TEN PER CENT REDUCTION RAILWAY RATES

MOTORSHIP KENNECOTT ASHORE ON GRAHAM ISLAND WITH CARGO LOST

Railway Board Orders Reduction in Freight Rates on Export of Grain by Pacific Coast Route

OTTAWA, Oct. 10.—By a majority vote the railway commissioners today ordered a reduction of ten per cent in the rates on grain export to Pacific Coast points, Hon. Frank Garvell dissenting from the opinion of the board which was made up of the following members: Chief Commissioner Garvell, Assistant Chief Commissioner McLean, Deputy Commissioner Nantel, and Commissioners Boyce and Lawrence.

Seen this morning after the arrival of the telegram, Fred Stork, member for this district and chairman of the grain committee of the Board of Trade, expressed great pleasure at the receipt of the news. He said the reduction would undoubtedly bring a great deal more grain to the Pacific Coast and should place Prince Rupert in the export class, especially in view of the fact that this port got the same terminal rate on grain export as did Vancouver or New Westminster.

Mr. Stork said the result was brought about by the persistent and aggressive work of Premier John Oliver and the sympathetic hearing given the British Columbia premier by Premier Mackenzie King and his cabinet and the recommendation sent by Mr. King to the Railway Commission asking that the case be re-opened. It was a great thing having a federal premier who was sympathetic to the west and a provincial premier who had both the determination and the ability to fight a case to a finish as had been done by Mr. Oliver.

SAM WESTON CONVICTED

Found Guilty of Having Automobile in Possession Knowing it to be Stolen

(Special to Daily News)
VANCOUVER, Oct. 10.—Sam Weston, proprietor of a repair shop at 833 Pender-gast Street, was found guilty by the judge of the county court yesterday of having an automobile in his possession knowing same to have been stolen. The car belonged to H. Bellinger, 1926 Georgia Street East. Twelve charges of a similar character are pending against Weston who is remanded until Saturday for sentence.

KENNECOTT HAS BEEN FOUND ON GRAHAM ISLAND

Motorship is Total Wreck With Bottom Out; Cargo Gone, it is Feared

NO LIVES ARE LOST

Digby Island wireless station this afternoon was advised that the steamer Cordova had reached the scene of the wreck of the motorship Kennecott in a small bay on Graham Island south of Digby Island at 2 o'clock. The crew, who went ashore, had lit fires and it was through the smoke signals that the Cordova was enabled to find the distressed ship.

The message states that the bottom has fallen out of the Kennecott and it is thus believed that the cargo of 6,000 tons of copper ore has been lost. The upper portion of the vessel is floating together. The tide is rising and falling in the engine room.

Wireless messages received this morning from the search vessels indicated that she was not on Frederick Island where she was reported to have been. The search was continued throughout the night and morning, finally meeting with success this afternoon.

Early Reports

SEATTLE, Oct. 10. (a.m.)—Three vessels sent word to Seattle today by wireless that they were unable to find the motorship Kennecott in the place in which she reported herself early yesterday on the rocks south of Dixon Entrance. The Alaska Steamship Company, the owners of the Kennecott, stated that no word direct from the motorship had been received since her wireless ceased to work at one a.m. yesterday.

Fears are growing that the vessel is a total loss, while the fate of the 31 men who were aboard her has become an uncertainty.

Messages from the steamer Cordova and coast guard cutter Unlaga said they reached Frederick Island off Graham Island in the Queen Charlotte group where the Kennecott was reported as her wireless died and had seen no lights over water or on land. This has increased the anxiety of marine men here because they said Frederick Island, though ringed with a ragged barrier of rocks, is heavily wooded. The region is continually beset with storms and is one of the most dangerous of northern waters.

PRINCE OF WALES IS ENGRAVED ON NOTE

OTTAWA, Oct. 10.—The new Canadian two dollar note, bears the portrait of the Prince of Wales to whom the first note cast has been sent as a souvenir, replaces the 1914 issue with the portrait of the Duke of Connaught.

Ignace Paderewski and Mrs. Paderewski in Geneva for a meeting of the League of Nations assembly.

Carelessness of Secretary was Cause of Catastrophe says Lloyd George of International Proposal

OTTAWA, Oct. 10.—David Lloyd George, ex-premier of Great Britain, informed newspapermen on his arrival here that he considered President Coolidge made a new proposal to solve the reparations problem when he revived the Hughes suggestion of last year for an international commission to ascertain Germany's ability to pay.

"It is not too late now," declared the statesman. "Action should be taken on the proposal acted upon when first made on conference, obviously with reference to the conference. I was in Spain at the time and I saw a brief despatch enumerating the points in the Hughes proposal whereupon I immediately cabled to London that the proposal should be considered."

"When I returned to the House of Commons, they denied ever seeing the proposal and even denied that the proposal had ever been made. It was one of the blunders of the secretary that this was completely overlooked, one of the blunders that led to the catastrophe."

Asked concerning his letter on allied debts in 1920 and published for the first time this week in London, Lloyd George said he knew too little of the publication to discuss it.

The former British Premier was given a tremendous reception at Ottawa, on his arrival and en route to the Royal Golf Club, for the Government dinner. His wife and daughter dined with Lady Bing.

ADMIRAL LINE SHIP ADRIFT

Admiral Sebree Lost Propeller 145 Miles Out to Sea With 100 Passengers Aboard

SAN FRANCISCO, Oct. 9 (p.m.)—Steamer Dorothy Alexander of the Admiral Line is standing by the disabled steamer Admiral Sebree of the same line today. The latter is drifting about 145 miles north of here with more than 100 passengers aboard. She lost a propeller.

C.N.R. steamer Prince George, Capt. W. S. Morehouse, from Vancouver, is due at 6:45 this evening.

Notice to Delinquent Debtors

On October 17, the Prince Rupert Retail Merchants' Credit Men's Association will publicly advertise for sale to the highest bidder through the columns of this paper, a number of long outstanding accounts. The name of the debtors, whether resident here now or otherwise, will appear, together with the amount of the account owing.

Only the name of those debtors who have deliberately evaded payment will appear in this list.

All accounts have been certified by the merchant entering same, as any intending purchaser of these accounts will be fully protected by this Association, and purchasers may offer same to debtors in lieu of wages or any other debt.

All correspondence in connection with this notice please address to the Prince Rupert Retail Merchants' Credit Men's Association, Box 146 Daily News Office.

Hudson Bay Schooner Here from Long Voyage Within Arctic Circle

After a voyage of 12,000 miles to the icy regions of the Arctic Ocean in the course of which she penetrated to the furthest points yet reached by a merchant ship on Coronation Gulf and Prince Albert Sound, 1,200 miles east of Point Barrow, the northerly cape of Alaska, the Hudson Bay Co.'s auxiliary schooner Lady Kindersley, laden with a cargo of fur from the company's far north outposts, reached this port at noon today en route to Vancouver. The call was made off an injured seaman who will be here until Friday morning when she will continue her voyage to Vancouver.

The Lady Kindersley, which is commanded by Capt. Gus Foellmer and aboard of which is Capt. T. P. O'Kelly, representative of the Hudson Bay Co., left Vancouver on July 25. She went through Behring Sea and Straits past Point Barrow and after penetrating 800 miles of ice fields reached Prince Albert Sound. Here was established the newest and most northerly post of the Hudson Bay Co. in the Western Arctic. Roy Miller was left in charge.

It is very fortunate that the Lady Kindersley was successful in making the voyage so far this season as Bernard Harbor, Tree River and Kent Peninsula posts had not been visited by a ship from the outside for two years when the Kindersley herself was last there and the people in charge were already beginning to feel the lack of supplies. Had they been left for another year their plight might have been serious indeed.

Coming out the Lady Kindersley encountered bad ice and there were terrific storms. Even near Prince Rupert for the past two days the vessel was forced to heave to off Dixon's Entrance.

Used Her Sails
Throughout the voyage the Lady Kindersley was under sail and also used her auxiliary 350-horse power Beardmore engine. The vessel brought out as passengers from the Arctic Ocean Corp. J. H. Bonshor, R.C.M.P., Mr. and Mrs. G. M. Merritt and child and Bessie and Teddy Jacobsen, half breed Eskimo children.

Corp. Bonshor has been in charge for the past three years of the Royal Canadian Mounted Police station at Tree River in Coronation Gulf. It will be remembered that it was at this post where two years ago Corp. Doak, R.C.M.P. and the Hudson Bay manager were killed by Eskimos. At that particular time Corp. Bonshor was out on patrol. He will leave the Lady Kindersley here and will go East to Edmonton to report.

Missionaries
Mr. Merritt has been stationed for several years as a missionary at Bernard Harbor on Union and Dolphin Straits about 100 miles from Tree River. Mrs. Merritt went in two years ago and was married aboard the Lady Kindersley to Mr. Merritt. They are returning to their home in St. John, N.B. and with them now is a little Merritt, Edward, aged 8 months, who has the distinction of being the first white child ever born East of Herschell Island. Mrs. Merritt and Mrs. O'Kelly, who went in with Capt. O'Kelly two years ago, are the only white women who ever reached Coronation Gulf.

Bessie and Teddy Jacobsen are on their way to Vancouver where they will go to school. Their home is on Kent Peninsula. Their father is a Norwegian in the employ of the Hudson Bay Co. and their mother is an Eskimo.

Injured Man
L. M. Hill, the injured man, is a seaman on board the Kindersley. He sustained injuries to his head when a boom swinging in the heavy seas caught him and hurled him across the deck. Dr. J. P. Gade and the city ambulance met the ship on her arrival at G.T.P. wharf No. 1.

A trophy of the voyage is a Polar bear skin. The animal was shot on the Arctic ocean by Capt. O'Kelly and is now the property of Capt. Foellmer to whom it was presented. It will long be kept by him as a treasured memento of an eventful voyage.

ONLY FOOLING BOY WAS SHOT

Lad Fifteen Years of Age Kills Companion in Lonely Shack Heriot Bay

VANCOUVER, Oct. 10.—"I shot him by accident. We were only fooling. I am sorry." This written on a scrap of paper, which the distracted father found on his garden gate early yesterday morning, summarized the evidence of Henry Lisk, aged 15, who explained to a coroner's jury yesterday how he had accidentally killed Warren Teeter, aged 18, in a lonely shack on Heriot Bay road, Vancouver Island, Sunday afternoon.

Teeter's father found his boy dead beside the rifle when he came home Sunday evening to the little shack he and the boy called home.

After hearing the evidence, the coroner's jury found a verdict of "accidental death."

No details are given in the message to the provincial police received yesterday from Heriot Bay.

FURNISH WARD IN HOSPITAL

Will 60 Chapter I.O.D.E. to Undertake Useful Public Service Task

To furnish a children's ward in the General Hospital is the useful public service work undertaken by the Hill 60 Chapter, I.O.D.E. As a means to this end preparations are being made for the holding of a bazaar in the near future, the proceeds of which will be devoted to the cause. Final arrangements for this were made at a meeting of the chapter held last night in St. Andrew's Hall with 23 members present.

Giants Win First Game of World Series Today by Five Runs to Four in Close Exciting Game

NEW YORK, Oct. 10.—The ancient Casey Stengel with two men out in the ninth inning and two against him, tore out the circuit clout to the delight of sixty thousand spectators and the Giants walked off with the first game of the world series by a score of five to four.

The National League champions concentrated their attack in the fourth inning when they drove Hoyt from the mound, and the Yankees helped until mighty Casey's blow.

The Yankees outbit their opponents and Ruth got a three-bagger in four trips to the plate. The American League champions scored three of their runs off Watson in the first two innings, and he was taken out for a pinch hitter, Roay Ryan succeeded him and a curve ballled the Yanks to death.

The batteries were, for the Giants, Watson, Ryan and Gowdy; and for the Yankees, Hoyt, Bush and Schang.

The result by innings was as follows:

	Runs	Hits	Err's.
First—Giants	0	1	0
Yankees	1	1	0
Second—Giants	0	0	0
Yankees	2	3	0
Third—Giants	3	3	0
Yankees	0	1	1
Fourth—Giants	0	0	0
Yankees	0	1	0
Fifth—Giants	0	0	0
Yankees	0	1	0
Sixth—Giants	0	0	0
Yankees	0	1	0
Seventh—Giants	0	1	0
Yankees	1	2	0
Eighth—Giants	0	1	0
Yankees	0	2	0
Ninth—Giants	1	1	0
Yankees	0	0	0

Cultivate Beauty Everywhere.

If everyone gave some thought to the cultivation of beauty, the world would lose much of its ugliness. This article has no reference to the ladies who, at a certain age give a good deal of time and thought to beauty in order to make themselves attractive to members of the other sex, neither has it reference to the young dandies who dress up in the latest styles for reasons closely allied to those which influence the girls. These influences are good if not carried to extremes. More beauty even in personal appearance is worth considering.

Possibly it is in the furnishing of homes, in the laying out of streets, in the building of houses and in the cultivation and general improvement of gardens that the scope for beautifying is most in evidence. Today people are considering the artistic combination of colors, the blending of pictures, of curtains, of wall tints, of carpets and of furniture. Sharp contrasts are being avoided and so are gloomy effects by those who have an eye for the artistic.

Who has not entered a fine house lavishly furnished and been struck in the face by the cheap prints on the wall, the ugly framing of the pictures, the lack of general harmony in effect. Who has not shuddered as he looked around at the atrocious enlargements of family ancestors in huge frames which desecrate the walls. Securing harmony in furnishings does not mean the spending of a lot of money, but learning the art of blending and of selection.

Many young people start out badly by having forced on them through wedding gifts pictures or hangings or sofa cushions which are not artistic in themselves but in the setting of the new home they are wholly out of place. What is right in one household, is wholly wrong in another. Art is largely a matter of relativity, although this relativity has nothing to do with Einstein's theory. Because a picture frame looks pretty in the stationer's shop is no reason it will properly set off the picture that is placed in it or that it will harmonize with the general effect of the furnishings.

Modern Magazines Have Good Influence.

Modern magazines have a good influence in cultivating a desire for better selection. There is a magazine which devotes itself wholly to making the home beautiful but even the magazines fail in that they often deal with individual articles without emphasizing the need of having the individual article harmonize with the general setting. Most of the women's magazines are doing good work along this line.

Old Fashioned Parlor Fast Disappearing.

The old fashioned parlor is almost gone. The room that is shut up almost all week and opened sometimes for a few hours on Sunday is pretty much a thing of the past. The room with the colored sofa cushions set up so that they may not be used, is not often seen. Utility and beauty can well go together. The room that is not used or the sofa cushion that is not used is easily noted at a glance and brings no welcome to the visitor. Flowers set in ugly old cans without any covering do not beautify a room unless their profusion overcomes the drawbacks.

Make Prince Rupert Beautiful City.

Prince Rupert is in a beautiful setting but it will be difficult to make the detail of the city conform with the surroundings. The scars of street making, the ugliness of some of the houses, the lack of paint and finish to some of the places, the faulty choice of colors, the untidy appearance of the gardens, the prevalence of stumps, all these things need attention. Young people are taught in the schools the blending of colors and how to keep their schoolroom beautiful, but some of them forget these things when they set out in life. Beauty does not cost much but much money is often spent to produce nothing but ugliness.

The Perils of Neglect

Digestive ailments are frequently neglected. People say "It's only a touch of indigestion—it will go away." What begins as simple discomfort is allowed to become a serious—chronic ailment. Never neglect the treatment of digestive derangement. To relieve disorders of stomach, liver, kidneys and bowels, Beecham's Pills act promptly and usually overcome the difficulty. Take

POOLEY SHED TEARS OVER SAD FATE OF PEOPLE OF NORTH

Gets Material For Attack on Government at Opening of Legislature

After being away about twenty years, R. H. Pooley, member for Esquimalt and expectant of the position of attorney general if the Bowser party should be returned to power, is shedding tears over the sad condition of affairs in the north. He bemoans the sad fate of the settler and the exploitation of the fishermen. He and Mr. Bowser are of course the saviours who if only elected to office, would set things right. Here is what he says of Prince Rupert:

"Apparently our discoveries in Prince Rupert forced Attorney-General Manson to take notice of conditions in his home city," said Mr. Pooley. "Since we left there he has ordered a clean-up, but what effect that will have remains to be seen. The fishermen are being exploited by bootleggers, and one so-called club is located on a scow in such a location that fishermen cannot get to the government wharf without first boarding it. The whole thing is a disgrace, and Mr. Manson will hear more about it during the session of the Legislature."

The Man in the Moon SAYS—

A BUSINESSMAN may dictate to the lady who writes his letters but not to the one who cooks his meals.

"HE has been married a year and looks it" was an expression recently heard, and ever since I have been wondering what he looked like.

OF course you have heard of the old toper who, when told cucumbers were 90 per cent water, refused to partake of that delicacy any more.

THE first man declared her hair was red, the second said it was auburn and a third averred it was flinted with gold while the office boy snorted "Carrots."

IF it is true that the prayers of a righteous man avail much, why is it that the large band of local fuel-merchants have not yet been able to bring about a change of temperature?

I WAS told that Farmer Brown had grown a fine crop of alfalfa at Cedarvale and then when I saw him he was just as clean shaven as ever. Never listen to zossip.

JAKE wants to know if it is foul language when you call a girl a chicken?

AFTER noting the example set by that chap Fielding, I have come to the conclusion that the only reason I cannot go out and float a loan is because I do not ask enough.

IT is wonderful how disagreeable some people can be and all the time make their companions think they are smart.

Ten Years Ago in Prince Rupert

October 10, 1913.

The United Railwaymen's Association of this city is to form a mutual investment association with a capitalization of \$100,000. Len Bell, F. A. Warren, Frank McIntosh, Herman McLeod and Geo. H. Lanney have been appointed directors and some \$4,000 has already been subscribed. One of the association's projects will be the erection of a large block in the city where the railwaymen may have club quarters. There was an organization meeting in the K. of P. Hall last night.

Mrs. Emma Johnson, native woman from Kitsumkalum, was brought to the local hospital last night suffering from a wound in her leg caused when a rifle in the hands of her little daughter was accidentally discharged.

Sleeping accommodation for travellers at Smithers is scarce. Several lodging houses are in the course of construction which will relieve the situation.

TORONTO HEARS ABOUT INTERIOR B.C. MINES

Search Being Made for Silver Properties by Big Eastern Interests

TORONTO, Oct. 10. — Advice from New York are to the effect that leaders in the mining and smelting industry are conducting a keen search for silver mines. At the present time they are quite active in Mexico, Idaho and British Columbia. Real del Monte, U.S. smelting subsidiary, has just secured an 18 months' option to purchase new properties in the State of Guerrero for \$900,000. American Smelting will take over the Cia. Metalurgica Mexicana smelter at San Luis Potosi. This transaction will cost more than \$1,500,000.

These interests are now working "four properties in Idaho and British Columbia," through subsidiary Federal M. & S. Co. The old Minnie Moore mine, near Hailey, Idaho, is now being unwatered. There is said to be a large tonnage of lead-silver ore in the old stopes, which were shut down about twenty-five years ago.

In British Columbia, one property, called the Hudson Bay Mountain, containing high-grade silver-lead ore, carload shipments averaging \$100 a ton. The Fairview mine, in the southern part of the province, has a 20-foot quartz vein for which a concentrator may be built. Dome Mountain mine, off from Telkwa is also showing good results.

American Smelting is particularly anxious to develop large silver-lead ore reserves in proximity to its East Helena smelter so that it may dictate the smelting rates throughout the Northwest by control of "majority tonnage" in that quarter.

UNEMPLOYED ARE NOT WANTED ON PRAIRIES

The Edmonton Bulletin says: British Columbia's deputy minister of labor has handed out a warning to unemployed men to not flock to the coast this fall in hope of getting work for the winter, or of getting supported without work. The authorities of this and other western cities have likewise been making plain that they do not intend to burden the taxpayers with the expense of keeping able-bodied men during the winter. The outlook for the chap who has spent the summer loafing because he could not get the rate of pay he chose to demand, is therefore, decidedly not good. There is now, and has been during most of the summer, more work available than can be got done at the wages which can be paid for it. The man who has employed his time diligently and taken care of his earnings will not be in need of charity when winter comes. The others had better join the rush for California and get there while the walking is good.

STUDYING BIRD LIFE BY MEANS OF BANDS

Migration and Distribution Determined Through Records of Biological Stations

The Royal Canadian Mounted Police, acting in conjunction with the Commissioner of Canadian National Parks, are working with the biological survey of the United States at Washington, D.C. to compile all records of birds banding in Canada.

During the past few years, ornithologists have been from time to time banding the legs of young birds so that when taken they may be recognized. This will give an idea of bird migration and distribution. Inspector Ackland has just received a communication in connection with

this and any banded birds taken in this district should be reported to him or to one of the members of the force.

GOOD PROGRESS ON NEW NURSES' HOME

Building Should be Closed in Next Week and Ready for Occupation by Christmas

Good progress is being made by Contractor J. McKechnie on the construction of the Nurses' Home and the building is fast taking shape. The framework of the first floor is being finished today and work on the roof will start tomorrow. With favorable weather conditions the building should be closed in next week and it is hoped that it will be ready for occupation by Christmas.

HALIBUT PRICE IS STILL HIGH TODAY

Four Boats Marketed Catches Totalling 73,000 Pounds at the Fish Exchange this Morning

High prices again prevailed at the Fish Exchange this morning, the top bid being 29.2c and 12c for the 8,000 pound catch of the American schooner Yakatal. The high catch was accounted for by reason of the fact that the vessel fished only while coming up the coast from Seattle and has not yet been on the big banks.

Other arrivals and sales were: American—Restitution, 15,000 pounds, at 20.1c and 4c, to the Royal Fish Co.

Republic, 45,000 pounds, at 19.3c and 10c, to the Canadian Fish & Cold Storage Co.

Canadian—Imperieuse, 5,000 pounds, at 17c and 10c, to the Canadian Fish & Cold Storage Co.

Fares for the day totalled 73,000 pounds.

LADY KINDERSLEY DUE HERE TODAY

Hudson Bay Co.'s Auxiliary Schooner Coming With Sick Man Who Will Enter Hospital

The Hudson Bay Co.'s auxiliary schooner Lady Kindersley, Capt. Gus Foellmer, is expected in port this afternoon having on board a sick man who is to enter the local hospital.

The Lady Kindersley is returning to Vancouver after having spent the summer in the Arctic Ocean collecting fur from the company's outposts along the northern coast of Canada. Her last port of call, it is understood, was Nome. She was störmound in Dixon's Entrance yesterday.

John Mellor, Stewart merchant, reached the city on the Cardena yesterday afternoon and is registered at the Hotel Prince Rupert.

The Nurses' Home fund will receive \$171.21 as a result of the Labor Day celebration it was reported at the meeting of the Trades and Labor Council last evening.

At the request of a number of citizens a public meeting will be held in the Council Chamber at 8 p.m. Thursday for the purpose of forming a Property Owners Association. — S. M. Newton, Mayor. 239

Matt Videck was dismissed in the police court this morning on a charge of building a garage without a permit. It was established that he discontinued building after he had been instructed to do so by the authorities.

James Bowe charged with assault on D. Seguin at Stewart is being proceeded with in the County Court this afternoon before Judge Young.

R. Cameron, representing John Nangle & Co., Boston fish brokers and commission agents, is visiting the city on the course of a trip to the coast for the purpose of studying the fishing business. He arrived from the East on Monday and will proceed from here to Vancouver and Seattle before returning to Boston.

G.W.V.A. MEETING FRIDAY

All G.W.V.A. members are earnestly requested to attend the adjourned half yearly meeting to be held on Friday evening October 12 at 8 p.m.

HOTEL ARRIVALS Prince Rupert

George A. Clothier, resident mining engineer for the provincial government, returned yesterday afternoon by the Cardena from Alice Arm where he has been spending the past fortnight making his annual inspection of mining properties in the district.

Miss Dorothy Gillingham, R.N., who has been taking a post graduate course in nursing at Bellevue Hospital, New York, is leaving here the middle of next week for Toronto where she will pay a short visit with Mrs. L. W. Kergin. From there she will proceed to Victoria to visit her mother before returning here at the end of the month.

Miles Higley of Spokane, governor of District number 1, of International Rotary is arriving today and will meet the Board of directors and heads of committees of the local club this evening at President Hugh Grant's house. Tomorrow Mr. Higley will be the guest of honor at the luncheon in the Regis Cafe where he will deliver an address.

H. H. Brewer, assistant general manager of C.N.R. lines between Port Arthur and Jasper, and Mrs. Brewer will arrive from Winnipeg by this afternoon's train en route to Vancouver on a holiday trip. They will spend a day or so in the city. Mr. Brewer is well known to many persons here having his headquarters in the city for a while in 1920.

R. Handa, T. Machida, S. Koyanaga and K. Shirakawa, Naas River Japs, were each fined \$200 by Stipendiary Magistrate Walter Gale yesterday afternoon on charges under the Inland Revenue Act of having in their possession wash suitable for the manufacture of spirits. W. O. Fulton of Patmore & Fulton appeared for the accused in each case.

Stipendiary Magistrate J. P. Scarlett, Dr. H. A. Williams, Provincial Constable J. A. Williams and Joe Seguin arrived in the city from Stewart yesterday afternoon. They are here in connection with the trial of James Bowe who is charged with having assaulted Seguin who is just out of hospital. The hearing opened in the County Court this morning before Judge Young.

BRINGING UP FATHER

POLYTECHNIC WORK ANYOX ORGANIZED

Large List of Instructors and Many Will Take up Night Studies

ANYOX, Oct. 10.—Enrollment in the classes of the Northern British Columbia Polytechnic Institute as set for Anyox, began on Monday, when R. Armour, the local representative, called intending students and appointed instructors together in Recreation Hall, and dealt fully with all matters pertaining to the classes and the policy of the Institute.

The list of instructors secured by Mr. Armour is a splendid one, all being well qualified to teach the subjects allotted to them, and a large number will undoubtedly take advantage of the opportunity to improve their knowledge of the work in which they are engaged. A list of instructors follows: fancy work, Mrs. J. Weir; dressmaking, Mrs. W. Simpson; copper smelting and flotation, A. C. Halferdahl; geology, G. Wiles; mineralogy, L. H. Wenerstrom; chemistry, Gregg Thompson; book-keeping and accounting, L. J. Wisberg; commercial law, geography and salesmanship, F. E. Gigot; mechanical drawing, R. H. Cutler; mechanical engineering, R. Armour; free hand drawing, R. Barr; high school work, R. H. Manzer; mathematics and English for foreigners, H. D. Southam; French, P. Stevenard; first aid, Fred Graham; carpentry, T. Roberts; electrical, A. D. Hotson.

ANYOX LOCALS

The Elks opened the fall amusement season with a big dance at the week-end, which was largely attended and enjoyed by the throng who took advantage of the opportunity to amuse themselves by the dance route between the hours of nine and two. These affairs of the antlered herd are always successful, a committee of energetic brothers making it their business to see that everybody attending has a good time. The supper was voted excellent, and the musicians freely complimented on their playing. The orchestra consisted of: piano, Mrs. J. E. Swanson; violin, G. Liddell; saxophone, A. B. Giffen; drums, E. J. Waterman.

The newly organized brotherhood of Moose are out to shine in connection with Anyox social affairs, and will stage a big dance in the near future, which they promise will be the best yet. This new acquisition to the fraternal institutions of the town will undoubtedly help to keep the wolf of social inanition off the doorstep this winter, a circumstance which will be appreciated by the majority of people in Anyox.

There was born to Dr. and Mrs. Whelan, at Anyox hospital, a daughter; to Mr. and Mrs. R. H. Culler, at Anyox hospital, a daughter.

VANDERHOOF

Mrs. R. H. Moore is returning to Vanderhoof this week after spending a holiday visit at Asquith, Saskatchewan.

The Central Liberal Association of Fort George district held its annual convention here last week on the occasion of the visit of Premier John Oliver. Officers were elected, as follows: Honorary presidents, Rt. Hon. W. L. Mackenzie King, Hon. John Oliver and H. G. Perry, M.L.A.; president, P. J. Moran; first

vice-president, Robert C. McCorkell; second vice-president, J. N. Harker; third vice-president, E. B. Smith; fourth vice-president, E. Towers; secretary, J. D. McLeod.

The Fort George District Liberal Association at its annual meeting here last week passed resolutions calling upon the minister of lands to open negotiations with a view to establishing a pulp mill in the district, requesting the establishment of a land registry office, urging the completion of the Pacific Great Eastern Railway to Prince George without further delay and requesting the Dominion government to establish an experimental farm in the district.

J. N. Dezell has taken over the sawmill at Hutchinson and is now operating the plant. A. E. Samuels has been engaged as engineer.

A Young Peoples' Society was organized here last week with the following officers: President, L. E. Wells; vice-president, Miss M. Silver; recording secretary, Miss Sadie Campbell; treasurer, Miss C. Johnson; organist, Miss Aleita Mitchell.

The home of Mr. and Mrs. William Herdman was totally destroyed by first last week.

James Hargreaves and Donald Mitchell have returned from a holiday trip to Vancouver.

Harold Averill has returned to Vanderhoof after spending the summer in the prairie harvest fields.

ALICE ARM

The Keystone Mining Co., who recently bonded the Sunset property on Roundy Creek, will start operations at once with a view to continuing throughout the winter. A trail is to be built from tidewater and a new camp will then be put up.

James Nick has returned from a two weeks' prospecting trip to the headwaters of the Ilhance River and across to the Naas slope.

Work on the extension of the wing dam on the Kitsault River above the town was started last week under the supervision of Joe Wells.

KILLING FOLLOWS IN WAKE OF ELOPEMENT

Moro Girl Causes Trouble by Refusing to Follow Custom of Forebears

MANILA, Oct. 10.—Hadaiya is a Moro girl. Customs and religious rituals in Moroland did not permit her the enjoyment of a happy romantic life as would have been ordinarily her's as a birthright. She was in love with Lahaman, a young Moro from another tribe, and vowed to marry.

True to her promise Hadaiya, in the summer of 1922, fled from the paternal home to her lover and was married. The ire of her parents and fellow tribesmen was aroused and enmity grew between her tribe and that of her husband. But the marriage had already taken place, and the best that could be done was to demand a rich dowry from the family and tribe of Lahaman. Demand was made for that dowry, else Hadaiya should be returned to her home and abandon her husband. But the dowry was not forthcoming.

The tribesmen took the law into their own hands and as a result two men were killed and now three convicted of the murder have gone to jail for terms of 36, 24 and 12 years respectively.

SITUATION IS ABOUT IDEAL

Trades and Labor Council Receives Good Reports from Delegates of Various Unions

Reports of delegates at the meeting of the Trades and Labor Council last night indicated that practically all union men in the city were employed. In fact, conditions seemed to be about ideal, there being work for all while nothing was being delayed for lack of men. It was felt, however, that men looking for work should not be encouraged to come to the city at this time as there seems to be no further extension of work in store this winter and the labor market might easily be flooded.

A complaint was made that men were being employed on the ten hour day basis on certain construction work in the city. This will be further investigated. Delegates report small increases in membership in several unions with signs of further expansion.

DR. PRICE IS HOLDING MEETINGS AT EDMONTON

Number of Cures Claimed to Have Been Made Says Report in Bulletin

Dr. Price, the evangelist and healer, is holding meetings in Edmonton. The Bulletin of that city says:

"Between three and four thousand persons attended the Friday evening meeting by the Rev. Charles S. Price at the Arena. About twenty people, mostly women, were treated at last night's service, and one of the officials of the campaign informed The Bulletin reporter that there were at least twelve real cures from the Thursday night's healing. Mr. Price spent most of his time in explaining his reasons for not wanting a certain class of people and also the reason why he did not want an audience sitting in the rows behind his back. This last explanation was that he had not got eyes in the back of his head and furthermore, he did not think that he could be heard from that position. The minister gave it to be understood that he did not want unbelievers present, who would be of an inquisitive turn of mind and who would go up to the platform and look at the people who were lying there. 'This is no place for an unbeliever,' said the lecturer, 'and believers should know that it is too sacred a thing to be inquisitive about.' Another thing that he objected to was the fact that scoffers are not wanted and neither are people who air their opinions in the building. 'This is a sacred place and should be revered as such,' declared the speaker. A little later on in his talk he called attention to his definition of the Unpardonable Sin. This he said meant persons who ascribed the work of divine healing to the Devil and not to Jesus Christ.

BASKETBALL DISCUSSED

Exhibition Building Condemned by Authorities for Faulty Wiring

The finding of a venue for this winter's games is the most serious problem that faces the Prince Rupert Basketball Association and it was made clear at the annual general meeting which took place last night in the city council chamber. Through faulty electric wiring the Exhibition building, which has been used for the past few seasons, has been condemned for use and some other place must now be found. This was the main topic of discussion at last night's meeting. The Elks' Home and the Auditorium were suggested as possible halls and the matter was left in the hands of the incoming executive for action. In the meantime, arrangements for the playing of games in the various leagues and the enrollment of teams is being left over. There will be another meeting of the executive next Tuesday evening.

There was a good attendance at the meeting, some thirty persons, representing various leagues and prospective teams, being present.

Election of officers resulted as follows:

- Honorary President, Col. S. P. McMorde.
- President, Fred Gilhuly.
- First Vice President, P. Laporte.
- Second Vice President, Miss S. A. Mills.
- Secretary Treasurer, H. A. Breen.

George Johnstone presided at the opening of the meeting giving the chair over to P. Laporte after the election of officers.

James Mitchell, the retiring secretary, read the financial report and a summary of last season's activities. It was shown that the Association had been able to just about break even financially.

A suggestion was made by Mr. Laporte that indoor baseball might be conducted in conjunction with basketball but action was deferred pending the securing of quarters.

Sport Chat

It is the intention of the Rupert Table Supply Co. to enter a team in the Senior Basketball League this winter according to an announcement made by J. C. Gavagan. There is good playing material employed on the staff and with the end in view of forming a team the various entrants will be given a try-out immediately under a selected trainer.

The opening game of the old's Baseball Series takes place today in the Yankee Stadium, the first wonder of the baseball world built on the Bronx side of the Harlem River by the New York American League Club at a cost of more than \$2,500,000. The last word in comfort and accommodation for spectators, the Stadium has a seating capacity for 62,500 people with room for many more thousands to stand.

New Chef Arrives

We have secured the services of an up-to-the-minute chef, one who has established a enviable reputation built upon years of experience. Our new chef has cooked for the Vancouver Hotel, Golden Gate Cafe, Trocadero, and Central in our sister city, and now he will cook for YOU. He is right on the job now. It was only after a personal interview with our Mr. James in Vancouver that the new chef could be induced to come north.

Your Standard of Restaurant Service

Our restaurant is becoming more and more a meeting place for man, woman and child. Here are combined every comfort desired, with a cuisine par excellence. Under ideal conditions, with surroundings marked by subdued elegance, all who come will find the service to their liking.

"We aim to give our patrons the finest restaurant service in Northern B.C."

RISE LIKELY REAL ESTATE

Local Dealers Receiving Many Inquiries from Outside and Number of Transactions Made Recently

The large number of inquiries that are being received by real estate dealers from outside investors establishes the belief that the tide is about to turn from the period of low prices that has prevailed for the past few years and that the market will soon be on the rise. While there have been a number of transactions recently, the inclination of property holders now seems to be one of holding on. There have been cases this summer of property being sold at higher prices than it was offered earlier in the year.

The municipal tax sale last week was closely watched and several people picked up property for investment purposes. It is likely that, if the real estate market rises as it seems likely it will, that the city authorities will attempt to discontinue the policy of selling at the upset prices and will demand higher prices more commensurate with the market trend.

FORT NORMAN CLOSED TIGHT

Former Prince Rupert Steamer Plays Part in Final Scene at Oil Town

CALGARY, Alta., Oct. 8.—When the deep toned whistle of the big steambot "Distributor," formerly operated on the Skeena River out of Prince Rupert during G.T.P. construction days, blew a sonorous blast on August 29 last, 53 miles below Fort Norman post on the Mackenzie river, the million dollar three-year northern adventure of the Imperial Oil, Ltd., came to an end. Aboard the steambot there were loaded

THE BANKRUPTCY ACT.

In the Estate of Kleznan Company, Limited, authorized assignor.

NOTICE is hereby given that Kleznan Company, Limited, of Sask. B.C., did on the 26th day of September, 1923, make an authorized assignment to the undersigned.

NOTICE is further given that the First Meeting of Creditors in the above estate will be held in the office of Messrs. Horne, Smith, Chartered Accountants, Federal Building, Prince Rupert, B.C., on the 15th day of October, 1923, at 2:30 p.m.

To entitle you to vote thereat proof of your claim must be lodged with me before the meeting is held.

Proxies to be used at the meeting must be lodged with me prior thereto.

AND FURTHER TAKE NOTICE that if you have any claim against the debtor for which you are entitled to rank, proof of such claim must be filed with me within thirty days from the date of this notice, for from and after the expiration of the time fixed by subsection 2 of section 37 of the said Act, I shall distribute the proceeds of the debtor's estate among the parties entitled thereto, having regard only to the claims of which I have then notice.

Dated at Prince Rupert, B.C., this 28th day of September, 1923.

PREMIER TAKES SHOT AT BOWSER

Says Made Misstatements in regard to Travelling Expenses When at Rupert

VICTORIA, Oct. 10.—Premier Oliver returned to the Parliament Buildings yesterday and plunged into work preparatory to the opening of the session at the end of the month. He took occasion to make a slashing attack on W. J. Bowser, leader of the opposition, in connection with travelling expenses. "Mr. Bowser," declared Mr. Oliver, "while in the north told the people of Prince Rupert he was giving them several days of his valuable time free and that he was travelling at his own expense. This," said the premier, "was one of the grossest misstatements I have ever known Mr. Bowser to make. He is not travelling at his own expense but as leader of the opposition. He is given a grant every year by the country of \$2,000 to cover travelling expenses. During the past six years my expenses to the country for travelling have been but \$6,000 whereas in the same period his have been \$12,000."

ROUGH WEATHER ON FISH BANKS

Schooner Republic Lost Some Gear and Men Narrowly Escaped Being Washed Overboard

Particularly rough weather on the halibut banks is reported by incoming fishing schooners. This has militated against good fishing and the catches are short in most cases. The schooner Republic, Capt. Begge, arriving today, lost some gear while coming in and some of her men had narrow escapes from being swept overboard while trying to save it.

Future Plans Unknown
No one, not even the local officials of the Imperial Oil, Ltd., know the future plans of the big company with regard to its far north search for oil. But this is the first year since the northern drive started in 1920 that the camps have been entirely abandoned in the winter. Whether the drilling will ever be resumed is not even been decided by the eastern directors themselves. At any rate, no oil has been struck except the original "Discovery" well on the right bank of the Mackenzie River, about 53 miles north of Fort Norman, and just about 100 miles from the Arctic Circle.

Loss to Far North
The closing of the camps and particularly the departure of Dr. Richardson, will be a great loss to the far north. Dr. Richardson, stationed at Fort Norman, some 900 miles north along the river from Fort Smith, the northern boundary of Alberta, was the only doctor in that vast stretch of territory reaching on beyond there for another 500 miles to Herschel Island in the Arctic. All the medical and surgical cases up and down the river from Fort Norman outside of the company employees were brought to him for attention and he had a great deal of work to do which kept him busy.
