FREE STATE ELECTIONS IN IRELAND MONDAY

FIRE DOES MUCH DAMAGE IN GOVERNMENT LIQUOR STORE AT VICTORIA

EDITORIAL

EMBARGO ON PAPER

The chief embargo on the Canadian paper industry is that of railway rates, according to an authority who was in the city recently. The railways give a low classification on carrying of the raw material from Canada to the United States market but when it comes to carrying the finished product the classification is high and the freight rate on it correspondingly high. Paper costs a great deal more to export than does either timber or pulp.

If the railways would give the same rate on paper that they give on the raw material, it would pay the manufacturers to locate in Canada because of the wonderful water powers which are found almost everywhere in this country. The advantage would be with Canada. At present, however, it is cheaper to manufacture in the United States than in Canada because the railway rate on the finished product is higher than on the raw material.

MAY BE CRASH CENTRAL EUROPE

Situation Said to be Disquieting, According to Washington Officials

WASHINGTON, Aug. 25.—The international situation in Germany, notwithstanding recent indications of some improvement, is regarded in Washington with grave apprehension. Most American officials refrain from publicly discussing the matter but many members of the House, the Senate and others who have studied the European situation at first hand agree privately that the outlook is disquieting. In diplomatic circles also there is a pronounced and almost general note of discouragement. Some representatives of countries concerned directly with German reparations regard a crash in central Europe as inevitable.

Irish Election Monday Creates Great Interest; Platform of Republicans

DUBLIN, Aug. 25.—All parties, apparently, are equally confident of victory as polling day approaches. The election campaign has been conducted with daily increasing energy but with an almost complete absence of disorders.

Republicans publish an election program promising, in event of victory, fair treatment to all and no vindictiveness toward opponents. It says England will be offered "not allegiance but peace based on sovereignty and integrity."

DUBLIN, Aug. 25.—The first general election held by the Free State, which takes place Monday, will mark the close of a political contest that has been unexpectedly quiet and peaceful, the only exciting feature being the arrest of De Valera who sought to overthrow the treaty with Britain by which the Free State was called into being.

LONDON, Aug. 25.—The morning papers carry long special dispatches from Dublin reviewing the election prospects. Correspondents record the general belief that the success of the Government party is assured but admit the existence of sufficient unknown qualities to leave some doubt on this point.

The opinion seems to be virtually unanimous that however the Government party fares the new Daily will contain a considerable majority in favor of the treaty and the Free State constitution.

FOUND WEAK SPOT IN DEMPSEY'S DEFENSE

Jack Burke Said to Have Had Best of Two Rounds With Champion

SARATOGA SPRINGS, Aug. 25.—Jack Burke, the hard hitting Pittsburg light heavyweight, uncovered a weakness in Jack Dempsey's defense yesterday which the champion will have to correct before he faces Louis Firpo on September 1. Burke found Dempsey an easy target for right hand blows, the most effective punch in Firpo's collection. He nailed the champion with solid smashes with such speed that Dempsey was fighting mad at the finish of their two stinging rounds.

Observers agreed that Burke clearly had the better of the title holder.

GYRO VISITORS ARE HERE TODAY

Local Club Will be Officially Launched at Banquet in St. Regis Cafe Tonight

The Vancouver Gyro officers who will officiate at the installing ceremonies of the local club arrived on the Prince Rupert yesterday afternoon and will return south on the same steamer tonight. They are: R. Rowe Holland, barrister and vice-president of the International Association of Gyro Clubs; Charles E. Garrett, manager of the Garrett Timber Co. and president of the Vancouver Gyro Club; Len H. Roos, manager of the L. H. Roos motion picture production company.

The visitors were met at the wharf on arrival by Milton Gonzales, president of the local club, and a delegation of local members. They registered at the Prince Rupert Hotel and then were taken for a drive about the city. They were shown the workings at the Canadian Fish & Cold Storage Co.'s plant at Seal Cove by Gyro Howard Pringle and at the Canadian National dry dock by Gyro Ernest N. Valentine.

In the evening they were suitably entertained at the Prince Rupert Club, the arrangements being in the hands of Gyro Lionel Holtby.

This afternoon they were taken for a cruise of the harbor on Gyro Douglas Stork's Sunbeam II, many of the Prince Rupert members accompanying them.

This evening at 7 o'clock the big affair of the visit opens—that is, the institution banquet. The Prince Rupert branch will then be formally admitted to the International Association of Gyro clubs. The committee in charge of the banquet program consists of Gyros Roy Nicholls, Charli-

PIPE DREAM WAS REPORT C.P.R. TAKING P.G.E.

VICTORIA, Aug. 25.—Both Premier Oliver and Hon. J. D. McLean, minister of railways, last night gave a flat denial to reports that negotiations were virtually completed for the Canadian Pacific Railway to take over and operate the Pacific Great Eastern Railway. They even denied that there had been negotiations.

"Someone has had a pipe dream," said Dr. McLean.

Mr. and Mrs. Dale L. Pitt and family will be passing through the city on the Prince Rupert tonight bound from Premier to Vancouver.

Balagno and Lionel Holtby. The invited guests tonight will be: Acting Mayor Collart and members of the city council; President E. C. Gibbons and Vice-president S. J. McLeod of the Prince Rupert Board of Trade; Rev. Dr. H. R. Grant, president, and T. H. Johnson, past president, of the Prince Rupert Rotary Club, and United States Consul E. A. Wakefield.

SECOND CLASS PRICE HIGHER

Anomaly Occurred at Fish Exchange This Morning—Seventeen Boats Sold Catches

It is not often that a second-class article gets a higher price than a first-class but that anomaly occurred at the Fish Exchange this morning when the Canadian Fish & Cold Storage Co. bid in the fare of the Canadian halibut boat Dorreen paying 11.3c for the second class fish and 11.3c for the first. In many other cases today the second class price was almost as high as the first. The price was down for the first class commodity but the second-class bidding was stiff. There were seventeen boats in altogether with catches totalling 170,500 pounds. Seven American boats had 90,500 pounds and ten Canadians, 80,000 pounds.

Arrivals and sales:

American
Yellowstone, 16,000 pounds, at 11.5c and 9.5c, and Wave, 7,000 pounds, at 12c and 10c to the Booth Fisheries Canadian Co.
Virginia, 28,000 pounds, at 12c and 10c, to the Canadian Fish & Cold Storage Co.
Hilda, 10,000 pounds, at 12.2c and 10c, and Pelican, 8,000 pounds, at 12c and 10.6c, to the Royal Fish Co.
Wabash, 11,500 pounds, at 12.2c and 10.6c, and Tye, 10,000 pounds, at 12c and 10.6c, to the Pacific Fisheries.

Canadian
Tramp, 6,000 pounds, at 11.3c and 11.2c; Kaien, 11,000 pounds, at 11.3c and 11.2c; Rosespit, 17,000 pounds, at 13.3c and 11.5c; Volunter, 6,000 pounds, at 11.5c and 11c; Dorreen, 8,500 pounds, at 11.3c and 11.5c, and W. F., 5,500 pounds, at 11.2c and 11c, to the Canadian Fish & Cold Storage Co.
Malamute, 10,000 pounds, at 11.6c and 11c; Toodie, 6,000 pounds, at 12.3c and 11.5c, and Minnie V., 5,000 pounds, at 11.3c and 11c, to the Alin Fisheries.
Eagle, 5,000 pounds, at 11.1c and 11c, to the Royal Fish Co.

Charles V. Goldwell, purchasing agent for the Union Steamship Co., Vancouver, and Mrs. Goldwell were passengers bound north on the steamer Venture yesterday afternoon. They will stop over here when the steamer returns from the Naas River this afternoon and will take the steamer Cardena tomorrow night for Stewart and Anxoy returning south to Vancouver on that vessel.

VALERA MADE PEACE OFFER

So Says Correspondent of London Newspaper: Was After the Cash

LONDON, Aug. 25.—That Eamon de Valera, a fortnight before his arrest made a secret peace offer to the Irish Free State officials, is asserted by the Daily Express correspondent. The substance of the offer was that if the government would put in de Valera's possession all republican funds in the United States, amounting to half a million, he would undertake to use them for a purely constitutional agitation in Ireland and terminate military activities.

The government turned down the offer, declaring that they would make no terms whatever.

UCHIDA NEW PREMIER

Head of Japanese Government Has Been Prominent in Life of Country

TOKIO, Aug. 25.—Viscount Yasuya Uchida, minister for foreign affairs, has been appointed premier and will serve until a new cabinet is formed.

Uchida has long been one of the notable men of Japan, having occupied various important posts including that of ambassador to the United States and to Austria-Hungary.

DIVIDED ON PROHIBITION

HAMBURG, Aug. 25.—Enemies of the liquor traffic in Germany are divided into two classes, "temperenzlers" and "abstinezlers."

As the words imply, the former favor restrictive measures, while the latter are for the complete abolition of the traffic.

Fire this Morning Guttled one Floor of Government Liquor Store at Victoria; Damage Big

VICTORIA, Aug. 25.—A fire which started early this morning gutted the fifth and sixth floors of the Government Liquor Warehouse, doing thousands of dollars damage. Three firemen had a narrow escape from back fire when on their way to the top in an elevator shaft. They were severely burned.

The main stock of liquors was on the lower floors. The fifth floor was used as a blending and bottling department and contained a good quantity of valuable stock.

There was about \$120,000 insurance carried on the building.

Should Not Live Too Much in Future.

We all live too much in the future. We ignore the present as being only a preparatory state for what is to come. We are not satisfied with steady growth but want to spring up like a mushroom in a night. A Chicago newspaper man who was here yesterday drew attention to that phase of our western life and rather deprecated it. We expect too much to happen and base all our calculations, not on what is here now, but on what we expect to be here soon.

We all want to make progress and we must all look forward to future developments but at the same time it is useless to risk the present in a vain looking forward to the things that might be. We are growing rapidly as a section of the country, and the growth of Prince Rupert is dependent almost wholly on the development of the district. If we get ahead of general development we are not on a sound basis.

German Capitalists Fattened On Calamity.

German capitalists to a large extent fattened on the calamity which befell the nation. When they found the currency being debased they sent their earnings outside and invested them in foreign securities and kept their loose cash in foreign banks. In every case they protected themselves and refused to submit to adequate taxation. The result has been that taxes have been much higher in the victor countries than in the country which was supposed to have been beaten in the war.

Now this is to be changed, judging from the meagre dispatches. Taxes are to be levied and the use of foreign money is forbidden. An effort seems likely to be made to meet the reparations requirements and the differences with France will possibly be settled soon.

Opinion Divided On C.P.R. Purchase Proposal.

The suggestion that the C.P.R. may purchase the P.G.E. was received with somewhat mixed feelings yesterday but the greater number, apparently, would like to see any action taken which would relieve the province of its responsibility in regard to the line.

Personally, we believe it would be a good thing for the C.P.R. to take the railway. In the first place the province does not want it and neither does the Dominion. It is unthinkable to suggest shutting it down after so much money has been spent on it. If the C.P.R. is willing to take it over and tap the Peace River country with it, it would be a great boon to that part of the province and would make for general development.

The local opposition to the plan lies in the desire locally that the business of the Peace River country should come this way. We would all like that, but we cannot act the dog in the manger in regard to it. The Peace River needs railway connection and needs it soon. If the C.P.R. would give it them, it is not for us to put any spoke in the wheel of progress.

It has been hoped that the C.P.R. would build through to this coast, possibly coming out at Prince Rupert or Stewart. We should very much like to see them build to this port by way of the Naas River, opening up the big coal fields and agricultural lands of that district, but it is for the men who are putting the money into the project to decide where it would be best to build. They have much more information than we.

The denial of the story published yesterday does not mean much. It may be that there have been no official negotiations and yet feelers may have been sent out. The railway company would much rather have it seem that the province wants them to take it than that they are ready to do business. Doubtless they can get the line on favorable terms and the provincial government would be justified in giving them the property at a reasonably low price.

POLYTECHNIC IS ENDORSED

School Board Expresses Approval of New System Instituted by Director Pinder-Moss

The school board last night, on motion of Trustees Montgomery and Parker passed a resolution approving the new system of administering the Northern Polytechnic Institute which has been instituted by John Pinder-Moss, director, and which will come into effect with the opening of the next school term. During the past few months Mr. Pinder-Moss has been energetically working towards extending the scope of the Institute with the result that almost all centres of importance in the district have joined in. The Prince Rupert School Board has given the Institute a grant of \$200 for the ensuing year which will cover the cost to be borne by it outside of heating and lighting such rooms in the public schools as Mr. Pinder-Moss may see fit to use. It is the intention of Mr. Pinder-Moss, however, to use other premises for certain classes and, of course, the Institute will be responsible for the renting and equipping of them. In addition Mr. Pinder-Moss is to be bonded to make him personally responsible for any defaults or deficits of the Institute. Similar arrangements between the Institute and other school boards in the district, except the making of a direct grant, have been signed.

The local school board last night passed payment of the last accounts that it will be called upon to meet on behalf of the Institute. These totalled \$402.35 and covered outstanding bills up to the end of last term. The chairman was authorized to sign the new agreement.

Motion of Approval

In moving approval of the new system, Trustee Montgomery said that the school board was justified in making a grant of \$200 for the year in view of the fact that it was relieved of further responsibility. Something was being supplied that the public absolutely needed and he was satisfied with the arrangement. He hoped it would prove successful. Trustee Parker concurred in what Trustee Montgomery had said.

Mr. Pinder-Moss thanked the board for its expression of approval. He had also been given great encouragement by all other boards in the district.

In answer to a question by Dr. Kerzin, Mr. Pinder-Moss said the fees would run from \$15 upwards for the term from October to May, depending on the number of instructors required for the various courses.

WEDDING OF LOCAL LADY WAS ELABORATE

Mrs. Embleton Married at Vancouver and Will Live in Saskatchewan

First Presbyterian Church was the scene on Monday afternoon at 4 o'clock of a pretty wedding when Mrs. Minnie Louise Embleton became the bride of F. W. Bagley of Shawinigan, Sask. The ceremony was performed by Rev. J. Richmond Craig, says the Vancouver Province.

The bride, who is a well-known Nanaimo girl, was given in marriage by J. S. Carmichael. The bridal gown was made of pleated georgette of a soft ivory tone, with sleeves and panels of white radium lace. Her hat was of white taffeta with narrow brim and trimmed with small petals of white georgette beaded with pearls. She carried a shower bouquet of Ophelia roses.

The matron of honor was Mrs. H. L. Lewis of Nanaimo, who wore a gown of jade green Reshanara crepe with bands of gold beads. Her hat was of gold lace and she carried carnations. Tom Booth supported the groom. The groom's gift to the bride was a Hudson seal coat, to the matron of honor a gold wrist watch, and to the best man a gold tie pin.

Following the ceremony a reception and dinner were held in the blue room of Hotel Vancouver. Later, Mr. and Mrs. Bagley left for Seattle and Portland where the honeymoon will be spent. The bride travelled in a costume of navy cloth with brown hat of heavy silk trimmed with brown beads. Later they will make their home at Climax, Sask.

RATEPAYERS ARE IRRESPONSIBLE

So Says Municipal Inspector in Address to Convention at Closing Session

TIME TO RETRENCH

At the close of the convention of the Union of Municipalities Robert Baird, inspector of municipalities, gave an address to the delegates which was listened to with great attention and was particularly well received. He expressed appreciation of the treatment he had received at the hands of the Union during the past ten years. His office was directly concerned in municipal affairs in an advisory capacity. Usually he had to make recommendations to the minister or to a committee of the Legislature. The representations he might make may be not wholly in line with the views of the convention. No municipal question was wholly one-sided. When a statement was heard on one side and a declaration against those with other views, it was plain that the person making it did not know what he was talking about. There was no more complicated legislation than municipal legislation and only one principle of principle could it be said that anything was right or wrong. When it was a matter of principle there was only one course to pursue. When there was deviation from sound principle, the penalty had to be paid.

Advocates No Policy

Mr. Baird said he was not an advocate of any policy but his position was to see that the interests of the municipalities and of the government was protected. He flattered himself that he had a slight amount of influence at times. If this were true it was due to the fact that he was relied on to tell the whole story. If he was asked for an opinion, he pointed out both sides of the question. His duty was fulfilled when he had told the whole story, as far as he knew it.

Speaking of his work in certifying bonded indebtedness, Mr. Baird said once he had certified the bonds they were beyond attack by the courts. His certificate was good even if there was a defect in the bonds. He had no power to cure but he had power to declare bonds good. He had often, in view of this, been asked to overlook defects but was obliged to decline. In the ten years he had been there he had had no chickens come home to roost. People dealing in debentures placed reliance on his certificate. If he tried to take authority which did not belong to him, the good effect of the certification would be dispelled and it would be difficult to re-establish it.

Asked Co-operation

Mr. Baird asked for the co-operation of the officials in regard to bond issues. No one had the affairs of the municipalities so much at heart as he and he was anxious to be of assistance. Some municipalities delayed referring to his office when a few minutes conversation would solve their difficulties. He was always ready and willing to take up any question with them. Generally speaking, the municipalities were improving in the manner of

DIARRHOEA and Vomiting Doubled Up With Pains

If you are suddenly attacked with diarrhoea, dysentery, colic, cramps or pains in the stomach or any looseness of the bowels do not waste valuable time, but at once procure a bottle of Dr. Fowler's Extract of Wild Strawberry and see how quickly it will relieve you.

Mrs. Ernest Morris, 3 Webb St., London, Ont., writes:—"I take great pleasure in recommending Dr. Fowler's Extract of Wild Strawberry for what it has done for me.

Some time ago I took an awful violent headache, then started to vomit and felt so sick I could hardly stand it all day; towards evening intense pains came in my bowels and I was just doubled up the pains were so bad, the perspiration stood out like beads on my forehead; then the diarrhoea started and I really thought I was going to die.

My husband went to the drug store and got a bottle of Dr. Fowler's Extract of Wild Strawberry; he gave me four doses, at intervals, and by noon next day the diarrhoea had stopped and the pain was all gone too.

Now I will never be without Dr. Fowler's in the house."

Price 50c a bottle; put up only by The T. Milburn Co., Limited, Toronto, Ont.

How much does it mean to you to keep your wife young?

Who hasn't met old women of 25, and young women of 40? It isn't years alone that age—any physician will tell you that undue expenditure of physical and mental energy will make the young old at 30.

It is such things as washing that soonest wear women out—handling of heavy clothes; stooping and lifting; working in cold water, and then hot; wet feet; trotting in and out from a warm, steamy room, to a cold outdoors.

More and more men are coming to appreciate that if for no other reason than that of health, it is inadvisable to permit this work by women.

And there's really no need for it—we can do the whole washing for the family, at a cost that's most moderate—less, in fact, than it costs to call in a laundress.

Call us and have us tell all about this more modern wash-way.

CONDITION OF BORDEN STREET SCHOOL NEEDS ATTENTION OF BOARD

Trustee Parker announced at the meeting of the school board last night that the condition of the Borden Street School was such that the whole board must deal with the matter. It was going to cost more to repair the building than had at first been anticipated. He suggested an inspection by the board. This will be made on the first possible occasion. Repairs are now in progress.

BASEBALL SERIES

First Game Between Married and
 Single Men Will Take Place
 on Sunday Afternoon

Bert Morgan, president of the Prince Rupert Baseball Association, announced this morning that a series of three games between the married and single men of the city had been definitely arranged, the first game to take place next Sunday afternoon. The teams will be as follows: Married Men - P. Laporte (manager), Dan Lidstone, Sam Hundreich, Harry Menzies, Roy Gilmour, Alex. Roy, Eddie Clapp, W. D. Vance, Jack Hatchford, O. P. Smith, George Walls. Single Men - H. Astoria, Howard Frizzell, Vic Menzies, Alex. Mitchell, A. A. Fasson, J. Farquhar, George Shaw, W. Mitchell, W. Landie, J. Mitchell, J. W. Hamilton and S. Bazzett-Jones.

ANYOX ELKS WIN POSTPONED GAME

ANYOX, Aug. 25.—The Elks, by defeating the Mine in the first of the two postponed games that were to determine whether the "Gas Eaters" or the "Brother Bills" would meet the Mine in the post season series for possession of the silverware which goes with the championship of the Anyox Baseball League settled the argument, and the first game of this series has been set for Tuesday, August 28. This last game between the Elks and the Mine was a good one from the spectators' standpoint, there being the aver-

age amount of hits, errors and the other incidents that make baseball worth while to the bleacherites. In hits, the honors were even, each team totalling five safeties. For the Elks, Green well got two singles, and Campbell and Honorson one each, while Draudson connected for a two-bagger. For the Mine, Corkle, Anderson, C. Ferguson and Pyge got singles, and C. Ferguson a two-bagger; the latter almost getting a three-sacker, which was spoiled by Campbell, who, after a sensational run reached his long drive to deep centre by a brilliant one hand catch. Another great play was Mealey's handling of a hard foul off Greenwell's bat, which he secured after a fast run in from short. Ferguson, for the Mine, got six strike-outs, and Draudson, for the Elks, nine. Bases on balls, off Draudson, three; off Ferguson, one.

Sport Chat

After several months during which no events being staged, local fans of the many art will likely be treated to another bout on Labor Day if arrangements now being made following the acceptance of Pete Louis, challenge to Alex. Roy go through. Little seems to be known about the self-styled ex-lightweight champion of Australia but Alex. Roy has been making good showings here during the past year or so and has established a reputation of being a hard hitting and plucky little boxer. Followers of the ring game will be pleased to have the opportunity of seeing him in action again.

The baseball talent of the city is pretty well divided between the married and single men of town and the first match of the three-game series between these two classes scheduled to be staged at Aeropolis Hill grounds tomorrow afternoon should prove attractive to fans who for nearly a month now have not seen the Senior players in action. The line-ups as published yesterday show that there are some good players for almost all the field positions and there seems to be little to choose in speculating upon the outcome. It should be a close and interesting series.

Nine bronzed oarsmen, members of the famous Leander Rowing Club of England, arrived in Montreal last week enroute to Toronto where they will compete in the eight-oared race to be held on August 28 and 30 during the Canadian National Exhibition. While in Toronto the Leander crew will meet with the best oarsmen of United States and Canada. Those invited to compete against Leanders are: Argonauts of Toronto; Dons of Toronto and the Engine Boat Club of Philadelphia. These crews competed in the recent regattas at the Canadian Henley as well as in the National Regatta at Baltimore and they will no doubt furnish an interesting competition.

Britain has set out to win the Olympiad at Paris next year and, if the trick is not pulled off, it will not be the fault of the English public in general which is giving its money to send a crack team to the games. It has been generally admitted that England has lost much of her athletic supremacy during the last decade and to gain this a leading London newspaper has started a campaign for \$200,000, the sum estimated as necessary to get together a team and send it to Paris. Great response has been given the appeal and the team will be formed at once with active training soon following. The first recruit is Harold Abrahams, the Cambridge captain and star athlete, who has signed a contract to appear at the Olympiad.

The Man in the Moon

SAYS—

PRINCE Rupert will soon be hitting on all cylinders according to popular outside opinion.

NOW that the C.P.R. is not going to take over the P.G.E. we can all argue over the matter without heat.

RUSSIA wants Wrangell Island. Possibly the Soviet wishes a place to plant Lenin when he dies next time, so as to be sure he won't come to life again.

APPARENTLY the members of the Convention of B.C. Municipalities are not beer drinkers. They don't like clubs. Moral suasion is more in their line.

JOHN came back pleased with his trip to Ottawa. They must have entertained him on a farm at the capital. Or possibly they let him down somebody in a verbal battle.

THEY CALLED HIM AN "OLD PILL"

THAT was years ago when he packed a terrible grouch, a mighty irritable stomach and a liver that refused to do the things that all good livers should. No wonder his friends called him an "old pill" and stayed away.

But that was years ago—long before he discovered Beecham's Pills and learned that two at bedtime can bring sunshine into a man's life. Today, he's an optimist, a hero to his wife, and a staunch believer in Beecham's Pills.

The cheer that Beecham's Pills bring into a man's disposition, is the incomparable cheer of sound digestion, active liver, and the regular habits that make good health.

PROTESTS AGAINST WORK ON SECOND AVENUE WESTVIEW

Ald. Alex. Mackenzie has posted the following notice of motion on the city council notice board to be taken up at Monday night's meeting:

"That the motion moved by Ald. Stephens and seconded by Ald. Perry on August 20 and carried to spend the sum of \$600 on Second Avenue between Fourteenth and Seventeenth Streets be reconsidered and the expenditure is a waste of public money and the work is not necessary at the present time."

Ald. Mackenzie was not present at the meeting last Monday night when this motion was passed.

Work on the piece of street in question started yesterday.

Ten Years Ago in Prince Rupert

George Walley and party of companions have returned from a week's camping trip. They underestimated their grub supply and went three days with nothing to eat before the boat on which they made the trip arrived to take them home.

Mr. Gork, official photographer for the Grand Trunk Pacific Railway, arrived in the city last night after spending two months in the interior. He was accompanied by Mrs. Gork.

Mr. Shaw of Vancouver, the first survivor of the State of California wreck to reach here, gives a vivid account of the disaster at Gambier Bay. He arrived from the north on the Princess Sophia.

Plans, specifications, contract and form of tender may be seen on and after the twentieth day of August, 1923, at the Department of Public Works, Prince Rupert, Victoria and Vancouver, or the above may be obtained upon application to the Department of Public Works, Victoria, on and after the above mentioned date upon payment of fifteen dollars, which amount will be refunded when the plans are returned in good order.

Each tender must be accompanied by an accepted cheque on a chartered bank of Canada made payable to the Honourable the Minister of Public Works for the sum of ten thousand dollars (\$10,000.00) which shall be forfeited if the tenderer declines to enter into contract when called upon to do so, or if he fails to complete the work contracted for. The cheques of unsuccessful bidders will be returned to them upon execution of the contract.

Tenders must be made out on the form supplied and signed with the actual signature of the tenderer.

The lowest or any tender not necessarily accepted.

P. PHILIP, Public Works Engineer, The Department of Public Works, Parliament Buildings, Victoria, B.C., August 16, 1923.

NOTICE TO CONTRACTORS.

SPRUCE WAS BULK OF TIMBER FOR PULP IN STATES LAST SEASON

WASHINGTON, Aug. 24.—Department of Commerce announces that the total consumption of pulp wood was 5,548,842 cords by 241 mills in 1922, against 4,537,179 cords by 254 mills in 1921. Consumption of wood in 1922 increases 21.8 per cent compared with the previous year but decreased 9.2 per cent compared with 1920, which year was the most active on record in the industry.

More than 54 per cent of the wood consumed in 1922 was spruce. Hemlock and yellow pine were next in importance, supplying 16.1 per cent and 6.7 per cent respectively.

Production on wood pulp was 3,521,644 short tons in 1922 compared with 2,875,601 tons in 1921. Of the total in 1922, 1,483,787 tons were produced by the mechanical process, 1,374,319 tons by the sulphite process, 419,857 tons by the soda process, and 243,681 tons by the sulphate process.

Maine, Wisconsin and New York are the leading states in this industry. In 1922 these three states reported 56.8 per cent of the total consumption of pulp wood and 59.7 per cent of the total production of wood pulp.
