its ultimate market of consumption and the fact that weather conditions will not ensure the constant carrying on of the service. If such a service were successful, it might eventually mean the discontinuation of American halibut boats calling here with their catches provided always that they could get as much for their fish at Ketchikan as at Prince Rupert. This would mean loss of business to Prince Rupert in the matter of outfitting these boats which already, it is said, has been falling off even with the boats marketing their fish here. With the hindrances to the ferry service as mentioned, it would seem that the most satisfactory way will be for the boats to continue unloading here in the future as they have done in the past.

There have been a good many international complications of late in connection with the fresh fish business but they will probably be cleared up in the early future. The battle of tariffs should come to an end soon whether it be for better or for worse as far as Prince Rupert is concerned. Until such a time, prognostications as to the future of business will always be somewhat uncertain. The air on a good many points is still to be cleared.

**"I Had Terrible Backache
From Kidney Disease"**

Mrs. M. A. McNeill, Canaan Sta., N.B., writes:

"I was troubled for years with terrible backache, resulting from kidney disease. At times in each month I remained in bed, the pain was more than I could stand, and to walk was almost impossible. I used about \$50.00 worth of other medicines, but with little results. Now I am completely better, after using only five boxes of Dr. Chase's Kidney-Liver Pills."

Dr. Chase's Kidney-Liver Pills

One pill a dose, 25cts. a box. All dealers, or Edmanson, Bates & Co., Ltd., Toronto.

**BURNS LAKE AND
LAKES DISTRICT**

Lawyer Fred Fraser made a trip to the experimental station conducted by his father, Fred Fraser, Government Agent at Fort Fraser and returned with a thousand Magoona strawberry plants which he has planted on his lots in Burns Lake townsite near the creek. He intends to get several thousand more and show the local residents what he can accomplish in the growing of first class berries at this point.

W. J. MacAlpin, Indian Agent of Fort Fraser, is visiting in Burns Lake district on official business.

A most enjoyable party was held at the home of Tom Allan, of Colleymount, on Saturday night. All the settlers in the immediate district and a number from Tatlayo were present. Tom has erected a fine, new cabin. At the conclusion of the party the company gathered in a circle and expressed their appreciation of Tom by singing "He's a jolly good fellow."

H. D. MacNeil took his motor boat out on Sunday and went down the lake as far as Endako river. He was accompanied by Andy Brown and the fishing is reported excellent.

Great interest was taken in a plowing match held at Colleymount last week at D. H. Parker's ranch when W. Daggard captured the prize. Mr. Daggard fell only two points behind a possible hundred. These he lost on the finish. He is champion of Central B.C.

Charles Hunter, of Colleymount, has purchased a fine team of horses from Fay S. Short of Burns Lake. Charlie is a go-ahead rancher and believes in the future of this country.

The spring rye and oats on the ranch of Messrs. Gowans & Sons, north of Burns Lake, is away to a splendid start being about four inches high.

R. McCrea, of Topley, was a visitor in Burns Lake on Saturday.

Several car loads of Burns Lake residents attended the dance at Rose Lake on Saturday night and report a "swell" time and music of the very best, while the hospitality of the Rose Lake residents left nothing to be desired.

A large pile of ties along the Francois Lake front at Colleymount bespeaks the industry and progress of the settlers at that point. They will be towed by steamboat from that point to the railway.

J. A. Rutherford, Provincial lands surveyor, is now engaged on the survey of the new road projected to run from Wistaria to Lippincott Bay on Francois Lake. This will give market facilities to a large number of settlers and the completion of the road is looked forward to with great interest.

Barney Mulvany, J.P., D.M.R., reports a quickening of interest in the mining prospects of this district. It is reported that free gold has been found on the Oakla group.

Mr. and Mrs. H. Piche and family, of Decker Lake, were visiting in Burns Lake at the home of Mr. and Mrs. Allan Wilson on Sunday.

Mr. Lindquist is erecting a handsome two-storey residence on the lot immediately south of V. Scheiderup's.

Mrs. P. V. Fallon entertained a number of her lady friends at a bridge party this week.

Laurie Peterson is engaged in the task of constructing a stock-proof fence around his ranch immediately north of Burns Lake.

On Saturday evening the Rev. Dr. J. Knox Wright, district secretary for British Columbia of the Canadian Bible Society, gave an entertaining lecture, illustrated by lantern slides, in the Union Church. A large number were present and the lecture on Egypt—a thousand miles up the Nile—brought the audience in very close touch with this early era of civilization.

TELKWA

Two accidents occurred at the Dome Mountain mine recently. Harry Miller had the misfortune to cut his foot quite badly. Mr. Burns had his ankle crushed by a sliding log. Both are now progressing favorably under the care of Dr. G. C. Paine.

Mrs. Whiteside arrived on Friday morning from Pontiac, Mich., and will spend the summer with her daughter, Mrs. F. M. Doekrill at Sierra Vista ranch.

A most enjoyable tea was held by the ladies of the St. Stephen's Guild in the Hall on Friday last. It was a "waistband tea"—the price of admission being "a cent an inch." Much fun was caused when numerous visitors were "measured."

The river is rising a good deal but as yet there is no danger.

Slight refreshing rains have visited the district several times during the past week and have been most welcome.

Much interest is being evinced in the fact that Telkwa hopes to have several Polytechnic classes in operation this fall. The School Board secretary is gathering information and doing his best to make all arrangements possible so that things may be ready by October next.

Smithers and Telkwa played Baseball in Smithers on Sunday.

The tennis court is open and many ladies are enjoying the exercise.

VANDERHOOF

Early signs point to a good crop this year providing sufficient rain comes soon. Along the country roads the fresh green young grains and grasses are much in evidence. The outlook is most encouraging.

On Saturday afternoon there will be a meeting of the Nechako Farmers Institute when the question of dairy rattle and the bringing in of new stock will be placed before the members for consideration.

The consolidated school question was brought up at the last meeting of the Vanderhoof Board of Trade. It was pointed out that if the scheme came into effect it would mean better roads and roads kept open all winter. It is the intention of the board to keep in touch with the schools of this district, with a view of bringing about consolidation as early as possible.

Mrs. A. Ferland and Miss Stewart caught 153 fish in one afternoon last week.

Charles Hood, G. J. Pigeon and Alex. Welch are arranging to go south on a long auto trip, to attend the Dempsey-Gibbons fight at Shelby on July 4.

Grier Starrett, of sturgeon fame, is spending a few days in town. He is making preparations for the coming sturgeon fishing season at Stuart Lake.

A tricky card shuffle may lead to a scuffle.

TIMBER SALE X 4941.

Sealed Tenders will be received by the Minister of Lands, at Victoria, not later than noon on the 1st day of June, 1923, for the purchase of Licence X 4941, to cut 670,000 feet of Fir and Hemlock on an area situated on the west shore of Dean Channel, 5 miles south of Manitou Channel Range, Coast Land District.

Two (2) years will be allowed for removal of timber.

Further particulars of the Chief Forester, Victoria, B.C., or the District Forester, Prince Rupert, B.C.

TIMBER SALE X 4939.

Sealed Tenders will be received by the Minister of Lands, at Victoria, not later than noon on the 31st day of May, 1923, for the purchase of Licence X 4939, to cut 390,000 feet of Cedar, Hemlock and Spruce, on an area situated on the North shore of Long Lake, Range 2, Coast Land District.

Two (2) years will be allowed for removal of timber.

Further particulars of the Chief Forester, Victoria, B.C., or the District Forester, Prince Rupert, B.C.

TIMBER SALE X 4620.

Sealed Tenders will be received by the Minister of Lands, at Victoria, not later than noon on the 8th day of June, 1923, for the purchase of Licence X 4620, to cut 2,165,000 feet of Spruce, Cedar, Hemlock and cedar, on an area situated on the North shore of Long Lake, Range 2, Coast Land District.

Two (2) years will be allowed for removal of timber.

Further particulars of the Chief Forester, Victoria, B.C., or the District Forester, Prince Rupert, B.C.

TIMBER SALE X 4621.

Sealed Tenders will be received by the Minister of Lands, at Victoria, not later than noon on the 5th day of June, 1923, for the purchase of Licence X 4621, to cut 1,695,000 feet of Spruce, Cedar, Hemlock and Fir, on an area situated on the South shore of Long Lake, Range 2, Coast Land District.

Two (2) years will be allowed for removal of timber.

Further particulars of the Chief Forester, Victoria, B.C., or the District Forester, Prince Rupert, B.C.

TIMBER SALE X 4622.

Sealed Tenders will be received by the Minister of Lands, at Victoria, not later than noon on the 31st day of May, 1923, for the purchase of Licence X 4622, to cut 1,695,000 feet of Spruce, Cedar, Hemlock and Fir, on an area situated on the South shore of Long Lake, Range 2, Coast Land District.

Two (2) years will be allowed for removal of timber.

Further particulars of the Chief Forester, Victoria, B.C., or the District Forester, Prince Rupert, B.C.

G. H. Johnston, of Edmonton, who has been visiting in the city, returned east on last night's train. ff

The Canadian National steamer Prince Rupert, Capt. D. Donald, is due to arrive in port at 4 o'clock today. ff

Have you tried our Nanaimo-Wellington nut coal for kitchen range at \$12.50 a ton? Alberta McCaffery, Ltd. ff

The post office general delivery and registration wicket will be open from 9 to 10 a.m. only tomorrow, Victoria Day. ff

Bruce McMillan, formerly manager of the Middle West Wine Co. here, left for Regina on the eastbound train last night. ff

E. Rousseau, of the Lowe Inlet cannery, who has been in the city on business for the past few days, returned to Lowe Inlet yesterday afternoon by launch. ff

Roselle Wright was charged with vagrancy in the police court this morning before Magistrate McClymont. The case was adjourned until Monday next. ff

An informal meeting of the executive of the Trades & Labor Council was held last night in the Carpenter's Hall. Only matters of a routine nature were discussed. ff

The project of a ship canal across Scotland from the Clyde to the Firth of Forth was brought to the fore again at a recent meeting of the Mid-Scotland Ship Canal Association, and there is a possibility of something being started in this connection in the near future. ff

A single pair of potato bugs would, without check, increase to 60,000,000 in one season; the hop aphid, developing thirteen generations in a single year would, if unchecked to the end of the twelfth generation, have multiplied to ten sextillions. ff

Canadian air pilots flew 294,449 miles carrying 9,133 passengers and 77,850 pounds of freight in 1922, according to a report of the Canadian Air Board. Saskatchewan pilots led in the Dominion, carrying 3,622 passengers. Manitoba pilots carried 1,622 people, and British Columbia pilots 1,122. ff

A company has been formed in London to exploit sunken treasure in Navarino Bay, off the west coast of Greece. The promoters state that there is a hoard of \$45,000,000 in bullion and other forms still at the bottom of the Bay, where it was sunk with the united fleets of Egypt and Turkey by the united British, French and Russian fleets in 1827. ff

Last summer 4,000 forest fires cleared away at least ten times as many trees as were cut down for lumber, pulp and paper, and all other industrial purposes. A very large percentage of the fires were caused by careless campers and sportsmen who "thought it would die out" or cast away a lighted match or cigarette end. ff

Improvement of camping facilities at Banff for automobile tourists is now being made. The Mount Rundle camp site is being improved and enlarged, and will be equipped with all modern appliances. It is expected that as a result of the opening of the Banff-Windermere road this year, the tourist traffic through Banff will be the heaviest ever recorded. ff

At the annual meeting of the Canadian Pacific Railway, President E. W. Beatty pointed out that prospects for the immigration into Canada of the class of colonist urgently needed to develop the country's natural resources were much brighter than they had been in the past two or three years, and an increased traffic from Great Britain and Northern Europe was indicated by the largely increased western movement on the company's ships during the past four months of this year. ff

Beecham's Pills are as efficient and harmless for children as for adults—sweetening the stomach, invigorating digestion and stirring liver and bowels to natural activity. ff

Egypt's Greatest Treasures

Palm and olive oils are the most important treasures ever discovered in ancient Egypt. They were valued more than gold or jewels in Cleopatra's day because of their virtue as beautifying cleansers. Modern women get the same result by using Palmolive Soap. The scientific blend of these rich oriental oils gives the smooth, creamy cosmetic lather of Palmolive.

Palm and olive oils—nothing else—give nature's green color to Palmolive Soap

**NEW OFFICERS
WAR VETERANS**

Leo Connor Elected President at Annual Meeting Last Night—Reports Are Received

Leo Connor was elected president of the Great War Veterans Association at the general meeting of the association held last night in the new headquarters on Third Ave., W. E. Denning is retiring from the presidency but will act on the executive.

The list of new officers for the ensuing six months is as follows:

Honorary president, Col. C. W. Peck, V.C., D.S.O.

Honorary vice-president, Major John McGregor, V.C.

President, Leo Connor.

First vice-president, Sgt. S. L. Warrior.

Second vice-president, T. W. Silversides.

Executive: W. E. Denning, S. A. Bird, W. B. Waldorf, Sgt. J. Jonson and John May.

Trustees: Dr. J. A. West, H. L. Landry and Sidney Bird.

President Reports

W. E. Denning, the retiring president, who was in the chair, gave a resume of the association's activities during the past six months and spoke of the good work done on behalf of the returned men. Concluding, he stated that he would be unable to stand for the office of president for the next six months.

Alex. Mackenzie, secretary, read the auditor's report which showed that the association was in good financial standing in spite of the fact that \$12,000 had been spent on the new building.

**OFFICERS OF PRINCE
GEORGE LIBERAL ASS'N**

Maurice O'Rourke is President and J. D. McLeod, Secretary-Treasurer

PRINCE GEORGE, May 23.—Prince George Liberal Association has elected the following officers:

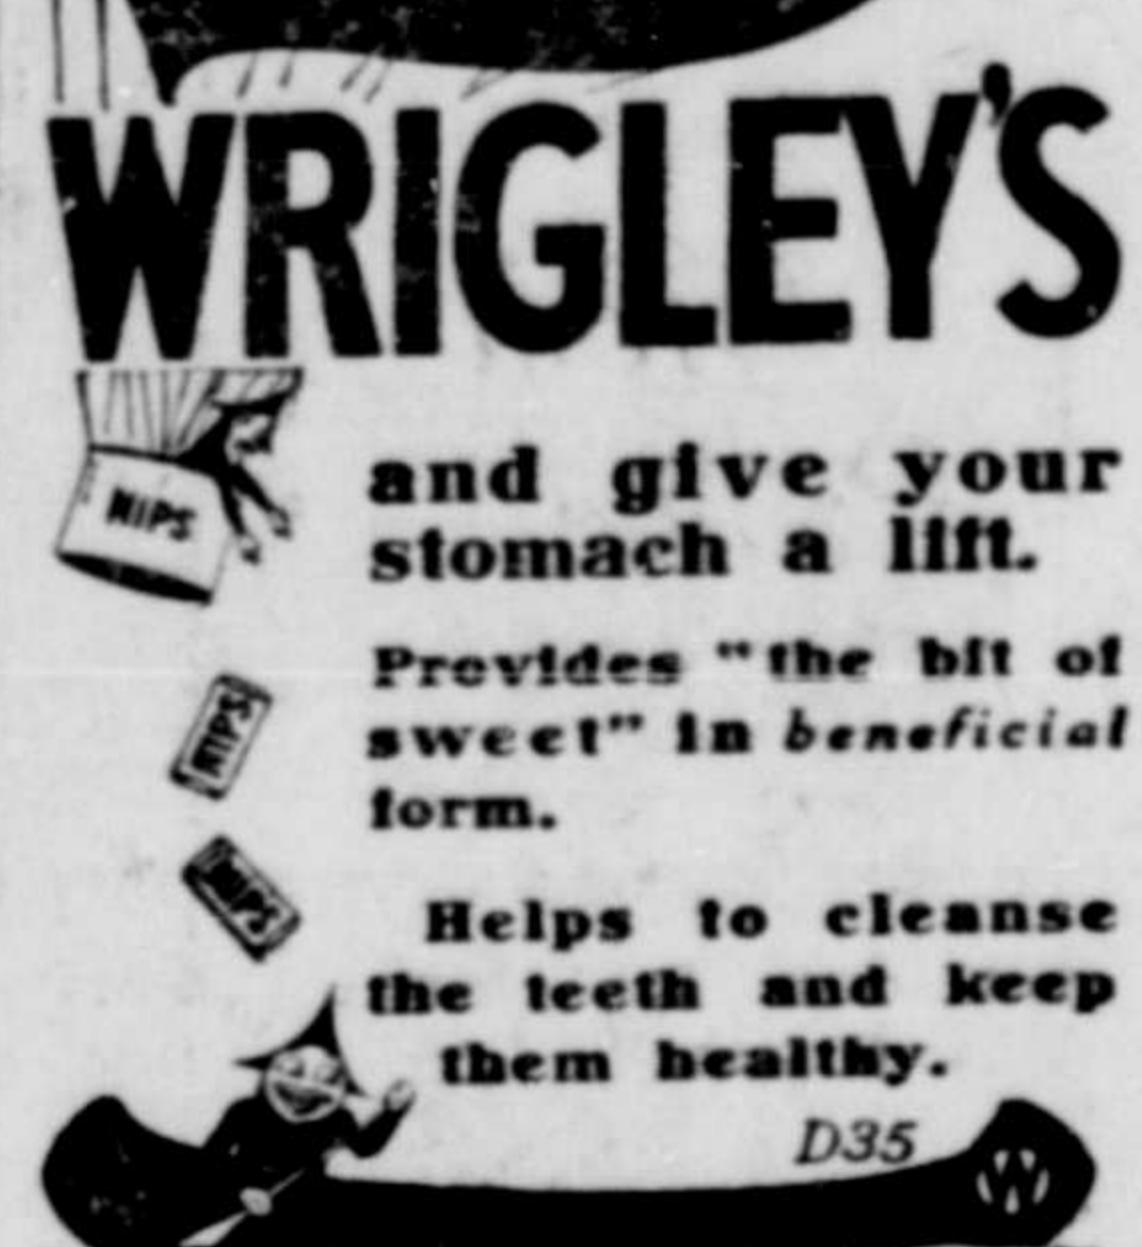

President, Maurice O'Rourke; first vice-president, Harry Guest; second vice-president, Wm. Somerton; third vice-president, J. C. McKenzie; Secretary-treasurer J. D. McLeod; and an executive committee consisting of R. J. Garvey, J. W. McLean, J. C. Pidgeon, P. J. Moran, Alex. Welch, B. G. Parker, and G. B. Williams.

THE wizard of finance was the guy that invented interest.

IT'S wonderful how sweet the other fellow's tobacco tastes.

J. P. MacLaren, of Vancouver, who has been in the city on a business trip left for the east on the train last night.

Further particulars of the chief Forester, Victoria, B.C., or the District Forester, Prince Rupert, B.C.

TIMBER SALE X 5057.

Sealed Tenders will be received by the Minister of Lands at Victoria, not later than noon on the 1st day of June, 1923, for the purchase of Licence X 5057, to cut 400,000 feet of Fir and Spruce on the west shore of Dean Channel, approximately 1½ miles south of Iron Island, Range 3, Coast Land District.

Two (2) years will be allowed for removal of timber.

Further particulars of the chief Forester, Victoria, B.C., or district Forester, Prince Rupert, B.C.

INTERIOR MEN FINED FOR FOREST OFFENCES

First Prosecutions of Season
Made at Hazelton Before
Magistrate Hoskins

On Saturday last before Stipendiary Magistrate S. H. Hoskins, at Hazelton, Edward Hall and Joseph Miller were prosecuted and fined \$25 under section 130 of the Forest Act for putting a fire in direct defiance of a foreman's orders. Alex. Brown was also prosecuted, convicted and fined \$25 under section 8 of the Forest Act for starting a fire for the purpose of burning slashings without first having obtained the necessary permit to do so.

DEPARTMENT OF PUBLIC WORKS.

NOTICE TO CONTRACTORS.

All Electoral District—Stewart—
Hyder Road—
SEALED TENDERS are invited "Tender for Stewart-Hyder Road," will be received by the Honorable Minister of Public Works up to Noon of Thursday, the 21st day of May, 1923, for the construction of approximately 1.02 miles of the Stewart-Hyder Road.

Plans, Specifications, Contract, and Forms of Tender may be seen on and after the 14th day of May, 1923, at Department of Public Works, Victoria; Public Works Office, Court House, Vancouver; District Engineers' Office, Prince Rupert; Astoria, Oregon, or at Stewart.

Copies of plans, specifications, etc., can be obtained from the department on payment of a deposit of \$10.00 which will be refunded on return of the plans, etc., in good condition.

Each tender must be accompanied by a certified bank draft on the chartered bank of Canada, made payable to the Honorable Minister of Public Works, for the sum of \$2,500 which shall be forfeited if the party tendering decline to enter into contract when called upon to do so. The cheque of the successful tenderer will be immediately sent for the due and faithful performance of the work till the satisfactory completion of the contract.

Tenders will not be considered unless made out on the forms supplied, with the actual signature of the tenderer, and enclosed in the envelopes furnished. The lowest or any tender not necessarily accepted.

EMPIRE DAY IS OBSERVED

Annual Demonstration Under
Auspices of I.O.D.E. This
Afternoon

The annual Empire Day children's demonstration took place this afternoon when the school children of the city were the guests of the Municipal Chapter, Imperial Order Daughters of the Empire, to an entertainment in the Westholme Theatre.

At 1.30 the classes at the various schools marched under the leadership of their teachers to the theatre, each scholar carrying a Union Jack.

Mrs. S. P. McMorie, Regent of the Municipal Chapter, was in the chair, and Rev. Dr. H. R. Grant, D.D., was the speaker. Mrs. H. H. Campbell sang several patriotic airs. A comic picture film specially selected for the youngsters, was also run off. Popular and patriotic songs were sung by the children. The Westholme orchestra, under the leadership of Chas. Balagno, accompanied the songs and rendered musical selections during the afternoon.

DECORATIONS WILL BE CARNAVAL FEATURE

Committees have gone to much
pains in preparing for cele-
bration

Everything is in readiness for the carnival and sports to be held at the Exhibition grounds tonight and tomorrow in celebration of Victoria Day. Fifteen very attractive booths have been erected in the Exhibition building and these have been prettily decorated in different color schemes which are beautifully offset by the elaborate interior decorations of the hall itself. The booths will include ice cream, hot dog stand, soda water and soft drinks, Yukon days, fortune telling, novelties, country store, tea and lunch, raffles, Victory bond stall, etc. The committee in charge has gone to a great deal of pains in decorating and the splendid effect they have produced has amply repaid them for the time spent.

The festivities will open tonight at 6 o'clock with an Intermediate baseball team between the High School and Colts, after which the carnival in the Exhibition building will be in full swing and the jitney will take place.

ATLIN MEMBER AND
PUBLIC WORKS MEN
VISIT NAAS RIVER

H. F. Kerkin, member for Atlin, J. A. Stephen, assistant district public works engineer, and Geo. Young, general foreman, left Alice Arm, last week by gasboat on a trip up the Naas River, for the purpose of looking at the bridge over the Cranberry River north of Aiyansh and getting repair work started. The party disembarked at Aiyansh and trekked some twenty miles to Cranberry Creek. The construction of this bridge will open communication by trail from the Naas River to Kitwanga on the Skeena River. It is expected that the repair work will be completed on the Cranberry bridge within the next month. The party have since returned to Alice Arm.

LOCAL HIGH STUDENTS
HAVE WRITTEN ESSAYS

Ninety-one Received in Competition Under Auspices Forestry Department

Ninety-one essays from the local High School students have been received by the local branch of the provincial forestry department on "Forest Protection." These essays have been submitted in connection with the competition put on by the provincial forestry headquarters in Victoria for the schools of the province. The first prize in each grade is a silver cup, five gold medals are being offered in each grade as second prizes, and 20 silver medals are being offered as third prizes. Selections from the local essays, in all grades, will be for submission to Victoria when the essays from all the schools in the district have been submitted.

INDIAN BOAT TURNED OVER

Arthur Derrick, Who Left Here
for Naas Last Night, Reports Mishap

Arthur Derrick, native of Aiyansh, who left here last night with a crew of men and a load of groceries and supplies, wired this morning to F. G. Dawson & Co. that his boat had capsized near Port Simpson and all the supplies had been lost. The men are believed to be safe at Port Simpson from which place the wire was sent. They had arrived here from the Naas River with furs and were returning home.

OLD TIMER SEES SIGHTS OF RUPERT

Major C. F. Morrison, of Metlakatla, Visited Prince Rupert Yesterday

Major C. F. Morrison, an old timer in the north now residing at Metlakatla, was the guest of George Frizzell yesterday on a sightseeing trip around the city, his first visit to the city in three years. Mr. Frizzell was over at Metlakatla yesterday with his launch Laura F. and brought the major back with him.

Major Morrison was around Hazelton in 1856 and for sometime was the manager of Cunningham's store there. He came to Canada at the time the telegraph line was being laid from this country to Siberia, but the advent of the Atlantic cable put the idea out of commission.

Major Morrison was delighted with his trip and noted with much satisfaction the paved streets and the new court house, which were all new to him. Mr. Frizzell took the major back to Metlakatla last night.

SMITHERS TO HAVE BRANCH POLYTECHNIC

Classes Will be Started at Interior Railway Town This Fall

The Smithers School Board has decided to establish classes in connection with the Northern Polytechnic Institute following the recent visit there of John Pinder-Moss, director. Classes in machine shop practice, mechanical drawing, mechanics, dressmaking, business men's commercial course and music will be offered.

MANAGER OF NEWS AGENCY IS MISSING

City Police Report Bob Ogilvie Not Seen Since Sunday Last

Bob Ogilvie, manager of the Canada Railway News on the G.N.R. dock, has been missing since Sunday morning according to the city police. He was last seen at the Drexel Rooms and then appeared to be in a state of despondency. The police are making a search for him. Since the death of his wife a few months ago, Mr. Ogilvie has been suffering from shock.
